

# Water bill paid?

by Ruth Hammond

Mayor pro-team Bob Hemphill and councillors, Patsy Sanchez and Eddie O'Brien made the quorum for the September 10 Carrizozo town council meeting.

The board decided that aggressive action should be taken by the town on delinquent water bills. Letters will be sent this week for all delinquent accounts. The water meter will be pulled on any account that is six months or more overdue. There will be a \$50 re-connect fee. Arrangements may be made at City Hall for payments of the bills.

In other business:

The town will advertise for engineering proposals for preliminary work on the Carrizozo Municipal Airport.

Bids will be accepted until October 8 at 6 p.m. for the curbing on 3rd Street.

City crews will begin sealing the airport apron as part of the town's in-kind work. The sealing must be completed before freezing weather.

Action on researching the town's water rights and availability was tabled until a request is made for city water.

# Grading scale changes

by Linda Caldwell

Corona School Board held its monthly meeting last week at which time a new board appointee was sworn in and a 2nd-3rd grade teacher hired.

Milton Romans, appointed last month to fill the vacancy left by departing member Stanley Sanders, was duly sworn in. Miss Jerrie Polk was hired as 2nd-3rd grade teacher.

In other business, the Board agreed to change the grading scale used at the high school to conform more closely to those of nearby schools. Supt. John Clem explained that the higher Corona scale put students at a disadvantage because their 90 to 93 average appeared as a B on scholarship and special grant or program applications. Other surrounding districts put an A in the 90 to 100 bracket. After discussion, the Board agreed to make 90 to 100 an A, 80 to 89 a B, 70 to 79 a C, and 65 to 69 a D.

In his superintendent's report, Dr. Clem informed the Board of the Legislative Education Study Committee meetings. Hearings to obtain input before the next legislative session are being held around the state, at which time issues, problems, and needs confronting public schools will be heard.

Dr. Clem was to attend the hearings and any interested persons are invited to attend future sessions. Dates and locations will be announced.

# Willie Hobbs awarded bid

by Bartley McDonough

At the stated meeting of the Capitan City Council in July, Curtis Temple of Ruidoso was awarded a contract to operate the Smokey Bear Museum. His was the only bid opened at this meeting. At the August meeting of the council, this contract was ruled null and void. This decision was made because of an ambiguity in advertising for bids. Bids were called for once again.

There were three bids opened at the Council's regular meeting on September 9. Willie Hobbs of Capitan, who has operated the museum for many years bid \$1.00 per year. C.W. Seago of Capitan bid 4 percent of the gross revenue. Curtis Temple of Ruidoso bid \$150.00 per month and stated that he would give away \$400 of Smokey Bear related items to children.

After much discussion, Councilman Beavers stated that he felt the Capitan people should have a say so in the Smokey Bear Museum. "I can tell people of Capitan do not want a change." Beavers then moved that this contract be awarded to Willie Hobbs. This was seconded by Norman Renfro. Hobbs was awarded the contract on a 21 vote. Councilman Coker had stated earlier that he felt, "morally & legally" obligated to vote for the \$150 a month bid.

In other action, Village Clerk, Virginia Spall, was complimented for having been elected the new president of the New Mexico Clerks and Finance Officers Association.

The council decided to waive the monthly deposit on water and the garbage fee for Alanon and Alcoholics Anonymous.

The village will put out certain items for sealed bids. These items include a 1960 Michigan Loader, a 1980 Ford, a 1980 Dodge, a 1976 Ford (as is). These bids are to be opened at the October meeting of the council on October 14.

It was announced that Norman Renfro had been re-appointed to the gas board.

It was learned that Capitan citizens will find the Capitan dump open every Saturday from

noon to 4 p.m. in order to get rid of items that the garbage truck does not pick up.

Councilman Beavers stated that he had received 2 complaints of speeding in the sub-division. It was explained that one may file a complaint and have a hearing by a judge.

Councilmen heard from Jack Atkins-Landfair engineers for the Village. Atkins will request a hearing before the State Engineer concerning water downstream from the new well. The village decided to employ a water engineer consultant.

There will be a public hearing in October concerning the proposed Ordinance 851, amending the 1983 New Mexico Traffic Ordinance. This is to be adopted in November.

Pat Huey of Capitan had his water bill adjusted. Huey normally uses 10-15 thousand gallons a month. He had recently been charged with using 396,000 gallons.

# Range tour

The Carrizozo Soil and Conservation District will hold a range tour on Saturday, September 21, and the board of supervisors invites everyone to attend.

The tour will take place on the Hightower grazing cell near Ancho. Those interested should plan to meet at 'My House of Old Things' in Ancho at 9 a.m. or at the courthouse parking lot in Carrizozo at 8 a.m. where a bus will be available.

More information may be obtained by calling the district office at 648-2941.

# BULLETIN

The Capitan Homecoming Committee would like to invite all former Capitan High School Homecoming Queens to take part in the 1985 Homecoming Festivities on Friday, Sept. 20.

For further information call Laura Jones at 354-2567 during school hours.

LEAVING CARRIZOZO Stirling and Mary Spencer and their sons, Chris and Spence, will be moving to San Antonio, Texas where Stirling will be a chemical engineer. The Spencers were given t-shirts at a pot-luck dinner meeting of the Carrizozo Municipal Airport Committee.

# Area women delegates to national convention

Five area women will attend the convention of the National Federation of Republican Women September 20-22 in Phoenix, AZ.

Jackie Rawlins will represent Federated Republican Women of Lincoln County as

delegate and Emadair Jones is her alternate. Yvonne Lanelli is an alternate-at-large representing the New Mexico Federation of Republican Women. Corinne Law and Noema (cq) Page will represent FRWLC in a non-official capacity.

"This is one of the largest delegations sent by a New Mexico club," said Lois Aldrich, FRWLC president. Over 2,500 Republican women will attend what will be the largest political gathering in this non-election year, stated

Peggy Traver of Albuquerque, NMFRW president.

Key speakers include former United Nations ambassador Jeane (cq) Kirkpatrick, Senator Nancy Kassebaum and Senator Barry Goldwater.

President Reagan and Vice-president Bush have also been invited to speak.

Rawlins, first vice-president of FRWLC and Awards Chairman, will accept the Diamond Award on behalf of the club. "This is the highest award a club can earn on the national level. And this is the second consecutive time our club has attained it."

Rawlins and the others will also attend workshops covering topics such as campaigning and leadership. "These workshops represent opportunities for our women to learn to participate in politics," said Traver. FRWLC will hear the report of the national convention at their September 24 meeting.

# Bowling tourney in Oct.

During the September 10 meeting of the Carrizozo Chamber of Commerce, plans were made for the Bowling Tournament scheduled for October 25, 26 and 27.

Chamber president, Eric Lynch, reported that Christmas decorations for the town would be expensive. Civic organizations will be contacted for donations. Other suggestions were taken for ways to earn money for the decorations.

Carrizozo School Superintendent, Dennis Sidebottom, suggested a rifle range as an attraction to consider.

# C'zozo featured in Flying Review

by Ruth Hammond

The August issue of Flying Review, Aviation's Forum, featured a two page article with many pictures about the second annual Carrizozo Fly-In that was held June 29.

Included in the article by Jim Kinlen, publisher of Flying Review: The fly-in was well organized and administered. The wide variety of planes from antiques, experimental, warbirds, and production models arrived for the event from as far away as Austin, Texas, while the majority signing in were from Albuquerque, Roswell, Alamogordo, and El Paso, Texas.

Some of the pilots stayed overnight, enjoying the small town flavor of Carrizozo and its surrounding mountain majesty. The vast, open country, with its spectacular scenery and vistas, make Carrizozo a fine place for aviation shows or get-togethers. The airport had been spruced up for the event and looked impressive. The Fly-In is a cooperative effort once a year by the airport manager, Carrizozo

Chamber of Commerce, area ranchers and businessmen.

In the article, Kinlen listed most of the pilots who signed in and their home base. He told of the popular home-made donuts and coffee and the excellent beef and fixings for the lunch. Also mentioned was the large variety of prizes and awards for presentation to pilots winning spot-landing and flour bombing contests, as well as special fly-in categories. There were also expensive prizes for a general drawing, with each pilot-guest who flew in receiving a door prize ticket.

Kinlen said, "Those attending were impressed by the amount of booty and handouts available."

Flying Review is the official publication of the Colorado Pilots Assn., Texas Pilots Assn., North Dakota Pilots Assn., and the U.S. Pilots Assn., consisting of state pilots associations of Colorado, Texas, New Mexico, Missouri, Oklahoma, Illinois, Ohio, Georgia, North Dakota and Arkansas.

TED GUAMBANA, Deputy Secretary for the Health and Environment Department, announced on September 5 the appointment of Mark A. Delgado as Hospital Administrator of the Los Lunas Hospital and Training School. In addition to his new appointment Delgado will continue to serve in his present capacity at Ft. Stanton. The Delgado family will live in Los Lunas.

MR. & MRS. ARTHUR DeLaCRUZ

## Chavez - DeLaCruz exchange vows

Double-ring wedding vows were recited by Cynthia Annette Chavez and Arthur DeLaCruz in an afternoon ceremony on Saturday, August 17, with the Honorable Fred Chavez officiating. The site of the ceremony was the El Paso, Texas home of Martin DeLaCruz, father of the groom. Parents of the bride are Mr. and Mrs. Nat Chavez of Carrizozo.

The wedding ceremony was performed both in English and Spanish. A reception was held immediately following the

ceremony for family and friends in attendance.

The bride wore a white, floor-length gown made by Polly Chavez, mother of the bride. The bride chose a style designed with a close-fitting pleated and gathered wrap skirt and bodice with shoulder straps. Over the crepe satin evening length dress, she wore a semi-fitted lace top with standing collar, full length sleeves and peplum. A beaded headpiece framed her face.

Annette, a 1977 Carrizozo High School graduate, is em-

ployed by Albuquerque Public Schools. She is a secretary in the Public Information Office.

Arthur, a 1975 Albuquerque Public School's Rio Grande High School graduate, is employed by Bernalillo County Parks & Recreation as manager of two swimming pools. Both are part-time students at the University of New Mexico.

After a week-long trip to Mazatlan, Mexico, the couple will be at home in Albuquerque.

## Canyon Cowbells . . .

The regular meeting of the Canyon Cowbells on September 4 for a luncheon at the home of Cheri Goad and co-hostess Joyce May.

President Annie Withers collected Christmas ornaments made by creative members that will be used as centerpieces for the Cattleman's Asso. Meeting breakfast in December in Albuquerque. Ruth Wilson is the chairman of the decorations and asks that all decorations be turned in before October 1st.

Rosemary Shafer and Debbie King, co-chairman of the Lincoln County Fair booth for the Canyon Cowbells thanked every member for the donations, cooking the food and working in the booth during the fair, and making a great success of the booth. A special thanks went to Supt. Dennis Sidebottom for the use of the school kitchen to prepare all the food for the booth. It is required that all food served to the public be prepared in a certified kitchen.

President Annie Withers appointed a nominating committee for new officers for 1985, chairman Jane Shafer and assistants Cheri Goad and Joyce

May. New officers will be voted on at the November meeting and will be installed in office at the Christmas party.

Vada Lou Stephenson and Anne Ferguson will act as co-chairman to plan for the Christmas party for the Canyon members and husbands.

Guest attending the luncheon

was sister-in-law of Bunty Richardson, Fredrica Powell, of Portland, OR.

The annual Five State Round-Up of Cowbells will be October 2nd, in Clayton, NM, and any Canyon Cowbelle wishing to attend should contact Annie Withers by September 16th, so that she may make all of the reservations at one time.

### CANDIDATES TO SPEAK—

## GOP b-b-q Saturday

Five candidates for governor and lieutenant governor have announced they will attend Lincoln County's Republican party barbecue Saturday, September 14 at Flying J Ranch in Alto.

Joe Mercer, Jack Little and Colin McMillan, who are running for governor, and Marjorie Bell Chambers and Hoyl Pattison, who are running for lieutenant governor have accepted the invitation.

The barbecue, billed as a fund-raiser and back-slapper, commemorates Lincoln county

as being the first to have a Republican majority.

State Republican chairman Edward Lujan has called a state central committee meeting in Ruidoso that weekend in order that many state party officials can help celebrate.

The old-fashioned barbecue begins at 5 p.m. and will be catered by Sonny's Barbecue & Catering. Tickets cost \$7.50 and may be purchased at the door or from any county central committee member. For further information, call 338-4050, 336-4733 or 648-2983.

### BEING SMART

"Half of being smart is knowing what you're dumb at." (A quote clipped by Margaret Lane and Alma Sherrill).

### HAPPY LANDINGS

The Carrizozo Airport Committee and families held an evening farewell party for the Sterling Spencer family on September 5, Thursday. The home of Dr. and Mrs. Dale Goad was the site of the outdoor patio cookout.

The guests were honored with a white and yellow cake sporting an airplane. The message on the cake: "Happy Landings in your new home!"

In appreciation of the many ways in which they have served the airport, the Spencers were presented a gift of T-shirts with 'Carrizozo Airport' lettering.

### GOOD TIME

O.B. Simmons, wife Marilyn and four children, Bruce, Kirby, Kimberly and Justin of Anthony, NM were weekend visitors in the home of Mr. and Mrs. O.B. Simmons.

A Sunday picnic was enjoyed at Nogal. This was the first trip to Carrizozo for the O.B. Simmons family since moving to New Mexico from Fort Worth, TX. He teaches school at Anthony.

### DR. TURNER'S ROAD

According to the Samoa Journal, July 3, former Carrizozo physician, J.P. Turner had a road named after him. Two issues of the newspaper were sent this summer to Mr. and Mrs. Ralph Petty, Carrizozo, friends of the doctor.

Gov. A.P. Lutali announced on July 1 that the LBJ Tropical Medical Center Road will be named after Dr. James P. Turner, 83, of Fagaalu, American Samoa. The official dedication was held July 4th.

"Dr. Turner has spent about

20 years of his life devotedly serving the government and people of American Samoa in the area of medicine," Governor Lutali said. "He has married one of our own and settled among us, as one of us. His services as a medical officer have been outstanding. I sincerely believe he deserves this recognition - however humble it might be."

### APPRECIATIVE OF HONOR

Turner was interviewed by a Samoa Journal representative following the governor's announcement. Turner, despite his age and health made it very conspicuous through his physical appearance that he was absolutely grateful and honored in the respect shown him by the present administration in naming a road for him. Turner looked jubilant and appreciative.

Turner was born in Harrisburg, Illinois on November 24, 1902 and his parents moved to Arkansas when he was two years old. He attended grade school in Little Rock, Arkansas and Hamburg High School in the same area. After completing high school education he joined the Ouachita College, where he graduated and received his Bachelor's Degree in Arts. In 1927, Turner completed his Doctor of Medicine degree at the University of Arkansas Medical School.

He started his private practice in medicine in Topeka, Kansas and he spent three years there until he moved to New Mexico in 1937, where he practiced medicine for 30 years.

### MEDICAL SERVICE COMMENDATIONS

Before going to Samoa, Turner received commendations for his loyal and faithful services as an uncompensated member of the United States Selective Service System from Presidents Roosevelt, Truman, Eisenhower and Johnson.

Turner's valuable services as a medical officer in American

Samoa were recognized on the floor of the U.S. House of Representatives by Congressman Felo I.F. Suija in 1982.

Turner arrived in American Samoa in 1967. In 1970, he and Rose Faateatea Shtmasaki Fano Clemens were married in a private ceremony in the home of Associate Justice and Mrs. Joseph Goss in Utulei. Mrs. Turner was born in Fagaalu, but had spent much of her life in the U.S. She was active in the real estate business in Hawaii. She was a graduate of the Honolulu Professional Talent and Modeling School.

FACTORY REPRESENTATIVES WILL BE PRESENT

**TELECONFERENCE—**

**Bingaman to moderate program**

The Ruidoso Chamber of Commerce will host a special teleconference September 18 on New Mexico's response to the global economic challenge.

The program, "A Competitive Strategy for the American Economic Future," will examine how New Mexico and its business community can prosper in an increasingly competitive world.

New Mexico's mining, agriculture, and high-tech industries have already been hard-hit by international trade competition.

Twenty-one New Mexico chambers are participating as hosts for the special hour-long noontime teleconference produced by the Office of Senator Jeff Bingaman (D-NM). The program will originate from the studios of KOB-TV in Albuquerque and will be made available on KENW-TV, or your local cable TV system.

The teleconference features Robert O. Anderson, Chairman of Atlantic Richfield Corporation, and Michael E. Porter, a Harvard economist who specializes in competitive strategies for business. The program will be moderated by Senator Bingaman.

Providing the New Mexico perspective for the discussion

will by Jerry Geist, President of the Public Service Company of New Mexico; Harold Scott of Alamogordo, New Mexico's Small Businessman of the Year for 1984, and Mari-Lael Jaramillo

of the University of New Mexico and former Ambassador to Honduras.

Those wishing to attend the presentation, to be held at the Cree Meadows Country Club,

should contact the Chamber of Commerce at 257-7996.

Reservations must be made by September 16.

The program begins promptly at noon.

WINNERS FROM Carrizozo at the Senior Olympics were Dorothy Payne, gold medal in woman's horseshoes, and Bud Payne, silver medal in men's horseshoes. A group from Zia Senior Citizen's Center attended the Senior Olympics at Highlands University in Las Vegas. Not available for a picture was Dr. Amy Barton, gold and bronze medals in table tennis.

**VITAMIN C CONTENT**

Refrigerated orange juice retains its Vitamin C content even after a week. Fruit drinks lose their Vitamin content at a faster rate than pure fruit juice.

**MIXED FRUITS**

Frozen mixed fruits, served partially thawed, make a quick, elegant dessert. Add sliced bananas, diced apples or mandarin oranges.

**LEFT-OVER VEGETABLES**

Don't store left-over vegetables more than a day or two. After cooking, they lose their Vitamin C rapidly...as much as one third in only two days.

**PEEL FAT OFF**

If you put a piece of wax paper directly on top of soups and stews before you refrigerate them, you can peel the fat off when they're cool.

**FRESH SALADS**

Vinegar and salt can work mischief on the vitamin contents of fresh salads, so add them as close to serving time as possible.

**DRIED FRUITS**

Chopped, dried fruits make a tasty enrichment for cooked cereals (skip the sweetener), fruit salads, vegetable salads, rice, cookie and cake batter. Add to yogurt or cottage cheese for breakfast or lunch.

# OPINION

Ernest V. Joiner

"Treason doth never prosper, what's the reason? For if it prosper, none dare call it Treason."

Sir John Harrington

AT LAST somebody is doing something to Tom Hayden instead of for him. Mickey R. Controy (Maj. USMC, Ret.) has filed a lawsuit in Los Angeles Superior Court on behalf of California War Veterans For Justice. The lawsuit seeks to remove Hayden from the California State Assembly on grounds that he forfeited his right to run for elective office when he traveled to North Vietnam in 1967 and supported the Communist North Vietnamese in their war against the United States. He was widely quoted at the time as saying: "I am the Viet Cong. We are everywhere. We are all Viet Cong."

MAJ. Controy has an interesting case. He cites Art. VII, Sec. 9 of the California Constitution, which reads in part: "Notwithstanding any other provision of this Constitution... no person who advocates the support of a foreign government against the United States in the event of hostilities shall: (a) hold any office or employment under this state..." Since Hayden clearly supported the North Vietnamese Communists in a war against the United States, he was (and is) constitutionally barred from holding a state office, or any other public employment.

THE court had ducked the issue by citing another section of the Constitution which provides that the legislature shall be the judge of the qualifications of its members. But what about that "notwithstanding any other provision of this Constitution..."? The legislature, owned and operated by Willie Brown, solves the constitutional question neatly by just not bringing the subject of Hayden's traitorous conduct up for debate. The tippy-toeing goes on. Nobody wants to lose Jane Fonda's big bucks at re-election time. Meanwhile, the case goes to appellate court.

HAYDEN is a political heavy-hitter with clout among Democrat bigwigs, counterculture groups and the educational elite. He is probably the most electable of all prospective candidates to upset Sen. Alan Cranston's bid for another term in 1986.

IF YOU have a few bucks to help Controy's organization pursue the Hayden lawsuit, send them to: California War Veterans For Justice, Box 13949, Sacramento, CA 95853-9990. Jane Fonda will hate you, but the 57,939 American GIs who died in the Vietnam War to the cheers of Hayden and Fonda, will surely bless you. Just think, for only a few bucks you can kick a real, live traitor in the ass!

TWO haunting suggestions, sure to drive the liberal elite up the wall, come from a reader who will be moving to Sebastopol soon. The first deals with punishment for capital crime. She suggests that those convicted of capital crime be permitted the option of serving as subjects in medical experiments in exchange for reduced sentences. This would give criminals a way to make restitution to society as a whole, a choice that might be attractive to many of them. Too, this would reduce the number of experiments on animals, who haven't hurt anybody.

NEXT, she toys with the idea of a game preserve where, for a fee, "macho" hunters would be allowed to track and bag murderers, child molesters, drug pushers and other expendables. Hunters would be allowed to bring out heads as trophies to be stuffed and hung in their dens at home as symbols of their prowess ("I bagged Charles Manson"). This would keep the macho crazies out of Africa and away from Bambi and endangered wildlife. It would open a new sport, give newsmen something new to distort, eliminate costly prisons and provide a new source of revenue. Criminals are a renewable resource, so there's no danger of running out of game. This new status sport would bring in big bucks in the sale of permits and promotional items such as "official" clothing, gear, jewelry, etc. The punk toying with the idea of knocking off the night clerk at the 7-Eleven Store for that 23 cents in the till might hesitate if he knew he would be caught and turned loose on the preserve where he, not the other guy, is the hunted. She suggests this idea would be considered inhumane by Norman Mintz, in which case all her labor on the game preserve will be for naught.

READY for the titter of the week? More than 2,000 delegates from 189 countries descended on Nairobi, Africa, in July for the UN's Decade for Women Conference. As usual and as expected, the United States took a trashing for having generated all the world's evils. Betty Friedan, female activist, praised the conference: "It showed women can rise above male-dominated, UN politics as usual when they need to address the issues that affect them most directly as women." The UPI reported that at least 14 of the delegates to this conference were led by men, and that the 2,020 delegates included 857 men. Most of the interpreters were men. Maureen Reagan, who headed the US delegation, admitted that men were mostly involved in negotiating the political topics. "I thought it gave the boys something to do, so that the rest of us could get on with the important work of the conference." Maureen a female chauvinist? Naassah. Now you can titter.

IF women have rights, so do men. A father's rights organization in Syracuse, NY is suing the Hancock International Airport because its men's rooms do not have facilities for child care, such as changing diapers and feeding babies while mommies are off to Nairobi or elsewhere addressing the big issues. Close that airport.

AT THE risk of being charged with racism, I would like to report that tap dancing is coming back into style and acceptance.

THE state Supreme Court last week let stand a ruling that homosexual state workers cannot qualify for dental benefits for their lovers. Only Chief Justice Rose Bird and Justice Joseph Grodin wanted a crack at overturning the lower court ruling, but it takes four votes to hear an appeal.

## Watch Over Washington

By LES KINSOLVING  
FAIRFAX, VA — Detroit is one of the few American cities, which will

FAIRFAX, VA — Detroit is one of the few American cities which still has competitive daily newspapers — in this case, a bruising, century-long battle between The Detroit Free Press and The Detroit News. The circulation figures are 646,000 for The Free Press to 667,000 for The News.

The Free Press, which is part of the giant Knight-Ridder chain, had appeared to be on the threshold of victory. For in Detroit's depressed economy, both papers are reported by The New York Times to be losing between \$8 million and \$10 million per annum. But the recent agreement by the Gannett Co., Inc., another communications mogul, to purchase of The News after heavy pressure from some of its family owners appears to have changed the whole ball game in ways that won't be clear for weeks or even months.

The Times also quoted The News' executive editor, Benjamin Burns, who described this acute Motown competition as follows:

"They're like J.E.B. Stuart's cavalry, galloping around quickly and looking good in their uniforms. But we're like U.S. Grant, pounding away."

It may be that Executive Editor Burns has discovered a cavalry general named J.E.B. Stuart in some one of those European Hussar regiments, whose vestiture was far more glorious than their battle honors.

But since he mentioned J.E.B. Stuart along with US Grant, Mr. Burns appears to have been referring to Maj. Gen. James Ewell Brown Stuart, commander of Cavalry in General Robert E. Lee's Army of Northern Virginia.

We tried repeatedly to reach Editor Burns, who was not available for comment.

No wonder! For his statement on Stuart is an historical ineptitude of absolutely towering magnitude.

Did J.E.B. Stuart's cavalry really "gallop around quickly and look good in their uniforms?"

They galloped around quickly, all right. They galloped around the entire Union Army of Gen. George McClellan. While accomplishing this incredible and devastating military maneuver, many of these allegedly well-uniformed troopers replaced their worn-out gray and butternut uniforms with Union army blue trousers, which they found among the enormous amount of material they captured.

Gen. Stuart did resort to some affectations, one among others the appointing of a skilled but otherwise useless banjo player to his staff (for purposes of troop singing as well as dances, which Stuart organized throughout the Maryland and Pennsylvania territory he occupied.) This "Last Cavalier" wore a plume in his hat — which hat, on one of the very few occasions of effective Union army surprise attack, was captured. But Stuart's troops promptly captured the entire baggage train of General John Pope. And Pope's impressive uniform was subsequently put on display in a

store window in Richmond, until it was exchanged for Stuart's plumed hat.

As for Gen. U. S. Grant, to whom Editor Burns compared his De'rot News in its "pounding away" — President Lincoln's new commanding general of the Army of the Potomac was on his way to join his new command in March of 1864. Very foolishly, Grant traveled in an unguarded train. At Warrenton Junction, VA, a complement of Stuart's cavalry came within five minutes and approximately two miles of capturing that train and sending Gen. Grant to Libby Prison.

This particular component of Stuart's cavalry had captured Union Gen. Edwin S. Stoughton of New York the previous year. Under the command of Captain John S. Mosby, 29 of Stuart's cavalry rode by and through six (6) Union regiments one cold and rainy night and caught Gen. Stoughton in bed. "Have you caught Mosby?" asked Stoughton when they came into his room in the Truro Episcopal Church rectory in Fairfax Court House. "No," retorted Mosby. "He's caught you."

Mosby, known as "They Gray Ghost," made off with the general, 31 additional prisoners and 58 horses.

In Washington, when this humiliation became public knowledge, President Lincoln remarked that, while he could always appoint generals, good horses are hard to find.

Later in the war, Lee noted that Mosby, with twenty (20) of Stuart's (allegedly well uniformed) cavalry, killed, wounded or captured 1,200 Union soldiers, 1,600 horses and mules, 230 head of cattle and 85 wagons and ambulances.

There was also Gen., Stuart's classic telegram which he sent over a captured Union telegraph office at Burke's Station, VA. (15 miles from Washington) to the Union Army's Quartermaster General Meigs:

"Sir: In reference to the bad quality of mules lately furnished which interfered with our moving of captured wagons, I am respectfully, sir, your humble and obedient svt., J.E.B. Stuart, Maj. Gen., CSA, Commanding."

Maybe these mules are more comparable to The De'rot News than Gen. Grant. In any case, David Lawrence, executive editor of The Free Press, who WAS available for comment (as all journalists should be) replied cheerfully:

"We at The Free Press are delighted to be compared to Gen. Stuart's cavalry."

SANTA FE—What kind of stocks does a prudent man buy? Blue chips.

Those, after all, are the ones that produce steady and almost certain return, without sharp rises or drops in value. They don't excite the speculative or adventurous investor, but they do have that certain quality called safety.

That's what New Mexico law says the state is to look for in the choices it makes for the stock portfolio which in part supports its universities and public schools.

It is the State Investment Council headed by the governor which sets the policy on such investments, and the State Investment Officer who carries them out.

DISAGREEMENT: That's the background necessary to understand why Governor Toney Anaya, after having hired Pete Hidalgo as Investment Officer in August recommending that he resign in September.

The Governor and a majority of the other members of the Investment Council voted at their last meeting to divest the state of stocks in companies that do business in South Africa. That is a step several other states and large public funding operations have taken, as a way of sending a message to the unjust South African government that we do not agree with its racial policies.

Our investment Council had voted not to do this last April, but since that time some of its members have changed their minds on the topic.

As a result, Hidalgo has been officially instructed to come up

with a policy for getting us out of these stock holdings as expeditiously as possible but with minimum loss to the state, if any.

That may be tough for him to do. He was the sole individual at the meeting which gave him these instructions who spoke out against the notion of divestiture.

REASONING: Hidalgo, who is a professional at the investing game, says he is not just being recalcitrant when he takes his position in opposition to what the Governor and most members of the board want done. He says as he interprets the law, he's not sure it's legal for him to do what he has been ordered to do.

Of the stocks the state presently holds, a good share are

in companies which do much business in South Africa. Those companies are, by and large, big ones. That means that in most cases their stocks fall into the blue-chip category, which is what Hidalgo's interpretation of the law tells him he should be heavily invested in.

He says it's unlikely a true "prudent man" would sell these stocks, as he has been ordered to do.

He further says he fears that if he does that, any of the beneficiaries of the funds he is investing—any university in the state, for instance, or some particular school district—may charge him with violating the law and move against him either

criminally or civilly.

"Nonsense," Governor Anaya, himself an attorney, says. But that is just what he has said repeatedly to observations by the Attorney General about other decisions he has caused to be made—and so far, the AG has won a lot more of those arguments than Anaya has.

REPLACEMENT: It could be hard to find a new Investment Officer right now. The one before Hidalgo is sentenced to serve time in a federal pen, and now Hidalgo and Toney have fallen afoul of one another.

If you're an applicant, now's the time to speak up.

## Letters TO THE EDITOR

Editor—Ten long heartbreaking, agonizing months (the cruel, ruthless, callous, useless deaths of my daughter and our sister Judy and brother Cotton McKnight, has been an outrageous on-going nightmare.

Murder is absolutely an unacceptable act toward humanity and God's law!

At this time, we, the Rieckley and Bussey family, very much feel the need to extend our utmost gratitude of the support and the ray of hope that the Lincoln County Sheriff's Department has given us.

Expressly, we wish to thank, Sheriff Tom Sullivan, Chief Deputy Charlie Cox, Detective Mike Lee and their terrific staff. We are amazed by the concern and admire their unending, untiring, perseverance of their pursuit to see justice done.

Our family would also like to request of the public and those close to Cotton and Judy to please pray for the positive outcome of justice. We truly believe that the truth will prevail.

Gratefully, Twila S. Rieckley, Gays Reed, Terri Bussey (sisters), Margaret Rieckley (mother).

Editor—In 1867, the United States purchased Alaska from Czarist Russia. That same year, American whalers discovered a large uninhabited island in the Arctic Sea which they named Wrangell Island. In 1881, the U.S. government declared legal possession of Wrangell and four other nearby islands as Alaskan territory. But in 1924, the Soviets invaded Wrangell, imprisoned its American inhabitants, and later established slave labor prisons — on American territory! Though our government did nothing about the Soviet invasion, the State Department long continued to insist on U.S. ownership. Now however, the State Department says the United States never made any formal claim to the five islands!

The Soviets are also laying claim to the Navarin Basin in the Bering Sea, recently discovered to be rich in oil and gas deposits. The Convention Line established in the 1867 Alaskan purchase placed the Basin in U.S. territory. The State Department acknowledges that fact, but is currently negotiating the surrender of the Navarin Basin, along with the five islands to Moscow.

Remember President Carter's giveaway of the Panama Canal to the Castroite Marxist dictator?.. That strategic waterway was also U.S. territory. If present federal policies prevail, the Soviets will never have to invade the United States; the State Department will simply hand it over to them piece by piece. Congress and the American people had better draw the line fast and emphatically in the Arctic regions before Alaska is surrendered to the Reds!

## Peralta, Padilla spark Tigers

By Bartley McDonough  
An 85 yard scamper down the sideline by Chris Peralta and a 44 yard pass play by Troy Padilla to Jay Eldridge provided the scoring punch needed in the 4th quarter to push the Tigers past the tough Tatum Coyotes 26-22. This action took place in Capitan on September 6 and was the first of 5 home games to be played this season.

Tatum took the opening kick off and drove down field in six plays to score. The quarterback option play worked well for them all evening. The Coyotes fan the ball in for 2 points and the score stood Tatum, 8 Capitan, 0.

The Coyotes scored again late in the 1st quarter on a 28 yard pass play that was called back because of an illegal receiver downfield. The Coyote quarterback coughed up the ball on his own 30 and Doug Eckland covered it for the Tigers. This brought the quarter to an end.

Padilla passed 15 yards to Keller as the 2nd quarter opened and then hit him again for the extra 2 points and the score stood knotted at 8-8 with 11:16 left in the quarter.

A 22 yard run later in the quarter set up a 12 yard pass play for the Coyotes second tally. Tatum ran the ball in for 2 points and a 16-8 lead.

The Tigers took the kick off, but could not move the ball. The Coyotes could move the ball but major penalties hurt them. Tatum was forced to give up the ball. The Tigers eventually scored with less than a minute left in the half on a 7 yard pass play to Keller. The PAT was no good and Tatum walked off the field at the half with a 16-14 advantage over the Tigers.

There was no scoring in the 3rd quarter. This quarter did feature a nice run by Troy

Padilla and a 38 yard pass play - Padilla to Keller. The quarter ended with Tatum on the Tiger 38 yard line.

Tatum continued this drive and found themselves knocking at pay dirt once again. It appeared that the Tiger line might hold but the Coyotes took the ball in from the one on the 4th down. The first PAT was good as was the second. These both were called back because of penalties and the 3rd try was no good. There was now 8 minutes left in the game.

It was now that Chris Peralta took the kick off and 85 yards later found himself in the Coyote end zone. Capitan could not convert and the score stood Tatum 22, Capitan 20.

The Tigers tried a squib kick with Tatum taking the ball near mid-field. A Tatum drive finally came to a halt when the Tigers held on a 4th down and took over on their own 18 yard line. There was 3:04 left in the game and Tiger fans had hope that the Tigers would pull this one out.

A major penalty gave the Tigers a first down pass interference gave them another near mid-field. It was here that Padilla hit Eldridge for the score. The Tigers could not convert the extra point, but found themselves ahead in the game 26-22.

Tatum took the ball and moved it on the first 2 downs. Robbie Runnels intercepted a pass on the next play and the Tigers had a 26-22 victory.

Capitan's Coach Woodward stated: "We needed a win. There was a good overall team effort. The kids stuck in there and kept coming back."

The Tigers travel to Texico this Friday for a 7:30 p.m. game. Texico is undefeated by having beaten Estancia and Cloudercroft. The Tigers are back home on September 20 for a homecoming game with Hagerman.

In other football action, Hondo defeated last week by Quemado and travels to Vaughn on September 13 for a 7:30 p.m. game. The Corona Cardinals are at home September 14 for a 2 p.m. game with N.E. Christian Academy.

In action September 7, the Hagerman JV Football Squad defeated the Capitan JV 6-0.

WAYNE MORRIS is the new math teacher at Carrizozo High School. He grew up in the Hondo area. His folks ran the store in Tinnie while he was in high school and he graduated from Hondo High School. Morris has taught for 31 years. He comes here from Deming. He is a motorcycle enthusiast, owns a Yamaha touring bike and he and his wife plan to tour the U.S.A. the next few summers. He likes to hunt, hike and the outdoors. He and his wife were among the first Hunter Safety Instructors certified in New Mexico. He will be teaching Algebra, Geometry, Algebra II, math skills, and general math.

### INJURIES MOUNT—

## Grizzlies fall 20-0

Carrizozo traveled to Hatch last Friday and not only dropped their first game of the season, but lost two more starters due to injury.

Ruben Zamora (defensive end and offense lineman) and Troy Hollis (running back and linebacker) will join Anthony Serna (slot-back and defensive back) on the unable to perform injury list for this week's game against Ft. Sumner (there).

Head coach, Willie Gallegos, will be counting on the foursome under-classesmen, Brian Sanchez, Gilbert Silva, Tom Giordano, and Jason Vincent to pick up the slack for the injured players.

Hatch struck early after receiving the opening kick-off and scored on the seventh play on the opening drive on a 45 yard

pass-play the drive taking all of 3 minutes and 10 seconds. PAT conversion made it 7-0.

The host Bears increased their lead to 14-0 at the 3:06 mark of the second quarter and closed out the night's scoring at the 2:53 mark of the last quarter, making the final score 20-0.

Meanwhile, the Grizzlies seemed to be their own worst enemy by committing turnover after turnover and also picking up penalties at crucial times, which kept them from mounting any real scoring threat.

Carrizozo turned the ball over three times on interceptions, twice on fumbles, once on a blocked punt and accumulated over 100 yards in penalties.

Other games of interest last week were: Ruidoso 28-18 over Lovington, Capitan 28-22 over Tatum, Hagerman 38-12 over Springer, Cobre 35-6 over Tularosa, Reserve 33-0 over Clifton, AZ, and Texico 37-0 over Cloudercroft.

Schedule this Friday finds Tularosa at Hot Springs, Roswell Goddard at Ruidoso, Hatch at Cloudercroft, Reserve at Lordsburg, Dexter at Hagerman, Springer at Tatum, and Capitan at Texico.

Volleyball game today-- Grizzly girls vs the Agilas from Vaughn--first game scheduled for 6:00 p.m. (new gym).

### FOR NEW LIBRARY—

Last week we did receive seven-tenths of an inch of good gentle rain. It has been cool since with 36 degrees at night.

There were seven-hundred-twenty registered visitors at the Smokey Bear Museum and State Park from September 2nd thru September 8th. There was a bus tour talk group of 19 from Albuquerque.

The Jr. Varsity Tiger Football team played the Hagerman JV in Hagerman last Saturday afternoon. The Tigers fought a tough battle, but the Bobcats finally scored with two minutes left in the game. Capitan was unable to come back and lost the game 6-0. Everyone needs to go watch these JV games. These youngsters work real hard and need our support.

They would like to remind all Business in Capitan that it is not late to become a "Business Member" of Tiger Boosters and

have your business advertised at each home game. They really do need your support and in return you will get some PR.

Cookie and Shannon Harris and Donna Runnels traveled to Hagerman last Saturday afternoon to cheer on the Tiger JV. They yelled hard and loud but to no avail. The Bobcats were a little luckier.

The Capitan Chamber of Commerce held their regular monthly meeting on Monday. The Capitan High School held open house on Tuesday.

The Music Booster Club is holding an Enchilada supper at the school cafeteria Friday, September 20, football homecoming night. Tickets can be purchased from the band and choir members.

Sidney R. Goodloe has recovered nicely from knee surgery

performed by Dr. Echols in Ruidoso, August 21. He is currently employed by KTRT Radio in Ruidoso.

Riley Henson son of Loy Slane of Lincoln has been awarded a full rodeo scholarship at Eastern New Mexico University in Portales. He rides saddle broncs, bareback horses and bulls.

The Capitan Tiger Football team will play Texico at Texico Friday night September 13. Texico is undefeated, having won their games with Estancia and Cloudcroft.

For those who are planning ahead, Capitan homecoming game this year is September 20th.

An informative program concerning child abuse will be conducted in the Multi Purpose Building on September 18th at 9 a.m. Interested parents and

patrons are invited.

The Capitan Chamber of Commerce will sponsor a barbecue this Sunday night September 15 at the Fair Grounds at 6 p.m. All persons who purchased an animal through the Capitan Chamber of Commerce and all of its members are invited. Please bring a covered dish and a service to eat with. Please do pay attention and remember this day and time. The next meeting of the Chamber of Commerce will be December 2, 1985.

The Capitan second annual Tiger Cub Invitational Volleyball Tournament will be September 14 in Capitan. The tournament is divided in two divisions and both gyms in Capitan will be used. The teams involved are the 8th Grade Division; Capitan Tularosa, Ruidoso and Chaparral of Alamogordo. The 7th Grade Division; Capitan Ruidoso, and Tularosa A and B squads. The Capitan 7th graders play at 10 a.m. Capitan 8th graders play at 11 a.m. Tularosa won last year and Capitan won second.

The open house at the Elementary School was a big success last week. One hundred sixty parent and patrons attended.

Ira O. Wetmore has purchased the S.T. Gray livery outfit at this place and hereafter will conduct the livery business at both Capitan and North Capitan. Mr. Wetmore is a first class livery man and an energetic gentleman who will keep pace with the rapid growth of the town by putting in rigs and having

everything up to date for the accommodation of the traveling public. Mr. Gray is the pioneer livery man of Capitan and he turns a good business and outfit over to his successor. Mr. Gray's other business matters occupy all his time so that he could not devote the proper attention to the livery business that it required. Mr. Wetmore will still continue business at North Capitan, dividing his attention between the two stables.

About two weeks ago over two hundred head of Angora goats were stolen from Martin Chavez at Picacho. The trail of the stolen animals was followed by officers, who located them on a ranch about ten miles south of Capitan. The goats were returned to Mr. Chavez.

When the Rock Island railroad is completed from Liberal, Kansas to a junction with the El Paso & Northeastern at Santa Rosa, the former road will have the longest stretch of straight railroad track in the world. Where the road crosses the western part of Oklahoma and northwest Texas there will be a line of straight track without a single curve one hundred and twenty miles in length and with very light grades. At present the Great Northern railroad has the longest tangent, in the world, it being sixty miles in length, but the Rock Island tangent will be

twice that distance. This piece of straight railroad track 120 miles long will be a novelty to railroad men, as it seems almost impossible that there can exist such a country where a railroad can be built for that distance without a single curve. On the El Paso & Northeastern from Fort Bliss to Jarilla is a piece of straight track 43 miles in length and from Terquise to Dog Canyon, twenty three miles. On such a track it will be possible for Rock Island trains between Liberal and El Paso to break the record of fast time.

**CAPITAN ENTERPRISE**  
Within the next two months there will be more than fifteen substantial residence houses under construction in Capitan. The new 12,000 school building will be well under way, the new two story depot will be assuming proportions, and other lesser buildings will be going up in all parts in the town. Some people who are unacquainted with the town and its surroundings might call this a boom, but Capitan has never had a boom and there is no necessity for one. There are sufficient natural resources adjacent to the town when developed to support a city of thousands and there is no danger of the town being overdone. The town is only nine months old and already has a population of about fifteen hundred. Nearly every

# Cut Your Business Phone Costs With Measured Service.

With Measured Service, you can cut your business phone bill. You'll pay a monthly charge that's lower than the more costly rate for unlimited local calling. And if you make less than 15 local calls per line each day, or if you make most of your calls in the evening or on weekends, you'll probably save more money.

With Measured Service, there is no charge for calls you receive, and how much you pay depends on how many local calls you make, how long you talk, and the time of day and distance of each call.

And if you switch to Measured Service or decide to go back to the unlimited calling rate before December 11, 1985, there is no charge. So take a few minutes to review your business calling habits and see if Measured Service can work for you. To order or to find out more, call (toll-free), 1-765-6800 between 9 a.m. and 5 p.m., Monday through Friday (except holidays).

## Old timers gather in Roswell

The Old Timers Association planning committee recently met at the home of the president, Mrs. Nellie Townsend, at which time she presided. Plans are now underway for the 80th New Mexico Old Timers Day celebration on Saturday, Sept. 21 at the Masonic Temple, 2801 West Fourth Street in Roswell.

All persons who have lived in New Mexico for 80 years, or longer, are invited to gather for an old-fashioned barbecue dinner accompanied by visiting, music and dancing. Spouses of 30 year residents are also welcome. Inasmuch as this is a day for Old Timers, children are not included in this invitation. Registration will begin at 9:00 a.m., with the meeting at 10:30 a.m., dinner at

noon and festivities will continue until 4 p.m. The cost of registration (including dinner) will be \$3.

Further announcements will be made later. For additional information call Mrs. Nellie Townsend, President, at 625-9279 or Mrs. Cathy Marley, Sec. Treas., at 623-1594.

JANNA GAZOLAS, Julie Gazolas, Matilda Miller, Patricio Garcia, and Steve Copeland were among those attending Girls and Boys State this past summer.

## Corona Boys & Girls State delegates hosted

Boys and Girls State delegates were special guests last week at a pot luck supper hosted by Corona and Vaughn American Legion Posts and American Legion Auxillary of Corona. Matilda Miller and Steve Copeland from Corona and Patricio Garcia, Janna and Julie Gazolas of Vaughn presented a program about their experiences at the events held at NMMI (girls) and NMIMT (boys). Although some activities differed, both girls and boys learned much about all levels of government and how each functions. The groups were divided into cities, counties and states. Each elected officials who carried out their various duties. Matilda became a supreme court justice and heard a murder II case involving a driver and her passenger who was killed as a result of a traffic accident.

As a police sergeant in his town, Steve ticketed citizens for

such "offenses" as not coming to a complete halt at a stop sign, stepping on sidewalk fraternity insignia, and walking while intoxicated.

At their separate facilities, boys and girls both enjoyed recreational activities in the afternoons, but the boys got up early for calisthenics before breakfast, then had room check

at some time during the morning to determine who went to lunch first. The girls put on a talent show and style show and participated in a volleyball trouney.

All agreed that the experience was a wonderful opportunity to meet people from other parts of the state and to learn more about government.

### C'ZOZO FFA—

## New officers

The 1985-86 FFA President is Jamie Patterson. Other FFA officers are: vice president, James Guevara; Sentinel, Kenneth Crenshaw; treasurer, Tommy Escamilla; secretary, Julie Vega, and reporter, Harold Burch.

The enrollment in Ag is doing well this year. In General Shop there are ten. The lowest class

this year is Ag I with just three. Ag II is the largest class with 18 members. Ag III has 10, and Ag IV has 11 members.

Three goals in the Carrizozo FFA this year are: (1) To be in the top three in the sweepstakes, (2) 100 percent participation by every member in FFA, and (3) Win a national meet contest.

Temperatures registered last week at Lincoln Station show a high of 81 degrees on the 3rd and a low of 40 on the 2nd with three showers for a total of 0.35".

Mr. and Mrs. Sam Barnes of Clovis spent the Labor Day weekend at the ranch at Cedervale. Joining them were their daughter, Phyllis, and her husband Jim McKamey, and son Robbie, of Ventura, CA and son Larry of Lubbock, TX., Sam's brother, Harold and wife, Marion, and their son Gary of Estancia. They came on Labor Day for dinner. Sam's sister, Mrs. August Shultz, also was a guest.

Lewis Toland came from Portales to visit his mother and stepfather, Mr. and Mrs. Tom Livingston. They also joined the Barnes family as Vera Barnes and Helen Livingston are sisters. Labor Day was Vera Barnes' seventy-fifth birthday. She was most pleased to have this many of her family help her to celebrate it.

Kayla Joy has left for Sheridan, Wyoming, where she attends college.

Wayne and Myrtle McCain

Dilbine, and their four-year-old grandson, Daniel, Kellyville, OK, and Paul McCain, Sapulpa, OK were visiting friends in Corona on Monday. They were enroute home from a visit with relatives in Tucson. Over the weekend, Paul attended the reunion of Company 'A, 146th Combat Engineers at Silver City.

Beverly Bartlett will share her learnings from a recent trip to Russia on Wednesday evening, September 18th. All are invited to go to Ancho to hear her.

Mrs. Josephine Moring, Roswell, is spending several days with her daughter and family, the Dwayne Joys.

The American Legion and Auxiliary honored the students that attended Girls State and Boys State with a reception and dinner September 3rd. There were forty in attendance for this special occasion. A very informative report was given by each student as to what they had learned about the functions of their state and federal government.

A brief Auxiliary meeting was held following the reception.

The Legion and Auxiliary members, parents and students are looking forward to this occasion next year and also to continuing this program in our organizations.

Preceptor Alpha Nu of Beta Sigma Phi started the new year with the regular meeting at the home of Jo Ann Joy. In place of roll call, Eva Mae Holleyman gave instructions on how to wear the sorority pins and achievement band. She also read from the Book of Beta Sigma Phi. Patricia Perkins distributed year books. The treasurer sent

the scholarship check to Sabra Sulmeier, freshman at ENMU. She sent a check to Girls Ranch for twenty-five dollars and one for fifty dollars to the Corona Schools for use in the Home Ec Department and library. The chapter will buy at least one book each year for the library southwestern bookshelf.

The chapter extends congratulations to Waynette Lindsey who is Miss Teen New Mexico.

Mrs. Joy presented a program on Volcanos from the chapter's original outline. She stated that throughout the ages, volcanos have caused fear, wonderment, confidence, worship, terror and bewilderment. She cited Mount St. Helens as a modern volcano and then concentrated on New Mexico lava beds, Mount Taylor, Shiprock, Valle Caldera, and Capulin, which is probably the oldest and most perfect of crater bowls. Lincoln County's Valley of Fires has a lava flow from Little Black Peak that has been measured to a depth of 182 feet, is forty-four miles long and up to five miles wide. The speaker gave energy equivalents to the atomic bomb and to TNT.

The hostess served cinnamon rolls, punch, nuts, tea and coffee. The next meeting will be Monday, October 7 at the home of Michelle Rose. She will give the program on ghost towns.

Mrs. Leroy Hand and DJ have returned from a three week trip to California, which included a visit to Disneyland.

Hugh and Edna Varney Conway stopped for a short visit with Ernest Dishman. They were enroute Tuesday to Amarillo from their home in Las Cruces.

## Harper's Upholstery

Harper's Upholstery in Alamogordo features a full service upholstery shop.

Upholstering of furniture, airplanes, boats, cars, motorcycles, office furniture, re-canning, and most any custom fabrication is available at Harper's Upholstery.

Located at 319 South White Sands Blvd. and White Sands New York next to Hammack Welding, hours are 8 a.m. to 5 p.m. Monday thru Friday, 8 a.m. to noon Saturday, late by appointment. Call 437-3293 for free estimates.

The motto at Harper's Upholstery is, "No job too big-No detail too small." John Harper, owner, has offered quality workmanship in upholstery since 1956. He originally began upholstering strictly on cars to pay for his hot rods and race cars. He has had a full time shop for 15 years that is

versatile. Recently John upholstered the seats, door panels and carpet in a Cherokee airplane. He upholstered everything in the airplane except the headliners, only because the headliners didn't need to be upholstered. A headliner is everything up above your head on an airplane, car or vehicle.

Harper's Upholstery has a full selection of samples with 4,000 to 7,000 samples available. Some materials have guaranteed wear dates up to two years. Material wear dated by Monsanto is guaranteed to perform or replacement is free.

Harper's Upholstery completely strips and re-pads furniture when doing the upholstery work. They will refinish wood on antiques if the customer requests it be done.

All work at Harper's

Upholstery is guaranteed. John Harper said, "We stand behind all work we do."

Call Harper's Upholstery for free estimates on upholstery for your home furniture, boat, car, airplane, motorcycle, office furniture or re-canning.

## Lincoln Ramblings

by Rosalie Dunlap  
Lincoln County can be proud of its 4-H and FFA students. They have done well at both the Eastern New Mexico State Fair in Roswell in both exhibits and livestock, with several having animals in the sale.

In Albuquerque, everyone was working on County and FFA booths and also entering exhibits.

The livestock exhibitors were entering their animals on Sunday.

Lincoln County seemed to have a good apple crop this year. Chris Zamora Sr. and Jr. are running their fruit stand in Lincoln town.

Labor Day saw a lot of people in town enjoying the cool mountain air and scenery. Everyone enjoyed the town of Lincoln.

The Wortley Hotel is doing great business. Several groups and clubs have had dinner meetings there and more are scheduled. Many tourists are enjoying the "old" rooms and the hospitality of the people in Lincoln.

The Lincoln Water Board is hard at work on our new water-improvement project.

In going over the log book for various meetings, Lincoln people are busy with plans by Lincoln Pageant, festivals, Water Board, Lincoln Historic Preservation Board, Lincoln County NARFE picnic, and many others.

There will be a re-organization meeting of Lincoln County New Mexico Farm & Livestock Bureau on the evening of October 8 at the Wortley Hotel.

Several area residents

(Lincoln, Capitan and Ancho) are participating in the Frontier Village in conjunction with the Aspencade on October 5 at Ruidoso. Among those participating are: Janice Gnatkowski, Bessie Jones, Linda Ponder, Juanita Sulmeier, Jack Forrester and Ralph & Rosalie Dunlap. The village is under direction of Charlotte Hill and Ralph Dunlap.

Our sympathies to Nora Henn, whose cousin was killed in Texas a few days after he had visited them in Lincoln.

John West's project of introducing new Southern artists, sculpturists and other crafts people at the Inn of the Mountain Gods has been very successful.

Travel agents from Australia, Germany and Switzerland were in Lincoln on Monday. Accompanying them was John Jeffers of Ruidoso Chamber of Commerce. After a quick tour of Lincoln, they enjoyed dinner at the Wortley Hotel. They were a very interesting group.

Betty Shreengost spent 12 days in California and Las Vegas visiting her daughter, Susie, and in Phoenix visiting her son, Bert.

Lincoln County Extension Clubs are holding their Achievement Day at the Ruidoso TX-NM power building on September 25. See you all there!

## Club News

Corona Extension Club will have a "Chili Wreath Workshop" at the Corona School on October 8th at 10 a.m. Send your name and check for \$5.00 to Extension Office, Box 217, Carrizozo by October 1st. The Corona Extension Club will purchase chilies and other necessary supplies for each participant.

13 YEARS OF BUSINESS TO THE AREA

NEW AIDES at Corona Schools are Janice Rodriguez, Margaret Garcia, Janetta Fooster, and Jan Starnes.

**CORONA SCHOOLS—**

**New personnel hired**

by Linda Caldwell  
New personnel have joined the Corona Schools staff and are settling into their respective duties. New teachers are Jon Trotter, Eynone Weatherby, Jerrie Polk, G. Ray Johnson and Jamie Widner while Janice Rodriguez, Margaret Garcia, Jan Starnes, and Janetta Foster are assisting as aides.

Mrs. Trotter received a BA in economics with a math minor and has recently received teacher certification from UNM. She is teaching 7th through 12 grade math courses. Her husband, Jon, is employed in the construction business. They have a six year old son, Kevin.

Mrs. Weatherby is the new Special Education teacher. After earning a degree in Home Economics at Humboldt State University in Arcata, CA., she became aware through various personal experiences of the need for special programs for special children. Her work included a stint in Paraguay for the Peace Corps where she began to realize that many of her child development courses related to special education, and she decided to pursue a masters degree in special education at Western New Mexico University.

Second and third graders are being treated to the enthusiasm of the new teacher, Jerri Polk. The Artesia native received a BS in Elementary Education last May from ENMU at Portales. Although this is her first teaching job, she had working experience in Corona two years ago as part of a statewide Baptist Student Union summer missionary program. In that capacity, she taught Vacation Bible School at the First Baptist Church in Corona. Her impressions thus far have been only positive: "I like it here—it's so quiet. My dad helped me move, and while he was here we climbed the hill behind my house, and we saw deer and just enjoyed the scenery."

New head football coach is G.

Ray Johnson, a native of Animas, NM. He was greatly influenced there by his coach and decided coaching was the career for him. After attending Cochise Jr. College in Arizona and NMSU, he received a degree from Western New Mexico. In addition to coaching, he is teaching history, geography, and civics.

Jamie Widner is assistant coach and Vocational Agriculture teacher. He received a BS degree from NMSU in 1983 and worked at the Clovis News Journal and Plainsview Daily Herald before pursuing a degree in Ag. Education. "I wanted to combine coaching and agriculture, so I wanted to find a small school where I could do both," said Mr. Widner.

Janetta Foster is the new Chapter I aide. Her duties include tutoring children with special needs in math and language arts. She attended both NMMI and ENMU where she

majoring in business administration. As varsity volleyball coach, she loves working with "a great bunch of kids."

Mrs. Margaret Garcia is the new English teacher as well as a Second Language aide and assistant varsity volleyball coach. She enjoys crocheting, hiking and camping in addition to playing tennis and volleyball.

Art education and ESL aide is Mrs. Janice Rodriguez. She attended Pennsylvania Edinboro College and WNMU. Her hobbies include weaving, fabric arts, and camping.

Mrs. Jan Starnes is the high school aide whose clerical duties are "too numerous to mention." She attended Odessa Junior College and has secretarial experience. She resides with her husband Mark and two children, Jeff and Tasia, at El Paso Natural Gas Lincoln Station.

ALBUQUERQUE FEDERAL Savings and Loan Association went to Hollywood to film their latest television commercial and ended up with a native New Mexican in the starring role. Delana Michaels, born in Roswell, raised in Ruidoso, and a 1972 graduate of Eastern New Mexico University, is featured in the financial institution's commercial, "Little Things" scheduled to run, beginning this September. Delana is the daughter of Ruidoso residents, Carmon and Leona Mae Phillips. The Phillips have operated a gift shop out of Ruidoso's historic "Old Mill" for the past forty years. The "Old Mill" was built in the 1800's. Married to a graduate of the University of New Mexico's School of Medicine, Delana and Dr. Michael Clements reside in Los Angeles.

**Letters TO THE EDITOR**

EDITOR—South Africa is the newest target for takeover. The pattern is all too familiar. What is being produced by the self-appointed crusaders for human rights and their allies in the media is a rehash of what they fed us about Rhodesia, Iran and Nicaragua in recent years and about the "Horrors of Colonial Rule" three decades ago. But virtually no one points out that the beneficiaries of these sanctimonious meddlings in the past have always turned out to be anti-Americans or outright communists who have quickly plunged their countrymen into far greater economic and political horrors than those from which they were "Rescued."

The protestors want Americans to withdraw investments from South African industry, a move that genuine South African reformers know would devastate the black population. Admitted socialist and Nobel Peace Prize winner Bishop Tutu calls for such an economic squeeze while ignoring what it would destroy—the best health, education and economic conditions for blacks anywhere in Africa.

Not surprisingly, demonstrations in America have been organized by the pro-Castro Trans-Africa organization which publicly backs pro-Communist terrorism in Angola and elsewhere, and which works side by side here at home with the Communist Party USA. Nor is it any shock to learn that Senator Edward Kennedy went out of his way during his visit to South Africa to mingle with the Communist-backed terrorists of SWAPO (Southwest Africa People's Organization.)

MYRON KNOEFLER  
Stockton, CA 95204.

**Wild turkey hunt**

SANTA FE, N.M. — A wild turkey validation goes into effect for fall turkey hunters this season, bringing the total for license and validation to 13.75 for residents, \$54.25 for

nonresidents. The hunter must have both to hunt legally, said Dan Sutcliffe, Department of Game and Fish.

The validation is a result of House Bill 405, passed by the 1985 state legislature. It was developed by the Wild Turkey Federation following a poll by members and non-members of the conservation organization. Monies collected from the validation are to be used "exclusively for wild turkey research and for the restoration and propagation of wild turkeys."

The validations are available with licenses at game department offices in Santa Fe, Albuquerque, Raton, Roswell and Las Cruces, and from approximately 300 vendors statewide.

All fall turkey hunting is concurrent with deer seasons and only with weapons legal for deer during the particular season in which you are hunting. Concurrent turkey and elk hunting is available to holders of elk licenses in Units 55 and 57.

**NEW MEXICO HERITAGE**

The crowd gathers slowly. By twos and threes they file into the huge, darkened amphitheater. Here, a mile and one third above sea level, the night sky is breathtaking. Brilliant stars and the Milky Way's swirling arc of cloudy light mingle with recorded flute music, composed a thousand years ago.

This is Bandelier National Monument. Fascinating by day, nightfall transforms it into an even more majestic theatre—ancient, radiant, and emotional. The crowd is hushed. They turn to watch flashlights twinkling along nearby paths as latecomers arrive from surrounding campgrounds. Kids snuggle under blankets, quietly awaiting the promised Friday night campfire lecture.

Just as quietly, I watch the crowd, half-consciously counting heads while I listen. British accents carry softly from the second row of wooden bleachers. On my right there is a friendly twang, typical of the Pine Lake Charles, Louisiana. Connecticut's clipped vowels are out there, too, but hidden in the dark.

Sari Stein lights a bonfire at the amphitheater's edge, then comes to sit in the front row with her tape recorder. She arranges these programs for the Monument and tonight I am to speak on "New Mexico's Archeological Heritage".

As the flute music stops, the speaker's stage is lit and my friend, Rory Gauthier, now a Ranger at the Monument, steps up to introduce me. He brings the hushed crowd back to earth with some anecdotes, welcomes them to the Monument, and introduces me handsomely as author of the fat textbook, "Prehistoric New Mexico". He waves the book ostentatiously before the crowd, but neglects to mention that he co-authored it with me, was born and raised in Los Alamos, and knows more about the archeology of the surrounding area than all but four or five living scholars. Rory is modest.

Next it is my turn. Somehow I don't feel much like a scholar tonight. In fact, I am as awed as the kid in the front row who wears his baseball cap sideways. I tell him that the great villages in Bandelier National Monument were a haven for descendants of the many Chacoan towns which fell into ruin during the A.D. 1100's.

Drought brought those hardy farmers into these cool highlands where rainfall is greater than in the lowlands. Heavy winter snows also feed crystal-clear streams like Frijoles Creek, which still runs down the breathtaking, brilliant canyon past the area's largest ruins.

Bandelier's earliest pueblos were small. Built in the late A.D. 1100's, only a few have ever been excavated. Times were hard, for cold night-time temperatures prevented abundant harvests and many villagers starved. Later, about A.D. 1200, the first large cliff dwellings were built.

Throughout these canyons cliff dwellings faced south to catch the winter sun and their back rooms were often cut into the soft volcanic tuff of mesas overlooking Frijoles Creek. One can still see these "cave rooms" all along the main canyon—the countless flat-sized socket holes were used to support roof beams, or vigas.

Because Frijoles Creek offered a dependable year-round supply of water, the huge, circular ruin of Tuyoonyi (Chew-OHN-ye) grew until it was two or three stories tall and contained more than 400 rooms. Founded about A.D. 1800, it prospered into the early 1500's, then was abandoned when Pueblo people concentrated their settlements along the Rio Grande Valley, a few miles to the east.

As the lecture ends, a young woman asks what eventually became of those who inhabited the impressive villages all around us. I remind her that the story of New Mexico's heritage is one of pain, hardship, and ingenuity, but, above all, one of hope and of triumph. Descendants of Tuyoonyi, Keresan language speakers, still inhabit the Rio Grande Pueblos of Cochiti, Santa Domingo, and San Felipe. In fact, each fall several of them enroll in my class "Ancient Man in New Mexico", at the University of New Mexico.

After more questions and several favorite anecdotes, the crowd drifts away, flashlights twinkling. Later, a meteor shower explodes above the starlit north rim of Frijoles Canyon. Still the kid, I wish on each "shooting star"—glad that the magic of archeology has never died within me.

EDITOR'S NOTE: Dr. David Stuart lives in Albuquerque and teaches at the University of New Mexico. His most recent book is entitled, "Glimpses of the Ancient Southwest".

### Silva attends convention

Becky Ann Silva of Alto, NM, an independent BeautiControl Consultant with Dallas - based BeautiControl Cosmetics, has just returned from the company's annual convention which was held at the Registry Hotel August 7-10.

This year's Convention, entitled Celebration '85, was opened by Mayor Starke Taylor. The Convention featured workshops on color analysis, servicing the client, sales techniques and product development, which were taught by some of BeautiControl's top Directors. An exciting luncheon fashion show previewed the new Fall clothing line from BeautiControl's own color-coded fashion Boutique catalog.

## Corona FFA sets goals

With a hectic schedule and new ideas, the Corona Chapter of the Future Farmers of America kicked the 1985-86 school year off in style. Fairs, booths and fundraising have been the emphasis thus far.

The Chapter has already held two wood cuts for fund raising purposes and will begin selling Blue and Gold Sausage on Monday, September 16th. The Chapter also had the concession stand at the Corona Labor Day Roping. Many thanks go out to the mothers who donated items to sell helping the Chapter to make a sizable profit.

At this time of year, fairs are the order of business and many of the members exhibited animals at the Lincoln County Fair. Three members showed at the Eastern New Mexico State Fair. They were Beverly Bell, Tye and Travis Lightfoot. State Fair exhibitors included Miss Bell, Steve and Sandra Copeland, Tye, Travis, and Denise Lightfoot. The Chapter is now exhibiting a booth at the State Fair with the theme "Building the Emblem - Building Tomorrow's Leaders".

This year the Chapter was proud to enroll 24 members. Officers for the 1985-85 year are: President, Jim Stevenson; Vice-president, Travis Lightfoot; Secretary, Tracie Proctor; Treasurer, Marvin Pounds; Reporter, Kim Worley; Assistant Reporter, Shannon Byrd; and Sentinel, Beverly Bell. The Greenhands also elected officers who are: President, Denise Lightfoot; Vice-president, Tye Lightfoot; Secretary, Sandra Copeland; Treasurer, Michael Pounds; Reporter, Tommy Mulkey; and Sentinel, Tommy Stevenson.

The Chapter has set many goals and is taking a different approach to their activities this year. All members are looking forward to a fruitful and successful year.
