

Election Countdown Begins

Voter registration books have closed and the countdown to the Nov. 3 general election has begun.

Absentee voting is now going on. Absentee ballots will be mailed to voters who complete and return an application to the county clerk's office before 5 p.m. Thursday, Oct. 29. The mailed ballots can be completed and returned to the clerk's office by mail, or in person. If mailed, the ballots must reach the clerk's office by Nov. 3.

Voters can also cast absentee ballots in person at the county clerk's office in the

courthouse in Carrizozo until 5 p.m. Saturday, Oct. 31. The office will be open that day just for the absentee voting. The clerk's office is open from 8 a.m. to 5 p.m.

At the polls on Election Day, Lincoln County voters will have some new voting procedures. They will have to vote on a paper ballot.

This year five county commissioners will be elected, but voters can only choose one from the two candidates who represent their district. Ballots at each precinct will show only the county commission candidates for that district.

This year 10 presidential candidates will appear on the ballot, along with congressional, state, and county candidates. Because mechanical voting machines have space for only nine presidential candidates, Lincoln County voters will have to choose their political favorites on paper ballots.

To indicate a selection on the paper ballot, voters must draw a line to complete an arrow beside their selection. Black lead pencils will be available at the polling place, but the pencils will not have erasers. The line cannot be erased, as it might be detected by the

electronic scanner which will count the votes, said Lincoln County Clerk Martha Proctor. Rather, the voter should ask for a new ballot if a selection is to be changed.

Proctor said voters should be aware that voting a straight minor party ticket on the ballot, will not allow them to vote for local candidates.

The ballot will consist of two sides. One side will list all candidates for President of the United States; United States Representatives; State Corporation Commissioner; Justice of the Supreme Court; three Judges of the Court of Appeals;

state senator; state representative; district attorney; state board of education; county commissioner (vote for one only); county clerk; county treasurer; county assessor; county sheriff; probate judge and election of non-partisan judges.

On the other side of the ballot are four constitutional amendments and nine bond questions. Both sides of the ballot should be marked.

The ballots are printed in both English and Spanish.

Booths will be provided at the polls for voters to fill out their ballots in privacy. Once a ballot is filled out, the voter will

insert it into the Op-tach machine which will scan the arrows and record the votes.

Voters will sign in at the polls as before.

Poll workers will be schooled in the paper ballot to assist voters on election day.

Proctor has said the county may have to go to the electronic voting machine before the next general election in four years. While state and local contests are not expected to have more than nine candidates, predictions are future presidential races will involve more than

Treasurer's Staff Finds \$389,000 Tax Rate Error

Lincoln County Commissioners set the stage of this year's property taxes when they approved the Certificate of Tax Rates for the 1992 Tax Year.

The rates are set by the New Mexico Dept. of Finance and Administration (DFA) and are for properties, residential and non-residential, in all county municipalities and unincorporated areas of the county.

This year DFA made some mistakes, caught by Lincoln County Treasurer's office staff member **Cleane Robbins**. The miscalculations would have cost the county \$389,000 in lost revenue if the tax bills had been sent out with that error. The state was notified and readjusted the rates, which commissioners approved. Commissioners thanked treasurer Janice Ware and her staff for finding the potentially costly mistake.

The tax rates which commissioners approved are based on the county's net taxable value of \$270,119,489. Properties are taxed differently, according to their location, and whether they are residential or non-residential. The rates are expressed in mills, or dollars per thousand dollars of net taxable value. State debt service on all properties in the county, residential and non-residential is 1.343 mills. Then follows the 8.140 total mills for total county taxes on residential properties and 10.155 mills for total county rates on all non-residential properties.

Municipal tax rates vary for each municipality, and are added to the state and county rates. Varying mills are added for properties in each of the county's five school districts.

Added to the varying munic-

ipal and school rates are the 2.223 mills on all residential properties and 2.934 mills on all non-residential properties for the Lincoln County Medical Center; .683 mills on residential and .903 mills for non-residential properties for Carrizozo Health Center; .396 mills for residential and .451 on non-residential for Chaves Soil and Water Conservation District (imposed on a small number of eastern Lincoln County properties) and one mill on all properties in Ruidoso School District for Ruidoso Jr. College operational.

Total mills (including state,

county, school) imposed on residential properties in Ruidoso will be 38.148 and 41.976 on non-residential Ruidoso properties. Ruidoso Downs residential properties will be taxed 35.75 mills and non-residential properties in that village will be taxed 39.741 mills. Residential properties outside the two villages but in the Ruidoso School district will be taxed 23.140 mills and non-residential properties will be taxed 26.389 mills. Residential property in Carrizozo will be taxed 26.569 mills and non-residential will be 29.964 mills. Outside of Carrizozo, and in the Carrizozo School

District, the residential tax rate will be 21.062 mills and non-residential rate will be 24.069 mills. Corona residential property will be taxed 20.760 mills and non-residential Corona properties will be taxed 24.305 mills.

Residential properties outside Corona, but in the Corona School District will be taxed 17.264 mills and non-residential will be 20.331 mills.

Residential properties in the Hondo School District will be axed 19.566 mills and non-residential properties in the Hondo School District will be taxed 22.741 mills.

Capitan residential properties will be taxed 33.585 mills and non-residential Capitan properties will be taxed 36.797 mills. Residential properties

County Meeting Oct. 16

Lincoln County Commissioners will conduct their regular meeting at 9 a.m. Friday, Oct. 16, in their chambers in the Lincoln County Courthouse in Carrizozo.

The meeting was originally scheduled for Tuesday, Oct. 13, but was moved to Friday.

CAPITAN SENIOR Laurie Griego happily accepts the Homecoming Queen robe from student homecoming coordinator Lettie LaRue at Tiger Homecoming Friday, Oct. 2. Senior Carlos Preciado was crowned King of Homecoming 1992.

Kerstin Lucke and Fabienne Michel.

Carrizozo Offers Students Chance To See The World

For two Carrizozo High School students, coming to Carrizozo was a chance to see the world.

Fabienne Michel from Switzerland and Kerstin Lucke from Germany are both getting a first hand look at school life in the U.S.

Michel, who is from Luzern, a tourist city with about 70,000 population, has found everything in the vast grasslands of Carrizozo "so large and flat. You can see so far." But she likes it.

School life at Carrizozo School is quite different from that in Switzerland. There the 17 year old had already completed her high schooling and was enrolled in teacher training

for first through sixth grades. But she really hopes to be able to attend a university in the United States, in either New Mexico or Texas.

Fabienne is staying with Eileen and Gary Lovelace of Carrizozo. Since she came to Carrizozo at the start of the school year, she has visited White Sands, which she thought was a lot of fun, and old Lincoln town. She liked seeing the Billy the Kid items, since she had heard of the famous outlaw.

Fabienne plays on the Carrizozo volleyball team. This week, she joined the seniors in painting the C outside of town, an activity foreign to her school

in Luzern.

Fabienne will stay in Carrizozo until July or August, then return to her home to complete her schooling.

Kerstin Lucke is an exchange student through the Aspect International Program. Her host family is Anne and Nick Serna in Carrizozo. Kerstin is 16, and is a senior at Carrizozo High School. She comes from Burgdorf, Germany, a centrally located city of 35,000. At home Kerstin would be a junior in her school, with three more years left.

"It's great!" Kerstin said of Carrizozo. "It's different."

Cowboy Symposium . . .

(Continued from Page 1)

Cowboy musician Ray Reed, largely instrumental in organizing the Symposium, will entertain at 10:45-11 a.m. Flying J Wranglers are slated to perform at 11:45 a.m. to noon. Poets and musicians will entertain throughout the afternoon. Friday night Johnny Gimble and the former Texas Playboys will provide the Texas swing music for the dance set

for 9 p.m. to 1 a.m. Saturday, the schedule will be similar to Friday, with different poets and musicians performing every 15 minutes until 8:15 p.m. when Red Steagall, Buck Reams and Rich O'Brien will take the stage. At 9 p.m. the Texas Playboys again perform for the dance which lasts until 1 a.m.

Tickets for the Friday and

Saturday dances are \$10 each. Also on Saturday is the Chuckwagon Cook-off set to begin at noon, when visitors will have a chance to taste some prize-winning cowboy cuisine. Each chuckwagon will compete for the \$2,500 grand prize and \$5,600 in other prizes. A panel of three judges will select the best meat, beans, bread and dessert, all cooked over a campfire.

Chuckwagon meals will be served at noon for a cost of \$7.50 per person. Tickets will be available at the Symposium. Each chuckwagon can feed only 35 people, so get tickets early. Some chuckwagons are planning to serve a Sunday meal also.

Sunday opens with religious music at 9:15 from The Graham Brothers, followed by an inspirational message by Pastor Floyd Goodloe. The Graham Brothers will again perform at 9:45 to 10 a.m., followed by another message by Pastor Gene Grassie.

From 10:30-11:30 a.m. the Mexican, then the Indian dancers will splash the stage with colors and sounds.

From 11:30 until 4:30 p.m. poets and musicians will continue to perform. At 4:30-5 p.m. Jose Brothers, Gill Prather and Clay Lindley will close the 1992 Lincoln County Cowboy Symposium.

More than 50 exhibitors will sell their Western arts, crafts

and Western wares and crafts from 9 a.m. to 5 p.m. Friday through Sunday. The exhibitors will be adjacent to the main performing area and in a vendor tent outside the barn. The vendor tent also will feature an area set aside for free-lance performers.

Trail rides are scheduled to begin at 8 a.m. Friday, Saturday and Sunday. Riders are responsible for their own horses, which must be shod, or horses can be rented by calling organizer Craig Whipple at 268-3235. Call 378-4142 to pre-register for the trail rides which vary in length and level of difficulty. The trails give riders an opportunity to see Lincoln County as it was in the days of Billy the Kid.

Team roping fans can mosey over to the Tully arena nearby. Contact Gerry Tully at 378-4840 for more information.

Cowboy poets include Gary Morton from Lincoln, John and Sherry Underwood from Capitan. Pastor Floyd Goodloe is also from Capitan and will join several other speakers and preachers. Local musicians include Jim and Jeanie Martin from Ruidoso, The Graham Brothers from Ruidoso and The Flying J Wranglers from Lincoln County. Other talents fea-

tured during the Symposium include: Johnny Gimble, Red Steagall, Buck Reams, Rick O'Brien, Don Edwards, Waddie Mitchell, Curley Lewis, Frankie McWhorter, Bobby Bruce, Eldon Shamblin, Tommy Allsup, Bobby Koefler, Tommy Dee, Pee Wee Lynn, Dick Gimble, Leon Rausch, Judy Kay, Owen Lienhard, Larry McWhorter, Tommy Morell, Gene Grassie, Katie Lee, Howard Parker, Ed Stabler, R.W. Allen, Jack Douglas, Tuffy Cooper, Emily Winters, Betty Sims Solt, Jim Shelton, Clay Lindley, Fran Hedrick, Leon Autry, Shawn Davis, Shirley McLaury.

General admission is \$7 per person each day and children under 12 are free. The Square Dance Thursday night is \$7.50 each, and the Friday and Saturday night dances are \$10 per person each night.

For more information call 378-4142.

outside Capitan, but within the Capitan School District will be taxed 19.155 mills and non-residential properties 22.202 mills.

A mill represents one dollar of tax per one thousand dollars worth of taxable properties.

The Lincoln County Treasurer's office will begin mailing out tax bills the latter part of October. All or the first half of the property taxes will be due by Nov. 10 and delinquent by Dec. 10. Taxes paid after the delinquent date will be fined \$5.

Carrizozo Offers

Kerstin plays on the volleyball team, which is much different than volleyball in Germany. There, she said, volleyball is more of a fun thing, with few practices. Here it is more difficult but she likes it much better.

Kerstin learned some of her English at school in Germany, and is learning more while in Carrizozo. She also speaks French and is learning Spanish. She, like Fabienne, wanted to see a different part of the world.

Both girls will be part of the 1992 Homecoming activities Friday. They were selected as "honorary" members of court. Their escorts will be Heath Rickman for Kerstin and Tom Saiz for Fabienne.

18th Annual Allsup's Fall Roadraces Set

Al's Musings

By AL STUBBS

John Laird, El Paso Times columnist, hates cats with a passion, according to his column. We suppose that's his privilege, to malign one of nature's neat creatures.

We have an affinity for the felines of this world. That's one reason we called for help from the Ruidoso animal control officer on a recent beautiful fall day.

We had noticed an adult cat roaming the neighborhood for some time and didn't know if it belonged to someone. We figured it didn't because it spent a lot of time around the dumpster that stands in front of our place.

Suddenly there are five cats instead of one paying attention to the dumpster. And then we find the four half-grown kittens on our front porch. They were very skittish.

We felt sorry for the family of cats because they had to be virtually starving. And there wasn't any water around anywhere.

So what to do? We called the Animal Control number of the Village of Ruidoso and got the Ruidoso Police Department. We explained the situation, and within minutes, it seemed, Johnny Parker, animal control officer and a police officer, was on the scene with wire traps.

Rather reluctantly and somewhat with some guilt we had lured the cats to the porch with milk and a smattering of tuna fish salad so that the cats would be in the neighborhood when Parker came on the scene. Parker placed two traps near the porch and baited them with dog food.

"I have dog food in case you didn't want to use your tuna," he said.

Within minutes, Parker had the four kittens in the trap. We hadn't seen the mother, but Parker later said he had seen her enter a culvert in front of the house. He left a trap near the culvert and returned later to retrieve the device. Sure enough, momma cat was in the trap.

"This is the third bunch I've had to trap today," Parker told us. He indicated he has no tolerance for people who don't take care of their animals or who allow them to have litter after litter of kittens or puppies.

Anyway, we were impressed with the way Parker took care of the situation. We don't envy him his job, but we appreciate the professionalism and pleasant personality he reveals. As former councilman Al Junge said recently when we had breakfast with him, "Dick Swenor (police chief) runs a good ship." We agree.

One of those kittens Parker took away to the animal shelter reminded us of a mother cat the family had when we were growing up. She was calico.

The folks had nicknamed her "Zipper" because it seemed she had kittens every other week. Apparently, people weren't so conscious of the need to spay animals in those days.

In fact, our sex education started when "Zipper" had kittens in sister's crib one day. She had an audience. Every time we see a calico cat, we're reminded of Zipper. We loved that old cat.

Then there was Blackie, a neat cat the family took on a fishing trip to southern Colorado one year. Mom maintained that Blackie saved her life when he would wrap himself around her neck at night as she snuggled down in blankets in a tent when the nighttime temperatures dipped below freezing. Came time to leave the campsite, and Blackie was nowhere to be found. We looked for half a day and then had to depart.

Blackie was not going to be left behind. He had burrowed down in camping gear and luggage in the back of that old Model A and was with us all the time. We just didn't know it.

Please have your animals spayed and prevent suffering from disease and hunger. Have a heart.

Inside The Capitol

SANTA FE—At least everyone is now agreed that our nation's health care system needs a massive overhaul.

Gone are the emotional arguments for and against "socialized medicine" that have raged ever since the other industrialized nations of the world began toying with the idea decades ago.

The current debate centers around the type of plan to be tried. Should we preserve insurance companies or go to a single payor system? Should the freedom to choose a health provider be preserved or should everyone go to a clinic? Every special interest in the debate now has a plan.

That's because nobody's happy. People are losing their homes, going without essentials, and declaring bankruptcy because of medical bills. Many can't qualify for insurance because of pre-existing conditions.

Doctors aren't happy either. More regulations, more people looking over their shoulders, insurance forms from hundreds of different companies and paranoia over lawsuits forced 12 Albuquerque doctors out of practice last year.

It used to be so simple. My grandfather was a country doctor—the first president of the New Medical Society, our family has long claimed. He was paid in chickens, eggs, butter and a horse that always ran away. He says he was paid six times with the same horse.

He was also paid in art. We have a watercolor in the living room showing Dr. Miller and the family in front of their home in Tularosa. That horse is in the picture too.

But those times are gone. One quarter of the health care dollar is now spent on administration—as opposed to zero in my grandfather's day, unless you count the time he spent chasing that horse.

Today's medical picture involves "managed care" by many of the major insurance companies and different fine print to read in every one of more than 500 policies sold in New Mexico.

Last weekend a number of organizations combined forces to sponsor a major health care symposium in Albuquerque. Five hundred people representing every interest imaginable gathered to talk about alternative health care systems.

Participants were told that of the 24 industrialized countries of the world, the United States spends more than twice as much on health care per capita than the group average and yet we rank 21st in infant mortality and 17th in life expectancy.

Three of every four businesses with fewer than 10 employees don't provide health benefits. Those that do, spend as much on health care as they earn in after-tax profits.

Our country is already spending enough to provide every citizen high-quality,

high-tech medical care and yet 35 million have no medical insurance at all. Another 60 million are underinsured.

The solution is not to spend more out of our pockets or to tax ourselves more to provide comprehensive health care to every citizen. Our money just has to be spent differently.

And until that happens every insurance company and every health care provider in the nation will be on the hot seat because of our country's most inefficient health system in the world.

Congress has been debating the issue for years—and can't get off dead center. It may be left to the states to implement their own health care structures as Canada did some years ago.

New Mexico is being pushed to the brink of a decision by Medicaid requirements that demand a greater share of the state budget every year—and yet our state still has the greatest number of uninsured in the nation.

Medical care will be the major topic of the 1993 Legislature. Last year's 68 registered lobbyists, representing 40 different insurance companies and health care providers, will at least double and their lobbying budgets will increase by more than that.

On the other side of the issue, unpaid lobbyists for human services coalitions, retirees, churches, and public interest groups will also increase.

A solution must be found.

Hail To Columbus 500 Years Later

To provide another of those extended weekends so popular among shoppers and schoolkids, this Columbus Day comes two days before the actual anniversary of the great voyager's discovery of America half a millennium ago. But historical revisionists and Columbus bashers aside, there's still reason to celebrate.

By Philip C. Clarke

Today's "politically correct" critics would have us believe that Christopher Columbus' epic voyage brought nothing but death and destruction to the New World. The National Council of Churches, for example, has called Columbus' arrival "a historic tragedy" that should be condemned as "an invasion and colonization with legalized occupation, genocide, economic exploration and a deep level of institutional racism and moral decadence." In the words of Russell Means, the Indian activist, Columbus "makes Hitler look like a juvenile delinquent."

Most scholars, however, take a more traditional view. According to Jeffrey Hart, a professor of English at Dartmouth and senior editor at *National Review*, "Those who today denounce Columbus for discov-

ering America are sentimentalists. They wish they had been able to stand athwart a historical development that has been so enormous that nothing whatsoever could have stopped it."

Actually, today's Columbus bashing may be motivated not so much by "sentimentality" as by a desire to rewrite history along multiculturalist "anti-European" lines. Writing in *VFW*, the *Veterans of Foreign Wars* magazine, Professor Hart asks: "Do they (the revisionists) really wish that the Aztecs still held sway in Montezuma's old capital city, where thousands of sacrificial humans had their beating hearts cut out with stone knives? These Aztecs were so feared by their neighbors that the local tribes actually welcomed the Spanish conquistadores."

Continues Hart: "Does anyone actually think that the Stone Age American Indians were about to launch a civilization comparable to that of Columbus, Michelangelo and Dante, (all 15th century contemporaries)?" To ask the question, he adds, is to answer it. "The Indians had no written language and had not even invented the wheel."

Most defenders of Columbus by no means seek to ignore the cruelty and violence that often accompanied the coloniza-

tion of North and South America. Nor do they attempt to denigrate the native cultures of the Indian races that preceded Columbus. Yet, they view the arrival of Western civilization as both inevitable and, in the balance, beneficial to mankind as a whole.

"In the European world of Columbus," says Professor Hart, "the great navigators were part of an explosion of cultural and intellectual energy that reached into all areas of life... Viewed historically, Christopher Columbus combines features of the old medieval world and the new restless creative drives of the Renaissance... And so, 500 years later, hail to Columbus, who so richly deserves the title conferred upon him by the Spanish monarchs, 'Admiral of the Ocean Sea.'"

As for who first discovered America, archeological finds in Newfoundland in the 1980s provide evidence that Leif Erikson and his intrepid Norsemen landed there some 500 years before Columbus and his three-ship, 87 man expedition reached the Bahamas on October 14, 1492. But Columbus' entire 32-week voyage was recorded by the Italian-born admiral for all posterity. And it set in motion mankind's continuing

The Other Side

By Owen Russell

My first column appeared in the Lincoln County News on October 10, 1991, which means this must be my anniversary. I haven't had one of those in a while, but bring on the champagne. This makes 52 times I have written something, Lord knows what, to entertain my reader(s). However, I don't remember anyone ever telling me that substance was a necessary element of editorial effort. If I can put two or more words together and create a thought or image in your mind, whether favorable or not, I have accomplished my purpose. Now if I could just determine what my purpose was.

You might not realize how difficult it is to go through life with an ambiguous purpose, but it can sometimes be exciting when you have everyone else guessing what your purpose is and you are as much in the dark as they are. "Son, what are your intentions concerning my daughter?" "Sir, I assure you they may become honorable under certain circumstances, cooperative advantages, relational incentives and dowery arrangements!" (which means I don't know.)

Believe it or not, I had to look up how to spell champagne. You would think as much as I have been in contact with it in my career I would at least be able to spell it, but maybe drinking it and spelling it uses different muscles. Anyway, in my first attempt I spelled it "champagne" which is mixing it with another unrelated word of French extraction. "Champagne" is a wine, originally from Champagne, France, but now from wherever the original recipe may have taken root, and is distinguishable from "champagne", which was created by dropping the "e" at the end of the French word meaning a broad flat plain, probably located somewhere in Ohio, which further proves the old saying that you have to watch your i's and e's and p's and q's and be careful in the use of the indigenous language so you don't call the queen's daughter a pig when you only meant to comment on her porcine features, the key distinction being that she may look like one but not be one, or merely act like one but be expected to improve her manners, and if she doesn't grunt at you on the way to the gallows, you were probably wrong, anyhow. (Incidentally, dowery is correctly spelled either with or without the "e".)

By the way, champagne is not my favorite drink. It tastes like apple cider that has passed the peak of perfection, which I'm sure took a lot of effort to accomplish because if it tasted like apple cider at its peak of perfection, it wouldn't cost so much.

Speaking of anniversaries, I will be attending the 20th anniversary of my law school class at the end of the month. We were all turned loose on the world with our aspirations outdistancing our abilities and have spent the past twenty years trying to live up to the expectations of our significant relations who financed the operation in the first place, and we will now take this time to celebrate the survival of the species from the effect of our contributions to society. We either were less dangerous than anticipated or the species is more resilient than we thought, but with 20 years of experience under our belts, we may now be more effective in accomplishing our intended and expected goals.

We have some members of our class who are now in government service, several judges, a number who have entered other occupations, some who have been successful in their chosen pursuit, whatever it may have been, a lot of practicing lawyers, and even a few who have made money, although none who will admit it, supposedly for personal, professional, political, or interim

BLM Proposes Restrictions On Unpatented Mining Claims

Bureau of Land Management (BLM) Director Cy Jamison announced that the BLM is proposing rules that would more effectively regulate use and occupancy of unpatented mining claims on public lands.

"We believe this rulemaking will provide us with a much needed mechanism to prevent people from trespassing on public lands under cover of the Mining Law," Jamison said. "Illegal occupancy can cause environmental degradation, which is unacceptable to the BLM. In addition, trespass often is accompanied by other illegal activities such as mari-

juana growing and drug production labs that can pose public dangers."

Jamison pointed out that "legitimate occupancy associated with valid mining activities, especially in remote areas, is an acceptable element of regulated mining endeavors. However, we need to regulate occupancy more closely and prevent unauthorized activities, such as 'squatting' or 'homesteading.' Clearing the public lands of illegitimate mining claims occupants will help open up that land for legitimate uses, such as mining, grazing, and recreation."

The proposed rule would set forth restrictions on use and occupancy of unpatented mining claims and mill sites located on BLM-managed federal lands under the Mining Law of 1872, as amended. The proposed rule would limit the use of such lands by the claimant to those activities related to prospecting, mining, or processing operations and to uses reasonably incident to those operations.

The proposed rule would define key terms, such as "use," "occupancy," "exploration," "mining operations," and "reasonably incident." In addition,

it would establish standards for use or occupancy; procedures for initiating occupancy; prohibited acts; procedures for inspection and enforcement; and procedures for recognizing and managing existing occupancies. It would also provide for penalties and appeals procedures.

The proposed rule would apply only to lands managed by the BLM. It does not apply to state or private lands where the mineral estate has been reserved to the United States or to federal lands administered by other federal agencies even though they may be open to the operation of the Mining Law.

Currently, the BLM oversees nearly 1,600 plans of operations

(covering mining operations that disturb more than 5 acres per year and has received about 6,800 notices of operations (for operations disturbing 5 acres or less per year). Mining operations on public lands extract a variety of minerals, including gold, silver, gypsum, and bentonite.

The proposed rulemaking was published in the September 11, 1992, Federal Register. Written comments on the proposed rulemaking should be submitted no later than November 10, 1992, to Director (140), Bureau of Land Management, Main Interior Building (Room 5556), 1849 C Street N.W., Washington, D.C. 20240.

When I started this column, no requirements were imposed other than to fill a little space, and I hope I have been able to fill it with something someone (anyone) was interested in. But, all in all, it has been a good year, and I will be looking forward to more of the same in the future.

his parents, Richard Thomas and Armitie Jordan Snodgrass, and his three brothers Floyd, Roy and Nolan and three sisters, Madalene, Nettie and Daisy. He is survived by 15 nieces and nephews. There was a graveside service at the cemetery in Duran and he was buried near his parents. Minis-

ter, Dave Schneider, from Alamogordo, presided. The pallbearers were: Bill Smith, John D. Holkayman, Erahiam Hindi Sr., Jim Kessler, Mr. Cardiel and Nolan Vickery. Nobel was 93 years old.

Crown CowBelles, assisted by Benolyn McKibben, prepared a noon meal for 150 expected guests at the NMSU ranch for their ram test and field day. They served lamb, beef, potato salad, slaw, beans and tortillas. There was peach cobbler for dessert. Nine members of the Corona FFA helped with the transport and serving. A short meeting authorized payment of bills for this venture. The secretary has a list of

all who attended and will forward it to NMSU.

The Corona FFA bid on and received the contract for a new fence around the school playground. They completed the project last week. Nice job!

The Corona PTO wishes to thank everyone who came to help clean and prepare the playground for new equipment, including Mitzi and Michael Alirez, Jenetta Stewart, Janice Bond, Cindy Herod, Rosetta Gilmore, Irma Bryan, Linda Dobbs, Renee Kessler and Janice Brooks. Thanks also go to the Corona Trading Company for their kind donation of a bag of ice. The PTO will have a meeting on Tuesday, October 13, to discuss plans for the upcoming Halloween Carnival.

The preschool would like to be able to have a booth at the Halloween Carnival. Your donations would be greatly

appreciated. Contact Mitzi Alirez or Kriston Sultmeier if you can help.

The get-acquainted dinner held at the school last week had a good turnout of about 50. The teachers introduced themselves and Mrs. Linda Coy, the superintendent, gave a short speech. She is enthusiastic about her job and the good things that may happen for the school. The food was enjoyed by all.

Panthers Pound Grizzlies 22-7

By JAMES SMITH

The Carrizozo Grizzlies were beaten by the Animas Panthers last Friday for their first home loss of the season. Though the Grizzlies totaled 269 yards compared to Animas' 197, six fumbles and five turnovers again kept the Grizzlies from winning the game.

The first quarter saw a 35 yard field goal for the Panthers, but the Grizzlies came back in the second period to score on a 30 yard pass from Cory Collins

to Heath Rickman. Fernando Medina kicked the extra point to make the score 7-3. On the ensuing kickoff, however, the Panthers returned the ball for another touchdown, making the score 9-7 at the half.

After a great goal line stand that kept the Panthers from scoring from the one yard line, the Grizzly offense was unable to move the ball and was forced to punt. The Panthers then scored on a 25 yard pass off the hands of a Carrizozo defender to make the score 15-7. After

another fumble return in the fourth quarter, the Panthers scored one more touchdown and an extra point to set the final score at 22-7.

Carrizozo rushed for 150 yards, and Collins passed for 119 yards in the game. Anthony Archuleta carried the ball 22 times for a total of 93 yards, Michael Barela had 13 carries for 40 yards, and Heath Rickman received the ball three times for 50 yards. The Grizzly offensive line, made up of Raymond Najjar, Lenny Beltran,

The Carrizozo Jr. High football team won its second game of the season last Thursday afternoon over the Capitan Jr. High 26-14. The young Grizzlies kicked off their season the week before with a 20-6 win over Cloudercroft. FB Paul Fitzpatrick #35 for Carrizozo picks up some good yardage against the Tigers last week. Other Grizzly players in photo include #24 Zac Chavez, and #74 Victor Parra. Carrizozo will host Tularosa Jr. High (today) at 4:00 p.m.

Steve Ortiz, Fernando Medina, Tom Saiz and Heath Rickman also played a good game.

This week is Homecoming Week for the Carrizozo Grizzlies, and school related activities all week long are preparing the team for their game this Friday against the Cloudercroft Bears. Kickoff time is 7:30, and all members of the alumni and anyone else who would like to cheer for the Grizzlies is invited to attend.

Big Wins For Lady Grizzlies

The Carrizozo Lady Grizzlies had some big wins recently.

Tuesday the varsity Carrizozo girls team defeated the Ft. Sumner Vixens in a hard-earned match that went to five games. The girls are still undefeated in district play.

The Carrizozo Junior Varsity and Junior High teams defeated the Capitan Lady Tigers JV and Junior High Thursday, Oct. 1.

Tuesday, the varsity girls played hard and defeated Ft. Sumner in a district match: 15-5, 12-15, 15-5, 13-15, 15-11. Lynette Hernandez claimed the most service points in the match, with a total of 17. Amy Funk scored 16 service points, Renee Roper 12, Rachel Archuleta 10, Yvonne Estrella five and Lori Gibson two total in the match.

Grizzlies Coach Kay Patterson was real pleased. "The girls played so well and so hard," Patterson said the girls tried some new techniques where all came together in the match.

Best defensive players for the Lady Grizzlies were Lori Gibson, Yvonne Estrella and Renee Roper. Patterson noted Estrella's outstanding defense in the final game of the match, despite an injured ankle.

On Oct. 1, the Lady Grizzlies varsity team lost to the Capitan Lady Tigers powerhouse in three games: 6-15, 5-15, 4-15. Patterson said the girls froze in the game, which opened an opportunity for the Tigers to score.

Amanda Vega stepped in for Lynette Hernandez as setter and scored the most service points with six total for the match. Lori Gibson scored three, Archuleta two and Yvonne Estrella two.

The varsity Lady Grizzlies are now 4-0 in district play and 6-5 for the season. Patterson hopes Carrizozo will host the district tournament final, set for the week of Oct. 23.

The JV Lady Grizzlies team surprised the Capitan JV Lady Tigers last Thursday by winning the match in three games: 7-15, 15-8, 15-10. Patterson said Julie Gallegos played fantastic. Debbie Bond was top scorer with 16 total service points in the match, Gallegos scored 10, Sarah Funk scored seven, Natalie Chavez two and Jacqueline Epperson one.

Ft. Sumner JV defeated the Carrizozo JV girls in three games: 15-11, 6-15, 15-8. All girls on the team had a chance on the court during the game. Debbie Bond scored a total of seven service points in the match, Chavez scored six total, Funk five, Epperson and Katie Hightower three each, Fabienne Michel and Kerstin Lucke two each.

The junior high Lady Grizzlies are still undefeated.

They also took the Capitan junior high girls for a surprise

by winning the match in three games: 15-10, 12-15, 15-2. Keri Shafer dominated the service line with her 16 total points in the match. Naomi Vallejos scored nine total service points, Nicole (Michelle) Barela and Julie Barham scored six each total points, Joanie Bingerman scored three and Katie Hightower two.

Ft. Sumner junior high girls were no match for the Carrizozo junior high girls who won in two games: 15-3, 15-3. Shafer scored a total of 15 points in the match, Barham scored seven, Barela four, Hightower two and Michelle Samora two total in

the match.

On Oct. 3, the Carrizozo junior high girls defeated AA Estancia junior high in three games: 15-11, 7-12, 15-12. Shafer was top scorer with 13 service points total in the match, Barham scored 10 total in the match, Hightower five, Vallejos three, Barela three, Bingerman two total in the match.

The Lady Grizzlies varsity team plays the Vaughn Lady Eagles tonight, at 6 p.m. in Vaughn. The Carrizozo girls will travel to New Mexico Military Institute in Roswell Saturday to play varsity and JV matches, starting at 1 p.m.

Tiger King and Queen

CAPITAN 1992 HOMECOMING Queen Laurie Griego and King Carlos Preciado accept their crowns from court assistants Dianna Lively and Shayla Smith.

CARRIZOZO HIGH SCHOOL Homecoming 1992 Queen and King candidates are, (from left) queen candidates, Jennifer Luna, Michela Schlarb, Amy Funk and Yvonne Estrella. King candidates, (from left) Nathan Portillo, Cory Collins, Michael Barela and Anthony Archuleta.

Tigers Win Homecoming Game, 30-6

An exciting game it was! As Tiger Coach Ed Davis predicted, the Capitan Fighting Tigers provided plenty of excitement for fans who packed the bleachers Friday night, at 1992 Homecoming.

The Capitan boys defeated the Anthony, Texas Wildcats 30-6.

Fans stood in line to get into the game and were still in line after the Tigers kicked off. The C on Capitan Hill was lighted with flares for the evening.

It was a game of defense most of the first quarter. The Tigers worked their way toward their goal with several carries. With only 1 minute, 12 minutes in the first quarter, Tiger Damian Roybal scored Capitan's first touchdown with a nine-yard run. The Tigers fumbled the extra point attempt.

While Anthony had a successful pass in the first quarter, the Wildcats were unable to score before time ran out.

The Wildcats started the second quarter with the ball, then worked their way toward their goal. Tiger Chris Smith stopped the Wildcat player on the six yard line. But the next play saw the Wildcats getting over the goal for a touchdown. The extra point kick was no good and the score was tied at 6-6. It was to be Anthony's only score in the game.

Tiger offense kicked in after the Anthony touchdown. Mike Fish's 28-yard pass to Jim Paul Whipple scored another touch-

down for the Tigers. Roybal ran the ball in for the extra two points. The score was Tigers 14, Anthony 6 at 5:09 left in the second quarter.

Anthony fumbled the kick, but recovered the ball, only to lose it a couple of plays later when Tiger Ernie Trujillo intercepted a Wildcat pass on the 37 yard line. After a few Capitan carries, the Tigers lost the ball to Anthony during an intercepted pass. But Tiger Chris Herrill stopped the Wildcat on his 38 yard line.

Tiger Carlos Preciado intercepted an Anthony pass then ran for a first down. But the yellow flag flew and the Tigers lost five yards as the second quarter came to an end.

During half time, Laurie Griego was crowned Homecoming 1992 Queen and Carlos Preciado was crowned King. The two were selected by the student body. Other candidates were Tammy Payne and Christopher Smith, Kelly Cox and Kyle Traylor.

The Homecoming Court consisted of freshmen Michelle McGarvey and Keith Cox, sophomores Troy Stone and Laurie Smith and juniors Alma Lively and Wes Mitchell. Assisting the court were elementary students Patrick Griego, Chisum Seals, Kathryn Becker and Shayla Smith.

After the coronation, the Tiger Marching Band performed for the fans.

The Tigers had the ball as the third quarter opened. But

two five-yard penalties early in the quarter set the Capitan boys back. The Wildcats gained the ball but soon lost it on a out-of-bounds kick.

Even with another penalty, the Tigers scored another touchdown with Orlando Baca's 16 yard run. Roybal ran the ball in for another two points to make the score 22-6.

The ball turned over twice with Anthony in possession at the end of the third quarter.

Good Tiger defense at the first of the final quarter forced Anthony to punt the ball. Tigers recovered it on their 49 yard line. In the next play Roybal carried the ball to the Capitan 18-yard line.

From there Tiger quarterback Fish carried the ball across the goal with his 22-yard touchdown run. Roybal again ran the ball across the end zone for the extra two points. Score was 30-6 with 9:40 left in the last quarter.

The game was all defense from that point on. The Tigers were unable to get near their goal, even with a few good carries. At 1:39 left, the Tigers were again penalized.

With one second left in the game Anthony stopped the clock with a time out.

It was all over and the

Tigers claimed another victory to make their record four wins, two losses.

Saturday, at 3 p.m. the Tigers play their first district game in Reserve. The following Friday, Oct. 16, the Tigers kick off at 7:30 p.m. in Cloudcroft for another district game. The Tigers will not play on their home field until Oct. 23, when they play top rated Loving Falcons at 7:30 p.m. in a district game.

District play wraps up on Oct. 30, when the Tigers play the Carrizozo Grizzlies at home. Kick off at 7:30 p.m.

Regional playoffs are slated for Nov. 6-7, location to be announced later. State championship is Nov. 13 or 14.

Coach Davis said Damian Roybal was leading ground gainer in the game Friday, with 136 yards rushing.

Mike Fish covered 97 yards. Jim Paul Whipple did a good job on catching passes, grabbing the ball in a 21 yard pass and scoring a touchdown on a successful grab.

Davis said the Tigers' offense is working well because the linemen are coming around.

The Tigers play at Reserve at 2 p.m. Saturday for their first district game.

Lady Tigers Hold Undefeated Record

The Capitan Lady Tigers kept their undefeated record Saturday with a district win over Loving.

With no losses this season, the Capitan varsity girls breezed past the Loving Lady Falcons in three games: 15-2, 15-4, 15-4. Tammy Payne scored five service points in the first game and Anita Aldaz scored four. Kelly Cox scored seven in the second game. Stacy Gowen and Anita Aldaz scored five each in the third game for the match.

The Tigers junior varsity team also beat Loving in three games: 12-15, 15-8, 15-5. Alma Lively scored five service points in the first game, Michelle McGarvey scored five in the second and Shelby Gowen scored five in the third game.

Sheriff's report

A prisoner from Camp Sierra Blanca, New Mexico minimum security prison near Ft. Stanton, walked away from the facility the evening of Sunday, Oct. 4.

Camp Sierra Blanca (CSB) officers found Robert Abeyta, 54, about one mile west of the prison, along Rio Bonito, about 9:30 a.m. Monday, Oct. 5. Abeyta was taken and booked into the Lincoln County Detention Facility in Carrizozo that same day.

Abeyta was listed as missing after the 6:40 p.m. head count of prisoners Sunday. A search of the grounds was conducted, but Abeyta was not found. New Mexico State Police were notified.

According to assistant warden Tom Sullivan, Abeyta was believed to be out of the area at first. However, Sullivan instructed his CSB officers to go up and down the creek by the camp. Officers found Abeyta along the creek the next morning. State Police were not called in to help with the search.

The following information was taken from dispatch records in the Lincoln County Sheriff's Office in Carrizozo:

OCT. 1
 9:15 a.m.—a welfare check of a White Oaks area resident was requested. The woman worked at the hospital in Ruidoso and had not come into work yet. The message was delivered and the woman was headed to work.

6:19 a.m.—a Lincoln woman reported livestock trespassing.

6:51 p.m.—Ruidoso police reported livestock on Gavilan Canyon Road, just down from Warrior Drive. New Mexico State Police (NMSP) were notified.

8:59 p.m.—Capitan Shell reported a gas skip of \$6 and described the vehicle. A deputy located a vehicle matching the description in Ruidoso, however, the driver didn't know where Capitan was and didn't want to go there. The deputy talked with Capitan Police who advised the skip had happened about one hour earlier and someone else told the store what the vehicle looked like.

9:10 p.m.—a suspicious vehicle was reported near Coyote, north of Carrizozo on Highway 54. A deputy checked the vehicle and advised no problems.

9:36 p.m.—a security company advised of a breaking and entering of an Alto residence. A deputy took the report and checked the Alto area.

9:46 p.m.—a red horse was reported on Highway 37, mile marker four. The complainant thought he knew who owned the horse, but was unable to contact that person. Another possible owner was called, but did not claim the horse, rather went up the road and put the horse in a pasture. NMSP were advised.

OCT. 2
 4:09 a.m.—an accident without injuries was reported

five miles north of Carrizozo on Highway 54. The man who reported the accident saw dust in the air and a vehicle off the roadway, but did not stop. A deputy tried to find the vehicle and drive 20 miles north of Carrizozo. He made no contact.

10 a.m.—Capitan Shell requested an officer to take a report of a larceny from the station. Capitan police responded.

2:45 p.m.—an accident with injuries was reported four miles north of Corona. Corona ambulance and NMSP responded.

3:02 p.m.—NMSP requested an ambulance for an accident with injuries 10 miles east of Bingham (mile marker 44) on Highway 380. Carrizozo ambulance responded.

7:20 p.m.—an illegal was reported at the door of a D. Ave. residence in Carrizozo, and the resident could not speak Spanish. Carrizozo police showed the subject the road to Clovis.

8:28 p.m.—a Ruidoso woman was attempting to locate her 1984 red Chevette on Highway 70. She had been told the car was out of service and she requested police transport the stranded motorist to Ruidoso. The responding deputy checked Highway 70 to the Chaves County line without finding the vehicle. He called the woman and advised her the vehicle was not at the location she gave. The woman then wanted to file a stolen vehicle report. The deputy advised the woman it was a possible embezzlement of the vehicle and she would have to contact Ruidoso Police.

Ruidoso Police requested Capitan police check the village for the vehicle. Capitan police advised negative contact with the vehicle or the subject allegedly driving it. Ruidoso police advised it was a civil matter—who owns what?

11:17 p.m.—a red horse with white hocks was reported on Highway 37, mile marker four and a half. It was the same horse, same area as the one reported the night before. The owner was still unknown, which prompted the dispatcher to comment, "Next time, impounded and hauled to the sale barn."

OCT. 3
 1:06 a.m.—three or four head of black cattle were reported on Highway 70 at Glencoe. NMSP responded.

A guest at a Ruidoso area motel requested an officer to ask an idling 18-wheeler driver to move his rig, because the guest could not sleep. The driver was a guest at the same motel. After dispatch discovered the right motel (the complainant gave the wrong location) the night desk clerk was notified by a Ruidoso police officer.

2:12 a.m.—a guest at a Ruidoso motel requested an officer to file a report for theft of a vehicle stolen from Del Monte, Grant County, Colo. A Grant County deputy requested information about the report to facilitate arrest of the thief, who was known to the complainant and deputy. Ruidoso Police Dept. faxed the necessary to Grant County Sheriff's Office.

6:28 a.m.—an accident without injuries involving a deer and a vehicle were reported two miles west of Carrizozo on Highway 380. A wrecker was called.

11:48 a.m.—a Bonito area rancher reported dogs chewing up calves. A deputy advised he would take pictures of the calves and the animal control officer would follow up.

3:50 p.m.—an accident was reported on Highway 70 near Tinnic. NMSP found the rolled blue Cadillac at mile marker 288; there were no injuries. Hondo ambulance responded but returned to its station.

11:08 p.m.—a prowler was reported in the Agua Fria area. Ruidoso Downs Police handled

the situation.
OCT. 4
 1:46 a.m.—an anonymous caller reported a loud and disturbing party with juveniles in attendance at a residence on B. Ave. in Carrizozo. Carrizozo police made contact with the party, but found no indications of juveniles present. The officer stayed in the area for a while. The revelers apparently got the message and toned it down. All was still quiet by 2:59 hours.

12:59 p.m.—about 50 feet of fence was reported removed from a Ft. Stanton pasture for firewood. An officer was requested to take a report.

1:46 p.m.—a hurt cat was reported at the corner of 4th and Stanton in Capitan. Capitan police responded.

OCT. 5
 6:26 a.m.—an ambulance was requested at a Capitan 2nd Street residence for a diabetic patient. Ft. Stanton ambulance

crew requested Ruidoso Ambulance Service meet them on the highway, which was done. The following persons were booked into the Lincoln County Detention Facility.

CARRIZOZO SCHOOLS CLIPBOARD

A really school color day for Carrizozo Middle School that carried to other schools in the area. The students and community groups who were invited to bring more than their school. Never seen before, staff, and board members will be interested.

HOMECOMING WEEK—Homecoming activities during the week focused on alumni of the past and students of the pre-

cent. Special recognition has been given to the classes of '63, '75 and '83. Marina Baca, Homecoming Queen in 1989, is scheduled to crown the 1992 King and Queen. Peter Aguilar, class president in 1963, will serve as the parade marshal. Special recognition will be given to David Roper and Christy Monreal, members of the football team of 1973, who had the honor of playing on four consecutive New Mexico Championship teams.

Students from the freshmen, sophomore, junior and senior classes competed for prize money by decorating the high school hall, hauling wood for the bonfire and decorating floats. Senior candidates for queen are Amy Funk, Yvonne

Estrella, Jennifer Luna and Micha Schlarb. King candidates are Anthony Archuleta, Michael Barco, Cory Collins and Nathan Portillo. Each class has representatives for the homecoming court; Jacqueline Epperson and Jim Brown, freshmen; Natalie Chavez and Steve Ortiz, sophomore; Renee Roper and Fernando Medina, junior. Exchange students Fabienne Michel from Switzerland, and Kerstin Lucke from Germany will serve as honorary royalty.

Each day of the week was designated dress-up day by the cheerleaders. Monday was Pajama Day; Tuesday required that students dress in clothes of the opposite sex, and Wednesday was Hobo Day. Today, Thursday, is American Spirit Day when students dress in red, white and blue, and Friday is designated as School Color Day.

The week was full of activities. On Monday the freshmen and seniors took the day off to paint the "C". A boy and a girl from each high school class sold at Slave Sale on Tuesday. Homecoming King and Queen votes were taken on Tuesday. That evening the parents of volleyball players were recognized at the Zozo/Ft. Sumner volleyball game. The traditional bonfire was held on Wednesday night. This afternoon the junior high football team plays Tularosa. At the conclusion of this game and following the varsity practice an alumni flag football game will be held. Friday's schedule includes an assembly at 11:35 a.m. in the old gym, the parade through town at 2 p.m., the football game against Cloudcroft at 7:30 p.m. and the dance following the game.
