There is one set of motor vehicle drivers in New Mexico who are important to a situation which has become increasingly bad in the past few years...

Travis B. Hicks, former county agent at Robert Lee, Tex., who is moving here to be associated with Lincoln County Feed and Implement Co. as a field man...

Several merchants are joining hands here to give away a 1934 pickup truck...

During the holidays, Ralph Brown of Brown Air Service flew his plane to the Skyland area...

Quite a few Ruidosians were in El Paso New Year's Day to see Wade Andrews become the first Ruidoso High School athlete...

They also saw Mary Vance Gluscock serve as the Ruidoso Sun Princess in the parade this day...

Johnny G. noted Albuquerque radio stars has been plugging Ruidoso recently on the radio...

They are shaping up well for the meet, and probably a larger crowd for the meet, than the one held a year ago...

You COWARD you—and you know it. You, whoever you are, who read this—how can you look into the eyes of a child shooting their dog?

The Gene Dodsons have returned from an extended visit in Oklahoma for the holidays.

Mr. and Mrs. Nolan Hart were in Roswell Wednesday.

Whenever any group or an individual, or a group of individuals, are planning to do anything on a program, his first move will be to contact the Chamber of Commerce manager...

The News intends to stand squarely back of this Committee, and to conduct a little advertising campaign of its own to keep the businessmen of Ruidoso informed.

It should put a serious crimp in the back of the legislators who are constantly being urged here in the name of "advertising."

In total, the plan will work better than that President Roosevelt had in mind. It will be the best thing to be done in the C. of C. as

Volunteer Firemen, Holloman AFB, Mescalero Road Workers Aid City In Battle Of Frozen Water Mains

Members of Ruidoso Volunteer Fire Department; civil and military personnel of Holloman Air Force Base and members of Mescalero Apache Indian Reservation road crews joined hands with Village of Ruidoso water employees in battling this community's water famine Wednesday this week.

When it became apparent earlier this week the deep-freeze of about ten days, when the thermometer dipped to 23 and 24 below zero, and to figures just at and around zero, had frozen the city water mains out of use, assistance of more manpower and equipment was urged.

Wednesday morning several pieces of heavy equipment arrived from HAFB along with some manpower. Joining them were members of Ruidoso Volunteer Fire Department and some Mescalero road men, headed by M. E. Fairbanks, road chief of the Indian reservation.

They immediately attacked the problem of digging through two feet of concrete-hard frozen ground above mains in the main portion of downtown Ruidoso. By late yesterday it appeared they were going to have water flowing again very soon through the heart of town.

The assistance given the water department was deeply gratifying to Mayor Buckner and to Water Superintendent Claude Peterson. He said they and their small crew were faced with an almost impossible job in battling the deep freeze alone. Restoration of service in lateral lines by thawing them with portable transformers was being done at the same time the work was underway on the mains.

Among officials deservng highest praise for their help were Col. Ostrander of Holloman; Col. Earl McGee, chief of staff at HAFB; T. Foley, V. M. Johnson, A. P. Genta, Fred Lee and Frank Crawford, all civilian engineer personnel from the base.

Following the regular Sunday morning service Sunday, members of the Episcopal Church of the Holy Mount here will drive to the E. W. Breese home northeast of Green Tree where a parish dinner will be held. Besides members of the church, friends have a special invitation.

Food for the dinner is being given by the H. H. Shier family, and will be prepared by members of the church auxiliary.

Last Sunday was a milestone in the history of the First Baptist Church of Ruidoso. A large crowd was present in the morning service to witness the burning of the new, signed, and the church was free of debt.

"Our Church wishes to thank those who are not members of the First Baptist Church of Ruidoso for the fine donations of money being given all along. Certainly this should stimulate the present membership, and no doubt cause each member to redouble his efforts to bring about the greater progress of our church," he said.

This change in title is part of the recent reorganization of the Department. From now on, it'll be the "ASC committee" instead of the "PMA committee."

R. Archie Perkins of Corona, New Mexico, Chairman of the Lincoln County ASC committee, explaining that responsibility and functions will be essentially the same as before the reorganization.

These functions include field responsibility for adjustment activities of the Commodity Stabilization Service such as acreage allotments and marketing quotas, price support, and ACP—the Agricultural Conservation Program.

In north central Lincoln county, M and M Oil Co. is negotiating for drilling contractor to complete test No. 1, Franks, SE SW Sec. 22-25-16E, standing at a total depth of 2150 feet in lime.

South of the M and M wildcat, Albuquerque Exploration, Inc., No. 1 Basin, Sec. 15-4E-16E, is drilling below 1375 feet in lime.

IN MISSOURI—Pvt. Richard L. Coe, son of Elva Coe, Box 28, Hollywood, New Mexico, is nearing completion of a 16-week training cycle at Ft. Leonard Wood, Mo., with a unit of the 6th Armored Division.

On the week-end after the Christmas holidays, Modern Beauty Shop, operated by Lydia Standerfer in Skyland, was robbed of more than \$150 in materials, equipment and supplies.

The modern and beautiful Makin Lodge has been completed. Built on a tract of land overlooking the rolling meadows north of Green Meadows Country Club, the new home is a guest house for the owners and their family.

Construction began last summer on the place. Its walls are of steel, and the residence is said to be "atom-bomb proof."

Landscaping of grounds is yet to be done, but with the house and its interior completed, the Lodge has already been the scene of several holiday parties attended by people from a wide area of the Southwest.

Mayor Raymond Buckner flew to Santa Fe Wednesday with Ralph Brown of Brown Air Service. The mayor conferred with the state water engineer, the chairman of the interstate streams commission, and other officials on Ruidoso water needs.

The Horido local of the Lincoln County Farm and Livestock Bureau was to have met Wednesday night in the Horido High School Building to discuss recent changes in state laws regarding underground water, and to vote on amendments to the by-laws.

FOR SALE—WATER BONDS FOR RUIDOSO

Mayor Raymond Buckner said this week the current water famine, brought about by the freezing of the city's main lines, and their breaking under pressure of ice, pointed out very strongly the need for immediate action in an improved water system for Ruidoso.

The Village of Ruidoso has laid plans for replacing most of its mains, and extending others in a long range program which likely will get underway this spring.

With the Reconstruction Finance Corporation buying about \$140,000 on an issue of \$180,000 in bonds, Ruidoso must sell "locally" \$37,500 to show it is behind the project. The bonds are self liquidating, pay 5% semi-annually, and are tax exempt, Buckner said.

He is urging that all persons interested in buying the bonds, or who knows someone who will buy them, to contact him at once. Printing of the bonds is to start soon and in the village council meeting held this week, Mayor Buckner estimated it was possible a contract could be let within 90 days towards the much-needed improvement, "if the \$37,500 in bonds are sold right away."

Jr. Country Club To Have Dance In First Meeting

Ruidoso's newly proposed Junior Country Club, to be operated at Carrizo Lodge, will hold its first meeting Saturday night of this week. The meeting will be the initial election of officers and plans for the future, with some type of goals in mind, will be some business matters to be attended to, announced Herb Gregerson, who, with his wife, first announced month ago that such a club could be organized at his lodge if it were wanted by the youngsters.

Since the announcement 23 youngsters have paid their first dues, and 100 membership cards have been issued them, Gregerson said. Still other members are welcome to join the club in this first gathering Saturday, Gregerson said. He added that three persons have contributed \$25 to a special fund for assisting in the club's work.

Efficient use of irrigation water will be discussed this week in several meetings to be held in various parts of New Mexico.

The meetings, jointly sponsored by the Extension Service of New Mexico A and M College, the Soil Conservation Service, the Rural Electrification Administration, and other organizations, will feature information on water supply prospects, proper utilization of available water, application of water to cereals, crops, pumping, and use of fertilizer.

The first in the series of meetings will be held at Espanola, Jan. 4. Other meetings will be held at Moriarty, Jan. 5; Gloriv, Jan. 6; Tucuman, Jan. 7; Socorro, Jan. 8; and Deming, Jan. 9.

Mr. and Mrs. C. R. Jeffers were in Houston during the holidays.

Village Of Green Tree May 'Cut In' New Water Mains This Week-End

Mayor Alton Gray of the Village of Green Tree said it was possible the newly installed water mains in a great part of Green Tree would be "cut in" this week-end or early next week to replace the old pipeline system which has proven a headache for many years.

Approximately 2,500 feet of six-inch pipe and the same amount of 4-inch has been put underground for carrying water from Palo Verde Springs by gravity flow to the community. Gray said the new lines would serve about 35 homes and business houses directly, and would greatly improve service to the many others now tied on old lines in part of Green Tree.

The village has paid for as advanced with the Village having had funds on hand to buy the pipe, and having borrowed \$2,500 from the fire department treasury. The latter amount is to be repaid from water service charges.

A deposit of \$5.00 is charged all who tie on the system now add a flat fee of \$2.00 for homes and \$4.00 for businesses is charged monthly for the water.

Gray said the village has the use of 123 gallons a minute from the springs. "Our next step is to prepare for storage of water here, and then we will begin improving our lateral lines," he said this week.

The new mains were filled with chlorine, then flushed as a sanitary measure. State Sanitation Engineer Caldwell of the State Department of Public Health, inspecting the installation this week, said it appeared okay to him.

Directors Meet

A meeting of the board of directors of Ruidoso State Bank was held Tuesday afternoon.

Mrs. Iva Coleman and Mrs. Emma Miller made a flying trip to Kingman, Ariz., to visit Mrs. Miller's son and family, the George Millers, for New Year's "Dixie," that flying in a plane sure beats a bus," Mrs. Coleman said.

Cold Weather Affects Construction Here

C. A. Culver, city clerk, this week said the extreme cold weather of December probably was the reason why only one building permit, for a \$2,000 addition, was issued during the entire month.

We are back from Christmas vacation and we had a wonderful time. Candace Farrar had her tooth-ills taken out but she had a nice Christmas anyway.

Kathy Holman is back from San Angelo where she spent Christmas with her grandparents.

Yvonne Breece and her brother got a TV set for Christmas. Monday we sang "Happy Birthday" to 4 children who had birthdays during the holidays. They were the Lane twins, Lois Ann and Joe Dan, Barbara Stirling and Judy Trujillo.

First Grade—Miss Christian

We want to thank our room mothers for giving us such a wonderful Christmas party and we hope to see those visiting parents back very soon.

Second Grade—Mrs. Sullivan

After a very joyous vacation everyone seems happy to be back and are anxious to settle down to work again. Alan Dee has not returned from his vacation in Detroit. Gayle Hoffman moved this week to Floral Park, New York.

Second Grade—Mrs. Reese

Everybody was so full of news today that it is impossible to tell it all—news about Christmas dolls, guns, wagons, visits to grandparents, etc.

We have all had such a good time and such a nice vacation that we are now ready to settle down to work.

3rd and 4th Grades—Miss Walker

Everyone in our class had a very nice time during the holidays. Many of us traveled to various places in New Mexico and other states.

Sandra Jones went to Springfield, Ill. Ruth Zinn went to Lane, Okla., and Margie Sigler, Susan Reese, and Joe Kilkins went to El Paso.

Wendy Lamb went to Albuquerque and the "City in the Sky," an ancient Indian town. She saw interesting Indian dances and ceremonies while there.

Afred Lane went to Carrizozo. Cheryl Trullio to Dexter and Cedric Rue went to Roswell and Henry Sanchez to Alamogordo.

Joyce Lackey, Martha Trimble and Tony Tully all had birthdays during the holidays. Tommy Wilson has made a suggestion to the class that the presents they received this year be given next Christmas to less fortunate children overseas.

With the beginning of the year our class is starting the study of our country's beginning.

We want to thank the room mothers who provided such wonderful refreshments for our Christmas party.

Sixth Grade—Mrs. Jones

We had a nice Christmas vacation and we are glad to be back in school again.

We are now planning a unit of study of New Mexico. Our class is divided into six panels each planning its own chairman to head its group.

Sixth Grade—Mr. Kaufmann

Several members of the class spent their vacations out of town in such places as Clovis, El Paso, Brownwood, Dallas, etc.

Dr. Bram Vanderstok, together with County Nurse Mrs. Lela Brewster and nurse Mrs. Rene Zimmerman held a well-baby clinic at the elementary school Tuesday.

Mr. Kaufmann has been working with the fifth and sixth grades.

Bob, her son, Ronnie Shriver; Marilee, her older daughter, Patsy Coe; Gracie, her youngest child, Marquita Salice; Miss Lydia, her sister-in-law, Pat Butler; Henry Turner, a widower, Johnny Barrington, a widower, and Mary Lynn Hart; Sammie, his son, Jody Veater; Begonia, the Martyns' darky cook, Betty Bennett; Nicodemus, the Martyns' colored handyman, Dean Holman.

The program for the play has not yet been set.

Tonight the Ruidoso Warriors will play Carrizozo there. Starting time is 6:30, and everyone is urged to be there.

Next Friday night the team will play Hondo here.

The annual school pictures were made Thursday by Grover Little of Oden. The prints will be returned in a few weeks and will appear in the TOMAHAWK, the RHS annual.

Mid-semester exams are to be given the 25th and 26th of this month. Exams will be given in two hour periods, which will be divided up between the two days.

Mr. and Mrs. L. S. (Heavy) Drake were in Texas during the holidays.

FARM BUSINESS EXPENSE

Farmers who have had land terraced during the past several years should investigate the possibility of treating this cost as a necessary expense of farming, says J. Z. Rowe, extension economist at New Mexico A and M College. In the past, such expenditures have had to be treated as capital additions to the land.

In a recent tax case, the courts held that expenditures for farm terracing were essentially for maintenance and conservation. This being the case, terraces are not considered permanent improvements and, therefore, their costs are deductible as ordinary and necessary expenses.

Around Hi Skool

By ANNE EVJEN

School has been resumed after an enjoyable two weeks Christmas vacation.

Many of the RHS alumni returned to Ruidoso for the Christmas holidays. They were: William Cooper, Jack Veater, Rex Whitley, Wallace Whiteley, Coleta Salice, Rufino Sanchez, Ray Clarke, Gloria Waltrip Clarke, Woody Moore, Dan Griffith, Sue Griffith, Peggy McHitt McClellan, George Perry, Mary Glascock, Dave Bonnell, Benny Vaughn, Jon Matthews, Ramey Chastain, Phyllis Emde, Joann Martin Walker, Donnie Slapler, Herbert Carter, Jimmy Veater, Georgia and George Neel, Dave Parks, Joe Gallegos, Milton Sanchez, Norma Allison, Wade and Shirley Hedgecock, and Patsy Grass.

The Christmas dance that was held at the Carrizo Lodge on December 23 sponsored by the Senior class proved to be a success. The guys and gals danced to the music of a phonograph, and wound up about 11:30, tired but happy.

The latest senior class project is selling mechanical pencils and cushions for the sports fans. The pencils are gold and have small figurines of basketball and football players in them. Some have the Masonic emblem. The cushions are washable and bear the blue and gold Warrior emblem. The pencils sell for \$2.00, and the cushions for \$1.00.

The seniors are working hard to make the money they need to make the senior trip at the end of the school year.

Anyone wishing to see or purchase one of these unique pencils or souvenir cushions may contact any of the seniors.

The cast for the annual Senior play, "A Ready Made Family," has been chosen by the director, Ray Jones and assistant, Bob Kaufmann. They are as follows: Agnes Martyn, a widow, Anne Evjen;

Friends And Neighbors Are Subjects Of Many Of Wyeth Portraits

By HANK SMITH

(In the Roswell Daily Record)
In an exclusive interview for the Roswell Daily Record, Henriette Wyeth, a Lincoln County, New Mexico, artist otherwise known as Mrs. Peter Hurd, recently stated, "This business of painting is one of imagination and feeling... application of self-discipline, knowledge and hard work."

Mrs. Hurd, a very feminine brunette who first attained wide recognition as an artist in the East, dynamically and convincingly explained her philosophy about careers for women, when she said, "For myself, being a wife and mother—with the busy schedule these entail—make the fulfillment of expression in my painting possible."

She continued by saying, "The combination makes it the most fascinating career imaginable, for me." Her dark brown eyes sparkled as she added, "Of course, I literally have the constitution of a horse. Every problem as well as every new painting presents a fresh challenge."

It might be explained at this

point that this interview was the outcome of curiosity provoked by two portraits seen a couple of weeks ago in the Alley Book Stall. The striking resemblance of the portraits to the subjects, who were known, was at once arresting and refreshing. The quality of the painting was immediately recognizable as superb. Upon closer inspection the signature of the artist, H. Wyeth, was visible in the lower right hand corner.

One of these portraits was of Mrs. M. C. Nicholas of Ave do Paso Ranch, on the Berrendo. The other was of Linda Darnell, now of Hollywood. It was later disclosed that Miss Darnell had recently purchased a ranch near the Sentinel Ranch at Pecos, which has been the home of the Peter Hurd family since the late 1930's.

During the interview, a veritable deluge of views and facts—some harder to follow than others—poured forth, on art, painting and the inextricable way in which the names of Wyeth and Hurd are mixed up in the top echelon of the national artistic fraternity.

Atomic Energy

Mrs. Hurd, or the artist Henriette Wyeth, as you will, strikes one as a person made up of almost equal parts of charm, intellect and energy—the latter of the atomic variety.

The competence so apparent in every detail of each of her paintings, whether a portrait, a still life or a fantasy, carries over into every facet of her personality and conversation; together with an effervescence that literally showers of joy of living about her.

She passes off her competence in painting lightly with the remark, "After I have been painting since I was 16 years old, I started studying how to paint under my father when I was 11."

The mastery with which she captures the reality of the subjects she has painted has long been a matter of eulogy and the most favorable comment by competent art critics, including Paul Horgan. Her paintings draw equal attention and praise by the uninitiated in the finer points of art.

This universal appeal of her work can no doubt be largely attributed to the early and continued training which she received from her father, N. C. Wyeth, the famous illustrator and muralist, who came to an untimely death in an auto accident about 1945.

Mr. and Mrs. Newel Convers Wyeth's daughter, Henriette, the subject of this story, was born at Wilmington, Delaware, October 22, 1907.

Her formal education was derived principally from tutors and at the Friends Schools in Wilmington, Del., and West Chester, Pa. She had special classes in painting under Richard Andrew, Credit Father.

However, she credits her greatest inspiration and impressions to her father, who began teaching her at their home in Camden, Pa., beginning when she was 11 years old, and later at the Pennsylvania Academy of Fine Arts.

She said, "My father taught me when I was very young that one must first learn to apply self-discipline to be able to use rightly and enjoy the privileges of liberty of expression in art or any other field."

She added, "The strict application of draftsmanship, the development of craftsmanship through application of every bit of knowledge gained through experience and constant hard work were among the basic tenets that he passed on to me."

Another bit of advice which was passed on to her by her father was the belief which she also holds, that an inspiring artist should study anatomy at least a year, preferably under the conditions offered in the study of one year of medicine, including dissection.

Starting Points
She stated, "Learning to draw the human figure teaches to draw all other objects."

"With all these as a basis I next have to feel that I am actually the person or object which I am painting," she explained.

With an intensity that was a bit surprising, she repeated, "First I have to feel. If I am preparing to paint a person, or the checkbone of that person, his skin, or a flower, or an apple or anything—I have to feel that I am that person, or that checkbone or the flower or the apple or whatever I am planning to paint."

'From Inside Out'
She added, "My father taught me that I had to work from the inside-out. He taught me that to know what a vase felt like, not only on the surface when you pick it up and rub it, but also how the vase feels from the inside—that

is where imagination comes in," she added half whimsically but seriously.

This feeling that Henriette Wyeth constantly alluded to she further explained with, "When painting any person or object, I find that I have to project myself. I must actually feel that I am that person or object. After I achieve this feeling I can put it on canvas."

Even a short sketch of this artist must have some discussion of other members of her family to be complete, since they have had an influence, in varying degrees, in her work.

She was one of five children, three girls and two boys. All of them were talented in some form of art.

Pleasant Memories
When asked what her memories were, in regard to being reared among this superabundance of talent, including her famous artist father, she said that her memories were all of the most pleasant kind.

Without any question, the brother that has achieved the greatest renown is Andrew Wyeth, who by the time he was 20, was acclaimed as among the most promising young contemporary artists.

Brother Fame
Andrew Wyeth has fulfilled that promise and is acknowledged by all art critics to be among the top contemporary painters.

The few large art museums in the country that do not already include an Andrew Wyeth painting among their collection have been placed on a waiting list to acquire the first of his works that becomes available.

Andrew Wyeth has been written up in numerous national magazines during the past years. It would be superfluous to give him more than passing mention in a story principally about his sister, Henriette.

collection of the Roswell Museum. There is an impressive number of her works in homes in Roswell and the surrounding area, including:

Three, owned by the Robert O. Anderson; four, now the property of Col. and Mrs. Vernon Knapp; two, owned by Mr. and Mrs. Samuel H. Marshall; two, owned by the Howard Glovers; and one painting in each of the homes of the J. Walden Bassets and at the Ray Izards.

Other proud owners of H. Wyeth paintings include: Paul Horgan, 8; Mrs. M. C. Nicholas, 4; the Wilbur Coes, Mrs. Bruce Griffith, Mrs. Harold Zink, Truman Sanders, Judge C. R. Brice, Jimmy Dowdall Jr. and others.

Among other recent portraits painted by Henriette Wyeth was one of Mrs. S. H. Marshall and one of Lois Fuller, which has been shipped to the grandmother, also named Lois Fuller, in New York City, and will be returned to the Fullers.

In answer to a question about how long it takes her to finish a portrait the artist said that a head and shoulders portrait took about five morning sittings of about two and a half hours each. It is assumed that other portraits take longer, depending on the size or the extra portion of the sitter to be painted.

Mr. and Mrs. Seals G. Morgan of LaJolla, Calif., and Mrs. Tom C. Reid of Muskogee were house guests of Mrs. Mary Robinson at Makin Lodge over the New Year holidays.

Presenting the mighty aristocrat of light-duty trucks—the 1954 GMC
HERE is the most extraordinary light-duty truck ever built. It has the smart styling of a fine passenger car—a sweeping grille of modern design—a panoramic one-piece windshield—two-tone interiors with harmonizing upholstery—luxury features that will make you proud to be seen in it.
And it has a whopping 125-horsepower engine—more powerful than many trucks with a two-ton rating.
The Pickup—one of 19 models—has a box that holds up to 11 more cubic feet than last year's capacious model. Its tail gate is grain-light—and sand-tight.
And—a truck feature pioneered by GMC—it offers the driversaving, moneysaving advantages of Truck Hydra-Matic Drive.
One final and surprising point. The price of the GMC, value for value, is unsurpassed anywhere in the truck market.
That's the story. The next move is yours. Come in and see "the world's most modern truck." And—make it soon.

MESCALERO

By Mrs. E. P. Breuninger

Mr. Walter O. Olson was appointed Superintendent of the Mescalero Indian Reservation as of December 30, 1952. Mr. Olson, his wife, and two sons arrived at Mescalero on the 30th. The new superintendent arrived here from Washington, D. C., where he was stationed until his appointment here. Previously, he had several appointments at the Albuquerque Area office, Zuni, New Mexico, and Window Rock, Arizona.

It has been announced by Mr. M. E. Fairbanks, Commander Legion Post 48, that if the fire-fighters do not return by Wednesday, January 8, the regular meeting of the Post will be held on Monday night, January 11.

Mrs. Pita Cajete, head nurse at the Mescalero Hospital, left for her home in Santa Clara, for a few days vacation.

Mr. Abner Treas, age 48, died at the Mescalero Hospital after a short illness on January 3rd. Funeral services were conducted by Father Dennis J. Tulone at the St. Joseph Mission at Mescalero on January 5th. The deceased is survived by his wife, Geneva, and six children: Alvin Verne, 20; Ruth Elda, 16; Jayro Brian, 14; Minerva, 12; Joan Marie, 10; and Mary Carol, 7. Mr. Treas is also survived by his father, Henry Treas, and other relatives on the reservation.

People Aged 65 Should Inquire About Pensions

People 65 and over, who are in need of assistance because of their age and inability to support themselves, can apply to the Department of Public Welfare to determine whether they meet the eligibility requirements to receive this type of help.

All applications for assistance are made at the county office, with the exception of Los Alamos county. Applications from Los Alamos are made in the Santa Fe county office. If, for any reason, it is impossible for a person to come to the county office, arrangements can be made to have a claim made at the home.

In order to be eligible to receive Old Age Assistance a person must have documentary proof that he or she is 65 years of age or older. In instances where a birth certificate is not available, there are baptismal certificates, marriage records, Bible records, discharges from the armed forces, dated newspaper clippings and many other substitutes which may prove acceptable.

Upon application for Old Age Assistance the county office will require considerable detailed information from the applicant in order to pass upon the application. The applicant must be able to give the county office full information as to present need. It is important for the worker to know why a person is applying for assistance, and how living expenses have been met up to the time of the filing of the application. Such reasons might include termination of employment or relatives formerly bearing the burden of support finding themselves no longer financially able to do so.

Another matter which must be thoroughly explored by the county office in determining eligibility is the question of property owner-

Colonel K. N. Rana of the country of Nepal was a visitor of the Bureau of Reclamation at Elephant Butte Monday and Tuesday.

Col. Rana was escorted by Mr. and Mrs. Robert S. Sanford of Amarillo, Tex. He is a director of the Nepal Bureau of Mines and was selected to come to this country under the Point 4 Program.

Through the inspection tours of this country, Col. Rana will carry ideas of improvements to his own country. He is interested in mining, irrigation and electrical plants.

His wife is a physician and they have a son and four daughters.—Hot Springs Herald, Truth or Consequences.

While the broad rules governing ownership of property and other resources was covered in the preceding article in this series, only an interview with the county welfare office will provide final determination in most cases.

The standard budget for payment to persons on Old Age Assistance calls for a maximum payment of \$60 a month to one person and \$35 a month to the spouse who is also over 65, with a maximum payment to two people of \$80.

While this standard budget applies to all people receiving Old Age Assistance, the amounts received by individuals varies according to resources they might have. Social Security benefits, contributions by relatives or other sources of income are deducted from the monthly payment.

In order to expedite an application for Old Age Assistance the county office must depend upon applicants to furnish all the necessary information regarding their circumstances. Close cooperation on the part of the applicant in making the necessary information available results in a speedy determination of the claim by the county office.

The dismantling of the whistle will be the end of the era of steam in Lordsburg and will take place shortly after the first of the year.—Lordsburg Liberal.

One of the merriest thrills of Christmas for us this year was the visit on press night last week of a group of carolers. Just like a caressing cool breeze on a summer night, the clangor of presses and roar of metal saws were quieted as soft strains of familiar carols floated in through our back press room door. . . . sounding as if it could be coming from nowhere else than Angelic hosts. . . . Pausing to listen, it was discovered the carolers were led by Ronald Wynn, from the high school vocal music department. They were a group from the Tiger Teen. . . . If they spread as much Christmas cheer wherever they went as they brought to the jagged nerves of the Advocate force that night, it was a Merrier Christmas for many, that is sure.—Arletta Coleman, Sierra County Advocate, Truth or Consequences.

I DON'T NEED TO GO TO CHURCH.

Yes, I'm one of those seventy-five million Americans who are not members of a church. I try to live straight—to put in a full day's work for my boss, to get along with my neighbors, to bring up my children in the proper way. As long as I'm trying to live respectably, why do I need to go to church?

There is an answer, my friend. Since the beginning of history, you and your millions like you have been trying to run your lives and this world of ours by your own knowledge and strength. You've said you didn't need help. But human experience declares that you are of a cruelly and bigoted, of hate and crime. The present finds us on the outside and the past—of devastating war on the inside and of man's proud attempt to live without God—of moral decay from within. This is a tragedy you need help—help beyond the pile of man's resources—a man to live a good life. You can find this love only in the Church—in fellowship and communion with Christ. He is the living man the courage and power for right living.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Letter To Ye Editor

Dear Vix:
We would like to compliment Ruidoso businesses and all the homes on the very beautiful Christmas decorations through the holidays. It is well worth driving miles and miles to see them. The

crowd was a wonderful thought this year with the star. As our youngest boy said, "It looks as if it is hanging in the sky." It is well worth driving over Highway 37—as bad as it is, to see how Ruidoso folks turn out and make the valley light up at Christmas time—everyone who worked so hard—well deserves a "Weed tur-

key" for Christmas dinner. Sincerely,
Arvel, Louise, Robert and Benny Runnels.
P. S. Must get in and renew our subscription to Ruidoso News soon.
Harry Eckert has been ill at his home here.

LAFF
And You'll Live Longer
"Why are you sobbing, my little man?"
"My pa's a millionaire philanthropist."
"Well, well! That's nothing to cry about, is it?"
"It ain't ain't it? He's just promised to give me \$5 to spend for Christmas provided I raise a similar amount."
The Preacher was finishing admonishing his flock on the evils of avarice: "And remember, my friends, there will be no buying or selling in Heaven." Whereupon a man who sat in the back seat was heard to grumble: "That's not where business has gone to anyway."
"Are you saving any money since you started your budget system?"
"Sure. By the time I get it straightened out every evening, it's too late to go anywhere."
Friends of a man who was known for his inability to think of anything to say to women were amazed when, the morning after the shy one met a girl at a dance, it was announced that he had become engaged. One friend inquired how it happened.
"Well," said the bashful man, "I danced with her three times, and I couldn't think of anything else to say."
Mr. and Mrs. E. T. Carter returned last week from El Paso where they had been with a brother of Mrs. Carter's, R. A. Harmon, who is reported now as recovering rapidly from his recent illness.
Mr. and Mrs. Hobby Thomas of Hale Center, Tex., were here to check up on their cabin recently.
Mr. and Mrs. Fred Riley and son, Freddie, were in Abernathy, Tex., during the holidays.

Mr. and Mrs. Doyle Christian and sons, Billie and Jimmie of Burbank, Calif., spent Christmas week with his parents, Mr. and Mrs. W. S. Christian at the Oliver Courts here. They returned home New Year's Day. A daughter, Mrs. Shaw Baley, Burdick, Kans., also spent a few days with the Christians. Doyle Christian and Mrs. Baley are brother and sister of Mrs. Lester Burrow, this city.

Dr. and Mrs. Jack Kernan of Hobbs, N. M., were guests of Mackin Lodge, along with Miss Bonnie of Big Spring and Sam Sayers of Hobbs, recently.
C. A. Eiland, Lamesa, Tex., was a visitor in Ruidoso this week on business.

Mr. and Mrs. W. M. Ramsey visited Mrs. Ramsey's parents, Mr. and Mrs. Charlie Grimes, in Mineral Springs, Ark., during the holidays.
