HOLIDAY HAPPENINGS IN EUROPE.

By a Special Correspondent.

Oxford, Eng., June 25, 1890

EDITOR INTERPETR:

An Irishman on his return to
America from his native land was
asked why he went abroad. He
answered, "for rest and change"
and added, that he did not get, but
he gave,—the change to the rail-
ways and the hotel keepers took
the rest. Such is the experience of
of all Yankees in the old world.

What are the happenings in Eu-
rope in this mild-summer season?
What are the people talking about?
In this short letter I will try and
answer briefly.

The Imperial Parliament now
in session in several countries are
attracting more than ordinary at-
tention. Last week, in London, the
present party in power narrowly
escaped defeat by four votes. Lord
Salisbury and his conservative party
passed a budget increasing the
taxes by a large amount, to com-
pensate saloon keepers for closing
their properties. But lately the
compensation scheme has been hope-
lessly given up, and the cabinet
amidst the ridicule of the opposition
say, "what shall we do with all this
revenue? There are many who feel
that it will not be long before Glad-
stone and his liberal party are re-
turned to power. This Grand Old
Man is regarded as the greatest
power in the world to-day, even by
his political opponents.

Henry M. Stanley, our own coun-
tryman has recently returned from
Africa and is the most conspicuous
actor before the people. His pic-
tures adorn shop windows. His ad-
dresses are printed in all papers.
Rich and poor, high and low, seek
to do him honor. Yesterday, with
elaborate and stately ceremony, I
saw him receive the degree of
Doctor of Civil Law at the annual
commemoration of Oxford Univer-
sity. The streets of this beautiful
city were thronged to see the great
explorer. The great University
with its over a score of colleges is
more attractive than ever.

France is quieter since the recent
elections than for many years. The
attempted role of a martyr, which
the silly royal prince tried to play,
turned out a shallow farce. The
republic is stronger than ever. Pres.
Carnot has not only commanded
the esteem of his country, but he
has won the love of his people.

Germany continues to increase
the burdens of the tax-payers and
enlarge the standing army. Opin-
ions differ in Europe as to the real
motive of the young Emperor in

some of his eccentric actions. Bis-
marck has been laid on the shelf,
and much to the disgust of the Im-
perial party refuses to be silent on
national affairs.

Intemperance in the Fatherland
has reached such alarming propor-
tions and results, the subject is
receiving the careful consideration
of the law-makers.

The Czar is the most worried
and anxious ruler in Europe.
Only recently another conspiracy to
blow up the royal palace was dis-
covered. The administration of
that great empire is not in harmo-
ny with the spirit of the nine-
teenth century, and what relief the
common people cannot obtain by
legislation, they try to get by force.

Switzerland seems to be the
quietest and most prosperous coun-
try in Europe, tho' its area and
strength is so limited the nation is
not a prominent one in interna-
tional affairs.

Italy has made very great ad-
vances in the last decade, and the
government is more stable and
respected than for many years.
The Pope still regards himself as a
prisoner in the Vatican and the
papal party have long sought to
embarrass the government, but so
far without avail. Many faithful
and prominent Catholics in Europe
regret that the Pope is not content
to rule as a spiritual father, but
seeks to restore the papacy to tem-
poral sovereignty.

In closing let me say the joy of
European travel is returning home.
Let no citizen of our great Territo-
ry be ashamed of its boundless
possibilities. The Old World is
becoming more and more crowd-
ed each day. It is hard for the
poor man in some cities to live and
find standing room. And, it is
with a feeling of thankfulness
that an American returns to his
own land that he loves so well for
its free air, its free religion, and its
free people.

KILLING AT PINOS ALTOS.

Edward Fountain, son of Col.
A. J. Fountain, of Las Cruces, was
shot at Pinos Altos on the morn-
ing of the 6th instant, about 2
o'clock, by a certain woman named
Lucy Shaw. Ball entered the abdo-
men a little to the right side. The
deceased lived until ten o'clock of
that day. There are contradictory
statements as to the cause of the
killing. As near as we can learn
the deceased was at the woman's
house, where he was boarding. No
prior trouble or difficulty was
known to have come up between
them. She runs a boarding house
and her contention is that the de-

ceased was making noise on the outside, abusing her, calling her bad names, etc. She says he was under the influence of liquor and that she tried to coax him to keep quiet. She finally fired, so she states, for the purpose of scaring him, and had no intention of shooting him. She did not know that she shot him until after daylight that morning. This is the woman's statement.

She is a Mexican woman and the daughter of Catrino Baldonnonada, of Central City. She has been married three times. Her first husband was Billy McClellan, who, it will be remembered, was prosecuted here a few years ago for the killing of Burns, at the Centennial saloon, and was acquitted. He afterwards killed himself here in Silver City, by falling off a horse while the animal was going at a breakneck speed through the streets. McClellan was very drunk at the time. Her next husband was Beecher, who kept a saloon at Central City. Beecher was killed at that place about three years ago, by Tug Wilson shooting him with Beecher's own pistol. Beecher drew it on Wilson, the latter got it away from him and killed him. Wilson was held blameless. Her next and present husband's name is Sam Shaw, who is now at Bisbee, Arizona. Sam, however, is looked upon as being a very good citizen, and is well liked. It is said that Mr. Shaw left her. She has three children, one by Beecher and the other two by her present husband. The youngest child is about 18 months old; the other two are about 6 and 4 years of age respectively. She is rather a fairly good-looking woman, about 26 years of age. The woman has heretofore not borne a bad reputation. She was arrested as soon as the news of the killing got out, and placed in jail.

The deceased was looked upon as being a quiet and inoffensive young man. He bore an excellent reputation at his home, and in this county was well respected by all who knew him. He was steady and very industrious. The tragedy is a surprise to everyone, because he was the last person ever expected to get into trouble of this kind. We hope the truth may be ascertained, with a view of determining whether it was murder or not.

The father of the deceased, Col. A. J. Fountain, is a prominent lawyer of Dona County, and a public man who is known far and wide. He came up yesterday to Whitewater Station, and there met the body on the train carrying it to Las Cruces for burial. The young man's parents have the sincere sympathy of this community.—Southwest Sentinel.

We are all curious—and it is surprising how curious we are—to know the way other people live, especially well known people. For several months we have been treated to glimpses into "Some Homes Under the Administration," in Washington, in a fine series of beautifully illustrated articles in Demorest's Family Magazine. In the August number (just arrived), Postmaster-General Wanamaker's mansion is thrown open to us, and we are charmed with its beauties. The handsomely executed illustrations give us every detail as accurately as would a personal view, and it is a great pleasure to stroll with the writer and artist through the elegant apartments and the famous picture-gallery, the latter containing some of the rarest works of art in America. This August number should be seen by everybody, if for this feature alone; but it contains other features equally interesting, not the least of which is an account of the "Obeammergau Passion-Play," which is illustrated not only with a picture of the Bavarian village where the play is now being enacted, but also with many of the tableaux shown in this historical performance. There is also a complete novelette by Queen Elizabeth of Roumania ("Carmen Sylva"), preceded by her portrait and fine illustrations of her summer castle and boudoir. The other articles and stories are all of the highest order and are beautifully illustrated, forming a Midsummer number of rare merit, which is enhanced by a sea-shore water-color frontispiece of artistic value. Published by W. JENNINGS DEMOREST, 15 East 14th Street, New York.

A rather pretty woman, mounted on a powerful bay horse, created a sensation in Boston last week as she rode along Beacon street. She rode astride clothespin fashion just like a man but they say she looked entirely graceful in her Miller attire.

And so it will take 20 years and nearly \$350,000,000 to complete the Panama canal. This report to the French government will be profoundly humiliating to the venerable De Lesseps. He is now 85 years old and is said to be declining in health.

A woman in Kansas, in filling up a census blank, put her husband down as a lunatic. She told the census enumerator that he was at present engaged in paying an election bet by pushing a wheelbarrow 25 miles, and she didn't expect him back for a week.

THE INTERPRETER,

White Oaks, N. M.

The County Commissioners were presented with a petition asking that a precinct be formed of the territory, in and about Raventon. The Commissioners before they fully determined to establish a precinct in that locality should make further inquiry. The whole thing is a political scheme, done for the purpose of voting a large number of illegal votes at the coming election. The petition now on file at Lincoln, contains several names of alleged voters who are under age; in one or two cases the boys who signed were only 14 and 16 years of age. When these people have a precinct they no doubt expect to vote this class of youngsters and others not legal voters. The precinct should not be formed; there is no necessity for it; the people are all within seven miles of White Oaks, at farthest, and this place has always been their proper voting precinct, and under some pot house politician, with an eye single to the glory of the G. O. P., induced what few they were able to control to go into this scheme. They were, and always have been content to come to White Oaks. They have not the population for a precinct and the Commissioners will certainly go slow in this matter and at the next session of the board reconsider this matter—the whole business element of White Oaks demand it.

In another column will be seen an announcement of the primary to be held at White Oaks, on August 2nd, for the purpose of naming delegates to attend the County convention at Lincoln, on the 14th of August. This will be an important precinct caucus and every man in the precinct with Democratic proclivities should attend. At the County convention the Democrats of White Oaks will be present as a strong and influential delegation, prepared to labor for the best interests of the Democratic party in Lincoln county, with the sole object in view to nominate none but worthy and strong men to go before the people as candidates for the several offices. The whole Democratic party first last and all the time, will be the motto of delegation.

The White Oaks Interpreter objects to the suggestion made by the REPORTER to have Socorro the seat of the U. S. court for the new judicial district. Well then our White Oaks friends can make up their minds to go to Eddy. The political influence of the Third district will be exerted to make Eddy the seat of the U. S. court. If this is done Socorro county must not be made a part of the new district. If our White Oaks friends prefer going to Eddy where they do no business, to coming to the Santa Fe road where they do their business, that is their lookout. The same influence that divided Lincoln county located the U. S. Land Office at Roswell and will locate the U. S. Court at Eddy if they can.—San Marcial Reporter.

The people of White Oaks prefer to have the seat of U. S. Court at Lincoln, for many reasons. The place is the most central for all concerned and the many benefits to be derived from a session of U. S. court, is as much the right of Lincoln county as either of the other places named. The convenience of the whole people of the district is the first consideration and by holding the term at Lincoln will save thousands of dollars to the people. Jurors, witnesses and litigants, and the bar, will save time and money, to have the term at Lincoln; either Eddy or Socorro will be a great inconvenience as either place is at the extreme of the proposed district. And, bear in mind that a Court will be held at Lincoln in any event, necessitating the attendance of the judge and court officials; and it would be economy to have the U. S. term at the same time—by all means let the next term of U. S. court be at Lincoln. When it comes to choosing as between Eddy and Socorro, White Oaks could more readily and economically attend at Socorro, but the fight is not that way and should not be.

There is no secret or star chamber effort about the candidacy of J. P. C. Langston, Deputy Sheriff of this county, for the office of Sheriff at the approaching election. Mr. Langston is too well known throughout the County, for us to say much that will add to his deserved popularity as an officer and a citizen worthy, competent and tried. Mr. Langston has been a deputy sheriff under Jas. R. Brent, and under the present sheriff is the deputy at White Oaks. He owes his appointment to the unanimous demand of his fellow-townsmen; being a strong life long and consistent Democrat he had no claim upon a Republican sheriff for the deputy-ship; hence, with considerable and just consideration Langston, although a Democrat, is a deputy under a Republican sheriff. Langston has a host of friends in the county, who desire to see the next convention name him as the nominee for the office of Sheriff, and should he be called there is no doubt of an overwhelming vote and a power of strength for the ticket.

WE ARE ONE.

"Behold, how good and how pleasant it is for brethren to dwell together in unity." That pleasantness is not just now exhibited by the republican party. The Senate has made 300 amendments to the McKinley bill, and still they are not through. Blaine, who has more brains than the rest of the party put together, says he would pluck out his right arm before he would vote for it, and the western republican press, where it has ability above the art scissors and paste, says the bill does not embody the principles of the republican party.

On silver the party is also divided, and on the subject of reciprocity it is at sixes and sevens. So hopelessly divided is the party that Reed sees the only possibility of its retention of power in an audacious effort to count out the candidates elected by the people.

When we come to New Mexico, the condition is worse rather than better. The bosses of the party and the lesser lights, the politicians, demand statehood, whether or no; the bone and sinew of the party oppose it. The real head of the party is opposed to public schools, the official head enthusiastically demands them. One leader in the party calls the head a scamp of deepest dye, and another complains that the only available candidate—the only one having the money to spend—has more stomach than brains, while yet others complain of his slumberous inactivity. In a word, the republican party, national and territorial, is the completest "happy family" to be found in all the political menagerie.—Albuquerque Democrat.

The appointment of the Judge for the new Judicial District has not been made as yet. In the mean time those on the anxious seat are in a nervous condition. In a short paragraph, mention was made of the candidacy of a White Oaks gentleman by the INTERPRETER, this being a democratic journal, had not the least idea that the suggestion, or rather the mention of Mr. B. H. Dye would cause such a flurry among the G. O. P. ranks, but such seems to be the case. We have been assailed by a few, and a very few, for making mention of Mr. Dye's name in connection with this office, the assailants in every instance making personal grievance the excuse for their hostility to Dye. Now, Gentlemen, this is your fight, and as usual, you are quarreling over the loaves and fishes, and the INTERPRETER does not desire nor care which comes out ahead. Your Kilkenny fight is amusing to us as an outsider and will result no doubt as all such fights do, by the appointment of an outside man. Judge Newcombe, of Las Cruces, at present in Washington, may be able in a few days, to relieve the situation at White Oaks.

DEMOCRATIC CONVENTION.

There will be a meeting of the Democratic voters of Precinct No. 8, of Lincoln County, New Mexico, at the Town Hall in White Oaks, on Saturday, the 2nd day of August, 1890, at 2 o'clock p. m., for the purpose of electing delegates to the county convention to be held in Lincoln on the 14th of August, 1890, and for the transaction of such other business as may come before the same. All Democrats are requested to be present and participate in the proceedings of said meeting.

JOHN Y. HEWITT,
J. P. C. LANGSTON,
Precinct Committee.

Lawton & Co., the contractors on the Mail route from San Antonio to Lincoln via White Oaks, are steadily at work improving the service. The New Mexican thro' a correspondent some time since published, that application had been made to discontinue this route, whereupon the people at White Oaks became justly indignant and protested, and the petition was forwarded to Washington against any discontinuance. July 7th the department writes that the above named contractors have never filed any application for the alleged discontinuance. The circulation of the false report has done much to harass and inconvenience the contractors, and whoever was to blame for the false report will be brought to an account. The motives for such can only be imagined, and the verdant correspondent of the New Mexican can have an opportunity to rise up and explain.

NO PRETORIAN ILL.

New York, July 3.—In his address to the war veterans at their reunion in Brooklyn on Tuesday, Gen. Slocum said:

"Since our return our country has been very liberal with the old soldiers. We are paying more for pensions to-day than Germany and France pays to support its standing army. I am sure that there is no citizen in this country who would wish to see an old soldier suffer. At the same time there is such a thing as asking too much of the government, and I think we as soldiers, are in danger of taking that attitude. There is already provided in every State a home where old soldiers can be received and properly cared for. We as soldiers are in danger of being tho't to make mendicants of ourselves.

"If there is anything of which a soldier ought to be more proud than another, it is of having served his country faithfully in her hour of peril. I would rather die a pauper having been a soldier of my country than a millionaire otherwise. Let us take that view of it then, and ask no more of the government." Many of the veterans agreed with the General's sentiments and testified to it by loud applause.

Fred Austin, and F. Winchell, miners, who for some time were residents of White Oaks, left last Sunday evening for Carthage, taking the stage—the fact of their departure is regretted by a large number of confiding friends who are mulcted to the tune of \$300.00 or more, which these men neglected to pay. The merchants of White Oaks, who credited them are certainly to be sympathized with, as among the many men employed hereabouts, none were deemed more reliable, and for them to defraud in the manner which they did, creates hardship among the more worthy working class in the community. Our merchants about now are industriously studying whom to credit and who not. The above named should be generally published thro' every camp in New Mexico and Arizona as a sample of dead-beats unadulterated.

The Ball, complimentary, by the Athletic Club which took place on Tuesday evening, was largely attended and all enjoyed themselves hugely.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

Small Pox at Las Cruces.

Dr. Booth, health officer, reports that since his appointment, on May 1st last, not more than 58 cases of small pox have prevailed at the same time. Since the date given, 85 cases have been treated, of which 17 have died. At this date only two cases prevail. This refers to the town and suburbs, in which some 150 cases have been treated by various physicians since the scourge made its appearance, about the 1st of March.—Las Cruces Democrat.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup, has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep by freeing the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the child, softens the gums, allays pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

Wreck on the Santa Fe.

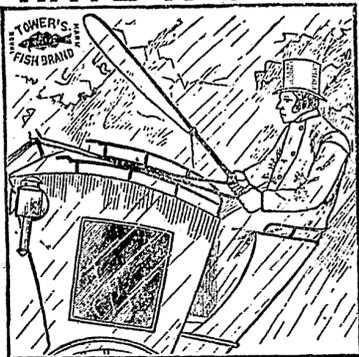

About 3 o'clock p. m. on the 16th a special freight train of 12 cars loaded with hogs, en rout to Mexico, was wrecked six miles east of Lamy Junction, and Fireman Daly and a brakeman, whose body has not been uncovered but remains under the wreck, were killed outright. The engineer was badly if not fatally injured. The accident was caused by the train getting beyond the control of the trainmen on the Glorieta mountains, and on reaching a spur six miles above Lamy went over in the ditch, the engine, caboose and 12 cars. A great number of hogs were killed.

Louisville, Ky., July 11.—The striking brakemen and switchmen of the Louisville & Nashville road returned to work this afternoon at the old wages, pending an investigation of their grievances by the management.

HAVE A CAB?

When you are addressed as above, your first impulse is to look at the driver. If the day be stormy and the driver is a wise man, you will find that he wears a "Fish Brand Slicker," and he will tell you that he is as comfortable on the box as his passenger in the cab, and that for his business this coat is invaluable. When you get once inside a "Fish Brand Slicker," there's no such thing as weather for you. It doesn't make the smallest difference whether it rains, hails, sleet, snows, or blows. You are absolutely and solidly comfortable. Get one at once. No danger of your not liking it afterwards. It is a waste of money to buy any other waterproof coat. They are worthless after a few weeks of hard usage. Beware of worthless imitations, every garment stamped with the "Fish Brand" Trade Mark. Don't accept any inferior coat when you can have the "Fish Brand Slicker" delivered without extra cost. Particulars and illustrated catalogue free.

MORTGAGEE'S SALE.

Whereas John T. Reid, and Kate M. Reid, his wife, then of the town of White Oaks, County of Lincoln and Territory of New Mexico, by their certain mortgage deed, dated the 21st day of December, A. D. 1888, and recorded in the Probate Clerk's office of Lincoln County, in book B of records, page 100, did convey to the undersigned, Melvin E. Richardson and William H. Weed, their heirs and assigns as mortgagees, the following described real estate, situated in the County of Lincoln and Territory of New Mexico, as follows to-wit:

The East half of lot two (2) in Block five (5), the west half of lot one (1), in block twenty-one (21), and lot two (2) in Block thirty-two (32), and lot four (4) in Block twenty-three (23), all in the town of White Oaks, as shown by the survey and plat of said town. Also lot twenty-one (21) on Lincoln avenue in the City Lode Addition to the said town of White Oaks, as shown on the plat of said addition.

To secure the promissory note of said John T. Reid, of even date with said mortgage deed, for fifteen-hundred (1500) dollars, payable one year after date, with interest payable monthly, at the rate of twelve per cent. per annum from date until paid, which said note was payable to the order of Jennie D. Overton, and was endorsed by the undersigned Melvin E. Richardson and William H. Weed, to secure its payment when due.

And whereas, it was provided in and by said mortgage, that if default should be made in the payment of said note by the said John T. Reid and Kate M. Reid, together with the accrued interest thereon at the time and in the manner specified in said note when the same should become due and payable, then, and in such case the said mortgagees, their agent or legal representatives, in person, or by their agents and attorneys, might sell or dispose of said mortgaged premises at public auction, to the highest bidder for cash, first giving notice of the time and place of said sale, by publishing a notice in some newspaper printed in the County of Lincoln, for five weeks before the date of such sale, and in their names might make and deliver to the purchaser or purchasers at such sale, a good and sufficient deed or deeds of said premises—

And whereas, default has been made by the said John T. Reid and Kate Reid, in the payment of said note and the interest thereon, and the same has been fully paid by William H. Weed, one of said mortgagees; Now therefore public notice is hereby given, that on the 21st day of July A. D. 1890, between the hours of 10 A. M., and 3 P. M., of said day, at the front door of the Post Office in the town of White Oaks in said County of Lincoln, the said mortgagees in person or by their attorney, will sell at public auction, to the highest bidder for cash, the premises hereinbefore and in said mortgage described, pursuant to the powers and provisions of said mortgage. The amount claimed to be due on said note, costs of sale, Attorney fee etc., on the day of, said sale, is \$1723.00.

On January last there were over 508,000 names on the pension roll, and the clerks in the Pension Bureau were struggling with over 479,000 unadjusted claims. The claims that will be entered under the disability pension bill would require an additional force of 500 clerks to insure their consideration at an equal rate with the hitherto unadjusted claims. Some of the disabled veterans will have to wait a long time, and in the meantime the cry of national bankruptcy may be heard. If all the claims should be adjusted to-day, and the money secured to the pensioners, the Treasury would be emptied as though by magic, and the enormous deficit would loom up where once the pleasing appearance of a large and juicy surplus delighted the public eye.—Philadelphia Record.

Mr. LEE. "Why, Addie, you needn't cry about it! I only said Mrs. Allen was a very well-informed woman, and I wished you would follow her example."

Mrs. LEE. "Yes, and last week you said you wished I could manage to look as stylish as Mrs. Allen,—and she makes all her own clothes. But she has what I haven't."

Mr. LEE. "What is that?"

Mrs. LEE. "Well, she gets all her information from the Magazine they take. I admit that she knows all that is going on, and is bright and entertaining in conversation; but I can't do as well as she does if I had the same source of information. She lent me the last number of her Magazine lately, and I learned more in one hour's reading, about various social matters and the topics of the day, than I would pick up in a month by my occasional chats with friends. It certainly covers every topic of interest, from the news of the day down to the details of housekeeping; and everything is so beautifully illustrated, too. Every time Mamie goes over to the Allens' she comes back and teases me to get you to take Demorest's Family Magazine, as the stories are so good. Even the boys watch for it every month, as a place is found for them all in its pages; and Mr. Allen swears by it. It is really wonderful how it suits every member of the family!"

Mr. LEE. "Well, perhaps I had better send for a specimen copy; for, if it is anything like what you say it is, it will amuse and instruct the whole of us."

Mrs. LEE. "I see that W. Jennings Demorest, the publisher, 15 East 14th Street, New York, is offering to send a specimen copy for 10 cents, so we can't lose anything, as each number contains a 'Pattern Order' entitling the holder to any Pattern she may choose, and in any size—which alone makes each copy worth 30 cents; and I just want a jacket pattern like Mrs. Allen's. The subscription price is only \$2.00 a year; and I must say I can't see how they can publish so elegant a Magazine for so little money."

IF A BODY MEET A BODY

the result is a collision, whether "coming thro' the rye," or not. Life is full of collisions. We are constantly colliding with somebody or something. If it isn't with our neighbors it is with some dread diseases that "knocks us off the track" and perhaps disables us for life. Women especially it seems have to bear the brunt of more collisions and afflictions than mankind. In all cases of nervousness, bearing-down sensations, tenderness, periodical pains, sick headache, congestion, inflammation, or ulceration and all "female irregularities" and "weaknesses," Dr. Pierce's Favorite Prescription comes to the rescue of women as no other medicine does. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money paid for it will be refunded.
