The action of the World's Fair commissioners to the effect that no form of gambling will be permitted on the exposition grounds is commendable. It would be a serious blunder for the management of this great enterprise to take any other position than this. It would be an unwise policy for our government to permit any of its enterprises to be used to promote gambling—an evil that is daily growing in this country.

There seems no indications of any stop in the rapid extensions of the City of Mexico, which is growing fast in all directions, but mainly toward the west and southwest. Many hundred new houses are building, and plans for a large number more are accepted. Business is excellent, and reports from all parts of the Republic show a high degree of prosperity. There will be a large increase in the area devoted to coffee culture this year, and great attention is also being paid to sugar cane culture, and many new plantations are being set out.

The Denver Republican says: "We should be glad to believe that the management of the Denver & Rio Grande railway company is seriously considering the matter of extending its line southward in New Mexico. But it is not probable that it is doing so. The most feasible plan by which to secure such an extension is for the people of the interested New Mexico towns to organize a company and build a line northward to connect with the Rio Grande. It is highly probable that if such a company were organized the Rio Grande stockholders would render the New Mexico company valuable aid in raising the money which would be needed."

A Catlettsburg, Ky., dispatch, says: "Particulars of a tragedy reached here the other day from Gager, McDowell County, W. Va. On Saturday the four Hall boys and two of the Steeles met at Squire Murphy's office to transact some legal business. Each was armed with rifle and revolver. One of the Hall boys was on the witness stand and contradicted a statement by a Steele. The lie was given and the battle opened. The court room was quickly emptied of its occupants not interested in the trouble. About forty shots were fired, and when the smoke of the cleared away, the Steele boys—Samuel and Hiram—were found to have been killed outright. L. W. Hall had a rifle ball through his brain, and his brother Lewis was badly wounded." McDowell County, West Va., is strongly Republican.

## Women and Ladies.

There have been some amusing instances of the misapplication of the word lady, which custom has decreed to mean social culture instead of its original meaning, "loaf-giver."

A girl waiter in a large hotel in an eastern city approached a guest with this query:

"Has any other lady taken your order?"

This was equivalent to the politeness of the little girl who surprised the family by announcing:

"Mamma, the swill lady is at the back door."

There is a story of the mistress of a fashionable house who, on being left without any servant, answered the door bell and was confronted by a stout girl, who asked:

"Are ye the woman that wanted a lady to work for ye?"

When Harriet Martineau visited America she asked the warden of a prison reformatory in Tennessee to show her though the women's ward.

"I am very sorry, ma'am, that I cannot accommodate you, but we have no ladies here at present."

A minister who was very polite changed a portion of Scripture to read, "Ladies and gentlemen created them;" and a lecturer who cared more for the sweet phrases of politeness than for the plain statements of the truth, rung this query upon an astonished audience, as he discoursed on the characteristics of women:

"Who were the last at the cross? Ladies. Who were first at the sepulcher? Ladies."

But even he was outdone by the exquisite divine who, as he concluded marrying a couple, said gallantly:

"I now pronounced you husband and lady."

The movement of cattle from along the line of the Santa Fe in New Mexico and Arizona has commenced and the first trainload bound for the Montana pastures will arrive in Denver on the 5th or 6th inst. The movement will be fully inaugurated. The first shipment the Santa Fe will tackle will 10,000 head belonging to J. M. Holt, at Wilcox, Arizona. These will be shipped to Wendover, Wyo., and thence driven to the grazing grounds in Montana. To move the bunch of cattle will require over 400 cars. It will cost more than \$20,000 to ship them. The Santa Fe expects to handle several hundred thousand head this season. In addition to those sent to Montana many stockmen will ship to Kansas and Nebraska, where the cattle will graze until fall and then be horn fed.—Denver News.

## Regarding Population.

The decline of the birth rate in Europe seems to be general and steady. In France the births are now very little in excess of the deaths, and in other countries the decline is marked.

Germany and Austria have the highest birth rate, but Germany shows a greater falling off since 1875 than any other nation except England. Hungary and Italy alone show an increase in the birth rate, and that not a heavy one. The United States have no very accurate statistics on the subject, but it is well known that even in this country the birth rate is decreasing and gradually approaching the death rate. It would seem that in civilized countries the matter of food and population may easily regulate itself along other lines than those laid down in the malthusian theory. By the time the waste places of the world are occupied and settled, neither war, pestilence nor famine may be needed to preserve the balance between power of production and need for consumption.—Ex.

## San Pedro Looking Up.

Despite the assault made upon the Santa Fe Copper company in a recent issue of the New York Mining Record, the stock seems to be holding its own pretty well and affairs at the mines and furnaces at San Pedro, as well as at the company's Boston office, are moving on with much activity. The German expert, Mr. Schaeffer, originally sent out to report on the extent and value of the concentrating ores for the Luhring Concentrator company of London, is again at San Pedro, and his presence is deemed as indicating that the Luhring's proposition to put up a 500-ton concentrator is in a fair way to go into effect. The Mining and Engineering Journal at hand from New York says:

The Santa Fe Copper company's new concentrator is at work. The amount of matte produced from March 15th to April 30th is reported to have amounted to 437,000 pounds. The directors of the company, at a meeting held in Boston, Mass., on the 14th of May, voted to issue \$42,000 10 per cent, five-year scrip with which to take up the coupons on the \$300,000 7 per cent. mortgage bonds matured in June and December, 1890, and to mature in the same months of 1891. Holders of over three-quarters of the bonds have consented to accept the scrip. The next coupon due for payment in cash will be that of June, 1892. This will give the company a full year in which to demonstrate its earning capacity.—New Mexican.

White Oaks N.M.

From the El Paso Times.

New For the White Oaks.

The press of Denver, El Paso, Pueblo, Las Vegas, Trinidad and White Oaks has for the past twelve months been agitating the question of an air line road between El Paso and Denver, running through the towns above mentioned and opening up a country rich in coal, timber and silver and lead ores.

That such a road would be of incalculable benefit to the cities mentioned is thoroughly understood among the business men, but understanding and talking will not build the road. Money is needed and that money can be found at the east, and its investment in the proposed railroad can be secured if the matter was properly presented to the eastern capitalist who do not understand the inducements offered. Now in order to get to work in a manner holding out encouragements of success, the Times calls for a convention to be held in El Paso, on the 30th of the present month, at 10 o'clock a. m. and invites the business men of Denver, Pueblo, Las Vegas, Trinidad and White Oaks, each to send ten delegates to the convention, where they will be joined by ten El Paso delegates, and let that convention consider the best method of securing the construction of the road and appoint a commission, to be composed of one representative from each interested city, to go east and secure capital to build the road.

Now, gentlemen, if you mean business, act, and if you fail to do so, El Paso will call in Kansas City to assist her.

From Denver Mining Industry and Tradesman.

White Oaks, New Mexico, which has been pretty well noted for some years for its rich gold bearing ore, is rapidly coming to the front as a producer. It has passed through its fever age of prospectors' boom, and reached the period when working instead of scheming is relied upon to furnish a living. When this period in the life of a mining town arrives, it has just reached bed rock and begins to construct a future on a solid foundation. There are now two stamp mills running, one a 10-stamp and the other a 20-stamp, as well as two Huntington, and the ore is reported to yield from

\$16 to \$50 per ton. There is water, fuel, good climate and good mining property there. More energy, more money and better transportation facilities are all that are required to make White Oaks a great mining town.

A Frontier's Trials.

Among the citizens of Eddy county who have handed in claims for Indian depredations is R. M. Gilbert. He has had a thrilling experience with the red skins. While ranching in Arizona many years ago a band of fifty dashed down upon him and killed his companion, one Barnes. Single handed and alone he fought the Indians until they prepared to set fire to the house, when he made a dash for a tule swamp. The Indians pursued him and kept up a constant fire, but he managed to gain the swamp, where he concealed himself until the enemy decamped. Then he walked all the way to Fort Bowie, where he lay in bed two months recovering from a wound which he got while fighting the Indians at the ranch.

After getting well, he started for New Mexico and finally arrived at Seven Rivers, where he took up a claim. Receiving some money from his father's estate in Texas, he bought some horses and implements and commenced farming. He put in a good crop of stuff, but before it was ready to harvest the Indians came down upon him and drove off his stock, and his crop went to waste. He is now well fixed, owning the best improved farm in the county. But he has gone through many trials and hardships to get it, and nobody should envy his possession of it.—Eddy Argus.

An Open Letter.

ALBUQUERQUE, N. M., May 13, 1891.

To THE HONORABLE BOARD OF COUNTY COMMISSIONERS.

GENTLEMEN:

The next annual exhibition of the Territorial Fair of New Mexico will be held at Albuquerque, commencing on the 21st day of September, and ending on the 26th. This is not a local enterprise; it is truly territorial in its character, its object is to do everything that may be done for the promotion of the best interests of every section of New Mexico. It will be largely attended, not only by our own people but by great numbers of persons from abroad who will come to the fair for the purpose of seeing for themselves what our territory can produce, thus affording one of the best opportunities that could possibly be presented for bringing the advantages and resources of all the various sections of New Mexico to the favorable notice of the general public. Permit me therefore to call your attention to the great advantage your people may derive from

having your county fully represented by a complete display of the best products of your fields, orchards, vineyards, gardens and mines, and by thus showing the productiveness of your district you may enhance the value of all the property in your county. To this end it is necessary that you should commence your preliminary arrangements at once, and the first step to be taken is the appointment of a suitable person to make a thorough canvass of your county, to wake up an interest among your farmers, miners, and others, and get them to agree to make collections of their best products so as to give your county a creditable display.

The fair is not a money making scheme; it is not run in the interest of any individual or company, but for the benefit of all the people of the territory, and we hope to see the people take hold of it and make it an exhibition that will result in great good to New Mexico.

Please reply at your earliest convenience, and if you desire to have an exhibit from your county showing samples of your fruits, grains, vegetables and minerals, the space will be reserved for you, free of charge. It will not cost you a cent, except the expense of gathering the articles and bringing them here, and the result may be worth many thousands of dollars to your county.

Respectfully,

C. C. HALL,

President.

CHAS. GEACH,

Secretary.

Thomas B. Reed is on a tour of Europe for the purpose of studying parliamentary systems. He will not be pleased with the manner in which legislative bodies run in western Europe. The systems there are too nearly similar to that of the land in which Mr. Reed tried to make himself perennial autocrat and failed. He should hurry at once to Russia. There business is transacted in exact accordance with Mr. Reed's parliamentary ideas. No time is wasted in debate, no unfeeling remarks are hurled at the head of the presiding officer and any mistakes made by the assembly are corrected by the governor and minister of the interior. Where could Czar Reed hope to find a parliamentary system more completely in touch with his advanced ideas of parliamentary ethics.—Alb. Democrat.

Authorized School Books.

The following is a list of school books authorized by the territorial board of education, arranged by subjects. Under each head the books are named in the order in which they are to be used:

Reading, English—McGuffey's Readers, 1, 2, 3, 4 and 5. Reading English and Spanish, McGuffey's

First Reader. Reading Spanish, Mantilla's First Reader.

Spelling Books—Osgood's Progressive Speller, Reed's Word Lessons.

Geography—Barnes' Elementary, Barnes' Complete.

History—Scudder's Short History of United States, Eggleston's History of United States.

Grammar—Hyde's Practical Lessons Part 1, Reed & Kellogg's Graded Lessons, Reed & Kellogg's Higher Lessons.

Writing—Eclectic Series.

Arithmetic—White's Elementary, White's Complete.

Physiology—Good Health for Children, Brand's Cutter's Physiology for beginners, Cutter's Physiology for advanced.

Political Economy—The American Citizen, Dole.

Government & Law—Government Class Book, Young.

Dictionaries—Webster's.

Wall Maps—Johnston's.

The following supplementary books were authorized to be used after the use of the regular books of similar grade, where desired:

Reading—New Franklin's Readers, 1, 2 and 3 Seaside and Wayside Series, 1, 2, and 3, O'Shea's Reader's, 1, 2 and 3.

Geography—O'Shea's First Lessons.

History—Eggleston's First Book.

The Pollard System was authorized to be used experimentally where desired, but not to interfere with the regular course of readers.

The decision of the supreme court on the Original Package law is in brief, says the St. Louis Republic, that there shall be no difference in the meaning of the words "regulate," "restrict" and "prohibit," the dictionaries and the uses of language to the contrary notwithstanding. If a jeweler who is paid to regulate a watch so that it will run better breaks the works and stops it permanently instead, he can make out his bill and sue for it hereafter with the certainty that he has the supreme court of the United States, as at present constituted, on his side.

Now that the New Mexico wool clip is about over it is known that the early spring promise of a very large yield is made good. It is the largest crop ever turned out. These are the reports sent in by all the flockmasters, though definite figures cannot be given at this time. There are many eastern buyers and they offer about the same prices as last year. The sales so far made range between seventeen and twenty cents.

The railroad bridge across the Rio Grande, at San Antonio, was burned June 5.

Roswell has voted for incorporation.

**LOCAL MATTERS.**

Dr. Bearup will leave town Monday, for his home in Roswell.  
 A son of George Keith, age about four years, died suddenly, last Monday.  
 For sale sheep, a large Charter Oak cooking stove. Inquire at Interpreter office.  
 Ernest Langston seems to be renewing his childhood while in the land of steady habits. At last accounts he was recovering from quite a severe attack of measles.

Col. Heman, wife and son, Mrs. Sidney Parker and Mrs. L. W. Stewart have gone for a week's revel in strawberries and cream at the ranch of Mrs. S. E. Barber.

This is the version given of her lesson, by one of the infant class in the White Oaks Congregational Sunday school "A man built his house on the sand, and the rains beat and the flood came and the house was found on top of the center of a rock."

The large water tank of the Pecos Valley Railway company at Black River, was totally destroyed by fire last Tuesday night. It is thought by some that the fire was started by a spark from the pumping engine, located a short distance below it. Others are of the opinion that it was the work of an incendiary. At any rate it is quite a loss to the company and places them to considerable inconvenience.—Eddy Argus.

A few days ago we took a walk through Mr. William Rexford's garden and orchard in the Park. There were Russian Mulberry trees, with fruit just set, a large strawberry bed thick with ripening fruit, gooseberry bushes loaded with berries, raspberry bushes in bloom, cherry trees—May Duke and Morello—filled with half grown cherries, apples trees in bearing, and young quince and pear trees. There were also long rows of onions, beets, lettuce, cabbages and tomatoes. A pipe conducts the water from the well to the ditches made through the garden. Mr. Rexford states that instead of raising his trees from seed, he has been at considerable expense to obtain the choicest varieties of grafted fruit.

Mrs. Bastion, of this place, had a toe amputated and the tendon of another severed, on Monday of this week, the operation being performed by Dr. Paden assisted by Dr. Bearup. The toes have turned downward from her childhood, and lately have become so much worse that she could walk with difficulty. At last accounts the patient was doing well.

Mrs. John J. Cockrell, of Little Rock, Arkansas, was in Roswell this week, proving up on her desert land claim, near the city. Mrs. Cockrell expressed herself as delighted with the many improvements in Roswell, and she is enthusiastic over the future prospects of the Great Pecos Valley.—Roswell Register.

We are most happy to be able to state that the Interpreter was made the official paper of Lincoln County, at the late meeting of the Board of Commissioners. For acts and influence which have helped secure so desirable a consummation, we take this opportunity to express our gratitude.

The Comery brothers, who have a fine lot of poultry, killed a large bull snake in their poultry yard, and found that he had just swallowed two eggs.

Oscar Dyer, of this place, went to Trinidad this week to visit friends. From there he will go to San Marcial to remain.

Whereas, it has pleased an all wise Providence to remove by death our beloved friend and Brother, Thomas W. Corey,

Therefore, be it resolved by White Oaks Lodge U. D. A. T. & A. M. that bowing in submission to His will, we, at the same time, feel and deplore our loss of a true man, friend and brother, and we thus publicly desire to express our esteem and love, and to extend to his aged and beloved mother this token of our sincere sympathy and condolence.

We would also extend to the Grand Army and the kind friends and public generally, our thanks and gratitude for the respect and many kindnesses shown and acted.

Be it further resolved that a copy of these resolutions be given to the mother of our deceased Brother, a copy be spread upon the records of this Lodge and published in our town papers.

**Children's Day.**

Quite extensive preparations are being made to celebrate "Children's Day," in the Congregational church, at this place, next Sunday. The custom of giving one day in the year, usually the second Sunday in June, to the children, has found favor with, and is now observed by all churches and denominations throughout our land, and is a means of bringing Sunday school work to the notice of the public. All contributions on that day are devoted to the mission work of Sunday schools on the frontier. As this Sunday school belongs to a mission church, the donations received next Sunday will be used to procure a library for this school, which is much needed, and it is hoped that a sufficient sum will be given to buy one worth having—one that will give the children reason to believe that their wants and needs are of some consequence to the community.

Districts Nos. 2, 9, 10, 19, 20, 30, and 35 have not reported up to this date. It is of the utmost importance that all ex-treasurers of the several districts make their final reports to the county Treasurers on or before July 1, to enable a full apportionment to be made by the county Superintendent.

**Public Meeting.**

At a meeting of the citizens of White Oaks in reference to Court House Bonds to be voted on July 2, 1891, E. W. Parker was elected Chairman and G. R. Young, Secretary.

On motion of Mr. Weed that the Chairman appoint an executive committee, composed of six citizens the Chairman appointed J. Y. Hewitt, J. P. C. Langston, G. L. Ulrich, W. H. Weed, G. R. Young and Charles Bull.

On motion, E. W. Parker was added to the executive committee.

Mess. Hewitt, Young and Brothers were made a committee to prepare an address to the voters of the county.

Meeting adjourned, subject to call of Executive committee.

G. R. YOUNG, Sec'y.

**The World Enriched.**

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

**POISONS IN COSMETICS.**

It seems to be the fashion for young ladies with pimples and blotches on their faces to make experiments with various cosmetics. Madame Piffypaffy advertises her foreign-named compound, composed of a combination of poisonous mineral substances that deaden and burden the delicate substances of the skin. There are no complexions like those that nature give. The tonic, strengthening and healthgiving effects of Swift's Specific (S. S. S.) permit nature to work her will in this respect, as thousands of ladies, both young and old, have discovered. The cheapest and most beautiful complexions depend on health and vigor. It is the office of Swift's Specific (S. S. S.) to give vigor and tone and health to the system, and in this way to give lustre to the eye and roses to the cheeks.

**NOTICE OF ADMINISTRATRIX.**

Notice is hereby given, that letters of administration upon the Estate of Charles L. Pearman, deceased, have been granted to me, by the Probate Court of Lincoln county, Territory of New Mexico, bearing date the 4th day of May, A. D. 1891.

All persons having claims against said Estate are required to present them for allowance within one year from the date of said letters, or they will be precluded from any benefit of such estate.

TILLIE J. PEARMAN,  
Administratrix of Charles L. Pearman deceased.

**NOTICE FOR PUBLICATION.**

In the Fifth Judicial District Court, Territory of New Mexico, County of Lincoln.

George Dillard and Amos L. Gaylord,  
Plaintiffs,

vs.

Nathaniel C. Hughes, Defendant.

The said defendant, Nathaniel C. Hughes, is hereby notified that a suit in attachment has been commenced against him in the District Court, for the county of Lincoln, in the Territory of New Mexico, by the said plaintiffs, George Dillard and Amos L. Gaylord: damages claimed two hundred and fifty dollars; that unless you enter your appearance in said suit on or before the first day of the next October Term of the said Court, commencing on the 12th day of October, A. D. 1891, judgment by default therein, will be rendered against you, and your property sold to satisfy the same.

June 5 4w J. W. GARNER, Clerk.

**ELECTION PROCLAMATION.**

Whereas, on the first day of June, A. D. 1891, there was presented to the Board of County Commissioners, of Lincoln county, New Mexico, at a regular meeting of said Board, a petition signed by over two hundred qualified electors of said county of Lincoln, praying that an election be held in the various precincts of said county, for the purpose of voting on the proposition of issuing Bonds of said county, in the sum of Twenty Thousand Dollars, to run for thirty years, with interest at 6 per cent. per annum, which said Bonds are to be issued and used to defray the cost of building a Court House at the town of Lincoln, and upon land now owned by said county of Lincoln, in said town.

Now, therefore, it is hereby ordered that an election be held in the various precincts in Lincoln County, on the 23d day of July, A. D., 1891, at 8 o'clock a. m. of said day, at the usual voting places in said precincts, and that written or printed ballots be used at said election with the words written or printed thereon, "FOR COURT HOUSE BONDS," or "AGAINST COURT HOUSE BONDS."

Done in open session, this First day of June, A. D., 1891.

J. F. HINKLE, Chairman.

Attest; GEORGE SENA,  
Clerk of Board of County Commissioners.

Corraling a drove of horses gives you plenty of work for hours. You don't have time to think what the weather is. You let everything slide, till the work is over. But the cowboy is never unprepared. When this "picnic" happens, whatever the weather, he is not drenched and wet to the skin before it's over, because he is always provided with a "Fish Brand Pommel Slicker." With one of these saddle coats on, you can't get wet if you try. Your entire saddle will be inside the coat, and it will be dry, too. Did you ever try the Pommel Slicker? Just try one, they cost very little. Then no more colds, fevers, rheumatism, and other results to exposure of weather. Every garment stamped with "Fish Brand" Trade Mark. Don't accept any inferior coat when you can have the "Fish Brand Slicker," delivered without extra cost. Particulars and illustrated catalogue free.

Mr. Lee: "Why, Adele, you needn't cry about it! I only said Mrs. Allen was a very well-informed woman, and I wished you would follow her example."  
 Mrs. Lee: "Yes, and last week you said you wished I could manage to look as stylish as Mrs. Allen—and she makes all her own clothes. But she has what I haven't."  
 Mr. Lee: "What is that?"  
 Mrs. Lee: "Well, she gets all of her information from the Magazine they take. I admit that she knows all that is going on, and is bright and entertaining in conversation—but I can't do so well as she does if I had the same source of information. She lent me the last number of her Magazine lately, and I learned more in one hour's reading, about various social matters and the topics of the day, than I could pick up in a month by my occasional chats with friends. It certainly covers every topic of interest, from the news of the day down to the details of house-keeping; and everything is so beautifully illustrated, too. Every time Annie goes over to the Alens' she comes back and teases me to let you take Demorest's Family Magazine as the stories are so good. Ever the boys watch for it every month, as a place is found for them all in its pages; and Mr. Allen swears by it. It is really wonderful how it suits every member of the family!"  
 Mr. Lee: "Well, perhaps I had better send for a Specimen Copy; for, if it's anything like what you say it is, it will save me and interest the whole family."  
 Mrs. Lee: "I see that W. Jennings Demorest, the publisher, 15 East 14th Street, New York, is offering to send a Specimen Copy for 1 cent, so we can't lose anything, as each number contains a 'Pattern or set' entitling the holder to any Pattern she may choose, and in any size—which alone makes each copy worth 30 cents; and I just want a jacket pattern like Mrs. Allen's. The subscription price is only \$2.00 a year; and I must say I can't see how they can publish so elegant a Magazine for so little money."

\$300 REWARD FOR ORE THIEVES!

The common experience of this camp shows that much is lost by the mine operators by the stealing of gold in specimens, if not in amalgam and bullion. Therefore the "Old Abe" Co. offers a standing reward of Three Hundred Dollars for the arrest and conviction, or for information leading to the arrest and conviction of any person guilty of stealing any of the property of the Old Abe Co., even the smallest specimen of ore. The rule of this company is to mill all specimens. Therefore none of the ore from this mine can be honestly held as specimens. And as the receiver, with guilty knowledge, is as guilty in law as the thief, this offer applies to the holders of Old Abe specimens.

CAM LIFE.

HERE'S THE SLICKER. The one thing you'll always find in every cowboy's outfit when he goes on the spring round-up is a "Fish Brand" Pommal Slicker. They make the only perfect saddle coat, and come either black or yellow. They protect the whole front of the rider's body, being made to fit round the outside of the saddle entire. When used as a walking coat, the attention pieces neatly overlap each other, making a regular overcoat with a double storm-proof front. When riding, the saddle is dry as a bone, from pommal to cantle, and the rider is entirely protected in every part of his body. These "Slickers," being of extra width, make fine blankets for camp. Beware of worthless imitations, every garment stamped with "Fish Brand" Trade Mark. Don't accept any inferior coat when you can have the "Fish Brand Slicker" delivered without extra cost. Particulars and illustrated catalogue free.

**RAIN! RAIN! RAIN!**

If there's one set of men who appreciate a good waterproof coat it is the farmer. He knows that a "Fish Brand Slicker" costs him less per year than any garment made. Did you know it rains or snows one day in three the whole year through? A "Fish Brand Slicker" makes every day a pleasant day to its lucky owner. Go anywhere with it in rain, hail, sleet, snow, or blow, it is wind and water proof. Costs less than rubber, and lasts ten times as long. Rubber is good for show days, but will rip in a week. If you want a coat for hard wear and hard weather, get the "Fish Brand Slicker." Every good "thing" has its imitation, so has the "Fish Brand Slicker." Look out. Beware of worthless imitations. Every garment stamped with "Fish Brand" Trade Mark. Don't accept any inferior coat when you can have the "Fish Brand Slicker" delivered without extra cost. and a fierce storm of cutting sleet which strikes the face like a thousand needles. Wind forty miles an hour. You say a man couldn't stand such exposure? No, he couldn't, without just the proper clothing. And there's only one outfit that can keep a man both warm and dry at such a time, and that is the "Fish Brand Slicker." They are guaranteed storm-proof, waterproof, and wind-proof. Inside one of them, you are as much out of the weather as if indoors. They are light, but warm. Being re-enforced throughout, they never rip; and the buttons are wire-fastened. No railroad man who has once tried one would be without it for ten times its cost. Beware of worthless imitations, every garment stamped with "Fish Brand" Trade Mark. Don't accept any inferior coat when you can have the "Fish Brand Slicker" delivered without extra cost. Particulars and illustrated catalogue free.

One of the BEST Telescopes in the world. Our facilities are unequalled, and to introduce our superior goods we will send one to ONE PERSON in each locality, as above. Only those who write to us at once can make sure of the chance. All you have to do is return it to show our goods to those who call—your neighbors and those around you. The beginning of this advertisement shows the small end of the telescope. The following cut gives the appearance of it reduced to about the fifth part of its bulk. It is a grand double-see telescope, so large as to be easy to carry. We will also show you how you can make from \$25 to \$100 a day at least, from the start, without experience. Better write at once. We pay all express charges. Address, **H. HALLITT & CO., Box 550, Portland, Maine.**

### THE SANTA FE ROUTE.

This is the short line to and from points east to White Oaks, Ft. Stanton, Lincoln, and all stage stations in Lincoln County. Close daylight connections are made by stages to and from above points with trains from Carthage, Engle and Las Cruces, which have through sleepers to Kansas City, Chicago, St. Louis, and New York, without change.

Connection is made at Albuquerque with through trains for all California points. These trains are unsurpassed in modern improvements with luxurious day coaches and emigrant sleepers, the latter under the management of the Pullman company, are furnished with elegant curtains and clean bedding at a small cost per night. Shippers will find it greatly to their advantage to consign all freight via the Santa Fe route, a saving of from three to five days time will be gained from all eastern and northern cities.

Freight from Chicago and points west of Chicago is brought through without transfer, thereby saving breakage and delay. Call on nearest agent for rates and information, or address C. H. Morehouse, Division Freight and Passenger Agent El Paso, Texas.
