As I See It

By LLOYD P. BLOODWORTH

I never knew that traveling was so much fun when one had nothing to do but keep going as long as you feel like it and stopping when you want to. This column last week was written from Hot Springs, New Mexico, when we were on the first leg of this trip. After leaving the Butte City we made it to Raton for the first night. There was very little of interest the first day as we had covered that territory many times. We did stop by Grants for a short visit with Carol Gunderson. He phoned to Gallup and got us a reservation at the El Rancho Hotel.

Our next night was spent at Salt Lake City after driving over a very hot road. The Utah desert was not at all comfortable but we kept pushing ahead. The Utah Highway Department does a swell job in placing water barrels every two or three miles and we saw dozens of cars stopping to fill their radiators. Salt Lake City is a beautiful city and whether one agrees with the Mormon religion or not, they must know that those early pioneers of that faith were men of great vision. A century ago they laid the foundation for a city. Wide streets with beautiful parks make it a most attractive place. Tried to get Ida to take a plunge in the Great Salt Lake but she said she had lost so much weight the past year she might sink.

On leaving Salt Lake City we headed north to travel across the State of Idaho and into the Yellowstone National Park. We had made advance reservation at Old Faithful Lodge and enjoyed the most comfortable night. Was told that the tourist crowds at the park were greater than at any time in its history. It would take too much space to describe the beauty of this wonderland. Every citizen in this nation should see it. Mountains, lakes, gorges, falls and a thousand other things to command attention.

We left Yellowstone through the north gate and traveled almost into the night to reach Butte, Montana. Butte is a most interesting city that boasts of having the richest mountain in the world. More than a billion dollars of ore has been taken from it. After leaving Butte we drove to Spokane, Washington. This is one of the most beautiful cities I have ever seen. Our arrival there was rather early in the afternoon and we had time to drive around. Stopped at the El Rancho Motel which is one of the most beautiful and convenient to be found anywhere. Our stay in Spokane was most delightful.

Leaving Spokane quite early, we headed the Plymouth toward Portland with the anxiety of a child. Driving across miles and miles of wheat land, we stopped at several places. The most interesting of them all was Pasco. Within a very few years they have builded their city to several times its size. At four o'clock in the afternoon we arrived at Multnomah Falls, which is about thirty miles down the Columbia River from the "City of Roses". Joe and Maude had driven down to meet us and it was wonderful to see them again. Four times in twenty years is not very much to see one's brother. They have a beautiful home located ten miles west of the city on a five-acre tract. Although we were quite tired after driving each day for a week, we sat up till long past midnight. After a few hours refreshing rest we were up and talking again. Portland is the

Report On Rodeo Is Announced By C. Of C. President

"Things are not always as they seem," says Harlan Williams, president of the Ruidoso Chamber of Commerce, "for in spite of the fact that we lost \$740.20 on our First Annual Frontier Days Rodeo and Show, we feel like this was the most successful planned celebration we have ever put on in Ruidoso." He further says, "Why? For the simple reason that we brought crowds here almost as large as we had the 4th of July. They were all amazed and pleased with the quality of our show, and proclaimed the rodeo to be the equal of the big time shows of Dallas, Ft. Worth, and other cities."

"Those who worked, really worked. If the entire membership of the Ruidoso Chamber of Commerce had turned out en masse to support ticket sales, program sales, the Queen's contest, and the booster trip we would have had it made," he says.

The Chamber of Commerce Board of Directors are particularly grateful for the wonderful co-

C. Of C. Maps Plans For Intensive Drive For Memberships

Following a meeting of the Board of Directors of the Ruidoso Chamber of Commerce Monday night of this week announcement was made that an intensive membership drive to recruit every business man and woman in Ruidoso into this organization will begin Thursday night, September 8th, with a kick-off dinner at the Navajo Lodge.

During the past months, since early spring, the Ruidoso Chamber of Commerce has been conducting the most intensive advertising campaign ever pursued in the history of the town through radio, newspaper, magazines, and the literature mailed out in answer to inquiries through their office. As a direct result of this advertising campaign certain deductions can be drawn pertinent to the future plans of the organization, and vitally important to every citizen of Ruidoso.

Ruidoso is not as well known as it should be for what the area and town have to offer to both tourists and prospective year around residents. This salient fact has been proven.

Intensive advertising through various media is the most effective and direct way to inform people of Ruidoso.

To make this possible a stable organization must be maintained, both in membership and financial support. Statistics in the Chamber of Commerce office show that returns to Ruidoso are in proportion to efforts put forth.

Further announcement concerning the plans for this membership drive will be announced next week, as well as the committees of members who will head the campaign.

Parade And Pageant Highlight Main Event Of This Week-End

Every night this week the cast of Lincoln County folk taking part in the pageant "The Last Escape of Billy The Kid", written and produced by Caroline Davis and Ruby R. Douglas of Hondo, N. M., for the Lincoln County Historical Society, have been on hand to whip this big production into shape. The time is 8 p. m. Sunday night, August 14th, and representative groups from over the State of New Mexico and the area of Old Lincoln County in particular will be on hand for the show.

Tonight is the last rehearsal and everyone will be costumed, the guns will be loaded, and the horses saddled to make the whole thing as realistic of the by-gone days as is possible in this twentieth century. The characters in this pageant are true to history, however, for the sake of dramatic effect and mechanical purposes, certain liberties have been taken with the action and actual places of scenes.

A short resume of the pageant follows:

Scene I. "The Horrel Brothers' Revenge," in which the notorious band of outlaw brothers "shoot up the town," killing wantonly.

Scene II. "Billy the Kid Hears of the Death of His Friend Tunstall", a tragedy which was the prelude to the end of peaceful living in Lincoln Town and to the days and nights of terror that were to follow.

Scene III. "Mrs. McSween's Piano," in which scene the ladies of Lincoln Town gather to see the miracle of the piano brought to the West from the East by wagon train by Mr. and Mrs. Alexander McSween. This was the first piano on the Bonito.

Scene IV. "The Death of Buckshot Roberts" takes place at Blazer's Mill near Bent, N. M., in the same old adobe building still standing by the side of the road today, when George and Frank Coe and others gather to "get" the funny old man who had already seen a lot of fighting in his days with the Texas Rangers. He leaned too much toward the Murphy faction in the Lincoln County War, and had to be captured, or killed.

Scene V. "Burning of the McSween Home" took place when Billy the Kid and a group of his followers holed up in the house and a gun battle unequalled by any other had in the streets of Lincoln Town. Six men fell dead as they sought to escape from the one remaining room of the burning house, including McSween himself, the law-abiding, Bible carrying lawyer, who refused to carry a gun. But Billy the Kid escaped.

Scene VI. "Governor Wallace Appeals to Billy to Lay Down His Guns" in front of the Lincoln County Court House as the Kid comes riding into town. Promises of pardon if convicted do not change the mind of the young man seeking revenge by taking the lives of all who had been involved in the death of his friend Tunstall.

Scene VII. "The Last Escape of Billy The Kid" was from the building now known as the Lincoln County Court House in Lincoln, N. M. From that day until the day he was trapped in an adobe house in Ft. Sumner, N. M., and killed by his one time friend, Sheriff Pat Garrett, he was hunted.

"History plays no favorites." Its pages record deeds of unflinching heroism and inconceivable baseness. The history of Old Lincoln Town belongs to a dramatic era when gun law ruled. Grudges were

Lions Club To Play Donkey Baseball Game At Lincoln Sunday

Orland Bonaguiddi, president of the Ruidoso Lions Club announced Wednesday that plans had been completed for the club to play in a "Donkey Baseball" game at Lincoln Sunday afternoon at 2 o'clock in conjunction with the "Lincoln Day" activities there.

Harlan Williams will captain one team and Spencer Peterson the other.

Admission for the game will be 75c for adults and 25 for children including the tax. All proceeds from this affair will be divided between the Museum fund and the Lions club.

"Warrior Dads" To Meet Here

The first meeting of the proposed Warrior Dad's Club will be held in the Home-Ec. Building of Ruidoso High School next Wednesday night Aug. 17 at 8 o'clock according to an announcement this week by Cy Leland, Athletic Director of the Ruidoso-Stetson School District. All present and prospective members of Ruidoso High athletic teams and their fathers are invited to attend. Boys whose fathers are not available are invited to bring some other relative or close friend to represent them in the Dad's Club.

Leland pointed out that there will be no dues or assessments in the club. The sole purpose of the organization is to promote a closer understanding of the activities of the boys on the part of their fathers. The various Warrior Dads will have an opportunity to become acquainted with the plans for the coming football and basketball seasons and to know the other players and fathers. They will also have an opportunity to meet the new School Superintendent, J. Howard Morris.

Refreshments will be served and Leland will outline the 1949 schedule of athletic contests for the Warriors and will tell about the improvements in the athletic facilities of Ruidoso High. During the summer months he has arranged for a new football playing field immediately North of the High School. Details of this field and other equipment improvements, as well as the 1949 football schedule will be available in next weeks edition of The News.

Otis Hair and Dan Clark of Olton, Texas, flew in to the Ruidoso Airport Wednesday afternoon to spend Frontier Days with Mr. and Mrs. C. C. Turner. Also a guest at Turner's is Branch Sheets, of Stearman, Texas, who is visiting their friend, Mollie Carter.

Entries Coming In For Cree Meadows

The Cree Meadows Open Golf Tournament is drawing more and more entries from pros and amateurs of New Mexico and Texas, according to pro-manager Warren Cantrell. Cantrell, who was in Odessa, Midland, Lubbock and other West Texas cities early this week, reported that the tournament here Aug. 26, 27 and 28 will include approximately 60 professionals and enough amateurs for three flights.

Play for both classes will be 54-hole medal competition, spread out in 18 hole matches each day. More than \$1,000 in cash prizes will be available for the three flights of simon-pures. There will be five prizes in each of the three divisions for the amateurs.

Fowler's Dude Ranch Offers Varied Entertainment

This spring word went out that J. M. Fowler and his wife had taken over the beautiful site of Carrizo Camp for a Dude Ranch. It wasn't long until people started talking about "Fowler's Dude Ranch" and as every week passes more and more know about the many features they have to offer.

The Ranch can accommodate large groups for any length of time both with sleeping accommodations and in their attractive dining room run by Jerry Nelson and Retha Harvey.

The tennis courts are in shape . . . horses are on the grounds for trips to the mountains, or just riding at all times. Special Chuck Wagon Suppers are planned with Roy Stewart's Riding Stables for certain evenings, and the "cowboy camp food" and "real western music" for entertainment are fun for those who go.

On Wednesday, Friday and Saturday nights "Jimmy James and His Sooner Sons" make music for dancing. The guitar, violin, drums and steel guitar, plus the singing of Jimmy and Cotton Holly make their western dances authentic. The other two boys in the band are Chet Mansel and Bob Roberts. The big dance hall, out from the

main building and right on the bank above Carrizo Creek, is also the home of the "Circle 8 Square Dancers," one of the outstanding dance groups of this area. They are on hand for all dances, and are willing for duds or old hands alike to join in the fun. Expert instruction is available for those who seriously want to learn.

The dining room caters to large groups and can serve special luncheons, dinners, or any other meal adequately. The room itself carries out the theme of the West with hand painted murals in gay colors pointing up the room.

Mr. and Mrs. Fowler say "Everyone is welcome—the latchstring is out." So while in Ruidoso visit "Fowler's Dude Ranch," the only accommodations of the kind in this area.

NOTICE

All citizens who are not registered voters, but who are eligible for registration, are urged to do this before August 20th so they can go to the polls on September 20th to vote on the Constitutional Amendments of the Constitution of the State of New Mexico.

Registration must be made at Carrizozo, New Mexico, the Lincoln County Court House unless provisions are made within the next week for a representative to be in Ruidoso for one day to do this.

Mountain Lions Must Be Killed

"Mountain lion concentrations will be broken up and excess populations reduced by Game Department hunters wherever they occur," asserted State Game Warden Elliott Barker today. This was in answer to an "open letter to all sportsmen" published in the July issue of "Fly and Shell" in which Dr. Frank C. Hibben severely criticized the Game Department for taking seven mountain lions in the Magdalena Mountains recently. Dr. Hibben, erstwhile lion hunter, asserted there was a growing number of sportsmen who liked to hunt lions for the sport and could thus save the Game Department the expense. Barker agreed that would be just fine and the Game Department would be glad to have them do it provided they would keep the lions under control and prevent undue increase.

Reviewing the Magdalena Mountain situation which provoked Dr. Hibben's protest, Warden Barker stated, "For years there were few lions in the Magdalenas and the Department only occasionally took one or two to keep their numbers down. The Game Department was glad to have Dr. Hibben and his friends go in there and hunt and to keep the Game Department hunters out as long as the private hunters kept the lion population down to a low number. But when, during the past winter, Assistant Game Warden Pickens made an inspection and found there were no less than ten and probably a dozen lions playing havoc with the deer in that little mountain area of 155 square miles, it was obvious that drastic action was required to at once reduce the lion population."

"That Mr. Pickens' estimate

was well founded is proven by the fact that since last Christmas the private hunters have taken three lions there and the Game Department's hunter, B. L. Henderson, has taken seven, and we know there are at least three more in there waiting to be chased by private hunters. Also, we know there are eight or ten lions in the Jemez Mountains, a like number in the Pecos Division of the Santa Fe Forest and some in the Manzanas. All these areas are as close to Albuquerque as the Magdalena Mountains are, so nobody has been deprived of the privilege of hunting lions, as Dr. Hibben claims."

In commenting on the damage that lions do to game necessitating their control, Barker called attention to the fact, accepted by all authorities, that the average lion will kill at least 50 deer a year. A dozen lions would take 600 deer per year, which valued at \$50.00 each would be a cash value of \$30,000. Besides 600 deer would provide sport hunting for twice or three times that number of hunters.

Barker asserted that it is not consistent with good game management to make that great a sacrifice of game for which the demand is annually growing in order to provide an occasional easy week end lion hunt for a half dozen individuals whose success has been entirely insufficient to keep the lion population down to a tolerable number.

Mr. and Mrs. W. A. Staton of San Angelo, Texas, have been the houseguests of Mr. and Mrs. Warren Cantrell for two weeks. They were in Ruidoso for the first time . . . and thoroughly enjoyed golf at Cree Meadows Country Club, fishing in the Ruidoso, and the Frontier Days Rodeo last week-end.

Even those who yearn for world peace as an ideal must be practical in the face of world conditions.

Subscribers to The Ruidoso News constitute the thinnest intelligent group to be found in this area.

The Communists are for peace in the United States but it requires sabotage and civil warfare to get it.

An ancient remedy for fever was to wash water over the patient and onto a frog, to which the fever was supposed to pass.

Ruidoso C of C Deserves Your Support

It has been announced that the Ruidoso Chamber of Commerce will start an intensive drive for new members and that a banquet will be held at the Navajo Lodge on Thursday, September 8th, to get the Drive under way.

Every potential new member will either be contacted personally or by letter before that time and invited to join and take an active part in the future direction of that organization.

In order that the affairs of this civic organization be carried forward for a bigger and better Ruidoso and proper tourist promotion, the Chamber of Commerce needs and deserves the financial and personal cooperation of every citizen.

New Mexico has by far enjoyed the greatest year in history from a tourist standpoint, and in order that Ruidoso may be able to draw her proper share of this tourist trade, an efficient and capable office personnel must be maintained in order to handle inquiries and promote the many tourist attractions which are in this area.

Every property owner and business man in Ruidoso and surrounding area should give this appeal their earnest consideration and when contacted should join this organization. Wherever you see a live and well-supported Chamber of Commerce, you will find a prosperous and growing town or city.

most beautiful city in America and we will have more to say about it later.

Our friends will be glad to know that Ida is enjoying the trip and feeling fine. There was a question as to whether she could hold up for such an ordeal after her recent illness. We find that there are more tourists in the Northwest this season than ever before. The highways are crowded but we have only seen three cars from New Mexico. It might be said that the operators of tourist courts and filling stations are the most courteous I have ever seen. They appreciate the value of the tourist business.

More next week from Portland.

Picnic For New Family Here

One night this week a group of Ruidoso people and friends gathered at the home of Dr. and Mrs. Don Snyder for a picnic supper honoring Dr. and Mrs. Robert D. Moore, who recently moved to Ruidoso from Roswell. Dr. Moore has now opened his dentist office in lower Ruidoso and the family will make their home here.

Present for the get-acquainted gathering were the Louis Page family, the John Emdes, the Toby Watsons, the Egginks from Alto, Dr. and Mrs. W. D. Horton, the Traylors, Mr. and Mrs. Ezell Clarke, the Emmett Reese family and Mrs. Horton's mother and father, Mr. and Mrs. J. T. Baker of Midland, Texas and an aunt, Mrs. David Allen, also of Midland.

636 Convictions For Game Law Violations

"A total of 647 prosecutions for game law violations for the fiscal year ending June 30, 1949, is quite an increase over last year's 588 and a good deal more than we should have in such a sport-minded state as New Mexico," said State Game Warden Elliott Barker today.

According to Barker, of the 647 total, the Department succeeded in obtaining 636 convictions while losing but 11 cases. The greatest number of convictions resulted from cases of fishing without a license (121) while illegal possession of game ran second with 90 cases. In third place, with 81 cases, was fraud in procuring resident licenses by non-residents.

"There is no need for the number of game law violations that we had during the last year," Barker said. "The Game Department does its best to prevent violations by warning sportsmen beforehand of the game laws. Everyone knows a license is required to fish and hunt. It is also our policy not to prosecute a man for a petty or accidental violation so that the 647 cases for the last year were all serious offenses."

"It has long been a wish of mine that sportsmen would help by reporting all serious violations coming to their attention. I know that no man likes to be thought of as a 'squealer', but in this case I don't think that it applies. There are few

men who, seeing someone stealing tires from a car, would not call the police. He would call the police because he knows that if that man were allowed to run loose it might be the tires from his own car that would go next. Wildlife resources are just like the tires on that car. Hunting privileges belong to every hunter and fisherman in the state who has paid for a license and any person who takes game or fish illegally is certainly misappropriating public property."

Artesia Celebration August 11-12-13

A caravan of fourteen cars loaded to capacity was in Ruidoso Monday of this week advertising the Third Annual V-J Celebration sponsored by the United Veterans Club of Artesia, New Mexico.

Homer Gary of that city was in charge and assured Ruidoso citizens they could depend on a good show August 11-12-13 in their town. Along on the trip was Curly and His Western Hillbilly Swing Band.

During their four day celebration they will have a parade, western dances, rodeo, and matched horse racing August 13th at the Coates Race Track.

Mrs. Nash Tucker, Mrs. Bessie Ward, Mrs. Helen Williams, all of Odessa, Texas, were house guests of Mr. and Mrs. Ben Jenkins last week-end.

We Cut Down The Hedges —And Accidents!

Hedges have been shooting up like weeds, lately, along Main Street. They've turned into real traffic hazards. Drivers at the corners couldn't see stop lights or the approaching cars.

After one accident and a couple of near-misses, the Town Council decided to have a hedge-trimming bee—cut them all to size at once.

We held the bee on Saturday. No one had to come, but it seemed like every man in town was out with shears and clippers. Women kept passing out sandwiches and cool glasses of ice-water and beer.

From where I sit (on my front porch)—looking out over neat, trim hedgerows—it just shows what folks can accomplish for their own good when they work together. The Brewers work with tavern owners in the same way in their Self-Regulation program. They cooperate in keeping their places neat and spruced up—cutting out "dead wood" and making sure they stay "in the clear."

Mr. and Mrs. Wallace Ferguson made a business trip to Albuquerque Friday. While there they visited many old friends that used to be residents of Lincoln County.

Capitan has had some very nice rains lately. They have really done some good. But of course with all goodness there must be some unpleasantness. It certainly has left our streets as well as all of the county roads in a terrible condition.

Daisies Motif For Bridal Shower

Evelyn Morrison, bride-elect of Wayne Estes and daughter of Mr. and Mrs. Jim Hale of Ruidoso, was honoree at a shower given Thursday night, August 4th, at the home economics cottage by Mrs. M. W. Maddox, Mrs. Olan Scott, Mrs. Ezell Clarke, Mrs. Colby Delaney and Mrs. Warren Barrett.

Approximately seventy guests were invited to the shower and the lovely bride-to-be received beautiful gifts from her many friends.

Mrs. Jim Hale, mother of the honoree, and Mrs. E. C. Estes, mother of the groom-to-be, presided at the refreshment table during the evening. The table was covered with a handsome cloth. Tall white tapers in silver candleabra were tied with yellow ribbon on which the words "Wayne and Evelyn, August 9th," were inscribed in silver. A centerpiece of white and yellow daisies and little cakes with yellow icing and white daisies carried out the color scheme and theme. Tiny corsages of the same flowers were given as favors.

Special corsages were presented by the hostesses to Evelyn Morrison, her mother, Mrs. Hale, Mrs. Estes, Mrs. Ike Wingfield, Evelyn's maternal grandmother, and Miss Helen Barajas, who presided at the guest book.

Thanks For Support Say Local Firemen

Saturday night, August 6th, the Ruidoso Volunteer Fire Department held their annual benefit dance to raise funds for some phase of improvement for this important department. This year's proceeds are scheduled to go into the fund for a new building for the fire house.

"A nice crowd was out and we cleared \$200.00 on our dance. We certainly do thank the people for this support," say the members of the department.

TINNIE TALK

By MARJORIE TITSWORTH

Mr. and Mrs. Ed Mosteller from Costa Meza, Calif., have been visiting Mrs. John Mosteller and sons. They started home and had a wreck and tore their car up so badly they had to leave the car here and continue home on the bus.

Mr. R. L. Simpson of Sundown, Texas, came to Tinnie after his two sons who were visiting their grandparents, Bro. and Mrs. O. L. Oldham. He had some very startling news for the boys. He informed them they had a little sister at home waiting for them.

Mrs. Hirma Garrard from Roswell is in the valley visiting Mrs. Bert Pfingsten and friends for a few days.

Mrs. Frank Titsworth and sister, Mrs. Joe Evans, and her two daughters motored to Abilene, Texas and brought Marjorie Titsworth home who has been visiting her aunt, Mrs. Jack Conley, this summer.

The valley is very active getting ready for school as the new teachers are coming in. It is very hard to find places for the teachers to stay. Mrs. Charley Fuller has solved the problem by turning their bunk house into a home for the Pico teachers.

Ed Nelson is now in deep ponder if it is better to have all this rain and fix his water gaps, or stop the rain. Seems that he is being kept busy fixing water gaps all the time.

Spot cotton prices in mid-June were only 1/3 cent below the season's peak but were about 4% cents below a year earlier.

Lincoln Locals

By MRS. H. J. DOCKRAY

Mrs. Starr of South Carolina is visiting Mr. and Mrs. James G. Ramey of Lincoln. She has been in Lincoln many years before and is enjoying visiting friends of yesterday.

Mr. and Mrs. Bryant Dockray of Roswell were visitors in the Dockray home two different days of last week.

Mr. George Lindley is expected this following week for a visit with Mr. and Mrs. Loyd Hulbert and Mr. and Mrs. Red Ramey. Mr. Lindley is a brother of Mrs. Hulbert's and an uncle of Mrs. Ramey's. He is a resident of Arizona.

Mrs. Susie Kossage, her mother and some friends were in Lincoln this past week-end.

The Ray Taylors are the proud owners of a very nice living room suite. Of course, it's of the western type which is appropriate and pretty.

Rosa Zamora, daughter of Cristobal Zamora, was home for a visit recently.

Yes, we're still hearing about the Day in Old Lincoln. Also, we've read some posters and also read the article published in this paper, so we, of Lincoln, are beginning to know more about it. However,

I've often heard that the absence of information makes one more curious, so we must all attend to be sure that we miss nothing.

I understand the Museum here in Lincoln is doing a land office business this summer, especially on the week-ends. This is very nice and I'm sure that the people traveling through Lincoln enjoy it also. Of course, you can't please all of the people, but if the majority are satisfied, that's the necessity. It seems that the history of this section of the country is finally coming to light, thanks to a few interested people and capable minds.

Jo Amstead is home for a visit. She came one day last week, accompanied by the young son, Johnnie. He was all decked out in a very "western" shirt, levis, cowboy hat and even a gun. That's the way that we like to see them come to Lincoln. Joe is the former Jo Anna Penfield and now resides in Los Angeles, Calif. Ruth Lydia Penfield of El Paso has also been home for a visit. Now that Edward is home, they are all having a good time.

Ethel Lynn Phillips attended the rodeo in Ruidoso. I understand that she had a good time.

We are still crowing about the speedsters and winless planes that fly through, instead of over, our village. We've all heard that old saying, "What's good for the goose is good for the gander," haven't we? Wonder what we should do in this case? Can't run them down and fuss at them or nothing, and most surely wouldn't attempt to catch them. In conclusion, a little spice in the road of life is interesting.

Prices, on the average, received by farmers dropped nearly two per cent from May to June, led by declines in prices of truck crops and food grains. On the other hand, prices paid by farmers, including interest and taxes, held steady during the same period.

GLENCOE GLANCES

By SIDNEY BONNELL

Mr. and Mrs. Fred Vossler of Toledo, Ohio, have been visiting the Bonnells over the week. They have been former guests at the Ranch and have not been out this way for eight years. They have been on a tour through the Western States, returning this way. They enjoyed the rodeo and Indian dances very much and left for home Monday morning.

Mr. and Mrs. Harry Towner of High Rolls came to see us Sunday evening, bringing their friends, Mr. and Mrs. Churches of Albuquerque and their children. Also went on to see Ruidoso.

Mr. and Mrs. Hans Schmidt and Sidney Brewer of Roswell, stayed at Bonnell the three days of the rodeo, Hans taking part in the calf roping and cutting events and Sidney riding the bucking horses and Brahma bulls.

At the Rodeo Sunday, they announced over the milk that Mrs. H. P. Fairbanks of Ruidoso was presenting Mr. and Mrs. B. J. Bon-

nell with a gift for being the "oldest pioneers" attending the rodeo the full three days and B. J. entering the cutting contest. The gift was a beautiful figurine of a pioneer woman, made by Mrs. Fairbanks in the ceramics classes. Thanks for everything.

Mr. Ross Coe from Las Cruces is visiting his nephews, the Coe boys, and niece, Mrs. Arvel Runnels of Alto, and his cousins and Aunt Mrs. Frank Coe.

Mr. and Mrs. Murry Morgan and Mr. and Mrs. Kivas Tully of Alamogordo and Mr. and Mrs. Leon

Sheby of El Paso, all children of Mrs. J. V. Tully, were at the Navajo dance Saturday night.

Dan Lucas and Dan Tullis of Hatch came to see Mrs. Helena Lucas, returning Sunday after they all enjoyed a picnic at the White Sands. Nellie Ruth went home with her brother for a visit.

Farmers' cash receipts are estimated at 12 billion dollars for January-June, down about six per cent from the first half of 1948. The volume of marketings was up slightly, but prices averaged about a tenth lower.

Electric Cooking is SAFE!

No harm results when inquisitive little fingers turn the switches of an electric range, because electric cooking is flameless and safe like electric light. The waste of a little electricity is about the worst that can happen.

Electric cooking is not only safe—it's clean, cool, fast, automatic and gives wonderful results. It's economical, too, because the more electricity you use the cheaper it gets.

Get the full story about electric cooking's many advantages and you, too, will cook electrically. It costs much less than you think!

For Cooking that's--

- CLEAN
- COOL
- FAST
- AUTOMATIC
- ECONOMICAL

It's Electric of course!

Lights Went On 2 p.m. July 8th in Two Counties

The Central New Mexico Electric Cooperative, Inc., announced from their Corona, New Mexico, office that at 2 p. m. July 8, 1949, they expected to turn electric current on their lines being completed in Lincoln and Torrance Counties and begin serving many of their 12 members in these counties to whom they have built lines recently.

The engines and generators in the Corona power plant are now being made ready to furnish power to these lines. Many farms and ranches will have electric service for the first time from this plant and these lines which were financed by a loan from the Rural Electrification Administration to the Central New Mexico Electric Cooperative, Inc.

The Central New Mexico Electric Cooperative, Inc., is an incorporated, locally owned, private, non-profit enterprise organized by the people of Lincoln, Torrance, Sernillillo, Santa Fe, San Miguel, and Guadalupe counties to obtain electric service for themselves.

On July 26, 1949, the Central New Mexico Electric Cooperative, Inc., began operating in Vaughn and Encino after acquiring the

plant and lines of the Vaughn Light and Power Company and began extending their lines to serve its rural members in this area.

MESCALERO INDIAN CALL

By Edna Shields

Shopping in our fair village last week, Mrs. Beatrice Valdes, the mohair lady from Rincondada (but she wants no mo' mohair, for she can't sell what she has). Mr. and Mrs. Andrew Moskan of Whitetail, Mrs. Augusta Bahida of Old Peoples' Village, and Clarence and Isabel Enjady's daughter, Darlene—which should be spelled Darling.

Mrs. Richard (Winona) Magoosh who used to drive a pickup about, is now chauffering a green sedan.

The Deveaus and Mrs. Deveau's aunt Eola Donavent of Booneville Mo., spent Thursday visiting the Carlsbad Caverns.

Correction: It was Herbert Torres, not DeVerne, who returned to the Navy.

Mrs. Wilson Kanseah and niece were hitch hiking to Agency from Whitetail. Bert picked them up. Her little daughter, almost 5 now, Francine, is my daughter's namesake.

Mr. David Mills is building a water softener room and a two car garage at Mr. LaCourse's home.

Mr. and Mrs. Bruce Klinekole of Three Rivers were supper guests at Mr. and Mrs. Earl Morris' home in Nogal Canyon.

Little Terry McNatt returned home, and the past weekend the Stanley McNatts and the Sam McNatt family of Alamogordo went on a camping out trip. Stanley's parents, the Jim McNatts enjoyed a visit from their daughter, Quidg, and her husband, Mr. Fife Peters, who flew down from Albuquerque Sunday.

Old rodeo hand himself, Jesse Campbell, and grandson Ray Dean Carrell, attended the rodeo at Ruidoso Sunday.

Mrs. Russell Pesowonit, the former Agnes Chihuahua, moved back to Whitetail Monday.

Little Cathy Baldonado, eldest unmarried daughter of the Juan Baldonado's, fell into the pool last week. She's very sophisticated for a two year old, she didn't mind the cold water.

Mr. Sheb Jeraig, cattle buyer of Clovis, has been here looking over the prospects, round up time is drawing near.

Quanta, Cordreya and Miss Ritter picnicked Sunday on the Summit. There was nothing to eat but food, old fried chicken and stuff.

Mrs. Sarlin's brother, Warren Leyde, and companion, Raymond Kowleski, returned to Baltimore Sunday. They made the trip, Baltimore to Seattle to here and back in a small Taylor craft machine, with some rough flying around Yellowstone, particularly.

Samson Miller, I understand, had a close call last week, when flying with a Ruidoso Airport pilot in foggy weather. They came too close to a hill near

Mr. Wendell Chino, who has been conducting meetings in Phoenix, will arrive here the 17th.

Mrs. Crow and Emily are visiting at Mrs. Crow's home in Pauls Valley, Okla.

The Legion dance Friday the fifth was a good one, good music was rendered by the orchestra from Fowler's Dude Ranch, and after Mary LaRose got there to yell "Ladies' choice" the women had fun and the men ducked, when they could. Mr. Lisandro Mendez got a big hand for winning the gun which was raffled off. Mr. Gregory Yahnakhi, Newt Platts, Barney Nalche and Rufus Lester, served behind the bar, coffee, that is. Mr. Percy Via sold the tickets.

Mr. Albert "Snakebit" Burch, the Campbells and Walls assembled at the Bert Shield's for prayer meeting Wednesday night. A good deal of underhanded cheating went on.

We hope his going was happy. "Like one that wraps the drapery of his couch about him, and lies down to pleasant dreams." We herewith, record the passing on to his reward of, Tige, the big red wolf dog owned by Fleta and Mable of the B&B Estate.

As you know, Chief Thunderbird sometimes writes for the papers. Once when asked to make a slight change in one of his Mrs he said "Who am I to tamper with a masterpiece?"

CARD OF THANKS
Words are inadequate to express the deep heartfelt appreciation to the friends and citizens of Ruidoso and Lincoln County for the many expressions of sympathy accorded us during our beloved ones illness and our recent bereavement. It is impossible to answer each individual card. We take this means of thanking each and every one for service rendered, the beautiful floral pieces, and the generous contribution to the Youth Center. Helping hands were ready and willing, and met every emergency. Such expression of appreciation for his public services from all concerned helps to ease the loss of our dear one. Mention is also made of those who so beautifully administered at the gym in the arrangements, music, songs, etc. May God bless you each and everyone.
Mrs. J. J. Christmann and Charles.

Morrison-Estes Married Here

In a beautiful candlelight ceremony held Tuesday night at 8 o'clock in the Community Methodist Church of Ruidoso, Miss Evelyn Morrison became the bride of Wayne Estes. Mrs. Estes is the daughter of Mr. and Mrs. Jim Hale of Ruidoso and Mr. Estes is the son of Mr. and Mrs. E. C. Estes of Ruidoso.

The couple stood before the altar under an archway of trailing vines interspersed with white ribbons, lighted by candelabra on each side.

The bride chose for her wedding dress a semi-formal gown of white nylon organdy fashioned with a basque waist and full skirt. She wore a fingertip veil. Her flowers were white roses. She wore a diamond brooch set in gold which has been in the Winfield family for six generations, and was loaned for the occasion by her maternal grandfather and grandmother, Mr. and Mrs. Ike Wingfield, Ruidoso and Lincoln County pioneers.

Mrs. Estes wore blue and she also accented her costume with a corsage of roses.

Immediately following the wedding a reception was held at the Educational Building of the Methodist Church. The large room, with a fireplace was banked with flowers at one end. In front of this floral arrangement the serving table was arranged with summer garden flowers in the center flanked by white tapers.

After the bride and groom cut the wedding cake various members of the bride's family and friends presided at the table serving cake and punch to the guests. Ruth Massey presided at the guest book.

Following a honeymoon the young couple will make their home in Bartlesville, Oklahoma where the groom will be employed by the Phillips Oil Co.

"Youth is a kind of savings bank. You put in your experiences, the things you see and learn, and all the rest of your life you keep drawing on that savings bank of experiences and knowledge. And the wonderful fact is that the more you draw on the account, the larger it seems to grow. I am sure that 4-H members are building a fine savings account."—Secretary of Agriculture Charles F. Brannan.

Drivers Report Fine Meeting

Ben Sanchez of San Patricio, Pedro Salcido, H. E. Carter of Greentree, and R. H. Hedgecote of Ruidoso, returned this week from Silver City, after attending the School Bus Driver's Institute at the State Teacher's College.

They report a very successful Institute with more than 150 Drivers throughout the State attending. Some might wonder just what a driver, who had been driving many years, could be taught about driving a school bus. The main theme, the one that is pounded in constantly, is "Safety of the Children" The course includes many tests, such as actual driving tests, eye tests, reaction tests, glare tests, braking tests, as well as oral and written tests on traffic laws, safety, sound driving practices, etc.

Hedgecote, Carter and Sanchez also took an Advanced course and First Aid. Salcido, who had no first aid training, took the standard Red Cross First Aid course.

Ruidoso Schools To Open August 22; Plans Made For Record Registration

Ruidoso-Stetson Municipal Schools will open 22 August. This opening date coincides with that of most of the schools in Lincoln County, and will enable this school system to complete the first semester work prior to Christmas holidays, as recommended by the State Department of Education.

According to Superintendent J. H. Morris, all faculty members have not been selected. Extensive efforts have been made to employ a Spanish teacher in the High School. It was hoped that one could be found who was also qualified to organize and conduct a High School orchestra and direct choral work. At this time the possibilities of securing the right person for this position seem rather remote. It is believed that the other vacancies will be filled by the time school opens.

Present plans call for registration of High School students on Friday and Saturday, August 19 and 20. Mr. Paul Vance, High School Principal, will be in charge of registration. Mr. Vance requests that all High School students register on these dates if at all possible. The school buses will not run on these dates. Enrollment of all other students and class assignments will be made on the opening date of school. It is anticipated that all this work will be accomplished on that date, and bus schedules for home transportation will begin at 11:00 a.m. Pick-up and delivery of all students by the various school buses will be operated on a schedule similar to last year. The same school bus drivers will serve the district. They are R. H. Hedgecoke, R. E. Carter and H. L. Smelser. A complete bus schedule will be published at a later date.

Many of the same faculty members will return for the 1949-50 school term. They are: Paul Vance, High School Principal, Cy Leland, Athletic Director, Mrs. Gladys Knox, Mrs. Mildred Ramsey, Mrs. Loise Simpson, Miss Betty Jo Stevens, Mrs. Alene Stewart, Eric C. Bruce, Rex Randle, Mrs. Maurine Holman,

Mrs. Lorine Samelson, Mrs. Mary Swearingen, Mrs. Louise McClelland. Two new faculty members have been added to date. They are Mr. and Mrs. Dwight Watkins of Portales. Mr. Watkins will replace Mr. Hampton D. Anderson, who has resigned, as Shop Instructor, and Mrs. Watkins will replace Mrs. Crume as Second Grade teacher. Both Mr. and Mrs. Watkins are graduates of Eastern New Mexico College at Portales. Mr. Watkins obtained his degree since his discharge from military service, and Mrs. Watkins has been a member of the faculty of Portales Public Schools for the past five years.

A general faculty meeting will be held at the high school at 2 p.m., on Saturday August 20. This is a meeting for all faculty members and will be short in length. Immediately following the general faculty meeting the principals of the various schools units will meet with their faculties.

carefully nourished and killings were numerous.

It just so happened that onto this setting where strode rustlers, outlaws, gamblers, and unscrupulous men of all types, rode the youthful William H. Bonney—"Billy the Kid."

Besides this pageant there will be guided tours Sunday from 10 a. m. to 4 p. m. with a colorful parade following this. After the parade there will be Spanish fiesta dances and a cowboy musicale on the platform of the stage. At 6 p. m. barbecue at \$1.00 a plate will be served. All day the Lincoln Grade School will have a refreshment stand set up for the people who plan to spend Sunday at Lincoln.

General admission for the pageant will be 50 cents plus tax, and reserved seats are \$1.00 with tax included. Tickets may be obtained in Lincoln County from the members of the Lions Clubs at Ruidoso, Capitan and Carrizozo.

The Weather

By C. A. Culver

The weather in Ruidoso the past week has been exceptionally cool with 1.04 inches of rain during the period. Temperature Saturday morning was six degrees above freezing.

High School Registration On August 19-20

All sophomores, juniors and seniors may register for classes for 1949-50 at the high school building from 2 to 5 p. m. on Friday and Saturday, August 19 and 20. Some classes that were requested in the spring will not be organized because of lack of demand.

Seniors are particularly urged to have any needed changes made in their class registrations so that the class schedule may be arranged with as few conflicts as possible.

Regular registration will be Monday, August 22. The schedule of classes as set up Saturday, August 20 after pre-registrations will not be changed. If your program of classes is irregular for your grade, please bring your problem on Aug. 19 or 20. Monday will be too late to give it consideration.

On the basis of preferences expressed by students last spring, there will not be enough demand to organize courses in the following subjects: Shorthand, Bookkeeping II, Journalism, Physics, Mechanical Drawing, Shop III, Home Ec. III, Spanish II, and Trigonometry and Solid Geometry. Bookkeeping, first course, is a small class, as are classes in Sociology and Economics, and Chemistry. It will be important for students planning to enroll in the above named courses to take advantage of early registration on Friday, August 19, if possible. The schedule of classes will be set up in final form Saturday afternoon, August 20.

A new course labeled Home Ec. IV for Seniors only, boys and girls, may be organized if there is sufficient demand. It is a new course outlined recently by a summer workshop, and its content is practical home management.

All Juniors are urged to include American History in this year's work; it is a subject that may not be offered next year, and it is necessary to graduation.

The number of forest fires in the United States dropped 13 per cent during 1948. There was an even greater drop in the acreage burned. During 1947, some 23,225,932 acres of land were swept by raging flames, while in 1948 approximately 16,556,790 acres were thus devastated—a drop of 6,669,152 acres, or 29 per cent.
