

Meet the Capitan candidates tonight

The Capitan Chamber of Commerce is sponsoring a "Meet the Candidates Night" Thursday evening, Feb. 20, in the multipurpose building at the school. This is scheduled for 7 p.m.

April Randle, chairman for the event, has sent the 9 candidates a list of questions that they will be asked. Questions will also be taken from the floor.

The candidates for the March 4 election are: Trustee - 2 positions - Charles D. Locke, W. F. Eckland, David Norman Rouleau, George Olan Booher, and Dave Strickland. For mayor - Benjamin Coker and Vernon Kelly Beavers. Municipal Judge - Charles R. Beck and Jimmie Z. Stewart.

Teenage programs slated

New ways of handling conflicts with teenagers will be presented in a free course for parents of teenagers and pre-teens starting at 7 p.m. on Tuesday, Feb. 25 in the Carrizozo School library.

The course "Teenagers: The Continuing Challenge" will be offered by Birgit LaMothe, Ph.D. It will run for five consecutive Tuesdays.

The sessions will focus on improving relationships between parents and their teenage children. Effective ways of solving common problems will be explored. Guest speakers will be featured on drug abuse and on teenage sexuality. One evening will include a teenage discussion group with parents as listeners and then as participants.

Parents, or others who deal with teenagers, may come to the first meeting or pre-register at school. There is a \$6.95 charge for the book, or it may be borrowed.

LINCOLN COUNTY—

Airport proposals tabled

By RUTH HAMMOND

Lincoln County Commissioners opened proposals for Sierra Blanca Airport Services at the Feb. 11 meeting. Proposals were received from Dick Wright of Roswell and Fred Heckman of Ruidoso. After an executive session to consider the proposals, action was tabled until all commissioners are present. Commissioner A. W. Gnatkowski was absent from the regular meeting due to illness.

The bid for proposals is for a person to administer contracts with construction companies on a day to day basis.

In other business commissioners approved a Grant Agreement Amendment for a time extension for purchase of land for the county solid waste facilities.

Contract was awarded to Turner Roach Corporation for their low bid of \$88,742.50 for upgrading school bus route State Road 42 near Corona.

Betty Howell requested that the money in the memorial

fund for J. B. Howell be transferred to the "Life Line" account. Commissioners agreed with the condition that anyone who donated who objects to the transfer may request a refund within 30 days. The money had been designated to buy a defibrillator. The clinic now has one and the \$560 will go in the "Life Line" account.

Amendment No. 3 with the Eastern New Mexico Area Agency on Aging, Inc. III-B & III-C and the New Mexico General Appropriations Act Contract was signed. This is not an increase in the county budget, it simply obligates more federal funds.

A consent to right-of-way and waiver of property damage bond was received from Continental Telephone of the West to plow along the southside road to the new airport. Commissioners agreed if the consent was amended to state that if there is a road change that necessitates moving the lines they will be moved at the expense of Continental Telephone of the West.

Sheriff Tom Sullivan submitted the Lincoln County Sheriff's Department statistical report for the year of 1985. Sullivan told the commissioners his department made 346 arrests, served 1,199 civil papers, drove 405,186 miles, used 31,700 gallons of gas, averaged 12.7 miles per gallon, handled 468 animal calls, spent 548 hours in court, handled 31 narcotics cases and seized

\$438,998 in narcotics, and that they have surpassed that amount in 1986.

Sullivan said that the amount of stolen property reported in Lincoln County totaled \$312,296 and his department recovered \$296,510 in stolen property for an unheard of recovery rate of 86 percent. National average is 29 to 32 percent. The department's 54 percent of cases solved ratio is also above national average.

Sullivan noted that the vehicles seized as a result of the narcotics investigations were valued in excess of \$50,000. These included several vehicles, a wrecked airplane, camper trailer, an all terrain three-wheeler and several other items. Some of these seizures will be used by the department and added to equipment inventory and others will be sold at auction. He asked if the money received from the sales could be put in a special fund to be used for narcotics investigations.

County Attorney Steve Sanders said the money from sales goes into the general fund but that the commission can designate the money for a special purpose if they wish. A decision will be made later.

A summary of the utilities and janitorial costs for the sub-office in Ruidoso was presented by County Manager Suzanne Cox. The total monthly cost is \$463.19. The percentage used for upkeep of the Health Office is 15 percent or \$69.47 per month. During the

Jan. 21 meeting the commission had received a request from Robert J. Carson, District Manager of the New Mexico Health Office, for money to rent larger office space in Ruidoso. At that time he was told the county would furnish the same money amount that is now being provided, and the health office would have to find the remaining funds for rent from another source.

A Quitclaim Deed was signed for property in the Navajo Subdivision in Ruidoso. Assessor's records show that the county owns the property but Raymond M. Tullius and Virginia L. Tullius have paid taxes on the property and thought the property was theirs. The assessor's office needed the quitclaim deed to set it straight.

A public hearing will be held at 9 a.m. on Tuesday, March 4 to consider the amendment to the solid waste ordinance.

The coop agreement with the highway department for work on Carrizo Canyon was signed.

Mountain Lakes Subdivision were granted a 30 day extension to file the plat.

Alto Village requested that commissioners sign a quitclaim deed where the water well is located. It was not their intent to give the county the property with the water well. Commissioners approved.

NANCY RILEY of Corona will compete in the New Mexico Elks Lodge State Hoop Shoot contest next week in Tucumcari. Here Nancy shows the trophy she received after recently winning the regional contest in Lordsburg.

ZAMORA TO ENLIST—

Possession case dismissed

By P. E. CHAVEZ

The charge of possession of less than one ounce of marijuana was dismissed at municipal court Feb. 13 against a Carrizozo man, Bennie V. Zamora, 18.

This action was a result of Judge Bill Payne asking Chief of Police C. A. Morales if "law enforcement considered dropping" the charge if Zamora joined the Air Force by April 3. Morales approved and the charge was "dismissed with the right to refile" if Zamora did not comply with the military commitment. A \$100 bond was returned.

James R. Askew Jr., attorney representing the town of Carrizozo, was at Zamora's arraignment. Arresting officer, town policeman Adam Montes and two Lincoln County Sheriff's

Deputies, Max O. Watson and Duane Vinson, who assisted in the investigation, were not present.

Prior to the dismissal of the charge Zamora had pled not guilty and said he would obtain a lawyer. Bond was to continue at \$100 until the case was heard.

"Do you wish to have it heard before I leave office?" Payne asked Zamora. (Payne's 4-year term is up this month.) Zamora replied, "Yes," and added that he was scheduled to leave for the Air Force in April.

It was at this point in the proceedings that Payne inquired if Morales was willing to drop the charge. The \$100 bond was returned.

In a higher court, magistrate records show that on Dec. 6, 1985,

a 4th degree felony charge against Zamora was also dismissed.

This charge stemmed from an Oct. 3, 1985 robbery at the Crossroads Motel in which Zamora and two male juveniles were arrested by former Deputy Sheriff Michael Lee and charged with larceny over \$100. (Mrs. Edith Hampton, motel clerk, reported that \$345 had been stolen from the cash drawer.) Zamora was released on \$2,500 bond. The maximum penalty for a 4th degree felony is 18 months in the state penitentiary or \$5,000 or both, according to Magistrate Judge S. M. Ortiz.

Zamora's first appearance before Ortiz was Oct. 4. Zamora stated that his attorney was James R. Askew Jr., who later filed a Notice of Entry Appearance, showing that he was going to represent Zamora. The \$2,500 bond continued.

The hearing was for Dec. 6 was to determine if there was probable cause to bind the defendant over to District Court.

Dec. 6, the judge, defendant, his lawyer, witness, arresting officer and others waited for Asst. Dist. Atty. Harry Wilcox Jr., who represented the State of New Mexico. Wilcox was engaged in district court with another matter.

After waiting 45 minutes, Askew filed an oral motion before magistrate court for dismissal. The motion was granted by Ortiz, who dismissed the case without prejudice. (A dismissal without prejudice means that the state can refile the same charges against the same defendant. A dismissal with prejudice prevents the re-filing.)

The NEWS contacted Wilcox, who stated that the State vs. Zamora case, alleging larceny had indeed been dismissed without prejudice by Ortiz. Wilcox added that "the matter could be refiled."

"However," according to Wilcox, "there is insufficient legal evidence at this time," but the "matter is still under investigation."

Sup't. Sidebottom rehired - two years

By RUTH HAMMOND

The Carrizozo Board of Education voted unanimously to re-hire Superintendent Dennis Sidebottom for another two years. The vote came at the Feb. 18 meeting after a 45 minute executive session in which the board evaluated the superintendent.

Board President Wally Ferguson presented safe driver awards to Lois Roper for 16 years safe driving, Sam Roper for 12 years safe driving, Sharon Hefker for nine years safe driving, and Linda Greer for five years safe driving.

Charlene "Punkin" Schlarb spoke to the board about a personal matter and said that she had worked with Mr. Sidebottom and that a solution had been reached. She declined to tell the News what the matter was about but was satisfied with the solution.

In other business, the board denied a request by Frank DeBerge to have letters sent home with students asking for their parent's signatures on a petition to have a pediatrician brought to Ruidoso.

Before making the decision, discussion was taken from the audience of more than 20 people. The board policy has been to only send school related letters home with students. The board members did say they would support information being put in the News.

Sidebottom explained that the Saturday detention program is continuing and there has been a 77 percent reduction in students being sent to detention since the program started. Three students

have been suspended not attending Saturday detention, one each week.

A special meeting has been set for 5:30 p.m. on Feb. 27 for the science lab bid opening. Bids will be accepted until 4 p.m. on the 27th.

Extra-curricular activities eligibilities were discussed. Carrizozo policy has been that a student must maintain a 2.0 or a "C" average each week to be eligible for extra-curricular activities.

The state policy now requires a 1.6 or a C- average for students to participate. The state requirement will be for grades for the previous semester. If a student falls below the 1.6 average in the spring semester he or she will not be allowed to participate in any extra-curricular activities in the fall.

The board agreed to lower the average to 1.6, same as the state, but will continue to require that students maintain a weekly 2.0 average to participate in extra-curricular activities.

Results of the needs assessment report showed the need for classes in career education, drug and alcohol information, and human sexuality.

CECILIA G. KUHNEL

Candidate's statement

"There's plenty a mayor can do to attract new business to town which will offer employment to the community at large," Cecilia G. Kuhnel, write-in candidate for mayor of Carrizozo, told the Lincoln County News.

It is especially important, she said, that young people have the chance to work and live at home rather than being forced to seek work in far-off places.

Kuhnel said she is prepared to travel to Santa Fe and Washington, DC to encourage light industry to locate here in an industrial park that has been dormant since the day it was designated.

She said she plans to enlist the help of progressive-minded people in stopping the depopulation of Carrizozo because of the lack of employment and inadequate health facilities.

"I want Carrizozo's streets repaired and new paving done, I know how to get this done, and I have the time, connections and money to do it," she said. "I pledge to work with my fellow trustees to set such goals, and work cooperatively to achieve them."

CAPITAN SCHOOL BOARD—

Curriculum upgrade

By BARTLEY McDONOUGH

The Capitan Board of Education met in regular session, Feb. 13, with the major business being that of upgrading the curriculum.

At present Capitan students must take four years of English along with American history and American government in the high school.

The curriculum changes as presented by High School Principal Jay Dark and adopted by the Board are as follows: required, 9th grade, English I, general science, and algebra I, 10th grade, English II, biology, and geometry. The 11th grade continued to be American history and English III. The 12th grade will also continue to be American government and English IV. The English and math classes will be divided into two sections - basic section and regular section. One section is for college bound students and the other section will not be as accelerated.

Being developed for 8th graders is an exit level test. A policy is also being developed for 8th grade retention when necessary. These will be presented to the Board sometime in the spring.

Also adopted is a lab program every Wednesday afternoon for 2 hours.

Principal Dark stated to this reporter: We plan "to provide the students the maximum education opportunity with the greatest level of success."

Principal Dark is to look into the possibility of beginning a rodeo team for his students. It was noted that Ruidoso now has one.

It was noted that the Smokey Bear Basketball Tournament broke into the "black" this year after losing \$1,200 last year because of bad weather. The Capitan School have a bake type paint booth for painting cars

(Con't on P. 11)

TIGER CUBS LESSON for February was 'Learn to Help One Another'. They each helped bake a dozen cookies and brought canned goods to be donated to Zia Senior Citizen's Center. Tiger Cubs (front) Jeffery Maynard Jr., Jim Brown, Jason McSwane, Wayne McSwane, and Jimmy Apodaca. Back: Jeffery Maynard Sr., Barbara Ward, accepting the food for Zia, Jane McSwane and Linda Brown.

TIGER CUBS—

Organized

Tiger Cubs, an exciting new program for 7-year old boys (and 6-year old boys who have completed the first grade) and adult family members was introduced by the Boy Scouts of America in 1982. The program started in Carrizozo in the fall of 1985.

An important goal of the Tiger Cub program is to offer boys all kinds of activities and fun things he can do with family members. Another goal is to strengthen the bond of the entire family.

The motto of Tiger Cubs is, "Search, Discover, Share." It provides many wonderful opportunities to search out new activities, discover new things and share them with one another in the program.

Tiger Cubs helps to build a closer relationship between a boy and his family. It offers the opportunity to share ideals, values, and dreams and building self-esteem and self-confidence for boys is another goal of the

program. Tiger Cubs is a one-year program, after which the boy is eligible to join Cub Scouting. During the year a boy is a registered member of Tiger Cubs, ideals such as personal fitness, reverence for God, love of country, and caring for others, which are some of the ideals of the Boy Scouts of America, will be shared with him.

The theme for the February meeting was "Learn to help one another". Each Tiger Cub brought a dozen home-baked cookies, that he helped bake and two cans of food which were donated to the Zia Senior Citizen's Center. Each month a different parent has the program.

Another goal is fun-for the boy, fun for the family, and fun they can enjoy together. Anyone interested in more information about Tiger Cubs may call Linda Brown at 879-4224 or Jane McSwane at 648-2337.

Science & engineering fair at NMMI

ROSWELL—Entry blanks are now available for students in grades 6 through 12 who wish to compete in the Southeastern New Mexico Regional Science and Engineering Fair, March 22 at Cahoon Army on the New Mexico Military Institute campus.

The fair is open to students from Chaves, Curry, De Baca, Eddy, Lea, Lincoln, and

Roosevelt counties. Col. Allen Lovelace, director of the fair, March 3. Entry blanks

may be obtained by writing to: SENM Science Fair, New Mexico Military Institute, Roswell, NM 88201, or calling 622-6250, Ext. 360. There is a \$5 entry fee this year, Lovelace said.

There will be two divisions of competition in 12 categories, with grades 6 through 9 in the Junior Division and grades 9 through 12 in the Senior Division. Two grand prize winners will receive an all-expense-paid trip to the International Science and Engineering Fair to be held May 11-17 in Ft. Worth, Texas, Lovelace said. They and other

winner will also be eligible to compete in the state science fair April 18 and 19 at New Mexico

Tech in Socorro. Senior Division winners in the state fair will also compete in the international event.

Principal sponsors of the regional fair are NMMI, the Roswell Daily Record and the

Roswell Kiwanis Club. Many other individuals and organizations provide prizes and financial support, Lovelace said, and ladies of the Chaves County Service League will act as hostesses.

Maxwell - Polley engagement

Mr. and Mrs. Morgan Maxwell of Carrizozo are happy

to announce the engagement and forthcoming marriage of their daughter Geneva Lyn, to Adam Polley, son of Mr. and Mrs. Art Polley of Deming.

Geneva Maxwell is a graduate of Carrizozo High School and is currently attending New Mexico State University.

Adam is a graduate of New Mexico State University, and is the Vocational Agriculture teacher for the Cobre school system.

The couple is planning a July wedding, and will make their home in Hurley, New Mexico.

Capitan News

by Margaret Rench

Last week the snow all melted then we had a couple of light rains which just made the atmosphere more delightful to breath. It gives a feeling of early spring. It is beautiful.

Benny Coker just returned from the annual meeting of the New Mexico Rural Water Association where he was re-elected president for his second term. Highlights of the meeting was an address on national and state rural water issues by US Congressman Joe Skeen and legislative issues pertaining to rural water systems in New Mexico by Lt. Gov. Mike Runnels. NMRWA assist small villages and independent water systems in operational and funding request. We are proud of you Benny. You have done a great job and all of us should remember. You have made great sacrifices and have done good deeds for your community. It takes a real good person to accomplish the things you have. Keep smiling on for this community is very, very happy and proud of you.

Remember "Meet the Candidates Night Thurs., Feb. 20 at the school multi-purpose room.

Recently three Capitan students were selected for the Rotary Foreign student exchange program. I was delighted to learn this: that Paula McClain and Michelle Gober, both sophomores are being considered in the Exchange Program with the Federal Republic of Germany. The program is supported and funded by the Legislative bodies of both governments. Wouldn't it be great to have five foreign exchange students in our school.

There will be an enchilada supper beginning early 1:30 p.m. to 7 p.m. in the afternoon Sat., Feb. 22 at the school sponsored by the Band Boosters. This is in conjunction with the Hagerman basketball games in Capitan. Friday, Feb. 21, Tiger and Tigerettes basketball A & B boys and girls. Capitan vs Cloudercroft away.

Capitan city hall just got a face lift; with the help of new carpeting. Now, if the girls only had more space for all of their desks, cameras, filing cabinets, computers, etc. That too will come in due time.

Johnna Patterson, starting guard for the Tigerette basketball team, underwent arthroscopic surgery on Monday morning to correct a knee injury. They tell Johnna that she will be back on the court in two weeks, if there are no complications. We miss you Johnna, have a good and rapid recovery.

This Friday and Saturday the Tigers will have two tough district games. On Friday evening both JV's and varsity will play Cloudercroft at Cloudercroft. Then on Saturday all four teams will play Hagerman in the Tiger gym. These kids really need your support as it is very important that they win these two games. The Tigers are now in a three-way tie with Cloudercroft and Hagerman for the first place in the district. Go get them Tigers.

The 7th grade girls defeated

Ruidoso last Thursday 23-13 in basketball. Thus finishing the season undefeated. They defeated Cloudercroft twice and Ruidoso twice.

The 8th grade girls lost their game in basketball to Ruidoso 21-17. Thus finishing the season with an 8-3 record.

The Smokey Bear Museum was closed Feb. 9-10 due to the snow. They did have 228 registered visitors from Feb. 10-16. That is great.

Wayne and Willie Hobbs thank all of the good people for understanding that the trash truck cannot go everywhere in 23 inches of snow. Out of 50 people they missed only two complained. One put their trash on the street instead of the alley. Please try to understand the free half day at the land fill is only for people who pay water and trash. This privilege has been greatly abused by outsiders, even from as far away as Ruidoso. Mr. Hobbs works very hard pleasing the people and EID and everyone should appreciate him. Lets cooperate, please.

Old Corrales & Sagebrush are preparing for a big fashion show. The show will be in El Paso in conjunction with the Country Music Awards and will be televised on Nashville Network. The same show will be brought to Ruidoso later.

The Capitan Senior Citizens are in need of a small gas heater. They are wondering if there is

anyone who has a small heater not in use they would like to donate? If so, call 854-2840, Theri Center.

Safe Driver awards will be presented to the following bus drivers. Rosa Montoya and Gwen McDaniel, 9 yrs. Roger Garner, 3 yrs. Roy Baker, 2 yrs. Nora Silva, 18 yrs. Ruby Trost.

Doria Salazar started the MS program Mon. Feb. 17, encouraging others to read. She will do a good job as she is sincere and a dedicated young lady. We are proud of her and all of her accomplishments.

A group of Capitan 4-H students went to Santa Fe Feb. 6-7 and worked as pages in the Legislature.

Mark and Lisa Martin are the proud parents of a new son, Brandon Kenneth. He was born Feb. 6, 1986 in the Ruidoso Hondo Valley Hospital and weighed 6 lbs. 3 1/2 ozs. Dustin, who is 22 months old is very happy with his new brother. Grandparents are Kenneth and Pat Scheer and Billy and Elaine LaMay.

Happy birthdays to Kimberly Wright Feb. 11, Justin Wright, Feb. 16 and Ricky Rogers who reached his 23rd year Feb. 18.

The Lincoln County Fair Board met Monday night Feb. 17 at the Fair Building in Capitan.

Nicki Ponder of Capitan and Mike Taylor of Ruidoso were married Feb. 18. I wish this young couple many years of wedded happiness together.

Frankie Rooks who is in the Army at Ft. Bliss is now on furlough until March 16 visiting

Jan. 23, 1986 in Canon City, CA. He was born Sept. 28, 1909. Services were Jan. 28, conducted by Holt & Dixon Chapel of the Garden in Canon City with Rev. Ivan Bare officiating. He is survived by his wife Ercinda Callaway, sons Robert Garcia, Denver and John Garcia of Hayward, CA, four grandchildren and six great-grandchildren.

John and Mary Jourdan of Hobbs, NM became the proud and happy parents of a daughter born Jan. 26, 1986, Maria Eileen who weighed 7 lbs. 6 ozs. Her grandparents are Bill and Jane Allred of Capitan and William and Ann Jourdan of Hobbs.

THE CAPITAN

FUTURE FARMERS OF AMERICA

Please help support your high school's Vocational Agriculture-FFA program!

CAPITAN FFA STUDENTS—show animals at the Lincoln County Fair. Mark Valenzuela is on the left - Warren Russell on the right.

On Monday the 17th of February a nationwide observance of George Washington's birthday will have begun. Throughout the week the FFA (Future Farmers of America) and prominent agriculturists will honor George Washington, known as the "Father of Agriculture". The present week will be designated as National FFA Week. During National FFA Week, FFA members reckon the present, future, and past productivity of their individual chapters.

Our chapter, the Capitan FFA, has 53 members, 26 of which are new, or "Green Hand" members. The FFA officers are Ronnie Sanchez-president, Ronald Joiner-vice president, Robyn Peralta-secretary, Jay Eldridge-treasurer, Julian Romero-reporter, and Joel Lacy-sentinel.

A present project of our chapter is our BOAC (Building our American Community) project. This project is designed to better our community. Members of our chapter have been working on constructing new street signs for Capitan. The new street signs are soon to be set in place. Also, several members are working on receiving their State Farmer Degrees.

Future activities involve judging, turkey shooting, our 6th annual FFA banquet, the Lincoln county fair, and the State and National conventions.

At the top of the list we have judging — judging is the selecting of the most choice livestock, poultry, and dairy animals. Also, the better meats, wool, and horses are chosen during a judging contest. Other judging contests are ag-mechanics and wildlife. Ag-mechanics tests an individuals' skill in farm machinery, electricity, and welding. The wildlife judging contest is the identifying of New Mexico wildlife animals and it tests skills related to wildlife. These contests are hosted by surrounding FFA Chapters. The District Contest is held in Portales and the State Contest is held at Las Cruces.

Then we have our turkey shoot. A turkey shoot is a sport of marksmanship. The better marksman will be awarded with turkeys or other prizes. It will be held sometime during the spring and everyone is invited to participate.

Our 6th Annual FFA Banquet besides eating a delicious meal, involves the installation of the new FFA officers. Also, parents and teachers will be entertained by a guest speaker and by other forms of entertainment.

Next, during the summer we have the Lincoln County Fair. The fair gives FFA and 4-H members a chance to show their art work and their animals.

The artwork is done, and the animals are bought, fed, and raised by the individual member prior to the fair.

Last of all we have State and National conventions. The State convention is held in Las Cruces during the summer, and the National Convention is in Kansas City, Missouri sometime in November.

Past activities include the Green Hand Parliamentary Procedure and Creed Contest, which was held in Capitan on January 8th. Our Green Hands received 3rd place in this. Then members traveled to El Paso to participate in the livestock judging contest. 2nd place was won over a large number of chapters. Also, Jay Eldridge was the 2nd highest individual judge at this contest scoring over many other individuals.

Twenty-two green hands were successfully initiated into our chapter. The initiation was given by the older members of our chapter. The green hands proved their thrift towards the FFA.

Five of us traveled to Kansas City to participate in the 68th Annual National FFA Convention. Before this, members of our chapter participated in the State Convention in Las Cruces.

Soon we will be getting a student ag-teacher. His name is Frank Hodnic from Carlsbad. He is attending college at NMSU and will assist our present ag-teacher Mark Daugherty in teaching judging and other agricultural skills.

Our past fruit and sausage sales were profitable, and we hope that our customers and supporters are satisfied with the quality.

The Capitan Chapter of the FFA has been successful and much learning has been accomplished. We hope that everyone recognizes National FFA Week and that you will support your local FFA chapter. We invite you to get personally involved with the FFA and with our activities.

Julian Romero

OPINION

Ernest V. Joiner

IT'S interesting to note that there is a bar owner serving as trustee on the town council. Also, the mayor is a bar owner and is running for re-election. A third bar owner is running for trustee for the first time. If the incumbent mayor is re-elected, and the third one running for the first time is elected, bar owners will be in command of city affairs. The mayor only has a vote on the council when there is a 2-2 tie. Now, take a look at Municipal Ordinance No. 94. This ordinance requires that bars pay the city a business license fee of \$400 per year rather than the \$25 fee charged other businesses in town. In the past, bar owners have complained that Ordinance 94 is discriminatory and should be repealed. Let us assume that a new bar owner is added to the council on March 4, and that the mayor is also re-elected. In any vote to repeal Ordinance 94, the vote on the council would be 2-2. Then the mayor, himself a bar owner, can break the tie. If he knows what's good for him, he will side with his fellow bar owners and vote 3-2 to repeal Ordinance 94. If this happens the town loses \$1,125 per year in revenue it badly needs—and that same amount goes into the pockets of the bar owners. Voters should be aware of this possibility. Getting elected to the council in order to enhance one's personal business does not come under the head of "public service." If that \$400 per year business license for bars is discriminatory, as I believe it is, the matter could be settled in court and not by packing the town council with bar owners.

IF clowns are for laughing, The American Civil Liberties Union must keep the nation in hysterics. Five years ago the ACLU brought suit in federal court complaining that the official seal of Bernalillo County includes a cross, and that this cross conveys a strong impression that the county is endorsing Christianity. A compliant 10th Circuit Court of Appeals in Denver upheld the ACLU's case in December. The eight sheep which appears under the cross on the seal can remain, at least until the ACLU discovers that sheep are widely regarded as God's creatures, at which time all hell may break loose again. Nothing so rolls the bowels of the ACLU as a religious symbol, especially a cross, which in the ACLU mentality is always associated with the crucifixion of Christ, therefore a symbol of Christianity which must never be used in civil and secular affairs. ACLU does not condemn the gibbet (gallows) even though it is supported by wooden crosses on all four sides. Why not?

NOW that Bernalillo County citizens have been saved from the dastardly cross, what does the ACLU plan to do about Santa Fe's famed Cross of the Martyrs that stands upon a hill outside the city and casts a religious shadow over the civil government and could be interpreted as city endorsement of Christianity? At Fiesta time, will the religious procession be denied access to city streets? Will ACLU suffer little children to continue arithmetic studies when they are using plus signs, resembling crosses, to endorse Christianity? Since "cross" drives these jokers up the wall, can anyone "cross" a public street without being judged for endorsing Christianity? Perhaps we should resolve now never to "cross" a street; just "traverse" it and stay out of trouble. All this nonsense stems from the clear and simple admonishment in the First Amendment to the US Constitution which merely says, "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof." Does the appearance of a cross on the Bernalillo County seal constitute a law that establishes a religion? It is more accurate to say that the ACLU, by this recent tomfoolery, established the religion of secularism. So, let's all get together and have the ACLU declared unconstitutional—which makes much more sense.

KEVIN W. Rose of Santa Rosa (Letters, Jan. 23) spattered garbage on my journalistic escutcheon because I protest the elevation of Martin Luther King to sainthood before the court-sealed records of his "exploits" are finally released for public evaluation. Mr. Rose, as well as other critics, offers no credible evidence to refute charges against King. Instead, they settle for name-calling. Mr. Rose's litany of recrimination to the King column includes charges of "half-truths, propaganda, misinformation, KGB tactics, unfounded implications and disinformation." He refuses no portion of this column, nor can he with trustworthy evidence. You see, I was at Selma and Montgomery and saw Our Savior in action; Mr. Rose probably wasn't. I have photos of King at a Communist Training Camp, which I doubt he has seen. Mr. Rose deplored that column as an attack on a "Christian American" such as King. Yet I have a copy of an interview with King in which he acknowledged that he was not a Christian. If Mr. Rose wants to challenge my sources of information, let him by all means do so by offering reliable evidence. Simple name-calling gets us nowhere.

"IT seems clear to me that Mr. Joiner would rather see a national holiday in honor of the late Senator Joseph McCarthy's birthday," is the final shot in Mr. Rose's exercise in spleenetics. I would never advocate a national holiday for McCarthy, as I would not have for King. But if I had to choose between the two, I would opt for McCarthy. McCarthy was a loyal American who loved his country enough to defend it against our sworn enemies, which cannot be said of King. History has largely vindicated McCarthy. History has not vindicated King, nor can it until the files on his activities are unsealed and made known to the public.

PARTISAN politics have no place in any university, especially one of the stature of Stanford. The embattled Hoover

Watch Over Washington

By LESTER KINSOLVING

The outrageous assaults on US nuclear energy

WASHINGTON — If the size of your heating bill sends you up a wall every month this winter, you might consider two things: First: Such European countries as France, Finland, Sweden, Britain and even the Soviet Union are now obtaining a substantial amount of their energy from the safest and least expensive source — which is nuclear energy! Second: In the United States, there has not been a new nuclear energy plant ordered in the last eight years. And one of the best investigative reporters in the country, Rael Jean Isaac of New York, has exposed in devastating detail the tax-exempt anti-nuclear organizations which have managed to wreck the United States nuclear energy industry.

Writing in the monthly magazine The American Spectator, Mrs. Isaac cites in particular the so-called Government Accountability Project, which is a spin-off from Washington's hard-left Institute for Policy Studies.

How has this organization led the way in wrecking our national nuclear industry?

The Government Accountability Project, or GAP, has stopped at least one multi-billion dollar project entirely. That was the Zimmer Plant in Cincinnati, which has now converted to coal — with its coal mine disasters and smoke pollution. The technique by which GAP led the wrecking of this industry — and the escalating of your heating bills — includes the despicable methodology of waiting until a nuclear plant is almost complete, or has even received a license to operate from the Nuclear Regulatory Commission. At this point, GAP files charges that the plant is unsafe.

GAP files a large number of allegations. It has arranged a contract with local anti-nuke organizations who produce pickets — and with the Big Media. The predominantly liberal reporters hardly ever question the reliability of such claims.

For this is a hot story, even though it is a carefully crafted media event. And with too many reporters, the motto is "Never permit facts to get in the way of a good story."

In Cincinnati, when the Cincinnati Gas and Electric's Zimmer Plant was 97 percent complete, GAP produced a whistleblower named Thomas Applegate. This man was a private detective. He had been hired to check on time card cheating. But Applegate claimed he had discovered dangerously bad work — particularly faulty welds.

Just why this private eye should be regarded as a credible and professional evaluator of atomic industrial welds is a question which apparently did not inhibit much of the same media hype as conducted at that Four-Alarm-False-Alarm at Three Mile Island.

No one ever proved that there were faulty welds at Zimmer. But Cincinnati Gas and Electric had neglected its paperwork; so it was placed under a stop-work order by the

Nuclear Regulatory Commission. It was founded by the media and politicians leaping aboard this bandwagon. So, in 1984, it abandoned this plant and converted to coal. After this pressured abandonment, the Ohio Public Utilities Commission, while critical of the company's mismanagement of records, concluded that this plant had been well-built but had "become the victim of an elusive unknown percentage of unacceptable work, which cannot be identified."

Flushed with success, GAP targeted eleven more nuclear plants for the same kind of treatment. Anti-nuke groups all over the country found this technique a lot more effective than such hairy, sany disturbers of the peace as the Clamshell Alliance, which is now defunct.

The Nuclear Regulatory Commission has operated as a cat's paw for these zealots. One NRC official estimated that there were four million documents missing. This is a tribute to very bad paperwork. But it also raises the question of why on earth companies are obliged to produce four million documents in order to begin producing the safest and potentially the least expensive form of energy.

GAP has targeted nuclear plants in Missouri, North Carolina, Texas, two in California, two in Illinois, Michigan, Arizona and Pennsylvania.

When GAP made 190 allegations against the Midland nuclear plant in Michigan, Jay Harrison of the NRC's Office of Special Cases concluded:

"You get some real strange people making charges for various reasons. When you go to interview them, they are incoherent or vague, for whatever reason."

Harrison discovered that such objectors included people who were disgruntled, who were getting even for having lost their jobs.

There is even a "traveling allegor," E. Earl Kent. It cost \$200,000 to investigate Kent's charge that the nuclear plant at San Onofre, California, had defective welds. The investigation concluded that his charge was baseless.

Earlier Kent made the same charge at Midland in Michigan. Here they found that he had been fired for failing the certification as a welding inspector. He had also been fired in 1971 by Litton, after which he sent a 26-page telegram to President Nixon, claiming that Litton's ships would produce "widows and orphans."

One senior welding engineer noted that Kent wanted tungsten steel around the turbine exhaust — steel so heavy and thick that it would have sunk the ship. Every ship that this Great GAP whistleblower challenged in 1971 remains in safe operation today.

The Nuclear Regulatory Commission has rules that play into the hands of these nuclear energy saboteurs. The NRC rules allow allegations to be brought against a plant in any form, or forum.

"Step right up and you can stick it to the giant utility — by phone, letter, news media report,

a business meeting, even a social function — by anyone at any time!"

There is no cutoff point. So GAP can wait until the last minute and, as was the case in Diablo Canyon in California, unload thousands of these complaints on the NRC. By contrast, France permits no public participation once the project gets underway. And Canada permits none at all.

From November 1983 to June 1984, the NRC calculated that it devoted 19,000 staff hours to examining allegations made by the so-called Government Accountability Project.

Our members of congress allow these outrages to continue. The Congress allows tax exemption to such organizations as GAP. GAP's allies include the Union of Concerned Scientists and the far-left-wing Center for Defense Information, the Center for National Security Studies and the Center for Constitutional Rights.

This is the problem: Congress tolerates these extremists. And Congress has enacted no legislation to make them pay for the cost of investigating the Midland plant, for example, which cost the taxpayers \$800,000. That's only minuscule to what these outrages cost the utilities, who try to provide safe, clean and inexpensive energy.

Due to these outrages, your heating bill keeps going up. For in the US, these anti-nuclear nitwits have held our power from nuclear energy to only 15 percent — while Sweden has 40 percent of its power nuclear; Finland has 41 percent; Belgium has 48 percent; and France has 67 percent!

So when you pick up your heating bill, ask your Congressman why on earth he or she hasn't done something to curb these anti-nuclear nitwits.

Wagon train

EL PASO—The Texas Sesquicentennial Wagon Train will roll into El Paso in mid-April as it begins the downward leg of its six-month, 3028 mile trek across Texas in a statewide salute to the state's 150th birthday.

The musical production of "Texas," presented by an on-board cast, will highlight the arrival of the 150-wagon caravan during this city's welcoming Chili Cookoff at the El Paso Coliseum on April 13.

Preceding the arrival of the "Texas" cast will be the internationally acclaimed Houston Ballet troupe performing one of the romantic classics that have become the company's signature, " Giselle." The three-performance show will be in the El Paso Civic Center Theater, April 4-5 at 8 p.m. with a Sunday matinee at 2.

To confirm these El Paso-Juarez events and for further information refer to the phone number listed for each event, or, if pertaining to the El Paso Civic, Convention and Tourist Center, call (800) 361-6024 from outside Texas; (800) 592-8001 from within Texas.

Letters TO THE EDITOR

EDITOR—How interesting that your newspaper chose to deal with the current seatbelt flap in such a cavalier fashion while the attached article from the Sierra County Sentinel chose an objective article, hoping to enlighten citizens about the same subject.

If you were more dedicated to serving and informing your reading public instead of shoveling from your soapbox, perhaps this same article would have appeared in an edition of your newspaper as well. It seems to contain truly factual information, not personal conjecture.

And regarding changing the 55-mile speed limit in NM, perhaps Mr. Sheffield can explain how we will fix or build our roads without federal funds that will surely be withdrawn. The state budget is already stretched.

DELORES NOLAN, Las Cruces.

EDITOR—I get your paper rather late sometimes but want to refer to the Jan. 30 issue.

Re: Joiner on Japanese-American Redress—\$24 billion. Apparently Mr. Joiner did not attend the varied government paid-for hearings, still going on. The Japanese-American Citizen's League (sponsors of all this dream-theft from their fellow Americans) has many irons in the fire. Japanese speaking at these hearings have stated that they also want: "A written apology from an American President to each of them; Japanese Cultural Centers in every state in the Union, paid for by American taxpayers; return of their Samurai-swords as their Center of Worship; free psychiatric care for their children and grandchildren who may suffer from embarrassment." They speak at the hearings asking for these things as, "just the beginning of our demands"! They plan to get their version of WW2 into all high school books.

Prior to Japan's attack upon Pearl Harbor, we sent from America, via our big companies, our scrap-iron metallic waste, etc.. Today the Japanese-American Japanese colonies here want our dollars, as well, and they want the billions for no good reasons before many of our peoples have had any benefit from their own monies.

Question: have you read in print, or heard from any of them, Japanese-Americans critical of Japan for unfair trade practices; theft and spying and bribery in the US industrial efforts and practicing "dumping" of products to undercut America; and oh, yes, on best of terms with America's "Holy War on you" —Arabs? I haven't. Japanese-Americans are silent as the tomb on these items!

CATHERINE TREADGOLD, San Francisco.

Inside the Capitol

By FRED McCAFFREY

SANTA FE—Would a few kind words from here lead you to conclude the old curmudgeon is getting soft?

Don't worry. The mood won't last, and most likely any complimentary remarks that do slip through will be pockmarked with enough downputting adjectives and adverbs to take the Pollyanna edge off.

The fact is, however, that at least the members of this year's House deserve our plaudits for acting in a reasonable and responsible manner while deciding which new taxes to impose upon us.

One would hope the experience would impress this body enough so its members can reflect on other occasions how pleasant legislating in a civil fashion can be.

Maybe even the Senate could eventually learn that same lesson.

SUPPORT: It's not easy to vote in favor of any measure that ends up costing voters money, especially in a year in which one plans to run for re-election. Yet 63 of the 70 House members did just that when they said "aye" to this measure. They did that even though the bill's sponsor said he believed it might be the largest single tax increase ever voted in by New Mexico lawmakers.

The bill they were voting on was the product of a serious amount of compromising on the part of all sides in the House, compromising that went much more silently and gracefully than has been the custom in the 37th Legislature, of which this is the second regular session.

What that healthy compromising gave us is a bill that will raise about \$150 million a year, in an equitable manner. It will raise the income tax some of us pay by something on the order of 15 percent, but since our state's income tax has long been something of a joke, that's not too hurtful. It will also jump the amount of gross receipts or sales tax we pay, but because that is paid in small dabs and dabs throughout the year, that doesn't hurt quite as much as something that has to be paid in a

lump sum. And under this new law, some of us will lose certain income-tax exemptions if we make more than \$30,000 a year, but that's not going to hurt anybody that can't afford to absorb it.

All in all, this is as sensible a set of compromising as present legislators have ever come up with.

THE TAB: Governor Anaya wanted a bill that would raise something on the order of \$225 million a year, but he gave in gracefully enough and said he'd accept what this measure gives him. Conservatives, on the other hand, who didn't want any raise at all but were willing to go to maybe \$105 million as their top figure, also gave something to see agreement arrived at.

(A few ultra-conservatives, who had promised their constituents they would not vote for any tax increase of any kind, still hung out and voted "no" on the measure. There were only three of them, and it looked as though one of these only pushed the "No" button by mistake.)

It's a pretty common belief that any tax bill that takes an equal bite out of everybody's hide is likely to be a just one. This one seems to do that. What makes it even more remarkable is that nobody listening to debate in the early days of this session could have rightfully expected such a fair bill to be reported out by either House or Senate.

But that's enough of this sentimental blowing of kisses in all directions. Next week, look for the regular old mean-spirited McCaffrey to return to work at this same stand. We don't want to ruin these folks by fawning all over them with too many compliments.

A human being sheds skin continually, replacing it with an entire new outer layer about once every 28 days.

SPRING AND SUMMER CLOTHING

Charolette Hill, Lincoln County Home Economist, will present a program to women interested in attending Tuesday's (Feb. 25) Extension Club meeting.

The newly formed club will meet at 7 p.m. at United New Mexico Bank.

Hill's presentation is on 'Updating Your Clothing for Spring and Summer.'

SHOT AND TAGGED

If you vaccinated your pooch and purchased a town dog license, its that time again. The rabies vaccination clinic in Carrizozo will be held at the fire station at 2:15 to 4:00 p.m. this Saturday, Feb. 22. State law requires rabies vaccinations on all dogs and cats over 3-months of age with yearly booster shots.

POTENTIALLY LETHAL

Have you ever heard someone declare, "I can really hold my liquor?" Of course, you have. But do people who make this kind of statement fully understand the possible dire consequences of such an attitude? Are they aware of the path alcohol travels through the human body...that it enters the bloodstream...that it enters the stomach wall, is eliminated from the body by the liver at a rate of approximately one ounce per hour? Therefore alcohol can quickly accumulate in the system, affecting vision and eye coordination, body control, alertness and mood. It's unwise to mix drinking and driving at all, and potentially lethal when alcohol has affected the senses.

It is precisely our society's widespread lack of understanding on the broad subject of alcohol and its dangers that has allowed acceptance to shape public attitudes on the act of indulging in liquor and then shortly thereafter getting behind the wheel of a motor vehicle and driving.

LEGAL DRUG

Alcohol is a drug, a legal drug, and getting drunk is essentially overdosing on the drug alcohol. Getting behind the wheel of a car while your system is impaired by alcohol is an extremely dangerous act. It can transform even the most law-abiding citizen into a potential killer; the engine's ignition key might just as well be the trigger of a loaded gun. In fact, drunk-driving kills more than 20,000 persons on our highways and injures hundreds of others annually.

Several organizations have been formed for the specific purpose of dealing with the drunk-driving problem. MADD (Mothers Against Drunk Drivers) was founded by a California mother who lost a child to a drunk driver. With chapters in most states, MADD has effective victim-support services and monitors the justice system's handling of drunk-driving cases.

RID (Remove Intoxicated Drivers) was founded in upstate New York in 1979 and has successfully helped enact stricter drunk-driving penalties. It needs people to help with lobbying efforts and to provide immediate aid for families and victims.

SADD (Students Against

Drunk Driving) was founded by students in Massachusetts who lost friends in alcohol-related incidents. An example of teens working with teens, SADD maintains programs across the country to combat drunk driving and involve parents, students and the community.

You can become involved by joining a group such as these, or by initiating your own personal effort to stop drunk drivers.

SHARE KNOWLEDGE

If you choose to initiate your own effort, first learn all you can about the relationship between drinking and driving. A good source of material can be obtained from the National Clearinghouse for Alcohol Information in Rockville, MD.

When you understand the nature of the problem, you can begin changing attitudes by sharing your knowledge with others, through a conversation or simply through leading example. For instance, if you're giving a party, be a good host or hostess, not by seeing that everyone has a drink or a refill, but by making sure that no one has had too much to drink.

If you're ambitious enough, when you think you're ready, you can circulate your messages to people in bunches...at com-

munity meetings, for example. There are many ready ears, wanting to learn about how to stop drunk driving.

If your effort changes one person's attitude on drinking AND driving, or saves a life, then you have succeeded.

ATTEND MEETING

Burger fry for C'zozo FFA

Future Farmers of America at Carrizozo High School will be treated to a "Beefburger Fry" March 5 by the Canyon CowBelles. Anne Ferguson is the chairperson of the annual event and all members of the group will provide dessert for the students at the noon luncheon.

At the last meeting of the local CowBelles, Chief Deputy of Police Charlie Cox and Barbara Langley, administrative secretary of the Lincoln County Sheriff's office, presented a program about substance abuse and the effects of it on the body. Cox and Langley gave copies of the booklet "Let's All Work to

Members of the Carrizozo Health Center dental team; Dr. Dale Goad, Cheryl Goad, Certified Dental Assistant and Veronica Whittaker attended a dental meeting in Ruidoso on Feb. 14-15. The 2-day event was sponsored by southeastern NMAGD.

Fight Drug Abuse" to the members.

Yearbooks, prepared by Joyce May and Elizabeth MacVeigh, have been distributed to members. Recipes for the Mexican and Indian foods cookbook, which the group agreed to support, were collected.

Newcomer to the area Patrice Humphreys became an associate member of the group and Linda Green, who won the door prize, also joined the Canyon CowBelles.

The next regular meeting of the Canyon CowBelles will be April 2 at the home of Margaret Stearns, with Buntzy Richardson acting as co-hostess.

Rebekah Lodge

Coalora Rebekah Lodge No. 15 entertained the President of New Mexico Rebekah Assembly Ginny Simpson, Farmington, last Wednesday.

Following a delicious luncheon at Jackie's Cafe, Ginny presented her very worthwhile and exciting program to the group. Other distinguished guests in attendance were former

members Cordelia and James Harris who transferred to Roswell; Cordelia is assembly vice president.

The new slate of officers for Coalora are: Noble Grand, Anna Belle Burrow; vice grand Mary Means; treasurer, Edith Stoneman and secretary, Catherine Cornett, Madelle McDaniel is Lodge Deputy.

Grizzly re-cap . . .

TRAVIS LIGHTFOOT (10-Corona) takes aim as Tommy Escamilla (34-Carrizozo) guards. Michael Pounds (30), Kenny Crenshaw (11), and Frank Gallegos (15) look on. Crenshaw was high scorer with 21 points to his credit in the 52-40 District win over Corona.

BOYS VARSITY C'zozo at Ft. Sumner Feb. 14

Grizzlies avenged an earlier loss to district foe Ft. Sumner with an impressive and hard fought 55-47 win on the Foxes home court.

After trailing 27-23 at half-time the Grizzlies battled back to tie the game at 39-39 after three periods of play.

Carrizozo outscored Ft. Sumner 16-8 in last quarter to come away with the all important district win.

Top scorers for the Grizzlies were Kenny Crenshaw with 17 points and Gabriel Chavez with 10; James Guevara was close behind with 9.

Coach Ron Becker got a fine performance from his bench as Frank Gallegos came off the bench and hit for 9 points and Richard Guevara added 6 more.

Grizzly record improved to 13-5 and 4-1 in district play.

BOYS VARSITY C'zozo at Corona Feb. 15

Carrizozo traveled to Corona on Saturday and outscored the Cardinals 26-20 in each half and came away with a 52-40 win.

The Grizzlies rode the hot shooting of senior Kenny Crenshaw—who ended the night with 25 points. The only other player in double figures was Tommy Escamilla with 16 points.

For the Cardinals Lightfoot led the way with 13 points. Pounds had 11, Mulkey 9 and Copeland 7.

Grizzly record goes to 14-5 and 5-1 in district play.

A win by the Grizzlies would assure them of the district crown outright and leave Vaughn and Ft. Sumner to fight it out for 2nd and 3rd place.

A loss on the other hand could land the local squad in 2nd or even third—depending on the outcome of the Ft. Sumner vs Vaughn tilt.

District standings as of Tuesday night were: Carrizozo 6-1, Vaughn 5-1, Ft. Sumner 4-2, Corona 2-4, and Mountainair 0-6. Action at Vaughn gym this Friday starts at 4:00 pm with boys JV game—followed by girls varsity and boys varsity games.

Corona Basketball

By LINDA CALDWELL
Corona basketball teams had a busy weekend with back-to-back games against Vaughn and Carrizozo.

The jr. high boys had a disappointing 22-51 showing against Vaughn Friday night, then came back Saturday to an exciting 40-41 conclusion versus Carrizozo on Saturday. The Grizzlies took off to a 13-3 lead during the first period only to have it disappear into a 15-15 tie at the half. The pace picked up during the second half with Corona pulling to a short-lived 37-28 lead. With 52 seconds left, the score was 40-40 and Corona called time out. Carrizozo came back with a tie-breaking free shot that was to be the decisive point of the game.

Lady Cardinals fared somewhat better in Vaughn when they took a 27-35 win against the Eagles on Friday night. The girls had shooting problems during the opening quarter and were tied 7-7 at the first intermission. They were able to pick up the pace and lead 17-11 at the half while Vaughn suffered 12 fouls during

the first half. Janna Gazolas of Vaughn fouled out just after the second half got underway with two other Eagles fouling out before the game was over. Even so, Vaughn pulled to within four points before falling to the defeat.

Carrizozo girls met Corona on Saturday night and took a 29-18 win. The Grizzlies sat on the ball for over three minutes during the first quarter and led 4-2 before taking advantage of the Cardinal's dismal shooting performance during the second quarter. Grizzlies led 5-14 at the half. Corona managed to close the gap to 12-15 during the third quarter but never got any closer to victory.

Vaughn jumped out to a 12-0 lead before the Corona High School boys could make 2 during that District contest on Saturday night. The Eagles held a commanding 39-19 half-time lead when the Cardinals came back with some improved shooting. The Eagles held their 20 point lead through most of the second half with Vaughn taking a 70-57 win.

A powerful Carrizozo team met Corona Saturday night in another District game and took a 52-40 win over the Cardinals. The Grizzlies pulled out to an early lead with Corona closing the gap to 20-22 at 2:31 remaining in the half. Carrizozo enjoyed a 26-20 lead at intermission and widened

that lead to 28-40 during the 3rd quarter; Corona managed to hang on during the fast-paced final period leading to the 52-40 final score.

"PLAYERS OF THE WEEK" for the Carrizozo Grizzlies are Julie Vega, a senior, for her play against Corona and Karen Baroz, a junior, for her play against Fort Sumner. Julie's parents are Mr. and Mrs. Nick Vega, Karen's parents are Mr. and Mrs. Ralph Baroz.

GIRLS VARSITY C'zozo at Ft. Sumner Feb. 14th

Grizzly record fell to 7-1 and 2-3 in district play as Ft. Sumner jumped out to 35-18 halftime lead and coasted to easy 54-38 win. Free-throw shooting woes continued to plague local squad as they managed only 4 out of 22 attempts at the charity line. High for Carrizozo was Judy Vega with 14 points, Liz Beltran had 8, and Karen Baroz had 6 points.

GIRLS VARSITY C'zozo at Corona Feb. 15

Grizzly girls won important district encounter in low scoring game against the Cardinals, 29-18.

Winning margin came at free-throw line where Carrizozo outscored Corona 19-4. Reserve Julie Vega had impressive game — leading the Grizzlies with 8 points — including a 4 for 4 performance at the charity line in the fourth quarter when outcome of game was still in question. Judy Vega was close behind with 7 points — including 5 for 8 free-throws. Claudia Lopez chipped in with 6, all free-throws.

Carrizozo evened their district record at 3-3 — season stands at 8-11.

Corona effort was led by Waynette Lindsey with 9 points.

GIRLS VARSITY Mt'air at C'zozo Feb. 18

Grizzly girls for the second straight game made good use of their free-throws and came away with an important 59-49 district win over Mountainair Tuesday night.

Carrizozo shot an incredible 46 free-throws and made 29 of them on the night. The win gives the local girls a 4-3 mark in district competition and could lock up 2nd place for the year by defeating Vaughn on Friday night. Season record now stands at 9-11.

Claudia Lopez led Grizzlies with 19 points including 13 out of 20 free-throws; Liz Beltran was close behind with 17 points, including 11 out of 17 free-throws; Judy Vega had 13.

"PLAYER OF THE WEEK" for the Carrizozo Grizzlies is Gabriel Chavez. He has been a starter for every game this season. He is a senior and was chosen for his play against Fort Sumner. Parents are Mr. and Mrs. Nat Chavez.

PRINCIPAL'S AWARDS were presented to outstanding high school students at the end of the first semester in each subject area. Recipients from left, Scott Zamora for English, Sandra Silva for office education, and Patrick Vigil for computer science.

SPORTS

Tiger basketball

The Tigers visited Lake Arthur on Valentine's Day. The boys varsity was victorious, defeating the Panthers 69-38. Ronnie Sanchez continued to play well leading the Tiger attack with 17 points. Sanchez got help from Mike Shanks with 13 points and John Parker with 10. Lyles led the Panther attack with 17 points.

The Tigerettes led the Lady Panthers at the half 18-16, Lake Arthur scored 8 more points in the 4th quarter than did the Tigerettes and handed Capitan its 2nd defeat in conference play winning this one 39-35. Tracy Herd was the only Tigerette in double figures scoring 10 points. Huey and Harris found the hoop for 8 points.

John Parker led the Tigers to victory Saturday night up in Weed with 14 points. Greg Smith and Troy Keller followed with 8 points each. The Tigers were never behind in this one winning 68-27. North was the Bulldog attack scoring 18 points.

The Tigerettes had no trouble with the Lady Bulldogs winning 42-32. Becky Huey had the hot hand with 18 points. Harris was credited with 11 points. These girls are 16-4 on the season, 6-2 in conference play as they head for Cloudcroft Friday night. Four games are scheduled in Cloudcroft beginning at 2³⁰ p.m. Hagerman is in Capitan on Saturday for games also scheduled for 2 p.m.

The 7th grade girls finished their season recently with a 23-13 victory over Ruidoso. These young Tigerettes had a 4-0 season. Scoring for Capitan Karie Cox and Victoria Sedillo - 7 each, Nanette Boyd - 6, Lesley LaRue - 3. For Ruidoso - Amy Richardson - 5, L. Jefferson - 4, Moorhead - 2, Mendez - 2.

The 8th grade girls lost to

Ruidoso 21-17. Capitan scoring: Marsha Nevarez 6, Shannon Harris and Tennie Trollinger 4 each, Nanette Boyd 3. Tara Miller had the hot hand for Ruidoso with 14 points. The week.

Capitan girls finished the season with an 8-3 record. Jim Bizzell is their coach.

District playoffs for the varsity Tigerettes begin next week.

FUTURE FARMERS OF AMERICA

Ten big accomplishments for 1985

Carrizozo FFA and "The VoAg Program"

We hosted the largest invitational Judging Contest in NM with over 34 schools and 7 counties represented. The contest covered 11 areas of agriculture and brought in more than \$15,000 to the Carrizozo economy.

Carrizozo FFA finished 3rd in the state in Sweepstakes Judging competition for the second year in a row. Over 40 schools participated and Carrizozo had 5 teams in the top 5 including 1st in meats, 2nd in Horses, 3rd in AgMechanics, Farm Management and Poultry.

Carrizozo FFA finished 2nd in FFA Booth Competition at the NM State Fair. The booth titled "Livestock Inspection for Your Protection" was designed to educate New Mexicans on the why's and How's of Livestock Inspection. Over 1,000,000 people see the State Fair each year and a booth is an excellent opportunity for us to extend our public relations.

Carrizozo alumni supports the FFA program in Carrizozo! Alumni members helped put together the best contest in NM with over 52 members. They host the Invitational Contest, and have provided over \$1,500 to help FFA members with registration fees and travel expenses. They also sponsor all of our trips—special thanks to a great group of people — we couldn't have done it without you!

Carrizozo VoAg ranks 1st in Ag Programs in New Mexico and receives appropriations from NM legislature that amount to \$19,862 to buy all new vocational equipment. The meat lab at the AgFarm has an all new look with safe, modern equipment and has now made our program a "model program" not only in NM, but in the south-west!

Ag Mechanics Program continues to produce! Headache Racks (our specialty), feeders, branding equipment, exercise equipment, gooseneck trailers, fences, dog kennels sawhorses, cedar chests, grill guards, hat racks, stereo cabinets, gates, — you name and we build it. With pride in our workmanship we gain

extra skills and take advantage of opportunities to learn. We have excellent facilities and can overhaul small gasoline engines. We have a very competitive AgMech curriculum that includes drafting, plumbing, tractor maintenance, surveying, tool fitting identification, arc and mig welding, exocetylene cutting and woodworking. Our judging teams have finished 1st in NM in 1983, 1984 and 3rd in 1985.

Mr. Mike Gaines, Chapter Advisor was named Vocational Agriculture Teacher of the Year for 1985. He has been Young Ag Teacher of the Year for NM in 1982 and Outstanding Young Member and Teacher for this region which includes NM, OK, TX, LA, KS, AZ and CO. He will compete in June for Ag Teacher of the Year at the national level. He currently serves as secretary of the NM VoAg Teachers Ass'n.

Facilities Improvements have always been a priority in our program. Among these include: new ventilation system in shop, complete rewiring of electrical system, all new equipment at the VoAg farm that includes new saw, grinder, slicer, tenderizer, patty machine, scales, electric hoist and meat testing equipment. New safety signs were installed in both facilities.

State Farmer Degree was awarded to Melody Hefker, Troy Hollis and Steve Stearns were honored for Ag Processing Proficiency. Bob Hemphill received the Honorary State Farmer Degree and several Carrizozo FFA Alumni were honored for their service.

Student Teachers have excellent placement record after working in Carrizozo. Several former student teachers at the Carrizozo VoAg Program are now employed in New Mexico. Rick Richardson 1981 is the Dona Ana County 4-H Agent. Adam Polley 1982 is the Ag Teacher at Gore High School. Brian Mitchell 1983 is the Ag Teacher at Moriarty High School and Debi Eyer 1985 is working on a Masters Degree in Animal Science at NMSU. The Carrizozo Program has two more student teachers who will arrive in March.

PROGRAM SUMMARY:

1985 was another great year. Not just because of the accomplishments but because the people in Carrizozo care about their school. The support that this community shows for our program is the main reason we can reach our goals. Parents, friends, administrators, business people, teachers, and most of all the student members have made 1985 something special. The many extra hours of hard work have paid off time after time. We would like to extend special thanks to everyone for all their help.

Jamie Patterson is the Chapter President for 1985-86. She shows pigs and is actively involved in chapter leadership activities. She plans to run for a state FFA office this year.

Chapter advisor Mike Gaines displays a new metal storage building built over the summer. The chapter made "safety" the theme for the year. This building was designed to allow for a safer, less cluttered work area. It was one of many safety improvements over the past year.

Carrizozo FFA's Horse Judging Team participated in the World Championship Quarter Horse Judging Contest in Tulsa, OK this past summer. The team consisting of Troy Hollis, Mike Curless, Melody Hefker and Lynn Gallacher was coached by Gordon Barham (not pictured). The team placed 10th in Tulsa after their 2nd place finish at State in Las Cruces.

Johnny Journey, Carl Luera and John Maxwell are processing a pig. The state legislature appropriated \$19,862 to our VoAg Program so we could buy new equipment. We now have a "model program" in which students can gain valuable work experience for their careers.

CARRIZOZO VAUGHN ESTANCIA MORIARTY

THE CORONA CHAPTER FUTURE FARMERS OF AMERICA CELEBRATES NATIONAL FFA WEEK

SETTING NEW DIRECTIONS:

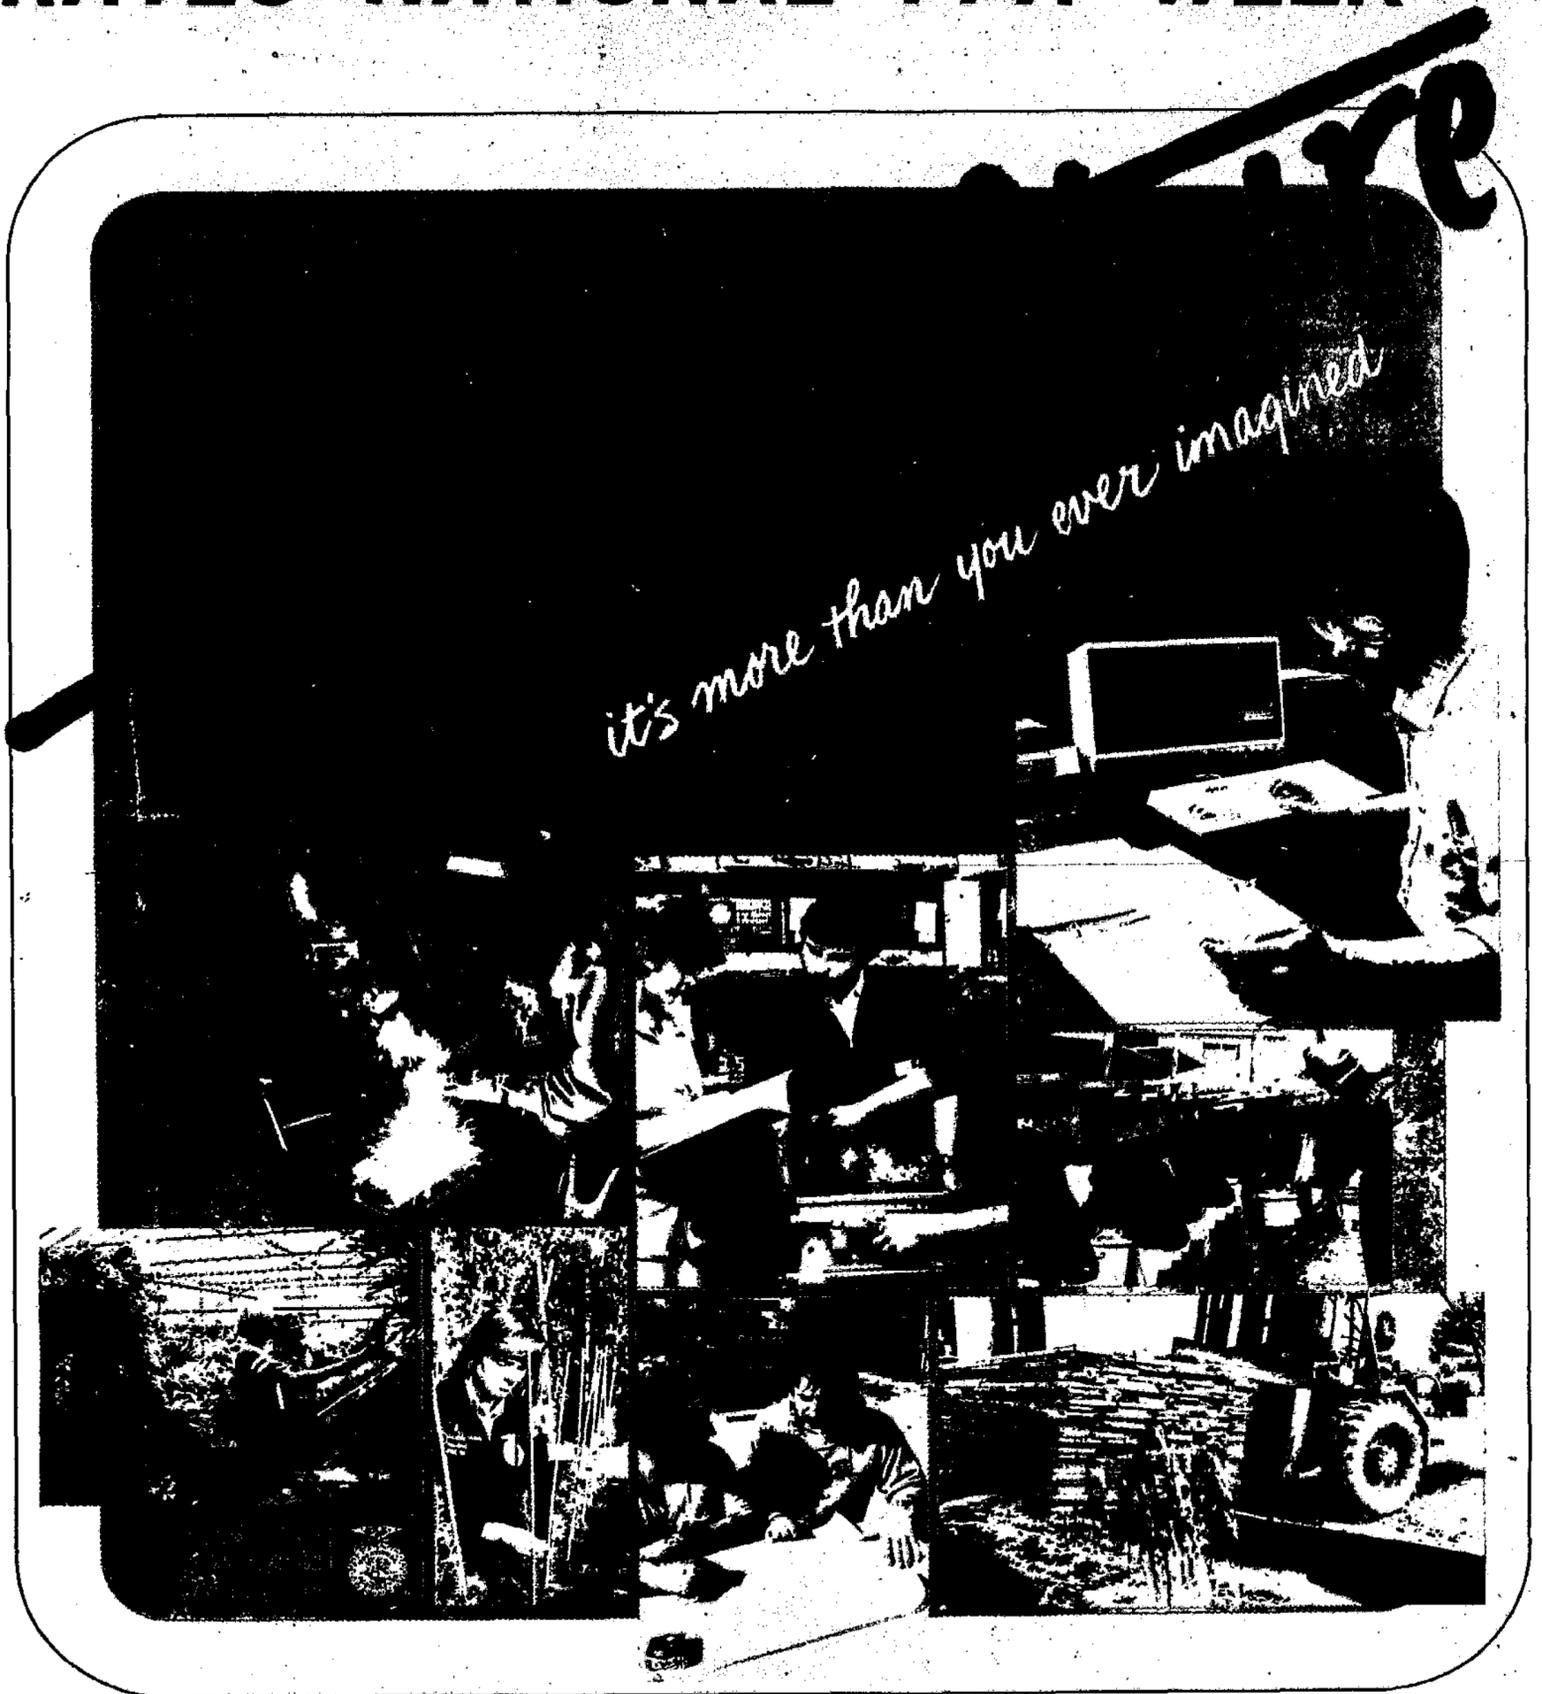

The Corona Chapter of the Future Farmers of America in celebration of National FFA Week has many activities planned and is now in the process of accomplishing their many goals for this nationwide celebration.

The Chapter is following the National Theme of "Leaders for the New Fields of Agriculture". This theme emphasizes the many careers available in the industry of agriculture and will be used throughout the FFA Week activities. The activities for the week included putting up bulletin boards throughout all the schools; working on the chapter's safety program, which will include painting safety lines in the vocational agriculture shop; beginning the chapter's BOAC (Building Our American Communities) project, which will include cleaning up and beautifying the school and placing a marquis sign downtown to announce school activities. The members will also honor the teachers with coffee and doughnuts on Official Dress Day. In addition to all these activities the chapter will present their Food For America Program to the elementary school children. This program introduces elementary school children to the world of agriculture.

The chapter has set many goals and is striving to reach them this year. After a tremendous showing at the leadership contests in December the chapter will carry a winning attitude into judging season which will begin in February.

With a new attitude and a new direction the Corona chapter is ready to establish many traditions in the area of FFA activities and programs. FFA means opportunity to the members of the chapter and they are striving for every available opportunity now.

During this week of celebration the Corona Chapter would like to express their appreciation to all those who support them.

Opinion

(Con't from P. 4)

Institution was recently invited off Stanford's campus by some members of the university faculty. Hoover is a conservative research and "think tank" that has played a significant role in shaping President Reagan's policies, which is anathema to liberal and radical students and faculty. Recently, students aped faculty protests by painting a mural on a Stanford dormitory wall showing a skeleton losing a deadly tug of war against angry Central American Indians, Mexican farm workers and South African blacks, an attempt to drive Hoover Institution off campus. The mural, according to Michael Arguello, one of its painters, "represents the rage and protest of students at Stanford's role in the policies of Reagan in the Third World."

● **STANFORD** belongs to the public as much it does to its students. Its purpose is to explore all facets of learning, which includes exploration of both sides of such controversial issues as the plight of Third World countries. Students are there to hear all sides of such issues, and professors are professionally and morally bound to present all views—and without pushing their own versions of the truth. I can think of no more potent indictment of Stanford's faculty and its "indoctrinated" students than such an abuse of academic integrity. What dissidents are saying is that the Hoover Institution must be denied the freedom of expression these dissidents reserve for themselves.

● **NOBODY** has ever said this better than L. D. Coffman, president of the University of Minnesota, in an article published in the Journal of the American Association of University Women in 1936:

● "A university studies politics, but it will not advocate fascism and communism. A university studies peace, but it will not organize crusades of pacifism. It will study every question that affects human welfare, but it will not carry a banner in a crusade for anything except freedom of learning."

● **WHAT** professors do is discuss all points of view, omitting to the extent humanly possible their personal biases, prejudices and convictions. The result is that students, in possession of all available facts, arrive at their own conclusions. That is what education is about. What education is not about is an "indoctrination procedure" wherein students are reduced to parroting professorial prejudice.

CORONA FFA Chapter Parliamentary Procedure Team placed 2nd in District I competition and will compete at the FFA State Convention in June. Team members are (l. to r.) Danny Cordova, Travis Lightfoot, Kim Worley, Marvin Pounds, Beverly Bell, Jim Stevenson, and Roe Anne Alford.

CORONA FFA MEMBER Marvin Pounds delivers his speech entitled "Put Yourself in My Boots" in which he tells the plight of ranchers and the industry in general. Marvin won the Chapter Farmer Prepared Public Speaking contest at District I and will take his speech to the State Convention in Las Cruces in June.

TOMMY STEVENSON and Sandra Copeland of Corona placed 1st and 2nd in the District Greenhand Quiz Contest and will compete at the State Convention. In addition, Tommy won the District Greenhand Public Speaking contest and will compete in that area during the State Convention in June.

Brief —

The Federated Republican Women of Lincoln County will meet on Tuesday, Feb. 25, 11 a.m. at La Lorraine Restaurant, 2523 Sudderth, in Ruidoso. Members of the Executive Board will meet at 10 a.m. Speaker for the meeting will be J. L. Wilson, Director of Professional Counseling Associates.

IN THE DISTRICT COURT OF LINCOLN COUNTY STATE OF NEW MEXICO

TEXAS AMERICAN BANK-LEVELLAND, Plaintiff,

vs. **HOMER WILSON, NANCY WILSON, LEONARD W. WILSON, and BARBARA WILSON, CHAVES COUNTY SAVINGS & LOAN ASSOCIATION, a New Mexico Corporation, NEW MEXICO MORTGAGE FINANCE AUTHORITY and BANK OF NEW MEXICO now known as FIRST INTERSTATE BANK OF ALBUQUERQUE, SUNWEST BANK OF ALBUQUERQUE, N.A., and BANKQUEST-FIRST NATIONAL BANK OF SANTA FE, as Custodians and as Trustees for New Mexico Mortgage Finance Authority and ALL UNKNOWN CLAIMANTS OF INTEREST ADVERSE TO THE PLAINTIFF,** Defendants.

No. 86-CV-18 Div. III

AMENDED NOTICE OF SUIT

THE STATE OF NEW MEXICO TO HOMER WILSON, NANCY WILSON, LEONARD W. WILSON, and BARBARA WILSON, CHAVES COUNTY SAVINGS & LOAN ASSOCIATION, a New Mexico Corporation, NEW MEXICO MORTGAGE FINANCE AUTHORITY and BANK OF NEW MEXICO now known as FIRST INTERSTATE BANK OF ALBUQUERQUE, SUNWEST BANK OF ALBUQUERQUE, N.A., and BANKQUEST-FIRST NATIONAL BANK OF SANTA FE, as Custodians and as Trustees for New Mexico Mor-

LEGALS

tgage Finance Authority and ALL UNKNOWN CLAIMANTS OF INTEREST ADVERSE TO THE PLAINTIFF:

You are hereby notified that an Amended Complaint to Foreclose has been filed and is now pending against you in Cause No. 86-CV-18 in the District Court of Lincoln County, New Mexico, wherein TEXAS AMERICAN BANK-LEVELLAND, is the Plaintiff and you are the Defendants entitled to notice.

That the general object of said suit is to give Plaintiff Judgment against the Defendants in the amount of \$109,331.92, plus interest at the rate of \$32.14 per day until Judgment for costs and expenses of foreclosure, plus attorney's fees in the amount of \$10,033.31, for any amount of taxes, assessments, insurance or other expenses which may necessarily be incurred to preserve the real estate together with interest on these sums at 15 percent per annum until paid in full and that said sum be declared and adjudged a first and prior lien on said real properties more fully described as follows:

Lot Number Fourteen (14), Block C, Central Subdivision, Ruidoso, Lincoln County, New Mexico, also being known as Lot Number 14, being a part of the Northeast Quarter of the Northeast Quarter of Section 29, Township 11 South, Range 13 East, NMPM as shown by the plat of said Subdivision filed in the office of the County Clerk and Ex-Officio Recorder of Lincoln County Clerk and Ex-Officio Recorder of Lincoln County, New Mexico, December 13, 1938;

and,

Lot 14, Block C of Central Subdivision, Ruidoso, Lincoln County, New Mexico, or legally known as:

Lot 14, being a part of the NE-4 NE-4 Section 29, Township 11 South, Range 13 East, NMPM, as shown by the plat of said subdivision filed in the Office of the Curry County and Ex-Officio Recorder of Lincoln County, December 13, 1938.

That unless you appear, answer or otherwise plead in said Cause on or before April 18, 1986, at the hour of 9:00 a.m. in the Judge Parsons Courtroom, County Courthouse Building, Carrizozo, New Mexico, Plaintiff will take Judgment against you by default for the relief prayed for in his Complaint for Foreclosure; that Walker, Tatum, Grow & McDowell, P. O. Drawer 1270, Clovis, New Mexico 88101, are attorneys for Plaintiff.

WITNESS MY HAND AND SEAL this 5 day of February, 1986.

Margo E. Lindsay Clerk of the District Court Lincoln County, New Mexico

By Elizabeth Lueras Deputy

Published in the Lincoln County News on February 13, 20, 27 and March 6, 1986.

BE IT RESOLVED that the Capital Improvement SB9 2 Mill Levy election be held in the Corona School District on the 8th day of April, 1986; and

BE IT FURTHER RESOLVED that the Corona Board of Education, District 13, Lincoln County, New Mexico, has determined, upon its own initiative to submit to the voters the question of a property tax levy in the amount of \$2.00 per \$1,000 taxable valuation, allocated to the school district; and

BE IT FURTHER RESOLVED that there shall be submitted to the qualified voters of District 13, the following question: Shall the Board of Education impose a property tax of \$2.00 per \$1,000 upon the net taxable value of the property allocated for the Corona School District for the years of 1986, 1987, and 1988 for the following capital improvements: energy conservation measures and repairs and maintenance of

LEGALS

existing plant and facilities, to include plumbing, electrical, heating systems, roofs, etc? If the question presented should receive a favorable majority vote, the tax levy shall be for the property years of 1986, 1987, and 1988; and

BE IT FURTHER RESOLVED that for this election the precinct and location of polling place are as follows: Voting place is the Corona Village Hall; precinct includes the original School District 13 and all consolidated districts; and

BE IT FURTHER RESOLVED that absentee voting shall be permitted in the manner authorized by 22-6-21 through 22-6-21 NMSA 1978, and the Absentee Voter Polling Place shall be the office of the Superintendent of the Corona; and

BE IT FURTHER RESOLVED that the polling place be open from 8:00 a.m. to 7:00 p.m.; and

BE IT FURTHER RESOLVED that electors be registered in the Office of the County and that the registration books shall be closed by the County Clerk at 5:00 p.m. on February 25, 1986; and

BE IT FURTHER RESOLVED that this resolution be published on the 20th, 27th, days of February, and 6th, 13th of March, 1986 in the Lincoln County News, having general circulation within the Corona School District.

I hereby certify that the foregoing is a true copy of the resolution duly adopted by the Corona Board of Education at a regular board meeting held on February 11, 1986, at which meeting a quorum was present and a majority voted in favor of the resolution.

Ernest Copeland President of the School Board

Attest Margaret Lightfoot

Donkey show

A "Donkey Basketball Show" will be held in the old Carrizozo gym at 7:30 p.m. on March 5 when the Carrizozo FFA will be challenged by the Capitan FFA followed by a game pitting the Carrizozo FFA Alumni against the Carrizozo school teachers. Winners of the two games will meet head on in an eight minute championship game immediately following the second game.

Adding to the fun are the rules accompanying the game, such as not holding the ball for more than 15 seconds, no out-of-bounds, time-outs for emergency only, the wearing of padding and football helmets, and the fact that each player is responsible for his own donkey while it is on the floor and a broom and shovel will be handy at all times.

Tickets can be purchased from sponsoring members or at the vo-ag shop. The Donkey Basketball Show is sponsored by the Carrizozo FFA.

Drama at Methodist church

Come and See! The Covenant Players - A Christian Drama group will be performing at Trinity United Methodist Church in Carrizozo on Sunday, February 23rd at 5:00 PM. A free will love offering will be taken to support their ministry.

SENTENCING ON HOLD—

DWI, no drivers license

By P. E. CHAVEZ Robert Gano, 48, at his arraignment on a DWI charge in municipal court, pled "nolo contendere," a plea in a criminal prosecution by which the defendant announces his intention not to contest the action.

Judge Bill Payne postponed his sentencing until Feb. 20 to allow time to inquire about Gano's driving record and prior DWI charges, if any.

Chief of Police C. A. Morales was at Gano's arraignment, as was James R. Askew Jr., attorney for the Town of Carrizozo. The arresting officer, Adam Montes was not present.

Payne said the \$300 bond would continue.

"We're not going anywhere," Gano told Payne, referring to he and his wife, who both work at

the Nike Tavern, west of Carrizozo.

Payne reduced bond to \$100 and ordered that \$200 be returned to Gano's employer, Eddie O'Brien, who accompanied Gano to the arraignment.

Montes had also cited Gano for driving without a license. Gano told Payne that he has a Wyoming license but that he cannot find it. Payne gave Gano a week to produce a current valid drivers license issued anywhere in the US prior to the citation date or enter a plea on Feb. 20 when he is to be heard on the DWI charge.

During this arraignment, Gano, advised of his rights, was told, "This court will not impose a jail sentence."

Lincoln County Jail records show that last year only six prisoners were sentenced via

municipal court. The town and county have a joint powers agreement for jail service. The NEWS learned that in order to keep costs down to the town, jail sentencing by municipal court is rare.

The booking process involves stacks of paperwork, photos of inmates, fingerprinting, uniform, hygiene equipment, writing materials, dental, medical and prescription service, linen and meals.

According to jail records it costs the county \$42.50 per day per prisoner. The county's fee to the town is only \$20 per day per prisoner. (Juvenile incarcerations are not billed to the town.)

The 1985 municipal prisoners serving jail terms in 1985 totaled 74 days. The \$1,400 fee owed to the county by the town has not been paid.

Any person violating any ordinance relating to the operation of a motor vehicle pays a \$5 correction fee (CF) in addition to any fine imposed. The correction fee is collected even if

any other fine or punishment is suspended.

All correction fees collected, according to the ordinance, are to be deposited in a special fund in the municipal treasury and should only be used for the purpose of "constructing, operating, or maintaining the municipal jail or for paying the cost of housing municipal prisoners in the county jail."

Fines and other fees collected in police court or town hall appeared in the municipal judge's report approved by the town council at their Feb. 11 meeting. Some charges date back to July 5, 1983.

The following each paid a fine, bond or penalty assessment (P. A.) for January, 1986 charges: Renee J. Kessler, Corona, NM, careless driving, \$25 P.A. and \$5 C.F.

Orlando K. Beltran, Carrizozo, NM, invalid sticker, \$20 P.A. and \$5 C.F.

Eleven people each paid \$20 and \$5 C.F. on charges of speeding—Lewis April, Carrizozo; Linda Sudderth, Albuquerque, NM; Randy L. Richard, Lexington, ME; Steve Madrid, Gallina, NM; Joel L. Chitwood, Mountainair, NM; Ruth A. Najjar, Carrizozo; James E. Milnen, Bang, TX; Epifanio Gallegos, La Jara, NM; Phillip R. Richmond, Albuquerque; Arlin Gibson, Hobbs, NM; John Inncraraty, Santa Fe, NM.

Capitan . .

(Con't from P. 1)

(worth quite a bit) up for sale if the price is right. Be it noted that the ski program was discussed. The Capitan Schools are also looking for a science teacher.

The new library was declared "finished" on Jan. 10. The agreed to completion date was Dec. 20. After considering many factors the board penalized Contractor Hodge \$1,100 or \$100 a day for 11 days.

Steve Sams of the US Forestry Service was present. The appraisal for the proposed land swap (value for value - not acre for acre) could be moved up from April to March. Then the legal red tape will take place. The actual swap of titles would take place in the late fall to New Years. This could also happen as early as September if things fall into place just right. The \$680,000 football and track facility could go to bid right after the title swap is completed. Architect French has been authorized to make preliminary plans.

President Eckland of the Tiger Booster Club stated the club is willing to help with finances on overnight trips. The long trip next year will be Reserve. Booster Club members feel 150 miles - 4 hours is the point where staying overnight might be considered. Eckland would like to see Capitan make use of "volunteer" coaches. He also feels Capitan must pursue positive thinking.

Along the way the contracts for High School Principal Jay Dark and Elementary Principal Jerry Newsum were renewed for the 1986-87 school year.

Other news - Miss Ford informed me that dual memories (photos) will be taken on March 4.

The Albuquerque-Bernalillo County Economic Opportunity Board In Lincoln County

Announces today that U.S. Department of Agriculture Surplus Commodities will be distributed to any eligible county residents.

The distribution sites are listed below with dates and times.

- At Ruidoso Downs City Hall Feb. 26, 1986 (9:00 to 2:00)
- At 404 Central Carrizozo Feb. 27, 1986 (9:00 to 4:00)
- At St. Patrick-St. Jude Center in San Patricio Feb. 28, 1986 (10:00 to 2:00)
- At Capitan Sr. Citizens March 3, 1986 (10:00 to 2:00)
