

County cracks down on subdivisions

By RUTH HAMMOND
If someone tells you that all you have to do is buy a piece of land and then subdivide it with no worries, don't believe it. Lincoln County and State officials made a county-wide inspection of 16 subdivisions they termed

'illegal'.
The day started with the Lincoln County Planning and Zoning Commission meeting at 8:30 April 11. Members set the date of the public hearing for the proposed new Lincoln Historical Ordinance. It will be held Sat.,

April 28 at 9 a.m. in the old courthouse in Lincoln.
The rest of the meeting was held in various locations with officials touring and inspecting the subdivisions. Things they looked at included road design, access, and easements.

Making the tour were P and Z members, Lincoln County government officials, Environmental Improvement Division of the State Health and Environment officials, and Soil and Water Conservation Service officials.

According to state and county regulations, 'subdivision' means an area of land within New Mexico, the surface of which has been divided by a subdivider into five or more parcels within three years for the purpose of sale or lease. Mobile home parks

are in the lease category. A subdivision is outside the boundaries of a municipality.
A legal subdivision must go through proper state and county channels. A subdivider is required to file a report that has all the necessary information

that the state and county need to be able to approve the subdivision if it meets subdivision regulations.
Statements for terrain management, solid waste management, development plan, liquid waste management, water supply, disclosure statement, and restrictive covenants are needed.

The purpose of the disclosure statement is to inform buyers just what they are getting. Information included in the disclosure statement is whether mobile homes are allowed, if roads across the property have easements on the deed, if the easement is not on record the road could be shut off sometime in the future, erosion, utilities and fees and who pays the fees for utility connection, liquid waste disposal, water and road being built to specification.

The report on ground water availability gives the geologic setting from topography and drainage to rock formation and structure. It even includes water-bearing and water-yielding characteristics of the rocks. The hydrologic setting lists the climate background, runoff, ground water, water table and water levels in deep wells.

The disclosure statement is required to have reports from four state agencies on the condition of the subdivision. The Soil and Water Conservation Service, the State Highway Department, the Environmental Improvement Division of the State Health and Environment Department and a water report from the State Engineers office are needed.

The tour of the 16 illegal subdivisions began with the inspection of two subdivisions southeast of Carrizozo. Six subdivisions near Fort Stanton, three subdivisions in the Kudosos Downs area, one subdivision near the Shangri La Subdivision, and four subdivisions near Alto were also visited.

The county does not build roads as some people have been led to believe. Said County Manager Suzanne Cox, "Roads must be constructed by the subdivider. They have to meet certain specifications before they will be accepted by the county. Then the subdivider is required to maintain the roads for a time period of two years before the county begins regular maintenance."

Inadequate roads, improper or nonexistent easements, lack of drainage and possible pollution due to insufficient erosion control were just a few of the problems officials discovered.

Lincoln county is losing tax money since most of the property in the illegal subdivisions is being taxed by the county as grazing land. Subdividing changes the land into building sites according to county classification.

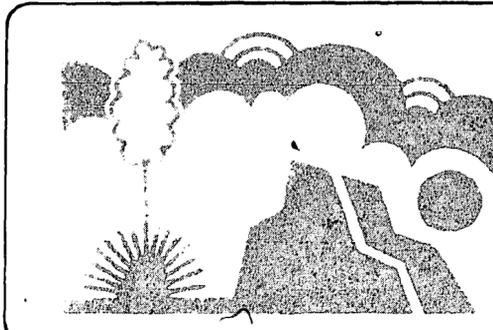

P and Z members agreed to contact the owner of each subdivision. The owners will be given the opportunity to correct the problems officials noted in the subdivisions.

Legal action by the county will not be taken if the subdivider will make the necessary improvements in a reasonable length of time. Legal charges by the county will be filed if they refuse. An investigation by the state Attorney General's office is a possibility.

Cox said the commission members are not trying to discourage subdividers. Going through proper channels will not only mean protection for buyers, it will be a safeguard for the subdivider.

Organization being formed

An organization for bereaved parents will be organizing on April 27, 1984 at Capitan school at 7 p.m. Any parent having lost children of any age are urged to attend. Refreshment will be provided.

VOLUME 80, NUMBER 16 CARRIZOZO, NM 88301 THURSDAY, APRIL 19, 1984 ESTABLISHED 1905

"1,499.99 if you want to get technical"

1,500 miles of road maintained by county

By RUTH HAMMOND
County road superintendent Guy Henley has been saying for weeks, "The new dump trucks will be in any day now." The "day" finally arrived last week with the delivery of three brand new trucks.

Four employees have attended truck driving school while waiting. Henley wanted more than the three qualified drivers already with the county to be

ready to put the new trucks to work.
Powered by 350 Cummins diesel engines, the new trucks come with 12 yard body dumps. They are larger than any of the trucks now owned by the county. The extra yardage will mean fewer trips and less wear and tear on the trucks.

The new Ford LT 9000 dump trucks join a work force of five trucks, two dozers, three loaders,

a backhoe, two grid rollers, a chip spreader, a self-propelled roller, a transport, an oil distribution truck, a snowplow truck, a salt spreader, a 5,000 gallon water truck, a mowing machine, 12 pickups, 11 motor graders, a 5,000 gallon water tank, and a 10,000 gallon hot oil storage tank.

Henley has his hands full trying to keep up with the demands of maintaining 1500

miles of county roads. County manager Suzanne Cox said, "If you want to get technical, it is 1,499.99 miles." Of this, 302 miles are in the 121 approved subdivisions.

Through a technology transfer agreement with the state, schooling is provided for the 20 county employees in new techniques in such areas as pothole patching, all phases of erosion control, motor grading, and drainage, and operation and maintenance of heavy equipment.

One of Henley's main jobs is having his staff well trained in maintenance of the equipment. The less down time on a piece of equipment, the more time it can be used to work on county roads. Having trained drivers will help save on repair bills.

Maintenance for heavy equipment does not go by mileage like a car does. It goes by hours of running time. Most diesel engines have hour counters on them. The reason for this is a lot of them sit still while being used such as a backhoe.

Hydraulic hoses can cause more than the expense of the hose if they break. If one does break while being used, 50 gallons of hydraulic oil can be dumped before the hose can be changed.

Fuel oil, grease, tires and filters are just a few of the things to keep track of in running the road department. Add to this the equipment, employees and miles and miles of road to be maintained. Taking inventory was a full time job. That was before Lincoln county put its roads on the computer.

Now that all the roads are on the computer, date and location of maintenance and materials used are readily available. County officials will know which roads are the most costly to maintain and which roads

receive the most frequent maintenance. Equipment is also listed with dates and mileage hours of running time and scheduling for regular oil changes and lubes.

Most people want to know why all the county roads are not in A-one shape. They don't consider the time factor. Many jobs can be completed in minutes but moving the equipment can take hours.

Last week a cattle guard north of Ancho needed repair. The equipment was in the county yard in Capitan. It had to be loaded, driven to the cattle guard, taking two hours, and in about 30 minutes the work was finished. The equipment then had to be reloaded and another two hour drive back to Capitan.

Henley has divided the county into eight blade districts to save moving time. One blade stays in each district. Another blade is with the road crew and two are spares. When a blade is needed it won't have to be moved across the county, just across the district. Some roads are bladed only once a year. School bus routes and more heavily traveled roads are bladed more often.

A road must be listed in the county inventory before it can be bladed or maintained. Public roads are not automatically accepted by the county.

When a request is made for a public road to become a part of the county, a road committee is appointed by the county commissioners. The committee will investigate before making its recommendation. The method of having a road review committee make the decision has been a law since 1918. County manager Suzanne Cox said, "We have more requests to close a road than to open one."

Roads in subdivisions become the responsibility of the

State Police round-up stray horses

By P. E. CHAVEZ

Passing motorists have reported that horses have been obstructing traffic on state road 37. In the past few weeks State Police officers have responded to the calls.

The State Police would like to bring to the attention of horse owners in the Nogal Mesa area that the law requires that horses and other livestock be penned. If anymore horses are reported blocking traffic on state roads,

officers will have the animals impounded. Owners will have to go through the New Mexico Livestock Board to claim their livestock.

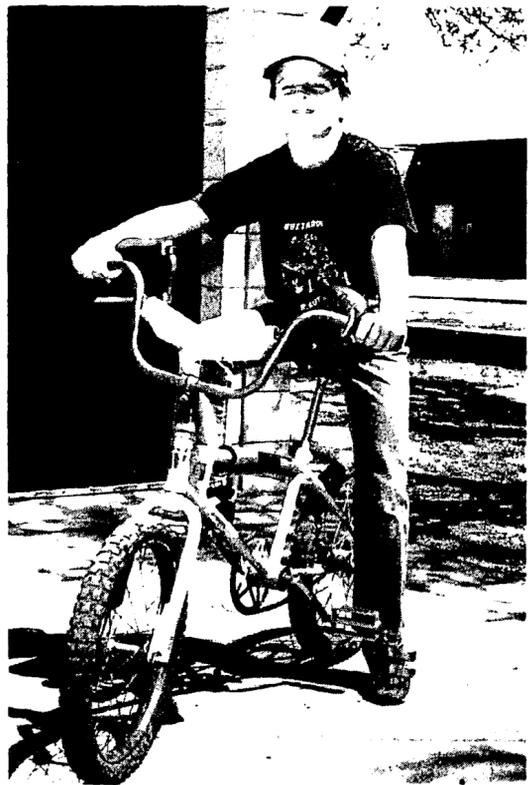

State Police officer Randy Rhue investigated an April 14 accident which occurred on US 54, 1 1/2 miles north of the Otero Lincoln County line. Lisa Holloway, 18, Alamogordo, was southbound at 4:15 p.m. on US 54 when the 1981 Toyota she was

driving left the roadway on the west side and hit a cement abutment. The vehicle then went back across the road and over turned one half time, coming to rest on its top.

Holloway was thrown from the vehicle and received several abrasions and bruises. She was treated at Gerald Champion Memorial Hospital in Alamogordo and released. A careless driving citation was issued.

Another accident April 16 at 5:30 p.m. at the turn-off to Nogal resulted in the arrest of Andrew Atkinson, 25, Tucuman. Atkinson, driver of a 1967 Buick, was eastbound on US 380 when he allegedly attempted to turn onto state road 37. Due to excessive speed the vehicle went into a sideways slide and into a road side ditch, according to Rhue, investigating officer.

Atkinson was charged with careless driving and driving while under intoxicating liquor. No injuries were reported. He was incarcerated in the county jail.

BEN Brumlow logged 26 miles in 13 laps at Saturday's bike-a-thon, sponsored by the Carrizozo Student Council for St. Jude Children's Hospital. The bicycle to be given to Brumlow was donated by Western Auto, Citizens State Bank, Bob Stearns, Family Pharmacy and the Bragg family.

Twenty-seven people took part in the bike-a-thon activities. Brumlow's pledges totaled \$286.00. LOREN Patterson was the long distance rider (38 miles). Over \$1,700 was collected for the event. Almost everybody in the community made a contribution of some type which helped make the event a success.

CHURCH WEEKEND SCHEDULES

The following schedule of worship services, bible classes, Masses and special Easter weekend events was obtained for this week's NEWS readers:

ASSEMBLY OF GOD, corner of 13th and C Avenue.

Bible class - 10:00 a.m. Sunday; Worship service - 11:00 a.m., followed by potluck meal and egg hunt at REA building. Community Easter Program - 6:00 p.m.

FIRST BAPTIST, corner of 10th and 4th Street.

Easter Sunrise Service - 6:30 a.m. Carrizozo Recreation Area (golf course park). Sunday school - 9:45 a.m., Worship service and Easter Cantata - 11:00 a.m., Community Easter Program at Assembly of God Church - 6:00 p.m.

SANTA RITA CATHOLIC, Birch Street.

Holy Saturday Easter Vigil - 8:00 p.m. Carrizozo; midnight Capitan.

Easter Sunday Masses - 7:45 a.m. Lincoln; 8:45 a.m. Ft. Stanton; 9:30 a.m. Capitan; 11:00 a.m. Carrizozo. (Egg hunt follows Mass in Carrizozo.)

CHRISTIAN SCIENCE, 407 12th Street

Worship service - 11:00 a.m. Sunday.

CHURCH OF CHRIST, C Avenue.

Bible classes - 10:00 a.m. Sunday. Worship services - 11:00 a.m. and 6:00 p.m.

ST. MATTHIAS EPISCOPAL, E Avenue

Great Easter Vigil, Saturday - 8:00 p.m.

UNITED TRINITY METHODIST, D Avenue.

Easter Sunrise Service - 6:30 a.m. Carrizozo Recreation Area (golf course park). Sunday school - 10:00 a.m. Carrizozo. Worship service - 9:00 a.m. Capitan. 11:00 a.m. Carrizozo.

PRESBYTERIAN MOUNTAIN MINISTRY

Worship services - 9:00 a.m. Corona. 11:00 a.m. Ancho. 6:00 p.m. Nogal.

IT'S A BOY

Dr. and Mrs. Dale Goad are parents of a second son, Adrian Jarrod, born April 14 at Ruidoso-Hondo Valley Hospital. Adrian weighed 7 pounds, 14 1/2 ounces.

The Goad's older son, Britton Sharod, will be three years old in June. Mrs. Goad's Cherry mother, Mrs. Ken Williams is here from Abilene, TX visiting with the Goad family.

CLOSE BRUSH
Britton, his dad and grandmother stopped at McDonald's last Saturday for a birth celebration in honor of his new brother. The recipients of the Goad's first 'It's a Baby Boy!' toothbrushes were celebrity Bob Hope and his chauffeur. The two had stopped for a snack at McDonald's before continuing their travels to other parts of the state.

EAT NOW, PAY LATER

Easter holiday goodies will go to 'waist' for many people. Those of who indulge and bulge may be amused at the following item that I borrowed from a Knights of Columbus newsletter:

The Twenty-third Pound

My appetite is my shepherd, I always want. It maketh me to sit down and stuff myself. It leadeth me to the refrigerator repeatedly. It leadeth me in the path of Burger King and the Whopper. It destroyeth my shape. Yea though I knoweth I gaineth I will not stop. For this food tasteth so good. The ice cream and cookies they comfort me.

When the table is spread before me it exciteh me.

For I knoweth that soon I shall dig in. As I fill my plate continually, my clothes runneth smaller. Surely bulges and excess weight shall follow me all the days of my life and I shall be fat forever. —Helen McDonald. OOPS!

In last week's column I inadvertently listed Carrizozo as the residence of Charlotte C. Jarratt, when in fact she is from Ruidoso. She is a Democrat candidate for Lincoln County clerk.

Violations of these sections can and do cause a great many traffic accidents each and every year across the United States.

The accidents caused are almost always a headon collision, which results in severe injuries and death. Remember IT'S THE LAW!
Next week: Two more sections.

66-7-309: PASSING VEHICLES PROCEEDING IN OPPOSITE DIRECTIONS:

Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one lane of traffic in each direction, each driver shall give to the other at least one-half of the main traveled portion of the roadway as nearly as possible.

(1) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(2) When the right-half of a roadway is closed to traffic while under construction or repair;

(3) Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

(4) Upon a roadway designated and sign posted for one way traffic.

Employers deadline

April 30 is the deadline for employers who must report on Social Security and withheld federal income taxes for the first quarter of 1984. If the quarterly tax due (less any deposit made during the quarter) is \$500 or more, the unpaid tax must be deposited.

This deadline does not apply to employers who make timely deposits of the full amount of tax due in Federal Reserve or approved commercial banks. They are allowed until May 10 to file Form 941, Employer Quarterly Federal Tax Return.

If employers have not received Form 941 by mail, they can order one through the Tax Form or Information number listed in the phone book under US Government. IRS Publication 15, Circular E—Employer's Tax Guide, is also available through this number.

FOURTH grader David Beckett, left, was the overall top speller in the third annual 3rd grade versus 4th grade spelling bee. Jeff Cox, third grade, came in second. Ten students from each grade competed in the PTA sponsored spelling bee held April 12.

Chairman & secretary

Task Force elects Sullivan, Cox

By P. E. CHAVEZ
Directors of the newly formed Southeastern New Mexico Sheriff's Multi-County Investigative Task Force met April 12 in Roswell at the Chaves County Sheriff's Department. Lincoln County Sheriff Tom Sullivan was elected as chairman. Sullivan's chief deputy, Charles Cox was elected to serve as secretary.

The Task Force Commander is Capt Ray Aishtorm of the Special Investigations Unit of the Eddy County Sheriff's Department, Carlisbad, NM.

Large crowd expected at White Sands

A large crowd is expected at White Sands National Monument on Easter Sunday, April 22, 1984, according to Superintendent Don Harper. To accommodate the large crowd, which could exceed 16,000, extended hours of operation will be in effect.

The scenic drive will open at 5 a.m. for the sunrise services which begin at 6 a.m. in the dune area and will remain open until sunset on this day. The visitor center hours will be from 8 a.m. to 5 p.m. and the gift shop from 8 a.m. to 6 p.m.

Due to the extra heavy traffic expected, we urge extra caution and consideration of others, both by vehicles and pedestrians. Enjoy yourself, but do it safely, concluded Superintendent Harper.

By laws were discussed and the changes include the meeting site. The sheriffs unanimously agreed that all meetings be held in Roswell, which is a central location for all departments participating in the Task Force. The group will meet every 3rd Thursday of each month.

A special meeting in Roswell for all sheriffs and personnel assigned to the Task Force will be held on May 17. Each sheriff will submit a list of deputies to be cross-commissioned. Operations will commence in June.

The sheriffs, who serve as directors, were in agreement that the multi-county unit should be very effective considering the quality of personnel that will be assigned from each department.

Sheriffs in attendance at the April 12 meeting were Tom Sullivan, Lincoln County; Glenn Dennis, Chaves County; Wesley Myers, Curry County; Jack Childress, Eddy County; Ralph Wrinkle, Lea County; Rick Virden, Otero County.

Gilfred Silva, 23, Carrizozo was arrested Monday afternoon and charged with giving liquor to minors. The charges stem from April 14 when Silva was in a vehicle parked at 11:19 p.m. in the vicinity of the Recreation Center. Deputy Guy Brown seized the beer as evidence.

In conjunction with the incident, Larry Beltran, 20, Carrizozo was charged with allowing self to be served and possession of alcohol. Both subjects bonded out after posting \$100 each. A warrant for the arrest of a third person involved has been issued.

April 13, Deputy Sheriff Chuck Flanagan stopped a vehicle and charged the driver with a second DWI and for possession of less than one ounce of marijuana. The vehicle was observed on Angus Hill traveling in an erratic manner. S. D. Chavez, Ruidoso, pled guilty to the charges and is awaiting sentencing.

IT'S THE LAW

New Mexico State Police

compiled by officer randy rhue

This week will cover two of the six sections that pertain to driving on the right-hand side of the roadway. The other four sections will be covered in the next two issues.

66-7-308: DRIVE ON RIGHT SIDE OF ROADWAY; exceptions:

A. Upon all roadways of sufficient width a vehicle shall be driven upon the right-half of the road way, and where practicable, entirely to the right of the center thereof, except as follows:

(1) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(2) When the right-half of a roadway is closed to traffic while under construction or repair;

(3) Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

(4) Upon a roadway designated and sign posted for one way traffic.

(5) Upon all roadways every vehicle shall drive in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another car proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

Remember IT'S THE LAW!

Sam B. Sanchez

For District Attorney

Announces

Sam B. Sanchez of Tularosa has announced his candidacy for the office of District Attorney for the Twelfth Judicial District covering Lincoln and Otero Counties. Sanchez's name will appear in the Republican primary seeking his party's nomination for the position.

Sanchez was born in Tularosa and attended school there, where he graduated from Tularosa High School in 1967. He received his Bachelor of Arts from Western New Mexico University in 1971 with a double major in both Math and Business Administration. He received his Master of Arts degree in Business Administration from Western New Mexico University in 1972. He went on to receive his Juris Doctor (Law Degree) from the University of Santa Clara in Santa Clara, CA in 1975.

Upon completing his studies in law, he was employed by Southern New Mexico Legal Services, Inc., as a staff attorney in Clovis, NM. On September 18, 1976, he became the Executive Director for Northern New Mexico Legal Services, Inc., where his administrative office was located in Taos, NM. In his position as Executive Director he was directly responsible for the

program's provision of services to the northern 14 counties of New Mexico. He directly supervised approximately 30 attorneys and approximately 30 support staff, located in 7 different offices throughout northern New Mexico.

Sanchez returned to Alamogordo to practice law in December of 1981. He is the son of Mr. and Mrs. Gabriel Sanchez of Tularosa. He has two sisters and one brother who also reside in Tularosa. His father, Gabriel Sanchez, was born and raised in Ruidoso and many of Sam's family still reside in the Ruidoso area. He has been a life long resident of the area and all of his family and relatives reside in Otero and Lincoln counties.

Sanchez said "I am not a politician, but I do feel my experience and administrative background make me an excellent person for the job of District Attorney."

Sanchez is married to Eileen Sanchez of Alamogordo. They are the proud parents of five children.

Sanchez said "It was my family, friends and numerous other supporters that encouraged me to seek this office."

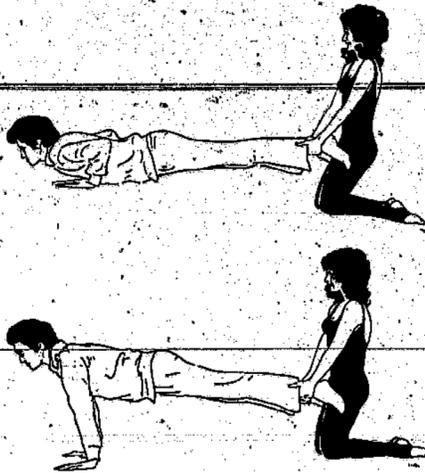

Jazzworkout

By: Lucille Montano

In recent years there has been a tremendous interest and awareness in body fitness and health. There may be many reasons for this "fitness explosion", especially one that can be seen in fit individuals. They definitely look and feel better, and because of the high energy level that being fit gives them, they also work better and probably have more fun.

Remember that there are no miracle shortcuts when it comes to losing weight and being fit. Don't be fooled into thinking that you can become slim, trim, fit and energetic overnight. Exercise and proper eating habits are a lifelong commitment. Because of this commitment for your body's total fitness, in order to achieve your goals of weight loss, looking and feeling better, and having more energy and fun, the best attitude to have is that of working toward these goals one day at a time.

When you take a look at your body and think about "all of the weight I have to lose", or "the incredibly flabby muscles I must tone up", or "how will I ever get rid of these 'saddle bags' on my thighs, or the spare tire around my midsection?" Does it seem like it'll take so long that you

PARTNER PUSH-UP

want to give up before you start? Decide that you will work toward your goals one day at a time by restricting your caloric intake on a daily basis and by spending those calories wisely on nutritious foods. Also, establish an exercise program that's not only safe and effective, but also fun. As time goes by, you will begin to notice the difference in the way you look and feel and so will everyone around you. What better motivation for you to continue, than your own great results.

I want you to have fun with today's workout. Be exercising with a friend. All the education and persuasion that anyone can give will be useless if you are not enjoying yourself.

Today's Workout: MORE FITNESS WITH A FRIEND FOR THE UPPER BODY.

Primary Muscles Used: Pectoralis major, bicep, tricep, deltoid, latissimus dorsi.

Type of Exercise: Selective toning and strengthening.

Purpose: To firm and tone the muscles of the chest, upper

arms and back, and strengthen the arms.

Breathing: Exhale as you push your upper body up, inhale as your lower body.

Begin by having your partner kneel and hold your straight legs up off the floor. You should be resting on your hands. Arms make a straight line from your shoulders to the floor. Keeping your back straight let your elbows go out as your chin touches the floor, now push-up. Begin by doing or working up to 10 repetitions, increase gradually

to 20 repetitions. Result: A firm chest filled with pride in your better posture and stronger arms.

Next Week: Waist fitness.

Capitan artist selected

Kevin Wolff, of Capitan, has been selected to participate in the tenth annual "Arts and Crafts Fair Of The Southwest," sponsored by the Roswell Jaycees.

This fair has been widely acclaimed as being one of the finest in the area. This year the fair will be held, May 3-6, at the Eastern New Mexico State

Fairgrounds, in Roswell. There will be 115 artists and craftsmen exhibiting and selling their works of art.

Kevin will be selling his Woodcarvings. The Roswell Jaycees are proud and excited in accepting this outstanding craftsman for their annual event.

C'zozo FFA

banquet set
for May 26

The Carrizozo FFA has planned its annual Parent-Member Banquet for this year. It will be held May 26 at 5 p.m. in the Carrizozo Country Club. A slide show has been planned and awards will be presented. Mark this date on your calendar if you plan to attend.

TIP CLIPS

By POLLY CHAVEZ

DEVILED EGG HUNT

There should be an abundance of hardboiled eggs this Sunday. Reserve some to make deviled eggs. To make deviled eggs lie flat, slice a very thin piece off the underside.

SUNDAY'S DESSERT

Making a two-layer chocolate cake for dessert to top off Easter Sunday dinner? To keep chocolate cakes brown, dust greased baking pans with cocoa instead of flour.

QUICK LEMON SAUCE

For a quick lemon sauce to go with plain white cake, make up lemon pudding according to directions on package, but use one-half more water.

EASY MEASURING

Before measuring molasses or honey, dip the measuring cup or spoon in scalding water. The molasses or honey will run out easily.

EATING OUT

A fun way to try out different eating places is called progressive dining. Have cocktails at one place, the main course at another and dessert at a third.

BURN OFF CALORIES

Burn off 360 calories or so by taking a brisk walk when the weather permits. Eat now, walk later. Happy Easter!

Skeen names Evans

WASHINGTON, DC — Congressman Joe Skeen, R-NM, announced today that Arthur H. "Art" Evans of Roswell will head "Farmers and Ranchers for Skeen" during Skeen's 1984 re-election campaign.

Evans, a ranch supervisor in Roswell the past three years, lived in Sierra County for 28 years as the manager of the Ladder Ranch. He was co-chairman of the "Farmers and Ranchers for Skeen" in 1978 and 1980. In 1978 Skeen was the Republican gubernatorial candidate. In 1980 he won an historic write-in campaign to become Congressman from New Mexico's Second Congressional District. He is now seeking his third term in Congress.

While in Sierra County, Evans served six years as Sierra County Republican Party Chairman and as a member of the Republican State Central Committee. He also served as county coordinator of the campaign of Tommy Perez for state senator.

"I think Joe Skeen is exactly the person we need to represent us in Congress," Evans said. "He serves on the Agriculture Committee, he knows the problem that those of us in agriculture face because he is one of us and he cares about the things that concern us."

OPINION.....

THE California Agrarian Action Project is seeking legal action against the University of California, and for the strangest of reasons. The organization wants to bar the university from developing advanced farm machinery (such as the tomato harvesting machine) because it may eliminate the stoop labor "profession" which is the bread and butter of Cesar Chavez and his United Farm Workers. The astute Mr. Chavez, one of our elite radicals, is believed to be a guiding force in this Action Project which now seeks by law to prevent the continued advancement of farm technology and release his dues-paying serfs from the rigors of hard labor in the fields. We would not expect Mr. Chavez to recall that while the invention of the automobile cost the jobs of workers engaged in building of Studebaker and Peter Shultzer wagons, it opened additional millions of new jobs. The Chavez complaint with the invention of the automobile would lie with the fact that workers in the new jobs would belong to unions other than his, with the probable result that he might be reduced to honest labor and eliminate his chawing high on the hawg with the forced dues of cabbage hackers and broccoli pluckers.

DONALD Reihhaar, UC's general counsel, wisely observes that agriculture in California is a \$15 billion-a-year business, and that it got that way from the development of machinery and farm equipment that made the state capable of feeding, if left to its own devices, much of the world's population. If farm workers prevail in this lawsuit, which is equivalent to having stopped any improvement on the original wheel, progress in agriculture would come to a halt. The mechanization of primitive systems is the story of American agriculture, as Anthony Harrigan recently pointed out in a syndicated column on this topic. "The farm tractor," he said, "meant the end for those who worked in the manufacture of harnesses for farm animals and mules."

ACTION Project is represented in the lawsuit against the University of California by California Rural Legal Assistance. Ironically, CRLA is federally subsidized and now seeks to enlighten by law those with visions of building better mousetraps, who believe in finding better ways for better living, and who believe in increasing production to meet the growing needs of an expanding society. If CRLA (and Mr. Chavez) had been around in another generation there would be no mechanical harvesters, no machine tools, no fertilizers, no insecticides, no cotton gins—and no farm markets that couldn't be reached by horse-drawn wagons. It is difficult to conjure up a better example of a giant leap back into the Middle Ages than this paranoia about perpetuating menial, back-breaking, poor-paying labor in the vegetables patches.

IN 1811 textile workers in Nottingham, England, believed that the newly-invented mechanical knitting and carding machines would result in unemployment and low wages. In 1812 the workers, led by such loud-mouths and pea-brains as Mr. Chavez and associates, destroyed all the cotton-power looms and wool shearing machinery. Their continued painful handwork was short-lived, for the textile machinery was put to work elsewhere and the aggrieved workers were rendered jobless until they accepted comparable jobs in the new and growing industry.

IT IS difficult to estimate the mischief that might result should plaintiffs in this case prevail in court. For example, the scientific advancement of agriculture would certainly be transferred from the University of California to somewhere else, perhaps in the Middle West, where Chavez mentality does not impress the legislature and the courts. Too, there is no reason why the lucrative farm industry of California can't be transferred to another state. Like the Luddites of Nottingham, they probably haven't thought this far ahead before attempting to outlaw agricultural technology.

BACK in the halycon days to which Mr. Chavez & Associates seek to return, there existed a profession whose members made a living through the practice of coprolalia, which is the prediction of things to come through the study of feces. It wasn't until the middle 1850s that a sanitary engineer by the name of Sir Thomas Crapper killed off this odious profession by invention of the first valve-and-siphon flush toilet, and who was subsequently rewarded by Her Majesty, the Queen of England for having tidied up things around Buckingham Palace. Had Mr. Chavez been in the saddle at the time Sir Crapper achieved environmental immortality, we might have had our news and prognostications emanating from coprolalists instead of from the likes of Dan Rather and other worthy media pundits. Had this come to pass, any modern attempt to sanitize the information industry would be regarded as a violation of the coprolalists' First Amendment rights and a blow to the public's right to know. Fortunately for us all, the court justices of those days, not having been appointed by the late Gov. Jerry Brown, ignored the pleas of organized coprolalia and permitted its practitioners to slip into history unlamented.

IT IS absurd to think that mechanization can be stopped. The only question is, shall it remain a California resource or shall it be forced to go elsewhere?

"WELL, FIRST, BELL SOUTHWEST CORNERED ME... SPRINT AND M.I.C. SOLD ME ON RATES... I.T. SAID 'STICK WITH ME KID... TIDDLYGONE SYSTEMS SAID THEY WERE BEST... AND FINALLY, SOME KIDS DOWN THE BLOCK SOLD ME TWO TIN CANS JOINED BY A STRING!"

President Reagan's Tower of Babblo Inside Religion —

By REV. LES KINSOLVING
President Reagan will attend church services on Easter, when he is in Hawaii — which will be the first time he has gone to church since June of 1983. Presidential Spokesman Larry Speakes, who made this announcement during a daily news briefing, did not announce which church in Hawaii. Nor did he explain why The Standard Explanation (for Reagan's staying away from church services) will not apply in Hawaii on Easter.

For in response to repeated questions and no little editorial note (as well as strong needling from House Speaker Tip O'Neill) it has been explained repeatedly that Mr. Reagan does not want any congregation to have to walk through metal detectors. But in offering this explanation, Reagan aides have never been able to cite even one congregation in all of metropolitan Washington who would not willingly walk through a metal detector in order to make it possible for the President and Mrs. Reagan to worship with them.

There has been no response to questions as to why the President has not been willing to ask any clergy to conduct services in the White House, or at Camp David, as two of his Presidential predecessors did.

Having made the announcement that Reagan will be going back to church on Easter, Speakes put in a plug for the Reagan Proposal for Prayer in Public Schools. (This was the day before the vote in the Senate — in which this Republican-controlled body wiped out the Reagan prayer plan, which would have — allegedly — ended the 'driving of God out of the public schools.')

THE WHITE HOUSE: School children ought to have the right to deliver prayer in the classroom if they so desire. And it shouldn't be prohibited by law.

So we asked: "Does he say what kind of oral prayer? Suppose ten students all have different prayer — all at once. Is that what he means? That would be a little disconcerting, wouldn't it, Larry?"

THE WHITE HOUSE: The Lord has many voices.

Q: Suppose some of them speak with tongues, Larry?

Spokesman Speakes simply refused to respond in any way to this question of ours. But ABC News irrepressible Sam Donaldson picked it up:

"What about these different kinds of prayer?"

THE WHITE HOUSE: They seem to get to half a dozen different classes a day.

ABC NEWS: Would students have to go to different classrooms for different prayers?

CBS NEWS: ALL HINDUS GO ROOM SEVEN!

So we asked another question: "Suppose some students want to worship with Gregorian chanting or want to sing a hymn? Are they all going to do this together? Seriously? Is this what the President wants: fifty kids, some praying, some singing, some babbling? It doesn't sound sensible, Larry."

Speakes also opted to ignore this question. But when he called on Knight-Ridder Newspapers, he was asked:

"Each student would pray aloud their own prayer?"

THE WHITE HOUSE: I think that they would work out some way to do it — to avoid the Tower of Babblo that Mr. Kin-

KNIGHT-RIDDER: How could you avoid governmentally sponsored prayers? Teachers are governmental authority in public schools...

THE WHITE HOUSE: I presume they would work out a way that wouldn't offend any religious group.

REUTERS: Who's "they?"

KNIGHT-RIDDER: In a room full of eight-year-olds and one adult, isn't it logical that the

teacher is going to have to impose some sort of prayer? Or are you going to let the eight year olds vote on it?

THE WHITE HOUSE: I would presume that those with different religious persuasions would, in some way work it out. Sure, Larry. Just like they've worked out their religious differences in Northern Ireland and Lebanon!

Colin McMillan Commentary

Towing the line

Total domination of all boards, commissions and committees of state government appears to be the goal of Gov. Toney Anaya's administration.

From Barbers Board, which directly affects only a few hundred people, to the Board of Educational Finance, which affects thousands of students and faculty, the governor's office has threatened or fired those members who failed to tow the official line.

The latest victims of the governor's wrath are Daisy Rice of Las Vegas and Sterling Whitney of Farmington, members of the Governor's Committee on the Concerns of the Handicapped.

During a meeting on March 27 in the Governor's office between Anaya assistant Shirley Scarafioti and Mrs. Rice, who was then acting chairperson of the Committee of the Concerns of the Handicapped, Ms. Scarafioti is reported by Mrs. Rice to have said, "Did you know SB86 (Senate Bill 86 was a bill introduced in the recent legislature dealing with the handicapped) is the Governor's bill? Why did you not support it? Knowing it was his bill and he wanted it passed...if the Governor wants it you should support him fully, and if you feel you cannot support him then you should resign."

Mrs. Rice told Ms. Scarafioti that she would not resign. Mrs. Rice and Whitney were fired by Anaya three weeks later.

The official reason given by the governor's spokesman Bob Gold was, "incompetence, neglect of duty and malfeasance."

The truth may be considerably different. Mrs. Rice as chairperson, had called a meeting to discuss a letter written by Mr. Whitney concerning the performance of the committee's staff director.

The meeting was delayed and Mrs. Rice and Whitney were fired.

Mrs. Rice said, "My removal from this committee is simply a ploy to keep me from the committee's meeting in Las Cruces on Tuesday."

Mrs. Rice, who is deaf, has spent a lifetime working to improve the plight of the handicapped. She has received world-wide acclaim for her work.

In recognition of her abilities, President Reagan recently appointed her to the President's Committee on the Employment of the Handicapped, so that all Americans could benefit from her talents.

The shabby treatment accorded Mrs. Rice is bad, but the real tragedy falls on the citizens of our state who lose her services.

New Mexico's system of citizen boards and commissions is threatened.

These bodies are normally set up by law to allow no more than a simple majority from any one political party. Terms are staggered so that not all members are appointed by the same governor.

As Mrs. Rice said in a recent letter to the governor, "What useful purpose could be served by having a rubber stamp committee? Why have a committee at all if members are to be called upon to compromise their principles..."

Are our boards and commissions being destroyed?

Will they become like the tree that falls in the forest? It makes no noise because no one is there to hear it.

SANTA FE — With the Governor in Japan, some of us looked for a quiet time in the capital city.

It was not to be. For one thing, the Governor was doing what he always does: being absent, and afraid he might forget him, he was sending back lots of messages.

Unfortunately, the messages had little content. There was no major coup to announce—no big new factory to join all the others in Albuquerque, for example. The chief executive and his staff will tell you they did not really expect that, but you can be sure they would have been glad to have such an event.

EMERGENCY: Actually, from all the action that took place around the Governor's office, he might as well not have been gone.

Since he clearly was, that set some to speculating.

What does that term "Governor's office" — as used above, really mean?

It can't mean an office, which is an inanimate thing, so it has to mean somebody. The main somebody who was left at home was clearly the person who is often hidden behind that phrase. She is Shirley Scarafioti, Anaya's long-time right hand.

Almost all the stir during Anaya's latest absence showed evidence that she was alive and well, and acting as she always has—with total but sometimes ill-advised loyalty to Toney Anaya.

THE LIST: It is clear Scarafioti was the major person responsible for ordering those

oversize portraits of the Governor, produced at such expense and framed at even more, that state agencies are expected to display. No decision of that kind is made inside the Governor's suite without her pushing it.

She also was in charge of the redecorating of the so-called "formal" office, an action many of the news folks picked up. (This writer thinks such a refurbishing is long past due, and is all for it.)

You can also be doubly sure there would have been no announcement that Carlos Martinez had been named to run Parks and Recreation unless Shirley, Toney being absent, gave the impetus to it. That announcement led directly to the resignation of Brank Calkin, Secretary for National Resources, who thought his power was being preempted.

Actually, Martinez was probably chosen largely because he can deliver to Anaya what he has in the past: lots of Santa Fe county Democratic votes. That kind of action Scarafioti wants to

reward for the past and encourage for the future.

More deeply loyalty to Toney, in other words—but the kind which does not always help the man it is directed toward.

FIRING: And in the case of Daisy Rice, the lady who was asked to resign from the Committee on the Concerns of the Handicapped, the case is even clearer.

Mrs. Rice wrote a memo summarizing her conference with Mrs. Scarafioti and Wilfred Martinez from the Governor's staff immediately after the meeting occurred.

The official position there is clearly put: You will support with total loyalty every action of Governor Anaya, past, present and future, or you must resign your post. No room for discussion. No ifs, ands or buts... Everyone in state government has a right to be worried that this kind of spirit is abroad in the top office. It's okay to ask for loyalty, but not blind obedience.

LETTERS...

"The Sino-Soviet Snit"

EDITOR—The Reagan Administration is trying to justify enhancing relations with the crime syndicate that runs Red China. It is predicated on the old fallacy that "the enemy of my enemy is my friend."

Back in 1973 Soviet Premier Brezhnev said, "We Communists have not to string along with the capitalists for awhile. We need their credits, their agriculture and technology. But we are going to continue massive military programs, and by the middle 1980s we will be in a position to gain the upper hand in our relationship with the West."

In 1979 Chinese top leader Teng Hsiao-ping said "We are trying to pull to our side the American imperialists — the arch-enemy of Socialism — because they are foremost in the world in the fields of science and technology. But they will be inevitably defeated by us in the long run."

The Sino-Soviet split would be better labelled "the Sino-Soviet snit." At the highest levels, it is probably contrived to sucker American taxpayers into subsidizing the Chinese Red regime, as we have been suckered to subsidize the Soviet Red regime, the Yugoslavian Red regime, the Polish Red regime, the Hungarian Red regime, and the Rumanian Red regime, ad nauseum, allegedly to widen the supposed cracks in the Communist monolith.

The best way to split the Communist monolith is to quit subsidizing it.

ROBERT WILLIAMS
Stockton, CA.

Highlight of our trip!

EDITOR—We were recently in the White Oaks and Carrizozo area visiting A. J. and Elaine Marks and seeing many of our friends and also visiting Jim and Shirley Furth in Ruidoso.

We left our home in Nashville, TN March 3 and taking a southern route through Texas, New Mexico and Arizona and into California. We visited our son and his family in Twentynine Palms and also visited more family in Costa Mesa, San Clemente and San Diego. After a three week visit in California and Arizona we made our way back to New Mexico. (our second home).

We felt that our stay in Carrizozo and White Oaks was the highlight of our trip.

We spent four lovely days with the Marks' in White Oaks. We love to visit the Carrizozo and White Oaks area. We have always been treated as if we belong in that part of the country and after being associated with the Country Western Festivals we feel even more a part of it.

Our thanks go out to the Marks'. They have become very close to us not just as friends but part of our family. They have always made us feel so welcome like that good "ole" hoosier hospitality that we are used to.

We are looking forward to returning to that area in the near future and visiting our friends once again.

John H. Kalin announces

John H. Kalin has announced his candidacy for the Democratic nomination for State Representative from District 51. "I believe that most people want reasonable taxes, a safe water supply, good police protection, decent roads and quality education for their children."

Kalin said education would be the key issue of his campaign. "It's time for the fruitless battle between legislators and educators to end," he said.

Kalin promises "my most sincere commitment to the people of District 51 will be my presence in each school district, working with parents, teachers, and community members toward positive legislative improvement in education."

Kalin is active in local party politics. He is Democratic Party Vice-Chairman of High Rolls Precinct 12 and has been elected as a delegate to county and state pre-primary conventions.

John H. Kalin

Kalin ran for Representative John Mershon's legislative seat in the special legislative primary in August, 1982. He was defeated by a small margin.

Kalin is an American history teacher at Alamogordo High School. He graduated with honors from Vincennes University and New Mexico State University.

He sponsored the Alamogordo High School student government for five years.

He settled in Haynes Canyon more than 10 years ago after serving as a United States Marine Corps officer.

Kalin and his wife Jan have two children, Jason and Whitney. They have been active in local civic organizations and attend Christ Community Church.

State Rep.-Dist. 66

Collins is candidate

Fred D. Collins has announced his candidacy for the Republican nomination to the office of State Representative in District 66. The primary election will be held June 5, 1984. District 66 includes six precincts in Artesia and the Hope precinct in Eddy County, the Penasco precinct in Chaves County, and a large portion of Lincoln County including three precincts in Ruidoso and the voting precincts in Ruidoso Downs, San Patricio, Capitan and Hondo. In 1982, Collins was the Republican nominee for this office and was narrowly defeated in the general election.

Collins has been a member of the State Republican Central Committee for 14 years and served as a delegate to the National Republican Convention in 1976. In addition, he is a member of the Eddy County Fair Board and the Kiwanis Club.

A 52-year resident of New Mexico and a 17-year resident of District 66, Collins and his wife Alice reside at 1014 Grand in Artesia and have seven children and 12 grandchildren. His varied interests and large family have led to business involvements in ranching, solar construction, land development, oil and gas, and real estate, and a strong abiding interest in our educational system.

Collins summarized his reasons for seeking the State Representative position by saying, "I've always had an interest in the working of our government. When government affects the people, I am extremely interested. As an active member of the Republican Party of New Mexico, I have kept up with the changes occurring under the Reagan administration that have and will continue to affect

New Mexico. "Because I am self-employed, I have the time to devote to the increased responsibilities that these changes are bringing to our State Legislature. My knowledge of the needs of the State and of the district will be very important in following through with my commitment to responsible management and spending.

"I also feel that the people of District 66 know me well enough and feel close enough to me that they will feel free to keep me informed of issues which concern them and of the type of representation they want in Santa Fe.

"I feel that my past experience and my involvement with state and local governmental activities make me most qualified for this position."

Collins' campaign headquarters will be located at his home at 1014 Grand in Artesia. His campaign chairman is Jon K. Thompson, and Diane Bradley will serve as campaign treasurer.

Fred D. Collins

Spring Turkey Season opens Saturday

ALAMOGORDO, NM—The danger of fire throughout the Lincoln National Forest is generally listed as high this week and, since spring turkey season opens Saturday, Forest Service personnel are urging extra special caution with camp and cooking fires.

On the Smokey Bear District, Bonito Lake is full with moderate to heavy fishing pressure. The

water is very clear. Three Rivers Campground is open; others will open May 15. Hikers in the White Mountain Wilderness will find

Trails 37 and 39 free of snow to the Crest Trail. Trail 19 has heavy snow on the upper three miles. In the Capitan Mountains Wilderness, trails are mostly free of snow. Check with the District office, 257-4095, about firewood

areas. The water has been turned on in the Lower Sleepy Grass Campground on the Cloudcroft District. Other campgrounds will open May 15. Silver Lake is open

on the Reservation. Hummingbirds have returned to the District. Hiking trails are dry. No fuelwood areas are open. Information number is 682-2551.

JANELL STEWART Alamogordo, NM 88310

Capitan

News

By MARGARET RENCH

I wish everyone a joyous Easter with this arrival of spring and its new growth coming forward. It should be happiness to remember.

Last week was a week to remember with high cold winds dust though there was two nice warm days. Nights 19 and 20 degrees. Leaves are beginning to show. It is very dry.

The Smokey Bear Museum had 580 registered visitors from April 9-15. Twenty-seven students from Vaughn were there Wednesday. Twenty-five students from the Chisolm School in Roswell on Friday. The girls Brownie troop also visited there on Friday after school. That little log cabin museum is now being renewed with a new coat of stain. Willie is working on as the weather permits. Everyone does enjoy visiting there.

Mr. Ray L. Blozis from the US Postal Stamps Division of Washington, DC conducted a meeting at the Smokey Bear Restaurant Wednesday, April 11, to discuss our Smokey Bear Commemorative Postage Stamp, that will be dedicated on August 13, 1984. The ceremony will be held at the new multi purpose building at the Capitan School. Fifteen attended from Washington, DC, Albuquerque, Santa Fe, Roswell, Alamogordo, Ruidoso and Capitan. We are looking forward to this event.

The Jr. Girl Scout Troop 85 of Capitan went to Cedar Creek Campground this last Saturday. They are working with Girl Scouts and Girl Guides on an International awareness project. This troop chose Conservation. They staked all of the benches in the campground and picked up the trash in the area. The rangers were cooperative—checking with them all during the day. They gave the girls an idea of what our forest means to us and the wildlife in the area. Those scouts attending were Tammy and Lori Longbotham, Danielle Riska, Pauline Montes and Doria Salazar. Adults were Colleen Salazar and Cathleen Massey.

Two students from the Capitan Schools were privileged to spend a weekend at the Kirtland Air Force Base in Albuquerque. They were Glynn Story and Shelly Stowe. Mr. Stowe took them. Students from

all over the state were there. They had a dance Saturday night in one of the big hangars. They toured various places there and in Albuquerque.

The Capitan and the Carrizozo Catholic Youth Groups that went to Rome, Italy attended the Palm Sunday service in St. Peter's Square. They will arrive home before Easter.

We are happy to report that Nathan Longbotham is home from Albuquerque after his surgery and is doing well. Just keep up the good work, Nathan.

Shelby Helms and little daughter Casey celebrated their birthdays together April 14. Shelby was 21 years. April 11 and Casey was one year April 13. I wish you both many more very happy birthdays.

Tranquillino Silva underwent emergency surgery Tuesday night April 10 at the Ruidoso hospital. At this time, Frankie is doing nicely. I wish you the very best recovery.

Five members of the Sacred Youth Organization were in Rome, Italy April 10-18. Tony Alfred, Ben Wolf, Robyn Peralta, Mary Gaddy and Julian Romero were treated to a tour of New York City on the 9th before flying on to Rome. There were 23 young people from the Las Cruces Diocese who were fortunate enough to make the pilgrimage to Rome. We will be anxious to hear all of the details of the trip.

Happy birthday to Mariah Runnels who celebrated her third birthday on April 16. Mariah is the daughter of Benny and Deb Runnels of Bonito Lou's Cafe.

Dee Rael and Carol Ray, both of Red River, NM were guests of Robert and Dona Runnels on April 24-27. The girls were in the area attending a "Clerks and Finance Officers" meeting in Ruidoso.

The Capitan Cemetery Board met at noon on April 15 at the Smokey Bear Cafe private dining room. Chairman Loretta Meador presided with members Lois Aldrich, Dorothy Smith and Village clerk Virginia Spall attending. The main discussion was about the workday at the cemetery on April 19 at 9:00 a.m. until we are finished. The trench is being dug by Sam Hammons (thanks) and will be ready for the trees to be set in. Anyone willing to help will be welcome. Bert Beavers is making signs to be used Smokey Bear Day, May 26 at the parking lot whose use is being donated by the Reamy's (thanks). Self contained RVs will be parked for \$3 per night with proceeds going to the Cemetery Board.

Newcomers, are you registered to vote? You must be

registered to vote in the June 5 Primary by 5:00 p.m. on the 24th of April. For your convenience, the following Deputy Voter Registrars are available to serve you, Lois Aldrich, 354-2368; Lorraine Daughtery, 354-2393; and Dorothy D. Smith, 354-2499. Village clerk, Virginia Spall will also register you during office hours at the Village Hall. And of course, you can always go to the County Courthouse in Carrizozo. If you will call one of these ladies, you can register in a jiffy.

Sarah Norman and daughter Amanda of Miles City, MT have returned home after spending a month in New Mexico visiting her parents Mr. and Mrs. Garvice Jobe, her sister Sherry Jobe of Albuquerque and her mother-in-law, Mrs. Dorothy Norman of Corrales, NM.

The Rio Ruidoso Lioness have put boxes to collect used eye glasses and used hearing aids in both Safeways in Ruidoso and Smokey Bear Cafe in Capitan. They in turn will send them to the National Organization to be reused. Please help them to collect them. This is a worthy cause. Thanks everyone in advance, Ann Goodwin.

Our Ann Goodwin was elected president of Rio Ruidoso Lioness 1985. Let us help her.

The building just west of the Rusty Anchor Bar is now being renovated for a bakery which soon will open. It is a good location on West First. It has been painted on the outside. Years ago there was a cafe there. Polly Herrera has her license. She has retired from Ft. Stanton. Watch for the opening.

Soon there will be another business — "Bonita Tile Company."

The Capitan City Hall is in the process of being painted at this time.

A group of Capitan 4-H members attended a horse judging clinic in Las Cruces at the New Mexico State University last week.

Willa Stone, Betty Joiner, Joy Eldridge, Linda and Nichi Ponder all went to Corona Sunday evening for the 4-H Council meeting.

Dorothy and Beverly Payne won 3rd place in the Womens Division of the Horseshoe Tournament at the Annual Buzzard Day celebration in Carrizozo last Saturday, April 14.

Mr. and Mrs. Mike Brown became the happy and proud parents of a baby daughter born at the Ruidoso hospital April 10, 1984. Weighing 7 lbs 7 ozs. Name pending. They own the Brown Drugstore in Capitan. Mrs. Brown (Judy) operates the store.

Schools out at 12:45 Friday pm

Busses run, Friday, Apr. 20, at 12:45 p.m. Classes resume April 23 with the regular schedule.

The highlights from the Apr. 13 track meet in Tatum: Girls — Becky Huey took 4th in the 240 dash and qualified for state with a time of 84.50. Becky Phillips took 2nd in the 100 meter hurdles and qualified for state with a time of 16.45.

Tracy Herd, Joan Leslie, Becky Huey, and Shawna McDaniel placed 3rd in the 440 yard relay with a time of 55.11. This same quartet came in 3rd in the 880 yard with a time of 1:57.0.

Both the boys and girls attend a meet in Tularosa April 19.

Boys — Tim McElhannon captured 1st in the javelin - 161 feet. Tim placed 3rd in the 200 meter run. Darren Armstrong placed 4th in the 2 mile run.

ASK DR. DAN

What is scoliosis and how is it treated? S. C.

Scoliosis is a disease which affects the spine. The cause is unknown.

It occurs in children and adolescents (teenagers), more often in girls than boys. The spine develops a curve which may progress until severe deformity and disability results. The disease often runs in families. Treatment is by wearing a

custom-fitted body brace until bodily growth is finished. The curvature seldom worsens after growth is over. Sometimes a metal rod is placed into the spinal bones when using a brace does not work.

Diagnosis is easily made by physical exam and confirmed by x-rays. An orthopedic surgeon experienced in this disease should fit the brace and manage the problem. If you suspect your

child has this problem, consult your family doctor or county health nurse.

Pauline's Barn closing

Many people from Lincoln County have had fun browsing among the many treasures from Pauline's Barn. Many people from all over the United States have found formals, clothing from Neiman Marcus tuxedos, Bessie Jones' weaving products. Malissa Locke's crochet. Santa Domingo jewelry, as well as name brand pottery, and knick-knacks. All good things some times end.

Pauline's Barn has been in

business for ten years. It was started as a service for consignment selling for the local people to market their good and to furnish a hobby for Pauline who wanted something to do besides teach at Fort Stanton.

The Barn will be used for a lab beginning in June.

Alton Whittaker says she traded the Barn for a husband. Some of his things are for sale, too.

Corona News

Temperatures dropped to 27 degrees several mornings last week and reached a high of 73 degrees on the 11th, no moisture and wind gusts to 48 mph.

Corona elementary students will present a spring music program under the direction of Mrs. Wayne Lindsey in the school auditorium, Tuesday, May 1, at 7:00 in the evening. A special feature will be a Maypole winding by the 5th and 6th graders. Mrs. Lindsey's piano students will play.

Robin Pfeiffer and Dell Roberts were in Albuquerque Sunday for a family birthday dinner.

Sara Kimball will leave the last of this month to assume duties in the Waco, Texas Veterans Hospital. She will work on her masters in advanced therapy at Baylor University.

Mrs. Eula Mays left Saturday by air from El Paso for her home in New Jersey where flood waters had reached almost to the porch.

Friends and co-workers from Alamogordo and Green River, Utah were here for the Mays services. Cousins of the deceased came from Texas. Mr. and Mrs. Bennett from Dallas and Rev. and Mrs. John Derr from Houston. David Cole is a grandson of Mrs. Eula Mays.

Mr. and Mrs. Travis Syddall and three children stopped by to see Patsy's grandparents, Mr.

and Mrs. Jack Davidson. They were enroute to and from Alamogordo where they spent a few days with the Mays.

Sherrill Bardford returned home Tuesday afternoon after spending a few days here doing tax reports. El Paso schools are on spring break this week.

Mr. and Mrs. Bob Bigger-Tuff, Ruidoso, were here Tuesday making friends for their denomination.

Preceptor Alpha Nu of Beta Sigma Phi honored members of the junior and senior classes with a tea Sunday afternoon in the

school library.

An arrangement of daisies and other spring flowers centered the refreshment table. An Easter lily was beside the guest book. Napkins carried out the rainbow theme. Finger sandwiches, cookies, raw vegetables, dip, olives, nuts, mints, and punch were served. The senior girls are Lisa Aarons, Kathy Chavez, Lynette McKibben, Beverly Sanchez and Becky Washburn. Sabra Sultemeier is the only girl in the junior class.

Mrs. Joe Atkinson and Mrs. Wayne Lindsey were in Santa Fe March 31 to attend memorial

services for an uncle, J. C. Hester. James Clinton "Jack" Hester was a prominent business man in Santa Fe. He was well known in banking circles. He attended Corona High School. He was New Mexico's first budget director and our first finance officer. He died suddenly at age 84.

His survivors include his widow, Nan, of the family home in Santa Fe, one son, James, Santa Fe, one daughter, Bess Case, Roswell, four grandchildren, one great-grandchild, and two brothers, Corbin Hester, Bayfield, Co and Curtis Hester, Abilene, TX.

Cards take 3rd at Santa Rosa

The Corona Track team went to Santa Rosa on April 14 for their first state qualifying meet. The boys did well, finishing third overall. Estancia won the meet and Moriarty finished second. Other teams at the meet were Ft. Sumner, Santa Rosa, Jemez Valley, Mountainair, Springer, Logan, Menaul and Vaughn.

Steve Mulkey finished second in the long jump with a jump of 19'3/4". He finished first in the 110 high hurdles with a time of 16.14 and first in the 165m low hurdles with a time of 21.45. Mulkey qualified for state in both hurdles. Wayne Sanders finished third in the 110 high hurdles with a time of 17.39. He also ran the 165m low hurdles with a time of 24.45. Wayne finished first in the high jump by clearing 6'0" which qualified him for state. Tommy Mulkey ran the 165m low hurdles in 25.16, the 200m dash in 27.84, and the 100m dash in 13.84. Steve Copeland ran the 200m dash in 27.2 and the 400m dash in 58.7. Joe Miller finished third in the 400 with a time of 32.57 which qualifies him for state. Tommy Worley threw the javelin 125'0" and Joseph Erramouspe finished third in the javelin with a throw of 146'1/4". Erramouspe threw the discus 83'9" and Mark Sanders threw it 63'10". Mark Sanders also threw the shot 31'. The 400m relay team finished third with a time of 46.48. This team consists of Joe Miller, Tommy Worley, Joseph Erramouspe, and Steve Mulkey. The 800m relay team, Joe Miller, Wayne Sanders, Joseph Erramouspe, and Tommy Worley, finished third with a time of 1:38.45. The 1600m medley team won first with a time of 3:43.55. This team consists of

Tommy Worley, Joseph Erramouspe, Steve Mulkey and Joe Miller. They qualify for state.

Only two girls went to this track meet. Tracey Hiltzley and Sandra Copeland. Tracey placed second in the 100m low hurdles with a time of 17.83 which

qualifies her for state. She finished 4th in the 100m dash with a time of 13.84. Tracey also long jumped 12'9" and high jumped 4'4". Sandra ran the 200m dash in 32.27 and the 400m dash in 1:14.98.

By Joseph Erramouspe

Corona school will sponsor book fair

The Corona School will sponsor a student book fair from April 23-27. Students will be able to browse and purchase books. The book fair will be open 8:30 a.m. to 3:00 p.m. Books will be on display in the library.

The book fair committee invites all students

The book fair committee invites all students, parents and visitors to attend the fair. The fair will encourage student interest in reading and in building home libraries, and will also contribute to a worthwhile project. All profits will be used for Parent-Teacher Organization projects. These projects include

a scholarship and warmup suits for girl athletics.

The book fair display will include attractive new books from many major publishers in all popular price ranges—wonderful books to read or to give as gifts. All reading interests will be represented, including classics, fiction, biographies, adventure stories, science, nature, crafts, mystery and reference books. The committee is working with Educational Reading Service, a professional book fair company, to furnish an individual selection of books for the fair.

Small Ads Big Results CLASSIFIED ADS!

RANDEL Mansell, left, vice president of the Carrizozo FFA Alumni Association presents FFA president Mary Jane Ferguson a check for \$1,944.00 for the purchase of this new 14' foot stock trailer. The trailer will be used by the FFA chapter and Vocational Agriculture Program. Funds for the purchase were obtained from a recent invitational judging contest and a beef raffle.

Wayman T. Mays—obituary
Graveside services for Wayman T. Mays were held Wednesday morning, April 11, with the Rev. John Derr, cousin of the deceased, officiating. Pallbearers were Roy Allen, Bobby Carroll, David Cole, Jack Allen Davidson, Sam Davidson and Bryon Yancey. Honorary bearers were Ernest Dishman, Ellis Hodge and Myron Yancey. Interment was in the Corona Cemetery under the direction of Hamilton Funeral Home of Alamogordo.

Mr. Mays was born November 15, 1924 and died in his home early April 9 after an illness of several months. He married Sue Davidson Daniels in 1952. He served in the US Army for two years and later in the Army Reserve. He saw service in Korea, Okinawa and Japan. Mr. Mays worked for Landair in Alamogordo, Blanding, Utah and Green River, Utah. He later was transferred by Cortez III to Mountain Home, Idaho and in September was transferred back to Alamogordo.

Survivors include his widow Sue of the family home in Alamogordo, two sons, Kenneth Mays, Alamogordo, and Sam

Davidson, Deming, two daughters, Patsy Syddall, Salt Lake City, and Jacque Allen, Roswell, his mother, Eula Mays, Mount Laura, NJ, a brother, Carl Mays, Martinez, CA, a sister, Louella Cole, Mount-Laura, NJ, and eight grandchildren.

CARD OF THANKS
We wish to express appreciation for the many kindnesses extended during the illness and loss of our loved one, flowers, food, memorials, and words of sympathy.

Over 150 students participate

Clowns part of fellowship day

Over 150 mid-high and high school students participated in this month's Youth Fellowship Day hosted at Santa Rita Catholic parish. The youth attending the 'Tularosa Basin Vaeante' were from Carrizozo, Capitan, San Patricio, Fort Stanton, Ruidoso, Tularosa, Alamogordo and Mesalero.

One of the highlights of the April 1 event was the clowns and parable workshops for junior high level students. The workshops, produced in makeup and costume, acted out the parable of the laborers in the vineyard. Mary Bowman of the Costume House of Albuquerque conducted the session.

The day's activities began with a standing room only attendance at Santa Rita's 11:00 a.m. Sunday Mass. A potluck meal for the youth and adult leaders followed in the parish hall.

The workshops for high school age students featured James Sanchez, Ruidoso High School counselor, whose topic was opening and closing doors to the future while in high school. Mr. and Mrs. Roland Ramos spoke on marriage preparation.

Mary Ellen Payne, Lincoln County Extension Office conducted a leadership workshop. Payne has extensive experience in working with youth programs.

Dr. James Miller, Youth Director for Trinity United Methodist Church spoke on the organization of youth programs. Miller is superintendent of schools in Carrizozo.

'Ask a Priest' was a portion of the event in which the youth from Lincoln and Otero counties asked Fr. Dave Bergs, pastor of Santa Rita, questions pertaining to the priesthood.

DEPUTY Dave Vermillion is shown with three of the women who enrolled in the firearms course. The women in the picture are ready for the practical session of the course. They are left to right Rose Vinson, Debi Jeter and Sandy Baca.

Crime Stoppers, sheriff's dept. co-sponsor course

By P. E. CHAVEZ
A dozen area women turned out for the firearms course sponsored by Carrizozo Crime Stoppers and the Lincoln County Sheriff's Department. The department's certified weapons instructor, Deputy Dave Vermillion conducted two lectures, followed by a practical class at the firing range last Sunday afternoon.

The women who participated in the firearm course were Debi Jeter, Kathy Flanary, Nogal; Rose Vinson, Maggie Bohks, White Oaks; Verna Rodman, Rosemary Zink, Mary Spencer, Sandy Baca, Sandy Vermillion, Cheri Goad, Marsha Heiker and Alicia Salazar all of Carrizozo.

At the April 10 and April 12 instructional classes at the RBA building the women familiarized themselves with the mechanics of firearms. A safety course was part of the training.

April 15 the women armed with ear protection, their own handguns and 50 rounds of ammunition each, attended the final

lesson at the local firing range. Prior to the actual shooting at the targets, the women were instructed in range safety guidelines. How to hold the weapon (standard and other positions) was demonstrated. The students were rated on their firing skills. Certificates will be issued.

Adult basic education program graduates five

The Carrizozo Schools Adult Basic Education Program announces five new graduates this semester. Receiving their diplomas from Santa Fe are the following students: Gail Journey, Michael Monreal, Jerry Samora, Mary Spencer, Carol Zunwalt.

All graduates of this program are entitled to a free "Adult Computer Class." This class will be offered again during the fall semester.

Anyone wishing to enroll in the Adult Basic Education class can call 648-2451 or 648-2326 for more information. Plans are being made to form a class in Fort Stanton in the very near future. Definite dates will be published in this newspaper.

CLOWNING around during the recent Youth Fellowship Day were Tina Beltran, Tularosa; Kristina Serbesoff, Alamogordo; Helen Maes, Tularosa; and Robert Pallares, Alamogordo.

One of five to represent NM

Hondo FFA honored

The Hondo Future Farmers of America has been selected as one of five such organizations to represent the State of New Mexico in the International Land Contest. This will be held, May 3, 1984, in Oklahoma City.

Students participating are Russell Patterson, Chris Clements and Sean Mullis. Jerry Burchett is their teacher.

There will be no school April 19 and 20. Classes resume April 23 with the regular schedule. The high school boys and girls will

participate in a track meet April 19 in Tularosa. The district track meet is April 28 in Artesia. Practices for the Fiesta continue. Plan to attend one of the celebrations on May 4 or 5.

OTHER HONDO NEWS

Donna and Mike Pumphrey entered Condor's Sam Spade M.D., their male Bullmastiff pup, in the dog show Apr. 15 sponsored by the Rio Pecos Kennel Club of Roswell. Sam, born Sept. 2, 1983, took a 2nd place ribbon in his division.

LEGALS

NEW MEXICO SOIL AND WATER CONSERVATION DIVISION NATURAL RESOURCES DEPARTMENT
 A public hearing will be held by the New Mexico Water Quality Control Commission beginning at 9 a.m. on Thursday, June 7, 1984, in the Natural Resources Conference Room on the first floor of the Villagra Building in Santa Fe. The hearing is being conducted pursuant to the provisions of the Federal Clean Water Act (P.L. 95217) and the New Mexico Water Quality Act.

The purpose of the hearing is to obtain public input on proposed updates to the State of New Mexico Water Quality Management Plan, which was developed pursuant to Section 208 of the Federal Clean Water Act.

The update of Work Element 4.2, Silviculture, replaces Work Element 4.2, of the present Water Quality Management Plan. The updated work element proposes implementation of a strategy for silviculture that may benefit water quality, and provision of information to forest landowners and logging operators.

LEGALS

The proposed update to Work Element 13, Designation of Management Agencies, designates the Forestry Division of the New Mexico Department of Natural Resources as the agency for implementing the strategies set forth in Work Element 4.2.

The update to Work Element 14, Implementation Schedules, proposes the date of program implementation and the date of review of program effectiveness and re-evaluation of the need for additional regulations. Implementation schedules become part of the Plan Appendix.

Copies of the proposed Plan updates, supporting Plan Appendix materials, and a responsiveness summary on public meetings-workshops held on proposed Work Element 4.2, Silviculture, will be available on Wednesday, May 7, 1984. Persons wishing to obtain copies should contact Jose Lucero, Director, Soil and Water Conservation Division, Villagra Building, Santa Fe, New Mexico 87503.

The public is invited to submit data, views, or arguments, orally or in writing, and to examine witnesses. Interested persons wishing to submit written testimony prior to the hearing should mail or deliver their testimony to Mr. Lucero, at the above address. Persons submitting oral or written testimony may be examined at the hearing.

Any person wishing an interpreter for the deaf at the hearing or a taped transcript for listening by the blind should submit a written request to Mr. Lucero at the above address by May 21, 1984. After it has been prepared, a written transcript of the hearing will be available for public review at the above address.

PUBLIC NOTICE
 The Lincoln County Planning and Zoning Commission will hold a Public Hearing on Saturday, April 28, 1984, at 9:00 A.M., at the San Juan Bautista Church, Lincoln, New Mexico.

The purpose of the Public Hearing will be to discuss the following proposed Lincoln Historical Ordinance:

Section I: TITLE
 Section II: AUTHORITY
 Section III: PURPOSE
 Section IV: DEFINITIONS
 Section V: LINCOLN HISTORIC PRESERVATION BOARD

Section VI: DESIGNATION OF HISTORIC DISTRICT AND LANDMARKS

Section VII: APPLICATION
 Section VIII: ARCHITECTURAL GUIDELINES

Section IX: APPEALS AND PENALTIES

Section X: REPEALER CLAUSE

Section XI: SEVERABILITY
 Copies of the proposed Lincoln Historical Ordinance may be obtained from the Lincoln County Manager's Office and the County Clerk, Lincoln County Courthouse, Carrizozo, or from the Old Lincoln Courthouse, Lincoln, New Mexico.

NOTICE
 On Friday, April 27, Capitan Schools will have kindergarten pre-registration for all children entering school next school year. In addition to registration, vision and hearing screening will be conducted and immunization records will be examined. A copy of birth certificates will be needed.

Parents are encouraged to bring all school age children to Capitan Elementary School for vision and hearing screening. Hours will be from 9:00 a.m. to 3:00 p.m. 21c-19-26

LEGALS

NOTICE TO THE PUBLIC
 The Town of Carrizozo Board of Trustees and with the help of the Carrizozo Chamber of Commerce are asking for citizen participation to set up committees to conduct a windshield survey concerning land use and structures also for street improvements to set up priorities for paving and maintainings of streets. All interested participants are asked to please attend the next public meeting of the Town Board of Trustees which will be held on May 14, 1984 at 6:00 P.M., City Hall, Conference Room.

Published in the Lincoln County News on April 19 and May 3, 1984.

LEGALS

NOTICE
 Carrizozo Kindergarten Registration

It's that time again—if your child is 5 years or will be before September 1, 1984, please come to the old gym in the high school building the morning of May 3 between 8:30 a.m. and 12 noon with their proof of birth and health record. At that time, health and developmental screening will take place for children who will be 5 years old on or before 12:01 a.m. September 1, 1984.

The early registration gives us the opportunity to screen the children and thus to be able to prepare a better program for them to begin their school years.

White Oaks Column

Mrs. S. E. Barber, former "Cattle Queen of the Southwest," was here Tuesday looking after her numerous palaces and crown lands in these parts and principalities, which have begun to take on a rather pathetic and day-before-yesterday appearance. (Mrs. Barber will be remembered as the former Susan McSween, wife of John McSween during Lincoln County War days).

County School Notes

Election of school directors passed off quietly in most districts. Oscura and Paradise Valley being the exceptions,

hardly a vote in those districts but that voted. In most cases the retiring director was re-elected, showing that the patrons have been well pleased with the local management of the schools. The new members elected were: Reyes Mirabal, Uteer Glencoe;

A. H. Pfingsten, Nogal Mesa; E. G. Gallegos, San Patricio; Mrs. Emma Bixler, Angus; A. J. Atkinson, Corona; Mrs. Lupe Sanchez, Rabenton; Mrs. Maude Hughes, Alto; Will Sterling, Oscura; A. M. Russell, Ancho, C.

R. Dean, Baca Canon; Miguel Carrillo, Escondida; D. S. Williams, Little Creek; Elerdo Chavez, Idlewild; Margerite Silva, Paradise Valley; William

Walker and C. W. Wade, Gallo Canon, R. A. Casey, Tinnie; Roy Coe Glencoe.

The terms have closed at Tinnie, Idlewild, San Patricio and Meek after seven months of successful school. The teachers have gone to their homes and the directors are preparing to put the buildings in better condition and to elect teachers for the coming fall term.

Prohibition does not deal exclusively with the liquor traffic. An evidence of this is an order recently promulgated by the school board at Clovis, New Mexico. Teachers employed by the school board of that town are required to sign a pledge that they will not dance at any time.

Juniors dedicate prom to senior class

Cardinals

The 1983-84 Jr.-Sr. banquet and prom were held Saturday, April 14. The theme for the year was "Islands in the Stream." The banquet was held in the cafeteria complete with an "island" salad bar designed by Barbara Worley. The background for the head table was painted by Margaret Lightfoot and Beverly Luera. The guest speaker for the evening was Scott Shafer. Mrs. Lindsey provided part of the entertainment with Dolly Parton (Beverly Bell) and Kenny Rogers (Waynette Lindsey) singing "Islands in the Stream" backed up by Tommy Mulkey, Steve Copeland, Mark Sanders, Marvin Pounds, Tracey Hiltsey, Kim Worley, Shannon Byrd and Roe Anne Alford. Tommy Worley read the senior wills as written by the seniors and Joseph Erramouspe read the Class Prophecies while Sabra Sultemeier, Freddie Stewart and Wayne Sanders passed out the gifts from the junior class to the seniors. Mike Lindsey made a toast to the seniors and Steve Mulkey thanked the junior class and made a toast to them. The junior mothers were each presented with a white rose for cooking the banquet and helping decorate. Scott and Rosemary Shafer sang a beautiful song accompanied by Jane Shafer. Shawn Perkins, president of the junior class served as Master of Ceremonies for the evening.

The Prom was decorated in silver and blue with an antique chandelier hung in the middle lighted with blue lights. The music was provided by the "Country Kin." The highlight of the evening was the crowning of Prince Joseph Erramouspe and Princess Sabra Sultemeier and

Queen Lisa Aaron and King Steve Mulkey. A good time was had by all and the juniors dedicated their prom to the Class of 1984 in hopes that they enjoyed their evening. The junior class would like to thank everyone who helped with the decorations.
