As I See It

By Lloyd P. Bloodworth
The folks at White Oaks and over the county have arranged a picnic for next Sunday at which time they will pay their respects to Dave Jackson and his good wife. This is certainly a fine gesture and no two people in all this area are more deserving. When Dave Jackson arrived in White Oaks it was quite a piece and was one of the most prosperous communities in New Mexico. With the closing down of the mining projects the town began to fade away. But Dave and his wife stayed on and looked after things across the years. This fine couple have blessed humanity and the world is better because they have lived in it. I, Ida and I will have to be away over the next week-end. Otherwise we would be on hand. I hope a large crowd will be there.

Thirty-six years ago today Ida and I were married in a little West Texas ranch town. My father had held a revival meeting there earlier in the year and had taken me along to lead the singing. It was there I met a girl, a black haired girl in the choir that I was in the meeting and ten months later we were married. That has been a long time ago and I can hardly remember when I was not married to that girl. We have had our ups and downs as have most people but it had to do the thing over I would marry the same girl and I would ask the good Lord to give us the same children. I have been trifling at times but Ida has put up with me in spite of my meanness. Our fathers and mothers were all present when we were married. All four of them now sleep in the silent city. Our children have gone to hold positions of responsibility in their various communities and each of them have brought much joy to their parents. As we walk together toward the West we have faith in the future and hope in Eternity. We are deeply grateful to our friends who have made life so worthwhile.

When I arrived in El Paso a good many years ago to be connected with the chamber of commerce one of the first men I met was Earl Brown. He was the owner of the El Paso Herald-Examiner. The years that have passed have known Earl intimately and have become very fond of him and his good wife. Earl is also a good friend of my neighbor Ed Hodges. New Earl has caught the spirit of these hills and has bought a home here. You will notice the place being remodelled next to the telephone building. The Southern Bell building was in El Paso but I think he has largely finished the business over to Earl Jr. We welcome Earl and his wife to Ruidoso. They are real folks.

When it comes to shooting George Trimble takes most of the prizes in these parts. He recently went antelope hunting and killed his game at a distance of 647 yards. As far as I can learn that is a record and as far as I am concerned I don't want George shooting at me at any distance.

My good friend Herman (Helene) Koch, vice-president of the Southwest National Bank in El Paso has been quite ill in a hospital at Temple, Texas. It is good to learn that Helene is better and able to be about some. He has been my close friend for many years and I sincerely hope that he will soon be out again. The Southwest Bank is not the bank when he is not behind his desk with that warm genial smile that has meant so much to so many.

Ida and I have sold the Ruidoso News to two very fine men from West Texas. These men have had many years of experience in the printing business and one of them has been in the weekly newspaper field more than 20 years. They have some very ambitious plans for the News and will bring to it the many specialties needed for a really modern newspaper. I am thinking of the things that can be done by these men. Since the men are not yet here it would not be wise for me to announce any of their plans. They will take over the paper the first of November.

Baptist Revival Closes Sunday
The revival at the First Baptist Church will continue through next Sunday night. Rev. Baker, pastor of the South Hill Baptist Church in Roswell, is doing the preaching. Many are invited to attend these services in our church. We would like to have one hundred in Sunday School Sunday.

Ruidoso News Sold To Texas Men

The Ruidoso News was sold this week by Lloyd and Ida Bloodworth to Ben Vaughn of Plainview, Texas, and Vic Lamb of Abernathy, Texas. This announcement was made just before the issue of the paper sent to George Vaughn and Lamb. The Ruidoso News several times in the past few weeks and final arrangements were completed for the sale Wednesday. Both Vaughn and Lamb are well known by a large number of people in Ruidoso. They have been in different phases of the printing business for many years. Lamb has published a number of weekly papers in West Texas and Vaughn has given his time to the shop department. The Bloodworths will put out the paper next week and the new owners will take over on November 1. They are bringing their equipment to Ruidoso and will have one of the best plants to be found in this area. Both Vaughn and Lamb have families and will move them to Ruidoso next week. The Bloodworths have not made known their future plans yet but have indicated that they expect to remain in Ruidoso.

The floor show will be the crowning of the carnival queen. Those present will enjoy many interesting games and booths such as Bingo, Balloon Dart, Fortune Telling, Penny Pitching, and many others. Several grand prizes including an electric blanket will be given away that night. There will also be a food booth with plenty of food for everyone. Drinks will be 15c, cake and pie 10c; sandwiches 15c, and hot dogs 20c. Admission will be free, but all are urged to participate in the raffish of valuable door prizes. Response to the appeal for contributions has exceeded expectations. The P.T.A. committee extends its sincere appreciation to all who have donated. If anyone who wishes to make a contribution has been overlooked, we wish to state that such omission is entirely unintentional, carries our apologies, and will anyone in such state please offer his or her contribution to Mr. Morris, general carnival-treasurer.

Warriors Play Carrizozo Today

The Ruidoso Warriors play in Carrizozo this afternoon beginning at 1:30. The game does not count in the conference standings. Previous to the game the Warriors were defeated 28 to 6. Fumbles, intercepted passes or bad pass-backs set up all except one Wildcat touchdown last Friday when Tulare defeated Ruidoso here by a score of 40 to 12. The Warriors scored the first time they got the ball after holding the Tulare at bay. The scoring play was a pass from Billy Tucker to Billy Tucker which went for 64 yards. A few minutes later Tulare gained the ball deep in Ruidoso territory for the first of six times it was handed to them "on a silver platter" in scoring territory. Five of these times they scored on run plays through or around the line. Ruidoso's second touchdown was a pass made on a White-Tucker aerial. The Tulare reverses and passes which beat Carrizozo were stopped by a special defense, but the Wildcats made many a yard inside the ends. Tulle and Capitan ate now both undefeated in conference play and the winner of their game in Carrizozo will have a good chance of emerging as the Conference C champion.

Sutherland received a blue ribbon on a nude. "Venus and the Mirror" and third prize on a figurine of a dancing girl. Billie Burrow's decorative table basket won first place, and she also won second place on an ash tray of unusual beauty in design. Dr. Snow had been attempting to have this work done for two years, so that the model could be used for instruction and explanatory purposes to the laity as well as physicians. It is extremely intricate in that every muscle vein and artery is and had to be an exact replica of the human organ, and is constructed in such a manner that the doctor or instructor may disjoin the various appendages, such as an artery, for illustration of cause and effect in coronary illnesses. Mrs. Fairbanks is to be highly commended on this unusual achievement. It is hoped the prize winning exhibits will now be displayed in downtown Ruidoso, so that every one may fully appreciate this beautiful and delicate art. W.S.C.S. Met October 11

The Woman's Society of Christian Service met Thursday, October 11th at the home of Mrs. Pat Farrar for a business session and Week of Prayer Program. During the business session, Mrs. Hale asked that coffee cans and lids be saved to send candy and cookie to boys in the Armed Services. Other projects of interest are the collection of woolen clothing for the collection of coats for children 6 to 12. 125th Indian Mission, and dresses, pajamas and white slips for little girls at the Harwood Girls' School in Albuquerque. Mrs. Pat Farrar accepted the office of treasurer. The Week of Prayer Program centered around four projects of the Woman's Division of Christian Service and the special offering taken on the occasion in all societies around the world will be used for improving conditions in these four institutions. The next meeting of the W.S.C.S. will be held at the Church, Thursday morning, October 25th from 9 to 10:30. A prayer group will be started on that day and will meet from 9 to 9:30. The regular meeting will be held from 9:30 to 10:30. A nursery will be provided. Following the program a very nice pink and blue shower was given Mrs. John C. Johnson. She received many lovely and useful gifts.

Deming Attorney Visits Ruidoso

Mr. and Mrs. Bert Newland of Deming were week-end guests of Mrs. and Mr. Carl DeBord at the Navajo Lodge. Mr. Newland is a prominent attorney of Deming and former city attorney. He and Mr. DeBord were closely associated when DeBord was mayor of Deming. Newland expressed himself as being agreeably surprised at the activity here this time of the year and predicted a good future for Ruidoso. Newland said, "Many thousands of people are recognizing Ruidoso as the real year-round playground of the Southwest and the place is definitely on its way up. I predict a brilliant future for it."

Nurses Needed

If you are a practical or registered nurse, and wish employment please call at the Ruidoso-Hondo Valley General Hospital.

Pennsylvania Visitors Return Home

Mr. and Mrs. George L. Zimmerman of Waynesburg, Pennsylvania, are visiting their son and family, Mr. and Mrs. George Zimmerman of Carrizozo. The elder Mr. Zimmerman is a breeder of fine hammers in Pennsylvania, and has spent a lot of time with Peter Hurd, while in this locale, looking over the herd stock at the Hondo Valley farm. Mr. Leo Glover of Roswell has spent his week's vacation in our village.

Highway 70 To Enlarge Program

John Perkins of Wickenburg, Arizona, president of the U. S. Highway 70 Association, was in Ruidoso last Saturday conferring with Roy Anderson, president of the chamber of commerce, and others in regard to the future work of the organization. Perkins stated that California, Arizona, and New Mexico have banded together to put over the latest program of recent years to persuade more tourists to travel as they cross the nation. His idea is not only to advertise the highway as an attractive route but to advertise each community on the highway as to its scenic attractions and places of interest. Highway 70 is known as the "Hospitality Route" that leads through the "Treasure Trail," Perkins said, "It is a well known fact that tourists go where they are invited and stay where they are well treated."

Tinnie Boy Awarded Purple Heart

After being seriously wounded in combat near Wong-Jong, Korea, on February 15, 1951, Tinnie Boy Johnson of Santa Rita, New Mexico, was evacuated to a hospital near Tokyo, where he received blood transfusions. Later, he was sent to Japan, and while there he had more transfusions and was awarded the Purple Heart. Now, Johnny is in the William Beaumont Army Hospital in El Paso, and has received a total of 53 transfusions. He is well on his way to recovery, however, it will be some time before he is allowed to go home.

Boy Scout Executives Here

Henry McGinty of Roswell and Carl Johnson of Fort Worth, Texas, were in Ruidoso these days this week, while making an inspection tour of the White Mountain District for the Boy Scouts of America. Mr. Johnson will replace John Clardy, who formerly served this area, after attending the National Training School for Scout Executives at Mindham, New Jersey. He will assume his duties on January 1, 1952, and will be stationed in Tucuman, New Mexico. Mr. Johnson was quite impressed with Ruidoso and the scenery, and told the News he would look forward to his return. At the present he plans on being in this locale the last week of every month, after taking his post in January.

Mrs. L. R. Spires Makes Beautiful Gift To Child

It has often been said that the most precious gift one can bestow is a good photograph of his likeness. Such is certainly the case in a gift to Mary Victoria Moore, baby daughter of the late Dr. Larry Moore, from Mrs. L. R. Spires of Ruidoso and Sweetwater, Texas. The gift was a portrait of the doctor, painted by Ted Hoge Shaw, prominent artist of Sweetwater. The picture, from which the painting was made, was taken several years ago, and those who viewed the painting at the News office this week declared it to be one of the best they had ever seen. It is a perfect likeness of Dr. Moore, and it is certain his daughter will cherish it throughout all the years of her life. Mrs. Spires drove all the way from Sweetwater this week to present the portrait to Mrs. Larry Moore for Victoria, and it came entirely as a surprise.

Notice

Ruidoso schools will be closed from next Wednesday noon until the next Monday morning. Reason for the holidays is that the local teachers may attend the annual meeting of the New Mexico Teachers

Dan Storm Tells About Apples

(Continued from Last Week)
 The improved Jonathan or...

While it shines in the sun.

passed him by leaving his fruit without a blemish. He also has a full crop of original Stark's Delicious.

New Red-Gold Apples
 The latest creation of Stark's Brothers in the apple line is going to create a sensation if it lives up to its promise. It is a cross between the Golden Delicious and the Double Red Delicious. The only thing that could ever be said against the Golden Delicious is that it was not red. The Red-Gold may turn out to be the perfect apple since it is supposed to have a bright red color as well as the flavor of the Golden Delicious.

Orchardists in this locality are anxious to see what this new apple is like. The only man who has any at all this year is Elzy Perry. He has a few on his young orchard on the mesa above the main orchards.

Bonnell Ranch Apples
 In the deep rich soil of the Bonnell Ranch trees planted by that pioneer cattleman and rancher, Bert Bonnell, are heavy with wonderful apples. The two special kinds are to all time favorites: the original Stark's Delicious, and the Stayman Winecap. To many these have a flavor that is not surpassed by any other apple. And the soil and locality of the Bonnell Ranch plus the intelligent care given the trees by Ralph Bonnell, makes the Bonnell Ranch a landmark of superior pears and apples as well as outstanding cattle. No hail fool on the Bonnell Ranch this year.

Johnny Thomas Orchard
 A man who does everything in the books, and some new things he discovered on his own for his orchard is Johnny Thomas of San Patricio. Year after year his fruit has been better than the Stark's catalogue pictures. This year his trees were struck with a hard hail, but they had such vitality as a result of good treatment through the years and the soil was so well cared for that the apples had vitality enough to outgrow most of their damage, and are now right up close to the best.

Valley is especially adapted to the growing of fine apples, in that the soil is new, the sunshine warm, and the frost not as late in striking as in some areas.

Last fall Mr. Pfingsten went to Washington State on an apple tour and came back with new hope and inspiration for his home apple country. He feels that we have just made a beginning in apple culture; that we have more advantages here than there are for apples in part of the country. He is convinced these apples are the best in the world.

Asked which apple he thought was the best of all, Mr. Pfingsten said he picked the Golden Delicious. He lamented that it had not sold to the truckers all these years because it was not red. The wonderful flavor and cooking and baking qualities were overlooked he said because it was a golden color instead of red.

He said the reason for this is that the Texas trucker the first day he went to school learned to read "This is the apple. The second day he learned, "The apple is red". And the third day he quit school.

Mr. Pfingsten is delighted to announce that at last the Texas truckers are finding out what the Golden Delicious apple really is and are calling for it in increasing numbers.

"One of the best things about our local apple country," Mr. Pfingsten says, "is that we have a very fine ready market. The truckers are good enough to come in and haul our apples out to the folks in Texas, Oklahoma, and other parts of this state. As our production increases as it should over the years, our apples will be travelling much farther."
 Constantly studying and working to improve upon his methods

of apple raising. Mr. Pfingsten year by year has tried out many different experiments.

This year he introduced a sprinkler system on his full grown orchard on the Bonito and has reported fine results. He says there is a saving of water, time and labor, and the sprinkling benefits the fruit and the trees, and makes for deeper and more uniform penetration.

Mr. Pfingsten is teacher, advisor and helper to many young orchard men in the three valleys, including his close neighbors in the Bonito valley, Red Ramey, Bill Schreengost and John Davis. Member of a pioneer Lincoln County family, Mr. Pfingsten has greatly helped his home community blossom into a wonderfully promising fruit country.

THE END

Mr. and Mrs. D. R. Salas and daughter, Lydia Mae who lived in Ruidoso and Lincoln County for years, are moving to Albuquerque to make their home, where they have bought a lovely new home. They will miss their friends they are leaving.

Big Spring Group Make Aspericade

A Business and Professional Women's Sunday School Class (Bykota) of the First Baptist Church, Big Spring, Texas, spent the weekend as guests of the Harding sisters at Idle Hour Lodge. Some of the trips made by them were to Clouderock, White Sands and Mon Jeau.

The guest list includes: Mrs. Ira Thurman, teacher of class; Mrs. Winder and Mrs. Wiloughby; Misses Letha Amerson, Lorena Huggins, Grace Mann, Nell Brown, Lorena Williams, Violet Lindley, Lois Garner, Marie McDonald, all of Big Spring; Mrs. McDonald, LaMesa, Texas, and Miss Effie Cappelano of Colorado City, Texas.

At 9 o'clock Sunday morning the regular Sunday school lesson was taught to the class by Mrs. Thurman in the Harding home. It was the first time many of them had been here and were pleased to find such delightful climate and scenery.

Mr. and Mrs. Frank Alexander, Jr., of Green Tree, who operated the Villa Carlo Store this summer, have just returned from the Northwest where they traveled through nine states, and visited her parents, Mr. and Mrs. H. V. Mattingly of Safford, Arizona, before coming back to Ruidoso.

Mr. and Mrs. Bert Newland and children from Deming, spent the week-end in Ruidoso; visiting with the Carl DeBords at the Navajo Lodge.

Captain Frank T. Sullivan of El Paso spent the week-end in Ruidoso.

Colorful Apples
 Tom Bubers of San Patricio has the most beautiful color to his apples of anyone on the creek. What the secret is nobody knows, but undoubtedly Tom has a special way with apple trees.

New Bonito Crop
 Bert Pfingsten has this year been rewarded for years of study and hard work by a brilliant new crop on his eight-year old trees, covering 400 acres of the lower Bonito Valley. In all 14,000 of these new trees have added their first crop to the total this year. Bert is managing and caring for these orchards for the Southern Pacific Railroad Company, and has given them the last word in care.

The apples from the young trees are certainly specimens of beauty and quality. Bert says the Bonito

News Items From

CAPITAN
(By Mary Werner)

The Capitan Football team is still keeping up their winning streak, having won again at Corona this weekend. However, we are keeping our fingers crossed until after the game with Tulare on Friday. Several from here witnessed the game between Tulare and Ruidoso last week and came back just a wee bit skeptical about the outcome of the next game. We are betting on you boys to come through.

Mr. and Mrs. Vernon Underwood and Miss Ramona Harrison of Spokane, Washington, are visiting the K. A. Hueys this week. Mrs. Underwood is a sister of Mr. Huey's. Mr. Underwood has just returned from two years service overseas, mostly in Okinawa.

Mr. and Mrs. Johnnie Soderback made a flying trip to Los Angeles, Calif., this week having been called there due to the illness of Pearl's father.

Mr. and Mrs. Roy Morgan visited at the Bonnell Ranch Monday. Roy is home again after two or three weeks working in the forests near Carlsbad.

Mr. and Mrs. C. H. Ferris and Mrs. Norton took in the Fair in Roswell Saturday. I think Melvyn skipped most of the Fair to attend the Junior Football game between Roswell and Hobbs. Johnny Werner also attended this game.

Mrs. Wallace Ferguson is helping out in the Treasurer's office this week.

Do not forget to get a "White Elephant Gift" ready for the P.T.A. booth to be at the Carnival on the night of the 31st.

Fletcher Hall and Dyer Forbus took part in the Rodeo in Roswell but for some unknown reason they were not among the winners.

A covered dish luncheon was held Monday night at the Methodist Church as a Welcome Greeting to the Wild, Shaul and Walker families that have recently moved to our community.

"Honeymoon Club"

Recently married, Mr. and Mrs. Don Wood of La Mesa, New Mexico, were in Ruidoso last week for three days on their honeymoon. The bride is the former Jo Anne Connally, daughter of G. A. Connally of Mesilla Park, and the groom is the son of P. L. Wood, also of Mesilla Park.

Mrs. Ike Kennedy, Mrs. Herbert Smith, Mr. and Mrs. O. L. Emory and Rev. John G. Johnson will attend the district conference in Albuquerque. They will be delegates from the Community Methodist Church in Ruidoso.

4-H Club Winners Receive Coveted Awards

Chicago — (Special) — Thirty-two leading business concerns and endowed foundations, together with prominent men and women are offering \$380,000 in awards through the National Committee on Boys and Girls Club Work to 4-H members as incentives for outstanding records in 1951 national 4-H programs. C. L. Noble, director, has announced that there are now over 2 million active 4-H Club members in the United States," Noble said. "Their motto is 'To Make the Best Better.' Their achievements in agricultural, homemaking, health, safety and morale building present a chief contributing factor in bettering rural social and economic conditions. Some idea of their achievements may be gained from their estimated 1951 records, which show that 4-H'ers raised more than 12,000 acres of home gardens and 300,000 acres of food crops; 175,000 dairy animals and 750,000 beef cattle, sheep and swine; preserved 16 million quarts and froze 5 million pounds of food, and made and remodeled more than 2 million garments."

Because of their public-spirited interest in rural youth and agricultural development, donors are providing awards in the following national 4-H programs in 1951: Canning, Ker, Glass; Clothing, Sewing, Textile Achievement; Food, Dairy, Poultry, Dairy Foods, Carnation; Dress Revue, Simplicity Pattern; Farm and Home Electric, Westinghouse Foundation; Farm and Home Safety, General Motors; Mold and Prozer Foods; Inter-Art and Hill Programs.

All these national 4-H awards programs are conducted under the direction of the Cooperative Extension Service.

Due to these awards, 1,200 4-H state, sectional and national winners, together with local club leaders, will be guests of the donors at the 30th National 4-H Club Congress in Chicago, Nov. 25-29, 128 of whom will receive \$300 college scholarships for winning national honors. More than 50,000 medals of honor will be presented to county winners in various programs. Funds for leadership training in 4-H Tractor Maintenance and Recreation-Rural Arts programs will total more than \$60,000, and at least \$20,000 will comprise cash awards in Recreation-Rural Arts and Hill programs.

Edison's FIRST LAMP

On October 21, 72 years ago, the late Thomas A. Edison perfected the first practical incandescent lamp. A year later he built the first factory for producing lamp bulbs commercially.

Edison's first lamps were crude affairs of hand-blown glass with carbonized bamboo filaments. They produced only 16 candle power of light and cost \$17.00 each to manufacture.

Today, lamp bulbs of similar wattage produce more than eight times as much light, have a longer burning life and sell for only 18 cents each.

Increased lamp efficiency plus low-cost electricity have made good lighting today's biggest bargain. Take full advantage of it by filling your empty sockets with right-sized bulbs today!

Seen Around Cree Meadows

The main thing and topic of conversation at the club these days is the Servicemen's Tournament scheduled for this week end, October 19, 20 and 21st. The boys are all excited about it, and many reservations are already signed up. Captain Eggleston, Walker Air Base, and Captain Engleth, Holloman, promise a nice turn out from both places, as does Biggs and Ft. Bliss. We are expecting boys from Kirland, too. The trophies are on display at the club, and we want the entire community to know you are cordially invited out for the activities during this tournament.

"Curley" Van Duset broke the course record, and brought in a score of 32-34, and that is really something to shoot at Cree Meadows. He will give you a lesson, and help you do the same thing. How about it?

We went back, Capt. Bill Kelly, Holloman, who has just returned from training a school in Denver. He is entered in the tournament to give some competition to you fellows.

Enjoyed seeing the Murray Callaghan back, bringing their magnificent all of El Paso, Mr. and Mrs. Eric Byrck and Mr. and Mrs. Weavers. It was a great game, and they all say the greens are in top shape. A couple to honor know Mr. and Mrs. H. J. Riney, of El Paso, Texas, who have a record in the playoffs of the Southwest this past week. Holly back Mr. and Mrs. F. H. Hertz, path, El Paso, New Mexico, played with us, and Mr. and Mrs. C. A. Taylor, El Paso, Mr. and Mrs. W. F. Daugherty came all

the way from Corpus Christi, Texas, to try their luck at Cree Meadows. From Oklahoma City came Mr. W. S. Martz, Jr., D. L. McBride from Roswell is a regular Sunday golfer at Cree Meadows, Mr. and Mrs. Vance Hubbard, Dallas, Texas, enjoyed golfing with us, and the nice snacks served daily. Mr. H. J. Davis, Lubbock, Texas, spent most of this weekend on the links. Had such a nice time up in visit with Mrs. E. C. Raneck of El Paso, and her friend, Sara E. Freese, and their dear little housekeeper friend Istria Salazar. Sara looked darling in the new knit high color cap she "sporting" out at Cree Meadows. Walt Cross and F. D. Breedlove tee off about the same time each morning. Mrs. Larry Moore is still in the canyon, and it seems like old times to have her join Mother and Daddy the Goughs of Nob Hill on Mondays. We have a splendid day party when the Nob Hill club is in session. The usual bridge hand is still waiting on the table, and we are all about crazy trying to figure it out. So—come on—your bridge shark, let's see who will be the one to play this hand to make seven hearts. Thus far Ralph and Jessie Oberholzer are the only ones to play the hand. We saw Mrs. Oberholzer while she was in Midland, playing with the granddaddy, Edward. I have never seen the Fall colors as beautiful as they are this year, and the mountain drives around our great southwest are out of the world. This is the best time of the year to vacation in Ruidoso.

Mr. and Mrs. Arthur Bunwain, of Reno, California, spent the night in Ruidoso last Friday, driving in off highway 70.

NEWS FROM— Mescalero

(By Mrs. Reino Sarlin)

NOTICE: Effective immediately, no unauthorized persons allowed on the reservation carrying firearms of any kind. (By Police Chief.)

The infant daughter of Mr. and Mrs. John Knox Balatche passed away Saturday. Funeral services were held here on Sunday.

A group of roads employees left this week for Dulce, New Mexico, where they will work for the Jicarilla Apache tribe on a special project until winter weather begins. Sorry I didn't learn all the names, but Aloysius Mendez and Roy Balatche were in the group.

Have noticed quite a few uniforms around the agency lately. On leave from the U. S. Army are Earl Tortilla, Freddie Peralto, and Stanley Venego. A party was held in the Mission recreation room for Earl Tortilla, hostesses being Mrs. Riley Chino, Elsie Chino and Mrs. Lucille Valdez. Seaman Samuel Gayton has been visiting here with his brother, Peter Gayton. He has just returned from Korea and is on leave from his ship, the "U.S.S. Princeton," now docked at Bremerton, Washington.

A baby was born this week to Mr. and Mrs. Leonard Kinesewah.

Mescalero continued its winning streak by taking two games from Weed last week. The upper grades also enjoyed seeing on mase the Ruidoso-Tularosa game on Friday the rollers were divided in their loyalties.

Mrs. Marshall Woodward was hostess at a dinner party honoring the birthdays of Mr. Woodward and Mr. Leland Carl. Guests were Mr. and Mrs. Joe Jackson and son from Tularosa, Mr. and Mrs. W. Fowler and daughter, and Mr. and Mrs. Lee Carl and son.

Mr. and Mrs. Christensen of Oakland, California, are visiting at the home of her daughter, Mrs. Marshall Woodward.

Ed Simmons and Dan Nickolas were shopping in El Paso last weekend.

The regular business meeting of the Womans Club was held October 10, with Mrs. Jeffries of Tularosa as guest speaker. Hostesses were Mrs. Carl and Mrs. Gayton.

Mr. and Mrs. Jimmy Carrell and baby visited at the Jesse Campbell home on Saturday.

The school children were given a going over on Tuesday by Inellan Service, Dr. Smith, who is eye, ear and nose specialist for this area.

Seen At Cree Meadows

From Houston, and joining Mr. and Mrs. Carl Broom, El Paso, Texas, are Misses Frances Galloway and Trudy Watson, both girls shooting good golf at Cree Meadows, and now they can't wait for their next vacation to spend in this Playground of the Southwest. D. L. McBride, Roswell, golfed on Sunday. From Alamogordo, D. L. Parker and J. H. Wells. Glad to have Murry and Billie Callaghan back this weekend, enjoying the nice sea side bent grass greens, better than the temporary greens they have to put on in El Paso. We are so happy to learn to know Mr. and Mrs. R. L. Faulkner from Tyler, Texas, who both play a nice game. Seems natural to have Bitsey Moore visiting in our community, she with Mom and Dad Gough, snacking at Cree Meadows on Monday. (Nob Hill is closed on Mondays). Mr. and Mrs. Nolan von Roder, of Snyder, Texas, will only be with us another day or two—they were so glad to find the Galgnats here, and renewed an old friendship of long standing. Harleingin, Texas, sent us Mr. John Abbott and Mr. D. Smith, for golfing. A great deal of enthusiasm is already evident in the First Annual Servicemen's Tournament, slated for October 19-20, and 21st. All the boys are planning to play, and much publicity is going out, to make this a most successful tournament.

Mr. and Mrs. Carl DeBord left for Dallas, Fort Worth, Austin and San Antonio with one thought in mind, and that is to tell Texjans more about Ruidoso.

Narcissus Gayton will be hostess at Ladies Aid in Mescalero Friday.

A big truck loaded with grain caught on fire Monday about a mile east of the agency. Both the truck and the load were a total loss. The extremely hot fire spread to the hillside, but prompt action brought it under control before it reached the timber.

City of Words

WASHINGTON, with all its beauty and cleanliness, its stately buildings and broad, tree-lined avenues, its smart shops, wide streets, tradition and historical significance, seat of government of the world's greatest nation and cynosure of the eyes of the world, is not a pleasant place in which to live just now.

The man or woman who can penetrate the fog of confusion, who trods the paths with his feet firmly set on ground hallowed by former great Americans is, indeed, rare here in Washington. We live here in a whirlwind of eddying words—words which mean nothing or everything—according to the point of view. Even the word, democracy, if mentioned in some circles, gets an indignant outburst and is given a leftist connotation.

"This is not a democracy, it is a republic," is the disdainful reply. Everybody has a gimmick to sell, an angle to peddle, whether it is influence or a government building. The gush of words goes on, day after day. Congress does one thing today, tomorrow it reverses itself.

Lobbies are spending millions on words to sell an idea. According to Fortune magazine, the national association of manufacturers and others are spending this year something like \$100,000,000 buying high priced advertising and high priced words on the free enterprise campaign to "sell Americanism" to "sell our American way of life to our own American people." The fallacy to that campaign and to these meaningless words is that the American people know mere about their way of life than anybody can tell them. They are living it!

Lucille Doughty, who owns the cabin in Alta Vista, has gone to Albuquerque to spend the winter.

Dr. and Mrs. C. D. Peake, owners of the Alto Courts, have gone back to El Paso for the winter.

Socialism Charge

We recently wrote a column taking issue with a railroad president because he wanted to abolish the entire social security program on the grounds it was socialistic. Just because he said so does not make it socialistic. From the earliest days of this country every progressive idea has been branded by its enemies as socialistic, which, of course, did not make it socialistic. Even some ideas sponsored by Socialists have not proven to be socialistic. Some of these ideas first sponsored by Socialist leaders such as the late Eugene V. Debs were the federal graduated income tax, direct vote for U. S. senators, federal inspection of meat, building inspectors, public regulation of public utilities and safety inspectors in factories. Does any one consider those ideas, all embodied in the laws, socialistic today?

Socialism in History

Going further back in our history, the Tories of revolutionary days called Thomas Jefferson a rank socialist for his progressive ideas. His free, tax supported public school system was fought through the congress as socialistic. Benjamin Franklin was called a Socialist as an early sponsor of the federal post office and a great system of federal post roads. Federal subsidies and free lands for settlers were called socialistic in their day; the great system of land grant colleges was also socialistic.

Free Enterprise

There is a word to the backers of the free enterprise campaign. The American people believe in free enterprise and the free enterprise system, but for all the people, not just a few self-appointed custodians at the top of the heap. The American people pride themselves on their possession of good common sense. They believe when ideas are thrashed out in open debate they are able to decide for themselves whether the idea squares with common sense, not with a doctrine of socialism or with the fears of the word socialistic is supposed to arouse.

Raymond Buckner and Ralph Brown flew to Colorado last Saturday to meet Dick Rattiff, Bill Hart and Laleon Jordan, who went in a pick-up and kept the day before. They will be gone for about a week.

HOW TO GROW OLD GRACEFULLY

When John Quincy Adams was a very old man, he was met one day by a friend who greeted him with the familiar words: "How do you do, Mr. Adams?"

The elderly Mr. Adams replied: "John Quincy Adams himself is very well, thank you, but the house in which he is living is falling to pieces. Times and seasons have nearly destroyed it. I think that John Quincy Adams will soon have to move out. But he himself is very well, Sir."

The secret of growing old gracefully, gratefully, and happily is revealed in the Christian Gospel. To the believer in Christ there is no dread in the rapid flight of time. The passing years mark their multiplied reminders of advancing age—the wrinkled brow, the waning strength, the fading vigor—but they also bring with them a keener and deeper realization of the assurance of God's Promises.

The assurance of sins forgiven through faith in Jesus Christ, of a kind and benevolent Father in heaven and of an ultimate reunion with all believers in Christ in the Father's house above—these assurances grow brighter as the evening shadows lengthen.

Have you experienced the renewing power of these assurances? Have you found your peace with God through Christ? Have you experienced the joy and the thrill of knowing that the later the evening hour of life, the closer the morning-dawn of eternal life with Christ in heaven?

I pray that you and I may grow old gracefully.

RED BARLEY FOR BRITAIN . . . Russian barley is pouring into the holds of a lighter from the Russian freighter Stanelve at Surrey docks, London. The grain is transhipped by vacuum-power. Last year Britain took 800,000 tons of Russian grain for which she paid in machinery and material needed by the Russians. Recently the British contracted for one million tons of Red grain from this year's harvest. Britain defends this as vital to her economy.

Sunday we had a wonderful day, going to see Fred and Helena LaMay at their Mesa home. Tom and Louise Babers, Junior and Betty Perry, Freda and Ronnie, and Dan Lucas were there. The colors on the mountains around their home are gorgeous. After picnic dinner, all were taken on a drive up the Bonito, to the dam and beyond where the country is rustic and roads narrow but the colors of the aspens, oaks and pines with brush and wild flowers all blending in a grand array, is a sight not to forget. Fine cattle browsing, drinking the pure waters and eating the fallen apples from the abandoned orchards. Nice homes up there and a wonderful place to get near nature. Also had the pleasure of seeing the Fred Pfingsten and Peaboles homes and passed by the Ranger station. Would of liked to visit with Mrs. Chuck but had used up our spare time.

Think every one in the valley visited the Fair in Roswell and enjoyed it all.

Highway Men Tell of Plans For Route 54

A continued program of construction on Highway 54 in New Mexico was pledged in El Paso Saturday by Gov. Ed. McCham and Ralph Jones, chairman of the M. M. Highway Commission, before an assembly of delegates at the U. S. Highway 54 Association convention.

"Not only New Mexico," said Gov. McCham, "but all states through which the highway passes between Chicago and El Paso owe much to U. S. 54. Most of the north-south traffic travels Highway 54, bringing prosperity to the southwest and midwest."

The governor concurred with remarks of Jones, who had earlier assured the group of delegates that the commission plans completion of the unpaved portion of Highway 54 in New Mexico "possibly by the end of next year."

Jones said that it is now planned to include the twelve miles between Torrance and Corona in the next letting, and to include in next year's program the 30 miles between Corona and Arris, much of it to be re-located on a shorter route. The present route is almost 39 miles from paving to paving between these two communities.

Other highway commissioners present from New Mexico, and assuring early attention to Highway 54 completion were Tito Valdez of Espanola, Tom Mann of Roswell, and T. J. Helmann of Mosquero. The fifth member, G. D. Hatfield of Deming, was not present.

Elected as president of the national association was Norval Woods, resort owner from Otage Beach, Mo., replacing Joe Ross of Meado, Kansas.

Dan King, Tularosa, was re-elected vice president of the national association.

State presidents who were present were Herbert Bays, Alamogordo, for several years president of the state association, Texas state president, E. E. Thomas of Dalhart, and Missouri President Harold Martin.

Gale Moss, director of Kansas highways, reported that work on Highway 54 in Kansas has been done in 11 of the 13 counties which it traverses, at a total cost of \$2,528,411.

The big Highway 54 project in Kansas for the coming year will be a six lane viaduct over railroad crossing at Wichita.

Delegates from Tularosa were Mayor and Mrs. Dan King, while Alamogordo was represented by Mrs. Lillian Bagwell, Mr. and Mrs. Herbert Bays, Mrs. Lucille Alexander and Lon French.

Convention headquarters were in the Victory room at the El Paso Chamber of Commerce.

Delegates registered included 20 from Missouri, 24 from New Mexico, 26 from Kansas, 10 from Oklahoma and 7 from Texas.

The delegates reported excellent satisfaction from business members of the association along the route who reported an increase in travel business since the beginning of the advertising campaign. Plans are now to increase advertising in Minneapolis papers, to induce travel from the extreme northern section to the southwest.

Laleon Jordan and his family have moved to O'Donnell, Texas, where he will be associated with his brother in the cotton buying and ginning business.

Mr. and Mrs. Nealon Hart and daughter, Mary Lynn, spent last week-end with their son, Don, in Los Angeles, California. Don is in the Navy and just returned from sea duty.

Dr. and Mrs. V. E. Wrathen have gone back to their home in Wichita Falls, Texas, after spending the summer in their cabin in Ruidoso.

Mr. and Mrs. Hugh Avery, owners of the Custard Shop in Skyland, left last Wednesday for a month's visit to their old home in Akron, Ohio. He subscribed for the News so he could know what was going on in Ruidoso while he was gone.

Mrs. Lorene Larson, owner of the Chuck Wagon Cafe, returned home last week after a vacation trip to St. Louis to visit her son.

Elmo Barnes was home last Friday night to celebrate his and son, Jim's birthdays.

Mr. Ernest Sexton of Denver was visiting with friends over the week-end.

Mrs. Thornton Celebrates 93rd Birthday

Mrs. R. V. West of Ruidoso went to Roswell last Saturday to the celebration of her mother's 93rd birthday. Her mother is Mrs. J. Y. Thornton, a long-time resident of this area, and one who has seen a great many changes take place here.

In a recent article regarding Mrs. Thornton, Mrs. Georgia Radford of Roswell, well-known writer, tells the following concerning her eventful life:

Nellie Leahy (Mrs. J. Y. Thornton), daughter of James and Johanna (Fenton) Leahy, was born and educated in Monroe, Wisconsin. Suffering from after-effects of pneumonia, which necessitated a change of climate, she came with friends to New Mexico in 1881 as a teacher in the Indian school on the Mesquite Indian Reservation. During a dance at the Old Mill on the Ruidoso, then owned by Frank LeSmit, she met Mr. Thornton, who had joined the Army at Fort Stanton in 1875 to help fight the Indians. The lovely blue-eyed girl married James Y. Thornton on February 15, 1886. They are the parents of four girls, namely, Mabel, Eva, Kitty and Lola.

After their marriage the young couple lived in the hotel at Lincoln, which was owned by Thornton and George Curry. This hotel, still standing, is a few yards east of the Lincoln County Jail and courthouse, from which Billy the Kid made his sensational escape in 1880. The death of Billy the Kid in 1881 practically ended the better fighting and bloodshed of the Lincoln County War, and the people abating people returned to their neglected duties in the stores, court rooms and on the farms and cattle ranches, and Lincoln Town had become a comparatively safe place to live.

The death from scarlet fever in September 1892 of their two oldest children, Mabel and Lola, was Mrs. Thornton's greatest sorrow during the eight years of their residence together in Lincoln. The two little girls were buried side

Mechem Meets Picnic Group At White Sands

Governor Edwin Mechem accompanied by his wife and mother, Mrs. Ed. Mechem, Sr., of Las Cruces, visited among basket picnicers of four counties at the White Sands National Monument Saturday evening.

It is estimated that 100 to 150 persons of four counties attended the picnic honoring the Governor which was sponsored by the Otero County Republican Central Committee, with F. F. Llewellyn as county chairman.

Other prominent party officials and members present included Mrs. Mabel Gillespie, state vice chairwoman; former State Chairman John Knorr and wife of Roswell.

L. Andrew Hendrix, prominent Otero County Republican, introduced Mr. Knorr, who, in turn, introduced Governor Mechem. Less than fifteen minutes were devoted to addresses. The governor pointed to national conditions and also to party affairs.

Governor and Mrs. Mechem met the picnicers at the White Sands, after having come from Las Cruces. Governor Mechem had just returned from El Paso, where he had addressed the national convention of the Highway 64 Association.

The local committee served coffee to the picnicers.

DR. DICKENSON SUPPLIES AT CARRIZOZO CHURCH

The Rev. and Mrs. T. E. Dickenson are in Carrizozo where Dr. Dickenson is serving indefinitely as pastor for the Carrizozo Methodist Church.

The former pastor entered the Armed Forces to serve as a chaplain. Dr. Dickenson will supply for him until a new pastor is selected.

Slim Adams is planning to completely rebuild his cabin.

Mr. and Mrs. Scott Hagee have bought them a home in Roswell and they have gone there to live.

Mr. and Mrs. Carmon Phillips and daughter spent last week-end in Shamrock, Texas, visiting his parents.

H.S.C. Met October 4

At the regular meeting of the Upper Hondo Soil Conservation District supervisors on October 4, action was taken on a memorandum from the Administrative Officer of the State Soil Conservation Committee to hold an election of supervisors in this district. County Agent Austin Albert is to procure the nominating petition forms and get them into the hands of the supervisors in the near future. Three members of the Board are to be elected by the land owners within the Upper Hondo Soil Conservation District after nominations are received and proper advertising of the date has been made.

The Capitan Soil Conservation Service office now has some 34 different varieties of grass seedling in front of the office building. This is not an attempt at demonstrating how to grow grass but just a test of the different varieties of introduced grasses. Five different varieties of Love-grasses, three of the Wheatgrass, Paspalum and Panicums are being tested for hardness and ability to withstand winter kill. Blue Panic Grass shows promise as an irrigated pasture grass. Several varieties of Love-grass show promise if they don't winter kill. Weeping Love-grass, so far, has not been hurt by winter weather. Drop by and see these grasses before the grass hoppers eat them up.

This being the end of the range grass growing season the District is extending help to the ranchers in assisting them in making range inventories. Fort Stanton has recorded only 8.84 inches of moisture so far this year (annual av-

PLEASE, GENERAL! . . . No, the troops don't stink. General Ike is just pinching his nose as a friendly gesture. He is inspecting defense maneuvers near Hanover, Germany, in which a defense army is "attacked" by a supposedly enemy force.
