**INCOME TAX & INSURANCE**  
Questions are asked us frequently regarding whether insurance premiums can be deducted, and if so what kind of insurance and how much. We will be glad to advise you.  
While on the subject of Income Tax, we'd suggest that you let us review your insurance program. Do you have enough life insurance, the right kind of health insurance, the most appropriate coverages on your auto operation, and adequate protection for your property hazards?

## AROUND TOWN

—By Nosey Waters—

Nice paint job on White Auto Store interior. J. H. Hackfield was up from Lubbock, Tex., over the week-end. Ernest McDaniel returned recently from a sojourn into New York and some Southern States, looking mighty fit. Mrs. Lucille Macheson asks if anyone here is a member of, or interested in becoming a member of the Church of Jesus Christ of Latter Day Saints. "If enough are interested, we may have a church in Ruidoso," she says. She'd like to hear from anyone so inclined.

Comes an airmail letter from Mexico from Warren and Annie Barrett reporting they're having a nice vacation below the border. Herb Smith says he'll have his first job contract office in a month. Watch for "announcement".... Doyle Kline, secretary to U. S. Senator Clinton F. Anderson, left Albuquerque Tuesday for his new work in Washington, D.C. The Fred Greenwells was in El Paso Tuesday and Wednesday. Mrs. Zach Goller returned recently from a visit in Phoenix, Ariz. Tom McNeill, Box 843, Alamogordo, N. M., won the Tony Lama \$50 cowboy bobbing trophy in the Wood Volunteer Fire Dept., Wednesday night at Pueblo Theatre. Ticket sales on the boots totaled \$322.00. Fire Chief Henry Jackson reported.

The State Department of Fish & Game announces it planted quite a few legal size rainbow trout in Nogal Lake last week. (We wonder—is that OUR Nogal Lake, or is there another Nogal Lake in northern N. M.?) We hear Dave Parks is now employed at Hurley's landmaster on one of the mines there. He's attending the college at Silver City and drives back and forth to work.

Til Thompson and Harry Eckert made a trip by plane to San Angelo and Midland, Tex., last week. Lindley and Barbara Rice have gone to Taunton, Mass., after a month's visit with his parents here. Mr. and Mrs. Bob Rice. After a short visit with her people here, Lindley is to enroll in "University at Peoria, Ill." He was discharged Dec. 10 from the Navy after having served in Guam, Japan and other Pacific posts as an Instrument Man 2-c. Bob Rice got a check for \$10 for a suggestion for the monthly "America" Magazine. His suggestion was in the February issue.

Betty Bennett is back from Lubbock. Tommy Gazaway, 12, and a letter in Bill Hodges' column in Wednesday's El Paso Times. W. A. Hart was in Lubbock last week-end, reporting that burglar really grown since his last visit two years ago. He was born in that part of the country and says Lubbock was just a few hundred souls when he first knew it—now its population is somewhere around 100,000.

## 1/2 and 1/2 WIT & WISDOM

By El Toro

Gov. John Simms Monday declared he was opposed to a bill proposed in the legislature to legalize the sale of wine. The bill is being pushed by a small bloc of Ruidosians who almost had Sally Ortiz, our state legislator from Carrizozo, put his name on it as co-author. Some folks are going to a lot of expense and effort to get something that they can't get over—especially if they set it up on a local option basis. In the first place, I think the government will veto it. If it's passed over his veto, I think our country, or our community will slip it down about 200 miles. If it is on a local option basis.

Oh, Calvert! I think this is, and we think it's original with her, and she didn't indicate if someone else wrote it. We think it's very good. Never-mull down—always uplift! Work with energy, never with spite. Never shrink a difficult task; honestly give—never with a mask. Work hard sincerely, get on your feet. Kindness and love have no compete. Self-pity is fatal, lay it on a shelf; God intended us to wait on one's. "Something for nothing" is not divine; Try this and continue to whimper and whine. When selfishness and hate are on the ban. Then, only, has God made a man.

Our friend, Happy Roy Thomas, who's been entertaining visitors to Ruidoso for about three seasons now, tickling the ivories and singing old songs along with the new, got slapped around by a Reddy County News editor in his column the other day. The Carlsbad newspaperman, taking notice of Roy's claims of being the original Singing Sam, wrote the paragraph below. Roy is currently engaged by a supper club in Carlsbad. How about a rebuttal Roy? Singing Sam Frankel.

## HIGHWAY 380 DEATH TOLL JUMPS AGAIN

Death toll from highway accidents on U. S. Highway 380, over the strip between Hondo and Carrizozo, jumped again last week-end with the death last Thursday night of an 18-year-old Florida girl in a one-car wreck. She was one of four people in a car that left the highway on a curve 3 1/2 miles west of Capitan.

Her death was the seventh in a little over two months on that route. Every accident with a fatality was a single car wreck. Barbara Dell Mole, 48, of Sarasota, Fla., was killed instantly when thrown from the car she was driving when it failed to make a sharp curve 3 1/2 miles west of Capitan and overturned four times.

Two of the car's three other occupants were injured. State policeman Eddie Apodaca said Edna Pauline Moss, 22, of Sarasota suffered head injuries, and A-3c Kenneth F. Jordan, suffered fractures of both knees. They were removed to a Carrizozo hospital.

The fourth occupant was identified as the car's owner, A-3c Dennis D. Moody, 19. He was en route to the El Paso Air Defense Unit, Yuma, Ariz., as was Jordan.

## STATE PRESS TO MEET HERE IN JUNE

Members of the New Mexico State Press Association in their winter convention in Roswell last week-end, met here for a luncheon and dinner shortly before noon Saturday. The group was invited to Ruidoso by the local press. Members of the group included: Billie Holder, newly elected board member from the Alamogordo News; will work with a special convention committee to outline a three-day program probably for the first week-end in June, prior to opening of the 1955 race season.

## Ruidosians Attend Las Cruces Conference

Several Ruidosians attended the two-day Juvenile Conference in Las Cruces last week-end. Among those from here going were Mrs. Helen Snyder, Paul Vance, the Rev. Wm. B. Holmes, Jr., W. S. Campbell, R. W. Briggs, Dewey Cain, Eddie Wimberly, Shirley Holmes, Sofora Fuchs, Abby Watkins, Judy Barajas, Earl Allison, Bill Easley, Charles Butler, Nadine Peterson and Jean Ward.

## ATTEND SCHOOL

Mrs. Claud Miller, Mrs. Wes Russell, Mrs. Herb Smith, Mrs. O. A. Laullin, Mrs. C. J. Leland, Jr. and Mrs. M. D. Pior attended an O. E. S. school of instruction held in Roswell last Friday.

## TAX ASSESSOR HERE

Lloyd Vigil, Lincoln County Tax assessor, will be in Ruidoso at the municipal building Feb. 7 through 11 and Feb. 14 through 18.

He is buried there. His wife was Helene "Smiles" Davis, who made famous the song "Smiles" which she sang to AEP troops in World War I. One's still living in Richwood, Ohio, prior to the land grab money which Harry Frankel made in vaudeville and on the radio.

Frankel was a member of the early vaudeville team of Frankel, Danahy and Cokerley, later Frankel and Dumivay. Frankel left Ruidoso for the Barbours radio town, where he was known as Singing Sam, the Barbours Man.

Later, he was on radio as Singing Sam, the Coca Cola Man. There may be other Singing Sams now, but there was only one original and his name was Harry Frankel. It's like asking who was the original Jack Dempsey. The Manassa Mauler made it stick.

The article below was contributed by one of our three readers: 13 Easy Ways to Kill Taxes.

1. Don't pay taxes. Let the other fellow pay taxes. Vote against taxes. Then fuss because the streets are not paved.
2. Never attend any of the meetings called for the good of the town. Fine fees will be exacted.
3. Get all the city will give—don't give anything in return.
4. Talk cooperation, but don't do anything unless you are paid for it.
5. Never run for or accept an office of your responsibility.
6. Don't say anything you have to. Always complain about the town being run by a clique.
7. Don't back your police or fire department. Demand special treatment when you get a ticket.
8. Look at every proposition in selfish way.
9. Don't do anything for the youth of your town.
10. If you have good leaders, don't believe it—get jealous.
11. Don't work on a committee unless you're to be paid.
12. Don't say anything good about your town—be the first to point out its shortcomings.
13. Don't support your local merchants. Expect them to support you, but don't back them.

## Mrs. Bruce Griffith Elected To Board; Gazaway Is Returned

A large turnout of voters Tuesday in the Ruidoso Municipal School Board election placed Mrs. Bruce Griffith on the board for a two-year term, succeeding Ralph Brown, incumbent. J. B. Gazaway was returned as a member of the board for a six-year term over Odell Spear and Jesse Barnes. Balloting was as follows:

Candidate	Green	Tree	Ruidoso	Total
Brown	73	102	175	
Griffith	94	110	204	
Gazaway	94	103	197	
Spear	47	60	107	
Barnes	19	48	67	

## Several Conventions Are Scheduled For Spring Here

A series of conventions and area-wide meetings is on the calendar for Ruidoso in the next few weeks, each of them expected to draw from 200 to 300 persons.

Feb. 28 and 27 will see the Sports Car Clubs of three states represented by owners and drivers of some 75 to 100 foreign make sports cars, in an area meeting here. Field trials, to include races of several types, will be held.

May 8-9-10 County Officials of New Mexico's counties will be here for a convention.

May 22-23-24-25 the New Mexico Dental Society will hold its annual convention here. The first week-end in the history of the New Mexico Dental Association will hold a three-day spring convention in Ruidoso.

Last year there were 44 conventions, area and district meetings and conferences held in Ruidoso, and this year becoming a rival with Santa Fe and Albuquerque as the state's convention site.

## March Of Dimes Fund Near \$700

Mrs. Pat Simon, Beta Sigma Phi chairman for the March of Dimes drive in Ruidoso, this week reported the total of donations so far has reached the \$680 mark. She expects the final report to show maybe as much as \$900 when all funds are in.

Included in the first count are such donations as: \$113.25 from March of Dimes Dance last Saturday night; \$291.50 from the Ruidoso Club's fund-raising four nights of Bingo games; \$11.20 and \$25 from the Mellotone band; \$41.50 from the grade school; and an additional \$25 check sent through the grade school children; and \$63.25 from the high school; and \$63.25 from the Hollywood Gulf Service Station.

"Several of our corority members have not turned in money from advance ticket sales on the dance; we have not collected from the test tubes put out around town, and we have yet to collect from some of the stores that carry special money-raising events, such as Fox Mercantile and Hollywood Inn—which may run the total to \$900 or more," Mrs. Simon said.

## DeLong's To Operate Star Cafe Here With Jennie Reed

Mr. and Mrs. Clarence DeLong, who moved here with their two children recently from Michigan, have opened the Star Cafe in downtown Ruidoso, having bought the fixtures from Leona and George Speers of Houston, Tex., and leased the building from Yolanda Manley. They have remodeled and redecorated the interior, and welcome Ruidosians to call on them in their new business.

Associated with the DeLongs is Jennie Reed.

## Old Saloon Eased Patients' Hassel Near Ft. Stanton

How to deal with a saloon that drew customers from a nearby sanatorium was one of the problems that confronted the New Mexico legislative assembly back in 1905.

Gov. Miguel A. Otero told of the problem in his message to the solons saying his attention had been called to it by the surgeon in command of the U. S. Sanatorium at Fort Stanton.

"A drinking saloon," said the governor, "has been established on the road between the sanatorium and Capitan so near to the line of the government reservation that patients may readily, and unknowingly, walk to the saloon and purchase supplies or intoxicating liquors which they drink to the serious detriment of their health."

"In some instances such indulgences truthfully may be said to have ultimately resulted in death. This is a very serious matter affecting injuriously the vital statistics of the sanatorium and thereby indirectly the reputation of the territory."

"I would suggest that a law be enacted which would prohibit the manufacture and sale of finous, spirituous and malt liquors within five miles of any government reservation used for sanatorium purposes and provide a suitable penalty for any infraction thereof."

It's Been Here This Year—There has been no Traffic Death in the City—Lima News For 685 DAYS

LET'S MAKE IT TWO YEARS IN A ROW!

**E. S. Waddell Called As Pastor For Church of Christ**

E. S. Waddell, Church of Christ minister, who came to New Mexico from Texas by way of Tennessee, was employed last Sunday as minister of the Ruidoso Church of Christ. He preached here the last two Sundays and church officers offered him the pulpit, which has been vacant since last year, when M. A. Elkins left to go to Texas.

Waddell told the News this week all the regular services as customary, will be held at the church as carried in the weekly church announcement column in the News. He is single, and is making his home in the Church of Christ residence near the church building in the Midway section of Ruidoso.

## State Federation President To Speak Here Next Week

Mrs. Lightner A. Burns, Anthony, N. M., president of the New Mexico Federation of Women's Clubs, is to be principal speaker here Wednesday afternoon next week in the regular meeting of the Ruidoso Club.

The meeting will be held at the Ruidoso Club building. The meeting starts at 2:30, following a covered dish luncheon there at 12:30. Mrs. Burns' topic will be on club work in the state, local women's club leaders announced.

## Resolution Asks Ft. Stanton Be Given To Mescalero Indians

A memorial to the federal government asking "recognition of the ownership and right of possession of the Mescalero Apache Tribe of the Fort Stanton Reservation" was introduced in the New Mexico Senate last week-end.

Sen. Murray Morgan (D-Otero) said it would be understood that the tribe make no claim for the land on the reservation, used by the Fort Stanton Hospital.

The memorial said the land has been utilized by the government for many purposes connected with the Mescaleros, but is no longer needed by the United States for government purposes.

Morgan said the tribe has never surrendered its title to the land and there exists "at the present time a pressing need for additional grazing land due to the substantial increase in the population of the tribe."

## January Snowfall Totals 4.85 Inches

Snowfall in January of 1955 measured 4.85 inches, according to records kept by co-operative weather observer Chas. A. Culver. It was among the four lowest snowfalls reported for each January since 1948, Culver's records show.

Culver added that total snowfall for this winter now stands at 10.23 inches here.

Comparative weather data for each January the last 10 years was revealed by Culver as follows:

Year	Hi	Lo	Snow	Precip.
1944	84	1	5.75	.74
1945	70	2	1.75	.14
1946	64	1	2.25	.77
1947	51	-3	14.25	.88
1948	71	0	.30	.74
1949	32	-21	23.90	2.52
1950	67	1	9.80	3.80
1951	60	-18	13.20	1.68
1952	80	-13	30.10	2.01

## EVANGELIST HERE FOR THREE DAYS

The Rev. Art Johnson of Sela, Wash., is speaking here in a three-day evangelistic program at Great Tree Full Gospel Mission Church, the pastor, the Rev. Cecil Smith, announces. He will preach Thursday, Friday and Saturday nights this week, starting at 7:15 p. m., and everyone is invited, the pastor added.

## McGuire Picked As South Team Coach For Annual Cage Classic

Ralph McGuire, basketball coach at Ruidoso High School, has been selected as one of the coaches for the South in the annual North-South All Star basketball game to be played in Albuquerque next August. All-star games, along with the North-South football game, is a feature of the annual coaching school of the New Mexico Coaches Association.

Announcement of the selection of McGuire was made this week by Capt. Donald Glpe of Roswell High School who is president of the coaches association. One other high school coach in southern New Mexico will be named. The two will work with a well-known college coach in getting the South team together for the game. Makeup of the two teams will not be announced until after the basketball season is concluded. Players are selected by a vote of the coaches.

This is a special honor for McGuire who is in only his third season as coach at Ruidoso. He was an All-Conference player at Highlands University for three seasons, interrupted by service as a bomber pilot during World War II.

## Luther Bynum Quits As Trustee

Ordered by his physician to take a rest, Bynum, operator of the Radio Hour Lodge here, has resigned from the board of trustees of the Village of Ruidoso the last two and a half years, submitted his resignation as a village trustee to the council, which was accepted with reluctance at the meeting of the last Tuesday night. Bynum was serving as sanitation commissioner during his tenure as a trustee, a post he was reappointed to by the new administration following the election in 1954.

Bynum suffered a heart attack early in January and has been advised to take a rest. He is reported resting well at his home here. He recently returned from Lubbock, Tex., where he underwent a physical check-up. A successor to Bynum is to be appointed by the trustees shortly. It was said this week.

## BASKETWEAVER INDIAN REMAINS NOW EXHIBITED AT ROSWELL MUSEUM

Mummified remains of a Basketweaver Indian and an infant now exhibited at the Roswell Museum. The bodies were preserved by agencies of nature, one on an oak by Mr. Fred Miles of 813 West 4th Street, Roswell, New Mexico. Mr. Miles is responsible for this find and several other important archaeological discoveries.

New Mexico's first Basketweaver Indian was discovered in a small hidden cave in the Guadalupe Mountains. They have been tentatively identified as Basketweaver No. 2 in age, because of a shroud which was woven of twisted strands of rabbit hair and animal skins.

The bodies were discovered in making the two fiber nets, one of which bound the body, while the other one was used to suspend it from the wall of the cave. The importance of this discovery will not be fully known until further study of the remains is completed. It has been made, but it is now believed that this find antedates the discovery of America. The bodies are remarkably well preserved and are considered among the best found in the Southwest.

## SUNSHINE STATE FARMERS PRODUCED \$99 MILLION WORTH OF CROPS IN '54

New Mexico farmers produced over \$99 million dollars worth of food and fiber in 1954, according to the December crop report of USDA's Agricultural Marketing Service. In fact, the total farm value of all crops produced in the Sunshine State last year topped the 1953 figure by almost 4 1/2 million dollars.

Production was down on two of the state's major cash crops, cotton and wheat, which were under acreage controls. Cotton production fell from 327 thousand bales in '53 to 311 thousand bales in '54, while wheat production fell from 745 thousand bushels to 643 thousand bushels. However, there were substantial increases in the production of sorghum grain which jumped from 1.4 million tons in '53 to nearly 2.7 million tons in '54 and nearly 20 million tons in '54 to nearly 20 million tons in '53.

The peach and apple crops which suffered serious production setbacks in '53 not only showed impressive increases last year, but also topped the 10-year average (1943-52) by considerable margins. The peach turnout was 300 thousand bushels in '54 compared to 240 thousand bushels in '53. Apples were 760 thousand bushels, over seven times as large as the 103 thousand bushels produced in '53.

## SAFETY COUNCIL MEETS NEXT WEEK

President W. S. Campbell of the Lincoln County Safety Council declared this week efforts are to be doubled to make the work of the safety council more effective, and at the same time announced a meeting will be held Wednesday next week in Carrizozo High School, 7:30 p. m. to which everyone interested is cordially invited.

In 1955, the American Junior Red Cross will send 100,000 gift boxes and 200 cases of school supplies to South Vietnam in Indo-China as part of the relief operations for refugees in that area.

## Promotions Reported For Three Reservists

Three promotions have been announced during the past month in Detachment 6, Military Intelligence Service Organization, Army Reserve unit which meets weekly in Capitan.

Sgt. Bob Peebles was promoted to Sergeant First Class. Peebles has been a member of the unit for approximately four years. He is a graduate of Capitan High School and now works for the Mountain States Telephone Company in Roswell.

Privates Leroy Nowell and Richard Hull, Ruidoso, were promoted to Sergeant and Captain, respectively. Nowell is a member of the unit for over four years. Don Means of Carrizozo, who returned last year from service in Korea as a Corporal, was promoted to Sergeant after several months as a member of the unit.

Major Cy Leland of Ruidoso, commander of the unit, also announced that Captain Donald Glpe of Carrizozo had been assigned to the organization. Glpe was recently transferred to this area by the Soil Conservation Service.

## Lions Bingo Games Earn \$251.45 For Pollo Fund

In the March of Dimes Dance held Saturday night last week at Navajo Lodge, a check for \$251.45 was presented President Lou Horton of the Pollo Fund sponsor, Beta Sigma Phi, representing profit from four nights of Bingo Games at the Ruidoso Lions Club. He said the sorority in its drive. Pat Chubbuck, chairman, said about \$90 was raised on the side through sale of donated pies and cakes by sorority members and other women in the community.

Chubbuck said that in addition to the list printed in this newspaper last week, others deserving thanks for their work and gifts for the Bingo games were Ruidoso Package Store, Price's Creamery, Jack Hull, Ruidoso State Bank, Co. Graham, Eric Bruce, Joe Coe, Ray Barnett, Ray Jones, C. V. Cunningham, Ed Nadolski, George Fuchs and possibly others. "If we've overlooked anyone, we sure didn't mean to, and we want them to know we are deeply grateful for all their help," Chubbuck stated.

## Two New Trustees Are Appointed In Green Tree

T. E. Matthews and Lucas Gallegos recently were appointed village trustees in Green Tree by the village board. The two new members succeeded Carl Wilson, who resigned because of business reasons, and Rick Massey, who moved out of the corporate limits, according to Mayor Alton Grey. Hold-over trustees are Mrs. Mary Basinger and J. P. Haley.

## GREEN TREE PASSES GASOLINE TAX

The Village of Green Tree, following final reading and passage of its ordinance No. 21 on Jan. 25 by the village board, put into effect Tuesday this week, Feb. 1, a one-gallon gasoline and motor fuel tax.

## City To Begin Rounding Up Stray Dogs Here

For quite a few stray dogs in Ruidoso, it's going to be the "last round-up" in a few days. In last Thursday night's board of trustee meeting, the Village authorized the city pound man to round up all strays; i. e., dogs without city tags, and to dispose of them within three days if not bailed out by their owners. The city authorized the purchase of a net and other equipment to be used in catching the strays.

Dog licenses for 1955 were due Jan. 1—and city officials feel sufficient time has elapsed for all dog owners to have secured tags for their pets.

## Rotarians See Film On Communism

Rotarians in their noon luncheon Tuesday saw a motion picture which is being shown in public schools and which presents facts on Soviet Communism. The student can evaluate the communitarian system for himself after seeing it revealed in comparison with the American democracy.

**Good Attendance Is Reported For Pack Meet**  
(By CUB REPORTER)  
The Cub Scouts had their first Pack meet Jan. 27 and we had a very nice attendance. We would like to say thanks to Charley Culver and to all of his Troop 59 for being with us on our special night. Mrs. Virginia Spear, who is a Girl Scout Leader, was also with us. Thanks for being there, Virginia.

The District Scout Leader, Mr. Bloomfield from Roswell, showed us a movie "What Scouting Is" and presented the awards to the different Cubs who earned them. Odell Spear, Cub Scout Master, will have that pleasure from now on. The Cubs were joined by the Boy Scouts in their Pledge of Allegiance. Then we had a rope relay and formed our Living Circle to end the meet. Gary Russell was awarded the Wolf and Bear award with two gold arrows and six silver arrows. He had worked on his books for

**HOW TO CURE HOME-MADE BLACKOUTS**

HOME-MADE BLACKOUTS occur when a short circuit or overload blows out a fuse.

Overloads are caused by too many lamps and appliances on a single circuit. Short circuits are usually caused by a defective appliance or cord.

To restore service quickly without waiting for a service man, keep spare fuses of the correct size on hand and follow the instructions below.

**EASY AS CHANGING A LIGHT BULB**

- TO REPLACE A BLOWN FUSE**
1. Locate the blown fuse. The metal link showing through the window will be broken or the window itself may be scorched.
  2. Disconnect the appliance or lamp that caused the short circuit or overload.
  3. Stand on a dry surface and pull the main switch to OFF.
  4. Unscrew the burned-out fuse and replace it with a NEW fuse of the correct size (usually 15 amperes).
  5. Throw the main switch back to ON position.

**IF YOUR HOME HAS CIRCUIT BREAKERS INSTEAD OF FUSES**

1. Locate the tripped breaker. It will be in the OFF or TRIPPED position.
2. Disconnect the appliance or lamp that caused the short or overload.
3. Reset the breaker to ON position, following manufacturer's instructions on breaker panel.

REMEMBER, a fuse or circuit breaker protects your wiring from short circuit or overload damage. Never use a penny or other object instead of a fuse. It's dangerous.

If your lights are off and you can't correct the trouble, call our office. We'll be glad to help.

GREEN TREE, N. M.

1. I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service.

**Oja-Allison Marriage Performed Last Thursday**  
On Thursday, Jan. 27, at 3:30 p. m. in Roswell Miss Laine Oja of Green Tree became the bride of Earl Allison of Glencoe.

The wedding was performed at the home of Mr. and Mrs. Ernest Cheuning by Reverend Dillon, parson of the South Methodist Church of Roswell. Mrs. Bruce Griffith was the bride's only attendant and Mr. Cheuning, an uncle of the groom, was best man.

The bride was attractively dressed in a grey tweed suit with matching accessories and wore a white orchid corsage.

Following the ceremony a small reception was held in the Cheuning home for those who attended the wedding and Mr. and Mrs. Wells Allison, mother of the groom from Glencoe, Mr. and Mrs. Ernest Hodge of Roswell, Mr. and Mrs. Bruce Griffith of Green Tree and Nancy Nicholas.

Later in the evening the bridal couple was honored with a dinner at the home of Mr. and Mrs. Ernest Griffith in Green Tree. The table was beautifully set with a white cut work table cloth and centered with a three-tiered wedding cake flanked by white tapers. White stock completed the decorations.

Attending the wedding were: Mr. Allison, Mr. and Mrs. E. Hodges of Roswell; Mr. and Mrs. Robert Cheuning of Roswell; Mr. and Mrs. H. H. Shier of Hollywood; Mr. and Mrs. M. D. Flor of Green Tree; Mrs. Floyd Hale of Captain; Mrs. G. W. King of Roswell; Mr. and Mrs. Tom Head of Green Tree; Mr. and Mrs. Harlan McCraw of Ruidoso; Mr. and Mrs. Kenneth Noesker and Gladys Noesker of Glencoe;

Mr. and Mrs. Odell Spear of Ruidoso; Mr. and Mrs. Ted Fye of El Paso; Ernest McDaniels of San Patricia; Nancy Nicholas of Roswell; Mrs. D. E. Snyder of Green Tree; Mrs. J. W. Moseley of Green Tree and Mrs. Ralph Bonnell of Glencoe.

Immediately following the dinner the couple left for El Paso where next morning they boarded a plane for Seabrook, New Jersey, to visit Mrs. Allison's parents. They are expected to return here in about a week.

**Intermediate Girl Scouts Study For Badge**  
(By JERALYNE MASSEY)  
Members of Girl Scout Intermediate Troop 1 have been working on their First Aid Badge requirements. Two of the girls have completed their Second Class Badge. We have three girls who have just about completed their Tenderfoot rank.

The Intermediate Scout Troops will have their investiture and badge awards at the February Parent-Teacher Association meeting. The Senior Scouts will entertain at this meeting. Miss Randall, Seventh Grade teacher, is Assistant Patrol Leader, and we are enjoying her work very much.

Week before last we went to our leader's house, went on a hike and had a picnic. The following meeting we decided to start work on our Community Service Badge. To earn this badge, we have to visit several Public Service Buildings, to learn their methods of operation. This week we are visiting the new Hollyvale Fire Department building. We hope to earn this badge and another one before school ends.

"Christian Century" reminds us that if this were ever true, it certainly is not true today. There are millions of men in the United States who know exactly how an army moves. And I dare say none of them have ever seen a church move like an army. Furthermore, they have never seen an army move like a church.

Suppose officers in the army accepted the feeble excuses some people give for not attending church. Imagine, if you can, the following conversation:

Reveille is at 7 a. m. The squads are on the parade ground. The sergeant, from the corner of his mouth, barks out:

"Count fours." One! Two! Three! But No. 4 is missing.

"Where is Private Brown?" asked the sergeant.

"Private Brown was too sleepy to get up this morning, sir," said a timid lad near by. "You see he went to a dance last night and didn't get in until 2 a. m. He asked me to tell you he would be with you in spirit."

"That's all right," said the sergeant. "Hope I was not too inquisitive about his absence. Next time you see him tell him I'm grateful for his good wishes."

The count continues. One — Three! Four! One! Two! — Four!

"Where is Private Jones?"

"Oh," says another chap, "Private Jones is playing golf this morning. You know he gets only one day a week for recreation and he says he can keep in as good condition playing golf as he can drilling. He told me to tell you he would see you next Easter."

"That's O. K.," said the sergeant. "Hope he has a good game. I'll look forward to seeing him next

# Lubbock Woman, 76, Manages Estate, But Takes Time To Relax In Ruidoso

(From the Ft. Worth Star-Telegram)

A woman who spent eight days traveling from Stephenville to Lubbock more than 54 years ago was in Fort Worth Friday looking for an architect.

She is Mrs. Andrew W. Blankinship, who at 76 still actively manages an estate consisting of 2,400 acres of farmland, residential property and a brand new shopping center near Texas Tech in Lubbock.

In late December 1901, she and her husband left Stephenville by wagon for Hockley County. Eight days later, in 1902, they arrived at their first living quarters was a 14-foot tent.

When a tent uncomfortable in the windy plain winds?

"No," Mrs. Blankinship remembered, "the grass was so high you never felt the wind."

And she remembered the constant grazing that consumed the waving grasses and brought the dust storms.

On her 2,400 acres of cotton and maize farmland, she now has five wells which provide water for irrigation which was begun three years ago.

"I'm planning on two more wells soon," she said.

Her husband was killed in a gas explosion that destroyed their home in 1931. Since then she has lived in one of her rental units.

"I'm just stored there until I get

### Disease More Likely To Strike in Winter

Many disease germs work overtime in winter when cows are kept in close quarters. Winter dysentery is a good example. Sometimes called winter scours, it is highly contagious. Here are a few rules of prevention.

1. Dairymen should avoid visits to other herds where scours exist and discourage visitors at their barns.
2. Avoid bringing cattle home from another farm. (If replacements are needed, isolate new animals for observation.)
3. Practice good sanitation around dairy buildings.
4. Through good management and feeding, develop, and maintain strong disease resistance in herds.
5. Keep dairy buildings well ventilated, and free from drafts.
6. Contact a veterinarian as soon as an outbreak is suspected.

### Dry Cow Care Pays Dividends Two Ways

Good dry cow management and feeding will result in bigger, sturdier calves, 1,000 to 2,000 pounds of extra milk per lactation and will help prevent costly breakdowns in your herd.

A dry cow and her calf embryo should gain from 1 1/2 to 3 lbs. a day. We call this "putting on condition." To do this takes feed—good, well-balanced feed—and enough of it. And that's where the Purina Dry Cow Program comes in.

Accurate breeding records will help you know when to dry off cows 90 days before calving. We like the "back pressure" method. Just milk cow out thoroughly. Do not milk again for 7 days. The pressure that builds up in the system slows up milk making and dries the cow off. At the end of 7 days milk the cow dry. Don't use quarters. Use usual skip method on these.

When you start drying off, switch cow to good hay and one of Purina's dry cow rations. Ask about them.

### Health Hint

Air Sac colds may spread rapidly in laying or brooder houses without enough ventilation—too little fresh air. Weather changes and crowding also may bring on air sac colds.

In case of an outbreak, provide fresh draft-free air, increase brooder or room temperature to prevent crowding. Start feeding highly fortified Purina Chick-R-Aid. It helps restore appetite. You must start using it quick—at first signs of sniffles—for good results.

AT FUEBLO—Dana Andrews and Piper Laurie star in the new color motion picture "Smoke Signal" which plays in Ruidoso

my hotel and motel built," she laughed. Then she plans to live with a daughter, Mrs. Jimmie Thornhill, either in the hotel or in a new home. She hasn't decided yet.

Mrs. Blankinship still spells her name with an "i" although most of the younger members of the family have adopted the spelling, Blankinship.

Mrs. Blankinship's appearance belies her apparent business managerial ability. She's friendly, quick to laugh and answer about any question asked her.

Her responsibilities would keep many a younger person busy. But she takes time out each year to spend a few months at her Ruidoso, N. M., summer home.

Two grandsons, W. B. and Royce Blankinship help her in her businesses.

"But I'm still the boss," she said in manner that's easily understood.

Successful business ventures seem to be the practice in the Blankinship family. A son, Walter Blankinship of Lubbock, owns a chain of 26 movie theaters across the South Plains. He also makes his summer home in Ruidoso.

A niece, Mrs. Mayme B. Autry, who was formerly a Blankinship, operates an employment agency in Fort Worth.

Mrs. Blankinship came to Fort Worth this week with her daughter but when she wants to get around in Lubbock, she drives her own air-conditioned car.

"When I want to take a trip, though, I just call up the agency and have a chauffeur sent out," she said.

Beautification of New Mexico highways will be the topic of a panel discussion at a landscape and garden workshop to be held in Milton Hall on the campus of New Mexico A. & M. College, Feb. 23 and 24. W. J. Willbank, A. & M. extension horticulturist, announced. Panel participants will include representatives of the New Mexico Garden Clubs, Inc., the Governor's Traffic Safety Coordinating Committee, the State Highway Department, and A. & M.'s Campus Maintenance and Improvement Department. Moderator of the panel will be Stuart Stirling, Grant County extension agent.

Mrs. Harry Whiteley has been receiving medical attention at a Roswell hospital. She was reported somewhat improved late Wednesday.

### CALL FOR BIDS

Sealed bids will be accepted by the Board of Trustees of the Village of Ruidoso, New Mexico, at the Municipal Building in Ruidoso, New Mexico, on Feb. 24, 1955 at 7:15 P. M. at the time of regular Board Meeting for the purchase of the following vehicle:

One new, 2 ton Chevrolet Truck, approximately 160 inch wheel base, cab and chassis only, 6 cylinder motor, single low speed rear end, fish plates, booster brakes, oil filter, air cleaner, overload springs, 8.25-20 tires rear and spare, 7.50-20 front tires. Seller to state motor specifications. Seller to state delivery date—and all bids contingent on delivery date.

All bids subject to trade in of a 1954 1 1/2 ton truck less hydraulic dump body.

The Board of Trustees of the Village of Ruidoso reserve the right to reject any or all bids and to waive any formality.

Any further information desired regarding specifications or bid may be received at the office of the Clerk at the Municipal Building in Ruidoso, New Mexico.

### IN THE PROBATE COURT OF LINCOLN COUNTY STATE OF NEW MEXICO IN THE MATTER OF THE ESTATE OF BONIFACE SALAS, DECEASED.

NOTICE

Notice is hereby given that on the 7th day of December, 1954, the undersigned was appointed Executor of the Estate of Boniface Salas, Deceased, by the Hon. John Mackey, Probate Judge of Lincoln County, New Mexico.

## Elementary School News

JENENE EVANS, EDITOR

First Grade—Mrs. Thomas

Many of the pupils attended the sport car hill climbing Sunday. They were: Rickie Hollis, Fred Riley, Reynalda Randolph, Sheri Hitchens, Nelda Turnbough, Monte Coe, Marta Shier, Denis Boslough and Frankie Alexander.

Each of the following children ate all their lunch each day last week: Robert Jarvis, Sharon Lee Alvis, Marta Shier, Jesus Gallego, Reynalda Randolph, Barney Castro, Frankie Alexander, Carolyn Smith, Ellen Spear and Sheri Hitchens.

First Grade—Mrs. Kilgore

Visiting mothers who honored us this week were Mesdames Swearingin, Garner, Stephens, Graham, Newson, Davison, and Creek. Thank you all for showing interest in us.

We donated \$3.07 to the March of Dimes.

Children who have not been ab-

sent from school this school year are Fernin Herrera, Ricky Simpson, John Stephens, Larry Tucker and Sharon Lee Wilson.

We are learning to spell, at least we know our letters are. Those who got 100 in spelling last week were Sandra Basinger, Sharon Driggers, Fernin Herrera, Mike Hall, Linda Nadolaki, Suzanne Newson, John Stephens, Mildred Stoneman, D. D. Swearingin, Fred Trimble, Larry Tucker, Robert Vanderhook, Ronnie Paul Creek and Will Dan Ward.

Second Grade—Mrs. Sullivan

Most every one in our room gave to the March of Dimes fund. We collected \$5.10. There will be some more coming in soon.

Mrs. Alan Beavers visited our room recently during our music period. We sang several songs for her.

In our Art work we have been making February calendars and posters.

Third Grade—Mrs. Moore

Marjorie Davison and Linda Peterson have returned to school after long illnesses.

Eulofio Gallego and Mike Capps have birthdays in February.

Marjorie Davison made 100 in spelling for the six weeks.

Fifth Grade—Mrs. McGuire

We have two new pupils. They are Sharon Sudderth and Billy Ward. Pauline Mackey had a birthday party last week. We sang happy birthday to her.

We are studying on the southern states and their capitals.

We are making Valentine cards and pictures for Valentine's Day.

The following made 100 in spelling: Joe Mosley, Joy Collins, Geraldine Padilla, Pauline Mackey, Steve Wilson, Bebe Coe, Tommy Joe Scott, Ramon Montoya, Jed Lou Evans, Mary Sanchez and Billy Ward.

Sixth Grade—Mr. Kaufmann

We heard a tape recording of the all-state band, made by Mr. Gooch. It was very good.

The sixth grade team is entered in the Capital tournament to be held in March.

Vernon Simmons, Johnnie Montoya and Elmer Enjaly all played outstanding games in Saturday night's defeat of Santa Rita from Carrizozo. The score was 21-15 and was the third consecutive win for the Ken Newson-coached boys.

The current event this week is about England and the commonwealth of Nations.

This week we discussed the Formosa situation and in History studied ancient Greece.

## Ranching In New Mexico For 30 Years Recorded In New Book By Mrs. May Neatherlin Of Pinon

(Editor's Note: The Ruidoso News is in receipt of a review copy of the new book, "House of the Rancher," written by Mrs. May Neatherlin of Pinon, who has lived more than 30 years in Southeastern New Mexico. The story frequently mentions such places as Roswell, Artesia, Carlsbad, Cloudcroft, El Paso and other neighboring towns. Below is a review of the book from the jacket cover, along with a story about Mrs. Neatherlin.)

"House of the Rancher" is a story of a young couple's struggle to hold and maintain a ranch in the foothills of the Sacramento Mountains of southeastern New Mexico.

May Neatherlin set out to write in "House of the Rancher" an accurate cross-section of ranch life in New Mexico in the third decade of the twentieth century, and this she has done with moving and pre-eminent success. Happily, what she has written applies to all ranching in almost all ranch areas.

The girl was Betty, the man, her husband, John Carlton. The struggle against drought, low prices, mortgage on their cattle and the government's land policy which caused a painful time in reaching the day of established boundary.

Its game, 9-14, and won the A team game 15-9.

Mrs. Bob Smith took the cheerleaders to Hondo Friday afternoon and Mr. Henry R. Jackson took them Saturday.

We have started planning our Valentine party.

Two things kept them going. One, for the man, was a born instinct for stock raising, "so deeply ingrained that the industry is its own recompense." The other, for both, was a quiet and deep love that strengthened on hardship and flourished on the few and brief moments they could give to it.

They never had a honeymoon. The best trip we ever had was when we went to El Paso and stayed a week while my false teeth were being made," Betty said. But their love shines through the book and with the ranch they themselves built brought them happiness and contentment.

It is all there—the hard work, the humor, the parade of characters who came to do or for their remote ranch house, the angry tempers, the neighborliness, the disappointments, the goodness and the rewards of accomplishment by physical effort and dogged perseverance. Not a tale of blazing six guns and cattle rustlers and highly colored romantic episodes, but the story of every-day ranch life. Inevitably, "House of the Rancher" invites comparison with "The Egg and I."

Mrs. Neatherlin writes with frankness and great clarity and, as she acknowledges, with some complaint, but also, I like to think, with some understanding.

"House of the Rancher" is dedicated to her husband, Earl Neatherlin, who "has to raise cattle." About all I know, she said, I learned from a man, who learned it from a cow.

## ANDY SAYS—

We got some new hired help down at our yard—name of Jack Wood, old hand at the business who is on the job and ready to help you with the things you need in the building line. We're glad he showed up, for the weather is pretty now and people are beginning to think about fixing up for spring and summer. With him on the job, it'll give us more time to go fishing this year. Him and all the other hired hands down at the yard stand ready to help any way they can, remember.

Remember, That's the "Lumber Number!"

Johnny's all mixed up! His coat ruffled and twisted! Buttons all wrong!

Do you know what Johnny's trouble is? He got a bad start. He poked the first button in the wrong hole.

You see, that first button is all-important. Unless Johnny gets that one right, the other buttons will never follow in pattern.

Johnny's first years are all-important, too. Without the proper Christian training, Johnny will get all mixed up inside. He will learn bad habits, dishonesty, untruthfulness. His life will become sampled and twisted.

Bring your Johnny to Sunday School and Church. Help Johnny to a right start. The rest of his life will follow in the Christian pattern.

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the best of character and good citizenship. It is a shelter of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Letter to Ye Editor**

Ruidoso, New Mexico  
January 27, 1955  
Dear Vic:  
House Bill 54, which has been introduced in the Legislature which pertains to pari-mutuel wagering on horse racing; this bill proposes raising the State take from 1/2 of 1% to 1% " earmarked" County Salaries and Juvenile Court Funds.  
I am sure your legislators are interested in the aged people of New Mexico who are on the public welfare rolls. These cases are increasing daily and the funds are decreasing. May I suggest a way to help these people without being a burden on the taxpayers of New Mexico.  
Arizona and Colorado have legalized pari-mutuel wagering on horse racing. Colorado, the State gets 4% of the pari-mutuel handle; Arizona gets 5%. They also have legalized wagering on dog races which pays the States the same percentage. These States receive over a million dollars each year from horse and dog racing. In the 1953 Sessions of the Legislature, House Bill 118 was introduced which would have taken 5% of all money paid out to the winners of each race. This money was " earmarked" Old Age Assistance. This bill was pigeon-holed.  
In New Mexico in 1954, from the three race tracks, the pari-mutuel handle was \$1,000,000. The Ruidoso scores with 10 points. Roger Wolff of the Institute was high for the game.  
In the "B" contest the Warriors lost by only one point—29 to 28. Aster Riley led the Ruidoso scorers with 10 points. The Warriors played two teams away from home this week-end. Tonight they will be in Carrizozo and tomorrow in Hondo. In addition to the two high school games tonight, the Ruidoso 7-8th grade team will play St. Rita of Carrizozo in a preliminary contest which will start at 8:45.

mutual handle was approximately 10 million dollars. 4% of this handle would amount to \$400,000.00. With the Federal Government matching this money, it would boost this amount to over one million dollars per year.  
The State of New Mexico received 1/2 of 1% and \$50,000 per day for racing days. Practically all of this money is spent by the racing commission to see that the tracks are operated according to law. Horse racing was legalized in New Mexico in 1937. Since that date, over \$300,000,000 has been collected from this fund and \$50,000 a day for racing days. At the present time this fund has approximately \$9,000,000. (See State Treasurer for correct amount).  
For your information, the Legislative Council, Capital Building, Santa Fe, has secured from the racing secretaries of Arizona and Colorado the laws on horse and

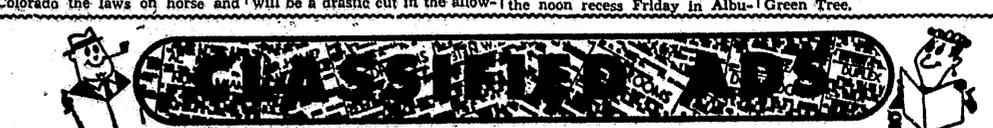

dog racing. If we are going to maintain legalized gambling on horse racing, the State should get a decent revenue. This increase certainly will not hurt the operators of these tracks as they take 15% out of every dollar bet besides the breakage, which is approximately 1/4 of a cent on each dollar. They also received \$1.00 per person for admission. Reserve seats and box seats come higher. Their concessions are very profitable.  
Now these old people don't have the money to hire professional lobbyists to come to Santa Fe in behalf of their cause. My honest opinion is every member of this present legislature should lobby for these old people and raise the State's take to 2% and " earmark" this fund to Public Welfare. The maximum allowance for these people is \$49.00 per month. According to the newspaper reports, there will be a drastic cut in the allow-

ance of these cases if the legislature doesn't find a way to raise additional money in taxes. This certainly would not be a burden on the taxpayers. It would not hurt the operators of these tracks as this sum would be deductible from their Federal and State income.  
These aged people would certainly appreciate your help and would like to see this Bill amended to read 4% of the pari-mutuel handle.  
Yours very truly,  
L. S. (Heavy) Drake  
Ex-State Representative for Lincoln County.

## Buzzin' Around Lincoln County

News Notes from Farms, Ranches, Oklahoma  
 By TRAVIS B. HICKS

**Learn to Spot Laying Layers**  
 A hen that doesn't "look right" is probably not "laying right." By keeping a watchful eye on the laying flock, poultrymen are able to pick out most of the non-layers. While this method of culling may not be quite as accurate as separating or keeping hens in individual cages, it's reliable enough so that experienced producers make few mistakes.

The laying hen is a drain on the flockowner's purse. Hens that cannot be brought back into production should be removed from the flock.

In actual practice, culling should begin when the chicks are taken from the incubator and should be continued as long as the birds live and make up part of the flock. It doesn't pay to waste equipment, money and time trying to keep inferior birds.

**Observe Differences**  
 There are definite physical characteristics and habits of hens that enable the experienced grower to pick out the layers from the non-layers. A good layer is more active, more alert and yet less flighty and more easily handled than a poor layer. Heavy layers are the first off the perch in the morning and the last on at night.

When not on the nest, a heavy layer is usually scratching or ranging in search of feed. A high-producing bird has a seldom satisfied appetite.

A hen that is laying has a large, moist vent showing a dilated, pliable condition in contrast to the puckered hardness of the vent of the non-laying hen. The pelvic bones of the laying hen move apart, there is usually a distance of 3 or 4 fingers between them.

The mid-December index of Prices Received for farm commodities by New Mexico farmers at 240 per cent of the 1910-1914 base is down 12 points from mid-November and 10 points below a year ago. The index of Prices Received for all farm commodities is the lowest reported since September 1948. Lower prices for cotton and most livestock was responsible for the drop in the Prices Received Index.

The local chapter of the American Red Cross is one of over 3,700 chapters throughout the United States serving people in time of need.

not to blame for laying layers, he should act at once to get rid of the guilty hens. There's no room in profitable flocks for hens that do not lay eggs.

The new social security law changes the rules for reporting household employees. Beginning January 1955, a domestic worker who is paid \$50 or more in cash wages by the same employer during a calendar quarter must be reported under social security. The number of days of work will no longer be considered. To get full information, ask the El Paso Social Security Office for Leaflet No. 5, "Facts for Household Workers."

Last year the Red Cross spent 40 percent of its budget for counseling, financial assistance, communications, and services in hospitals for American troops around the world, and for veterans.
