

Man Murdered In Capitan

Lincoln County Sheriff's Office is following up on information on the homicide which was committed in Capitan last week. But as yet police have no suspects.

Thursday, March 24, Capitan police found Herman "Lew" Hulen, 80, clubbed to death in his home at 440 4th Street in Capitan. Police went to the home to do a welfare check of the elderly resident after Hulen's daughter in

California was unable to contact him by telephone. Police also found Hulen's home badly ransacked.

At 2:39 p.m. March 24 Capitan police chief Tony Cano requested a medical investigator come to the home. OMI Dave Vermillion responded, and ordered Hulen's body be sent to the Office of the Medical Investigator in Albuquerque for autopsy.

Cano called in the Lincoln

County Sheriff's Office to investigate the homicide on Friday morning. According to sheriff James McSwane he declared the incident a homicide after an investigation. McSwane and deputy Angelo Vega went to Albuquerque to view the body on Saturday.

Autopsy reports confirmed that Hulen was killed by trauma to the head and chest area caused by a blunt object. Hulen's skull was crushed and

his collar bone broken. Autopsy also showed Hulen was dead no longer than 36 hours before his body was found.

McSwane assigned three deputies full time to the case, and on Monday the district attorney was notified and assigned an investigator to assist the sheriff's office.

The state crime lab team from the New Mexico Department of Public Safety came from Santa Fe Monday and

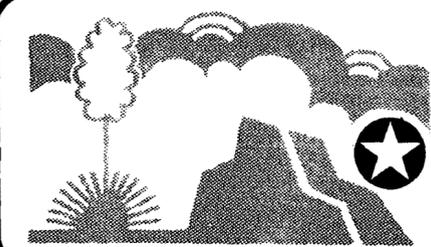

investigated the scene. The team and investigating deputies gathered evidence from the crime scene.

McSwane said the crime has caused the small community of 1,000 to realize there are potential dangers out there. "We're not excluded from crimes that hit other areas in the U.S.," McSwane said Tuesday. "It's always shocking and upsetting that a crime like this could happen."

McSwane requests that anyone with any information that might assist with the crime investigation contact the sheriff's office at 354-2909 toll free.

McSwane said there were three possible situations which could have led to the crime. Hulen discovered a burglary in progress, an indi-

Memorial Service To Be Held For Dr. Amy Barton

Amy Stokes Barton, MD died at her residence in California on March 26.

A memorial service will be held for Dr. Barton, known to many as Dr. Amy, at 2 p.m. Saturday, April 2 at Carrizozo Recreation Center.

Dr. Amy is survived by her daughter Emily Barton Boronokay and her husband Danny and two children of Poway, CA; her son Charles Blodgett and his wife Barbara of Seattle and her son Kenneth. Also surviving is her brother Louis and nieces and nephews.

Superintendent Position Could Be Filled Today

Carrizozo Board of Education met again Tuesday and completed their first round of interviews of six final applicants for the superintendent's position.

The six were selected out of 18 total applicants. The six are Forrest Wellman of Portales, Eloy Roybal of Mora, Dr. Elna Stowe of Portales, Lucille King of Portales, George York of Animas and Robert Hemphill of Carrizozo.

Board president Jan Barham told THE NEWS Tuesday that the board may make a decision after the last interview or may choose to re-interview an applicant. Wednesday, board vice-president Nick Serna said the board had selected one of the finalists. However, Serna said the finalist had until today (Thursday) to accept the superintendency position. Serna said he could not disclose the finalists name until the person accepts the position.

All review and discussion of the applications, and interview of the six finalists, were done in closed session.

MainStreet Changes Accomodate Parking

The Ruidoso Mid Town MainStreet Project continues, but not strictly by the original plans.

Ruidoso Village Council, during its meeting Tuesday, authorized several changes to upcoming phases of the MainStreet Redevelopment project. The changes were a result of a three-hour public workshop on March 22 when about 20 business owners and other interested individuals voiced their concerns. The council authorized staff to pursue the use of state severance tax funds previously approved for the River Walk project for construction of public rest rooms.

The remaining changes will accommodate parking. Center Street up to Wingfield will become one-way, which will provide space to build a wider sidewalk to the municipal parking lot on Wingfield across from the police station. The wider sidewalk will comply to ADA handicapped access standards. Parking on the west side of Center will remain.

But a change in the original designs for parking spaces created the most controversy. New councilor Robert Donaldson, a former Planning and Zoning Commission chairman, wanted to continue with the original design plans and not try to create more parking spaces. The designs eliminated nearly 70 percent of the parking downtown by

creating wider sidewalk areas which allow pedestrians to pass, or pause. The designs also include planters for landscaping. Donaldson said he was not against saving spaces, but he did not want to ruin the design with long sections of four-foot sidewalks, such as those being constructed in the second phase.

"I think the second phase looks horrible," Donaldson said.

Donaldson also was concerned about the handicapped accessibility four-foot sidewalks on the south side of the street. But business owners at the meeting urged the council to allow more parking to be carved out of the MainStreet design.

Donaldson's motion to authorize staff to proceed with

Another Friday Meeting

The Lincoln County Board of Commissioners has canceled their regular monthly meeting originally scheduled for April 5 and scheduled a special meeting to be held on Friday, April 8 beginning at 9:00 A.M. in the Lincoln County Courthouse in Carrizozo.

Sheriff's Posse Sponsors Easter Egg Hunt Saturday

The Lincoln County Sheriff's Posse will sponsor a community Easter egg hunt on Saturday, April 2, at 1 p.m. for children through age 10. The hunt will be held at the City Park, by the lake, in Carrizozo. The Carrizozo Fire Department will assist with the hunt.

All children who are old enough to walk without the

aid of their parent, through age 10, are invited to attend the Easter egg hunt. There will be two divisions for the hunt; five and under, and six through ten.

A total of eight prize eggs will be hidden, with prizes of filled Easter baskets and stuffed animals to be given away.

Weaver Appointed ENMU-R Librarian

ENMU-Ruidoso announces the appointment of Mary Weaver of Alto as the University Librarian at the Ruidoso campus effective Mar. 16, 1994.

Weaver comes to ENMU having most recently served from 1991-93 as the Library/Media Specialist for the Capitan Municipal Schools. Her academic preparation includes earning a BS in Biology from Western New Mexico

University and a Masters of Library and Information Sciences from North Texas University in 1990.

Campus Director Jim Miller noted that "Mary has an extensive background in library services and emerging computer-based technologies that now form the foundation of most college libraries. With Mary joining the college staff,

Each commissioner was connected to the speaker phone via the AT&T Conference Center. Commissioners approved the professional services contract with the Maternal Child Health Plan Program with the New Mexico State Department of Health, all pass through money. Also approved was a budget adjustment resolution to provide funds for two change orders in the jail remodeling project and the \$395,000 in Lincoln County Medical Center mill levy funds that were not included in the mid-year budget adjustment. Votes were counted by roll call. At the conclusion of the meeting chairman Monroy Montes said the teleconference was a "nice meeting, we didn't have to leave our houses. It worked!"

Capitan Tiger Band To Get New Uniforms

by Doris Cherry

Capitan Board of Education toured the mid-school construction project with architect Steve Strain and associates. Afterwards the board approved the purchase of new band uniforms, set next year's calendar, accepted two grants for trees and computers and got the district's official report card at the meeting Thursday, March 26.

Mid-school architect Strain, Ed Lang project engineer and the site supervisor toured the building with the board in a work session March 24. The building project is estimated to be 60 percent complete. During the regular meeting Member Beverly Payne questioned Strain over the \$13,800 extra charge to the excavation phase of the project. The building site was raised during the dirt work phase because a late summer rainstorm flooded the nearby high school and the building site.

Strain explained the \$15,000 contingency fund in the construction price was there just for those types of changes. "I don't think it was an absolute must," Strain said about the change. He said the original plans did have positive drainage for the building.

Any balance of the contingency fund would have reverted to the district at the end of the project.

Board president Tom Trost said he was real happy with contractor T.E. Arrington, whose company has been paid

\$501,000 on the project so far. Also Arrington donated the bronze letters of Capitan to add to the Mid School lettering on the building. Payne concluded the tour and report by asking for a meeting with associate Shaw and Arrington.

Capitan Tiger Guard Band will get new uniforms this fall. Music director Dolores Earwood and Music Booster uniform committee members chair Juanita Smith and Connie Jaquess presented a detailed invitation to bid for the uniforms.

Band student Jody Sidwell modeled a complete sample band uniform made in school colors with school lettering and mascot. Smith said a uniform company she contacted made the uniform and

invited inspection. Bids will be opened April 15. A committee of Vangie Provine, Nina Ross, Leanne Longbotham and Smith will evaluate the bids according to a set of guidelines.

Smith said the board should be proud of the music kids who are good students and are highly visible in other communities. She said the high school band did well in the honor band in Truth or Consequences. "They're really good public relations for the school. They deserve new uniforms," Smith said.

Boosters said there is renewed interest in the music program and they are about to start a band drive to attract more kids.

SIERRA BLANCA MUSIC EDUCATORS HONOR BAND intermediate level performed Saturday, March 12 at Hot Springs High School in T or C. Junior high and high school music students from Capitan, Carrizozo, Cloudcroft, Dexter, Estancia, Hagerman, Mountainair, Truth or Consequences and Zuni participated in the two-day event which involved tryouts for seating positions, rehearsals and final concerts. The advanced level band was directed by Harold Van Winkle, former UNM band director. 20 music students and music director Dolores Earwood from Capitan School participated in the event.

Dr. Amy Barton . . . (Continued from Page 1)

Dr. Amy was born on a farm in New Jersey and graduated from West Town Friends School in West Town, PA in 1930. She attended Mount Holy Oaks College but left because the school did not offer a course in science. She

attended the University of Michigan where she graduated in 1937 with a degree in Medical Science. She first practiced medicine in Gerberville, CA then moved to Denton, Texas to be college department head.

Dr. Amy practiced medicine in southern New Jersey from the late 1940s until 1972 at which time she came to practice at Roswell Rehab. She moved to Carrizozo in June 1973 and opened a family practice.

The Medical Society of New Jersey honored her with the Golden Merit Award in 1987 for 50 years of service as a practicing physician.

The Valley of Fires Lioness Club in Carrizozo named her Lioness of the Year.

Dr. Amy was very active in the Carrizozo Senior Citizens Center and was a medal winning athlete in the Senior Olympics. She won gold and silver medals in the state senior Olympics four consecutive years and participated in three events at the national senior Olympics.

New Uniforms

(Continued from Page 1)

The 1994-95 school year begins on August 23 for students. The board approved the 1994-95 calendar, which was the staff's choice of two options.

A grant from the New Mexico Energy, Minerals and Natural Resources Department will buy 28 trees for planting around the new middle school. Howard Shanks from the Soil Conservation Service wrote the proposal.

Computers will be purchased for the middle school and other areas with a \$100,000 general fund appropriation from the state legislature. Two bills in the house and senate combined for the amount. The request was in response to a recommendation from the state department of education accreditation team. The district also plans to purchase desk top computers, software and printers.

Credit was given to girls coach Pam Allen for obtaining \$1,200 from Oshman's Sporting Goods Grants for Girls, for the girls athletic program. The grant will buy new basketball side goals for the new gym and shorts for the junior, high volleyball and girls basketball teams.

The board accepted the official written Accreditation Report, which now includes the district's responses to deficiencies and recommendations.

Debra Ingle, owner of Smokey Bear Motel/Restaurant asked for permission to use the high school gym to house a traveling Smokey Bear memorabilia display on July 1-Aug. 1. Ingle said the display manager has confirmed that the display is available at that time. It will need 3,000 feet to set up and admission will be charged.

Board member Russell Shearer asked Sonnamaker to investigate whether the district's insurance will cover the display and whether allowing the display would violate the antidonation clause.

The school has been asked to provide space for other Smokey Bear events. Shearer said Tom Guck from the forest service asked to use the school property north of the high school for a place to launch the special shape Smokey Bear hot air balloon in July. The board was hesitant to grant the request because the area is the site of a proposed baseball/multi-use field.

The board was cautious about a request for use of the football field for a country western concert on July 2. New Mexico State University will sponsor the concert. Trost said the board made no promises when it was first approached a year ago. The board requested a meeting at 7 p.m. Thursday, March 31 with the local concert coordinator, and the NMSU representative to work out the specifics. Some of the board's concerns were the effects of 3,000 people on the football field and where to park.

The board also approved transportation contracts with Frank Silva and a Head Start transportation agreement that allows Head Start students to ride on Silva's regular buses.

Sonnamaker reported the district got a citation from the state department accreditation management team which

made a recent visit. The citation was given because the district published its most recent accountability report as such, instead of the state required "School Report Card."

The board credited the boys and girls basketball teams which both made it to the state tournaments. Suggestion was made to seek a Capitan Tigers Day designation from the village government.

The board heard a report about the successful third annual Capitan FFA Invitational. More than 1,000 stu-

dents from several New Mexico FFA chapters and some 4-H members participated in the all day event.

Also during the work session Sonnamaker reported on the break in at the school over spring break. Someone broke two windows, opened the coke machines, the cafeteria door, went into the bookkeeper's office and athletic office and into student lockers. It will cost \$152 to replace the windows, but otherwise there was no vandalism. It appeared who ever broke in was looking for money.

vidual was inside at Hulen's request, or the assailant entered without permission. There were no signs of forced entry but the door could have easily been forced, McSwane said.

Hulen's 24 cats were picked up by the county animal control officer.

Hulen's body was sent to California for burial in Forest Lawn Hollywood Hills in Los

Angeles on March 30. He had moved to Capitan in 1978 from Santa Monica, CA.

McSwane said Hulen lived alone and kept mostly to himself. However on occasion Hulen would visit a local liquor establishment.

Residents living nearby were shaken by the news. "I'm going to keep my doors locked," said a neighbor.

MainStreet Changes

(Continued from Page 1)

the original plans and not allow addition of undesigned parking died with a vote of four nays and two ayes.

Councilors will address parking by developing parking lots. They met in a closed session to discuss acquisition of property for a public parking lot. Lease agreement negotiations also are underway with owners of other private areas with parking lot potential.

Some sidewalk widening will be done without taking spaces. In certain areas of Mid-Town Sudderth Drive is wider. Donaldson's motion to keep Sudderth Street lanes to 12 feet, and allow wider sidewalks in the areas where the street is wider was unanimously approved.

Councilors approved a landscaping committee of councilor Frank Potter, Donaldson, Margaret Lahey, Mike Radziewicz and Don Miller which will decide on the details of landscaping such as the types of trees and size of planters.

Donaldson differed from the group over a motion to allow construction of a five-foot chain link fence with a 20 foot gate on a property on El Paso Street, for security purposes. The property will be opened for parking during the day. Donaldson and the Planning and Zoning Commission were concerned for public safety, because the fence could interfere with fire department response abilities.

Shaw was also concerned about approving the fence, because it could lead to a "mismatch of fences" on El Paso Street. P&Z is in the process of drafting an ordinance regulating fences in Ruidoso.

A fence requested by another Mid-Town property owner got unanimous approval provided the owner meet conditions that a parking area be laid out, surfaced, spaces delineated and the razor wire be removed from existing fencing. The low single rail pipe fence will enclose the private parking area, accessed by a gate.

A year old village dispute with a property owner along the Rio Ruidoso about a bridge over the river continued Tuesday. Councilors instructed Underwood to meet with owner Susan Merrill's attorney Dan Bryant within 14 days to put in motion a plan to reconstruct the Short Street bridge or some other type of water crossing that complies with the Federal Emergency Management Agency (FEMA) plans. The village cited the owner for the bridge which was in dire need of repair last year. The owner did improvements to the bridge this year, but was cited for not having a building permit to do so.

Bryant said he was working with the Army Corps of Engineers to develop a plan for a bridge that would meet flood standards. The bridge is the only access to the Merrill property that was landlocked when an alternative side street was washed away by a major flood in 1978.

The Chamber of Commerce building by Two Rivers Park on Sudderth Drive became one of five designated locations where banners will be allowed in the village. Chamber executive director Joan Bailey requested the location be included because it is a natural spot to promote events sponsored by civic and non-profit groups. Councilors approved the location be added to the four others in the sign policy.

Councilors unanimously approved a 50 year lease with the Humane Society of Lincoln County for use of village property on Gavilan Road for an animal shelter. The village council approved a 50 year lease in June last year, but the society never received a

written agreement. Councilors denied a request from Dave Anderson to operate a canoe rental at Grindstone Lake. Recommendation to deny the request came from the Parks and Recreation Committee which found the applicant not qualifying for the contract instructor program and thus being eligible to be covered by village insurance. Councilors further dis-

cussed their overall policy approved a motion by Donaldson to direct staff to draft guidelines for concessions.

A Life With Consequences

By MICHAEL MCKIM SWICKARD

The woman looked pitiful as she was being interviewed on the network news, "I just can't quit cigarettes, it's all the extra nicotine they put in them." She brushed back a tear as she testified that she would quit smoking but it wasn't possible. "Those cigarette companies did this to me," she said.

I found it amazing that the news person presented the woman's statement without comment or rebuttal, appearing to accept her assertion.

People in prison have a saying, "If you can't stand the time, don't do the crime." They are addressing the people who want to avoid any notion of consequence for their actions. This woman was making a case for it being someone else's fault she didn't stop smoking.

Most likely, she smoked for many years because she wanted to and because she thought she could avoid the consequences of smoking. We Americans like to think we can all live our lives without consequences.

If they were truthful, 99 percent of smokers would admit they knew before they started smoking that it was not a healthy thing to do. They knew it was a hard habit to break because nicotine is addictive. They have their reasons for why they started and why they continue. But what really matters are the ultimate consequences.

Each of us makes a conscious choice to smoke or not—just as each of us makes a choice to eat healthy foods or drive our cars safely. Look at our public schools.

When parents complain their kids don't get a good education they miss the cause and effect of the situation. While the schools could always do better, research into student achievement shows that the harder the students work, the more success they have.

An odd fact was shown when Vietnamese refugees were put in inner city schools. Everyone knew that those schools were bad. Yet children of refugees got a good education while their fellow students did not. What happened? The Vietnamese parents expected and insisted their children apply themselves while the parents of mainstream children allowed them to fail.

Every time students skip school or do not do their homework there is a consequence. It is much like smoking. Early on the consequences are rarely severe.

At some point, though, the person pays heavy penalties for smoking or not applying themselves in school.

Complaining about the schools reminds me of the woman complaining about the cigarette companies. When all is said and done the student and the woman will pay the consequence for their choice of actions.

The other day someone passed me as I was going the speed limit. They passed over a double yellow line and narrowly missed an oncoming car. They may be able to make that kind of risky maneuver many times before they are killed or kill someone else, but it will happen if they continue to drive like that.

Whether it's driving or sex or drugs, the thing about our consequences is that while they are not applied every time, sooner or later they always come to bear.

We do not have a life without consequences—we only have consequences which are not applied every time.

Granted bad things sometimes happen without the victim doing anything. Still, most calamities which befall us are of our own doing. They are simply the consequences of our actions.

Whether the woman blames the cigarette company or not, she still pays the consequences for her smoking.

Each of us has the choice of our actions from which we will reap the benefits or pay the consequences. MS

Trinity Site Will Be Open April 2nd

WHITE SANDS MISSILE RANGE, N.M., March 23—Trinity Site, where the world's first atomic bomb was exploded in 1945, will be open to the public on Saturday, April 2. The National Historic Landmark is open twice a year, on the first Saturday in April and October.

Trinity is located on the northern end of the 3,200-square mile White Sands Missile Range, between the towns of Carrizozo and Socorro. For the upcoming Trinity Site tour there will be two ways of entering the restricted missile range.

Visitors can enter through the range's Stallion Range Center which is five miles south of Highway 380. The turnoff is 12 miles east of San Antonio, N.M. and 53 miles west of Carrizozo. The Stallion gate will be open from 8 a.m. to 2 p.m.

Visitors arriving at the gate between those hours will receive handouts and will be allowed to drive unescorted the 17 miles to Trinity Site. The road is paved and marked.

The second way of entering the missile range is by traveling with a caravan sponsored by the Alamogordo Chamber of Commerce. The caravan forms at the Otero County Fairgrounds in Alamogordo

and leaves at 8 a.m. Visitors entering this way will travel as an escorted group with military police to and from Trinity Site. The drive is 170 miles roundtrip and there are no service station facilities on the missile range. The caravan is scheduled to leave Trinity Site at 1 p.m. for the return to Alamogordo.

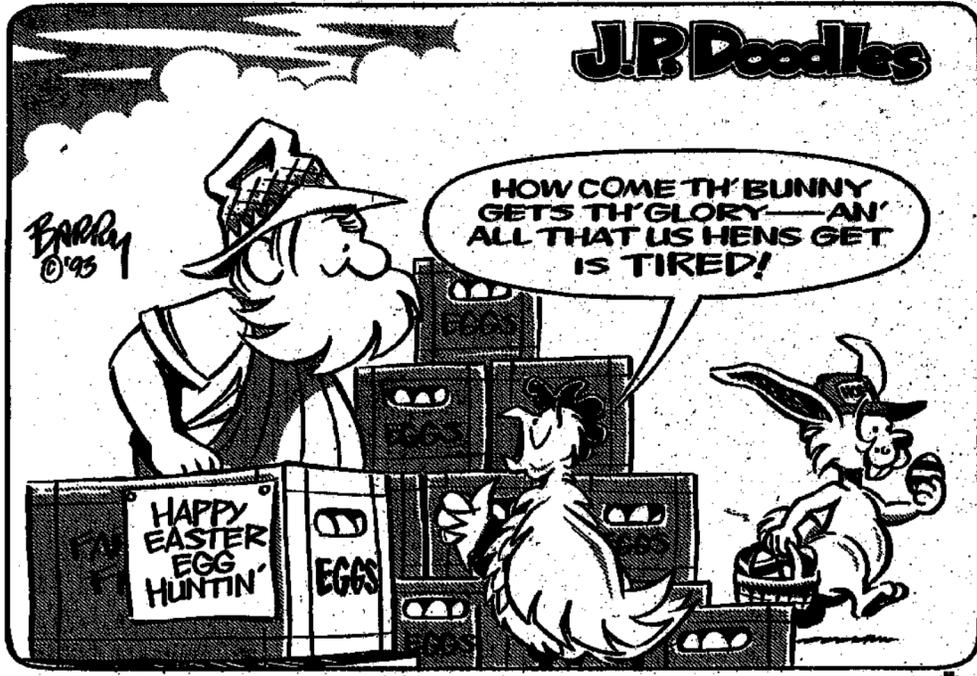

Cameras are allowed at Trinity Site but their use is strictly prohibited anywhere else on White Sands Missile Range.

Trinity Site consists of ground zero where the atomic bomb was placed on a 100-foot steel tower and exploded on July 16, 1945, and the McDonald ranch house where the world's first plutonium core for a bomb was assembled. The crater resulting from the explosion has been filled in and a small monument now marks the spot. The missile range provides historical photos and a Fat Man bomb casing for display at ground zero.

There are no ceremonies or speakers.

Limited food and drink items will be on sale at the site as well as a variety of mementos.

For more information contact the missile range Public Affairs Office at (505) 678-1134/1700.

SANTA FE—The Democrat and Republican state conventions each were treated to a gubernatorial speech from candidates that aren't running for governor—yet.

House Speaker Raymond Sanchez, a Democrat, and Land Commission candidate Stirling Spencer, a Republican, delivered speeches that may have caused many delegates to wish they could vote them into the governor's office immediately.

Sanchez's speech to the Democrats was a keynote address, filled with the fire and passion delegates had become accustomed to hearing from Mr. Speaker. They knew they were hearing from a future governor candidate. The only question was when.

Spencer's speech was a much shorter one, scattered amid comments from candidates who didn't have convention opposition, but who were given a few minutes to familiarize themselves to delegates.

But the cowboy in the white hat didn't confine himself to land issue. He ranged far into the ills of society and proposed solutions. His speech was short but his words were well chosen and delivered with an energy that brought delegates to their feet as he finished.

Sanchez's good performance was expected; Spencer's was a pleasant surprise to most delegates. Sanchez often has talked publicly of his gubernatorial plans. Spencer hasn't, but he must have thought about it. Perhaps the two will face off for the post some day. Our state could do worse.

The speeches weren't all nuggets. Most sounded like what comes out when you or I open our mouths.

GOP delegates' favorite governor candidate this year, Dick Cheney, spent much of his allotted time speaking out against crime—and then announced that he has five convictions. That brought some amused glances at the press table until Cheney listed his most closely held beliefs.

The major portion of a Bruce King speech usually consists of recognizing familiar faces in the audience and asking the crowd to give them a hand. But looking out at a sea of 1,600 noisy convention delegates, King knew he'd have to try something else.

So he launched into comments about what a fine party Democrats have. When he mentioned the name of Harry Truman and heard some cheers, King was on a roll. The next moments were peppered with names of other former Democrat presidents... "And let's hear it for Woodrow Wilson."

Republican lieutenant governor candidate Joe Carraro opened his speech by saying a delegate had just asked him to drop out of the race and stay in the Senate where he could continue delivering his eloquent remarks. Carraro promised to continue speaking out on the issues from his post as president of the Senate. That guy's gonna have more trouble with parliamentary procedure than Casey Luna.

Speaking of Luna, the lieutenant governor, now challenging for the top post, evidently wanted to come across as strong and forceful. But the result was an assault on delegates' eardrums that only some of the younger generation, already deafened by the noise level of rock bands, could endure.

Patsy Reinhard, a Democrat candidate in Congressional District 2, listed distinguished professors of economics and public policy under whom she has studied. Instead of cheers or knowing head nods, delegate reaction seemed to be that she'd win the debates, "but isn't she too smart to be in Congress?"

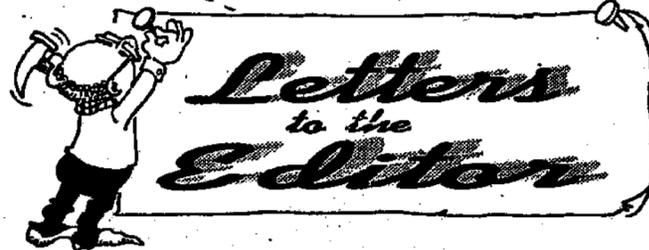

Gloria Baca-Griego, a secre-

tary of state candidate, assured GOP delegates, she always has been a Republican and then told of how much she was inspired by former Democrat Secretary of State Ernestine Evans. She said Evans told of her experiences teaching all around the state. So Baca-Griego became a teacher and taught in Santa Fe County, Rio Arriba County, Colfax County, San Miguel County, McKinley County, Valencia County, Bernalillo County, Sandoval County... I'm not sure I caught them all. And she's still a young woman.

The "Third-Time's-a-Charm-Award" went to GOP state chairman John Latta who requested that all delegates sign a nominating petition for Rep. Paul Barber, who is running for judge.

Later Latta corrected himself to say that only delegates in the 2nd Congressional District could sign Barber's petition.

Still later, after delegates had puzzled about what kind of judges are elected by congressional district, Latta announced Barber is running in the 2nd Judicial District.

Cloudercroft and Mayhill Ranger District Study

The Sacramento division efficiency study is now complete and the team has recommended consolidation of the Cloudercroft and Mayhill Ranger Districts. Opportunity to respond to the Study Team's recommendation. Public meetings have been scheduled for input on April 6 in Mayhill at 7 p.m. at the Community Center and April 7 in Cloudercroft at 7 p.m. at the Convention Center.

Lee Poague, forest supervi-

sor, will be present at all meetings to answer questions.

THE OTHER SIDE

I still can't understand how I started writing columns this month on the third and wound up on the thirty-first. Is there something numerologically significant about it? If your answer to this question is "yes", proceed on to question thirteen. If your answer is "no", try again. If your answer is "I don't know", you are entitled to a free membership in the "Quip of the Month Club" of which I am the only other member, and by popular acclamation the so far unopposed president of.

Product Liability Report: Distracted woman with babe in arms: "These birth control pills are not what they are put up to be." "I gave my husband one every night and I still got pregnant, and the child does not have red hair."

The latest report from the "No New Snow Report" lady at Ski-Apache is that the season will not be over until the fat lady skis, and she (the fat lady) will ski down the slope at 4:00 p.m. on Easter Sunday. So, oil up your crutches. There is still time to spare.

I was going to continue the above report and make some comment about the fat lady having to wear a padded bustle to avoid stone abrasions on her down-hill trip, but I didn't get around to it at the time. In the meantime, it snowed about 14 inches, so if the groomers keep piling it up and it doesn't get too hot, she should have clear sailing this weekend. I was interested to note that the Albuquerque Journal reported in its Sunday edition that Ski Apache received one and one half inches of snow out of this storm. This is not the first time this winter that the ski reporters from out of town have underreported our condition significantly. Someone, be it Ski Apache, the chamber of commerce, a city father, or an irate housewife, should register a protest and threaten something. Our customers, from wherever they come from, usually call the reporting service before they come, and if they hear we had an inch and a half, they will probably not come, and this is scandalous when we in fact had fourteen inches. Come on, publicity people! Say a few appropriate words directed to an appropriate ear, and don't fall for the incomplete results or reporting error excuses. If you will provide me with the information, I would be glad to report on the accuracy of their information.

Faggot and Faggette?

"Let me be frank with you." "No dear, it's my turn to be Frank." Isn't this taking the "uni-sex" concept a bit far? And here I thought "Butch" referred to something other than hair style. Let's get off this train and revert back to more mundane heterosexual endeavors, because this is about all the excitement I can stand in one setting. (sitting) (Nah!)

of thought. (Did I say that? And without a net.)

No net is what the DWI patron said when asked to walk the white line. But they netted him anyway. And that's what he deserves for drinking like a fish and getting soused to the gills. There might be a point to this conversation somewhere, but it sounds a bit fishy to me.

Someone wake me up when White Water becomes Hot Water.

Isn't it strange that the same amount of money being

wasted trying to find out if the Clintons made any money on White Water had have been injected into the project, they might have made some money out of it? I think Billy is just hedging around about coming clean on the subject, (no pun intended), because he is embarrassed that an individual who is thought to be qualified for the presidency of the United States could be so stupid.

I have just a little room left on this column, but I think I will decline this time to use it and save it for some other day when it may be raining.

CAPITAN NOTES

By MAUREEN SULLIVAN

Greetings from my house by the side of the road to your house and a very Happy Easter to each and everyone.

A thousand apologies to Patty Otero Wooddell from me. I guess I reside in Never Never land most of the time because I had not heard about her terrible accident until I read Rosalie's article. (Thanks Rosalie for waking me up to the Capitan news that I am supposed to be reporting) Just talked to Patty and she is doing great and wants to

thank each and everyone for your flowers, your cards and especially your prayers. I am pleased to report that she is doing nicely. As Ann Landers would say, I deserve a swat with the wet noodle for not reporting this earlier.

My condolences to Ray Purcella. She just returned from California where she attended the funeral of her brother, Paul Carmona. Mr. Carmona passed away suddenly and was buried in Wilmington, California. Nancy

Urea and Bertha Fresquez of Las Lunas, sisters of Mr. Carmona also, accompanied Ray to California for the services. Our sincerest sympathy is extended to each of you.

Just called the Senior Citizens to get the correct spelling of a name. I will not release any names, because she made me promise not to, but beside the name I needed she gave me my laugh for the day. I asked if there was any news and she replied, "No just the same old thing, folks going to and from the doctor." I replied I did not need or want any gloomy news and she replied "you know you should never ask a Senior Citizen how they are unless you have a half day to listen and then with a cute little giggle added, "And you should never fry bacon naked." You will have to guess who, for I will never tell.

Returning to my original script: The Senior Citizens from the Capitan Zia Center made a trip to the Museum of the Horse on Wednesday, Mar. 23. Those participating were Eileen Lehman, Gertrude Huey, Bessie Jones, Vernabelle Pease, Sarah Rodriguez, Emmeline Beck, Floyd and Virginia Danielson, Mollie and Wayne Mason, Maggie and Erma Trujillo and Evelyn and Bill Zabel. They received a group rate on entrance fees and had a tour guide. They used a Senior Center van and two personal cars and everyone certainly enjoyed the trip.

The monthly pot luck dinner was also held at the Senior Citizens building on the same day. I had not attended for some time, but it was nice seeing all the "old folks" I used to see and the "New Old folks" that have come to Capitan. Elaine Beaudry and I tossed our purses on an empty table and, naturally, we were the last through the line. When we returned to the table it was already filled with interesting people. Cora Dutton and her brother who was celebrating his 90th birthday and certainly didn't look a day over 75. His name was Fred L. LaMay and it was a pleasure to meet him. Also nice seeing Cora. She is a great lady, but our paths seldom cross it seems. David Posely sat at our table and he always has a pleasant smile and had a few nice things to say about the column, which is pleasant to hear. And Lois Aldrich. Lois promised to let me profile her soon as did Mr. Brazel, who sat on my left. Another newcomer is Bill Zabel and his wife who recently purchased the lovely Huey house on the hillside. Will try to get their story soon.

Why is a rug or carpet sold by the yard when it is worn out by the feet?

Quoting Steve Stucker on this mornings program in answer to a bit of teasing about dieting or indulging. And I quote: "Well a mind a terrible thing to waste, but a waist is a terrible thing to mind. I agree heartily with you Steve, especially since I don't even bother to check the circumference of mine anymore."

No folks, those things hanging in my bare trees are not Japanese lanterns and I am not preparing for a yard party, unless a clean up party might interest some folks. Those things that could possibly pass for lanterns are refuse from my neighbor's yard, believe it or not. Some of the refuse cannot be airborne, so I pick it up and enclose it with mine. But I am too ancient and do not have the facilities to reach skyward for those that are airborne.

Betty and Bud Snyder of Pontiac, Michigan were guests of Elaine Beaudry last week. While Elaine enjoyed seeing these old friends of hers and Georges's, it was a sad time for her. You see Bud and George had been very good friends for many years and both worked for Michigan Bell Telephone Company before their retirement. Mr. Snyder was not able to come to the services for George when he passed away and he wanted to feel as close to George as he could. As George was cremated and his ashes scattered over some of his favorite places, Bud insisted in visiting those places. The first was the cemetery where George had worked many, many hours trying to make it a beautiful place and he succeeded. The next was his backyard where he had landscaped it and planted fruit trees which he tended faithfully. Next was the senior citizens where George was one of the senior state pool sharks.

There in the pool room is a cue stick holder made in memory of George Beaudry. George had won third place in the All State Senior Pool Tournament. Mr. Snyder was having trouble controlling his emotions, as we all do when we think about George and the many wonderful things he did for so many of us. Me, I must add, included. There isn't a room in this old casa that George did not do something to. Light fixtures installed or changed from one room to another—a turquoise ring rescued from the lavatory, a new lock here and there, a window pane installed, and last, but certainly not least, a complete paint job on my

kitchen cabinets. And many times, I too, shed a tear in his memory so I know how difficult it was for the Snyders. But Elaine, what a legacy he left, and I know that our must have been excruciating for you, but think of the good that he did and the nice, wonderful memories we who had the privilege of knowing him have. I can best sum it up in these few words. George Beaudry was a prince among men — he was 12 feet tall, but never too tall to stoop down and help someone shorter and in need.

Everybody knows there's nothing like some good humor to chase away the blues, but exactly what's in a laugh? Laughter releases tensions and by drawing attention away from ourselves and our disappointments it diffuses stressful events and can be called a "stress buster." Humor and laughter have a positive physiological effect too. You could call laughing a good aerobic workout for your body. Here's how it works: Cardiovascular: A good laugh is exercise for your heart. Respiratory: The heavy breathing laughter creates produces a vigorous air exchange in the lungs. Muscles: Laughter provides some muscle conditioning. The muscles release tension as they are tightened and relaxed again when you are laughing and researchers are also testing the connections between laughter and the brain's release of certain chemicals that act as the body's natural painkillers. So it behooves us all to laugh at everything we can and if we cannot find anything amusing enough to evoke a good hearty laugh, think of something funny in your past and just laugh for the fun of it. This was sent to me by my insurance company.

Soon will be profiling "Seven generations of the Martin Ranch." The only thing holding me up is this blasted typewriter. The erasure tape doesn't function and I do not function without one, that is my typing doesn't. I promised John Allen Cox I would submit a copy to him before putting it in print. The typing I have submitted to Ruth Hammond at the Lincoln County News is barely readable at best, certainly not printable, neither is my language when I keep hitting wrong notes et cetera. John's family story is worth waiting for, believe me so take heart—It is coming.

The Lincoln County (AFCE) Extension Club had their Cultural Arts Show last Friday and it was a huge success. It was held at the Sierra Mall and the attendance was super. Congratulations to Elaine, Bessie and Erma. Elaine tried to tell me what they won and what they won it on, but my notes are cold now and I can't seem to transcribe them. Elaine is in Roswell so will clue you in next week, if someone else doesn't get it straight in the paper. Anyway I have this much I can decipher. Elaine Beaudry won a pink ribbon for Best of the Lot, a purple ribbon for the best of the whole show and a blue ribbon for the best in her category. Bessie Jones and Erma Trujillo also won ribbons.

I began this Monday, which is the one day in the week that I wish the world would stop and let me get off and Tuesday, I don't seem to show much improvement, so with four final words, will close with "I'm out of here."

Again have a Happy Easter and try a little kindness, tis good for the soul, you know!

CARRIZOZO SCHOOLS CLIPBOARD

Compiled by Polly Chavez

CONTEST WINNERS--
Students in grades second, third, and fourth participated in the New Mexico Rural Electric cooperative coloring safety contest sponsored by the New Mexico Member Services Association. On March 23 Bill Chance and Wayne McGee, Otero County Electric Coop., member services dept., were at Carrizozo Schools to announce the top winners in the three grades: second grade-Monique Jiron, Ariel Vallejos, Adrienne Zamora; third grade-Kimberly Vallejos, Roxy Adler, Cheri Sanchez; fourth grade-Alonzo Uribe, Andra Harkey, Bianca Baca. Each received a T-shirt. All students who participated received certificates and ribbons. The safety rules learned by the students included staying away from fallen power lines; flying kites and model airplanes in open fields away from power lines and never climbing power lines.

DIRECTORS MEETING--
Supt. James Bayless was in Ruidoso on March 23 to attend the Region IX Cooperative Center board of directors' meeting.

EGG HUNT/BRUNCH--
On March 24 the library preschool story hour students and preschoolers in the 3-4 year old program had their annual egg hunt. Sixteen children participated in the event which began with playground activity, followed by the egg hunt. The holiday party included a brunch in the cafeteria. Many mothers and grandmothers assisted with the party.

RIF GIVE-A-AWAY--
Librarian Julia Hollis reports that the RIF (Reading is Fundamental) will have the first book distribution after the Spring Break. This year's RIF give-a-way will include the students in the 3-4 year old program. RIF is a federally funded book distribution to

encourage students to read. Each child, preschool through 4th grade will be given several books of their choice to keep.

BOOK AWARD PROJECT--
Preschool teacher and International Reading Association representative for Carrizozo, Cherri Goad, reminds students from grades 4th through 8th to continue reading while on Spring Break. Each year there is an award given by the students of New Mexico to a living author of a current copyright (past five years). For students to participate they must read three or more books from the 24 nominated titles. Students may check the books out through the Carrizozo Schools library. Voting ballots for 1993-94 must be returned to Goad before April 20.

STORYTELLER COMPETITION--
Lincoln County schools are invited to select a winner from grades one, two, three and four to compete for champion storyteller. Stories should be approximately three minutes long. They may be original or retold from another source. Stories will be judged on enthusiasm, clarity, and volume. Prizes will be awarded. The Young Storyteller Contest will begin at 3 p.m. at White Mountain Elementary library in Ruidoso on Thursday, April 14. Contestants register at 2:45 p.m. Parents and guests are welcomed to attend. This event is sponsored by the Ruidoso Area Reading Association of the International Reading Association.

RECEIVE CERTIFICATES--
Last week students in kindergarten through 6th grade received certificates and were recognized for student-of-the-month for February and March. February students--Christopher Vega, kindergarten; Heather Renney, 1st grade; Miley Greene, 2nd grade; Anthony Beltran, 3rd grade; John Serna, 4th grade; James Wynham, 5th grade; and Cody Whitfield, 6th grade. March students--K.C. Hendricks, kindergarten; Elsa Uribe, 1st grade; Ashley Furness, 2nd grade; Theresa Moore, 3rd grade; Andra Harkey, 4th grade; John Greene, 5th grade; Renee Rael, 6th grade.

Corona News (Continued from Page 6)

Silver Circle ritual for Geraldine D. Perkins. She was assisted in the candle lighting by June Tyree and Sherrill Bradford. The Ritual of Jewels chapter was organized Feb. 2, 1959 with Mrs. Perkins as sponsor, a position she held for 10 years before becoming a regular dues-paying member. Mrs. Holleyman acting for the chapter, presented Mrs. Perkins with four charms, Silver Circle, Life Membership, 25 year and a gold star. There were tears and laughter as memories came in a rush. There has been a need in self assurance as they presented programs worldwide in nature. They gave scholarships to senior women and honored junior and senior women with an annual tea, a tea for new teachers, beginning day workshops and numerous other

events. They did their best to promote the principles of life, learning and friendship and they organized three chapters, one each in Carrizozo, Nara Visa and Mountainair. Many of the young members are now grandmothers with varied interests. It is time to say, "Goodbye".

Properties will remain stored and will be given to any new chapter needing them. The money will go three ways, to the CowGirl Hall of Fame, Hereford, Texas, to Mrs. Tyree for distribution of the Corona history to be printed in book form and to the Corona Presbyterian Church in memory of Archie Perkins.

Mrs. Tyree served chips and dips, vegetables and ice tea while the tears and laughter continued.

COUNTY OF LINCOLN ORDINANCE NO. 1994-3

RIFKIN CABLE INCOME PARTNERS, L.P., D/B/A LINCOLN CABLEVISION, FRANCHISE AGREEMENT

A FRANCHISE ORDINANCE, GRANTING A FRANCHISE TO RIFKIN CABLE INCOME PARTNERS, L.P., LINCOLN CABLEVISION, TO OPERATE AND MAINTAIN ITS SYSTEM FOR THE PURPOSE OF PROVIDING, FURNISHING, DISTRIBUTING, AND SELLING CABLE TELEVISION SERVICES TO THE INHABITANTS OF LINCOLN COUNTY...

WHEREAS, the Board of Commissioners of the County of Lincoln have the lawful authority to enact ordinances for the health, safety, and welfare of the citizens of Lincoln County; and

WHEREAS, it has become necessary to enact a new Ordinance relating to the grant of a Franchise to Rifkin Cable Income Partners, L.P., d/b/a Lincoln Cablevision, to use the public right-of-way of Lincoln County for the installation and maintenance of its utility system; and

WHEREAS, the County of Lincoln has been notified of the pending sale of Rifkin Cable Income Partners, L.P., d/b/a Lincoln Cablevision, from Rifkin Cable Income Partners, L.P., a Delaware limited partnership, to Alert Cable T.V., Inc., a Georgia corporation, d/b/a CVI Cablevision Industries; and

WHEREAS, the County of Lincoln hereby expressly authorizes the transfer of this Franchise to Alert Cable T.V., Inc., after passage, if the pending sale is consummated and Alert Cable T.V., Inc., becomes the owner of Rifkin Cable Income Partners, L.P., d/b/a Lincoln Cablevision;

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners in and for the County of Lincoln, State of New Mexico, as follows:

SECTION 1 — REPEAL: Franchise Ordinance 18 passed by the Board of County Commissioners of Lincoln County on May 7, 1970, and filed for record in the Lincoln County Clerk's Office on May 11, 1970, in Book 34 of Miscellaneous Records at Pages 26 through 28, inclusive, and all amendments, revisions, and addenda thereto are hereby repealed in their entirety.

SECTION 2 — SHORT TITLE: This Franchise Ordinance shall be known and may be cited as the "RIFKIN CABLE INCOME PARTNERS, L.P., D/B/A LINCOLN CABLEVISION FRANCHISE."

SECTION 3 — DEFINITIONS: For the purposes of the Franchise Ordinance, the following terms, phrases, words and their derivatives shall have the meaning given herein.

(i) \$500,000.00 for bodily injury or death to any one person; (ii) \$250,000.00 for property damage resulting from any one occurrence; (iii) Within the limit of \$1,000,000.00 for bodily injury or death and property damage from any one occurrence.

B. The Grantor further warrants and represents that it shall maintain, throughout the term of this Franchise, insurance at least equal to the amount of the above-stated limits for all liabilities assumed herein. In the case Grantor is able to show to the satisfaction of Grantor that it is financially solvent and that providing insurance coverage through a third party is unnecessary, the Grantor shall issue Grantor a certificate of self-insurance to that effect, which shall be filed in lieu of the certificate of insurance.

C. The Grantor shall notify the Grantee within thirty (30) days after the presentation of any claim

evidenced by the filing of a complaint in appropriate state or federal court, or demand, whether by suit or otherwise, made against the Grantor on account of any alleged act or conduct on the part of the Grantee arising from activities carried out under authority of this Franchise.

D. The Grantee hereby agrees to indemnify and otherwise release the Grantor from all claims by third parties arising from the construction, installation, repair, operation, or maintenance of the Grantee's utility system, if caused by the negligent act(s) and/or omission(s) of the Grantee and/or Grantee's officer(s), employee(s), and/or agent(s).

SECTION 7 — COMPLAINT PROCEDURE: The Grantee will maintain a business office for the purpose of receiving inquiries and complaints from its subscribers and/or customers.

The Grantee will establish a procedure for resolution of complaints consistent with the regulating requirements of the Public Service Commission or the State Corporation Commission, as appropriate. In the event Grantee is not subject to either Public Service Commission or State Corporation Commission regulations, it shall adopt and implement a complaint procedure substantially equivalent to that required under a Certificate of Public Convenience and Necessity issued by the Public Service Commission.

SECTION 8 — OPERATION AND MAINTENANCE OF SYSTEM: Grantor agrees to operate its system in compliance with all applicable rules and regulations of the State Corporation Commission, Public Service Commission, the U.S. Department of Transportation or other appropriate body(ies) governing said operational services. Grantor agrees that if any terms and conditions of this Franchise which are in conflict or duplicate those of an appropriate state or federal regulatory agency, those regulations shall have precedence. Inclusive of the following provisions:

(a) The Grantee shall render efficient service, make repairs promptly, and interrupt service only for good cause and for the shortest time possible.

(b) The Grantee shall at all times employ ordinary care and shall install and maintain in use commonly accepted devices for preventing failures and accidents which are likely to cause damages, injuries, and nuisances to the public.

(c) The Grantee shall install and maintain its systems in compliance with applicable federal and state code and regulatory requirements regarding installations contiguous or adjacent to other existing utilities.

(d) All systems erected by the Grantee within the public right-of-way shall be located, to the extent reasonable, so as to cause minimum interference with adjacent property owners' maintenance and access.

(e) Grantor reserves the right of reasonable regulation within the lawful exercise of its police power, of the construction and installation of any system within a public right-of-way, to the extent not preempted by state and/or federal regulatory authority and to reasonably designate where the same are to be placed upon the public right-of-way.

SECTION 9 — CONSTRUCTION DISTURBANCES: A. In case of any disturbance by Grantee of pavements, or other surfacing in any portion of the public right-of-way, the Grantee shall, at its own cost and expense and in a manner approved by Grantor, replace and repair all paving and other surfaces to as good a condition as before the work involving such disturbances was done; or at the option of the Grantee, and by agreement of the parties, pay to the Grantor the reasonable cost for the County to make such repairs, as evidenced by an itemized bill submitted by the Grantor.

B. If at any time during the term of this Franchise Ordinance, the Grantor

shall lawfully elect to alter or change any public right-of-way requiring the relocation of the facilities of the Grantee located in such public right-of-way, upon prior reasonable notice to the Grantor, Grantee shall remove and/or relocate the same at its own expense.

SECTION 10 — FRANCHISE TERMS: This Franchise Ordinance shall take effect and be in full force from and after thirty (30) days from the date this Franchise is fully executed, and the same shall continue in full force and effect for a term of twenty-five (25) years, beginning with the effective date. Grantee shall have the option to request renewal of the Franchise for an additional period not to exceed twenty-five (25) years upon the expiration of this authorization. Should the Grantee desire to exercise this option, it shall so notify the Grantor in writing not less than six (6) months prior to the expiration of the Franchise. Either party reserves the right to renegotiate one or more terms of the existing agreement as a condition precedent to the reauthorization of the Agreement.

SECTION 11 — FORFEITURE OF FRANCHISE: If the Grantee should violate any of the terms, conditions or provisions of this Franchise Ordinance, and should any such violation continue for sixty (60) days after the Grantee shall have received written notice from the Grantor, and the parties have not reached an agreement as to the appropriate remedial action, and/or the Grantee is not attempting to alleviate same, or has not invoked the dispute resolution procedure set forth in the following Section, Grantor shall have the right to terminate and cancel this Franchise, and thereupon shall be deemed to have been forfeited and annulled.

SECTION 12 — DISPUTE RESOLUTION: A. In the event of a dispute involving the terms and conditions of this Franchise, or in the event the parties cannot agree on the necessary remedial action pursuant to Section 11 above; then the Grantee may request a public hearing before the Lincoln County Board of Commissioners for the purpose of a hearing on the conflict, alleged breach or remedial action recommended. Grantee reserves the right to appeal the decision of the Board of County Commissioners within thirty (30) days after receipt of the written decision to the appropriate agency or court of competent jurisdiction. Such appeal shall be a trial de novo of the entire matter. Any and all further action concerning the termination of the Franchise shall be stayed in the event of such appeal.

SECTION 13 — TRANSFER OF THE FRANCHISE: A. The County of Lincoln has been notified of the pending sale of Rifkin Cable Income Partners, L.P., d/b/a Lincoln Cablevision, from Rifkin Cable Income Partners, L.P., a Delaware limited partnership, to Alert Cable T.V., Inc., a Georgia corporation, d/b/a CVI Cablevision Industries.

B. The County of Lincoln hereby expressly authorizes the transfer of this Franchise to Alert Cable T.V., Inc., after passage of this Franchise, if the pending sale is consummated and Alert Cable T.V., Inc., becomes the owner of Rifkin Cable Income Partners, L.P., d/b/a Lincoln Cablevision.

C. All of the rights and privileges and all of the obligations, duties, and liabilities created by this Franchise Ordinance shall pass to and be binding upon the successors and assigns of the Grantor and Grantee.

D. No transfer, assignment or other alienation of this Agreement shall become effective until the Grantee has provided written notification of the transfer to the Board of Commissioners of Lincoln County.

E. Notwithstanding the foregoing, Grantor shall have the right to mortgage, pledge, or otherwise hypothecate its assets including the rights granted under this Franchise.

SECTION 14 — FEES: The following fees shall apply to the term of this Franchise: a. Grantee agrees to reimburse Grantor for any and all fees incurred by Grantor in connection with the publication of this Franchise Ordinance, or any other costs incurred by Grantor in connection with the grant of this Franchise, pursuant to Section 62-1-3 NMSA 1978 (1993 Repl.)

(b) Grantor reserves the right to impose by ordinance a reasonable fee for and in consideration of the grant, and exercise of the rights and privileges herein granted, only as authorized by legislation during the period in which this Franchise shall remain in effect. In no event shall the Franchise fee be imposed within the corporate boundaries of the municipalities within the County.

SECTION 15 — CONTRACT: This Ordinance, upon acceptance by Grantee, shall become a contract for which the full consideration from each party to the other is set forth herein.

SECTION 16 — SEVERABILITY: If any section, subsection, sentence, clause, phrase or portion of this Franchise is for any reason held invalid or unconstitutional by any federal or state court of competent jurisdiction, each portion shall be deemed a separate, distinct, and independent provision, and such holding shall not affect the validity of the remaining portions hereof.

SECTION 17 — EFFECTIVE DATE: This Franchise shall take effect and be in full force and effect on the 9th day of April, 1994.

SECTION 18 — NOTICES: All notices required herein shall be in writing, certified mail, return receipt requested, as follows: Grantor: County of Lincoln, Attention: County Manager, P.O. Box 711, Carrizozo, New Mexico 88301.

Grantee: Rifkin Cable Income Partners, L.P., d/b/a Lincoln Cablevision, P.O. Box 280, Ruidoso, New Mexico 88345.

SECTION 19 — MISCELLANEOUS: No provision of this Franchise shall create a third party beneficiary in the public or any member thereof; furthermore, no provision of this Franchise shall authorize a third party to maintain any suit for damage to property(ies) and/or any other claim or cause of action pursuant to the provisions of this Franchise.

This Franchise shall be construed under the laws of the State of New Mexico.

GRANTOR: Board of County Commissioners of Lincoln County, New Mexico. MEMROY A. MONTEZ, Chairman. WILTON H. HOWELL, Member. L. RAY NUNLEY, Member. WILLIAM H. SCHWETSMANN, Member. STIRLING T. SPENCER, Member.

Lincoln County Sheriff's
 Deputies have two possible
 juvenile suspects believed to
 be involved in the break-ins at
 Capitan Schools over Spring
 Break. Deputies acquired
 information about the incident
 and recovered the tool used
 for the break-in Tuesday
 morning.

Also a deputy investigated a
 report from the Lincoln County
 manager's office of a broken
 window at the Ruidoso Super
 Select Sales Barn in Glencoe
 last week. The deputy found
 the window to be broken, and
 the gate to the facility open.
 The owner of the facility was
 contacted to secure the facili-
 ty.

The following information was
 taken from dispatch records
 in the Lincoln County Sher-
 iff's Office in the court-
 house in Carrizozo:

March 22:
 10:14 a.m. damage to prop-
 erty was reported at Super
 Select Barn on Highway 70.
 The complainant requested a
 deputy check it out to make
 sure it wasn't a prank call.
 The responding deputy
 checked out the facility and
 found the window out and the
 gate open. The deputy con-
 tacted the owner who was en
 route to secure the building
 and lock up.

1:01 p.m. Ski Apache re-
 quested an ambulance for a
 subject on a back board and
 in a C collar. Alto ambulance
 transported the patient to
 Lincoln County Medical Center
 (LCMC) in Ruidoso.

9:04 p.m. a drunken driver
 was arrested at the intersec-
 tion of Highway 48 and Yard
 Road in Capitan. The arrest-
 ing deputy advised he had one
 prisoner.

March 23:
 8:42 a.m. an ambulance was
 requested at the Carrizozo
 Health Clinic. Carrizozo am-
 bulance transported the pa-
 tient to LCMC.

10:45 a.m. an ambulance
 was requested at the Carrizo-
 zo Health Clinic to transfer a
 patient to Albuquerque. Carrizo-
 zo ambulance responded.

8:46 p.m. a semi-truck driv-
 er reported someone throwing
 rocks at his vehicle at the
 curve on the south part of
 Carrizozo on Highway 54.
 Apparently several rocks
 struck the truck. An Allsup's
 clerk later called and said the
 same report was relayed by
 several motorists. Carrizozo
 police and a deputy searched
 the area of the courthouse
 inside and out. They found an
 open window, then executed a
 room by room search. Appar-

ently the subjects were gone
 on their arrival. Police were to
 make close patrol.

March 24:
 Livestock, two bovines, were
 reported on Highway 380 at
 the rest area between Capitan
 and Lincoln. The livestock
 inspector was unable to locate
 the animals.

2:39 p.m. Capitan police
 chief requested a medical
 investigator at a residence at
 440 4th Street. At 3:40 p.m.
 police requested LaGrone be
 sent.

March 25:
 8:44 a.m. criminal damage
 to property was reported at a
 residence on West Cedar
 Creek. Someone tore off the
 back screen door and tried to
 kick in the back door. A deputy
 responded.

8:08 a.m. a breaking and
 entering was reported at the
 San Patricio Senior Citizens
 Center. The back door was
 found open but nothing
 seemed disturbed. The re-
 sponding deputy advised the
 center manager to change the
 locks.

9:31 a.m. trash was report-
 ed in Paradise Canyon Subdi-
 vision. A deputy responded.

10:58 a.m. Capitan police
 reported a homicide. Sheriff
 James McSwane and two
 deputies met with Capitan
 police at city Hall. At 3:32
 p.m. McSwane called the state
 crime team.

3:41 p.m. Carrizozo am-
 bulance advised it was trans-
 porting a patient from the
 health clinic to Gerald Cham-
 pion Memorial Hospital in
 Alamogordo.

10:09 p.m. a rollover was
 reported at mile marker 156
 on Highway 54 north. Appar-
 ently the vehicle belonged to
 car haulers, no one was
 around. New Mexico State
 Police (NMSF) notified the
 Corona wrecker.

March 26:
 7:03 a.m. a structure fire
 was reported at Rancho
 Ruidoso main building. Boni-
 to, Fort Stanton and Nogal
 Volunteer Fire Departments
 were notified.

6:14 p.m. an intrusion
 alarm sounded at a Deer Park
 Circle residence. The investi-
 gating deputy found a subject
 who was employee of the
 home owners. All was okay.

March 27:
 12:17 p.m. Capitan police
 requested an ambulance for a
 three year old boy with a cut
 on his head on 4th Street.

Capitan ambulance transport-
 ed the patient to LCMC.

March 28:
 The animal control officer
 requested a case number on a
 dog bite incident at Fort
 Stanton.

10:18 a.m. Ski Apache re-
 quested an ambulance for a
 subject on a back board and
 in a C collar. Alto ambulance
 transported the patient to
 LCMC.

5 p.m. A deputy requested
 the animal control officer to
 come to the Carrizozo Health
 Clinic for a dog bite case.

A deputy requested a case
 number on a confidential
 information case.

5:58 p.m. an accident with
 injuries was reported one mile
 north of Corona on Highway
 54. When Corona ambulance
 arrived the crew advised it
 was an accident without inju-
 ries.

The following people were
 booked into the Lincoln Coun-
 ty Detention Center in the
 courthouse in Carrizozo:

March 22:
 William C. Scurry, 53,
 Ruidoso: aggravated DWI,
 \$500 bond set by Magistrate
 Judge Gerald Dean Jr. Re-
 leased March 24 on orders by
 Dean.

Leopaldo Torres, 27,
 Ruidoso: parole violation, no
 bond. Released March 28.

March 23:
 Tommy F. Trujillo, 38,
 Ruidoso Downs: driving on
 revoked license; \$5,000 bond
 set by Magistrate Judge Wil-
 liam Butts.

Robert M. McCormick, 46,
 Ruidoso Downs: DWI 4th
 (felony), driving on revoked
 license, parole violation, care-
 less driving, contempt of
 court; \$40,000 bond set by
 Butts.

Aaron S. Adams, 20,
 Ruidoso: probation violation;
 no bond.

Dennis Stanley, 45, held for
 Camp Sierra Blanca minimum
 security prison.

"The Story Of Smokey Bear"

Editor's Note:

The true story of Smokey Bear is being told in the Lincoln County News. The eighth chapter is featured this week. We suggest our readers and school classes clip each portion of Smokey Bear's story to save in an album.

by DOROTHY GUCK
Chapter VIII

In the Flatley Ranch store-room, the early morning of May 10th, Pat and Ross Flatley were surprised to hear the whimper of the little burned bear cub.

"He's still alive," Pat said, looking in his box.

"He sure is. I reckon someone will be along to get him," Ross agreed.

Less than an hour later, Ray Bell, "The Flying Game Warden," arrived in a pickup. He looked at the cub and said, "He sure is a pitiful little bear, in a strange place. Poor fellow! He misses his mother and is hurting from his burns.

I got my plane in Capitan. I'll take him up to the vet in Santa Fe."

In the car and in the plane the bear slept in his box. The vet, Dr. E.J. Smith, carried the cub to a room at the rear of the hospital.

"That Piper Cub plane of yours did a good job of bringing its namesake here. This little fellow sure needs some doctoring and feeding," the vet said as he examined the cub.

"Give him your best care, Doc," Ray said. "There's some talk of calling him Smokey, like the bear on those Forest Service fire prevention posters."

For a little more than a week Dr. Smith medicated the cub's burns and fed him pabulum, milk, and honey. As the bear regained his health he became more active.

"Better get him out of here," the doctor told Ray. "I got an animal hospital to run. I bet we've had a thousand people stop by wanting to see this bear they call Smokey."

Ray took Smokey to the State Game Department Office but the commotion raised

by curious visitors and the now active cub caused Ray to transfer the bear to his own home in Santa Fe. His cocker spaniel and little daughter Judy tried to play with the bear to help him forget his hurts. Both the pup and Judy soon learned that the cub was still a wild animal and played quite roughly. Like a child, the bear was cross and cranky when he was hungry. He didn't make a gentle pet but he did like to sleep in Mrs. Bell's lap.

Harold Walters took several pictures of Smokey that have been shown all over the Nation. Elliott Barker, Chief of the Game Department in 1950 and Kay Flock of the Forest

Service contacted the Forest Service in Washington, D.C. to see if the government might be interested in using a live bear in their fire prevention campaign. The Advertising Council agreed that the national poster featuring a live Smokey would benefit in keeping down the number of man-caused fires, but they had no idea how great a success the little bear from New Mexico would be in awakening the world to fire prevention.

With all the red-tape necessary to be handled before Washington agreed to bring Smokey to the National Zoo in our Capital, it was late June before plans were completed

to give Smokey a home in our National Capital.

Meantime, the cub grew healthier. His burns healed. His popularity increased as people wanted to see the little bear that had suffered so much because others were

careless with fire. The last three days the bear was in Santa Fe Ray Bell moved him to the home of Homer Pickens, saying, "You need to know each other before flying together across the country."
