SCIENTIFIC AMERICAN

Is the oldest and most popular scientific and mechanical paper published and has the largest circulation of any paper of its class in the world. Fully illustrated. Best class of Wood Engravings. Published weekly. Send for specimen copy. Price \$3 a year. Four months' trial, \$1. MUNN & CO., PUBLISHERS, 361 Broadway, N. Y.

ARCHITECTS & BUILDERS
A Edition of Scientific American.

A great success. Each issue contains colored lithographic plates of country and city residences or public buildings. Numerous engravings and full plans and specifications for the use of such as contemplated building. Price \$2.50 a year, 25 cts. a copy. MUNN & CO., PUBLISHERS.

PATENTS may be secured by applying to MUNN & Co., who have had over 40 years' experience and have made over 100,000 applications for American and Foreign patents. Send for Handbook. Correspondence strictly confidential.

TRADE MARKS. In case your mark is not registered in the Patent Office, apply to MUNN & Co., and procure immediate protection. Send for Handbook. **COPYRIGHTS** for books, charts, maps, etc., quickly procured. Address **MUNN & CO., Patent Solicitors.** GENERAL OFFICE: 361 BROADWAY, N. Y.

Address: 361 Broadway, N. Y. Send for Handbook. Correspondence strictly confidential.

HOW TO BUILD A SILO.

To the inquiry of a gentleman who wishes information how to build and of what dimensions will be required for a silo sufficient to feed sixteen or eighteen cows, Mr. John Gould, the best authority in America, thus answers:

"You will want a silo about 16x20; by 18 feet deep, holding something over 100 tons, and will furnish a 50-pound per day ration for 18 cows for over 200 days. I know of no reason why the silo should be double where 18 or 20 head of cattle are to be fed twice a day for the winter. If you build out doors and want a cheap silo, I would build all of wood and make a roof over it of cheap material that would shed the rain and keep out storms.

You can use cheap hemlock lumber, sound and free from shakes, and the silage will keep just as well as if made of forty-dollar lumber. I would plant some 10x10 inch sills in the soil where I wanted the silo and make the foundation secure against water in any way you think would be effectual. Dig a trench just the size of the sills, and after painting them well, and the joints with gas tar, put them in place and pack the earth tight about them. Put your 2x8 inch studding in place 48 inches apart from center to center. Toe-nail them on the sills with 20d-wire nail. Line up up the inside with the inch hemlock lumber, put on horizontally. Then mix gas tar and gasoline, two parts and one part gasoline, and paint the studding and boards, both sides, up three or four feet. Paper the inside of the silo saturated tar paper, put it on up and down, with a good two inch lap, ceil up again on the inside with another layer of inch lumber put on so that the crack of the inner layer will center the first course the first course of boards. Then paint the inside with a good coat of this same paint. Make it a little thinner, so it will run into all cracks, and tighten all knots.

"For the floor, draw the clay from the center of the pit up against the sides, so that it will be at least eight inches above the sills and pound it down hard. It is best to have the lumber single surfaced, so as to make a smooth wall. Tie the tops of the studding together so as to prevent spreading, and put on any kind of a roof that will keep out rain and melting snow. I should build a square silo. I think you will be well pleased. The lath and the plaster silo has many friends, but now all the plans of silo building are giving way to the square double-boarded silo, well

painted with gas tar. There is no evidence that a good board, filled with gas tar, is not as durable as lath and plaster, and far less liable to crack, if the frame should spring in filling. Whether a \$10 per M board is more or less expensive than a lath and plaster wall. I would not use any matched lumber in a silo. When the lumber has fairly true edges, and is put on with a half lap, with tarred paper between and well nailed, the walls are absolutely air proof, nor will the paper rot between the boards."

COAL AND IRON.

Cerrillos and White Oaks Attracting the Union Pacific's Attention
—Long' Canon Line.

Here is a very significant paragraph from the Trinidad Advertiser which came to hand this morning:

"It has been learned from a most reliable source that a party of Union Pacific surveyors who left Trinidad early last spring have just returned from Chihuahua, Mexico, where they had lately finished a preliminary survey for the road running from the Long' Canon extension, through to Chihuahua. The line touches Las Vegas and runs thro' the White Oaks mining district, a section of southeastern East New Mexico with mineral possibilities exceeding any other portion of the territory. That the new line will be pushed through immediately is not likely, but that it will be built eventually is a certainty. The company has spent too much money on their Long's Canon branch not to complete it through to a section from which it would draw its greatest revenue."

Thus at last the secret back of the Union Pacific operations toward the southwest in Colfax county seems to have leaked out. It has long been known that there was a big scheme involved in the Union Pacific company's invasion of the A. T. & S. F. territory, but just what that scheme was has until now been kept very quiet. The Cerrillos mineral and anthracite coal fields and the splendid undeveloped resources about White Oaks, together with the inviting field which northern Chihuahua, offers are responsible for this movement. New Mexico, and especially that portion lying between Santa Fe and White Oaks, has much to hope for as the out-come of the above quoted statements.

Are you married? if not, send your address to the American Correspondence Club: P. O. Box 643, Clarksburg W. Va.

THE FIRST CAMPAIGN GUN FIRED.

Hon. Antonio Joseph Nominated—
Brief Sketch of His Congressional
Career—The People's Choice.
La Voz del Pueblo.

On Wednesday, the 3rd day of September, 1890, at Silver City, Grant county, in the Southwest portion of our Territory, the Territorial Democratic Convention was held to nominate a candidate for delegate to the 51st congress of the United States. Every county of the Territory was represented and the most perfect harmony prevailed. The name of Hon. Anthony Joseph, the present delegate to congress, was presented for re-nomination and amidst cheers and the wildest enthusiasm he was chosen the standard bearer of the democratic party for 1890.

Hon. Anthony Joseph is acknowledged on all sides as the best and ablest representative that we that we have had in congress. He is a hard-worker and never absent from his post of duty. To his constituents, be he the humblest, he treats with the utmost consideration and attention, answering personally by letter all questions addressed to him as delegate to congress; this trait, which on its face appears very simple, has endeared Don Anthony to thousands of poor Mexicans. He is honest and true to the masses of the people and will undoubtedly be re-elected to the place he now so worthily fills.

His record in congress as well as in the Territory is clean and straight, his only aim has been to work faithfully for the interests of the Territory at large without any political views; upon the matter. Joseph in congress represents the people of the Territory and not any party or political faction. He has done more in the way of appropriations and good legislation for New Mexico than all other delegates sent to congress before him put together. His public career is an open book in the hands of the people, the honorable gentleman being well known to every man, woman and child in the Territory.

Below we give a short sketch of the work accomplished during his service of three terms, besides the work accomplished, he has at the present time, several important measures before congress for the benefit of New Mexico, which he is earnestly pressing for approval, and which, no doubt, will at an early day become a law:

He was appointed and has served three sessions of congress on the committee on territories; also on the committee of Oklahoma territory.

He has made speeches on all measures before congress affecting New Mexico and other territories.

He has introduced into congress over 150 private bills, all relating

to New Mexico and its citizens.

An appropriation for the completion of the federal building at Santa Fe of \$52,000.

An appropriation for grounds, fences and furniture for the same of \$20,000.

For establishing the fourth and fifth judicial districts.

For the survey of the Rio Grande from Embudo to El Paso, with a view of constructing jetties to prevent overflows, for which \$50,000 was appropriated.

For the establishment of an agricultural experiment station, for which \$15,000 was appropriated.

Retaining an appropriation that the republicans tried to repudiate, for an Indian Industrial school of \$25,000.

A bill validating the bonds of New Mexico.

A bill confirming the creation of San Juan county.

A bill establishing a land office for Lincoln county, at Roswell. Also one at Folsom.

He succeeded in passing through a bill establishing the Lincoln land district.

The following bills he has succeeded in passing through the democratic house of representatives, and they are now awaiting the action of a republican senate:

The bill for the settlement of the Spanish and Mexican land grants in this Territory.

The bill for the payment of Indian depredation claims (amounting in New Mexico to \$5,000,000).

He introduced the bill for the admission of New Mexico as a state, and made speeches refuting the republican slanders in the minority report against it.

He introduced the bill for the ascertaining and payment by the government of damages sustained by settlers on land grants.

Through the labors of Mr. Joseph seventy-five new post-offices have been established in New Mexico.

Galveston Jubilant.

Galveston Sept. 19.—This city was wild with enthusiasm to-night over the receipt of the news that the president had signed the deep water bill which practically gives Galveston \$6,200,00 for the improvement of her harbor. The mayor has issued a proclamation doing away with all restrictions as to the discharge of firearms and the city is illuminated with a pyrotechnic torch light. Processions crowd the streets. Brass bands and tin horns add to the general din and every citizen seems intoxicated with joy. The appropriation will make Galveston a first-class seaport which besides giving great prosperity to the city will insure cheap ocean freights for Denver and all the country west of the Mississippi.

The ideal magazine should be like a perfect dinner; seasonable, tempting, satisfying, never heavy, each course perfect in itself, with dainty entrees and entremets to give zest and piquency, the whole affording such pleasure and satisfaction that it leaves a desire for a repetition of the feast. This is the case with DEMOREST'S FAMILY MAGAZINE for October, Just received; when one has read it all through (and everyone who takes it up will do so) there is a desire to begin at the beginning and enjoy it all over again.

The October number takes us visiting again, this time to the palatial residence of Senator Hearst of California; and when one has looked through the magnificent illustrations, one feels quite at home "upstairs and downstairs and in my lady's chamber." The young folks will all be interested in "The Game of Golf for Ladies," which is quite new on this side of the water; and old and young will read with interest and profit the curious facts about animals embodied in "Disguises in animal life," and soft shell crabs will be invested with new interest after one has read about "The First Armor-Wearers."

In fact, every page is as good as it can be; Demorest's Family Magazine is the ideal magazine.

But this month there is a special attraction; the new List of Club Premiums. Not only is there a host of handsome as well as useful articles offered, including material for an elegant silk dress, but the more liberal offer is made that if this generous list does not include the thing or things desired, the prospective getter-up of a club may write to the publisher stating what would be liked better, and special terms will be made for the coveted article. The offer is unprecedented, anything from a paper of needles to the complete furniture of a house being obtainable without paying a cent!

The statehood question is a separate and distinct one from the so-called constitution to be voted upon Oct. 7th. Many, and in fact, a majority of democrats are favorable to Statehood and would vote to adopt such a constitution as the people of this territory could be benefited thereby. Give us a constitution which will provide equitable exemption laws so that a poor man can subsist in New Mexico as well as in other states. And provide for the assessment and collection of taxes, so that there will be no favored class who can in any manner evade their proper and just portion of taxes in the State, School and Local Government. When such a constitution is placed before the people, democrats will vote for its adoption. The constitution submitted for adoption by the people on October 7th, does not come to us as an enabling act from the congress of the United States, but is the creation of as corrupt a ring of politicians and adventurers as ever disgraced any section or locality in the country. This regency are well known throughout the Territory—their history is one of continued and long standing jobbery and the names of the men who are most active in favor of the so-called constitution are Catron et al., successors to Elkins, Dorsey & Co., and Dorsey in person, of retired Star Route infamy—Rynerson, Riley, et al.,—the list would not be complete if we left out Dwyer, Chaves, Otero & Co. In the rear

guard we have Louisiana carpet baggers exiled to this territory for participating in the outrageous Hayes-Sherman steal, of the presidency. opposed to these saintly gentlemen who are so loud in their professions of honesty in governmental affairs, we have the entire democratic party of the Territory whose numbers are so great that for the fourth time their candidate, Antonio Joseph, will be sent back to Congress by a greater majority than he has ever received. With the democrats are a large class of republicans who cannot be fooled by the Regency or the office holders, or the demand of colonels and party bummers, independent republicans who despise hypocrisy, such, we can name here at home, and many who are influential in other parts of the territory. This class of republicans, if they vote at all on Oct 7th, will cast their ballots against the deception and relegate the so-called constitution back into the hands of the Regency from which it sprung. And again we affirm when a constitution is framed in the interest of good government and in no way tainted with jobbery it will be adopted by an overwhelming majority of the good people of the Territory of New Mexico. There is ample time after March 4, 1891 for New Mexico under any or all circumstances, the present Tom Reed Congress will not admit New Mexico. The only real chance will be under the forthcoming democratic Congress. The present constitution has been submitted to the Tom Reed Congress and they sent the delegation back home unconstructed, failure has resulted in the house and home of the Regency. They, as a forlorn hope, will try and have the present instrument adopted and when presented to the next Democratic congress meet with a refusal. At heart the regency do not desire statehood unless it is a state for the benefit of Catron, Chaves, Otero, et al. Voters, remember the fact that if this instrument should be adopted by a bare majority, to repeal or amend it will require more than a majority, the common practice is to require a two-third vote at least to amend. You cannot afford this. We can make a constitution under an enabling act that will be adopted by a two-thirds vote and not by a bare majority. When New Mexico goes into the Union, she must go in unanimously in favor of good government.

Vote down this experiment, and then let us go at it and frame a Constitution suitable to the Union and the whole people of New Mexico.

"Veritas," the White Oaks correspondent for the New Mexican, has a long article on local politics, and the election of Reed in Maine

and refers to the election in Arkansas. He desires to know "which shall it be," "the Maine or the Arkansas method?" We do not care much, but the people hereabouts, are determined not to have the Louisiana method, with which the correspondent could give us some interesting articles.

The Congressional apportionment bill recently introduced has called attention to a very important and interesting subject—the number of members of the House of Representatives. It would be expecting too much of poor depraved human nature to ever indulge in the hope that this question will be considered by the present House without reference to party politics. It has been the custom, since the first census, and consequent apportionment, for the party in power to get all possible advantage out of the apportionment, and so it will probably be to the end of the chapter. To the student of our form government the apportionment tables from 1790 to 1880 make a very interesting study. In 1790 each member of the House represented 33,900 people, and in 1880 151,912 people, and if the new bill becomes a law he will represent 180,000 people. Many of the States have a smaller number of Representatives now than they had in 1790. For instance, Virginia had 19 where now she has only 10; Connecticut had 7 while she now has only 4; Maine had 7, but now she has just 4; Massachusetts had 17 while now she has to content herself with 12; New Hampshire had 4, and now has 1; Delaware started with one and still has one, though for the ten years between 1810 and 1820 she had two; Rhode Island started with 2 and has always had the same number. Mr. Dunnell's bill will make the membership of the House 324, which is about twice as large as it ought to be.

From the Albuquerque Democrat.

One of the constitution boomers finds great comfort in the fact that in the universal search for objects of taxation, other than fraudulent land possessions of the bosses, the constitution benignly spares the fruit and shade trees of the country. He says: "It exempts from taxation for a time the fruit and shade trees of our farmers." Shades of departed American freemen, think of your degenerate sons paying taxes on their shade and fruit trees!

None of the advocates of the constitution, in dwelling on its beauties, make mention of its taxing the output of mines, special objects and occupations. Oh, no; they never mention these! Yet under this constitution the miner may be taxed on the ore he digs from the bowels of the earth, on the implements with which he digs

and transports the ore, and then taxed for following his hard and but too often unenumerative occupation. Yes! it is a pretty constitution.

Governor Stover says, over his own signature, that he favors the proposed constitution because "it provides amply for the education of our children."

Now, the fact is, as everybody knows who has read that delectable production, that the first constitution did not provide amply for education. On the contrary, it forbade the people to tax themselves in sufficient amount to provide schools and school houses, and even the meager pittance permitted was restricted to school districts of 1,000 inhabitants, thus virtually depriving the people at large of the possible benefit for years to come. The amended constitution falls so far short of "providing amply for the education of our children," that it does not provide for it at all, but relegates the matter to the legislature. Every crow thinks its own young the whitest. It is natural, therefore, that Governor Stover, having been one of the incubating 18 who hatched out this amended bantling, should think it very fine; but those who look at it with unprejudiced eyes can see that it comes as near being a good constitution as the color of a crow comes near being white.

The election of a Democratic Legislature in November will be an emphatic denunciation of the reckless and irresponsible financial administration under which the debt of the Territory in six years reached the enormous sum of nine hundred thousand dollars, with no immediate prospect of any material reduction, and imposing upon the tax payers of the Territory an interest charge of seventy-two thousand dollars per annum, a sum quite sufficient to pay the expenses of the Territorial government, if administered with proper economy and intelligent financial ability.

Blaine for free wool, Sherman for free coal, Dawes for free iron, Paddock for free tin, Davis for free binding twine, Butterworth for free copper—if these gentlemen should get together and pool their ideas there would be a genuine free trade party in the land.

Congress isn't saying a word about one cent letter postage, but people are talking about it, and somebody may ask somebody else some questions about it before long. Put your ear to the ground and listen.

New York has a design for the Grant monument, but the monument is yet to come, and what makes its arrival doubtful is the fact that most of the money to pay for it is also yet to come.

NEW MEXICO INTERPRETER

WHITE OAKS, N. M. Sept. 26, 1890.

WHERE WE GO.

L. O. of G. T.

White Oaks Lodge, No 49, meets at the Castle Hall every Saturday night, at 7 o'clock p. m., of each week.

FRANK PARKER, C. T.

JAMES SIMS, SEC.

K. of P. Baxter Mountain Lodge No. 9.

Knights of Pythias, meets every 2nd and 4th Thursday night, at 7:30 o'clock. Visiting Knights are cordially invited.

ED. M. KEELEY, C. C.

CHAS. L. PEARMAN, K. of R. & S.

B. A. R. Kearney Post, No. 10.

Meets on the last Monday night of each month, at the Town Hall.

JOHN A. BROWN, P. C.
ED. R. BUNNELL, ADJT.

Methodist Church Directory.

Preaching every Sunday in the Month at 11 o'clock, a. m. and 8 o'clock, p. m., except the second. Sabbath School at 3 p. m. every Sunday. Prayer and praise service every Thursday at 8 p. m. —Pews free.

S. W. THOMAS, P. C.
A. J. POTTER, P. E.

Congregational Church.

Order of service on Sabbath.—Preaching at 11 o'clock, a. m., and 7:30 o'clock p. m.

Prayer meeting, Wednesday evening of each week. Sunday school at 10 a. m. All are invited.

N. W. LANE, Pastor.

DAILY MAILS.

Eastern mail arrives . A. M.

Leaves 6 P. M.

Fort Stanton mail arrives 5:30 P. M.

Leaves 7:30 A. M.

Red Cloud mail leaves 2 P. M. Monday.

Arrives 10 A. M. Thursday.

P. O. open from 6 A. M. to 7 P. M.

Sundays from 6 to 9 A. M. }
4 to 6 P. M. }

Mails close 30 minutes before departure. Money orders and registered letters must be applied for before 4 P. M.

Albert Ziegler, the handsome and modest member of the firm of Goodman, Ziegler & Co., attended the Albuquerque fair while East, on a combined business and pleasure trip. This firm are making the usual preparation for a big trade this fall and winter. Lots of fresh, new goods and lower prices will be found at their mammoth store.

Several of the Republicans of White Oaks will not vote at the election on October 7th—should they go to the polls will vote against the proposed Constitution. The class of republicans we speak of are not few but many, who are favorable toward good liberal school laws, and a proper, equitable distribution of taxes. They are also in favor of the people electing the Judges as well as Justices of the Peace.

LOCAL MATTERS.

Mr. and Mrs. U. Ozanne took the stage Monday night for a short visit to Albuquerque.

Sorgum Molasses—Finest you ever stuck a tooth in, at Ridgeway's.

A fine Mounted Grindstone, for sale cheap—Stewart of White Oaks.

Best Quality Cheese, at Ridgeway's.

The Oldest house in White Oaks, and it stands the test of time—Young & Taliaferro's.

J. T. Butler & Co. have moved their stock of drugs into Dr. Paden's new brick store.

Mr. and Mrs. Jas. A. Alcock contemplate a trip to Roswell and the Pecos country.

Rev. Mr. Gibbons, the Methodist pastor has arrived and will conduct divine service on Sunday at the M. E. church. Turn out and give him a hearty welcome.

Mr. Lea, of the Lea Cattle Co., in company with Rev. _____, of the Methodist church, passed thro' White Oaks the first of the week en route to Roswell.

Cabbage, 3 heads for 25 cents—Y. & T.

Court is in session at Las Cruces. The U. S. Attorney is busy prosecuting cases of adultery under the Edmunds act. Some 10 different cases tried already and not all in—more to follow.

Miners at Pinos Altos, New Mexico, held a meeting the other day and resolved to oppose the constitution, because of the infamous provisions to tax unpatented mines. Verily, the Miner is awake and will not vote away his interests to the land grabber.

One Box, and three Upright Heating Stoves, to close out that line—Stewart of White Oaks.

Mr. Thomson, brother of our J. W. Thomson, of Red Cloud, after a few days pleasant visit with relatives, departed for the East on Monday evening. Mr. Thomson expressed the usual opinion about White Oaks; they all remark that it has a glorious future and with R. R. communications will be a town of no small proportions.

Among the cases determined last week at Las Cruces, was one against Joshua Hale, of Ruidoso. United States vs. Joshua Hale, violation revenue laws; fined \$500.

Cold weather is coming—I have boots and shoes to meet it—When in need don't forget, Stewart of White Oaks.

W. H. Weed has been down to Lincoln and vicinity on a business trip this week.

The President is very busy.—So are Young & Taliaferro.

We were shown a 9 oz. chunk of Jicarilla gold this week, which one of our local merchants forwarded to the mint. Jicarilla gold has the reputation of being the finest and heaviest in the mining districts, and always holds out at the mint.

Capt. Kempton had stolen from him on or about the 17th, four horses and two colts. The thieves were trailed for a distance of fifty miles by Kempton on Saturday. Deputy Sheriff Langston went in pursuit of the gang who took the horses and will probably capture them. White Oaks is not a healthy place to operate in the horse or cattle thieving business.

Morris R. Locke & Co., the contractors who built 11 and graded 20 miles of the railroad from El Paso to White Oaks, were allowed until Sept. 25th, yesterday, to perfect arrangements with Receiver Davis to continue operations toward the further completion of the contract. Should this firm make satisfactory terms it will be known on the day set. If they fail, the Receiver will proceed to dispose of the effects, and the future of the enterprise will be contingent upon the forthcoming sale. The prospect for the ultimate completion of the road is still in doubt. We hope to give our readers some encouraging news in a short time.

The regular session of the Board of Commissioners will be held at Lincoln on Monday October 6th. A special meeting next week is called, to provide for election officers for Oct. 7th.

The late rains have secured for the farmers hereabouts a splendid crop; especially is this the case in Texas Park. Our farmers are jubilant. The success met with this season will encourage a large acreage next year. There is no better place for farming in New Mexico than at the Park; there is plenty of land unoccupied; all that is wanted is the farmer. This season has demonstrated beyond any doubt that crops, and good ones, can be raised right there without irrigation.

Tom Tillitson, the republican nominee for the legislature, refuses to run and the G. O. P. are in a quandary whom to place on the ticket in his place. The faithful and ever willing White Oaks candidates may have an opportunity to run and make martyrs of themselves—provided they do not knife one another before they are invited.

Dan Nowlin, Sheriff, is in town busy collecting taxes, his headquarters are at Goodman, Ziegler & Co's store. Come to the front and pay your taxes—after Nov. 1st they become delinquent.

DEMOCRATIC RALLY.

On Saturday evening, Oct. 4th, at Nogal, there will be held a good, old fashioned Democratic Rally. Hon. Granville A. Richardson and W. C. McDonald, and probably other prominent Democrats will address the meeting. The attendance promises to be a large one. Everybody is cordially invited to be present.

Anthony Joseph has written his letter of acceptance, which was received too late for this issue. We will present the same entire in the INTERPRETER next week. It is a strong and very interesting document.

Jeff Grumbles and A. N. Price are back from a short prospecting trip in the White mountains. They report having seen some fine mineral and plenty of it.

Mr. Wilson, of the North Homestake mine, of White Oaks, has purchased the old Jane Bowman mill, situated in Water Canon, and is now busily engaged in tearing down and moving it over to Lincoln county.—Soeroro Chieftain.

Have you an idea of applying for a patent? Or do you wish to know anything about patents, a subject in which everybody is interested? Messrs. C. A. Snow & Co., 710 8th St. N. W., Washington, D. C., will obtain your patent or answer your questions. We know them to be entirely trustworthy. Read their advertisement on sixth page.

The village school will open on Oct. 1st, with Miss Annie F. McGrew, of Jefferson Co., Ohio, as teacher. The school will be conducted at the Methodist church.

Who will take Tom Tillotson's place on the mongrel ticket. We would suggest that it could do worse than place the democratic nominee thereon. The g. o. p. will be in the field lacking a straight candidate for Sheriff, Supt. of schools, Coroner, one Commissioner and Representative. Should the ballance of the ticket use the discretion that Dr. Lane and Tillotson has, what will the g. o. p. amount to in this campaign?

Thursday evening a large number of the citizens of White Oaks assembled at the Town Hall and listened to a joint discussion between Hon. John Y. Hewitt, and Major Caffrey, of the Leader upon the constitution, Maj. Caffrey advocating its adoption, and J. Y. Hewitt advocating its rejection; at the election to be held, Oct. 7th. The audience was composed largely of opponents to the measure, and from the criticism passed upon the arguments, White Oaks will poll a good majority against the so-called constitution. There were republicans who openly state their opposition, while there is yet to be found a democrat favorable to the document.

ELECTION PROCLAMATION
By the Board of Commissioners of Lincoln County.

Whereas, by law it is made the duty of the Board of Commissioners in each County of the Territory of New Mexico to proclaim an election to be held in their respective counties for the purpose of voting for or against the adoption of the Constitution for the State of New Mexico, as framed by the Constitutional Convention held in Santa Fe, New Mexico;

Whereas, The 7th day of October 1890, is designated by an ordinance adopted by the said Constitutional Convention as provided by law;

Therefore, The Board of Commissioners of the County of Lincoln in regular session held in the town of Lincoln, county seat of said County, the 22nd day of September, 1890, has ordered as follows, to wit:

That on Tuesday, the 7th day of October, A. D. 1890 at 8 o'clock A. M., of said day an election will be held in the various precincts within the County of Lincoln, Territory of New Mexico, for the purpose of voting

"For the Constitution" or "Against the Constitution."

by the legally qualified voters in each precinct.

By order of the Board of Commissioners of Lincoln County, New Mexico.

In witness whereof I have placed my hand and ordered the seal of said Board affixed, this 22nd day of September, 1890.

M. CRONIN,
Chairman Board of Co. Commissioners of Lincoln County, New Mexico.

Attest:
Geo. Curry, Clerk.

District Attorney Wade should try and put in his time at the Lincoln County term in October. The gentleman has not been in attendance in Lincoln county, for a single session of court. Come over and let us see you and what you look like. At the last and preceding term of court Col. Fountain and Col. Rynerson, took care of the business for Wade. These gentlemen are entitled to pay for their services and undoubtedly intend to recover it. Is the county to be mulcted to the tune of paying double fees to this office of district attorney? It will be in order for some one to explain.

E. W. Parker returned from the east on Monday. Mrs. Parker is visiting friends in St. Louis.

The World Enriched.
The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

Far-sighted people with level heads, buy their hats & caps of Young & Taliaferro.

Ceraline, at Y. & T's.

The Santa Fe Co. have bought the Colorado Midland R. R., thus securing the immense trade in Colorado, to result greater upon the completion of the Pecos Valley R. R. from Eddy via of Roswell and White Oaks to Albuquerque or Santa Fe. The air is full of R. R. rumors, but as yet they are only rumors. The R. R. to Eddy will be positively completed by Nov. 1.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup, has been used by mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once, produces natural, quiet sleep by freeing the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste, soothes the child, softens the gums, allays pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

From the Rio Grande Republican.

The government telegraph line will be moved from Lava to Carthage next month.

Wm. Rosenthal has purchased the interest of Jas. J. Dolan and Numa Raymond in their Lincoln store.

Col. W. L. Rynerson, whose health has been failing for some weeks, started last Tuesday for the Pacific coast where he will try a change of air for a few weeks. Mrs. John H. Riley and two children accompanied him. The ladies will stay at San Diego for a period of ten weeks. Mr. Riley accompanied the party to Albuquerque.

Mr. S. S. Terrell and wife, of Lincoln county, have rooms at the Rio Grande. Mr. and Mrs. Terrell were married about the first of June and immediately started on a bridal tour, which has extended to this time. They have visited every place of importance on the Pacific coast from San Diego to Paget Sound. Mr. Terrell thinks that Salt Lake City is the most progressive place he saw on the trip.

Ed. Ball, the cow boy preacher is in New Mexico once more. He preached at Roswell a few days since.

A Drowsy Bargee at the Helm.

To-day it is raining in torrents. He knows by experience the value of a "Fish Brand Slicker." It is his sole article of dress, and to him worth drawers, shirt, coat, vest, and pants. He'll tell you tales by the hour of storms lasting days and nights when that "Slicker" made up the whole difference between comfort and misery; and all for a mere trifle from his week's pay. Why don't you buy one for yourself? To realize how little it costs, think how long it lasts. It will outwear four suits of clothes. Better get one to-day, before you forget it. A day's delay may cause a month of sickness, and cost a hundred times the price of a Slicker. Beware of worthless imitations, every garment stamped with the "Fish Brand" Trade Mark. Don't accept any inferior coat when you can have the "Fish Brand Slicker" delivered without extra cost. Particulars and illustrated catalogue free.

A. J. TOWER, - Easton, Mass.

DEMOCRATIC PLATFORM.

We, the Democratic party of the Territory of New Mexico, in convention assembled, reaffirm our allegiance to the time-honored principles of the National Democratic party as enunciated in the platform adopted at St. Louis in 1888.

We demand the free coinage of silver.

We arraign the National Republican party for squandering the surplus revenues in the treasury in order to furnish a pretext for increasing tariff taxation on the necessities of life—for depriving Democratic constituencies of their representatives in Congress (and arbitrarily seating republican candidates who were not elected by the people—for adopting an arbitrary and unconstitutional system of rules in the House of Representatives and thereby suppressing the rights of the minority—and for attempting to pass the Lodge election bill to suppress free elections and subvert the rights of the states, in utter disregard of the Constitution of the United States—and practically for having awarded seats in the Senate of the United States to two Senators from the state of Montana, who were not lawfully elected thereto.

As heretofore, we reiterate, that the General Government has been and still is, heedless of the rights of New Mexico and its obligations under the treaty of Guadalupe Hidalgo in failing and refusing to pass such a law as will secure the prompt and speedy settlement of land titles in New Mexico.

We declare that the native population of New Mexico are entitled to the lands held by them or their predecessors under the laws of the Republic of Mexico, and that their rights thereto should be respected.

We endorse the course of Hon. Antonio Joseph, our delegate in Congress as a zealous and faithful public servant, at all times tireless in his efforts in behalf of the people of New Mexico, and heartily commend him for re-election.

We denounce the action of L. Bradford Prince Governor of New Mexico in requesting the quartering of United States troops in the county of San Miguel to overawe the people under the pretext of resistance to the civil authority, when no process was in the hands of the officers of the law unreservedly in keeping with the spirit of contentment for the civil authorities usually exercised by the Republican party.

We arraign the Republican party of New Mexico for reckless disregarding the will of the people and turning out of the last Legislature duly elected Representatives in order to secure a majority sufficient to pass iniquitous measures over the executive veto.

We arraign them for passing a libel law contrary to the spirit of the age—in order to suppress free speech and a free press; for the passage of a change of venue law in the interests of a single corporation and thereby so increasing the cost and delay of litigation as to amount to a denial of justice; for passing a law changing the practice in taking appeals to the Supreme Court, applicable only to a limited number of cases in which Republican members of the Legislature were either parties or attorneys; for assuming the powers of the Territorial Executive in order to place in office incompetent and corrupt party favorites; for passing a law authorizing the composition of a convict with honest labor; and for passing many other outrageous laws subversive of the rights of the people.

We condemn them for failing and refusing to enact such legislation as would secure to the Territory an efficient public school system, and for a manifestation of general hostility to public education, as shown by their defeat of the effort to establish such a system by the last Legislative Assembly, as well as their denunciation of the Perkins' bill for the reason that such a system would require the taxation of large land grants.

We condemn the Republican party of New Mexico for placing the management of the Penitentiary in the hands of a Board composed of perpetual incumbents of public office, which Board, in defiance of public opinion, has given employment almost wholly to relatives of the members thereof, and turned what was intended to be a reformatory institution into a house of debauchery.

We denounce the prostitution of the Courts by packing juries to secure wholesale inducements for acting against innocent persons as a means of intimidation for political purposes, and as a further means of rewarding a horde of party strikers who are kept in attendance on Courts as witnesses, term after term, while refusing the accused the speedy trial guaranteed by the law of the land.

We declare ourselves in favor of the unqualified repeal of the Act of Congress of 1850 restricting entries on the public lands, and thereby retarding the progress of the Territory; and of the repeal of the law prohibiting the investment of foreign capital in our mining industries.

We condemn the Republican party for passing such an act, authorizing the holding of a Constitutional Convention, as deprived the Democratic members of the territory of any opportunity to secure a fair and equal representation in said Convention, and of attempting to twist upon the people a Constitution framed in the interest of that party alone, and discriminating in favor of the few as against the masses.

We declare that the Constitution so framed would, if adopted, deprive the people of the State of the right to elect the judges of the Supreme Court, while providing for the election of the judges of the District Courts by districts so constituted as to render such right valueless. We further declare that said constitution denies to the Executive the power usually conferred by such instruments, and makes him the mere puppet of the Legislature by subjecting him to suspension from office upon impeachment without trial. We further declare that said Constitution so limits the power of taxation upon personal property as to enable all large property interests of individuals and corporations to escape the just burdens of the government, and inequitable and unjustly authorize the same to be imposed upon particular classes and occupations.

We further declare that this proposed system of taxation will not produce, by property tax, sufficient revenue to support a State government and meet the public obligations, and that any such system, at all times necessary to improve upon particular articles and occupations, is making the masses pay for the benefits of the government received by the property of the few.

We further declare that said Constitution makes such an arbitrary and partisan apportionment for the election of members of the Legislature as to virtually disfranchise opponents of the Republican party. We further declare that the action of pretended adjourned Convention, on the 18th day of August, 1890, was taken without color of legal authority and without the presence of a quorum of said original Convention, and that the manifest object of a change in the date of the submission of said instrument to the purpose of defeating a full and fair expression of the popular will thereon.

We therefore call upon all patriotic citizens of New Mexico to go to the polls on October 7th next, and vote against the proposed partisan Constitution, to the end that all advocates of Statehood for New Mexico may without regard to present or future party affiliation unite in an honest effort to secure from Congress an Enabling Act, for the submission of a fair and just Constitution.

MORTGAGE SALE.

Whereas, on the 9th day of May 1890, Theodore W. Heman, of Lincoln County, New Mexico, executed and delivered to George L. Ulrick and Jefferson D. Grumbles, his certain Mortgage Deed of that date conveying the mining claims known and described as the Rockford Lode, the Clipper Lode, and the Cashier Lode, all in Nogal Mining District, Lincoln County, New Mexico. Also Lot 4 in Block 4, the West half of Lot 4 in Block 8, the South half of Lot 8 in Block 10, the West half of Lot 3 in Block 32, the undivided half of Lot 1 in Block 43, Lot 4 in Block 54, Lots 1 and 2 in Block 64, and Lots 3 and 4 in Block 65, all in the town of White Oaks, Lincoln County, New Mexico.

Which said Mortgage Deed was given to secure the payment of a promissory note of date May 9th, 1890, for the sum of \$246.66, due and payable three months after the date thereof, with interest at the rate of 12 per cent, per annum, payable monthly on the 9th day of each and every month from the date of said note until paid. And, whereas default has been made in the payment of said note and the same is due and payable and the entire amount of the same with the interest thereon, still remains unpaid.

Now, therefore, in pursuance of the power of sale, embodied in said mortgage deed, notice is hereby given that we the said mortgages named in said mortgage deed will proceed to expose and sell on Saturday, the first day of November 1890, commencing at 10 o'clock in the forenoon of said day, in front of the post office in the town of White Oaks, in said county of Lincoln, New Mexico, at public auction, to the highest bidder for cash, the said granted premises, lands and tenements in said mortgage deed described, or so much, or such parts thereof as may be necessary to satisfy said note and interest, together with costs and expenses of sale.

The amount which will be due on said note on the day of sale is \$260.65

A PRESENT TO OUR SUBSCRIBERS.

It is with pleasure that we announce to our many patrons that we have made arrangements with that wide-awake, illustrated farm magazine, the AMERICAN FARMER, published at Fort Wayne, Ind., and read by nearly 200,000 farmers by which that great publication will be mailed direct, FREE, to the address of any of our subscribers who will come in and pay up all arrears on subscription and one year in advance from date, and to any new subscriber who will pay one year in advance. This is a grand opportunity to obtain a first-class farm journal free. The AMERICAN FARMER is a large 16-page journal of national circulation, which ranks among the leading agricultural papers. It treats the question of economy in agriculture and the rights and privileges of that vast body of citizens—American Farmers whose industry is the basis of all material and national prosperity. Its highest purpose is the elevation and ennobling of Agriculture through the higher and broader education of men and women engaged in its pursuits. The regular subscription price is \$1.00 per year. IT COSTS YOU NOTHING. From any one number ideas can be obtained that will be worth thrice the subscription to you or members of your household, YET YOU GET IT FREE. Call and see sample copy.

Approaches Perfection in Form.

Mrs Margaret Blanche Best, of Meadville, Pa., has won the cash prize offered by Dr. D. A. Sargent, of Harvard University, for the most symmetrical developed woman. There were 3,000 contestants. Miss Best is 25 years of age and a student in the School of Physical Culture at Harvard.

PRICE 25 CENTS.

Arrest on a telegram has just come up before a Chicago court which held it to be illegal—as probably every lawyer would unhesitatingly decide. Two years ago Secretary Bayard formally declined to make such an arrest on a cabled request from Belgium, and the proposal was made that a convention arranging for arrests on telegraphic requests be negotiated. In this country it is probable but not certain that legislation would be necessary to render legal an arrest under such a convention. For years past our local police authorities all over the country have made arrests on telegraphic requests, which often far more attention is paid than to a warrant, but all such arrests are irregular under existing law. They ought to be legalized and proper restrictions placed about their use.

ONE PERSON in each locality can secure one free, together with our large and valuable line of household necessities. These samples, as well as the watch, are free. All the work you can do to show what we send you to those who call—you send and neighbors and those about you—then always results in a trade for us, which holds for years when once started, and these we are rapid. We say all express, freight, etc. After you know all, if you would like to go to work for us, you can get from 50c to \$250 per week and upwards. Address, Shannon & Co., Box 512, Portland, Maine.

Mr. LEX. "Why, Addie, you needn't cry about it! I only said Mrs. Allen was a very well-informed woman, and I wished you would follow her example."

Mrs. LEX. "Yes, and last week you said you wished I could manage to look as stylish as Mrs. Allen—and she makes all her own clothes. But she has what I haven't."

Mr. LEX. "What is that?"

Mrs. LEX. "Well, she gets all her information from the Magazine they take. I admit that she knows all that is going on, and is bright and entertaining in conversation; but I could do as well as she does if I had the same source of information. She lent me the last number of her Magazine lately, and I learned more in one hour's reading, about various social matters and the topics of the day, than I would pick up in a month by my occasional chats with friends. It certainly covers every topic of interest, from the news of the day down to the details of housekeeping; and everything is so beautifully illustrated, too. Every time Mamie goes over to the Allens' she comes back and teases me to get you to take Demorest's Family Magazine, as the stories are so good. Even the boys watch for it every month, as a piece is found for them also in its pages; and Mr. Allen swears by it. It is really wonderful how it suits every member of the family!"

Mr. LEX. "Well, perhaps I had better send for a Specimen Copy; for, if it is anything like what you say it is, it will amuse and instruct the whole of us."

Mrs. LEX. "I see that W. Jennings Demorest, the publisher, 15 East 14th Street, New York, is offering to send a Specimen Copy for 10 cents, so we can't lose anything, as each number contains a 'Pattern Order' enabling the holder to any Eastern city may choose, and in any size—which alone makes each copy worth 30 cents; and I just want a jacket pattern like Mrs. Allen's. The subscription price is only \$3.00 a year; and I must say I can't see how they can publish so elegant a Magazine for so little money."

BEFORE AND AFTER USING.

At one time I had awful Sores and Pimples on my face, and after using two bottles of S. S. S. I was cured, and now have a nice smooth complexion.

JAMES L. BOYLE, Atlanta, Ga.

MY LIFE A BURDEN.

I was afflicted from infancy with Catarrh and with eruptions on my face for ten years. I was attended by the very best physicians, and tried a number of blood purifiers, without permanent relief. The mineral ingredients settled in my bones, and caused Rheumatic trouble. My life was a burden to me, and my case was declared incurable, when I saw S. S. S. advertised. Eight bottles cured me entirely, and I feel like a new person.

CITY BARBER SHOP.

OSCAR DYER has lately placed in fine shape, his barber shop, adjoining the Little Casino, where he has a good stock of razors, comfortable chair, clean towels, &c. Oscar is reasonable in his charges, and those desiring a good clean shave, hair cut, or shampoo, can procure the same at any time.

THE SANTA FE ROUTE.

This is the short line to and from points east to White Oaks, Ft. Stanton, Lincoln, and all stage stations in Lincoln County. Close daylight connections are made by stages to and from above points with trains from Carthage, Engle and Las Cruces, which have through sleepers to Kansas City, Chicago, St. Louis, and New York, without change.

Connection is made at Albuquerque with through trains for all California points. These trains are unsurpassed in modern improvements with luxurious day coaches and emigrant sleepers, the latter under the management of the Pullman company, are furnished with elegant curtains and clean bedding at a small cost per night.

Shippers will find it greatly to their advantage to consign all freight via the Santa Fe route, a saving of from three to five days time will be gained from all eastern and northern cities.

Freight from Chicago and points west of Chicago is brought through without transfer, thereby saving breakage and delay.

Call on nearest agent for rates and information, or address C. H. Morehouse, Division Freight and Passenger Agent El Paso, Texas.
