C'zozo Fun Days this weekend

The second annual Carrizozo Fun Days will be October 13 and 14 in Spencer Park. Activities include a FREE barbecue, parade, horseshoe pitching tournament, golf tournament and softball tournament, all on Saturday. The 10K run and two mile fun run will be on Sunday. A flea market will be in the park for browsers and buyers.

AT COMMISSIONERS MEETING—

Cochran explains CDBG-NMCA programs

Lincoln County Commissioners signed resolution 73-9 during regular session Tuesday. The resolution states, the county desires to participate in the Community Development Block Grant and will apply for CDBG funds to repave Gavilan and Carrizo Canyon road under the infra-structure program.

Also signed was resolution 73-10 for New Mexico Community Assistance funds to purchase land for a landfill and equipment for the landfill.

John Cochran from the Southeastern New Mexico Economic Development District office in Roswell was at the commissioner's meeting to explain the CDBG and NMCA programs. The maximum

amount that the county may receive for each program is \$500,000. A county project profile needs to be in Santa Fe by the 12th and the applications are to be sent by Oct. 26.

Commissioners approved the transfer of ownership of Dispenser Liquor License No. D-163 from Glenn E. and Bonnie R. McDaniel, d-b-a Riverside Rancho Restaurant and Lounge to Marion L. Hampton and William H. Mason Jr.

Action was deferred on a petition to add Gonzales Townsite roads to the county maintenance system. The road is approximately one fourth mile of old highway 380. It was decided that the county should find out the status of the road from the

state highway department.

The office of Revenue Sharing sent a report of compliance with the revenue sharing handicapped regulations. Section 51.55 in the Federal Register prohibits discrimination against qualified individuals because of their handicapped status in admission or access to, or treatment of employment in it programs and activities.

The Lincoln County Manager's Office has been designated as the contact to coordinate efforts to comply with the requirement.

Commissioners signed the emergency medical services fund act grant application. Funds received will be used for equipment for the ambulances so

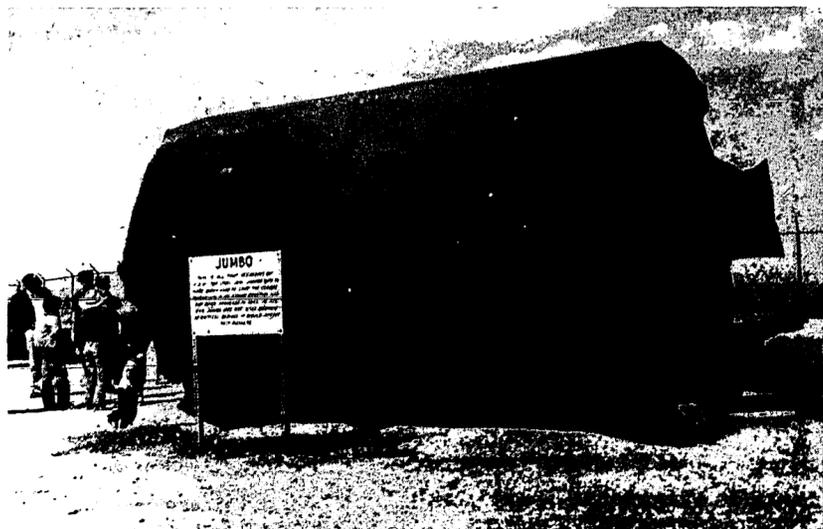

they will continue to meet the general order of compliance.

A turn around in a request for planning and zoning came with the approval of the replat of units 5, 6, and 7 of Deer Park Woods Townhomes. The replat has seven less lots than were previously platted.

A co-op agreement was signed with the state highway department for reconstruction of Gavilan Canyon Road.

County Road Superintendent Earl Krieg resigned saying, "I would rather go back to running a blade."

An executive session was held to consider applications for the opening for county road superintendent.

THIS HUGE cylinder was originally planned to be around the atomic bomb so in case the bomb didn't work, the plutonium could be saved. Given the name 'Jumbo', it was decided to not use the cylinder and it was left on a tower away from the bomb site. The explosion vaporized the tower that held Jumbo. Attempts were made to destroy Jumbo with dynamite but this piece remains as a reminder of the historic event. The Atomic Age was born at Trinity Site. And the work world has not been the same since.

THE CARRIZOZO Chamber of Commerce met at Zia Senior Citizen Center on Tuesday with a 'Meet the Candidates' luncheon. Among the candidates to hand out campaign literature were A. W. Gnatkowski, Marian L. Schlarb, Maurice Hobson, and Fran Siddens. Dr. Dan Blodgett presented information on the mill levy that will be on the November ballot.

Cummins attends symposium

Ruidoso mortician Bronson Cummins, funeral director at Clarke's Chapel of Roses, recently attended a symposium at the University of New Mexico of Medicine to learn the first steps in restoring sight to the blind.

The course on removing donated eyes from cadavers included lectures on sterile technique, eye bank procedures, legal requirements for making donations, and surgical procedures.

The UNM office of continuing medical education organized the course in cooperation with the New Mexico Lions Eye Bank.

Cummins also serves as a deputy medical investigator for Lincoln County.

Ken Cole appointed finance chairman

Ken Cole has been named Chairman of the Development and Finance Committee of Ruidoso-Hondo Valley Hospital Foundation. Appointed by Mary Spencer, President of the Hospital's new financial organization, the Committee has already begun to study ways and means to create community-wide financial support for the Hospital through its nonprofit, nongovernmental Foundation.

Working with Ruidoso-Hondo Valley Hospital's Governing Board and Administration, the Development and Finance Committee will strive to establish financial support over many years for the continued growth of Ruidoso-Hondo Valley Hospital.

"We're going to actively involve many people — representing broad community interests — in our work", said Cole. "We'll use all available resources to assure our people of the finest medical care at the lowest possible cost."

Already working on the Committee with Cole are: Mac Bell, Sunny Edwards, Johnny Jarratt, Bill McCarty, Jim Miller, Gary Mitchell, Tommy Pertert, Woody Sewell, Dr. Donald Sims, Wynema Tully, and "Bones" Wright.

The separate, nonprofit, nongovernmental, charitable corporation was established in July, 1984. As the financial Master Planning Arm of the Ruidoso-Hondo Valley Hospital, it provides the means to assess and determine community health care needs; to state them realistically; to formulate plans to obtain these objectives; and to encourage public interest, action, and support of specific projects necessary to achieve the Hospital's purpose.

Carol Schlarb will head cystic fibrosis bike-a-thon

The Cystic Fibrosis Foundation will stage a Bike-A-Thon starting 9:00 a.m. on October 20, 1984 at Carrizozo to raise money to help conquer cystic fibrosis.

Chairperson of the Bike-A-Thon will be Carol Schlarb. Carol will be on hand to welcome participants and award prizes.

Cystic Fibrosis is the country's number one killer of children and young adults. Every day approximately five children are born with it; every day an average of three die of it. The disease is inherited and incurable. Medical therapy has quadrupled the life expectancy of CF victims in the past 15 years. However, fewer than half of today's victims live to be 21.

These giant strides of progress are due to earlier diagnosis and improved methods of treatment, which are developed from a better understanding of the disease.

Carol, chairperson of the event, urged both children and adults to either bike or sponsor a biker in the Carrizozo Bike-A-Thon.

"Just come to City Hall or phone 648-2897 to get sponsor sheets," said Carol. "Then go to your relatives, friends, neigh-

bors, schoolmates, and/or coworkers and get them to pledge a certain amount for each mile you ride. The idea, of course, is to get as many sponsors as possible.

TODAY—

C'zozo high school - mid school 'parent-teacher' conference

On Thursday, October 11, from 6:00 p.m. to 9:00 p.m., Carrizozo Schools will hold their annual High School-Mid School parent-teacher conferences.

All conferences will be held in the old gym just as they were last year. The conferences will include grades 5-12. Parents will be given a copy of their student's

schedule. Teachers will give the student's report cards directly to the parents. These conferences are very important to the future success of our students. Parents will get the opportunity to discuss class content, homework assignments, grades and classroom behavior with their child's teacher.

It's a great way to have fun, and raise a money for an important cause.

Carol said that donated prizes will be awarded for the

person who raises the most money. T-shirts will be given to participants raising \$30 or more. Registration will begin at 8:30 a.m. at the new gym.

Courthouse openhouse Wednesday

County Government Week is Oct. 15-19. Wednesday the 17th an open house will be held with tours of the courthouse and clinic. Ambulances will be on display, also. Refreshments will be served to those attending.

A special invitation for all to attend Wednesday from 8 a.m. to 4:30 p.m. and learn more about county business.

Notice

There will be a CDBG Committee Meeting October 15, 1984 at 6:00 p.m. at the Carrizozo City Hall. All interested people are urged to attend. Topic will be: Changing Of Income Guidelines For A Rehabilitation Grant.

It is critical that any problem (s) a student might have be solved early in the year so that maximum student learning can take place. Please make every effort to attend.

Elementary school conferences will be held on October 15.

School pictures will be taken

GROUND ZERO, where the first atomic bomb exploded is the site of this monument. Johnny and Danny Culley of Carrizozo read the inscription, "Trinity Site, Where the World's First Nuclear Device was Exploded on July 16, 1945." Another plaque reads, "This site possesses national significance in commemorating the history of the USA." Made of the black lava stones found in the area, this monument serves as a reminder of the momentous event that occurred there.

SCMRC&D meet in Carrizozo

The South Central Mountain RC&D group will meet at the REA Building in Carrizozo Tuesday, October 16 at 10:30 a.m. Katherine Finley of Ruidoso will be guest speaker.

ART ASSOCIATION

Mr. Joe DeTevis, art teacher at Carrizozo schools attended the New Mexico Art Conference held at the Clarion Hotel in Albuquerque. The four corner Oct. 4, 5, 6, and 7 conference was sponsored by the Art Education Association of Arizona, Colorado, New Mexico and Utah. It will be 8 years before New Mexico will again host the multi-state meeting for public school and college art educators. The bi-annual conferences originated in 1974.

Mr. DeTevis attended opening days on Thursday and Friday. The work of four of his students was selected for display during the event. The local students whose art was exhibited during the conference were Consuelo Apodaca (elementary); Craig Collins, Kay Zumwalt and Joe Luera (high school). The work included crayon, India ink, poster paint and pastel.

SKILLS SHARPENED
The art conference participants sharpened skills in critical thinking and problem solving. Professional growth awareness of new media and techniques were introduced. A workshop that impressed Mr. DeTevis was the demonstration of a new paint product that can be used on wood, paper or cloth.

The event featured guest speakers from the art field in New Mexico and other states. Entertainment was provided by a costumed group from Austria who played musical instruments. The conference included a trip to Santa Fe galleries and a visit to the balloon fiesta in Albuquerque.

ATTEND SHOWER

A big crowd of women and girls attended the shower to honor bride-to-be Dolores Zamora. Among the out of town well-wishers were Corona residents Mrs. Toby Sanchez (Betty) and daughter Beverly. Others included Mary McKinley and daughters Beatrice Jiminez and Rosemary Medina all of Las Cruces; Mrs. Lee Jackson, Tularosa; Sandra Lopez and Stephanie Saucedo, Albuquerque; Arsenia Navarro, Alamogordo.

Dolores, daughter of Mr. and Mrs. Rito Samora, will marry

Jay Renney, son of Mrs. Lee Jackson on Saturday, October 20 at Santa Rita Catholic Church. Dolores is a 1984 Carrizozo High School graduate.

UNIQUE GIFTS

The shower honoree received many lovely gifts including a handcrafted pot holder set in crochet by Bertha LaFave. Another special gift was a Tupperware bowl and cover in which Beatrice Ortiz placed ingredients for making tortilla dough - a necessary skill associated with the art of domestic engineering, also known as housekeeping.

GRANDDAUGHTER WEDS

Members of the Duran Choir were in Las Cruces Sept. 1 to participate at the Mass for the wedding of Sylvia Alirez who became the bride of Arnold Villalobos in a ceremony in Holy Cross Catholic Church.

Grandparents of the bride are Mr. and Mrs. Erminio Sena of Corona. Parents of the bride are Mr. and Mrs. Leo Alirez former residents of Corona and now residents of Las Cruces. Mr. and Mrs. Sena and their daughter, Mrs. Alirez, the former Zenida Sanchez resided at Oscura in the 50s.

STAY BUSY
Rose Luera, on the staff at Zia Senior Citizens Center joined seniors at a nut-cracking session last week. The group was busy cracking, chatting and laughing when I stopped by. Mariana Vega, Rose Chavez, Millie Baer and Viola Vigil still had several sacks of pecans available at the center by the pound, shelled or unshelled. (Just in time for holiday baking - Halloween, Thanksgiving and Christmas.) Is it that time of the year already.

AUTUMN WREATH
Carrizozo senior citizens have scheduled a fall colors trip to Parsons on October 12. A picnic lunch is planned. Those going may be interested in making an Autumn glory wreath made by collecting colorful leaves and pinning them to a straw frame.

Bundles of leaves are yours for the taking when nature unloads her annual supply of fall-colored foliage. Those yellow, gold, burgandy, brown and russet

leaves make up a palette to create the wreaths. Collect leaves on a walk through the woods, down the street or even in your own yard.

For each wreath you will need a straw wreath base from a hobby shop and several packages of florist's pins. Collect freshly fallen leaves before they turn soggy or crumbly. You can also pluck some still hanging on the branches. Don't overlook interesting seed pods and nuts which you can add to your arrangement.

Pin several leaves at a time to the straw frame, inserting florist's pins around ribs near the base of the leaves. Overlap leaves shingles to cover straw. To retard the inevitable drying process, you can spray the finished wreath with an anti-transparent, a wilt-preventing spray that nurseries sell for treating Christmas trees and transplanted shrubs.

LAST LAUGH

A housing subdivision is where they cut down the trees and then name the streets after them.

Cowbelles meet

The Canyon Cowbelles met for their regular luncheon-meeting on Oct. 3, in the Medallion Room of the REA Building, with Annie Withers and Patsy Sanchez as co-hostesses. President Annie Withers conducted the meeting.

The three Canyon Cowbelles, Ruth Wilson, Jane Shafer and Annie Withers, attending the National Beef Cook-Off in Albuquerque, gave reports and some of the highlights of the cook-off. Ruth was the "favors chairman" for the cook-off and one of the favors was a hot-pot-holder made of denim with an appliqued cow on it. Ruth was also an aid and helper for the entrant from Boston, MA. Jane played the background organ music for the Awards Banquet at the Hilton Inn, and Annie and Ruth enjoyed the presentations. The winner received a telegram of congratulations from President and Mrs. Reagan. Some of the winning recipes were passed out to the members attending the luncheon.

The November meeting will be at the ranch home of Bunty Richardson, and feature the annual membership drive. Each member is asked to contact Rosemary Shafer, giving her the name of your guest, so invitations may be sent.

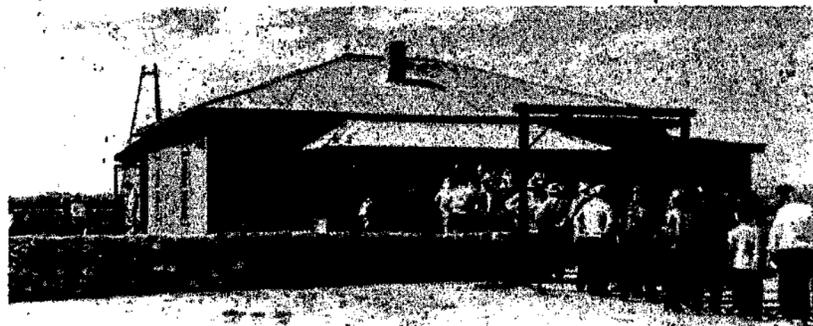

The attending cowbelles signed a Get Well Card, to send to member Ella Sidwell who is recovering from an automobile accident, and is in the Gerald Champion Hospital in Alamogordo.

Jan Barham won the

beautiful cake door prize, which was donated by Margaret Stearns. The door prize proceeds from each meeting are donated to the NM Girls Ranch.

Mary Folkner, 10 year old Captain School girl that won the Canyon Cowbelle quilt at the Lincoln County Fair, was so happy with the quilt as the brand of her grandmother is on the quilt. Mary's grandmother is Dorothy Epps, who ranches north of Capitan.

The nominating committee, Pat Hume, Mattie Brieger and Genevieve Duncan, will present the names of the 1985 officers for approval at the meeting in November.

THE GEORGE McDonald ranch house was open to the public for the first time during the annual Trinity Site Open House on Oct. 6. The plutonium core to the first atomic bomb was assembled in the front room. Hundreds of people rode the shuttle bus the two miles from Ground Zero to tour the house. Displays of photos taken during the building of the bomb showed how the house and area looked in 1945. One photo had the caption, "The military police unit which provided security at Trinity Site was a mounted unit. They had a number of horses in corrals and a blacksmith shop at Base Camp."

Hondo travels this week to Carlsbad to play its first district game of the season against Bethel Christian. This will be a 2 p.m. game on Saturday, Oct. 13.

Coach Montes had this to say about the Homecoming victory "After offensive mistakes in earlier games we were finally able to execute well."

Capitan FFA busy, KC trip planned

The Capitan Future Farmers of America members have been very busy since the beginning of school in August. Several FFA members exhibited their animal projects at the Eastern New Mexico State Fair in Roswell. Toni Crain won 4th place in the Hereford Heifer competition. Mike Lunn placed 7th in the Hampshire Lamb Division while Robert Marrs placed 8th in the Crossbred Market Barrow Class. Other members who also showed hogs were Nick Najjar, John Parker, Chris Peralta, Mark Romero, and Robbie Runnels.

During the New Mexico State Fair in Albuquerque the chapter members constructed a fair booth to compete against other chapters in the state. The booth won \$60.00 and placed 6th.

On August 30 - 31 of the chapter members held a hamburger cookout at the Bonito Club at Ft. Stanton. The meal was a disaster because of the lack of heat to cook the meat, but all of the members had a great time anyway.

FFA members held a meeting Sept. 20 to plan activities for the next few months. The meeting was called to order by President Robert Marrs. The chapter decided to hold a turkey

shoot prior to deer season to give the community a chance to sight in their rifles and to have a good time and possibly win a turkey for Thanksgiving. Also to be included at the event will be a shotgun competition using clay pigeons.

During the meeting the members also voted to sell sausage as their major money making project for the year. Julian Romero was elected chairman of the School Improvements Project and Merry Sue Hogan was elected chairman of the Capitan Street Sign Project. These two projects are hopefully going to win the Capitan Chapter an award for "Building Our American Communities."

At the conclusion of the meeting Mr. Daugherty, the advisor, informed the members as to who would be eligible to travel to Kansas City, Missouri for the National FFA Convention in November. Those members are - Robert Marrs, Ronald Joiner, Ronnie Sanchez, Mandy Morton, John Parker, and Merry Sue Hogan.

OPINION...

"NOTHING," notes John Kenneth Galbraith, "is so admirable in politics as a short memory." Galbraith is a steaming liberal. "Voters," says former President Richard M. Nixon, "quickly forget what a man says." He's a conservative. Here we have a bipartisan conviction that voters simply cannot remember all the evil things their political leaders do to them. Were it otherwise, there wouldn't be a single incumbent legislator in any state nor a single Congressman in Washington for more than one term. Or should be. This well-known fact is why Congress adjourns tomorrow, Oct. 5. To remain in session, each Congressman would run the risk of doing something that would reflect unhappily on his re-election or his party's triumph on Nov. 6. You see, they have learned from experience that voters can remember their bad deeds for up to 30 days, but not longer. Hence, if voters are robbed and enslaved prior to the 30-day election year Era of Sweetness and Light, they simply forget who did it to them. We exempt from this rough assessment of voter indifference and forgetfulness any voter whose dog may have been kicked by an elected servant of the people.

WALTER Mondale's top legal adviser is David Ifshin. People don't remember David Ifshin, just like they don't remember how Jane Fonda went to Vietnam to savage the United States. David Ifshin led a delegation to Hanoi in 1970 to denounce the United States to US servicemen fighting in South Vietnam. Hang onto his every word: "I realize, especially after this trip, that the US government does not go to South Vietnam to fight for democracy, or to defend the people, but they go there and send us there to murder the people of Vietnam in order to make South Vietnam into one large US military base, not to defend the United States, but to aggressively threaten other countries. The fear is that if the Vietnamese are allowed to have their own country, are allowed to determine for themselves their own interests, they will not support the investments of private capital." Asked to defend this loyalty to the Communist cause and treachery toward his own country, he whined: "I only did what my generation was doing."

PEOPLE don't remember that the Rev. Jesse Jackson stole \$706,431 of their money and refuses to give it back. Actually, the US Department of Education gave five grants to Jesse's PUSH scam totaling \$3.1 million of taxpayer money. Jesse only stole \$706,431, officially. The US government has asked for the money to be returned, but Jesse shrugs off the demand as being a "nasty... conspiracy." If you owed the US government \$706,431 they would descend on you and strip you of your assets in a flash. But Jesse is a protected species—black, articulate, clever, anointed of God, and in control of a lot of votes.

PEOPLE don't remember that Holy Man Jackson pilgrimaged to Havana recently to conduct American foreign policy with Dictator Fidel Castro, and to enhance his candidacy for the Democratic nomination, which is illegal. Or that his trip cost \$250,000, paid for by the Communist governments of Cuba and Nicaragua. But the Federal Election Commission is doing nothing about this. For Jesse is a protected species, like California Assemblyman Speaker Willie Brown, and neither must be disturbed in the transgressions of law. Have people forgotten already that Willie Brown personally derided the electorate's will by refusing to implement Prop. 24? Criticize either Jackson or Brown and you become known as a racist, and you will not be invited out to dinner.

WATCH OVER WASHINGTON—

By LES KINSOLVING

Mr. Mondale's Gromyko coup and other jokes

WASHINGTON — The Mondale-Ferraro campaign is, at this writing, achieving such spectacular results in the polls that, if the trend continues, on the morning of November 7, George McGovern and Jimmy Carter may look like winners.

On the other hand, this Mondale-Ferraro campaign is contributing significantly to the extensive repertoire of Washington wit.

One wag is doing a land office business in campaign buttons: **GERALDINE FOR GOD-MOTHER.**

And one of the better known one-liners is "President Mondale's January Surprise: A Full Pardon For His Vice President."

And even though Mrs. Ferraro-Zaccaro announced on July 12: "Give me weapons, and I don't know one from another" — not to worry. Numerous tenants of the Ferraro-Zaccaro Real Estate Company are reportedly very well acquainted with weapons — including hand guns, Tommy guns and sawed off shotguns.

It is also said that the reason that Presidential Nominee Walter Mondale made his disastrous and short-lived choice of Burt Lance to head his campaign was because Billy Carter wasn't available.

Mr. Mondale — after being ignominiously and publicly whipped into action by House Speaker Tip O'Neill — is out in the hustings obeying, with at least hourly denunciations of Ronald Reagan The Ogre. But back in Washington, Nominee Mondale's brother, George Washington University professor Clarence Mondale, seemed to summarize much of the national reaction to all that Norwegian charisma by admitting:

"He (brother Walter) almost puts me to sleep. I think it's Minnesota style. I heard terrible speeches growing up."

Brother Clarence, when asked if Walter can win in November, replied: "The wisdom around here is that he can't."

This fratricidal estimate

contrasted sharply to the enthusiastic reaction of John Zaccaro's cousin-Nick Zaccaro, as reported in The Bangor Daily News.

The good news is that Mr. Zaccaro has announced, "I'd vote for (Geraldine) 500 times if I could."

The bad news is that he can't vote for her even once.

The good news is that Mr. Zaccaro announced: "I'll tell you one thing. I never had anything to do with the Mafia."

The bad news is that 53-year-old Mr. Zaccaro is doing his 31st year behind bars in State Prison, this time for burglary.

Even more bizarre is what the Mondale campaign apparently regards as an enormous political coup: Soviet Foreign Minister Andrei Gromyko's meeting with Mr. Mondale before he met with President Reagan.

In recent American political history, it is hard to remember any other candidate for the Presidency who regarded such a Soviet endorsement as a plus — and who would regard such a Communist slur upon the office of the President of the United States as a campaign achievement.

But Mr. Mondale has a chief of his campaign legal staff, David Ifshin, who visited Hanoi during the Vietnam War with the "People's Peace Treaty." And Mr. Ifshin, when asked about this, replies: "Everybody in my generation did it." (Well, not everybody. There's a new memorial in Washington to 52,000 Americans who died fighting Mr. Ifshin's acquaintances in Hanoi.)

Letters TO THE EDITOR

OPEN LETTER—

EDITOR—An incident occurred on Saturday night 9-22-84, 50 miles west of Roswell on Pine Lodge Road. This was the killing of 6-18 month old cows, by uncaring persons using .22 caliber gun. For whatever reason these people killed these cattle indicates a poor frame of mind. We are not blaming any group or segment of people.

Why should these cattle die and the meat wasted when there are so many hungry people in our society. No attempt to take any of the meat for food was evident. So, it appears this was a few minutes pleasure to some passerby to mercilessly kill these six cows.

To these peoples satisfaction they might like to know their spree cost the owner in the neighborhood of \$3500.00 for the market value of the cattle and related expenses. Plus these were replacement cows to be used for some 10 to 12 years. Not to mention the efforts and time of interested friends and neighbors. Also to the expense of every tax payer in services provided by the Sheriff's Department, Game Department and other agencies investigating such cases. So, we all pay for thoughtless crimes.

Will gun regulations help? No. The criminal will always find a way to have in his possession a gun if he has intentions of wrongdoing.

This is not the first such case in this area this summer. Losses of goats and sheep has occurred on other ranches.

Deer poaching is very common. Unless serious sportsmen begin policing and reporting game irregularities, one day the deer population will be like the elk and antelope, in small numbers to the point where drawings to hunt will be necessary.

The losses of livestock in New Mexico only, has a bearing on each and all our lives. There are many such incidents annually. This has a bearing on the general economy, including the farmer and consumer, though it may be a small portion, when added to other stresses it hurts us all.

Ranchers are often condemned because they lock gates on their property. The general public often times doesn't realize every blade of grass is part of our livelihood. Driving around over the ranches is often disturbing to livestock and when vegetation is good, range fires are a danger from autos. We do not like to live behind locked gates but there are to many un knowledgeable or inconsiderate persons in the field. Those who drive over grasslands would not appreciate others driving on their lawns, camping on their property or perhaps littering.

Many agriculture people find it necessary to maintain their own roads and it takes only one trip through the mud to create a situation that takes many hours of time and expense to repair.

When livestock losses are experienced as in this case, we all grow more defensive toward those who travel the country side for pleasure.

Anyone knowing or seeing such incidents are urged to report to the nearest law enforcement agency, names, license numbers, car descriptions or other identifying information. It is all our duty to protect our fellowman. A reward is offered in this case.

Sometime in the lives of the people who committed this wasteful crime, we hope their conscience will take over and guide them to a better way of life. Live and let live!

INSIDE THE CAPITOL BY Fred McCaffrey

SANTA FE—Is it possible to talk dispassionately about impeachment?

Only if we do not aim the discussion at any particular person holding office who might conceivably be the object of such an attempt.

But the subject is worth considering now because it is being explored around the state as it never has been within recent memory. Serious study is being given to what the state constitution provides on the subject and to the pros and cons of an attempt to apply those provisions.

THE WORDS: Article IV, sections 35 and 36 of the state's basic governing document is remarkably vague on the subject.

Nowhere, for instance, is there a clear statement about who may be impeached. Probably the process may be applied to governors, lieutenant governors and other high-ranking elective officers, along with judges, some attorneys hold.

Nor is there use of such terms as "high crimes and misdemeanors," which are the necessary cause for such an

action at the federal level. Again, lawyers who have given thought to the subject here say the same sort of conduct is likely to be the only thing on which the process could successfully rest.

The procedure itself is much like that provided for in the national constitution—the House must first vote a bill or bills of impeachment, and the Senate then sits as a tribunal to judge the case.

For a House vote to impeach, a simple majority suffices. The Senate, however, may only convict if two-thirds of the members vote to do so.

SPECULATION: Would a person who had been impeached by the House be suspended in his or her duties? Some attorneys say that would appear to be necessary. That would mean, for instance, that if a New Mexico House acted on such a matter at the close of an annual legislative session and the Senate did not meet to try it till the following year, a governor's power (just to choose one example) would probably be suspended during all that time. The lieutenant governor would, of course, become acting governor during such an interregnum.

Would any high-ranker ever permit himself or herself to go through such a process? Not likely, most who are willing to discuss the matter say. They are evidently convinced that the same kind of pressure which led Richard Nixon to resign would act in this sort of case in the same way.

REASONS: Is all this too far-fetched to merit serious consideration by New Mexicans?

No, many people are apparently saying.

When a sufficiently large proportion of the population is sufficiently disturbed about the conduct of a public official, such

discussions are bound to occur. They are occurring now, whether others wish to admit so or not.

One legislator who was on his way to almost certain defeat is said to have turned his race around because he assured his district's voters he would give serious consideration to the matter if it rose in 1985.

An embarrassing topic, yes—which, like death, some do not want to discuss. Still, it is alive and with us in New Mexico at the moment.

Maybe every citizen should be considering how he or she regards it.

(Cont'd. from P. 7)

"Beef and Beef Products Necessary to our Daily Life" is the theme for the poster contest. Betty Ann Bell is poster chairman. Posters will be judged and the winners sent to Albuquerque for the Cattlemen's meeting there Dec. 6. A carton of chichlets, a beef byproduct, was ordered.

The "Five State" Cowbelle meeting will be held in Clayton, Oct. 26. Sue Maness and Eve Latham and others will attend.

Mrs. Maness and Jaunita Sultemeier served on the by-law revision committee and presented the proposed changes for discussion. A resolution opposing the one hundred dollar annual assessment was drafted. The By-laws will be approved or rejected at the state convention.

Crown Cowbells will sponsor the annual hunters ball in November. Charges will be \$7 per couple, \$5 single.

Mrs. Bell and Kay Sultemeier were named to investigate the difference in cost of hamburgers with all beef compared with beef and soy bean extender. They will serve with Leo Sultemeier to see about a dishwasher for the school lunch room.

Mrs. Joe Atkinson sent Crown an invitation to attend the Chuck Wagon Cowbelle meeting in her Belen home on Tuesday, Nov. 13.

Hazel Bickford urged all to attend the Executive Women's Conference at the Santa Fe Inn of Loretta on Nov. 2 and 3. Workshops are planned on Arbitration and Negotiation skills, Managing Men, Managing

Women and Managing Yourself and other topics. There is a network of women solving for woman's problems.

Carol McConnell announced that 400 pounds of beef hanging weight will be raffled at the Hunters Ball by American Legion Beaver-Bond Post No. 35. Donations are \$1. Proceeds will go toward Boys State and the Health Clinic projects.

An invitation was read from the Corona PTO to attend a Discovery Toys fund raiser at the school recreation room any time after 3 p.m. Thursday, Oct. 25.

Very interesting reports on the National Beef Cookoff were given by Mrs. Maness, Jaunita Sultemeier and Ruth Wilson. They agreed that the cookoff was a wonderful and unique experience, but one not soon to be repeated. Mrs. Sultemeier was cook aide to the Georgia contestant who won a 5th place for her Beef and Brw. Mrs. Maness was aide to the California contestant, a man who was the author of several cookbooks.

Mrs. Wilson was chairman of the decorating committee. They used arrangements of native plants, in tin cups, yucca, teal and others. She reported that the first vesper service to be held at a cookoff was well attended. President Reagan sent a congratulatory telegram to the dinner meeting that concluded the cook off. There had been shopping tours, an Old Town Tour, a tour of the King Ranch, a pitchfork fondue, and other activities. Mrs. Wilson was aide to the contestant from Massachusetts. The three cook aides shared impressions and stories with Crown members.

The next meeting will be Thursday, Nov. 1 at the home of Katie Sultemeier with co-hostesses Kay Sultemeier and Pat Davidson.

Deer season draws near

The rifle deer seasons are just around the corner. This year there are five different hunt periods, three in the northern half of the state and two in the southern half. LINEBACKER KENNY Crenshaw (left) and quarter-back Dominic Vega were named 'players of the week' by the Grizzly coaching staff for their play against Mountainair. Crenshaw was recognized for his defensive play—which included being in on 14 tackles and was also credited with (2) quarter-back sacks. Vega was recognized for his offensive play—which included (1) TD's and a 2-point conversion, threw a 60-yard TD pass and (2) 2-point PATs. Overall Vega gained 79-yards on 7 carries and was 2 for 2 through the air good for 71 yards.

Tigers drop to (0-4) on season

After playing its best defensive game of the year the Capitan Tigers are still looking for their first win of the season.

The Tigers were defeated in Dexter last Friday evening, 21-6.

The Tigers took the opening kickoff and fumbled on the 2nd play of the game. The Demons got the ball on the Tiger 18. Penalties moved them back. However, after 2 nice scampers the Demons scored with 8:34 left in the 1st quarter. The PAT went thru the uprights and it was Dexter 7, Capitan 0.

The Tigers had trouble moving the ball and the Demons covered a bad snap from center on the Capitan 35. With half of the quarter gone the Demons scored

on a 35-yard pass. The PAT was blocked and Dexter had a 13 point advantage.

A nice 35-yard pass reception by Thompson late in the 1st quarter led nowhere and the Tigers were forced to punt.

Neither team scored in the 2nd quarter. Tiger fans were left breathless when Dewey Keller intercepted a pass on his own 30, cut back toward the Dexter side, cut back again and was tripped

up from behind by a shoestring tackle preventing a Tiger score. The half then ended.

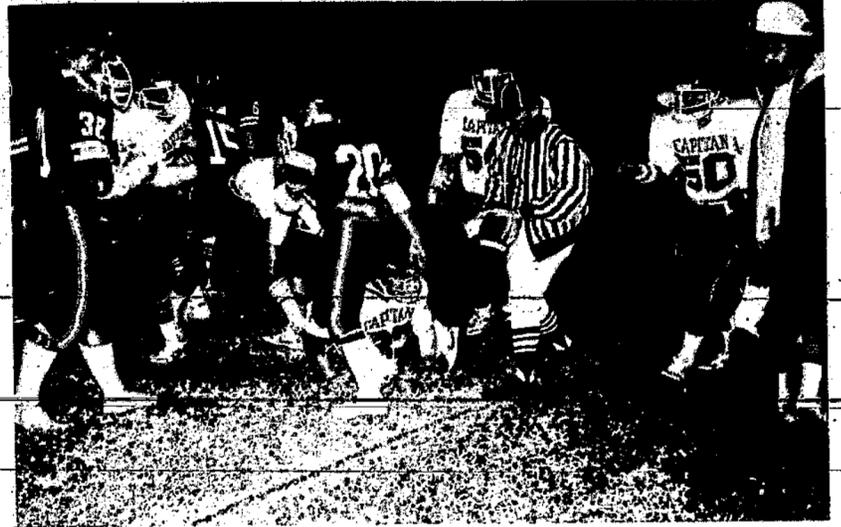

Both teams exchanged punts and with 4:58 left in the 3rd quarter the Demons put the ball over for its final score. The PAT was good for 2 points - Dexter 21, Capitan 0.

Demon drives stalled on the Tiger 10 yard line and the Tiger 30. With 1:13 left in the game Trent Thompson scored for the

Tigers on a nice pass reception. A Tiger pass for the PAT was no good. Dexter 21, Capitan 6.

With 4 seconds left in the game the Tigers intercepted a pass but time ran out.

Coach Thompson singled out Ben Wolff and Trent Thompson for their fine play and stated that Mark Romero is doubtful for this week's game in Reserve. The Oct. 12 game in Reserve is set for 3 p.m.

TIGER PUNT RETURN—The play was stopped right in front of the Tiger bench. Dexter stopped the Tigers Oct. 5 in Dexter 21-6. The Tigers are in Reserve Oct. 12 for a 3 p.m. encounter with the Mountainairs.

C'zozo opens district play-racks up 62 against Mt'air

Seniors Dominic Vega (QB) and Stevie Stearns (RB) combined for 46 points between them as Carrizozo opened District competition Friday night in a 62-0 whitewashing of host Mountainair.

Vega and Stearns led the assault on the Mustangs as Vega scored (4) times — on runs of 3 yards, 9 yards, 8 yards and a 75 yard kick-off return to open the second-half. Vega also added (2) 2-point PAT's; passed 60 yards to wide-receiver Joe Candelaria for another score and connected with James Guevarra on (2) 2 point PAT's.

Stearns meanwhile rushed for 282 yards on 18 carries and scored (3) six-pointers on runs of 15, 56 and 9 yards — plus running over a 2-point PAT. Junior Kenneth Crenshaw rounded out the scoring with a 10-yard jaunt in the first quarter.

Coach Dennis Sidebottom praised the play of his offensive line for their excellent work which led the Grizzly backs in racking up 403 yards rushing for the night.

The Grizzly defense completely stymied Mountainair and held the Mustangs to 9 yards total offense for the night as they recorded their 3rd shutout of the season.

Carrizozo stands at (5-0) for

the season with (4) games left on their regular season schedule — with the next (3) at home against Cloudercroft, Hagerman and Reserve before closing out against Capitan at Capitan. Showdown date is now only two-weeks away!

Other games of interest saw Ft. Sumner dropping Hagerman in Dist. 2A 33-7. Texico got back on the winning trail by dropping 'AA' Springer 30-0. Reserve kept pace with the Grizzlies (5-0) by dropping Cloudercroft 40-0. Tatum knocked Melrose from the unbeaten ranks by the count of 21-0. Capitan fell to Dexter 6-21 and travel to Reserve tomorrow (Friday).

Stearns has regained the rushing lead (in the state) with 909 yards in 73 carries, a 12.5 yards per carry average.

Cloudercroft will visit Laabs field Friday night for a District encounter with the local team — game time set for 7:30 p.m.

Carrizozo team takes first place

A team that calls themselves "Bree-Menee & Minee-Mo" Eileen Serna and Dorothy Payne took first place trophy and money, pitching horseshoes, at the State Fair at Las Cruces, Sept. 26, Oct. 6, they went back to Las Cruces to the "Whole Enchilada" and took first place trophy and money again. Jim Payne and Jack Hobbs took 6th place trophy, as did Margaret Watson and Vickie Vermillion.

Ask Dr. Dan . . .

Are colds contagious? R. I. Yes. Colds are illnesses caused by viruses which effect the lining of the mouth, nose, throat, eyes and upper breathing passages. The viruses are spread by the secretions from these areas. Coughing, sneezing, and nose bleeding can spread the infection by airborne droplets. Measures to prevent spreading include covering the mouth and nose during a cough or sneeze, washing the hands after blowing the nose, using a personal glass and towel not shared by others. Most importantly, if a person stays home during the acute stage, the likelihood of spreading the illness is very low.

Symptoms of a cold may include runny nose, nasal or sinus congestion, sore throat, fever, chills, cough, headache and muscle aches. Treatment is symptomatic since antiviral drugs effective against cold viruses have not been developed yet. Avoid over exertion, drink plenty of liquids, get enough sleep, stop smoking, take aspirin or acetaminophen (Tylenol), and see your doctor if you suspect that you have a more serious bacterial illness such as tonsillitis, sinus infection or pneumonia.

Send questions to Dr. Dan, Box 8, Carrizozo, New Mexico 88301.

FAMILY COURT

By Sandra A. Grisham

As an advocate of a family court for Otero County, I am frequently asked to explain just what such a court would be. The New Mexico legislature has mandated the establishment of a "Children's Court" division for each county. One or more judges must be named to sit as judge of the children's court, and presently those duties are rotated between both judges here in Otero County.

The district court may elect to establish a family court division instead. Basically, the children's court hears cases involving alleged delinquent children (those who have committed acts which would be crimes if they were adults), children alleged to be in need of supervision (children who are run-aways, chronic truants, out of control, etc.), neglected and abused children, adoptions and cases involving terminations of parental rights. A family court has the same jurisdiction as the children's court, but hears additional cases as well.

A family court also hears divorce cases, support, alimony, separation and annulment cases, paternity cases, cases alleging mental incompetency, insanity commitments, and guardianship cases. Additionally, the family court hears criminal cases involving adults alleged to have committed crimes against children (such as physical abuse or sexual abuse or exploitation) and crimes alleged to have been committed by one spouse against the other.

In Otero County so far this year over 50% of the cases filed have been family court cases, not including those crimes which would be heard by a family court. Of the 1130 cases filed, 954 are family court cases. One hundred sixty-five were criminal cases (14%), and the remainder were civil or probate cases. In 1983, 1,547 cases were filed, 800 (52%) of which were family court cases and 747 of which were other types of cases. I believe the statistics clearly show the need for a family court in our county, and the desperate need for a judge who not only has expertise in that area but also genuinely wants to deal with family cases in a positive manner.

The family court also supervises the Juvenile Probation Office. Juvenile probation officers have the statutory duty to take complaints relating to children or their treatment, to make referrals to other agencies when appropriate, to make reports and recommendations to the court, to supervise and assist children on probation or parole, and to provide marital and family counseling, and to perform miscellaneous other functions.

In their supervisory role, juvenile probation officers have the opportunity to do more direct counseling of troubled juveniles and their families than any other agency in our county. I firmly believe that it is a sad waste of taxpayer's money to treat or counsel children without involving the family as well, but yet this tremendous opportunity to make positive improvements in our community is not currently being used. We must develop juvenile probation officers with specialized education, training or experience in the fields of counseling, psychology or social work, and this is the responsibility of the family court.

We need to take advantage of our opportunity to create a court dedicated to family matters; devoted to resolving marital disputes whenever possible and, where not, to dissolve the marriage with the least possible bitterness and long-term ill effects on children. We need to take advantage of our opportunity to counsel our youth and their families, before they come back before a criminal court and in our prisons at a cost of over \$25,000 per year.

This is the work that a family court can and should be doing, and, of course, if the need arises for the family court judge to sit on some of the other 42% of the cases as well, that is perfectly permissible. No judge's work load need suffer because of a family court.

Tiny's Tire Town at 2135 White Sands Blvd. is not just a tire store. Tiny's is a family business operated by Tiny Sloan and his sons Riley and Red. Their philosophy is "We are a family business. If we take care of our customers, they will take care of us."
Tiny first came to Alamogordo in 1960. He had three service stations in town before starting the tire business in 1966.
In addition to tires to fit all cars of all sizes and pickups and trucks, Tiny's sells pretty wheels. The pretty wheels are Rocket and American Racing wheels.
Open daily from 8 a.m. to 6 p.m. and 8 a.m. to 3 p.m. on Saturday, Tiny's is closed on Sunday.
Tiny's offers financing and they try to guarantee satisfaction to meet the needs of the customer for years, not for just one set of tires. Entire families trade with Tiny and his sons.

Tiny's sells tires and wheels, repairs tires, and computer balances. Star, Michelin, Reynolds, and Stratton are the tires Tiny's sells.
They offer a road hazard warranty which protects the customers loss in the event of damaging a tire on a rock or bottle or whatever.
Star and Michelin stand up particularly well on rocks and rough surfaces. These tires are especially good for use on farms and ranches. The road hazard applies to some of the tires they sell.
Tiny's can meet all your tire needs. Their motto is "We are often out-promised but NEVER OUT-PERFORMED".
A trip to Tiny's can insure the safety of your vehicle with the purchase of new tires and it can be a pleasant experience to you the customer. The Sloans are always smiling and happy to serve.
