

County Commissioners

# Telephone rates go up to finance E911 system

By Doris Cherry

Some Lincoln County telephone customers can expect an additional 50 cents tacked onto their bills to pay for an emergency system.

Lincoln County Commissioners Karon Petty and Bob Hemphill approved two resolutions which will plug the county into the Enhance 911 emergency telephone system. One resolution

allows a monthly 25-cent surcharge be collected and deposited with the state treasury in a fund known as the "Enhanced 911 Fund" for one year. The fund will provide financing for local government for the purchase or lease of E-911 equipment, installation and maintenance costs and training of operators.

The other resolution will impose another 25-cent

monthly charge for local telephone companies which do not have Enhanced 911 capability to provide the network and data base capability for the E-911 service.

Passage of the two resolutions will allow the county to begin working toward the Enhanced 911 (E-911) emergency system. According to county emergency coordinator Maggi Bohks, the monthly surcharge must

be collected for a year before the system is installed. Bohks has worked with county municipalities to approve the E-911 resolutions because of the high cost of the system, estimated to be more than \$200,000. The village of Capitan passed two resolutions for the surcharges at its November meeting.

US West, Contel, ENMR and Penasco Telephone Companies serve Lincoln County

with telephone service. US West customers will not realize the other 25-cent surcharge, as that company has stated it will pay the network and data base costs. However, the first 25 cents for equipment will be added onto all telephone bills countywide.

Currently, Ruidoso and Ruidoso Downs are considering the resolutions to opt into E-911. Bohks said the county

and municipalities plan to join together and form a committee to decide on Public Safety Answering Points (PSAP) or dispatch locations. A good reason to have two PSAPs is to provide a back-up system in case one has problems, or to make for fewer busy signals.

Although Carrizozo has the basic 911 system, the E-911 provides a faster emergency response. When

someone calls E-911 the call is routed to a PSAP where that phone listing is flashed on a computer screen, along with directions to the place of that number. If the caller is unable to respond, all emergency personnel—fire, EMS, sheriff, will be alerted.

Some equipment also has the capability of calling the caller back.

During the year when funds are collecting in the E-911 pool, plans for the PSAPs and other administration will be laid, Bohks assured.

County commissioner-elect Bill Elliott questioned if the surcharge will ever lift. Bohks said the state law enacted allowing for E-911 surcharges by the phone companies lasts for three years and the surcharge is set by the corporation commissioner. The law must be reviewed periodically by the legislature, she added.

Bohks also got approval to spend \$5,500 for a survey which will tell the county how it needs to upgrade its emergency communication system. Fire Administrative and Communications Services will conduct the survey. Funds to pay for the survey were obtained from an EMS Bureau grant specifically for such surveys. Although Petty wanted Bohks to consider using Motorola, from whom county equipment is purchased, for the survey, Bohks explained the survey must be done to exact details required by the state. The survey will determine whether the county needs the equipment it already has or whether it needs to upgrade with better equipment. The two service companies also have experience in doing such surveys.

County candidates in the Nov. 6 general election were formally declared winners after the commissioners signed the official canvass of the votes. Count clerk Martha Proctor reported no difference in the final official tally to the preliminary tally made election night. As of Jan. 1, 1991, commissioners will be Stirling Spencer, Monroy Montes and Bill Elliott. Proctor is again clerk, Janice Ware treasurer, Patricia Serna assessor, Jay McSwane remains sheriff and Bud Payne takes over as probate judge.

Alamo Canyon resident Patricia Salcido came to the commissioners mad. She had a list of arguments against the county and threats of a lawsuit if nothing is done to

(Con't. on P. 2)

## Woman's Club sponsors a 'Hoedown'

The Carrizozo Woman's Club invites all to step into the holiday season Saturday, Nov. 17.

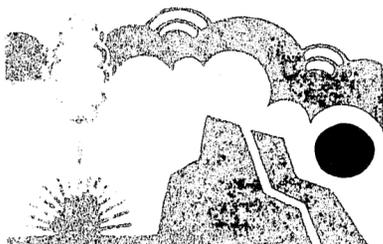

Twenty of Lincoln County's finest craftsmen will ride into Carrizozo for the annual "Holiday Hoedown" from 9 a.m. to 6 p.m. Visitors can choose from arts, crafts, baked goods, tamales, various gift items, collector coins and books. Craftsmen from El Paso, Las Cruces, Tularosa and Bosque Farms also will show their expertise.

The club welcomes all to shop and view the outstanding handwork of these many crafts people in the club building.

Door prizes will be given each hour and Frito pie, hot coffee and tea will be served all day.

### Carrizozo trustees

## Trustees approve Sam Ruiz as police relief officer

Carrizozo trustees and Mayor Cecilia Kuhnel hired a temporary relief police officer at the town meeting Tuesday.

Although trustees did not have a quorum with trustees Harold Garcia and Patsy Vallejos absent, Dale LaMay and Gilbert Archuleta approved the mayor's recommendation to hire Sam Ruiz as the relief officer. Ruiz was hired on a temporary basis at \$6 an hour until the full board can approve his employment.

Police Chief Choncho Morales will train Ruiz for several days.

Three resolutions were tabled until the next meeting, but those trustees present did accept resignations from airport manager Mike Morrison and airport committee chairman Dr. Dale Goad. Discussion touched briefly on running an advertisement for the manager's job, which is unpaid, but provides a house at no cost. Audience member Harold Desjardins suggested placing an ad in such papers as the Wall Street Journal and the Albuquerque Journal and wording it to appeal to persons with small businesses to relocate. The matter will be taken up at the next meeting, Nov. 27.

The purchasing policy resolution and an ordinance on animal control were tabled.

A request from the police

clerk to purchase a new copier with law enforcement funds was reviewed. From three bids, trustees accepted the best for a Sharp FS 73-50, which will be purchased through state contract. Morales said his office needs a copier desperately and urged trustees to accept the bid for the Sharp.

Several letters to the mayor were read and action tabled until the next meeting.

A resolution concerning the paving grant was tabled, a joint resolution for the town to join into the Lincoln County Solid Waste Authority with Ruidoso, Ruidoso Downs, Capitan and Corona also was tabled.

A letter from the New Mexico State Highway Dept. urged the town to begin its paving project as soon as possible because it must be completed by June, 1991.

A letter from town attorney Robert Beauvais concerning the Attorney General's opinion on the gas company sale also was read (see related story).

## Gas company sale bid is rejected

When Natural Gas Processing Company of Worland, Wyoming, offered to buy the Capitan-Carrizozo Natural Gas Company, The C-C association said no.

But that stirred a small controversy with the town of Carrizozo and the village of Capitan, because the boards of trustees appoint the members of the association board who turned down the offer, and both boards felt they should have a say on the sale.

To settle the argument, an opinion from the New Mexico Attorney General was requested and finally made in late October.

The opinion found the jurisdiction of the communities creating an inter-community gas association is limited to their authority to appoint and remove the association's directors, and to

About 60 members of the Eastern and Western Seaboard Association want to have their 1991 national convention in Carrizozo. The members will stay in self-contained RVs somewhere in Carrizozo for five days, during which time they plan to tour the area, and have a banquet at one of the local facilities.

Kuhnel said the group's president made Carrizozo its number one choice for the year. LaMay said the group stayed in Carrizozo about 7-8 years ago.

"We can do nothing but gain, infusing money and interest," Kuhnel commented.

With no objection from either LaMay or Archuleta, Kuhnel will proceed with giving the group the green light to make Carrizozo their convention place in 1991.

The mayor also reported on additional documents to be added to the EPA repository about the Cimmaron Mill project. The documents sum-

(Con't. on P. 3)

WELCOME THE NEW Carrizozo Chamber of Commerce officers (from left), recording secretary Dorothy Forsythe, corresponding secretary Mary Lou Webster, treasurer Patsy Serna and president Ruth Hammond. President-elect Shaun Hill was not present.

## Carrizozo Chamber of Commerce installs new officers

Dues are due, Christmas lights are in, and the new board of officers took over at the Carrizozo Chamber of Commerce meeting Tuesday, Nov. 13.

Letters have been mailed to members reminding of the dues for the coming year. The dues are \$10 for individuals, \$40 for businesses and \$20 for first-time businesses. Dues are to be paid to Patsy Serna, who became the new chamber treasurer.

Outgoing president Dale Goad reported the Christmas lights ordered this year are in town and should be installed within the next two weeks. Donations paid for the fixtures which will add to the ones already owned by the chamber. Otero Electric Coop will install the fixtures featuring candles and trees with bright colored lights.

Ruth Hammond took over the president's chair from outgoing president Goad. Shaun Hill took over as president-elect, Patsy Serna as treasurer, Dorothy Forsythe as recording secretary and Mary Lou Webster as corresponding secretary.

Goad expressed his appreciation to the officers who served with him; Hammond, president-elect; Ina Hooten treasurer, Janice

Christopherson corresponding secretary and Cheri Goad recording secretary. Cheri read a poem about small towns which she said summarized her feelings about living in Carrizozo.

The request to put a chamber office in the Zia Senior Citizens Center was received positively, reported Christopherson. The center

indicated seniors might serve as volunteers for the chamber.

Christopherson also reported she mailed about 6,000 Carrizozo Brochures to various chambers of commerce, leaving about 19,000 to send elsewhere.

Hal Sims reported on the

## A chance to go back in time for Christmas

Lincoln County Heritage Trust invites everyone to visit Lincoln for a nostalgic step back in time with an old-fashioned Christmas.

The Trust Visitor's Center and Museum Store will be open with gifts from times past; bisque dolls, Victorian-era toys, Christmas decorations, nested tins, cooking accessories, period prints, books and so on. Free gift wrapping is available and Master Card and Visa accepted.

The historic Courthouse Museum will also be open from 9 a.m. to 6 p.m. Friday-Sunday, Nov. 23-25, Nov. 30-Dec. 2, Dec. 7-9 and Dec.

14-16. One can walk the old streets where Lew Wallace, General "Black Jack" Pershing, Kit Carson, Billy the Kid and other famous and infamous characters of the past have walked.

Smell the crisp air, hear the classic music, watch the glow of the traditional luminarias on the old adobe walls. Bring the family and relax.

Lincoln is located on Highway 380, about 10 miles east of Capitan and 10 miles west of the Hondo junction.

For more information, contact Lincoln County Heritage Trust, 653-4025.

## Here we go again

Thursday, Nov. 22, is Thanksgiving Day. It is also the day The NEWS is supposed to be published. So

The NEWS will be published Wednesday, Nov. 21, instead of Thursday—one day earlier than usual.

Advertisers and correspondents are reminded to get their copy in one day earlier Thanksgiving week, after which normal Thursday publication will be resumed.

**NATIONAL FFA CONVENTION**  
Kansas City, Missouri

**NATIONAL FFA MEATS CONTEST TEAM**

**SPONSORS OF THE NATIONAL FFA Meats Judging Contest** (left to right) Michael D. Van Ess, Oscar Mayer Foods, Corp. and Charles Keller, Hormel and Co. congratulate fifth-place Carrizozo FFA Meats Judging team members Kristy Gore, Cheryl Hightower, Brett Barham and Loren Patterson with their advisor/coach Mike Gaines. The Carrizozo team represented New Mexico and placed fifth in the national competition held in conjunction with the 63rd National FFA Convention in Kansas City, MO. Hightower and Patterson also received gold emblem awards for individual placings, Barham received a silver emblem for his individual placing in the contest. The meats judging teams competed in the cold storage meat rooms in the Kansas City Foobarn Meat Processing Plant. They judged carcasses, wholesale and retail cuts of beef, pork and lamb. The teams were scored on selection of highest quality meats, ability to identify various retail cuts, performance on written test dealing with selection, storage, cookery and nutrition.

**Handcuffs, shackles results in mistrial**

The 38 prospective jurors had filled the district courtroom in the Lincoln County Courthouse Tuesday morning.

A trial for 20-year-old Timothy Garcia of Ruidoso Downs was to have taken two days. But before the 12 jurors could be selected to serve, District Judge Richard A. Parsons called a mistrial.

An inexperienced jailer had brought Garcia, charged with residential burglary, evasion of a peace officer, disorderly conduct, intimidating witnesses and escape from an officer, into the courtroom in handcuffs and leg shackles.

Once the district court clerk saw the situation, she alerted the judge, who then entered the courtroom and saw the jailer taking the shackles off the man.

Immediately the judge called a mistrial and said the situation would prejudice the jury and make for an unfair trial. He set another court date for Garcia on Dec. 12 and 13.

**Holiday music and art programs scheduled**

Carrizozo Elementary students held their first annual Halloween Music Program on Oct. 31.

The mini-musical, under direction of band and music instructor Bill Wise, was entitled "Halloween Happenings." Students were dressed in their Halloween costumes, and several acted out their roles on center stage.

Following the program, students formed a parade and walked through the audience before going back to their classrooms for their

Judge Parsons said Sheriff James McSwane was "very chagrined."

McSwane said the incident occurred because of the jailer's inexperience.

parties. Halloween art, provided by elementary students under supervision of Polly E. Chavez, elementary art coordinator, was displayed along the walls of the old gym and the cafeteria.

The Carrizozo Municipal Schools Christmas Music Program and Art Exhibit is scheduled for Tuesday evening, Dec. 11. The musical portion will feature the 5th grade band and the high school Grizzly Pride Band performing various holiday selections.

**County commissioners**

settle them. First she said caliche was taken from her property illegally, without permission, and a road was detoured through her property also. Second, the county trespassed to obtain the caliche; 3rd, trees were chopped and hacked; 4th, there are wide discrepancies of road width from 22 to 85 feet; 5th, the need for a dike to keep back water from her well; and 6th reparation for the above. Salcido also addressed the commission in 1985 about similar problems with the Alamo Canyon Road.

Currently, the road is being upgraded with the help of state highway co-op funds. Petty, hoping to avoid litigation, suggested Salcido, a commissioner, road supervisor Tommy Hall and county manager Nick Pappas go to the road and see if the questions can't be answered. "People got lost in attorney situations," Petty said.

Salcido said she had spoken with Hall, Pappas, and county attorney Bob Beauvais and found Hall indignant and thought he was doing the right thing. Beauvais referred her to Pappas, who assured her all was okay.

Pappas explained Hall thought he was taking caliche from state land, but found the truth to be the pit was on private land. "It was a mistake on the county's part," Pappas said.

Hall will determine the cubic yards of materials and value.

Pappas also said the county must determine if the road exists because of prescriptive right or if it was dedicated. If prescriptive right, then the width of the road might be much different.

"I never gave permission," Salcido stressed. Plans were made for Petty to go with Hall and Pappas to meet with Salcido to work out a solution before it goes to

a lawsuit. "Let's work it out," Petty said.

Angel Chavez, chief of the Glencoe-Palo Verde Volunteer Fire Department, was happy at the end of the meeting, for his department will get a new pumper/tanker fire truck. Financing for the department was approved with annual payments of \$16,000.

The bid to purchase the truck was awarded at the last commission meeting contingent to the financing.

An "illegal subdivision" cleaned up its road act. Agua Fria Subdivision, Unit 2, was put on the "red tag" list last year when the county manager found the subdivider did not live up to his part of the deal on the roads, leaving many undone or not to county specifications.

Sue and Smokey Davis worked on the problems and presented an amended plat and disclosure statement and requested a variance on the width of Juniper Road.

County Planning and Zoning Commission approved the two items and recommended the commissioners also approve the items. With approval of the road variance, the roads in the subdivision will be placed on a two-year waiting list. During that time the roads will be monitored, then if they have no problems, the roads will be added to the regular county maintenance list.

A two-year old bill was finally paid. For two years the county has argued with Twin Mountain Rock Company, which constructed the drive to the Sierra Blanca Regional Airport from Highway 48 in the Alto area, over who was to pay the gross receipt taxes. Since the taxes totalled \$204,613.07, the

inclusion of the tax in the bill to the county made for a large final payment—\$255,204.37. After two formal meetings, between both sides' attorneys and a formal hearing, the county came out the winner and will not have to pay the taxes.

Petty and Hemphill approved rescinding the Sept. 25, 1989 action and agreed to pay Twin Mountain Rock \$50,591.30, as recommended by the state highway department and Bohannon-Huston, Inc. engineers for the project.

Pappas said the county had the choice of taking the action now, or dragging the situation on for years.

After the approval, commissioners discussed the signs on both Airport Scenic Drive and State Highway 48. Since the drive belongs to the county, signs are the county's duty, but those on Highway 48 are up to the state. Petty directed Pappas write the state highway department about the signs.

A revised contract and request for matching funds for a one-quarter mil from the Economic Development Corporation of Lincoln County (EDCLC) was not readily accepted. Commissioners questioned the source of

funds raised to meet the county's match, since EDCLC would receive a match of only as much as it raised. But checks from the City of Hopkins, MN and several from Steve Stroud had commissioners baffled.

Two checks of \$18,750 each from the Village of Ruidoso and one for \$1000 from the Village of Capitan gave no problems. But Petty asked how EDCLC could get a \$300 rent increase from Stroud (who owns the building in which EDCLC is located) then have that increased returned as a donation for matching funds.

Hesitant to pay a match for the "questionable" funds, Petty and Hemphill approved only matching the money from the villages.

The one-quarter mil could generate about \$54,395 if a dollar-for-dollar match is provided by EDCLC.

The revised contract also was approved, but Petty regreted it.

All newly-elected officers were appointed to a special committee which allowed the county to pay expenses to the 1990 Better Informed Public Officials meeting in Albuquerque, Dec. 6-8.

*Card of Thanks*

## Lady Tigers to state v'ball tournament

### Grizzlies drop one to Texico

It was a long drive back from Texico Saturday night for Grizzly fans. A tense, close game kept Carrizozo fans on the edges of their seats at the first round of playoffs Saturday in Texico. But the Wolverines edged past the Grizzlies and won the game 13-12. Chris Barela made the first touchdown for the Grizzlies on the first possession. The boys worked their way to

the goal line and Barela ran the ball in on a four-yard move. Guy Archuleta's extra point kick attempt was no good. Closely matched, the Wolverines were 7-6 at the halftime. A 9-yard pass from LeeRoy Zamora to James Silva in the first part of the 4th quarter put the Grizzlies up but the two-point conversion attempt also was no good.

That failed attempt was to prove fatal for the Grizzlies, who watched as the Wolverines ran on with the ball to end the game 13-12. Coach Mel Holland said the team had several opportunities to score more but failed to do so. Basketball season now begins with Ron Becker coaching the Grizzly boys.

Capitan's Lady Tigers are on their way to the state volleyball tournament, again. The tough Capitan spikers won the ticket to the state matches by defeating the Ft. Sumner Vixen at the Region D tournament finals in Capitan Saturday. The win will put the Capitan spikers against Rehoboth, Region C runner-up in the first round of state tournament action at 3:30 p.m. today (Thursday) Nov. 15, in the Roswell High School Gym.

Carrie Cox and Kerri Runnels dominated the serves in the 1st game. Cox made the first 6 points and Runnels the last 8. Yvette Hernandez scored Carrizozo's only point. In the 2nd game, Cox made 6 service points, Vicky Sedillo made 4, Runnels 2 and Crystal Dalton 2. Hernandez made 2 for Carrizozo, Cheryl Hightower 2 and Yvonne Estrella 1. In the 3rd game, Cox made the first 4 points, Cindy Castillo made 4, Lesley LaRue made 3, Sedillo made 2 and Runnels and Dalton made 1 each. Lori Gibson and Nancie Vega made 1 each for the Lady Grizzlies and Estrella made 2. Ron Becker coached the Carrizozo girls.

After a few hours break, the Lady Tigers were back on the court, with the Ft. Sumner Vixen, for the finals of the Region D Tournament. The Vixen proved to be crafty with some tricks reserved for the 2nd game. The Lady Tigers played well in the first game, keeping up with the Vixen for the first 8 points, then pulling away with Kerri Runnels serve to make 4 straight points in the game. Ft. Sumner took the ball made three straight, the Capitan girls couldn't gain another point and the Vixen ran away with the second game win 15-12. An hour after the first game began, the Lady Tigers came into game 3 with slow scoring and too many errors. The closest the Capitan girls

came was with 6 points to Ft. Sumner's 9. In the final scoring spree, Ft. Sumner made 6 points to take the 3rd game. The Lady Tigers knew they had to win the 4th game, or take the runnerup position in the regional tournament. Determined, the Lady Tigers drove themselves to make 14 points before Ft. Sumner made 5. Filled with rotations, the game ended when Cox served in the final winning point; 15-7. Needing the third win, the Lady Tigers kept their lucky side of the court. Ft. Sumner served 1st. Capitan scored 1st, then made 12 points before Ft. Sumner even made 1. Cox served in the final 3 points with the help of Castillo and LaRue's blocking and spikes. The final game, and the 3rd win out of 5 to take the match, belonged to the Lady Tigers, 15-3. Excellent blocking by Jennifer Eldridge and LaRue kept the Ft. Sumner ball out of the Capitan court and into the Vixen hands. Allen said the girls play-

### Corona students observe Book Week

The 5th and 6th grade classes in Corona have been busy writing stories for class books. The books are on display for all the students to enjoy. Students have written autobiographies, scary stories, and descriptive stories. They have also written persuasive essays on what they would do if they were President Bush regarding the Persian Gulf crisis. Students write an example and illustrate each new part of speech they learn and put it in the parts of speech book. The students enjoy sharing their final draft with the other classes. Celebrating Children's Book Week, Nov. 12 to 16, students are each reading a Newbery

Award winning book, writing a report, making a jacket to go with the book, and reporting to the other classes on the book. Lincoln County Health Office has flu vaccine left from its clinics. Anyone wanting a flu shot should contact Teresa Luna at the county health office at 648-2412.

marized the public meetings held in Carrizozo in July. Trustees briefly discussed the fire department and why it has not moved to its new building. The topic will be fully discussed at the next town meeting. A special meeting of the board of trustees held Wednesday, Nov. 7, kept the board in closed session for more than four hours. All trustees were present

for the special meeting to deal with personnel matters. When the mayor called the meeting open at 10:16 p.m. she clarified the issue of the citation given to the Town of Carrizozo for cruelty to animals. After considering the investigation, certain decisions were made to upgrade the situation at the town kennel. The mayor also informed the board is in complete agreement that the town sign a document of Plea and Disposition, which was signed by Kuhnle, showing the town's good faith to the courts that the town will make every effort to comply within 60 days to clean up the kennels. The mayor also announced the decision to offer a full time position to Gus Martin, after interviews and discussion with trustees. If Martin does not accept the position, it will be offered to Barney Barco, then to Duane Vinson, if Barco declines.

**OPINION**

● Congress is being asked to consider an Animal Bill of Rights, supported by the Animal Legal Defense Fund and the Animal Protection Committee. Among animal rights advocated is "The right of animals to have their interests represented in court and safeguarded by the law of the land." In fact, according to an article in the *Washington Post* last April 28, there are already 320 volunteer attorneys around the country ready to defend animals in lawsuits. One example, the ALDF went to court and stopped a deer hunt in Illinois by disproving the ecological justifications for the event. So be careful what you call your dog—you may get stuck with a libel suit.

● If animals have rights, congress itself had better consider what it has already done that may have potential for abuse to a specie of animal life. Last week, James J. Kilpatrick in his column in the *Albuquerque Journal*, brought up an issue which provoked comment here about six months ago. A Colorado university professor had come up with the theory that cow methane emissions could screw up the earth's ozone layer that would cool the earth and atmosphere and have us all wearing snowshoes some day. Lately, Kilpatrick states, congress introduced a resolution calling for \$19 million to study cow methane emission. The resolution was defeated in committee. Then it showed up again in another bill, and was rejected. Some unknown congressman sneaked it into a third appropriation bill—and it passed.

● Animal rights are indeed being taken seriously by congress and the American people. But if the Animal Bill of Rights passes, would it not include the animal right to privacy? And if animals have privacy rights, how is that \$19 million appropriation to study cow methane emission going to be spent? Surely, a cow has a right to "emit," as do human beings. This ought to be a bonanza for animal rights lawyers. They can argue that if cow emissions endanger the earth, then human emissions do also. And if the cow is prevented from flatulence, and mankind is not, isn't that a clear case of discrimination? I suggest congress appropriate \$19 million to study human methane emission. A fine mess they've gotten us into!

● Twenty months ago the Exxon Valdez ran aground in Alaska's Prince William Sound and dumped 12 million gallons of crude oil. The media screamed for months that it was an ecological disaster of gigantic proportion. Environmentalists predicted it would take from 50 to 100 years before the area could recover. Alaska was pictured as an economic disaster because of the spill, and predicted the end of the fishing industry.

● Well, you didn't read about this in the media, unless you read small stories buried on page 28. This made no headlines, either. What has happened is that this past summer fishermen in Prince William Sound recorded a record catch of more than 40 million pink salmon, 29 million more than the year before the oil spill! As for this year's herring catch, fishermen reported the highest rate of catch ever—8,300 tons of fish in 20 minutes.

● Too, the media did not inform us that an independent research facility, *Battelle Ocean Sciences*, released a study showing that the water quality in Prince William Sound is now normal... birds and sea animals are also flourishing in the Sound, and plant life is healthy and abundant. How have Domsday Environmentalists responded to this news? They ignored it. Then they pressured congress to extend moratoriums on offshore drilling, from Alaska to California, from New England to Florida's East Coast.

● Then along came a study by the National Cancer Institute that said there is no increased risk to people living near nuclear plants. This three-volume study was made public in September after the Institute had studied more than 900,000 cancer deaths, including residents living near 62 nuclear plants, from 1950 to 1984. This announcement was also ignored by environmentalists and by the media, most of whom had waxed hysterical over the 1979 Three Mile Island accident and caused near panic among Americans. It also shut down America's nuclear power industry—the safest, cleanest and most abundant source of electrical energy ever known. But when the nuclear danger was found to be a fraud, there was little media coverage of the exhaustive study, and eco-freaks continue to use their considerable power to insure that we never have nuclear power. And while we worry about the shut-down of oil in the Middle East, France produces 74.6 percent of all its electricity with nuclear power; Belgium generates 60.8 percent, South Korea 50.2 percent, Hungary 49 percent, and Sweden 45 percent. The United States—19 percent. Where do eco-freaks get their power, and why does the US put up with their exercising their clout to ruin this country?

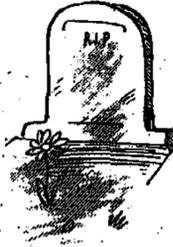

The reason there are so many surnames of Smith today is that during the Middle Ages the name was used for metalworkers, or smiths, which means "to beat."

Watch Over

**WASHINGTON**

Les Kinsolving

**BAGHDAD BOMBARDED!**  
—WITH BUSH HOT AIR

The Jeff Macnelly cartoon is entitled "Thirty Sound Bites over Baghdad."

It shows a World War II Navy Fighter plane piloted by "Bush," with "Baker" as gunner and radio man.

The bomb bay is open, and from it there comes—not bombs, but *bombast*: a huge stream of the following—

"Watch It Pall I've had it! We're serious...HORRIBLE, BARBAROUS...Read My Lips...I've had it with that kind of treatment of...My patience is wearing THIN...Do you think I'm concerned about it? You're DARN RIGHT I AM!...Just wait and see!...The Kuwaiti Embassy is being...in violation of international norms...Brutal dicta-

tor...viable military options...I'm really losing My Patience"

Etcetera. Etcetera. Etcetera.

And how long does President Wimp think the American people as a whole are going to believe in the efficiency and sincerity of this Flatulence Barrage of Baghdad?

One of Mr. Bush's predecessors in the White House was another combat veteran, who surely knew how to deal with any and all terrorists of his fellow Americans. His advice is well known: "Speak softly, but carry a big stick."

The tragic difference between Teddy Roosevelt and George Bush is that Gentleman George apparently believes in speaking loudly and keeping the big

stick sitting safely in the sand of Saudi Arabia. Commander Bush has apparently lost so much of his influence in the "Read My Lips" disaster that Ed Rollins has rightfully urged Republican candidates to distance themselves, like Democrats avoid Michael Dukakis and Jimmy Carter.

Secretary of State Baker is in Saudi Arabia—where one soldier after another has told him: "Let us do the job and go home."

What would happen if they attacked tomorrow at noon? What would happen to all that election coverage?

I hesitate even to mention this, because it might be the only thing to get Commander Bush to command.

**By the way**

By P.E. Chavez

**WORTH CLIPPING**

Carrizozo resident Birdie Walker, who lived past 100 years in age, spent much of her time reading newspapers. I feel fortunate to have a box full of favorite clippings she considered worth saving. I enjoy going through the brittle and yellowing news clippings. Unfortunately, the newspaper source and dates are not included in the clippings. I have determined that most are from the late 50s and early 60s.

**ACK-ACK IN ACTION**

Among Birdie's clippings are many columns by Ernie Pyle, "Here's Your War." Only one column is dated: July 1944. Pyle columns are written from Normandy, "Somewhere in France" and "On the Cherbourg Peninsula." Pyle writes:

"One of the most vital responsibilities during these opening weeks of our war on the continent of Europe has been the protection of our unloading beaches and ports. The job of protecting the beaches at night has been given over to the anti-aircraft artillery, or ack-ack. . . It is indeed a spectacle to watch the anti-aircraft fire when Germans actually get over the beach area."

Pyle (1900-1945), an American newspaperman, won a Pulitzer prize in 1944 for his reporting. I am glad Birdie thought enough of Pyle to clip some of his columns. His syndicated columns during World War II told millions of Americans how their boys lived and fought as soldiers. He wrote with humor and sensitivity.

**WORTH SAVING**

Birdie's interests in reading were varied. Like me, she read history items in newspapers: Lincoln County, New Mexico and the USA. But the bulk of her collection is philosophy bits, household hints, medical and law advice, love-lorn columns, sermonettes, editorials, and newspaper photographs of animals. Among the articles:

"What does Civil Rights Bills actually provide"; "Can you pass a citizenship test?"; "Walk for your life"; "Government voluntarily initiated removal of 13.9 million servings of soup mixture" and "How the doughnut got its hole."

A favorite Birdie editorial cartoon: "Barking never seems to panic him." J. Edgar is shown walking along while four men on all fours nip at his heels. The four (barking) are labeled "The Get-Hoover Pack."

Birdie's opinion of animal abuse can be noted by her clipping of a comment: "Behind strong steel bars of cages in the zoos, the monkeys, baboons, gorillas and hyenas should be very thankful. They are safe from human beings."

A favorite Birdie mini-fact: James Smithson, founder of the Smithsonian Institution, was English and never visited the United States. He left his fortune in trust to found an establishment for the increases of knowledge among men.

And a Birdie favorite witly saying: "It's hell to be old when the night is young."

**HOLIDAY EATINGS**

Baking bread, pies and muffins will help keep the kitchen warm on nippy days ahead. Not all baking is done by the "little woman." Anadama Bread may have originated because of a dieting wife or maybe she really hated to bake. Legend has it that Anadama Bread, the home-style loaf, was invented in the early 19th century by a fisherman who resented having to do the cooking his wife wouldn't bother with. Supposedly, he named this result after her—"Anna, damn her."

Even a man can whip up a batch of the delicious muffins that Betty McCreight, Extension Home economist, shares in her November extension newsletter. Club women and others who attended last week's Carrizozo Women's Club and Lincoln County Cooperative Extension Service craft program were glad that McCreight brought along a warm-from-the-oven treat: Pumpkin Apple Streusel Muffins.

These are the ingredients: 2½ cups all-purpose flour; 2 cups sugar; 1 tablespoon pumpkin pie spice; 1 teaspoon baking soda; ¼ teaspoon salt; 2 eggs, lightly beaten; 1 cup canned pumpkin; ¼ cup oil; 2 cups peeled, finely chopped apples (I used the cheese grater).

Preheat oven to 350 degree. In a large bowl, combine first five ingredients; set aside. In a medium bowl, combine eggs, pumpkin and

(Cont. on P. 10)

**Inside The Capitol**

By Jay Miller

SANTA FE—Some things didn't work as predicted in last week's elections.

Every incumbent in the nation from US senators to county surveyors was worried about voter sentiments saying "Throw the bums out." But except at the governor level there was little evidence of it happening. Forty percent of the governor's offices being contested changed political party, including New Mexico's.

Some analysts concluded that voter frustration "came to the surface but didn't boil over." Most successful incumbents concluded that "cooler heads prevailed."

Both these analyses miss the mark. The successes in unseating governors help explain what really happened.

True, voter frustration did come to the surface in the 1990 elections. Congressional bumbling, failing state economies and an assortment of scandals created volatile conditions ripe for exploitation. But the time for taking advantage of these situations was not on election day; it started long before candidates filed for office last March.

Ninety percent of the nation's incumbents may have been vulnerable this year but it took strong candidates with well packaged and heavily financed campaigns to unseat them.

For the most part it didn't happen to congressional incumbents. Their fundraising capacity coupled with their distance from the voters makes them almost undefeatable. National political action committees like to contribute to incumbents because they usually win. In doing so they virtually assure the system will work that way. The inability of the state's press to scrutinize congressmen everyday the way they can with state and county officials allows congressional press secretaries to control the information flow on their bosses.

But with state and local candidates it is different. They are closer to home and don't get the massive funding from national PACs enjoyed by federal candidates. It is possible for these challengers to raise the money necessary to finance the well organized campaigns.

A successful challenge

typically begins well over a year before the election. An attractive candidate either surfaces or is recruited by opponents of the incumbent.

Big bucks are raised and consultants are retained. The big job of packaging an anti-incumbent campaign then begins. Mere sniping at the incumbent will not work. A full-scale offensive must be planned, complete with research and media components. These components may involve some negative campaigning but as we have now learned, negative campaigning sometimes backfires.

The failure of negative campaigning in some cases was the other surprise in this year's races. It didn't work in either the New Mexico or Texas gubernatorial races. Political consultants are now postulating that negative campaigns must be used like silver bullets. They must be saved from the ideal situations.

We are now told negative campaigning works when there are valid, cutting issues that truly matter to the voter. We are told negative campaigning must be countered immediately and that negative campaigns usually only close a gap by a few percentage points.

In 1988 George Bush's handlers identified crime and patriotism as issues he could use in a negative campaign against Michael Dukakis. Although some of his examples were weak, Dukakis chose not to respond, thereby allowing Bush to make up a double-digit lead. All of Bush's conditions were so perfect that most candidates were encouraged to try their hand at it this year.

In the New Mexico gubernatorial campaign, Bruce King countered Frank Bond's charges quickly and voters decided King isn't too old, his pardons of convicts who have served their time do not constitute being soft on crime, and his desire to create three new cabinet agencies will not be budget busting.

And what about the Texas governor's race? The experts now say Clayton Williams went far beyond the saturation point with his negative campaign, proving that it isn't always possible to buy an election.

**Calendar of Events**

**THURSDAY, NOV. 15**

—Captain Music Boosters Award Banquet begins at 6 p.m. with a potluck dinner in the Captain School cafeteria. Awards will be presented after the meal.

**SATURAY, NOV. 17**

Republican Party of Lincoln County will hold its Biennial Organizational Mass Precinct/County Convention at 10 a.m. in the county courthouse in Carrizozo. —Tinnie Baptist Church at Tinnie is holding its annual Bake and Rummage Sale from 9 a.m. to 4 p.m. at the Tinnie Fellowship Hall. Rummage sale items, baked goods and a green chile stew dinner with all the trimmings will be available. Lunch to go may also be purchased. Everyone is invited to attend. —Carrizozo Woman's Club Holiday Hoedown from 9 a.m. to 8 p.m. at the club building.

**TUESDAY, NOV. 20**

—Carrizozo Board of Education meets at 7:30 p.m. in the school administration building.

**WEDNESDAY, NOV. 21**

—Captain and Carrizozo Schools dismiss early to begin Thanksgiving vacation.

**THURSDAY, NOV. 22**

—Thanksgiving. All offices closed, including Lincoln County News. Papers will be distributed Wednesday, Nov. 21.

**SATURDAY, DEC. 1**

—Captain Village Hall invites everyone to its open house from 1-4 p.m.

# Two dead, lost hunters rescued

Two accidental shooting deaths marred this year's hunting season in the Lincoln (National Forest last week).

Sunday morning Nov. 11, Lincoln County Sheriff's office personnel went to the Cougar Mountain area about seven miles west of Corona in response to an accidental shooting of Brigido Munoz, 17, of Albuquerque. Munoz was hunting with seven companions and was preparing to pack up and go home when the accident occurred.

According to Sheriff James McSwane, one of the companions was carrying several guns, including a semi-automatic .22 rifle which discharged and struck Munoz in the left shoulder.

Munoz was taken to Corona by ambulance, then transferred to Moriarity where he was to be airlifted to Albuquerque. He died enroute.

McSwane said the rifle which fired was illegal for deer hunting, but is often used for small game hunting. The shooting was listed as an accident, however. McSwane said the investigation was turned over to the DA's office.

In Otero County Saturday afternoon, Victor Barros, 7, Albuquerque, was shot once in the face with a .22 caliber rifle and died at Gerald Champion Memorial Hospital. The boy either grabbed the rifle and it fired or it fell over and fired.

Sheriff's personnel also went on the hunt themselves, for lost hunters.

Dr. Dale Goad of Carrizozo was hunting on Lone Mountain with Roger McDaniels Nov. 8 when he became disoriented in a thick fog.

McDaniels' father, Snooks, reported Goad lost at 3:38 p.m. and search and rescue crews were activated.

Goad said he tried to fire his rifle to indicate his location and thought he saw lights from searchers several times, but could not communicate through the dense fog. The fog also was freezing, which prevented him from making a fire.

Properly dressed and carrying a pack with life support equipment, Goad felt he was not in danger but continued to walk until he began to see lights in the distance. About 10:28 p.m. he walked into the Barham ranch north of Carrizozo.

On Nov. 7, an Albuquerque man was reported lost in the O-O and Goodloe ranches area. Mike McReedy, 23, was located later by Floyd Goodloe at one of the ranch's cabins. New Mexico State Police (NMSPP) and Search and Rescue (SAR) were called to the area.

On Nov. 8, Lenny Beltran, 15, Carrizozo, was reported lost in the Red Hill area west of Carrizozo. Before search and rescue crews could be activated, Beltran's family called and reported the boy was found. NMSPP and SO responded.

The final hunt of the season began Wednesday and will continue through Monday, Nov. 19.

Other sheriff's office activities include:

9:26 p.m. Southern Pacific Transportation Company in Carrizozo reported 45 gallons of gas stolen from a vehicle. Carrizozo Police Chief Choncho Morales took the report.

7 p.m.—Bobby Dan Crenshaw of Basin Valley reported Barbara Richardson took guns, saddles and jewelry from Kenny Crenshaw's home without permission. A person staying at the house witnessed the items taken.

The items were found at a Ft. Stanton storage shed belonging to Jane Terrell Hernandez. SO contacted Richardson, who then called Bobby Dan Crenshaw and said she would take the items back. Crenshaw advised all items were accounted for.

NOV. 6  
7:28 a.m.—Corona ambulance transported a person to Lincoln County Medical Center (LCMC) in Ruidoso involved in an auto accident on Highway 42.

—Corona ambulance responded to another accident with injuries south of Corona on Highway 54. Patients were transported to LCMC. NMSPP and 6 EMTs responded.

1:25 p.m.—a dog was reported at Carrizozo High School, but animal control officer was unable to locate it.

1:27 p.m.—NMSPP responded to an accident involving a stock hauler on State Road 247 east of Corona. Reportedly the driver was pinned in the truck and about 250 of the sheep he was hauling were killed.

The driver was transported to Eastern New Mexico Medical Center North in Roswell.

NOV. 7  
Tommy Sidwell at G-F ranch reported a dead bull calf. SO determined the calf died of natural causes.  
8:47 a.m.—Kenneth Reamy reported equipment

and other items valued at \$400 were taken from a vehicle parked at Frankie's Silva residence. SO is investigating.

5:10 p.m.—Dan Carter in Capitan, reported a chimney fire at his residence. Capitan fire chief arrived at the scene at 5:16 p.m. and found that Carter had extinguished the fire with water.

5:38 p.m.—a vehicle belonging to Robert and Carol Dalbey of Des Moines, IA slid into the bridge at the intersection of Highway 70 and 380 in Hondo.  
NOV. 8

8:09 p.m.—Bonito Volunteer Fire Dept. responded to a chimney fire in Fawn Ridge.  
NOV. 9

2:32 p.m.—Capitan VFD responded to a fire in a laundry room of the Robert Bailey residence.

2:51 p.m.—Mrs. George Sisneros of Arabella reported 6-8 men on motorcycles and a Dodge Ram truck cursed her and made general "jerks" of themselves.  
At 4:18 p.m.—Mrs. Sisneros called and reported hunters shooting from the road into her property. SO and Game and Fish responded.

9:38 p.m.—Brent Sultemeier of Corona reported hunter's trespassing. When his father warned the hunters to get off the property, they took a shot at him. Game and Fish responded.

NOV. 10  
8:04 a.m.—Fern Sawyer reported on her Nugal area ranch. Seven men on horseback with a pack of dogs were told to leave by ranch hands, but wouldn't. When SO responded he talked to the hunters. Guide G.W. Gunker "played dumb and thought it was public land."

## CAPITAN NEWS

By Margaret Rench

Capitan is saddened by the passing of Dr. Allen Service on November the 6th. He was a wonderful man as well as a wonderful physician. His many friends and acquaintances extend their sympathy to his equally wonderful wife, Eleanor.

Lou Gadbois of Capitan has been a patient in the Presbyterian Hospital in Albuquerque. Mr. Gadbois had serious heart surgery. He and Mrs. Gadbois celebrated their 50th wedding anniversary while he was hospitalized. That was not a very pleasant way to celebrate such a momentous occasion, but we are happy to report he is doing nicely.

Dorothy Spies just returned from Las Vegas, NV where she visited friends and relatives.

Debra Cummins was the guest of honor at a baby shower Nov. 8 in the home of Maureen Sullivan. Assisting the hostess were Janice Star-

nes and Prenetta Nolen. A candlelight dinner preceded the opening of the many gifts. Guests were Bernice Dacy, Jackie Bandy, Darlene Bobb, Debbie Hobbs, Diana Riska, Carol Reamy, Tony Cox and daughter of Roswell, Gloria Cummins, Jo Warth, Courtney Cummins and Tarisha Starnes. Later in the evening David Cummins dropped in to take pictures of the festivities.

Beginning the first week of Thanksgiving the shops in Lincoln will be open at least three weekends before Christmas—Same as last year.

Bowling results of the Lincoln County Senior Mixed League at the Carrizozo Recreation Center on Nov. 6.

The Die Hards are in first place with 21 wins, the Paisanos are in second place with 19 wins and the 4 Bees are in third with 16½ wins. The Paisanos have the team high series with a 1828, F Troop second with 1802 and third place is tie between the Die Hards and the 4 Bees with 1754. Team high game goes to the On The Mark with 642, second 4 Bees with 634 and third the Paisanos with 628.

Lucy Griego has womens high series with a score of 653, second in Gladys Kinzey with 630, and third place is Lorene Claywood with 628. Womens high game is Pat Bailey with a 240, Lucy Griego in second with a 235, and Barbara Ward and Bonnie Brotherton tied for third with 231.

Mens high series is Fabian Valderamas 699, Bob Stephen has 685 and Larry Claywood 659. Ed Kettler has mens high game with a 263, then Bob Stephens in second with a 255, and third is Fabian Valderamas with 249.

# CAPITAN MUNICIPAL SCHOOLS 1990-91 ACCOUNTABILITY REPORT

### MISSIONS & GOALS

#### Board of Education Mission Statement

The primary purpose of the Capitan Schools is to educate all students. All other purposes are in support of this and are secondary. The schools are responsible for providing the atmosphere and instruction so students can master learning objectives, acquire skills and knowledge; and, display desirable personal qualities and values.

### GENERAL DISTRICT GOALS

- 1.) Raise Total Battery on CTBS standardized tests to the 80th percentile by the 1993-94 school year.
- 2.) Be ranked in the top 10% of New Mexico School Districts on the CTBS, ACT, Writing Assessment Grades 4 and 6, and the New Mexico High School Competency Examination in Grade 10 by 1993-94 school year.
- 3.) Develop well-balanced extra- and co-curricular activity programs.
- 4.) Maintain elective course offerings at the high school.

### MEASURES BASIC SKILLS FOR 1990-91 SCHOOL YEAR

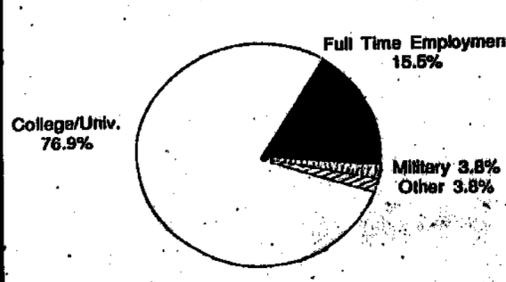

- 1.) Develop and integrate a study skills component into the curriculum.
- 2.) Incorporate a critical thinking skills component into the curriculum.
- 3.) Incorporate a cognitive education component into the curriculum.
- 4.) Develop and incorporate a comprehensive health education program.
- 5.) Expand the computer lab to the High School.
- 6.) Prepare for School Board Election.
- 7.) Prepare for Senate Bill 9 (Two-Mill Levy) Election.
- 8.) Begin planning for a Bond Election to construct a middle school. This issue is expected to be presented to the voters in November, 1991.

### COLLEGE ENTRANCE EXAMS

The college entrance exam used most frequently in New Mexico is the American College Test (ACT). English, math, social studies, and science are measured on a scale ranging from a low of 1 to a high of 36. The composite score is an average of the four area sub-test scores. The average ACT score for New Mexico students are slightly below those for the nation. District scores are below those for the nation. District scores are below both the state and nation for the years 1986-87, and 1987-88 above the state but not the nation. However, the scores show a substantial increase in 1988-89, placing the district above both the state and national average. In 1989-90, the composite score was 23, but data is not available for the state or nation at this time. A student may take the test several times; District scores for Capitan students are below:

	English	Math	Social Studies	Natural Sciences	Composite Score
<b>1986-87</b>					
District	18.1	15.5	17.2	21.4	17.7
New Mexico	17.9	16.2	16.6	20.9	18.0
Nation	18.4	17.2	17.5	21.4	18.7
<b>1987-88</b>					
District	19.1	16.6	16.0	20.9	18.4
New Mexico	18.0	16.1	16.1	20.9	18.0
Nation	18.5	17.2	17.4	21.4	18.8
<b>DISTRICT/STATE RANK 20/88</b>					
<b>1988-89</b>					
District	20.0	18.0	17.9	23.5	19.6
New Mexico	17.8	16.0	16.2	20.7	17.8
Nation	18.4	17.1	17.2	21.2	18.6
<b>DISTRICT/STATE RANK 6/88</b>					

### STUDENT FOLLOW-UP CLASS OF 1990

The student follow-up pie chart for the Class of 1990 shows that 76.9% of the students enrolled in a College or University.

### DIRECT WRITING ASSESSMENT

The writing test indicates the quality of students writing on a scale from 1 to 4 with a score of 4 being an excellent composition. The average writing performance for students in New Mexico has remained the same for the past two years, above the level of a minimally acceptable composition (score of 2). It is desirable for performance to move toward better levels of composition (scores of 3 and 4). Writing performance for students in the district show that students generally score slightly below the state average.

GRADE 4			
	1987-88	1988-89	1989-90
STATE	2.4	2.4	2.5
DISTRICT	2.3	2.3	2.6
DISTRICT/STATE RANK	53/88	56/88	22/88

GRADE 6			
	1987-88	1988-89	1989-90
STATE	2.6	2.6	2.5
DISTRICT	2.9	2.3	2.7
DISTRICT/STATE RANK	12/88	77/88	10/88

### HIGH SCHOOL COMPETENCY EXAM GRADE 10 RESULTS

The New Mexico High School Competency Exam, a graduation requirement, measures basic skills in reading, English (including a written composition), mathematics, science, and social studies. Scores are reported for each of the sub-tests, and student mastery is determined within each sub-test. The performance of New Mexico Students on this examination reflect high levels of achievement.

Seventy-two percent (72%) of all New Mexico tenth-grade students passed all sub-tests in 1989-90.

Over seventy-seven (77%) of Capitan's tenth grade students passed all sub-tests in 1989-90. Students have opportunities in the eleventh and twelfth grades to pass the sub-tests failed. All students in Classes of 1988, 1989 and 1990 passed the examination.

PERCENT 10TH GRADE PASSING ALL SUBTESTS			
	1987-88	1988-89	1989-90
STATE	70.4	66.2	72.8
DISTRICT	85.7	82.8	77.1
DISTRICT/STATE RANK 1989-90			31/88

### COMPREHENSIVE TEST OF BASIC SKILLS

The Comprehensive Test of Basic Skills, Form 4, (CTBS) includes measures of reading, language, and mathematics. The total battery indicates overall achievement. These scores compare the performance of students in the state and district with the performance of students in the 1988 national norm group. The average performance of students in New Mexico was near or above the average performance (50th percentile) of the 1988 norm sample. In comparison to national and state average performance, the district continues to score above the state and nation.

MEDIAN NATIONAL PERCENTILE = 50

### GRADE 3 CTBS RESULTS

	READING	LANGUAGE	MATHEMATICS	TOTAL BATTERY
STATE 1988-89	53.7	48.8	52.1	51.1
DISTRICT 1988-89	59.0	49.0	54.8	52.0
DISTRICT/STATE RANK 1988-89				42/88
STATE 1989-90	56.8	50.6	59.5	56.6
DISTRICT 1989-90	66.5	61.0	72.3	66.0
DISTRICT/STATE RANK 1989-90				26/88

### GRADE 5 CTBS RESULTS

	READING	LANGUAGE	MATHEMATICS	TOTAL BATTERY
STATE 1988-89	53	52.1	55.2	52.7
DISTRICT 1988-89	63.5	64.6	71.0	70.0
DISTRICT/STATE RANK 1988-89				4/88
STATE 1989-90	55.5	55.9	58.5	56.8
DISTRICT 1989-90	63.3	69.3	73.3	70.0
DISTRICT/STATE RANK 1989-90				10/88

### GRADE 8 CTBS RESULTS

	READING	LANGUAGE	MATHEMATICS	TOTAL BATTERY
STATE 1988-89	51.1	50	53.5	52
DISTRICT 1988-89	55.5	50	57	53.8
DISTRICT/STATE RANK 1988-89				34/88
STATE 1989-90	56.8	50.6	59.5	56.6
DISTRICT 1989-90	64.6	59.0	65.0	62.8
DISTRICT/STATE RANK 1989-90				19/88

### STUDENT INFORMATION

	85-86	86-87	87-88	88-89	89-90
Elementary	298	251	287	289	264
High School	225	212	236	233	214
Total	523	463	523	522	478

The five year student enrollment trend shows that enrollment can fluctuate by as much as 12%, but enrollment is generally stable. Enrollment for the 40th day for the 1990-91 school year was 502, but this count is unofficial until December 1.

### ANNUAL DROPOUT RATE GRADES 9-12

The purpose of the New Mexico Dropout Study is to report the extent of public school students who prematurely discontinue their formal education. The Capitan District compared to the State dropout percentage reveals that the District's dropout rate is generally lower than the State.

	1987-88	1988-89	1989-90
STATE	8.3%	10.4%	9.9%
DISTRICT	6.0%	2.08%	5.6%
DISTRICT/STATE RANK	51/88	16/88	41/88

### ADMINISTRATIVE COSTS PER STUDENT

Administrative Costs Per Student	1989-90---Rank
	\$249 35/88

Determined by total operational budget represented by the administration line items.

### TOTAL EXPENDITURES PER STUDENT

	1987-88---Rank	1988-89---Rank	1989-90---Rank
Total Operational Expenditures Per Student	\$3,881 - 40/88	\$3,891 - 37/88	\$4,425 - 33/88

Determined by net operational expenditures plus those for food services, non-instructional student support, pupil transportation services, and emergency fund.

### AVERAGE RETURNING TEACHERS SALARY

1987-88 SALARY	RANK	1988-89 SALARY	RANK	1989-90 SALARY	RANK
STATE 23,828		23,928		24,811	
DISTRICT 24,763	23	25,596	14	27,377**	10

\*\*From SDE Form 9258 as indicated in SDE New Mexico Accountability Report of October 12, 1990. Form 925F indicates 26,311 which would change the District Rank.

### PERCENT OF BUDGET FOR SELECTED PROGRAMS

CHAPTER I--PERCENT	REDUCED LUNCH	PERCENT	ALL FEDERAL LUNCH
\$82,112.70	3.72%	\$36,011.61	1.63%
			5.96%

### PERCENT OF MEMBERSHIP SERVED BY SELECTED PROGRAMS

18.1%	4.3%	46.13%

### 1988-89 SPECIAL EDUCATION FUNDING ALLOTTED THROUGH STATE FUNDING FORMULA

SPEC. ED. FUNDED UNITS	SPEC. ED FUNDING	PERCENT SPEC. ED.
149.5	\$270,820.75	13.03%

### NEW MEXICO SCHOLARS PROGRAM

This program makes scholarship money available to certain students who rank in the top five percent of their graduating class, earned an overall score of at least 25 on the ACT, and come from homes with a total family income of \$30,000 or less. The Class of 1990 had 2 students eligible for this program, and each received the scholarship available.

### FINANCIAL INFORMATION Public School Revenue Sources (State, Local, and Federal) Operational Fund

#### 1989-90 Capitan District Budgeted Revenues

State	\$2,028,229	98.24%
Local	29,466	1.43%
Federal	8,835	.33

### CONCISE BUDGET FOR 1990-91

Direct Instruction (Teachers, instructional materials, etc.)	\$658,801
Instructional Support (Principals, other support personnel, library supplies, & other supplies)	\$254,405
Administration (Superintendent, other administrative staff, supplies, & board expenses)	\$123,180
Plant Operation and Maintenance (Maintenance personnel, custodians, utilities, & supplies)	\$187,178
Fixed Charges (Educational retirement, social security, insurance, & property insurance)	\$315,133
Food Service (Food service personnel, benefits, supplies, & materials)	\$ 3,300
Non-Instructional Student Support (Athletic salaries, benefits, athletic and activity travel, & other activity expenses)	\$ 67,833
Pupil Transportation Services (Transportation personnel, benefits, supplies, & materials)	\$282,578
Capital Outlay (Land, buildings, & equipment)	\$ 52,477
Other Operations (Out of state tuition & other expenses)	\$ 205
Emergency Budget	\$ 29,030
<b>Total</b>	<b>\$2,184,119</b>

### TWO MILL LEVY ISSUE

On February 5, 1991, voters will be asked to extend the two-mill election for capital improvements. This will not cause a tax increase because this tax is already in effect. Voters are asked every three years if they want to continue this tax. An example of what these funds are used for are the computer labs. Also, maintenance equipment and classroom equipment have been provided through this fund. It is extremely important, almost critical, for the School District to have this source of funding.

### BONDING CAPACITY

The total assessed valuation of the School District is \$59,744,330. The six percent (6%) constitutional limitation of the assessed valuation shows the District's bonding capacity to be \$3,586,460. The general obligation bonded debt outstanding is \$925,000. This leaves the District's unused borrowing capacity at \$2,661,460.

### OF SPECIAL INTEREST

- 1.) The students of the Capitan Municipal Schools are to be commended for their hard work and superior performance in attaining excellent results in National and State examinations.
- 2.) The teachers of the Capitan Schools are commended for setting high standards and for expecting students to achieve.
- 3.) The parents of the students of the Capitan Schools are to be commended for their support of the teaching staff and reinforcing the school's quest in achieving its mission.
- 4.) The integrated Learning System (Computer Lab) is meeting our expectations as an excellent teaching tool. There are 36 different programs in this system. The majority of the students in grades K-8 are in Math Concepts and Skills and Reading programs. Students are averaging a gain of one (1) month for each hour spent in a program. The Lab provides reinforcement or enrichment of the basic curriculum objectives.
- 5.) The District has expanded the Computer Lab to the High School. This Lab consists of 24 IBMPS/2 computers. They are networked so students can take advantage of the courseware of the integrated Learning System; other network software, or they can be used as a stand alone.

The school board members, superintendent, administrators, and school personnel invite all citizens to participate in district planning, school activities, and other special events. Parents and others wishing to visit schools and classrooms are requested to contact school principals upon arrival. Assistance will be provided in locating specific individuals and classes. For information concerning district and school functions, please contact the administrative office: 364-2238.

# CORONA PUBLIC SCHOOLS 1990-91 ACCOUNTABILITY REPORT

## Mission and Goals

### CORONA SCHOOL BOARD MISSION STATEMENT

The primary purpose of the Corona Schools is to educate all students. All other purposes are in support of this. The Corona Schools in cooperation with parents are responsible for students mastering learning skills and knowledge, and for acquiring and displaying desirable personal qualities and values.

#### DISTRICT GOALS:

- 1.) To teach students skills that are necessary to function as motivated adults and good citizens.
- 2.) To emphasize basic skills K-12.
- 3.) To teach college preparatory skills: reference, note-taking, research information, retrieval reading, and following directions.

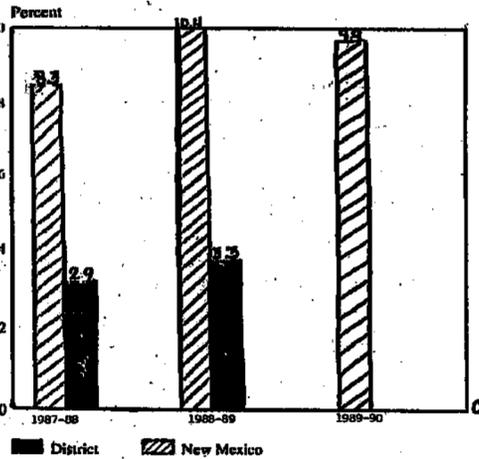

#### STUDENT INFORMATION

##### Enrollment Trends

	85-86	86-87	87-88	88-89	89-90
Elementary	66	60	52	59	61
High School	53	49	52	42	42
<b>Total</b>	<b>119</b>	<b>109</b>	<b>104</b>	<b>101</b>	<b>107</b>

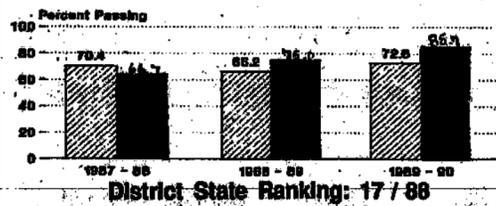

The five year student enrollment trend shows that enrollment at Corona Schools has shown a slight decrease.

#### Annual Dropout Rate Grades 9-12

The Corona Schools dropout rate is below the state average. Only one student in 1984-85 and one student in 1987-88 has dropped out of school at Corona. These students did eventually attend school elsewhere.

#### High School Competency Examination DISTRICT: CORONA

District State Ranking: 17 / 88

Advanced Placement classes are those classes in which students complete college-level studies in secondary schools. The classes may be taught by college instructors or district instructors trained by college faculty. Students earn college credit by passing an Advanced Placement examination.

According to the Council on Postsecondary Education, U.S. Department of Education (1990), in 1989, the percent of total schools with an Advanced Placement Program in New Mexico was 23.9%, increased from a 1987 percentage of 8.5. This increases New Mexico's national ranking from 44th in 1987 to 59th in 1989.

#### AVERAGE TEACHERS' SALARIES 1987/88 - 1989/90 NM Rank - 41 / 50 States

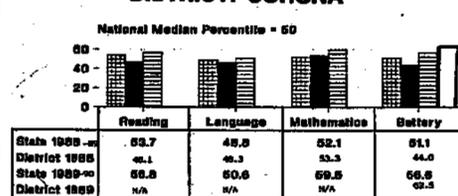

#### SOURCES: Ranking of the States, NEA, 1988, 1989, 1990 NMSDE Returning Teachers' Salaries

Of a graduating class of 9 students in the 1989-90 school year, 6 students (66.7%) applied to 4 year colleges.

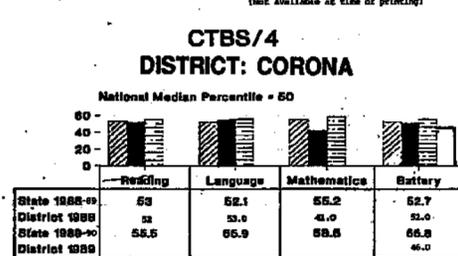

In 1988, 1989 and 1990, 100% of all Seniors graduated from Corona High School.

One (1) 1990 Corona High School graduate participated in the New Mexico Scholars Program.

**NEW MEXICO STATE BOARD OF EDUCATION**

**MISSION STATEMENT**

The State Board of Education has directed that every school system pursue the goals listed below. The standards outlined in this publication are not ends in themselves, but are intended to help districts to design and implement programs which will ensure that students meet these goals.

The primary purpose of schools in New Mexico is to educate all students. All other purposes are in support of this. Schools, therefore, are responsible for students mastering learning skills and knowledge, and for acquiring and displaying desirable personal qualities and values. The school, under local control and direction, recognized its shared responsibility with the community for the effective and efficient use of that community in education. In accepting these responsibilities, our schools will equip students to demonstrate the competencies related to the attainment of the following goals.

**ACADEMIC GOALS**

- Goal 1: Communication**  
Our students will communicate effectively through a proficient use of reading, writing, speaking and listening skills.
- Goal 2: Quantitative**  
Our students will apply the principles and concepts of mathematics and will be proficient in the skills of computation, measurement, estimation, and the summary and display of data.
- Goal 3: Aesthetics**  
Our students will have a knowledge of and will participate to the extent possible in the arts, drama, literature, and music.
- Goal 4: Physical Health**  
Our students will evaluate and integrate knowledge of personal and public health and will maintain acceptable levels of physical fitness.
- Goal 5: Science**  
Our students will be knowledgeable about scientific principles and be able to apply scientific methods.
- Goal 6: Social Skills**  
Our students will demonstrate the knowledge and skills necessary to participate in the social, political and economic life of our nation and interdependent world.
- Goal 7: Cultural Knowledge**  
Our students will demonstrate knowledge of the cultural diversity of our state, nation, and world; their customs, languages, people and history.
- Application: Goals**
- Goal 8: Analytical Thinking**  
Our students will be proficient in the process of problem solving, in the skills of deductive and inductive reasoning, and in the critical thinking skills which include analyzing, evaluating, synthesizing and distinguishing fact from opinion.
- Goal 9: Life Skills**  
Our students will be knowledgeable about career opportunities and requirements, work ethics, community resources, consumer economics, and will demonstrate the skills, abilities and attitudes necessary to get and keep a job.
- Goal 10: Technology**  
Our students will have a knowledge of technology, its scientific basis and its applications in and effects on society.
- Goal 11: Environment**  
Our students will demonstrate a knowledge and understanding of our natural environment and the role which the human race plays in the balance-of-nature.
- Goal 12: Personal and Interpersonal Health**  
Our students will demonstrate the knowledge, abilities and attitudes necessary to maintain personal, mental and emotional health and productive interpersonal relations.
- Goal 13: Lifelong Learning**  
Our students will acquire knowledge, abilities, and attitudes necessary to continue the learning process throughout their lives.

...from Educational Standards for New Mexico Schools, August, 1990

**MISSION AND GOALS OF THE CARRIZOZO BOARD OF EDUCATION.**

The primary purpose of schools in New Mexico is to educate all students. All other purposes are in support of this. Schools, therefore, are responsible for students mastering learning skills and knowledge, and for acquiring and displaying desirable personal qualities and values.

The primary purpose of the public schools is to provide an educational environment which provides strong basic skills, as well as encourages creative and experimental activities.

The school believes that all children have equal moral, social, and educational worth.

There are numerous differences which exist among children, and all children should have the opportunity to cultivate their native capacities and become effective, contributing members of our diverse society without discrimination with regard to race, national origin, religion, sex or handicap.

The school believes that an excellent academic program can coexist with an excellent athletic and activities program, however, the academic program shall be the main emphasis of the efforts put forth by the school.

Constant communication between the public schools and the community is imperative. The schools must provide services and programs which have been identified by the community as important and which will provide the community with informed, self-reliant and self-sustaining individuals.

The schools are responsible for educating children with regard to becoming productive, contributing members of society and to provide them with skills which will allow them to deal with daily life and an ever changing society.

The schools provides instruction with regard to developing an understanding of democracy and the responsibilities of citizenship, emphasizing interest and participation in community, state and national affairs.

The school promotes and fosters good citizenship, moral and ethical values, good physical and mental health, conservation, problem solving, wise use of leisure time, good work and study habits, respect for others and for property, and honesty.

The Carrizozo Municipal Schools has a fair but firm disciplinary policy to govern students, void of arbitrary and capricious standards which would establish double standards. Students should be vested with rights and responsibilities so as to start building a strong foundation for determining right and wrong.

The total educational experience should include, along with the academic curriculum, instruction that would promote the qualities of loyalty, sensitivity, dependability, drive, sincerity, trustworthiness, integrity and self-discipline.

The Carrizozo Board of Education publicly acknowledges the fact that it lies neither within its responsibility nor within its desire to substitute for or supplant the guidance and love of the student's family. The Board does readily accept the responsibility to provide students with experiences designed to lead them progressively into gaining the knowledge, skills, and attitudes which will enable them to live happy and successful lives.

In assuming this responsibility, the Board believes that the basic commitment of the Carrizozo Municipal Schools should be to develop within each student an awareness of his worth as an individual and to provide each student with a sound educational basis for achieving his/her full human potential.

Respect and reverence for the uniqueness of every individual shall be the hallmark of the educational environment.

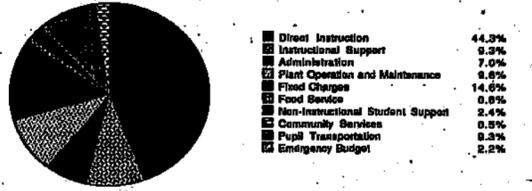

**INVITATION TO THE PUBLIC**

The Carrizozo Municipal Schools Board of Education, the superintendent, principal, teaching staff and support staff invite all citizens to participate in school activities and all other special events. We ask that you please let us know when you are on campus, so that we can be sure that our students are protected and so that we may be of assistance.

THE CARRIZOZO MUNICIPAL SCHOOLS HAD ONE (1) STUDENT PARTICIPATING IN THE NEW MEXICO SCHOLARS PROGRAM IN 1989-90. THE SCHOOL DID NOT HAVE ANY STUDENTS PARTICIPATING IN THE ADVANCE PLACEMENT PROGRAM.

THE BOARD OF EDUCATION, SCHOOL STAFF AND CARRIZOZO SCHOOLS STUDENTS WISH TO THANK ALL CARRIZOZO SCHOOL PATRONS FOR SUPPORTING THE BOND ISSUE AND MILL LEVY WHICH WAS PASSED IN APRIL. MANY NEW, BENEFICIAL AND NEEDED IMPROVEMENTS ARE ALREADY BEING MADE TO PROVIDE AN EXCELLENT EDUCATIONAL OPPORTUNITY FOR CARRIZOZO'S YOUTH.

### OF SPECIAL INTEREST IN NEW MEXICO SCHOOLS

Several educational programs have been begun in the New Mexico school system, placing New Mexico among the educational vanguard of the nation. The Special Projects described here received allocations of money through the State Department of Education in either 1989-90 or 1990-91, or both. These Special Projects are categorical in nature, funded outside the typical operating budget process.

Total state funds in excess of 7 million dollars have been allocated to these Special Projects in 1990-91. Brief Project descriptions are provided. Additional information may be obtained by contacting the SDE Special Projects Coordinator.

**LAW RELATED EDUCATION PROJECT (LRE):** The LRE is administered by the New Mexico Bar Foundation. The primary purpose is to provide training, materials and experiences to supplement and enhance instruction in the social studies area, focusing specifically on law-related subject matter. A major initiative of this project is the high school mock trial competition that is held throughout the state.

**IDENTIFICATION OF CHILD ABUSE TRAINING:** The purpose of this project is to provide training for all certified school staff in New Mexico in the detection and reporting of child abuse and the neglects required by state statute. The training is being provided by a private firm through contract with the SDE. The training is scheduled to be completed in 1991.

**PRE-SCHOOL INFANT EVALUATION (PIE):** The PIE Program is operated out of the University of New Mexico School of Medicine. It has as its purpose to identify and evaluate children with possible developmental delays or disabilities. The project is operated through a joint powers agreement between the State Department of Education, Health and Environment Department, and the University of New Mexico.

**COALITION FOR ADULT LITERACY:** The SDE contracts with the Coalition for Literacy, a non-profit organization, to provide the following services: 1) assess and evaluate local literacy, 2) provide technical and fiscal support for local adult literacy programs throughout the state, and 3) provide consulting services, teaching materials, and training for local adult literacy programs.

**LITERACY FOR CHILDREN AT RISK:** Funding has been allocated in 1990-91 for the Literacy for Children At Risk Act, which was enacted the previous year. These funds will be used to provide grant awards to selected schools and school districts to establish learning laboratories. Emphasis should be on improving the reading, writing, and mathematics performance of students whose test scores fall below the national norm.

**INDIAN EDUCATION CENTER FOR EXCELLENCE:** The Indian Education Center for Excellence has as its mission to coordinate and coordinate and proposed research efforts, serve as a repository of research results in Indian Education, and prescribe community based research efforts necessary for self-determination. The Center is governed through a joint powers agreement with an executive board and an advisory board of directors comprised of representatives from public school districts, tribes, state and community organizations.

**REMEDATION:** Funds have been allocated in 1990-91 that are available to schools through a competitive proposal process to fund remediation programs. Legislative language indicated that first priority for funds will be given to district that meet six specified "need" criteria.

**MISSING CHILDREN:** In 1989-90, two contractors were funded through the SDE to provide New Mexico schools with information and services related to child safety issues and missing exploited children. These services included packaged curriculum materials for students, training for teachers, and a toll-free telephone line for reporting or requesting information on possible missing or exploited children.

**RE: LEARNING:** RE: Learning is designed to support school restructuring efforts in New Mexico. The primary focus of the project is staff development and training. The project is administered by Eastern New Mexico University through a joint powers agreement with the SDE. Overseeing its operations is a cadre of individuals committed to school restructuring goals.

**NEW MEXICO SCHOLARS PROGRAM:** While not a Special Project as defined above, the New Mexico Scholars Program (NMSPP) was passed into law in 1989 (Section 21H-1 through 21-21H, NMSA). The program makes scholarship money available to certain students who rank in the top five percent of the graduating class, earned an overall score of at least 25 on the ACT, and come from homes with a total family income of \$30,000.00 or less. The scholarship may be for up to four years of post-secondary training.

**TWENTY-FIRST CENTURY SCHOOLS PROJECT:** The purpose of the Twenty-First Century Schools Project is to allow for the implementation of innovative public school programs aimed at building New Mexico schools into the 21st Century. For 1990-91, funds have been allocated for programs to extend the school year for students, to extend teacher contracts for training purposes, and to provide after school enrichment programs for students. A commission appointed by the State Board of Education will review and recommend projects to the Board and will oversee evaluation of the project.

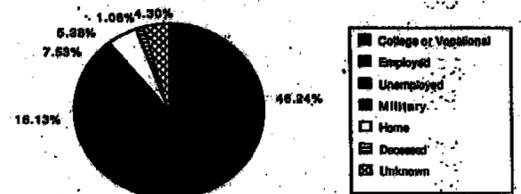

**CHOICE/Transportation:** As a component of the 21st Century Act, the Legislature allocated funds to be made available to low income families to provide school transportation reimbursement for a student who attends to a school outside the student's attendance zone. Such agreements are subject to local board approval by the receiving school district.

**PROJECT MESA:** MESA stands for mathematics, engineering and science achievement. The Project's goal is to increase the number of under-represented minorities in professions related to these areas. MESA's pre-college program provides participating students with seven major activities designed to enrich their education experience: Independent study groups, academic tutorials, academic university and career advising, field trips, Saturday leadership workshops, summer enrichment and employment programs, and scholarship incentive awards.

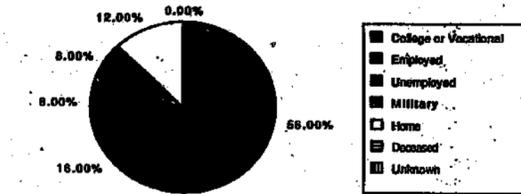

**PROJECT UPLIFT:** Project UPLIFT is a non-profit research, training, and development corporation. Its purpose is to promote enrichment type activities for students throughout the state. The project conducts annual institutes and exhibitions on topics related to science and technology. Project UPLIFT also provides fellowships and coordinates mentor programs for NM students.

**ADVANCED PLACEMENT PROGRAMS:** This special project is designed to provide encouragement and support, including financial support, to educationally disadvantaged students so that they can become college-bound. The project, which is administered by the New Mexico Educational Assistance Foundation, provides the necessary fees for disadvantaged students who wish to take Advanced Placement (AP) examinations. College advisement and awareness activities are also provided to students at elementary, middle, and high school levels.

**TWELFTH JUDICIAL DISTRICT COURT COUNTY OF LINCOLN STATE OF NEW MEXICO**  
No. CV-90-141

**FEDERAL HOME LOAN MORTGAGE CORPORATION,**  
Plaintiff,  
vs.

**JAMES MARK REDFEARN and SANDRA LYNN REDFEARN, husband and wife; LAURIE V. VROOM, JR., and MARY K. VROOM, his wife; the TAXATION AND REVENUE DIVISION OF THE STATE OF NEW MEXICO; PIONEER SAVINGS & TRUST, F.A., f/k/a Pioneer Savings & Trust Association,**  
Defendants.

**NOTICE OF SPECIAL MASTER'S SALE**

Notice is hereby given that on the 13th day of December, 1990, at the hour of 10:00 A.M., the undersigned Special Master will, at the north entrance door of the Lincoln County Courthouse, Carrizozo, New Mexico, sell all right, title and interest of the Defendants, James Mark Redfearn, Sandra Lynn Redfearn, husband and wife, Laurie V. Vroom, Jr. and Mary K. Vroom, his wife, in and to the hereinafter described real estate to the highest bidder for cash. The property to be sold is situated in Lincoln County, New Mexico, and is more particularly described as follows:

A Tract of land in Lot 36, LITTLE CREEK HILLS, Unit 2, Lincoln County New Mexico, described by metes and bounds as follows: Beginning at the Southeast corner of said Lot 36; Thence N 06° 19' 59" W along the East boundary of said Lot 36 a distance of 206.38 feet; Thence S 73° 45' 41" W along the North boundary of said Lot 36 a distance of 289.87 feet; Thence S 12° 30' 00" E a distance of 210.38 feet to the South boundary of said Lot 36; Thence N 59° 54' 47" E along said South boundary a distance of 58.41 feet; Thence along said South boundary along the arc of a curve to the right whose central angle is 31° 41' 18" and whose radius is 387.32 feet and arc distance of 214.21 feet to the said Place of Beginning and containing 1.235 acres more or less, which real estate is more commonly known as Little Creek Hills Road, Alto, New Mexico.

The foregoing sale will be made to satisfy a judgment rendered by the above court in the above entitled and numbered cause on October 19, 1990, being an action to collect a promissory note and to foreclose a mortgage on the above described property, which mortgage secures that note. Proceeds from the foregoing sale will be utilized to satisfy the judgment against the Defendants as follows:  
Amount due under terms of Note including principal and interest as of date of sale ..... \$85,189.57  
Attorney fees ..... 2,250.00  
Costs of litigation ..... 576.49  
Total judgment ..... \$88,016.06

In addition, thereto, the bidder at such sale will be responsible for paying the Special Masters fee of \$200 and costs of sale, including those of publication. Any judgment creditor has the right to bid at the sale and to apply all or any part of his respective judgment to the purchase price in lieu of cash.

**NICK VEGA, SPECIAL MASTER.**

Published in the Lincoln County News on November 15, 21, 29; and December 6, 1990.

**NOTICE OF FORECLOSURE SALE**

Notice is hereby given that by virtue of the terms of that certain Order of Sale entered by the United States District Court for the District of New Mexico, on October 19, 1990, in that certain cause entitled "United New Mexico Bank at Vaughn, A New Mexico Banking Corporation, Plaintiff, vs. O-O Ranch, Inc., The United States of America, Department of the Treasury, Internal Revenue Service, Carol Lietzman, Individually and as the Personal

Representative of The Estate of Robert Lietzman, Deceased, Defendants," being Cause Number CV 87-707-M on the civil docket of said court, the undersigned Special Master will offer for sale and sell to the highest bidder for cash, at 10:00 o'clock a.m. on the 23rd day of November, 1990, at the North East door of the Lincoln County Courthouse in the City of Carrizozo, County of Lincoln, New Mexico, the following described real estate lying and being situated in Lincoln County, New Mexico.

**UNCLE JOHN PATENTED LODE MINING CLAIM: Survey No. 258; Mineral Entry No. 89; Patent No. 9926; the Patent from which was filed for record in Lincoln County, New Mexico, on December 14, 1914, and is recorded in Book F of the Patent Records of Lincoln County at pages 397-400.**

Together with the right to use any existing roads or roadways across any and all adjoining lands belonging to Robert W. Lietzman, a single man.

lands, tenements, hereditaments, and appurtenances thereunto belonging, or in anywise appertaining, and the reversion and remainders, rents, issues and profits. This property is commonly known as the Headquarters property of the O-O Ranch located 8 miles East of Carrizozo, New Mexico and approximately 4 miles North East of the junction of U.S. Highway 380 and New Mexico State Highway 37.

Notice is further given that the judgment awarded by the court and the amount to be satisfied out of the proceeds of said sale is as follows:  
**JUDGMENT OF UNITED NEW MEXICO BANK AT VAUGHN:**  
Amount of judgment, including principal, interest to date of sale, attorney's fees and court costs; \$511,005.57.

together with Special Master's Fee in the amount of \$300.00 and the cost of publishing this notice. The terms of said sale are that the purchaser must pay cash at the time the property is struck off to him.

**DR. ALLEN COLBY SERVICE**  
Dr. Allen Colby Service, 83, died Nov. 6 at his home in Capitan.

Graveside services were held Nov. 9 at South Park Cemetery in Roswell with Rev. Tom Broom of Capitan Methodist Church officiating. Interment was at South Park Cemetery in Roswell. Dr. Service was born Jan. 5, 1907 in New Jersey. He graduated from Hahnemann Medical College and did post-graduate work at Washington Pennsylvania Hospital. He was a staff member at the Children's Hospital for Communicable Diseases at Mary J. Drexel Hospital. He taught pediatrics at the Women's College and was the chief resident at Lying-In Hospital, all in Philadelphia.

He was an active member of the American Board of Pediatrics and a fellow of the New Mexico Medical Society. In 1945 Dr. Service came to Lovelace Clinic in Albuquerque as head of the pediatric department. He arrived in Roswell in 1948 and opened the Children's Clinic, serving the community and outlying towns for 17 years.

As director of medical services for four years, he helped establish and staff the L.B.J. Memorial Hospital in Pago Pago. He also served as pediatric chief in Guam Memorial Hospital for three years. In 1973 he was associated with Ft. Stanton Hospital until his retirement in 1982.

He is survived by his wife, Eleanor D. Service of Capitan; two sons, Allen Colby Service Jr. of Albuquerque

and James Lee Service of Yuma, AZ; a daughter, Patricia Hunt of Yuma, AZ; a sister, Mrs. William "Alice" Halonen of San Francisco; and a granddaughter.

**KENNETH L. CRENSHAW**  
Kenneth L. Crenshaw, 44, White Oaks, died from gunfire wounds Nov. 3 at the Lincoln County Medical Center.

Services were held Nov. 5 at White Oaks School House. Interment was at White Oaks Cemetery under direction of LaGrone Funeral Chapel.

He was born Oct. 29, 1946 at Carrizozo, and lived in the Carrizozo area all of his life. He was a rancher and a veteran of the Vietnam War.

He is survived by a brother, Bobby Dan Crenshaw of Carrizozo.

(Cont. from P. 4)

oil. Liquid ingredients to dry ingredients, stir just until moistened. Stir in apples. Spoon batter into greased or paper-lined muffin cups, filling three-fourths full. Sprinkle Streusel Topping (recipe follows) over batter. Bake for 25 minutes to 30 minutes or until toothpick inserted in center comes out clean. Makes 2 dozen.

Streusel Topping: Combine 2 tablespoons flour; 1/2 cup sugar and 1/2 teaspoon ground cinnamon. Cut 4 teaspoon margarine in until mixture is crumbly.
