AROUND TOWN

—By Nosey Waters—

Bond Grocery in Hollywood is doing some remodeling. . . Patsy Cragg of psychology and Henry Hahn of professor of psychology at Eastern New Mexico U. Portales, were wed in a ceremony performed there Sunday. . .

Chas. A. Culver, Scoutmaster of Troop 59 here, reports his boys have had a busy summer, spending 154 boy days of nights in camps, qualifying for 51 merit badges, six being for Red Cross, swimming and life saving, and numerous class tests. He said they also worked 135 hours on civic and forest service activities. A good job well done, young men. . .

Rex Whiteley is aboard the USS Point Cruz, CVE 119, V-2 Division, and gets his mail out of the Fleet Postoffice, San Francisco. He's in Japan now, we hear. . .

Pharmacist Roy Baker is a grandfather, and posted out cigars Wednesday to celebrate, but when he popped in the News office he failed to leave a note about who and what and when. He left plenty of stogies, however. . .

Mrs. Aleen Glascock is employed as a teacher in El Paso schools this year. . . Bear took on a recent Sunday. . . On a report of Brown Air Service, flew four different groups of sightseers over the White Mountains and was able to show all four bunches a bear that was feeding in an open area near White Mountain Park center. The bear stood up as the plane flew over each time. Kiel Bonnell is working out some little pack mules. He prospected for bear in White Mountain Park country last week-end and said the little mules were ideal, "not near as much worry as the big ones." He reported the mules were lush in that area, since the July rains, and predicted we might have more snow than usual this winter. Visitors here recently reported sighting a bear in the vicinity of Nosey Water Lodge a few weeks ago. . .

A beautifully done oil painting of cowboys having some fun chasing antelope, and titled "Sport on the Range" is hanging at Fox Mercantile, Green Tree. Painted by Bert Judia this year, the oiltimer probably drew on some of his own memories for the scene. The painting is in the range like the cowboys pictured. . .

The Ruidoso News has received a letter to Santa Claus from Robert Vanderick which we are forwarding to the North. It seems his name in the North is "Bob." . . News release from State College on the N. M. A. & M. football team says: "Wally Ferguson from Capitan is back from last season and he played every spot in the backfield and looked good in all of them. He is a hard runner and a fair passer. . .

Amy Pavey, daughter of the Barton Paveys of Picacho, is enrolling in New Mexico A. & M. College this week and is majoring in languages. She wants to become a linguist as she may enter the diplomatic service through the State Department. . . We hear tell one horse race fan went home from last Sunday's card at the Downs about \$5,000 richer. Roy, did he pick'em? . . . The winner was a long shot of the day which paid \$200 to win, and he went on from there! . . .

Ercell Givens, Abertamy, Tex. banker and long-time Ruidoso booster, who is a beautiful catch up the Ruidoso, estimated almost 100 persons from his home town were in Ruidoso for Labor Day week-end. We counted about 50 in one section of the Downs grandstand. . .

Cheryl Lee is the name of the little girl adopted by Mr. and Mrs. James Tully of Glenrose last month. . . We enjoyed receiving from Bob Kaufmann, former Ruidoso teacher, a lengthy letter telling us of his travels in England recently. He sent photos and a map with his letter. He says he is to teach arithmetic this year in a new Junior High School in Dallas, Tex., just constructed. . .

Mr. and Mrs. Edd Amoret returned to Ruidoso this week from Los Alamos where they attended the state golf tournament. This is the 35th consecutive year Edd has attended. He's one of the association's two life members, the other being Arthur Fraser of Albuquerque. . .

EL PASO MAN TO PREACH
Dr. R. B. Fouts, El Paso, secretary of Christian Churches of New Mexico and Arizona, will be minister at Ruidoso's new First Church here in Palmers' Gateway Sunday, it has been announced. . .

HUGE THREE DAY CROWD POURS HALF A MILLION THRU MUTUEL MACHINES

Total For This Year Is \$4,284,868

An attendance roaring above 12,000 persons for Ruidoso Downs find three-day week-end climaxed on Labor Day Monday, saw a new high in pari-mutuel handle for 32 days of racing this season. More than half a million dollars was bet, 85% of it being returned to the bettors, as the machines totaled \$534,870 Saturday, Sunday and Monday.

Added to the previous 29 days' total, the 1955 season ended with an smashing four and a quarter million dollar figure, \$4,284,868, as compared with 1954's total of \$3,035,460, an increase of \$1,249,408—over half a million dollars above last year.

The average daily handle was \$133,911.50, an increase of over \$21,000 a day. Of the more than four million dollars wagered through the mutual windows here this year, \$3,663,062.80 was returned to the public in mutual payoffs. The balance was used to pay the horsemen's purses, wages and expenses at the Downs. A small percentage of the total handle can be marked as profit to the operators. Of which oil, and more tea, will be used for improvements next year.

Racing Secretary Virgil Bond said plans were in the making to ask for 34 days of racing in 1956, two more than this year. He said with the addition of new quarter-horse and thoroughbred maturing, and thoroughbred maturing, there will be a total of eight races having \$1,000 added purses, which should attract some of the best entries in the southwest again next season.

Of the five hundred horses that started at the racing, more than half at least one or more races. To the hard hitting War Tuck went the honor of being the top winner of races at the meeting. Five only four horses at the meeting won as many as four races while the balance of the winners were divided among the many one through and quarter horses started at the Downs. A total of 17 horses were claimed at the meeting. Results of the closing week-end follow.

Warriors Open Grid War Today Against Roswell

The Ruidoso Warriors open their 1955 football season here this afternoon (Friday) with Roswell as the opponents. Kickoff on the beautiful new blue grass field of the Warriors is set for 1:30.

Coach Cy Leland, early this week, announced the following probable starting lineup: Left end, Charley Hall; left tackle, Jovan Donathan; left guard, Dale Wilson; center, Bill Easley; right guard, Pat Rooney; right tackle, Ronnie Chastain; right end, Bobby Watkins; quarterback, Ronnie Perry; left half, Nyles Lacker; right half, Bob Flor, and fullback, Bing Morales.

Letterman Jim Wilson will see early action in the backfield and will be on the starting defensive lineup. He will also do the kicking off. Royce Lacey will replace Easley when the Warriors are on offense. Hall and Perry will alternate at the left end and quarterback positions. Captain Lacey will call the signals in the huddle. Hall and Jim Wilson will hold down the punting chores. Barry Swanson and Billy Goodson will replace Rooney and Easley when the Warriors kick off. Both are scheduled to see action on defense. Swanson, a 165-pound transfer from Key West, Florida, is the number one replacement in the line.

Max Jones, Frank Odell and several other promising reserves should also see considerable action, according to Coach Cy Leland.

The Warriors have been working twice a day since Aug. 18 getting ready for this first contest. Single drills began Tuesday when school opened. Ken Newton, Junior High teacher and coach, joined the Warriors in the following Friday. Monday practice will be held at the Warriors field this year. In addition to the luxuriant growth on the field, new bleachers have been installed on the North side of the gridiron and the scoreboard. The bleachers have been erected behind them facing the South stands. Additional speakers have been loaned by Virgil Bond of Ruidoso Downs and he will announce the first game.

A six-inch grass trimmer was donated by Ralph Seibert to cut a path for the grid lines. Leland stated that the marking material to be used this year is a special non-injurious material containing no lime, obtained from Cleburne, Texas.

White jerseys of light weight material have been provided for the Warriors to wear in the first two afternoon games in September. Leland said the boys should perform better in these light weight jerseys during hot weather and that they would switch to their blue ones for cooler weather.

He also stated that the athletic staff and all of the players are particularly appreciative of the splendid cooperation of merchants and individuals who took part in the purchase of the new program advertising campaign.

STICKERS AVAILABLE FOR STORES CLOSING; PARKING AREA OUTLINED
Many store owners in the Ruidoso area have already indicated that they will close for the four game games of the Warriors. Window stickers indicating the dates and times the stores will be closed are available. Athletic Director Cy Leland stated that anyone who has been missed in the distribution of these stickers may have one prepared if he will call the High School.

Leland also urged the fans to park on the upper level of the field and walk down to their seats in order to relieve the traffic congestion adjacent to the field itself.

Pioneer Ruidoso Summer Visitor Buried At Lubbock
Funeral services for Walter M. Scott, 70, Anglo and Ruidoso, were held at 10 a. m. Saturday in Ford Memorial Chapel of the First Baptist Church in Lubbock.

Rev. Walter Brian, Ruidoso, officiated, assisted by the Rev. W. F. Ferguson of Lubbock, and Dr. J. Ralph Grant, Ruidoso.

Burial was in Tech Memorial Park under direction of McDonald Funeral Home. Nephews served as pallbearers.

Scott died at 9:45 a. m. Thursday in Methodist Hospital, where he had been a patient six days. He had been in ill health about three years.

A native of Georgia, Scott came to Texas as a child. He entered the oil business in Wichita Falls and came to Snyder as a rancher in 1918. He moved to Ruidoso in 1945, when he retired. The gun was moved to Lubbock and the son-in-law, O. D. McCoy, 1724 30th St., Lubbock, has been manager and co-owner of the gun since that time.

Survivors include his wife, a daughter, Mrs. O. D. McCoy, Lubbock; a son, J. D. Scott, Snyder; three grandchildren, including Dr. W. D. McCoy and Mrs. Bill McCoy of Lubbock, and four great grandchildren, all of Lubbock.

Scott owned a summer home in Ruidoso and came here each year with his wife for many years. He was active in the local Baptist Church and attended the Ruidoso Chapter No. 69 of the Order of the Eastern Star.

Scott was married to Leola Tinsley at Garland Dec. 30, 1900, and the couple was to have observed a 55th wedding anniversary in December this year.

On his return to San Angelo this fall, Scott was to have been honored with the gift of a gun signifying he had been a Mason for 59 years.

Juan Montes Gets Top Price For Apples At Hondo Plant
The weekly fruit growers' meeting Tuesday evening, last week at Hondo, H. E. Bauer reported on the packed house operation since it opened August 22. He said the problem now is getting enough apples to supply the demand. Prices received by the growers were \$4.75 for No. 1 boxes of apples and \$2.25 per lug of pears.

The highest price received by any grower for his orchard run apples was Juan Montes when he averaged \$4.45 on a small lot of clean fruit. Most growers are averaging over \$3.00 per box, which is especially good considering the hail damage.

John Durkin spoke to the group about orchard pest control and emphasized the need of cooperation between growers and good orchard sanitation the year round.

Plans are to have a fruit growers' meeting every Tuesday night during the packing season.

Coy Maripon and W. A. Hart plan a trip to Lubbock this week-end.

Lincoln County Grid War Explodes Today With Four Teams In Action

(By JIM LAMM)
Warriors Open Here; League Play Starts

Opening date for most New Mexico high school football teams finds all four Lincoln County teams looking for opening game victories.

A heavy Ruidoso squad hosts traditional opening game foe, the Roswell high school team. Game time for the first clash of the season is 1:30 p. m. on the school athletic field.

Three other Lincoln County teams open today, and highlight game of the day is the conference battle between the Carrizozo Grizzlies and the Captain Tigers in Carrizozo tonight. An experienced Corona squad welcomes neighboring Mountainair. This is the first year all four county teams have appeared in the same conference.

Ruidoso Favored

With just five lettermen back from last year, the Ruidoso Warriors are still favored over the visiting Roswell team. Last year's

Warrior team rolled over the Roswell team 53 to 0 in Roswell. Ruidoso is loaded with talent and a heavy team. Coaches Cy Leland Jr. and Ralph McGilley report they plan to field a team that averages well over 160 pounds. The Warrior forward wall should weigh in at 174 pounds average, 174 pounds average.

Carrizozo, Captain Meet

Grizzly coach Ken Willis can count on 17 returning lettermen when Captain visits Carrizozo's home grounds tonight. Last year the Grizzlies pounced on the Tigers to win their first grid victory in history from Captain. However, Coach Duane Dargatz's Tigers are rated as a much better team than last year's 12 to 6 squeaker to the Grizzlies last fall.

Willis reports that he will exhibit a team weighing over 165 pounds. From tackle to tackle the line will average 180 pounds. The Grizzlies sport a 227 behemoth at center and tackle in the person of David Mirabal. Mirabal will prob-

Bummin' Around

Track Talk From Ruidoso Downs

By VIRGIL BOND

A sleek chestnut gelding by the name of Bull Hunt thundered to a new track record in the closing moments of a cool Monday evening and the 1955 racing season at Ruidoso Downs was over. Over, but not forgotten. Not forgotten by the many fine horsemen who made the races possible and who ended up with the highest purse average in the history of the track. Not forgotten by the riders who made more money this year than in any year during the nine years of operation. Not forgotten by the many fine people who are in business in Ruidoso, Hollywood, Green Tree and other surrounding towns. Not forgotten by the hundreds of fine racing fans who have jammed their way into Ruidoso Downs.

ably drop his weight to just over 210. Willis expects to resort to the two platoon system and indicates he has enough talent to make it work effectively.

The game tonight should be a definite indication of the final standings in the conference war. Winner of the battle will probably finish first or second and loser is slated for the bottom of the pile.

Introducing Corona

Coach S. J. Earles' Corona team is making its debut in the conference this year and can rely on 12 returning lettermen for experienced power. Earles lost most of his starting 11 through graduation but his lettermen picked up enough experience to make them definite threats for the conference crown. The Corona-Ruidoso battle Oct. 21 will probably decide Conference champ.

dozo Downs to make this the greatest racing season in the history of the Downs. Not forgotten by those of us who have worked here during the season. Del Moyer, clerk of the scales and custodian (I meant to spell it just that way) of the cut out book. John Hynd, keeper of the star list who ended up with only a few gripes for the season. John Phillips, who probably broke a record for writing rulings, but who has yet to write one that was not deserved. Clayton Hunt, Popeye to his friends, of which he has more than a few. The yachts who have worked so hard and long through out the season. To the little gal by the name of Jones who took the calls for the Racing Form and made less errors than any one ever has in the past. To Mr. Pierce's little daughter who, in spite of feeling rather blue some mornings, has done a fine job. No, they haven't forgotten the 1955 racing season, and I, for one, hope they won't for a long time to come. This was my eighth year at Ruidoso Downs. I hope that I will be back again next year. The happiest years of my life have been spent in the town of Tall Texans and tall pine trees and it has been one of the nicest privileges I have ever been afforded. That of working with and for the fine bunch I have mentioned and for Ruidoso Downs.

And now, as the cool winds begin to blow again from the North, and the doors of the empty stalls swing to and fro in the wind, I realize once again that we have come to a parting of the ways. It has been a good year. Sure there has been gripes. Plenty of them. And there has been publicity that was bad and that hurt. There are plenty of people who don't believe in racing. There are plenty of people who don't believe in anything that other folks believe in. We don't take sides or speak

PAGE FOUR

Ruidoso News Friday, September 9, 1955

against those people. They are entitled to their belief and their view. But this I do know: The world is full of people and this is the only country in the world where the people can do and say what they please and without fear of reprimand. When we lose that privilege, we lose our way of American life. Our entire heritage is based on the fact that we have always tended to our own life and let other people's alone. People trying to tell other people what to do has caused all the wars in history. Be that as it may, I want to say again it has been a good year. You have been a fine bunch and thanks to each and every one of you for listening to my gripes and reading my mutterings—this time I won't say adios but rather hasta la vista, which, in a way, means the same thing.

Mr. and Mrs. Wesley Hutchinson, Los Angeles, visited the Jim and Gerald Tullys this week. Mr. Hutchinson is a brother of the two Mrs. Tullys.

Miss Jane Rooney of Ft. Stockton, Tex., visited the Bernard Rooneys here early this week.

Eunice Beats Tularosa 27-6

In Opening Game

The Eunice Cardinals spoiled the home football opener of the Tularosa High School Wildcats at Tularosa Friday night, scoring a touchdown in each quarter to win, 27-6.

The Cardinals, who outweighed the Wildcats by 28 pounds per man, gained 361 yards rushing and added 10 more on one completed pass, while the Wildcats were picking up only 140 rushing yards and 23 more on two pass completions. Eunice had 17 first downs to Tularosa's 10.

Olen Anderson scored the first touchdown on an 18-yard-off-tackle smash. Harry Gruber scored the second and third, on a 16-yard quarterback sneak and a five-yard off-tackle thrust. The final Eunice touchdown came on a one-yard plunge through center by Ray Wallach. James Wingle kicked three extra points.

The only Tularosa touchdown came in the fourth period when Angel Provicino intercepted a pass and returned 95 yards.

Dr. Carl J. Wieland of Austin, Tex., who recently bought property here near Cree Meadows golf course for a future home site, has just returned here from a vacation tour of several western states. "Everywhere I went, it was so hot I advertised Ruidoso's perfect summer time climate," he said. He will return to Austin late this month.

Mr. and Mrs. B. F. Arnold have returned to their home in Roswell after a visit here this summer.

BEER BELONGS ... with tempting hard-to-get Southwestern recipes!

FRIJOLE

1 cup of pinto beans
1 bean shell

4 red chili pods
2 tablespoons of lard

1/2 cup of olive oil
1/2 cup of water

The bean shell and the pods of pepper may be omitted, if less pungent frijoles are desired. But you are advised to try both ways of preparing in cold water overnight, to see whether the shell and seeds are tender. When ready, drain water off into a bowl and keep hot. To the drained beans add the lard, stirring till the lard melts and thoroughly soaking but not washing the beans, add chili and pour water back into the beans. Boil at least 15 minutes after this treatment.

NOTE: Peppers and meat may be omitted but not the last 15-minute process.

Why is it that all summer long
Junior's been up at the crack of dawn,
Rousing a household that could stay abed,
With shouts and yells that would raise the dead?
And now that school bells start to ring,
You can't pry him out with anything,
The family that should rise and shine,
Finds its "alarm clock" sleeps 'til nine.

Why is it that all summer through,
Mother has sewed and baked and brewed
Whenever she had Junior tuned to a low roar,
She prayed that school would start once more?
But now that Junior's off to school,
Peace and quiet once more rule,
Mother's disturbed by the lack of noise,
And wishes once more for her healthy boys.

SCHOOL BANDS, FLOATS TO BE FEATURED IN ROSWELL FAIR PARADE

Roswell (Spl.)—Workmen are rushing to completion enlargement of the livestock barns at Eastern New Mexico State Fair, which starts Tuesday, Sept. 13. Livestock facilities were crowded to capacity last year, and advance entries by exhibitors indicate the enlarged facilities will again be taxed. The earlier dates this year avoid conflicts with fairs in other states particularly for livestock exhibitors.

A dozen school bands, floats from organizations, communities and commercial houses will feature the opening day parade Sept. 13. The fair closes Saturday night, Sept. 17.

Better light means a better student!

Good study lighting reduces eyestrain and fatigue... aids concentration... helps make homework easier. Here are five easy steps to better study lighting:

1. Select a table lamp tall enough to light entire work area. Lower edge of shade should be 15" from desk top.
2. Shade should be 16" in diameter and should be light in color, but not too transparent.
3. Use a 150-watt bulb with a diffusing bowl to soften the light. (If lamp has no diffusing bowl, use a 150-watt white indirect bulb which has its own built-in diffuser.)
4. Place lamp 15 inches to left of work center and 12 inches from front of desk.
5. Cover desk with a large pastel blotter to absorb indirect glare—and place desk against a light-colored wall to reflect more light on the work.

See your lighting equipment dealer or come by our office for the lamps and right-sized bulbs you need for better light for home study.

ON THE BEAM!

Against the fantastic setting of a parabolic microwave antenna, Army Corporal Michael Schmidt of Chicago, Ill., studies at the Signal School, Fort Monmouth, N. J. The Army's "Reserved for You" program guarantees class enrollment in more than 100 course courses to qualified young men before they enlist. Since the program has been initiated, more than 54,000 enlistees have begun technical training in everything from atomic weapons and automotive repair to photography and visa maintenance. A 48-page school catalog, "Reserved for You," describes the technical courses open to enlistees. U. S. Army recruiting stations have copies for distribution at no charge.

TRUCOLOR DRAMA MADE IN FLORIDA

Lin McCarthy, Stephen Courtleigh, Berry Kroeger and Harold Gordon are featured in "Yellowneck," Empire Studios initial production which includes in its cast Bill Mason, an untried young actor, Al Tomez, Jose Billie and Roy Osceola, all three of whom portray Seminole. The ite public presentation shows for the last time tonight (Friday) at the Pueblo theatre, bringing to local audiences a stark drama of five decades from the Confederate ranks, and tracing their journey through the perilous Everglade country as they slug toward the sea. They have made arrangements with a half-breed guide to traverse the hazardous section and meet a British blockade runner, which is to take them to Cuba and safety. But their guide is killed before the journey starts, and the men can neither return to their point of origin, nor take a safe way to reach their destination. They are definitely on their own in a region filled with quicksand, snakes, murderous animals, torrential storms, and hostile Seminoles. The tense drama was made in the heart of the Florida Everglades in Trucolor. Billie Ruth Simpson, daughter of Mrs. Lolee Chubbuck, is now working in the finance office of Holloman Air Development Center and is living in La Luz.

Don't Forget To Give Salvation Army Donation This Week

(Editor's Note: This is the final of a series of articles the Ruidoso News has been printing concerning the work of the Salvation Army, which at present is conducting a direct by mail solicitation of people of this area for a \$750 goal for rural service work. If you received a letter from the local committee, headed by Zach Collier, and have not yet sent in your donation, you are urged to do so this week—the final week of the campaign by mail. Personal solicitation may be made after this week if the goal is not reached through mailing letters to some 600 families in the region. Collier has indicated.)

Primary Objective?—Others!
It is altogether fitting that public notice of the Salvation Army be taken for the record of this organization as a force for good, and as a vehicle for devoted, selfless generosity to those in need is inspiring indeed. There are few American servicemen who do not recall with gratitude the work of the "ladies" and the men officers of The Salvation Army. Where possible in all theatres of military activity they brought refreshment, kindness, cheer and comfort to the fighting men. What they had to give they gave freely. Just so, in the civilian world, does The Salvation Army give to those in need—without reference to creed or color. No set of statistics can encompass this story of service to deserted families, to underprivileged mothers and children, to the sick and the aged, to unwed mothers, to all of those who, in the creed of The Salvation Army worker, "may be down, but may never be out." Many years ago when he was nearing his life's end, General William Booth, founder of The Salvation Army, was asked for a statement in which he would emphasize the primary objectives of the organization. He gave his response in a cable to Salvation Army leaders all around the world. His message, consisted of one word—"Others!" All of us salute, in gratitude and admiration, the organization whose continuing and energetic devotion has eased the burdens of so many.

Farmer's wife: "This the drug-gist?"
"Yes, Ma'am."
"Well, be sure and write plain on them labels which is for the horse and which is for my husband. I don't want nothin' to happen to that horse before spring plowin'."
—
Paying off the little old lady, the bookie asked how she picked the high rolling winner.
"Oh, I just closed my eyes and stuck a pin in the paper."
"How about yesterday?" he inquired. "You had four winners."
The little old lady meekly replied: "Well, to tell the truth, I used a fork."
—
A traveling salesman ran out of gas one evening on a lonely road and asked at the only farmhouse in sight. "Can you put me up for the night?"
"I reckon I can," said the farmer. "If you don't mind sharing a room with my young son."
"Good heavens," gasped the salesman. "I'm in the wrong joke."
—
When the pastor of a small church finished his sermon, he gave a few minutes to one of his brothers to say a few words on his pet subject—prohibition.
"Brethren," said the prohibitionist, "if I had all the whiskey, brandy and champagne in the world, I would fill it all in the river."
He sat down, and in the pause that followed, the parson, himself an enemy of prohibition, arose and announced: "We now will join in singing Hymn 157 'Shall We Gather at the River?'"
—
"I sure am tired of having babies," the woman complained. "Then why don't you stop?" someone asked.
"It's the only way I know to keep the youngest from being spoiled," explained the woman.
—
Dudley: "Do you have any objection to a whiskey-and-soda at my apartment before I take you home?"
She: "I've never had one before."
Dud: "What! Never had a whiskey-and-soda?"
She: "No, no. Never had an objection."

of Old Lincoln County. The first
was made by Dr. Harvey L. John-

erated the old hotel, saloon, and
livery stable across the street from
the Courthouse. His father had
previously been in the freighting
business, and Dr. Johnson had
several tales of his father's to pass
on, regarding occasional chance
meetings with Billy the Kid dur-
ing his freight runs between Las
Vegas, N. M., and White Oaks.
The other tape was made by Mr.
F. Richardson, now of San An-

The 10 Commandments
of Safety

- 1 Treat every gun with the respect due a loaded gun. This is the first rule of gun safety.
- 2 Guns carried into camp or home, or when otherwise not in use, must always be unloaded, and taken down or have actions open; guns always should be carried in cases to the shooting area.
- 3 Always be sure barrel and action are clear of obstructions, and that you have only ammunition of the proper size for the gun you are carrying. Remove oil and grease from chamber before firing.
- 4 Always carry your gun so that you can control the direction of the muzzle, even if you stumble; keep the safety on until you are ready to shoot.
- 5 Be sure of your target before you pull the trigger; know the identifying features of the game you intend to hunt.
- 6 Never point a gun at anything you do not want to shoot; avoid all horseplay while handling a gun.
- 7 Unattended guns should be unloaded; guns and ammunition should be stored separately beyond reach of children and careless adults.
- 8 Never climb a tree or fence or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.
- 9 Never shoot a bullet at a flat, hard surface or the face of water; when at target practice, be sure your back stop is adequate.
- 10 Avoid alcoholic drinks before or during shooting.

New Mexico's New Traffic Law,
To Become Effective On Oct. 1
Motor Vehicle Responsibility Act,

Motorists of New Mexico are
warned by Tony Lucero, Commis-
sioner of Motor Vehicles, they
should begin preparing now to
meet the requirements of the
state's new Motor Vehicle Safety
Responsibility Law, which goes
into effect Oct. 1.

Pointing out the new law will
prove of great benefit to law-abid-
ing motorists as well as pedes-
trians, but will penalize careless
owners and drivers, Commission-
er Lucero cited at the outset the
following points vehicle owners
and operators should keep in mind:
"This law can take away your
motoring privileges in 60 days if
you are involved in an accident
and fail to furnish proof of your
ability to meet damage claims up
to \$11,000. It can take you off
the highways permanently if you
are a chronic accident repeater. It
seeks to protect the careful, law-
respecting motorists, who are in
the great majority, against the
reckless, law-dodging motorists,
who are in the minority," Lucero
said.

Commissioner Lucero's state-
ment opened a program of public
education about the law which the
Division of Motor Vehicles will
conduct during September. He
urged motorists to go immedi-
ately to their gasoline service station
and ask for an official leaflet that
has been issued by the Division
of Motor Vehicles. It is free, he
said, and in less than five minutes
reading time will give motorists
much essential information about
the new law.

Also, he urged motorists to read
their local newspapers and listen
to their radio station for special
items which, he declared, will ex-
plain major features of the law in
greater detail than is possible
through other media during the
month.

Under the law, beginning Oc-
tober 1, owners and operators who
are involved in accidents that re-
sult in the death or injury of a
person, or property damage ex-
ceeding \$100, must furnish proof
of their ability to meet damage
claims up to \$11,000 within 60
days or surrender their driving
permit and registration plates for
all vehicles owned by them. Such
suspension will remain in force
until payment is made or a court
or all other persons involved de-
clares the motorist not to be liable.
Commissioner Lucero empha-
sized that this is not a compulsory
automobile insurance law. He said,
however, that the law accepts au-
tomobile liability insurance auto-
matically as proof of ability to
meet damage claims if it is writ-
ten in amounts of \$5,000 for death

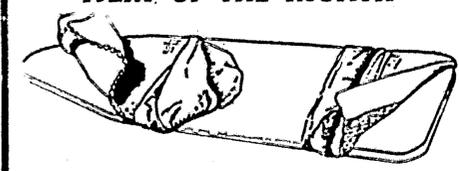

or injury to one person, \$10,000
for death or injury to two or more
persons in one accident, and \$1,
000 for property damage. Unin-
sured motorists may post a bond
or deposit collateral as proof of
their financial responsibility, with
suspension as the penalty for fail-
ure.
In conclusion, Commissioner
Lucero said:
"Drive safely always. Don't fail
to file a complete official report
upon involvement in an accident.
Decide now how you are going to
protect your motoring privileges
under the new law, in the unfor-
tunate event that you are involved
in an accident on or after October
1."

It is a wise father who takes time out now
and then to be chummy with his boy and to
participate in his sports. The lad in the
picture beams his pleasure as his dad prepares
to "pitch him a few."
The bond of companionship between a good
father and his son is one of the most helpful
influences that can come into the life of a
boy. Boys who enjoy such companionship
seldom go astray.
What a striking contrast we observe in the
other picture! Guilt and fear are written on
the face of the boy with the stolen fruit.
It is started on the long and painful road
that leads to disaster.
Juvenile delinquency is one of the great
social problems of our time. Unwholesome
influences are abroad in the world to lead
children astray. Without parental guidance,
many of them drift into evil ways.
Parents need the help of God and the
counsel of the Church in meeting this
responsibility.

New Mexico To Ballot September 20 On Six Constitutional Amendments

(Editor's Note: Jack Holmes, director of the state's Legislative Council Service since 1951, is perhaps more familiar than any other person in the state with constitutional amendments facing the people of New Mexico Sept. 20 for their approval or rejection. Holmes has written the following summary of each proposed amendment.)

By JACK HOLMES
New Mexicans go to the polls Sept. 20 to face decision on six constitutional amendments affecting each citizen of the state.

The amendments concern legislative reapportionment, absentee voting, financial control of the Highway Department, names and control of penal and health institutions and last, but perhaps most important, public utility regulation.

All of the proposed amendments, except the one on absentee balloting, will require a simple majority of those voting for passage. The latter will need the approval of at least three-fourths of those voting in the state and at least two-thirds of those voting in each county.

Looking from the inside out, here is the way each of the amendments appears objectively in the light of background and proposed changes.

Amendment 1 - Legislative Reapportionment
Amendment 1 increases membership in the House of Representatives from 39 to 60 members. It also eliminates all one-district or multi-county districts and it provides that each county shall have at least one member.

Thirteen counties which gain membership are: Bernalillo, De Baca, Dona Ana, Grant, Hidalgo, Mora, San Arriba, Roosevelt, San Miguel, Torrance and Valencia, but all except Mora give a simple majority.

The proposed amendment provides that "the Legislature may not have providing for the voting of qualified electors absent from their places of residence on the way of an election."

Amendment 2

Highway Department Control
The amendment adopted in 1949 establishing the Highway Commission as an independent constitutional body has been construed to give the commission complete control of finances as well as "all matter of policy relating to the design, construction, location and maintenance of state highways and public roads." Consequently, neither the executive nor legislative departments can review or change departmental financial policy.

The language inserted by this amendment provides that the commission "shall have charge, subject to such regulation as may hereafter be provided by law, of all matters pertaining to the expenditure of highway funds."

If the amendment is adopted, the Legislature can provide, for example, that all budgets of the department will go through the same controls as other departments. It is unlikely under the amendment that legislative power could be extended to other policy matters such as "design, construction, location and maintenance" of roads.

Amendments 4-5 Names and Control of Penal and Health Institutions

Amendment 4 refers to the four institutions named in Article XIV and provides that "each of such said institutions shall be under such control and management as may be provided by law." Amendment 5 makes the same provisions with regard to the control and management of the institutions and sets out corrected and modernized versions of their names as well. The institutions to be named for are: the State Penitentiary, the State Hospital at Raton, the New Mexico State Hospital at Las Vegas and the New Mexico Boys' School at Springer.

The principal effect of the amendments is to delete from the Constitution provisions concerning the membership, size, and makeup of the four boards concerned. Future arrangements for the governing of the agencies will then be up to the Legislature.

Amendment 6 Public Utility Regulation
Amendment 6 repeals 15 sections of Article XI relating to the State Corporation Commission and reduces the length of the article from more than 3,000 words to some 320 at present. New Mexico, Oklahoma and Virginia have the longest articles of this nature in any of the states. The three sections of the article relating to the public utility regulation in New Mexico, current demand and the regulation of corporations are retained and unchanged.

The amendment provides that the members of the corporation commission who are to be elected in a manner provided by law. It also gives the Legislature the authority to enact laws to define, regulate and control public utilities.

ROTARIANS HEAR AMENDMENTS TALKED

Proposed amendments to the state constitution, to be voted on by New Mexico voters Sept. 20 were discussed by Rotarians in their noon luncheon session Tuesday this week. Other business included a donation of \$21 to be sent to the Putnam, Conn. Rotary Club for use in flood relief; a vote of thanks to the Boy Scouts for their traffic count report and the urgent need for notifying the highway department of the necessity of a sign at the end of pavement on the newly paved State Road 37 beyond Aldo. Visitors included Temple Wallace, Ruidoso; Jim Clarke, Webo, Tex.; Paul Scholz, San Antonio; Earl Vandervoort, East Sweetwater, Tex.; and Fritz Heubron, Alamogordo.

Louis Spain and wife, one-time operators of the Ruidoso News, were here from El Paso last weekend.

The utility regulation in New Mexico. The amendment grew out of a study by a legislative interim committee on public utilities.

The amendment provides that the members of the corporation commission who are to be elected in a manner provided by law. It also gives the Legislature the authority to enact laws to define, regulate and control public utilities.

The amendment repeals 15 sections of Article XI relating to the State Corporation Commission and reduces the length of the article from more than 3,000 words to some 320 at present. New Mexico, Oklahoma and Virginia have the longest articles of this nature in any of the states. The three sections of the article relating to the public utility regulation in New Mexico, current demand and the regulation of corporations are retained and unchanged.

Letter to Ye Editor

Mescalero, N. Mex.
Sept. 5, 1955

Editor, The Ruidoso News
Ruidoso, N. Mex.

Dear Sir:

Since Carrizo is so near Ruidoso, you might be interested in an incident which occurred Saturday, The Wilbur Conley family is quartered in the government house there. Mr. Conley is employed at the agency. While they were gone, their house was ransacked and looted. Unexpected guests Saturday afternoon surprised three small Indian children carrying away loot. I shall not attempt to go into details but if you are interested maybe you will contact the Conleys.

This is only one of a series of break-ins on the reservation in which disciplinary action has not been exercised. The sheriff's office refused to act, and the FBI declined to come. The administration punishes the Indian wrongdoer and the Indian police have little or no power.

Since my husband is employed by the agency, you will not use my name.

There is a tense feeling on the reservation, and people are afraid to leave homes unattended.

You may note the above anything as to do with the matter, but since Ruidoso joins the reservation, we thought you might be interested.

Yours truly,
(Name withheld.)

To the Publisher
of the Ruidoso News,
Ruidoso, N. M.

Dear Sir: This place to get information is from the newspaper, as there we would like some information, I'm writing to you. I am enclosing a dollar for which please send me as many copies of your paper as it will buy. I could like one each week for the next four or five weeks, whichever paper would have the best circulation. Let me know how much the expense is and I will send more money. Let's say the dollar is evidence of good faith.

We hope to move to Ruidoso in the next few weeks, to attend the rest of our lives. We hope to have some sort of business, such as a tourist lodge, restaurant or tourist home, or to rent a house if there are no living quarters connected with the business. The business would need to be small for a couple of old people.

Hondo School News

Schools Show Continued Growth
With an enrollment of 112 in the high school and 255 in the grade schools, the Hondo Valley Schools continue to show an increase in enrollment. The prospects of 26 graduates in 1956 forecasts the largest graduation class in the history of the school, and if the trend of the present high school enrollment continues, an additional instructor will be added next year. This will bring the instructional staff to a total of ten.

State of New Mexico
Office of the Secretary of State
Santa Fe, New Mexico
September 1, 1955
Special Election Memorandum No. 3, 1955

To All County Clerks—
You are hereby notified that both of the absentee voting laws enacted earlier this year by the 22nd Legislature—Chaps. 204 and 256, New Mexico laws of 1955—have been held by the Attorney General to be unconstitutional and, therefore, null and void.

As of August 30, 1955, the Attorney General wrote this office in part as follows: "It is our opinion that New Mexico has no valid legislation providing for the casting of absentee ballots by military personnel or anyone else."

This, it appears that until the State Constitution is appropriately amended by vote of the people, New Mexico still has no provision for balloting in absentia.

If Constitutional Amendment No. 2, to be decided at the special State election of September 20, 1955, is approved by three-fourths of the electors voting in the whole State, and by no less than two-thirds in every county, absentee voting will thereafter be possible in New Mexico.

Sincerely,
NATALIE DUCK SMITH
Secretary of State

Department Work in Grades
Running ahead of the building operations of the new gymnasium and grade school are now scheduled for completion until mid-October, departmentalized instruction has already gone into operation in the Phecho, Tinnie, and Hondo Grade Schools, from the fourth through the eighth, Barton Phecho is the Director of Music in the grades and has charge of social studies. Other departmentalized instructors were announced in an earlier news article.

When the Telephone System
When the telephone system goes into operation all of the schools in the system will be equipped with telephone communications. There will be an extension phone from the new grade school to the principal's office in the high school.

High School Curriculum
Comparable with State's Best
It is possible to choose from three courses, offered in high school—the basic college preparatory course, the general course, and the commercial course. All of these require sixteen units for graduation, fifteen of which must be solid subjects. (Non-solid subjects are those such as physical education, band, chorus, or orchestra.) Future plans for curriculum development on the college preparatory level include the addition of another foreign language and additional courses in mathematics and science.

Courses and Credits Explained
Basic college preparatory course: English, 4 units; World History, 1 unit; U. S. History, 1 unit; Laboratory Science, 1 unit (above general science); Mathematics, 3 units (above general math); Foreign Language, 3 units; Physical Education, 1 unit (1/2 optional); Physical education credit, 1 credit (per semester); Electives, 3 1/2 units, total, 16 units.

HONDO ANNUAL STAFF VISITS IN RUIDOSO
Members of the Hondo high school staff were in Ruidoso on Thursday, Sept. 8, for a visit to the Ruidoso High School. The annual will appear at the end of this paper.

Historian Checks Old Photographs At Lincoln Museum

A collection of old photographs at the Old Lincoln County Courthouse Museum, begun by former Gov. George Curry, and known as the Curry Collection, was of invaluable help recently to the official historian of the famous Rough Riders, Mr. Chris Emmett, author of the book, "Shanghaï Fearless" and other works on Southwestern figures, has been commissioned to do a pictorial history of the Rough Riders; and while searching through records at the Museum of New Mexico Library, he read of the Curry Collection of photographs.

He was very much pleased to find at the Lincoln Museum, 18 photographs of Rough Riders, and scenes from reunions and encampments, which he had been looking for for some time. The photos had been collected by Governor Curry while he was State Historian in residence at the Old Courthouse, and have been kept in the Museum's archives even though they do not all relate to the history of Old Lincoln County.

The photos will be copied by Mr. Emmett and returned to the Museum.

DO YOU KNOW —BY JINGO—

That old Jingo got so busy for a few weeks she couldn't "reese around" in other people's business. Now that the crowd has all gone, we shall all settle down to normal living and, Do You Know, I like it better. Think by next week I can find out a few things about things in general and start my gossip column. In the meantime, if any of you know something interesting about anyone, send it to me, in care of Ruidoso News and I'll see that it is in the column. That's all for now. See you at the football game, "By Jingo!"

The Ray Dill family has returned to Los Cruces after spending most of the summer here.

Residents Of County Are Asked To Aid Flood Disaster Victims

Taking its part in the nationwide appeal for help to the victims of the disastrous floods in the East, the Lincoln County Chapter, American Red Cross, last week sent a check from its treasury for \$110, to Disaster Relief Headquarters, American Red Cross. In response to President Eisenhower's appeal for Red Cross aid to people who were left homeless and who have suffered from exposure, the National Red Cross assigned quotas to chapters throughout the country.

The Lincoln County Chapter's initial contribution to the flood emergency appeal, represents a rock bottom quota. The Chapter invites individual contributions to this emergency fund. All money contributed for flood relief is earmarked for such use, and will be used directly in the shelter and feeding of flood victims, and in the rehabilitation of families. Red Cross aid to families who request help is determined on the basis of need rather than on the extent of loss. Any money given a disaster-wrecked family is an outright grant, and does not have to be repaid.

Mrs. John Boylan, Chapter Chairman in Lincoln County, urged individual support of the emergency call for funds.

Checks for flood relief can be made payable to the American Red Cross, and sent directly to Marvin Roberts, Treasurer, Lincoln County Chapter, American Red Cross, Carrizozo, N. M.
