AROUND TOWN

-By Nosey Waters-

This is from the pen of Will Harrison, widely known state political columnist who wrote it for a state newspaper recently. After pondering for a month the pundits have come with an explanation of the unpopular that has confronted the Simms administration. The public, they say, does not like efficient government, they do not like a record of record high tax collections. Payrollers don't fancy a work-every-day policy. State car drivers see nothing good in state motor pools. Favor seekers aren't in favor of competitive bidding. Banks aren't pleased with paying the state the highest interest possible on state deposits. County tax assessors don't like state tax commissioners who come around asking them how to assess property. Chambers of Commerce don't like governors too busy to attend their shindigs. County clerks, sheriffs and JP's don't like state controllers who are all the time snooping on their money business.

From where we sit it looks like the Lincoln County Democratic party is going to stage a pretty vicious election drive this summer and fall. With the county G. O. P.'s somewhat split up after their rift in Carrizozo, the Demos feel it's their year this time. Stopping traffic on Main Road is the county's main slogan in front of Woody and June Reid's Spudnut Shop, which opens this week-end. Their youngster decided the bear would attract attention to their business—and he sure has. The Reids, opening this week-end, plan free coffee for all comers on Monday.

Ruidoso Summer Theatre is winding up its 1935 season at the school gym-auditorium tonight, with "The Sign of the Cross" and the presentation of the period play "Smilla's Through."

Tain't so, says Suzanne Pitts when we asked her about rumors she was selling her cabin in Carrizozo down town Oliver's Cabins this week. "Don't know how such a tale started," says she.

Wendy Lamb, speaking blue and white, told us that she was on the hill about the Kennedys' home Tuesday noon, had a notice the Forest Service of the threat of a forest fire. Alerting the Ruidoso Ranger Station, a couple of men went to investigate. The Kennedys had built a fire to dry their clothes drenched in a shower.

Governor John Simms, here Sunday to visit with Democrats of the county and to attend races at Ruidoso Downs, will be staying on himself at a noon luncheon Sunday at the Navajo Lodge. At Raton recently, he attended the races to make the award to the winning horse in a Governor's Handicap similar to that here. He asked if it was proper to bet on a race in the governor's handicap, and when assured it was he scanned his program—picked the name "John's Delight" because it had his first name—and saw the horse come in lengths ahead of all the other dogs.

M. H. (Doc) Blauggard, who, with his father, operates the American Furniture Co. in El Paso, made a big donation this week to Ruidoso's GE Leisure Lodge local fund—to assist in some of the finishing up work on the house that is to be awarded some lucky winner in the highly publicized affair. Ruidoso's Charlie Martin, W. A. Hart, Bonnell Hardware & Building Supply, Ruidoso Osteopathic Clinic, Ponderosa Heights, Dale Buckner and Buckner's store are among recent contributors who have helped take care of some wage checks or merchandise on the project. So far Ruidoso has given more than \$2,000 in cash, and a whole lot in labor, on the program.

If we don't sell a couple of Gulf Ford motors Hollywood Ruidoso is advertising, Joe Bacon is going start believing nobody reads this paper. We know they do—but he is wondering.

Manager Evan Mahaney says there's a good part-time job for a secretary in the Chamber of Commerce office. "We need someone who can type letters neatly, answer the phone, help direct tourists to places they want to go and other such matters," Evan said.

Mrs. Frances Gordinier began work this week as secretary to Manager Evan Mahaney in Ruidoso Chamber of Commerce office. Lloyd Davis reported at noon Wednesday this week 42 lots had been sold in Ponderosa Heights, which went on sale last week. It was a big advertising campaign during July. Ruidoso's picture-frame factory which is now making frames in Utah and shipping them here for finishing, has issued a newspaper page size map of Ruidoso showing some 200 pieces of business up and down Main Road and on other side. It's a very useful and handy publication. Vacation attractions in the region around Ruidoso are sketched, written about and summarized on another map on the reverse side.

Two Ruidosoans Are Impressed By Naturalness Of Bing Crosby On Visit To Star's Elko Ranch

There seems to be only one slight hitch in Ruidoso artist Reynolds' commission for painting a portrait of the noted film, radio, record and TV star, Bing Crosby, Reynolds reported here after his return from a visit to Bing's ranch at Elko, Nev., where he made sketches, took pictures and studied his subject. That problem, as discussed with Bing was, in which one of Bing's five homes would the painting be hung.

Reynolds flew to Elko one Friday last month with Ralph Brown, who operates Brown Air Service, a charter flying business in Ruidoso. They landed on an air strip on the ranch and remained until Sunday, eating, sleeping, swapping small talk and—in Reynolds' case—sketching and working on the picture. Reynolds said Bing told him he had been in Hollywood, Palm Springs and Pueblo Beach, all in California, and at Hayden Lake, Idaho, and the ranch home at Elko. Besides the large home there, which came with the ranch, Bing bought a house in Hollywood, a small one in Palm Springs and a big one in Pueblo Beach. Reynolds said he had been to all of them.

There's almost always one of the Crosby men on the ranch—Bing has four sons, three of whom are now in military service, and one, the youngest, Lindzey, who is on hand with his father when the two Ruidosoans landed there. In talking with Lindzey, the local man told him on the idea of visiting here sometime, and he just might pop up next summer to pay a call on either Reynolds or Ralph. Reynolds said Bing has the quality of making anyone feel relaxed and at ease—and all during their stay with him, there was considerable banter swapped and personal experiences were recounted regarding hunting trips, etc. Phil Harris, another widely known singer in radio and the movies, was at the ranch with Bing. He has a screen work—jolly, fun-loving and expressing himself in a booming voice that you can hear the other side of the county. Reynolds said he was impressed by Bing's naturalness. "For instance," Reynolds recalled, "whenever we finished a meal, Bing picked up his own plate, carried it to the kitchen and scraped it clean. Of course, we followed suit. He had a couple of servants at the ranch, but he seemed to do the routine, he always did that."

Reynolds said Bing was humming, singing or whistling much of the time. "He can whistle beautifully," said Reynolds—a fact all Bing's fans know from having heard him in some of his movies or on his records or in a radio show. Jones' painting will be 30 x 40 inches in size, and will show Bing in a horse-drawn carriage, typical ranch garb, blue jeans, a well-worn western hat and an ordinary shirt. The painting will not flatter Bing with fancy duds nor will his portrait be the usual Hollywood, smooth-faced matinee type. He has a few wrinkles, and they'll be in the picture along with the simple attire.

"I'm sure Bing wants it natural, not a camouflaged studio type publicity job," Jones will deliver the painting to Bing in Hollywood when it is completed. He had known Crosby when he lived on the coast and had met him a few times prior to writing him a letter some weeks ago asking if he would like to be painted. BING CROSBY AND RUIDOSO ARTIST PICTURED HERE

Reynolds will apply to canvas in a portrait he is to paint of Jones and Ralph Brown. Ruidoso artist, spent a week-end at the Crosby ranch near Elko, Nev., recently while Jones sketched, made photos and did background work on the portrait. Crosby commission—In this sketch Jones is showing Crosby a color sketch to be used as a guide for the finished work.

Jones has about 30 photographs he made. Some of them have Phil Harris, Lindzey Crosby and Bing in them, posing with the two Ruidosoans. Sometimes Bing held the camera while the others posed. Other pictures were made by Jones for reference in doing the portrait. He made copies of the big red barn and a hillside, to be in the background, and several photos of Bing on his horse.

Cause Of Death Of Indian Woman Reported Unknown

A coroner's jury Friday returned a verdict of death by unknown causes in the case of Rosabelle Martinez, 29, whose remains were removed by a sheriff's party from the ranch home of the late Bing Crosby. The body was found in a mountain in deep snow when we first saw a herd of the goats. I became so excited I pulled the wrong gadget, (that's the way he told it) and my gun came apart, throwing shells into the snow. I fished around with my hands trying to find the shells in the snow—finally I gave that up to reach over and try to pull some cartridges from the ammunition belt my hunting partner was wearing. He really cursed me for tugging at the bullets, for he kept saying I was spoiling his aim. Every time I got on target you shake me off getting bullets," Bing said he yelled.

Crosby was very interested in Brown's recent Kodak bear hunt, asking details of ammunition used, about the guide service, etc. Brown, on his return here, said he thought he would send Bing a picture of him and the huge bear he killed when he went with two other Ruidosoans three years ago on a successful hunt. The Ruidosoans flew to Elko in Brown's Cessna 180, making the trip in only 1 1/2 hours, including a stop for refueling at a small town near the Grand Canyon. We discover new reaches of generosity and open-heartedness in our friends. The first thing you know there are lots of things to laugh at. And our laughing comes easier, and from deeper down inside.

Home Made Fun
Not running down our television, record players, shows, and the many other things like that, which are part of our life today. Think of what the television is doing for people who are ill in the hospital or small children and for aged folks. But did you ever think of this?

Back in the early days, and especially our home neighborhood here, people did not have very much entertainment of the more modern kind. They made their own music. They played all kinds of simple games and held lots of dances. They sang together a lot. But most of all, they seemed to get a lot of joy out of just the simple little things along through the day. In a new land where there were not very many people, folks appreciated each other's friendship and company. They made a lot out of story-telling, joking, and laughing.

They didn't have many comic books or television comedians to read, through some kind of magic, they made up their own things to spill the spirit of these old-time folks comes to us, and as it enters our hearts we have a new excitement on everything and wherever they perceive of happiness somehow the friendship between us is deepened, stronger, and more trusting.

We join with the Old-Timers of Lincoln County in inviting you to see

SOCIAL, CHURCH AND CLUB NOTES

Have you ever noticed in talking to an old pioneer of this part of the country that he is quick to take the jokes you offer and turn them into something funnier. This is one way they made life pleasant through the day—starting the ball of laughter rolling.

Outlaws and Gun Men
How are you going to call a man an outlaw when there wasn't much of any law to speak of, or when the law was divided into two factions?

I knew several of the pioneers who took part in the early gun-fighting. There are still one or two left among us. From what I know and from the much more that I have heard from men I know to be honest, I have come to find out that many of those who were called outlaws and killers were good men who were caught up in the fight before they knew what had happened, or maybe got into the conflict to help out one of their friends.

Even the actual outlaws, from what I have been told, many times had their good side. Older men who remember back to the old days have told me over and over again. That even the most dangerous gun fighters would not think of so much as using rough language around women and children. And to harm anyone other than their own enemies was the farthest thing from their mind. In fact many of these men would go out of their way to protect the troubled or unfortunate; and many is the shot that has been fired by these men in defense of helpless folk against bullying and mistreatment.

Just A Kid
One of my old friends once told me of himself and others who took part in the Lincoln County War. "We were just a bunch of boys. Hadn't a one of us got our growth."

Folks wonder why the legend of Billy the Kid grows from year to year and why people especially children want to hear more and more about the Kid.

Those who first began calling William Bonney Billy the Kid hardly realized how good a job they did in fitting the name onto this youth. He was small and boyish looking even at the age of twenty-one. Those who saw him for the first time after having heard of his fearful reputation could hardly believe their eyes. Could this delicate, almost girlish, looking will-of-the-wisp be the death-dealing gun fighter they had heard about?

The reason that the story of the Kid goes on and on is that he was really and truly like someone out of a child's story book. The bully, cringed before his wrath, and the aged and helpless never lacked for help from him. He always wore a smile even when in the gravest danger. Out his sunny disposition he could suddenly flash a vicious rage could suddenly flash. While leading mature men in desperate fighting, he remained somehow a child. Throughout his life of bitter violence and strife, there remained kindness in his heart.

The story of his life is packed full of living proof of his love of children and his kindness to old

REV. & MRS. ALLEN
Green Tree Honors Rev. and Mrs. Allen On Anniversary

Members of the First Baptist Church of Green Tree honored their pastor and his wife, the Rev. and Mrs. Jesse F. Allen, on their silver wedding anniversary Aug. 1 with a surprise social at the home of Mr. and Mrs. J. B. Gazaway.

After a musical game, depicting the Allen's 25 years of married life, the guests of honor were presented with silver dollars arranged on starburst, making a center piece on the refreshment table. Also on the refreshment table was a three-tiered anniversary cake beautifully decorated by Arnell Evans. Guests were served dainty sandwiches, cake, coffee and punch.

Jesse F. Allen and Phyllis Phillips were married in Clovis, N. M., Aug. 1, 1925. At that time Mr. Allen was an employee of the Santa Fe Railway. It wasn't until 1942 that he became a minister. He prepared himself for the ministry by attending college at Eastern New Mexico University at Portales, and by attending a special study clinic for preachers, at Nashville, Tenn.

He held pastorates at Ranchvale, Lingo Field and Carrizozo before coming to Green Tree Sept. 1, 1951. During his five years as pastor at Green Tree there have been 104 members added to the church roll 50 by baptism and 54 by letter. He has led his members in a building program, moving the small structure from across the highway to the present site and building the present church. The church property value has grown from \$2,000 in 1951 to \$35,000.00 today. The church begins its Association year completely free of debt.

UNITED PATROL IN SAFE-DRIVE—Pictured here is the being used by various mem- of the Lincoln County United Patrol to assist in the Mexico Governor's safety campaign to combat highway fatalities. Owner of the car, which is a mounted patrol shield on

the door, red-flasher lights front and rear, is Lowell Morgan, Ruidoso, who initiated the idea. He said more than a dozen Lincoln County members of the patrol have served as drivers of the car on various week-ends helping handle traffic on race-fan jam-packed U. S. Highway 70, and on

U. S. Highway 380, as well as U. S. Highway 54 in the county. Deputized by the county sheriff, the mounted patrol members can issue citations if violations warrant it. Morgan said he hoped the other four mounted patrol units in the state would adopt the safety patrol idea.

Ann Everidge Again Captures Women's Title

Ann Everidge of Odessa, fresh from a Cloudford Invitational Women's Golf Tournament win, won the Ruidoso Women's Invitational Golf meet Sunday by defeating Kathy Marchman of Dallas, two up.

The champion this year was a repeat performer—she garnered the Cree Meadows crown in 1955 and was defending her title this year. She came from behind to win the smashing victory she chalked up, being one-down at the end of the first nine.

The Championship Flight consolation was won by Rose Miller of Artesia over El Paso's Jackie McNutt, two up.

Other results included:

First Flight—Mrs. A. M. Silver of Morton, Texas, downed Marlon Woodruff of Midland, Texas, one up, while Billie Callaghan of El Paso beat Jean Bowen of Las Cruces, 1-up in the first flight consolation.

TWO WARRIORS SEEK BERTHS IN ALL-STAR GAME

Honnie Perry, picked as an end, and Nyles Lackey, as one of ten backs, will go to Albuquerque Sunday for training next week for appearance in the North-South All Star football game to be staged at El Paso on the gridiron coaching school to be held there next week. Both were stalwarts on the 1955 Ruidoso High School Class C state champion football team.

Ruidoso Coach Cy Leland, Jr. will go to Albuquerque early next week to attend some of the coaching sessions, and will likely see the game, he said. Assistant Coach Ralph McGuire plans to go up Friday.

HUNTING MAP IS READY

The 1956 Big Game Proclamation with fine colored maps is in the process of distribution. Sportsmen can get copies from license vendors or local conservation of ficers. It contains four separate maps, each showing the areas and dates and other conditions: one for bear, one for deer, one for turkey, and one for elk, antelope and Barbary sheep. This separation of the species into their own maps makes for easy interpretation. The distribution is taking place about ten days earlier than in former years.

Boyd To Defend Men's Title At Cree Meadows

Henry Boyd of El Paso has announced his intention of defending his championship at the annual Cree Meadows Invitational Tournament here August 9-12. Boyd plays at El Paso's Ascarate course. Entrants will be given a practice round Wednesday before qualification Thursday. A cocktail party and Calcutta are scheduled for Thursday night. First and second rounds will be played Friday and Saturday and quarter-finals Sunday morning. The 18-hole championship match is set for Sunday afternoon. The Cree Meadows management will honor the golfers and their guests with a dance Saturday night.

Approximately 75-100 golfers are expected for the event. Among the players who already have indicated their intention to enter the tournament are B. J. Aldridge and Bill Gantz, Alamogordo; Jim Deaton, Wichita Falls; George Tucker and F. O. Edwards, Bowie, Texas; Sam Cobb, Amarillo; Ray Warren and Frank Redman, El Paso; Ralph McGuire, Earl Fish and Jess White, Ruidoso; R. F. Schermerhorn, Dallas; Sid Bradley, Fabens, Texas; Ace Parker, Green Tree; Ralph Neel, Odessa; Shorly Hornbuckle, Albuquerque; Albert Hudson, Abilene; and several other players from Fort Bliss, El Paso, and Anthony, N. Track Muddy Sunday

If you could stay aboard, you finished in the money in the 12th race at Ruidoso Downs Sunday afternoon.

Three jockeys were tossed by their mounts on the soup-like track to allow the other four horses in the race to come in for a share of the purse. Two of the jockeys suffered bruises and contusions which necessitated trips to the hospital but the other, William Seger, merely had to contend with scraping off the mud.

Doyal Roberts and Jack Brown were the jockeys who received hospital attention but their hurts were described as not serious.

Track officials said one of the

horses, possibly Old Rattler with Seger aboard, slipped in the heavy going, ramming into the other two mounts. The resultant collision led to the wholesale unmounting. Race winner was Jungle King.

The race was an unusual climax to an event-filled day which saw a three-year-old brown filly, Ocean Mist, upset all pre-race odds by beating Maroon and Brigand, track record holders, in the 10th race. Ocean Mist charged home in 21.0 seconds for the 400 yards to return 14.30, 7.10 and 5.20.

Despite the sloppy track and a week end of rain, more than 5,100 fans found their way to the betting windows, pushing \$165,484 through the pari-mutuel machines.

Governor John Starnes of New Mexico made the presentation of the trophy to Atomic Speed, winner of the Governor's Handicap, who featured the 11th race. Atomic Speed paid 7.50, 3.40 and 2.90.

PROGRESSIVE BUSINESS AND CIVIC-MINDED PEOPLE OF ROSWELL AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of the Ruidoso News as he saw conditions. These people are leaders in their various lines of endeavor and the co-operation of these citizens in Roswell who helped make this department possible is sincerely appreciated.

Brad L. Hays, John T. Howard, Jr., and Marshall Hayes

Three of the more progressive real estate men of Roswell are those whose success can be attributed to a deep insight as to the direction in which the city will develop. Brad L. Hays, John T. Howard, Jr., and Marshall Hayes of the Real Estate Agency, located at 1133 South Main, they also have a sound basic knowledge of real estate values and have turned that knowledge to the advantage of the people with whom they do business. Their aggressive methods coupled with their sound and practical ideas have made the services they have rendered to the people more valuable and materially contributed to their well earned success. They are also civic-minded and have always shown a cheerful willingness to contribute their share of time and energy to the promotion of community projects. It is because of the activities of such progressive business men that year after year, Roswell continues to show such a healthy growth and expansion, both as a residential and business center. We are glad to pay tribute to these three men for the part they are playing in the onward progress of their city.

Rulon and Joe Moody

When a man gains recognition for the progressive and straightforward manner in which he has managed his business affairs and for his generous contributions to civic projects, he is to be commended for his achievements. A man belonging to this category is Rulon Moody of Rulon's, a progressive business man of Roswell who is regarded with respect and admiration by a great many residents of the city and the surrounding country. We also think it appropriate in this review to give credit to some of the younger generation who are carrying on so ably in the footsteps of their fathers. And one who certainly deserves such credit is Joe Moody who now shoulders his full share of responsibility in the management of the package goods store and cocktail lounge, it is because of the efforts of such men that, year after year, Roswell continues to grow and prosper and to become an even better place in which to live. It is men like Mr. Moody and his son Joe, who have a distinct value to their city and we take pleasure in paying them this brief, but sincere tribute.

Ken Gaston

Roswell has attained a prominent position in the business and industrial life of this section of New Mexico because of the foresight of those men who had the ability to envision the possibilities of the country and the trade area it serves. And a wide awake progressive man who justly should be included in this category is Ken Gaston of The Borden Company and the Gaston Distributing Company. Such men have, many times over, proven their worth to the community, both as business men and as active workers in the civic betterment and progress of the city. And Mr. Gaston has earned the good will and respect of his fellow citizens for contributing his bit to the general welfare of the city and the people as a whole. It is our pleasure to include Ken Gaston in that group of progressive and civic minded men who have done so much for Roswell and to express the wish that he will continue for many years to forge ahead with the success which he has enjoyed in the past.

Holland Williams

Because this is a period of growth and expansion for Roswell, those progressive business men who had the foresight and ability to take advantage of those conditions, are entitled to more than ordinary acclaim. We are therefore, glad to pay tribute to Holland Williams of the Williams News Agency, for he has become a well-known figure in the business and civic life of the city. Mr. Williams' persistent optimism and steadfast belief in the continued future prosperity of the people of Roswell and vicinity are characteristics which are deserving of our highest praise. Holland Williams has also always shown a willingness to do his part in the advancement and betterment of his city. In one form or another, his projects promoted for the welfare of his city. We believe that a business man of this kind is entitled to our sincere appreciation and respect. He has been successful in his private affairs and because he is willing to contribute to the public good.

Marjorie Buck

A city grows and prospers by reason of the public-spirited men and women who take an active interest in the development of Roswell. In the ranks of these progressive and civic-minded people, and one who is deserving of recognition is Marjorie Buck of the Art Gallery. Marjorie Buck has always been ready and willing to contribute her time and energy to the promotion of any project promising to benefit the community as a whole. She has often sacrificed her personal interests to be of assistance to the city and her efforts are deserving of commendation and support. We congratulate Marjorie Buck on her past achievements, which, in our opinion, indicate a sterling character and a true civic spirit.

Lorene Parker

It is appropriate that we include in this review of progressive Roswell business people, Lorene Parker of the Sportswear Shop, who also operates a shop in Ruidoso, who is well known and has many friends and satisfied customers throughout this entire district. Furthermore, she is a woman who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs. Aside from her business activities, Mrs. Parker has always shown an interest in the civic betterment and progress of the city and has backed up her interest by her contributions to many projects which have benefited Roswell and the surrounding trade area. She is a good and loyal citizen and the full measure of her loyalty is most apparent in her willingness to aid in all community activities. Her help along these lines have made of Lorene Parker an example of the type of person we all appreciate. We congratulate and extend to her the best wishes of all citizens interested in better business and civic progress, sincere appreciation for her contributions to the general welfare of Roswell and our own community of Ruidoso.

Mrs. Alpha Dement

Good motels and tourist courts are indispensable to the progress and development of a growing city such as Roswell. And the Ace Motel, which is a feature of both, has accompanied a great many tourists and business men that assures them of the continued patronage and good will of the traveling public. The management of the Ace Motel has maintained an ideal of service which is thoroughly exemplified by the manner in which every need of the traveling motorist has been anticipated and prepared for. Nothing is forgotten, and hospitality and service is always their first and last consideration. Much of the credit for the splendid reputation of this modern drive-in motel is due to the executive ability of Mrs. Alpha Dement, whose untiring efforts, foresight and careful attention to detail, have maintained a standard which would be difficult to surpass. It is a pleasure to say these few words of praise about the Ace Motel, and its friendly manager, Mrs. Alpha Dement.

Harold E. Smith

Harold E. Smith, who just a short time ago assumed the presidency and management of the Valley Chevrolet Company, formerly the McNally-Hall Motor Company in Roswell, quite readily demonstrated his executive ability by his quickness to appreciate the obligations and responsibilities of his new position and to conduct his affairs accordingly. Although he has only been managing the business for a comparatively short time, he has already made many new friends and business associates for the Valley Chevrolet Company. Mr. Smith is an active, energetic man whose friendly personality and desire to be of service is rapidly earning a place for him in this district. He has already taken an interest in community activities, and in due course we will assume his full share of civic responsibilities. Harold Smith deserves a word of praise for having so quickly established himself in his new position, and we are glad to give him this brief, but sincere mention.

L. E. and Frank O. Elliott

Due to the efforts of a group of wide-awake business and professional men, the city of Roswell has attained a dominant position in the commercial life of this section of the state. And two of the men who have justly earned credit for being progressive members of that group are L. E. and Frank O. Elliott, of the Roswell Realty Company. It is because of the successful operations of such a business as theirs that the city of Roswell has earned the reputation of being one of the more progressive communities in the state. The Elliotts have been conspicuously successful in spite of the fact that they have repeated neglected their own private affairs and devoted a part of their time and efforts to the successful promotion of civic projects. It is considered a privilege to include Frank and L. E. Elliott in this Roswell review and to publicly give them credit for their success in business and for their many contributions to the general welfare of the city. Public have been major factors in maintaining the Alley Book Store and in the promotion of leadership in the Roswell area. She has not only in her business activities but also in her attention to civic duty assumed an active part in community affairs. Mrs. Buck has always been ready and willing to contribute her time and energy to the promotion of any project promising to benefit the community as a whole. She has often sacrificed her personal interests to be of assistance to the city and her efforts are deserving of commendation and support. We congratulate Marjorie Buck on her past achievements, which, in our opinion, indicate a sterling character and a true civic spirit.

Ernest A. Hanson & E. B. Todhunter

We take pleasure in this Roswell review to call the attention of our readers to two of the more progressive oil men of this district. Those personalities are Ernest A. Hanson and E. B. Todhunter of the Roswell Oil Company. The production of petroleum in this section has been one of the greatest single factors in the growth and progress of Roswell and this district, and Mr. Hanson and Mr. Todhunter, by their successful operations,

E. W. "Jack" Sisk & S. E. Whitehead

To serve the public honestly, efficiently, and cheerfully is the basic foundation many progressive business men of Roswell have found to be the shortest route to success. In making this statement, the two men we have in mind are E. W. "Jack" Sisk and S. E. Whitehead of the Yucca Nite Club. The popularity and patronage enjoyed by their many services accentuates the idea of courtesy and efficiency which they have consistently applied in the management of their club and in the servicing of its patrons. The conduct of such business and the men who operate them have done much to make Roswell the business and entertainment center for many miles around, and it is fitting that we give credit where it is due. In this instance, as Mr. Sisk and Mr. Whitehead for their part in the onward progress of the city. In doing so, we are merely putting into words the opinions of those who know them. S. E. Whitehead and "Jack" Sisk, have carried their success by the method in which they have served the public and accepted both civic and business responsibilities, and we wish them every success in the future.

F. L. Smith and Frank L. Smith Jr.

When a city like Roswell has gained recognition for being the trading center for many square miles of the surrounding country, it is because of the efforts of those pioneers of earlier days who had the vision to realize the possibilities of their city and who also had the ability and courage to work for the fulfillment of that vision. F. L. Smith and Frank L. Smith Jr. are men who belong in this category. Roswell owes much to those pioneers of early days, but each succeeding generation must produce its share of business and civic leaders to assure the continued growth and prosperity of the city. It is also the purpose of this review to call the attention of our readers to some of these present-day leaders. In this instance, we particularly wish to point out and pay tribute to Frank L. Smith Jr., who is associated with his father in the management of the Park Main Lumber Company. Mr. Smith and his son Frank are not alone in their efforts to increase the prestige of the city, but they are fine examples of the type of men whose combined efforts are responsible for Roswell's past and future prosperity.

C. M. Welch

It is a privilege in this Roswell review of progressive men and firms that have such a great aid to the growth and development of this section of the state to place such a man as C. M. Welch in this category. In cooperation, on an equal plane with all others in this rank. In the past, few men have exceeded him in contributing their time and energy to the onward progress of Roswell and the surrounding country. Mr. Welch has long been recognized as one of the more progressive business men in this district, and retains that position in the admiration and respect of his wide circle of friends. Also his interest in, and the very valuable assistance he has rendered to the many projects of a civic nature, reflect the principles which he has always successfully applied to his business affairs. We congratulate C. M. Welch on his record, and sincerely hope that his career will be as useful and as bright as it has been in the past.

L. D. Busby

L. D. Busby has provided his progressiveness by constantly adding to and increasing the service which the Institute Sinclair Service, located at 1800 North Main, has extended to the people. The large volume of business handled by his Sinclair station proves that "service" to him, is not "just a word," but something to be rendered to the motoring public to the fullest extent of his ability. In addition to his close attention to his business affairs, Mr. Busby was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given. He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is thoroughly established in the forefront of the business life of the city. L. D. Busby has many friends in and around the city and it is a pleasure to bring him before our readers in this review of progressive Roswell business men.

Ernest A. Hanson & E. B. Todhunter

We take pleasure in this Roswell review to call the attention of our readers to two of the more progressive oil men of this district. Those personalities are Ernest A. Hanson and E. B. Todhunter of the Roswell Oil Company. The production of petroleum in this section has been one of the greatest single factors in the growth and progress of Roswell and this district, and Mr. Hanson and Mr. Todhunter, by their successful operations,

A. L. Christenson, Jr.

Every progressive and successful business man in Roswell contributes in some manner to the growth and progress of the city. And a man who is always willing to do his part in both civic and business activities is A. L. Christenson, Jr., of the T & C Distributors, who is well known and has many friends and business associates throughout this entire district.

The prominent part that the T & C Distributors is playing in the business and rural life of Roswell and vicinity, more the progressiveness and ability of such men as he. Furthermore, Mr. Christenson has also at all times been steadfast in his devotion to the city and the surrounding country. His support in the successful promotion of meritorious civic projects. Roswell and this district are fortunate to have such a man as A. L. Christenson, Jr., in the position of responsibility and service. This newspaper feels that it is a duty to reflect public opinion in paying this brief tribute to one of the city's more progressive business men.

Leon C. Rodrigue

Leon C. Rodrigue is one of those progressive business men who has always been a part of the prestige of the city of Roswell as the leading metropolis of this section of the state. He has always worked for the development of the city and his many services are worthy of commendation. His well earned success as a business man, whose offices are located at 214 East Deming, is easily understood, knowing as the people of Roswell are, his reputation for his honest and business acumen for all of his business dealings. And it is a combination of technical knowledge, professional skill and business acumen which has elevated Mr. Rodrigue to a position of leadership in the furniture restoration, repair, and maintenance business. He is completely aware of his civic responsibilities and is always awake to the many opportunities for service, and always ready and willing to lend his support to any project which promises to benefit the community as a whole. We commend Leon Rodrigue on his accomplishments, and wish for him continued success.

Frank Bennett

We wish in this edition to pay tribute to Frank Bennett of Father Bear's Den, for his many services to the people of Roswell and his splendid record in the business life of the city. Mr. Bennett probably has as wide a circle of friends as any other man we could name, because he is just naturally the kind of man who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the respect and good will of all who know him. Roswell is fortunate in being able to number among its more progressive business people, citizens of this type. He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district. He may be depended upon, and his services to the people are too many in number to be described here. It may be said to say that we consider Frank Bennett a credit to the community, and a progressive business man of whom his city may be proud.

Charles E. "Bob" & Margaret Burns

Mr. and Mrs. Charles E. "Bob" Burns of Burn's Apparel Shop, have well earned reputations for progressiveness because they have consistently forged ahead in their business, never letting up their efforts to make the service they render to the people more valuable. This invariable policy has made Burn's Apparel Shop outstanding in its field, a fact that is well known to the public in the Roswell area. But Mr. and Mrs. Burns have accomplished much more than just making a success of their business and private affairs, and we take pleasure in paying tribute to them for devoting what time they could spare to the general welfare of this entire district as well. It is such people as they, who are being successful in business and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving "Bob" and Margaret Burns the credit for their accomplishments which their friends and associates have so long accorded them.

have taken an important part in many cases of civic activities. They are residents of Roswell and have a large circle of personal friends throughout this entire district. They are also men who have considered their civic responsibilities in a serious manner and are always ready and willing to help in the promotion of any project which promises to benefit their city and this district. We congratulate Ernest A. Hanson and E. B. Todhunter for the part they are playing in the development of the petroleum resources in this section of the state and we wish them many more years of successful operations.

Mary Mount-Campbell

Recognized as one of the more progressive business women of Roswell, Mary Mount-Campbell, the manager of The Fabrics Mart, performs a real service for the people of her city and her contributions to civic betterment are too well known to require repetition in these columns. Her personal success has been achieved, in a large measure, because she misses an opportunity to further the service she renders to the public. A policy which has and continues to build up good will for The Fabrics Mart throughout this entire district. She is deserving of praise and this small tribute is but a just recognition for the many services which she has performed in the way of both business and civic activities. Also her reputation for the successful conduct of her business affairs is no greater than her reputation for the honest practices which characterize her every transaction. We congratulate Mary Mount-Campbell on her past record, and trust she shall continue to serve the people of Roswell and the surrounding area.

Forest E. Levers

Roswell owes much to those progressive citizens who have taken an active part in the growth and progress of the city and who have helped to make it the business center of this section of New Mexico, and who have been so successful in some manner, to the exploration and development of the petroleum resources of this section. In mentioning some of these men only a few names can be included. Forest E. Levers of the Levers Oil Company, having discovered the Forest Field in Eddy County, and completed drilling of sixteen wells in that area. He deserves a great deal of credit for his success in both business and civic activities. Mr. Levers is wholly deserving of our sincere praise and these few words of commendation are but a just recognition for the many services he has rendered to the benefit of the general welfare of the community. The honest and successful conduct of his business affairs is but a reflection of his character. We trust that Forest Levers will continue to be successful in his business and civic activities.

"Rex" and "Don" Desmond

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement the men we have in mind are Rex and Don Desmond, dependable automobile sales and service dealers, "Rex" and "Don" Desmond of the Desmond Ford Company, now located at 821 Park Main, who have a wide circle of personal friends and business associates throughout this entire district—many of whom reside in our own community. Their contagious optimism and an unwavering belief in the assured future prosperity of the people of Roswell and its metropolitan trading area, are characteristics which are to be appreciated in progressive business men. They have always taken an interest in community affairs and have shown a willingness to shoulder their share of the civic load. It is men like "Don" and "Rex" who are the backbone of the success of their business and private affairs and their willingness to contribute to the public good, who are wholly deserving of a few words of commendation. It is a pleasure to mention them this brief, but sincere tribute.

Tom M. Fletcher, W. F. Standifer & Glenn Austin

In every community there are a number of business men who can be pointed out as having taken a three-fold part in the onward progress of their city. Three well known business men of Roswell who belong in this category are Tom M. Fletcher, W. F. Standifer and Glenn L. Austin of the Fletcher & Company, distributors in this area for wholesale meats, with such well known brands as Wilson and King Food Products. Their leadership in their line of business is recognized throughout this entire district. And their furtherance of civic activities and support of those organizations whose main objectives are directed along a line of civic betterment and community progress is well known to their immediate associates. They are men who are equally well liked and respected by their intimate friends and their business associates. They are loyal to the community, thankful for their success in business, and have shown their appreciation by their contributions to various civic movements of benefit to the city. We congratulate Tom Fletcher, W. F. Standifer and Glenn Austin for being good citizens, progressive business men and boosters of their community.

R. D. "Dick" Evans

At the head of one of the district's more prominent wholesale lumber supply firms, and as a leader of recognized ability in community life, R. D. "Dick" Evans stands out today as one of the best liked men on the panorama of Roswell activity. His friends are numbered by the hundreds and all of them are of the lasting firm which comes of worth-while associations, both in the world of business and in the realm of neighborhood life. The R. D. Evans Wholesale Lumber Company has been a strong factor in the growth and progress of Roswell; and Mr. Evans' own efforts, in many instances, have been the stimulant behind the outstanding accomplishments of the wholesale lumber firm. The case is a fine example of a man weaving his own personal prominence into an executive's life, with lasting benefits to both organization and individual. We take pleasure in expressing these few words of commendation to a man who has done so much to promote the growth and progress of this entire district.

John A. Burns

In mentioning some of those men who are taking a progressive part in the evolution of the business and civic life of Roswell, we would be remiss if we failed to include John A. Burns of the J. A. Burns Building Specialties, dealer in this area for all types of swimming pools and accessories, which include Crystal Gunit, Sunray, Nymal lines with a five year warranty, building and flagstone; and also associated with the Burns & Roberts Lumber & Supply in Hollywood. Walter R. Ryan

In all business and professional pursuits there are men who have met with success because they have honestly deserved it, and such a man in his field is Walter R. Ryan, who well deserves the reputation he has earned for being one of Roswell's more progressive business men. His thorough knowledge of everything pertaining to farm and ranch loan problems, is exemplified by the manner in which he fulfills each and every demand made upon him in line with his business. Furthermore, such experience as Mr. Ryan has gained in the successful management of his business has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the city of Roswell and the surrounding area. We appreciate the opportunity of including Walter Ryan in this group of progressive and civic-minded men who are actively taking part in the evolution of the business and civic life of Roswell and the surrounding area. Hisness and sincere desire to be of service, are accountable for a large measure of his success. And, as time goes on, his personal interests have become more closely interwoven with the business and civic affairs of the city. As a result he has, quite naturally, become accepted as a man who can be called upon and who will cheerfully do his part to further the development of those community activities to which he is best fitted to lend assistance. He is to be complimented for his activities and we only express the desire of his many friends and associates in wishing him continued success.

LAMB STEW

—By Jim—

RATON—The white man may have mullet the Indian of his right-ful claim to America, but there's a Pueblo brave in Albuquerque making a mighty mark striking back.

The brave, known as "Chief" (they're all chiefs when they come to the Duke City) is making a weekly game of traveling to Raton and La Mesa Park, courtesy of the world's largest railroad.

Two weeks ago the Santa Fe's crack El Capitan paused in Albuquerque to pick up east bound

passengers, and while there also picked up Chief. Rocking through the countryside the conductor happened upon Chief and demanded a ticket.

In broken English, accented with the Pueblo language and a bit of Spanish, Chief related the surprise, waved a handful of beaded necklaces and informed the conductor, "we moving? Me can't jump off!" How the Chief failed to see that we were moving is something of a mystery since the train was rocking, weaving and moving up the Santa Fe line at top speed.

The conductor was adamant—Chief would have to leave the train at Lamy or purchase a ticket. "Me no have kin folks in Lamy," Chief reported.

Finally the conductor convinced Chief he'd have to leave at Lamy, and even arranged return transportation for the brave. Chief took the proffered note of instructions to the crew of the west bound train, which was to pause in Lamy to allow Chief to continue his sales pitch in the aisle of the train.

Most of us on the train forgot the incident, until we were steaming into Las Vegas. Here came Chief and in hot pursuit was the conductor. More than a little surprised the conductor demanded to know why the Chief hadn't changed trains at Lamy. Again the broken English, "We stop at Lamy?"

Again the conductor ejected the Indian to leave the train, and again arranged for transportation back to Albuquerque from Las Vegas—next stop.

To say that the Chief didn't leave the train at Las Vegas is superfluous. And the arguments of the conductor again fell on deafened ears. "When train stop?" was Chief's answer.

However, when the racing fans descended from the train at Raton, it was noted with some interest that Chief was one of the first to leave, and minus his necklaces.

And by an odd coincidence the budding business man turned up at La Mesa Park, avidly reading the form sheet, picking winners on every turn, and thoroughly enjoying himself.

Intrigued by Chief I inquired of him, "Chief, I see where you finally got off the train." In perfect English he replied, "Well, you know, Raton was the first place that the train slowed down long enough for me to get off," and he accented his reply with a wink. As the payoffs for the seventh race were flashed on the board the Chief hurried away to cash a fistful of tickets.

And that night I noticed the

Tomb of Abraham

PATRIARCH'S RESTING PLACE: Hebron, located 20 miles south of Jerusalem, is one of the oldest continuously inhabited communities in Jordan, one of the Bible Lands. It is situated in a valley and on a sloping hill 3,000 feet above sea level. It is surrounded by vineyards noted for their green and white grapes and olive groves. Hebron's outstanding attraction is the Mosque of Abraham, where the patriarch is reputed to be buried along with his wife Sarah, Isaac, Jacob, Leah and Rebecca.

Hondo Valley Apples Gain In Price From \$1.50 In '51 to \$4.25 Last Year

Progress is the key word with the White Mountain Fruit Growers Association. Back in 1951, growers in the Hondo Valley received only \$1.50 or less for a bushel of apples. This price was set by truckers-buyers who came through the valley. Recognizing the need for a better market outlet, the growers formed their own marketing association in 1952.

In 1955, prices ranged from \$4.75 per bushel for Red Delicious to \$3 per bushel for small Golden Delicious. Culls brought \$1.50—the price received for all apples in 1951.

The Association's packing shed was the first in the state to pack out graded fruit. With grading came other things. Growers found that they needed complete insect control if they were to have the clean fruit needed for a graded box. More emphasis was placed on orchard management.

In 1955, an experienced packer—H. E. Baxter—started managing the shed. One of the first things he did was to introduce a kind of picker for picking. This innovation has many advantages. It's rounded edges keep the fruit from getting bruised. It holds a full bushel without heaping. This is a two-way advantage. First, because pickers are packed by the box, it helps a grower get a full weight for each box picked. Second, if fruit is sold to an orchard-run trucker, the trucker is satisfied that the box is full weight. Truckers discount an ordinary box 20 to 25 percent because it was not full weight.

Baxter also started using a new grading system which nets the grower more money. Grades are now No. 1 and better, Hall, and Utility, instead of the old Fancy, No. 1, Utility and Hall.

With a good apple crop predicted for this year, the White Mountain Fruit Growers Association is getting ready to help its members get the best prices for their product.

Dear Mr. Hart:

Reference is made to your letter of July 23 regarding fishing in your vicinity.

I was glad to hear that your water conditions have improved there. This was the reason you did not receive as many fish in the Ruidoso from the reservation down as we had planned on planting there this year, but in fact, because of the season there was hardly enough water to swim fish.

In going over the planting records for the last fiscal year, I find that the rest of the waters in your area have received about as many fish as were allotted to them. For example, Nogal Lake was set up to receive 3,077 lbs. and we planted 2,975 lbs. The Ruidoso, above the town of Ruidoso, was set up to receive 1,071 lbs. and it received 1,253 lbs. This was done in order to equalize the plantings with other sections of the state.

The Ruidoso area was given the highest fish pressure factor of any water in the state, therefore, I believe we have been fair with our plantings in this area. An allotment may be set up for a stream, however, it does not mean that we can plant fish in the stream if the water is not suitable for it. With water conditions improving there, you can be assured that we will stock periodically the quota allotted for the stream. Very recently there was fish planted on the Ruidoso, Tulareca and Penasco and I believe the trout was to plant fish in Nogal Lake today. Any heavier plantings in this area will have to mean they come from increased production or it will be taking fish from some other area to put there. We have only so many fish to plant and we are trying to distribute them equally among the waters of the state.

Yours very truly,
HOMER C. PICKENS

Hondo Valley Apples Gain In Price

Progress is the key word with the White Mountain Fruit Growers Association. Back in 1951, growers in the Hondo Valley received only \$1.50 or less for a bushel of apples. This price was set by truckers-buyers who came through the valley. Recognizing the need for a better market outlet, the growers formed their own marketing association in 1952.

In 1955, prices ranged from \$4.75 per bushel for Red Delicious to \$3 per bushel for small Golden Delicious. Culls brought \$1.50—the price received for all apples in 1951.

The Association's packing shed was the first in the state to pack out graded fruit. With grading came other things. Growers found that they needed complete insect control if they were to have the clean fruit needed for a graded box. More emphasis was placed on orchard management.

In 1955, an experienced packer—H. E. Baxter—started managing the shed. One of the first things he did was to introduce a kind of picker for picking. This innovation has many advantages. It's rounded edges keep the fruit from getting bruised. It holds a full bushel without heaping. This is a two-way advantage. First, because pickers are packed by the box, it helps a grower get a full weight for each box picked. Second, if fruit is sold to an orchard-run trucker, the trucker is satisfied that the box is full weight. Truckers discount an ordinary box 20 to 25 percent because it was not full weight.

Baxter also started using a new grading system which nets the grower more money. Grades are now No. 1 and better, Hall, and Utility, instead of the old Fancy, No. 1, Utility and Hall.

With a good apple crop predicted for this year, the White Mountain Fruit Growers Association is getting ready to help its members get the best prices for their product.

THE BIBLE SPEAKS

MATTHEW 1:18-20
Now the birth of Jesus Christ was on this wise: When as his mother Mary was espoused to Joseph, before they came together, she was found with child of the HOLY GHOST. Then Joseph her husband, being a just man, and not willing to make her a public example, was minded to put her away privily. But while he thought on these things, behold the angel of the Lord appeared unto him in a dream, saying, Joseph, thou son of David, fear not to take unto thee Mary thy wife: for that which is conceived in her is of the HOLY GHOST.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in our life. It is the building of character and good citizenship. It is a shelter of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

How different their transportation from ours! How different their clothing! And yet, their spirit, their motives, their purpose, their God were the same.

In a covered wagon on the open prairie, or in a modern car on a super deluxe highway, God is with his people, his unchanging love giving them strength.

His Church is unchanging too. For it taught the same truths, and professed the same comforts to those pioneer men and women as it does today.

Yes, God is unchanging. The Church is unchanging. Only people, the hearts of people, are incessant.

How about you? Don't you need a power and strength far greater than yourself? God is waiting, the Church is waiting, the people are waiting. Will you add your strength to theirs and help the Church meet the challenge of today?

LAFF
Did You'll Live Longer?
The Sunday school class was composed of three-year-olds. The teacher asked, "Do any of you remember who St. Matthew was?"
"Well, who was St. Mark?" Still no answer.
"Surely someone must remember who Peter was?"
The little faces were full of interest, but the room was quiet. Finally, a tiny voice came from the back of the room. "I think he was a wabbit."
The mathematical professor: "It is forty-eight states in the Union, and superheated steam is the distance from Bombay to Paris, what is my age?"
Frosh: "Forty-four, sir."

Prof: "Correct; how did you prove that?"
Frosh: "Well, I have a brother who is twenty-two, and he is only half cracked."
Tired after a busy day, a distinguished senator in Washington handed the menu back to the waiter and said: "Just bring me a good meal."
A good meal was served and the senator gave the waiter a generous tip. "Thank you, sir," the waiter said. "And if you got any friends what can't read, jes' send 'em to me."
"Yes, I'll give you a job. Sweep out the store."
"But I'm a college graduate."
"Okay, I'll show you."
A fellow had accidentally fallen into a deep newly-dug grave and couldn't get out. As night fell, he began yelling, "Help! Help! Get me out of here, I'm cold."
A drunk happened along, looked down at him and said, "No wonder you're cold. You don't have any dirt over you."

AT PUEBLO—Paired in a powerful and adult love story, William Holden and Deborah Kerr portray a Marine Raider Colonel and a Red Cross worker in "The Proud and Profane," opening Sunday at the Pueblo Theatre. In VistaVision, the behind-the-scenes film drama of World War II co-stars Thelma Ritter and Dewey Martin.

AT MT. VUE—"Picnic," the picture that won a hatfull of Oscars in the Academy of Motion Picture Arts & Sciences banquet earlier this year, is booked for three days at the Mt. Vue Show-Dyn Drive-In Theatre here Sunday, Monday and Tuesday nights. Starred in it are Wm. Holden, Kim Novak and Ross-Hind Russell.

ZANE GREY CLASSIC, "VANISHING AMERICAN," SHOWS AT PUEBLO
Zane Grey's immortal classic, "The Vanishing American," is brought to the screen with powerful impact in Republic's production which opens today at the Pueblo Theatre.
Starring Scott Brady, Audrey Totter, Forrest Tucker and Gene Lockhart, this is exciting and dramatic entertainment.
It is the story of a vanishing race, the Navajo Indian, which at one time neared extinction, but at present is the strongest and most populous Indian nation in North America. It is also the story of a courageous man and woman who found love in the midst of a proud race's final gallant fight for survival.
Action roars into high gear from the opening scene when Audrey Totter arrives in New Mexico to claim inherited ranch land and runs smack into Scott Brady, a young Navajo who has been decorated for valor in Philippine action in the Spanish-American war. It's a bad beginning for the fiery girl and the Indian who is hostile to all whites, due to the brutal land-grabbing activities of Forrest Tucker who is in charge of the trading post adjoining the Indian agency. Brady is also rejected by his own people because he was brought up by whites. Involved in the conspiracy to cheat the Indians out of their land is Gene Lockhart, a weak character in charge of the Indian agency who is dominated by Tucker.

LATE SHOW SET AT PUEBLO SATURDAY
Latin rhythm singer Abbe Lane plays a sultry screen villain for the first time in Columbia Pictures' action thriller, "Chicago Syndicate," also starring Dennis O'Keefe and featuring Paul Stewart and Xavier Cugat and his orchestra at the Pueblo Theatre. Miss Lane appears in "Chicago Syndicate" as Stewart's girl friend who shares with him the secrets of his ten billion dollar empire in crime. The picture will show late Saturday night only at the Pueblo.

EAGLE CREEK WATER PROJECT IS DISCUSSED FOR ROTARY CLUB

The Eagle Creek water project, which may sometime in the near future be an added source of water for both Ruidoso and Capitan, was discussed for Ruidoso-Hondo Valley Rotary Club in its Tuesday noon luncheon at the Village Restaurant. Dan D. Swearingin, former mayor and a member of the Eagle Creek Inter-Community Water Supply Association board, gave the talk.

Visitors were J. O. Gilham, Brownfield, Tex.; Walter H. Collins, Lamesa, Tex.; Sam Sholars, Bay City, Tex.; J. E. Alexander, Orange, Tex.; Foster Henley, Dallas, a guest of Jim Littlefield; Mack Edwards, Green Tree, guest of Charles Bonnell; Winston Barclay, Odessa; Neal Quimby, Alamogordo;

Bob Hester, Levelland, Tex.; Olen Thomas, Ralls, Tex.; Edgar Ellis, Stamford, Tex.; Rev. J. P. Fortenberry, Ruidoso, guest of Luther Bynum, and John Knorr, Roswell.

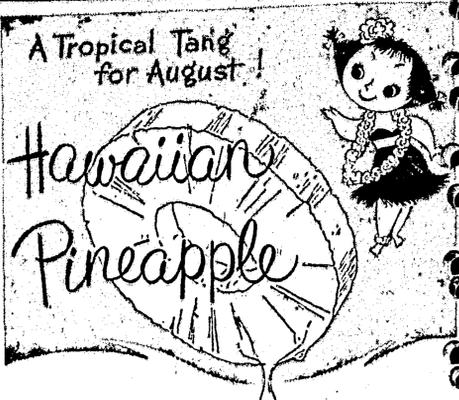

Mr. and Mrs. J. V. Frazer and son, Danny, are here until mid-August visiting Mrs. Frazer's mother, Mrs. Suzanne Pitts.

Mrs. Nannette Lou Dodson has returned from attending the Fred Waring school of music in Pennsylvania, but turned right around and went on back to Atoka, Okla., for a short stay.

You haven't seen all of Ruidoso 'til you've seen the lovely landscaped grounds and the beautiful store of Clayton Bennett, the Indian Trader's one-fourth mile west of Nob Hill on Hwy 70.

Handle Apples With Care

"Bruised apples was the one complaint of the brokers of New Mexico fruit," stated Mr. H. E. Baxter, packer of Hondo Valley apples. To keep our market, after the Washington apples get on the market, we must reduce the bruises on our apples. Mr. Baxter pointed out that any time an apple drops over six inches that it will be bruised.

Here are some things you can do to reduce bruising:

1. Start picking with the picker to return Aug. 3.

Sonya Marie Pellman, Adrienne Marden, Ronnie Valdez, and Butch Olson are leaving Aug. 2 for Idaho and Seattle, Wash. Bea and Joe left Mescalero July 21 and expect to return Aug. 3.

Letter To The Editor—

Last week in my letter I told you ladies about the redwood tables so this week I think it only fair to say something for the men. I've been noticing every morning as I come indoors to work, a whole line of wheelbarrows. They must be just for men because they are just huge. The other day it started hailing I started to help wheel one in and a gust of wind hit me and I almost wheeled off the porch, so, other than the fact they are fine to take a nap in when business is slow, I wish you fellows would come buy every one of these. Milford said they are factory special price—could be I guess. Anyway, come in and buy them.
