Dr. Carl J. Weiland got a notice from us his subscription was expiring April 1—and he wrote: "What do you mean my paper stops 1st April? Boy, keep it coming. We'll see you on or about April 22—that is if all things are equal. We're coming up to finish our home on the hill. Tell Roy Baker I have marble for his wife's table, also Wes Russell to be ready to go to work. Can't do without the newspaper." Doc, that 3c stamp you used to mail us that letter could have been used to save you a dollar. If you'd send your renewal when you sent the letter, you'd have saved the dollar advance for subscriptions that jumped from $2.50 to $3.50 per year out of the county. We've been telling the folks for weeks it was coming—so—that makes an extra buck it costs you! We'll be glad to see you when you show up. . . .

MOBIL ECONOMY RUN TO INCLUDE RUIDOSO ON ROUTE TUESDAY

NEW MANAGER — Art Ray, new manager for J. A. Burns Lumber & Supply Co., who moved here from Carlsbad only recently to make his home.

LOUIS PHILIPPE PHOTO

Announcement was made today (Friday) throughout the U. S. that the annual famous Mobil Economy Run would include Ruidoso on its route through several states.

The race, in which drivers of stock cars made by the nation's leading small car manufacturers will be attempting to set new economy fuel consumption records, will begin in Los Angeles, head eastward along U. S. highways in the Southwest and wind up in Texas, probably in San Angelo.

This news was given Ruidoso Chamber of Commerce directors in a meeting Monday night here by Clyde McClintock, Ruidoso Magnolia Petroleum Co. dealer, Mobil products firm.

McClintock said an overnight stop will be at El Paso Monday night next week, and very early Tuesday morning the automobiles in the race, to include about 30, will be started off one at a time through lower New Mexico. The first car is expected to pass through here on U. S. Highway 70 at 8:06 a. m., with others following at intervals throughout the morning. With the racers will be newsreel cameramen, newspaper men, magazine writers, officials judging and timing the races, and interested spectators. McClintock estimated more than 100 cars would be included in the party passing through here.

"With so much photogenic scenery in this region, it is very certain the photographers, both newsreel and still picture men, will take shots of the cars as they wind through this area," McClintock told the C. of C. directors. He stressed that racers cannot be stopped here, but that officials and newsmen with the group might be induced to stop here for a short while. He said the pictures are used in advertising in many ways, on TV, in newspapers and in magazines.

"The race is not a speed run, but an economy run, and the auto pilots will be cruising at a speed which will give them the best mileage," he said. "The cars are impounded each night by officials of the race so no tampering can be done with the engines. Winning cars in this race provide the makers with a handsome advertising program—in which they can tell the world their cars consume the least gasoline and oil in this lengthy test run," McClintock said.

Each official entry in the race will be plainly marked and numbered, and local folks will get a grandstand seat for the race from several vantage points along U. S. Highway 70 here next Tuesday morning.

McClintock stressed that the route of this world-famed test race is always kept a secret until just before its start, to prevent previous test runs on the course to give an advantage in determining fuel consumption on certain stretches. "Every rule of the race is enforced rigidly by independent judges and officials," he declared.

Joe McLaurin Heart Attack Victim

A heart attack claimed Joe McLaurin, resident of Ruidoso for about ten years, as he sat in his pick-up truck near a rent house he owns in Ruidoso Downs last Saturday afternoon at about 4:30 p. m. The body was discovered by Art Ray, a renter residing in McLaurin's house there. He said McLaurin had his foot on the vehicle's brake pedal. The motor was not running.

A coroner's inquest was called by Justice of the Peace Alton Gray of Ruidoso Downs. Its verdict was death from natural causes.

The McLaurins had been coming to Ruidoso for about 30 years, staying in a summer cabin they owned here, before deciding to move here permanently.

McLaurin has served as Associate Patron of the O. E. S. Chapter No. 65 here while his wife was Associate Matron. McLaurin also has been a Lion for many years.

The family requested those who wish to make a contribution to some worthy cause rather than send flowers might make a donation to the O. E. S. building fund here, making their gift through Mrs. R. K. Knox, Mrs. O. A. Linaln or they may leave it at Brunell's store with Mrs. Weldon Garner.

Lamar "Joe" McLaurin was born in DeKalb, Miss., Dec. 1, 1897. He moved to O'Donnell, Tex., in 1902 where he met and married Loretta Etter June 17, 1922. They have two sons, Blanton McLaurin of Yuma, Ariz., and Brian Jean of O'Donnell.

Funeral services were held in the O'Donnell Methodist Church at two o'clock Monday this week with burial in a Lubbock, Tex., cemetery.

Among Ruidosoans attending the funeral were Mr. and Mrs. Roy Anderson, with whom McLaurin had worked when Anderson operated a lumber yard in Hollywood, and Mr. and Mrs. Mack Garner, neighbors.

Six grandchildren, the two sons, the widow and three sisters survive. The sisters are Mrs. Maude Fielder of Jones County, Tex.; Mrs. Rosalene Webb of O'Donnell and Mrs. John Etter of O'Donnell.

Mrs. McLaurin had only recently lost a brother, who died two weeks prior to Joe's passing, believed to be on the same hour.

Christ Is Center, Heart Of Bible Tinnie Baptist Minister Declares

(Editor's Note: Following is a sermon especially prepared for the Ruidoso News readers by the Rev. Pat Henderson, beloved pastor of Tinnie Baptist Church in Lincoln County, and widely known in all parts of the county.)

—o—

By REV. PAT HENDERSON
(Pastor, Tinnie Baptist Church)

The Old Testament is an account of a Nation

The New Testament is an account of a Man.

The Nation was founded and nurtured of God in order to bring the Man into the world.

God Himself became a Man to give us a concrete, definite, tangible idea of what to think of when we think of God. His appearance on earth is the Central Event of all history. The Old Testament sets the stage for it. The New Testament describes it.

As a Man he lived the most strangely beautiful life ever known. He was the kindest, tenderest, gentlest, most patient, most sympathetic man that ever lived. He loved people. He hated to see people in trouble. He loved to forgive. He loved to help. He wrought marvelous miracles to feed hungry people. For relieving the suffering, He forgot Himself to take food. Multitudes, weary, pain ridden and heart sick, came to Him, and found relief. It is said that if all the deeds of kindness that He did were written, the world would not contain the books.

Then He died—to take away the sin of the world, and to become the Redeemer and Savior of men.

Then: He rose from the dead; is alive now; not merely an historical character, but a living person; the most important fact of history, and the most vital force in the world today.

And He promised eternal life to all who come to him.

The whole Bible is built around this beautiful Story of Christ and his promise of Life everlasting to all men. It was written that we might believe and understand and know and love and follow Him.

Christ, the Center and Heart of the Bible, the Center and Heart of History, is the Center and Heart of our lives. To be His is the most exalted privilege of mankind.

It is a glorious thing to be a Christian, the most glorious thing in this world. The one thing in this life that matters is our individual personal relation to Christ. Are we His? Or we not? To be a Christian? Or not to be a Christian? That is the question. Until that is settled every other question pales into insignificance. On our decision in this matter hangs our Eternal Destiny.

To accept Christ as our Savior, to take Him into our heart, and to follow Him whole-heartedly and devotedly, means life, here and Now, Life Abundant, Life that will never end. To reject or ignore, Christ means—we shudder at the thought of it.

We are at an utter loss to see how any human being in his right mind, can be so blind or dumb as to go through life not being a Christian, a sincere genuine Christian. What is there, what can there be, to make life worthwhile, apart from the Christian Hope?

Unbeliever, you say the Christian's Hope is only a dream, a beautiful dream; beautiful, to be sure; but only a dream. Well, how can you know it is only a dream? Do you know everything that is in Infinity and eternity? The evidence is all for the Historical Reality of Christ. Suppose it is true what then?

In the last analysis, the dearest, sweetest thing in life is the consciousness, in the inner depths of our motives, that we are living for Christ; and, though our efforts be ever so weak and unworthy, we toil at our daily tasks, in hope of, in the final round-up, having done something to lay as an offering at His feet.

Christ Is Center, Heart Of Bible Tinnie Baptist Minister Declares

(Editor's Note: Following is a sermon especially prepared for the Ruidoso News readers by the Rev. Pat Henderson, beloved pastor of Tinnie Baptist Church in Lincoln County, and widely known in all parts of the county.)

—o—

By REV. PAT HENDERSON
(Pastor, Tinnie Baptist Church)

The Old Testament is an account of a Nation.

The New Testament is an account of a Man.

The Nation was founded and nurtured of God in order to bring the Man into the world.

God Himself became a Man to give us a concrete, definite, tangible idea of what to think of when we think of God. His appearance on earth is the Central Event of all history. The Old Testament sets the stage for it. The New Testament describes it.

As a Man he lived the most strangely beautiful life ever known. He was the kindest, tenderest, gentlest, most patient, most sympathetic man that ever lived. He loved people. He hated to see people in trouble. He loved to forgive. He loved to help. He wrought marvelous miracles to feed hungry people. For relieving the suffering, He forgot Himself to take food. Multitudes, weary, pain ridden and heart sick, came to Him, and found relief. It is said that if all the deeds of kindness that He did were written, the world would not contain the books.

Then He died—to take away the sin of the world, and to become the Redeemer and Savior of men.

Then: He rose from the dead; is alive now; not merely an historical character, but a living person; the most important fact of history, and the most vital force in the world today.

And He promised eternal life to all who come to him.

The whole Bible is built around this beautiful Story of Christ and his promise of Life everlasting to all men. It was written that we might believe and understand and know and love and follow Him.

Christ, the Center and Heart of the Bible, the Center and Heart of History, is the Center and Heart of our lives. To be His is the most exalted privilege of mankind.

It is a glorious thing to be a Christian, the most glorious thing in this world. The one thing in this life that matters is our individual personal relation to Christ. Are we His? Or we not? To be a Christian? Or not to be a Christian? That is the question. Until that is settled every other question pales into insignificance. On our decision in this matter hangs our Eternal Destiny.

To accept Christ as our Savior, to take Him into our heart, and to follow Him wholeheartedly

The Ruidoso chapter of Future Homemakers of America presented RHS with an assembly last Thursday afternoon. The theme was the FHA Rosegarden and it presented the purposes of the organization. The girls presented a style show with designs from the 1860's to today's more "modern" styles. The students joined in on group singing which included the new Warrior fight song. The fight song has really caught on around here and someone suggested making the Freshmen learn it as part of their initiation next year.

The 6th annual FBLA banquet was held Tuesday of this week at the Nob Hill School cafeteria. A large crowd, in spite of the April snow, was fed a fine turkey dinner and saw and heard the best of RHS's entertainment. Jeanene Carpenter, member of the New Mexico All-State Choir, sang Ball Hai; Darlene Jones did a take off of Mrs. White's typing classes; a boys quartet made up of Tommy Graham, Barry Swanson, Ronnie Dodson and Jimmy Wilson sang two spirituals; eight FBLA members did a Lil Marlene folk dance with some unexpected audience participation; and a Little Nell skit was presented by five more FBLA'ers. It was quite an affair and everyone seemed to have the time of their lives.

• • •

Those busy FBLA'ers! Today they were to leave for their State Convention. Approximately 15 students went with Mrs. Jewell White, FBLA sponsor, to Las Vegas where the convention is annually held. The kids will stay over until Saturday evening. They will attend a luncheon, a banquet, and a presentation of OKLAHOMA. Nadine Peterson will be Ruidoso's entry in the spelling bee and Dixie Gibson will run for New Mexico's Miss Future Business Leader.

• • •

Bob Pior will represent Ruidoso in the Pecos Valley Invitational Track Meet at NMMI tomorrow (Saturday). Bob will enter the 440-yard run. Last year RHS had only one young man out for track in the person of Jim Wilson and he went on to cop the district championship in the 100 and 220 dashes. Maybe this year we'll have something else to cheer about in track. Several more boys are out and will enter the Carrizozo invitational meet to be held on the NMMI track next Saturday.

If Terry Collins will call at the Chocolate Shop and bring this clipping he will get a free malted milk.

Mr. Vic Lamb,
Ruidoso, N. M.
Dear Mr. Lamb:

"Enclosed find money order for your subscription to Ruidoso News. We look forward to getting our paper every Friday. This past year missed just one issue, the one telling of Ezell Clarke Sr.'s death.

All winter the first thing we looked at in the paper was the weather report. Ruidoso had a much colder winter than we had. Too, you had more snow. This past winter we had only two nights of below zero weather, Feb. 6th 14 degrees below and Feb. 13th 15 degrees below. Next to that, 8 degrees above was our coldest night.

Ken has completely recovered from the beating he got from a couple of taxi fares who robbed him of $141.00. He was in the hospital six days.

We noticed in the Sept. 27 paper some people at Ruidoso saw the Northern Lights Sept. 22. We were up at Pinchi Lake at the time and they were really beautiful. In my poor way will try and tell you what they looked like up here.

Directly overhead was a dark spot from which the white rays extended in every direction. Those rays blended into all colors, red, pink, purple, green, yellow and blue. It looked sorta like a huge umbrella. Looking to the north you looked across the lake, saw the tall trees right next to the shore, above the trees the sky was a bright red, if you didn't know better you would have sworn it was a terrible forest fire. The sky was a mass of color. The lake was like a mirror and you could see all the colors reflected on the water. The natives up here said they had never seen the lights so colorful and beautiful before. It was really something to see. Will be going north fishing again in May—going to Burma Lake and Smithers, then end up at Pinchi Lake.

Rivers were open all winter and lakes not enough ice for people to walk over. Just didn't seem like winter.

News about Ruidoso Downs and Green Tree's Ruidoso Downs are going to be very confusing this summer—in other words—a mess.

Sincerely yours,
Ken and Loretta Smith.

(Ed. Note: Had a note from an Albuquerque reader saying the same thing you did about Ruidoso Downs and Ruidoso Downs being confusing. Thanks for your newsy report. VL.)

Saturday Mealtime Special

It's the time of year when Saturday becomes an extra busy day at home . . . especially for working folks.

There's gardening . . . painting . . . spring house-cleaning and a dozen and one chores to be done. Yet with all this, there's lunch and supper to prepare. Rely on the pantry shelf for a quick and easy meal. Make it one that requires little effort on your part.

Canned pork and beans with tomato sauce combined with dried apricots and prunes or with orange sections makes a "something special". Both recipes are easy to prepare . . . one done in a skillet on top of the range, the other in a casserole in the oven.

Serve with canned steamed brown bread and a crispy cabbage salad with sour cream dressing. Lunch or supper will delight everyone.

For dessert . . . cup cakes (made from a mix) with chocolate sauce. And to go along . . . lots of coffee.

Fruited Pork and Beans
1 cup chopped dried apricots and prunes
½ cup water
2 cans (1-pound each) pork and beans with tomato sauce
Cook dried fruit in water in covered saucepan until water is absorbed. Stir in beans; heat. Makes 4 generous servings.

Pork and Beans With Orange Topping
2 cans (1-pound each) pork and beans with tomato sauce
1 orange, peeled and cut into sections
Whole cloves (3 per orange section)
2 tablespoons brown sugar
Pour beans into a shallow pan or casserole. Stick cloves into orange sections; arrange on top beans; sprinkle with brown sugar. Bake in a hot oven (400°F.) 30 minutes. Makes 4 servings.

An angry little man bounced into the postmaster's office. "For some time now," he shouted, "I've been pestered with threatening letters, and I want something to be done about it!"

"I'm sure we can help," soothed the postmaster. "That's a federal offense. Have you any idea who is sending you the letters?"

"Indeed I have!" snapped the little man. "They are all coming from those pesky income-tax people."

Robert McKnight— The Colorful Hard Luck Miner

Robert McKnight, like many early westerners, was faced with misfortune one day and opportunity the next. He became a successful miner because he was thrown in jail.

Mexico had won her independence from Spain, but revolution and intrigue kept the country in an upsoar. McKnight left Missouri to become a trader in Santa Fe. Instead, he was arrested as a spy and imprisoned for nine years in Chihuahua City, Mexico.

While in jail he heard of the fabulous copper mines to the north and when he was released in 1834 headed for Santa Rita, investigated the mines and obtained a lease.

It is reported that McKnight made a good profit in the three years he operated the mine. But again he had his troubles. Again his freedom was threatened.

A group of white trappers led a massacre against the Apaches and as a result the red men blockaded the wagon trails and cut off incoming supplies and outgoing copper shipments. McKnight found himself virtually a prisoner.

Shut off from his market and supplies, he was forced to abandon the mine, desert the town and leave the territory.

Today, there still are hazards in the mining industry. To remain competitive in copper markets Kennecott must seek economies in a number of ways: through work simplification, expanded use of employee suggestions, improved methods, better use of supplies and equipment and the most efficient use of the work force.

This program is of tremendous importance to Kennecott and to New Mexico. It will help Kennecott continue to operate successfully. And successful operations mean continued benefits, including tax payments that aid in the development of New Mexico.

This is the fifth of a series of advertisements pointing out highlights in the development of the copper industry in New Mexico.

Four-H Enrollment Up In Several NM Counties

Over 5,000 New Mexico boys and girls have enrolled in 4-H work for the 1958 club year, Dorman C. Brookey, associate state club leader at New Mexico A&M College said today. "At the rate we are signing up both old and new members, we expect that the 1958 state enrollment will reach 8,000," Brookey stated. "About 7,500 boys and girls participated in the 1957 program.

The following counties have already signed up more members this year than they had enrolled in last year's program:

	1957	1958
Colfax	184	190
Dona Ana	338	376
Harding	42	49
Lea	268	270
Lincoln	72	89
Otero	31	45
San Juan	301	366
Santa Fe	273	418
Torrance	255	259

Boys and girls between the ages of 10 and 21 are eligible to join 4-H. They have until July 1 to enroll. 4-H offers a variety of projects in home economics, agriculture, and crafts. The principal of 4-H is to "learn to do by doing." Interested youth should contact their local 4-H club leader or county agent.

Lambs Likely To Overeat

The moisture during the past month has been a welcome relief, but it also could bring up the possibility of overeating disease (enterotoxemia) in the lambs if the pastures are growing very fast. It is most likely to be a problem when the lambs are about 3 weeks of age and begin to eat. Always the biggest, thriftiest lambs are affected.

If the pasture develops gradually it will not likely cause trouble.

If overeating is likely to be a problem you can vaccinate the ewes at least 3 weeks before lambing. If you do not vaccinate, and have lambs die from overeating the best solution would be to put all your sheep in one pasture. By doing this you will deduce the amount of lush food that the sheep have to eat, also it will allow other pastures to come back better after the past few years of drought.

Notes From the Field

Present indications are that the wool incentive payment for the 1957 wool marketing year ending March 31, 1958, will be around 23 to 25%. The final incentive payment will not be set until after all wool receipts are turned in.

Wool is selling very slow this spring as the prices are down considerably. Due to the low price the mills are using up their present supply before they buy any more wool. Doran Wood was reported to have sold his clip for 43 and a fraction.

A recent bulletin received from the College that the wool growers might be interested in is one written by P. E. Neale and J. R. Stauder on Selecting Range Sheep. This bulletin deals with the use of the squeeze machine in selecting high producing individuals.

Orchard growers should check their orchards now to see if they have any mites or mite eggs on the tree, or any mites on the weeds under the tree. A good dormant oil will kill the mite eggs and shall reduce the problem during the year.

A. T. Pfingsten is planning to apply several trial chemicals for mite and insect control. The chemicals being tried are trithion, diazanon and guthion.

In a nation as big as ours there is always a tendency to overlook the individual and to think only of groups. Youth gets the brunt of this generalizing.

About three percent of our boys and girls are delinquent. But some folks would have us believe that every child is a *potential* delinquent.

Time we realized that children aren't chicks! They don't grow up by the drawerful to have the same characteristics and habits.

Children respond to love, parental example, religious guidance. They possess an ever-increasing aptitude for responsibility, trust, and faith.

Most of our boys and girls will grow up to assume their rightful place in an orderly, Christian society. Some will populate our jails. But the destiny of the individual youth is not a matter of chance and percentage . . .

It is determined primarily by the conscientiousness of loving parents, and by the persistency with which his natural religious interests are cultivated.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A new kind of glue is so powerful that one drop of it will support 5,000 pounds. To prove this, a technician put one drop of the stuff between the tips of two steel rods, and held them together with his fingers for 20 seconds. Then the glued-together rods were hooked into a crane, and they lifted an automobile with four passengers off the ground.

Capitan News
(By Mrs. Ethel Keathley)
(Phone 2151 — P. O. Box 22)

The day began early for some of our residents Easter morn for they gathered at the school stadium for a community sunrise Easter service. It could be wished that more people had attended, however, I believe all our local churches were represented, plus at least one from a nearby town. Likely there were two reasons for the light attendance—some of our people were out of town visiting and others did not hear of it in time. It is a good thing, I think, for our community to unite in a sunrise Easter honoring the resurrection of our Lord, and I hope it will be repeated annually, with more advertising beforehand. Rev. Pat Henderson, Tinnie, brought the message and Grady Wallace conducted the song service. Since Rev. Kerr, our Baptist pastor, is still ill, a Carrizozo minister brought the message at the regular 11 a. m. service.

Rev. Paul Reynolds and daughter arrived Saturday and he preached his farewell sermon to the group under his pastorate Sunday. Mrs. Reynolds is far from well, but is slowly gaining strength, in Texarkana, Ark. He does not plan to take a church until she is better—which no doubt is a wise decision. We regret losing them from Capitan but under the circumstances it would be selfish for us to want them to stay.

Born, to Mr. and Mrs. Lloyd Cooper of Las Cruces, March 28, a son, weighing in at 6 lbs., 8 oz. The young man is named Kirk Lee and this is the second visit from the stork for the Coopers. The grandparents are Mr. and Mrs. Dennis Cooper of Capitan who are all smiles over this second arrival. Most of us remember Lloyd as an infant lad, and later as a high school graduate here. His parents moved to Las Cruces for Lloyd to attend college—and Lloyd remained there after graduation and is now teaching there.

The Travis Werners are driving a new 1958 Ford—it's really pretty.

Mr. and Mrs. W. W. Hall had as recent guests a daughter and her husband, Mr. and Mrs. Mark V. Collins, Roswell.

The Don McChungs, Albuquerque, arrived last Thursday and visited Ted before he began his long trek back to Pasadena and duty. Ted arrived Sunday but couldn't tarry long. He is to be best man at the wedding of Norma Hubbard and Garth Hyde Friday evening, April 11, in Pasadena. Many of Garth's friends here were recipients of invitations to the wedding. I am more than glad Ted can be in the wedding, and that Mr. and Mrs. Rufus Price plan to attend. I feel badly I can't go—Dr. advised against the trip for me, but Mrs. Price was his primary teacher, Ted his lifelong pal, so I feel glad they'll be there. They expect to remain in Pasadena after Garth's graduation in June and plan to visit hom in August.

Mrs. Clarence Morris recently returned from a visit with her mother in Duncan, Ariz. The mother is quite ill.

The Beaulah Hartley home is now occupied by Mr. and Mrs. Gierhart.

Mrs. Collins, formerly of Capitan, now of Albuquerque, has recovered sufficiently from injuries received in a recent fall to be up and about some. Rev. Collins once pastored one of our local churches and many here remember them both.

Mrs. W. S. Lair and son, Wilmer Conder, spent Easter week-end with relatives in Tularosa and Alamogordo. Incidentally, Wilmer recently bought a good looking Buick and is enjoying driving his mother around. Good for Wilmer, I like to see boys show their mothers a good time.

Mr. Heochie and sisters, Mrs. Meeks and Mrs. Rodgers, were Capitan visitors last week. They now reside in Carrizozo but for many years ranched near the south side of the east Capitan mountain.

Born, to Mr. and Mrs. Chas. Ferris, Tularosa, a son, March 15 in a Roswell hospital. It's a long time since the Ferrises had a baby in their household and it's a reasonable guess they are duly proud.

Mr. and Mrs. Monroe Howard had as a guest recently Mrs. S. A. Howard of Childress, Tex. She is the widow of Mr. Howard's twin brother and is well advanced in years—she is now 81.

The Fair Board met at City Hall Friday night last week to start plans for the next fair in Capitan. Charlie Jones, North Side rancher, is president and I suspect we can look for some action with him at the helm.

Shearing is now over among the North Side sheepmen. I didn't learn much as to the grade of clip, etc.

Mass was said at the Catholic Church at 7 a. m. Sunday. Immediately following, the H. C. Otero family left for Alamogordo to spend the day. The small fry enjoyed an Easter egg hunt. The H. G. Oteros also visited Friday night with his grandmother who lives at the Block Ranch and who is critically ill at this time. She is Mrs. Tarsesia Chavez, and is 91 years of age.

The local grade school had an egg hunt Thursday afternoon as is the annual custom. Classes dismissed from Thursday to Tuesday for Easter vacation.

Mr. and Mrs. Louis Padilla and family visited Mrs. Padilla's mother Easter week-end. They reside at Los Alamos.

Viola Griego, Ft. Stanton, formerly of Capitan, was married at 9 a. m. Wednesday last week at Ft. Stanton, but I was unable to get the groom's name. He is stationed at Red Canyon and I understand the couple will leave almost immediately for his home in Maryland.

When Lewis Cummins returned from his recent visit in Arizona and California, he brought back from his brothers trees at Mesa, ... fruit and lemons I have ever seen, and divided with his neighbors. I can testify the flavor was supreme.

Miss Virga Lucy, El Paso, was an Easter week-end guest at the home of her cousin, Mrs. James L. Black.

Mrs. N. E. Britton, Block Ranch, substituted for Fred Miller at Capitan High School, teaching his group Tuesday to Thursday last week while he was ill with bronchitis.

Monday of last week Dr. Turner performed minor surgery for Mrs. Britton at Carrizozo.

Mr. and Mrs. Jack Shaw, Ft. Stanton, spent Friday afternoon at the N. E. Britton home, Jack doing a spot of work and Frances doing some visiting.

Keeth Gas Co.'s genial distributor, F. F. (Happy) Morris was dispensing gas and good will here Saturday. He said Mrs. Morris wasn't feeling so well.

Mr. and Mrs. Carl F. Scott, Albuquerque, visited Mrs. Scotts' parents Easter week-end. Mrs. Williams said Mrs. Roby (Aline) was prevented from joining the family gathering, since her eldest son had a mild case of measles. She resides and teaches in Gallup.

Mrs. Woods, who lives in the D. S. Williams rental property, spent Easter week-end with her brother near Roy.

The W. M. U. met as usual last Wednesday, 3 p. m., for an interesting lesson. Mrs. Jack Robinson was program chairman. Eight members were present. Following their elders, both the Jr. G. A.'s and the Sunbeams each held regular meetings. The G. A.'s had 11 members present, the Sunbeams several with quite a few visitors. Following lessons, the groups enjoyed egg hunting near the church.

Dixie Sparks, son and daughter, arrived late Saturday for a visit with their mother and grandmother, leaving late Sunday for their respective homes at Alamogordo and Las Cruces. Dixie went on to El Paso where she made some purchases for her beauty shop she hopes to open here about April 15. Announcement of the opening will be made in the county press.

Mrs. Tim Burch's daughter, Roswell, was an Easter time guest in her mother's home here.

Mrs. M. A. Daugherty, Roscoe, Tex., arrived Saturday for a visit with her sister, Mrs. Key.

The Lee Smith family visited relatives in Portales last week-end.

Somebody told me Hollis Cummins completed a deal in El Paso recently, trading his Oldsmobile and now has two Fords, one for himself and one for his parents.

More than 200 governors have served New Mexico since it was colonized in 1598. The first was Don Juan de Onate, who led a band of Spanish settlers into the new territory and founded the first capital at San Gabriel.

If Elmer Reinhardt will call at the Chocolate Shop and bring this clipping he will get a free malted milk.

George Fuchs Heads C. Of C.

George Fuchs was unanimously elected president of the Ruidoso Chamber of Commerce in a meeting of the board of directors here Monday evening in the C. of C. office in the L. P. Haist building. Ray Clarke was named vice-president and Emil Klemm treasurer. The three were voted on without opposition when recommended by a nominating committee headed by Carl Morrison, retiring director. Morrison also presented a proposed budget of $10,000 for the 1958-59 year which was adopted. The budget figures will be published in the Ruidoso News within the next few weeks.

Other business before the C. of C. directors was discussion of the need for new advertising folders, further pursuance of a road into White Mountain Park through Forest Service channels, and the reading of letters from game department officials in answer to the C. of C.'s protest against a ruling that no trout would be planted in the Rio Ruidoso in the Mescalero Apache recreation area. The game department says no fish can be planted in streams where an additional fishing fee is charged on top of the regular state fishing license.

Attending the meeting were President A. E. Hunt, Directors Fred Gresswell, Jack Kennady, W. A. Hart, Morrison Kemm, J. Emmett Reese, W. D. Horton, Bill McCarty, Leck Cowden and Joe Coe, and visitors Clyde McClintock and Vic Lamb.

DARLENE JONES HURT IN AUTO CRASH

An Orange, Tex., man was fined $150 and surrendered his driver's license on a charge of DWI, and his companion, from the same town, was fined $15 for drunkenness and disorderliness as the aftermath of an auto collision on a gravel road leading into Mechem Drive here Sunday evening. Darlene Jones suffered a severely sprained ankle and a minor cut on the leg, the driver, Barry Swanson, and another passenger, Gary Russell, escaped injury when the Harold Jones late model Pontiac station wagon in which they were riding was damaged severely by the impact of a pick-up in which the Texans rode. The Jones car had pulled to a stop when the occupants noted the approaching car was weaving in and out of a roadside ditch. Swanson was unable to avoid the collision, investigating officers said.

Presbyterian Pastor To Be Installed

The Rev. Gordon Garlington, pastor of the First Presbyterian Church of Lovington, as chairman; the Rev. John Justus, pastor of the Manhattan Presbyterian Church of El Paso; the Rev. Donald Whiteside, pastor of the Trinity Presbyterian Church of El Paso; Lee Milling, executive secretary of the Presbytery of the Southwest and W. Scott Campbell of the Ruidoso Presbyterian Church will form a commission to install the pastor-elect, the Rev. Paul S. Van Dyke, Sr., as pastor of the Ruidoso church in a program Sunday evening, to start at 7:30 p. m.

The public is invited to join with the Presbyterian Church members here for this event. The Rev. Van Dyke came here from Victoria two months ago to assume the pastorate of the local church, succeeding the Rev. Wm. B. Holmes, Jr., who went to Van Horn, Tex.

HIATTS ARE HERE

Samuel and Frieda Hyatt, Ruidoso boosters and writers and photographers for national trade magazines, are here from Levelland, Tex. They are authors of three articles in the latest issue of Toys Magazine—two pieces reporting on Mrs. Ike Kennedy's Little Pink Doll House and Warren Tucker's Ruidoso Food Mart.

NEW C. OF C. MEMBERS

Latest recruits in the membership drive for the Ruidoso Chamber of Commerce include Buckner's, Inc., Coy Maroney, operator of Hollywood Inn, Frazier and Cusack, Roswell, and Samuel R. Oscar, associate member. They bring the total investors in the 1957-58 program to 140, according to Mrs. Emma Reckmann, secretary of that organization.

ATTIC SALE SET TONIGHT

Lincoln County Farm & Livestock Bureau will stage an attic sale here tonight (Friday) in the Junior High and Elementary School cafeteria, with a large number of items to be put on the auction block. Antiques, good used merchandise, perhaps some appliances and household furnishings, along with other articles, will be put up for sale.

Coffee will be served free, but pies and cakes will be sold.

Profits from the sale will go into a fund for paying scholarships to New Mexico A. & M. College, Las Cruces, for two Lincoln County youths, a project sponsored by the Farm and Livestock Bureau for three years. Awards of the scholarships are usually made at the Lincoln County Fair in the fall.

Ruidosoans are urged to join their neighboring farm and ranch friends in having lots of fun and to get a chance for some bargains, too, at their own price, tonight. Business people of other communities are also invited to attend the event.

Spring Concert By School Band To Be Informal

By LeROY GOOCH
(School Music Director)

The spring concert by the Ruidoso school band Friday next week at 8 p. m. in Nob Hill School Cafeteria will be somewhat different from the previous programs and will be less formal than before. The concert band will play six numbers, two of which will be all-time great band classics. One will be "Sequoia" by La Gassey and the other will be "Aida" by McCaughey. Both of these numbers are outstanding concert material that supply beautiful, flowing, melodic lines without losing the full sound of the concert band. In addition, the rhythm and dynamics vary to make the number more interesting and exciting for the performers and the audience.

At the close of the program, the new Ruidoso school fight song will be introduced and we will supply each person in the audience with a copy of the words so they may sing along with the band as it is being played. This song will be used next year at all the athletic games and we feel this concert will be a good time for the public to get acquainted with our school fight song.

Next and last, will be the newly formed high school dance band which is composed of students from our concert band. I will not list this part of the program principally because we have not decided exactly what numbers to use, although I am sure Dixie Capps will sing accompanied by the dance band. The dance band is composed of two clarinets, three saxophones, three trombones, three trumpets, bass, piano and drums for a total of 14 pieces. Mr. Chavez is playing first trumpet and he supplies a lot of inspiration for the students in this field. The arrangements are especially for school dance bands and they supply a nice, full band sound.

The students have worked hard and they are playing what we consider good, challenging music in concert and dance band. I am very proud of all these students and I would like it published to that effect. I feel that you parents can be justly proud also.

I want all the people, too numerous to name, who help transport and sponsor students on trips, work as band boosters, attend our programs, or help in any way, to know that you are the people who make our school music program possible and we thank you from the bottom of our hearts.

By the way, I forgot to mention that there will be an advance ticket sale for the April 18 concert, $1.00 adults and 50c children and we hope that everyone will attend.

Lions-F. B. L. A. Meet In Annual Banquet

The program for the eighth annual joint banquet meeting of the Ruidoso Lions Club, sponsor, and the Ruidoso Future Business Leaders of America Club, held here Tuesday evening in Nob Hill Cafeteria, was long on entertainment and short on long-winded speeches. The entire program was designed with an eye for fun and enjoyment.

Pat Rooney served as toastmaster, introducing Carmon Phillips who gave the invocation. A welcome to all was expressed by F. B. L. A. President Ann Westall. Next Lion Boss Paul Vance spoke briefly, giving Lions announcements and expressing pride in accomplishments of the commercial students who form the membership of the FBLA. Superintendent J. H. Morris traced the history of the F. B. L. A., remembering the first commercial teacher was Hubert Dutton, the next was Mrs. Cunningham, succeeded by Ray Barnett. Currently, Mrs. Jess White is the teacher, and Morris expressed appreciation for her work and the work of the club members.

Dixie Gibson was introduced as the Future Business Leader of Tomorrow, a title she earned with her high grades and astuteness in the commercial subject.

Two vocal numbers, Bali Ha'i and If I Loved You were sung by Jeanene Carpenter, accompanied by Mrs. Nannie Lou Dodson on the piano, Carmon Phillips on drums and LeRoy Gooch on a bass violin. A vocal quartet, composed of Barry Swanson, Tommy Graham, Ronnie Dodson and Jim Wilson sang Climbing Up the Mountain and Anyhow, also accompanied by the trio named above.

Lynda Redmann, Bill Easley, Judy Barajas, Pat Rooney, June McCraw, Dickie Kelley, Carol Harris and Bob Pior danced a folk number, Lili Marlene, then called on members of the audience to pair with them for a second presentation.

The ever popular Little Nell skit was given as a climax, starring Dick Kelley, Nadine Peterson, Reid Stierman, Charles Perry and Tommy Graham, the latter playing the part of the baby. Kelley was a farmer, Nadine his daughter Little Nell, Stierman the villain and Perry was constibule.

Mrs. Bernard Rooney served as chairman of a food committee serving a delicious turkey dinner with trimmings. She was assisted by mothers of FBLA club members. Money from ticket sales assists in paying expenses of the FBLA representatives to the state convention, to be held this month in Las Vegas.
