

Voters do some housecleaning in Tuesday's town elections

By Doris Cherry

Voters turned out in record numbers and made March 6 a sad day for incumbent mayoral candidates in most of the Lincoln County municipalities.

The most exciting race for mayor was in Carrizozo where declared candidate Cecilia Kuhnelt and write-in candidate Eileen Serna waited nervously Wednesday morning as the write-ins voted were counted by Magistrate Judge Gerald Dean Jr., precinct workers and Lincoln

County Clerk Martha Proctor. They canvassed the write-in votes three times before declaring Kuhnelt the winner by three votes.

Incumbents in the villages of Capitan, Ruidoso and Ruidoso Downs lost their bids for re-election. Incumbent Capitan mayor Benny Coker lost by 54 votes to Frank C. Warth; 200-146. Ruidoso incumbent mayor Lloyd L. Davis lost to Victor M. Alonso 923-484. Ruidoso Downs incumbent mayor Jake Harris lost to C. L. (Bones) Wright, 221-68.

In Corona incumbent

Ernest Lueras ran unopposed and gained 36 votes. Voting counts for the various positions are as follows:

CAPITAN

For four-year trustee, Gilbert Montoya with 153 votes and Jimmy D. Wright with 197 votes won the two seats open. Candidates Larry Brinkley received 151 and Jack O. Pogue received 97 votes.

Alfred LeRoy Montes won the two-year position with 194 votes. Candidates Joel Darby received 103 and Myrl Ray received 92.

Municipal judge incumbent Jimmie Z. Stewart ran unopposed and received 231 votes.

A total of 349 of 552 registered voters (63 percent) went to the polls in Capitan Tuesday.

CARRIZOZO

Technical problems with the voting machine late in the day gave the precinct board some problems when it came to counting the write-in votes. After three tallies of the write-ins Judge Dean declared Kuhnelt mayor Wednesday morning. She

received 148 votes, to Serna's 145.

For four-year trustee, Patsy Valles received 213 votes and Gilbert Archuleta received 167. Write-in candidates Angelo Vega received 48 and Sandra Morales received 29.

Municipal judge incumbent S. M. Ortiz received 206 votes to take the position. Candidates Johnnie Johnson received 90 and David Vermillion received 23.

A total of 322 of the 580 registered voters in Carrizozo went to the polls, 54 percent.

CORONA

Incumbent and unopposed mayor Ernest Lueras received 36 votes. Councillor candidate Crystal Lueras received 35 and write-in councillor candidate Janet Stewart received 23.

A total of 36 of the 104 registered voters went to the polls.

RUIDOSO

Incumbent mayor candidate Davis lost to Alonso 923-484. Mayoral candidates Daniel Garvey received eight votes and Daniel Barrow received 77.

Councillor candidates who won the three positions are Bill Karn with 703 votes, Barbara Duff with 712 votes and Ron Andrews with 677 votes. Candidates Bill Hirschfeld received 483 votes, Jerry Shaw received 148, Ken Shockey received 297, incumbent Larry Simon received 420, Joseph Mulqueen received 119, John White received 247 and incumbent Tom McNeil received 486 votes.

For municipal judge, Charles Hawthorne won the position with 522 votes. Candidates Robert Beauvais received 300 votes and Bobby Thompson received 139. Write-in judge candidate Dave Parks received 367.

A total of 1501 of 2627 registered voters cast their ballots Tuesday, 57 percent.

RUIDOSO DOWNS

The uncanvassed count showed mayoral candidate Wright received 221 votes. Incumbent mayor Harris received 68. Candidates Rex Vaughn received 19 and Bill Smith 14.

The candidates who will fill the four positions for trustee are Jacquelyn Branum

Town trustees accept SWD refuse collection offer

Carrizozo Town Trustees Albert Baca, Linda Haller and Dale LaMay and Mayor Bob Hemphill met an official body for the final time Friday night when they considered a proposal from Southwest Disposal Corp. (SWD) for refuse collection services.

At 6 p.m. trustees accepted the proposal from SWD representative Joe Lewandowski. A request for proposals (rfp) was advertised with the deadline 6 p.m. Friday, March 2. At 6:10 p.m. Randy Horn, representative of Waste Control, Inc. which currently holds the town refuse collection contract, arrived with his proposal and a letter of protest about the trustees' rfp while still under contract with the company.

The trustees declined to accept the proposal because it arrived after the deadline and sent the letter of protest to town attorney Robert Beauvais for consultation.

Corona man dies in plane crash

Robert Harrington, 62, Corona, died Sunday, March 4, when the single-engine airplane in which he was riding, crashed shortly after takeoff from Fabens Airport, east of El Paso, TX.

Harrington and the pilot, Rufus Clifton Cain, 57, Dublin, TX, were killed when the Piper Comanche went down about 12:30 p.m. in a field near the runway. Another passenger, Reinhard Jung, 30, who was in the back seat, was taken to Thomason Hospital in El Paso, where he was listed in critical condition.

According to an eyewitness, the airplane swayed from side to side after takeoff, then crashed into the ground when the pilot tried to turn it around. The engine was still running when the plane went down.

After review of the proposal which details the SWD's method of operation, costs, transfer station charges, special services and conditions for annual contract review the trustees voted unanimously to approve it. A definite date for SWD's services to begin will be determined after the dispute with Waste Control is settled.

In the proposal, SWD stated it will hire local people, provide containers painted tan and be responsible for repairing and replacing the containers as needed to maintain the sanitation and appearance to "reflect the best image for the Town of Carrizozo."

All personnel will wear uniforms.

Each residential account will receive one 90-gallon cart. Additional carts will be available at an extra charge. SWD is responsible for replacing and repairing and the resident will be responsible for cleaning the cart. Pickup day will continue to be on Wednesday.

Commercial containers will be provided by SWD, who will contact businesses to arrange what size container and how many pick-ups a week will be needed. The town will receive a copy of all agreements and schedules with the commercial accounts.

SWD will operate a manned transfer site with varying sizes of containers to meet the needs. Basically the operation will be the same as the one now operating. Public hours will be 9 a.m. to 3 p.m. on Saturdays only. The transfer site will be manned by a SWD employee at no additional cost to the town. Refuse in the containers will be disposed of in the Lincoln County Sanitary Landfill.

SWD also will provide service for town properties such as parks, town hall and the shop at no additional charge.

The monthly cost for residential carts is \$9.

Commercial accounts will be \$12 a month for a cart dumped once a week. A two-yard dumpster will be \$24 a

month for a once a week collection and \$43 a month for twice a week collection. A three-yard dumpster, collected once a week will be \$36 a month and twice a week will be \$65 a month. Rates for larger dumpsters are listed on the contracts also.

Transfer station charges for Carrizozo residents is nothing for the first trip in a month. Additional trips by Carrizozo residents will cost \$3 a pickup load, \$2 a carload and \$6 a yard for larger trucks.

County residents can dump at the transfer site for \$3 a pickup load, each trip and \$2 a car, \$6 a yard for larger trucks. There are no free trips for county residents. Commercial accounts for Carrizozo and the county will be charged \$6 a yard at the transfer site.

All revenues from the transfer site will go to the contractor to help offset transfer site costs, the contract reads.

Special or additional services include special pickups which must be handled between the contractor and customer directly. Additional carts to residential accounts will cost \$6 for each cart; for example, \$15 a month for the initial cart plus an additional one.

Contract changes will include a "franchise fee" which is the difference between what the contractor charges the town and what the town charges the customer.

SWD plans to establish an office in Carrizozo and will file gross receipts tax in the Town of Carrizozo.

Rates increases from Waste Control, which currently holds the contract for village refuse collection, prompted the trustees to seek better rates.

The trustees also adopted a resolution to earmark \$100,000 now invested in Certificates of Deposit, for waste water treatment improvements, as required by the New Mexico Environmental Improvement Division.

Plaques of appreciation

were presented to outgoing trustees Haller and Baca and to outgoing Mayor Hemphill and also to Judge S.M. Ortiz.

At the regular town meeting Tuesday, Feb. 27, trustees reviewed the contracts for the Golf Course and Recreation Center. Baca questioned a minor problem with wording about the number of years covered by the contracts. Trustee Harold Garcia suggested keeping the wording to avoid additional attorney fees to rewrite the contracts. The trustees accepted both the as written and left the wording change to attorney Beauvais. Both leases will be submitted to the leases for signatures.

In other business the trustees:

—considered the Personnel Policy, with discussion about overtime, part-time, hiring processes, grievances and cause for discipline and termination. Probationary status also is defined in the policy.

The trustees did not consider the policy at the special Friday meeting. The document will be considered by the new board trustees and mayor.

—passed Resolution 90-03 authorizing the mayor to apply for a Community Development Block Grant (CDBG) for street improvements, based on input at public hearings.

—heard the mayor proclaim March 9 as Arbor Day to pay homage to trees for their beauty, food, fuel and shelter.

—approved business registrations, including a new one for Mountain Man Candy and Nout Distributor.

—gave the town foreman the go-ahead to purchase cold mix asphalt for \$33 a ton delivered from Danley Mix in Alamogordo. The mix will be used to fill pot holes in town streets when the weather warms.

—approved purchase of insulation for the airport house.

—accepted a refund of

Zia Senior Citizens Center celebrates its 12th anniversary

Happy birthday, Zia Senior Citizens Center!

March 16 notes the 12th anniversary of the Zia Senior Citizens Center, a vital part of the senior citizens' community in Carrizozo.

The center, which today has more than 85 participants, began under the sponsorship of the Carrizozo Women's Club. Sister Jan Geha from the Santa Rita Parish was the first director of the center which was housed in the same location it is today, in the old Carrizozo Fire Hall on Central Ave. The space was donated by the Carrizozo Volunteer Fire Department. After Sister Jan left, Mary Thorp assumed directorship.

Thorp died in 1981 at which time current director Barbara Ward took over the center's operations.

When Zia began in 1978, one goal was to provide meals to seniors and to offer a setting for socialization. Meals then were catered by New Horizons Developmental Center.

As the group began to grow, Ward approached the county commissioners in 1984 for sponsorship. The costs of insurances and bene-

fits for the staff were prohibitive without the county sponsorship. After meeting with then-commissioner John Allen Hightower and former county manager Suzanne Cox, the county agreed to assume sponsorship, which continues today. Ward is grateful for the sponsorship.

In 1986, the Carrizozo Volunteer Fire Department, which shares the old town-owned building with the senior citizens, donated a pool table and an unused bay for a kitchen. With the help of state grants, the kitchen was constructed, a cook hired and the meals program took off.

From a beginning program with about 45 participants, the meals program has grown to more than 85 participants. Often about 45 seniors eat at the center daily, and 30 receive meals by carry-out or at their homes for shut-ins.

"There are still a lot out there who don't come in," Ward said. But one problem she now faces is limited funding which in turns limits the number of participants in the meals program. One day, Ward said there were enough chairs for everyone, but not

enough table space.

The center is state and federally funded in addition to county sponsorship. Money is administered by the State Agency on Aging, with its Area Agency in Clovis.

Some of the center's furniture was donated and some purchased with capital outlay money.

Donations are always welcomed.

Recent legislation will leave certain funding up to the voters in November. On the ballot voters will be asked to approve or turn down General Obligation bonds. In these bonds are funds for the Zia Centers: \$2400 for equipment and \$500 for furniture, and \$8,000 for Capitan Senior Citizens Center.

Capitan and Corona Centers are satellite centers of Zia and are administered by Ward.

During the recent state legislative session, Lincoln County Commissioner Rick Simpson took Ward and a group of senior from the San Patricio to meet with the House Appropriations Com-

HELP THOSE KIDS

Magdalena School Supt. Frank Jaramillo says that while some students use marijuana, he believes alcohol to be the most serious drug problem among Magdalena students, and "... we need to meet it head on, to help these kids."

The school board agreed that the school and the community need to develop counseling and support services for students with alcohol and drug abuse problems.

Teacher Marva Brunson is quoted in Socorro's Defender Chiefstain: "Maybe education has helped our kids realize that drugs are very dangerous, and they really don't realize that alcohol is too."

Jaramillo will look into programs at other districts and agencies to find ones that may work at the Magdalena school. Staff members will be trained in dealing with the issue.

ROCK THE BOAT

Be obnoxious. Place a coffin at the prom. Display a wrecked car on the road. Join the Red Ribbon Campaign. Step on toes. Put "don't drink and drive" flyers on cars parked at sports events. Get people angry.

The preceding is a sample of suggestions offered by Gerald Ames in his SADD (Student Against Driving Drunk), workshop, part of last week's in-service for area school staff, including Carrizozo, Capitan and Corona. The all-day event held at Ruidoso High School included a variety of presentations of interest to school faculty and staff.

Ames teaches US history and anthropology at Ruidoso

High and also coaches wrestling. His involvement with SADD began 8 years ago.

Ames said the culture teaches youth: "Be cool and drink."

No adults are at keg parties. SADD helps kids to say to a buddy, "I think you're too drunk. Give me your car keys." SADD makes sure these kids can try to do something in their world. "When they become adults they transfer this learning to adulthood," Ames added.

PEER COUNSELING

"Think of your best friend. Now think of your best friend dead. Don't drink and drive," Ames reminds SADD members:

SADD recognizes that teenagers will drive and at times they will be faced with potential drinking and driving situations. SADD believes that students will be better equipped to avoid these situations if they understand the effects of alcohol and drugs, both physically and psychologically; realize the influence of alcohol on driving ability; reassess their own attitudes and behavior concerning drinking and driving.

ADULT PROBLEM ALSO

An important part of the program is the SADD contract, under which students and parents promise to contact each other for assistance in a potential DWI situation. This contract is not intended to condone drinking among teenagers. Rather, it is a tool to discourage them from driving under the influence of alcohol or becoming the passenger of a drunk driver.

In addition, by demonstrating that drinking and driving is also an adult problem, the SADD contract is designed to encourage open communications that will prevent parents as well as teenagers from risking their lives. Death or disfigurement can result from alcohol-related vehicle crashes.

BONFIRE PARTY

You may have heard about the recent early Saturday rape of a 14-year-old Bernalillo High School student. At least 10 males ranging from their teens to middle age allegedly were involved in the incident at a bonfire party.

The gang rape left classmates frightened, outraged or confused by the incident in the ranching community of Sile, 40 miles north of Bernalillo and a mile south of Cochiti.

The Sandoval County Sheriff said one suspect has been singled out for arrest. Many Bernalillo High School students who attended the bonfire party were interviewed by sheriff's detectives.

JUST A CHILD

A New York appellate

court has reinstated criminal charges against the mother and stepfather of a 15-year-old boy who died after drinking at least 27 ounces of brandy in a contest with his stepfather. Justin Russell died by choking on his own vomit in January 1988 after a two-hour kitchen table contest with his step-father over who could hold liquor better. Jeanne and Stephen Garbarino were charged with criminally negligent homicide, reckless endangerment and endangering the welfare of a child.

Science Fair winners named

On March 3, 15 high school students and two mid-school students participated in the New Mexico South-eastern Regional Science Fair at Portales.

A senior, Ruben Gallegos, won a \$500 ENMU scholarship, where he plans to enroll next year. Three students placed first in their areas of study: Brett Barham, botany; Yvonne Estrella, medicine and health; and Kristy Gore, zoology. Scott Brown took a second in zoology.

Third place winners include Dolores Lueras, Ruben Gallegos, Brent Racher, Kelly Racher and Valerie Archuleta.

The four first- and second-place winners have the opportunity to show and compete at the New Mexico State Science Fair in Socorro on April 6-7.

Of the 36 positions or places awarded in the senior division, nine went to Carrizozo students.

A curse upon the land

The truth about environmentalists

By GLENDA PRICE

Patrick Henry did not say, "Give me liberty if it's safe." In China, a single man stopped a tank, and in Berlin the lust for liberty cracked the wall. No cries for safety were heard.

Meanwhile, in the land of liberty we must have safety no matter the cost... a little color in an apple, one tainted grape, a salmonella germ in an egg, a not-right bottle of Perrier cause national panic. Never mind that this nation has the safest, most abundant food supply the world has ever known.

This irrational preoccupation with safety is being extended beyond people. Encouraged by sensation-seeking media and ignorant politicians, it has extended to plants and animals as well, spawning convoluted concepts that are going unchallenged.

Freedom cannot be maintained without the right to own property. Disallowing private land ownership is always among the first actions taken by repressive governmental regimes. Even the Soviet Union has recently considered the possibility of allowing private land ownership. One of the Sandinista's first moves in Nicaragua was to no longer allow private land ownership.

Meanwhile, the United States Government owns almost one-third of the nation's land, but that apparently is not enough. We are told by the "safety" mongers that the government must acquire more land, because free people suddenly cannot be trusted to properly care for it. The government, we are told, can "care" for it better.

This, of course, is the same government that requires its citizens to stand in line three hours to purchase a license plate for their cars; the same government that sends five employees in four vehicles across the land three times to decide whether or not a windmill is working properly — and whether the animals really need water.

"Environmentalists" claim that livestock are detrimental to the land, and must be removed to make it "safe." Interestingly, the Gray Ranch in southern New Mexico, while functioning as a privately-owned livestock operation, became a haven for 22 state and federal endangered animal species. "Environmentalists" ignore this salient fact while they

insist the Gray Ranch must be government-owned in order to be "safe."

Part of the Organ Mountains near Las Cruces recently were "saved" by coming under government ownership. In the short time of government stewardship more people have "trampled" the area than probably in the last hundred years. And, yes, a parking lot was bladed so the "saviors" could park their vehicles while they celebrated "saving" the land.

By their line of reasoning, we should say, "Some of our public schools are not working. Therefore, we must find a school that is a shining example, and no longer allow it to be a school; to save it from destruction and study it."

If the "environmentalists" were sincere, they would purchase land that is in trouble and rehabilitate it. I would be first to donate to their cause.

But the truth is that when pristine environments are privately owned the "environmental hordes" are not allowed to invade and desecrate it. It is becoming

increasingly clear that the "environmentalists" are purchasing "trampling rights" for themselves. They are doing it with your money in the name of "safety."

Patrick Henry would be dismayed by today's Americans' seeming willingness to sacrifice their liberty for safety. The real irony is that the safety they are sacrificing for is an illusion promulgated by self-serving heretics using a gullible media and weak-kneed, ignorant politicians.

CAPITAN NEWS

By Margaret Rench

Spring is edging in. Though 4 above zero to 28 degrees with winds that made it worse Monday morning. We awakened to 29 degrees. There was 3 rain followed by a light snow Tuesday night. It remained with us until Thursday. Fairlyland picture melted when sun appeared. That was great moisture.

Smoke Bear Museum had 1347 registered visitors in February. There were 202 the first four days of March.

Notice to bowlers: All Senior Citizens interested in bowling can sign up at the Senior Citizen Center, or call Pat Bailey, 354-2346. The tournament takes place at the Recreation Center in Carrizozo, and the senior van is available for transportation.

Capitan is hosting the next pool tournament on March 14 at the Carrizozo Recreation Center. All pool players are invited to sign up at the Senior Center.

The pool tournament at Tularosa was enjoyed by the following players from Capitan: Roland Bailey, George Beaudry, Ed Payton, Stanley Pew, Danny Purcella and Bob Rice. George Beaudry won third place honors. Teams were selected by double elimination process.

The Winter Special Olympics for special children was held in Albuquerque on Feb. 26. After six weeks of intensive training on the slopes of Ski Apache, six students from Mary Lee Daniels' class in Capitan Public School participated.

Anthony McEuen, Tim Warner and Shana Crandall brought home gold medals. Jennifer Wheeler won the only silver medal. Annette Nickles a navy blue ribbon for 5th place. The instructors and students were driven to Albuquerque by Mary Lee Daniels and Andy Riddle. They were housed at Kirtland Air Force Base. Very special ribbons should be awarded to the following people. Mary Lee Daniels, who has given of herself for the past several years to promote the Special Olympics program here in Capitan. She has been assisted by her husband Gary, who was one of the ski instructors. A special ribbon to Diana Terson who worked at Ski Apache and was instrumental in securing tickets for the participants to receive training at Ski Apache. A special ribbon to Kevin and Kenny from the A Frame Ski Shop, who also helped to recruit students. A special ribbon to Tammy and Andy, daughter and son-in-law of Judge Gerald and Kathy Dean, for their help; and last but not least, a special ribbon to Wayne Otero Flannagan. Most teenagers could care less about instructing the handicapped, and it is gratifying to know that Capitan has a teenager who "does care." Our thanks and congratulations to everyone of you.

Happy birthday to Victor Sedillo March 6, Ty Clees March 9, 12 years, and Frankie Silva last week.

Claudia and Wilma Montoya visited their daughter Rhonda and their grand-daughter last weekend.

Welcome home, Michael Otero Flannagan, from six months in South Carolina helping to rebuild after the devastation of Hurricane Hugo. Volunteers gave up after a couple of weeks, but not Michael who stayed on to help those in need. We are very proud of you.

Mr. and Mrs. Alton Whit-

taker were dinner guests last Sunday of Nina Vega in Carrizozo. The occasion was the birthday of their son Alton. Other guests were Bobby Vallejos and children, Ariel and Amber, Mrs. Douglas Whittaker and children, Whitney and Melonie. A high note of the evening was a conference call from their grand-daughter, Leslie Samora, in Albuquerque.

Natalie Britton of Lubbock spent last weekend with her father, N. E. Britton, in Capitan.

Michele Otero has returned to the Word of Life Bible Institute in the Adirondack Mountains. She and her group have been on a tour from Texas through Florida and back up the coast to New York. The play they presented was "Revelations." She started her mother's evening via telephone by saying, "Hello, Mom! I just had pizza with Jesus." Of course, she meant the young man portraying in the play. Way to go Michele. You are putting Capitan on the map and we are proud of you.

Ruby Fuchs, 88, died last Friday morning at her home in Capitan after several weeks of illness. A memorial service was held at the Methodist Church Saturday. She was buried in Abernathy, TX. She was a beautiful quilter and her rocking chair with her last quilt thrown over it was displayed at the memorial service. She was a lovely lady and loved by all who knew her.

'Dinner theatre' March 15

The evening of March 15 Capitan Schools' Multipurpose building will become a "dinner theater" filled with the sounds of music and the aromas of fine coffee and cakes.

Musical pieces from bluegrass to Broadway and light classical will be performed by the Capitan Band and Choir and guest soloists Richard and Barbara Westbrook, Jacque Childress, Mary Shanks, Agatha Long and others. LeRoy Gooch and Jennie Stephens will return this year also.

"Capitan Theater" guests will be treated to their choice of regular and amaretto cheesecake, Irish cream and chocolate mousse served with southern pecan, decaffeinated or regular coffee or tea.

The idea behind the concert is to provide students and residents of the rural village of Capitan a chance to enjoy a cultural activity in their home town. Tickets begin at 7:30 p.m. Tickets are available from any music student or at California Colors Shop in Ruidoso.

Annual Feast Day Mass

The Annual Feast Day Mass honoring St. Patrick will be celebrated at 2 p.m. Sunday, March 16, at Chapel located on the Mesquero Reservation, 11 miles east of the old Three Rivers Trading Post. The public is invited. A potluck meal follows. Bring utensils for meal service.

Capitan cracks down on juvenile drug abusers

Capitan teenagers who spend their extra time drinking alcohol and/or abusing drugs may find themselves facing juvenile probation.

The drinking party as recreation has a lot of Capitan parents and educators worried—so worried an Alcohol and Drug Abuse Task Force has been created between the schools and the village government.

One of the first things the task force did was to enforce the existing curfew of 10 p.m. on weekdays (including Sunday) and midnight on Friday and Saturday. Also, any juvenile, anyone under 18 years old, who is caught drinking or abusing drugs, or is in the presence of juveniles drinking or abusing drugs, will be referred to juvenile probation, said Capitan Police Chief Randy Spears.

According to chief juvenile probation officer for the 12th Judicial District Ron Whitely, a child who is referred to juvenile probation is brought before the juvenile probation board for a preliminary inquiry. If the juvenile, who cannot legally be subpoenaed, appears at the inquiry, a parent must come along. Juveniles can go for inquiry in the probation

offices in Ruidoso, Carrizozo and Alamogordo. If the board decides there is a reason to take the case any further, the district attorney will file charges and the case will go before the district judge. If the juvenile admits to the crime, the judge will take appropriate action. If the juvenile denies the charges, a

Arbor Day; plant trees

Arbor Day celebrates wise stewardship and tree planting. It is a day set aside to look to the future.

Other holidays memorialize people, actions, or events from the past. But in New Mexico's celebration of Arbor Day, calls for planting trees on Friday, March 9.

Capitan schools will observe Arbor Day in conjunction with New Mexico State Forestry and Resources Conservation and Disposal Service. Their program will include lectures, "hands on" activities, and a free seedling to plant and nurture.

Capitan FHA to compete in district contests

Capitan FFA members recently competed at the District FHA contests in Las Cruces and will travel to the state contests in Albuquerque March 16-17.

FHA member senior Pauline Montes earned three stars, the highest level, for her job interview, said Capitan FHA sponsor Jan LaRue. Because she earned the three stars, she will be eligible to compete at the state level in the same job interview category.

If Montes wins at the state level, she will be eligible to enter the national contests in San Antonio this summer.

The team of Montes, Melanie Whitaker, Marsha Nevarez and Jessica Newcomb earned two stars in the life situations category at the

district contest also. The team received suggestions to improve its presentation which will also be entered at the state contest.

Capitan FHA members will compete in the two categories above and baked goods and the banner which is made to reflect this year's theme "Electric Youth."

The state contest will be at the Marriot Hotel in Albuquerque March 16-17. Capitan FHA members participating at the contest will be Newcomb, Nevarez, Montes, Whitaker, Tammi Peralta, Brandi Peralta, Mitzi Dobbins, Holt Hutchinson, Tay LaRue and Mickie Griego.

FHA co-sponsor, Capitan Mel Marris, who is an FHA alumni member, will attend the state contest with members also.

WHICH OPINION IS RIGHT?

QUESTION: I think my home is worth \$70,000, my neighbor says it's worth \$85,000, but a prospect claimed it was not worth a cent more than \$60,000. Who's opinion should I trust?

HOW DO YOU KNOW what your home should sell for?

ANSWER: The value of your home is not what YOU think it should be, or your neighbor or even a casual prospect. It is determined chiefly by the location, the neighborhood and the current market. Nobody, but nobody, is more acutely aware of the current housing market than your local REALTOR. Put your faith in his hands and he'll recommend the best possible selling price.

OPINION

● If you are as fed up as I am about the fuzzy-faced mottoids who masquerade as "environmentalists" in order to put all land into government ownership or control; and if you have "had it" with cries of anguish over so-called global warming, ozone destruction, Green House Effect, polluted food and air, acid rain, nuclear power, and earth destruction; then read the truth about the latest organization of barbarians in a story in this issue titled, "The Truth About Environmentalists," by Glenda Price. She is an agricultural journalist who lives at Mesilla Park, NM. If you agree with her, as I certainly do, let her hear from you. Write Glenda Price, Box 1356, Mesilla Park, NM 88047.

● Armageddon is being peddled all over again. The world is coming to an end again, the hysterical environmentalists preach, and we should all head for the mountain top. Among many radical environmental organizations is Earth First!, whose latest caper is driving spikes in trees marked for cutting. When a chainsaw hits a spike, it can result in death for the logger—which is what these people hope will happen. Earth First! and other such groups have done a good lobbying job in Washington. Congress has bowed to their interests. The Environmental Protection Agency is getting tougher. Even President Bush is capitulating to their outlandish demands to "save the planet."

● Perhaps you won't believe the ridiculous extent the tree-huggers and their political sidekicks will go to save the planet. Take the case of John Pozsgai who fled his native communist Hungary 30 years ago to buy some land in the United States, operate his own garage at a small town on the Delaware River in Pennsylvania, educate his children, and become a patriotic American. Yet this 57-year-old mechanic has received the harshest sentence ever imposed in an environmental case—three years in prison and \$202,000 in fines.

● What was his crime? He "disturbed a wetland." What he did was remove 7,000 filthy used auto and truck tires and assorted junk that had been dumped on the site for years. It looks much better today than it did when John Pozsgai bought it two years ago. The man's 14 acres is deemed a "wetland" because a small stream runs by part of it, but is dry most of the year. His land isn't even listed on the US National Wetland Inventory Map, but the EPA said it doesn't give a damn, and cited the presence of weeds on the land as evidence it is a wetland. That theory, of course, would make most of the United States a wetland, and their owners would be flung into prison if they bothered it. Never mind that they own their land and usually have some say as to how it is used.

● This isn't just the decision of a lower court. The conviction against John Pozsgai has been upheld by three circuit court judges. It is now headed for the Supreme Court. Because the victim has no money for legal service, the Washington Legal Foundation, angered and amazed at the action of the federal bureaucracy, has agreed to represent Pozsgai without charge.

● Pozsgai is a decent, hard-working American trying to make an honest living and support an ailing wife. He is not a giant industrial corporation polluting air, land and water. He just tried to improve the land he owns by cleaning it up.

● Environmentalist (radical type) should get off the people's backs, shut up, and go to work producing something besides hot air. Mother Nature, not man, is the most callous, most powerful, most brutal and most polluting. No combination of H-bombs can equal the devastating forces of wind, fire, earthquake and unharmed waters. She has no conscience and shows no mercy. She has caused civilizations and worlds to disappear—along with species of men and animals and every living thing. It was not man who caused the dinosaur to become extinct. It was Mother Nature. Mountains, rivers, forests, oceans, plants and all living things have this in common—they will live, flourish, and die. No man or combination of men can compare with Mother Nature's capacity to pollute and destroy all that the environmentalist now declares is the "sole responsibility of man." Ironically, the environmentalist thus becomes the foe of Mother Nature! And the industrial world, which has learned to work with Mother Nature in an orderly way to prune, cut and weed the fields and forests, has become Mother Nature's friend and ally.

● Man is the only animal that blames himself for the existence of evil. The only animal with ego large enough to believe he can, without Mother Nature's help, destroy this planet. Self-flagellation, the desire to whip and punish to achieve atonement, is as old as mankind. Some religions are built upon such a concept. Today self-flagellation is being used to exorcise the evil of pollution and planet destruction. Some believe that whipping and punishing ourselves will cause the evil to disappear. They even believe that Mother Nature can be persuaded to be kinder, if only we punish ourselves properly. Radical environmentalists, known to me as ecology nuts, have seized control of our government, and they are going to whip the evil of earth pollution out of us if it kills every damned one of us.

Inside The Capitol

By Jay Miller

SANTA FE—Figuring when the special legislative session will take place is a popular Capitol guessing game.

A few still say it won't happen. But Gov. Garrey Carruthers had a colorful answer for those folks last week when he said, "The only person in New Mexico who doesn't think we're going to have a special session is some guy who left on a camping trip the day before the legislature ended and hasn't gotten back yet."

Predicted starting times for the session have included every Friday, Saturday and Monday in March. The most recent guesses are running into April.

The Friday and Saturday guessers are sensitive to Carruthers' desire to have a quick two- or three-day session on a weekend.

Except for a "quickie" session on the capital outlay "porkbarrel" bill that the governor tacked onto the end of the regular session a couple years ago, Carruthers only special session has been a weekend affair in the summer of '87 to approve the purchase of land for a superconducting super collider in case New Mexico was awarded the federal project.

That session went well. Agreements had been reached ahead of time on the important issues. Some said the authorization could have been approved without a special session but the governor and lawmakers decided the session would call attention to New Mexico's interest in the project.

Unfortunately, a group of prisoners totally upstaged the special session. On July

4, they broke out of the state penitentiary and captured the attention of most reporters and TV cameras throughout the special session.

Another part of the guessing game involves the subject matter of a special session. The two most pressing issues at this point are workers' compensation costs and salary increases for public school, higher education and state employees.

Late in the regular session, it appeared a suitable compromise was proposed on the workers' comp issue. It involved a modified "Arizona plan," in which the state would get into the business and compete with private industry. The idea doesn't sound very palatable but businesses in Arizona pay about half the rates we do. The notion was introduced by House Republican leader

Dick Cheney with a message from the governor but got sidetracked, apparently by Demo leaders unhappy with its treatment of trial lawyers. This issue may not be close to settlement yet.

Lawmakers appeared near agreement on a salary and tax package in the final hours of the session, when a bill sailed through the House but lost on a tie-breaking vote by Lt. Gov. Jack Stahl in the Senate. Vote switches on the Senate floor made it obvious Demo leaders were maneuvering the final count so Stahl would have to take a position. Those votes are causing grief for some senators, who are now eager for a special session and an opportunity to get constituents off their backs.

Will Gov. Carruthers call a session that combines these two issues? His Republican colleagues would like to see that happen. They are interested in getting workers' comp rates down as soon as possible. But Demo leaders say the GOP wants to trade salary increases for benefit cuts and that the two issues should be separated.

It seems likely Carruthers will call one session soon to handle salaries and other finance matters and another session later in the

spring to handle workers' compensation premiums.

A complicating factor is the impending move from the Capitol so that the \$30 million renovation can start. Lawmakers are soon to be numbered among the homeless. Of all years, this was the one in which they hoped to avoid any special session.

The uncertainty of the situation has legislative staffers grumbling. They would have liked to see an immediate special session, which could have been held at the Capitol. But time has just about run out on that option. Even if the House and Senate chambers were to be used, the staff has already moved and telephone service to the building has been discontinued.

The only Capitol building tenant other than legislative staff the last few weeks was the budget division of the governor's Department of Finance and Administration. That group telegraphed one of the governor's timing decisions by making its move to new quarters earlier than scheduled. The reasoning: it didn't want to be trapped without telephone service if the session were held this week.

Stirling Spencer in commissioners race

Stirling Spencer announced his candidacy for the office of County Commissioner, District 2, for the June primary as he addressed a meeting of Federated Republican Women of Lincoln County (FRWLC) Tuesday.

That election will be June 5.

"I believe in controlled progressive growth," stated the engineer-trained rancher. "My heart is in this county," he continued. His family has resided in the Carrizozo area for several generations.

Among his credentials, he cited service on several boards, including Carrizozo schools, Soil Conservation, Lincoln Preservation, and others.

In addition to Spencer, other candidates addressed the group. Ruidoso Village Council hopefuls Bill Karn, Barbara Duff and Ron Andrews spoke. Their election was March 6.

Following the candi-

dates, Carl Stubbs of Ruidoso's Environmental Improvement Division office presented the program "Trends in Environmental Improvement."

"I remember when air was clean and sex was dirty," he jokingly began. He then explained the functions of EID, which he termed "preventive medicine."

For example, he quoted a landfill study which estimated that, although implementing regulations "would cost New Mexico \$10 million to \$20 million, it would save \$14 to \$28 million in drinking water pollution."

In addition to solid waste disposal, he covered liquid waste disposal and underground storage problems, particularly that of petroleum products.

Questions from the environmentally-concerned audience touched on water quality, private sewage systems, Grindstone Canyon Dam and recycling.

FRWLC has adopted recycling as a club project. "We want to help both the environment and the county's landfill problem," said a member.

During the business meeting preceding Stubbs' program, president Noemia Page announced a membership tea to be held Sunday, March 25, at the home of Inez (Con't. on P. 10)

Letters to the Editor

The KGB explains perestroika

EDITOR—The wall is down! But wait. While we all share the joy of the throngs escaping tyranny, communism is not dead. In fact, never has freedom been in greater danger!

Today we are witnessing an elaborate con-game orchestrated by very clever criminals. Their primary objectives are: Obtain Western aid for a desperate Soviet economy, and bring the West into a close embrace with the Soviet Union. All of this leading ultimately to the merger of the nations of the world and the destruction of the United States as a sovereign nation.

Today's events in the Soviet Union and Eastern Europe were predicted with startling accuracy in a 1984 book, *New Lies For Old*, written by Soviet defector Anatoly Golitsyn, an ex-KGB staff officer who specialized in counter-intelligence.

Golitsyn described Soviet plans for a temporary "false liberalization" in order to deceive the West, and lull their victims into a worldwide federation of communist states.

Golitsyn even suggested if "liberalization is successful and accepted by the West as genuine, it may well be followed by the apparent withdrawal of one or more communist countries from the Warsaw Pact to serve as the model for a neutral socialist state for the whole of Europe to follow."

And then, says Golitsyn, "Concessions made in the name of economic and political reform would be withdrawn."

On Death and Greed

EDITOR—It's not too late.

There is something lurking, slithering and hideous, in our Hondo Valley.

Its face is Death; its name is Greed. I am speaking on the behalf of all who know of Hondo Valley's unquestionable and unforgettable beauty—the people who have chosen this area to attain their lifelong dreams of a home, mountains, and sky that can touch and fill them with the glory of life. Many have toiled long and hard for this, have kept to their vision, seeking not escape but a peace and harmony they can instill in their souls.

It is certainly something we feel worth defending, and if ever a battle had to be won, this is the one.

Tragically, Hondo Valley is now being threatened by an individual whose perversely simple death = dollars philosophy will not only condemn his neighbors which he denies exist within a mile (five do, in fact) to witnessing his cemetery enterprise, but will also decrease Hondo Valley's land value and beauty.

Once that has been allowed, I shudder to think of who else (or what else) will want to take a bigger bite out of Hondo Valley, efficiently neutralized and devalued by this individual.

Must we pay a toll of our lifelong dreams to a man who profits from us dead anyway? whoever? as long as he feels the money in his pockets?

If we allow one man to stand in front of many others' peace and right to be free, we might as well give over the spirit of Hondo Valley as a fraud.

Ruidoso voters, in an unprecedented large turnout, have decided that "enough is enough."

They say that actions are now necessary to stop runaway spending of tax dollars and to maintain city services.

The election of Victor Alonzo as mayor is a giant step in that direction.

Further, the election of Ron Andrews, Barbara Dugg, and Bill Karn rounded out a slate by groups supporting Victor Alonzo. As counciling Victor Alonzo. As counciling Victor Alonzo. As counciling Victor Alonzo.

First, voters should be congratulated in choosing candidates who will fit well into the job on the council to work toward the objective of eliminating the many bumps, and detours which face all councils in setting a smooth path to the future.

Unless it might be overlooked, this election campaign differed greatly from elections in the past. Issues were discussed and both sides commanded strong groups of backers who were more than willing "to let it all hang out."

The several candidate forums were rather bland, establishing not much more than a background of each candidate and omitting any

semblance of debate or discussion of the issues. This void was taken up by a stepped up volume of printed word as well as by radio and by a mass of television advertising. The offensive word and the defensive answers furnished the voters with a wealth of information on each candidate. Over 1500 voters went to the polls to give Alonzo a better than 60 percent plurality. Statistics, garnered from city hall performance records, showing the performances of the incumbents were difficult to either explain or to ignore. In retrospect, the incumbents made their own beds, and, having done so, had to live with the results. It was apparent that opportunities had been missed which would have placed them in a more favorable position at the polls.

It is reported that a chapter of the League of Women Voters has been formed in Ruidoso. This being true, elections in the future will be even more interesting than our recent one. The League has demonstrated on national television in the past that their formula is the nearest thing to a bare knuckles debate and should add a lot of interest as well as encouraging more of our citizens to run for public office.

So, we now have revitalized council facing many challenges which have to be addressed. Unlike the former council, the new council will

Lady Tigers beat the Bears; win Class A consolation

Despite the loss to Floyd which stopped the Capitan Lady Tigers' chance at the Class A girls title, the defeat of Cloudercroft for the consolation Saturday was pure satisfaction.

Coach Norm Cline said the 44-39 win over the Lady Bears, "kind of made the season."

All season the Lady Tigers tried to defeat the Lady Bears, but they just couldn't do it, often losing by only three points, including the district and regional games. It took a trip to UNM's "Pit" to convince the Lady Tigers they could defeat their number one rival.

First quarter scoring gave little indication of how the game would evolve, because the Lady Tigers only made 4 points to Cloudercroft's 13! Five Lady Bears players put points on the scoreboard and jolted the Lady Tigers into realizing they had to play better to win the game. When Lady Tiger Lora McKay, who has led her team to victory all season, stepped onto the court in the second quarter and realized the Lady Bears were leaving her unguarded, she seized the opportunity to score 7 points, including a 3-point basket.

Behind at one point in the second quarter 4 points to Cloudercroft's 19, Lady Tigers Leslie LaRue, Kim Eckland and Cindy Castillo assisted McKay with enough points to boost the second quarter tally to 15. By the intermission Capitan was 19 and Cloudercroft 24.

"It was a lot of fun," McKay said about the Cloudercroft game where she scored 27 points!

Fun indeed, McKay dominated the third quarter scoring with 10 points. She made a 3-point basket early, complete success at the charity line, a regular field goal and another 3-pointer with about one minute left in the quarter brought the Capitan girls within one point of Cloudercroft.

Tension got the better of the Cloudercroft girls, who fouled six times in the final quarter to Capitan's two. Then McKay's 3-point basket put the Capitan girls ahead of the Lady Bears.

McKay's two visits to the charity line which resulted in 3 good points out of four tries and another regular field goal made a total of 8 fourth-quarter points. Vickie Sedillo helped out with three of four free shots and Eckland scored one of two. Castillo has no success with her two free shots. All together the girls scored 12 final quarter points to Cloudercroft's 5.

The win ended the 1989-90 Lady Tigers basketball season with 23 wins and 7 losses.

"We had a lot of fun at the state tournament," said Cline. "The girls played very well."

Karie Cox was unable to come to the state tournament because she cut herself at home while washing dishes, Cline said. Kerrie Runnels substituted and did a fine job, he added.

"It was a real good season, the girls worked hard and achieved what they wanted to achieve," Cline said.

Floyd earned the state Class A girls title by defeating Cliff in the final round of state action Saturday night in the Pit in Albuquerque. Capitan won the third-place trophy and consolation by defeating Cloudercroft in the Pit Saturday morning.

In the final game, McKay scored 27 points, four 2-point field goals, four 3-point baskets, seven of 10 free shots. LaRue scored six, three field goals, Eckland scored six also, two field goals and two of three free shots. Sedillo scored three of four free shots in the final quarter. Castillo scored two and a field goal in the second quarter.

The Lady Tigers shot 55 percent to Cloudercroft's 42 at the charity line. Capitan girls made 12 personal fouls and Cloudercroft made 18, one reason for the Lady Tigers' success.

The Capitan girls began their way to third place by defeating Roy 40-37 in the first round of state tournament Wednesday night at Sandia High School in Albuquerque.

McKay led the scoring with 13 points, five field goals and three of four free shots. LaRue scored nine, four field goals and one of three free shots. Sedillo scored eight, all field goals. Eckland scored seven, three field goals and one of nine free shots. Runnels scored

one field goal. Castillo scored one at the charity line.

Top-ranked Floyd stopped the girls Thursday night on the Manzano High School court for the state Class A semi-finals 50-43. The Lady Tigers began the game by taking the lead over the Floyd Lady Broncos, 11-6 in the first quarter. But a technical foul called on the Lady Tigers' coach and a three-point basket put the Lady Broncos at an advantage in the second. When the half-time buzzer sounded, the teams were tied at 23.

After intermission, the Lady Tigers came out and began outscoring Floyd by five points to end the third quarter 37-32. But the Lady Broncos had saved some surprises and made seven field goals. At the charity line, the Floyd girls made only four of 13 tries, but the field goals made the difference.

Capitan's Lora McKay made the only field goal of the final quarter and the four points out of eight tries at the charity line could not help them overcome the Floyd

Grizzlies head to state tournament after toppling Lake Arthur, Hagerman

Carrizozo took care of business Friday and Saturday before jam-packed crowds on both nights in regional play-off action.

The Region D host Grizzlies got things rolling in the first game Friday night with a 75-58 win over District 5A runner-up Lake Arthur Panthers.

A low scoring first period saw the Grizzlies take a 12-8 advantage over the visiting Panthers, as both teams played tight defense against each other. Carrizozo's offense got going in the second period of play that saw the Grizzlies outscore their opponents by the score of 19-13 and led at intermission 31-21.

Both teams found the range in the third and fourth periods in the second half. Lake Arthur rang up 17 points in the third period, but the Grizzlies bettered that by four as they rang up 21 points of their own, for a 52-38 lead after three periods. The scoring barrage reached its peak in final period as Carrizozo burned the nets for 23 points while Lake Arthur added 20 of their own.

Carrizozo senior Abe Padilla had an outstanding game and finished up the night with a game high 23 points. Seniors Michael Chavez and Mark Guevara also had good games as Chavez ended up the night with 14 markers, and Guevara 13. Junior Chris Schlarb

LATE BULLETIN
The Carrizozo Grizzlies have advanced to the second round of the Class A Basketball Tournament by defeating first round opponent Coronado 80-67. The Grizzlies led 20-14 at end of first quarter and held a 45-27 lead at intermission. Their lead was increased to 63-41 at the end of the third quarter, and was going away. Senior Michael Chavez led Carrizozo with 25 points—Guy Archuleta scored 20 and Dennis Vega added 9.

was also in double digits in scoring for the winners and finished up with 11.

The win by the Grizzlies advanced them to the finals on Saturday night and raised their overall season record to 23-1; Lake Arthur's season came to an end with the loss and finished up the season at 16-9.

In the second game on Friday night the much taller Hagerman Bobcats (Dist. 5A champs) had an easy time of it with the Vaughn Eagles (Dist. 3A runner-up) and came away with a 62-41 win—which set up Saturday's final against Carrizozo. Juan Puentes had a good game for Hagerman and finished up with 19 points, followed by Ernie Flores with 16, Oliver Abbott's 11 and Chad Cavanaugh's 10. Sophomore Matthew Chavez led Vaughn's scoring with 16. Hagerman improved its record to 20-5 while Vaughn closed out its season at 14-12.

A standing room only game had the Grizzly Den rocking and rolling on Saturday night's final between the hometown Grizzlies and the (eager to do battle with the #1 rated team in the state) Bobcats from Hagerman. And both small communities

were out in full force to cheer their favorite teams on. The taller Hagerman team was able to play their slow tempo style of basketball in the first period of play and led 10-4 early in the period, although Carrizozo managed to close the gap to a 10-9 Hagerman advantage at the end of the period.

The pace picked up in the second period but neither team was able to find the range as both teams played some good defense. The Grizzly defense limited the Bobcats to a mere 8 points in the second period, while managing to score 10 of their own and went into the locker room at intermission with a slight 19-18 lead.

Carrizozo's pressing full-court defense took over in the third period and helped the Grizzlies turn some Hagerman turnovers into some easy baskets. Carrizozo found the nets for 17

points in the third quarter while Hagerman countered with 13. Score—Carrizozo 36, Hagerman 31.

The Carrizozo team depth was able to keep the pressure on the tiring Bobcats in the final period that saw the Grizzlies outscore their opponents 19 to 15 and bringing the final score to 55-46. Michael Chavez ended up the night with 19 points for the winning Grizzlies, and had an outstanding second half which saw him score 17 of those points. Chris Schlarb scored 11 points for the second night in a row and played tough defense against the taller Bobcats inside along with Guy Archuleta, who chipped in with 10 points. Abe Padilla was also in double figures for Carrizozo with 11. Ernie Flores paced Hagerman with 11 points.

Both Carrizozo, 24-1 after Saturday's victory, and Hagerman, 20-6 advance to the Class A State Basketball Tournament in Albuquerque this week. For coach Ron Becker and his Grizzlies, this will be their second consecutive

RESOLUTION AND PROCLAMATION OF SCHOOL BOND ELECTION

WHEREAS, the Board of Education of the Corona Municipal School District No. 13 (herein the "Board" and the "District", respectively), in the Counties of Lincoln, Torrance and Socorro, has determined that a special school district election be held on March 20, 1990, pursuant to Sections 1-22-1 through 1-22-19 NMSA 1978; and

WHEREAS, the Board of the District has determined upon its own initiative to submit to a vote at said special school district election, the question of the issuance of its general obligation bonds in the maximum amount and for the purposes hereinafter specified, as permitted by Section 22-18-2B NMSA 1978, and the Bond Election Act; and

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF EDUCATION OF THE CORONA MUNICIPAL SCHOOL DISTRICT NO. 13, CONSTITUTING THE GOVERNING BOARD OF SAID DISTRICT, IN THE COUNTIES OF LINCOLN, TORRANCE AND SOCORRO AND STATE OF NEW MEXICO:

Section 1. On the 20th day of March, 1990, there will be held in the Corona Municipal School District No. 13, Lincoln, Torrance and Socorro Counties, New Mexico, a special school district election for the purpose of submitting to the qualified electors of the District the question of creating a debt by the issuance of general obligation bonds.

Section 2. The Voting Districts for this election shall be as follows:

Table with columns: Voting District, General Election Precinct, Polling Place. Row 1: District 1, Precinct 5 and that portion of 4 within the District, Corona Village Hall, Corona, NM.

In addition, there will be an Absentee Voter District established, as described in Section 5 herein.

Section 3. The polls for said election will be open between the hours of 7:00 a.m. and 7:00 p.m. on the day of the election.

Section 4. At such election, the following question shall be submitted to such qualified, registered electors of the District: GENERAL OBLIGATION BOND QUESTION

"Shall the Board of Education of the Corona Municipal School District No. 13, Counties of Lincoln, Torrance and Socorro, New Mexico, be authorized to issue general obligation bonds of the District, in one series or more, in the aggregate principal amount of not exceeding \$300,000, for the purpose of erecting, remodeling, making additions to and furnishing school buildings or purchasing or improving school grounds or any combination of these purposes, said bonds to be payable from general (ad valorem) taxes and to be issued and sold at such time or times upon such terms and conditions as the Board may determine?"

Section 5. A person is a qualified elector of the District if he or she is a citizen of the United States, at least 18 years of age on the day of the election and a resident of the District on the day of the election. In order to vote, qualified electors of the District must have previously registered with the County Clerk of Lincoln County, the County Clerk in Torrance County or the County Clerk of Socorro County in accordance with law. Any qualified elector of the District who is not now registered during regular office hours prior to 5:00 p.m. on February 20, 1990, being the twenty-eighth day immediately preceding the election, at the office of the County Clerk of Lincoln County, at the County Courthouse in Carrizozo, New Mexico, or at the office of the County Clerk of Torrance County, Estancia, New Mexico, or at the office of the County Clerk of Socorro County, Socorro, New Mexico or at the office of any deputy registration officer appointed by the County Clerk of Lincoln County or the County Clerk of Torrance County or the County Clerk of Socorro County (which may include the municipal clerks of all municipalities in Lincoln, Torrance and Socorro Counties.)

Section 6. Absentee voting will be permitted in the manner authorized by 1-6-1 et seq. NMSA 1978, provided that qualified electors may also vote absentee in person at the office of the County Clerk of Lincoln County during the regular hours and days of business from 8:00 a.m., February 23, 1990, being the twenty-fifth day preceding the election, until 5:00 p.m., March 16, 1990, being the Friday immediately prior to the date of the election.

Section 7. Voting shall be by paper ballot. PASSED AND ADOPTED this 12th day of December, 1989.

tive trip to Albuquerque. Carrizozo was ousted in the first round last year by Tatum.

Carrizozo will have played their opening round game (last night) against Region A runner-up Coronado at 7 p.m. at Sandia High School gym. The winner of that game will advance to Thursdays second round against the winner of the Cliff vs. Texico matchup. Game time on Thursday will be 9 a.m. at "The Pit" (UNM Arena). A win on Thursday will advance Carrizozo to the finals on Saturday night, 6:30 p.m. also at UNM Arena. A loss would mean they would play Friday morning at 9 a.m. for 3rd place.

For some reason the number #1 rated team in Class A (Carrizozo) and the #2 team (Cliff, Region C champ) ended up in the same bracket. Cliff will have to get by Texico (Region B runner-up) in the first round. Setting up a clash between the top two teams on Thursday

morning, if Carrizozo gets by Coronado. The winner of the Cliff-Carrizozo encounter will more than likely be favored to win the title on Saturday.

In the other bracket look for either Melrose or

Hagerman to advance to the finals. Melrose (19-8), the Region B champ will face off against Reserve (15-11), Region C runner-up in first round action. Springer (16-8), Region A champ will face Hagerman (20-6), Region D runner-up.

trial will be scheduled. Whitely was adamant about the intent of the juvenile code. "The legislative intent is rehabilitative and not punitive," he said. "Diversion is the first line of defense."

Conversations between Captain school superintendent Dr. Scot Childress, Captain High School principal Bill Stowe and Captain Mayor Benny Coker about problems with students who were abusing alcohol and drugs, led to the formation of the task force. Childress said the school had received reports of drinking parties on the weekends, all off-campus.

At the beginning of the new semester in January, Captain High School began a longer lunch period and some students began to leave campus, reportedly some were drinking and using drugs.

About a month later, the village terminated its second police officer position, leaving Captain with only one policeman who had to supplement enforcement with officers from the Lincoln County Sheriff's Department and state police who live in the area.

School officials claim the problems escalated after the second policeman was terminated. Before the termination, students were more secretive about their after-school activities, they said. Now, students openly talk about the parties and in one recent incident, advertise them.

According to Spears, a poster found by Stowe at the school was brought to him. The poster announced students should meet at Captain Mart Saturday, Feb. 23, for directions to a party with two keggers and "sexual activities." On the poster was a picture depicting a person with a skeletal head with long hair, holding a dripping axe with wording that was later described by a Roswell Police Department expert on Satanism to be Satanic symbolism.

The party was on private land outside of village limits and no complaints were filed to Spears or through the Lincoln County Sheriff's office which handles calls on Spears' off-duty hours. Spears said no evidence of any Satanic ritual, such as sacrificing animals, was found or reported in connection with the advertised party.

Just one incident was connected with the party and that was a one-car roll over on Cora Dutton's road outside of Captain. A juvenile who reportedly attended the party was in a hurry to get home and failed to negotiate a curve.

Spears said all the kids involved with the party have been referred to juvenile probation.

But the party was not the only incident involving juveniles. Last week Spears referred four juveniles, ranging from 14-16 years old, on charges of burglary, trespass and crime against the elderly.

The Alcohol and Drug Abuse Task Force was initiated before the above mentioned incidents. At the ini-

tial meeting, Childress said Coker suggested they involve other agencies and officers: State Policeman Danny Kipper, Sheriff James McSwane, assistant district attorney Scot Key, juvenile probation officer Vince Vega, municipal judge Jimmie Stewart, and Captain police chief Spears.

Childress said the group has developed a "plan of attack" to tackle the problems with the village teenagers. The predominate problem is with alcohol. Childress said the group is most interested in going after the suppliers of alcohol to teenagers.

At the advertised party, it was reported an adult supplied the "keggers."

Because of the problems occurring at the lunch period, which was extended to give students a more relaxed lunch time, with no restrictions on leaving campus for high school kids, might be rescinded and campus may be closed altogether.

Monday, student council members talked with their respective classes and informed their fellow students the campus could close and the lunch time shortened, if they don't straighten up their acts.

The school plans to have an assembly which will involve all the law enforcement agencies mentioned and Paul Gallegos, alcohol counselor from the Counseling Center in Ruidoso. The afternoon assembly will include a film and other demonstrations. Parents will be strongly encouraged to attend. A time and date will be announced later.

Capitan Police Chief Spears said the crime rate in Capitan has not increased, but has stayed about the same for this time of year, despite the lack of another police officer.

He said most calls about teenager problems come from the parents of those involved, not from older citizens. Spears patrols an average of 80-120 miles a day in the village which includes the downtown district and numerous subdivision roads.

He said the kids have been blamed for a lot of beer cans appearing on the side of the roads in and around the village, but he thinks adults need to look at their practices also.

Spears considers the open container act a good law, because it allows officers to cite anyone in a vehicle with an open alcohol container. If the violator is only a passenger, the driver can also be cited for allowing the container in the vehicle.

From now on, Capitan Schools will not deal with juvenile violations, Spears said.

Instead, juveniles can expect a visit before the juvenile probation board, with a parent, if they are caught doing anything illegal in the village or anywhere close by.

The calendar was changed during George Washington's lifetime. His birthday was originally on February 11, 1732.

New method of teaching soil conservation

The public is invited to hear Mary Shanks, 2nd grade teacher in Capitán, present PROJECT SOIL, this Thursday evening, March 8 at the Carrizozo Woman's Club Building at 7 p.m.

Shanks has received recognition at both the state and

national level for this innovative way of teaching young people about soil conservation. She has developed a kit, which consists of lesson plans and teaching aids, hand-on activities, three types of soil, bulletin board aids, pictures and flip chart of com-

mon conservation practices.

Teachers will appreciate the fact that very little preparation time or additional work will be required. The project requires one week of 30 minutes each day to teach students about the importance of conserving the land.

Shanks recently returned from the National Association of Conservation Districts annual meeting, where she presented the program to approximately 2000 members of conservation districts. Since her return, she has received requests from around the nation, ordering kits.

Refreshments will be served. Cheri Goad serves as hostess for this event.

immediately set agendas dealing with immediate, intermediate, and long-range objectives. These plans are mandatory as time is an important factor and delays are out of the question.

What goes on at city hall will be taken out of the closet and placed in full view of the public. There will be some clichés and some mistakes which will be taken in stride. Attendance at council meet-

ings will be encouraged, committee work will be recognized and respected. Town meetings will be scheduled as the council's actions and performance will be kept in full view of the public. Citizens approaching city hall with questions will be treated with full courtesy.

Last, but not least, the operating cost of running our town will be under close scrutiny by the council.

with 189 votes, Marion Addy with 193 votes, Wilma Webb with 199 and Ray Fredrickson with 196.

Trustee candidates Travis Hicks received 94 votes, incumbent LeVerne Cole received 142 and Tony Parker received 104.

The two-year candidates ran unopposed, Ben Jeffrey received 220 votes and James Rethmel received 212 votes.

A total of 321 of 515 registered voters were at the polls, 62 percent.

call for technical assistance from the Lincoln County Clerk's office. Snooks McDaniel, programmer, came to the poll and opened the other programmed machine.

After the canvass, Carrizozo town clerk Carol Schlarb told the write-in candidate Serna, who lost by three votes, she could challenge the count within 30 days. To do so, she must file an affidavit of contest and pay a \$120 fee. At the time of the canvass Serna did not indicate she would challenge the count.

Elected officials will be sworn into office early next week.

Churches present New Horizons

New Horizons, a program of adult religious formation sponsored by the Catholic Diocese of Las Cruces, open to everyone, will be held at St. Eleanor Catholic Church for six weeks on Mondays, starting March 12, and at St. Jude Catholic Center in San Patricio on Wednesdays, starting March 14.

The theme of the sessions is "The Kingdom of God." Among topics will be Exodus, Foundation for the Kingdom; The Prophets Jeremiah and Isaiah; Jesus' Preaching of the Kingdom; The Church, Servant of the Kingdom; and Parenting for the Kingdom.

mittee. Senator James Martin and representatives Ben Hall and Dick Knowles, who serve parts of Lincoln County, are members of the committee.

The group appealed to the committee to consider appropriating funds to begin a meals program in San Patricio, which has no program now.

The result of the meeting was an appropriation of \$36,000 for a meals program in San Patricio. Use of St. Jude's Parish Hall has been approved by the Bishop and attending priest Fr. Dave Berg and a feeling of excitement about the program is growing. Ward said the extra unused van will be sent to help with the program.

Gov. Garrey Carruthers was scheduled to sign or veto House Bill 2, which includes the San Patricio funding, Wednesday, March 7. The 12th anniversary at Zia will be celebrated with an enchilada supper from 5-7 p.m. Friday, March 16. Tickets are \$4 a meal and are available from the center and from volunteers. The public is invited to join the celebration.

LOOK UP

Before you cut down

You can prevent an accident by making sure there are no power lines nearby before you cut down or prune trees.

Pruning tools, saws or branches contacting a line could turn you into a conductor of electricity and cause serious injury.

If you have branches that are close to power lines, call your local TNP office to report the problem.

If the branches are too close, we'll trim them away from the line for you.

Sheriff's report
Suicide claims Dexter man

Lincoln County Sheriff's Department personnel and state police responded to a report of gunshots at the Russell Leonard Ranch south of San Patricio, Feb. 22.

Ruben Medina, 34, Dexter, was found by the rancher inside a school bus which was converted to a chuck wagon and camper. He attempted to transport the man and was met on the ranch road by officers. Deputy Medical Examiner Frank Sienros pronounced the man dead and the body was sent to the Office of Medical Investigations in Albuquerque.

According to Lincoln County Sheriff James McSwane, there was no sign of foul play and later the OMI confirmed the death as a suicide.

Medina was at the ranch to shear sheep.
