It further provides that "the state shall incur no debt for any purpose whatever including existing indebtednes in excess of the dollars."

Another method suggests itself to us now, and that is to go to the polls on October 7th next, and vote against the abortion which will be voted up or down on that day; and then repeat the dose on November 4th.

#### THE ALLIANCE IN POLITICS.

A Committee of the County Farmers' Alliance met on August 30th ult., and on behalf of that organization placed a ticket in the field for the offices of Lincoln county.

In a few instances the nominees of the Democratic and Republican conventions were endorsed. D. W. Roberts was endorsed for Sheriff, Jose Montana for Probate Judge, The rate of taxation now prevail- and Jose Vega for commissioner. In other respects a new ticket was

Now if any superior fitness for the office had governed these endorsements and they had been made with the object in view of securing amount of five hundred thousand the best possible public service, such actions would certainly seem consistent and would and ought to the Alliance and of every voter of business, and we are to incur the Lincoln county. #### GOOD NOMINATIONS

At the Lincoln District Democratic Convention, held at Roswell on the 21st, G. A. Richardson was nominated for the Council, and W. C. McDonald for the House.

This District comprises Lincoln, Chaves and Eddy counties, and elects one councilman and one represontative to the Legislature.

The gentlemen selected are among the foremost citizens of that District, gentlemen every way fit for the responsible positions to which they have been chosen. That they will be elected goes without the saying.

If every district in the Territory will do as well as the Lincoln district, there will be no words but of commendation of the action of next winter's legislature.—Deming Headlight.

Mrs. Winslow's Soothing Syrup, has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep by freeing the child from pain, and the little cherub awakes as "bright as a button." ### OUR CONVENTION.

The democratic convention recently assembled in Silver City, was the most truly representative body ever called together in this territry. Not only was every section of New Mexico represented, but every class and condition of her people. The lawyer, the banker, the merchant, the slockman, the trader, the editor, the contractor the railroader, the laborer-all assembled in answer to the democratic call, and each seemed to be the head and front of his profession or occupation. No one could gaze upon the assemblage or listen to their deliberations and not be convinced that the best of New Mexico's citizenship had assembled to deliberate upon affairs concerning her welfare.

The following is the platformthese resolutions read carefully;

We, the Democratic party of the Territory of New Mexico, in convention assembled, reaffirm our allegiance to the time-honored principles of the National Democratic party as enunciated in the platform adopted at St. Louis in 1888,

We demand the free coinage of silver. We arraign the National Republican par ty for squandering the surplus revenues in the treasury in order to lurnish a pretext for in-creasing tariff taxation on the necessaries of life creasing tariff taxation on the necessaries of life—for depriving Democratic constituencies of their representatives in Congress and arbitrarily seating republican candidates who were not elected by the people—for adopting an arbitry and unconstational system of rules in the House of Representatives and thereby suppressing the rights of the minority—and for attempting to pass the Lodge election bill to suppress free elections and subvert the rights of the states, in utter disregard of the Constitution of the United States—and practically for having award nited States—and practically for having awarded seats in the Senate of the United States to two Senators from the state of Montana, who were not inwinily elected thereto.

As heretofore, we reiterate, that the Gereral Government has been and still is, because of the rights of New Mexico and its obligations under the treaty of Guadaloupe Hidalgo in failing and feiusing to pass such a law as will secure the prompt and speedy settlement of land titles in New Mexico.

We declare that the native population of New Mexico are entitled to the lands held by them or their predecessors under the laws of the Republic of Mexico, and that their rights thereto should be respected 3

We endorse the course of Hon. Autonio Joseph, our delegate in Congress as a zoatons and faithful public servant, at all times tireless in his efforts in behalf of the people of New Mexico, and heartily commend him for re electivn.

We decounce the action of L. Bradford Prince Governor of New Mexico in requesting the quartering of United States troops in the country of San Miguel to overawe the people under the pretext of resistance to the civil authority, when no process was in the hands of the officers of the law unreserved, as in keeping with the spirit of contempt for the civil authorities usually reserved by the Republican party.

aely reserved by the Republican party. We arraign the Republican party of New Mex. ico for reckless disregarding the will of the people and turning out of the last Legiglatur duly elected kepresentatives in order to secure a majority sufficient to pass iniquitous measures over the executive veto,

We arraign them for passing a libel law con-trary to the spirit of the age in order to sup-press free speech and a free press; for the passage of a change of venue law in the interests or a single corporation and thereby so increasing the cost and delays of litigation as to amount to a denial of justice; for passing a law changing the practice in taking appeals to the Supreme Court, applicable only to a limited number of cases in which Republican members of the Legislature were either parties or attorneys; for assuming the powers of the Territorial Executive in order to place in other and a property. Executive in order to place in office incompetent and corrupt party invorites; for passing a law authorizing the competition of convict with honest labor: and for passing many other out-rageous laws subversive of the rights of the

We condemn them for failing and refusing to enact such legislation as would secure to the Territory an efficient public school system, and for a manifestation of general hostility to public education, as shown by their acteat of the effort to establish such a system by the last Legislative Assembly, as well as their denunciation of the Perkins' Bill for the reason that such a system for the education of children or the masses would require the taxation of large land

We declare ourselves in favor of the unqual-ified repeal of the Actor Congress of 1839 re-

by retarding the progress of the Territory; and of the repeal of the law prohibiting the investment of foreign Capital in our mining indus-

We condemn the Repusican party for passing such an act, authorizing the holding of a Constitutional Convention, as deprived the Democratic counties of the territory of any op-portunity to secure a fair or equal representa-tion in said Convention, and of attempting to foist upon the people a Constitution framed in the interest of that party alone, and discriminat ing in favor of the few as against the masses.

We declare that the Constitution so framed we declare that the Constitution so framed would, if adopted, deprive the people of the State of the right to elect the judges of the Supreme Court, while providing for the election of the judges of the District Courts by districts so constituted as to render such right valuless. We further declare that said constitution devices to the Everytive the reverse resulting tion denies to the Executive the power usually conferred by such instruments, and makes him the mere puppet of the Legislature by subjecting him to suspension from office upon impeachment without trial. We further declare that said Constitution so limits the power of taxation upon personal preperty as to enable all large property interests of individuals and corporations to escape the just burdens of the government, and inequitably and unjustly authorizes the same to be imposed upon particular. thorizes the same to be imposed upon particular articles and occupations.

We further declare that this proposed system of taxation will not produce, by property tax, sufficient revenue to support a State government and meet the public obligations, thereby rendering it absolutely necessary to impose a tax upon particular articles and occupations, thus making the masses pay for the benefits of the government received by the property of the few,

We further declare that said Constitution makes such an arbitrary and partisan apportionment for the election of members of the Legislature as to virtually disfranchise opponents of the Republican party. We further declare that the action of pretended appourned Convention, on the 18th day of August, 1890, was taken without color of legal cuttority and without the presence of a corrum of said original. without the presence of a quorum of said orig-ing Convention, and that the manifest object of a change in the date of the submission of said instrument to the purpose defeating a full and fair expression of the popular will thereon.

We therefore call upon all patriotic citizens of New Mexico to go to the polls on October 7th next, and vote against the proposed partizon Constitution, to the end that all advocates of Statehood for New Mexico may without regard to present or future party affiliation united to present of fort to account in an honest effort to secure from Congress un Enabling Act. for the submission of a fair and just Constitution,

ECZEMA FROM CHILDHOOD.

When an infant my body broke out all over with an eruption or rash, which became more aggravated as I grewolder. From early childhood until I was grown my family spent a fortune in trying to cure me of the disease. Every noted physician in our section was tried or consulted. When I came of age I visited Hot Springs, Ark. t and was treated there by the bes medical men, but not benefited. After that, under the advice of a noted specialist, I tried Clifton Springs, New York, without any good results. When all things had failed I determined to try S. S., and in four months was entirely cured. The terrible Eczema was all gone, not a sign left; my general health built up, and I have never had a return of the disease. I have since recommended S. S. S. to a number of friends for skin diseases, eruptions, etc., and have never known of a failure to cure.
