"SERVING ALL OF LINCOLN COUNTY"

See You at the
RUIDOSO BAR
Bob & Ruby Smith

VOLUME 6, NUMBER 22

RUIDOSO, LINCOLN COUNTY, NEW MEXICO

FRIDAY, NOVEMBER 13, 1953

SUBSCRIPTION \$2.50 Per Year

1/2 and 1/2 WIT & WISDOM

—By Vix—

Last week was a lulu. . . We made more mistakes in one week than we ordinarily make in a month. Before we caught two bad ones, we already had some of our papers printed. It had Dedie Swearingin as a girl instead of a boy and Patsy Coe as being elected Carnival Queen instead of Nancy Chapman. . . Then we called Roy Baker "Ray" in the story about his new pharmacy, and we called the new grocery operators "Sapp" instead of Sapp, which makes us say out of us but not them! Haw! And, there were others, too—but, let's not dwell too long on our shortcomings.

We received in the mail this week a very complimentary and lengthy, epistle from Mrs. F. H. Steele of San Antonio, telling of her recent visit to the Aspendo, also about a jaunt she made through the North and East and into Canada. She saw thrilling, historical sights in Washington, D. C., Boston, Mass., and in Canada. She has each copy of the Ruidoso News since it began in 1946, and says she still gets as big a thrill out of coming into the Rio Ruidoso canyon now as she did her first time in 1941. Hope to see you sometime, Mrs. Steele. And we do, you say, thank God for the beautiful land, our Lincoln county.

"Googan," the black and white year-old dog that was so famous for his heroism on the streets and in the Hart's Self Serve store day after day for so many years, died of natural causes last week.

Contributors to the fund to give help to the two guys from Green Tree who were injured fighting a fire in Ruidoso last week, have been: Ruidoso News, Perle Davison, C. E. Staples, J. Roberson, L. P. Gallegos, L. H. Keller, H. Hoffman, Bud Mahoney and C. W. Miller.

Slim and Kitty Sikellett staged an Indian Pow-Wow at their Pioneer Club "other night, and Mr. and Mrs. Robinson of the Apache Club, N. M., is advertising his "best dressed Indiana." The wedding he hinted at recently in this column is getting Page One play today. Did you notice?

Joe's Baines of Starlite Cabins says he thinks maybe the city should post a sign at the spot where one young man has died and a teen-age girl was paralyzed for life falling from a cliff here on the Rio Ruidoso, a couple of blocks east of the city. He is advertising here in Ruidoso know it is a dangerous spot, but perhaps visitors who have children don't know its history and would not let their children climb around that cliff if a sign were put there warning them of accident that have occurred there," he says.

A-3C Wm. N. Morrison has a new address. He was moved not long ago from Amarillo (Tex.) AFB to 360 BS, Davis-Monthan AFB, Tucson. . . Robt. F. Thompson, Tucson, N. M., is advertising his entire collection of Indian manes and metas (grinding stones and grinding bases) for sale. They were collected throughout the Southwest and the lot includes 65 metas and over 100 manes. . . Rudolph Treas, 23, and Marthelene Randall, 20, both of Mesalero, were issued a marriage license last week by the Chaves County Clerk in Roswell. . . Only two of our Rective county officers were not subscribers to the Ruidoso News. Shows how interested they are in our end of the county, hey? . . . Overlooked in the listing of those having a part in building the Burns' new Star Spur Store last week in the News was Sid Courville, plumbing contractor. . . From the 70-years-old column of the Silver City Enterprise: The following story was making the rounds of Eastern papers: The biggest liar of the age has materialized in New Mexico. He is a "prospector" and a few weeks ago, so he says, he was out prospecting when he dropped his grip sack, the mouth of which came open. His sun glasses happened to be jarred into such a position that it focussed on a package containing six pounds of blasting powder, which was already smoking. He hid himself behind a cliff. After the explosion, he went to the spot to mournfully pick up the relics when he discovered that the explosion had opened a splendid silver mine, a fourth of which he has since sold for nearly \$14,000. That's a stunner. We can swallow the focus, but can't get away with the focus. New Mexico takes the cake.

From Al Stubbs' column, West of the Pecos, in the Roswell Daily Record: Ruidoso is lucky to have several little town meetings by. When Ruidoso has a fire, it's always a good one. Several months

ago nine buildings burned down in one big conflagration. Even the Roswell Fire Department was called out. Last week four buildings went up in a puff of smoke. Both fires were in the downtown district. Fire trucks and firefighters from nearby always answer quickly when Ruidoso sounds the alarm.

From a Texas paper: We printed the following composition on "people" by a six-year-old girl some years ago, but probably a few of our readers failed to see it. Since it is good either, we decided to get on the merry-go-round again: "People are composed of girls and boys, also men and women. Boys are no good at all until they grow up and get married. Men who don't grow up and get married are no good either. Boys are an awful bother. They want everything they see except soap. My ma is a woman, and my pa is a man. A woman is a grown-up girl with children. My pa is such a nice man that I think he must have been a girl when he was a boy."

AS FIRE GAINED HEADWAY
—Ruidoso Bowling center, far left, blazes out of control as firemen battled unsuccessfully to stem the explosion-caused fire in that large building early Monday last week. Before the fire was stemmed, it had leveled the Davis Grill, about center of this photo. The fire was stopped by the Ruidoso, Hollywood and Green Tree volunteer firemen at the tile wall which separated Davis Grill and the Diamond Bar, right center. The Diamond Bar suffered considerable smoke and water damage. This week, there was no information available as to whether either or both of the two structures would be rebuilt. Denny Davis said he had no immediate plans to rebuild, and whether the bowling center building, owned by Petrie of Roswell, would be rebuilt was not known by anyone locally. Both buildings carried some insurance, it was said.

Tales From The Woods—Hunting With The 'Red Shirts'
Here are some of the hunting stories and news that have drifted into town from the woods this week. Mrs. H. H. Shier, who has oodles and oodles of turkeys at Ramona Farms to sell, came back from her deer hunt with a—you guessed it—turkey!

Tales From The Woods—Hunting With The 'Red Shirts'
Here are some of the hunting stories and news that have drifted into town from the woods this week. Mrs. H. H. Shier, who has oodles and oodles of turkeys at Ramona Farms to sell, came back from her deer hunt with a—you guessed it—turkey!

L. S. (Heavy) Drake, after catching some fresh venison in a certain friend's place. . . After my experience in the last times of 1931, I think I can get a deer liver when I get a turkey.

Capitan Tigers Defeat Melrose 31-0 In Semi-Final Grid Game Friday

The Capitan Tigers broke loose with two touchdowns in each of the final two quarters to defeat the Melrose Buffaloes 31-0 in a Class C semi-final playoff game on the ENMU field in Portales Friday night.

The victory gives the Tigers the right to meet Navajo Mission in the Class C finals this week. The game, the second half of which was played in a pea-soup fog, saw the Tigers come to life in the opening moments of the second half after being held to a 6-0 edge over the Buffaloes through two quarters. Quarterback Wally Ferguson sneaked over from 4 yards out late in the first quarter to give Capitan a 6-0 lead at intermission. Then, as the second half opened and the fog rolled in, the Tigers began to roll. Halfback Arthur Salas capped a 55-yard drive by plunging the final yard the first time Capitan got the ball. Moments later, Ferguson sneaked 11 yards to cap a 56-yard drive.

The Tigers struck again late in the fourth quarter with Ferguson sneaking 1 yard and then scoring their fifth touchdown with 17 seconds left when Ferguson attempted to pass—saw the ball bound off the shoulder of Melrose Halfback Eugene Lay, grabbed it and stepped into the end zone on a 1-yard play. Ferguson kicked the point for the only successful conversion. Melrose advanced to the Capitan 21-yard line one time for their deepest penetration.

Report Gas Showing In Lincoln Test

Several gas shows have been reported for a light 3500-foot stratum in so far barren Lincoln County. The shows were reported for M and M Drilling Company's No. 1, Franks in SE SW Sec. 23-2S-13E, Rotary drilling was below 1500 feet. Meantime, another Northeast Lincoln County wildcat was at 560 feet in red beds and setting eight-inch casing. It is the No. 1 Federal, 1000-foot test of Albuquerque Exploration, one in New Mexico. 15-1-16. Drilling encountered 450-460 feet between 250 and 400 feet and the red beds below that.

P. T. A. TO MEET

Next Thursday evening at 7:30 the regular open house meeting of the P. T. A. at the Ruidoso Parent-Teachers Association. An out-of-town speaker may be secured for the program, and business matters are to be talked. Refreshments are to be served, as usual. The meeting will be in the Grade School Cafeteria.

From a Texas paper: We printed the following composition on "people" by a six-year-old girl some years ago, but probably a few of our readers failed to see it. Since it is good either, we decided to get on the merry-go-round again: "People are composed of girls and boys, also men and women. Boys are no good at all until they grow up and get married. Men who don't grow up and get married are no good either. Boys are an awful bother. They want everything they see except soap. My ma is a woman, and my pa is a man. A woman is a grown-up girl with children. My pa is such a nice man that I think he must have been a girl when he was a boy."

Capitan Plays In State Finals At Farmington

Capitan's amazing High School Tiger football team plays in the state Class C finals Saturday this week at Farmington, taking on the Navajo Mission champs of District 1. The Tigers put away every opponent in District 1 this year and last week played under the District 4 leader, Melrose, in a semi-final game at Portales.

The three seasons of undefeated football, only one tie in the long list of victories to mar their record. Among successful hunters we've heard about this week besides those named elsewhere in this column have been: Leo Greenwood and a friend who visited here with him each got one, Archie Fuchs, W. D. Ratliff, Elmo Barnes, Pat Chubbuck, Eddie Wimerley, Claude Alexander, G. B. Waltrip, Jack Little and James Mackey. Wesley Campbell, J. B. Gazeaway, Delbert Posey, "Mel" Eaves of Clovis, the grandson of the M. H. Thornes, Mrs. L. H. Keller, some of the Ed Winans' party, Dec 3.

To Advertise Holiday Lighting In Southwest

Sponsors of the drive-in theatre publicity program announced this week that if the people of Ruidoso get out a really fine display of Christmas lighting this year that it will be advertised as "coming to life" in the Ruidoso over-an-hour speakers of from twenty to forty drive-in theatres in the Ruidoso Trade Area.

Dr. W. D. Horton, Lions Club chairman of the lighting committee, urged everyone again this week to begin now with their Christmas lighting so that it will be ready to turn on by December 1. Plans are also going ahead for the two additional permanent displays to be erected by the Lions Club. Prizes will probably be announced in next week's News.

Forest Fire Near 'Zozo Under Control

Ralph Brown of Brown Air Service, Ruidoso, said Wednesday he surmised the forest fire on Carrizo mountain, northeast of Carrizozo, was now under control.

First discovered about 11 a. m. Monday, the woods blaze destroyed timber in a 15 to 20-acre plot. Nine fire fighters were on the job soon after it was discovered, and Brown flew bedding and chucks to the workers, dropping the supplies by parachute. He said he flew several supply missions to the fighters.

"They have seven men on duty there now, so I believe they have it under control," he added. Brown said he felt deer hunters might have caused the fire.

CROWD IS GROWING

The customers for the Methodist Women's weekly breakfasts and luncheons every Thursday at the Chuckwagon Cafe have increased week to week since the idea was inaugurated a month ago. The women are making about \$50 clear each week for church projects.

LARGE GROUP TO ATTEND WATER MEET

Making plans this week-end to attend the important hearing slated by the Interstate Streams Commission in the office of the State Water Engineer in Santa Fe at 10 a. m. next Monday are several Ruidoso residents, including Capt. H. H. Shier, Ruidoso, and Ruidoso. Also expected to appear there are citizens representing Alamogordo.

Next time, Allen E. Moore, a Cloudercraft hunter, probably will look before he leaps. The State Game Department disclosed Moore's story Monday, and added that there is an eyewitness somewhere who can back it up.

"I was hunting in the Capitan canyon, meandering down an old logging road. I came upon a big log across the trail. I backed off a little bit to jump over it. "After I started my jump, there was this four-point buck lying on the far side of the log. The buck jumped up, right under me. He tossed me off. I lost my rifle. "The buck ran off about 150 feet, I grabbed my gun, but he got away. "Frankly, I couldn't have hit the side of a barn with a shotgun, right then."

Earl Shamburgers Return To Ruidoso To Operate Station

The Earl Shamburgers, who lived here from 1946 until 1949, moving to El Paso where Earl operated Earl's Gulf Station at 6201 Alameda, have moved back to their home here opposite the phone office on Main Road. Shamburgers succeeded Kenneth Poindexter as operator of the Hollywood Gulf Station on U. S. Highway 70 this week.

Capitan Names Sport Trophy In Bancroft Honor

Two memorials to the late Hugh Bancroft have been adopted by the Capitan Chamber of Commerce. In honor of Mr. Bancroft's memory, the annual Chamber of Commerce sportsmanship award to the outstanding high school graduate has been changed to the Hugh Bancroft Memorial Trophy. It will be a perpetual memorial to the man who was one of the originators of this award.

Winter Slaps Canyon Country

Old Man Winter took a nasty slap at Ruidoso early this week, dropping the thermometers to 4 above on Monday morning and 8 above on Tuesday morning, cold-streak marks yet recorded this winter by C. A. Culver, co-operative weather observer for the U. S. Department of Commerce.

Dr. W. L. Minear, chief surgeon at Carrie Tingley Hospital, last week attended sessions of the Mrs. Conference at Lowell Observatory at Flagstaff, Arizona. The purpose of the conference was to plan a program of observation and measurement during the close opposition of Mars in 1954 and the even closer opposition in 1956. At those times Mars will be closer to the earth than it will be again until 1971.—Serra County Advocate-Truth or Consequences.

Bank Building Is Completed; May Open December 1

New Manager To Come Here From Roswell

Construction of the handsome new Ruidoso State Bank building is completed. Only the installation of a sign, the planting of flowers in the planter box in front, and installation of a few office fixtures inside are lacking now. Tentative opening date is set for Dec. 1, Kenneth Watt, president of the bank, said this week. He also announced this week that the association of a Roswell man with the bank as executive vice-president could be announced locally.

"We do not plan a formal opening of our bank December 1, but will come about two weeks later after we have the business of operating it smoothed out considerably," Watt said.

About the manager, Watt said that Townsend B. Hood, connected with an insurance agency in Roswell, had bought enough shares required by the F. D. I. to hold the position of manager, or executive vice-president Hood succeeds Robert Jones of El Paso, who was unable to come here under the rigid financial requirements outlined by the deposit insurance corporation.

Hood has been connected with the firm of Russell, Bacon and Hood the last eight years. He and Mrs. Hood are to move here sometime during December to make their home. Before joining the Roswell firm, he was connected with the Security First National Bank of Los Angeles for 16 years in several capacities, including that of branch manager.

Watt has announced a stockholders' meeting for 2 p. m. next Wednesday at the Hill Restaurant where Hood will be introduced, and during which several matters of business are to be transacted.

MELLOTONES ARE BIG HIT ON TELEVISION

Last Friday night the Mellotones of Ruidoso (Mary Anna Christian, LeRoy Gooch, Bob Kaufmann and Carmon Phillips) did a perfect job on their first television appearance over KSWB-TV in Roswell. Their fifteen minute show was sponsored by Mae Rector's Treasure Chest in Roswell.

After the show several phone calls were received at the station commenting on the show and they were immediately signed for another fifteen minutes on Friday evening, Dec. 11.

City Completes Land Purchase

The Village of Ruidoso has completed the purchase of a tract of 5 acres of land from Chink Beavers in the Ruidoso valley, to bring a total of 35 acres bought from three parties in the last few weeks. Others from whom the city has purchased land are Joe Nelson and Allen Beavers. The village hopes to secure additional water rights from the Rio Ruidoso in the transaction, Raymond Buckner, mayor, said. Application to the state water engineer to have the water rights moved to the head of the stream is the next order of business on tap, Mayor Buckner said.

MRS. OLIVER

Suzanne Oliver, Fred Pitts To Wed During Xmas, New Year's Holidays

Of side interest to Ruidosians and the many thousands who have visited Ruidoso in years past is the announcement this week of the approaching marriage of Mrs. Suzanne Oliver of this city and Fred Pitts of Big Spring, Tex. The pair will be wed sometime during the Christmas and New Year's holidays in a quiet ceremony to be attended by the family. The wedding will be performed in the Ruidoso Community Methodist Church.

Mrs. Oliver, the daughter of Mrs. J. V. Frayer of Roswell, who was Jacqueline Oliver before her marriage, has a wide acquaintance throughout the state from which come the thousands of Ruidoso vacationers. She is a prominent in community and tourist development affairs of the city and the state, having served as president two times of the Ruidoso Women's Club and as an officer in the American Legion Auxiliary here.

Mr. Pitts has lived in Big Spring a number of years where he is a certified public accountant. He is a brother of Raymond Pitts of El Paso, Herman Pitts of Las Cruces and Mrs. Lina Flevellen of Big Spring.

The couple will make both Ruidoso and Big Spring their home. They plan a wedding trip of two weeks in Arizona following their marriage.

Local folks were proud and happy to hear of the wedding and have been extending congratulations for several days now to the popular Mrs. Oliver.

The Mellotones said they were especially delighted to receive the telephone call from Jack Hull immediately after the show saying that it was of professional quality and was received perfectly in Ruidoso. There was an estimated audience of over 100 people in Ruidoso alone who gathered in TV set owners' homes to see the performance. Mrs. Gene Dodson, pianist for the group, drew many fine comments on her interpretation of "Sweet Georgia Brown."

J. O. Vick was released from Dr. Bacon general Hospital Tuesday afternoon after receiving treatment for a bullet wound in his neck. He was accidentally shot early Tuesday at his place of business in Taiban by his own night watchman who failed to recognize him.—De Baca County News.

Brenda Sue, two year old daughter of Mr. and Mrs. A. J. Morris, wandered into the tank at her home on Sunday morning and drowned before the family missed her. Immediately after she was found in the water, she was rushed to the Mountainair Hospital but all efforts to revive her failed.—Estanola Progressive.

You Can Eat Better And Save Money!

Yes, we know that isn't easy these days, but it can be done. The answer lies in taking full advantage of the many food bargains offered here in Ruidoso. It involves catching the week's best prices, choosing quality products, and in taking advantage of seasonal variations.

You can do all this at home by studying the food ads in The News every week.

PICK THE BEST OF THE MARKET EVERY WEEK—DO IT THE EASY WAY—

Shop The News' Food Ads

Ruidoso food dealers are doing a splendid job of merchandising. In a highly competitive field, they are going to bat regularly with special offers and new ideas to give the consumer a break.

Shoppers of Ruidoso and vicinity in ever increasing numbers are finding they can make their dollars do more by using the News' food advertising as their guide in preparing their shopping lists.

Your food dollar will go farther if you take advantage of the bargains at Ruidoso's progressive food dealers.

Around Hi Skool

For those unlucky boys who didn't get their deer over the week end, school was let out all day Monday. This is the annual hunting holiday, and is made up at the end of school.

The Senior class left Tuesday morning bright and early to attend the annual Career Conference at Texas Western in El Paso. The members went to different classes in which they thought they might be interested to see just what college was like. They ate dinner in Juarez that night and returned home late.

The coming holidays for the rest of the semester this year are: Thanksgiving, November 28 and 29; this six weeks period ends December 4; Christmas holidays are not yet definite; first semester ends January 15.

The Junior Class has picked the cast for their play, "Leave It To Us." They are as follows: Eddie Wimberly as Johnny Reynolds; Glen Westall as Charlie Smith; Nancy Chapman as Margaret Proctor; Shirley Holmes as Harriett Jones; Cecil Clarke as J. August Peabody; Virginia Hilliday as Roberta Kemple; Miry Ann Standefer as Ruby Wilson; Jerry Chapman as Lars Larson; Naomi Walton as Mrs. Henry Clark; Eva Mae Carter as Blossom Clarke.

The play is scheduled for November 21st and 22nd.

The FBLA initiation of new members was held last week in the Home Ec. Building. The new members were put through several ordeals but all

FIRST GRADE
Mrs. Christian
We are very happy today because we finally got our new readers and our beginning arithmetic work books. We are beginning to work on Thanksgiving decorations for our room.

Mrs. Kilgore
It rains but never pours. Many, many thanks to Mr. Peter Breese for a large can of white sand. We have sand in our box, but we can use this for snow in our Thanksgiving and Christmas scenes. Many thanks to Mr. Prey for the jumpers.

SECOND GRADE
Mrs. Sullivan
David Winger is a new boy in our room. We all enjoyed the story our teacher told us recently about the first Thanksgiving day. Those Pilgrims must have had a great time hunting deer and turkey.

THIRD GRADE
Mrs. Jones
Our class this week is studying the function of a court. We select a jury, prosecutor and defender. We are having lots of fun with our work and also feel that it will be helpful to everyone of us.

FOURTH GRADE
Mrs. Reese
Jay Bradley had a birthday this week and the class sang Happy Birthday to him. The following children were proud because their daddies had killed their deer: Teddy Bennett, Linda Peterson, Mike Driggers, Joella McCraw, Joey Anderson

came through with flying colors. The evening was wound up by a scavenger hunt. Each group was given a list of articles that they must bring back or they were out. Refreshments were eaten as each group returned.

Station School News

THIRD GRADE
Mrs. Jones
A few students went hunting and up to date, have had no luck. The boys are going to start practicing in the gym. We are planning a school party. A copy library corner is in the making. Anyone wishing to donate or loan books will earn our appreciation.

FOURTH GRADE
Mrs. Maurice Jones
Monday each week has been assigned as a day for memory work. We are to memorize fifteen poems this school year. We have given "The Outdoor World," "Six Little Sheep," "For All Little Birds," "Lions and Dragons" and "Halloween." We are studying division in our arithmetic.

SIXTH GRADE
Mr. Jones
The class this week is studying the function of a court. We select a jury, prosecutor and defender. We are having lots of fun with our work and also feel that it will be helpful to everyone of us.

SEVENTH GRADE
Mrs. Jones
The class court had its first case this week. In the absence of Judge Gerald Tully, Orville Penny was appointed magistrate. A jury of six heard the case and rendered the verdict.

EIGHTH GRADE
Mrs. Jones
The class is sending two "Share Your Friendship" packages of clothes and new leather shoes to needy children overseas through the "Friendship Among Children and Youth Organization" in New York. The money for these Christmas gifts are by voluntary donation.

In observance of National Education Week the class discussed such things as citizenship, the school board and freedom. Each member of the class wrote a paper on "What Education Means To Me." Money from the class treasury was used to award

Eleanor McDaniel Writes Best Essay On Education Week

Eleanor McDaniel won a cash prize of 50c, set up by the Sixth Grade Class Treasury, for writing the best essay on National Education Week, being observed currently. Bob Kaufmann, instructor of the Sixth Grade, turned in the essay for the News to print.

What Education Means To Me
By Eleanor McDaniel
To me, education means everything. I have seen many people who follow no profession at all. They have to work much harder than those who go to school and learn about many things.

Without education, I could not write, read, spell or know the history of everyday people near me, or far away. If someday I wish to get a job working for good pay and I do not have an education, I would be unable to do the work and therefore I would be fired.

NATIONAL 4-H ACHIEVEMENT DAY SET FOR NOVEMBER 14
More than 8,500 New Mexico 4-H club boys and girls will join members of cloverleaf clubs throughout the nation in observing National 4-H Achievement Day, Nov. 14. Tiny Faye Jones, associate state 4-H club leader at New Mexico A and M College, announced today.

Mr. and Mrs. Mack Osborne were in Carrizozo and Alamogordo Monday.

Mr. and Mrs. Bernard Rooney were in El Paso a few days last week.

Mr. and Mrs. Mack Osborne were in Carrizozo and Alamogordo Monday.

Mr. and Mrs. Bernard Rooney were in El Paso a few days last week.

School Construction Is Over \$4 Million Yearly In State

Santa Fe, Nov. 12 (Sp.) — Public school facilities are being built in New Mexico at the rate of well over four million dollars a year. School construction costs amounted to \$39,500,000 in the nine-year period from 1945 through June 30 this year. That total was shown by a survey released by the Taxpayers Association of New Mexico this week—National Education Week.

Debt on public school facilities in this state presently amounts to some 24 million dollars, or \$34 per capita. Of the total spent on new school construction the past nine years, more than 30 million dollars was received through Federal grants for school construction in districts where Federal activities have resulted in acutely increased enrollments.

Bonded debt for school buildings has increased almost 19 million dollars over the \$5,484,000 total owed by various school districts in New Mexico in 1945, the Taxpayers Association survey showed. For the current fiscal year, it will require \$3,374,000 to meet the interest and retirement requirements on this debt.

Early Day Capitan Newspaper Gives History Of Ft. Stanton Cave

(In the archives of the Lincoln County Courthouse are kept the files of newspapers published from the early days up to the present time. Ernest Key likes to look back over the old issues and last week he brought out a copy of the "Capitan Progress," dated March 1, 1901. Its description of the Ft. Stanton Cave follows—Ed.)

The Mammoth Cave of Kentucky has a worthy rival in Lincoln County, New Mexico, at Ft. Stanton, five miles from Capitan. The entrance to the Fort Stanton Cave is small and uninviting, but it is when the daring explorer gets some distance under the ground that he is permitted to gaze upon some of the grandest sights of nature to be found in the world. Spacious chambers of every fantastic shape imaginable, with tortuous passages between, are to be seen on every side, many of which are filled with crystals of all sizes and shapes. Nowhere is nature so beautiful and intricate as in the formation of the crystals. Here are to be seen an abundance of beautiful stalac-

tions made by Mr. Tuttle, they being the most complete of any record obtained of any exploring party that ever visited this cave. The Mammoth Cave at Fort Stanton; the most wonderful freak of nature to be found in New Mexico.

"August 15, 1898, entered the cave at 9:30 o'clock; temperature at mouth of cave, 94 degrees, altitude, 6,140 feet.

"At 10 o'clock, had traveled one and three-eighths miles; altitude 6,095 feet; course, northeast by north.

"At 11 o'clock, had traveled one and one-fourth miles further; altitude, 6,040 feet; course, more northerly.

"At 12 o'clock, noon, had traveled one and one-eighth miles further; course north; altitude, 6,000.

"Total distance traveled in cave was four miles.

"Temperature of cave 58; temperature of water in cave, 52.

"The water in the cave is almost as clear as the air, being nearly transparent.

"At a distance of four miles the water covers the entire bottom of the cave to a depth of from one to three feet.

"At places the roof of the cave is nearly one hundred feet in height.

"There are no fish or bats in the cave.

According to the reading of Mr. Tuttle's aneroid, it will be noticed that the cave is comparatively level, falling for the first mile and a half and then gradually rising. The direction being nearly north, towards the west end of the Capitan mountains.

tures and stalagmites. In many places the very wall floors of the chamber are filled with needle-like crystals that somewhat resemble glass in appearance. In many places these fine crystals are more than one foot in length and in appearance are of snowy whiteness.

The Fort Stanton Cave is not very well known, even by many of the older inhabitants of this section, and but few people can boast of having explored it to any considerable extent. Not one hundred persons in all of El Paso have ever heard of this wonderful freak of nature that exists so close to their door.

In the month of August, 1898, W. H. Tuttle and a party of tourists from El Paso visited and explored the Fort Stanton Cave, having a Lincoln County man for guide, exploring what they supposed to be the main cave or entrance. Mr. Tuttle carried with him a thermometer and an aneroid with which to secure the temperature and altitude.

Log of Trip

The following are some of the

ROBERT MITCHELL AND LINDA DARNELL IN 3-D ROMANCE—For their 3-D bows, popular stars portray American fugitives in South America in RKO Radio's romantic thriller, "Second Chance." Jack Palance also stars in this Technicolor production at the Pueblo today and tomorrow.

From where Mr. Tuttle and party turned back, there were footprints and other evidences of persons having gone further.

Mr. Tuttle and his party found many side rooms and passages leading off from the main cave all along the entire distance of four miles, and several times upon their return trip they took the wrong passages.

Within a distance about a half mile from the outside entrance, there is a side room or passage that leads into what is called the Crystal Chamber where are found the crystals above mentioned, the most perfectly formed and in all their grandest beauty. Stalactites and stalagmites in all imaginable shapes hang from overhead and project from below. Here are stalactites two feet or more in length, showing that the cave is very long in existence. In many places the stalagmites on the floor look like long spears of white grass. Alasas and Grottos

Leaving the Crystal Chamber and following the passage on further, one passes through various aisles and grottos, all most wonderfully and beautifully lined with crystals, and finally arrives at a small stream of running water. This water flows in a northerly direction and gradually increases in volume, until within the course of three or four miles it flows into a lake of perfectly clear water.

It was by the side of this lake that various exploring parties found the remains of an old canoe. Only one party is known to have crossed this subterranean lake. It is thought that the Indians knew the secrets of the cave and used canoes to cross the lake.

Not many years ago, a band of Apache Indians, being hotly pursued by soldiers, took refuge in this cave. The mouth of the cave was guarded for three weeks, and during this time these same Indians were seen over in the Capitan mountains, several miles away from the cave entrance. The supposition is that the Indians made their escape by going through the Crystal Chamber, swam the lake and passed out the cave through some unknown opening in the Capitan mountains.

We have but few authentic records of the cave, those kindly furnished us by Mr. Tuttle, but other reliable parties state that they have found passages that have been explored for distances nearly twice the distances traveled by Mr. Tuttle. Nearly all explorers agree that the cave runs in a northerly direction and would pass under the west end of the Capitan mountains.

Boat Made for Lake

In 1872, J. W. Swan, now residing here, who was then a carpenter at Fort Stanton, made a small row boat for Quartermaster Conrad of Ft. Stanton, and Lieutenant Boyd of Company B, 8th

WAC'S FEATURED IN MERRY COMEDY

Life at the Wac Training Center at Fort Lee, Va., provides the background for what is hailed as one of the season's brightest comedies in "Never Wave at a Wac," which shows at the Pueblo Theater on next Wednesday and Thursday.

Co-starring Rosalind Russell, Paul Douglas and Marie Wilson, United States Cavalry. These gentlemen spent several days in the cave and explored the lake leading from the Crystal Chamber for a distance of over eight miles from the cave entrance. Among other important discoveries made by them, they discovered a waterfall where a beautiful stream of water falls some distance over a precipice.

In 1880, three soldiers from Ft. Stanton spent three days in this cave exploring its wonders. Recently several parties from Capitan have explored the cave for hours and reported wonderful sights.

Old timers tell us that the water in the cave receded for a distance of one fourth of a mile within the past twenty-five years.

The entrance or mouth of this cave is located on the south side of the Rio Bonito, less than one mile from Ft. Stanton, U. S. Marine Hospital. As the course of the cave is northward, it must necessarily pass under the Rio Bonito within the first one-half mile from the entrance. As distance is gained the formation becomes very solid and in place. In fact there are no evidences of recent cavings of earth or rock. The narrowest part of the cave is at the entrance and it may be explored with comparative ease and safety.

The cave is located on the Fort Stanton Military Reservation five miles from Capitan; it is easy of access and free to all who wish to explore it. No one has seen New Mexico's greatest wonder until they have seen the Great Mammoth Cave of the Montezumas at Fort Stanton.

THIS RKO Radio release, presented by Frederick Brisson, tells what happens to a famous Washington hostess and a Broadway showgirl when they fall in the Women's Army Corps and try to adjust their strangely divergent backgrounds to the military curriculum of an Army camp. Highlighted by laughs, it gains added interest because of its authentic background, secured by several weeks of location filming at Fort Lee.

William Ching, Arleen Whelan, Left Erickson and Hillary Brooke top the strong supporting cast.

Hallowe'en Tea Honors Faculty

A Hallowe'en tea was held in the Home Economics Department of the Hondo High School honoring the faculty Tuesday, Nov. 27. The room was beautifully decorated in the Hallowe'en motif and floral arrangements were on the

tables. The girls of the Home Economics II classes under the supervision of Mrs. Arthurs were in charge of the tea. Virginia Thomas poured, assisted by Effie Fresquez. The girls served Hallowe'en, or "Jack-o-Lantern" salad, open face sandwiches, and Hallowe'en cookies and candy. Those attending were Supt.

Honeymoon Club

Mr. and Mrs. Paul Erickson of 1010 E. Second, Roswell, honeymooned here Oct. 18 at Starlite Cabins. The bride was the former Miss Anna Fish, daughter of the C. A. Fishes, Shelby, Mont., and the groom is the son of the Otto Ericksons, Roswell. The pair was wed Oct. 17 in the Roswell Lutheran Church. Honeymooning at the Starlite Cabins Nov. 7 were Mr. and Mrs. E. R. Flowers of 300 East Pine Ave., Midland, Tex. The bride was the former Rosemary Brazzil, daughter of Mr. and Mrs. G. Brazzil, and the groom is the son of Mrs. J. C. Flowers, all of Midland. The pair was wed at Midland Nov. 6.

Montes, Mr. and Mrs. John Hamilton, Mrs. Douglas, Mrs. Stevens, Mrs. Maes, Mrs. May, Mr. Gomez, Mr. Sanchez, and Mr. Lara.

B. AND P. W. CLUB MEETS

Ruidoso Business and Professional Women's Club met last Wednesday, Nov. 4, at the Village Restaurant. Following dinner, Mrs. Hazel Brittenback, chairman of the membership committee, assisted by Mrs. Aileen Glascock presented the evening's program. A business session was held with Frances Douglass, president, in the chair. Guests included Mrs. Lela Easter, Cunningham, Jack Elliott and Norman Allen.

TO CONVENTION

Miss Catherine Louchbridge, vice-president of the Ruidoso Business and Professional Women's Club, and Mrs. Edith Johnson, treasurer of District 3 of the State Federation of B. and P. W., attended a district convention in Artesia Sunday.

HAVE BABY GIRL

Mr. and Mrs. Bill Latham are parents of a daughter, weighing 5 lbs., born Nov. 11. The girl is a granddaughter of the Bob Smiths.

W. S. C. S. TO HONOR NEW WOMEN MEMBERS

The Woman's Society for Christian Service of the Community Methodist Church will hold a luncheon at 12:30 next Wednesday noon during which mothers and wives of the several new families recently joining the church are to be honored. The church recently gained 38 new members in a drive held in the area.

Seven From Here Are Enrolled In NM Western

Silver City, N. M. (Spl.)—A recent scrutinizing of the New Mexico Western college campus revealed seven Ruidosoans on hand. The students enrolled at NMWC are Mary Glascock, Effie Simpson, Rufino Sanchez, Dave Parks, Lilah Jane Parks, Bill Carpenter and Faye Carpenter.

Mary Glascock, a freshman, is majoring in dramatics. She participates in Westernettes and will

play the lead role in "Laura," a production to be presented by the college dramatics club. Billie Simpson, a sophomore, is an English major. She is a member of Playmakers, class reporter, Mustang and Westerner staff and was formerly a Westernette.

Rufino Sanchez, a freshman, is majoring in commerce. He is active in the Newman club. Dave Parks, a junior, is majoring in physical education. He participates in the Monogram club, journalism and is a member of the football team.

OPEN TYPEWRITER EXCHANGE

Mr. and Mrs. J. A. Ferguson of Ft. Stanton visited in Ruidoso last week-end, announcing while here that they have recently opened a typewriter exchange in Carrizozo, and will call here each Thursday.

is a music major. She is active in the college band and chorus. Bill Carpenter, a freshman, is interested in the commercial field. Faye Carpenter, a freshman, participates in the Women's Athletic association and will play a character role in "Laura."

PAGE FIVE

Ruidoso News

Friday, November 13, 1953

Mrs. Robert Davis of Ft. Stanton plans to leave next week to visit her daughter Elizabeth and family. Dr. and Mrs. Wm. S. Stoney in St. Cloud, Minn., Dr. Stoney is a professor at State College in St. Cloud and is the son of Bishop and Mrs. James M. Stoney of Albuquerque. Spring Drive, which goes off Main Road in front of the Church of Christ, has been re-graveled.

Down in old Missouri
They sing a lullaby,
If that don't seem to help it
They just let the baby cry.

Here we try to feed them
From a bottle or a can
It's not the best arrangement
But the best one planned by man.

So if baby fusses
And always wants to eat
We have a world of canned foods
Vegetables and meat

Egg yolks, orange juice, spinach
And beets
Soups and fruits and would
You believe it,
We even have a cooky
Called a teething biscuit.

So feed your little darling
Always on the best
And he'll grow strong and healthy
And may be a president.

Good grades start here

with **BETTER LIGHT** for home study

If your child is falling behind in his homework and failing to get good grades, it may be because of tired eyes, caused by poor lighting.

Help him make better grades with better light at his study table. Arrange two pin-up lamps with 100-watt inside frosted bulbs as shown. Or get a good table study lamp with a 150-watt bulb and a diffusing bowl to soften the light and prevent glare.

Either way, you'll be giving your child abundant eye-easy light to protect his eyes from strain and make his homework easier.

Your lighting equipment dealer or our office will gladly help you choose the proper light for home study. See about it today!

Pat Chubbuck returned last week from a two-week visit in Mancos, Colo., where he enjoyed elk and deer hunting. He visited

with the Stanley Holmes and the Walter Boyers there.

Visiting here in their cabin last week-end were Mr. and Mrs. Lloyd Bloodworth and their grandson, G. D. Dennis, from Luna, N. M.

Showers Honor
Bride-Elect
Of Ruidoso

Tom Alexander, 4201 Shepherd Ave., El Paso, was hostess recently to a personal shower complimenting Miss Elean Sommer, bride-elect of Jon Bruce McChangy, son of Mr. and Mrs. William McChangy, of Ruidoso, N. M.

Attendance is growing at the Ruidoso First Baptist Church in the Sunday School, Training Union and Morning and Evening Services, reports the pastor, the Rev. Walter Brian. "For this increased interest all of the members are very grateful," he said. "The First Baptist Church extends a cordial welcome to the public to be present this coming Lord's Day." Services there will be: Sunday School, 9:45; Morning Worship, 10:55; Training Union, 6:30; Evening Worship, 7:30.

Added Hospital Expenditures For NM To Come From US

Santa Fe, Nov. 5 (Sp.)—Three million dollars in federal funds already has been received for the establishment of additional hospital facilities in New Mexico.

Tax Collections Set New Records

Santa Fe, Nov. 5 (Sp.)—Record collections for the month by the New Mexico Bureau of Revenue pushed the September total to well over five million dollars.

Youth Rally Set
Here Saturday

The Lincoln Association Youth Rally will meet with the First Baptist Church, Ruidoso, this Saturday night. Its theme is "Youth For Christ." Several young people will take part on the program. Principal speaker will be Rev. R. L. Swanner, pastor of the First Baptist Church, Alamogordo. All the young people are urged to attend.

Attendance Grows
At Baptist Church

Attendance is growing at the Ruidoso First Baptist Church in the Sunday School, Training Union and Morning and Evening Services, reports the pastor, the Rev. Walter Brian. "For this increased interest all of the members are very grateful," he said. "The First Baptist Church extends a cordial welcome to the public to be present this coming Lord's Day." Services there will be: Sunday School, 9:45; Morning Worship, 10:55; Training Union, 6:30; Evening Worship, 7:30.

Juniors Rehearse
Leave It To Us

Members of the Junior Class of Ruidoso High School is now rehearsing a comedy, "Leave It To Us," to be presented sometime soon. In the cast are Naomi Walton, playing Mrs. Clark; Eva Mae Carter, as Blossom Clark; Nancy Chapman, as Margaret Procter; Glenn Westall, playing Charlie Smith; Eddie Wimberly, as Johnny Reynolds; Shirley Holmes, as

Harriett Jones; Cecil Clark, as Mr. Peabody; Virginia Halladay, as Roberta Hemple; Jerry Chang, as Lars Larson; and Betty Shaffer, as Ruby Wilson.

A partition has been installed in Hart's Self-Serve here to divide the grocery store, recently purchased by Mr. and Mrs. Charles Sapp from Mrs. W. A. Hart, from the drug sundry and cafe counter. New entranceway also has been built and other changes are planned, Mrs. Hart said.

Coconut Pumpkin Chiffon Pie

1 1/2 cups Baker's Coconut
1/2 cup brown sugar, lightly packed
1 teaspoon cinnamon
1/2 teaspoon nutmeg
1/2 teaspoon ginger
1/2 teaspoon clove
1/2 teaspoon salt
1/2 cup melted butter
2 cups Fat Milk
1 cup melted or congealed pumpkin
3 tablespoons dark molasses

Spread coconut thinly on baking sheet. Place in moderately slow oven (350° F.) and toast about 10 min., or until light brown. Stir now and then to toast evenly. Soften gelatin in cold water. Mix brown sugar, cinnamon, nutmeg, ginger, cloves and salt. Stir in milk, pumpkin and molasses. Place over boiling water and stir 4 min., or until slightly thickened. Stir in soft gelatin until dissolved. Remove from heat; cover; chill until slightly thicker than unbeaten egg whites. Fold in stiffly beaten egg whites and 1/2 cup toasted coconut. Put into a cold 9-in. baked pastry shell. Sprinkle with remaining toasted coconut. Chill until firm.
