THE RHYMING MANIA.

Rhythm alone is a tether, and
not a very long one. But rhymes
are iron fetters; it is dragging a
chain and ball to march under
their incumbrance; it is a clog-
dance you are figuring in, when
you execute your metrical *pas-
seul*. Consider under what a dis-
advantage your thinking powers
are laboring when you are handi-
capped by the inexorable demands
of our scanty English rhyming vo-
cabulary! You want to say some-
thing about the heavenly bodies,
and you have a beautiful line end-
ing with the word "stars." Were
you writing in prose, your imagina-
tion, your fancy, your rhetoric,
your musical ear for the harmonies
of language, would all have full
play. But there is your rhyme
fastening you by the leg, and you
must either reject the line which
pleases you, or must whip your
hobbling fancy and all your limping
thoughts into the traces which
are hitched to one or two on half
a dozen servicable words. You
can not make use of "cars," I will
suppose; you have no occasion to
talk about "scars"; "the red planet
Mars" has been used already;
Dibdin has said enough about the
gallant "tars"; what is there left
for you but "bars"? So you give
up your train of thought, capitulate
to necessity, and manage to lug in
some kind of illusion, in place or
out of place, which will allow you
to make use of "bars." Can there
be imagined a more certain process
of breaking up all continuity of
thought, for taking out all the vig-
or, all the virility, which belongs
to natural prose as a vehicle of
strong, graceful, spontaneous tho't,
than this miserable subjugation of
intellect to the clink of well or ill
matched syllables? Poetry is
commonly thought to be the
language of emotion. On the con-
trary, most of what is so called
proves the absence of all passion-
ate excitement. It is cold-blooded,
haggard, anxious, worrying hunt
after rhymes which can be made
servicable, after images which will
be effective, after phrases which are
sonorous; all this under limitations
which restrict the natural move-
ments of fancy and imagination.
There is a secondary excitement in
overcoming the difficulties of
rhythm and rhyme, no doubt, but
this is not the emotional heat ex-
cited by the subject of the "poet's"
treatment. True poetry, the best
of it, is but the ashes of a burnt-
out passion. The flame was in the
eye and in the cheek, the coals
may be still burning in the heart;
but when we come to the words, it
leaves behind it a little warmth, a

cinder or two just glimmering under
the dead, gray ashes—that is all
we can look for. When it comes
to the manufactured article, one is
surprised to find how well the met-
rical artisans have learned to imi-
tate the real thing. They catch
all the phrases of the true poet.
They imitate his metrical form as
a mimic copies the gait of the per-
son he is representing.—Oliver
Wendell Holmes.

UNCLE SAM & CO.

A great firm this. Can the
world show a greater? We think
not. Look at its God-given capital.
A soil full of mineral wealth and
the rich basis of agricultural pros-
perity, great water-courses running
from its agricultural and mineral
centers to the sea; fountains of oil
spouting up in its midst, and liter-
ally raining riches on large tracts
of the territory; vast forests of the
finest timber in the world; all the
varieties of climate necessary for
the production of nearly all the
earth; immense inland seas, afford-
ing facilities for a domestic com-
merce almost equal to that which
its far-extended coast-line secures
it on two great oceans—these are
its resources, or rather a part of
them, for the grand schedule can-
not be compressed into a para-
graph. Then look at the firm itself.
A people energetic, enterprising,
self-reliant, shrewd and brave, liv-
ing under a government that gives
the largest scope to their capabili-
ties. True, there has been trouble
in the house at times; but the firm
of Uncle Sam & Co. is a young
firm and a vigorous one, and the
old concensus of Europe are fast ac-
cepting the idea of its vitality and
indomitability.—N. Y. Ledger.

GRANDILOQUENT BORES.

To be compelled to transact
summary business with people who
talk down from the seventh heaven
of turgidity is a great trial to the
plain man. Doubtless, rational
reader, you have met with individ-
uals whose particular weakness was
grandiloquence. Of all the bores
these specimens of genus are the
most perplexing, for as a general
thing their elaborate politeness
it is impossible for a good-natured
man to snub them violently, and to
quiet satire they are invulnerable.
In melodrama, the heroes and
heroines who strut their hour upon
the stage deal in such wonderful
tropes and metaphors that we pro-
nounce them unnatural, and yet
there are characters in real life
whose inflated *bosh* is as inconsis-
tent with common sense as the most
disgusting mouthings of the stage.
To such immense creatures it is
difficult to know what to say. What

can one say to a BOMBASTES of private life who discusses the weather in blank verse and asks after one's wife and family in Johnsonian periods? It is impossible, of course, for a person accustomed to suit his phraseology to his subject ever to be familiar with such a being. We know several of the tribe, and entertain a wholesome dread of them. To flee ingloriously across the street, however muddy it may be, is a slight inconvenience as compared with being caught and verbally bombarded for five minutes by one of these Amplifiers of Common-place.

No wonder bluff JACK FALSTAFF was wroth the magniloquent Pistol. We don't like slang, but upon the whole it is not so bad as grandiloquence. There is sometimes humor in a slang phrase, but the pompous trash of the sounding brass and tinkling cymbals of society is an unqualified offense to the ear and the understanding.—N. Y. Ledger.

Brushed Up at Last.

John L. Zimmerman, druggist at Roswell and member of the territorial board of pharmacy, and Miss Minnie Shield, deserving, accomplished and popular, were married, yesterday afternoon at four o'clock, at the residence of the bride's mother, East Las Vegas, Rev. F. S. Brush, Presbyterian minister officiating. There were no invited guests, only a few immediate friends of the contracting parties being present. The nuptial knot having been impressively and tightly fastened, the happy young couple, who have been so patiently waiting for the inevitable to come, hied themselves up to the Montezuma hotel, hot springs; thence they go to Roswell where they will permanently reside and grow up with that favored section of country. All unite in wishing them a joyous voyage on the sometimes turbulent sea of life.—Optic.

Miss Shield, is a niece of Mrs. Geo. B. Barber, of this place.

The total outstanding indebtedness of Lincoln County is \$55,800; amount in the hands of treasurer, all funds, \$14,335.93; total indebtedness \$41,464.83. The total running expenses of the county for the past year was only \$12,018.24.

This splendid financial showing is due in a great measure, to the very able and efficient labor of the County Board of Commissioners. The men who serve on the board are poorly paid and in many instances fault is found with them for actions, in which it was beyond their power to do otherwise. In fact the board is powerless to make appropriations in many instances wherein they would like to do so, if the statutes authorized the same, or if funds were available for the purpose. By a firm administration of the affairs of the County, the present board has placed Lincoln County in the front rank of any of the counties in the Territory. And, the people are particularly fortunate at this time and year when important settlements are to be made with the new counties of Chaves and Eddy, in having such a corps of experienced men at the helm. Much loud-mouthed praise has been vaunted by the New Mexican and kindred Republican sheets, of the splendid condition of Republican counties and the hopeless condition of affairs in Democratic counties. This is also the case with them in speaking of Territorial affairs in general. We would remind our misguided friends, that Lincoln County has a Democratic Board, unanimously, and the affairs have been conducted under the same party in previous years. Judge Cronin, the chairman, Thos. W. Henley and A. Green, deserve the thanks of the county at large, irrespective of party, for the flattering condition of public affairs in Lincoln county, and they all being old live Democrats, is so much the better.

The various aspirants for nominations on the County Ticket, are doing some still hunting these warm days. As time flies away some are dropping out and new ones appear on the carpet. The Democrats are becoming every day a very happy family, and there is not the least doubt but that the forthcoming conventions of the

Democratic party, to nominate a legislative and county ticket, will be a harmonious one. The old scores and scores have all been balanced, by manly concessions in the interests of the party in general. The under-current of good-fellowship among the Democrats, prognosticates overwhelming defeat to the Republicans and their schemes to capture the next legislature. Lincoln, Chaves and Eddy will certainly send two staunch Democrats by handsome majorities.

The Rio Grande Republican in its last issue, accuses certain parties at Las Cruces with circulating a petition for one Don Guadalupe Ascarta, in Lincoln County, calling upon the Don to run for Sheriff in Dona Ana County. We do not know how true this may be, not having seen the aforesaid petition, but, we are prepared for most anything from Rynerson, Riley & Co., as they are paying more attention to Lincoln Co. affairs, than they are to their own. The next Republican break will be a direct importation, possibly one of the Republican bosses, to run for the legislature. Legislative timber among the Republicans in Lincoln County is somewhat scarce.

How They Stand.

Of the sixteen Democratic newspapers in New Mexico, fourteen oppose the present statehood movement, one favors it, and one has nothing to say about it.

Of the seventeen Republican newspapera of the Territory, eight favor the movement, five oppose it, one talks both ways alternately, one favors it publicly and opposes it privately, and the other four have little to say about it—not enough to tell whether they especially favor or oppose.—Headlight.

The Republican leaders in Congress, in addition to the trouble they are having to suppress the Butterworths and Hendersons, are beset by representatives of various industries protesting against one feature after another of the McKinley Bill, until the fact must be dawning upon them that the bill is simply a bundle of objectionable provisions, each seriously detrimental to some form of industry, and the whole promising to be still more detrimental to the party which assumes the risk of passing it. But Mr. McKinley has shown that he clearly understands the situation, which is that the party was placed in power by the money of monopolists for the express purpose of doing this thing and under a pledge to do it. He holds that the party is bound to fulfill its pledge and he seeks to limit protest as much as possible.—N. Y. World.

"Practical statesmanship," says a Republican organ, "pays some respect to the decisions of the people."

Republican statesmanship is the reverse of the practical. In the Presidential election the people voted by 100,000 majority in favor of stopping the surplus by reducing taxes. A Republican Congress is spending the surplus and trying to increase the taxes.—New York World.

NOT A DANGEROUS PRECEDENT

It is natural that the United States Senators should be very wary of giving to the States powers which they do not possess under the Constitution, but it must be said that the objections urged by Senator Edmunds and others to the proposed law giving to prohibition States the power to exclude packages of liquor shipped from beyond their borders, are somewhat sophistical. Those Senators say that a law of this sort would establish a dangerous precedent and might lead to the exclusion from certain States by act of Congress at some future time products of other States which have not the demoralizing qualities of intoxicating liquor. These objections to the reported bill have served to startle the Chicago dressed-beef dealers. Hostile State legislation directed against their business thus far has failed in all cases, and must continue to fail unless Congress shall grant authority to the States to shut out dressed beef by act of the legislature. They are investigating the probable effect of the proposed law in regard to interstate liquor traffic with considerable concern. Senators and dressed-beef dealers alike should reflect that intoxicating liquor is a long way removed from other articles of commerce. It has always occupied a position by itself. It is tolerated by the Government, but it is a fiend and otherwise treated like the malefactor that it is. No Congress would dare to place articles of commerce at the mercy of the States. To do so would be to strike down the Federal Constitution and substitute internal warfare and disunion for National amity. No law to confer upon the States power to regulate the liquor traffic may be legitimately regarded as a dangerous precedent.—Chicago News (Ind.), May 17th.

Another Silver Bill.

Washington, May 26.—A silver bill, prepared by Banker St. Johns, of New York, was introduced by Senator Plumb to-day. It directs the secretary of the treasury to purchase silver bullion to aggregate the amount of 4,500,000 ounces, fine silver, at the market price, but not at a figure exceeding \$1 for 371.25 grains pure silver, and to issue United States notes in payment therefor. These notes are to be a legal tender for all purposes unless otherwise specified in any contract. The aggregate amount of such notes outstanding shall

not exceed the cost of the silver involved in the purchase for which the notes are to be issued. The notes are to be redeemable on demand at the treasury or sub-treasury in coin, but the secretary of the treasury may, after the expiration of two years from the passage of this act, prescribe regulation for the redemption of the notes on demand of the holder in an amount of silver bullion at the market price on the date of redemption. The full amount of notes thus redeemed in bullion are to be at the discretion of the secretary, and such method of redemption shall then be to the interest of the United States. The secretary shall coin a portion of the silver purchased—not less, however, than \$2,000,000 monthly—as he may deem necessary to provide for the redemption of these United States notes after two years. The minimum of the coinage requirement shall be reduced to \$1,000,000 per month.

The impression has gone forth that the republicans are unable to agree upon any measure for pensions, or can they conclude their differences on the silver bills or tariff. What has this republican congress done to date, June 1st. The republican party promised the people many things at the hands of this congress. As yet, no measure of any importance effecting the people has become a law. The McKinley tariff bill has passed the House and now sticks in the Senate.

Coolidge, N. M., May 23rd, 1890.

—At four o'clock this afternoon a fire commenced in a row of twenty houses which, with the exception of a few straggling buildings, comprised the town; and at five o'clock every one of them were burned to the ground, the depot and eating house escaping by being kept wet with buckets of water.

The fire originated in an unknown way, in an unoccupied store containing some bailed hay, and as all of the houses were of wood, and as dry as tinder the flames, aided by the high wind, licked them up with frightful rapidity, preventing many of the people from even saving their clothing. There were two stores in the place, a saloon and grocery, the former one was insured.

A very distressing occurrence was the burning of a fine horse securely fastened in a small shed. The poor creature made frantic efforts to free itself, but couldn't do it, and was literally roasted alive in sight of all.

A few weeks ago the division headquarters were removed to Winslow. That took most of the people away, and the fire finishes the work—Coolidge is no more.

Lowered the Record.

Tacoma, Wash., May 24.—Geo. Francis Train completed his trip around the world this evening, arriving here at 7 o'clock. The time from start to finish was sixty-seven days, thirteen hours, three minutes and three seconds.

LOCAL MATTERS.

—Citizen.

Prof. M. Wharton will open the school in school dist. No. 27, Texas Park, on Monday, June 2nd.

Stewart of White Oaks, has just received some Creamery Butter, fresh Ranch Eggs and choice Prunes.

Ollie Moore, traveling correspondent of the Santa Fe New Mexican, was a visitor at our office Friday last. He will write up Lincoln county for his paper.

Dr. Bearup, after a very successful professional sojourn of nearly three weeks in the city, left for home yesterday. The Dr. will make a trip to Roswell soon, after which he will return to White Oaks.

Rev. C. Monjeau, of Middletown, Ohio, and a subscriber of the INTERPRETER, has lately sold a valuable mine in Colorado, consideration, about \$40,000. This gentleman has mining interests at White Oaks.

John Whelan, of Lincoln, of the popular firm of Whelan & Weidman, hotel proprietors and general merchants, was an agreeable caller last Friday. They have a beautiful place at Lincoln and are deservedly popular with the public.

The Lincoln Independent was unusually spicy last week. It is no reflection upon the gentlemanly editor, Mr. Kibbee, that he procured so competent a substitute in his absence. The paper bears the finger marks of a party by the name of Ryan, a very neat Irishman and sociable gentleman resident at Lincoln.

Our Joe Whiteman has gone to Roswell for a few weeks, and his tather, will be with us for a time. We will miss Joe, so will the ladies. A more willing and gentlemanly young man to promptly assist in the sociables and amusements of White Oaks does not live here. Joe is public spirited, and it is when he is away we miss him.

Massimo Olgin and Wm. Kelley, of San Pedro, plead guilty to a charge of stealing a horse, property of Mattias Sedillio, of Raventon. Constable Langston found the young men Saturday last, making tracks for San Pedro with the horse and some cattle. They were brought before Justice McCourt and plead guilty to the larceny of the horse, whereupon they were remanded to the County jail in default of \$300 bail, to await the action of the next grand jury. William Kelley gave bail. Sheriff Langston departed for Lincoln Tuesday with Olgin.

You will find Fairbank's Star, and Kirk's White Russian Soaps at, Stewart's of White Oaks.

Capt. Kempton has been afflicted with a gathering in the scrotum, which at times was almost impossible to withstand the terrible pain. After mature deliberation, the Capt. concluded to have a surgical operation performed, and called in Dr. M. G. Paden. On Sunday last, in the presence of a few intimate friends, Dr. Paden, with the assistance of Dr. A. A. Bearup, performed a very successful operation, and at this writing the Capt. is improving rapidly. This is the second operation of an intricate character in which Dr. Paden has been successful—the one performed upon Ed R. Bonnell being somewhat similar. It is certainly gratifying to the community to know that in case of necessity that we have with us a surgeon and physician who can so successfully perform these operations. The Dr. is entitled to this mention, and in a spirit foreign to flattery.

Alf. C. Watson, of Nogal, was a welcome caller at the INTERPRETER office last Tuesday. Sometime last week, while at work in a well near his home, Watson's child about 3 years of age, that was at play nearby, was suddenly attacked by a vicious dog belonging to a neighbor, Mr. Lee. The dog bit the child in the face and shoulders and before her father could get to her was a mass of bleeding pulp. For a time it was feared the child could not recover, but fortunately Mr. Watson had just the essential remedies in the house at the time, which were promptly and effectively used. At this writing the child is out of danger. We can add that the dog is dead, Mr. Lee killing him.

Fort Scott, Kansas, parties, who are largely interested in mining and real estate, in and about White Oaks, have employed quite a number of men here during the past few months. This week, the foreman in charge was notified to continue the men at work until further notice, at the same time transmitting the necessary funds to pay them. These people write that they have positive assurance that a Railroad will reach us inside of a year, and in consequence are placing more capital and making further improvements upon their investments.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

NEW RAILROAD.

From the El Paso Times of the 27th, the following reliable news relative to the road to Eddy will be of interest to our readers:

A meeting of the Pecos Valley Railroad Company, and the Pecos River Railroad Company was held to-day at the El Paso National Bank, to arrange for the construction of their line from a point on the Texas & Pacific railroad, north through the irrigated lands of the Pecos Irrigation and Investment company, to the town of Eddy, New Mexico.

DIRECTORS.

Sidney Dillon, New York; W. A. Oatis, New York; J. J. Hagerman, Colorado Springs, Colorado; H. C. Lowe, Colorado Springs, Colorado; Chas. B. Eddy, Eddy, N. M.; W. A. Hawkins, Eddy, N. M.; C. C. Blodgett, Eddy, N. M.

The directors of the Texas company are: J. J. Hagerman, H. C. Lowe, Colorado Springs; Chas. B. Eddy, W. A. Hawkins, Eddy, N. M.; Edgar B. Bronson, W. H. Austin, H. P. Brown, El Paso, Texas.

The line will have a total length of ninety miles. Throughout its whole length it will traverse the 300,000 acres of land in the Pecos valley covered by the great canals of the Pecos Irrigation and Investment company, which are now nearing completion. The road will be stocked and bonded at the rate of twelve thousand dollars per mile. The steel is all bought and 2,500 tons will arrive at the place of beginning on June 1. At the meeting to-day bids for the construction of the road were opened and discussed. The contract will be let to-day and will provide for the immediate beginning of work and for the completion of the line to Eddy by November 10.

CITY BARBER SHOP.

OSCAR DYER has lately placed in fine shape, his barber shop, adjoining the Little Casino, where he has a good stock of razors, comfortable chair, clean towels, &c. Oscar is reasonable in his charges, and those desiring a good clean shave, hair cut, or shampoo, can procure the same at any time.

White Oaks Transfer.

Yesterday the last papers in the transfer of the White Oaks railroad property to Receiver Charles Davis were signed by Sheriff White. The liabilities of the road amount to \$160,000, which amount is fully secured by ten miles of steel track, ten additional miles of graded road bed and franchises on rights-of-way from El Paso to White Oaks, 160 miles.—El Paso Times, 23rd.

A few more pounds left of evap. blackberries and raspberries—also some very fine currants.—Stewart of White Oaks.

Hugh Leeper, a horse thief, was captured by Dept. Sheriff Langston on the 22nd inst. He was wanted in San Miguel county, having stolen a horse, saddle, &c., from one E. H. Martin. He also had in his possession another horse which the officer now has. The authorities were promptly notified of Leeper's arrest, and while awaiting their arrival from San Miguel, he escaped from the officer in charge during a temporary absence. At this writing the officers are on the trail of the escaped prisoner and as he is well known it is but a question of a few days until he is recaptured.

Through the somewhat anxious efforts of the republican press of the Territory, (efforts born of a hope that in turn, is fathered by a wish), the impression has been created that Mr. Joseph will not accept a nomination to congress.

Whilst not seeking the nomination, Mr. Joseph will subject himself to the wish and will of his party, and should the nomination be tendered him, he will accept. This is authoritative.

ADVICE TO MOTHERS!

Mrs. Winslow's Soothing Syrup, has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep by freeing the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the child, softens the gums, allays pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

Mr. LEE. "Why, Addie, you needn't cry about it! I only said Mrs. Allen was a very well-informed woman, and I wished you would follow her example."

Mrs. LEE. "Yes, and last week you said you wished I could manage to look as stylish as Mrs. Allen, and she makes all her own clothes. But she has what I haven't."

Mr. LEE. "What is that?"
Mrs. LEE. "Well, she gets all of her information from the Magazine they take. I admit that she knows all that is going on, and is bright and entertaining in conversation, but I could do as well as she does if I had the same source of information. She lent me the last number of her Magazine lately, and I learned more in one hour's reading, about various social matters and the topics of the day, than I would pick up in a month by my occasional chats with friends. It certainly covers every topic of interest, from the news of the day down to the details of housekeeping; and everything is so beautifully illustrated, too. Every time Mamie goes over to the Allens' she comes back and teases me to get you to take Demorest's Family Magazine, as the stories are so good. Even the boys watch for it every month, as a place is found for them also in its pages; and Mr. Allen swears by it. It is really wonderful how it suits every member of the family!"

Mr. LEE. "Well, perhaps I had better send for a Specimen Copy; for, if it is anything like what you say it is, it will amuse and instruct the whole of us."
Mrs. LEE. "I see that W. Jennings Demorest, the publisher, 15 East 14th Street, New York, is offering to send a Specimen Copy for 10 cents, so we can't lose anything, as each number contains a 'Pattern Order' entitling the holder to any Pattern she may choose, and in any size—which alone makes each copy worth 20 cents; and I just want a jacket pattern like Mrs. Allen's. The subscription price is only \$2.00 a year; and I must say I can't see how they can publish so elegant a Magazine for so little money."

Last month we visited Washington through the pages of DEMOREST'S FAMILY MAGAZINE, and enjoyed the very interesting views of the exterior of the White House and its surroundings. This month, in the June number of this popular Magazine (which has just arrived,) we enter the Executive Mansion, and are treated to a ramble through its corridors, its executive and private apartments. We thus participate in the special favor shown to DEMOREST'S MAGAZINE, as we are introduced to many features not usually seen by the general public. The White House has never been so fully and beautifully illustrated; and the numerous handsome pictures which the article contains, including portraits of "Baby McKee," Mrs. Harrison, and the four generations now residing in the White House, make it especially interesting to every American father, mother, and child. This number also contains a picture of four of "mother's darlings" "Out for an airing," which is a superb water-color, equal in design and execution to those selling at a high price at the art stores; "Athletics for Women" is also finely illustrated; and "The Lady Tramp" will no doubt start many of "Our Girls" off on that healthful exercise, for it tells them just what to do and what to wear when doing it. All the other departments are full to overflowing with entertaining and helpful matter, and the stories are particularly good. A remarkable 20 cents worth, surely. Published by JENNINGS DEMOREST, 15 East 14th St., New York.

A HORSE WHO CAN TALK!

Everybody has heard of a "horse laugh," but who has ever seen an equine gifted with the power of speech? Such an animal would be pronounced a miracle; but so would the telegraph and the telephone a hundred years ago. Why, even very recently a cure for consumption, which is universally acknowledged to be scrofula affecting the lungs, would have been looked upon as miraculous, but now people are beginning to realize that the disease is not incurable. Dr. Pierce's Golden Medical Discovery will cure it, if taken in time and given a fair trial. This world-renowned remedy will not make new lungs, but it will restore diseased ones to a healthy state when other means have failed. Thousands gratefully testify to this. It is the most potent tonic, or strength restorer, alterative, or blood-cleanser and nutritive, or flesh-builder, known to medical science. For Weak Lungs, Spitting of Blood, Bronchitis, Asthma, Catarrh in the Head, and all Lingering Coughs, it is an unequalled remedy. In derangements of the stomach, liver and bowels, as Indigestion, or Dyspepsia, Biliousness, or "Liver Complaint," Chronic Diarrhea, and kindred ailments, it is a sovereign remedy.

GUARANTEED. "Golden Medical Discovery" is the only medicine of its class, sold by druggists, under a printed guarantee, from the manufacturers, that it will benefit or cure in every case of disease for which it is recommended, or money paid for it will be promptly refunded. THE GUIDE AND HAND-BOOK OF USEFUL INFORMATION.

This is one of the most comprehensive books ever presented, and is issued by the same publishers. It gives all Government Land Laws and all information relating to the same; also all Patent, Postal and Pension, as well as all useful information relating to the Government. It gives a colored map of every State and Territory, including Alaska, with Histories of the same from earliest times, and all such information with regard to laws as is most desirable for settlers to know. It also gives a description of every nation in the world, with all the most important facts in relation to the same. In addition it contains a perfect encyclopedia of useful facts and information which could hardly be found in any other one hundred books. THE GUIDE AND HAND-BOOK is printed on fine paper with good type, contains 400 pages, and is mailed to any part of the world for 50 cents.

By special arrangements, orders can be forwarded to the publishers of this paper for either of the above, which will be promptly filled; or we will send both the above and a copy of THIS PUBLICATION one year for only \$2.25.
