-By Nosev Waters-

When Mrs. Millie Hawkins came by to tell us of the Beta Sigma
Phi Exemplar Chapter bake sale
this Saturday in the American Legion hall, her daughter whispered
"Don't forget about the ad." It
seems she was reminding her mother that she wanted an ad printed about wanting to buy a 24-inch bicycle. She's saving pennies for same. Do you know one available? ... Now, dad blast it, let's get this straight; It's Mary L.

Davis, NOT Mary L. Parker, who does the paintings we were speak-ing of last week on display and on sale at Poggy's Plaque Jewelry store. Mrs. Davis says the fishing has been pretty good—she's an old hand at it, and that the game warden tells her some more will be planted in the Ruldoso this week.

... We're a little late missing this week. (Bill Hart calls us the Ruidoso Snooze) but not long ago he finished a perfume bar at Hart's Drug that is like nothing you see anywhere west of Nelman-Marcus in Dallas. It is of wrought iron and glass, built in a circular form, and is topped with an electrical atom-Izer which sprays a tiny fountain of water while it gives off the scent of partume. . . Jerry Martin has a tiny Swiss-made clock she picked up while in Europe which tinkles out a Viennese Waltz, . . . BIRMINGHAM, ENGLAND—Capt. Peter Townsend steps from his car near Birmingham shortly after his return to London. Nine months ago Townsend flew to London for almost two weeks of meetings with Britain's Princess Margaret. The outcome was the termination of their romance. This lime Townsend faced the British press to tell them of plans to drive around the world alone. "I am quite happy being alone," he remarked. He is resigning from the RAF after almost 20 years of service.

The World's Most Widely Used

The Light still shines in the darkness, and the darkness has never put it out. (John 1:5. Phil-Our first opportunity to visit a cave was during a vacation trip.

As we stoodd looking at the rock formations, wet with water, our formations, wet with water, our guide explained that the formation of the rocks by dripping water was started centuries ago. He also said that the green vegetation growing on the walls did not appear until electric lights were installed.

Our guide pulled the electric swich, and the cave was in total darkness—the blackest we had ever experienced. Then our guide lighted a candle. We could see again. All the darkness in the cave could not put out the light of that candle.

A radiant and unfaltering faith in God had its beginning long cenin God had its beginning long centuries ago. Christians throughout the ages witness that new life springs forth in the darkest places when exposed to the light of God's Word. The assurances of the Christian faith are that God has established His Word as a light in the world, and that no darkness is black enough to put it out.

PRAYER

O Christ, Thou art the true light of this world. So shine into our hearts that all the darkness will be expelled and we shall walk in Thy light without fear and without stumbling. In the blessed name of Christ we pray. Amen.

THOUGHT FOR THE DAY Christ is the Light of the world; no darkness can overcome Him.

Good study light helps prevent eyestrain and fatigue makes homework less tiring. helps build good study habits that lead to good grades. For best light for home study, see that your child's study lamp is equipped with at least a 150-watt bulb. The lamp should be tall enough to spread light over the work area and should be equipped with a diffusing bowl to soften the light and prevent glare. If the lamp has no diffusing bowl, use a 150-watt white indirect bulb which has its own built-in diffusor. See your dealer or our . office for help in planning good study lighting ... nowl

HOW RESOURCEFUL ARE YOU?

Puppies are generally more resourceful than people! They never take fences seri-. ously. They find a way to get over or under the obstacle.

People take fences seriously. They usually have more respect for their limitations than for their abilities. That's why so many of us live in a narrow, discouraging world without promise or hope.

And even as we speak thrilling words like freedom and opportunity and ideals, some of us wonder secretly just what these are and how they may be attained. There are spiritual resources in life

which can enable any man to achieve ideals. They are the simple, commonplace commodities of religion - things like prayer and faith - but they are the keys to all attainment.

God gave us these resources to use. And He gave us chutches to teach us how to use them. Forget your fences - discover your resources in Church next Sunday.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest fea-ter on earth for the building of character and good attreastup. It is a state-house of spiritual values Without a strong Church, neither desicerary, her civilization can autore the ere four sound tectons why every person should offend services regularly and sup-port the Ghuith They are (1) For his own sake (2) For his children's sake (2) For the sake of his community and nation (4) For the sale of the Church itself which needs his moral and ma-terial support Flow to go to church regularly and read your

This GMC has "muscles" unsurpassed in its class!

The facts speak for themselves.

This new GMC 250-8 has 180 V3 horsepower standard. No other truck in its class comes even close.

The extra power delivers 276 footpounds of truck-propelling torque. Over-the road truckers call it "guts" - and this GMC's got up to 33% more than the others.

It's at the top of the heap in framestrength, too. There's as much as 10° more "muscle" in its chassis than in comparable trucks.

And there's more. For this rugged

GMC has 3500 lb. front axles and 7200 lb. rear - unsurpassed in its weight-bracket. It has extra-size brakes and springs.

Add it all up and you can see what GMC Blue Chip staming really means. Especially when you team it with a GMC's dependable performance and Hydra-Matic* savings.

For here's a truck that not only delivers the goods at lowest cost but keeps delivering long after an ordinary truck would have faded out. Come in and talk it over! *Optional al extra cost

Festival At Baalbeck

Against a magnificent natural background of towering Roman ruins, some of the world's leading musicians are presenting a series of concerts which mark the opening of the month-long International Festival of Baalbeck, held in Lebanon's historic "City of the Sun."

"City of the Sun."

American artists are sharing the concert platform with the Hamburg Symphony Orchestra, which is featuring the best known works of Mozart in commemoration of the 260th anniversary of the great musician. Guest conductor for two of the orchestra's performances is Leon Barzin, from the United States. Another American, pianist Aldo Mancinelli, is performing a special composition entitled "Concerto No. 2" by Anis Fulcihan, former instructor of music at the University of Indiana and present director of the National Conservatory of Music in Belrut.

In addition to the musical concerts, which will continue through August 5, the Baalbeck Festival will include four plays presented by the Comedic Francaise during the week of August 11: Racine's "Mithridates" and "Phedre," Shakospeare's "Julius Caesar" and Joan Cocteau's "Infernal Machine." Starting on August 25, the festival will play host to England's Regent Fark Players, who will present Shakospeare's "Hamlet" and "Twelfth Night."

During all these performances Baalbeck's historic ruins, including the 2,000-year-old temples of Jupiter and Bacchus, are floodlit by a hugo new electric plant which was installed after the tremendous popular success of last year's initial festival in the ancient town. This year's festival, sponsored by Lebanese President Camille Chamoun and Madame Chamoun, is part of a national program to develop greater appreciation of the Arts in Lebanon and to provide cultural events of universal appeal for the thousands of tourists who flock each year to the ancient land of the Phoenicians. of the Phoenicians.

Remember, the school band concert date has been changed to dependents of veterans gave the Aug. 30 instead of Aug. 27, at the American Red Cross power of atNavajo Lodge.
The concert starts at 8 p, m.

Last year, 20,500 veterans and dependents of veterans gave the American Red Cross power of attorney to represent them before the Veterans Administration.
