

LINCOLN 25¢ COUNTY NEWS

VOTE NOVEMBER 6

VOLUME 80, NUMBER 44 CARRIZOZO, NM 88301 THURSDAY, NOVEMBER 1, 1984 ESTABLISHED 1905

NOVEMBER 6th

Election choices to be decided

Tuesday, November 6 is the day to VOTE! Sample ballots are available at the office of the County Clerk in case you want to get one to familiarize yourself with the diagram and direction for operating the voting machines.

The general election ballot has four questions that voters are being asked to vote for or against.

The first question is Constitutional Amendment 1. Proposing an amendment to Article 10 of the constitution of New Mexico to require funding before any new or increased county or municipal service mandated by the state law has the force of law.

The proposed new amendment will read: "A state rule or regulation mandating any county or city to engage in any new activity, to provide any new service or to increase any current level of activity or to provide any service beyond that required by existing law, shall not have the force of law, unless, or until, the state provides sufficient new funding or a means of new funding to the county or city to pay the cost of performing the mandated activity or service for the period of time during which the activity or services is required to be performed."

The next question is the Educational Bond Act Authorizing the Issuance and Sale of Educational Bonds. The Educational Bond Act authorizes the issuance and sale of educational bonds in the year 1985 in the amount of sixty-four million dollars (\$64,000,000) to provide funds for capital expenditures at certain state educational institutions and certain post-secondary schools and provides for a tax levy for payment of interest and principal of the bonds.

The next question is Shall Sunday sales of alcoholic beverages by the drink for consumption on the licensed premises of licensees be allowed in this local option district?

The last question is the Ruidoso-Hondo Valley Hospital and Carrizozo Health Center Hospital Levy. The levy of four (4) and twenty-five (25) hundredths outside the twenty (20) mill constitutional limitation to maintain the Lincoln County Hospitals. The funds from said levy will be divided with the Ruidoso-Hondo Valley hospital receiving three (3) and twenty-five (25) hundredths and the Carrizozo Health Center receiving one (1), for eight (8) years.

After answering the question, voters will have their choice for the following candidates:

—President and Vice President of the US; Democratic Party, Walter F. Mondale and Geraldine A. Ferraro; Republican Party, Ronald Reagan and George Bush; Liberation Party, David Bergland and Jim Lewis; Citizen's Party, Sonia Johnson and Richard Walton; Alliance Party, Dennis L. Serrette and Nancy Ross; Prohibition Party, Earl F. Dodge and Warren C. Marin; and the Socialist Workers, Mel Mason and Matilde Zimmerman.

—US Senator; Democrat

Judith A. Pratt, and Republican Pete V. Domenici.

—US Representative District 2; Democrat Peter R. York and Republican Joseph R. Skeen.

—Corporation Commissioner; Democrat Eric P. Serna, and Republican Wray L. Simmons.

Justice of the Supreme Court, 8 Year Term; Democrat Dan Sosa Jr., and Republican Thomas J. Mescall.

Justice of the Supreme Court, 4 Year Term, Democrat Mary C. Walters.

—Judge of the Court of Appeals, Position 1, Democrat Joseph Alarid.

—Judge of the Court of Appeals, Position 2, Democrat Thomas A. Donnelly.

—State Senator District 39 Democrat Wilton H. Howell, and Republican James Lee Martin.

State Representative, District 52 Democrat Reynaldo S. Cordova, and Republican Maurice Hobson.

District Judge, 12th Judicial District, Division 1 Democrat Norman D. Bloom Jr. and Republican Sandra A. Grisham.

District Judge, 12th Judicial District, Division II, Democrat Robert M. Doughty II.

District Judge, 12th Judicial District, Division III, Democrat Billy Gene Payne and Republican Richard A. Parsons Sr.

District Attorney, 12th Judicial District, Democrat James J. Weldon and Republican

James Richard Askew Jr.

—State Board of Education District 8; Democrat James L. Shuler.

—District Magistrate Division I; Democrat S. M. Ortiz.

—County Commissioner District 1; Democrat Ralph R. Dunlap and Republican Kenneth Nosker.

—County Commissioner District 2; Democrat Frankie Silva and Republican A. W. Gnatkowski.

—County Commissioner District 3; Democrat Bill Elliott.

County Clerk, Democrat Charlotte C. Jarratt and Republican Fran Siddens.

County Treasurer, Republican Flora S. Vega.

County Assessor, Republican Marion L. Schlarb.

County Sheriff, Democrat Tom Sullivan and Republican Ernest S. Sanchez.

Probate Judge, Democrat Lee Jacqueline Martin.

At the top of the ballot you will find three blanks boxes with numbers under them. These boxes are to be used if you decide to write in one of the declared write-in candidates.

The box with the number one under it is for declared write-in presidential candidate Isable Masters.

The box with the number two under it is for declared write-in candidate for US Senate - Orin G. Cole.

The box with the 17 under it is for declared write-in candidate for County Commissioner District 1 - Pat Ward.

Clipboard

The Capitan Chamber of Commerce is sponsoring an old fashioned box supper and hobo dance, Saturday night, Nov. 3, at the Lincoln County Fair Building in Capitan.

The auction for the box suppers begins at 7 p.m. The hobo dance follows at 9 p.m. with music being provided by Night Train.

There will be 1st and 2nd place prizes for the best decorated box suppers and two prizes also for the best hobo costumes.

The ladies are to bring a box supper.

This will be a fun filled evening and everyone is invited.

Standard admission prices will be charged. For further information call 354-2234, 354-2397, or 354-2665.

The Carrizozo Baptist Women are sponsoring a community wide observance of World Day of Prayer. The meeting will be during the noon hour on Monday, November 5, at the fellowship hall of the First Baptist Church of Carrizozo. A "survival luncheon" will be served. All area women are invited to attend.

The Capitan Band Boosters are having an enchilada supper, Friday, Nov. 2, before the

Capitan Carrizozo Football Game. Serving hours are 4:30 p.m. to 7 p.m. in the Capitan School Cafeteria. Everyone is invited. Reasonable prices will be charged.

Featured during the halftime band performance will be several members of the 1984 Olympic Band who performed in Los Angeles. They will be in their official olympic uniform. Come meet them and see them in the show.

VOTE YES!

TEAM EFFORT saved the life of Emilio Beltran on May 21. In this picture Emilio is smiling as the professionals explain how they were able to get to him in 6 minutes and bring his blood pressure from zero up to 90. Hal Roueche takes his pulse. Rosemary Zink watches the heart monitor, and Lyn Miller takes his blood pressure. Miller and Roueche are trained EMT I's and Zink is a Certified Family Nurse Practitioner and advanced cardiac life support.

The Future of Lincoln County's Health Care Hangs in the Balance

VOTE YES

— for the —

CARRIZOZO HEALTH CENTER

and

RUIDOSO/HONDO VALLEY HOSPITAL

MILL LEVY !!!!

NOV. 6, 1984

Local man saved by Health Clinic personnel

The Carrizozo Health Center and the Clinic in Corona and Capitan are a necessary part of our communities. Not only are regular medical and dental hours available, but emergency medical care is provided 24 hours a day.

Emilio Beltran of Carrizozo and Marlo Maroon, daughter of Larry and Cindi Maroon of Bonita, are just two examples of the need for the continued medical services in Lincoln County.

Emilio tells what happened to him on May 21, "I had a very bad accident. The professional help here saved me."

Within six minutes from the time the volunteers received the

page, they had him in the ambulance. The only thing they knew was that Emilio had been shot accidentally.

The team effort of Rosemary Zink, Lyn Miller, Hal Roueche, and Robert Wetzel, in an ambulance equipped to meet such emergencies, kept Emilio alive.

Emilio had been born in the Lincoln County Hospital and now trained people worked to bring his blood pressure from zero up to 90.

Emilio was in the Ruidoso-Hondo Valley Hospital for ten days. Six of these days were in the intensive care unit. After he was released, he came to the Carrizozo Health Center for his follow up visits.

Emilio knows he was fortunate to have the trained care to keep him alive. He plans to take the next course for emergency medical technicians.

Marlo Maroon was three years old yesterday. Nancy Guck provided pre-natal care for Cindi Maroon before Marlo was born. Marlo was born in the Ruidoso Hospital.

Then on Marlo's first birthday Nancy Guck had the opportunity to bring Marlo back to life after an accident.

These two cases are a typical picture of what services will continue to be provided with a YES vote for the Hospital Mill Levy on Nov. 6.

By the way

BIRTHDAY CELEBRATION

Lots of folks were on hand to wish Edna Littleton a happy birthday last Saturday, October 27. Helping Edna celebrate her

22nd birthday was son Floyd Littleton and his wife, Billie. The couple arrived from St. John's, AZ with a birthday cake for the occasion.

Friends at the party, held at

Edna's house, included Madell McDaniel, Mary Shrum, Mrs. Gertie Anderson, Mrs. Prescher Dobbs, Ellen Cady and Dorothy Queen all of Carrizozo.

Party guests included two

Five new teachers in Carrizozo

Carrizozo schools have five new teachers this year. The teachers come from as far away as Grand Rapids, MI and as near as Alto. Reasons ranged from

wanting to teach in a small school to wanting a more compatible climate.

Betty Lou Ryan from Alto has not taught for five years. She

and her husband came to the area because of their children. Mrs. Ryan has 20 years teaching experience, mostly in primary doing prescriptive diagnostic work with new students. Mrs. Ryan is now teaching mid-school language arts.

Carol McKinney of Alamogordo teaches 7th and 9th grade English and will also be working with the yearbook. Mrs. McKinney has a masters degree in counseling and a BA in English. She has taught in Los Angeles and Oklahoma as well as at the Alamo Indian Reservation in Magdalena.

Linda Johnson from St. Louis can play all the instruments she will be teaching in band. She plays all instruments, except the harp, with the saxophone being her main instrument. This is Miss Johnson's first year to teach and it is her first time out west. Miss Johnson gives free private lessons after hours for band students only. She is in the music room daily until 5 or 6.

Amba Manning from Austin, TX came to Carrizozo to slow down and enjoy a more compatible climate. She did volunteer work with handicapped students and then decided to get her degree and teach in special education 13 years ago. Mrs. Manning enjoys being able to walk anywhere in town and the friendly, helpful people here are making her feel right at home.

Kari Fron came to Carrizozo from Grand Rapids, MI for her fifth year of teaching. She had taught in Carlsbad two years ago. Mrs. Fron teaches special education in the resource room. She is expecting her third child Jan. 21 and plans to return to teaching after a four week leave. Her husband Ray is a substitute teacher and coaches junior high volleyball and girl's varsity basketball.

sisters from Roswell, Mrs. Betty Walker and Mrs. Mary Walker and a niece, Ollie Patterson; Mrs. Jim Leslie and daughters Jacqueline and Joan of Capitan; Mr. and Mrs. Robert Leslie, Tom and Barbara Ward, Dorothy Payne, Bessie Leslie and Dolly Ward all of Carrizozo.

AWARDED MEDALS
Rita Narvaer returned from the hairdressers state trade show with first and second place awards. The event, 'Go for the Gold' was held at Holiday de Las Cruces and the theme was the olympics.

Rita received gold and a silver medals for her efforts in a 2-phase contest. She placed first with an evening hair style and second with a daytime style. Marina Baca accompanied Rita to Las Cruces and served as her model.

Hairdressers from Santa Fe, Albuquerque and Carlsbad were among the competitors in the hairstyling contests. The event included exhibition of hair-dressing equipment and products. Guest artists from Chicago, Albuquerque and Arizona demonstrated cuts during the October 27-29 trade show.

Paul and Jerrie McClain, who attended the show, joined Rita and Marina at Old Mesilla Park where they celebrated at the Silver Dollar. Jerrie is owner of 'Jerrie's Hair Boutique' in Capitan.

CENTER DOINGS
Today, Nov. 1 the Capitan Senior Citizen Center was scheduled to sponsor a fund-raising event. Armando Quinones was to push Frank Miller in a wheelchair 23 miles from Capitan to Carrizozo.

Capitan seniors interested in starting a bowling league should call 354-2640. Individuals who play musical instruments should also call that number. Capitan senior citizens have made plans to hold a bake sale on Nov. 21.

In Carrizozo, senior citizens will be selling donut holes on election day. A pancake breakfast will be held Nov. 10. Cracked pecans are still on sale at the center. The center will be getting an exercise bike.

CHRISTMAS COOKERY
An article in AAA World, official publication of the American Automobile Association, featured the history of New Mexican Christmas cookery - posole, tamales, empanaditas, biscochitos, etc. Tradition has it that eating

posole on New Year's Day will assure good luck in the coming year, so prudent cooks make an ample supply to last the entire holiday period. Tamales are another holiday favorite. These little packages of cornmeal-covered meat, seasoned with red chile and steamed in cornhusks, were simply another way to utilize the region's winter staples of corn, dried chile and pork.

The classic offerings of posole and tamales, accompanied by a warm pile of white flour tortillas and washed down with a cup of wine from Bernalillo vineyards, brought warmth and contentment to many a Christmas Eve guest in years gone by.

Nancy C. Benson of Albuquerque, writer of the AAA World article, says that for dessert no festive occasion would be complete without a cup of frothy hot chocolate and a plateful of biscochitos.

"These tender sugar cookies flavored with cinnamon and anise are as plain and simple as the food tradition they are a part of. Generally cut out in circles and sprinkled with cinnamon sugar, these cookies are still produced by some families in shapes reflecting New Mexico's Spanish-Catholic heritage."

Biscochitos formed in the shape of fleur-de-lys are reminiscent of symbols on the crest of Spanish royalty. Others are circles of dough with edges pinched together in imitation of a

bishop's mitre. **LAST LAUGH**

VOTE RICHARD A. PARSONS, SR

Candidate for

District Judge Div. III
Otero & Lincoln Counties

JUDICIAL CANDIDATES

DIV. I Sandra Grisham vs Norman Bloom

DIV. II Robert M. Doughty, II (Unopposed)

DIV. III My Opponent vs **RICHARD A. PARSONS**

Dear Voters:

I have practiced law in the Twelfth Judicial District for some 25 years, beginning practice in Ruidoso as an Assistant District Attorney for four years in Otero and Lincoln Counties.

Since then, I have been engaged in general civil and criminal law practice in both state and federal courts. My daughter, Karen, joined my firm in 1978; Dan Bryant became a partner after he left the District Attorney's office in 1980, and I am currently engaged full-time in the practice of law with my two associates.

During various periods of time over the past 25 years, I have served as the Village Attorney for Ruidoso Downs and the Village of Capitan, have represented three School Districts, numerous banking institutions in New Mexico and Texas, one newspaper, and several abstract and title companies. I have been a lecturer at New Mexico State Bar and Rocky Mountain Mineral Institute Conventions and am presently the Lincoln County Bar Association

President. For a number of years I was one of the Directors of the Continuing Legal Education Committee of the State Bar of New Mexico. I have taught real estate law at college credit level through certification by New Mexico State University and New Mexico Military Institute.

With respect to my reasons for seeking this position, I believe that my experience and background in Otero and Lincoln Counties will provide the most effective and efficient administration of justice as the Division III District Judge. Having both prosecuted and defended criminal cases, I feel that I can approach the criminal law enforcement aspect of the Judgeship with impartiality and a no-nonsense attitude and contribute materially toward making the Twelfth Judicial District a very inhospitable place for criminals. In the process, I will maintain an attitude of fairness and justice that allows me to exercise my discretion as set forth by statute to be lenient in those instances where the circumstances of the case clearly warrant such leniency.

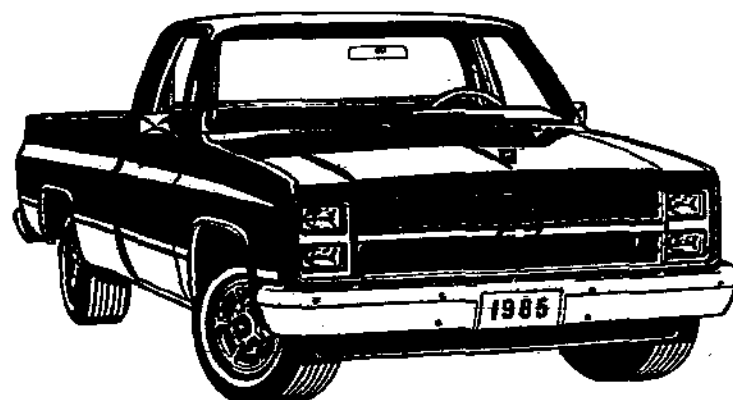

YOUR VOTE & SUPPORT WILL BE GREATLY APPRECIATED

Capitan News

By MARGARET RENCH

Last week we received seven tenths of an inch of rain followed by five inches of wet snow. Then lots of mist and more rain Thursday and Friday. Saturday morning the sun shined for a while. But Sunday gave us a full sunshine and then Monday how beautiful the sun and warmth. Heavy ice Sunday night and late Monday morning. The trees still are in full leaf. There were lots of broken limbs but that moisture is great. We are so grateful.

The varsity volleyball girls traveled to Cloudcroft Saturday and played Lake Arthur and Honda. They won both games and now will play another game Thursday and Saturday night at 7:00 p.m.

The Capitan Band Boosters are asking you to remember "The Enchilada Supper", Friday night at the school cafeteria before the football game.

The Capitan Fire Dept. and the FFA sponsored a turkey shoot last Sunday at the shooting range east of Capitan. The Fire Dept. had several raffle items and the FFA had a refreshment stand. There was a good crowd and it all was successful. They plan to hold this as an annual event.

The Roybal Electric has taken the north part of the natural gas building for storage. We do like that.

The natural gas remodeling of their building is progressing very nicely and it will be very nice and spacious.

An Avon meeting was held at the home of Nancy Griego at Alto Tuesday, Oct. 23. Due to the heavy wet snow only Joan Means of Carrizozo and Linda Wright of Capitan attended. The three ladies enjoyed it anyway.

The Roundtable Club of Capitan met Saturday, Oct. 25 in the party room at the Smokey Bear Restaurant. The Edgars

hosted the dinner. All were present with the exception of Frankie Tonn. Willa Edgar was their guest.

They were served a delicious roast beef dinner. The Edgars and Gladys Paw brought great tasting cakes. Winifred Cozzens and Ampelene McIntosh had birthdays this month and Alice and Herbert Lee Traylor had an anniversary.

Following the roll call of jokes and poetry, Frances Shaw showed pictures and described her recent trip to Nova Scotia, New England and New Brunswick. She enjoyed autumn in all of its glory and also the interesting landmarks of the various countries. The club members enjoyed her descriptions.

A short business meeting followed and the drawing of names for Christmas.

From Oct. 22-28 there were 267 registered visitors at the Smokey Bear Museum.

The following item needs your attention as this is in the "Records of The House of Representatives." By Joe Skeen. Smokey Bear Week - Hon. Joe Skeen of New Mexico in the House of Representatives, Wednesday, Oct. 10, 1984.

Mr. Skeen, Mr. Speaker, for the past 40 years the people of the United States have had a unique symbol to remind them of the tremendous danger that can occur to our Forests when a fire starts due to carelessness.

That symbol, of course, is "Smokey Bear" whose constant reminder that "Only You Can Prevent Forest Fires" has undoubtedly saved millions of acres of our forests and woodlands from the ravages of fire.

This week, Oct. 7-13, has been officially declared by Congress to be "Smokey Bear" Week.

Since Smokey was a native of New Mexico and was found in the Lincoln National Forest in the District I represent, I would like for Americans every where to be aware of the remarkable

achievements of this program. Earlier this year we honored Smokey Bear through the issuance of a special commemorative postage stamp. But we can honor him daily this week, this year and for the years to come if we continue to remind everyone that "Only You Can Prevent Forest Fires."

Dean Scheer and Rick Lutrick have finished "Jump School" in Ft. Benning, GA and now will be stationed at Ft. Bliss. They visited their parents this last weekend while enroute to their station in El Paso.

Robert Runnels has just returned from a month in the Red River area where he was guiding elk hunters. Their success was pretty good considering the weather. Robert said that it rained and snowed almost everyday during the month of October. They even had to take out one of their camps by snowmobile. Robert was glad to get home to warmer weather.

Robbie Runnels and Jack Revey were busy this last Saturday catching rattlesnakes. This is a business for these young men, as they process the hides and sell the meat to a Japanese restaurant. It's a dangerous yet fascinating business. We hope they are very careful and catch lots of snakes.

Sunday, October 28, a supper was held for Virginia Smyth who will be leaving for Dallas to make it her new home. She will be living near her brother and sister-in-law.

The supper was held at the home of Keith and Betty Page. Those who attended were the Butch Allen family, the Kenneth Lacy family and the Ed Goodrum family. Also attending were Virginia's brother Jim and his nephew Kip.

Virginia Smyth, I would like for you to know you were loved in this community and will be greatly missed. But we do wish you sincere happiness in your new home. May God bless and take good care of you.

Rhonda Montoya is attending the South Plains College in Levelland, TX.

Happy birthdays to Manuel Miller Jr. whose birthday was Oct. 22; Joseph Montoya Oct. 29 and Kay Strickland Oct. 31. May you have many more with good health and happiness.

Maxine Wright left for

Seminole, TX Friday where she joined her sisters and brothers at the home of their mother Elsie Kidd. All eight children were present. They have taken out all of her possessions and put up the house for sale. Mrs. Kidd wants to sell her home as she is happily located in a good nursing home in which she has found happiness. She is nearly 84 years of age.

Maxine visited her brother Truman Kidd and family and returned Sunday night.

Two weeks ago Mr. and Mrs. Leonard Crain moved in the former Mrs. Morgan home just south of Capitan. They were living near there in a beautiful trailer home. The trailer is now for sale.

Mr. and Mrs. Jake McCarty of Anissa and Mrs. Viza Kuehn of Tucumanari visited their daughter and granddaughter Mr. and Mrs. Jimmy Wright and

family and spent one night.

Mrs. Rensch accompanied Millie Muse to Ruidoso Tuesday, Oct. 23 on business. What a beautiful scene with all of that heavy wet snow. It was by far the most beautiful scenery I have witnessed for many years. All I had to do was to enjoy it and that I did. What a glorious day. We had dinner and enjoyed everything and returned home late in the evening.

Mary Stahl of Nogal underwent surgery at the Ruidoso hospital Wed., Oct. 24. I wish her a complete good recovery. Keep smiling Mary - we are counting on you.

Bessie Van Pelt celebrated her 100th birthday, June 10, 1984. She passed away Oct. 20 quietly in her sleep at her home in Naples, TX. She was tired and only in bed for 3 days. Bessie was

laid to rest in Naples.

Bessie Van Pelt lived with her niece Leona Bennett and nephew who loved her and enjoyed her every moment with them.

She lived alone here and had the joy of them and how they loved her. She was a dear sweet lady and a good example to elderly people.

WATCH OVER WASHINGTON

By LES KINSOLVING

Medical Ethics at Geo. Washington Hospital

WASHINGTON — Just before he was wheeled into the operating room, the very nearly assassinated President of the United States managed a spirited quip:

"I hope the doctors are all Republicans!"

This may have been even more prophetic than humorous. For three years later, Mr. Reagan, in an address to the Italian-American Foundation dinner, paid a moving tribute to Joseph Giordano MD, head of the trauma team at George Washington Hospital which saved the President's life.

The President noted that this physician was the grandson of an Italian immigrant who came to America with nothing. And yet one of his grandchildren grew up to become the surgeon who saved the life of a President.

Dr. Giordano subsequently used this gracious tribute and his patient-doctor relationship to provide considerable grist for both The Los Angeles Times — and for Walter Mondale.

For according to Mondale, Dr. Giordano charged in print that his former patient had not told the whole story. His parents sacrificed for him. But he was able to get through med school by low interest federal loans. The medical technology he used wouldn't have existed without years of federally funded research. And his parents now rely on Social Security, and more than once, his father has benefited from Medicare.

In the mouth of Mondale, all this poured out as an indictment of Dr. Giordano's patient. For Mr. Mondale and his campaign are trying desperately to persuade everybody that Ronald Reagan is really the heartless slasher of all such federal assistance as allowed Joseph Giordano to make it through med school and save Reagan's life.

Aside from this Mondale caricature, so belied by the size of the Reagan budget for Health and Human Services, this should give pause to any Republican — or non-Mondale Democrat — who is ever injured within the vicinity of George Washington Hospital.

For if you are treated by Dr. Giordano, and you make the mistake of thanking him in public, you will find yourself extremely vulnerable. For he can take your gratitude for his professional care and use it to club your convictions in The Los Angeles Times and in the mouth of Walter Mondale.

We cannot imagine Geraldine Ferraro's parish priest ever using her vulnerability in the confession as a club for either the Republicans or the anti-abortionists. And we believe there is great similarity between doctor-patient and priest-penitent relationship.

Dr. Giordano was, of course, not the President's personal physician. His relationship to Mr. Reagan was purely by chance. But he has used this as a sort of Main Chance. And the Democrats are using him like mad.

Were it not for the location of the hospital where he practices, this physician's political opinions would be of almost no interest to anybody. But because a wounded President fell into his hands, he has participated in press conferences with Geraldine Ferraro. His resultant fame, in our view of medical ethics, would be better termed notoriety — of the same ethical level as a White House butler who Tells All.

Since he refuses to apologize for this treatment of a patient, and since the hospital refuses to disassociate itself from him, we suggest that anybody in public life ought to beware of George Washington Hospital.

"I'M VOTING THE STRAIGHT TICKET - IF THAT JOKER GETS OUT OF THE VOTING BOOTH BEFORE THE POLLS CLOSE!"

INSIDE THE CAPITOL

BY Fred McCaffrey

SANTA FE—Every election day, lots of voters are surprised to discover there is a proposed constitutional amendment on the ballots.

If they learn of that fact for the first time only after they get into the voting booth and have to try to understand the thrust of the measure from the slimmed-down summary provided there, we are almost guaranteed to get shallow understanding of the topic.

This year, things will be relatively easy in this regard. There is only one amendment for us to vote on.

It would change our constitution by adding wording to mandate that any rule or regulation which orders a municipality or county to provide new services or to increase the level of services they are already providing must be accompanied by action by the state to provide the funding for that change.

Put simply, it says that if rules or regs orders political

jurisdictions to do something, the state has to put up the money for them to do it with.

THE PROBLEM: You can easily see where this whole notion came from.

Counties have long had to do things like provide housing for the district courts and a health office, with no recompense from the state government of which they are actually a part.

In recent years, that burden has grown heavier—just as counties and cities have grown poorer.

Environmental concerns have added considerably to their burden. Things like elaborate waste-disposal systems and sanitary landfills have been written into law as essential. Then the people who write the regs to implement the law, regs which in turn have the force of law, often get more specific and more demanding.

As a result, what little money municipalities and other local

governments have gets skimmed off to pay for such projects, till there isn't much left for fire departments and law enforcement and other traditional tasks of these entities.

Now, if this amendment passes, state lawmakers, when they start the action which leads to such requirements, would have to provide the taxing authority to raise the money to fund them.

All that sounds very great, and the Municipal League and the Association of Counties hope you will vote for it.

THE OPPOSITION: But don't miss one element about what is being proposed: It deliberately omits any obligation of this kind as it might apply directly to the Legislature. It doesn't say money must be provided for projects required by law, only for those needed as a result of "rules or regulations."

SCHOOL SPIRIT our business - sophomore Waynette Lindsey, left, and junior Roe Anne Alford lead the cheers for the Corona Cardinals.

Ask Dr. Dan . . .

I feel anxious all the time. What can I do about this problem? I don't like taking pills.
A. N.

Anxiety is defined as a feeling of uncertainty, fear and apprehension without apparent cause. In layman's terms, many people say they are "nervous" all the time.

Anxiety is not a disease but is a symptom. Internal conflicts and fears may not be recognized by an individual but may surface as a generalized feeling of anxiety. The body may react by developing rapid heart rates, tremors or shaking, sweating, feeling a lump in the throat or stomach, abdominal or chest pains, diarrhea, headaches and many other physical symptoms.

events which cause us to feel anxious from the state of arousal brought on by high adrenalin levels.

Tranquilizers can help the symptoms of anxiety but do nothing about the cause. Many relaxation techniques have been shown to help anxiety and its symptoms. Regular practice of these relaxation techniques teaches the body to remain in a relaxed, nonarousal state. Feelings of anxiety will then only surface at times when it is appropriate.

Relaxation techniques include breathing exercises, yoga, transcendental meditation, hypnosis, bio feedback, certain muscle exercises and others as well. If your physician does not provide instruction in these techniques, ask him to refer you to someone who does. Remember that it will require active effort on your part to practice and master the techniques before you will reduce your feelings of anxiety. Once you do this, you will be more in control of your life and will suffer fewer stress-related illnesses.

People are often exposed to anxiety provoking events during their life (such as arguments, encounters with the law, job interviews, seeing the dentist). It is normal in such situations for the body to react to the higher level of adrenalin which the body makes to help us meet the challenges of such situations. However, we may develop a habitual response to daily life

FRWLC October meeting

Progress on the club's awards program was the chief topic at the October 23 business meeting of Federated Republican Women of Lincoln County in Ruidoso.

The club is very close to earning that award again before the June 1985 deadline. As partial fulfillment, members voted to participate as a group at the Oct. 28 blood drive held at Ruidoso-Hondo Valley Hospital.

Jackie Rawlins, achievement awards chairman, outlined the requirements for the four levels: bronze, silver, gold and diamond. These requirements are nationwide and cover diverse areas as community involvement, political activity and personal development. There are over 50 separate requirements to fulfill before a club can claim the highest award. Last year, FRWLC earned the diamond award, the highest category.

They will also purchase advertising space for county candidates in local newspapers and radio.

Pat Hume, Republican county chairman, reported on the club's participation at the recent pie supper and talent show sponsored by the Democrat women's club. She read a letter of thanks from that group's spokesperson, Coleta Elliott.

Next meeting of FRWLC will be Tuesday, Nov. 27 at a time and

place to be announced. Biennial election of officers will take place. For further information, contact Dorothy Smith at 354-2499 or Dorothy Barber at 258-3348.

At this time, said Rawlins,

(CONTINUED FROM P. 4)

That gets lawmakers off the hook—which may be one of the reasons they supported the amendment.

And there's at least one further problem. How do you determine what an increase in services, for instance, actually adds to the operating cost? And presuming you can do that, who is charged with making the determination?

It's tough to write language which is clear and sufficient. That is true enough when you are dealing with statutes, which can be relatively easily changed. In the case of a part of the constitution, it's probably more difficult, and that language can be modified only by a two-thirds vote of both houses of the Legislature and support from a majority of the citizens voting in a general election.

While Congressman Joe Skeen works in Washington to strengthen our nation, he and his capable staff are working to improve the standard of living of New Mexicans here at home.

Joe Skeen's committee assignments afford him an excellent opportunity to bolster the economy of New Mexico.

As an active member of the Committee on Agriculture, his work in behalf of farmers and ranchers has drawn considerable praise. Recently, he was awarded the "Distinguished Service to Agriculture" citation by the New Mexico Farm and Livestock Bureau. The Congressman still operates the family sheep ranch in Lincoln and Chaves counties.

He also serves on the Science and Technology Committee which is vital to our state. He is ranking Republican on that committee's Investigations & Oversight subcommittee. With White Sands Missile Range and its space shuttle landing site and three of the six state-supported universities located in his district, Joe

Skeen's identification with science and technology at the federal level is extremely valuable to New Mexico. His training as a professional engineer enhances his qualifications to serve on this important committee.

A dedicated conservative, Joe went to Congress to help restore our nation to the greatness it once knew—a nation that financially was the most stable and militarily the strongest; a nation whose government respected the privacy of its people and a nation where those who wanted to work could find the opportunity.

Joe believes these causes are worth fighting for. And with his efforts, and the efforts of those like him in Washington, America is coming back—this time stronger than ever.

Lincoln county postmasters meet

The annual meeting of the Lincoln County Postmaster's Association was held at the Smokey Bear Restaurant in Capitan, Oct. 21, 1994.

President Shirlene Fitzner called the meeting to order shortly after three o'clock. The pledge of allegiance to our flag was led by Patsy Racher. Invocation was also given by Patsy Racher.

Secretary-treasurer Maxine Wright read the minutes of the last meeting, which were approved then read the financial report for the year, which was also approved.

Della Bonnell reported the committee findings on the possibility of updating the Histories of Lincoln County Post Offices. It was decided to concentrate on selling the books presently on hand before starting a new project. Anyone wishing to purchase one of the books may do so by contacting their postmaster. The same committee will be in charge of the books for the coming year: Louise Babers, Della Bonnell, Rosalie Patterson and Ellen Fay Womack.

Ellen Fay Womack and Louise Joiner reported for the committee charged with finding

a repository for Post Office memorabilia. In September the committee composed of Louise Babers, Ellen Fay Womack, and Louise Joiner, accompanied by Dorothy Talley, Hondo Relief, journeyed to Ancho and conferred with Sarah Jackson about placing the historical items in the House of Old Things Museum. Everything was agreeable and hopefully by next summer the very interesting post office items will be in place for viewing. The same committee was appointed to carry on for next year.

A number of letters of appreciation were read by Maxine Wright from officials who were in Capitan for the First Day sales of

Smokey Bear stamps. These people were presented Smokey Bear mugs by the Lincoln County Postmaster's Association.

Among those commenting on the State NAPUS Convention in Albuquerque were Mary Wilson, Della Bonnell, Pauline Britton and Shirlene Fitzner. All agreed that there is much to be learned at a convention. Shirlene reported the National Convention in Cleveland was one of the best organized meetings she has been privileged to attend.

Special guest Mary Williamson, from Hatch, NM, who is also our State NAPUS Service Representative, led a question and answer session on

insurance. Much valuable information was learned during this exchange.

Officers selected for the coming year are: president, Patsy Racher; vice president, Della Bonnell; secretary-treasurer, Mary Wilson; historian, Mary L. Joiner. Shirlene Fitzner volunteered along with Birney Leachman to host the Postmaster's meeting next year, the time and place to be determined at a later date.

The meeting adjourned and those present enjoyed a delicious no host dinner.

Postmasters present were: Maxine Wright, Capitan; Shirlene Fitzner, Ruidoso Downs; Ellen Fay Womack, Lincoln; Mary Wilson, Alto;

Della Bonnell, Glencoe; Pauline Britton, Fort Stanton; Patsy Racher, Hondo; Retirees in attendance were: Hattie Phillips, Lincoln; Mary L. Joiner, Hondo; and Gladys Nosker, Glencoe. Special guest Mary Williamson, Hatch; Postmaster Relief persons Bonnie Rogers, Fort Stanton, and Martha Proctor, Hondo. Other important guests were: Julius Fitzner, husband of Shirlene Roberts Fitzner, and David Bonnell, husband of Della Bonnell.

Hosts Ellen Fay Womack and Della Bonnell are congratulated for organizing a very productive meeting of the Lincoln County Postmasters.

C'zozo FFA Chapter to represent state in National Contest

Four members of the Carrizozo FFA Chapter will travel to Kansas City, Missouri, next week to compete in the National FFA Agricultural Mechanics Contest. The contest will be held in conjunction with the 57th National FFA Convention and sponsored as a special project of the National FFA Foundation by the Firestone Trust Fund.

Members of the team are: Steve Stearns, James Guevara, Kenneth Crenshaw and Joe Candelaria.

High school: Carrizozo. Mike Gaines, vocational agriculture instructor and chapter advisor, is the team coach.

The Agricultural Mechanics Contest is one of 11 national agricultural contests conducted annually by the National FFA Organization as part of the convention. This year, 40 teams will test their knowledge of agricultural mechanics by performing 24 shop skills in three areas: agricultural power and

machinery, electric power and processing and agricultural mechanical skills which include are welding and working with hot and cold metal. In addition, each team will complete a 75-question multiple-choice exam in each of the three areas. The contest is one of many educational activities at the national convention in which FFA members put into practice the lessons taught in the vocational agriculture-agribusiness classroom.

Each of the teams competing in the Agricultural Mechanics Contest won contests at the local area and state levels to earn the trip to Kansas City.

The Firestone Trust Fund will provide travel funds for teams and medals for winning individuals.

Awards will be presented at a breakfast Saturday, November 10. The contest winners will be introduced to the convention audience at the Saturday morning business session.

Oops! Reserve drops Grizzlies 22-7

Bad weather, bad breaks, mistakes, failure to capitalize or a combination of all four reasons—it all adds up to the same on the scoreboard—Reserve 22, Carrizozo 7 and a district championship for the Mountaineers (again!).

The Grizzly seven game winning streak came to a muddy halt last Friday when a big and tough group from Reserve conquered the bad weather, kept mistakes to a minimum, capitalized on their opponents mistakes and did what good teams usually do—make their own breaks.

With the outcome of the race in District 1A all but settled (Reserve first—Carrizozo as runner-up) all that remains is the order of finish in District 2A—with Tatum holding the inside track on the championship. As it looks now the Grizzlies will have to play Tatum in their semi-final game (probably in Carrizozo) although Carrizozo still has to beat Capitan this Friday. Reserve will face the runner-up in District 2A (either Melrose or Texico) in the other semi-final game. Winners of semi-final games will meet for state championship game.

Play-off time and games are a lot of fun (for the fans)! For the players—the ones who play the games—the fun comes after and if they win the games. Is there any 'pressure' during the play-offs? Damned right there's pressure! — on the players — maybe not on the fans or coaches — but on the players, YES!

And the team who learns to deal with it — and learns how to execute and prepare for a play-off game will win the state championship. Anyone of the four teams making the play-offs will be capable of beating each other. Carrizozo, although losing Friday night, did show that they are capable of beating anybody, including Reserve — and will have a tough job ahead of them (the state championship) — mainly Tatum and Reserve.

Another encounter in the 'championship game' with Reserve is a possibility if they get by Capitan and Tatum. But, mistakes must be minimized,

capitalized and overcome. And that and having to do those things against another good team is what you call 'pressure'.

And believe me, the players know it better than anyone else.

Friday's encounter at Capitan against the Tigers marks the 70th encounter between Carrizozo and Capitan, (the 2nd

oldest rivalry in the state) according to high school 'football history' buff Tom Guck. Game time is 7:30 p.m. at Tiger Field. And then 'the fun' begins next week.

This will be the last week of the Carrizozo and Capitan merchant sponsored 'Jackpot'

football contest in the NEWS. With no winners in last week's game — the FINAL Jackpot will be a whopping \$50. Even if no one guesses the correct score a winner will be determined according to correct score point spread. We appreciate the participation of all the sponsors of the contest.

READY to "get it on" - Sharpening their teeth for Tiger meat are Peter Morales, left, and Steve Stearns. Named players of the week on defense and offense respectively, both had an outstanding game against Reserve.

BREAKING onto the field - are these Hondo Eagles at the Corona game. L. to r. - 83 - Sean Mullis, 20 - Tony Chavez, 41 - Benjie Romero, and 11 - Kerry Clements. The Hondo Eagles meet the Magdalena Steers, Saturday, Nov. 3 in a state semi-final playoff game. The game is set for 2 p.m. in Hondo.

It's Hondo, 34-12

The Blue and White of Hondo High School and the Red and White of Corona High School met last Friday night in Hondo with much at stake. Who will advance to the states semi-finals? Who will be the Lincoln County Six Man Football Champion?

The Lincoln County teams played to a scoreless tie at the end of the 1st quarter of action. The end of the 1st half found the score tied at 6-6.

With four minutes gone in the 3rd quarter Lightfoot of the Cardinals intercepted a Hondo pass and returned the ball 45 yards to the Eagle 18. Two incomplete passes and a major penalty prevented a Cardinal score. Hondo took over and began a drive downfield which was stymied when Worley intercepted a pass on the Eagle 15. Once again a major penalty hurts the Corona Cardinals and they are forced to punt. It was here that West took the punt and raced 50 yards for an Eagle TD. A pass to Romero was good and the score stood Hondo 13, Corona 6 with 33 seconds left in the 3rd

quarter. The Cardinals failed to control the ball on the kick off and Hondo wound up with the ball just 15 yards from pay dirt. A pass to David Chavez is good for the TD, the extra point is good, and the 3rd quarter finally ends with Hondo on top 20-6.

Lightning struck midway in the 4th quarter when the Cardinals completed a long pass to Wayne Sanders for a tally. The PAT is no good and it's Hondo 20, Corona 12.

With a little over 3 minutes left in the game a nice pass reception by David Chavez sets up a 40 yard scamper by Sam West and another Eagle TD. The extra point was good and Hondo now had a 15 point advantage over the Cardinals. Hondo 27, Corona 12.

A short punt set up a 3 yard run by Salcido and the final score of the game with but seconds left. The PAT was good and the game ended moments later with the score Hondo 34, Corona 12.

The Hondo Eagles will meet the Magdalena Steers this

Saturday, Nov. 3, in a state semi-final playoff game. The 2 p.m. game will be played in Hondo. — By Bart McDonough

Volleyball round-up

It's district play-off time for girl volleyball teams from Hondo, Capitan, Lake Arthur and Cloudcroft. Hagerman is seeking admission to the district next year and will be included in the action.

Cloudcroft is seeded 1st and receives a bye all the way to the final game on Saturday night.

Tuesday night, Oct. 30, Hondo is at Lake Arthur while Hagerman is at Capitan.

The winners of these two games meet each other Thursday night in Hondo. Game time is scheduled for 7 p.m.

The winner of the Thursday night game will meet Cloudcroft Saturday night, Nov. 3, in the championship game slated for 7 p.m. in the new Hondo gym.

CONTEST RULES

-Enter the contest by cutting out the 'jackpot football' on this page and bring it to the NEWS office by 5 PM each Friday. For those entries in Capitan the entries should be dropped off at the Smokey Bear Restaurant—the entry box will be picked up at 5 PM each Friday.—All high school students and adults are eligible to enter the contest (high school students are considered 9th graders and up). Anytime the correct score is NOT guessed an extra \$10.00 will be added to the jackpot. Jackpot will be divided evenly if more than one winner. (Please print name and mailing address on entry blank). One entry per person. The 'jackpot game' of the week will be alternated each week between a Carrizozo and a Capitan game.

Lincoln County NEWS employees NOT eligible.

LINCOLN

Ramblings

By ROSALIE DUNLAP

Ghosts and goblins
Dracula and monsters
Scary masks and painted faces!
The fearful witch and her b (s) row
A stewing in the big black pot
Oh, what fun for everyone!

These were the ingredients for Sunday School young couple class and 4-H Club members at the home of Judy, Donnie Seals Friday, Saturday night.

The same was repeated at school carnivals, Episcopal Church party at the lovely home of Lucy and Newt Page, at Agua Fria near Ruidoso Downs, where it was impossible to identify those in original costumes.

Dan "Buckshot" Roberts was celebrating his 75th birthday that day also, so everyone joined in singing "Happy Birthday".

At the Carrizozo Country Club everyone had fun dancing, winning door prizes and buying the cakes auctioned by George Perry and Bill Payne.

Lincoln woke up early last week with approximately 5 inches of snow. It was a beautiful scene with Edward Penfields' and yours truly flowers blooming thru the snow. We received nearly 2" of moisture. It was a very wet snow-breaking tree limbs and power lines. Lincoln was without electricity about 12 hours.

We are now enjoying fall weather with no killing frost yet - geraniums - sweet peas, petunias - daisies - pinks - dahlias still blooming.

Sunday, Ralph and I helped

Dan "Buckshot" celebrate his birthday. First with cake and coffee after church at St. Anne's chapel then dinner at Prime Time near Ruidoso Downs with Paul and Nelle Ruth Jones, Mary and John Cooper, Debbie and Sonny Sanchez, and Craig Annille and Jim Paul Whipple. Jim Paul was having a great time helping Dan celebrate his 75th birthday.

Work is progressing on the plaque designating Lincoln in a National Historical site.

Remember vote for your choice of candidates. Tuesday, Nov. 6.

Clements in running for Nat'l award

Chris Clements of Pecos, NM and a member of the Hondo FFA Chapter took another step toward National recognition in the FFA Outdoor Recreation Proficiency Award Program recently when his application was submitted for regional competition.

The Outdoor Recreation Award, sponsored by the General Fund, Madison, Wisconsin is one of 22 FFA Proficiency Awards recognizing FFA members for achievement in activities leading to careers in agriculture.

Chris was presented a \$100 check as the State FFA Outdoor Recreation Proficiency Award Winner during the New Mexico FFA Convention.

Clements is in competition with a boy from Minnesota, a girl

from Ohio, and a boy from Tennessee. He is the only regional winner from New Mexico. Only one regional winner will be selected from each of the 4 FFA administrative regions. The 4 regional winners in Outdoor Recreation will receive a plaque, a \$200 check and partially paid travel expenses to the National FFA Convention.

Chris was named regional winner and will travel to the National FFA Convention in Kansas City this Nov. 8-10 where a panel will judge the Regional Outdoor Recreation winning applications to select the National winner. The winner of the National Outdoor Recreation Proficiency Award will be presented a plaque and a check for \$250 at the Kansas City Convention.

Hondo Advisor Jerry Burchett feels Chris has an excellent chance of winning the National

competition. Burchett will accompany Clements to Kansas City.

TIP CLIPS By POLLY CHAVEZ

INSTANT RATTLE
To keep baby amused when you wait for your meal at a restaurant, ask the waitress for two plastic cups and a spoon. Pull your trusty roll of masking tape out of your purse and tape the two cups together with the spoon in the middle. Instant disposable rattles should only be used by baby under supervision.

EXTRA STORAGE
Winter has arrived and extra blankets are handy nearby. During the day keep them out of sight by folding them and placing them between the mattress and box springs.

RECYCLE MATERIAL
When cotton bed sheets become faded and worn from washing, salvage the best parts and sew into pillow cases or storage bags.

BOOKCASE CONDO
A bookcase can become a 2 or 3 story doll house for tiny dolls. Cut fabric scraps for rugs. Assorted small boxes can become furniture.

ODDS AND ENDS
Spare ice cube trays can be used as organizers and storage containers for small odds and ends in workbench drawers. Ideal for tacks and tiny screws.

ABSORBS MOISTURE
Clean the tracks of sliding aluminum windows with sponge paint brushes. The 1 1/2-inch size is just right for the job.

WILTON HOWELL

For State Senate, District 39
"A Democrat We Can ALL Support"

- ★ Wilton Howell believes Lincoln County is an asset to the state of New Mexico, and should be treated accordingly.
- ★ Wilton Howell has worked hard to prevent Fort Stanton Hospital from being closed. As your state senator, he will continue working toward that goal.
- ★ Wilton Howell favors in-state investment of Permanent Fund revenues to stimulate the economy.

Wilton Howell - A State Senator who'll be here when you need him!

[Paid for by Republicans and Democrats for Wilton Howell]

REYNALDO (Ray)

CORDOVA

State Representative

DISTRICT 52

LINCOLN — OTERO — SIERRA COUNTIES

SOME ISSUES AND AREAS OF CONCERN CORDOVA FEELS ARE IMPORTANT:

the first thing I will do for LINCOLN COUNTY is to work at stopping and setting aside permanently the move to phase out or move out the FORT STANTON FACILITY. I will work with every fiber of my being to STOP this. Already I have received assurances of cooperation in keeping this facility in its present posture, from the House Appropriations Committee chairman.

If elected I feel I can be EFFECTIVE, because I will be going to Santa Fe in a spirit of cooperation, with a NEW APPROACH, NEW IDEAS, and a sincere desire to WORK for my district.

I AM RESPECTFULLY ASKING FOR YOUR VOTE NOV. 6th Thank You

LA JUNTA

Extension Club News

The La Junta Extension Club held its October meeting at the home of Lorena Ratcliff. Past President plaques were presented to Alice Blakestead, Inez Pacheco and Hazel Arthurs. Some upcoming dates to remember are Nov. 13 - County Council meeting at Capitan at the Parish Hall; District 10 meeting - Nov. 19, Fortales; La Junta Christmas Bazaar - Dec. 15 with Alice Blakestead - chairperson (crafts goods), Lorena Ratcliff -

chairperson (baked goods). Following the business meeting Margaret Phillips and Jeanetta Murphy of Roswell presented a program "Purpose of Extension Clubs". It ended up with everyone exchanging and sharing ideas.

The next meeting will be Nov. 14 at the home of Amanda Torrez. The speaker will be Suzanne Cox speaking on "Duties of the County Manager".

Hwy. Dept. employees receive awards

Safety and service awards were presented to District 2 Highway Department employees on Monday, October 29. The ceremony was scheduled for 1:00 p.m. at the Sally Port Inn in Roswell, a department official said.

Highway Commissioner Bill Lee of Lovington along with Chief Highway Administrator L. A. Larry Larranaga and District Engineer Louis Medrano presented pins, certificates, (checks) and plaques to individuals and work groups.

District 2, in the southeastern section of the state, comprises Chaves, Curry, DeBaca, Eddy, Lea, Lincoln, Otero and Roosevelt counties. Approximately 340 men and women are employed in the district at district headquarters and at maintenance patrols and construction project offices throughout the eight county area.

The list of individual safety awards is headed by William Wilson of Roswell, a traffic technician at the district office. He completed 35 years without a chargeable accident. Next in line for safety honors are Asa Carr of Mayhill, J. Navarrette of Artesia, Edward Perretra, of Roswell, and Byron Yancey of Corona. All have completed 28 accident free years.

District 2 also won a traveling plaque for the fewest personal injury and vehicle equipment accidents. The district also had two crews earning statewide awards in competition with all other crews in their respective categories. They were Artesia maintenance patrol, J. Navarrette, foreman and the headquarters auto shop crew, Finis Lott, supervisor. In addition, safety awards were presented to 25 crews or other work units which recorded one or more years without a lost time injury or preventable vehicle accident.

Topping the service award list is Valentin Bustamante of Deming. A foreman in the district headquarters auto shop, he has completed 35 years of service.

Three employees completed

30 years of service. They are Andrew Fuller of Las Cruces, John Smith of Deming and Bruno

Trujillo of Las Cruces. Other employees received awards for service periods ranging from five

to 25 years. The award ceremonies are conducted annually in each of the

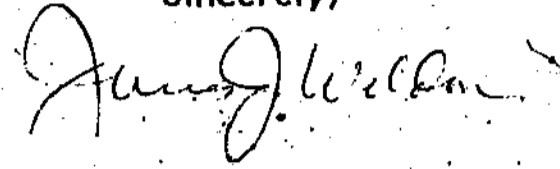

six highway districts of the state and at the department's general office in Santa Fe.

To the people of Lincoln County :

If elected your District Attorney, I will immediately open and staff a full-time District Attorney's office in Lincoln County. This will include a full-time Assistant District Attorney, an investigator and a secretary. The people and the law enforcement personnel of Lincoln County will have access to the District Attorney's office on a twenty-four hour basis for any problems that might arise.

I would appreciate your vote and support on November 6, 1984.

Sincerely,

JAMES J. WELDON

GARRIZOZO JOINS . . .

Agriculture data network

The Carrizozo Vocational Agriculture Program was recently connected to a world-wide computer network system located in Milwaukee, Wisconsin. The network, named Agridata Network, is an information system that deals primarily with Agricultural Data. The network also provides other services such as news stories, weather forecasts and market reports.

The Apple II computer located in the Voc Ag classroom is specially equipped with a phone modem and other peripherals that make it possible for communication with other computers anywhere in the world! Students at Carrizozo are able to select the services they need through a coding system and receive information within seconds. The connection to the net-

work was made possible when Carrizozo FFA President Steve Stearns was selected as the first FFA "Computers in Agriculture Program" winner. Steve's application was based on his computer experience at school. He wrote several useful computer programs in his classroom activities. As a result of his being named State winner, Steve was awarded an all expense paid trip to Washington DC this past September to attend the first National FFA Computers in Agriculture Workshop. Bob Hemphill, Carrizozo High Computer Instructor accompanied Steve on the trip. The State FFA Chapter winners also received a free connection to the Agriculture Network and a free hours use each month for a year, a value of approximately \$800.00. Steve and Mr. Hemphill received instruction in Washington on the many uses of the network and other Agriculture Computer Services.

Chapter members are becoming familiar with the network through classroom instruction. The network can be very beneficial to ranchers in the area because we can receive all market reports including updated futures on all commodities that are updated every ten minutes. If you would like to learn more about the network and what services it provides, please contact Vocational agriculture instructor Mike Gaines or Bob Hemphill, or drop by and visit at the Ag. classroom at the high school. Carrizozo is proud to be one of only two schools in New Mexico at the present time connected to this network.

FREDDY PADILLA, JR. was the winner in the fishing tournament sponsored by Willie Silva during Carrizozo Fun Days on Oct. 13. Freddy caught the first fish for first prize, and the biggest fish for third prize and since he was the only contestant it was easy for him to be the only entrant to catch the limit of four fish for second prize. Freddy is seven years old and in the second grade. He is the son of Mr. and Mrs. Freddy Padilla of Carrizozo.

BRIEF

On October 26-27, there was a Diocesan Assembly in Las Cruces at The Holy Cross Parish. We had four of our parishioners attend: Mrs. Karen Roybal of Capitan; Mr. and Mrs. Chris Zamora of Lincoln, and Mrs. Monica Baroz of Carrizozo. The above represented our parish at this Diocesan Assembly.

**AN OPEN LETTER
 TO THE CITIZENS OF
 LINCOLN COUNTY**

I was elected Sheriff of Lincoln County in November of 1982 and took over the Sheriff's Department in January of 1983. Since that time I feel that we have made the Lincoln County Sheriff's Department one of the top law enforcement agencies in the state.

Our stolen property recovery rate for 1983 was 58.4%, and for the first six months of 1984, it was 55.5%. This is well above the national average of 27.8%.

We have installed an NCIC (National Crime Information Center) teletype and are now hooked up nationwide; and we have purchased a computer and now most of our records are computerized.

We have added additional personnel and vehicles, added a 24-hour jail staff, provided training for dispatchers and jail personnel, and completely overhauled our communications network.

In the 22 months that I have been Sheriff, the Lincoln County Sheriff's Department has filed more criminal cases, recovered more stolen property, seized more narcotics and handled more prisoners than any Sheriff in the history of Lincoln County in a comparable 22-month time frame.

Members of the Legislative Committee on Local Government business recently visited the Lincoln County Jail and said that our jail is one of the best they have seen.

Running a correctional facility can only be done through good management, adequate funding, proper nutrition for inmates and a dedicated staff.

I am proud of the Sheriff's Department. I am proud of the accomplishments we've made. I am proud of our dedicated employees; and I am grateful to the County Commissioners for providing adequate funding to enable us to completely reorganize the Department.

But most of all, I am proud to have served you, the citizens of Lincoln County as your elected Sheriff.

I am seeking another term and I would appreciate your vote and support in the November 6th General Election.

Respectfully,
Tom Sullivan
 Tom Sullivan

PLEASE VOTE TO RETAIN . . .

TOM SULLIVAN
Lincoln County Sheriff
 DEMOCRAT

Pd. POL. ADV.

--The following was taken from the October 29, 1984 issue of the Alamogordo Daily News . . .

Of the two men running for District Judge, Division III, the "Alamogordo Daily News" selects Democrat Bill Payne of Carrizozo as the person whom we feel is best suited for the bench. All voters in the 12th Judicial District, including Otero County, will ballot in this race.

Payne was assistant district attorney for four years and worked in the office of the State Rep. George Fettinger for two years. He has been an active trial lawyer in the state and federal courts for over 20 years. He is a former resident of Alamogordo. Payne was elected and served eight years as magistrate judge and is currently municipal judge in Carrizozo.

He has a deep knowledge of the people and problems peculiar to Otero and Lincoln County.

His opponent in this election also is qualified for the position, although he has not held public office.

Payne runs on his record, his "even disposition" and states he will try each case on a "case-by-case basis." His residence in the county seat of Lincoln County is a plus for him, we believe.

Pledging a "tough attitude" regarding pushers and users of hard drugs, Payne "would go as far as I could in redressing victims of crimes," although he believes this is primarily a legislative problem.

We believe Bill Payne will make a good district judge. The "Daily News" would like to see him on the bench in Carrizozo.

Carrizozo school enrollment is down

By RUTH HAMMOND
 Mary Spencer, den mother of the wolf den in the newly formed Cub Scout Pack, was guest speaker at the Oct. 16 Carrizozo School Board meeting.

In giving the overview of the pack, Mrs. Spencer said, "Cub Scouting involves the family." Sponsored by the Lion's Club, other pack officers are: Tom Hughes, coordinator; Bill Hasenbuhler, chairman; Stirling Spencer, Cubmaster; Maty Hasenbuhler, secretary-treasurer; Roy Dow, advancement chairman, and den mother Linda Brown working with the bear den of 4th graders, as well as Mary Spencer, den

mother of the 3rd grade wolf den. The first pack meeting was held in the school cafeteria on Oct. 25.

The school board agreed to move the December meeting up a week to adopt a resolution for the school board election that will be held the first Tuesday in February. The seats now held by Hoot Gibson and Nat Palomarez will be up for election. Deadline for registering for the election is Dec. 26. The last date for candidates to declare is Jan. 1 and they have until Jan. 11 to change their minds.

A request for an extension of the White Oaks bus route was denied. There are nine students riding the bus and the state

requires a minimum of ten students for such an extension. Board members and the audience discussed existing problems such as single lane right-of-ways in five or six places where there are culverts and the additional 20 minutes that would have students leaving earlier and getting home later.

Public Law 94-142, Education of the Handicapped Act was approved. It will make Carrizozo schools eligible for \$22,000 to use for pre-vocational classes, in-service training for staff and parents, attending workshops and conferences, taking college course work and purchase of equipment and other things.

There are 54 students eligible for this program in the Carrizozo schools.

Services and money will be dispersed from a regional cooperative in Ruidoso. The legislature has made it mandatory for all school districts to provide this program for the education of all handicapped students. Persons named for the Project Advisory Committee were: Jenny Kelly, Rosemary Zink, Mike Gaines, Paul Guevara, Mary Lou Zamora, Bill Vitany, Dolores Vega, Joe Orsak, Pete King and Ken Wells. Alternates were Hal Sims and Nick Vega.

Enrollment has declined from the 325 that was projected last year. On the 40th day of school, enrollment was 303, leaving the school short of the projection by 22 students.

The GED class will need more students if the program is to continue. Anyone interested can start anytime. It is encouraging to know that nine out of ten students pass the GED after going through the class. Estimates that 50 percent of the people have not graduated show

that the class is needed. Wally Ferguson and Hoot Gibson attended the Region VI meeting in Alamogordo on Oct. 3. The important thing discussed was the teacher accountability board meeting.

Plan. Discussion on this will be held at the November school board meeting.

PD. POL. ADV.

Sandra A. Grisham

for District Judge, Division I

A district judge directly touches more individual lives than any other elected official. The effect on an individual and the community can be lasting and profound... for better or worse. I want to be District Judge because I want to see a new emphasis on the positive good our courts can accomplish.

The family is the cornerstone of our society - and yet if a couple has agreed to everything a family can be legally broken apart in less than an hour. I don't believe that's appropriate. I believe in a thirty-day cooling off period and I want to establish a court-referred counseling service. I want couples to be aware of the problems their divorce could cause for their children, and of how they can help.

I first became exposed to the extent of the problems of child abuse and neglect as a member of the Steering Committee for the Regional Resource Center on Child Abuse and Neglect in Austin, Texas. Since that time, I have learned that 90 percent of the violent felons in this state were victims of child abuse, and the FBI has stated that over 70 percent of federal prisoners were victims of sexual abuse as children. Victims of child abuse fill our prisons and mental institutions, and yet the perpetrators are all too often left free to victimize others. Our courts have a grave responsibility in this area, and we need to build a much closer relationship between the courts and the service agencies in our community that deal with this problem.

Our juvenile probation officers have potentially more contact with juvenile offenders and their families than any agency in our community. I believe the court has the obligation to provide these juvenile probation officers with at least minimal training in the areas of child and family counseling so they can fully utilize the opportunities they have to turn juvenile offenders around before our only alternative becomes incarceration.

I don't believe it's a very good use of taxpayer's money to rehabilitate or treat children, and then send them back into the same environment that contributed to the problem in the first place. It is crucial to involve the whole family whenever there is a problem.

We need more emphasis on victim's rights in criminal cases... the judge has the responsibility to see to it that victims of crimes aren't victimized a second time in the courtroom. They are not on trial. I believe in restitution at all levels. Even a juvenile offender who isn't working can restore vandalized property to its original condition.

I intend to establish a more modern and more efficient docket control system than we presently have. The old adage that justice delayed is justice denied is all too true. Our office has been using computers for some years now. We were the first firm in southern New Mexico to use computerized legal research, and ours is still the only firm in Lincoln and Otero counties that has this capability. I intend to use this experience to help modernize our court.

I have tried all kinds of cases... from relatively simple criminal matters to extremely complex civil litigation... in many different courts in New Mexico and other states as well. I have the energy, the expertise and the commitment necessary to make my vision of our courts a reality, but I need your help. I need your vote on November 6. Thank You.

Mayor Harry E. Kibbey, Albuquerque
Dr. Graciela Olivarez, Albuquerque

Senator Pete Domenici Has Been There When Lincoln County Needed Him

Senator Pete Domenici has been a friend to Lincoln County for all of his 12 years in the United States Senate. Take a look at what Pete has done, working with us here:

- fought for highway funding for Highway 70;
- worked for fair access for Lincoln County farmers and ranchers to overseas markets;
- brought about fairer grazing fees and fought successfully against new, unfair grazing regulations;
- worked to try to resolve Ruidoso Airport problems;
- supported the Payments-in-Lieu-of-Taxes program that provides \$311,128 each year to Lincoln County.

Pete has done a lot for us here and for the rest of New Mexico: He's given us 12 years of solid, honest service.

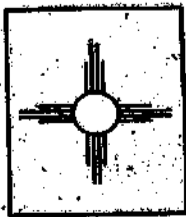

And, he's brought a lot of pride to our state, not just because he's Chairman of the Senate Budget Committee, but because he's been a good Chairman.

After all, he's been selected by colleagues of both parties as the single most effective Committee Chairman in the entire Senate for the past four years!

This November 6, let's re-elect a friend of Lincoln County, a friend who listens, helps and makes us proud. Let's Re-Elect Senator Pete Domenici November 6

Pete Domenici

Amber
Gem of the Ages!

Millions of years ago, stately conifers, giant trees larger than our Redwoods, grew in luxuriant splendor on the stormy Baltic seashores, which were warm as the Southern Mediterranean of today. Came the glacial age, which swept this floral splendor into oblivion. Though this was long before the age of man, an eyewitness captured evidence of life in that era - and that magnificent eyewitness was AMBER - the golden sap of those prehistoric trees.

AMBER is truly a window into the past. Fascination and excitement will be yours as you view the botanical debris of the great forests: tree seeds and insects, such as fleas that bit dinosaurs, bees that pollinated prehistoric flowers, and tiny drops of water which were trapped forever like bits of golden sunshine.

AMBER occurs in shades from clear to black, golden transparent yellow, cloudy but-tercup yellow, rare blue and reds and antique browns.

We import amber from all over the world.
