GED classes In session

Classes in preparation for completion of the High School Equivalency Exam are now in session at the Carrizozo Schools. Persons wishing to enroll for this free course are encouraged to do so within the next week.

These classes are also available to persons wishing to refresh their skills in the areas of Math, Reading, English, Social Studies and Science. Please call the school office at 648-2247 or 648-2326, for the instructor.

C'ZOZO—

Town council bi-monthly meetings start Tuesday

The Carrizozo Board of Trustees decided at their regular monthly meeting on Sept. 10 to have meetings twice a month. The bi-monthly meetings will be held on the 2nd and 4th Tuesdays starting with the Sept. 25 meeting. Bi-monthly meetings will enable the Trustees to take advantage of filing for grants and possibly cover more business.

Trustees also agreed to close the Department of Motor Vehicles in City Hall on Mondays and Fridays. The effective date for the closing was last Monday, Sept. 17. All Motor Vehicle business may be conducted during regular business hours at City Hall on Tuesday, Wednesday, and Thursday.

Approval was given to 'Parents for Kids', formerly the PTA, to change Halloween to Oct. 30 from Oct. 31. The request was made because of the carnival.

Trustee Bob Hemphill, Airport manager Mel Carl, and Stirling Spencer were appointed as screeners to go to military airports to get surplus equipment. Bill Howard, of the Federal Aviation Administration, will see that the three screeners get the necessary

credentials to enter the military airbases. Equipment acquired will be donated and will go to the Carrizozo Municipal Airport.

Woody Schlegel asked if money from leases at the airport could be used to buy equipment for the airport. City Attorney Don Sutton recommended that all money go to the city and all payments for airport equipment be made by the city.

Woody Schlegel also announced that October 13 and 14 are Carrizozo Fun Days.

Mayor Harold Garcia declared the position of town foreman as abandoned and Trustees appointed Faustino Gallegos as acting town foreman. A policy and procedure meeting was to be held Sept. 12. Trustees planned to establish duties for each town position.

Specifications for the curfew will be discussed at the next meeting. It will be decided at that time if the curfew should remain at the same time and even if the town needs a curfew.

The time for the town meeting Sept. 25 will be 6 p.m.

City Hall has a new computer for automating water billing and other programs to be added. See the article and picture on page 5

2nd ANNUAL—

C'zozo Fun Days' set for Oct. 13-14

The Carrizozo Chamber of Commerce met Thursday, Sept. 11. The advertising budget for the 1984-85 year will be \$4,000 or more. The 1983-84 budget was \$2,400. A percentage of the advertising budget should be reimbursed by the New Mexico Economic Development and Tourism.

The second annual Carrizozo Fun Days will be Oct. 13 and 14. Weekend activities will start in Spencer Park with a hot air balloon lift off. Also planned, a parade, horseshoe pitching tournament, golf tournament, women's softball tournament, and a FREE barbecue.

Spaces are available for the flea market. Sunday the 14th at 9 a.m. will be the start of the 10K and two mile fun run. Registration blanks are available from the Chamber of Commerce.

Announcements:
A teacher reception was to be held Sept. 13.

The C of C will sponsor a Christmas decorating contest again this year.

City Council will begin two meetings a month starting with the Sept. 25 meeting. New meeting dates will be the 2nd and 4th Tuesdays.

Several hundred bicycle riders from Roswell will be going

through Carrizozo on Oct. 15.

The Chamber meeting of Oct. 9 will be held at Zia Senior Citizen Center. Planned guests speakers are: Sheriff Tom Sullivan, County Commissioner candidate Ralph Dunlap, and Dr. Dan Blodgett. Blodgett will speak on the mill levy that will be on the November ballot.

SEPT. 29-30—

Corona Fiesta will honor St. Therese

The Annual Fiesta honoring St. Therese of the Little Flower will be celebrated in Corona, NM on Sept. 29-30, 1984. There are many catholic and social activities scheduled under the direction of the Mayordomos Henry and Beatrice Chavez and volunteers of that parish community.

Activities get underway Saturday, Sept. 29, 1984 with vesper services and procession with luminarias at 7:00 p.m. The St. Therese Choir will play and sing for the vespers and procession. The Fiesta Dance will be from 9:00 p.m. to 1:00 a.m. at the Corona School auditorium with music by

"Sangre de Indio". Admission will be \$5 per couple and \$3 stags. Drawing for three raffle prizes and door prizes will be held during the dance.

Fiesta activities continue on Sunday, Sept. 30 with the Fiesta Mass at 1:00 p.m. at the St. Therese Catholic Church with honored guest Bishop Ricardo Ramirez of the Diocese of Las Cruces, and Father Sotero A. Sena, St. Mary's Parish pastor as the celebrants. There will be a colorful procession at end of the Mass. In spirit of unity and family concept, the Mayordomos of the Missions (Vaughn, Duran, Encino, Pinos Wells, and Pastera) of St. Mary's parish have been invited to attend and participate in the Mass and Procession. The combined choirs of St. Therese's of Corona and St. John's of Duran under direction of Mrs. Jossie Tenorio will play and sing the Mass and Procession. Following the Fiesta Mass, the Christian community of Corona will sponsor a potluck dinner at the school cafeteria to which everybody is cordially invited.

For the raffle drawings on Saturday night, there are three different prizes in three separate

raffles, of which tickets will be sold up to the time of the drawings. 1st prize - a Statue of Our Blessed Mother, 2nd prize - a queen size bedspread donated by Mrs. Romanita Chavez of Corona, 3rd prize - a radio cassette recorder donated by Ernest and Lucia Lueras of Corona. In addition door prizes

will be awarded.

The people of Corona are hoping that all former residents, neighbors of surrounding communities, friends and relatives will join them to honor and celebrate this special occasion and have a good and memorable time.

SEPT. 30—

Art auction

Marlin Art, Inc. of Deer Park, New York will be in Carrizozo Sunday, Sept. 30 for an Art Auction. This group was in Carrizozo several years ago and conducted a very exciting and fun-filled time for residents.

Oils, watercolors, graphics, sculptures by Irving Amen, Sandu Liberman, Al Kaufman, Delacroix, Dali, Yu, Donovan, Mingolla, Calder Vasarely, and many others will be featured.

The Carrizozo Woman's Club is sponsoring the event. A donation of \$2.50 is being charged which entitles the viewer to a preview of the art works from

12:30 p.m. until 2:00 when the auction begins; hors d'oeuvres and champagne will be served; babysitting service will be provided, and a door prize furnished by Marlin Art will be given. Master Charge and Visa will be accepted.

Tickets may be obtained by calling any Woman's Club member. Sharon Hefker, 648-2219, and Sue Stearns, are co-chairmen of the event. Put this date on your calendar and plan to attend. You will be sorry if you miss it because it promises to be one of the best events of the year!

'Will compete at State Fair'

VICKIE VERMILION, 17 year old daughter of Jim and Billie Payne of Carrizozo, shows the trophies she has won since she started pitching horseshoes in April. Vickie, a senior at Carrizozo High School, shoots close to 40 to 50 percent ringers. The News wants to wish Vickie good luck for this Sunday when she will compete in a doubles tournament at the State Fair

Election Results

Special Primary

Voting was light in Lincoln County for the special primary election held Tuesday. Only 108 voters of the 757 registered voters showed up at the polls for 14.3 percent.

Totals for Lincoln County for Legislative Representative District 52: Reynaldo S. Cordova, 23; Neil R. Baird, 41; and Noel B. Mauldin, 44.

Districts totals for Lincoln, Otero and Sierra Counties: Reynaldo S. Cordova, 787; Neil R. Baird, 545; and Noel B. Mauldin, 466. Results are unofficial until the votes are canvassed by county commissioners today.

Carrizozo Municipal Election

Voters in Carrizozo passed the additional one-fourth cent of the gross receipts by a vote of 57 for and 26 against. The one-fourth cent tax for infrastructure passed with 58 for and 26 against.

Capitan Special Election

Capitan voters passed the one-fourth cent gross receipts tax with 48 for and 36 against. The one-half cent tax for infrastructure passed with 46 for and 36 against.

FmHA—

Accepting emergency loan applications

Lincoln and Otero counties were declared eligible for Farmers Home Administration (FmHA) disaster emergency loans on August 8, 1984. Generally, this means that farmers who have lost at least 30 percent of their production due to the flooding are eligible for FmHA loans. Proceeds from crop insurance and the PIK Program are taken into account when determining eligibility.

FmHA County Supervisor, Arthur D. Baca is urging farmers who are interested in receiving an emergency loan to get their applications to FmHA as soon as possible. Mr. Baca said, "We hope farmers will get their applications in early rather than waiting until near the deadline which is May 6, 1985. The longer they wait, the more chance there is for long delays in getting their checks. If the applications come in early we can avoid backlogs and speed up the process."

The FmHA office is located at 1007 Mechem Drive, Hwy 37, P.O. Box 2450, Ruidoso, New

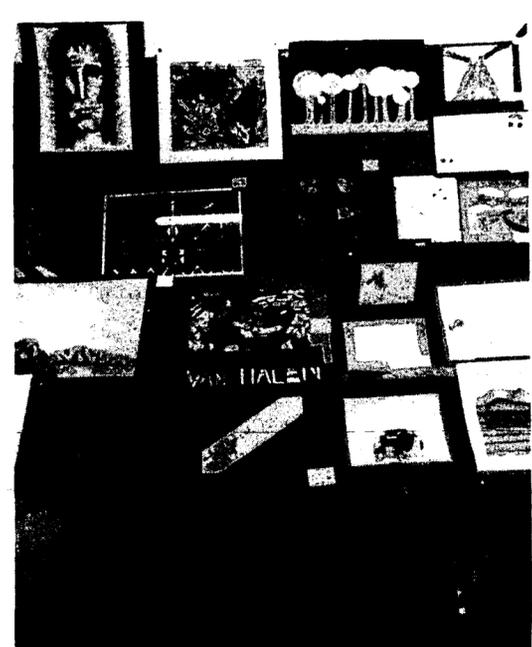

Mexico, 88345. The telephone number is 258-5294

Republicans sponsor forum

A "Meet the Candidates" forum, sponsored by the Republican Party of Lincoln County, will be held at the Recreation Center in Carrizozo from 7 to 8:30 p.m. on Tuesday, September 25. All voters are cordially invited to come meet and visit with the candidates.

Carrizozo precincts 3 and 4 were, before the redistricting, the only precincts in District 52, but are now joined by Nogal precinct 2, Corona precinct 5 and Angus precinct 12. District 52 will be represented on the Republican ticket, in the November election, by Maurice Hobson (incumbent).

Lincoln County Republican Headquarters is open for assistance and information, in the Atwood Building, at 301 Mechem Drive, Ruidoso

THE CARRIZOZO School District is one of 19 with arts displays at the New Mexico State Fair's School Art Building. The art remains on display through Sept. 23.

HOMEcoming FOR CARRIZOZO INVITES PARADE PARTICIPANTS

Carrizozo Student Council members are encouraging all organizations, businesses and individuals to take part in HOMEcoming festivities next Friday, September 28th. There will be a parade at 1:30 PM to kick-off the activities. You are invited to be a part of the parade. Floats will be judged.

The Student Council wants this to be the biggest and best Homecoming yet! Further information may be obtained by calling the high school at 648-2346 or contacting Steve Stearns. Entries should be at the high school by 1:00 PM.

HOWDY FOLKS

Last week bookmobile goers were greeted at the van door by Daniel Monrreal, former Carrizozo resident. Danny is the son of Mary Monrreal of Carrizozo. He is director of the Eastern Plains and Southeastern bookmobile, a New Mexico State rural library free service. This bookmobile with headquarters in Tucumcari will now include service in Lincoln County with stops in Carrizozo, Corona, Capitán, Ft. Stanton, Lincoln and Hondo.

Bookmobile boundaries changed this month as a result of a reorganization by the State Library Division of the Office of Cultural Affairs. The agency is revising statewide boundaries in an overall attempt to save money, improve services and equalize geographic areas.

Danny was accompanied on the bookmobile rounds by co-workers Johnny Anaya and Christina Wilson. The bookmobile carries a large number of both informational and recreational materials, including how-to-books, arts and crafts, homemaking and gardening, best sellers, mysteries, Southwest authors, children's and teen, and Spanish language titles.

OL HOME TOWN

Danny is a 1969 graduate of Carrizozo High. He has worked with Eastern Plains and Southeastern Bookmobile services for five years and has lived at Logan, NM for six years. He and his wife, Suzanne, are parents of two daughters, Jennifer age 13 and Brook age 4.

Suzanne is a 1st through 12th grade physical education instructor and also teaches 7th and 8th grade science and health. Danny and Suzanne are graduates of Eastern New Mexico University at Portales. PLAGUE EXPERT

Jim Edwards of Ruidoso accompanied Ted Brown of Santa Fe to Carrizozo where Brown presented programs to three different levels of schools students. The subject was on plague. The two men are with the State Health and Environmental Department.

Brown told students about

plague carrying fleas, some as close to home as White Oaks, Lincoln, San Patricio and Ruidoso. I listened to the program with the kindergarten through 4th grade classes. When Brown first began his talk and photo slide program he asked the wide-eyed audience: "How many of you have fleas?", three or four hands waved high above the crowd.

After the giggles Brown seriously told the classes that the department is educating the public to make them aware of the plague and how to avoid getting it.

Plague is prevalent in New Mexico. Since 1959 plague has been a steadily increasing problem in the state. It is a bacterial disease passed to man by wild rodents, rabbits and their fleas. Fleas live on the animals and in their nests and burrows. A dog or cat can bring plague-infested fleas and animals to you.

Plague symptoms include high fever, chills and headache. Lymph glands in the groin, armpits and neck may become swollen and tender. If the bacteria invade the lungs the disease may spread to other people when the patient coughs or sneezes. Symptoms usually occur two to six days after the bite of an infected flea. You can also get plague if infected animal blood gets into a cut or abrasion on hands or fingers.

Plague is curable. The key to survival is early diagnosis and treatment. See your doctor immediately about any illness having sudden onset of high fever. Tell him or her if you have had flea bites or if you have been near wild rodents and rabbits or their nests or burrows.

PREVENT PLAGUE

Avoid contact with wild animals and their fleas. Stay away from their burrows and nests. Do not handle sick or dead animals. Hunters should wear rubber gloves when dressing rabbits. Restrain pets and keep them and their living quarters (kennels and bedding) treated with flea powder.

Keep dogs and cats away from wild rodents, rabbits and their nests and burrows. Do not feed them dead wild rodents or rabbits. Discourage rodents by keeping your home and yard free of trash, junk and garbage. Store animal feed in rodent proof containers or buildings. Do not snap trap or poison wild rodents. Fleas may jump off a dead animal onto a person.

You can help prevent the spread of plague by reporting unusual number of sick, sluggish or dead rodents and rabbits in the absence of poisoning. Report your observations to the nearest office of the Department of Health and Environment, Environmental Improvement Division.

ANOTHER GRANDSON

Mr. and Mrs. Jake Herrera are pleased that they have become grandparents of another

grandson, Joseph Ray Valles, born August 31. Their third grandson weighed 6 pounds and 6 ounces and arrived at Memorial General Hospital at Las Cruces. He is the first child of Joe and Monica Valles, residents of Las Cruces. Monica is the youngest of the Herrera's three daughters. ENROLLED HERE

Thomas and Matthew Saiz have enrolled in 5th and 6th grade

at Carrizozo Schools. They are the grandsons of Mr. and Mrs. Jake Herrera and the sons of Thomas and Shirley Saiz. Shirley and sons will move to Virginia in October to join Thomas Sr., an Army man attending school at Fort Eustis in Virginia.

The past weekend the Herreras, two grandsons and Shirley attended the fair in Albuquerque.

OBITUARY

BARNETT WATKINS

Barnett Jerold Watkins, of Ruidoso Downs, NM passed away Thursday, Sept. 13, 1984 in the Ruidoso Hondo Valley Hospital following a lengthy illness.

TIP CLIPS

By POLLY CHAVEZ

All-around money saving ideas, hints, advice, solutions, shortcuts for mothers and others.

MINI CANISTERS
Small snap on containers in which 35 mm film comes in are handy to store things in - coins, house key, gum, aspirin, etc. The containers are easy to locate in glove compartment of the car or a purse.

SOAP SCRAPS
Break up bar scraps and place in an empty detergent squeeze bottle. Cover soap chips with water. Shake bottle before squeezing suds out.

QUICK APRON
Make a bib-type apron from an old shower curtain. Add ties at neck and waist. The apron is good when bathing a pet or doing other wet jobs.

SCRAPBOOK AID
Cut small corners from used envelopes and use to mount photos or certificates in a scrapbook. Use a dab of glue behind each corner and press onto scrapbook.

DOUBLE BOILER USE
To warn you that the water in your double boiler is low place a few marbles in the water before you begin to cook. If the water level gets too low the marbles will rattle.

LINGERIE IDEA
Look for full slips at garage sales. Make camisoles and half slips by cutting full slips in two. Make a casing on the newly created half slip to run an elastic through.

Capitan News

By MARGARET BENCH

This area had six-tenths of an inch of good gentle rain this last week. The nights cold with frost though it has become warmer the last few nights. It did act as if it were going to snow all day Saturday and was very cold but the night became warmer. Sunday gave us bright sunshine.

I was disappointed that more of our citizens did not come out to vote Friday, Sept. 14 on the gross tax. So many did not seem to know about it, but truly it was advertised in this paper and the Ruidoso. That shows me that people are more deeply concerned with daily issues and just did not pay attention. We did have 87 interested citizens. Please, dear ones, with a smile daily, do pay attention. It is important.

The tourists are still traveling. There were 644 registered visitors at the Smokey Bear Museum from Sept. 10-16. That is great. There is a Tauck Tour Bus coming thru now with a number aboard. One such bus of 44 persons aboard came thru Sept. 11. Another with 32 people Sept. 16. They are from everywhere. We do appreciate that. Everyone does appreciate their visit there.

The Capitan Chamber of Commerce is planning a dance for October 27. Watch for details.

The Smokey Bear First Day Issue stamped envelope along with medallions are available as long as they last at the Capitan Chamber of Commerce office just west of Hall's Automotive. Write for these items at Post Office Box 441, Capitan, NM 88316 or call (505) 354-2620 and you can order.

The Capitan junior high Cubs played in the first volleyball tournament Saturday. Tularosa, Alamogordo and Capitan all competed. Tularosa won first place. Capitan placed second with Alamogordo third.

Saturday, Sept. 22 the Tigerette volleyball (A and B) will play at Magdalena at 4 p.m. Sept. 25 - junior high volleyball will be at Tularosa to play at 3 p.m.

Sept. 27 - junior high football

at Dexter at 6 p.m. Sept. 29 - The Tigerettes have their Invitational Volleyball Tournament in Capitan all day long to conclusion.

This week our football team plays at Hagerman at 7:30 p.m. The band will go and perform their duties. They do a great job. Our football has had no injuries but are growing better each game. Stay with it and be proud, you will come out on top. I am counting on you.

Our band teacher, Mr. Valenzuela, has done a terrific job with the band. They wore their new uniforms and performed at halftime showing much school spirit. We were so proud of them all.

The Capitan Band Booster Club held their meeting Sept. 11 in the band room. All parents of each band member, please attend these meetings the second Tuesday of every month at the band room at 7:30 p.m.

The elementary school is holding their open house at 7 p.m. Sept. 20, Thursday. Do attend.

Mr. and Mrs. Sam Wright and Lewis Glenn are visiting Mr. and Mrs. Wayne Hobbs. He is Willie's brother. They left Brady at 6 a.m. and it was 67 degrees so they are enjoying the cool weather here.

Virgil Hall, Sr. went fishing last Wednesday at Elephant Butte Lake and returned Saturday.

Mr. and Mrs. Howard Wright, their daughter Kay, Mr. and Mrs. Terry Strickland, and daughter Melinda and Marnie Dye spent last weekend fishing at Elephant Butte Lake and good fishing. They had a great time.

"Welcome Home" Hap Allen. Glad to have you back again. He has spent several weeks with his daughter Abbie and family in Wyoming but has returned to make his home here for the winter.

B. B. and Joseph Berry of Ft. Stockton, TX visited her mother and family last weekend.

Bessie Jones and Janice

Gnatkowski spent Friday thru Saturday in Albuquerque at the state fair. Which they did truly enjoy.

Attention, stop, look and listen if you are interested in football and money. Do take time to look at and study the double page ads in this paper. Find the biggest football and guess the score for the game indicated, then fill out the remaining information and drop it in the box located at the Smokey Bear Restaurant. Try it. Remember to check this. You might enjoy it and win.

Colleen McKay with her husband and family of California was in Capitan Monday. She was here when she was ten years of age. This time she was trying to locate her cousin Willa Mae Luck. I sent her to Mr. and Mrs. (Jake) and Florence Harris in Ruidoso Downs. There, she should learn the address in San Diego where she can find her.

Mr. and Mrs. Joseph Wood of San Francisco, CA arrived via train in El Paso Saturday, Sept. 15 and are spending one week with their son, Mr. Denny Wood and family. This is their first trip here and they are so thrilled and impressed. They had to return at a certain date due to his health-check-up.

Andy Coleman of Jal spent last weekend in Capitan visiting his parents Mr. and Mrs. Arthur Coleman and purchased a new truck in Alamogordo.

Gertie and Jim Fletcher just returned from a 5000 mile trip to New Orleans Fair, Expect and Disney World and Sea World, Silver Springs, St. Augustine, FL. They visited Jim's family in Georgia. They stated they had a wonderful time but are glad to be home in Capitan.

Mr. and Mrs. Hillburn Barrick of Abernathy, TX is visiting his sister Ruby Fuchs Sept. 14-17.

Mr. N. C. Grantham of Capitan underwent surgery recently at the Ruidoso Hospital after his release he and his dear wife Catherine spent one week in Albuquerque and returned the

14th.

Mr. and Mrs. Dean Wade of Springs, TX passed thru Capitan Sept. 11 enroute to Carrizozo on business and visited me which I truly did enjoy. They are spending two weeks at their summer home. It was great to have them.

Johnnie Padilla of New York who is in law school visited his father, Ray Padilla last week. They had not seen each other for 16 years. He is a very fine young man and I know his father was overjoyed. I appreciate meeting him.

OPINION...

● **THERE** is a liberal (a liberal is a radical with a wife and two kids) consensus that the No. 1 priority for the US is to begin talks with the Soviets on nuclear and non-nuclear arms limitation agreements. "When we're talking we're not fighting," the liberal sagely observes. Well, we're not talking now and we're not fighting, either.

● **FEW** seem to recall how it is to talk with the Soviets. We sat down and talked with them at Yalta and got screwed. We talked with them at Potsdam and got screwed. We talked with them on SALT I and got screwed, and ditto on SALT II. We sat down with the Soviets at Helsinki and signed some impressive papers guaranteeing human rights, which became a scrap of paper the minute it was signed.

● **ACCORDING** to the President's General Advisory Committee on Arms Control and Disarmament, made up of Republicans and Democrats who are experts in the field, the Soviets have committed 17 major violations of existing arms control treaties and commitments since 1950. According to the report of a previous Senate committee, the Soviet regime has, since its inception, violated every major treaty and international commitment its leaders ever signed, with one exception. The Soviets did not violate the Hitler-Stalin non-aggression pact in World War II—because the Nazis beat them to it.

● **IN** spite of this impressive record of Soviet perfidy, Candidate Walter Mondale says his first priority is to "talk with the Soviets" about arms control. Why not, we still have a little something to get screwed out of!

● **REAGAN** critics are alarmed that this President is the only one since Herbert Hoover who has not talked with the Soviets. Put another way, Reagan is the only President since Herbert Hoover who has not been screwed, booted and tattoo'd by the Kremlin.

● **PUT** another way, we don't talk to the Russians and tensions persist; we do talk with the Russians and tensions persist. So what's the point?

● **PUT** still another way, let us recall what happened to others who sat down for a talk with the Soviets. Fidel Castro talked with the Soviets. So did the regimes governing Grenada, Afghanistan, Nicaragua, Poland, Czechoslovakia, Rumania, Sudan, Chad, Laos, Cambodia, Vietnam, Angola, Ethiopia, Mozambique, South Yemen, Libya, Syria, Aden, Congo, Madagascar, Seychelles, Albania, Bulgaria, Estonia, Hungary, Tibet, Zanzibar, Yugoslavia, etc., etc. A simple look at history tells the story of what happens to those who "exchange pleasantries" with the Soviets. Perhaps it is true that history is only a pack of lies agreed upon. If so, forget history, but consider: Who owns or controls the above-mentioned countries today? Are there more happy and prosperous people in those countries, and do they enjoy more freedom for having talked with the Soviets? A prompt reply will be appreciated.

● **EACH** week I try to ask a question which, to date, nobody can or is willing to answer. Today's question: "If there's an arms race going on, why aren't we in it?" Break a leg!

● **OLLAPODRIDA** lives. In Philadelphia last week, Michael Jackson's quaint and quaking concert was rained out, proving that even the gods are not insensitive to pain. In Anaheim a woman enjoying making love in a darkened bedroom didn't know the man wasn't her husband until he fled through a bedroom window, thus fueling frenzied efforts toward a National Identification Card to insure a woman has the correct partner. Mr. John Hinckley, the loony languishing in a mental hospital as punishment for having shot President Reagan, has asked to be allowed to vote in the November general election as a contribution toward good government. He evidently doesn't know about postcard registration in California, thereby proving he really is insane. In Toronto, citizens are planning a class-action suit against singer Frank Sinatra. Fans spent \$75 for tickets to his outdoor concert and endured a driving rain until Old Blue Eyes forgot the words to his songs and walked off his own show. Magistrates are said to be vying for jurisdiction in the lawsuit to be denied on grounds that anybody who would pay \$75 to hear Sinatra sing in the rain is a menace to society and should not be rewarded. In Meadville, PA a teenager walked into a hospital emergency room and greeted 20 relatives assembled to mourn his death. Watch for the true and authenticated story in the National Inquirer on the "ins" and "outs" of resurrection. Climbers on Mount Rainier achieved first-class citizenship last week when the National Park Service opened a \$30,000 solar-powered outhouse at the 10,000 foot level. There is no estimate as to how many ham sandwiches for the poor could have been provided with funds spent on this massive government effort to civilize the Great Outdoors.

Letters TO THE EDITOR

NEEDS NEW ADVISORS

EDITOR—How President Reagan was conned into endorsing that old fraud called the Genocide Convention, which defines Genocide quite differently from the dictionary and in a vague and expanded way, I do not know.

However, it is clear that if it is ratified by the Senate then under the definition in this convention the telling of a simple ethnic joke could be construed in some international court as committing genocide.

The dictionary definition of genocide is "extremation of a national or racial group as a planned move."

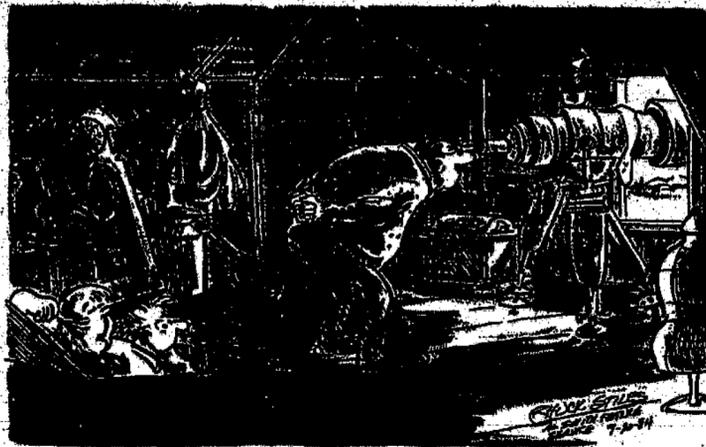

Actions speak much louder than words, and so it is just as true with the words of a treaty or international convention. Yet for some strange reason this country, which has never committed genocide is an embarrassment to certain domestic internationalists because our Senate has not ratified the Genocide Convention.

The United States should be proud of its record on genocide, including not having signed the treaty.

To the contrary the Soviet Union and its puppets lined up to sign this specious document years ago. Subsequently they have perpetrated murder and terrorism around the globe. They have used biological and chemical warfare agents on tribesmen in Afghanistan, in violation of another convention they signed, and slaughtered the Miskita Indians in Nicaragua. And after all this it is alleged that the United States is the guilty party.

President Reagan should find some new advisors on this issue.

Lodi, CA.

WATCH

Over Washington Pentagon wins the (media) battle of Grenada

By LES KINSOLVING

WASHINGTON — At first glance (at the headlines), the Department of Defense seemed to have surrendered unconditionally to the enormous amount of Big Media bellyaching that followed its exclusion of reporters from the first two days of the US landings in Grenada last year.

That's the way the headlines and leads seemed to portray it on the morning after the Pentagon released the long-awaited Side Report on Media-Military Relations.

But within 24 hours of due reflection, New York Times Pentagon correspondent Richard Halloran had written a think-piece which suggested that nothing really had changed at all. **Pentagon Spokesman** Michael Burch spelled this out in a press briefing on August 23 — which was somewhat overshadowed on the news, since that was the same day that Ronald Reagan and George Bush gave their acceptance speeches at the Republican National Convention.

Burch was asked about the proposed changes, such as increased operational planning to include arrangements for the media in combat. And then one incisive reporter asked: "You could implement all these things...and still have another Grenada operation (with) no media on the island?" **DEPARTMENT OF DEFENSE:** "How the press is to operate must be decided on a case-by-case basis."

(And furthermore, if another operation just like Grenada came up, the Pentagon would do it all over again): "Given the same set of circumstances, I don't believe the press could be taken along during the first phase... No commander is ever going to want you to take the seat of a soldier or to take up the space of a box of ammo... That operation was a rescue mission to protect the lives of 1,000 American students and Grenadan officials who had been imprisoned... The

most important thing is the security of the mission and the safety of the lives of our force."

Spokesman Burch was then asked if this means that "there is no apology, no need to look back at Grenada and say 'We didn't exactly do that the way we're terribly proud of.'"

DEPARTMENT OF DEFENSE: "I think that's the best way to look at it."

Indeed yes. Why apologize to the Big Media Bitchers for putting the safety of our troops and the success of this rescue mission way ahead of accommodating the media?

Burch was then asked whether the press will decide who is to be included in the proposed pool of military correspondents who should be ready at any time to accompany a military operation (provided the Pentagon decides that it is the type of operation that should be covered.)

DEPARTMENT OF DEFENSE: "It (the pool of reporters) will be selected by us... If your organization does anything that jeopardizes the security of the mission and endangers the lives of the American service men and women, your accreditation would be pulled and we would not give you any more access to our units and commanders."

Without any mention of why any such media people who might endanger the lives of our armed forces should merely have their credentials lifted — rather than be court-martialed — Spokesman Burch went on to recall that during World War II, there was little possibility of any such treachery (treason). For censorship was in operation, and the armed forces controlled all the means whereby the news could be transmitted.

"Today," Burch noted, "you all have your own ham radios, or you can take ham radio operators under contract to get your material out. You've got earth stations that can transmit by way of satellite. We have no control

over those."

This willingness of Secretary of Defense Caspar Weinberger to stand up to the full-throated fury of the Big Media may well be among the most important battles he has ever won.

As one of the 19 members of the media who were invited to testify before the Side Commission, I provided an extensive history of media people — especially during the Civil War — whose exposure of military secrets was recurrent, scandalous and a definite threat to the lives of American soldiers. I also detailed the growing number of liars in the media, as well as those who are still unfired by major media such as The Baltimore Sun, The Los Angeles Times and The New York Times, despite their expressed intent to steal or lie for a good story. Lyle Denniston of The Sun says that if he has a chance, he will steal military secrets from the desk of the Secretary of Defense. And when asked if he would have done this with the top secrets such as the Manhattan Project or the time and place of the Normandy Landings on D-Day, Denniston replied that both of these would have made good stories, which he would have stolen if possible.

For my willingness to report such historic and contemporary media misbehavior and threats to national security, I was bitterly denounced by executives of The Los Angeles Times; by Richard Salant, formerly of CBS News (whose National News Council collapsed within days of this denunciation); and, particularly, by Scott M. Cutlip of the University of Georgia School of Journalism.

Cutlip, a hulking man who resembles a dyspeptic parrot, is a one-man example of what is wrong and nationally detrimental in so many journalism schools. He is a left-wing ideologue with full humor and little restraint regarding those of opposing views who were the guests of a panel on which he sat. Cutlip is the type of person whom the opportunity to annoy or outrage should make anybody's day.

Infinitely more important is the fact that the Department of Defense has — even with the clever stratagem of committee-and-delay — stood up to the Big Media for the sake of national security. Just as so many of the American people cheered when the Big Media was bitching about being excluded from Grenada, so this latest development is cause for national relief.

INSIDE THE CAPITOL

BY Fred McCaffrey

SANTA FE—Look for Joe Skeen to be the biggest winner in New Mexico on November 6, at least on a percentage basis.

He won't draw as many actual votes as Pete Domenici and Ronald Reagan, because he doesn't run statewide. But he could easily be one of the state's top runners of all time as measured by the distance between him and his opponent.

It's not that the opponent, Peter York of Roswell, is not a likely candidate. He's a man of demonstrated capability, who may well run much more successfully in other races. It's just that at this moment, Joe Skeen, who had to get into office in a write-in campaign, seems about as well matched to the needs of his constituency as anybody ever could be.

For an elected official, what could be happier?

OTHER RACES: The national surveys often have little application to New Mexico, where, at least once upon a time, a streak of individualism used to manifest itself on election days.

As to the Reagan-Bush team when compared to the Mondale-Ferraro one, however, it would appear that things will go here about as they do on the national level. That means the state will go for the Republicans in something of a landslide.

"Something of"—are those weasel words?

Well, let's first say that in New Mexico, with registration favoring Democrats about two-and-a-half-to-one, for a Republican to take 54 percent of the vote is what some of us define as a landslide.

This particular writer, with his own highly individual method of nose-counting, expects Reagan to come out of the state with a margin of about 80,000 votes.

If that happens, it would seem Pete Domenici could have something on the order of an 80,000-vote lead.

Domenici will deny that, partly because he doesn't want over-confidence among his troops and partly because he's too superstitious to want to dream that high.

But we'll all check the day after election and see how close this personal prediction turns out to be.

THE OPPOSITION: Again, nobody is saying that Judy Pratt is not something of a formidable opponent. It is almost certainly

true that those who are her supporters could not be pried from her cause by any act of her opponent.

Her problems, however, are two. There is a limited number of people in the groups who which she appeals, no matter how successfully she appeals to them.

What's more, most of them never would have voted for Domenici no matter what the circumstances, so her campaigning doesn't really weaken Pete that much.

And there's always timing; 1984 looks to be the best year for conservatives since the early 1930s—and the one thing you can say for sure about Pratt is that she isn't a conservative.

FOR CONGRESS: The Ashury-Lujan race could be a close one, but resurgent Republicanism may save the beans for Lujan.

Even Bill Richardson will know he has been in a fight, when Lou Gallegos comes close to beating him.

(Hey, if you don't like the predictions, don't blame the predictor. It's just that this is the way things look today.)

ALLOWS VOLUMIN, INCREASES EFFICIENCY

Town changes over to computerized billing

Carrizozo Town Hall has a new computer. The Tandy TRS-80, model 2000 HD, was delivered August 20. City Clerk Carol Schlarb and assistant clerk Albert LaFave have been training to use the new computers and at this time have all the utilities of all residents in the computer.

personnel to use the computer. The cost of the computer was \$5,495.74, with an additional \$1,000 for the programming for the utilities.

computer with a high resolution monitor VM-1 was purchased from Radio Shack in Alamogordo through a GSA contract.

Additional software will be needed for accounts payable, accounts receivable, bookkeeping, letters, resolutions, ordinances, minutes of town council meetings, and word processing.

Schlarb said the computer will help in preparing the quarterly DFA reports. She said, "We send a monthly report for our benefit as well as the required quarterly report." The computer will also help on revenues and expenditures.

The Tandy TRS-80 personal

The intended use of the computer is to be a city computer. Tasks include: automated water billing, reports, budgeting and expedite city bidding procedures, word processor for preparation of documents, city correspondence, ordinances, and minutes of meetings, payroll, personnel records, and inventory of city property.

Much later the computer will probably be used for city police information. At this time the computer allows the office staff to do a greater volume of work with greater accuracy in the same time span.

CITY CLERK Carol Schlarb enters information in the new City Hall computer. The new computer, delivered Aug. 20, will automate the water billing procedure and allows a larger volume of work with greater accuracy in the same amount of time.

Her brother Gale Paul and friend Ken and Mr. and Mrs. Curley Burchfield of Silver City visited his parents Mr. and Mrs. Albert Paul and attended that wedding. Her sister and family of Albuquerque and her niece of Lubbock, TX were present. There were many other relatives, and friends there. I wish this lovely couple many years of wedded happiness together.

Smokey . . . (Cont'd. from P. 2)

Tom Chaffins and Robert Runnels and their dogs who are the best lion and bear hunters teamed together again September 16 for a hunter, Ricky Lester of Texas. It took eight hours to tree that 350 pound beautiful brown bear, in the east Capitan Mountain near seven cabins for Ricky to get his kill. That bear had the tail of one dog in his mouth which he bit off and was shot in that act. He wounded several dogs, two of which are serious and might not live. I did see this one. His fur was soft and beautiful. What a bear. Something has to happen when these hunters get together. They both love their work and their dogs. Ricky is going to have it mounted with the tail in his mouth just as he shot him.

and the part Lincoln County played in helping Capitan become nationally known as the birthplace and burial place of Smokey. Ford's speech was a fun time when he recalled some school day episodes.

I had a few moments of private conversation with President Ford, and what did we talk about? Pete Domini!!! Jerry was due to be in Albuquerque with Pete on the 10th, and said, "New Mexico should be very proud of Pete. He is one of the ablest senators in Congress."

The other festivities in Grand Rapids included an hour-long

parade with Jerry as Grand Marshall and our class right behind his car in a double-decker, and an evening of spectacular fireworks. Incidentally, I gave First Day Capitan cancellation stamps and envelopes, with the New Mexico State Recreation Department story of Smokey to each classmate and the Park officials, and several medallions.

So hundred of people who were at the ceremonies, read the newspaper coverage in the Grand Rapids Press which serves that city of 350,000, or saw the CBS-TV, know far more about Lincoln County and our famous bear.

Carrizozo 'zaps' Ft. Sumner 20-0

Carrizozo racked up 11's second win of the young season last Friday by shutting-out the Fort Sumner Foxes 20-0.

The visiting Foxes stayed even with the Grizzlies for most of first-quarter until the Carrizozo defense forced Ft. Sumner to punt from their own 4-yard line on fourth down. A short punt gave the Grizzlies possession at the visitors 24-yard-line. Scot back Stevie Stearns broke loose on a nice 16-yard gain on first down and two plays later quarter-back Dominic Vega hit pay dirt from 7-yards out—0:28 left in the opening stanza. PAT was unsuccessful, but for all intents and purposes the game was over from that point on.

In the second period both teams struggled to mount any kind of a drive—with Ft. Sumner punting three straight times after failing to gain a first down on their three possessions. Carrizozo did manage four first downs but were stymied by penalties.

On their last possession of the quarter the Grizzlies drove from their own 7-yard line to the Ft.

Sumner 24-yard line as the first half ended — with Stearns gaining all 86 yards on five carries covering 8, 15, 3, 17 and 25 yards. Half ended with Grizzlies up 6-0.

If Ft. Sumner had any hopes of making a game of it in the second half, those hopes were put to rest when Stearns returned the second half kick-off to the opponents 26-yard line. After a 5-yard penalty put the ball on the 21, Kenneth Crenshaw took a pitch and swept around the left side for a 21-yard TD—only 38 seconds had elapsed on the clock. Stearns scooped in for the 2-point conversion and Carrizozo had upped it's lead to 14-0.

Ft. Sumner had a chance to get on the scoreboard after recovering a Grizzly fumble at the Carrizozo 34-yard line — a pass interference put the ball on the 19 — three running plays found the visitors facing a fourth down and inches to go just inside the 1-yard line, but the Grizzly defense buckled down and stopped the Ft. Sumner runner for a loss and Carrizozo took over possession at their own 11.

Carrizozo managed to drive to the Foxes 50-yard line after a 35 yard scamper by Stearns but stopped themselves again by fumbling the ball over for the second time. Quarter ended with Carrizozo still leading 14-0.

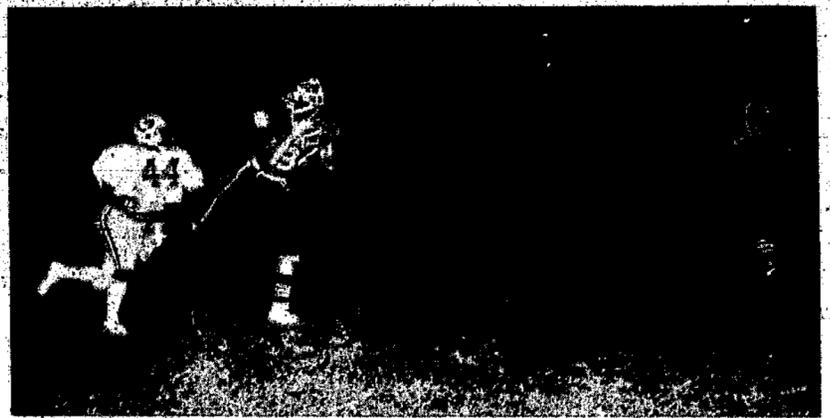

In the final period Carrizozo fumbled the ball over for a third time before the defense again held on fourth down and turned the ball over to the offense at their own 40. Stearns and Crenshaw carries (2-each) gained 14 yards before (QB) Dominic Vega broke loose on a 52-yard scamper to the 14-yard line. Crenshaw capped the drive by going the final 14 yards for his second TD of the night. PAT no good — making score 20-0.

Defensive-back Joseph Cardelaria killed the last chance of Ft. Sumner getting in the scoring column by intercepting an errant pass at his own 9-yard line with 1 second left on the clock — final score 20-0.

This week: Carrizozo travels to Estancia to meet the 'AA' team — which Grizzly coach Dennis Sidebottom calls 'big' and 'fast' and easily the Grizzlies toughest test to date.

On the stat side: Stevie Stearns 232 yds; Kenneth Crenshaw 76 yds; Dominic Vega 37 yds; and James Guevara 37 yds.

Season stats: Stevie Stearns leading state in rushing with 377 yards (an average of 10.47 yds per carry). In points-scored in Class 'A' Carrizozo is averaging 31.0 pts. per game — Tatum is averaging 40.0 On defense Carrizozo has allowed only 6 points — Melrose and Tatum are unscored upon.

GET AWAY 44 — Look at my good hands coach! Capitan had more total yardage than Texico but lost last Friday night's game 28-14.

TRAVEL TO HAGERMAN FRIDAY—

Tigers fall to Texico 28-14

The Texico Wolverines, last year's Class A State Champions, defeated the Tigers in Capitan last Friday night 28-14. Tiger mistakes led to their defeat.

Capitan intercepted a pass in the early moments of the game but could not capitalize. The Wolverines then drove 65 yards and scored with 3:38 left in the 1st quarter. These were to be the only points put on the scoreboard in the 1st half.

A Tiger score in the 2nd quarter was called back by a

penalty. Early in the 2nd half Dewey Keller got loose for a nice 35 yard scamper but this drive stalled on the Wolverines 10 yard line. Texico then took over and drove the length of the field for their second score. The conversion was good for two points and the

Wolverines lengthened their advantage to 14-0. A Tiger fumble and a short drive put six more points on the scoreboard for the Wolverines with just seconds left in the 3rd quarter.

The Texico boys added 8 more points in the 4th quarter on a touchback and a TD — both scores coming with less than 2 minutes gone in the quarter.

The Tigers struck like lightning moments later on a 70 yard pass play. The PAT was no-good.

With the clock running out the Tigers struck once more - the big play being a 35 yard pass. Capitan converted the 2 point play and the clock ran out. Texico 28, Capitan 14.

Coach Thompson singled out Dewey Keller for his play on offense and Mark Romero on defense.

The Tigers travel to Hagerman, Friday, Sept. 21 to take on the Bobcats. Hagerman was edged out last weekend by Dexter 7-6 when the Demons recovered a fumble with seconds left in the game.

DEFENSE SPARKLES—

Corona Cardinals win opener 20-12

The Corona Cardinals opened their football season at home against the Jesus Chapel Chargers on September 7. Jesus Chapel scored first on a three yard run. They failed to add the extra point. At the end of the first quarter, the Chargers led 6-0.

Corona scored twice in the second quarter. Their first score came on a three yard run by Joseph Erramouspe and the extra point attempt failed. Their second score was a 35 yard pass play from Travis Lightfoot to J. Erramouspe. The extra point attempt failed.

Each team scored in the third quarter. Jesus Chapel scored first on a 29 yard pass play and then failed on the extra point attempt. Corona scored on a two-yard run by Cody Lightfoot and then J. Erramouspe kicked the point after: This brought the score to 20-12. The fourth quarter was scoreless due to outstanding defensive play by both teams.

Corona's offense was led by Joseph Erramouspe who carried the ball 24 times for 193 yards and two touchdowns.

The Cardinals defense made a good performance,

making five crucial interceptions. Two by Tommy Mulkey, two by Tommy Worley and one by Joseph Erramouspe. Shawn Perkins led the defense with nine tackles.

GRIZZLY running back Stevie Stearns breaks another one of his patented long gainers in Friday night's action against Ft. Sumner. Number (40) James Guevara look to block some of the pursuing Foxes.

LINEBACKER Charles Zamora (left) and offensive guard Benny Zamora (right) were named 'players of the week' by the Grizzly coaching staff for their outstanding performances in Carrizozo's 20-0 victory over Ft. Sumner last Friday nite. Charles was singled for his defensive play and Benny for his blocking on the offensive line.

TURNOVERS HURT—

Eagles drop close one 15-7

The Vaughn Eagles stopped the Hondo Eagles in Hondo last Friday evening 15-7.

Vaughn scored on its first possession, a 15 yard scamper by Castillo.

Hondo took little time answering back when Maez carried it in front from the 4. Halftime found the visitors from Vaughn up by one 8-7.

Vaughn tallied again in the 3rd quarter after blocking a punt; Castillo again was the big horse.

Hondo threatened 3 times in the 2nd half but were stopped by a fumble and two pass interceptions.

The coaches currently have the Vaughn Eagles rated No. 1 in state 6 man football - Hondo is rated No. 4. Vaughn travels to Quemado (rated No. 2) this week while the Hondo Eagles have an open date.

Hondo is in action next on Sept. 29 when the Eagles travel to El Paso for a 2 p.m. encounter with Jesus Chapel.

ANATOMY OF A LAWSUIT
By SANDRA A. GRISHAM
Most civil lawsuits are started by filing a "complaint" or a "petition", asking the court to grant relief or award damages. The person who files is a "plaintiff" or "petitioner", respectively. The complaint or petition is then "served" on the other party, who is called a "defendant" or "respondent".
Service of the papers can be made by anyone over the age of eighteen years, but usually either a professional process server or a deputy sheriff does it. Service is made by physically delivering the papers to the defendant, someone over the age of fifteen years at the defendant's home, or posting it on the door. If the defendant can't be found, service is made by publishing a notice in a newspaper.
After service, a defendant ordinarily has thirty days to file an answer (or a response to a petition), and serve it on the other party by mailing. Either party can engage in "discovery" - each trying to find out as much as possible about the other's case.
A common discovery technique is to serve the other side with "interrogatories", which are nothing more than written questions to be answered in writing under oath by the other party. They must be answered within thirty days.
A party can also take the oral "deposition" of the other party or any of the expected witnesses. At a deposition the witness is sworn under oath, lawyers ask questions, and a court reporter takes down everything that is said. Some of the answers may be used in the trial later, either because the witness is no longer available or to contradict a party or witness on the stand.
Another discovery method is called "requests for admission". A party is asked to admit facts in writing, and if they are not admitted or denied within thirty days they are deemed to be admitted.
Also, parties can request each other to produce documents or other items for inspection and copying, and can sue "subpoena" similar items from third parties. Bank account records, tax returns, business books and such are frequent targets of these requests. If parties refuse to produce relevant items, the judge can order them to do so.
Once discovery is completed the case can be tried, either before a judge or a jury. If a judge tries the case, the judge acts as both fact-finder and an interpreter of the applicable law. If there is a jury, the jury is responsible for finding the facts.
If there is a six-person jury, five of them must agree on a verdict; if there are twelve on the jury, ten must agree.
Even in jury trials the judge can rule on the case, either before the jury starts deliberating by granting a "directed verdict", or after the jury has decided by granting a "judgment notwithstanding the verdict". This is not usually done, and only in cases where the judge feels that reasonable people could not decide differently on the evidence that was presented unless they were unduly prejudiced.
A judge can also order an "additur" or add money to the verdict, or order a "remittitur", by deducting money. In either case, the affected party can choose to go through another trial rather than accept the judge's decision.
This week, I wanted to add an invitation to my column. There will be an auction and dinner held at the Villa Cafe next Thursday as a benefit for my campaign. Tickets are limited, so if you are interested in purchasing tickets please call 437-1881 or 437-4618 as soon as possible for details.

IT'S THE LAW

New Mexico State Police

COMPILED BY RANDY RHUE

This week will be the last three (3) sections on pedestrian laws.

66-7-338; PEDESTRIANS TO USE THE RIGHT HALF OF A CROSSWALK: Pedestrians shall move, whenever practicable, upon the right half of the crosswalk.

66-7-389; PEDESTRIANS ON ROADWAYS: A. Where sidewalks are provided it shall be unlawful for any pedestrian to

walk along and upon an adjacent roadway.

B. Where sidewalks are not provided any pedestrian walking along and upon a highway shall when practicable walk only on the left side of the roadway or its shoulder facing traffic which may approach from the opposite direction.

66-7-340; PEDESTRIANS SOLICITING RIDES OR BUSINESS: A. No person shall

stand in a roadway for the purpose of soliciting a ride, employment or business from the occupant of any vehicle.

B. No person shall stand on or in proximity to a street or highway for the purpose of soliciting the watching or guarding of any vehicle while parked or about to be parked on a street or highway.

Next week will start with a couple of laws that pertain to

railroad crossings.

I would also like to hear from my readers so that I will be able to print the laws that you might have a question about. So, please write to

REMEMBER IT'S THE LAW!!

The Department of Energy in Washington, DC has announced that the Carrizozo Municipal Schools have been selected to receive a National Award for Energy Innovation.

The Award, based upon energy conservation and solar energy usage at school over the past four years, will be given by Secretary of Energy Donald Paul Hodel at a reception in Washington on Oct. 1.

The award winning project also includes the solar panel project undertaken by the Carrizozo FFA Chapter in 1982 as part of its award winning President's Energy Challenge program.

Season tickets for all Carrizozo Grizzly sports during the 1984-85 school year are now on sale at the United New Mexico Bank. Cost of the season ticket is \$25, a savings of approximately 35 percent, for 18 varsity football, volleyball, and basketball games.

On September 4 the Carrizozo FFA Chapter held a meeting. During the meeting Steve Stearns was presented \$100 from the Federal Land Bank for his success in the Computers in Agriculture Program.

He won the state contest and recently went to Washington DC, where he attended a seminar on computers.

Jackie, Albuquerque, and cousins, Mr. and Mrs. Willie Sultemeier, Espanola, Mr. and Mrs. Lonzie Sultemeier, Belen, Sue Callahan and Harold Sultemeier, Albuquerque, Helen Sloan, Claunch, and Mr. and Mrs. Jim Heard, El Paso. Mrs. Fanny Brown came from Albuquerque.

month old cousin, Nathan Michael Tracey at the home of their grandparents, the Rogene Alford.

Mrs. Esther Myrtle Rockwell, Silver City, and Elaine and Pat Ingram, Socorro, were here for the Bagley services Saturday.

Services were held here for Alice Day Bagley, daughter of the late A. J. and Amelia Atkinson. Her five children were here with some of the grandchildren and great-grandchildren. These included her two sons, Marshall Bagley, Anchorage, Alaska, Billy and his wife, Dorothy, and three children, and Eddie and his wife, Laura, all of Silver City, and two daughters, Anelle Rory, Gig Harbor, Washington, and Pat Bassett and her husband, Roger, Westminster, CO, and the Bassett children, Dale Bassett, Loveland, CO, Judy Acerman and son, Casper, Wyoming, and Laura and Shane Meek and two children, Denver.

Other relatives were a sister, Edna Duplentis and daughter,

The American Legion and Auxiliary honored the students that attended Girls and Boys State with a potluck dinner and reception, September 4, 1984. There were 33 people in attendance.

A very informative report was given by the students as to what they learned about how our state and national governments are run.

The American Legion and Auxiliary held the regular meeting following the reception and reports. Girls and Boys State were discussed at that time. Parents, students and members agreed and are looking forward to the continuation of the program.

C'ZOZO

C'zozo school briefs

The Carrizozo FFA Chapter is taking orders for Grizzly jackets. Sale price of the jackets is \$38.50. The jackets are silver and red with a lining and will have the name embroidered. Assorted sizes (S, M, L, XL) are available in children's sizes also. To order, see an FFA member or call 648-2346. Ball caps are available also.

A five week class on beginning computers will start Oct. 1 at 8 p.m. at the high school. Bob Hemphill, computer teacher, said the class will be limited to 15. To sign up for "Introduction to Microcomputer" call 648-2347.

Patsy Sanchez is teaching the Adult Basic Education class for persons over 18 wanting to pass the GED (high school equivalency). For more information on times call Patsy at 648-2188 or the school at 648-2347.

School Superintendent Dr. Jim Miller and the coaching staff have asked the sheriff's department and town police personnel to be at the gates of home football games and check cars and people for alcoholic beverages.

After the game last week, there was broken glass in the elementary playground, on the streets, in the parking lot, and by the new gym. Drinking at games does not set a good example for the students. There is a state law against the consumption of alcohol on school property.

NEWS FROM—

Corona

Robert Williams is on vacation and there is no weather report. His Nogal construction work should soon be finished.

Several fans were in El Paso for the football game. Those making the trip included Kay Sultemeier, Roe Anne Alford, Waynette Lindsey, Shannon Byrd, Sabra Sultemeier, the Bradleys, Erramouspes, Mulkeys, Worleys, Sanders and Perkins. All were invited to the Bradford home for hamburgers prepared by chefs Mulkey and Sanders, potato salad, beans and a variety of desserts.

Preceptor Alpha Nu Chapter of Beta Sigma Phi met Tuesday afternoon at the Senior Center in Cedarvale. Helen Livingston was the hostess. President Eleanor Smith was in charge of the ritual and business sessions.

Pat Perkins distributed new yearbooks. Mrs. Smith asked that each program should be presented with one new word. T-shirts are selling and smaller sizes are on order. The pecans will arrive this weekend. Fifty dollars was voted for Michele Rose to use in her Wednesday morning home economics

classes. There will be a bake sale on election day, place to be determined.

Mrs. Livingston served chicken-enchilada casserole, salads, hot rolls, cake, ice cream, coffee, tea and punch. After the dinner break she presented two programs from the Outline "Lifestyle." The first on "Formal Education" discussed changes in education requirements, economics, and the demand for more education in the professions and business.

The second program was "The Family," the word family evokes an immediate response that is both intellectual and emotional. For this Mrs. Livingston included a review of the book "No Place to Hide" by Olsen and Patterson. These authors state that one out of two women are battered or abused. There are three stages of wife abuse, tension, violence and finally loving behavior. Abuse is both psychological and physical.

Roll call for this meeting "Are you ready for a lady vice-president." All answers were in the negative.

Joe Garcia was here from Thoreau on a business trip Tuesday.

Lisa Aarons and Becky Washburn were home from NMSU this weekend.

The Jim Youngs attended a wedding in Stanley Saturday evening, and Mr. Young attended the groom as best man.

Mr. and Mrs. Emery Owen had a nice trip over the weekend. They visited in Bloomfield with the Melvin Yanceys and saw Dusty play soccer and Melvin officiate. They returned by way of Durango, Bayfield and Pagosa Springs.

Mr. and Mrs. Alvin Jones, Round Mountain, Nevada, visited his aunt, Mrs. Ollie D. Wade, last week. Mr. Jones wanted to see his old home place. He has retired from the Nevada Highway Dept. and they were enroute to a convention in New York City.

The Sharps have returned from the State Fair where they saw Eric Sharp place 6th with his steer, and Linda Sharp get a 4th with her pig and 10th with a steer.

Mr. and Mrs. Milton Romans are the parents of a daughter born Sept. 13 in Albuquerque.

Steve Mulkey is at Fort McClellan in Alabama, and Anthony Saiz is at Fort Bragg. Steve will be in Military Police training.

White Mountain Apples harvest in full swing

White Mountain Apples, located in Hondo, NM across from the school, was originally formed as a co-op in the 1950s. The late Bert Pflingsten bought the business in the early 1960s. White Mountain Apples is managed today by Wes and Myrna Grigsby.

The major apples being processed are the Red and Golden Delicious. They are grown in orchards between Hondo and Lincoln.

Also available in limited quantities are the Rome Beauties, Golden Delicious and Winesaps.

New trees are continually being planted and these apples will also be in abundance in a few years.

The Grigsbys report that the wind machines - providing frost protection - worked well this year and a nice crop is being harvested. A nice sized cooler keeps the apples as fresh as when they are picked.

No sweeteners or preservatives are added to the cider derived from these apples giving the cider a most excellent taste.

While visiting the White Mountain Apple Shed, one may also purchase fresh corn, black-

eyed peas, yellow and zucchini squash, and green beans (blue lake).

A crew of about 20 is employed by the business which is open seven days a week until the season ends usually near the end of October. Business hours are from 9 a.m. to 5 p.m. The telephone number to call is (505) 683-4355.

The Grigsbys invite you to stop by and visit this unique business.

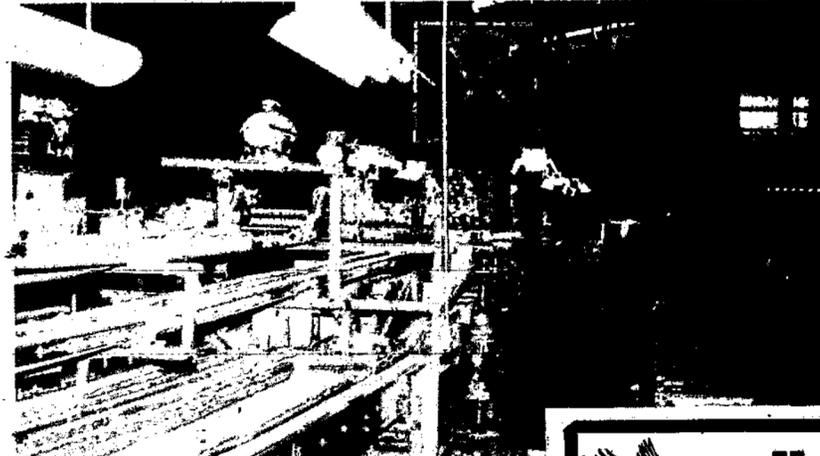

by Bart McDonough

9 to 5 — The White Mountain Apple Shed is open seven days a week during the season in Hondo, NM. Gift orders are also available here.

GOOD CIDER — Mr. and Mrs. Reed Atchley of Roswell enjoy a bit of cider at the White Mountain Apple Shed. Atchley is a newspaper man and has also played piano in the area for more than 40 years.

PRODUCTION LINE — White Mountain Apples are processed in this modern plant.

Pvt. Paul F. Hicks, son of Albert F. Hicks of Ruidoso has graduated as an armor crewman at the US Army Armor School, Fort Knox, KY.

The training was conducted under the one station unit training (OSUT) program, which combines basic combat training and advanced individual training into one 13-week period.

During the course, students received training in the duties of a tank crewman, including firing the tanks armament and small weapons. Instruction was also given in field radio operations, map reading, and tank maintenance and repair.

trees to individuals for their personal use. A total of 3,900 trees, mainly piñon pine, will be available for cutting in five areas of the Forest. Fir trees will be sold only on the Mayhill District due to the damage caused by the current spruce budworm infestation.

Permits will sell for \$5.00 and will entitle the holder to a tree up

to 10 feet in height. Applications for a permit will be available about the first of November. The application will contain the location of the cutting areas and the number of trees available. As the time approaches, additional information will be available in newspapers, radio announcements, and at all Lincoln National Forest offices.

Ask Dr. Dan

I have a child with asthma which causes severe breathing problems at times. His specialist is 100 miles away and I need to know where I should take him during this attacks? C. M.

Many drugs can be useful in controlling asthma. Some can be taken at home but others require injections to be effective. I would advise talking with the specialist and getting guidelines on what steps to take with home medications before seeking medical help. It would be a good idea to see your local family physician and have him become familiar with your child's problem. Locally available treatment can often control asthma so that hospitalization is not required.

My husband and I have been trying to have a child for 3 years. What can we do to help me get pregnant? N.K.

Both of you need to have a thorough physical exam, as well as a detailed health history. If this does not pinpoint the cause of your infertility, further tests are needed. About 60 percent of infertility is related to problems with the women and 40 percent due to the man. Many causes are treatable. Your family physician can handle the diagnosis and usually the treatment, unless surgery is required. Patience is required when undergoing a fertility evaluation.

Send questions to Dr. Dan, P.O. Box 8, Carrizozo, NM 88301.
