Lincoln County economy boosted

Competition begins for new US missile system

What may be the biggest "shoot out" in history was scheduled to begin yesterday (Wednesday) when four companies representing Great Britain, France, Germany and the United States compete for contracts to build a new type missile system for the Department of Defense.

Dozens of media representatives were flown by helicopter to the test site on White Sands Missile Range about 40 miles southwest of Carrizozo on the 4 million acre White Sands Missile Range. From 9:30 a.m. until 1 p.m. reporters and TV cameramen covered briefings on the purpose and capabilities of the competing missile systems.

The competition is being conducted as part of the Army's Forward Area Air Defense (FAAD) Line-of-sight-Forward-Heavy (LOS-FHL), a five-element highly mobile missile system designed to replace the Sgt. York, which was abandoned in August 1985 by the Secretary of Defense.

The winning competitor in the current firings will wind up

with defense contracts estimated at \$11.5 billion when FAAD is fully fielded.

The competing contractors at the FAADS testing site at Oscura Peak are: ADATS, built by Martin Marietta, USA; Liberty, LTV and Thomson-CSF (France); Paladin, (France and Germany); and Rapier, (United Technologies and British Aerospace).

The four demonstration system, some weighing more than 25 tons, heavily armored and bristling with missiles, were inspected by the media. The missile systems represented latest technology involving laser beam tracking, optical fiber and sophisticated radar components, and mounted on heavily armored Bradley or M1 chassis.

The final test date is Oct. 11. The evaluations will be studied and a final decision an-

nounced Nov. 26.

Impact on these testings, plus other features of Strategic Defense Initiative (SDI) has already had an impact on Carrizozo, Ruidoso and all of Lincoln County. About 300 civilians and military weapons experts have engaged motel rooms and private housing in the county. The Crossroads Motel in Carrizozo has booked \$30,000 worth of room space per month for personnel expected to be here through 1992.

US defense contractor Martin Marietta has rented an office building in Carrizozo, across from the clinic, to provide 42 employees with space to work on tests and evaluations. They are expected to be here for at least a year.

The Four Winds Motel in Carrizozo has reserved 14 of its 22 units to employees of the other competing firms. They are expected to remain here for the next four months.

The economic impact on the county is uncertain, but the programs under way are expected to provide a steady flow of cash into the local economy.

"It should be a big economic boost for this area," an Army Corps of Engineers environmental specialist is quoted in the El Paso Times.

Almost all system testing will be handled by the Army Air Defense School at Fort Bliss and will be done on White Sands Missile Range, "the biggest and most highly instrumented range on earth," according to Maj. Ed Williams, WSMR public relations officer.

The four European contractors, all of which have US partners, have each built weapons that employ both missiles and guns to shoot down "line-of-sight" jets and helicopters that directly attack the front lines.

SBAC has trouble explaining how its funds are handled

By RUTH HAMMOND

A decision will have to be made within the next few weeks if the mill levy will be assessed this year for property owners in Lincoln County to help pay for construction of Sierra Blanca Regional Airport being built on Fort Stanton mesa.

"Aug. 21 is the deadline to levy the mill assessment," Lincoln County Commissioner Bill Karn told other members of the Sierra Blanca Airport Commission (SBAC) at the June 25 meeting of the SBAC. Karn represents the county on the airport commission.

County commissioners John Hightower and Ralph Dunlap were also at the SBAC meeting.

"We won't do it by ourselves," Hightower told the SBAC. "We will need a request with signatures of all the boards represented on the airport commission before we will assess the mill levy."

The question of the mill levy had come up at the June 5 special meeting of the county commission when the proposed budget for the 1987-88 fiscal year for the SBAC was submitted.

Several cuts were made in the SBAC budget at that time and the county commission accepted the budget as revised.

During the June 25 SBAC meeting the budget was presented again by SBAC administrator Fred Heckman with further cuts.

"These are a different set of figures than we approved," Hightower said when the SBAC was considering the newly prepared budget. He noted that some of the figures were changed drastically.

SBAC chairman Tim Morris asked the county commission if it would review the budget, "so this won't come up again."

He was told by Hightower

that the county commission would have to study the budget and consider it at a regular meeting. The budget will also have to be approved by all entities represented on the SBAC.

The new budget will have a shortfall for the coming year of \$49,274 that is to come (according to budget) from funds from excess contingencies, private contributions, or local governments' budgets.

Karn commented that the shortfall of \$49,274 would only be \$10,000 for each entity to pay. Other entities represented on the SBAC in addition to the county are the Village of Ruidoso, Village of Capitan and the Mescalero Apache Tribe.

Morris objected to approving the budget with the \$50,000 shortfall. He said, "As our needs arise we will need more money." He said the \$50,000 would get the airport operational but, "we won't have a place to put cars" and he seemed especially concerned about receiving complaints because people were getting their feet muddy.

The budget will be considered by the county commissioners at the regular meeting on July 7.

In other business at the SBAC meeting, request for proposals (RFP) for construction of T-hangers was discussed. Proposals accepted could include as many hangers as 44 T-hangers for single and light twin airplanes and 10 hangers for cabin class airplanes.

Another subject discussed was that Heckman had submitted purchase orders for \$33,303.40 more than was in the bank balance at the time.

The Sierra Blanca Airport Master Plan that was signed by the five entities comprising the SBAC in March 1978 specifically states that one of the duties of the SBAC is, "to not approve any claims or incur any debt or obligation unless there is unencumbered

cash in the appropriate airport fund to the credit of the SBAC with which to pay the same and such expenditure is authorized in the budget."

Another matter discussed was the purchase of water rights for the new airport. At one point in the meeting Morris stated that the money for water rights "were in a special fund."

The NEWS questioned this special fund, and where it was, since the county is the fiscal agent and there has been no mention of a "special fund."

Heckman answered that he would address it in the current budget and at that time said that the \$66,000 for water rights was in the 1986 budget.

According to the Sierra Blanca Airport Regular and Improvement funds that was released by the county on June 25, a payment was made to Betty Schrecengost on Dec. 2, 1986. The ending balance on June 18 left a balance of \$59,293.62 and there were invoices outstanding in the amount of \$92,597.02 yet to be paid. No mention was made as to where the money actually is for the purchase of water rights.

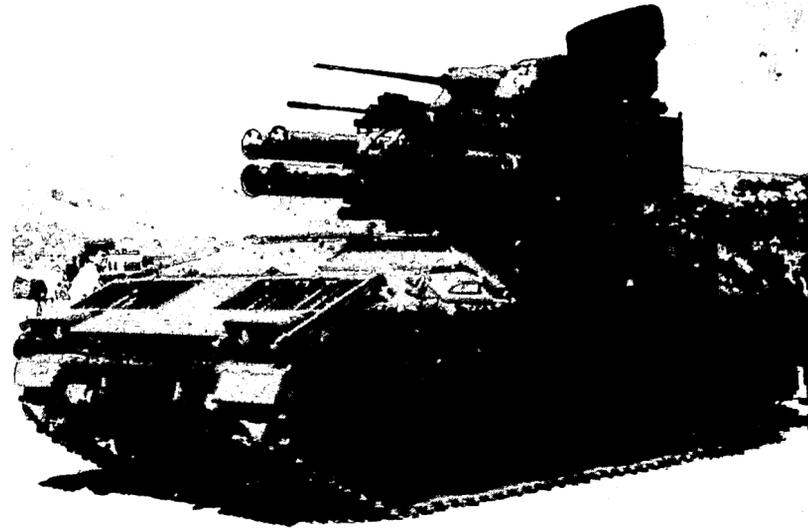

Engineer Earl Cook reported that the site preparation of the new airport was 80 percent complete. He said authority to proceed with paving was given to the contractor and should begin July 6 with a Nov. 23 completion date.

Cook has chosen a site one mile west for the non-directional beacon that must be placed not more than 5 percent off the center line of the runway. The site will be on property owned by John Thomas and Thomas will grant an easement for the property at no cost.

An executive session for personnel with Fred Heckman concerned purchase order No. 1575.

PHIL GREGORY explains features of the Liberty, built by LTV/Thomson-CSF of France, is produced in the U.S. These vehicles are already in use in Saudi Arabia. It carries six missiles on each side and can be operated by a driver and one crewman. The system will be assembled at El Paso if the firm wins the competition.

MARTIN MARIETTA'S entry into the missile system competition carries a crew of three. It carries eight 150-pound missiles that reach their target in 8 to 10 seconds. Designed and developed in the U.S., the 25-ton vehicle carries two 50-caliber guns. Canada bought this system in 1986, according to Fred Marlon, a company official.

Capitan braces for 28th Smokey Bear Stampede

By BART McDONOUGH

The 28th annual Smokey Bear Stampede is scheduled for July 3-4 in Capitan. This popular event features three rodeo shows, two dances, a big parade, and the crowning of the Lincoln County Fair Queen.

Action gets underway July 3 with the crowning of the Lincoln County Fair Queen at 6:45 p.m. The night rodeo program starts at 7 o'clock and a dance featuring The Hatch Brothers gets underway at 9. All this takes place at the Lincoln County Fair Grounds

located on the southeast edge of Capitan.

A parade scheduled to begin at 10:30 a.m. begins the festivities on Saturday. All units are to report in front of Capitan Elementary School on the west side of town by 9:45 a.m. This parade will wind down Main Street and break up at the fairgrounds.

The Holloman Air Force Base Color Guard and Drill Team will lead off the parade. Also indicating they will be in the parade are four mounted groups, McGruff "The Crime Dog," State Representatives Dick Knowles and Ben Hall, and US Representative Joe

Skeen. This will be the first parade for the newly formed Lincoln County Sheriff's Posse. All units are informed that the judges will be located just east of the Smokey Bear Restaurant. The Capitan Chamber of Commerce sponsors the parade.

The barbecue will start at 11:30 a.m., at the fairgrounds.

The afternoon rodeo starts at 2 p.m. and the night rodeo at 7. There is another dance at 9 p.m. Twenty-four trophies will be presented to the parade winners at 1:30 p.m. at the rodeo arena just before the day rodeo.

(Cont'd on P.2)

Paving project advances

Carrizozo has received approval from the state for plans and specifications for Phase I and Phase II of the street paving project.

The Community Development Block Grant (CDBG) project will pave most of the dirt streets in the town.

Hubert Quintana of the Southeastern New Mexico Economic Development District (SENMEDD) announced that the state gave its approval for a pre-bid conference date of July 20 and bids will be opened July 28. The town may tentatively award the bid to the low bidder on the 28th pending approval by the state.

SENMEDD will be administrator for the street paving project and will administer all funds and be in charge of paperwork involved.

Quintana said actual construction could begin in early August.

Food Bank's hours change

Notice of change of hours for the Carrizozo/Corona Branch of the Lincoln County Food Bank: Open Tuesdays only from 11 a.m. to 12 noon, at the rear of Family Pharmacy in Carrizozo. Emergency requests can be made by calling 648-2341, Lincoln County Sheriff's office.

Suggestions for needed food donations are: tea, coffee, pasta, shortening, juices and fruits. These and other items are needed especially in the single or small serve sizes to accommodate clients living alone. Donations may be taken to Family Pharmacy or to area churches.

Cash donations are being received at the United New Mexico Bank in Carrizozo. The Food Bank is a community project.

Capitan teachers hired

The Capitan Board of Education, meeting in special session June 30, placed Pam and Clayton Allen and Blane Miller under contract for the 1987-88 school year. The board accepted the resignation of Ann Dark after praising her as an outstanding teacher.

Pam Allen is the daughter of Mr. and Mrs. Fletcher Hall and is a 1965 graduate of Capitan High School. She will teach physical education and driver education and serve as the head volleyball coach. She has 17 years' experience teaching in Dexter, Roswell and Hobbs. Mrs. Allen has her master's degree. The board praised Bill MacVeigh for having done a good job developing the volleyball program.

Clayton Allen, Pam's husband, has eight years teaching experience and will teach in the special education field.

Blane Miller will be the head football coach and will also teach special education. He served as assistant football coach last year. Being short several courses he returned to college and completed the classes he needed. Blane is graduate of Ruidoso High School and is married to the former Beth Kline, a graduate of Capitan High School.

Supt. Scott Childress announced that Principal Larry DeWees will also serve as athletic director and director of activities. He has been placed under a two-year contract. During the meeting the board gave the light poles from the old football field to the FFA students.

THE SIERRA BLANCA Airport Commission members answered questions after the June 25 meeting. From left: Lincoln County Manager Suzanne Cox, SBAC co-chairman Conrad Buchanan, Rosalie Dunlap, Lincoln County Commissioner and SBAC member Bill Karn, Lincoln County Commissioner Ralph Dunlap and SBAC co-chairman Tim Morris.

Carrizozo Board of Trustees

Water users face cut-off; sheriff may patrol town

The Carrizozo Board of Trustees agreed at the June 30 meeting that water should be turned off if customers don't pay their bills, heard a proposal from Sheriff Don Samuels for providing law enforcement for the town, and announced that bids for construction of the street paving project will be opened on July 28.

Sheriff Samuels presented a proposal to the town trustees for providing law enforcement services for the town. The proposal was made at the request of Mayor Bob Hemphill as the town is considering all options available to provide police protection to citizens of the town.

In the proposal, Samuels said he believes the sheriff's department could provide all the town's law enforcement need for approximately \$67,000, which would be a savings to the town of \$9,700 from the current budget of \$76,755.

Samuels proposal would include \$36,000 for salaries for two full-time officers in Carrizozo, \$14,000 in benefits, \$10,000 for vehicle expense, \$1,600 for uniforms and equipment and \$5,400 for animal control.

Samuels said the Lincoln County Commission would have to approve any agreement that was reached between the town and the sheriff's department. Trustees will consider the proposal at a later date.

In other business, trustees accepted the official canvas of the results of the June 23 special election in which the voters in Carrizozo approved the Sunday sales of alcoholic beverages by the drink. The official canvas was conducted by Magistrate Judge Gerald Dean Jr. on June 24. Of the total 233 votes and five absentee ballots cast, 152 were in favor and 86 were against.

Trustees agreed that outstanding water bills in excess of \$2,300 were a major concern. Letters had been sent to customers about their delinquent bills and more than \$4,200 was paid but the remaining \$2,300 is still in arrears.

Hemphill has instructed the town crews to start turning off the water for each of the past due accounts. There will be a reconnect fee of \$50.

The town will also consider amending the ordinance pertaining to paying of the

water bills to be able to charge a late fee if the bills are not paid by a certain date.

Hemphill reported that the town had received approval from the state to go to bid on the street paving project. A pre-bid conference will be held July 20 and bids will be opened July 28. Construction of the project to pave most of the dirt streets in town will take 60 to 90 days.

"We hope the weather will hold through October in order to complete the paving this year," Hemphill said. The streets will be paved using money from the Community Development Block Grant (CDBG).

Trustee Linda Haller and Hemphill reported on a meeting they attended in Roswell on June 29 for the Southeastern New Mexico Economic Development District (SENMEDD).

SENMEDD is making plans to have a brochure printed for the southeastern area of New Mexico. Referrals received will be mailed daily to participating towns.

Bud Payne declined the offer by the town to purchase 150 gallons of diesel for his mowing of city property. Payne said he wants to mow the town "for free."

The reconditioned roto-roter purchased by the town has been received. Town crews are using the roto-roter to clean out sewers.

Plans are being made to try and remedy the situation at the Carrizozo Municipal Airport where the porous surface is allowing water to collect under the new apron. A french drain will be installed in an attempt to patch the area, and if this does not work the area will have to be removed and replaced.

Carrizozo Municipal Airport managers Ralph and Dorothy Forsythe submitted a letter of resignation effective Aug. 21.

budget hearing will be held July 14.

With the concurrence of trustees, Hemphill appointed Municipal Judge S.M. Ortiz as director of safety, director of personnel and a third position which will be announced later.

As an elected official, Ortiz may not receive a salary increase for his regular duties during his term of office unless duties other than those of being municipal judge are increased.

The new appointments and duties for Ortiz will bring

(Cont'd on P. 3)

Traffic safety program starts

The Lincoln County Sheriffs Department has established a traffic safety division and will be making routine stops in certain target areas where complaints have been received about speeding and dangerous driving.

"This will be a positive approach program," said Under-sheriff Rex Skellett. "It will not be a method to increase county coffers." He explained that for the first month or so warnings will be given instead

of actual citations.

Skellett told the NEWS that officers would be stopping drivers and talking to them and explaining the need for safety. Officers trained and certified in using radar guns will demonstrate how the radar gun works and answer any questions drivers may have.

Target areas will be outside incorporated areas and very little will be done on state highways, according to Skellett.

"We want to make more people more aware of safety," he said, "and we want to try this awareness program to see if it will alleviate some of the problems. If it does not work,

then we will start writing citations."

"One area on Gavilan Canyon road is dangerous because there were six accidents in six days in the exact same spot," Skellett related. He believes that documenting these potentially hazardous areas and sharing this information with the county road department and the state highway department may bring possible solutions in the way of adding warning signs or changing the danger areas.

The traffic safety program will start immediately. Motorists should be aware that these routine traffic stops will be made on a regular basis.

Stampede...
(Cont'd from P. 1)

This year's rodeo features \$10,000 in prize money with a trophy buckle awarded for each event. These events include saddle bronc riding, bareback bronc riding, calf roping, steer wrestling, bull riding, ladies barrel race, team roping, girls breakaway roping, and a calf scramble for boys and girls 12 years and under on the afternoon of July 4.

Woman's Club to name on July 9

'Woman of the Year'

The Carrizozo Woman's Club will honor the "Woman of the Year" at a salad supper to be held at the Carrizozo Woman's Club at 6 p.m. on July 9.

Members are asked to bring their favorite salad to share with the group.

The "Woman of the Year" will be revealed at the salad supper. She was chosen by secret ballot with nominees being the five women honored as Woman of the Month during the year. The nominees are Mignon Sims, Margaret Stearns, Judi Sidebottom, Sharon Hefker and Rosemary Shafer.

Members will also disclose their "Secret Sis" for the year after having to guess who their Secret Sis might be.

Woman's Club members are asked to consider which committees they wish to serve on for the coming year.

Card Of Thanks

The Rebecca Warner and Utley family would like to deeply express our gratitude to the many friends who have shown us their support during the recent loss of our very dear family member Frances W. Utley. Thank you for your flowers, donations, food, calls, cards and words of encouragement.

Her mother, Rebecca Warner and the Utley Family

Thank You

THE SENIOR CENTERS of Carrizozo, Corona and Capitan wish to express their appreciation to the citizens of Lincoln County and all the civic groups for their support and fund raising efforts on behalf of our Senior Olympians now participating at National in St. Louis, MO. Muchas Gracias and Thanks.

By P.E. Chavez

GARDEN'S EPITAPH

Readers who had been following my garden's progress (Gardener's Diary) noticed that last week's column did not include an update. I was so disappointed in the state of my row of anticipated zucchini that I couldn't bear to write about its unhealthy appearance. The seedlings which I had been pampering and bragging about did turn out to be new weed growth. The actual squash seedlings eventually appeared but did not need thinning to "3 seedlings per hill" because few seedlings made it above ground level.

Most of the existing seedlings had about an eighth of an inch chewed off at ground level causing the roots to be exposed and the tiny plants to lean. Not only were there two to three variety of ants but also a spider here and there and flea-like bugs hopping everywhere. Despite all this activity and the condition of the plants I continued to water the seedlings. God only watered my garden the first few days after planting.

When I noticed that the ants had constructed their living quarters an inch away from the squash roots I decided that I was not going to maintain a farmer's market for a bunch of ants and other bugs.

convenient way is to look in this newspaper for produce sales at our local grocery stores.

The squash seed directions said to plant the "easy to grow" seeds directly outdoors in a sunny location, which I did. The more light a plant gets, the more water it will need... this fact the seed package failed to include. I was also not warned what to do if insects squatted on my squash.

TIME WILL HEAL

The TV commercials describing McDonald's chef, chicken oriental and garden salads break my heart. It may be a while before I can bear to order a crisp salad at any fast-food place.

After a sufficient mourning period I may try to again develop a green thumb. Perhaps the third time around I should try my hand at indoor plants.

According to a woman's magazine these four plants manage to thrive on neglect: peace lily, snake plant, dragon tree and corn plant.

They will flourish in sunlit rooms but they will grow just fine in low light. Soil is allowed to dry out between waterings.

Year of Good Deeds for Lioness Club

The Valley of Fires Lioness Club of Carrizozo ended its fiscal year July 1 with a recital of the year's activities. Community services throughout this past year include:
 Donated \$50 to Frances Pittillo; donated and cooked the brisket roast and served dinner at Earnest Pittillo's funeral; had a bingo game for clients of New Horizon each month; gave clients of New Horizon a Christmas Party with gifts and refreshments;

donated \$100 to the Carrizozo's Lion's Club to help with the Drug Awareness Program in the schools; donated \$100 to send a diabetic child to summer camp; held a free Diabetes Screening Test for the public; Lioness have donated canned food to the Lincoln County Food Bank every month; sold \$65 in raffle tickets for New Mexico Lions Eye Bank; donated \$40 to the Senior Citizen's Olympic Fund; donated \$50 to local Lion's Club to help with the cost of the fireworks display at the Country Club on July 4; collected and donated used eye glasses to Lion's Club.

The Lioness Club will have the installation of new officers for the coming year on July 7.

Carrizozo appearance for "Sound of Music"

"The Sound of Music" presented by the Alamogordo Little Theatre and headed by Cliff Hall of Alamogordo will be coming to Carrizozo on Aug. 9.

Carrizozo Woman's Club will sponsor the event and Woman's Club members will be selling tickets for \$5 per person and \$4 for senior citizens and students.

More than 75 tickets must be sold to help defray the cast's costs for royalties and costumes. Tickets may also be purchased at United New Mexico Bank.

C'ozozo council
(Cont'd from P. 2)

his salary from \$215 per month to \$400 per month.

Trustees authorized the mayor to advertise for request for proposals (RFP) for engineering services for the water system improvements. Money for the water system will come from the sale of general obligation bonds approved by voters at the special election on May 19.

Sale of the water bonds will be held July 14 in the offices of Eppler, Guerin and Turner, Inc., of Albuquerque.

At the request of Carrizozo Chief of Police C.A. Morales, Hemphill requested that the sheriff's office be the agency in charge of all felony complaints within the town.

Municipal ordinances do not address felony complaints and the municipal court can not hear felony complaints. Hemphill asked if the sheriff's department would under a joint powers agreement, investigate and prosecute all felony complaints.

An executive session was held for personnel.

Ernest V. Joiner's
OPINION

● I don't have any plans to forget the Fourth of July celebrations of my childhood. We began looking forward to July 4 as soon as school "let out" for the summer. Of course, the July 4 events were different then, as what wasn't? This was a day when children dreamed of growing up to become policemen, soldiers, teachers, railroad engineers and even mayors. Youth's greatest respect was reserved for those engaged in keeping the peace, manning the engines of industry, and those who were personally honored by being elected to public office.

● In the early 1920s any town that could attract a state or national legislator to deliver the July 4 address was honored, and such appearance insured a large crowd. There was always the parade, and an important part of it was the group of uniformed veterans of World War I and Spanish-American War. They marched smartly, receiving the cheers of crowds that lined the street. The volunteer band played (loudly but not always in tune) the national anthem and "Stars and Stripes Forever" and nobody felt embarrassed. Eyes went misty and hats came off as Old Glory went by. The best local orators were recruited to read the Declaration of Independence; every kid was proud to be an American; any slur on the national honor and it was avenged in a bloody fistfight.

● The picnic was an essential part of any Fourth of July celebration. Long tables were laden with potato salad, watermelons, cakes, pies, fried chicken and pink lemonade. There were games and races for children and adults, seemingly designed to insure that just about everybody could be a winner at something. It was a time when people spoke of Thomas Jefferson more as a lying person.

● Fireworks topped off the day's festivities. Kids, most of them, had been instructed in the proper use of fireworks. Sure, a few lost fingers by holding on too long to those giant firecrackers, but they bore their injury with humor; even with some pride, since the "wound" was incurred in the exuberance of the Fourth of July.

● It was pretty late when we at last got home and tumbled into bed, exhausted but happy, over what we considered a proper celebration of the nation's birthday. Asleep, we were more likely to dream about becoming military heroes in the defense of our country than about acquiring a new catcher's mitt, a cellarfull of stick candy, or a little encouragement from the girl down the block.

● We didn't know that human nature, being what it is, was setting loose the greed and selfishness that might some day undermine the country whose birthdays we observed with so much dedication. We were unaware that writers and statesmen like Thomas Babington Macaulay had written in early 18th Century England that: "I have long been convinced that institutions purely democratic must, sooner or later destroy liberty or civilization, or both." We wouldn't have believed him anyway. But we went right on converting, unknowingly for the most part, our republic into a democracy. A century after Macaulay, British Prime Minister Disraeli predicted what has happened to England, and that it would later happen to America. He told Parliament: "If you establish a democracy (government by the rabble), you must in due time reap the fruits of a democracy." Over here, Americans forgot that the founding Fathers did their best to form a Republic, with enough safeguards to keep it from degenerating into a Democracy. We have never been able to differentiate between a Democracy and a Republican run democracy!

● In 1977 the Washington Post published a sobering article by Peter Jay, economics editor of the London Times. It dealt with the tragic consequences of government's intervention to neutralize the evil effects of a previous government intervention. Mr. Jay concluded: "So we reach the depressing conclusion that the operation of free democracy appears to force government into positions (the commitment to full employment) that prevent them from taking steps (fiscal and monetary restraint) that are necessary to arrest the menace (accelerating inflation) that threatens to undermine the condition (stable prosperity) on which political stability and therefore liberal democracy depend. In other words, democracy has itself by the tail and is eating itself up fast."

● Mr. Jay was agreeing with Howard E. Kershner, professor of economics at Northwood Institute, who formulated what he calls, Kershner's First Law: "When a self-governing people empower their government to take wealth from some and give it to others, the process will not stop until the last bone of the last taxpayer is picked bare." The whiteness of the bones is already beginning to appear. Transfer payments, a polite and disarming governmental term used to describe that money which is taken by force from some of our citizens and given to other citizens, were running at \$200 billion in 1976 and are now at \$600 billion per year. At this rate, the taxpayers' bones will indeed be bare, and the prophecy of democracy will at last have been fulfilled.

● Ben Franklin knew all about this. When asked what the struggling Continental Congress had produced, Old Ben replied: "A Republic, sir, if you can keep it." We didn't keep it. We turned toward a democracy which the founding fathers both feared and hated.

● John Winthrop, first governor of Massachusetts Bay Colony, said of democracy that it is "accounted the meanest and worst of all forms of government." During the American Revolution the word "democracy" was not in use. It does not appear in the Declaration of Independence. It does not appear in the Constitution of the United States. It does not appear in any of the first state constitutions. Thomas Jefferson feared it. Alexander Hamilton called it "our real disease." We didn't know. We discovered our real disease for ourselves out of the public treasury. We were warned by the words of the founding fathers.

Stop those Boom Boxes!

WASHINGTON—In Chicago, columnist Mike Royko writes of a senior citizen riding a bus, where all the passengers were being disturbed by one of the worst of all the developments of the Electronic Age: The Boom Box.

This is one of those ear-splitting stereo portable radios with twin speakers. Oafish louts like to carry these things around in public—in order to draw attention to themselves by turning them on full blast.

On this Chicago bus, a senior citizen got up. Politely, he asked this disturber-of-the-peace to please lower the volume.

He was ignored. So, a second time he asked, again politely. Once more, his courteous request to consider the rights of others on the bus was ignored.

So, this senior citizen got up a third time. He walked over to this oaf, raised his cane in the air and brought it down full force—not on the oaf but on the boom box, which he dismembered. There was no arrest, because all of the passengers gave him a standing ovation. Neither did this young fool attempt to attack this senior citizen.

Another epic of the same kind took place on a New York commuter train filled with white businessmen and one boom-box player, who was black. When this youthful lout got on with his boom box turned on full blast, they shuffled their papers and glared. But none of them wanted to tangle with this juvenile delinquent in what might be described by some extremists as racist discrimination. Then a black business man got on. He was neatly dressed and carried an attache case.

He went directly to this black teenager and requested, politely, that the boom box be turned down. The teenager's reply was surly and familiar: "It's a free country."

"So it is," replied the black business man enthusiastically. Then with impressive speed, he seized this radio and threw it out the window—as all the other passengers cheered.

In Manhattan's Times Square, which has become a ferociously seedy place, increasing the noise pollution. It's against the law. But when the police order them to turn it down, they do so—until the next block.

What is needed is legislation everywhere to authorize police—including detectives—to confiscate (or else) boom boxes, boom boxes and boom boxes. They can hear more than 12 yards away—on the spot

confiscation or demolition, in the interest and importance of preserving the peace.

The same should apply to those who do the same thing with their car radios. A few confiscations—or street-side demolitions—of these infernal devices would do wonders towards reducing the noise pollution of these detestable exhibitionists.

This doesn't in any way apply to what anybody is listening to. But we have never heard of such moronic noise-makers turning their boom boxes to talk radio, whose growing number of listeners are far too intelligent.

(EDITOR'S NOTE: Lester Kinsolving hosts radio talk shows on stations in Baltimore and Philadelphia.)

—Inside the—
Capitol
By Jay Miller

SANTA FE—It is with considerable pride that this lobbyist becomes a columnist. Actually, the columnist was always there so it is more of a metamorphosis. Hopefully, the image of a butterfly emerging from a caterpillar will facilitate my acceptance into the journalistic community and be an indication of the beauty I see in this endeavor. My feeling of responsibility is great when I contemplate what appears to be the fact that this is the longest-running statewide, syndicated political column in the nation.

THE OLD GUARD: It will be both fun and difficult to follow the inimitable McCaffrey, a self-proclaimed curmudgeon. Webster defines curmudgeon as a crusty, ill-tempered and usually old man. The guy who invented the word had to have known Fred because the description is perfect considering its ancient origin. Back then, Fred was just "usually old."

It is inspiring and exciting to follow in the footsteps of the legendary Will Harrison and his successors Charlie Cullin, Fred Buckles, Bob Huber, Carroll Cagle and Fred McCaffrey. Much could be said and probably will be said about these luminaries in future columns.

THE NEW KID: My experiences inside the Capitol began some 40 years ago while accompanying my father to

Santa Fe on some of his lobbying trips for southern New Mexico school districts back in the forties and fifties. My actual lobbying experience began as an Albuquerque teacher going to the Capitol in the early sixties.

It continued as a New Mexico Education Association employee and registered lobbyist in the mid and late sixties and became a full-time occupation when I assumed the position of chief lobbyist for the renamed National Education Association of New Mexico from 1971 until my imminent departure.

CAPITOL CHANGES: Much has changed inside the Capitol during the 25 years I have been legislature watching. To begin with, our present Capitol wasn't even here that long ago.

The old Capitol contained virtually no space for legislators. The House and Senate chambers were small with very little desk space. Only important committee chairmen had an office. Private conversations were difficult. Contrast that with the private offices the Senate voted itself during the 1987 session.

The crowded conditions in the old Capitol were exacerbated by the practice of allow-

Trash not needed

EDITOR—A message to the two men in the large dark blue pickup who dumped trash at the dead end of Lynx Avenue in Capitán: The residents of the Hideaway Hills Subdivision do not appreciate being the recipients of your trash or anyone else's. We have enough of our own.

The neighbor who told me of your action was too far away to read your license number. Had it been read, we would be taking firm action. In case you don't know it, it is against the law to dump on private property. I'm sure the owner when next he visits from Texas is not going to appreciate the unsightly mess you made, nor do those of us who take walks or ride horses there.

The tree limbs you left could have been placed in any one of the many arroyos in the area where they would have helped to slow down erosion. The felt pads and plastic-ware should have gone to a legal dump.

There are tree limbs "down" all over our Capitán area, but that was done by Mother Nature during the unusually heavy snowfalls of this past winter. Some owners have not yet had time to clear their land. Owners do not need your trash added to their burden.

Please think before you again commit such an irresponsible act—and don't do it.

DOROTHY D. SMITH,
Capitán.

Airport impact negative

EDITOR—I congratulate you on publishing the article produced by Al Jungo. It is certainly very helpful when one citizen is interested enough to track down the careless manner in which the funds of Ruidoso have been spent on airport construction, and it is good that this information is being made available to all citizens. No doubt, the wisest thing the Council could do is to stop everything on the airport as it now stands and consider all the funds already put into it as a poor investment. Instead of going further with a program that is insufficient to complete the project without increasing the burden on the taxpayers in Ruidoso and Lincoln County.

I purchased property in Ruidoso approximately forty years ago because of the climate and the pleasant surroundings of the small village at that time. At that time, there was a waterwheel on the river (I believe it was owned by a Mr. Hall) that furnished a reasonable amount of electrical service to the residents. Of course, it was interrupted every time there was a rain or the wind was blowing, because the wires were attached to trees up the canyon. Everyone was aware of this, though, and just got out their kerosene lamps and candles . . . and enjoyed it. The improvements through the years, however, have made the residents more comfortable and have made it pleasant for people to visit Ruidoso. Apparently the political leaders of Ruidoso, backed by the people in business, are very strongly behind continued development for the growth and expansion of Ruidoso. The installation of city water was very helpful and improved living conditions. However, along with that, summer residents and non-residents owners who spend a week, or perhaps a month, they are paying for water, garbage pickup and the increased taxes 12 months a year. This is very discouraging to the owners of property in Ruidoso.

The small airport that is now serving Ruidoso, generally speaking, is for weekend, fly-in individuals who are coming for the horse races. Of course, this is a very large industry for Ruidoso, but it only serves a very small percentage of people in relation to the entire population and the impact of a larger airport will, no doubt, be very minor. The people who desire to fly in can certainly fly into El Paso or Roswell and hire a small plane to fly into Ruidoso with very little delay, if any. I do not think the population of Ruidoso really looks forward to developing industry, based on the fact it has a runway long enough to accommodate the landing of a major airline plane. I think the taxpayer is being led down the crimson trail and will have a heavy burden on them for years to come without benefit. In fact, I think the cost of it is going to be a hindrance to additional property being developed, because taxes certainly have to be taken into consideration.

Again, I compliment Mr. Jungo for bringing to the attention of taxpayers the careless, inefficient manner in which the funds for the new airport have been handled.

GEORGE A. ADAMS,
Wichita Falls, TX.

Opinion . . . (Cont'd from Col. 1)

● Today \$600 billion a year are (in a democratic manner) being forcibly taken from one group of citizens and given to another. The cry is for even more democracy, democracy, democracy, as if this country were never a republic, and as if democracy as a form of government represents man's finest political achievement instead of one of its worst.

● I love my country, but I can do it without loving some of its institutions. My heart can beat for America without also fluttering for the Environmental Protection Agency or the Internal Revenue Service. I feel compelled to place my hand over my heart when the flag goes by, but the thought of showing similar respect for the EPA or the IRS gives me an easily located pain. I believe that all men are created equal to the extent that they are born naked, all the while aware that the greatest inequality of all is in "ordering" unequal persons to be equal.

● The Fourth of July should always be observed. Even if this country should cease to exist, July 4 should be observed worldwide as the birthday of mankind's most exalted experiment in human freedom and personal liberty. She's my country, right or wrong. And I'll never apologize for her, as if one mistake or a thousand should condemn civilization's mightiest forces for individual freedom and dignity. But I can still complain that democracy is replacing republicanism, and that we stand to lose so much in the process. And I can still be thrilled by the Fourth of July.

● Bob Ordon is right. The Spirit of '76 is embodied in one drummer, a flag-bearer and five players. They had only one hit record—but it's still selling!

Dealing with civic pride

'A funny thing happened on the way to the traffic circle'

By J. A. "AP" JUNGE

In Ruidoso, where Sudderth Drive becomes Main Road, which extends from the intersection of Highway 37 about a block past the local post office to a traffic circle, it continues on to the right into a picturesque area known as the Upper Canyon. To the left it will direct you to the Ruidoso Care Center.

This traffic circle, in a non-obtrusive way, for many years has been considered less than a thing of beauty and in fact, at times, just plain ugly.

Maintenance of the green shrubs and the removal of trash, weeds, beer cans and other debris has been an impossible task. The quality and appearance of the traffic circle has been further compromised by the fact that the protective curbing surrounding the site was too low to discourage vehicle damage, and many automobiles just drove across the circle destroying plant life and leaving deep ruts in the soil. The nearest water tap was across the street—about 25 feet away from the circle, which made watering very difficult.

So, why all of the fuss? Several times during the past few years I have suggested to the Ruidoso Administration that certain improvements be made to the traffic circle. Each time the suggestions were cordially accepted and "filed away" for future reference.

Around the first day of June I made an appointment with our new city manager, Frank Potter, where I made the same suggestions I had made previously. We discussed the installation of a higher (90 degree) curb and a water tap which could be available for a sprinkler water system. I suggested that a group of Upper Canyon members of an organization should be agreeable to pay some of the costs of plant restoration of the circle. Mr. Potter agreed that we should work towards making the traffic circle a thing of beauty.

Then the plot thickens. When I left Mr. Potter's office I assumed that if the job was to be done it would take several months of planning and execution. How wrong I was! In a matter of days the curbing on the project was being removed and forms set for the new curbing. A water line was extended to the circle. I had not had sufficient time to contact those persons who I had thought would assist in the cost of proposed landscaping.

This did not present a problem. In the meantime, the Ruidoso Womens Club came forward to explain that they had provided care for the traffic circle for many years under an agreement made by a former city council which designated the circle area as a memorial to an Ethel Jay.

The Womens Club apparently felt they had been left out of the plans to renovate the traffic circle and that point is understandable; however, at the same time the club should have been pleased that the city was now doing what the club had wanted done for many years. Regrettably here was a clear case of a failure to communicate. And to further complicate matters, a group of Upper Canyon business owners suggested that a sign complimentary to the Upper Canyon be installed within the traffic circle area. This action immediately caused the wrath of the Womens Club who produced "proof" of the fact that the club was "given the land in question by a resolution of the council over 30 years ago" (Ref. Ruidoso News 6-25-87). The club will control all signs and if one is constructed it will relate to the Womens Club.

The Upper Canyon folks want to assist in the restoration and maintenance of the project and feel that a

beautiful spot, well maintained, should advertise the point "You are now entering the beautiful Upper Canyon" with a professional sign approved by all parties concerned.

There are three main points to be made of the traffic circle dilemma:

1. The city administration should be praised for a well done reconstruction job in installing new curbs and a water system.

2. The installation of the sign requested by the Upper Canyon proponents has no bearing on point #1 but should be worked out with all parties concerned. The state law regarding a sign in a public right of way should be explored.

3. A legal finding should be completed on the question of whether a previous council acted legally in "giving" a parcel of city-owned land to an organization known as the Womens Club. Was this done as a condition of the agreement? If not, the agreement runs to perpetuity. Was the resolution without foundation and therefore null and void?

Communication-cooperation-coolness. All three will be needed to settle this problem dealing with civic pride. We could all be winners!

(Cont'd from P. 4)

ing lobbyists in the chambers while the legislature was in session. This made lobbying a whole lot easier. If you didn't have your votes lined up before your bill hit the floor you had a second chance to swing the final few votes.

Lobbyists were also allowed to sit at the press table at the front of the chamber and look legislators in the eye as they cast their votes. This overly intimate relationship was remedied when the new Capitol was constructed and all non-legislators were banned from the chambers while the legislative body was in session.

The lobbyists rolls have burgeoned from less than 50 to nearly a thousand in the past 25 years according to Hoyt Clifton, the respected Election Bureau Chief in the secretary of state's office. If for no other reason than the 20-fold increase in lobbyists, the legislature had to put some checks on the Third House.

Two years ago, the legislature also began barring lobbyists from the halls outside the chambers. While legislators deserve a safe haven now and then, this insulation of our lawmakers is going too far for the good of the legislative process.

Capitan News

By Margaret Rench

Very hot sun all last week, then on Friday evening a cloud appeared and we suddenly received 20 of an inch of rain. Cool part of Sunday, a sudden wind, like a whirlwind, appeared but passed quickly. The south part of town felt it.

I wish everyone a very happy holiday for this Fourth of July.

There were 1718 registered visitors at the Smokey Bear Museum from June 21-28. Among them were seven from the Youth Center at Holloman Air Force Base and a group of 15 from Greenville, SC. We are proud and happy to report these crowds. We always welcome them.

The Capitan Chamber of Commerce Bingo games held at the Fair Building every Thursday night are going great. Join them for a night of fun.

The Chamber of Commerce will soon have some note cards for sale at various businesses here. There will be a drawing of Smokey Bear and

the Museum on the front. This was drawn by Lorene Caywood, a very good artist. Watch for them.

Vacation Bible School, Capitan Church of Christ, July 13-17, 9:30 to 11:30 a.m. Two years through high school. Buses will pick up children in Capitan, subdivision and Ft. Stanton.

Mike Shanks and Justin Washburn attended Boys State in Socorro June 7-12. Paula McClain attended Girls State in Roswell.

The Capitan Junior Rodeo started Sunday, June 28 at the fairgrounds with a large crowd and lots of action. The next one will be held July 12. Tois to 18

years are invited to join. They held their queen's contest Wednesday, July 1. The winner will be announced soon.

Jed Hall, son of Mr and Mrs. Virgil Hall Jr., returned home last Thursday from Africa, where he was a foreign exchange student from Capitan.

The Crusaders Soft Ball Team came in 4th out of 26 in the tournament in Ruidoso this last weekend. We are happy for them.

Kay Strickland and Maxine Wright went to Silver City and visited Curtis and Rhonda and baby Veronica and brought Melinda who had visited her sister for two weeks. home. Melinda Strickland had a great time but mother and grandmother brought her home and also Rhonda and Veronica so they could visit family and friends.

I wish Pat Ward of Lincoln a happy birthday, July 4, and Misty, daughter of Carmen and Gus Allred, who will reach her third birthday July 7.

Last week my wishes went to Jennifer and Jayla Buff, who enjoyed their combined birthday party Sunday afternoon at the home of their parents, Mr. and Mrs. Frank Buff.

Sonya Wood was invited to ride with the Arabian Horse trainer at Alto last Sunday, which she enjoyed.

Mr and Mrs. Ferrite Stokes and family of Norwalk, CA arrived Sunday evening to spend a month at their home near Capitan.

Mrs. Amy Smith of Portales died June 17. She was buried in the Ft. Sumner Cemetery. Amy lived in Capitan a number of years and was employed at Ft. Stanton. She had many friends here, and will be remembered.

SMOKEY BEAR RUN

The 7th Annual Smokey Bear Run is scheduled for July 4 in Capitan. The event features a 10K (6.2 miles) and a 2-mile fun run.

A bus will pick up participants at 7:30 a.m. in the parking lot of the local bank. The race is scheduled to begin at 8 a.m. The runners will run on New Mexico Highway 49 north of Capitan to the finish line located at the bank. First arrivals back in town should appear shortly after 8:30 a.m.

NOTICE

The Republican Party of Lincoln County will meet July 6 at Redman's Club in Ruidoso Downs at 6 p.m. All Republicans in the county are invited to attend and meet other Republicans.

Hispanic Heritage Museum opens in old Lincoln Town

An open house and reception honoring the rich and varied Hispanic Heritage of Lincoln County will begin July 4 and 5 in historic Lincoln, according to Lincoln County Heritage Trust Executive Director John Meigs.

"Lincoln County represents a microcosm of many facets of the early West, and Hispanic history is certainly one of the most important," Meigs commented. "We have had long range plans to implement an Hispanic Museum and consider this a major step toward that goal."

Rafaelita Baca Pryor's gifts of her grandfather's sword, an exquisite black shawl worn by his wife and innumerable documents and original photographs have been helpful in starting this phase of the project. The trust is in the process of filing the originals for future reference and/or display. They will be available to the public for research in the near future. Trust consultant Lynda Sanchez indicated that good copies can be made in a relatively short period of time and the originals can be returned to the family should they wish to keep them.

In recent conversations with the former mayor of Santa Fe, Luis Montano, Meigs and Sanchez learned that he is the great-grandson of Jose Montano, former owner of the building where the Hispanic Heritage Museum will be partially housed. Luis Montano will be attending the open house and his mother will bring dishes and other items

belonging to the Montanos. These will be presented as a gift to the trust. At a later time she intends to present a silver sugar and cream set owned by the Montano family prior to their coming to Lincoln County.

After a 4 p.m. mass in San Juan Church, a reception will be held in the courtyard of the Patron home now owned by hosts Cleis and Jerry Jordan. Juan Patron, according to some historians, received part of his education from Notre Dame University and in 1877 he was elected to the New Mexico Territorial Legislature.

"We can't say how grateful we are for the assistance and support we have had thus far," noted Meigs and Sanchez. "We are sending out over 250 invitations and hope anyone else having an interest will come and share in this very special event. The trust eventually would like to house a much larger collection of memorabilia and photos from that era," Meigs said.

"If we don't start now a lot of important history will be lost forever," emphasized Mrs. Sanchez.

A DIP IN THE pool will cool on these hot summer days. The Carrizozo swimming pool is open Tuesday through Sunday from 1 to 3 p.m., closed on Monday. Swimming lessons will be given starting next week. Contact Rob Hollis at 648-2517 for more information.

Warrants issued for 2 stabbing suspects

A warrant has been issued for the arrest of Matt Daniel, 21, Ruidoso, on charges of aggravated battery in the near-fatal neck stabbing of Mike Cottam, 22, Ruidoso.

The stabbing took place June 6 at about 5:30 a.m. near Carrizo Lodge in Ruidoso. Cottam, leaving a trail of blood, was able to reach the lodge where Bill Stankus, a security guard, rendered first aid and called an ambulance. For about two weeks Cottam was in critical condition at St. Mary's Hospital in Roswell and unable to talk with law enforcement officers to establish the identity of his assailant.

Meanwhile, Mike Chapel, sheriff's department criminal investigator, collected photos of persons known to have attended a party at which the stabbing took place. Cottam was able to identify his attacker from one of the photos.

A couple of days later Daniel called Lincoln County Sheriff Don Samuels to inquire

if he was sought as a suspect. The sheriff replied that he was to be arrested and advised Daniel to turn himself in. Daniel, who refused to say from where he was calling, said he would "think about it." He is believed to have fled to Texas.

Cottam is now out of the hospital and has identified Daniel and given circumstances surrounding the stabbing.

Stankus, the security guard, has been credited with saving Cottam's life. He was

recognized for his conduct by the Kiwanis Club of Ruidoso last week when he was given a plaque for saving a human life.

A second stabbing incident took place May 16 at the Riverside Bar near Roswell with Billy Joe Brady of Hondo the victim.

Sheriff Samuels said Brady was not seriously injured, but the attacker has been identified and a warrant for his arrest for aggravated battery will have been served by today.

CARD OF THANKS

The family of Elbert E. Owen would like to express our gratitude to the many friends and relatives who have shown us their support during the recent loss of our very dear family member Sammie M. Owen. Thank you for your flowers, donations, food, calls, cards, and words of encouragement.

PHIL HILL WINS WITH LICENSE PLATES

Wayland Hill and Phil Hill of Carrizozo attended the National License Plate Collector's Convention in Albuquerque, June 25-27.

Phil Hill won the junior division with his display at the event.

TAX EXTENSION EXPIRE

Taxpayers who have an automatic extension of time to complete their 1986 federal income tax return must file the return and pay any remaining tax by midnight Aug. 15, according to the Internal Revenue Service (IRS).

For additional information regarding the filing date extension, taxpayers may call IRS toll-free at 1-800-424-1040.

How to Take the Guesswork Out of Paying Your ELECTRIC BILL

Sometimes the amount of your monthly electric bill can come as a big surprise to you. Having to pay a larger bill than usual may put a strain on your household budget.

The Budget Billing Plan can help you stay on budget. When you qualify for the Budget Billing Plan, you know you will pay approximately the same amount each month all year long, so you can plan your budget ... and stay on it!

Your budget planning can be much easier with the Budget Billing Plan, so call our office today for all the details.

Corona News

Nolan Vickrey and Emmett Nicholas attended the American Legion Department of New Mexico convention in Gallup last weekend. Nolan was elected vice-commander for the 1987-88 year. Ellis Hodge, Pete Porter and Bill Smith went over Saturday and the five men entered a float in the parade for Beaver-Bond Post.

Mr. and Mrs. Ewing Rose, Roswell, visited Mrs. Johnnie Bond Saturday.

Mrs. Lee Mulkey and Tommy Mulkey were to leave Wednesday for a week in Virginia with Sue and Larry Sullivan.

Mr. and Mrs. W.W. Korges are scheduled to leave Friday for five weeks in Europe.

Mr. and Mrs. Archie Perkins spent four days at Elephant Butte Lake as guests of Mr. and Mrs. Marvin Hillger, who host an annual party for the Perkins clan.

Dorothy Bradley took several senior citizens to Roswell Monday for the Sammie Owen funeral.

Heath Brown, Artesia, is working with his grandfather, Dale Brown, this summer while his brother, Chad Brown, has gone to Artesia to work for a telephone company and Mario Delgado has come from Santa Fe to work at Owen hardware.

The Torrance County singing convention met at Cedarvale Sunday. There were people from Hurley, Portales, Albuquerque, Clovis, Carrizozo, Corona, Cedarvale, Estancia, Tucuman, Lubbock, Slaton, O'Donnell, TX and Los Angeles, CA. All plan to come back for the fall convention the fourth Saturday in October and bring a friend.

Mrs. Ora Lee Miller of Blanco, NM has been visiting

the Earl Moores and then attended the 50th wedding anniversary of her sister and husband, Mr. and Mrs. Don Willey.

Several friends from Corona attended the 50th wedding anniversary of Donald and Ida Willey of Blanco at the McIntosh Community Center Saturday. Ida is a sister of Lovell Moor and Ora Lee Miller.

Obituary

SAMMIE OWEN
Graveside services for Sammie Owen were held Monday afternoon in Roswell at the Memory Lawn Memorial Park with David Brunson, an Artesia Assistant Baptist minister officiating. The American Legion Auxiliary Unit No. 35 of Corona assisted in the service.

Sammie Marie Graves was born in Roswell Nov. 22, 1926 and in 1946 was married there to Elbert E. Owen. Forty years ago they came to Corona and bought a telephone company. Later they opened a hardware and feed store.

She was a charter member of the American Legion Auxiliary and a member of the Corona Baptist Church. She died Saturday in Roswell after a long illness. She was preceded in death by one daughter.

Survivors include her husband, Elbert Owen of the family home in Corona; one son, Emery Owen of T or C; one daughter, Paula Brown, Artesia; three grandsons, Chad and Heath Brown and Rustin Owen; two granddaughters, Tiffany Owen and Monica Brown; two brothers, Randolph Graves, Lansing, IL and Hugh Graves, Garland, TX; and two sisters, Margaret Bush, Roswell, and Delpha Lynch, Clovis.

The family prefers memorials to multiple sclerosis.

TWELFTH JUDICIAL DISTRICT COURT COUNTY OF LINCOLN STATE OF NEW MEXICO

No. CV-87-219

GULF COAST INVESTMENT CORPORATION, Plaintiff,

vs. **JEFFREY F. MAUL and MARY V. MAUL, his wife, BRUCE A. BURROW and THE UNITED STATES OF AMERICA, Defendants.**

NOTICE OF SUIT STATE OF NEW MEXICO to the above-named Defendant(s), GREETINGS:

You are hereby notified that the above-named (Plaintiff) has filed a civil action against you in the above-entitled Court and cause, the general object thereof being to secure judgment on a promissory note and foreclose a mortgage against the real estate described in the complaint, being a tract of land in the city of Ruidoso, County of Lincoln, New Mexico.

That unless you enter your appearance in said cause on or before the 31st day of July, 1987, judgment by default will be entered against you.

Name and address of (Plaintiff's) attorney: **CLARENCE R. BASS**, 528 Chama, N.E., Albuquerque, N.M. 87108 (505) 266-5858

WITNESS the Honorable Richard A. Parsons, District Judge of the Twelfth Judicial District Court of the State of New Mexico, and the Seal of the District Court of Lincoln County, this 10th day of June, 1987.

TWELFTH JUDICIAL DISTRICT COURT COUNTY OF LINCOLN STATE OF NEW MEXICO

No. CV-88-146

THE NEW YORK GUARDIAN MORTGAGE CORPORATION, Plaintiff,

vs. **JIM N. BRAZEL, LISA MARIE BRAZEL, his wife, and ANY AND ALL OTHER PERSONS CLAIMING AN INTEREST IN AND TO THE SUBJECT REAL PROPERTY ADVERSE TO THE PLAINTIFF, Defendants**

NOTICE OF SALE

NOTICE IS HEREBY GIVEN that on the 13th day of July, 1987, at the hour of 1:30 P.M. at the Front Entrance to the Lincoln County Courthouse, Carrizozo, New Mexico, the undersigned as the Court appointed Special Master, will offer for sale and sell to the highest bidder or bidders, for cash, the following described real estate situated in Lincoln County, State of New Mexico, to-wit:

Lot 9.....Block 3 of MT. CAPITAN SUB-DIVISION, Capitan, Lincoln County, New Mexico, as shown by the replat thereof filed in the office of the County Clerk and Ex-Officio Recorder of Lincoln County, February 5, 1985.

such sale to be held pursuant to and in accordance with the Final Judgment and Decree filed in the above entitled cause to foreclose a Mortgage on the 12th day of May, 1987, wherein the Plaintiff, THE NEW YORK GUARDIAN MORTGAGE CORPORATION, was granted Judgment over and against the Defendants, JIM N. BRAZEL, and LISA MARIE BRAZEL, jointly and severally, and over and against the Real Property and Improvements described herein in the total amount of \$60,073.85, which amount includes all of Plaintiff's reasonable attorney fees, tax and costs, and additional interest through the date of sale, all payments, costs and expenses through the date of sale, all payments, costs and expenses through the date of sale paid or to be paid by the Plaintiff and/or the Special Master incident to the administration, supervision, preservation and protection of said real property and improvements, plus the costs and expenses of conducting the sale and costs of publication.

NOTICE IS FURTHER GIVEN that the real property and improvements concerned with herein will be sold subject

to any and all patent reservations, easements, all recorded and unrecorded liens not foreclosed herein and all recorded and unrecorded special assessments and taxes that may be due.

NOTICE IS FINALLY GIVEN that should the Plaintiff herein bid and/or become the purchaser of said real estate and improvements at the foreclosure sale, it may use any part of its Judgment granted herein and heretofore as credit against the purchase price should it be the highest bidder, and the Plaintiff or the purchaser at the Foreclosure Sale, shall be entitled to immediate possession of the real property and improvements more particularly described herein.

IN THE MATTER OF THE) COMPLAINT BY CAPITAN-) CARRIZOZO NATURAL GAS) ASSOCIATION AGAINST) RUIDOSO NATURAL GAS) COMPANY REGARDING) CHARGES FOR) TRANSPORTATION) OF GAS AND CORRECTION) OF STIPULATION)

CAPITAN-CARRIZOZO) NATURAL GAS) ASSOCIATION,)

COMPLAINANT.)

CASE NO. 2090

ORDER OF HEARING

On January 29, 1987, Capitan-Carrizozo Natural Gas Association ("Capitan-Carrizozo"), by and through its attorney, filed with the New Mexico Public Service Commission ("Commission") its Complaint against Ruidoso Natural Gas Company ("Ruidoso"). On February 6, 1987, the Commission appointed Leonard A. Helman as Hearing Examiner in this cause, to preside at any hearings and to take all actions necessary and convenient thereto, within the limits of his

authority, and to submit to the Commission a Recommended Decision containing proposed Findings of Fact, Conclusions of Law and an Order regarding this case.

The Hearing Examiner **E. J. N. D. S.** It is appropriate to hold a formal hearing on this Complaint in order to determine whether the complaint of Capitan-Carrizozo is based on sufficient evidence to support a recommended decision in its favor to the Commission or whether the Complaint would be dismissed.

The Hearing Examiner **O. T. D. E. R. S.** that:

A. A formal hearing on the Complaint of Capitan-Carrizozo against Ruidoso Natural Gas Association shall be held on Thursday, August 13, 1987 at 9:00 a.m. at the offices of the Commission, 224 East Palace Avenue, Santa Fe, New Mexico. The purpose of the hearing will be to take testimony in support of, or in opposition to, the Complaint filed by Capitan-Carrizozo against Ruidoso.

B. Capitan-Carrizozo shall file its prepared direct written testimony by no later than July 14, 1987.

C. Ruidoso shall file its proposed direct written testimony by no later than July 29, 1987.

D. Petitions for Leave to Intervene shall be filed no later than July 14, 1987.

E. A copy of this order shall be published one time in newspapers of general circulation in the county in which Capitan-Carrizozo and Ruidoso serve.

F. Copies of this order shall be mailed first class to both parties and their attorneys.

ISSUED this 24th day of June, 1987.

TWELFTH JUDICIAL DISTRICT COURT COUNTY OF LINCOLN STATE OF NEW MEXICO

No. CV-87-142 Div III

GULF COAST INVESTMENT CORPORATION, Plaintiff,

vs. **GEORGE W. MARTIN and ROSE ANNA MARTIN, his wife, Defendants.**

NOTICE OF SALE

Notice is hereby given that the undersigned Special Master

will, on the 4th day of August, 1987 at 10:00 A.M., at the front door of the Lincoln County Courthouse, Carrizozo, New Mexico, sell and convey all the right, title and interest of the above-named Defendants in and to the following real estate located in said County, and State:

Lot 5, Block 2, of WOODLAND RIDGE SUBDIVISION, Ruidoso, Lincoln County, New Mexico, as shown by the plat thereof filed in the office of the County Clerk and Ex-Officio Recorder of Lincoln County, New Mexico, August 11, 1972 in Tube No. 495.

Said sale will be made pursuant to the Decree of Foreclosure entered on the 23rd day of June, 1987 in the above-entitled and numbered cause, which was a suit to foreclose the note and mortgage held by the above Plaintiff, wherein Plaintiff was adjudged to have a lien against the above-described real estate in the sum of \$41,067.64, plus interest to the date of the sale, Court costs, escrow advances, publication costs, attorney fees, Special Master's fee, said sale will be made to the highest bidder for cash, and time thereof may be postponed in the event the Special Master, in his judgment deems advisable.

TOWN OF CARRIZOZO

Published in the Lincoln County News on July 2, 1987.

We're looking for trouble.

It sounds like negative thinking. But it's the most positive way we know of assuring that phone service is there whenever you need it. And whenever your doctor, hospital, police or fire department needs it.

It's why Mountain Bell's New Mexico Control Analysis Group concentrates on disasters before they happen.

They're ready for fierce storms and freezing temperatures that could knock out phone wires. They're on the lookout for underground cable leaks that could put thousands of customers out of service.

This kind of readiness means that critical situations can be handled before your phone service is threatened. When a brutal storm hit New Mexico on January 16th, the network came dangerously near overload, which would have stopped all long distance calls within the state. Mountain Bell's Control

Center reacted with management measures that regulate the phone traffic from each central office, giving every call an equal opportunity to get through.

Ongoing maintenance helps protect your service, too. Mountain Bell's underground cables are constantly monitored to detect cracks and leaks. And when cables are damaged, our service crews are on the job immediately, often working around the clock until service is restored.

With our constant readiness, we're demonstrating our commitment to providing answers to your vital service needs. Because at Mountain Bell, we know that at any given moment, a phone call could make all the difference—even the difference between life and death.

Mountain Bell
A UNITED COMPANY

LEGAL

NOTICE OF MEETING AND BOND SALE

**TOWN OF CARRIZOZO, NEW MEXICO
GENERAL OBLIGATION WATER BONDS
SERIES AUGUST 1, 1987 - \$150,000**

ISSUE AND PLACE AND TIME OF SALE

PUBLIC NOTICE IS HEREBY GIVEN that the Board of Trustees (herein the "Board") of the Town of Carrizozo, (herein the "Town"), Lincoln County, New Mexico, on Tuesday, July 14, 1987, at the hour of 11:00 a.m., Mountain Daylight Time, at the offices of Eppler, Guerin & Turner, Inc., Suite 300, 1650 University Boulevard, N.E. in Albuquerque, New Mexico, 87102, will cause sealed bids to be received and publicly opened for the purchase of the Town's General Obligation Water Bonds, Series August 1, 1987, in the aggregate principal amount of \$150,000 (herein the "Bonds").

NOTICE OF BOARD OF TRUSTEE MEETING

PUBLIC NOTICE IS FURTHER GIVEN that the Board of Trustees will meet in open, regular session at the Town Hall, 100 - 5th Street, Carrizozo, New Mexico at 6:00 p.m., MDT, on July 14, 1987, to determine the best bidder, to award such Bonds, to adopt an ordinance authorizing the issuance of such Bonds and to consider other action relating to such Bonds and any other matters as may come before such meeting.

DETAILS OF BONDS AND MATURITIES AND AUTHORIZATION

The Bonds will be issued as fully registered bonds, will be dated as of August 1, 1987 (herein "Series Date") will be issuable in the denomination of \$5,000 and any integral multiple of \$5,000 (provided that no Bond may be in a denomination which exceeds the principal coming due on any maturity date and no individual Bond will be issued for more than one maturity) and will mature serially on August 1 of each year as follows:

Years Maturing	Amounts Maturity	Years Maturing	Amounts Maturity
1988	\$5,000	1994	\$10,000
1989	5,000	1995	10,000
1990	10,000	1996	15,000
1991	10,000	1997	15,000
1992	10,000	1998	15,000
1993	10,000	1999	15,000
		2000	20,000

Both principal and interest shall be payable in lawful money of the United States of America, to the registered owners as shown on the registration books kept by the registrar, as will further be provided in the bond ordinance to be adopted following the sale of the bonds. The registrar (i.e., transfer agent) and paying agent for such issue will be designated at the time the Board adopts such bond ordinance on July 14, 1987. The Bonds will constitute the general obligations of the Town, payable from general taxes which may be levied without limitation as to rate or amount. The Bonds constitute all of the bonds authorized to be issued at the special election held in the Town on May 19, 1987. At such election, the registered electors of the Town voting on the question authorized the issuance of such Bonds in an amount of not exceeding \$150,000 for the purpose of constructing and purchasing a system for supplying water for the Town.

INTEREST RATES AND LIMITATIONS

The following interest limitations are applicable:

- (1) The maximum net effective interest rate permitted for such issue is twelve percent (12%) per annum, provided, however, that if the net effective interest rate on such issue is greater than ten percent (10%) per annum (based on the actual price to be paid to the Town for such issue, calculated to maturity according to standard tables of bond values), such rate must be approved in writing by the State Board of Finance, and the Town may not issue the Bonds before such approval.
- (2) The maximum stated interest rate permitted is twelve percent (12%) per annum.
- (3) Interest shall be payable February 1, 1988, and semiannually thereafter on August 1 and February 1 in each year.
- (4) No bid shall specify more than one interest rate for each maturity.
- (5) Each interest rate must be stated in a multiple of one-eighth (1/8th) or one-twentieth (1/20th) of one percent (1%) per annum.
- (6) Subject to the foregoing limitations, it is permissible to bid different or split rates of interest.

PRIOR REDEMPTION

Bonds maturing on and after August 1, 1996, are subject to prior redemption at the Town's option in one or more units of principal of \$5,000 on and after August 1, 1995, in whole or in part on any interest payment date thereafter in such order of maturities as the Board may determine (and by lot if less than all of the Bonds of such maturity is called, such selection by lot to be made by the Registrar in such manner as he shall consider appropriate and fair) for the principal amount of each \$5,000 unit of principal so redeemed, accrued interest to the redemption date and a premium computed as follows (expressed as percentages of principal amounts of Bonds so redeemed):

Dated When Redeemed (Both Dates Inclusive)	Redemption Premium
August 1, 1995 through July 31, 1996	1%
August 1, 1996 and thereafter	None

Redemption shall be made upon prior published notice and mailed notice to a representative of the original purchaser and to each registered owner as shown on the registration books kept by the Registrar in the manner and upon the conditions provided in the bond resolution to be adopted following the sale of the Bonds.

FEDERAL TAX EXEMPTION

In the opinion of Sherman & Howard, Bond Counsel, assuming continuous compliance with certain covenants and representations described below, interest on the Bonds is exempt from income taxation by the United States of America under present federal laws (except to the extent of the alternative minimum and environmental taxes, discussed below). The Internal Revenue Code of 1986, enacted into law on October 22, 1986 (the "Tax Code") imposes several requirements which must be met with respect to the Bonds in order for the interest thereon to be exempt from federal income taxation (except to the extent of the alternative minimum and environmental taxes, discussed below). Certain of these requirements must be met on a continuous basis throughout the term of the bonds. These requirements include: (a) limitations as to the use of proceeds of the Bonds; (b) limitations on the extent to which proceeds of the Bonds may be invested in higher yielding investments; and (c) a provision, subject to certain limited exceptions (one of which exceptions will be applicable to these Bonds), that requires all investment earnings on the proceeds of the Bonds above the yield on the Bonds to be paid to the United States Treasury. The Town will covenant and represent in the Board's ordinance authorizing the issuance of the Bonds that it will take all steps necessary to comply with the requirements of the Tax Code, to the extent necessary to maintain the exemption of interest on the Bonds from federal income taxation (except to the extent of the alternative minimum and environmental taxes mentioned below) and to avoid the application of any penalties. Bond Counsel's opinion as to the exemption of interest on the Bonds from federal income taxation is rendered in reliance on these covenants, and assumes continuous compliance therewith. The failure or inability of the District to comply with these requirements could cause the interest on the Bonds to be subject to federal income taxation from the date of issuance.

The Tax Code contains a 20 percent alternative minimum tax provision applicable to corporations with respect to taxable years beginning after December 31, 1986. Under the Tax Code, during 1987, 1988 and 1989, 50 percent of the amount by which a corporation's "adjusted net book income" exceeds the corporation's alternative minimum taxable income (determined without regard to this adjustment and the alternative tax net operating loss deduction) is included in the corporation's alternative minimum taxable income for the purpose of calculating the alternative minimum tax applicable to the corporation. For taxable years beginning after 1989, 75 percent of the excess of a corporation's "adjusted current earnings" over the corporation's alternative minimum taxable income for purposes of the alternative minimum tax applicable to the corporation. Both "adjusted net book income" and "adjusted current earnings" include interest on the Bonds.

In addition, under section 59A of the Tax Code, as amended by the Superfund Amendments and Reauthorization Act of 1986, for taxable years beginning after December 31, 1986, a 6.2 percent "environmental tax" is imposed on the excess of a corporation's modified alternative minimum taxable income over \$2,000,000. "Modified alternative minimum taxable income" is

defined as alternative minimum taxable income determined without regard to the alternative tax net operating loss deduction and the deduction allowed for this "environmental tax." Interest on the Bonds is included in calculating the "net book income" and "current earnings" adjustments used in determining a corporation's modified alternative minimum taxable income in the same manner as described in the previous paragraph with respect to a corporation's alternative minimum taxable income. This environmental tax is applied in addition to, and not as a substitution for, the alternative minimum tax discussed in the previous paragraph and the regular tax.

The Tax Code contains numerous changes from the provisions of the Internal Revenue Code of 1954 which may affect an investor's decision to purchase the Bonds. Owners of the bonds should be aware that the ownership of tax-exempt obligations by particular owners, including financial institutions, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations and foreign corporations doing business in the United States may result in collateral federal tax consequences. These categories of owners should consult their own tax advisors as to the applicability of these consequences. Other amendments to the federal tax laws could be proposed or enacted in the future and there can be no assurance that any such future amendments which may be made to the federal tax laws will not adversely affect the exemption from federal taxation of the interest on the Bonds (from the date of delivery of the bonds or any other date) or the value of Bonds.

DESIGNATION AS TAX-EXEMPT OBLIGATIONS

In the ordinance authorizing the issuance of the Bonds, the Town will designate the bonds as qualified tax-exempt obligations for purposes of Section 265(b)(3)(B) of the Internal Revenue Code of 1986 contained in the Tax Code.

BIDS

Bidders are required to submit a bid specifying (a) the lowest stated rate or rates of interest and premium, if any, at which such bidder will purchase such Bonds. For informational purposes only, each bidder is requested to specify (b) the total net interest cost to the Town in dollars and cents and (c) the stated effective interest rate in a stated percent. Proposals should be enclosed in a sealed envelope endorsed "Bid for General Obligation Water Bonds of the Town of Carrizozo, New Mexico", addressed to the Mayor of the Town of Carrizozo, c/o Eppler, Guerin & Turner, Inc., Suite 300, 1650 University Boulevard, N.E., Albuquerque, New Mexico 87102. Only unconditional bids will be considered. Bids must be submitted on the Official Bid Form which may be obtained from either Ms. Carol Schlarb, the Town Clerk or the Town's financial advisor (see "INFORMATION", below).

BASIS OF AWARD

Said Bonds will be awarded to the best bidder considering the stated interest rate or rates specified and the premium offered, if any, and subject to the right of the Board to reject any and all bids and readvertise. The best bid will be determined by deducting the amount of the premium bid, if any, from the total amount of interest which the Town would be required to pay from the Series Date, i.e., August 1, 1987 to the respective maturity dates (without regard to the possible prior redemption of the Bonds) at the stated rate or rates specified in the proposal; and said Bonds will be awarded on the basis of the lowest net interest cost to the Town. The purchaser must pay accrued interest from the date of the Bonds to the date of delivery. The Bonds will not be sold for less than par and accrued interest. The Town reserves the privilege of waiving any irregularity or informality in any bid.

CUSIP NUMBERS

CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such number on any Bond nor any error with respect thereto will constitute cause for failure or refusal by the purchaser thereof to accept delivery of or to pay for the bonds in accordance with the terms hereof. All expenses in relation to the printing of CUSIP numbers on the Bonds will be paid for by the Town, but the CUSIP Service Bureau charge for the assignment of said numbers will be the responsibility of and will be paid for by the purchaser.

GOOD FAITH DEPOSIT

All bids shall be sealed and, except the bid of the State of New Mexico, if one is received, shall be accompanied by a good faith deposit of not less than \$3,000, either in cash or by cashier's or treasurer's check or, by certified check drawn on, a solvent bank or trust company in the United States and payable to the "Town of Carrizozo". Such good faith check shall be returned if the bid is not accepted. If the successful bidder shall fail or neglect to complete the purchase of said Bonds within thirty days following the acceptance of the bid, or within ten days after the Bonds are offered for delivery, whichever is later, the amount of the deposit shall be forfeited to the Town as liquidated damages and in that event, the Board may accept the bid of the one making the next best bid. If all bids are rejected, the Board shall readvertise said Bonds for sale in the same manner as herein provided for the original advertisement. If there be two or more equal bids and such bids are the best bids received and for not less than par and accrued interest, the Board shall determine which bid shall be accepted.

TIME OF AWARD AND DELIVERY

The Board will take action awarding the Bonds or rejecting all bids not later than twenty-four hours after the expiration of the time herein prescribed for the receipt of the bids. Delivery of the Bonds will be made to the successful bidder at commercial bank or trust company in Albuquerque, New Mexico, without charge to the successful bidder, or elsewhere at the request and at the expense of the successful bidder, within sixty days of the acceptance of the bid. Payment of the balance of the purchase price due for such Bonds must be made in Federal Reserve Funds or in other immediately available funds acceptable to the Town and to the bank or trust company designated as the place of delivery for immediate and unconditional credit to the account of the Town. If for any reason delivery cannot be made within sixty days, the successful bidder shall have the right to purchase the Bonds during the succeeding thirty days upon the same terms or at the request of the successful bidder during the thirty days, the good faith deposit will be returned and such bidder shall be relieved of any further obligation.

SUCCESSFUL BIDDER'S REOFFERING YIELDS

The successful bidder (or manager of the purchasing account) by submitting the bid, agrees at or prior to bond delivery to provide in writing to the Town's financial consultant (see "INFORMATION", below) the initial offering prices of the bonds to the public (excluding bond houses, brokers, and other intermediaries) at which price a substantial amount of each maturity of the Bonds was sold to the public.

INFORMATION

Information concerning the Bonds, the Town and the Official Bid Form may be obtained from either Ms. Carol Schlarb, Town Clerk, Town Hall, 100 - 5th Street, Carrizozo, New Mexico 88301 (Telephone (505) 648-2371) or the Town's financial advisor, Eppler, Guerin & Turner, Inc., Post Office Box 25785, 1760 University Boulevard, NE, Albuquerque, New Mexico 87102 (Telephone (505) 842-0303).

TRANSCRIPT, PRINTED BONDS AND LEGAL OPINION

The validity and enforceability of the Bonds will be approved by Sherman & Howard, Attorneys at Law, 2900 First Interstate Tower North, 633 Seventeenth Street, Denver, Colorado, 80202, whose opinion approving the legality of the Bonds and relating to the tax-exempt status of the Bonds will be furnished to the successful bidder at no cost to the successful bidder. Bond Counsel's final approving opinion will recite in conventional form that such firm has examined the Constitution and laws of the United States of America and the State of New Mexico, a certified transcript of the proceedings of the Board and other documents relevant to the issue of such Bonds. The last paragraphs of such opinion shall be substantially as follows:

"Based upon such examination and assuring continuous compliance with the covenants and representations contained in such proceedings and other documents for purposes of paragraph 2 below, it is our opinion as Bond Counsel that:

"1. Said issue of Bonds in the amount aforesaid is valid and legally binding upon the Town, and all of the taxable property in the Town is subject to the levy of a tax to pay the same without limitation of rate or amount.

"2. Interest on the Bonds is exempt from taxation by the United States of America under present federal income tax laws, except that such interest is required to be included in calculating the book income and current earnings adjustments applicable to corporations for purposes of computing the corporate alternative minimum tax imposed under section 55 of the Internal Revenue Code of 1986 and for purposes of computing the corporate environmental tax imposed under section 59A of the Internal Revenue Code of 1986, as amended; and

"3. The obligations of the Town are subject to the reasonable exercise in the future by the State of New Mexico and its governmental bodies of the police power inherent in the sovereignty of the state and to the exercise by the United States of the powers delegated to it by the Federal Constitution.

"As Bond Counsel, we are passing upon only those matters set forth in this opinion and are not passing upon the accuracy or completeness of any statements made in connection with any sale of the Bonds."

(Cont'd on P 11)

LEGALS

IN THE UNITED STATES DISTRICT COURT FOR THE DISTRICT OF NEW MEXICO

CIV97-0444HB

UNITED STATES OF AMERICA,

Plaintiff,

vs.

CAROLYN GAYLE LIETZMAN, Individually and as Personal Representative of the Estate of ROBERT WALTER LIETZMAN, deceased; ANY UNKNOWN HEIRS OF ROBERT WALTER LIETZMAN, deceased; EARL MALCOLM PETREE and EVELYN M. PETREE, his wife; UNITED NEW MEXICO BANK AT VAUGHN; CARRIZOZO; FLORA FREELAND; DOROTHY PAYNE; ZANE G. LESLIE and BESSIE FAYE LESLIE,

Obituary

KAREN ROBINSON

Karen Robinson, Ruidoso, died Saturday, June 26, in her home.

Mrs. Robinson was born Dec. 27, 1943 in Lubbock, TX. She had been a resident of Ruidoso since 1982 and was employed at the Alt6 Country Club.

Survivors include a daughter, Kerri Hatchett of Seminole, TX; two sons, Todd Smith and Mark Smith, both of Ruidoso; one sister, Marilyn Hatchett; and one grandchild.

Graveside services were at 3 p.m. Monday, June 29, at the Ruidoso Cemetery. Rev. Robert Presnall of the First Presbyterian Church of Ruidoso officiated.

Pallbearers were Bob Walters, Grover Ray, Chuck Parham, Reggie Brooks, Mark Smith and Todd Smith.

Arrangements were by LaGrone Funeral Chapel of Ruidoso.

(Cont'd from P. 10)

VIOLA L. MEDLINGER, Ruidoso, died Monday, June 23, at Lincoln County Medical Center.

Mrs. Medlinger was born Sept. 3, 1934 in Clarendon, New Mexico. She has been a resident of Ruidoso for the past four years. She was a retired beautician and also retired from catfish farming, a business that she and her husband owned. She was married to Thomas Medlinger on Jan. 29, 1957 in Wichita Falls, TX.

Survivors include the husband, Thomas Medlinger of Ruidoso; three sisters, Margaret King of Midland, TX, Bennie Jean Buckner of Waco, TX and Bernice Wisdom of Hobbs, NM; a number of nieces and nephews, one brother, Billy George Forman of Ft. Stockton, TX.

Graveside services were held 5 p.m. at the Ruidoso Village Cemetery. Arrangements were by LaGrone Funeral Chapel of Ruidoso.

SUSY R. CLARK

Susy R. Clark, Ruidoso Downs, died Thursday, June 25, in Otero County as a result of an automobile accident.

Mrs. Clark was born June 29, 1946 in Matador, TX. She has been a resident of Ruidoso

Downs for the past three years. She was a homemaker.

Survivors include the husband, Harold Clark; three daughters, Tammy, Rita and Laura; all of Ruidoso Downs; one son, Buddy Clark, of Jonesport, Maine; parents, Wylie and Dorothy Lee of Matador, TX; three brothers, Albert Lee of Muleshoe, TX, Aaron Lee of Littlefield, TX, Billy Lee of Melville, MA; two sisters, Linda Schwartz of Lubbock, TX and Evelyn Davis of Clovis, NM; and a number of nieces, nephews, uncles and aunts.

Services were held at 10 a.m. Tuesday, June 30, at the Church of Christ in Ruidoso. Thurman Hux officiated. Following the service, Mrs. Clark was taken to Twin Oaks Crematory in Artesia, NM.

Arrangements were by LaGrone Funeral Chapel of Ruidoso.

Box 247 at the office of Carrizozo, NM 88301 until 4:00 p.m. local time, July 28, 1987, and then publicly opened and read aloud at the Town meeting to take place that evening.

The information for Bidders, Form of Bid, Form of Contract, Plans, Specifications, and Forms of Bid Bond, Performance and Payment of Bond, and other contract documents may be examined at the following: Carrizozo Town Hall at the above address; Office of the Engineer, PAJO Technical Services, Mesilla Community Center, P.O. Box 312, Mesilla, NM 89046 (505) 523-8843.

Copies may be obtained at the office of the Engineer, PAJO Tech. Services, located as described above upon payment of \$30.00 for each set. Any successful prime bidder, upon returning such set within ten (10) days after the bid opening and in good condition, will be refunded the payment. Non-bidders will not receive a refund.

The owner reserves the right to waive any informalties or to reject any or all bids.

Each bidder must deposit with his bid, security in the amount, form and subject to the conditions provided in the information for Bidders.

Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract, Section 8, Segregated Facility, Section 109 and E.O. 11246.

No bidder may withdraw his bid within 30 days after the actual date of the opening thereof.

A pre-bid conference will be held on July 20. See Special Condition #9.

ROBERT E. HEMPHILL, Mayor, Town of Carrizozo.

'This only happened in the movies'

Prisoner escapes after being chained to a bed

LINCOLN, LINCOLN COUNTY, N.M. Dec. 30, 1892

By CHRIS HARKEY

A slick trick was pulled on Lincoln County Deputy Sheriff Langston of White Oaks on Dec. 30, 1892, according to a story in "The Republican," a weekly newspaper published by Mrs. A.L. McGinnis.

Here's how the lady editor handled the story on page 1:

A man by the name of O.N. Parker was arrested at Mesilla Park last Sunday by Deputy Sheriff Langston, of White Oaks, Lincoln county. He was charged with holding up Ozanne & Co.'s stage between Nogal and White Oaks.

Sheriff Lohman and his deputies afforded every assistance to make the arrest and the sheriff suggested the

advisability of putting the prisoner in the county bastille until ready to start back with him.

Deputy Langston allowed a kindly feeling to lead him to take the prisoner to a room at the Commercial hotel. He was handcuffed and chained to the bed. The officer and his posse were tired from their long pursuit and slept very soundly.

The prisoner arose and taking the key unlocked his handcuffs and shackles and took French leave. At time of going to press no trace of the fugitive had been found.

Mr. Langston has the best of reputation as an officer and this is the first prisoner that ever escaped from him. He now regrets that he did not accept Sheriff Lohman's offer of the use of the county jail for the safe keeping of the prisoner.

'On My Own' By Pat Kite
Marching on my stomach

Since I am due for minor surgery, I ate a burrito for breakfast. It was a wonderful burrito, super-size and full of fresh green chile, nice chunks of pork, refried beans, tender chopped onion and topped with sour cream, grated sharp cheddar cheese, sliced large black olives and a sprinkling of just-picked chives.

"Try and keep your weight down," the surgeon advised.

What do skinny surgeons know about weight? I poured 1/2 bottle of "extra hot" taco sauce on my burrito. It almost made me feel better.

News of a pending overnight hospital stay should not put a brave, sensible, intelligent person in absolute hysterics. I, on the other hand, have worked hospitals and the only time I semi-voluntarily become a defenseless patient is when I break a limb doing some macha athletic activity, or am in the middle of childbirth. On these occasions, I have been wheeled in. On the current occasion, I am expected to walk in on my own two feet. By appointment.

Extreme panic brings with it a moral dilemma. If calamity is even remotely possible, why should I continue depriving myself of my favorite life item: food.

You are talking here to a person who, at 15, boasted she could eat two super-size pizzas by herself. When dared by the peer crowd, she did. I should

have ordered them without pepperoni, but the mushrooms and olives were great.

At age 17, I went to dinner at the boardwalk with a beau. They had an "all you can eat" shrimp plate, and I selected and devoured a "whale size" salad. My date, who liked to test his sense of humor, made the mistake of teasing "Gee, I took you here because you said you like shrimp and you've barely eaten any." So I ate a second whale size salad.

Afterwards we went on "The Whip." After that we watched part of a boxing match in a cigar smoke filled room. After that I threw up all over the front seat and dashboard of his car. A month later, when he asked me out to dinner again, I asked if we could go back to the shrimp place. I remember the place fondly still. I don't know where the fellow went.

My dearest friend Chissie sometimes bakes me the best banana cream pie in the world. She usually drops it off about 6 p.m., in time for dessert. At 8 p.m. a kid inquires, "Mom, where did the banana cream pie go? It was here a minute ago."

"I don't know," I always burp.

"You ate it," the kid would wail. "You ate the whole thing. You *!!"

I wish I had the grace to be ashamed, but it was good to the very last creamed crumb.

Does anybody in one-quarter of their right mind want to go into surgery with nothing to remember but zucchini sticks? Carrot curls? Celery slivers?

I'd rather remember a work of art. Like a second super-size burrito. If I can eat it without guilt, I might be able to cheer up about the risks of an overnight hospital stay.

Was it Napoleon who said "an army marches on its stomach?"

Me, too.
