### Around of own

—By Nosev Waters—

Did any of you see the moon set early Sunday and Monday? That big old thing slid right down on top of Baldy before it dipped out of sight. . . . A note from the University of New Mexico to us says there are 14 students from Lincoln County enrolled there this term. . . Ruidoso is very cosmopolitan! For instance, on Sunday I talked with R. E. Wallace, 86-year-old chess expert from San Francisco who once conducted the Francisco who once conducted the ber of Commerce lauded the comchess column for the San Fran-mittee of some 60 persons who cisco Examiner, and who original- rolled up their sleeves and hanly hailed from Lancashire, Eng- dled all details of the affair with land, who fold us chese comes a smooth, clocklike precision. "We down through the ages from the can develop the Aspencade to the time of Confucius. And, before the point of attracting many thousands day was over I picked up a couple more on the basis of the fine man-of hikers, man and wife with their ner it was conducted this year," he knapsacks, who looked very tired, declared, who were near the postoffice here pair, aged about 45 I judged, came to the U.S. only a few weeks ago, in July in fact, from Germany, day, to escape the heat in Alamoup into the Mescalero Indian-Res-ing groups. South Fork to the 14th or 15th crossing, and after eating their led by President Hart as a parade lunch, hike back to the bus station marshal, were an open top confor a trip back to Alamogordo, vertible in which the Aspencade They said our country looks a lot Queen, Miss Josette Brooks, with canyons and little brooks. . . .

From the road up, 1957 Fords are a complete departure from previous models. They will be unvelled by Ford dealers in 19 body styles, of which this is the four door Victoria, a member of the new "Fairlane 500" series. Fairlane madels are nine inches longer and four inches lower than their 1956 counterparts. Though the new models are lower, interior headroom is as great as last year, since the car's chassis and floor are re-designed for a lower center of gravity.

## An announcement of decisive importance to anyone about to buy a new automobile

The most exhaustive endurance test ever given an automobile has just been completed by two stock '57 Fords-identical in every respect with cars now being offered by Ford Dealers.

Under the supervision of the United States Auto Club and the Federation Internationale de Automobile, each of these two 37 Fords traveled 50,000 miles in less than 20 days. Ford No. 1 averaged 108.16 mph for the entire run ... Ford No. 2, over 107 mph. These averages include time for all pit steps.

In all, the '57 Ford smashed 458 national and international records.

This tost was run on the Bonneville Salt Flats in Utab . . . it was the longest left turn in history,

not words.

A car, like a man, is known by its deeds,

That is why, we at Ford, despite our confidence in our '57 cars, let their deeds of accomplishment speak for themselves.

Therefore, we engaged an independent engineering organization to test our 57 cars more thoroughly than any other cars have ever been tested before—in this country or abroad.

We provided them with '57 Fords—cars identical with those now offered by Ford Dealers. The rest we left up to them. Here is what they did:

They took those cars to the Salt Flats at Bonneville, Utah.

Here, twelve of the world's greatest drivers took over.

In relays they drove these cars night and day for a distance greater than twice nd the world . . . a distance equal to 5 years of normal driving, Not in all history has a man-built ma-

chine traveled so far in so short a timeby land or seal But this was not a test of speed-but of

endurance of the "Inner Ford," A trial to take the measure of Thunderbird Yblock V-8 power without qualification of any kind. A test of running gear of brakes, of materials in body and chastis. Of steering and roadability, yes, and comfort, too!

A test, indeed, such as no other care have ever undergone, let alone successfully

Surely they have told you, in decisive terms, that they are worth more when you buy ... and when you sell!

Your Ford Dealer will gladly place at your disposal the new kind of Ford that means a new kind of value for your carbuying dollar-the greatest the world has

Misguided Missiles

"No driver's license, eh?"

Today's MEDITATION The World's Most Widely Used Devotional Guide

Above all ... put on love, which binds everything together in perfect harmony. (Colossians 3:14.

In Sweden as I was going to church one Sunday morning, two missionaries asked where the

utilities will firm up Rio Grande Project power for project customers in amounts up to 25,000 kilowatts. Any deficiencies of the United States' system up to this amount will be furnished by the utilities and paid for by the project customers to the utilities, without the necessity of the Government cerving as middleman. The charges for such cervice shall be in accordance with established

utility rates. The agreement also provides for sale of hydroelectric dump energy from Elephant Butte, the only hydroelectric dump energy from Elephant Butte, the only hydroelectric dump energy dro plant in the area, to the utilizaties on the basis of 65 percent of the decremental fuel cost (or "savaings of fuel costs").

In addition, the pooling arrangement provides for wheeling by the utilities over the lines of the Federal system to project customers.

eral system to project customers and for power inter-changes be-tween the utilities and between the Ric Grande Project and the utili-

church was. I invited them to go with me, for I was going to the church they wished to attend. On our way they told their story.

They had come from the East.
They had gone through much hardship, and had been forced to \*\*\*\*

## Here! New Task-Force 57 Chevrolet Trucks!

### Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred pules.

Six new '57 Chevrolet trucks, heavily loaded with cargo, roared north from Dawson Creek, B.C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip-normally a 72-hour run-in less than 45 hours. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped! Come in and see how well these new Alcan

champs measure up to your job,

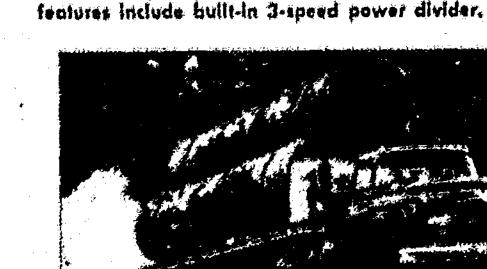

Alcan fleet reports up to 18.17 miles per gallent That's the mileage reported by the Cameo Carrier, with Thristmaster 6 and Overdrive (optional at extra cost).

FIRST WITH THE MOST MODERN FEATURES:

New 283-cubic-Inch Taskmaster VB is standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cest. Hersepower ranges up to 210 in Chevrolat's complete line-up of modern V8 and 6 truck engines. Revolutionary Powermatic Transmission-exclusive with

Chavrolat trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

L.C.F. models outdate C.O.E. trucks in every way; yet effer all the traditional C.O.E. advantages, Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. Special

All the way in DRIVE range with Pewermetic! This Powermatic-equipped 10000 Series tractor traveled the Alcan Highway in a single forward-speed range!

I take this as the only means of getting my thanks to the many people who worked so hard to make The Annual Aspencade a success, and a great success it was.

Tuesday, Oct. 18th

Say hello to the kide

Sorry I didn't finish this epiatic hope, my many friends. Say hello to the kide and to, I

make The Annual Aspencade a success, and a great success it was

Each year it gets larger and more and more local people are seeing the possibilities of the event. With continued cooperation and effort we could easily bring 5,000 people liere instead of 2,000. The observers tell me the parade was goed and we are grateful to all those who entered it, particularly the posses and to Glover Packing Co. There is no reason though, why every merchant should not have a float in next year's parade.

May I tirgo everyone interested in Ruldoco to put their shoulders at to the wheel and help tis keep in Ruldoco out in front as the fastest.

Ruldoso out in front as the fastest growing and most popular resort in the Southwest. Sincerely yours,

W. A. Hart President C of C.

Application of God's healing power to the solution of the problems of men and nations will be the topic of a public fecture on the topic of a public fecture of the topic of the top

## A MESSAGE

From Your Lincoln County Democratic Central Committee:

### Benson Never Learns

In August Secretary Benson got burned by his boasts about form prices. No sooner had he said farm prices were moving up than his department had to admit to a 3% drop in a single month.

Now he's hoasting about rising farm income. This must be looked on by the farmers as a cruel joke. Farmers' total net inimme for the first half of 1858 was running about \$600 million Year under the first half of 1855.

But Mr. Benson and Mr. Elsenhower and Mr. Nixon say income is going up. Here's what that amounts to: If the farmer gets all the breaks, his 1858 net income may equal that of 1855 -\$11.7 billion, as compared to \$15.1 billion in 1852.

In short, if he runs his pants off, he's got a good chance of not slipping may further bekind by his fight for a decent standard of living.

A BOY'S PRAYER

Dear God ... there's so much I'd like to say to You. It's that way lots of times. I want to talk to You, and then somehow I get stuck for words.

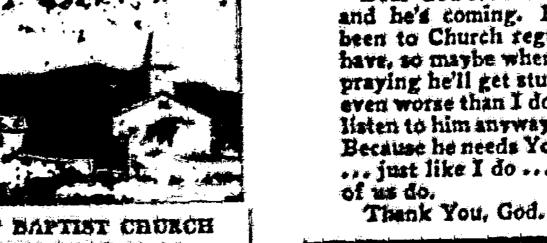

I guess I do some stupid things, sometimes ... like that fight with Butch Hendley yesterday. He said something I didn't like and then I said something, and that was it. I guess I won. but afterwards I was kind of ashamed. I told Dad about it last night and he went for a walk with me and we looked up at the sky and the stors. Everything looked so big, all of a sudden, that it scared me. It seemed too

big to understand. Then Dad told me that there are lots of things like the sky and the stars, too big for people to ever understand. And he said that that's where Faith comes in, and that it is good to have the

Church to put our trust in. I got to thinking about that. and I told Dad that I'd kind of like to ask Butch to come to Church with us next Sunday morning, but that I was alraid he wouldn't come. Dad grinned at me and said, "Why not ask him

and see?" Dear God ... I did ask Butch, and he's coming. Butch hasn't been to Church regularly like I have, so maybe when it comes to praying he'll get stuck for words even worse than I do. But You'll listen to him anyway, won't You? Because he needs You very much

... just like I do ... just like all

## NOTICE

The Ruidoso Telephone Company has just recently filed supplements to its tariff with the State Corporation Commission at Santa Fe.

The changes brought about by these additions will become effective with the Movember billing. Those persons living outside the base rate area receiving other than ten party rural service will have an additional milesge rate to pay. Those having extensions off of their main stations that are on different premaises will also have a mileage charge to pay. The new tariff will result in a few persons having to pay an additional charge and a few actually paying less for their telephone service.

There will be no change in the rates that are being paid now, Any persons that wish to review our tariff or that have any questions in regards to their present or new rates please feel free to call on our business office in Ruidoso.

The Ruidoso Telephone Company

in America with such a wide variety of scenic, historic and entertaining attributes. Make the most of your visit hereexplore any and all of the places recommended below to give you your most delightful vacation.

## All of these things listed are within 60 Miles of Ruidoso—

### Lincoln National Forest-

TO OUR VISITORS—

Things to See and Do

In the Playground Area

With its campgrounds, scenic trails and drives. Three riding stables here provide horses for riding into our forest which

surrounds us. Cedar Creek-

Winter sports area and park-like shrubs and evergreens.

Golf Course-

One of the most beautiful golf courses in the world is Cree Mesdows.

Mescalero Apache

Cowboy Camp Meetings.

Indian Reservation-Can be entered in the recreation area west of here, or you may visit at Mesca-lero, on U. S. Highway 70.

Lake Bonito, Bear Canyon-Scenic mountain lake offering a wonder-ful drive through the mountains. Several abandoned gold mines with tumble down

buildings and their caves can be explored. Nogal Lake, Nogal Mess-The mess is scene of the annual Summer

White Sands National Monument-Stupendous deposit of pure white gyp-

Lava Beds-The Mal Pale is a fascinating and different attraction. Raidoso Summer Theatre-

Presenting stage plays each Triday, Sal-urday, Sunday, June 28-Aug. 5, suspices E. N. M. U., Portales, in Ruidose auditor-Old Lincoln Courthouse-In Old Lincols lows, with three nauseums and pince where bitter Lincols County War.

contered, and where Bully the Kid killed

Bu Game Deer, antelope, bear, wild turker and behout are found on rides into the mount-

White Oaks-Old ghost town once thickly populated and once having newspaper, stores, saloons.

store.

The Three Valleys-

Scenic ranchland and mountains.

Capitan, Capitan Gap And Indian Gap-Beautiful orchards, ranches along Rul-doso, Hondo and Bonito. Home of inter-

nationally famous artist, Peter Hurd; screen star Linda Darnell; author, writer Dan Storm and Louise Massey and Milt Mable, radio and screen entertainers.

Ruidoso Downs-Popular summer race track, with horse racing each week-end in summer.

Night Clubs-Numerous clubs with entertainment. Churches-In the immediate area are nine churches

of various denominations. Climate-The most wonderful in the world-you will especially enjoy our autumn season

when fall foliage is a riot of color. Mon Jean Look-Out-Drive to the top of this forest look-out

tower, 10,000 feet high.

Fort Stanton-98-year-old fort once policing Apache Indians, later used as Merchant Seaman Hospital, now a state TB sanitorium. Where Territorial Gov. Lew Wallace visited and where Gen, "Black Jack" Pershing once stationed learned to play his poker.

Cloudcroff-High mountain resort area.

Artists, Art Schools-Ruidose is home of several resident arts lete, including Harris Shalten, Reynolds Jones, Martha Graves, and others, and art schoole are held each suramer. Corassics studio also overstes here in summer.

Giant greenhouses growing many beau-tiful flowers shipped to wide area.

You have probably never visited any place

Wheeler Museum-Most unique privately owned museum in New Mexico.

Ruidoso Lookout Tower-Gives panorand view of Playgraund of the Southwest.

Ruldoso Sky Ride Unwestel cable ser Mit to top of Wildows Mountain on U. S. Paghway 78, Dowlin Mill Blazer Mill-Both in immediate area, plopper adobe structures once bounds flowr mills, bein over 100 years old. Dowlin Mill in Ruidoss

now grinding flour sack semmer. General Pershing, Lew Wallace, Billy the Kid and Pat Garrett were among early day visitors at Dowlin's Mill in Ruidoso. Carrizo Lodge With unique history, museum and scene

of square dance schools, bordering on Indian reservation. Fun In Downtown Ruidoso-With skating, bowling, shooting gelleries, bingo, theatres, shildren's rides, billiards,

and many curio sieres. Places To Dina-More than 50 restaurants and dining rooms to choose some of them will spe-

cialties. Green Tree Indian Aqueduct— Stone aqueduct built ever 900 years age to carry water from Pale Verde Springs

Ruins and pietographs of various Mogol-ion settlements at Chances, west Capitan,

into Ruidose Valley.

Nov. 1, 1909, to preserve the his-toric features for present and fu-

early Franciscan mission chain in New Mexico, Gran Quivira signalizes a great and memorable era of American History. The monument contains the ruins of 18 Indian dwellings and two Spanish mission churches. The Indian village, "Humanos," was founded about 1800 A. D. The first mission church at Gran Quivira, San Isidro was built by Father Letrado in 1629. Construction of the larger mission. San struction of the larger mission, San Buenaventura was started in 1669 by Father Santander, The village was abandoned about 1675 because of attacks by the Apache Indians;

1835 by Benjamin Wilson,
Excavation of the Campo Santo,
or church yard of San Isidro was
recently completed by Archaeologist Gordon Vivian of the National
Park Service. The church yard
walls have been santonal

further deterioration. Proposed development under the service's mission 66 program include improvement to the water gystem and housing for employees. Later, a visitor center building will be constructed, and roads and trails will be improved.

Drought Committee To Give Report At Farm Bureau

The Farm Bureau Drought Committee met in Carrizozo Oct. 16 to outline a program they propose to help the livestock raiser through the severe drought. After considerable discussion, the group voted in favor of reduced prices on hay and surplus grain, along with a A7th Anniversary

To Be Observed

At Gran Quivira

Supt. Channing Howell has announced Gran Quivira National Monument will observe its 47th anniversary Nov. 1. The week beginning Oct. 28 has been designafed to observe the event. The area was made a national monument Nov. 1, 1909, to preserve the his-

ture generations.
As one of the best known of the early Franciscan mission chain in
