As I See It

By Lloyd P. Bloodworth
From time immemorial children have looked forward with happy anticipation to their visits to grandma and grandpa. As a child on the plains of Texas we used to make our annual visit to the grandest old couple I have ever known. Usually we drove in a buggy and it took several days to make the trip. Dad was too busy with his circuit riders duties to get away but mother was a pretty good traveler and with my brother and myself we made the trip in good shape. Mother was one of ten children and each summer the brothers and sisters brought their families for the reunion.

I can well remember our arrival because our cousins knew the road we would come in on and they would walk several miles to meet us. They would hang all over the buggy and then when we reached the house there was great rejoicing. The older folks would settle down to talking about all that had happened since the last visit while the kids would take off for a great round of play. The girls usually made doll houses and the boys broke for the old swimming pool.

Those were grand days when we were running wild and little did I dream that the day would come when I would be looking forward to the coming of my own children and grandchildren. However, time moves on with rapid pace, and last night, Ida and I sat in our cabin in the pines and made plans for our first reunion which will take place in a very few days. Kyda and George and the children left Washington yesterday and they will soon be here. Bettye and Dan and Danny will have only a short drive from Fabens. Lloyd, Jr., and Marilyn and Buck will soon head their car in this direction from the ranch in West Texas, while Hobbie and Beverly will wait until the others arrive before coming over from Tucson.

Yes sir, it's a grand feeling to know that we will all be together for the first time since before World War II. I've been getting some fishing lines together this morning because those kids have to have just such things. Guess I can stake off a baseball field on some nearby lots. Ida's happy too, because she has been humming some merry tunes as she went about her work. She is already planning meals and things of that sort. I guess grandmas are about the most wonderful people in all the world.

My grandma was one of the most wonderful women I have ever known. Small of stature she graced that old rocking chair on the front porch like a queen on a throne. I never knew her to get upset or out of humor. She had a stabilizing effect on all the family. She has long slept in the silent city but I feel the inspiration of

Briggs Named New Prexy Lions Club

EUGENE S. BRIGGS
New York, July 29.—(Special)—Eugene S. Briggs, Enid, Oklahoma, is the new president of the International Association of Lions Clubs. He was elected by unanimous vote at the 31st annual convention of the Association which closed here today. Briggs succeeds Fred W. Smith, of Ventura, California.

The convention concluded one of the most successful years in the history of Lions International, according to the report made by the secretary-general and founder of the association, Melvin Jones, of Chicago, Illinois. He reported the formation of 819 new Lions Clubs and the addition of 31,696 men to the roster of the association in the twelve-month period ended June 30, 1948, for a total of 6,908 clubs and 338,144 members. He stated also that during the year Lions clubs were established in four additional countries: Sweden, Switzerland, Chile and Newfoundland. Lions International, he added, is now the largest, strongest and most active service club organization in the world, with

Ruidoso Lions Fete Wives At Dinner

The members of the Ruidoso Lions Club invited their wives and guests to an outstanding evening of entertainment at the Navajo Lodge, Tuesday night, July 27. The program for the evening was planned by Lions Oriand Bonoguid, Thomas Crume, and Raymond Buckner.

At the opening of the semi-formal dinner party in the Navajo Lodge Dining Room, "Boots" Anderson, outstanding entertainer currently appearing at the Buckaroo Cocktail Lounge on the piano and solovox, presented music and songs for the crowd.

After dinner the following program was given by students of the Arts Colony of the Southwest, under the direction of Dr. Donald Mackay. Ballet solo by Deedee Holloway, ballet solo by Jana Lumpkins, acrobatic dance by Charlene Hall, Waltz Exhibition by Marilyn Mackay and Lindsey Rice, violin solo by Franzene Ernst, musical presentation of Ruthena King's own composition, "Desert Nights", by Jean Eickley, Charlene Hall, Elwood Kestler and Ruthena King; and skits entitled "Laughs and Fun", by students of the speech arts department under the direction of Nydia Dallis.

Following the dinner program the entire group danced at the Navajo Club to the music of Freddy Maxie and his all colored sextette, now playing at the Mint Bar and Night Club.

This fine evening of fun was enjoyed by all.

Birthday Party For Gail Smith

Gail Smith, daughter of Maes and Mrs. Horace Smith of Ruidoso, entertained a group of youngsters in the home of her parents in honor of her fifth birthday. Wednesday afternoon of this week.

The children enjoyed games and refreshments served at the end of the party.

Joe Palmer Gives Deed To Hospital

Friday, July 23, the deed for the area of approximately ten acres of land in the Palmer Gateway Subdivision in lower Ruidoso was turned over to Dr. R. S. Sutton, chairman of the local hospital committee, by Joe C. Palmer, partner in the White Mountain Development Company. Other partners are Mark Hamilton and George McCarty.

This land, in the same addition where the company has already given plots for the whole of the Ruidoso High School project and the Community Methodist church, would be valued close to \$25,000 if broken into lots.

Having the land given for the hospital will help the Village of Ruidoso in their efforts to get this needed institution and its facilities, and will make possible diversion of funds to other expenses involved in the project.

The deed has been turned over to the Commissioners of Lincoln County through whom all business in connection with the Carrizozo and Ruidoso hospitals must be transacted.

Local Schools Open Aug. 23

Mr. Thomas Crume, superintendent of the Ruidoso-Stetson School District has officially announced the opening day of all three schools as Monday, August 23rd.

In addition to the regular high school teaching the teachers will be cooperating this year to present an Adult School Education program for those who will desire to attend. The classes will be held two nights a week and those nights will be chosen to suit the convenience of the adults who care to take advantage of this opportunity.

These classes will be free and all high school subjects can be offered, including commercial and foreign languages if a sufficient number enroll to justify the class. Those interested must contact Mr. Crume at the high school so the final arrangements can be made.

Mr. Crume wishes to thank the parents of the entire school district for last year's wonderful cooperation. He feels that the tremendous success of the first year of high school was possible because of interest expressed by the parents.

He also urges parents and friends to attend all Parent-Teacher meetings this year. Some fine programs are being planned for next year and the activities will be worth while.

The Parent-Teacher Association is working 100 per cent with the faculty and school and Mr. Crume hopes Ruidoso residents and Valley residents will again support the projects of the organization.

Latest Dope From Normand On Ruidoso Ranch Hands Rodeo Here August 6-7-8

Hobart Normand, Sam Myers, a real old timer, and Johnnie Mullens, with the \$250.00 hand carved trophy saddle for the rodeo.

Mr. L. P. Bloodworth, Ruidoso News, Ruidoso, New Mexico, Dear Mr. Bloodworth:

You will find enclosed a picture of the 250.00 Full Hand Carved Trophy saddle which will be given to the lucky person at the 4th Annual Ruidoso Round-Up.

This saddle is built by Mr. Sam D. Myers (center photo) of the S. D. Myers Saddle Co., El Paso, Texas. Built on a Myres Special Tree and contains the very best in craftsmanship and material. As you can see it was made especially for this occasion and has "Ruidoso Round-Up 1948" carved on each side of the saddle.

We will appreciate it very much if you will run a picture of this saddle in your paper as soon as possible. Kindly save the enclosed photo for us and we will pick it up at your office after you have used it.

Johnnie Mullens has moved his horses for the Saddle Bronc Riding to Ruidoso and will move the Brahma Bulls and Calves and other stock to Ruidoso in a few days. The Bucking Horses include several new ones which have not been in the Ruidoso show heretofore. Some of these are as follows: Over-All Bob, a 1,200 pound bay 4 year old outlaw which Mr. Mullens obtained from the McGregor Ranch at Oro Grande after Over-All Bob broke all of

the cowboys on the ranch and they refused to have anything to do with him. Apache, another of the new horses was obtained from Mr. Ed Ardoin, manager of the Hearst Land & Cattle Co. from his O.J.O. Ranch on the Carlsbad road. Apache is a powerfully built brown about 6 years old that has turned complete outlaw and the cowboys who make a successful ride on him will certainly know they have been to a bronc riding. Flamingo, a beautiful sorrel quarter horse built animal is another new one and he has also taken care of some of the roughest range bronc riders in this part of the country. On Time, named this due to the small O.T. brand on his shoulder came from the ranch of Mr. John Adkins and has been a well known buck for several years but is just now starting his Rodeo Career. He is a slender horse that is very hard to get a hold of. Much like putting your saddle on a fence rail and then trying to spur the space under you.

The Brahma Bulls this year will be a completely new string to the people of Ruidoso. Most of them are out of South Texas and several came off of the famous King Ranch in Texas. They are salty and plenty tough.

Thanks a lot for your cooperation.
Yours truly,
HOBART NORMAND.

Go To Lincoln Sunday, Aug. 1st.

The program for "A Day In Old Lincoln" is planned to start about 10 a. m. and will last through the day. The museum will be headquarters. All old timers are urged to come and register.

Remember the basket picnic at noon. An art exhibit is part of the program. There will be plenty of real western and Spanish music. A dance revue by students from the Arts Colony of the Southwest.

Exhibition dances by residents of Lincoln County . . . Spanish dances, square dances, folk dances of this area. Memberships to the Lincoln County Historical Society will be taken. Visit all the old landmarks. There are dances at Maes Hall Saturday and Sunday nights. "Old-Timers" parade at 11:30 a.m.

Wear either old-time dress or best clothes. This is a family affair . . . bring the children . . . they will always remember it. Planned to give Lincoln County an opportunity to meet Maurice G. Fulton, new superintendent, and the Board of Trustees.

Roger Schenck Elected To State Legion Office

Bud Sheff, Fred Montoya and Roger Schenck have returned from attending the 29th Annual Department Convention of The American Legion, Department of New Mexico, held at Hot Springs, New Mexico July 22, 23, and 24.

The new department officers elected were: Fred Linn, Albuquerque department commander, Father A. Chavez, Santa Fe, department chaplain; Henrietta Sullivan, Hot Springs, department sergeant-at-arms, and Roger Schenck, Ruidoso, district commander, District No. 5. The names of the remainder of the department officers are not immediately available.

The convention city for 1949 will be Las Vegas, Carlsbad, Las Vegas and Ruidoso had bids for the convention; Ruidoso yielded to Las Vegas and that city, on a vote from the floor, was declared the 1949 convention city by a large majority.

Greggerson Here For Dance Tonite

Herb Greggerson of El Paso, Texas, one of the outstanding authorities in the United States on square dancing and folk dances of the Southwest, will be in Ruidoso tonight, Friday July 30th, to act as master of ceremonies for the second dance this month to be sponsored by the three Parent-Teacher Associations of the Ruidoso-Stetson School District. The place will again be the Navajo Club, and the time 9 p. m.

Everyone is welcome to come out for this big dance. Admission is \$1.00 per person either by ticket or at the door. Ray Reed and his western band will play the music.

Mr. Greggerson will arrive with many a trick up his sleeve to make this evening of dancing one to be remembered. There will be special dances, some exhibition dances, and lots of fun for dancers and spectators.

Again square dance dresses, fiesta dresses or just anything will be in order.

Posters announcing the dance have been put out over Lincoln County and the P.T.A.'s hope that every community in the county will be represented to night. They also urge visitors in the canyon to come out for the evening to the dance. They will be cordially received and can enter into the fun along with everyone else.

Don't forget the P.T.A. dance . . . tonight at 9 p.m. . . Navajo Club

Matched Roping Capitan Sunday

Sunday, August 1st, at 2 p. m. in the Capitan Arena John Thomas and Tom Babers, both of San Patricio, N. M., will meet Grady Eldridge and Fletcher Hall, both of Capitan, in a matched roping.

Following the matched roping there will be a jackpot calf roping for the cowboys who care to enter.

An outstanding event for the younger "cowpokes" will be a special jackpot roping for children under fifteen years of age. Admission will be 75c for adults and 25c for children.

Severo Gallegos Tells His Story and of His Family's Friend, "Billy the Kid"

SEVERO GALLEGOS

By MARY NELL TAEGER

Severo Gallegos . . . was born in Lincoln County . . . lived . . . and had adventures in Lincoln County . . . is still here . . . has been for eighty-one years . . . but doesn't look it . . . Is known by all the old timers . . . and those "come lately" who he might think worth knowing. Early in the mornings he can usually be found near Jack Lee's Market in Skyland . . . just a little piece from his home . . . sometimes he is sitting on the bench watching and listening . . . take time to shout "come esta" and raise a hand in salutation to those he knows . . . Later in the day he might be seen up in "town" . . . walking along . . . not missing a thing . . . with his stick to help him . . . sitting in one of the bars having a short beer and listening to whatever conversation proves the most interesting. Or he might be engaged in an argument . . . just for the sake of arguing sitting on one or another of the benches on main street. His zest for living . . . a good poker game, interesting people, excitement, his appreciation for a pretty "senorita" have not gone with age . . . nor have his stories of the old days in Lincoln County been marred by "forgetfulness". Severo was in the right places at the right time and has a sense of the dramatic which makes him still a prize story teller . . . and his stories as so many others of the area, prove truth stranger than fiction . . . His own story is one of them . . . and will be woven into the legends following any

Short Cut To Ruidoso Is Being Paved

The cutoff from the main Highway 70 across the road from the Anderson Lumber Company near Hollywood to the main canyon road by the Wagon Wheel Motor Company is being paved by the State of New Mexico. This new improved road is already under construction but frequent rains have delayed the final work.

This road will go past the Ruidoso High School and through the Palmer Gateway Addition. Paving of this road was scheduled for Ruidoso in 1949 in the state budgets.

RUIDOSO WEATHER

The minimum temperature Sunday night was 65 degrees, the warmest night since June 6, 1945, then registering 53 degrees. This was caused by a light movement of western air coming off the desert. Mean temperature for the week was 67.5 degrees. Rainfall was 0.81 inches.

Pros Respond To Bids For Tournament

This past week several of the top pros in the golf world of the Southwest have been in Ruidoso or contacted Joe C. Palmer, president of the Cree Meadows Country Club about details of the first open tournament to be held here on the Cree Meadows Course August 6-7-8.

James K. May, director of athletics at the Holloman Airfield in Alamogordo, contacted Mr. Palmer this past week and has offered to help manage the tournament. A name in the golfing world, May is former pro of the course at Kelly Field, San Antonio, Tex.; Fort Benning, Georgia, and Miami, Fla.

Shorty Hornbuckle, president of the Professional Golfers Association of Texas, will arrive in Ruidoso Monday, August 2 to stay until the tournament is over. Over long distance he advised the local country club that a large group of golfers will be here from West Texas.

Others who are planning to come since seeing the local course and playing here are John Deer from the University Golf Course in Albuquerque; Roy Garret, Wichita Falls, Texas Country Club pro; Joe Estrada, pro, Artesia Country Club. Each plans to bring a group to enter either the amateur or pro flights of the tournament.

Maurice G. Fulton Issues Cordial Welcome To Attend A "Day In Old Lincoln"

Maurice G. Fulton, new superintendent of the Lincoln County Museum, and the Board of Trustees of the Lincoln County Historical Society issue a most cordial invitation to all to attend "A Day In Old Lincoln" Sunday, August 1 in Lincoln, N. M. "You will be met with a warm handshake and invited to accept the hospitality of not a museum, but a historical house. Informality and friendliness will be the atmosphere, impressed on our visitors." Mr. Fulton and the board have been working for two months on plans to improve the museum so that it can better serve the people. During Sunday many of these ideas will be presented to visitors. One thing most important to them is making better known the many places of interest in Lincoln Town besides the museum.

Markers have been put up in the past few weeks on all of the old landmarks so those visiting there

can recall the tales they have heard and read and connect the story with the marker and building. Announcement of a new plan for admission to the museum will also be made Sunday, although admission that day is free to all. For those who are passing through and only care to visit once the admission will be 25c. For those who would like a regular membership entitling the head of a family and all members of that family to enter the building at all times a \$2.00 membership has been planned. A contributing membership for those who are interested in seeing advancement of the museum and the historical society in Lincoln County has been set at \$5.00. A sustaining membership for those

Something To Think About

What makes a free press possible? Private Enterprise! In every country where freedom of the press is lacking, or curbed, you will find a totalitarian government (a dictatorship). Under such a regime, government owns the basic industries. There is no incentive for constant improvement in order to appeal to the buying public. There is no particular reason for telling the public about all manner of products, such as is commonplace in the United States, in order to build business. The people have to take what the government offers and like it — there is no competition.

Totalitarian governments seek unbridled power. Under such governments, there can be no free press for two very good reasons. First, government controls all the news and all the newspapers. Second, government-owned industries do not have to advertise. They do not have to win the public's business by superior products and salesmanship.

No country in the world has 12,000 rural daily and weekly newspapers, in addition to the metropolitan press, except the United States. No country in the world has a newspaper in practically every town of a few hundred population. Their income is derived from private enterprise—thousands of competing industries, from the greatest railroad and public utility to the smallest bakery and laundry. They all advertise to popularize their services or products and win public favor and business.

It has often been charged, for political purposes, that advertising controls the American press. This is not so because competition is so varied that no branch of business is powerful enough to dominate the press. Volume and variety in advertising makes possible a free press.

No group of men and women in the United States is more vitally interested in opposing government ownership of business, as a matter of principle, than are newspaper editors. They are the nation's safeguard against the economic teachings of many of our principal colleges and text books which openly espouse the superiority of government operation of business as contrasted with private operation, on the phoney "liberal" philosophy that we have outgrown the days of private endeavor, and that only government is now capable of handling the basic industries of the nation. Such teachings are the opposite of every principle upon which our government was built, and if accepted will lead to the destruction of private enterprise including a free press. When that happens personal liberty itself will be gone.

This is something for editors, industrial leaders and individuals to think about, because the ground is already well prepared to extend government ownership of business (socialism) in our country.

World progress would move faster if people would talk less and work harder.

Party For Local Girl At Club

Ila Jean Payne was guest of honor at a party given for her by her aunt, Mrs. Edith Johnson, Tuesday night, July 29th at the Cree Meadows Country Club. Ila Jean is from La Grange, Ark. and is visiting her for the summer.

Fourteen couples and the two chaperones, Mrs. Bernard Rooney and Mrs. Marie Erickson, were there for an evening of games and dancing.

The highlight of the evening, an original idea, was a contest with the boys creating "hats" for the girls whose name they drew as partner. Using a paper plate for the foundation the boys were provided with kitchen utensils, candles, string, carrot tops, radishes, wall paper, rulers, powder puffs.

David Petty, visiting here from Houston, Texas, made the prize creation which was modeled by Mackle Ratliff, whose name he drew.

Mrs. Johnson served lovely refreshments to the group at the close of the evening.

Vick - Melton Rites Read

Miss Norene Melton of Corona and Mr. Austin Vick of Cedarvale were united in marriage Sunday afternoon at 4:00 p. m., July 18, at the Assembly of God Church with Rev. Markham of Claunch performing the ceremony.

The bride was dressed in lovely pink and carried a new white Rainbow Bible and a bouquet of white orchids. For something old she wore a ring of her grandmother's which had been in the family for many generations. She also wore blue garters and a borrowed necklace.

Her maid of honor was Miss Nelda Hodge and her bridesmaids were her cousins, Misses Leora Melton and Francis William. Mr. Erman Vick, brother of the groom, was best man. Ushers were Robert Dawson and J. D. Lee.

The beautiful Wedding March and Always were played by Miss Sally Mae Pfeiffer. The church was decorated with green fern and Gladiolus.

The ring bearers were the bride's cousins, Nancy Kendall and Eddie William. The bride was given in marriage by her father, Mr. Arthur Melton.

Preceding the marriage ceremony a rehearsal and dinner party was held at the L. L. Vick ranch. Following the marriage ceremony there was a reception at the home of the bride's parents. Friends and relatives were present from Albuquerque, Mountainair, Estancia, and El Paso.

The bride, daughter of Mr. and Mrs. Arthur Melton, was a graduate of Corona High school of 1948. She was salutatorian of her class, editor of her school paper "La Corona", and a past Worthy Advisor of the Rainbow Girls of Carrizozo.

The groom, son of Mr. and Mrs. L. L. Vick of Cedarvale, was also a graduate of Corona High school in 1945. He has attended State

 who feel they would like to help with the upkeep and improvements of the museum the membership has been set at \$10.00.
 Mr. Fulton and the committee all feel that having funds to assist in the projects and plans for the museum is important to all in this area. In addition to a membership card in any of the three groups, the members will receive at least every six months a mimeographed paper full of news regarding the activities under the direction of the superintendent and the board of trustees.
 Plans are being made to make the museum and "information bureau" for tourists and those interesting in historical research. Special efforts will be made to assist clubs in obtaining desired material from the wonderful library on New Mexico owned by the museum. In connection with this project a reading room has been established for those who come to the museum to read, study or do research on the Southwest.
 Mr. Fulton says, "We hope to make this museum a type of Service Center of the Southwest." He also says "We will keep alive the ideas of the late Governor George Curry and other interested men and women in connection with collecting the old and interesting things of the country and state for the museum."
 Mr. Ralph Villalobos has come from Roswell to assist Mr. Fulton. He worked with him for several years in the Roswell museum. After three years in the army he returned to Roswell and his old position. He knows the work well and Mr. Fulton feels that his artistic sense for fixing art exhibits and the type of exhibits the museum will have, will add much to the attractiveness of the rooms in the old adobe building.
 He wants everyone to remember "You will be met with a handshake at this old Historical Home. Visit us August 1st and then visit often."

HUGE ELEPHANT DANGEROUS KILL

W. G. McMillan (left), Lubbock Building Contractor and sportsman and son, Bill, Jr., with a huge bull elephant bagged along the equator during a 4 months hunting and photography expedition to British East Africa. The elephant measured 32 feet long from end of trunk to tip of tail, stood 11 feet, 3 inches at the shoulder and carried 181 pounds of ivory. The ears measured 9 feet, 10 inches from tip to tip. Estimated weight of the animal was 14,000 pounds.

Ruidoso Lions To Sponsor Big Game Movie

The first showing of the big game hunt film photographed in full color will be at the Ruidoso Grade School Gymnasium the night of August 14th, under the sponsorship of the Ruidoso Lions Club. There will be matinee and evening showings the 15th and 16th to take care of the huge crowds who will want to see this magnificently done animal picture.
 This film features 90 minutes of dangerous interludes with wild animals of the rough country of British East Africa. It is the edited for action portion of 30,000 feet of film taken by McMillan and his son during the four-month safari into the world's last remaining wild animal belt.
 Proceeds in Ruidoso will be

divided fifty-fifty with the local Boy Scout troops to build their hut. Everyone will want to see the movie and tickets will be on sale in the next ten days. Next week's paper will announce further details of this big show.

Hondo Valley Garage Has New Building

Frank Titworth, owner of the Hondo Valley Garage, has a new garage building under construction next door to his present business in Tinnie.
 The new building will be 40 feet by 95 feet and will be built of rock. Delfine Saverda of Tinnie is doing the rockwork.
 When the business is moved into the new location they will be able to handle a larger stock of auto parts and some hardware. The old building will be used for storage.

Building For New Capitan Station

Mr. Vergil Hall of Capitan started leveling the land this week for a new garage and filling station building, and storage garage. He is constructing a building 50 feet by 40 feet of concrete blocks and cement.
 This will be an all modern shop with equipment for welding. He will specialize in welding jobs. Mr. Hall will also do motor tune-ups, general repairs and overhauling. He plans to open the business in the new location about the first of the year.

Surprise Party For Weatherbys' 30th Anniversary

Mr. and Mrs. Ben Weatherby were guests of honor at a surprise party in the home of Mr. and Mrs. J. M. Fowler the night of July 16 commemorating their 30th Wedding Anniversary.
 Mr. and Mrs. Weatherby did not realize until the evening of dominos was over the party was in their honor.
 When Mrs. Fowler brought out the beautiful cake, presented to them by their son, Bert Weatherby, they knew by the decorations the significance of the occasion. The white cake was centered with 30th. The borders on both tiers were made of tiny rosebuds, each one centered with a pearl, the symbol of the 30th anniversary.
 Guests for the evening were Mr. and Mrs. Dick Ratliff, Mr. and Mrs. Jim Hale, Mr. and Mrs. Olan Scott, Mrs. E. M. Little, a sister of Mrs. Weatherby, Mrs. Wilkes Fowler, the hosts Mr. and Mrs. J. M. Fowler, and the Weatherbys.

Modern Sales Corrals For Reservation

The Mesalero Indian Cattle Growers Association, a member of the Southwestern New Mexico Hereford Breeders Association, is planning to institute auction sales this fall in marketing the cattle from the Mesalero Reservation. Sales heretofore have been handled through sealed bids.

To facilitate the classing of cattle the Association is now making extensive repairs to the ranch headquarters and the construction of modern sales corrals is well under way. The reservation association was reorganized in 1946 with approximately 200 members. A board of 12 directors is elected by the membership with authority and responsibilities for management of the livestock industry on the reservation. Approximately 10,000 head of excellent Hereford cattle are grazed on the reservation.

Baber - Thomas Lost To Hope Men In Roping

A close matched roping drew a crowd of over 1,000 people to the Cloudercroft Arena Sunday, July 25.

Floyd (Preacher) Green and Buzz Taylor of Hope, N. M., beat with a total count of 228.1 seconds against Johnny Thomas and Tom Babers of San Patricio, 234.9 seconds, roping six calves each.

The big Brahmas calves, wild and woolly, did not stop the four ropers and their consistently good time showed four top ropers at their best. Compete times for the four ropers follows:

Calves	1	2	3
J. Thomas	17.3	32.6	14.2
Buzz Taylor	18	18.2	18.3
Tom Babers	20.1	17.4	20
Floyd Green	16.3	16.3	26.3
Calves	4	5	6
J. Thomas	19.2	17	25.1
Buzz Thomas	16.1	16.3	31.3
Tom Babers	20.3	16.4	16.3
Floyd Green	19.1	16.1	16

Following the matched roping cowboys from all over the area competed in team tying and a Jack pot roping.

Team tying was won by Jack Forrester and Bob Boyce, with time of 16.1. Johnny Thomas won the jackpot roping with time of 14.1.

The time of 14.1 in the jackpot roping and 14.2 in the matched roping for Johnny Thomas were the two best times made all afternoon.

The Cloudercroft Ropers Club announced the second summer rodeo at their grounds on Sunday and Monday, September 5-6. This will be another amateur show and is being planned because the first one this summer was such a success.

MESCALERO INDIAN CALL

By VIRGINIA KLEINEKOLE

The John Crows are attending the Lincoln County Museum Celebration today at Lincoln, N. Mex. This occasion features all historic events — including also square dances.

Bahe Yazza motored to Carrizozo last Monday morning to meet Mr. H. B. Mathieson, assistant regional director of Phoenix, who had arrived on Golden State to confer with Mr. John Crow on various reservation activities.

Lucky gentlemen — Mr. LaCourse and Mr. Cordry! They both left by Greyhound bus last Thursday evening for Salem, Oregon where they will pick up two school buses assigned to this agency and drive them back.

Chief Waterfalls (Richard Bond) recently returned from the state of Oklahoma where he visited to settle some probate matters of his uncle who had passed away during the July celebration.

Just passing through the reservation on a vacation — Mr. C. G. Bell, accountant-auditor of the Phoenix Regional Office dropped in to say "Hello" to the staff.

Clyde and Gladys Scott Nappes (daughter of Helen Scott) of San Carlos have extended their July 4th visit for several more weeks with their relatives here. They are visiting in the Carrizo District.

Speedy recovery to Mrs. Tebest who has been confined in the hospital for several days with pneumonia!

Reservation Principal Samons had his car in the Gullen's Garage in Tularosa last week having it repainted. The car will look like new, I betcha!

Anita Davalos, one of the nurses at the hospital, accompanied Mr. and Mrs. Lewis Chinn in her personal car to a doctor in El Paso where their child, Tans Colleen Chinn, received medical attention.

Mr. and Mrs. John Allard and their daughter, Leona, and son-in-law have moved back from Phoenix where he was employed. They will live temporarily on their assignment in the Whitetail District.

Mr. Dalton, a Veterans Administration Farm Training representative from State College, N. Mex., met with Mr. Crow and Mr. Mathieson at the agency office last Monday to discuss possibilities of training for the Indian Veterans.

Pending in Tribal Court for the next court session is a divorce complaint filed by Amella Nalcho Carrille against her husband, Simon.

Rev. and Mrs. Tom Lamson of Wisconsin visited with the Ten Hakens last week and left on Thursday.

The Catholic Mission "Tekaklitha Club" sponsored a rummage and refreshment sale last Friday at the Lodge. Mrs. Sarah Peco, President of the Club, reports a success — both in profit and entertainment.

In spite of the fact that Mr. Ray Quast's brother, R. M. Quast, has a position as "chef" in Los Angeles, I bet he's enjoying Mrs. Bessie Quast's cooking. These folks are visiting them from Los Angeles — and stopped while on their way to their home in Seattle, Wash. Taking the long way home, huh?

CARRIZO RECORDS

OVELA E. VEGA

Mr. Eloy Martinez has been stationed in Carrizozo by the New Mexico State Police. Mr. Martinez came to Carrizozo from Taos, New Mexico.

Mr. and Mrs. Sabino Vidaurri, Sabino Jr., and little daughter Carmen are visiting friends and relatives in Los Angeles, California.

Mr. Juan Osorio has been visiting friends in Carrizozo for several days. Mr. Osorio lives at Ft. Bayard, New Mexico.

The people of Carrizozo are all enjoying the Rancher's Camp meeting which is being held on the Nogal Mesa. This is one of the annual events to which everyone looks forward to each year and which everybody enjoys.

Tommy Zumwalt is home on leave from the United States Navy, for a few days.

Josephine Telles is temporarily employed as additional deputy in the county treasurer's office.

Mr. William W. Gallacher, chairman of the board of county commissioners and his family have returned from a visit with relatives in Philadelphia, Pa. While there Mr. Gallacher attended the Republican National Convention. He reports a lovely time but is glad to be back home.

State Police Assigned To Carrizozo District

State Policeman E. V. Martinez of Taos, N. M., arrived in Carrizozo July 19. He has recently been assigned to that district and has already taken over his duties.

SAN PATRICIO SENTINEL

By NELLIE RUTH LUCAS

Mr. and Mrs. Pete Hurd and their house guests were guests of Mrs. Paul Slater in Ruidoso for a dinner party last week.

Mrs. Bernice Swinney and family have returned to their home here from Portales where she has been attending summer school.

Helen Marrufo, Angelina Calderon, Humphrey Chavez were in the group of Hondo High School students who went to Santa Fe with Mr. Monte to give exhibition dances for a school administrators' meeting there.

Mr. and Mrs. Tom Babers took several members of their family who are here visiting to Cloudercroft last Sunday for the matched roping.

Mrs. Helena Lucas, John Storm, Freda Smith, Ronnie Smith and all of the Johnny Thomas family attended the roping. Those from Ruidoso Valley who went and several other families from over the county had a big basket picnic just before the roping started. Everyone had a wonderful time.

Nellie Ruth Lucas has been helping her aunt, Mrs. Tom Rigby, at the Navajo Lodge this past week.

School starts in San Patricio August 23rd, on a Monday.

R.E.A. Starts Work For Corona Line

Severo Gallegos Tells His Story and of His Family's Friend, "Billy the Kid"

(Continued From Page One)

historical period which live until the end of time. To start his story at the beginning, Severo Gallegos was born in San Patricio, New Mexico in the year 1867 in a family home about five hundred yards from the present post office. One of the children in a large Spanish family he started the adventure of "life" just as all the children of his time did. A love of the surroundings of the Ruidoso-Valley . . . the occupations of this area of orchards, sheep and cattle raising, gardening were planned for self sustenance and each child grew to know his responsibilities at an early age. A love of fine horses, a good race, the satisfaction of a little gambling, the atmosphere of excitement in the pioneer country were realized early. The folk music and dances brought to the West by his ancestors . . . the Catholic religion . . . all played a part in the life of Severo from infancy.

Friends were friends and enemies were enemies . . . the one never to be forgotten . . . the other never to be forgiven.

One friend of the Gallegos family plays a large part in the story of his life for almost seven years. This friend was Billy Bonny, nicknamed as "Billy the Kid."

Severo has told his story of Billy . . . in his own words and in his own way . . . and says the words of Billy the Kid are as accurate as he can remember hearing the so-called outlaw tell his family.

He and his "momma" and "poppa" and brothers that knew Billy Bonny when he arrived on the Ruidoso in his teens . . . fleeing from the law on the other side of the Sierra Blanca Mountains.

Billy told the story and we tell it here . . . of why he was being pursued.

Billy Bonny was thirteen years old and living in Silver City, N. M. He had a stepfather . . . and he was not a kind man. One day Billy came home and found his mother making a terrific effort to control her emotions and hide a deep and bitter grief. He sensed something wrong . . . and tried to question his mother, for he knew the man had been abusing her and wanted to know "why." She talked to him about it. The latest offense was more than the young man could stand for he loved his mother. Grabbing a .44 Winchester from the gun rack he walked to the door of the little house. He wait-

ed . . . as the step-father approached the gate he heard the voice of Billy asking, "What did you whip my Mother for?" The man's answer was a series of vile oaths . . . with very delicate features for a male, he raised the rifle as he stood in the doorway . . . and fired! The stepfather was dead. From that minute Billy Bonny would be outside the law.

This was more provocation than Billy felt he could stand . . . Only thirteen years old . . . a not too tall young man . . . slender . . . with very delicate features for a male, he raised the rifle as he stood in the doorway . . . and fired! The stepfather was dead. From that minute Billy Bonny would be outside the law.

Billy, only thirteen years old, was put in jail. During the next three months his escape was effected by friends and at the end of that time Billy Bonny, with three friends, turned the heads of their horses toward Ruidoso as a possible refuge.

Shortly after arriving here . . . meeting people up and down the river he made friends with the Lucas Gallegos family, George and Frank Coe, and many others, both Spanish and Anglo, all friends and neighbors in the pioneer country. These first friends stuck with him through thick and thin until the end.

Billy Bonny traveled over the countryside and there are many old timers today who will tell of him stopping in their home for a meal, a night's rest, or a quick cup of coffee and conversation. He played poker with the boys in the old saloons over the county . . . made all the dances and many a senorita and senora sat with baited breath hoping to be his choice for the next set. Old Mrs. Salazar, the oldest resident of Lincoln today, remembers well working hard in the field all week . . . to get permission from her "papa" to go to the old Telles ranch the other side of Lincoln for the Saturday night ball. Billy was always there.

The young men liked him too . . . many lined up on the side of Billy the Kid . . . and fought by his side or for him because of a deep friendship. One of these was Chavez Gallegos, a half-brother of Severo's. Chavez and several others were with him during the Lincoln County War and lived the tales told and written about down through the years.

Not too long after the friendship of the Gallegos family and Billy Bonny started, the Kid was visiting in their home. Everything was calm and peaceful when the warning came that a posse of thirty men was approach-

Reunion Is Held In Ruidoso

The children of the late Mr. and Mrs. R. B. Landon of Duncan, Oklahoma, were all here or represented in Ruidoso last week when the clan gathered for a family reunion.

The seven children living, and the wife of the son who is dead were all here and this was the first time in twenty-six years this had been possible.

The family has a unique way of keeping in touch with each other. They have had "round robin" letters for some time and it gets around to each member of the family about once every two months. This makes at least a sixteen page letter with news from every member of the family. As it comes back around the old letter written by the one receiving it is taken out and the latest communication added.

The main topic of discussion recently has been a new crop of grandchildren. There are 59 members of the family. They were guests of the Thunderbird Lodge while in Ruidoso, and stayed five days.

All of them think amusing the total of their ages, which is 788 years.

The names of the sons and daughters of Mr. and Mrs. R. B. Landon who were here follow: Mr. and Mrs. D. C. Landon, Farnham, Texas; Harris L. Landon, Amarillo, Texas; Mrs. J. E. Landon, widow of the dead son, of Long Beach, California; Mr. and Mrs. J. D. Landon, Texico, N.M.; Mr. and Mrs. R. R. Landon, Los Angeles, Calif.; Mr. and Mrs. T. L. Landon, Los Angeles, Calif.; Mr. and Mrs. F. B. Landon, Dun-

HELP YOUR REFRIGERATOR SERVE YOU BETTER

DEFROST whenever frost reaches thickness of one-quarter inch

Thick frost retards coldmaking, makes your refrigerator run longer, increases operating cost. It should be removed whenever it becomes one-quarter of an inch thick. It is necessary to defrost more often in summer than in winter because of more moisture in the air and greater use of your refrigerator.

A Quick Method of Defrosting

Empty defrosting tray and turn control to "off." Remove ice trays and frozen foods from freezer. (If latter are wrapped in several thicknesses of paper and placed on refrigerator shelf, they won't thaw out in short time it takes to defrost.) Fill proper-sized pans with very hot water and place on shelves of freezer. Use fresh hot water as needed.

When frost has melted wash freezer with weak solution of baking soda and lukewarm water. Clean food compartment, wash thoroughly with baking soda solution and wipe dry. Empty drip pan, replace ice trays and frozen foods and start freezing. The entire operation should take only 20 to 30 minutes.

The Best Time of Day to Defrost

During the hot summer months it's best to defrost in the late evening just before bedtime, when the refrigerator has less work to do. If you defrost during the middle of the day, the refrigerator may run excessively when started up, because of the heat, frequent door openings and warm foods being placed in food compartment.

VA Sets Date Of July 31 As Deadline

The Veterans Administration reminds veterans that July 31 is the last day for reinstatement of lapsed National Service Life Insurance on a "comparative health" basis, Carl F. Krumm, Regional Insurance Officer said.

Before August 1, an eligible veteran may reinstate any amount of term insurance—from \$1,000 to \$10,000, in multiples of \$500—regardless of the length of time it had been lapsed, and usually without a physical examination. He need only fill out a simple application form, in which he certifies that his health is as good as when the policy lapsed; and pay premiums for two months.

The privilege of reinstating on this basis will be available after July 31 only to veterans whose policies have been lapsed for less than three months. Where the period of lapse is three months or longer, the veteran will be required to take a physical examination.

Briggs Named

Lions Clubs in 23 countries on five continents.

Briggs, in accepting the presidency, said: "Peace is the number one problem of today. It is the first obligation against our efforts and resources. It is the primary obligation of our generation. Since Lions International is vitally interested in every constructive movement for world peace and good will around the world, it shall be our unwavering purpose to see to it that well-qualified representatives of our organization attend all meetings of Specialized Agencies of United Nations, such as UNESCO. If it appears that we can be of service in charting a way to better international understanding.

"It is a distinct privilege for me as president of Lions International, officially to appoint our esteemed Lion and retiring International president, Fred W. Smith, to represent Lions International at the General Assembly of the United Nations to be held this autumn in Paris, France. As your president, I am calling on every genuinely devoted Lion to do his part wherever he can serve to hasten the day when good will among men shall reign upon the earth."

Briggs was born in Howard county, Missouri. He received B.S. degrees from Central college at Fayette, Missouri, and from the University of Missouri. From the latter institution he also received his M.A. degree. In 1934, he received his Ph. D. degree from the Teachers college of Columbia university in New York City.

For many years Dr. Briggs has been a very prominent figure in educational circles and since 1933 has been president of Phillips university in Enid, Oklahoma. He is the author of several books on education and is a contributor to educational and religious magazines. In 1929, he founded the Oklahoma Vocational Guidance Conference, and he is a life member of the Oklahoma and National Educational Associations.

In Lionsism, President Briggs has held the offices of International Director, and Third, Second and First Vice-President. For six years he served the Okmulgee, Oklahoma, Lions Club as director and during the year 1926-27 was president of that club. In 1929-30, while he was a member of the Durant, Oklahoma, Lions Club, he was district governor of all the Lions Clubs in the state of Oklahoma.

Lion Briggs is married and has two children. He is a member of all the Masonic bodies except the Shrine and is affiliated with a number of religious, welfare, and educational organizations. He also belongs to Phi Delta Kappa, Kappa Delta Pi (honorary educational fraternities), and Pi Gamma Mu (honorary social science fraternity.)

THE STRENGTH OF OUR NATION
If we spin the globe, we see crawling before our eyes a rather strange conglomeration of nations. Some are strong industrially, but weak in agriculture. Others have agricultural strength, but are backward in industry. Still others are undeveloped in both respects. But the United States is magnificently powerful in both agriculture and industry—because it is magnificently productive in both fields.—Charles F. Bransten, Secretary of Agriculture.

The New Mexico Weekly Newsletter

DR. G. WARD FENLEY

The best way I know of to get into the dog house is to talk about the ladies. And yet, it's such a charming subject, especially in New Mexico and on hot, sultry days when tempers are flimsy to begin with.

For instance, with no apparent reason the House Hermit, alias Bob Nelson of Tucuman comments on the ladies: "Women, generally speaking—are generally speaking."

Some Judge in the Roswell Dispatch said last week: "Some women never know what they want until you give them what you think they want and then it is always something else they wanted."

Another case in point is where Walter R. Rogers of Elida got into a very hot argument with his wife (Portales Trib) and she laid all the blame for her flares of temper on the occurrence of sun sports.

Said Walter: "I told her she couldn't blame her anger on sun spots because they occur only once every 40 years while her mad spells have been occurring every 11 hours for 40 years." Then he added: "I ought not to have said that before I said it." Sympathy and all that sort of stuff, Me Too.

"My wife," writes H. C. McCowen, dairyman and editor at Elida, "says I'll never be able to keep hired help because every time a milker falls to lock a cow in the stanchion, I make him read a chapter in the Bible."

Is it Pure Ignorance? With all the evidence advising against marriage, man still runs after woman furiously—that is, the few women who will still run—regardless of the fact that he knows he'll get into the dog house.

Records show that 2,014,843 marriage licenses were granted in the USA last year. Men jump right into marriage and start raising a family—then the kids get married—then their kids and so on ad infinitum.

The Tucuman American says that Yale graduates (man's school) have 13 children while Vassar graduates (woman's school) have 1.7 offspring. This proves, says that American that women have more children than men.

It is better to have loved than lost and to go apartment hunting, advises one "common hunter."

Knowing that women crave honor and power, poor man still clings to their apron strings much as the case at Alamogordo. Women at Alamogordo openly boast of running the town. They have ladies as postmaster, county clerk, town treasurer, AAA secretary, assessor, superintendent of schools, town clerk, U. S. Employment service, state welfare organization and rent control director. And the reporter adds: "Alamogordesses boss every home as every man knows."

Some Folks Deserve To Be In The Dog House

According to the Hobbs Daily Flare, a six-year old Eunice boy named Butch is in the doghouse with his grandmother because he loves to stick matches to the rear of things and watch 'em burn.

Last week he stuck a match to a neighbor's car. Luckily the fire department arrived just in time to keep the damage localized to a badly scorched rear—which is "just what Butch needs."

Jerry Ison and his dog, Lassie, keep eternally in the dog house with his grandmother, Mrs. T. E. McDonald of Clovis (News Forum). Lassie has sense enough to turn on a faucet and flood the whole diggins but not enough grey matter to turn it off.

Angel Flores of Silver City had saved \$2,500 in crisp rolls only to see his adobe go up in flames—and the folding money with it.

The telephone company is in the doghouse with Las Cruces because of the service offered. A local man called a number and got (1) a funeral home, (2) downtown bar and (3) through mistake, his own home. He bit his nails and quit.

Santa Fe motorists, already worried to death with yellow parking lines on the streets, watched in dismay while a city truck overturned 20 cans of yellow which formed puddles and lines the road over.

Dog Houses and Red Faces
The Dallas Morning News, ran a news note last week: "There are at least 18 more Americans in the world Thursday night than there had been during the morning."

ing. One elderly gentleman did the job."

An ad in some down state paper (we wouldn't say which): "Wanted, man to wash dishes and two waitresses."

The Hobbs News-Sun pulled a good one: "The State Fair Supreme Court has upheld a permanent injunction in a suit brought against E. A. Elkan of Lovington."

Then What's The Dog House Remedy?

The Lovington Press says vacations won't help. "A vacation consists of 2 weeks which are 2 tired 2 work and 2 broke not 2."

"Heels Beals," the Lovington Editor thinks the old Arkansas mountaineer had it right: "Son, save your own seed potatoes, go to footwashin' the second Sunday in July and vote 'er, straight in the fall and you'll live to a

Albuquerque Covers Many Indian Ruins

Albuquerque.—With over 1000 ruins of Indian villages within a 100-mile radius of the city, Albuquerque will probably never cease to be the paradise of anthropologists, says Dr. Paul Reiter, director of the University anthropological field sessions. The same could be said about most any city in New Mexico, added Dr. Reiter.

At least five well-known ruins are within the city limits, discovered by digging irrigation ditches. Two ruins are being plowed over daily with hoes and plow points turning up valuable pieces of pottery. Still another is being torn up to make adobe bricks right in the middle of Albuquerque.

On the road through Tijeras Canyon, some 40 ruins can be pointed out without leaving the car, one of which contains 90 rooms of a pueblo with only 23 rooms excavated. Most of the ruins remain untouched.

This summer two groups of beginning anthropology classes under Professors Stanley Stubbs of Santa Fe and Fred Wendorf of the University of Arizona have uncovered two digs 22 miles east of Albuquerque in the Tijeras Arroyo. One dig, dating from the year 1000 showed semi-subterranean houses and a special construction of pit houses which differed greatly from the pit houses dug a couple of centuries later. Little is known about Indian pueblos from 1000 to 1250. Many ruins have been excavated and studied in the period from 1250 to 1500. Again very little is known of the century from 1600 to 1700.

The other dig, which was some three miles distant and still in the Tijeras Canyon, a special type of pottery was uncovered which marked the beginning of the Rio Grande Glaze Paint Pottery. On this pottery, the ornaments showed a glazed finished, and polished surface. This indicated that there was a possible movement of new Indian tribes into the area in the 25-year period preceding the year 1300.

For food, the Indians had lots of beans and pumpkin and a small amount of turkey and deer—which proved them to be farmers rather than hunters.

One of the rare finds in the second dig was an Indian woman who died in childbirth with the child only partly born. Upon

Fair Grandstand
Albuquerque.—Leon H. Harms, Secretary-Manager of the New Mexico State Fair, today announced that sufficient steel has been received to permit completion of the grandstand extension in time for the 1943 Fair, September 19-26.

Extension of the present seating capacity of the grandstand has been contemplated for several years and money was set aside for the project. However, wartime restrictions on building, then a shortage of steel, delayed the project until this year.

With the completion of the work, the present seating capacity will be increased two-thirds. Under the grandstand will be space for additional part-mutual windows, storage, and possibly a large cafe, Harms reported.

The new addition joins the old grandstand on the north end. It will be 120 feet long, compared to 198 feet in the older structure. Harms said construction is progressing rapidly and the extension will be completed sometime in August.

her death she was piled into the refuse room and debris and dirt were thrown over her just as she lay. She was wrapped in a twined matting, which though decayed, could still be seen. Burials of this type are rare indeed—approximately five in 10,000.

We Love The Gregarious Spirit Of Ruidoso Citizens And Wouldn't Change It For Anything In The World. That Is Why We Love To Live Here!... But —

Just because you know that Mr. and Mrs. "Honey" Bounds run Old Pine Tavern, and Bill Blakely has Midway Garage, and Dr. English has telephone and Ida Bloodworth is at the Ruidoso News... and Margaret Bussell works at the Genarose Beauty Salon... and Harry Cornelius owns Quality Grocery doesn't mean the operators on your local telephone switchboard know those people and their various places of business.

Mr. and Mr. Weatherby have pet and pampered the telephone users in the town and valley beyond all reason. They KNOW that Wilbur Coe and Louise Coe live down the valley... and ring... they KNOW that Bobby Boyce can be found at the Navajo Lodge and ring...

This summer to give better service there have been other operators. They are new to Ruidoso, but are experienced "operators". This does them no good whatsoever to plug in and get some of the requests they do get... but shouldn't have to put up with. Their only way of knowing who wants who is by number. The switchboard is set up this way... not by name... We Know You See The Point We Are Trying To Make. We Know You Will Continue To Try To Look Up Numbers. We Know Some Are Trying... The Past Weeks Have Proved This... All We Ask Is That Everyone Trys To Remember "Look Up The Number."

The Best Telephone Service Possible For Ruidoso Is Our Main Concern.

CORONA ROUNDUP

By MRS. A. E. MULKEY

Miss Mary Austin of Harod, Ohio, daughter of Mr. E. Austin, was here visiting the past week. Miss Austin has been employed by the Harod Postal Department for the past 10 years. After spending several days here Miss Austin went to Los Angeles. She planned to stop at the Grand Canyon on her way back, and go from there to her home in Ohio. Her sister, Eugenia, of Vaughn, was here also last week.

Mr. Kenneth Dillon, from Encino, contractor for the REA, was moving his machinery here this week preparing to start clearing the right-of-way for the REA line.

The State Library Extension Service located at the Corona Motor Company is free and a wonderful opportunity for those who enjoy reading good books. More than 100 books have been received this month from the State Library at Santa Fe. Anyone who wishes may check out one or more books and keep them for two weeks without charge. A fine of two cents a day is charged for books kept overtime. Almost any book asked for may be obtained from the State Library. Come in and see the books.

Mrs. Stella Jones received word last week that her son, Arthur who lives in Louisville, Kentucky, had met with a serious accident. Mrs. Jones and her daughter, Mrs. Lena Mae McKibben, and her son, Walter, who lives at Albuquerque, made the trip in a
