As I See It

By Lloyd P. Bloodworth

In writing for this column last week I failed to state that on our way to Santa Fe we had a short but delightful visit with former governor Dick Dillon of Encino. I seldom go his way but that I stop in for a visit. I did not live in New Mexico while Dick Dillon was governor but have known him rather intimately the last dozen years and think him to be one of our finest citizens.

It is not possible to print all of Jack Dempsey's press releases from Washington because of a lack of space but occasionally we do print one and I am sure it is widely read. What I want to say is that Jack is doing a good job and is greatly concerned about the waste of money that is going on in governmental agencies. It is good to know that there are those in our National Capitol who have a conscience on these matters.

Ida and I attended the meeting of the Lincoln County Historical Society held at the Museum at Lincoln last Sunday afternoon. There was a goodly number there and plans for the "Day in Old Lincoln" which will take place August 12 were discussed. Looks like this is going to be the biggest and best ever staged in the old town. Script for the show is being written by Mrs. Ruby Douglas of Hondo and the director will be Mrs. Nathan Armstrong. It's going to be a big show and I hope that everyone in the county will want to make plans to be there. Wilbur Coa is president of the organization and he wants 1000 members. That should be easy, Lincoln county has more real history than most any other county in America and we are going to live over part of it with Billy the Kid on August 12.

I received a letter from some out fit last week and the first sentence they asked: "What would you do if you had a million dollars?" I got to thinking about the matter and to save my soul I could not think of anything special I would do with a million bucks. When I was a kid I used to think of a lot of things I wanted to do if I had the money. I asked Ida what she would do and she finally said she would like to travel and see the world. The thing is that as we get older the things that there are so many things in life that money can't buy. Someone wrote a song some years back which said, "The Best Things in Life are Free". If a man has his health, friends, and a few of the necessities of life he is a rich man. I have heard that one of the world's richest men once said that he would give a million dollars if he could not sleep and enjoy his meals don't worry about anything else.

If we want to enjoy a delightful evening just drive out to Cree Meadows Country Club any evening and enjoy the new driving range. Ida and I have been out several times and it is wonderful. If you don't drive those little white bunks you can sit in a comfortable chair and see people from everywhere. It is just another place for our visitors to have a good time. Again, I want to congratulate Carl DeBard on his driving range that is bringing so much pleasure to so many people.

Ida and I were in El Paso last Saturday night and took in the Horse Show. It was one of the finest affairs I have ever seen. It is wonderful how a horse can be trained. This is especially so regarding those five gaited animals. When it comes to prancing and high-stepping they take the cake. Never would understand a man who did not like to look at a pretty horse or a pretty woman. Of course a lot of fellows will lie about it latter but they are not kidding anyone, not even their wives.

The races start at Hollywood Park Friday afternoon and I hope that every citizen of this community will be on hand. We welcome the thousands of visitors who will be with us during the racing season and want them to feel at home. You will find that the people in this community are as friendly as you will find anywhere in the world.

BH Robbison took a pot-shot at me in his column last week but I have looked over the weeklies that come to office in exchange and find only one paper that carried the article. I am deeply grateful to my newspaper friends for this feature. I rarely would not print anything that would in any way be detrimental to any other community in New Mexico. There are certain ethics that can be observed even among newspaper men.

Mr. and Mrs. W. D. Clarke of Harlingen, Texas, spent a weeks vacation in Ruidoso.

Thousands Here For Races

Thousands of people from all over the country are pouring into this mountain resort town to attend the races which open today at the Hollywood track two miles east of Ruidoso. In checking the courts and lodges it was found that the visitors have come from many sections of the nation. Most

of the box seats are gone but there are a few left and it is advisable for those who have just arrived to contact the racing association as quickly as possible. The races will start at 1:30 this afternoon and the officials have designated today as Ruidoso Day. It is hoped that everyone will turn out.

Ruidoso Has New C. of C. Manager

W. D. Crosby, president of the Ruidoso Chamber of Commerce announced Thursday that the board of directors had hired Mr. Fred Brookshire of Clovis to be manager of the local organization. Brookshire has been manager of the Clovis chamber of commerce three times and before coming to New Mexico he managed a Chickasha, Oklahoma organization for several years. His many years of experience qualifies him to lead the Ruidoso chamber in a program that will greatly benefit the entire community.

It has been felt for several years that the local organization needed a full-time manager who could give his full time to the promotion of the "year round playground". Such a program participated in by all the citizens of the community can be worth hundreds of thousands of additional dollars yearly.

The future plans for the chamber of commerce were discussed Wednesday night and will be released to the public in next week's issue of the News. Mr. and Mrs. Brookshire returned to Clovis Thursday but will be back in a few days. He will assume management of the organization July 1.

Capitan Plans Dances July 3-4

Two big dances are being planned by the Lincoln County Ropers Club and the Volunteer Fire Department of Capitan. The first dance will be the night of July 3 and will be held at the grade school gym with music by Elmer Hust and his orchestra from Carrizozo. The second dance will be the night of July 4 and will also be held at the grade school gym. The Mountain Hamblers will play for the second dance. Both dances will start at 8:30.

Ruidoso Group Attend Legion Convention

Della Hale, local auxiliary president and Martha P. Graves attended the 30th annual convention of American Legion Auxiliary in Santa Fe, June 21, 22, and 23. Ethel Gill of Antonita, Colorado, who still keeps her membership with the Ruidoso group attended the state convention. The state convention for 1952 will be held at Albuquerque. Roger Schenck was delegate from Ruidoso to the American Legion Convention which was held the same dates as the auxiliary meeting.

Visitors Urged To See Entire Area

There is no place where you can re-live as much history as you can in Lincoln County. The beautiful scenic drive from Ruidoso to Mon Jean Lookout and the Bonita Dam country, on over to Nogal, then to Carrizozo, the county seat of Lincoln County, Indian Divide drive from Carrizozo to Capitan where coal and mineral ore were once mined in large quantities. Driving from Capitan on to Hondo and back up the Ruidoso Valley where farms and orchards are irrigated from ditches which have been in use for many years. The Mal Pais which are a geological mystery and the town of Old Lincoln, made famous by tales of Billy the Kid.

The Mesaleros Indian Reservation with its many interesting features and the Lincoln National Forest where the Ruidoso River leads up to Old Baldy, 12,000 foot sentinel of the surrounding territory.

This section of the southwest is truly a composition of the Indian, Anglo and Spanish culture that have each left their influence on the history of the Southwest.

Dance School At Navajo Lodge To Open July 2

Miss Janice Blake of Lubbock is planning to open a school of dance at the Navajo Lodge. Registration begins Saturday, June 30 from 10 a. m. to 12 noon and from 2 to 3 p. m. Classes will start Monday, July 2.

Bomb Shelter Converted Into Living Room

The "Bomb Shelter", as we called it, on Mon Jean Court, that took two months to build and intended as a store room has been converted into a beautiful living room and snack bar with a kitchenette. Effie and Billy overhauled Lester in the project so Lester says that next fall he will start another and this time he will have a store room.

Enchilada Supper June 30 At Methodist Church

Henry? They come to the enchilada supper at the Methodist Church Annex, Saturday, June 30 beginning at 5:00. Tickets are on sale at the Taxi Stand, Johnson's Grocery and Borrowers Hardware. Tickets can also be bought at the door. Prices are 50c for adults and 25c for children. There will also be sandwiches, cake and pie.

State Fair Rodeo To Be Outstanding

Albuquerque, N. M.—Prizes totaling \$9,000 will be offered in the Championship Rodeo during the New Mexico State Fair in Albuquerque, September 29-Oct. 7, Floyd Rigdon, State Fair Commissioner announced today. Rigdon also disclosed that Bentler Bros., of Elk City, Okla., have been engaged again to supply the rodeo stock. The Galibard newspaper publisher said that Lynn Bentler will serve as Arena Director and will bring nearly 250 head of rodeo stock to the annual exposition. These will include bareback, saddle bronc and parade horses, as well as bulldozing steers and Brahma calves and bulls. Rigdon said that Wilbur Plaugher of Prather, Calif., will serve as clown. Plaugher, who appeared at the 1950 Fair will bring new acts and comedy routines to the events this year.

An important addition to the rodeo performances this year will be Pecos Reynolds and Brahma Bull Liberty Act. This is a sparkling new presentation from California which is living evidence of the extreme patience and training required to induce animals to perform.

Meanwhile, Leon Harms, Fair Secretary-Manager said that all entries in the Livestock Show will close September 17. Harms urged both large and small stockmen to make plans now to enter the annual show. He said that premiums for this division will total over \$47,000. The New Mexico State Fair Premium Book will be off the press sometime in July, and those desiring a free copy, together with entry blanks and other information should address requests to Leon H. Harms, Secretary-Manager, New Mexico State Fair, P. O. Box 1603, Albuquerque, New Mexico.

U. S. Boundary Commissioner Visits Ruidoso

Mr. L. M. Lawson, United States Boundary Commissioner for the past 25 years is vacationing with Mrs. Lawson in Ruidoso this week. They have as their guests Col. and Mrs. Woodrow Wilson and their four children. Mrs. Wilson is a daughter of Mr. and Mrs. Lawson.

The Lawsons have another daughter married to a distinguished army officer, Mrs. Carl Scherret whose husband is now stationed at Athens, Greece. Sportsmen will remember Col. Woodrow Wilson as one of the greatest football players ever to play with the Army team. During and after World War II he was closely associated with General Douglas MacArthur in the Pacific.

Baptists To Have Family Day Sunday

Sunday is family day at the Baptist church and the members and visitors are urged to attend and take the family. There will be a basket lunch at noon. There were a number of visitors last Sunday and it is hoped they will attend again. All visitors are always welcome.

Ruidoso Shooters Win Prizes

Several members of the Ruidoso Rifle Team went to El Paso Sunday for a shoot at the Far South-east Rifle and Pistol Association. George Trimble won fourth in total number of points, taking second in 100 yards prone; second in 200 standing; and fourth in 300 yards rapid fire. D. L. Gann placed in 200 yard standing and 1000 yard prone. Those making the trip from Ruidoso were "Coke" Hedgecote, D. L. Gann, and George Trimble. Todo Brennan of Roswell made the trip with the Ruidoso team. Representatives of the New Mexico Rifle Association extended an invitation to shooters at the event to attend the New Mexico shoot at Ruidoso Sept. 10-16.

Gentry and Eva Ebard of Eugene, Oregon were here for a week's visit with his father, C. W. Ebard.

DAY IN OLD LINCOLN TO BE HELD SUNDAY AUGUST 12

The Lincoln County Historical Society met at the Old Lincoln Court House, Lincoln, New Mexico, Sunday, June 24, to formulate plans for the pageant to be presented at "A Day in Old Lincoln". Twenty-five representatives from over the county were present, representing Ancho, San Patricio, Hondo, Carrizozo, Gien-ce, Capitan, Ruidoso and Lincoln.

The pageant, which is to be presented August 12, starting at 10 a. m. and lasting until the wee hours of the next morning, will be entirely different from those of the two years previous and will depict the history of Lincoln County from its earliest recorded history, including some episodes from the life of Billy the Kid. It is entitled "Lincoln County's Frontier Album of Familiar Scenes and Faces." Mrs. Ruby R. Douglass of Hondo wrote the script.

Mrs. Nathan Armstrong of Hondo will be director, assisted by Mr. Paul Gardner, Miss Betty Schenck and Miss Margaret Schenck. Mr. Lloyd Bloodworth is in charge of publicity. The folk-dancing will be under the direction of Mr. Fred McTigue. Mr. Granville Richardson and Mr. Wilbur McKnight are in charge of the horses. The stage setting is under the direction of Mrs. Ray Baker and Mr. Richard

Sanchez-McTeigue Rites June 22

Nora Sanchez, daughter of Mr. and Mrs. Mauro Sanchez, and Mr. Kinley McTeigue, son of Mr. and Mrs. Fred McTeigue, all of Hondo, were married at five o'clock June 22 in an impressive ceremony in the Church of San Juan, in Lincoln with Father Edmond officiating. The bride, wearing a lovely gown resembling old Spanish lace, was given in marriage by her father. She carried a wedding bouquet of white roses. Ernest Sanchez, brother of the bride, and Robert Richardson acted as attendants to the groom, while Jimmie McTeigue and Larry Torres served as ushers. Attending the bride were Gloria Nunez, Olivia Richardson, Libby Saleido and Patsy Torres, with Rosalia Gonzales and Rebecca Richardson as flower girls.

The wedding ceremony was attended by a large number of local people and several out of town guests including Mr. and Mrs. Monroy Sanchez and Mr. and Mrs. Ernest Nook of Las Vegas and Mr. and Mrs. Ernest Torres of Roswell. After the ceremony a reception was held at the home of the bride which was followed by the traditional wedding dance at the Hondo Gym, with Mr. and Mrs. Ramon Jimenez of Roswell leading the grand march.

Both the bride and groom are from well known Hondo families and both are teachers in the Hondo Grade School, where Mr. McTeigue is principal. The couple left for Albuquerque where they will visit a few days before returning to Highlands University where both are working toward their degree. They have the good wishes of a host of friends who live in and around the valley.

Texas Girls Visit Ruidoso

Twelve girls of the Future Home Makers of America from Coahoma High School are spending their summer vacation in Ruidoso with their sponsors at Thunderbird Lodge. They arrived Monday and will leave Thursday. Coahoma is located eight miles west of Big Spring, Texas. The girls made side trips to Mon Jean Lookout Tower, Ski course, Mesaleros and White Sands, besides bowling, skating and horse back riding.

Sponsors making the trip with the girls were Mrs. Nancy Annon, teacher, Mrs. Buchanan and Mrs. Hodnett, Mr. Gilbert, bus driver, and wife.

Declare Forest Emergency, Take Steps To Avoid Fires

In view of the extremely and dangerously dry condition of forest lands, the Forest Service is urging all people to refrain from using the National Forests in New Mexico and Arizona during the hazardous fire period, except on essential business.

Ruidoso To Put On Big Show July 13

Ruidoso will put the big pot in the little one Friday, July 13, when Governor Edwin McCham and the State Highway Commission come to the "year round playground of the Southwest" for the dedication of the new airport and the newly paved road from the main street to the airport.

The Lions Club, with other organizations, will sponsor the affair and it is expected that the largest crowd to attend such an event will be on hand. The invitation committee, headed by Ralph Brown are writing letters throughout the Southwest inviting them to come over.

The Flying Farmers of Texas have been invited and it is anticipated that many will be here. This organization is comprised of farmers or ranchmen who fly their own planes.

The new runway at the airport is finished with the exception of seal coating which will be done before the celebration. It is 4800 feet long and 80 feet wide and is one of the most beautiful and modern to be found anywhere. The elevation at the airport is 7000 feet. Large planes can land and take off easily on the runway.

The Alto Road is being paved to the airport which is two and one-tenth miles. At the celebration both the road and the airport will be formally dedicated by Governor McCham. There will be a special program after which a barbecue will be served. The Lions Club is hoping that all of the local citizens who wish to attend the affair will secure their tickets from members of the finance committee of which B. K. Kuykendall is the chairman.

Notice To Citizens

The U. S. Air Force has recently conducted a thunderstorm detection program making use of radio static direction-finding equipment. The equipment has been used for some time and its accuracy tested on a small scale, but a more thorough test is necessary.

Observations are needed from as many points as possible during the month of July, 1951. Since the project is directly connected with the defense program, we are anxious to cooperate with the Air Force as fully as possible and we feel that you will be willing to help as much as you can.

These observations are to be made each hour between 30 minutes and 32 minutes after the hour you check to see if you can see lightning or hear thunder. It is important that the observations be made exactly between the times of 30 and 32 minutes after the hour since the radio direction-finding equipment will be operated only for this 2-minute period each hour.

Capitan Fire Under Control

Latest reports from the Capitan Mountain fire state it is under control and was confined to a small area approximately sixty acres. It has been definitely established that the fire was started by a bolt of lightning. At times there has been as many as two hundred men at one time fighting the fire. The fire is located on top at the west end of the Capitan.

Camp Grounds Are Like Bee Hive

The Camp Grounds and trailer parks around Ruidoso are becoming more popular each year. They offer a place where trailers may be parked under cool shady trees with electricity and water available. Also tables are furnished for those who bring a picnic lunch and plan only to spend the day. Many people make use of these facilities where for a small fee they can spend a month or the entire summer in the mountains.

PROCLAMATION

WHEREAS, forest lands in the Southwest are extremely and dangerously dry, and forest fires do untold damage to trees, grass and watersheds;

THEREFORE, All People are urged to refrain from using the National Forests in Arizona and New Mexico during the hazardous period except on essential business and then only under such circumstances as will insure that no fire will start, and

FURTHER, for the duration of the extreme hazardous conditions, I hereby proclaim that all National Forests in Arizona and New Mexico shall be closed to smoking while traveling, except on paved or surfaced highways and places of habitation;

THAT Camp Fires are not permitted except on designated and posted Forest Camps or with a permit issued by a Forest Officer. DATED June 25th, 1951, at Albuquerque, New Mexico.

Signed: C. Otto Lindh, Regional Forester U. S. Forest Service.

Hart Tells Of Bonita Deal

W. A. Hart made a trip to Santa Fe this week to confer with various state department regarding the proposed Bonita pipeline in the event he group is successful in purchasing it from the Southern Pacific Railway Co. Hart stated that their plans are to operate the pipeline in its present location, modernizing the pumping stations, improving the service by offering present users all the water they want as well as to seek other customers to use the water expected to be released from the southern Pacific Reservoir.

The organization will be chartered by the State Corporation Commission and will qualify as a utility under the Public Service Act of New Mexico. This will assure the people of the various communities served the same regulations over the water service that other communities of New Mexico have over their utilities.

Other plans include the improvement of the farm that go with the deal and the development of the resort possibilities around the lake.

Every part of the property must be utilized and made to produce its maximum revenue in order to offset the expected losses on the operation of the water line, Hart said. "At present towns along the line pay only \$3,000.00 per year for their water. This is a far cry from the \$200,000.00 erroneously stated by the press earlier. Later figures with a few thousand added sounds more like the operating cost."

Asked about one prominent columnist's statement that national gambling interests might be involved in the deal, Hart replied that the only gambling connected with the deal that he knew of was the gamble his group was taking by investing all cash had and all they could borrow in a pipeline that was worn out and one which they would be required to operate from new on.

Hart said, "Seriously, though, the proper development of these properties mean more to the future of Lincoln County and the adjoining town of Corona, Duran, and Vaughn than any other one thing. It is our sincere purpose to make these improvements with the greatest possible benefit to the public involved."

Food Facts

MARIE KIEFER

There are many advantages, including economy, to cooking meat at low temperatures, regardless of the cooking method used. To the homemaker, the important figure isn't the cost per pound but the cost per serving. Low temperature cooking means less shrinkage and assures more servings per pound of meat. Tests show that shrinkage is reduced from 24 to 25 percent. Meat is more tender when cooked at a low temperature. High temperature reduces tenderness by causing muscle fibers to shrink. At low temperatures, juices remain in the meat and fat melting slowly through the meat enhances its flavor.

The man of the house will enjoy carving roasts that have been cooked at low temperatures because they carve easily and fall into full slices. Roasts cooked at high temperatures are dry and will crumble when carved. Meat cooked at low temperatures is uniformly done throughout—completely rare, medium or well done. It doesn't burn on the outside before cooking in the center. Drippings are clearer and of higher quality at low temperatures. There also is less splattering of fat in pan and oven and this makes less work in cleaning.

Bidders Buy 5 Million Feet Burned Timber

"Only six or seven" bids were received last Thursday by the Lincoln National Forest office here for the timber which stood through the recent 12,000 acre forest fire in the Bear Canyon area, Supervisor C. E. Moore has announced.

"Bidding was by no means brisk", Moore commented, "and the timber did not bring as much as we had expected".

The M. R. Prestridge Lumber Co., of Alamogordo bid in \$200,000 feet of timber at \$7.75 per M feet, and Chas. Shull of Clouderoff bid in 1,900,00 feet at \$2.50 per M feet.

Some of the timber is on lands that have already been cut over, Moore said.

The timber must be harvested soon to assure the manufacture of good paper, Moore said, although Douglas fir will remain sound for a much greater time than will pine.

As soon as the timber is harvested, the Forest Service expects to cut out some 25 poles to the acre and string them end to end around the hillsides on contour, and then press them into the earth by running tractors and bull dozers over them. The poles will prevent hillside erosion.

Also in the plans of the local forest office is the planting of some 2,000 new fir trees which are being grown from seed in the Forest Service nursery in Manitou, Colo. The seed was gathered in the Lincoln Forest last year, and being native seed, is expected to produce a high survival of seedlings.

Be Careful — Help Prevent Forest Fires

GLENCOE

(By Sydney Bonnell)

Mrs. Willo Nosker has gone to California to visit her children living there and may go on to Oregon to visit relatives before returning here at the end of the summer.

Mr. and Mrs. Henry Latham are moving to Tucumcari to make their home. They have purchased a ranch there. We are sorry to lose them, but glad for them to find what they want there.

Mr. and Mrs. Ike Brooke came up from Carlsbad to visit the Ed Bonnells and take in the dance Saturday night. They will take their son Irvin home with them. He has been helping his uncle and aunt. They also visited the Wetters and Farries in Captain.

Ralph Bonnell, Junior Perry and Morris McCleendon returned from their trip to the Northern part of the state and they report a good time and plenty of fish to eat while there.

Eleanor, Linda and Mrs. Ada McCleendon came for a short visit to meet Morris on his return from the Pecos country. They left for Alamogordo early Sunday.

Mr. and Mrs. Lon Merchant of the Merchant ranch of Captain came for a visit and to enjoy the dance.

Mrs. Barney Hopkins and little daughter are at their summer home in Ruidoso and Mr. Hopkins comes up from Carlsbad for the week ends.

Sorry to hear that Mrs. Paul Mayer is not feeling so well.

Mrs. Annie Titaworth, Mrs. Eva Hall and Mrs. Bryan were here for the dance.

There was a meeting in Lincoln Sunday to organize and make plans to have another "Day in Old Lincoln" in August.

Mr. and Mrs. Peg Pfingsten brought her sister, Mrs. Putney and two nephews and a nephew and the added to the spirit of the party. All are good musicians.

Hope that the three forest fires are out or under control. Enough to make every one very careful while picnicking this dry time.

Carl and Mrs. Larry Digan visited the Bonnells Sunday. They are from Ft. Bliss.

Clayton Scott Reports On Boy's State

Clayton Scott who represented Ruidoso High School at Boy's State at Northern New Mexico Normal School at El Rito, New Mexico, reported that there were 196 boys there representing 98 high schools in the state. These boys set up their own government and elected their own officers. The Boy's State is sponsored by the American Legion of the Department of New Mexico. One of the features of entertainment for the boys was a demonstration by representatives of the FBI. Clayton stated that it was a wonderful program from first to last and made a profound impression on the boys who will be the men of tomorrow.

The Capitán P-TA is sponsoring a square dance to be held in the old grade school gym. Saturday, June 30, from 8 to 12. Admission will be 50c for adults and 25c for teen agers. Added attraction for the evening will be a show put on by the Anecho Square Dance group. Everyone is invited.

Mr. and Mrs. Charles Ferris had as guests Mr. Bob Ferris of Tularosa, Mr. and Mrs. R. I. Brooke and sons of Carlsbad and Mr. and Mrs. Lee Walker and granddaughter of Roswell.

Several Eastern Star members from here took part in the funeral services held for Mrs. Dan Elliott in Carrizozo Sunday.

The Tuesday sewing circle met at the home of Mrs. Charles Peppers Tuesday.

Mrs. J. N. Conley and girls of Abilene, Texas are here visiting relatives and friends for two weeks. She will be joined by Mr. Conley the last of the week. Mrs. Conley is the former Frances Ferguson.

The Capitán Roper's club have voted not have a rodeo this 4th of July. They plan to attend and take part in the rodeo in Cloudcroft, put on by Buster Prather. This should be a big rodeo and I am sure anyone wanting to see a good rodeo will do so if they go to Cloudcroft the 4th.

Capitan has been a little short of man power this week due to fire in the Capitán mountains. Most of the men and boys are taking part in helping to put out the fire.

New Lions President Successful Business Man

Harold P. Nutter, Camden, N. J., is the new president of the International Association of Lions Clubs (Lions International). He was elected by unanimous vote at the 34th Annual Convention of the association which closed at Atlantic City, N. J. June 28. Nutter succeeds H. C. Petry, Jr., of Carrizozo Springs, Texas.

The convention concluded a year of unprecedented progress for Lions International, according to report made by R. Roy Keaton, Chicago, director-general of the association. He reported the addition of 837 new Lions Clubs and 14,756 men to the roster during the 11-months period ending May 31, 1951, for a total of 8,757 clubs and 417,597 members.

Fritz Estill, Kermit and Fort Worth, flew to Ruidoso last Tuesday on his way to Fort Worth to visit his wife, who is in the hospital in that city. Mr. Estill flew frozen food to Pauline Slater from Odessa.

He stated also that during the fiscal year Lions Clubs were established in three additional countries: Finland, Italy and Uruguay.

Nutter is a successful business man. He is the head of the Nutter Mortgage Service, Camden, N. J.; former president of the University of Delaware and Temple University Law school. He is a member of the Kappa Alpha fraternity.

Lion Nutter has served his own Lions Club at Camden in many capacities including President, president and director. He has been Deputy District Governor and District Governor of the Lions club of the state of New Jersey. He is a Master Key member of his club and has a record of 19 years' perfect attendance at club meetings.

President Nutter is married and has one daughter. He is a member of the Methodist Church and is very active in civic, church and community affairs.

Re-Seeding of Forest Lands Nears Finish

The grass seeding of the nearly 8,000 acres of Lincoln Forest lands, which were burned over two weeks ago in the area's worst forest fire in history, will be completed this week, according to C. E. Moore, Lincoln Forest Supervisor.

The grass seed, including created wheat, is being sown from an airplane by F. L. Fairbanks, of Roswell, contract crop duster. Purchased for the project was 20,000 pounds of seed, Moore says.

Winds during the past week have interfered with seeding operations, Moore says, and Fairbanks is able to do effective seeding only about 4 hours each morning.

Moore has been advised by Guy Shepard, state land commissioner, that the state board of finance has given informal approval of an expenditure of \$5,000 to re-occupy the 2200 acres of burned-over state lands in the Bear Canyon area. The seeding will be done in a cooperative agreement with the Forest Service, whose contract will extend to include the state lands, Moore said. Formal approval of the state's expenditure is expected in a meeting June 29 of the state Board of Finance. Moore was advised by George Graham, attorney for the land office.

Abernathy, Texas Homemakers Here

The town of Abernathy, Texas was well represented in Ruidoso this week by 25 very charming young ladies from that city. They spent three days here as guests of Vaughnland. They were sponsored by three ladies, Mrs. Jack Naeckler, Mrs. Jones and Mrs. Benn, also Mr. and Mrs. Bill Harkley.

The entire group came to Ruidoso in one of their school buses and spent much of their time here driving through and visiting the many scenic mountain spots. They were seen enjoying the skating rinks, bowling and horse back riding.

On Tuesday night they were entertained in the Mountain area with an old fashioned chuck wagon supper. This was especially enjoyed by all of the girls, since it was very unusual entertainment being served a swell meal from a chuck wagon out among the tall pines and in the cool crisp mountain air, which is very different from the high plains of Texas.

The group arrived in Ruidoso at noon Monday and left early Wednesday morning for their return trip home. All 25 of these girls are members of Abernathy Chapter, Future Home Makers of America.

DAY IN OLD—(from Page 1) Lincoln County grows up and its growing pains reverberated throughout the nation. The scenes here will depict a busy, thriving, growing town, typical of many in our expanding western empire, with its excitement, lawlessness, humor and thrills.

Episodes from the life of Billy the Kid will form Section III of the Frontier Album, the scenes here being taken from his adventures in the Texas Panhandle, Old Town in Albuquerque and in Lincoln County. This part of the Album will be climaxed by some of the most sensational happenings in the entire career of the Kid—his escape from the Lincoln County Jail.

The Lincoln County Historical Association voted a note of thanks to Will Ed Harris for securing the ground in back of the Old Court House to be used by the association as a site for an amphitheater to be constructed in the future.

THIS IS OUR MOST SHAMEFUL WASTE!

THE NUMBER OF FOREST FIRES IS UNBELIEVABLE!

THERE IS AN AVERAGE OF 200,000 FOREST FIRES EVERY YEAR. THEY BURN ABOUT 30 MILLION ACRES, AN AREA LARGER THAN THE STATE OF PENNSYLVANIA! THE SAW-TIMBER TREES DESTROYED WOULD BUILD ALL THE HOMES IN A CITY OF OVER ONE-HALF MILLION POPULATION!

HOW MUCH LONGER CAN WE AFFORD THIS SHAMEFUL WASTE?

IT ALL DEPENDS ON THE PEOPLE OF THIS COUNTRY—PEOPLE LIKE YOU! CARELESSNESS—NOT LIGHTNING OR OTHER SUCH CAUSES—IS THE MAJOR CAUSE OF FOREST FIRES! PLEASE—PLEASE—BE CAREFUL! THIS YEAR, ALWAYS FOLLOW THESE FOUR SIMPLE RULES!

- HOLD YOUR MATCH UNTIL IT'S COLD—THEN PUNCH IT TO BE SURE.
- CRUSH OUT YOUR CIGARETTE, TOBACCO OR PIPE—NEVER TROW THEM AWAY!
- DROWN YOUR CUPPING, THEN STEW AND DROWN MEATS!
- KEEP YOUR GRASS OR PINE TRIMMINGS FROM BURNING!

FOREST FIRES BREED DISASTER!

GREAT FLOODS THREATEN WHEN WATERSHEDS ARE BURNED. VITAL POWER AND WATER SOURCES ARE ENDANGERED. OUR FOREST PLAYGROUNDS TURN TO BRACK ASHES. WILDLIFE IS WIPED OUT. MEN DIE.

Elaborate Plans Being Made To Entertain Large Ceremonial Crowd

When the five Indian maidens made their debut in Ceremonies to be held in Mesalero July 1 through dawn of July 5, they will be dressed in elaborate ceremonial costumes, made of buckskin, very carefully fringed and heavily beaded. It takes just about a year to complete the costumes. The buckskins have to be scraped with a rib bone until the hair is removed. The skin is then softened by rubbing with brains and stretching and pulling and manipulating by hand until the hide is very soft and pliable. The seams are sewn with sinews taken from the animal or some buckskin things are used. All the sewing is done by hand. It takes several hides to make a costume.

Some of the girls are wearing costumes worn by members of their family in previous ceremonies. Others have new dresses made this year for the occasion. Each item of the costume has a significant meaning.

At dawn on July 1, the girls are bathed, their hair shampooed and they are dressed in their beautiful two-piece dress. A prayer and blessing is said as each piece of clothing is placed on the girls by their grandmothers or attendants. Two eagle feathers are tied to the back of their loosely flowing hair.

The maidens receive their in-

structions and advice from their attendants to successfully carry them through the ceremony while the preparation for the erection of the Medicine Teepee is being made by the Medicine men and their assistants. The attendants for each girl, and the Medicine men are arranged for by the families of the girls honored.

The rites of the early morning ceremony is filled with sacred ritual and traditional dramatization. It is then the Big Teepee is erected always facing the east for the sun greeting ceremony. The poles are raised to the accompaniment of songs. A central fire pit is dug and the floor covered. A row of young poles are placed on each side of the entrance. Shortly after the erection of the teepee the girls and their attendants come forward. The girls and their attendants perform an elaborate and significant ritual that plays an important part in the ceremonies.

Following the early morning ceremony, breakfast is served to everyone. The parents of the girls bear the expense. The occasion brings together all members of the tribe and many visiting Indians from Oklahoma, Arizona and northern New Mexico. The visiting tribes are welcome to perform their various dances. The Kiawa Apaches perform war dances with their significantly painted bodies.

After breakfast is over, field events fill the morning until dinner is served at noon. In the afternoon of the first two days, the Mesalero ball team will compete with ball teams from Anadarko, Oklahoma and Billis, Arizona. The third and fourth afternoons, a game will be played between the Mesalero Indians and a team of visiting Indian cowboys participating as well as outside performers.

Each night the dance of the "Mountain Gods" begins at 8 p. m. and continues until 11 p. m., when the social dancing begins. Anyone, including spectators are invited to participate in the social dancing.

While the dance of the "Mountain Gods" is being danced, the young maidens enter the Ceremonial Teepee and go through a sacred ritual of dancing in the chanting of the Medicine men. A fire in the center of the teepee burns for four days and nights. When the maidens enter the ceremonial teepee on the night of July 4, the ritual last all night until the early morning of July 5, when the closing ceremonies take place.

The ceremony of the fifth morning resembles in general that of the first morning. The teepee is taken down in sacred ceremony, the girls perform a traditional ritual and finally fruit and sweets are thrown into the air and an exciting scramble ensues.

Four days after their completion of the ceremony, the girls must wear their ceremonial costumes. At the end of this period they wash their hair and don ordinary clothing.

The Annual July Celebration of the Mesalero Apache Tribe ceremonials are on a smaller scale than those of Gallup, but they are as fully as impressive.

The maidens honored this year are Martha Sago, 13, a student in school at it and granddaughter of Horace Sago; Meredith Ma-

Mrs. Ray Rogers and children of Albuquerque have been spending the past two weeks at the J. L. Rogers ranch.

J. L. Rogers and A. E. Mulkey spent four days last week fishing on the Rio Grande at Fort Craig and Elephant Butte.

Mr. and Mrs. Oscar Ryberg and three children from Evanston, Illinois were here last week and this week visiting his brothers, Harry and Carl Ryberg and their families. Oscar and his family and Carl and his family made a trip last week to Carlsbad Caverns and Old Mexico. Oscar Ryberg is in the real estate business in Illinois.

Mr. Alex Jones spent four days in Albuquerque last week.

Mr. Alexander S. McCamant, 80, a former resident of Corona, died at his home in Belton one day last week. He was a resident of New Mexico for more than 50 years. He is survived by a son, T. A., and daughter, Mrs. Lottie Snodgrass of Belton.

Dr. and Mrs. Tom Tucker and three daughters of Springer were here for a visit with her parents, Supt. and Mrs. L. Parker, the past week.

Sambo Kindall is now in charge of the Corona Light Plant, replacing W. P. Keelin who has moved to Texas. Another new employee at the Light Plant is Otis Spurlock who replaces Perkins. The Perkins family is moving to Roswell, where Mr. Perkins already has a job.

Corona citizens were aroused by the loud noise of the fire engine Sunday afternoon as firefighters gathered in a hurry for a run out to the sawmill one mile out of town. A good workout was given both men and engine as they fought under control a fire which destroyed some alaba which had accidentally caught fire.

A joint meeting of representatives of Pastora, Vaughn, Duran, Corona, Aanchu and Carrizozo with the Southern Pacific is scheduled for the near future to discuss the water situation.

Rev. and Mrs. Merle Rice and daughter, Carolyn have moved from Willard to Corona into the Shelton home. A Presbyterian Sunday school missionary, Rev.

ASSIGNMENT NEW MEXICO

"With all the fussing and fuming that accompanies hot weather, few wonder if lawyers, with more law suits on their hands, aren't the ones who like summer best. One of my best friends dropped by the other day on his way from Oklahoma City to the West Coast.

He told me about a fine old colored lady who had a recipe for living—even when the weather was hot.

Said the good old lady: "When I wuks, I wuks hard; when I sets, I sets loose; and when I worries, I goes to sleep."

Carter Wald in the Belton News Bulletin had last week a recipe for a modern incident:

Take one ignorant, natural-born fool. Fill him with one quart of liquor. Place in a modern car. Set it at full speed. Allow to stay for a short time. Remove ruins in rectangular box. Garnish with flowers.

That's the kind of recipe that won't help either in hot or cold weather.

Some guy downstate, maybe it was around Las Cruces, said gardening was a cure-all for what ails us nowadays.

Then he paraphrased: "Old gardeners never die, they just spade away."

Wallace Barnes of the Gallup Independent spends his time picking up discrepancies in other peoples' statements.

The other day he got hold of an informative letter from a Texas cattelman: "It takes 273 days for a cow to produce one calf; it takes a sheep 153 days."

Wallace says that evidently Texas is further advanced in biological science than New Mexico because he has never heard of an incident where a sheep could produce a calf in any length of time.

Gordon Greaves whiles away the hot weather in New Mexico's post-nut capital conducting research for the oldest rolling pin in Roosevelt county.

Like another state news man, we wonder if Gordon is counting the notches indicating how many heads have been cracked by same.

As for this old-bald-headed professor, he spends his spare moments collecting typo errors.

They run as follows: "A prolonged warm spell"—Crucos Sun News; "In the letter part of this year"—Lovington Leader; "The wedding is later"—Amargosa News; "The city council will adopt a low prohibiting smoking in the balconies"—Santa Fe New Mexican; "There's been a little switching two (for too) on the part of some employees"—Clovis News Journal; "Her only attendance was Miss Kitty Lassiter"—Santa Fe New Mexican.

Jack Sifton of the Current Argus picked up a good want ad from the Roswell Record: "Wanted: any kind horses \$2 per hundred and up". Jack wondered what the buyer would pay of scotch, stinky and sarcastic nags.

The El Paso Times picked up a wire story about a perfume pen that would chase away moths. The fragrance is supposed to last six months, repel moths, and snare suitors.

That's all this week while we try to find something that will repel months.

Key Bryan of Stanton, Texas is visiting with her aunt, Mrs. Ike Kennedy while her parents, Mr. and Mrs. O. B. Bryan are on vacation in Washington, D. C. Mr. Bryan is superintendent of REA district composed of nine counties with offices in Stanton.

RECEIVES DAD'S D.S.O. . . . Major General I. D. White, 1st army chief of staff, plus distinguished service cross on Paul Weber, 3, whose father, 1st Lt. Gerhard E. Weber of Edgewood, Queens, N.Y., was awarded the medal posthumously for extraordinary heroism in action in Korea last August. Looking on are the widow, Mrs. Mary Jane Weber, who is holding Karen, one-year-old, and Heidi, 2. The D.S.O. is second only to the Congressional Medal of Honor.

Joint Birthday Party At Fresquez Home

There was a birthday party given by friends and relatives of Effie Fresquez and Mary Kameas of Picacho and Fred McFiegue of Hondo, at four o'clock Wednesday, June 27th at the home of Mr. Profedo Fresquez of Picacho. In the evening they practiced square dancing at the Hondo Grade School Gym.

Large Family Hold Reunion Here

A family reunion with 30 or 40 persons in the houseparty, stayed at Vaughnland for three days. This was the first time the family had held the reunion in Ruidoso. In the past they have gone to Red River, New Mexico.

Members of the family and their families, who were in the houseparty include Mr. and Mrs. J. J. Twaddell, Dallas; Mr. and Mrs. A. Johnson, San Marcos, Texas; Mr. and Mrs. M. N. Twaddell, Amarillo, Texas; Mr. and Mrs. S. H. Twaddell, Amarillo; Mrs. W. C. Leavitt, Stanford, Texas; and Mr. and Mrs. D. Y. Twaddell of Tucson, Arizona.

Nell Parks had as her guests Thursday and Friday of last week Mr. and Mrs. Tompo Palmer and daughters, Nancy and Peggy of Wichita Falls, Texas. The Palmers stopped over on their way home from a vacation in California. Mr. Palmer is division manager of Texas Pipeline Co.

CONTROLLED TEMPERATURE VAPOR BATHS

Located at the Key Mineral Water Co., 3 blocks east of Courthouse

Truth or Consequences, New Mexico
Mineral vapor is produced by passing steam thru cold mineral water thus producing fog or vapor. Due to the fact that the temperature within the cabinet rises slowly and is completely controlled, this type of hydrotherapy is outstanding and highly beneficial, and because there is no shock to the nervous system. Those suffering from high or low blood pressure, asthma or heart ailment may take this bath without danger. This type of hydrotherapy brings the blood to the surface normally without nervous shock, therefore the blood discharges body impurities and takes on oxygen, a normal process of detoxification. This bath is complete within the cabinet; after sweat period patient is showered with warm mineral water which is then slowly cooled to below skin temperature, driving the blood back from the surface and closing the pores.

There is no after sweating
