

IN CARRIZOZO—

# FAA holds scoping sessions

The Federal Aviation Administration held two scoping sessions in Carrizozo Thursday after holding two scoping sessions in Ruidoso Wednesday.

Bill J. Howard, Chief, Airports District Office, with the Department of Transportation of the FAA conducted the meetings. He started with the background, in the 1960s when the need to replace the Ruidoso airport was

realized. He then listed the requirements for a new airport.

Initially a 8,600 foot runway will be needed and eventually extended to 12,900 feet for basic transport. The airport should have precision instrument capability in case they are needed in the future.

The scoping sessions were to identify impacts the public would like to have considered in

the preparation of an environmental impact statement. FAA officials and BLM officials will decide which of the impacts will be sent to a consulting agency. The agency will then prepare the EIS. This could take another year.

Issues raised to be considered in the EIS were:  
—Increase alternatives to include Carrizozo.

—Sonic-noise pollution and vibrations.

—Availability of water.

—Fort Stanton Cave.

—Flights over Fort Stanton Hospital.

—Ground transportation funding, who will pay for roads.

—Moving the experimental station to Carrizozo.

—Consider economic impact of eliminating present airport without replacement.

—Adequate roads in and out of airport.

—Facilities i.e. water developments owned by adjacent ranchers, (moving them).

—HAFB defense considerations.

—Impact of WWII use of Fort Stanton.

—Comparable land for NMSU use.

—Time frame on study (EIS) expedite so far 15 years—move ahead.

—Economic impact of range research on site B compared to human life.

—Emphasizing minimizing acreage needs for site B.

—US Armed Forces (Holloman AFB) emergency landing use, evacuation of HAFB personnel.

—Vicinity zoning to protect new site from encroachment.

—Identify lands for exchange with state.

—Consider coexistence of airport and experimental station.

—Comparison of safety regarding ground transportation from Carrizozo. Hills between Carrizozo and Ruidoso.

—Convenience and necessity.

—Economic impacts on communities and New Mexico by air transportation.

—Compatibility of cows and airplanes (and other animals).

—Eliminate alternative of closing existing Ruidoso airport without replacement.

—Re-evaluate forecast.

—Re-evaluate adequacy of existing airport.

—Impact on Lincoln.

—Comparison of need for social education, etc., vs airport for use of public funds.

—Wastewater treatment facilities.

—Compare safety of Carrizozo with Site B or A or existing airport.

—Feasibility of transport category aircraft usage.

—Comparison of existing airport vs replacement site.

—Five mile green buffer area around Ft Stanton site.

—Prior to construction of airport, see a unit cost per capita of Lincoln County.

—Further consideration of existing Carrizozo airport.

—Economic impact on local funding of airport development.

—Use of Parajito Flats as an alternative site.

—Weather conditions between Ft Stanton and local sites.

—Consider distance to Carrizozo compared to large metro area distances to airports.

—Where will local funds come from for development and operations costs.

—Safety of residents and staff at Ft Stanton.

—Impact of historical site Ft Stanton.

—Impact of ground traffic through Ft Stanton.

—Who will fund maintenance of roads serving airports.

—Consider impact of Alto for site B.

—DOI responsibility to Mescalero Apache Tribe as trustees.

—Impact on Rancho Ruidoso Valley Estates by site A.

—Consider reasons for past accidents.

—More than 40 people attended the afternoon session and at least 70 were sitting and standing for the evening session. Residents voiced their opinions but only those issues are to be considered by the consulting agency and not all issues will be included in the EIS.

# COUNTY NEWS

VOLUME 80, NUMBER 36

CARRIZOZO, NM 88301

THURSDAY, SEPTEMBER 6, 1984

ESTABLISHED 1905

SATURDAY—

## NMFRW state board to meet in Ruidoso

Women from all over the state gather in Ruidoso Saturday, Sept. 8, for the quarterly state board meeting of the New Mexico Federation of Republican Women, announced NMFRW president Peggy Traver of Albuquerque.

Federated Republican Women of Lincoln County will host the event which will take place at the Best Western Swiss Chalet.

State board consists of the state officers, committee chairman and unit presidents of the 22 clubs in the state. Local women who are board members include FRWLC president Dorothy D. Smith of Capitan, NMFRW National Legislative Chairman Penta Pool of Hondo, and NMFRW Public Relations Chairman Yvonne Lanelli of Alto.

Activities begin Friday, Sept. 7, with a reception at the Swiss Chalet honoring president Traver and out-of-town board members. FRWLC hosts this event at 6:30 p.m.

Business meeting begins at 9 a.m. Saturday with reports from regional vice-presidents, club presidents, and committee chairman as well as a report from the Perceptions program.

At 11:30, Betty King of Roswell presents the program "See How She Runs," an insight into the experiences of a woman candidate. King is running for State Senator from Chaves County.

Following the buffet lunch, Alamogordo attorney Sandra Gresham addresses the topic, "Criminal Justice and Its Effect on Youth." Gresham's column appears weekly in local papers. She is running for District Judge, Division I.

THE SCOPING meeting held in Carrizozo on Thursday attracted a 'standing room only' crowd. Mrs. Larue Wetzel, Stirling Spencer, Jack Halbeisen, and Darrell Pehr are on the

front row. The Federal Aviation Administration conducted the meetings to identify environmental issues to be included in the preparation of an Environmental Impact Statement.

## C'ozzo Co-Ed represents county

ALBUQUERQUE: Mary Jane Ferguson of Carrizozo will represent Lincoln County in the 1985 New Mexico State Fair Queen Contest.

The eighteen year old New Mexico State University co-ed is the daughter of Anne and Wally Ferguson of Carrizozo. She is a freshman at New Mexico State University where she is studying Agriculture Education.

Mary Jane is the 1984 Lincoln County Fair Queen. She is sponsored by the Lincoln County Fair Board. The talented young horsewoman will ride a five year old Quarter Horse named Bo in the mounted portions of the State Fair Queen Contest.

Queen contestants must be single, between the ages of 16 and 21, and must be a permanent resident of the county she represents. She must also be sponsored at the county level. Judging for the State Fair Queen Contest is based on 60 percent horsemanship and 40 percent personality.

## Anaya requests federal help

Gov. Toney Anaya sent a letter to President Reagan last week requesting that New Mexico be declared a major disaster area as a result of the flooding caused by severe rainstorms in six southern counties.

A federal declaration would make federal funds available, both for repair and restoration of public facilities and for low interest loans and grants for private citizens who suffered damages during the flooding.

Anaya had earlier issued state disaster declarations in Chaves, Dona Ana, Eddy, Lea, Lincoln, and Otero counties and on the Mescalero Apache Indian Reservation in Otero County.

In the letter to Reagan, Anaya said that a preliminary estimate of disaster-related damages in the six counties totals \$3.57 million. The breakdown by local area of disaster-related damage to public facilities is: Lincoln County, \$208,000; Ruidoso, \$122,000; Ruidoso Downs, \$75,000; and the Mescalero Reservation, \$178,000.

NEW—

## Bookmobile schedule

Bookmobile boundaries changed in September as the result of a reorganization by the State Library Division of the Office of Cultural Affairs. The agency is revising statewide boundaries in an overall attempt to save money, improve services and equalize geographic areas.

The southeast region in Lovington was closed Aug. 9. This changed the number of bookmobile regions from six to five.

The Eastern Plains Region in Tucumcari will now include Quay, Guadalupe, Curry, Roosevelt, DeBaca, Lincoln, Eddy and Chaves counties.

Please note the new times and stops in the bookmobile schedule. Tuesday, Sept. 11

Vaughn P. O. 9:30-11:00.  
Corona P. O. 12:30-2:30.  
Carrizozo Otero Electric 4:00-6:00.

Wednesday, Sept. 12  
Carrizozo Otero Electric 8:00-9:00, Capitan Smokey Bear Cafe 9:30-11:00, Ft. Stanton Admin. Bldg. 12:00-1:00, Lincoln P. O. 1:30-2:30, Hondo Store 3:00-4:00.

The State Library Division's bookmobile program brought books to almost 20,000 New Mexicans in 195 rural communities last year. It is funded by the Library Services and Construction Act. Counties and communities receiving the service contribute funds for books.

DR. JAMES E. Halligan, president of New Mexico State University, reads from a prepared statement at the scoping meeting Thursday night. Bill Howard, FAA Federal Aviation Administration, listens as Halligan requests that the study evaluate all possible sites for the airport.

## FRWLC August meeting

Nine local and regional candidates "spoke their peace at an informal gathering of the Federated Republican Women of Lincoln County and the Chaves County Republican Women Tuesday at the home of Fred and Penta Pool of Hondo.

Members of both clubs, their guests and the candidates enjoyed a covered dish dinner at the second annual outdoor meeting. "It's our fun meeting of the year," explained FRWLC president Dorothy Smith. In lieu of a business meeting, announcements were read. Lincoln County Chairman Pat Hume reported on the progress of voter registration. Yvonne Lanelli announced the upcoming state board meeting in Ruidoso of the New Mexico Federation of Republican Women. Lanelli, Pool, Smith, and Chaves County Republican Women president Pat Glenn are board members.

In lieu of a program, candidates spoke informally. Those speaking and their offices sought included: Ben Hall, State Rep. District 56; Richard Parsons, District Judge, Division III;

(Cont'd. on P. 2)

## COWBELLE QUILT

The denim brand quilt made by the Canyon Cowbelle found a good home when Mary Fulkner of Pine Lodge Route, Capitan was named winner of the quilt. The quilt was raffled during the Lincoln County Fair. The winning ticket was sold by neighbor Jeanette Smoot.

Mary is the 10-year-old granddaughter of Dorothy Epps of Pine Lodge Route. Mary a 5th grader at Capitan Schools lives at

the ranch with her mother, Nickie Sue Fulkner and Dorothy.

Among the various brands featured on the Canyon Cowbelle quilt is that of Dorothy Epps, a long time Capitan area ranchwoman. Dorothy has made quilts in the past and appreciates the fine art of quilt making. No doubt that she has told her granddaughter the effort involved in creating quilts and the tender loving care required to treasure a family keepsake.

## OBITUARY

### JANIE HALDEMAN KEY

Janie Haldeman Key, a resident of Albuquerque for 5 years, passed away in a local hospital Tuesday, August 28, 1984. She is survived by a brother, Dr. Jack Haldeman, Merritt Island, FL; two sisters, Mrs. Deane Ellis, Buhl, Idaho and Mrs. Tom Fulmer, Enid, OK; a son, Jack D. Key, Rochester, MN; two daughters, Beverly Smouse and Roberta Voelker, Albuquerque; six grandchildren, Dan H. Smouse, Colorado Springs, CO, Douglas E. Smouse and Charles W. Smouse, Casper, WY, Toni Key, Janish, Columbia, Scot K. Key and Todd M. Key, Rochester, MN.

She was a member of the First Baptist Church, Enid, OK. She had a B.A. and M.A. from Phillips University in Enid, OK. She was a teacher at Capitan, Carrizozo and Farmington. She had taught for 35 years. She was a charger member of Ruth Chapter, O.E.S. Enid, OK, and Worthy Matron of Comet Chapter No. 29, O.E.S. Carrizozo in 1949. She was a member of the American Association of University Women, Tau Chapter of Delta Kappa Gamma Society, Farmington Teachers Association, New Mexico Educational Association, and the National Education Association. She has been taken to the Henninger-Allen Funeral Home, Enid, Oklahoma for services and interment.

## FRWLC . . .

(Continued from P. 1)

Rhoda Goodloe, Chaves County Clerk, Richard T. Dicki Knowles, State Rep. District 57, Robert B. Corn, State Rep. District 59, Fran Siddens, Lincoln County Clerk, Marian Schlarb, Lincoln County Assessor, A. W. Gnatkowski, Lincoln County Commissioner District 2, and James Lee Martin, State Sen. District 39.

Martin was also the winner of the surprise door prize, a limited edition elephant ceramic. It was donated by FRWLC member Aileen Landamood of Carrizozo as a fundraiser.

FRWLC members sold tickets on a \$200 Safeway shopping spree to be given away at their booth at the Chaves County Fair Sept. 8. Next FRWLC meeting will be Tuesday, Sept. 25 at a time and place to be announced later. For further information, contact Smith at 354-2499 or Dorothy Barber at 258-3348.

## OTHER QUILTERS

The Santa Rita Quilting Group was busy during the month of July finishing the beautiful Double Wedding Ring quilt raffled during the People's Market Place. Lisa M. Salazar of Picacho won the quilt. The pleasing results of the raffle gave the quilters an incentive to continue their stitching.

One of the most intricate traditional blocks is the Double Wedding Ring. Price of a quilt in this pattern can range \$350 to \$450 or more. Marion Spencer knowing that I am a quilt fanatic saved and mailed me a clipping from a magazine. The article, 'How to buy a quilt' states: "Whether the quilt is made by a group of women for their church to sell for \$200 or by a designer to sell for \$2,000, it is an interperteration of the art of quilting and is a potential heirloom."

## NEW NAMES

New Horizons Developmental Center now has two group homes and 20 full and part time employees. Ten elderly former Fort Stanton clients live in the former nursing home facility, part of the one-time hospital building. Six younger clients reside in the renovated former nurses' quarters.

The group home for the

**Bill McEARY**

Ruidoso, N.M.

elderly is now called 'Casa Linda'. The other group home is now 'Casa del Sol.' They are no longer referred to as the 'Big Group Home' and the 'Little Group Home.' Efforts to name them 'Casa Grande' and Casa Chiquita were nipped in the bud.

## COMPLETELY RENEWED

The Activity Center at New Horizons has been completely renovated. For months hammers pounded on the walls of closets and little useless rooms, doors disappeared, ugly green walls were textured and painted, tiled floors were carpeted, chairs and couches were covered in dazzling new fabrics, fans were installed, drapes were hung, classy pictures replaced old uglies, odd plumbing fixtures were retired and everything that could be recycled was recycled.

Three people masterminded the renovations: Betty Kirby, Freddy Padilla and Rene Burton. Betty is credited with the original idea.

Out of the rubble and dust rose a new client dining room, a much needed conference room for board meetings, staff meetings and just meetings, a staff lounge with a working coffee pot, a client lounge and an activity area for day clients. New Horizons had some help from "professionals" and their efforts and support is appreciated. Clients pitched in and helped. They also helped to choose colors and selected wall decorations.

Clients and staff planted and maintain many petunias, snap dragons and rose bushes. A good time to stop and tour the "new" place is September 7 from 4:30 to 7:00 p.m. New Horizons is sponsoring a barbecue meal just before the first home football game.

## DID YOU KNOW?

Those who have joined the work force include: Jody Serrano, Thelma Padilla, Theresa Luna, Sandy Beltran, Francis Martinez, Vanessa Nava, Mary Spencer, Kathy Chapman, Andrea Haddix and Anne Boone. Mary Funk was promoted to the position of group home supervisor. She replaced Rayne Greer, who accepted a position in Carlsbad as a social worker. Belinda Hernandez lives in Farmington and works at a center for mentally retarded adults. Ula Cutler moved to

Michigan. Tammie Cobble moved to Oklahoma. **GRATEFUL, ETC.**

New Horizons is pleased with Harold and Faye Garcia owners of the Outpost and Nick Serna, postmaster. Needed jobs were provided for clients during the past year. They are grateful for the help from these businesses and all the employees at both places.

New board members are Dr. James Miller, Fr. Dave Bergs and Archie Witham. Mary Rich Adams and Rene Burton are no longer board members. Mary moved to Boston. New Horizons misses her charm, wit, ideas and creative energy. Rene resigned from the board in order to accept an accountant position at New Horizons. Tommy Guevara resigned from the board during the past year. Current board officers are John Allen Hightower, Betty Dean, Bill Payne and Phyllis Schlegel. New officers will be elected in October.

# Capitan News

By MARGARET RENCH

No moisture this last week. Nights are very cool and enjoyable. Days extremely hot. Feeling of fall in the atmosphere.

Labor Day of 1984 over and so are the horse races at Ruidoso Downs. The last two weeks the traffic was terrific in Ruidoso.

Starting September 4th, The Smokey Bear Museum will be opening 9 a.m. to 5 p.m. In August there were 6,856 registered visitors there. One of which was a bus tour of 42 from everywhere touring Colorado and New Mexico. Records will show you.

The Capitan Boosters have organized. Their president is Mrs. Valenzuela, vice-president Mrs. Garner, secretary Kay Strickland, treasurer Barbara Sanchez. The band has received their new uniforms. There will be a flag drill performing with the band at the ball games.

The Capitan Chamber of Commerce still has the Smokey Bear Stamp First issue and the Smokey Bear Medallions. If you are interested, they are at your service.

At the annual business meeting of the Angus Cemetery Association, the second Saturday in September was set for a special work day in the cemetery. They do like to keep it looking nice. After the nice rains the grass and weeds have grown up and need to be cut and raked. Please bring your mower, rake and hoe. Also your lunch. Remember it is this September 8.

The Capitan Senior Citizens bus took the seniors to the Roswell Fair Tuesday, Sept. 4. September 18 they will take them to the State Fair in Albuquerque and spend the night and return Wednesday the 19th.

On Tuesday, Mayor David Cummins, Trustees Kelly Beavers and Bill Allred, Chief of Police Randy Spears, Village Clerk Virginia Spall, and Billing Clerk Dona Runnels all traveled to Santa Fe to attend the Annual Conference of the Municipal League. Liz Montoya, MVD Clerk held down the fort while the others attended meetings, etc.

Ted and Nelma Lemaster and children Ty and Misty were in Capitan for the holiday to visit with the Robert Runnels family. Also visiting were Gene Foust and two friends from Thomas, Oklahoma.

The Capitan Tigers will play their season opener against the Tatum Coyotes on Friday evening in Tatum. Coach Thompson has been working the Tigers very hard and the boys may surprise a lot of people!

Joseph and Liz Montoya and Lucy Herrera attended the 25th wedding anniversary party of Joseph's parents, Mr. and Mrs. Tony H. Montoya, of Tularosa, Sept. 1, 1984.

Visitors to the Smokey Bear this week included Lucia Barger of Colorado and her sister Abigail

B. Rosales of California. They are descendants of the Sedillos (Jose & Marina) family who settled on a Spanish Land Grant at San Patricio in 1693. Their family roots still remain here. Their grandfather, Martin Sedillos was a Lincoln County Justice of Peace and Sheriff during the Lincoln County War days. Their mother, Josefa Sedillo Becerra, 82 years of age resides in Golden, Colorado. Edward and Stella Sedillos still live in San Patricio on the same grant.

The 300 pound brown bear that Bennie Coker killed last week assisted by the hunters Tom Chaffins and Robert Runnels and their 2 hunting dogs was killed in the Capitan Mountains not Capitan.

Happy birthdays to Laura Lacy Jones August 31; Beverly Payne September 9; and Bud Payne September 10, with many more healthy ones.

Gertrude Huey and Georgia Maples visited relatives in Snyder, TX last weekend. Walter and Mary Ann Allred are expecting their first child in May. They live in Lincoln, Nebraska where they are attending college.

Mr. and Mrs. Howard Wright and daughter Kay Strickland, Rhonda and Melinda attended the Kidd family reunion in Lubbock, TX. Labor Day weekend. Sixty three attended. All eight of Elsie Kidds children and their families were there.

Dorothy and Jim Reid of Clovis spent Sunday morning with her Aunt Bessie Jones and cousin Betty Joiner.

Guest of Mr. and Mrs. Floyd Shrum were their daughter Mrs. Gary Culwell and family of Denver City, Texas.

A happy family reunion was held at the home of Mr. and Mrs. Boney Zamora this Labor Day weekend, when 14 of their children and their families attended. They were Arcenia Cannon of Atlanta, GA, Richard Zamora of Pasadena, California, Rolland Zamora of Kentucky, Rudy Zamora of Chicago, Cecil Chaffins and Trina Garcia of Capitan, Grace Coyazo, Ora Zamora of Alamogordo, Barney Zamora of Carrizozo, Ruby Montoya, Bobby Zamora, Gertie Montoya, Bonnie Chavez and Alice Tillotson. All of the children except Simon Zamora of Pennsylvania were present. He was

unable to come.

We were grieved at the death of an old timer and former resident of Capitan. Claudio Montoya, Sr. of Roswell passed away of a heart attack August 27th at the age of 77 years.

Church services were held in Roswell where they have lived for several years. Graveside services were held with singing at the grave site in the Capitan Cemetery Thursday, August 30.

He was remembered as a very good man and was loved by all who knew him.

## LINCOLN--

### Nat'l Forest News

ALAMOGORDO, NM—With fall just around the corner, woodcutters are gearing up for the fuelwood season. On the Lincoln, the Cloudcroft District has one fuelwood area open; dead-down wood in one, and live pinyon-jumper in the other. The Smokey Bear District near Ruidoso has five areas currently open; and the Guadalupe District has four. Contact the district office nearest the area where you wish to cut wood for the latest information on these areas. The numbers to call are: Smokey Bear at Ruidoso, 257-4095; Cloudcroft, 682-2551; Guadalupe at Carlsbad, 885-4181; and Mayhill, 687-3411. Permits are required for all fuelwood areas on the Lincoln.

Nighttime temperatures are cooler on the Smokey Bear District, dipping into the 30's; daytime, rising into the 80's. All campgrounds, except Three Rivers, will close September 15. Trails into the White Mountain Wilderness are open. Fishing is reported as poor at Bonito Lake. Four-wheel drive is recommended on the Pine Lodge Road to Arabella.

Temperatures on the Cloudcroft District are ranging from the 40's to the 70's. On

September 17 the campgrounds will close, except for Silver, Overflow, and Sleepy Grass. Hiking trails are open. Road work continues on Sunspot Highway and in the Village of Cloudcroft.

# OPINION...

● **EVERYBODY** knows that Congressmen are worried about the national debt and budget deficits. Everybody knows that Congress appropriates all the money that runs the country. Everybody also knows that the majority of Congressmen are Democrats. Thus it would be reasonable to assume that if there is anything wrong with the debt or the deficit, Democrats caused it. This holds true for the Reagan administration because Democrats control his Congress.

● **OCEANS** of tears are being shed by Democrat political hopefuls at the extravagance of the current administration. They want costs cut to reduce the debt and balance the budget. While they are cutting Reagan's strong defense appropriation requests, and while they are obliging the Soviet Union by stiff-arming aid to friendly Central American democracies, they recently passed curious legislation. The Democrat Congress passed and President Reagan signed an appropriation bill which includes \$1,502 billion for the National Science Foundation for fiscal year 1985—an increase of 14 percent over the NSF's 1984 budget.

● **YOU** don't hear much about the NSF. Among other things, it was created to "secure the national defense." You may be interested in how America is "being saved" with all this tax money—all the while voting to reduce the defense budget.

● **IN 1983**, NSF made grants for "studies" the like of which must have the Kremlin cowering in fright. Take that grant of \$4,949 to Iowa State for a study titled, "Male group social ecology of the South American Guanaco." I will award our famed Personalized Chewing Gum Dooptom to the person who can explain to me what "male group social ecology" means. It will be worth another five bucks for us to know what a South American Guanaco is and how it affects US defenses. Turns out that a guanaco is a South American mammal, a kind of humpless camel. Why it needs studying is a Congressional secret. What is more likely is that some wild-eyed professor at Iowa State needed five grand to insure his interest in the November election.

● **TWO** awards went to the National Bureau of Economic Research totaling more than \$300,000 to research "the private and social value of knowledge." The other has real class. It bears a price tag of \$13,689 to study "The distribution of sea snakes in the Straits of Malacca and the South China Sea." Once we learn about these little buggers we are well on the way to understanding the "social value of knowledge" and shoring up our crumbling defense capability.

● **UP IN** Mondale Country, the University of Minnesota accepted an NSF grant of \$37,500 to finance a paper on "abstract gambling theory, foundations of statistics, and finitely additive probability theory." You don't know what that means, but it's your money so don't knock it. Would you be satisfied with your investment if you knew that this research deals with the reasons why, when you have your home and business at stake in a crap game, the dice come up 7 in response to an 8 you had to make to save the family fortune?

● **VANDERBILT** University is rejoicing over the generosity of NSF in funding a \$200,000 study with the charming and beautiful title of "Multiparticle spectrometer studies of charm and beauty." We have gone too long and too far without this intelligence. It must have more fire power than those missiles we can't afford to build.

● **THERE** are hundreds of other defense projects funded by the National Science Foundation, but these will give you an idea of how secure you are in the arms of the Democratic Congress. Democrats know more about defense and the peace business than anybody else, which is why all our Great Wars have been waged by unprepared Democrat administrations. These wars were costly in lives and treasure because we had to come from so far behind to reach military parity with the enemy.

● **BUT** the modern Democrat has learned the necessity of a strong national defense and military preparedness. Else why would we be spending our tax money on sea snakes, finitely additive probability theory, and how to make your point in a high-stakes crap game?

● **MEANWHILE**, native intellectualoids were disporting themselves in unseemly manner. In Syracuse, NY seven anti-nuclear activists, including the venerable Philip Berrigan, were sentenced to two to three years in stony silence for hammering and splashing blood on a B-52 bomber which may have been the only operational defense device to survive the Peace Movement. In Mineola, NY a 20-year-old fetisher was arrested for sneaking into the home of two young women to tickle their feet. Scientists have determined that a small hurricane releases energy equivalent to the explosions of six atomic bombs per second, all of which has caused some anti-nukes to take up picket signs to urge abolishment of small hurricanes. In Nashville, a man who had to spend four hours in a hotel bathroom because the door locked behind him has sued the Hyatt Regency Hotel for \$750,000. Had he been locked "outside" the bathroom the damages would have been even more. In Moscow, a peace group was prohibited by police from circulating a petition urging US-Soviet peace talks. In Washington, Congress quietly boosted the national debt to \$1.52 trillion to evidence Congressional concern over the size of the debt. The world was saddened when the Iranian Prime Minister denied rumors of the death of the Ayatollah Ruhollah Khomeini, and a call to Sacramento revealed that Ayatollah Willie Brown still rules California. And at the University of North Carolina Medical School a curator was charged with stealing and selling 11 bodies entrusted to his care. Happily, August is almost over.

## COMMENTARY / JUDY PRATT

Women and politics—the words are on everyone's lips, ever Colin McMillan's, 1984 is indeed a historic year for women. Geraldine Ferraro is running for the Vice Presidency, and in New Mexico I am the first woman to run for the US Senate. But gender is only one of a half dozen important political issues facing the public. The fairness of the administration's economic policies, nuclear weapons, the environment, Central America—these are some of the key issues as well. Someday, gender will not be an issue at all and it won't matter whether a candidate is male or female. But until then, I'm proud to be a part of breaking down the barriers that have kept women—and minorities—out of power for so long.

I'm also proud of my record as a New Mexico legislator. As both a parent and an educator I've been deeply involved with educational issues. In the legislature I've fought to abolish corporal punishment in state-supported day care centers, to lower the pupil-teacher ratios and to eliminate discriminatory use of Adult Proficiency Tests in High Schools. I've also fought for bilingual education and additional funding for our schools. For my efforts, I've been endorsed by two major teachers organizations, the American Federation of Teachers (AFT) and the National Education Association (NEA).

But education is only one part of my record. I am Chair of the House Labor Committee and the Democratic Caucus. I'm proud to be the first woman to hold these leadership positions but even prouder of my support

for labor, senior citizens and minorities. In 1983, I carried a bill to redraft the NM Human Rights Act to broaden coverage and strengthen remedies for victims of discrimination. I also fought to extend state unemployment benefits from 26 to 30 weeks and to fund a common-sense coordinated in-home care program for the elderly. Like many Republicans, former NM-Rep. McMillan was opposed to many of these proposals, so it is only natural that he should be critical of my successes now.

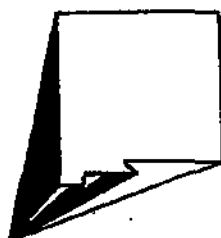

Mr. McMillan is also concerned that I dared to speak out on national concerns such as the nuclear freeze and this administration's massive arms build up in the state legislature. I wonder whether he would have been shocked by the active role played by colonial assemblies during the American revolution. Members of these assemblies were vitally concerned with national issues and many of their speeches have become central themes of democratic government. Patrick Henry wasn't just talking about Virginia when he said "Give me liberty or give me death."

Today, national issues like the administration's budget have an impact in every town and every county throughout the country, and every elected body must address them. And I for one haven't given up on the idea that we can have an impact even at the grass roots level. That's what democracy is all about. That's why I've pushed at the state level to transfer funds from wasteful military spending to programs that create jobs and serve human needs. Such a shift in priorities

would be a tremendous boost to New Mexico's economy and educational system. These issues cannot be left to Washington alone.

And let's put to rest once and for all the myth that I voted against the attempt to rescue American hostages in Iran. In 1980, an Olympic boycott was irresponsibly attached to a Memorial commending the Canadian Foreign Service for its rescue of Americans in Iran. I could not vote for the Memorial because I oppose Olympic Boycotts by both the Soviets and the United States. As we have since seen, the Olympics provide one of the few opportunities for peaceful competition, and they should be encouraged, not played for political gain.

As a United States Senator, I hope to continue the fight I have just begun in the state legislature for innovative, practical legislation that promotes a peaceful foreign policy and funds human needs. Some of those human needs just happen to be female. Women and children make up 75 percent of the poor in this country; women earn less than men yet are increasingly likely to carry primary responsibility for supporting themselves and their children. I am appealing to these voters, not just because I am a woman, but because I believe that this group, along with other minorities, has been unfairly victimized by this Administration's policies. I want to correct this inequity—and I am not alone. There are lots of other candidates out there that want to do the same—many are even men!

## INSIDE THE CAPITOL

BY Fred McCaffrey

Albuquerque, New Mexico, to specify how that applies in (Con't on P. 5)

### Editorial . . .

The Ruidoso airport situation will be with us for a few more years. Bill Howard, with the FAA said the preparation of the Environmental Impact Statement could take a year. Once construction begins, it will take not less than three years and not more than six years to build a new airport. This means it will be at least four years and maybe up to seven years before a new airport for Ruidoso will be a reality.

Several times during the scoping sessions held in Carrizozo, the statement was made "We need to hurry and do something about the airport because of safety."

An average of two people a year are being killed because of the dangers involved in trying to take-off or land at the Ruidoso airport.

Now it seems to me that four to seven years is not hurrying. It also seems that at an average of two deaths a year, it will be another eight to 14 people that will be killed while officials are trying to hurry.

If these planes did not have a safe place to land, it might be different. But they do. Carrizozo Municipal Airport is safe.

It would seem in the name of safety to the pilots, passengers, planes, and people in general, that pilots would be directed to land at a safe airport.

The safety of the children attending the Ruidoso school next to the airport is of concern but to date we know of no instances where planes are directed to land at Carrizozo for their safety.

It makes us wonder if safety is really the big issue. Could it just be a smoke screen to raise public emotion to the point that the new airport will be located where "certain people" want it?

If safety is the main concern, then let us spare the families of eight to 14 people the tragedy of a crash during the next few years.

If safety is the main concern, let us spare the school children the trauma of thinking they will be hit by a falling plane.

If safety is the main concern, why is the present airport continuing to be used?

Many important issues were brought up at the scoping sessions. Perhaps the most important issues will be included in the EIS.

At least once the statement was made, "WHEN the airport goes to Site B."

If the Ruidoso airport is really NOT safe, then don't use it!

If the Ruidoso airport IS safe, then admit all the ballyhoo IS to get the replacement airport at the "chosen" site.

## Letters TO THE EDITOR

### INTESTINAL FORTITUDE

EDITOR—This morning, Thursday, Aug. 16, I read the L. C. News, Aug. 9th issue, which came in yesterday's mail, about 4 p.m. I have thought about dropping my sub because my updates about Lincoln County are always a week late, and some issues are pretty dull. Then along comes an issue, like this one, that I would not want to miss. I much appreciate the tribute to Ethel Howard, the photo from your early files, the pony express story, and the Smokey Bear fete - I had a bit part in the Smokey Bear fire, about 40 years ago. Most important of all the issue is the short editorial.

This editorial musters the intestinal fortitude, commonly called GUTS, to come close to calling the sale and use of mind-disabling drugs HIGH TREASON - which is exactly the sort of crime it is. (Millionaire lawyers, headquartered in Las Vegas, Nevada or Atlantic City, NJ would quibble forever over the definition of High Treason.)

This very morning, Paul Harvey called attention on national TV to the fact that Canada has never cancelled the construction of a nuclear-electric plant, and is now selling electricity, produced in their plants, to the US. Quarrelling, quibbling and cavilling over how many angels can dance on the head of a pin has cancelled the construction of dozens of nuclear plants in the United States. Multinational bureaucrats prefer that such plowshares should be beaten into swords. I wonder if the people of New Mexico, who have participated to a large degree in development of The Atom, prefer its timid current use, or its gung-ho current mis-use.

Last month I wrote the editor of San Angelo Standard-Times, suggesting a treaty with Canada for the joint construction of a super-canal, to bring the wasted waters of Northern Canada back across the Great Plains of the two nations. The letter was published, but the silence has been deafening - from people around here. I wonder if the people of New Mexico would be silent about such a "Project Plowshare!"

VERNON PAYNE, San Angelo, TX 76903

### TOO MANY TO NAME

EDITOR—On behalf of the Capitan 4-H Horse Project and the Lincoln County Fair Board I would like to express our sincere appreciation to the merchants and individuals in the Capitan, Ruidoso, and Carrizozo area who made contributions to the Horse Show that was held during the Lincoln County Fair August 17 and 18. This year six trophy buckles were awarded to the top exhibitors in addition to 1st through 6th place ribbons in each class. All of this adds up to an expensive operation, which without the support of the Lincoln County Fair boosters, the 1984 Lincoln County Fair and Horse Show wouldn't have been the success it was. Hats off to all of the contributors for their support.

PRESTON L. STONE, Lincoln County Fair Board member, Capitan 4-H Horse Project leader

### PILOT PROGRAM

EDITOR—Sex education in the public schools hasn't always worked out the way its advocates promised it would. On the other hand, it is working out very much like many of its adversaries feared it would.

Take for example, Rochester, New York. In Rochester, bewildered taxpayers are now paying for child care centers for the babies born of unwed high school girls so that these unwed mothers can continue their high school education.

To be sure, Rochester has its problems. According to the nurses report there were 105 babies born of unwed mothers during the school year 1980-81. There were 190 in 1981-82; and there were 228 in the year 1982-83.

While the taxpayers may be in shock, don't think that Rochester's noble educators are taking this problem lying down.

Undaunted by what would appear to be adversity, those courageous educators are already getting a firm grip on the problem.

Of course, it takes money, but they already have set up a tax supported "pilot program." This "pilot program" is providing the child care centers at a cost to the County of \$11 per day, per child; federal funding has been provided; and funds come from one of the tax-free foundations.

Taxpayer financed child care centers could very well be the trend of the future.

Can you imagine the cost of providing child care centers for every city and every town in America? The cost would be staggering.

Apparently no one thought to ask Rochester's busy educators whether the unwed mothers flunked sex education or whether they passed it.

RAYMOND C. WILSON, San Juan Bautista, CA

### AN INSULT

EDITOR—It is suicide for our federal government to continue bleeding our own economy to subsidize the war machine of Communism. It is absurd to bankroll the military forces of Communist countries at the same time we are embarking on a costly military build-up here at home. If we weren't pursuing this hypocritical and dangerous policy, we could cut both our foreign aid programs and our own military spending. It is outrageous that the American taxpayers are being forced to subsidize Communist China while domestic programs like Social Security are in jeopardy.

The American steel industry is in a depression, and tens of thousands of steel workers have been laid off. Yet the Administration contends that it's in our national interest to make a \$88 million subsidized loan to help Communist China to build steel plants which will compete unfairly with our steel industry. This kind of action is an insult to the American people.

### Capitol

(Con't from P. 4)

this point in the troubled history of UNM.

Our difficulty in drawing up specifications does not, however, mitigate the Governor's obligation in this regard. The Constitution says that he will name the members of such groups, which are to act more or less like the board of directors of this and other institutions of higher education.

That document doesn't specifically state that the choices he makes must be excellent ones, but that is more or less subsumed in the notion of giving him the power.

THE PROCESS: That may be where part of the difficulty lies.

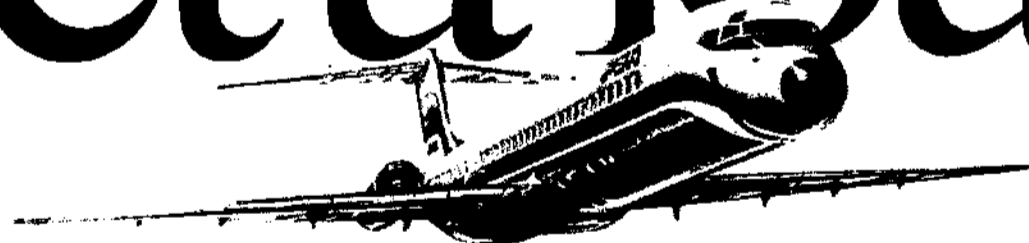

When we are selecting a man to be governor of the state (no woman has made that yet), we seldom think much in detail about the job he will be taking on. It would be very rare for a candidate to share with us his ideas on this sort of topic while he is asking for our vote—but maybe we ought to start digging into that type of thing a little more.

The fact is that we now have a governor, with all such limitations as he may have brought to office with him. He has the power to choose those who will occupy this somewhat exalted post. Those who occupy it have the power to choose the man or woman to direct the activities of the institution, and in many ways set its whole intellectual tone.

Without falling back on the theoretical, what criteria do most governors use?

Not to be too cynical about it, the real answer is probably something like this: I want somebody who will do what I say and who can be helpful in raising money from the legislature.

# Pick a flight with us when you get a loan.

When you borrow \$5,000 or more from a United New Mexico Bank, we'll put up a flight. And we've got PSA to back us up.

Buy one round-trip ticket on PSA—and get a matching second ticket free.\* Just for borrowing money at United New Mexico.

United New Mexico's sky high loans can get you money for just about everything. At loan rates that are competitive with any other bank.

PSA is the airline that covers the west—with a smile. And a United New Mexico sky high loan is money to cover your highest flights of fancy.

Our two-for-one flights are waiting for you—while they last. So stop by your nearby United New Mexico Bank today. And get ready to pick a flight.

Catch our smile.

STORE HOURS: 8 am to 9 pm Mon. thru Sat. 9 am to 8 pm Sunday

THE PLUTONIUM core to the first atomic bomb was assembled in the front room of the George McDonald ranch house. At the instigation of range commander, Major General Niles Fulwyler, the house was refurbished in 1984 to its 1945 condition.

The house will be open to the public during the annual Trinity Site tour on Oct. 6. The water tanks in the foreground were used in 1945 by the scientists working at Trinity Site as a swimming pool to escape the blazing New Mexico summer heat.

NEWS FROM—

Corona

Scheduled to speak at the Presbyterian Church this month are the Reverend Jack London of Hobbs on Sept. 9th and 16th. Dr. Sheldon Price will be here from Roswell on Sept. 23, and Mr. Elmer Norris of Alamogordo on the 30th.

attended a three day State Senior Citizens Conference in Glorieta. It was a worthwhile meeting.

Mrs. Willie Bledsoe, Ignacio, CO, is visiting in Encino with Sandy and Raymond Clewin. Mrs. Bledsoe and Mrs. Clewin were here Saturday to see old friends. Mr. and Mrs. Buster Doran, Hobbs, spent Saturday with Mr. and Mrs. Jack Davidson. The men are cousins.

Mr. and Mrs. Dean Bradley of Alamogordo, and Scott Mulkey, ENMU, were here over the weekend to say "Goodbye" to Steve Mulkey, before he left for the US Army. Steve took a bus Tuesday to El Paso.

Mr. and Mrs. Bruce Holden came over from Albuquerque Sunday for dinner with Mrs. Hazel Bickford and the Davidsons.

Mr. and Mrs. Lalo Cordova and Nipper visited relatives in Santa Fe over the weekend.

Services were pending Tuesday for Mota Vick who died Monday in Las Cruces hospital. She had left Corona Thursday to spend her birthday and the long weekend with her son and daughter-in-law, Austin and Norine Vick.

Mrs. R. L. Sharp, Jerry Sharp and Mr. and Mrs. Wayne Tubbs are home from the county fairs. At the Torrance Co. Fair in Estancia Eric Sharp had two winners in lambs. They visited in Bloomfield with the Paul Cartwrights. At the San Juan Co. Fair Brad Cartwright had the reserve champion in the fine wool cross breed and a fourth place, both lambs in the sale. At Prewitt, Cibola Co. Linda Sharp had the grand champion lamb. Four or five of the Sharp grandchildren

Mrs. W. T. Tyree was in Albuquerque Friday and brought her mother, Mrs. Lillian Mogford, home with her from the hospital.

Last week Mrs. Robin Pfeiffer and Mrs. Ollie D. Wade

will be showing lambs, calves, and pigs at the State Fair.

TRINITY SITE—

Annual tour set for Sat., Oct. 6

WHITE SANDS MISSILE RANGE, NM, August 31 — The annual tour to Trinity Site, where the first atomic bomb was exploded on July 16, 1945, will be held on Saturday, October 6. This year's tour will feature the

opening of the George McDonald ranch house to the public for the first time. The house is part of the National Historic Landmark and is where the Plutonium core to the bomb was assembled. During 1984 the house was refurbished to

its 1945 condition by the National Park Service.

In addition to visits to the ranch house another attraction will be a ceremony held at 11 a.m. at Ground Zero. Included will be guest speaker Robert Krohn who saw the first explosion. Krohn prepared instrumentation for the test and later spent his career with Los Alamos Labs.

Procedures for getting into the missile range for the open house are being changed this year. A caravan will be put together by the Alamogordo Chamber of Commerce, tour co-sponsor. It will be formed in the Alamogordo K-Mart parking lot and will leave at 8 a.m. It will travel north on Highway 54 for 42 miles and enter through the missile range's Oscura Gate. White Sands military police will then escort the caravan to Trinity Site and back out the Oscura Gate. This group should get to Trinity Site at about 10 a.m. and will leave at 12:15 p.m.

A second caravan for the Oscura Gate will assemble at the gate itself and enter at 11 a.m. Visitors wishing to enter in this caravan should be at the Oscura gate before 11 a.m. The turnoff for the gate is 16 miles south of Tularosa on Highway 54. This group should arrive at Trinity Site about noon and will leave at 2

p.m. The gate is located about eight miles west of the highway.

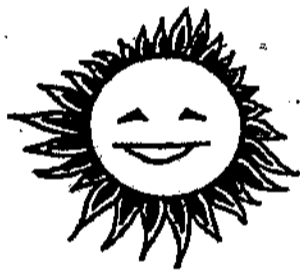

The simplest way of getting into Trinity Site will be to go to the range's Stallion Gate located five miles south of Highway 380. The turn off of Highway 380 is 12 miles east of San Antonio, NM and 58 miles west of Carrizozo, NM. This gate will be open from 9 a.m. to 1 p.m. and visitors will be able to enter anytime during that period. Visitors will also be allowed to exit anytime by using this gate.

Visitors arriving at Trinity Site from the Stallion and Oscura gates will all be parked outside the fence at Ground Zero. The missile range will provide shuttle

bus service to the McDonald ranch house which is two miles away.

All visitors are reminded that photography is prohibited on White Sands Missile Range except at Trinity Site. Drinking water will be available at the site. Also, all drivers should ensure they have a spare tire and a full tank of gasoline when they start on their visit. Some visitors can expect to drive up to 150 miles without seeing a gas station.

No reservations are required but more information is available at the White Sands Missile Range Public Affairs Office, (505) 678-1134-3700.

**THE NEW D.W.I. LAW**

by Sandra A. Grisham

Last year, sixty-five percent of fatal traffic accidents in New Mexico were alcohol-involved. Three hundred and fifty deaths in New Mexico in 1983 were partly or totally caused by people driving while intoxicated. Close to \$5,500 people were injured in alcohol-related accidents. On July 1, 1984, New Mexico's new D.W.I. laws went into effect. The legislature changed several provisions while retaining much of the old law, and the final outcome reflects the growing concern over the senseless tragedies caused by mixing drinking and driving.

Driving is a privilege, not a right, and as such the state can place conditions on driving. One condition is that by driving in this state a driver has implicitly consented to take a blood alcohol test. If the driver refuses to submit to a blood alcohol test, the director of the Motor Vehicle Division must revoke his or her license for one year. If the test is given and the results show 0.1 percent or more for adults or .05 percent or more for drivers under the age of eighteen, an adult's license will be automatically revoked for ninety days and a minor's license will be revoked for six months for the first offense and one year for subsequent offenses.

If the results are immediately available, the officer administering the test confiscates the driver's license at that time, and issues a temporary thirty-day license to allow the driver time for an administrative hearing. The driver then has ten days to request the hearing. These are automatic administrative revocations and are separate from any court proceedings. If the administrative appeal is lost, the revocation remains effective even if the driver is found not guilty in court.

In addition to confiscating the license, if the blood alcohol test shows the required percentage, the officer is also required to charge the driver with D.W.I. Once charged with D.W.I., a person may no longer "plea bargain" to a lesser offense. This eliminates any possibility of a driver pleading to reckless or careless driving. If convicted of D.W.I., a first time offender can be jailed for thirty to ninety days, and/or fined \$300.00 to \$500.00. If jail time is suspended, the driver can be placed on probation for up to three years.

A second or subsequent conviction is penalized by ninety days to a year imprisonment, and/or a fine of not more than \$1,000.00. Probation can last as long as five years, and all D.W.I. convictions remain on the driver's record for life.

If there are two convictions within five years, the statute provided for some mandatory jail time. There are additional administrative penalties to the jail time or fine: Except for first-time offenders sent to D.W.I. school, first and second time convictions result in an automatic revocation of the driver's license for one year, and third-time offenders will have licenses revoked for five years. Again, this is separate and apart from any sentence the Court might impose.

The message from the legislature is clear . . . IF YOU DRINK, DON'T DRIVE!

PAID FOR BY THE COMMITTEE TO ELECT GRISHAM JUDGE, TERRY VISCARRA, TREASURER

# Tigers open season at Tatum

The Capitan Tigers open their season, Friday, Sept. 7, with a 7:30 p.m. encounter with the Tatum Coyotes in Tatum. The Tigers have 8 lettermen returning on a 35 man squad with a lot of desire but little experience.

"They will be tough from what I've heard" states new Tiger coach Gary Thompson. The Coyotes have an especially fine returning "I" back.

Capitan has been spending much time in practice working on timing for their passing game. Execution on offense and defense has also gotten its share of attention. Senior Brendan Wolff should help the Tiger attack. Wolff did not go out for football last year.

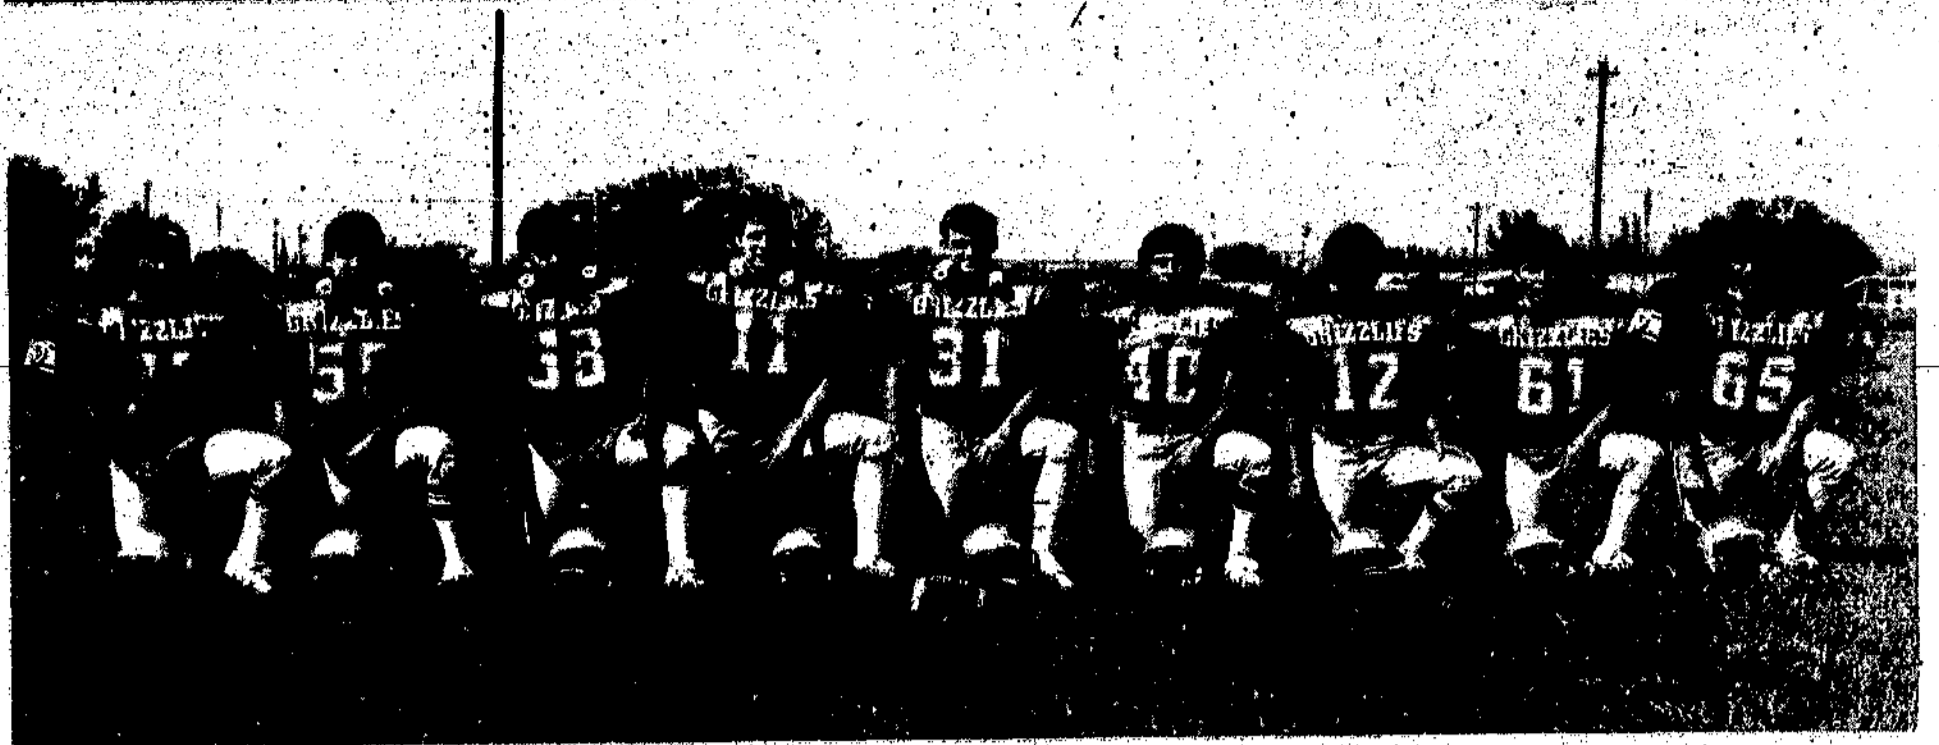

The probable starting line-up for the Tigers on offense-backfield - Dewey Keller - QB, Brendan Wolff and Chris Peralta at running back, and Troy Padilla at flanker back. The linemen include Mark Romero, Jack Revey, Troy Keller, Scott Thompson, Doug Eckland, Trent Thompson, and Clay Layher.

Trent Thompson and Dewey Keller will do the punting and Jack Revey will handle the kick-offs and extra points.

Coach Thompson scouted Dexter, Texico and Carrizozo last weekend and figures that the Grizzlies are the ones to beat this year.

Thompson stated that the Tigers enter the Tatum game injury free and barring injuries Friday night should play Texico tough next weekend in Capitan.

The rest of the Tiger squad includes - Rodney Dean, Robert Marrs, Frank Romero, Rob Runnels, Nick Najjar, Dale Booher, Andy Trujillo, Ron Sanchez, John Parker, Jason Kimzey, Jay Eldridge, Julian Romero, Ron Joiner, Ty Paul, Mike Lunn, Phillip Company, Mike Shanks, Scott Dye, Jeremy McCarty, Mark Hays, Travis Frey, Ashandi Braman, Michael Chavez, and Lee Payne. Dan Booher, Adrian Morris, and Chris Shanks are team managers. Assistant Coaches are John Blea and E. C. Jenkins.

GRIZZLIE Junior Class: left to right, Ruben Zamora, Gabriel Chavez, Daniel Zamora, Kenneth Crenshaw, Troy Hollis, James Guevara, Anthony Serna, Donald Zamora and Robert Connors.

## GRIZZLIES HOST HATCH —

# The 'new year' begins tomorrow

For the real 'football fanatic' and there are a lot of them here in Lincoln County, the 'new year' is finally here—the beginning of the 1984 football season!

With a weekend of professional and college football already behind us—now we are coming to the best of it all—the beginning of high school football season...Lincoln County style. On Friday night the Carrizozo Grizzly team under second year coach Dennis Sidebottom will kick-off the new season with their season opener against the Hatch Bears at Laabs Field (game time set for 7:30 p.m.).

Carrizozo will be out to improve on last season's effort which saw them make it to the playoffs before being stopped by Tatum—who eventually lost to Texico in the championship game. And the Grizzlies seem to be ready to give 'perinial power' Reserve all they can handle this year—especially since Reserve is scheduled to play on the Grizzlies' home turf this season (October 26th). Barring any serious injuries to key Grizzly personnel—this could be the year when the Mountaineers could be derailed.

Mountainair, Cloudercroft and Capitan could surprise if either Carrizozo or Reserve don't take them serious—but all three look like they are still a couple of seasons away from challenging for a playoff spot. The Tigers under first-year-coach Gary Thompson will be tested early when they kickoff their season against the 'Larry Hillard' led Tatum Coyotes (at Tatum Friday night).

To make this season a little bit more interesting some Lincoln County businesses are sponsoring a "Football Contest" in the Lincoln County News (see page 6 and 7).

A \$20 jackpot will be offered to the entry guessing the correct score to the game of the week—which will be featured on page 6 each week. Anyone can enter by cutting out the 'jackpot football' on page 6 and bringing it to the News office by 5 p.m. each Friday. For those entries in Capitan the entries should be dropped off at the Smokey Bear Restaurant—the entry box will be picked up at 5:00 p.m. each Friday.

All high school students and adults are eligible to enter the contest (high school students are considered 9th graders and up). Anytime the correct score is not guessed \$10.00 will be added to the jackpot. Jackpot will be divided evenly if more than one winner. (Please print name and mailing address on entry blank). One entry per person.

The 'jackpot game' of the week will be alternated each week between a Carrizozo and a Capitan game. First game of the week will be Capitan at Tatum.

For the volleyball fans in Carrizozo there will be plenty of action on Friday afternoon when the Grizzly girls will host the Corona Cardinals at 4:00 p.m. On Saturday the local girls will travel to Mountainair—the junior high girls will travel with the varsity and open their season against the Mustang girls—games slated to begin at 4:00 p.m.

TIGERS WORKOUT FOR season opener - This picture was taken Aug. 29 as the Tigers prepare to set a trap for the Tatum Coyotes. The game is scheduled for 7:30 p.m., Sept. 7, on Coyote Field.

## Eagles vs Steers

The Hondo Eagles travel to Magdalena, Saturday, Sept. 8, for a 2 p.m. encounter with the Steers. The Eagles feel they might just go all the way this year.

The Eagle Volleyball Squad has games scheduled Sept. 11 at Lake Arthur beginning at 4 p.m. The new gym gets "broken in" Sept. 15 when the Carrizozo Grizzlies visit Hondo for action beginning at 5 p.m.

# News BRIEFS

The Tigrette Volleyball teams take on the Eunice Cardinals, Saturday, Sept. 8 in a doubleheader beginning at 11 a.m. The junior varsity plays first followed by the varsity. The process is then repeated. The winning team must win 3 out of 5.

There are 10 girls out for the junior varsity and 9 out for the varsity. Coach Bill MacVeigh says that the Tigrettes figure to have a good season. MacVeigh is being assisted this season by Coach Dana Adams.

Item - Yearbook sponsor Sherry Ford reports that there will be two yearbooks this year. The yearbooks will be for grades K-6 and for grades 7-12.

Several Carrizozo educators have been named to state-level advisory committees by State School Superintendent Leonard DeLayo. Mrs. Pagan Roueche, mid-school science teacher was recently named to the State Science Education Advisory Committee for 1984-85. The Committee reviews science curriculum and curriculum materials, and advises the State Department of Education on science matters.

Dr. Jim Miller, Carrizozo Schools Superintendent, has also been named to the State Vocational Home Economics Advisory Committee. Primary committee activities include promotion of Home Economics education, review and selection of exemplary programs, and curriculum review in its advisory capacity to the State Department of Education.

CLOUDCROFT - Thirty teams of golfers are expected to tee up on North America's highest golf course September 19-23 for the Lodge Invitational '84, the largest golf tournament held annually on the mountain-land nine-hole course in Cloudcroft.

Last year's Lodge Invitational drew approximately 140 golfers and guests from eight states.

Gloria Rathgeber, daughter of Mr. & Mrs. S. M. Ortiz, has recently completed the general practice program at the Denver Paralegal Institute in Denver, Colorado. After interning for several Denver law firms, she has accepted a paralegal position with the Albuquerque law firm of Civerolo, Hansen & Wolf, P.A. Gloria is married to David Rathgeber, a Captain in the Air Force and a third year law student at the University of New Mexico Law School.

**NOTICE OF ELECTION AND REFERENDUM**

Notice of election of two Supervisors to the Chaves Soil and Water Conservation District Board.

Notice of referendum on assessment of a levy on lands within the Chaves Soil and Water Conservation District in the Counties of Chaves and Lincoln in the State of New Mexico.

To all owners of real property within the Chaves Soil and Water Conservation District (Chaves and Lincoln Counties, in except owners of real property within incorporated cities and towns).

Notice is hereby given that on the 3rd day of October, 1984, between the hours of 7:00 A.M. and 4:00 P.M. an election of two supervisors to the Chaves SWCD and referendum will be held within Chaves and Lincoln Counties upon the following proposition:

Shall the resolution of the Chaves Soil and Water Conservation District to levy an assessment of up to one mill per dollar of total taxable valuation of real property for the purpose of meeting the expense of said District be approved?

All persons, firms, and corporations who shall hold title to, or shall be in possession of, any lands lying within the Chaves Soil and Water Conservation District as owners are eligible to vote. Proof of land ownership will be necessary. Only such persons, firms, and corporations are eligible to vote. The polling place will be in the Chaves SWCD office located in Room 158 in the Federal Building in Roswell, New Mexico.

Nominating petitions are available at the Chaves SWCD office. Petitions to nominate a supervisor have to be returned to the District office by September 7, 1984.

Absentee ballots may be obtained at the District office until September 24, 1984. Absentee ballots may be filed any time up to the closing of the polls.

## Hobby Happenings

Facts From The Hobby Industries of America

### Ribbon Craft

More and more hobbyists have become wrapped up in ribbon craft.

Whether used for braiding, package wraps, floral arrangements, fashion accessories or home decor, this popular craft is an easy inexpensive way for anyone to brighten up personal as well as home or gift-giving projects.

**Making a bow tie is just one way ribbon can be turned into useful, attractive items.**

One of the easiest uses of ribbon is to make a bow tie. Here, the experts at Hobby Industries of America show you how:

1. With right side of ribbon down, bring ends over and cross at center. Fig. A.
2. Place end on left behind left loop. Fig. B.
3. Bring end on right over and behind right loop. Fig. C.
4. Bring the same end (right) up and over front again, threading end of ribbon on left side under end on right. Thread right end through loop created on left. Fig. D. Pull ends tight.

There are many other ways to use ribbons. To find out more about ribbon craft and other hobbies, you can ask at a hobby and craft shop. The people there are more than happy to assist you. Many shops even offer courses in craft projects. It's a good way to start at any level.

## Taking The Bite Out Of The Bear.

If you worry about the bear even during a bull market, join the Payroll Savings Plan and buy U.S. Savings Bonds. You'll get a variable interest rate and guaranteed minimum. A combination for the best of both markets.

You share in higher returns when the bull is in charge. And even if the bear shows up, you can relax—because his growl will be worse than his bite.

Take stock in America.
