## \$500 reward

Drug abuse is a problem of priority concern and attention and the Ruidoso Crime Stoppers is helping to combat the problem by offering \$500 to anyone providing information that leads to the arrest of persons trafficking or distributing illegal drugs.

Crime Stoppers will also pay cash rewards for information that leads to the recovery of stolen property and the solving of other felony crimes.

The Crime Stoppers telephone is manned 24 hours a day. Anyone who has information on criminal activity can call Crime Stoppers at 257-4545.

UP WITH PEOPLE'S international cast of 110 generates a contagious energy that makes their audience a part of the show and leaves them feeling great.

### Up With People

## Cast of 110 opens season in Carrizozo

By RUTH HAMMOND

The cast of Up With People will arrive in Carrizozo at 5 p.m. on Aug. 21. A parade will proceed through town when they arrive.

Up With People is a dynamic, contemporary production that is firmly established in Carrizozo. As in the past, Carrizozo will have the opportunity to participate in the first show of the season for the international cast.

Up With People was incorporated in 1968 as an independent, nonprofit, educational organization. It began with the belief that through music and dance young people could communicate their ideas and hopes. Their show provides the medium with which Up With People can travel throughout the world bringing people together.

"Beat of the Future," the new hit show that will be performed in the old gym at the Carrizozo High School, is an

entertaining but thoughtful look at life in the 21st century—barely a decade away—where there are floating cities, songwriting computers and the global community of mankind.

As usual, the audience will be a part of the Up With People show. Members of the audience may find themselves singing with a computer or dancing in the aisles with a Japanese lion.

The cast that will arrive in Carrizozo on Aug. 21 is just one of five casts that will travel approximately 32,000 miles visiting 80 to 90 towns and cities. During the past 17 years, Up With People has performed "live" to an estimated 14 million people in 48 countries on six continents.

An important part of Up With People's educational and cultural exchange is the hospitality provided to the students in each community by local host families.

Host families provide lodging and some meals. It is an important opportunity for the students to participate in and learn about their lifestyles and the rich cultural diversity of the world. These contributions are vital to the continuation and existence of Up With People.

Host families are needed for the 110-cast members that will be in Carrizozo for the two performances. Anyone interested in being a host family is asked to call Ann Hovendon or Karen Muse at the school at 648-2347.

Performances by Up With People are scheduled for 7 p.m. on Aug. 23 and 24. Tickets are priced at \$4 for students and senior citizens and \$6 for adults. Tickets are on sale at United New Mexico Bank and Family Pharmacy in Carrizozo.

Up With People is sponsored by the United New Mexico Bank and the Carrizozo School System.

### Fort Stanton sued—civil rights

## Problems that triggered lawsuit no longer exist, officials say

By RIGO CHAVEZ

Officials at Fort Stanton Hospital and Training School say problems at the facility that led to a US Justice Department civil rights suit have been corrected.

"The problems they allege in the suit simply do not exist any more," said Bruce Kelly, general counsel for the state Health and Environment Department (HED), in a telephone interview.

Kelly said that the department has 20 days to respond to the civil suit that was filed in US District Court in Albuquerque on Aug. 8.

"We will present a written response and as always we will start talking to the opposing attorneys," he said.

Gov. Toney Anaya and HED Secretary Jerry Manzagol have both said the lawsuit is an attempt to force the state to enter into a legal consent decree guaranteeing a minimum level of care.

"We have changed our policies to insure that any problems that may have existed when the Justice Department investigated us no longer exist," Ft. Stanton administrator Ervin Aldaz said.

The suit alleges that the state failed to provide adequate medical care and treatment to Fort Stanton clients and did not ensure that medications were prescribed and administered only by qualified professionals.

There is also a charge that Fort Stanton staff members restrained clients as punishment or for convenience of the staff.

Aldaz said that the first allegation stemmed from the fact that the hospital which serves 140 mentally retarded clients had only one staff physician from May 1982 through June 1 of this year.

Mark Delgado, who was the administrator at Fort Stanton when the Justice Department began its investigation in

December 1984, said that when the vacancy occurred he immediately began looking for another doctor.

"We were told by HED in 1983 that we didn't need the physician," said Delgado, who is currently administrator at the state training school in Los Lunas.

Delgado added that when the state received a preliminary report of the Justice Department findings on Dec. 24, 1985 they again began looking for another doctor.

Aldaz said other policy changes with regard to medication and bodily restraint were also adopted.

"We never restrained patients unless they are harming themselves or others," Aldaz emphasized.

"And anytime a patient has to be restrained we get a

qualified medical professional, usually a physician, to approve it. The only time we might not get their approval would be if the client is in immediate danger of harming himself or someone else, an emergency situation."

Dr. Roger Beechie, a Ruidoso physician, joined the staff at the hospital on June 1, but he had been an on-call physician for several months, Aldaz said.

"There may have been problems in the past, but we corrected them," Alfredo Santistevan, director of the state's Office of Institutional Services which oversees all hospitals for the developmentally disabled in the state.

Aldaz said that he and the other professional staff members are constantly evaluating policies and procedures. "We do this all the

time."

The Justice Department notified the state of its investigation into alleged civil rights violations at the Fort Stanton facility on Dec. 18, 1984.

On March 26, 1985 two physicians visited the hospital and later civil rights division attorneys toured the facility. The December 1985 letter informed the state of preliminary findings.

Delgado said the findings were discussed with Justice Department officials in January.

Named as defendants in the suit are the state, Aldaz, Anaya and former HED Secretary Chris Krahling.

The suit was filed because of alleged violations of the Civil Rights of Institutionalized Persons Act of 1980.

### Airport commission

## Rhubarb over paying for wife's airline ticket

By RIGO CHAVEZ

The attorney for the Sierra Blanca Airport Commission advised SBAC members that they would be in violation of state law if they reimbursed an airport consultant for a \$184 plane ticket used by his wife.

Airport administrator Fred Heckman had asked the commission to pay for a round-trip airline ticket from Dallas to El Paso for Margaret Dean, the wife of former Dallas-Fort Worth Airport Administrator Ernest E. Dean.

SBAC co-chairmen Ken Nosker and Tim Morris had authorized the payment on a June 9 purchase order, but attorney Steve Sanders questioned the payment when it was brought before the commission in a special meeting Aug. 7.

"It's against state law for you to pay for his wife," Sanders said. "You can pay him a per diem for the days he was here to make up the difference, but you can't pay for his wife."

The commission subsequently voted to reimburse only Dean for his \$184 airline ticket and pay him for his time.

The questions about the airline ticket came following a 1½-hour executive session during which Nosker said the commissioners had discussed state regulations regarding the payment of bills with

Heckman. "He agreed to follow them," Nosker said, adding that this was not to say that the proper procedures had not

been followed in the past. Dean, who served as administrator of the Dallas-Fort

## Corona School Board adopts policy to comply with SB106

By RUTH HAMMOND

During the Aug. 5 meeting of the Corona School Board, revisions were made to the board policy to make it comply with Senate Bill 106. A state-

ment of policy that was added to the board policy stated in part:

"The Corona Board of Education will exercise its discretion in deciding questions affecting programs, posi-

tions and individual employees, and will make good-faith judgments as to what actions will best serve the district's interests. The board is committed to providing its students with the best professional staff it can afford, and will strive continually to improve the quality of the district's staff. Toward that end, all certified staff members are hereby informed that merely satisfactory performance is not sufficient to insure continued employment."

The full page statement was read by school board president Ernest Copeland. At the request of a member of the audience, copies were made available for the audience to read.

Copeland also suggested that the school adopt a policy that for a student to be a valedictorian or salutatorian, the student must attend Corona school for three semesters.

It is not decided who the valedictorian and salutatorian will be until two weeks before graduation.

It was stressed that a decision needed to be made before school starts if there is to be a policy made. Other schools' policies in determining valedictorian and salutatorian were discussed. It was to be noted in the minutes of the meeting that it had been discussed and was tabled in order to consult with lawyers. A decision will be made in September.

A list of items being considered in preparation for the 1986-87 school year was read. These include:

Beginning with the school year 1986-87, each student must have 23 credits to graduate from Corona High School. The student must have the appropriate number of credits to be classified as

## Ruidoso fundraiser for Carruthers and Stahl

Republican governor and lieutenant governor candidates Garrey Carruthers and Jack Stahl will attend a reception Saturday, Aug. 16, at Cree Meadows Country Club in Ruidoso.

Also attending the fundraiser will be Carruthers' wife, Kathy, and Stahl's wife, Carol.

The two-hour reception begins at 6:30 p.m. and is being hosted by Ralph and Mary Margaret Petty of Ruidoso, Russell and Harriett Moore

and John and Jill Petty, all of Albuquerque. Elba Burke of Las Cruces is also helping organize the event.

"We're looking forward to this opportunity to do some campaigning with Jack and Carol, and to seeing the folks in Ruidoso and taking them our message of a new beginning for New Mexico," Carruthers said.

Tickets for the event are priced at \$100 a couple, and will be available at the door. The public is invited to attend.

**She helps students 'escape the mold'**

Helping students "escape the mold," Bettye Givens of Plainview, TX, is teaching a creative writing course at Carrizo Lodge this week. She instructs students on the various ways to create, find and develop new ideas into a written plot. Receiving a master of fine arts degree in writing from Vermont College, Givens is currently a faculty member at the Paris American Academy in France. Givens recently published a book of poems titled "The

Red Headed Tree." She is a member of the Third Coast Screen Writers Guild. Givens work has been published in "Texas Review," "Southwest Heritage," and "South Bay Magazine." She has written for the Lubbock Avalanche Journal, the Report News and the Christian Science Monitor. Givens is listed in the "Dictionary of International Biography" and the "World's Who's Who of Women." Her class at Carrizo concludes Aug. 15.

**Schools schedule opening activity**

By BART McDONOUGH  
 Vacation time is ending and school will soon begin.

Teachers in Corona will enjoy a picnic Sunday night, Aug. 17. Their workday will be Monday. The first day of school will be Tuesday. This will be a full day of school. Busses will run their regular schedules and the cafeteria will be in operation.

Corona Schools have one new teacher in the special education area. The Cardinals play their first football game of the season on Aug. 29. A 3 p.m. game is scheduled against Quemado.

The Capitan Municipal Schools will welcome back students on Tuesday, Aug. 19. These students will find four new teachers, the cafeteria open, and a full day scheduled. A teacher workshop is set for Monday, Aug. 18. The Tigers play Eunice at home on Aug. 29. This will be a 4:30 p.m. game.

Carrizozo students may pick up their high school schedules on Aug. 14, 15 and 18 between 10 a.m. and 4 p.m. Teacher orientation will be Aug. 18 and 19. The first day of school is Aug. 20. Parents should bring their kindergarten students to school on Wednesday at 8:30 a.m.

The three new teachers to Carrizozo School System will have to travel to Melrose on Aug. 30 if they want to see the Grizzlies play their first game of the season. This game is scheduled for 7:30 p.m. Grizzly players who have not reported

should get their schedules straightened out and make their first practice as soon as possible.

The Hondo Valley Schools have three new teachers. The teacher workshop is Aug. 21-22. First day of school for the Eagles is Monday, Aug. 25. Superintendent Vigil will also serve as the high school principal. Vigil informed the NEWS that the football field has been reseeded. He has \$220,000 available for water improvement and fire protection. This was appropriated by a special act of the legislature.

The Eagles open their football season on Sept. 6 with a 2 p.m. game with Quemado. Students reporting to any of these schools for the first time should bring their immunization records and a copy of their birth certificate.

**10 artists to exhibit at La Luz Gallery**

The Gallery La Luz will host a special 10-member introduction exhibit from Aug. 17-26. A reception honoring these artists will be held at the Gallery on Sunday, Aug. 17, from 1 to 5 p.m.

Featured in the show will be Pat Beatty-Major, who will show her realistic watercolors of the southwest; Jane Carpenter with her watercolors; Susie Farmer who does oil and pastels featuring wildlife and landscapes; Jill Fletcher will exhibit her creative stained glass; Elizabeth Goodgame specializes in sculpture, pastels and watercolor; Chris Johnson works in watercolors, mixed media and stone sculpture; Martha Kellar with her pastels; Alice Keil from Sunspot will exhibit her watercolors; Lee Selden will feature her southwestern oil landscapes; and Penny Thomas will show her watercolor and pencil drawings.

**Tina Szajko, busy artist**  
 Painting since childhood, Tina Szajko of Houston, TX, is currently teaching a pastel seminar at Carrizo Lodge. Her class is an introduction to pastel and students are painting portraits, still life, and landscapes.

Having a knowledge of the chemistry of paint, she is able to determine the origin of the actual pigment. She uses pastels, oils, watercolors and acrylics. Szajko's works include mainly animals and people. She has a realistic approach to her painting and uses dramatic light and shadow patterns.

Due to the fact that she is part Cherokee and part Choctaw Indian, she has an interest in Indians and their culture. Szajko has done 96 public exhibitions, 26 one-woman shows, and has received 86 various awards for her work.

**The Lincoln Pageant**

**A romantic rides to the rescue of Billy the Kid**

I am a romantic. As I looked out the window at the passing landscape, I could visualize a man on horseback entering a narrow canyon which would provide security and safety from his pursuers.

It mattered little that the man was pursued by the law. Even in 1986, I could still feel that The Kid could elude his followers, finding friendship at several ranch houses along the way, making his way in secret to his hiding place, wherever that was.

The Kid has become a folk hero. His short life has prompted museums, curio shops and books. Despite the fact that he was a killer—I wonder if he really killed 21?—he has been sung about, written about, and filmed about. The reasons for his becoming a "bad guy" have forever excused his conduct. The times in which he lived gave rise to self-defensive murder in many instances.

So, why do children pretend to be Billy the Kid, racing across the yard with guns drawn, ready to shoot anyone who looks like a sheriff?

Why do adults wear yellow buttons that picture The Kid in the all-too-familiar pose with his rifle at his side?

And why do movie makers write their own stories so a movie can appeal to all ages?

Because most people want to believe the best about a person. Because this young man grew up in an area where a short drive can take you back to re-live those wild days for a while, yet return you to the future in that same short drive.

That's why I agreed to go to Lincoln, New Mexico, with my children to see for a second time the pageant entitled "The Last Escape of Billy the Kid." If you have not attended a performance, you are missing a part of Lincoln County's heritage and background. And, shame on you if you are a local and have not seen this production. You owe yourself the joy of seeing local people portraying local people right in the back yard of the actual event, even though much literary license has been used in the script.

My first experience was in 1976. Ten years have not much changed this delightful local production. Ten years have brought bigger crowds and have produced different actors for various parts, but the enchantment is still there, right down to having my hand stamped with "Billy the Kid" after paying the very reasonable admission fee.

The method for speaking

parts is well done, with off-stage voices and on-stage action matching up as if the participants are professionals and spend their entire lives re-creating. But that's not so. Yet much rehearsal and preparation have produced a very believable scenario.

There is no star in this production. Each scene provides the audience with a history lesson and entertainment, all at the same time. The solemn procession to the church which opens the pageant is interrupted with the missus entering the saloon and pulling her errant and protesting husband by the ear to join the procession. Dance hall girls, square dances, soldiers in blue, and guns blaring all add to the color and authenticity of the pageant.

Most members of the audience will not recognize the actors when they meet the next day in the grocery store or buying gasoline. Yet those who portray the residents of Lincoln in those violent, growing years have known descendants of those same residents for many years. The actors don't have to study parts or to research in order to "get into the part," for they live in the

same town and know the people very well through daily contact with surviving families.

Put this event on next year's August calendar and attend the 47th production. It's a worthy experience, and you might even come away with the autograph on one of those wonderful local actors or those who read the parts back stage.

The drive back to Ruidoso gave me the same feeling I had earlier in the evening. The dark moonless sky gave even more protection to our folk hero, making me want to believe that The Kid was really a good kid but that circumstances turned him sour.

I was pulling for The Kid, hoping he'd find a safe place for the night. I wanted to believe that the recent stories are true, and that he lived a long life with a wife and children. You see, I am a romantic.

(Karen Pilgreen lives in Ruidoso, is mother of four children, works for Attorney Mel O'Reilly, and comes with good writing credentials—she is the daughter of Billie Holder, former owner of the Alamogordo Daily News.)

**Probing finances, and how airport bills will be paid**

Sierra Blanca Airport Commissioners spent most of the meeting on Aug. 7 discussing finances and the way bills are paid.

Lincoln County Manager Suzanne Cox made a presentation to SBAC and said that all payments made by the county, which serves as fiscal agent for the SBAC, must meet the requirements of the state's Procurement and Purchasing Act.

"We do question the bills to make sure they are in the scope of whatever contract they were let under and to see that the totals add up," Cox said after the meeting.

"We are not just a rubber stamp because it's our neck on the line if there is an audit," Cox also reported that only the Mescalero Apache Tribe has not paid its \$500 yearly assessment to the commission's regular fund. The tribe is behind \$1,000.

Fred Heckman, who serves as contract administrator for the commission, told about a recent Ruidoso Village Council meeting during which Ralph Petty, a local banker, had questioned the \$76,000 the SBAC

spent drilling a 950-foot well at the airport site.

"He implied we were fools because he drilled an 850-foot well for \$9,500," Heckman said directing a question to project engineer Earl Cook. "How should we answer questions about why it cost so much?"

Cook said that it was difficult for him to make a comparative evaluation without knowing the location and other specifications of Petty's well.

"The well was designed to meet the standards for public facilities and construction cost actually under-ran the contract," Cook said.

Conrad Buchanan of Ruidoso Downs said that the banker's comment was "just the tip of the iceberg."

"As we get into the construction phase we're going to have a lot of questions about how the money is spent, and we should be prepared to answer them," Buchanan said.

"I don't think we should have to defend this," commission chairman Ken Nosker said. "We went through every procedure we were required to. We had four bids and accepted the lowest one."

Also as part of finances, the commission approved for payment:

—\$58,870.74 to Leadshill-Herkenhoff (engineers) for work done in January;

—\$890.48 to attorney Steve Sanders for work done in April and May;

—\$138.74 to Lincoln County News for advertising in June;

—\$184 to airport consultant Ernest Dean for a round-trip airline ticket from Dallas to El Paso;

—\$6.50 to Ruidoso News for advertising in July;

—\$21,161.93 to Fred Heckman for contractual services in April, May, June and July;

—\$76,994.47 to Rodgers & Co. for well drilling; and

—\$279.63 to Steven Brack for work done to mitigate impact on the hedgehog cactus.

Following a 1½-hour executive session, Buchanan said that Heckman had agreed to start billing the SBAC on a monthly basis for his services.

Cox said that after all the approved bills are paid the SBAC improvement fund will have a balance of \$28,451.73.

**SBAC...**

(... from P. 1)

Worth International Airport for 17 years, and his wife came to Ruidoso on June 19 to discuss plans for the proposed Sierra Blanca Regional Airport with Heckman.

Heckman said his meeting with Dean had been informative.

"He provided us some very valuable information on building the project, how to pay for the airport and how they set their contracts with commercial airlines," Heckman said.

The Deans flew back to Dallas on July 21 and Heckman drove them to the El Paso airport for which he billed the SBAC \$27.50 for a half-day per diem and \$76.80 for mileage.

Also following the executive session, the SBAC approved a motion directing Sanders to ask that the City of El Paso's protest on the transfer of water rights for the airport well be dismissed.

Conrad Buchanan, Ruidoso Downs representative, moved that the SBAC agree to a stipulation in a water rights protest filed by Mrs. A. T. Pflingston and Westley Grisby on behalf of Las Chosas Corp.

Sanders explained that the stipulation dealt with the conversion factor for the water from agricultural to domestic use. The Las Chosas protest was asking that the airport well get only 2.88 acre feet instead of 3.25 acre feet of water per acre for domestic use for each acre foot of agricultural water.

The commission is attempting to purchase 48.75 acre feet or 15 field acres of water from Betty Schreckengost for use at the airport site on Fort Stanton Mesa. An acre foot is the amount of water it takes to cover a square foot of ground with water one foot deep.

Nosker said that Sanders would talk to the state engineer and if he was going to require the 2.88 conversion factor anyway, then the SBAC would agree to it.

Heckman also reported to the commission that it may not receive the \$300,000 allocated by the state this year. "There is a bailout clause in the contract," Heckman said.

The statement obviously alarmed Nosker. "You scare the hell out of me when you say we may not get it," the chairman said.

Buchanan said he would like Heckman to talk with Bob White of the state aviation office and see if the SBAC could get at least \$100,000 in the next 60 days.

"If we don't we'll be in the hole \$40,000 when we have to pay for the water rights," Buchanan said.

In other business, the SBAC:

—approved \$500 in prize money for a logo contest for the airport. Morris said he thought the \$250 previously approved was too small an amount and that the contest should be open to anyone not just local people. "It's still designed to give local artists some input," he said;

—heard an engineer's report from Earl Cook, who said that the telephone company cable was in and that the geologist on the well had advised against putting in a liner on the part of the well not cased. The liner would have cost \$9,000;

—rejected a request from Heckman to print new stationery with the logo developed by the engineers at a cost of \$1,500 for 1,000 sheets and envelopes. The commission instructed Heckman to photocopy the old stationery until a new logo is chosen through the contest.

follows: Freshman—must have passed to the 9th grade; sophomore, 5 credits earned; junior, 11 credits earned; senior, 17 credits earned.

1. A growth plan has been developed for the elementary head teacher and each elementary teacher.

2. A growth plan has been developed for the high school head teacher and each high school teacher.

3. Considerable time has been spent to better balance the academic and activity loads of the high school faculty as follows:

1. Due to the efforts of Dr. Leon Wagley and his staff at NMSU, Jamie Widner has been given approval for a waiver to teach science and biology next year. It was later announced that he will not teach civics.

2. Changes are being considered in the junior high schedule.

3. Virginia Clem will assume the position of adviser of the National Honor Society and will direct the production portion of the yearbook.

4. Kay Sultemeier will direct financial activities of the yearbook and will be 7th grade sponsor. She is no longer cheerleader sponsor.

5. Michelle Rose will teach two periods a day and will sponsor the sophomore class.

6. Mack Bell will teach an advanced science class on Friday morning. This will expand the science offering.

7. G. Ray Johnson will be senior class sponsor. He will continue to be athletic director

and coach three sports.

8. Widner will be junior class sponsor; he will continue to be FFA sponsor and will coach three sports.

9. Marie Owen will be 9th grade sponsor.

10. Joan Trotter will be 8th grade sponsor.

11. Patricia Perkins will teach four classes of English, serve as high school head teacher, counselor and student council sponsor. She will not add any extra classes or teach any student on an individual basis without permission from the superintendent.

12. Since Perkins will not direct the junior-senior play, the school needs a person willing to direct the play between the football/volleyball and basketball seasons. This person must be paid for the job and the stipend is \$118. The practices will be held after school and no academic credit will be given.

13. Karen Lightfoot will be cheerleading sponsor.

14. Though the high school schedule is not completely confirmed, we (Corona school board) have no concern over having the schedules ready for the students to have the first day of school.

In other business, after a lengthy discussion about the method of serving milk, a motion was passed to purchase milk in one-half pint cartons from Corona Trading Company at a price of 18 cents for chocolate milk and 15 cents for white milk.

Milk had formerly been

purchased in gallons and poured into pitchers to be placed on tables for the students to pour into glasses. Dr. Clem, superintendent, had received requests by parents to serve the milk in a different way.

Students will pay 20 cents per carton for their milk. Extra cartons of milk will cost an additional 20 cents.

The board approved the five bus routes as presented.

Clem announced that the job on the gym floor is finished, work on bleachers has started, and significant changes have been made by painting, scrubbing and fixing.

Parents expressed concern about the junior high schedule but no definite schedule was prepared. School in Corona begins Aug. 19.

# OPINION

● IF you like comedy, you must have loved Sen. Ted Kennedy's sharp questioning of US Supreme Court Associate Justice William Rehnquist, who has been nominated by President Reagan to become Chief Justice. The thought of having a conservative as Chief Justice is driving liberals in the Senate (and in the press) to desperation. In his questioning by members of the Senate Judiciary Committee, Rehnquist was accused of harassing black voters at polling places in Phoenix in the early 1960s. According to witnesses, Justice Rehnquist is alleged to have asked prospective voters if they could read or write. Now, fellows, that's a real harassment! Never mind that he had been cleared of the same charges when he was confirmed as Associate Justice of the Supreme Court!

● BUT the kicker in the comedy is Kennedy's outrageous performance. He told the committee that Rehnquist had shown a "lack of interest in women's rights." The great Teddy showed a lack of interest in one woman's rights the night of July 18, 1969 when he drove his car off a bridge at Chappaquiddick Island, Massachusetts, leaving his companion, Mary Jo Kopechne to die in the water. While Miss Kopechne was drowning, the morally upright senator was fleeing the scene. He beseeched a family member to swear that Mary Jo was driving the car when it went off the bridge, so that his "ticket" wouldn't be revoked. (The "ticket" was his license to practice law.) While a woman was dying at his hands, he was worrying about losing his license! Today, he is questioning Justice Rehnquist's right to become Chief Justice on moral grounds—that he harassed black voters by asking if they could read or write! If there is an Oscar for hypocrisy, the yellow-bellied coward from Massachusetts has won a trainload of them.

● THE US Department of Justice finds that Albuquerque ranks 8th in the nation for crime, according to an Associated Press article. The report says Albuquerque's homicide rate is 11.4 per 100,000 population, whereas the national average is 8 per 100,000 population. The crime rate is based on homicide, forcible rape, robbery, burglary, aggravated assault and auto theft. If the people of Albuquerque react to this news the way some people in Lincoln County do to our coverage of local crime, the editor of the Albuquerque Journal would be publicly horse-whipped for "giving the community a bad image."

● ONE of every four US households was a victim of crime in 1985, according to the Bureau of Justice Statistics. An estimated 22.1 million homes suffered a robbery, burglary, car theft, rape, assault or theft last year. The bad news is that the rate will be higher in 1986. Have a nice day!

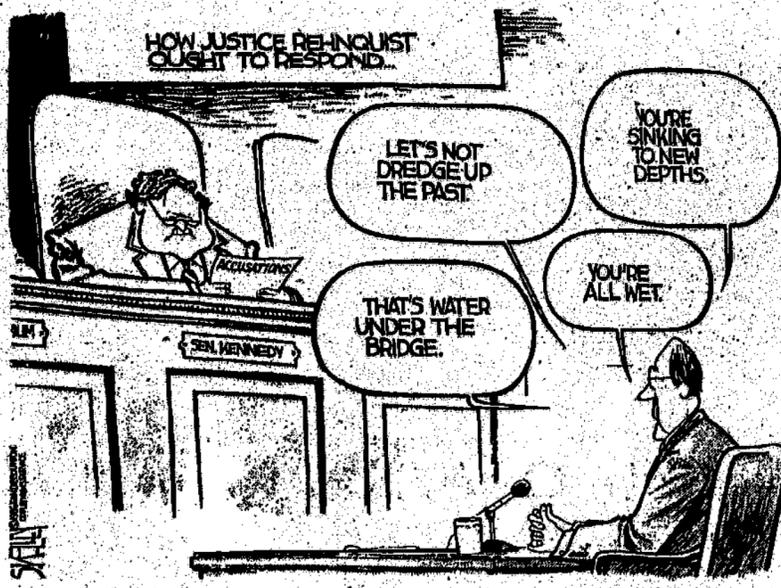

● EDITORS of The American Sentinel have told President Reagan why Soviet dictator Mikhail Gorbachev should not be allowed to come to America late this year for a summit meeting. His only reason is to present himself as a "nice guy" who only "wants peace," and to con the American people into believing "he's just like us." Let's hear it from the Sentinel:

● "JUST last month we celebrated the 100th anniversary of the Statue of Liberty, the hope of enslaved people the world over. It would be a disgrace to her and all she represents to allow Gorbachev onto our shores this fall. He persecutes all 230 million of his enslaved people. He refuses to allow his 'huddled masses, yearning to be free' to emigrate to these shores. He sits atop the largest atomic missile arsenal ever built, designed specifically to pulverize Lady Liberty and the country she oversees into rubble. He spreads tyranny to every corner of the globe, from Afghanistan and Cambodia and Vietnam to Nicaragua, Cuba and Angola. Mikhail Gorbachev, in brief, is the absolute antithesis of all Lady Liberty represents. If he came to this country she would, if possible, openly weep." Amen to that.

● WELL, well. A district judge in Santa Fe has ruled that personnel records containing the names of public employees the state has hired or fired are public record. He then awarded legal costs to Rebecca G. Barber, editor of the Grants Beacon, who had sued the Western New Mexico Correctional Facility for refusing to disclose the information. Let's see the judge sell that idea to the people who run Carrizozo's city hall!

● THE recent Pony Express Race from Lincoln to White Oaks indicates a need to support the Humane Society of Lincoln County, which is now in its organizational stage. At White Oaks, an exhausted horse had to be led across the finish line. According to a Lincoln County News reporter, the horse was bathed in sweat, was staggering, had glazed eyes, and collapsed in a nearby field. After two hours of pouring water and ice on the animal, he was able to stand on his own. Considering the rough, rocky terrain over which the race was run, it would have been appropriate to have had those horses inspected by a veterinarian, before and after the race, to prevent such things from happening. A vigilant Humane Society would be helpful in such an instance; first by certifying the horses' readiness for the grueling run, advising riders of dangers of pushing their horses to the limit, then having veterinary attention available in case of need. I hope you will contribute to the Humane Society's effort to raise funds for a \$50,000 animal shelter and affiliated services in Ruidoso. Please mail your contribution to: The Animal Shelter Building Fund, Box 2832, Ruidoso, NM 88345.

● IT is in the interest of horse owners to support the Humane Society. First, by following approved humane procedures a valuable animal may be saved; and second, because there are laws that exact heavy penalties for those guilty of animal abuse. Last week, two women in Las Cruces were fined a total of \$9,005, given suspended jail sentences, and placed on probation for their cruelty to dogs and cats.

## Watch Over WASHINGTON

Les Kinsolving

WASHINGTON—When Maxwell Gluck was nominated to become our ambassador to Ceylon by President Eisenhower in 1957, during the confirmation hearings he was asked if he knew the name of Ceylon's Prime Minister (S.W.R.D. Bandaranaike). When this Republican President's nominee — and contributor of \$28,000 to the 1956 campaign — was unable to name the prime minister of the country to which he wanted to be ambassador, the Democrats had an absolute field day — and justifiably. I seem to recall that *The Washington Post's* extremist car-

toonist Herbert Block drew an unmerciful cartoon, picturing poor Gluck as a bloated boob in a schoolroom wearing a letterman's sweater with a large dollar sign.

Ambassador Gluck was confirmed, however, and according to John Gooneratne, Deputy Chief of the Embassy of Sri Lanka (as Ceylon is now known), "He was a very popular ambassador." Prime Minister Bandaranaike was marvelously gracious in announcing, "He shouldn't be embarrassed about pronouncing my name. I'm not sure whether his name is pronounced Gluck or Glick."

Now, to its credit, *The Washington Post* has front-paged the even more hilarious embarrassment — of two Democrat dum-dums.

These two, both from Maryland, are not businessmen like Gluck, the chairman of the Darling Shores Corporation, who was suddenly and politically appointed to governmental service. They have been members of Congress for a total of 18 years — and are currently both candidates for US Senator from Maryland.

One of them, Congresswoman Barbara (Con't. on P.5)

## Inside the Capitol

By Fred McCaffrey

SANTA FE—In this year's political campaign, the voters have a right to more than the usual blah and hoorah.

Our state's economy is in a nosedive, though you wouldn't get that impression from listening to any of the candidates. They're busy mouthing the platitudes their advisers tell them we want to hear.

That tells you how little the advisers really know.

Never in all the elections this writer has been a part of in New Mexico has there been as much hunger among the voters for some gleams of honest fact in the campaign speeches. For once, if the citizens we listen to are typical, we would like to be told in concrete and understandable terms, not just what these folks intend to accomplish, but exactly how they propose to accomplish it.

We don't just want to know where they think they are going. We'd like to be told exactly how they plan to get there.

TOO DEMANDING? A New Mexican who knows plenty about how to get yourself elected remarks that this column's insistence that both the two men running for governor spell out in some detail how they plan to end the state's financial problems is asking too much. Since neither has

been governor, he implies, they don't yet have the experience of the system from the inside that allows them to make such decisions.

Yet, whoever gets elected is going to have to come up with such a plan between Nov. 4 and Jan. 20.

That latter date is when the 1987 legislature convenes, and the new governor should be prepared by that time to present his proposals to that body for serious consideration.

But if the plans that are come up with during that short period of time are to be respectable ones, surely those who are responsible for conceiving them have at least some notion of their outlines already. If so, we would like to hear them.

Besides, how can we tell which of the two most deserves our support and our votes if they both remain reticent on this very essential point?

BAD NEWS: In the comments of that man who insists we should understand why they don't want to level with us on this topic there appears to be nestled some thought like this: whatever proposition either candidate has for solving the money crisis inevitably has to include some discomforting raises in taxes on the citizens, and you can't expect a candidate to be completely candid on that topic, can you?

# Letters TO THE EDITOR

'There he goes again!'

EDITOR—There he goes again! El Paso Times staff writer David Sheppard of Alamogordo has a way with words—his words, that is. According to an article in *The Ruidoso News*, Aug. 4, 1986, Sheppard misquoted Judges Richard Parsons and Robert Doughty concerning aspects of the McKnight murder case. Judges Sandra Grisham, Robert Doughty and Richard Parsons wrote letters to Sheppard trying to correct his misquotes, but Sheppard stands by his opinion of what he thinks they meant rather than what they said.

This is exactly the way the misunderstanding by Sheriff Tom Sullivan of a quote by Don Samuels, candidate for Lincoln County Sheriff, got started. Sheppard interviewed Samuels on the phone before the primary election and in an article in the *El Paso Times* "quoted" Samuels as saying that the sheriff's department lacks "professionalism and honesty." According to Samuels, Sheppard asked him how he would run the sheriff office if elected. Samuels told Sheppard that he would run it "with professionalism and honesty."

Distressed over the misquote and the repercussions it could cause, Samuels contacted Sheppard and asked him to correct the statement. Sheppard told Samuels that he did not always quote someone exactly, but that he wrote what he thought the person meant in his statement. He cannot know what another person is thinking and should stand by what the persons says. We don't need another Lincoln County War.

My advice to anyone would be to stay as far away as possible from David Sheppard, give him no interviews, and hope he doesn't happen to read anything your write. Here I go again . . .

PAT HUME, Lincoln County Republican Party

'Unsettling incident'

EDITOR—Evidently Mayor Bob Hemphill is not happy with your description of Carrizozo as "a lawless town." (OPINION, July 24/July 30) Let me relate an unsettling incident of four years ago when my wife and I were paying guests of Mayor Hemphill's fair city, to-wit:

Residents of California, we had been in New Mexico visiting relatives in Roswell. After taking lodging in a Carrizozo motel, we had dinner and then drove about a bit to see the community. Proceeding along one of the main thoroughfares in full daylight, we observed a car with New Mexico license plates rapidly approaching from the opposite direction. With no warning whatsoever, it suddenly veered across the center strip directly into our line of travel. By quickly swerving hard to the right and out of the path of this onrushing missile, I was able to avoid a head-on collision. We caught only a fleeting glimpse of the wrongway vehicle and its male occupant before both vanished.

Questions for Mayor Hemphill: Was this dangerous imbecile playing a game known to the kiddies as "chicken"? Was he a law-abiding drunk driver? Was he an upstanding native son who just happens to hate Californians?

STEVE MITCHELL, Van Nuys, CA.

On cocaine?

EDITOR—It was with deep regret that I read your Aug. 7 remarks regarding the Pony Express race and dance, etc.

Your editorials are normally well thought out, and the statements made could be verified. However, I am not sure what kind of "trip" you were on — cocaine, heroin or what, but you were obviously, hallucinating when you wrote that first paragraph on the August 7 editorial.

I sincerely hope you can get off whatever you are hooked on, and get back to your old form.

ELON D. TOLLIN, Carrizozo.

'One of the sickest things'

EDITOR—I grew up in Lincoln County. I have known about the Hindis and their reputation as horsemen for years. The display by the Hindis at the Pony Express Race on Aug. 2 was not that of horsemanship. People who have never been around horses would have shown more common sense than did the Hindis.

I was raised with horses all my life and have never seen such abuse of an animal. What can the Hindis have been thinking of to push, pull, and tug on an exhausted and unconditioned horse to the finish line? Were they actually proud of this endeavor? The horse would never have been in that state with proper conditioning and common "horse sense."

A horseman would have prepared his horses for months and months for such a race. A horseman would have taken the saddle off the horse and cooled the horse down long before the Hindis saw to do this. Did they consider this admirable to push this horse to the finish line? My God, that was one of the sickest things I've seen a human being do.

My only hope is that other horse lovers that witnessed this appalling display will express their views as well. As for the Hindis, I can only hope that some kind of knowledge and feeling about horses was learned by this disaster. I do hope that the horse has recovered and not permanently injured.

BECKY EDWARDS, Alamogordo.

In defense of Pony Express horses

EDITOR—It's really too bad that so much attention is being focused on the unfortunate condition of Jamil Hindi's horse at the end of the 1986 Pony Express Race. I have heard many adverse comments on the "misuse of the poor animals" and having been a "participant" of the race for three years, I would just like to speak my mind.

First of all, if you know the Hindi family of Duran (not Durant, which is in Oklahoma), you know that they are very fine people who truly care about their livestock and would never intentionally risk injury to an animal. They own and raise some of the finest horses to be found in the State of New Mexico and certainly would not want to lose

# LETTERS

We welcome letters to the editor. Here are suggestions to expedite their publication. Letters should be brief as possible, and cover one topic or point of view only. If possible, limit them to 500 words. They are subject to editing for grammar, punctuation, brevity, and good taste. We do not publish third party letters. All letters must be signed, and an address or telephone number included. Names of letter writers will be withheld only upon request.

## Letters TO THE EDITOR

... from p. 4)

a horse the caliber of this Arabian stud that so much is being written about.

It's really a shame that the "humane" folks that witnessed the horse going down and are making such an issue of this mishap seem to have forgotten the hundreds of other horses that have run this race in the past 18 years with damage to neither body or mind. It is a tough race, in tough country, for tough individuals! Approximately four to five months are spent conditioning the four horses that actually make up the final team. Special feed, shoes, vitamins, etc., are all a part of getting a horse ready for the Pony Express Race. It takes commitment, time, and lots of money. Contrary to what some folks think, this is not something you do at the last minute on a whim.

My son was fortunate enough to win the 14th and 15th annual races, and I know the hard work he put into it. I personally have exercised horses and have ridden the race course, and I feel that the Lincoln to White Oaks Pony Express Race is a grand tradition in Lincoln County and anyone should be very proud to have made it to the finish line, whether in record time or two hours behind the winners!

Cruelty to animals? I don't think so. I've felt one of those horses under me, wanting to run because he was in good condition and felt great!

A beautiful horse, a good rider, and rough country. A great formula for excitement and a true feeling of the Old West. Let's not lose it.

Thanks for printing this letter and letting those of us who love and use good horses speak up for our side of the issue.

DONA RUNNELS,  
Capitan.

### Financing the Soviets

EDITOR—The United States government has a decades-long record of lending support to Communist dictatorships.

The International Monetary Fund (20 percent US taxpayer's money) has been for years loaning money at very low rates of interest to Communist nations.

This year, four leading American banks lent the Soviet Union \$400 million at unusually low interest to buy American grain. In 1984 alone, East Germany received \$2.5 billion in Western credits. Last year Bulgaria received \$125 million. Other Communist nations receiving IMF money include Afghanistan, Red China, Ethiopia, Hungary, Cambodia, Laos, Nicaragua, Romania, Vietnam and Yugoslavia.

According to a Government Accounting Office analysis for 1982, the United States spent \$122 billion or 56 percent of the defense budget on NATO. Therefore, more than one-half of America's defense budget is going to defend Western Europe against Communist nations whose economies are being subsidized by the 20 percent American tax-funded IMF.

Since Rep. Philip Crane introduced HR 97 in early 1985 which will cut off all credits to Communist nations, Congress has been inundated with an avalanche of mail from constituents demanding passage of this bill, but many more people are needed to get involved. Write your Congressman now!

ELLEN EDWARDS,  
Lodi, CA.

### 'Made in the USA'

EDITOR—Every US president since 1960 has annually commemorated Captive Nations Week in July. Yet, despite nearly 30 years of such commemorations, there are now 49 nations under Communist rule with more than one-third of the world's population enslaved. The grim list continues to grow as the Communists relentlessly pursue their goal of world domination.

This is in spite of presidential proclamations that are issued once a year to remember the Captive Nations, because the United States continues to strengthen the Communists

through aid and trade — including loans and loan guarantees, technology transfers, and, in some instances, even military equipment and training. In fact, the aid that the United States has provided the Communists, beginning with the Bolshevik Revolution, is so massive that it is no exaggeration to say of their Evil Empire: Made in the USA!

The annual nationwide observance of Captive Nations Week have helped to keep fresh in the minds of Americans the plight of captive peoples, but much more is needed if we are to free them from their oppressors.

The proclamation for Captive Nations Week should also call for an end to all aid and trade with all Communist dictatorships. When this is done, we will be doing more than just remembering the captive peoples — We will also be helping free them from the Communist yoke.

RODGER TAYLOR,  
Lodi, CA.

## Watch Over...

(Cont'd from P. 4)

Mikulski, is a member of the Arms Control and Foreign Policy Caucus. When asked by a Baltimore TV station to identify the Prime Minister of Israel, Baltimore's Baby Bella Abzug didn't know!

As if there is any nation with which we have more foreign policy and arms relations than Israel!

The other Democratic dumkopf is Congressman Mike Barnes. He said that the name of the Israeli Prime Minister is Yitzhak Shamir rather than Shimon Peres, whose name has been all over the news for his meeting with Morocco's King Hassan.

Congressman Barnes is a member of the House Foreign Affairs Committee. He is chairman of that committee's subcommittee on Western Hemisphere Affairs. Maybe Barnes has spent too much time in Managua or otherwise promoting the Marxist thug he called "Dear Commandante," Daniel Ortega, who has throttled civil liberties in Nicaragua.

"Barbara the Baby Bella" and "Managua Mike" Barnes were also unable to name Israeli Prime Minister Shimon Peres's designated successor, Yitzhak Shamir, whom Bubblehead Barnes identified as Israel's present Prime Minister.

Maryland's Dimbulb Congressman was also ignorant of the fact that the United States had sent Stinger missiles to Saudi Arabia in 1984.

Baby Bella Barbara was equally brilliant in identifying as the head of the Communist-dominated African National Congress a militant black anti-Communist freedom fighter, Jonas Savimbi of Angola's UNITA. But this wasn't quite as ludicrous as Senate Candidate George Haley, brother of author Alex Haley of Roots fame. For candidate Haley declared that the head of the African National Congress is not Oliver Tambo but, in Haley's own words: "Sambo." (Somebody call the NAACP — and Sambo's Restaurants. Racism is running rampant.)

By striking contrast to all this ludicrous ignorance by Democratic Congressman Barnes and Congressman Mikulski, the highest score was tallied by gorgeous GOP candidate Linda Chavez — the candidate, you may remember, that Washington's National Press Club refused a chance to speak.

What was perhaps even more ludicrous than The Case of The Maryland Flunkies was the reaction to all this in certain sectors of America's far left — such as National Public Radio. For one of their commentators, Daniel Schorr, was so upset that he went on this taxpayer-subsidized network's air and declared that this snap quiz of politicians — in his words — "SUBVERSIVE!"

Yes, he actually said that — on the air!

Anyone who would dare to question Mr. Schorr's firsthand knowledge of subversion can consult CBS news and ask them why they fired him.

AMERICAN LEGION Beaver Bond Post 35 took the first place trophy in the float division at the Corona Summer Festival Parade last Saturday.

### IT'S A FACT!

Jobs in public relations seem to be at an all time high. At the top 50 PR firms in America, the number of employees has risen 13.5% in one year!

More than 1,500 public relations companies are indexed geographically in "O'Dwyer's Directory of Public Relations Firms." This directory can be helpful to those seeking jobs in public relations.

Not all libraries have the directory so it pays to call and ask whether the book is in stock or on order.

The Lincoln Republican, published in Lincoln, New Mexico, Friday, Sept. 2, 1892.

**Pay Your Poll Tax Now**  
The poll tax books will be closed next Wednesday and no person will be allowed to vote at the next general election for delegate to Congress, members of the legislature nor for county officers, who does not hold a receipt for his poll tax, dated not later than Wednesday, Sept. 7th. Only five days remain in which to attend this matter.

**The Local Budget**  
Mr. Thornton's youngest child is quite sick with scarlet fever.

Col. Jewett has been in the mountains around Nogal, this week.

Sidney Grumbles and Robert Parker came over from White Oaks on the Sunday stage, on their way to the Goss Military Institute at Roswell. We had a very pleasant call from the boys, who are laying out a year's hard work for themselves.

Wild dogs are becoming a serious nuisance in this county. A pack of dogs and gray wolves are prowling around the Park south of White Oaks, and several calves have been killed by them. A number of wild dogs have been seen in the Capitan mountains and the White mountains are said to be full of them.

Sunday afternoon, two wagons loaded with boys and girls bound for the Goss Military Institute, passed through town and went into camp near the orchard of Mr. Ellis. The party consisted of Charles Brown and two daughters of Mr. P. G. Peters, of Nogal; Miss May Goodin and brothers and Miss Daisy Nabours, matronized (pro tem) by Mrs. B. F. Brown and Mrs. Noah Ellis.

Mr. Ogle, agent for Pierce and Brown, Chicago, was in town yesterday. He is traveling through the Territory selling school furniture and apparatus. He has met with good success in introducing reading, geographical, astronomical and anatomical

charts, into the schools of the larger towns and in many of the country districts.

**Friday, Sept. 9, 1892**  
Several queer cases of accidental poisoning have been reported lately. The other day, in Chicago, a doctor in his office, treated two of his friends to a drink of carbolic acid, under the impression that he was dispensing rare old rye. In Dutchess county, N.Y., a preacher gave his congregation vitriol, believing it to be communion wine. Old toppers always sniff their drinks before swallowing them, and it would be well for everybody to do the same.—Ex.

**The Local Budget**  
There is one case of diphtheria in the hospital at Fort Stanton.

Judge Cronin left town, Wednesday, with Mr. Paul Mayer, for a week's visit at White Oaks.

A baby girl came to the house of Mr. and Mrs. Wm. Norman, on the morning of Sept. 8th.

Peter McCourt, who not many months ago, was running a tin shop in White Oaks, lately made a rich strike at Cripple Creek, Colo. and sold out for \$900,000.

Mr. Frank Coe was in town Wednesday. He reports fine crops of oats and hay and the largest crop of fruit ever raised on the Penasco.

Mr. Thos. B. McCourt died at his home in White Oaks, last Friday, of dropsy. He was Superintendent of Schools for Lincoln county.

Mr. John Newcomb brought in a load of Bartlett pears, of phenomenal size, from his ranch on the Ruidoso, last week.

A cloud burst in the mountains south of town, last Sunday afternoon flooded our streets for a few hours, but did not damage.

Mabel, the only surviving child of Mr. and Mrs. Thompson is very low with diphtheritic scarlet fever, the disease of which her sister died last Monday, and there is little if any hope of her recovery. Truly, sorrow is laying a heavy hand on the afflicted parents.

Mr. William Rosenthal, of the firm of Rosenthal & Co. of this place, and Miss Jennie Weinberg will be married Oct. 1st, at Bonn, Germany. Mr. Rosenthal writes that they will be in Lincoln the 1st of December.

At their late meeting, the County Commissioners appointed Mr. W. S. Ryan County Superintendent of Schools, to fill the vacancy caused by the death of Mr. McCourt—an appointment which does credit to the judgement and good sense of the Board.

**Friday, Sept. 16, 1892**  
**The Local Budget**  
Editor Jas. Kibbee, of Roswell, is down with scarlet fever.

Mable Thornton, who has been under the skillful treatment of Dr. Bannister, is fast recovering.

Mr. Sena, wife and son, went to the Fort Monday.

J. V. Tully came down to the county seat Sunday last, from Fort Stanton.

P. G. Peters, a leading merchant of Nogal, came down from that busy little burg, last Saturday, Friday, Sept. 23, 1892.

**The Local Budget**  
Sheriff Roberts is collecting taxes this week, in Nogal and White Oaks. Mrs. Roberts is with him.

The Lincoln Brass band—what has become of it?

The residence of Wm. Rosenthal is being painted, papered and newly furnished, in preparation for the bride that is to be.

**Friday, Sept. 30, 1892**  
A large gray wolf crossed the road a few rods ahead of the stage, about a mile below Fort Stanton, last Saturday morning.

Sheriff Roberts states that so far the taxes of this county are being paid as well as, or better than last year. He has collected this month \$3000 on the taxes of 1892.

**Death**  
Died, Sunday morning, Sept. 25th, Mrs. Saturnina Norman, wife of Mr. William Norman, and daughter of Mr. and Mrs. S. Baca, aged 23 years. A daughter but two weeks old is left motherless by this sad event.

Mrs. Norman was born in Lincoln, and her life, except a few years at school in Las Vegas, was passed here. Her marriage to Mr. Norman took place on October 15th, of last year—all too brief was the passage from the bridal to the tomb. She was a general favorite with the young people of the place, and there are many aside from family friends, who mourn that her young life should be prematurely shortened. Much sympathy is felt for the husband whose hearthstone has so soon been made desolate, and for the baby girl who will never know a mother's love and care.

Mabel, daughter of Mr. and Mrs. John Thornton, died Thursday morning, Sept. 29th of diphtheria and scarlet fever. She was laid to rest by the side of her sister, in Spring Ranch cemetery. Twice in less than a month, has death visited the home of Mr. and Mrs. Thornton, this time leaving them childless.

**REMEMBRANCE**  
CORA WILLIAM WATSON

Cora William Watson of Ruidoso Downs died Sunday, Aug. 3, in the Veteran's Administration Hospital of Albuquerque.

Watson was born Sept. 20, 1913 in Chapel Hill, TX and was a US Army veteran. Survivors include his brother, Tommy Lee Watson of Ruidoso Downs; and sister, Nettie Mae Hubbard of Abilene, TX. Graveside services were held Friday, Aug. 8, in the Forest Lawn Cemetery in Ruidoso.

**Women's Aglow to hear ARC speaker**

Jeanine Redden, director of the Alamogordo Chapter of the American Red Cross, will be the guest speaker at the Women's Aglow Fellowship meeting at 7 p.m. on Aug. 18 at the Senior Citizens Center in Ruidoso.

Redden's topic will be "New Beginnings." The meeting is open to the public. Members are encouraged to bring their friends.

Some praise, one brickbat at Carrizozo CC meeting

By RUTH HAMMOND.

Ann Hovendon, advance agent with Up With People and a native of Ireland, was a guest at the Carrizozo Chamber of Commerce luncheon Aug. 12. She announced that the cast will present two shows in Carrizozo on Aug. 23 and 24.

Business discussed included People's Market, advertising results, economic development, Christmas decorations for the town and the 3rd annual Fly-In that will be held at the Carrizozo Municipal Airport on Aug. 23.

Woody Schlegel reported that responses for booths for People's Market that was held July 27 was down a third from previous years and the crowd was smaller.

Dr. Dale Goad, who lives across the street from Spencer Park where the People's Market was held, said, "With the distastefulness in the park on the PA (public address system), I want it out of my neighborhood." He also mentioned that the language used was not appropriate on a Sunday afternoon after families returned from church.

Schlegel responded that he

had received complaints about the entertainment and added that it should be screened in advance if the chamber members decide to continue with People's Market.

Members voiced their opinions that there might be more interest if People's Market was held in conjunction with one or two other events.

Schlegel announced that the chamber is advertising in the Quarterhorse Journal and New Mexico magazine. He said the results from New Mexico magazine are not great in quantity but are great in quality. He sent one letter with information about Carrizozo in response to a letter from Germany.

Scott Shafer spoke on economic development. He said the committee has reviewed the list of names and will have a joint meeting soon. The committee was formed to decide how to answer requests for information about New Mexico that have been received by the state and were forwarded to the Carrizozo Chamber of Commerce. Another packet of names and requests for information is due

to arrive from Santa Fe. Shafer reported that the Christmas decorations for the town will cost about \$3,000 and commitments have been made by local businesses for all but \$900 to \$1,000.

Goad announced that the airport committee and the airport wives committee are busy preparing for the 3rd annual Fly-In. There were 55 planes at the Fly-In last year and more are expected this year. He made a special request for volunteers to help with the Fly-In.

# Capitan News

By Margaret Rench

Last week's report on moisture, Monday evening we received .5 inches of good rain; then sun and heat until Saturday afternoon, another .5 inches. One inch for the week, and what delightful moisture. It has been cooler since.

This is the week of the Lincoln County Fair. Come and enjoy it. It is always great. It runs Aug. 14-16. Then a rodeo every evening. See you at the Fair in Capitan.

School in Capitan starts Aug. 19.

From August 4-10, 2,356 registered visitors enjoyed the Smokey Bear Museum and Park. That is a record, and we like that. We are proud of that. 50 4-Hers from Duncan, OK in Stevens County. A group of 32 in the Shuffle Jack Tour were there the 6th; 35 in a group from the Lone Tree Bible School enjoyed the 6th; Lois Womack too enjoyed it there. She lived at Ft. Stanton from 1920 through 1951. All five of her children graduated from the Capitan High School. She moved about until 1984 and at this time is a resident in Capitan.

There is bingo at the Fair Building every Thursday night. However, Thursday, Aug. 14, there will not be any due to the Fair. But it will meet its scheduled beginning Aug. 21. Have a good time. Enjoy it.

Janet Tate, accompanied by Lucille Paul, spent one week in Silver City. While Janet attended bus drivers

school, Lucille visited friends and her son Harley at Cliff. Lucille lived in Silver City for seven years and worked with 4-H. Therefore, she has many friends there. They stayed with Betty and Joe Coe. She had a great time while Janet was learning and studying.

Mr. and Mrs. Gerald Dean Jr. also went to Silver City last week and he attended the bus drivers school.

Mr. and Mrs. E. B. Neier and granddaughter of Butte, MT, who spent one week visiting relatives and friends here, in Ruidoso and Roswell, returned to their home and stopped while enroute to visit friends in Santa Fe and in Wyoming to visit relatives.

Maxine Wright spent last weekend in Lubbock, TX visiting her mother, Elsie Kidd, who has been hospitalized there for the last two weeks. She is a little improved. She is near 86 years, and lives in a nursing home. I wish her a good recovery. Maxine visited her sister, Jonell Lucas.

Mr. and Mrs. John Sawyer of Portales were guests of Mr. and Mrs. Wayne Hobbs last Sunday.

Tricia and Jeff Adams and children, Meredith and Matthew, were weekend guests of Dona and Robert Runnels. Jeff is with BLM in Las Cruces. They have been friends for many years.

Milford and Joy Rankin

and grandchildren Cayla and Shandon Rankin of Elkhart, KS spent four days with Brenda and Sandra Rankin and family last week.

Guests of Mr. and Mrs. Curtis Payne last week were his parents, Bud and Dorothy Payne of Carrizozo, and his sister, Bonnie Miereau of Phoenix, AZ.

Mr. and Mrs. Curtis Payne, Guy and Tammi, went to Adobe Ranch to get Lee, who has been employed there for the summer, and bring him home. It is school time.

We are trying to locate someone who would be interested in being a Brownie Scout leader in Capitan. Call LeeAnn Longbotham 336-4858 or Debbie Hobbs 354-2395.

## REMEMBRANCE

# ON MY OWN

By Pat Kite

## Airline Romance?

Have you ever wondered whether airline check-in counters have a secret code in addition to smoking or non-smoking, front or back, aisle or window seat please?

For example, in romantic fiction, the heroine, who couldn't care less, always gets assigned a seat next to a fellow who is a combination of Michael Fox, Woody Allen, Arnold Schwarzenegger and Alan Alda.

Contrast this to my own experiences. First I scan the airport crowd in general. Ever so often, I see something "good" and cheer up. Optimism exists.

Then I have my gate check-in. The attendant asks about smoking, non-smoking. I realize this lets out some men, but given the choice between romance and being gassed, I have to concede love for life comes first, but just barely.

Then it's aisle or window. I'm aware that men often chose aisles for leg room and I should sensibly choose window. However I hate to crawl over legs to go to the potty, so aisle it is.

Check-in completed, I sit in the waiting room and scan the potentials. Nothing, nothing, nothing, aha! There in the corner reading a paper. Mmmm, mmmm. Is it possible, maybe, maybe he will have the seat next to me?

We board. I look for my seat number. The adjoining seat is empty. Well, there's still a chance. I store my carry-ons, sit down, wait.

In the next five minutes, any of the following is likely to happen:

1. A person who looks like he has a contagious disease will mumble "excuse me," step on my toes, sit down, cover himself with a blanket and look like he's dying the whole seven-hour trip.

2. A person from Fantalupi, who speaks no English, but talks continuously, will take the adjacent seat.

3. Some 16-year-old wearing jogging clothes and granny glasses will store her salami, hamburger and guitar under her seat and mine and proceed to talk over me to the person sitting across the aisle.

4. A female person in stark business suit and bow tie will expect me to get up to let her through, glare at me when I don't, then stare out the window the next millenium.

5. There is one alternative to this. The seat next to mine will remain empty.

The fellow I thought was

splendid is sitting on the other side of the plane next to a 10-year-old kid popping bubble gum. Both he and the kid look miserable. Like me.

That's why I think there's a secret code at airport check-in counters. The official person pushes hidden buttons which state whether you're male or female, wedding ring or no, size large or small, approximate age, looking for company or no, etc.

As a friend of mine recently said, "In all my travels, I've never sat next to anybody interesting. I wonder why?"

Pure bureaucratic spite.

## Carrizozo school schedules ready

Judith Sidebottom, Carrizozo School guidance counselor, has announced that all Carrizozo High School students may pick up their school schedules today, Friday and Monday, from 10 a.m. to 4 p.m.

Carrizozo school will begin on Aug. 20.

Parents of students entering the 9th grade will be receiving a letter from the school explaining important changes that state government has made in public education.

The state has mandated, through Senate Bill 106 that students entering the 9th grade this school year will be required to complete 23 credits to be eligible for graduation.

These changes mean that these students will only be able to fail one course and still be able to graduate on time without taking summer school or correspondence courses.

Earning 23 credits does not assure that students will receive a high school diploma. The student must also pass a graduation exam.

These new state requirements will result in tougher course work, more homework and more effort by the students, parents and

school in all academic areas. Each letter will contain a copy of the 9th grader's four-year plan and the schedule for this school year.

# Annual Fly-In to mark airport improvement

By RUTH HAMMOND

**CARRIZOZO**—The 3rd annual Fly-In will be held at the Carrizozo Municipal Airport on Aug. 23. The Fly-In will be the celebration of the \$100,000 improvement project at the airport that is being completed this week.

The work included putting in new base course and enlarging the existing fueling apron and building a taxiway from the fueling apron to the other apron. The state aviation division provided \$96,400 for the project with a local match of \$1,000 in cash, \$1,000 in private donations, and \$2,000 in-kind service by the town of Carrizozo.

The Fly-In is being endorsed by the New Mexico Pilot's Association which will hold a board of directors and a general membership meeting in Carrizozo in conjunction with the Fly-In. This is a statewide activity and will bring even more planes to the Fly-In.

Activities at the Fly-In will include a flour bombing contest and spot landings. Spot landings is a competition where planes must land as nearly as possible to a designated line on the airstrip. If a plane touches the ground in front of the line it is disqualified. Once the wheels touch, they must remain on the ground. Flour bombing is where a person in the plane tries to hit a target on the ground with a "bomb" which is a paper sack filled with two cups of flour.

Door prizes, awards and trophies are being planned. Donations for the awards are being accepted by Scott Shafer at United New Mexico Bank. Games for youngsters are being planned.

The August issue of Flying Review features an article about the Fly-In in Carrizozo,

titled: "Fly-In Will Showcase Improvements at Carrizozo."

The article states: "The 3rd annual Carrizozo, NM Fly-In to be held Aug. 23 will give visitors a chance to view the recent improvements at the central New Mexico airport. The Fly-In, originally scheduled for June, was in fact changed so that the improvements could be finished for the Fly-In, which usually draws a large number of pilots from across the state. The tie-down apron has been expanded and will allow spaces for another 17 aircraft. A taxiway has been laid."

"Designated as an "official fly-in" by the New Mex-

ico Pilot's Association, this year's event promises to surpass those in previous years in the number of participants flying in. Though small in size (pop. 1200), the town has made a name for itself in hospitality and generosity at past fly-ins. The number of prizes given away in drawings is astonishing."

Flying Review is published in Albuquerque and is the official publication of the Colorado Pilot's Assn., Texas Pilot's Assn., New Mexico Pilot's Assn., Kansas Pilot's Assn., North Dakota Pilot's Assn., Missouri Pilot's Assn., Pilot's Assn. of Kentucky and the United States Pilot's Assn.

**CANDIDATE RIDES**—Shirley Goodloe is a candidate for treasurer of Lincoln County. She helped make the Aug. 3 parade in Lincoln a success.

# How water funds are invested

By BART McDONOUGH

The Capitan Village Council met Monday night. Mayor Coker answered questions and clarified points along the way.

The Village of Capitan currently has a grant from New Mexico Community Assistance (NMCA) in the amount of \$400,000. The Village also has received a grant from Water Supply Construction (WSC) for \$193,000. These two grants are for the new well development. Jack Atkins of Roswell is the engineer.

The village has entered into a contract agreement with SNMEDD represented by Hubert Quintana. As a result of this agreement, Capitan has received a Community Development Block Grant (CDBG) in the amount of \$25,000. This is for the development of a water master plan. Dennis Engineering of Socorro was selected at Monday's meeting of the council. This project could be completed by next March.

The council began action Monday night to apply for a second CDBG grant in the amount of \$25,000. This would be for a planning master plan concerning utilities and storm drainage, land use and streets. The council passed Resolution 86-9 pertaining to this. A hearing would be in September with funding in October.

To complete the picture up to this point. On March 4 of this year Capitan citizens approved a general obligation bond in the amount of \$600,000. This is to be used for filter plant improvements, storage, new water sources, and new water rights. A special meeting has been called by Mayor Coker for Aug. 20 at 7 p.m. An engineer is to be selected for the general obligation bonds. Water ordinance amendments will also be discussed at this meeting. Local citizens are invited to attend.

The Bond Advisory Committee consisting of Leon Eggleston, Dr. David Rouleau and spokesman R. L. VanNorman

reported that the money had been invested in the following manner: \$29,000, checking amount, on demand; \$75,000, 30-day C.D. with 1st National Bank of Ruidoso; \$100,000, 60-day C.D. with Bank of Ruidoso; \$100,000, 90-day C.D. with Pioneer Savings of Ruidoso; \$200,000, one-year C.D., half at UNM in Vaughn and half with UNM in Carrizozo. The council approved this action with Trustee Beavers dissenting.

The council received four bids in the 1980 Fairlane Ford. The high bid of \$705 was accepted. Johnny McCarty of General Tire Sales has 30 days to complete his transaction. Other bids were received from Harold Shelby, Hubert Quintana and W. L. Baker.

No protests were received and the application by B&L Pizza for a beer and wine license was approved.

Bill Carrigan of Ruidoso was selected to appraise village property west of the Smokey Bear Motel. Dan

Swearingin was the other bidder.

Superintendent of Streets Guy Henley reported that he had been hauling to the worse spots, doing some mowing, and performing vehicle maintenance. Henley needs two tires for the blade.

A proclamation was made and a plaque presented to N. C. Grantham of Capitan for his 20 years of service as a member of the Rural Water Users Association.

Engineer Jack Atkins was advised to continue his plans for water lines, easements and right-of-ways.

Mayor Coker announced that he and Village Clerk Virginia Spall would be attending the New Mexico Municipal League Annual Conference in Clovis, Sept. 3-5. Coker will be the voting delegate and Spall the alternate.

The next regular meeting of the council will be Sept. 8 at 7 p.m.

UPPER CANYON river crossing shows signs of deterioration. It is set to be replaced by a new bridge before the end of the year.

# Ruidoso council moves forward on bridge building program

By RIGO CHAVEZ

It looks as if two bridges will be built in Ruidoso's Upper Canyon area as originally proposed following action taken by the Ruidoso Village Council Tuesday night.

Following a report from village engineer Mike Davalos that said that the structural soundness of the existing bridge structures could not be guaranteed, councilors rejected an earlier proposal to repair the bridges.

The council, however, did instruct Davalos to work with the Upper Canyon residents and cabin owners to find an acceptable alignment.

In moving to approve the new construction of not only the bridges on Main Road, but also bridges on Reese Drive, Paradise Canyon Road and Hart Drive, Councilor Victor Alonso asked the engineer to redo the alignment of the bridges and the village attorney to work with property owners on the upstream side of the first Upper Canyon crossing to obtain a construction easement.

"No one has talked to the owner of the upstream property for a detour easement during construction," Alonso said.

As to the structural soundness of the existing bridges, Davalos presented a report by H. W. Lochner, the designers of the new bridges, which stated: "It is anticipated that the cost for the rehabilitation of the two bridges may be nearly as much as complete bridge replacement and it is doubtful that service life could be predicted with any degree of accuracy."

Bill Rawlins, owner of the Ruidoso Lodge cabins near the first crossing in Upper Canyon, asked that a foot bridge be included in the plans for a new bridge. "If any additional right-of-way is needed I'll be glad to work with you, but as I understand it the village already owns the right-of-way," Rawlins said.

"Be sure before we go out to bid on the new bridge that we have a new positioning," cautioned Al Junge. "Remember that Upper Canyon residents have said they would sue to stop construction if there wasn't a new alignment."

In other business, councilors heard a complaint about police department personnel from Terry Coe.

Coe, who said he has lived in Ruidoso all his life, told the

council he feels he has been placed on a sort of police department harassment list.

"Ever since I ran for city council five or six years ago, I feel I've been discriminated against," Coe said describing several instances during which he'd had been arrested.

"I got taken in one Father's Day for calling an officer a 'turkey,'" Coe said.

Coe said he had personal knowledge of payoffs and kickbacks to village officials. "Ruidoso has lots of secrets that have been swept under the rug," he said.

Coe asked to meet with councilors in executive session so he could tell them specific names and instances without fear of being sued.

Village attorney John Underwood suggested that Coe submit in writing the nature of his allegations to village manager Jim Hine and let the council review them before deciding to grant an executive session.

Coe said he would do this because he was not in a hurry to bring forth the information.

Responding to a question by Alonso, Ruidoso Police Chief Richard Swenor denied there was list of persons to be harassed. "There is no such list," he said.

Also during the meeting, which had adjourned into executive session to discuss litigation by 8:30 p.m., councilors:

—approved a resolution to continue participating in the Southeastern New Mexico Economic Development District and pay \$955 in dues;

—approved a resolution on purchasing procedures;

—approved a resolution to seek a Community Development Block Grant to build more drying beds at the sewer and waste water treatment

plant; —heard suggestions on putting rides like carnival-type merry-go-rounds in city parks from Smokey Stover;

—approved using a current village warehouse as a storage area for central purchasing and distribution;

—approved a proposed line item budget for the Lodger's Tax Committee totalling \$150,000;

—heard Alonso speak on the recent allegations of election fraud in Mexico;

—approved \$100 for a logo contest sponsored by the Sierra Blanca Airport Commission and heard a report on the SBAC meeting from Tim Morris.

# Curfew ordinance passed by Carrizozo trustees

By RUTH HAMMOND

The Carrizozo board of trustees conducted a hearing for the curfew ordinance at the Aug. 12 meeting. The only opinions made public were that the curfew should be 10 o'clock every night instead of 11 o'clock on Friday and Saturday nights.

Changes were made in the ordinance and it was adopted with the time of 10 o'clock. The new ordinance is directed to parents, and when a juvenile under the age of 18 is out after curfew, parents will be liable.

The curfew will go in effect five days after adoption and publication of the ordinance. It will be published Aug. 21. The siren will sound at 9:30 p.m. and give juveniles 30 minutes to get home.

In other business, Hubert Quintana met with the Citizens Advisory Committee for the street paving project. A final review of engineering proposals was made. The Citizens Advisory Committee, known as a task force, made the recommendation that Pajo Technical Services be awarded the contract.

Quintana is the administrator for the street paving project. He informed trustees of the task force's decision. Trustees agreed to award the contract to Pajo pending approval from the Department of Finance Administration in Santa Fe.

Mayor Bob Hemphill signed an Up With People proclamation that will be printed in the NEWS Aug. 21. Up With People will be in Carrizozo for performances on Aug. 23 and 24.

City Clerk Carol Schlarb announced that Jim Cantrell of Belco, had offered an IBM computer to the town at no cost. Trustee Sanchez asked that Hemphill get more information about software and programs for the computer.

Hemphill presented information about another computer that the town can purchase for \$4,995 with software costing \$4,000 and the maintenance contract costing \$225 a month. The company agreed to lower the maintenance cost to \$100 a month for this fiscal year.

Sanchez suggested developing a house numbering system for the town. Trustee Albert Baca received permission to negotiate for lights for the softball field. The lights will cost \$450 compared to a new cost of \$1,800. The lights will come complete with poles if the town will move them from Ruidoso.

Baca reported that the specifications for handicapped access are ready to be put out for bid. He explained the changes that are required. The work is to be finished by the end of October. Changes will include a parking area behind the city hall, a ramp, lowering the water fountain and part of the counter and remodeling the two bathrooms into one bathroom with a grab bar and necessary equipment.

—The town will apply to Santa Fe for permission to sell the Caterpillar D7 that was not repaired because of the high costs.

—It was noted that cars are being parked on 12th Street between the Four Winds Restaurant and the Frontier Motel. In that area 12th Street curves around to Highway 54. Trustees discussed ways to help stop cars from parking there.

—Trustees approved the purchase of a hand-held radio for the airport. The radio will cost \$295 with the money coming from the airport fund.

—\$4,000 in contingency money is left from the airport and must be used on the airport or returned to Santa Fe. Trustees voted to use the money to fog seal the older apron. It was explained that this is the second savings on the airport project.

—Three applications were received for employment for the work to be done in conjunction with the beautification grant the town received. Sanchez had submitted the request for the grant and applied for funds to purchase a weed-eater and funds for a worker. The grant money awarded \$286 for equipment and \$425 for employment.

Sanchez had planned to have the workers plant shrubs in the spring. The grant money can be used now for cutting weeds with some money being saved for the planting in the spring.

Polly Chavez requested that the police report be complete and contain the information she requested. Hemphill offered to change the report format if she wanted it changed.

—The new Community Development Block Grant application was approved. The application is due in Santa Fe on Aug. 15. The request was made for \$201,000 in CDBG money and \$50,472 in state highway co-op money to pave four streets in Carrizozo.

Streets included were Lava Loop, C Street from 10th to 14th, 13th Street from E Avenue to A Avenue, and Aspen Avenue from 14th to Highway 380. These are all streets that were on the last application but were deleted.

Bill Rawlins, owner of the Ruidoso Lodge cabins near the first crossing in Upper Canyon, asked that a foot bridge be included in the plans for a new bridge. "If any additional right-of-way is needed I'll be glad to work with you, but as I understand it the village already owns the right-of-way," Rawlins said.

"Be sure before we go out to bid on the new bridge that we have a new positioning," cautioned Al Junge. "Remember that Upper Canyon residents have said they would sue to stop construction if there wasn't a new alignment."

In other business, councilors heard a complaint about police department personnel from Terry Coe.

Coe, who said he has lived in Ruidoso all his life, told the

# NMSU classes to start in Ruidoso

The Alamogordo Campus of New Mexico State University will again be offering courses in Ruidoso during the 1986 fall semester. Dr. Victor Watson, Associate Provost, has scheduled six undergraduate courses which include Art 150 Drawing I; BA 202 Small Business Enterprise; Engl 271 Survey of English Literature I; OECS 140 BASIC Programming; PEI 128 Aerobic Dance; and SA 120 Secretarial Bookkeeping Procedures I.

Drawing I and BASIC Programming will be held on Mondays and Wednesdays from 6 p.m. to 9:05 p.m. Survey of English Literature I is also scheduled for Mondays and Wednesdays, 7:35 to 9:05 p.m. Secretarial Bookkeeping Procedures I will meet on Tuesdays and Thursdays from 6:30 to 9:05 p.m., and Small Business Enterprise is scheduled for the same nights at 6 p.m. to 7:30 p.m. Aerobic Dance also meets on Tuesdays and Thursdays from 6 to 7 p.m.

Classes will be held at the New Ruidoso High School. NMSU-A will start classes on Wednesday, Sept. 10, with the last day of class scheduled for Tuesday, Dec. 9. NMSU-A

representatives will register students on Monday, Sept. 8, and Tuesday, Sept. 9, from 6 to 8 p.m. in the New Ruidoso High School. For those students who are unable to register at that

time, a late registration will be held on Wednesday, Sept. 10, from 6 p.m. to 8 p.m. in the New Ruidoso High School. NMSU-A encourages interested students who need

further information to contact Bobbie Dobbs at the NMSU-A Student Services Office at 434-8723 or to call Kathy Garrett of the Ruidoso superintendent's office at 257-4051.

## Erodible cropland sign-ups

The Otero-Lincoln County Agricultural Stabilization and Conservation Service will accept applications for the Conservation Reserve Program from Aug. 4 through Aug. 15. Bids for 1987 program contracts may be submitted during this time.

This program is designed to retire highly erodible cropland from crop production for 10 years, and it must be planted to a permanent cover crop or trees.

The acres are classified as highly erodible because the land is eroding by at least three times the tolerance level. Producers may not harvest a crop from this land which is designed for a 10-year period.

More detailed information can be obtained at the County ASCS Office in Alamogordo, 1909 Cuba Ave., #3, or by calling 437-3100.

## Lamb, wool promotion vote set

Lamb and wool producers will have an opportunity to vote on whether they want to continue the promotion and improvement of wool and lamb production through the American Sheep Producers Council, Inc.

Previously, producers supported the promotion and improvement of their products via a 4-cent per pound on wool and 20 cents per hundredweight for unshorn lambs by deductions from their incentive payments. The new agreement would authorize deductions of up to 6 cents a pound for wool and 30 cents per hundredweight for unshorn lambs.

The referendum will be held Aug. 18 through Aug. 29. Producers who do not receive a ballot in the mail should contact the ASCS Office in Alamogordo, 1909 Cuba Ave., #3, or by calling 437-3100.

### UNTIL FURTHER NOTICE

Carrizozo Town Council was told by me at Tuesday's regular meeting why the NEWS will discontinue the "Police Beat." Until the Police Department organizes its logging of incident reporting, police reporting in the NEWS in this fashion will cease.

In the past some police reports available to the NEWS were either incomplete or inaccurate. I have been accused of fabricating some of the facts.

Sometimes incident reports were written and filed when requested by the NEWS or when the "Police Beat" carried the information after it was obtained from the radio log at the sheriff's office.

The approach by the NEWS to schedule a time when officers' reports would be available (their convenience—Monday 11 a.m. to 12 noon—proved unsuccessful. The main reason was because the officers were not told of the arrangement by the mayor, who did the negotiating with the NEWS.

The police clerk's vacation should not have interfered with the arrangement, as I am capable of reading cursive. Before going on vacation the clerk would translate the cursive report. Another delay was necessary because the officers would need to approve her typed version of their report

before it would be available to the NEWS. And wouldn't you know it . . . when the time came, the officer was off duty or on day off?

### COMBINED EXPERIENCE

Chief of Police C. A. Morales has been with the department for 27 years. Officer Adam Montez has just recently returned from the police academy, where he was on town salary, obtained 8-weeks of "additional police training." Earlier in the year the mayor had told the NEWS that Montez was certified.

Officer Chris Gomez hired in June, is "certifiable" with a list of impressive credentials: graduate of New Mexico University (Silver City) with a 3.6 GPA; 79.3 overall on the police officer proficiency exam; current first aid card and NRA firearms certificate, according to a NEWS story by Ruth Hammond.

With the combined years of experience of the three officers, I cannot comprehend how the information I sought each week could be such a hassle to obtain and compile for NEWS readers. Incidents under investigation can be discreetly handled.

I showed the council several police report columns from newspapers around the state.

I challenged them to review the incident reports in Carrizozo police clerk's office. These reports (obtained under opposition from the mayor and later by the trustees) have been available to the NEWS since early 1986.

When Carrizozo Police Department organizes its future incident reporting and properly file both cursive and typed reports, perhaps then the council, police and NEWS can work together to appropriately inform the community and gain its trust.

### CAN WE TALK?

Tuesday I told the council that the final decision not to compile the "Police Beat" was because of an incident in which Montez gave a misrepresentation of the facts: he had not made contact on the scene as he stated, with both persons named in his report. (One 18 years of age, the other older.)

The parents of both persons were aware that Montez's report (as it appeared in the last issue of the NEWS) was inaccurate.

The officer's report was brought to the attention of the office of the assistant district attorney; the state police and the municipal court which bases their judgments on the soundness of officers' reports. Properly written and filed, officers' reports become a protection for each officer and the town.

Morales insisted that the officer's statement was correct. The council could not be convinced that the statement was inaccurate.

Again and again trustees Patsy Sanchez and Linda Haller, Mayor Hemphill and town attorney James R. Askew tried to find a loophole in the report in favor of Montez.

Morales was ordered to call Montez, who was on duty, so that he could publicly state how accurate he wrote his report.

One of the persons named in the report appeared at the town meeting after the matter was cleared to the satisfaction of the council which found that I had no grounds for claiming that the report was not accurate.

I commend the young man who came forward. He told the

council (and after the meeting he had to repeat his statement to the mayor) that Montez did not make contact with him in reference to the incident of which Montez wrote a report.

The other young man involved and named in the incident which Montez labeled as an "argument" was my son.

### CONCERNED CITIZENS

Caring parents will be glad to know that the town of Carrizozo now has curfew for those under 18 years of age: 10 p.m. every day of the week, which includes Friday, Saturday and Sunday.

A provision has been made for youngsters when they attend those special events of interest to teenagers. Events which may continue past 10 p.m. like athletic and school activity, adult sponsored dances and out-of-town events.

If curfew-age teens are in cars or otherwise past 10 p.m. with over-age friends, the police will be required to check if the teens have parental permission by contacting the parents or guardians.

Trustee Albert Baca personally voiced his opinion on the 10 p.m. curfew and made the motion to get the ordinance on its way, to the delight of concerned parents and citizens.

"Enforcement," Baptist minister John Torrison said, would be the success of the curfew action, "not what we put on paper."

Torrison was concerned that if something was not done, "We're going to have a tragedy some night."

The fire hall siren will continue to sound off at 9:30 p.m. giving teens ample time to get home if they are around town with nothing to do.

Trustee Sanchez wondered out loud if the siren could be heard from inside the Rec Center.

"We'll be the siren," said Héctor Nava, meaning he and his associate, who were at the town meeting to discuss the Rec Center, which will open the first week in September. They are unofficially open now. Stop by to meet them.

# Lincoln Town Ramblings

By Rosalie Dunlap

Ralph and I would like to say "Thank You" from the bottom of our hearts for all the flowers, cards, telephone calls and loving concern after our accident near Watrous, NM, Aug. 1.  
The Northeastern Regional Hospital care was great and the staff was so caring.  
And it does pay to "buckle up!"  
Lincolinites are looking forward to reading Al Booky's book, "Apache Tears," printed by Sunstone Press of Santa Fe. His second book "Son of Manitou" will be published next year.  
Lorena Ratcliff underwent blood vessel repair at the Presbyterian Hospital last week. She is home now and doing fine.  
Edith Barone of Springfield, OH is visiting her family, Ron and Nancy Barone and grandsons Ronnie and Randy. She enjoyed watching her grandson Ronnie portray Billy the Kid in the pageant.  
Peté Gnatkowski of Ancho, who underwent esophageal surgery recently is getting

back into the swing of things.  
It was reported there was a very good turnout for the fair workday. Ralph and I went by on our way home from Las Vegas but everyone had just left. Ralph says "thanks" for pitching in while he was gone.  
Barbara Barrows, Longmont, CO; David Pendergrass, Tulsa, OK are visiting Rosina Locke. Barbara helped Rosina in the Tarron Shop during the pageant.  
From all reports, the 1986 Old Lincoln Days was the best ever. In spite of rain, car accidents and not everyone being able to practice, it all came together. Our thanks to Betty Shrecengost on lights, Bill Shrecengost who played Old Man Gaus, and Jon Amastae for Ralph's voice part. The parade was great, thanks to James Sanchez.  
The Human Systems of Tularosa were treated to a barbecue at Plaque Park Sunday night. Everyone had a great time reviewing highlights of the dig. We hope to see them again next year.  
David Kirkpatrick, director, announced they had found

some ashes and more walk on the west side Monday. Nothing like being tantalized with a good lead at the last minute.
