From Billie Holder's column in the Alamogordo News: "Some El Paso Boy Scouts were going through Alamogordo last Saturday on their way to a week-end campout at Ruidoso, and as luck would have it they developed a bit of mechanical trouble in their bus. The 26 or 30 boys aboard didn't seem to mind the trouble nearly as much as the four adult Scouters who were along, and they almost didn't know what to do since the repair shops were closed when the trouble occurred. So, they called upon [illegible] Battle, local Scouter, who [illegible] got in touch with Ken [illegible] and the two local fellers prevailed upon a friend to get them out of their trouble. George Chandler came down and opened his repair shop at Callaway's and made fast work of the repair job, and since he had been a Scoutmaster and had [illegible] plenty of boys in the past, he didn't charge the fellows a cent for the overtime repair job. Well, the Scouters from El Paso [illegible] relieved, and highly appreciative of all the effort in their behalf. And, so far as we know, the Scouts were able to camp out at Ruidoso on Saturday night."

Special Patrols Over Week-End Announced By Forest Service

SPECIAL Patrols Over Weekend [illegible]

"Special" car patrols throughout this area of the Lincoln National Forest are planned by the Forest Service over Memorial Day week-end, when thousands of visitors are expected to pour into Ruidoso for the opening of the track season at Ruidoso Downs and to enjoy the coolness of the mountains.

That announcement was made Tuesday by Clarence Sinclair, Ruidoso Ranger.

"Camp fires will not be permitted in the forest," he said, "only in designated areas where there are fireplaces."

These fireplace sites for campers' convenience are located at Skyland, Cedar Creek and Mon Jeau. However, these sites also will be patrolled, as well as Eagle Creek, Gavilan Canyon, Bonito and the Mon Jeau Road.

The Lincoln National Forest continues to be extremely dry and the fire hazard remains high. The Forest Service is urging the utmost caution of all visitors and residents in the area to prevent any fires.

"We want to stress," Sinclair said, "that the Lincoln is closed to campers, only in the designated areas. We also want to ask smokers to be careful in putting out their cigarettes or cigars."

The Lincoln has been plagued with several blazes this spring, one of which still is being checked daily to make sure there is no further flare-up. This site is near the old CYO Camp and Mills Canyon, where last week 25 acres of timber burned and 75 men battled the fire for hours before it was brought under control.

In addition to Forest Service men and Mescalero Red Hats, Ruidoso maintains a stand-by crew and volunteer firemen to fight forest fires in the area. There also are volunteer firemen at Hollywood, who help in emergencies.

"But we hope none of these men have to be called out this weekend," Sinclair said.

New Chamber Building Now Open, New Service Added

Adding much to the beauty and civic facilities of growing Ruidoso is the new Chamber of Commerce building now open on Main Road at the entrance of Two Rivers Park.

The efficient Chamber staff already is manning the desks at the attractive, modern building. Tourists are finding easy access to the building and are pleased to discover that a brand new feature has been added to the Chamber facilities.

Inaugurated this year, the service is known as the Ruidoso Tourist Accommodation Association. Free service is being offered tourists in locating rooms for them. Such service may be for a day, a week or the entire season.

Also located in the spacious building is the Western Union office, another boom for the hundreds of visitors that pour into this cool, mountain resort city for the summer.

Located in a scenic setting of tall pines, the new Chamber of Commerce building is of Old English type architecture. Walls are of white stucco with dark timber trim. The structure has four exposures and the deep windows have leaded panes.

Upper portions of the inside walls and ceilings are of knotty spruce, that shine like blond satin and will never darken. The business office, which is separated from the directors' room, has a service counter of cedar. Mrs. Emma Redmann, Chamber secretary, also has a desk of the same cedar.

"The counter and desk were given to the Chamber by the late 'Pee Wee' Taylor," she said, "and we are very proud of them. We used them in the old Chamber quarters and could not part with them."

Draw draperies of natural [illegible] cotton are hung at the windows of the new building, and were made by Mrs. Redmann. The windows have inside ledges and, here, bright notes of color are added by potted plants.

Center of interest in the directors' room is a great fireplace of native stone, reaching from floor to ceiling.

Entire floor space of the new building is 24x36 feet.

There is an extensive parking area across the entire front of the building, which will enable Chamber personnel to take care of more callers each day.

Mrs. Jane Bernard is in charge of the Ruidoso Tourist Accommodation Association Service at the Chamber. She is urging all individuals and operators of courts and cabins to register their rooms with her.

Officers of the association are V. A. Miller, president, Forest Bradley, vice-president, and Mrs. Tom Halbert, secretary-treasurer.

RUIDOSO LODGE CABIN DESTROYED BY FIRE

Despite a heroic effort by the local volunteer fire department, one of the 17 cabins at Ruidoso Lodge was entirely destroyed by fire late Sunday night.

The blaze is thought to have been caused by a faulty hot water heater, according to Claude Peterson, head of the volunteer firemen.

The fire first was discovered by residents in the area, who reported it to J. P. Bobo, city marshal. Exact site of the flames was located and Mr. and Mrs. Dave McNutt, owners of the Lodge, were notified.

When the fire department arrived, the flames had spread to the roof and had ignited a tall tree at the rear of the cabin. The cabin was furnished and all contents also were destroyed.

The cabin, which was built last year, was unoccupied at the time of the blaze.

Estimated loss, according to the owners, is at least $8,000.

RUIDOSO READY FOR HUGE THRONGS ON MEMORIAL DAY

Ruidoso, the Playground of the Southwest, was never more ready than this spring to entertain thousands of summer vacationers and horse race fans. The community has been in a full trot for several weeks getting ready for the 1959 season, remodeling, building new business buildings, new homes, adding additional stocks and manpower, and most of all—adding several new businesses and services not available heretofore.

Memorial Day week-end, one of the nation's big vacation-time holiday periods, is considered as Ruidoso's "opening weekend" for the summer rush. There are new cafes, tourist accommodations, service stations, gift shops, real estate businesses and other such firms opened for this year, many of them now putting the final touches on their construction work in time for the summer rush that is expected to begin today.

Ruidoso's growth has been at a faster rate this spring than any before. Improved highways and highway entrances, considerable enlargement of stocks and services by the long-established firms, added employees—and several new subdivisions to provide homesites for still more permanent residents, along with the several new businesses—all add up to what promises to be a summer "bigger and better than ever."

Ruidoso Downs is completing an all-around, modernization program that has been underway for several months—with added and improved seating accommodations, additional stalls for many more horses—and other conveniences. Downs officials predict, once again, the new race season will top all others in the past—an annual occurrence here since the track was founded 13 years ago.

No one knows how to estimate the size crowd we'll have this week-end, but, you can make a safe bet it, too, will top all other season openers!

Village Trustees Hear Engineer Kannady Tell Of Survey Underway

Ruidoso's Board of Trustees, in its last regular meeting, entered into a lengthy discussion with Dan D. Swearingin regarding policy of installing water mains in new subdivisions and in outlying parts of the village. He noted considerable hardship is sometimes imposed on a property owner having a lot located quite a distance from existing water mains.

Engineer Jack Kannady reported he is compiling figures and data on widening Main Road in the main area of Ruidoso, and will have a definite report on his findings after his survey. Curb gutter and easements are being figured in his initial study.

Street Commissioner Tom Jones reported considerable complaints in regards to the condition of Main Road because of the sewer project excavations. He said he would do the best he could with available equipment in putting the road back in better shape.

Water and Sewer Department Superintendent Claudie Peterson reported on purchase of a pump for the Water Department for $660.00.

The Board voted to contribute $302.38 to the library here for purchase of books.

It also voted to accept a contract for auditing books of the village in the amount of $400.00.

Other action included an order to Village Attorney Jack Cusack to draw up a curfew ordinance for the board's study and possible action.

Turf Motel Opens On The Main Road, Ultra Modern Units

Now open for business is the new and ultra modern Turf Motel, located on Main Road near Skyline Park.

Interior decor [illegible] with a pink-beige heavy wall-to-wall carpeting in every unit. Walls are tinted to harmonize and beige satin-back silk draw-draperies combine to give the units a pleasing and restful atmosphere. Furniture is of modern styling, with roomy and comfortable occasional chairs in every unit. Warm notes of color are added in upholstery of the chairs and spreads on the big double beds.

The large baths of every unit are of ceramic tile, and linens have been selected to harmonize with the overall decorative theme.

A handsome upright radio cabinet is in every room.

The Turf Motel is 94 feet long and of cinder block construction, with outside walls painted white. Constructed on a raised elevation, there is a fine view from every unit.

The Turf Motel is owned by Mr. and Mrs. R. R. Wheatley of Amarillo, Tex., and is being operated by Mrs. Wheatley, who is a native of Aztec, N. M. They have one son, 1st Lt. Robert R. Wheatley, who is stationed with the Army at Ft. Lee, Va.

"We hope to make the Turf Motel a friendly stopping place," Mrs. Wheatley said. "We want our guests who are away from home, to feel that our motel is their second home."

The Turf Motel is a long-time dream of the Wheatleys, who have been coming to Ruidoso for many years. They bought the land 14 years ago, to some day build a motel there.

"Now our dream is realized," Mrs. Wheatley said.

Holes were being dug early this week for installation of 22 standards on which mercury vapor lights will be hung throughout the Hollywood community. At work on the project are members of Community Public Service Co. construction department here.

Mrs. Wheeler Is Honored At Party On 80th Birthday

Mrs. Lee Wheeler, who was celebrating her 80th birthday anniversary, was inspiration for a delightful party Saturday given by Miss Aimee Doerr at her beautiful river home.

Bouquets of red roses and pansies decorated the table, which was spread with a handmade cloth, presented to the hostess by a Hungarian woman she had sponsored in this country.

Three birthday cakes also were arranged on the refreshment table. They were baked by Miss Doerr, Mrs. Liza Taylor and Mrs. Wheeler's daughter, Mrs. George Bonal.

Mrs. Wheeler was born at Marion, Tex., in 1879, and had lived all her life in that state, until she sold her house in Waco after the tornado of 1953. She then moved to Ruidoso to make her home with her daughter.

After playing games at the party, a refreshment plate of sandwiches and cake were served with tea and coffee. Tea was poured from a musical tea pot from England.

Mrs. Wheeler was presented with many beautiful gifts.

Other guests included Mrs. Liza Taylor, Mrs. Carl Longabaugh, Mrs. Pearl Carter, Mrs. J. V. Hebbis, Mrs. Hollofield, Mrs. M. Graves, Mrs. V. Higgerson, Mrs. H. K. Knox, Mrs. Tom Holbert and Mrs. George Bonal.

May 20, [illegible]

Mr. Vic Lamb, Editor
THE RUIDOSO NEWS
Ruidoso, New Mexico

Dear Mr. Lamb:

My husband and I and our two little girls visited in Ruidoso during the past week-end and shared a wonderful experience, I would like to tell you about it.

We have lived in Lubbock for the past two years, where my husband is Assistant Manager of the J. C. Penney Company. He has been associated with Penney's for the past ten years and should have a financially rewarding future one day with the Company.

During the past ten years we have always lived in rather large cities; Shreveport, Waco and Lubbock. Being a "small town girl" and a dedicated lover of God's aesthetic wonders, I have yearned to get back to a small town so our children could know the joy and freedom of being close to Nature and grow with friends they will not have to part from, each time their Father is promoted. I am convinced it was Fate that took us to Ruidoso, Old Baldy cast her magic spell on us and we [illegible] are interested in developing Ruidoso. As we drove through the [illegible], we did not find a single Department Store — some specialty shops, yes; ladies shops, a children's shop, a Men's Western Wear and one small Dry Goods store—but no Department Store. And since we had just come the 72 miles from Roswell and later were told that a lot of people shop in Alamogordo, we couldn't get it out of our minds of the terrific need of a good Department Store in Ruidoso. As Ruidoso grows shouldn't it get an enormous amount of trade from neighboring towns, not excluding the ever growing population, as well as the seasonal tourists? And as Ruidoso grows, a good Department Store would also grow.

My husband and I have been married for ten years; he is thirty-four years old and I am thirty. We have two children. Vicki is almost nine and in the third grade. Candi is three. My husband is a Veteran of over four years service in the Navy during World War II. We both have a College Degree and were raised in the Baptist Faith. I have had five years experience in Welfare Social Work. My husband knows the Retail Business from top to bottom—he has worked in every department, at different intervals since he has been with Penney's. As a youngster he always worked, all through his school years, in various jobs, and still considers working as a great challenge and privilege. Hard work and long hours have never been drudgery to him.

Mr. Lamb, I am writing to you with the hope that you will know someone who would be interested in investing in a sound business proposition that we are convinced will prove [illegible] not only us

We have some money—but not enough. My husband would have his retirement money of several thousand and we will sell our home. But some of that will have to go back in to a place to live; the cost of moving and the lease on the building. We talked to a Real Estate Company in Ruidoso and he will build the building in a good location with plenty of parking space and at a very reasonable lease. Among the possibilities we thought of—I have interest in several pieces of heir property back in Louisiana, also a Service Station and home that is all clear, left by my Father. But my Mother is a widow and soon will retire. I could not ask her to mortgage all that she and my Father had worked for years to obtain; if another way could be found. My husband has an Uncle, who has no children, and is very wealthy, [illegible] could help, if he would. But we can not be sure of this, as he is very old and set in his ways. My husband's brother plays professional football for the Baltimore Colts and possibly might help some; except that he has just bought into a Sporting Goods Business himself. As you can see, somehow, somewhere, we have got to find a benefactor who will believe in us enough to take a chance. We have no collateral but ourselves — our experience, our youth, ambition and Faith in the town and in ourselves.

My husband is making plans to secure a government loan to get us started. Also he has several contacts and banks to talk to; in Lubbock, Houston and Shreveport, Louisiana, which was originally our home. We are not just sitting back waiting for someone to thrust a loan at us! My husband is compiling a portfolio of information and plans on Ruidoso [illegible] we would want it. Of course the builder and architect will design the building but the fixtures, furnishings, displays, cost of stock, etc., will have to be planned in detail beforehand to present to an investor.

The idea is—we are so anxious to get started and securing a government loan may take several months. Also if my husband finds an individual or bank to back us he will have to sell them on Ruidoso first and then sell them on himself. That is the reason I am writing to you. Since a developer or an individual in or around Ruidoso would already be "sold" on the valley—we would only have to "sell" ourselves; and my husband is a very good salesman!

As you can readily see; I am not only his "Press Agent" but his number one fan. And why not? Should celebrities have the only market on admirers? Seriously though, Mr. Lamb, while I am a dreamer and not always very practical, my husband is "all business." He will make a success of anything he undertakes. Sometimes I think he needs a wee bit more poetry in his Soul—but maybe I have enough of that for both of us.

I am enclosing a picture of my husband. He is very neat and distinguished looking, and never meets a stranger. He would be an asset to any community.

We're not jealous for a moment that we can make a success of a business in Ruidoso. The opportunity is there—it is only waiting to be tapped. We had been in Ruidoso only short minutes when we realized this. Awed by the breath-taking beauty of the place and silenced by the sensation we drove through the

From what people have told us, Ruidoso is [illegible] at a fantastic pace. We would like nothing better than to grow with the town. Ruidoso has much to offer us—and we feel that we, in turn, could give the town an equal return for the investment. My husband has very profound feelings in regard to business. He feels that a Retail Department Store should not be just a scheme to "make us rich," but rather a chance to serve a community need and work in that community for the betterment of the town and welfare of all the people. Although we would be appreciative and grateful for the tourist trade, we feel that the real values of service and growth would lie with the town people. We would want to work toward a business of which the town could be proud. We have dreamed of finding an ideal "Home Town," to rear our children—where there is beauty and promise. Ruidoso is it!

I am enclosing a copy of an article that I had written several months ago; also an article from the May Reader's Digest, by William Benton—both of which convinced us that we should leave the large Corporation with which we have been associated for a decade—with all its benefits and security—and try "our own wings." We are as confident as William Benton that ". . . the frontier is not closed." Surely there is someone, somewhere, who shares our views and will believe in our ability enough to invest in our dream—and help us build it into a reality.

We would like to subscribe to The Ruidoso News as we want to

A MEMORIAL

As we come to Memorial Day, many people will stand beside a lonely grave with sadness possessing them. With eyes filled with tears, they will be reaching out for memories to fill the void of a lonely heart. Memorial Day is another way of expressing what we feel throughout the year. The sacrifices of other people are to be remembered always. As I recall to mind the people with whom I went to school, many are among the group who gave their life in war. We must not here just we forget the price they paid for our security. Those of us who went to war and returned to live in our own beloved land are thankful that our sacrifice was not the supreme sacrifice. If you have a loved one among the group who did not return, let us join in a prayer that they did not die in vain.

This week I will stand beside the grave of my mother. Though she has been gone for several years, I can't get used to the idea that she won't be there to greet me as I return to my childhood home. I know beyond any question of doubt that my mother had more influence on me than any other person. Though she is dead, her children and friends are a memorial of her life and ideals. These ideals were always high enough to make us proud of a mother's ambitions. So with memories and tears let us ask God's blessings on those who have served so well. May their greatest memorial be an appreciation in our hearts.

Angus & Bonito

By EPPA CORDER

In 1881 from Erath County, Tex., Rev. and Mrs. J. H. Skinner came to the Bonito. Rev. Skinner was a Baptist preacher. The Skinners settled on the Bonito river about where Corder's place is now located. Later the Skinners moved up the Bonito and settled below Bonito Dam and Rev. Skinner put out the first apple orchard on the Bonito. Some of the old apple trees are still there, and people each year enjoy the fruit from these trees. It was here that one of their daughters was born, now Mrs. A. B. Zumwalt of Nogal, N. M., who is celebrating her birthday Wednesday, the 27th.

In 1879 Mr. and Mrs. T. B. Zumwalt moved to New Mexico from Kerr County, Tex., and three years later to Lincoln County and the Angus area.

Mr. and Mrs. A. B. Zumwalt both attended school here at Angus in the building that is now known as the Angus Community Building. A romance started between the two and this past February they were married 61 years. Congratulations to this very fine couple.

Monday night the 19th after the graduating exercises at Capitan High, Mr. and Mrs. Roy LaMay entertained the Senior class at their lovely home. Delicious refreshments were served the Seniors and also lots of the neighbors that were there —laughingly called the Seniors of the 90's. A most enjoyable evening was had by all.

First part of last week Mr. and Mrs. E. B. Sterne of Morenci, Ariz., visited the Tennie LaMays, parents of Mrs. LaMay, Frank Sterne, who has been staying with the Tennie LaMays and going to school in Capitan, returned home with his parents but will be back for school next year. Frank will be greatly missed on the Bonito.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Tuesday	I Kings	12	1-17

When does a baby start to think?

Nobody knows, exactly. But thoughts do come by association. Baby eagerly responds to the sight of a bottle because experience has proven that the bottle offers both satisfaction and comfort.

Because baby does learn by association, it is important that parents take care to enlarge their childrens' horizons as they grow. A very small child will respond to a simple prayer. And a child of three will find great enjoyment in attending Church School geared for youngsters of that age.

Religious instruction and guidance is not for the mature only—it is needed regularly by everyone. The spiritual life of your child needs constant cultivation, just as the mind needs day by day development and the physical body needs exercise and training.

Letts to the Editor

3009 57th Street
Lubbock, Texas
May 20, 1959

Mr. Vic Lamb, Editor
THE RUIDOSO NEWS
Ruidoso, New Mexico
Dear Mr. Lamb:

My husband and I and our two little girls visited in Ruidoso during the past week-end and shared a wonderful experience. I would like to tell you about it.

We have lived in Lubbock for the past two years, where my husband is Assistant Manager of the J. C. Penney Company. He has been associated with Penney's for the past ten years and should have a financially rewarding future one day with the Company.

During the past ten years we have always lived in rather large cities; Shreveport, Waco and Lubbock. Being a "small town girl" and a dedicated lover of God's aesthetic wonders, I have yearned to get back to a small town so our children could know the joy and freedom of being close to Nature and grow with friends they will not have to part from, each time their Father is promoted. I am convinced it was Fate that took us to Ruidoso. Old Baldy cast her magic spell on us and we left in truly a land of enchantment!

Mr. Lamb, we were so enraptured with your town that we would like to pull up stakes and join forces with you and your neighbors and all who are interested in developing Ruidoso. As we drove through the town, we did not find a single Department Store — some specialty shops, yes; ladies shops, a children's shop, a Men's Western Wear and one small Dry Goods store—but no Department Store. And since we have just come the 72 miles from Roswell and later were told that a lot of people shop in Alamogordo, we couldn't get it out of our minds of the terrific need of a good Department Store in Ruidoso. As Ruidoso grows shouldn't it get an enormous amount of trade from neighboring towns; not excluding the ever growing population, as well as the perennial tourists? And as Ruidoso grows, a good Department Store would also grow.

My husband and I have been married for ten years; he is thirty-four years old and I am thirty. We have two children. Vicki is almost nine and in the third grade. Candi is three. My husband is a Veteran of over four years service in the Navy during World War II. We both have a College Degree and were reared in the Baptist Faith. I have had five years experience in Welfare Social Work. My husband knows the Retail Business from top to bottom—he has worked in every department, at different intervals since he has been with Penney's. As a youngster he always worked, all through his school years, in various jobs, and still considers working as a great challenge and privilege. Hard work and long hours have never been drudgery to him.

Mr. Lamb, I am writing to you with the Hope that you will know someone who would be interested in investing in a sound business proposition that we are convinced will prove itself and reward not only us there someone in Ruidoso who is interested in the development and planning of the town enough to help us get a start?

We have some money—but not enough. My husband would have his retirement money of several thousand and we will sell our home. But some of that will have to go back into a place to live; the cost of moving and the lease on the building. We talked to a Real Estate Company in Ruidoso and he will build the building in a good location with plenty of parking space and at a very reasonable lease. Among the possibilities we thought of—I have interest in several pieces of heir property back in Louisiana, also a Service Station and home that is all clear, left by my Father. But my Mother is a widow and soon will retire. I could not ask her to mortgage all that she and my Father had worked for years to obtain; if another way could be found. My husband has an Uncle, who has no children, and is very wealthy, and could help, if he would. But we can not be sure of this, as he is very old and set in his ways. My husband's brother plays professional football for the Baltimore Colts and possibly might help some; except that he has just bought into a Sporting Goods Business himself. As you can see, somehow, somewhere, we have got to find a benefactor who will believe in us enough to take a chance. We have no collateral but ourselves — our experience, our youth, ambition and Faith in the town and in ourselves.

My husband is making plans to secure a government loan to get us started. Also he has several contacts and banks to talk to; in Lubbock, Houston and Shreveport, Louisiana, which was originally our home. We are not just sitting back waiting for someone to thrust a loan at us. My husband is compiling a portfolio of information and plans on Ruidoso, its on the town; including population, number of children enrolled in school, number of annual tourists, etc. We are making a lay out of the actual store as we would want it. Of course the builder and architect will design the building but the fixtures, furnishings, displays, cost of stock, etc., will have to be planned in detail beforehand to present to an investor.

The rub is—we are so anxious to get started and securing a government loan may take several months. Also if my husband finds an individual or bank to back us he will have to sell them on Ruidoso first and then sell them on himself. That is the reason I am writing to you. Since a developer or an individual in or around Ruidoso would already be "sold" on the Valley—we would only have to "sell" ourselves; and my husband is a very good salesman!

As you can readily see; I am not only his "Press Agent" but his number one fan. And why not? Should celebrities have the only market on admirers? Seriously though, Mr. Lamb, while I am a dreamer and not always very practical, my husband is "all business." He will make a success of anything he undertakes. Sometimes I think he needs a wee bit more poetry in his Soul—but maybe I have enough of that for both of us.

I am enclosing a picture of my husband. He is very neat and distinguished looking, and never meets a stranger. He would be an asset to any community.

We do not doubt for a moment that we can make a success of a business in Ruidoso. The opportunity is there—it is only waiting to be tapped. We had been in Ruidoso only short minutes when we realized this. Awed by the breath-taking beauty of the place and silenced by the sensation, we drove through the thought we asked each other, "Do you sense what is happening here? There is opportunity on every corner!"

From what people have told us, Ruidoso is mushrooming at a fantastic pace. We would like nothing better than to grow with the town. Ruidoso has much to offer us—and we feel that we, in turn, could give the town an equal return for the investment. My husband has very profound feelings in regard to business. He feels that a Retail Department Store should not be just a scheme to "make us rich," but rather a chance to serve a community need and work in that community for the betterment of the town and welfare of all the people. Although we would be appreciative and grateful for the tourist trade, we feel that the real values of service and growth would lie with the town people. We would want to work toward a business of which the town could be proud. We have dreamed of finding an ideal "Home Town," to rear our children—where there is beauty and promise. Ruidoso is it!

I am enclosing a copy of an article that I had written several months ago; also an article from the May Reader's Digest, by William Benton, both of which convinced us that we should leave the large Corporation with which we have been associated for a decade—with all its benefits and security—and try "our own wings." We are as confident as William Benton that ". . . the frontier is not closed." Surely there is someone, somewhere, who shares our views and will believe in our ability enough to invest in our dream—and help us build it into a reality.

We would like to subscribe to The Ruidoso News as we want to

Valley of the mountains. Enclosed, also, is $3.50 to cover the cost of subscription and postage. If the cost is more than this, please bill me.

Sincerely yours,

A MEMORIAL

As we come to Memorial Day, many people will stand beside a lonely grave with sadness possessing them. With eyes filled with tears they will be reaching out for memories to fill the void of a lonely heart. Memorial Day is another way of expressing what we feel throughout the year. The sacrifices of other people are to be remembered always. As I recall to mind the people with whom I went to school, many are among the group who gave their life in war. We must use care lest we forget the price they paid for our security. Those of us who went to war and returned to live in our own beloved land are thankful that our sacrifice was not the supreme sacrifice. If you have a loved one among the group who did not return, let us join in a prayer that they did not die in vain.

This week I will stand beside the grave of my mother. Though she has been gone for several years, I can't get used to the idea that she won't be there to greet me as I return to my childhood home. I know beyond any question of doubt that my mother had more influence on me than any other person. Though she is dead, her children and friends are a memorial of her life and ideals. Those ideals were always high enough to make us proud of a mother's ambitions. So with memories and tears let us ask God's blessings on those who have served so well. May their greatest memorial be an appreciation in our hearts.

Angus & Bonito

By EULA CORDER

In 1881 from Erath County, Tex., Rev. and Mrs. J. H. Skinner came to the Bonito. Rev. Skinner was a Baptist preacher. The Skinners settled on the Bonito river about where Corder's place is now located. Later the Skinners moved up the Bonito and settled below Bonito Dam and Rev. Skinner put out the first apple orchard on the Bonito. Some of the old apple trees are still there, and people each year enjoy the fruit from these trees. It was here that one of their daughters was born, now Mrs. A. B. Zumwalt of Nogal, N. M., who is celebrating her birthday Wednesday, the 27th.

In 1879 Mr. and Mrs. T. B. Zumwalt moved to New Mexico from Kerr County, Tex., and three years later to Lincoln County and the Angus area.

Mr. and Mrs. A. B. Zumwalt both attended school here at Angus in the building that is now known as the Angus Community Building. A romance started between the two and this past February they were married 61 years. Congratulations to this very fine couple.

Monday night the 18th after the graduating exercises at Capitan High, Mr. and Mrs. Roy LaMay entertained the Senior class at their lovely home. Delicious refreshments were served the Seniors and also lots of the neighbors that were there —laughingly called the Seniors of the 80's. A most enjoyable evening was had by all.

First part of last week Mr. and Mrs. E. B. Sterns of Morenci, Ariz., visited the Tommie LaMays, parents of Mrs. LaMay. Frank Sterns, who has been staying with the Tommie LaMays and going to school in Capitan, returned home with his parents but will be back for school next year. Frank will be greatly missed on the Bonito.

Hope Powell from Rexburg, Idaho, came to the Bob Devers last week. This past Thursday the 21st Hope and Jess Goodman were quietly married. The young couple will make their home in this area, as Jess is employed by the Armstrong Construction Co. Congratulations and best wishes to Hope and Jess.

A. B. "Red" Kelley of Ruidoso was called to Lockhart, Tex., Saturday, as his mother was taken suddenly ill.

Saturday night Mr. and Mrs. Barnie Hayes entertained the bowling club that Barnie sponsored this past season with a dinner at the Nob Hill Cafe in Ruidoso. A most enjoyable time was had by all. The Hayes' daughter, Mrs. Weldon Millsap and little daughter Kathy of Lovington had been spending a few days with Barnie and Ruth and they attended the dinner also.

Sharon Hayes has gone to Loving on for a week with her sister, Mrs. Weldon Millsap.

Mr. and Mrs. L. G. Caudill and son Roland of Lovington came to their cabin at Ruidoso over the week-end. Sunday the Caudills had dinner with the Corders and L. G. gave the lamb, "Goldie," a much needed "hair cut."

Mr. and Mrs. Hunt Zumwalt of Midland, Tex., visited with the Gil Peters this past week. Mr. Zumwalt is a nephew of Mrs. Peters. Mr. Zumwalt is the educational director at the Church of Christ in Midland.

Mr. and Mrs. L. V. Stone came up to their cabin this week-end and brought with them Mr. and Mrs. James Patterson, C. W. Andrews, all of El Paso. Also with the Stones was Ted Baker from El Paso, who worked on his cabin while here with the help of Charley Elam.

Visitors with Mr. and Mrs. Charley Elam Sunday were Mrs. Elam's sister and nephew, Mrs. Emma Putt and Jerry of Roswell.

John Martin of Lubbock, Texas, was a visitor at the Barnie Hayes Sunday. They enjoyed an outing up to the Great Western Mines.

This week-end the following went to Elephant Butte Dam fishing: Sgt. and Mrs. George Morris and children, Mr. and Mrs. Dave Morris and children, S-fc. and Mrs. Rino

The sheep demonstration will be held at the Block Ranch next Tuesday, June 2, starting at 10:30 a. m. with a sheep dusting demonstration. Other items on the program are wool marketing discussion and talks on sheep diseases by Dr. T. H. Belling, veterinarian at New Mexico State University.

Look at your orchard now and check for mites, they were found in several orchards in the Hondo Valley. Plan to control them before they damage the tree. You can use Kelthane, Guthion, Trithion or several other Miticides to control them. When spraying be sure to cover the trees thoroughly if you want to get control.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When does a baby start to think?

Nobody knows, exactly. But thoughts do come by association. Baby eagerly responds to the sight of a bottle because experience has proven that the bottle offers both satisfaction and comfort.

Because baby does learn by association, it is important that parents take care to enlarge their childrens' horizons as they grow. A very small child will respond to a simple prayer. And a child of three will find great enjoyment in attending Church School geared for youngsters of that age.

Religious instruction and guidance is not for the mature only—it is needed regularly by everyone. The spiritual life of your child needs constant cultivation, just as the mind needs day by day development and the physical body needs exercise and training.

RECORD OPENING CROWD EXPECTED AT DOWNS

$9 Million In Bets Predicted For '59

Ruidoso Downs begins its 13th season today (Friday) with an all-new grandstand, an added betting challenge for the end of the day — a quiniella, and with expectations of again topping all former records in attendance and in pari-mutuel handle. General Manager Gene Hensley told the News this week he expected the 1959 season would see a staggering $9 million bet-total, as compared with better than $8 million last year.

The Inaugural Handicap, a 5½ furlong dash, will highlight the opening card of twelve thoroughbred and quarter horse races at Ruidoso Downs today (Friday).

This event seems to be a wide open race with the favorite being Hard To Tab. Little Timid, owner-trained by M. T. Carmen of Amarillo, was fortunate in the draw for post positions, has a world of speed and may be hard to catch. Berto Barbone, representing the Circle K Stables of Albuquerque, has been showing speed with the best three-year-olds in California, can handle this track and was a winner here last year. Powder Monkey, belonging to the Middle Ranch from the West Coast, is a steady running sort, but was unfortunate in the draw—got the number 9 post position and this may prove hard to overcome.

Hickory Red ran well at Sportsman's Park, Chicago; Ahba's Bull must always be conceded a chance, Gallant Time, Late Evening, No Gal, and Fleet Sis have been training in splendid fashion.

Ten well-known runners paved the entry box for the featured 6 furlong "Memorial Day Allowance" to be run on the first Saturday and second day of racing at the Downs.

Ricoaire, the likely favorite belonging to M. H. Ratliff of Brownfield, Texas, had the luck of the draw—drew in on the also eligible list and may not get in. Little Ike, owner-trained by D. B. Plummber of Pleasanton, Calif., seems the logical second choice—is a steady going sort and finished third his last start at Phoenix. Siglinda, owner-trained by James Walsh of Artois, Calif., and ridden by West Coast rider Darrell Banks, ran well at Tanforan this spring and figures in this field.

Storiful won her last start at Ohio a few days back and will have a chance on her best; Aortic was a consistent sort at Phoenix; Quick Thrust likey this track and wins her share of the races while Dream Mint, Mesa H, Gold Profit, Good View and Condemnation, all old favorites, are fair runners and may benefit by racing.

The highlighted quarter horse event drew a full field in this 350-yard dash with Pana Bar, just recently purchased for $14,000 by John D. Askew, South American business man of Fayetteville, Ark., who ran steadily with the best at Los Alamitos, shaping up the possible favorite; War Deck, leased by Roy Gaines of Sinton, Tex., is training on the improving side while Lady Gates, belonging to N. W. Gates of Uvalde, Tex., is partial to this abbreviated distance.

Mack Shade, Air Pocket, Flight Deck, Easter Rose, Bar Flash, Rival and Trouble Gal run well and comprise the remaining field.

Sunday, May 31, the highlighted feature will be "The Jockey Club Allowance"—a 6½ furlong sprint. Ricoaire and Wish-U-Well seem to be shaping up as the co-favorites. The former is a recent arrival from Oaklawn Park and already a four-time winner this year. The latter, representing Jess Wilbanks of Big Spring comes here a winner of one at Santa Anita and one at Phoenix. Atomic Jip, owner-trained by Floyd Sluka was narrowly beaten his last out at Turf Paradise and is an improved horse over last season. Make Up Clouds is a recent arrival from Agua Caliente and has won two this year.

Claudeo, Quick Thrust, Lord Talon and Miss Heeler are all part winners that have run well and might have a chance on their best.

Co-featured is a 550-yard quarter horse and thoroughbred allowance.

Vandy's Flash, carrying the rippling green and white silks of the Echo Ranch Stable of Woodland Hills, Calif., won "The Marathon Purse" at Alamitos (net value to winner $4125.00) his last out and is a hard horse to beat going this route. The thoroughbred filly Steamed Up, owned by R. S. Sneddar of Phoenix looks good. She was a winner of a three furlong event at Santa Anita as a two and recently won the 440-yard Derby at Phoenix. Be Bold, representing Mrs. William Smith of Thompson, Tex., is a veteran campaigner who beats the best on occasion.

Hopeful Lady, Outrider, Chick Fleet and Dixie Anna comprise the field.

RIDER TURNS TRAINER—Jim Curry, Hollywood, former rider and now successful trainer, is shown working with Wish-U-Well, one of his favorite thoroughbred charges. This runner campaigned very well on the West Coast and in Arizona during the winter and looms a serious threat at the Downs in the new season unfolding today.

Fishing Opens On Bonito Monday

Fishing season opens at Bonito Lake Monday, June 1—with fishing allowed from an hour before sunrise to an hour after, and will close the day after Labor Day in September, announces Game Conservationist Charlie Bird.

Alamogordo will charge $5 a season or $1 per car for picnicking and camping in the area—but there will be no charge for fishing there by that municipality.

The Fish and Game Department has agreed to plant fish in the lake under this arrangement, Bird said. The opening of the lake under the charge for camping was worked out by numerous Ruidoso citizens, primarily Joe Coe, Ruidoso C. of C. president.

CPS, Ruidoso Downs VFD Lead Softball

In the first week's play Community Public Service whomped Ruidoso News-Ruidoso Gas 18-13 in the local softball league last Wednesday night to put them on top with Ruidoso Downs Volunteer Fire Department, who hammered out a 14-2 win over C. & L. Lumber & Supply-Bonnell Bldrs. & Builders Supply on Thursday night. League standings show a win for the two teams and a loss apiece for their opponents.

This week's play will see C. & L. Bonnell go against Community Public Service on Wednesday night and on Thursday, Ruidoso Downs VFD and the News-Gassers will tangle.

If you are worried about the cancerous effects of inflation, you might clip the coupon and send it to Representatives Joe Montoya and Tom Morris or Senators Anderson and Chavez. Mr. Montoya and Mr. Morris will receive your mail if you address it to the House Office Building, Washington, D. C. Letters to your two senators should be sent to the Senate Office Building.

Dear________________:

People in many countries have been ruined or impoverished by inflation caused by excessive government spending. I am worried about inflation in the United States and depreciation in the value of the dollar. If our government keeps spending more than it takes in, we certainly will have more inflation and prices will keep on going higher.

If this happens: (check appropriate boxes)

- ☐ My savings will be worth less
- ☐ My insurance will be worth less
- ☐ My pension will be worth less
- ☐ My bonds will be worth less
- ☐ My income will buy less
- ☐ My social security will buy less

I hope that you will vote only for essential expenditures and against waste and appropriation bills favoring special interests. If we are to survive as a strong nation, we must avoid further inflation. Let's keep the dollar sound.

Running Indian Is 'Family Affair' Of Bowlin Family

All the traditional crafts of many Indian tribes are brought from the reservations and offered in a one-stop shopping center at Bowlin's Running Indian on Highway 70, across from Skyway Ride near the race track.

Operated by the Claude M. Bowlin family, customers are assured courteous, honest treatment.

"We like Ruidoso," the Bowlins said, "and we want everyone to come in and visit us at the Running Indian." The family includes a young son, Mike, who is a junior in high school. "I'd like to get acquainted with the young people, too," Mike said.

Claude M. Bowlin is known as the dean of Indian traders and speaks the Navajo language fluently. He began learning the language as a boy, and it has been a big asset throughout the years in his dealing with Indians on the reservations. Bowlin's father also was an Indian trader dealing with the Cherokees.

Claude M. Bowlin opened his first store at Bluewater, N. M., and has become an adept and discerning buyer. One of the oldest continuous Indian traders in the Southwest, Bowlin's Running Indian offers one of the most extensive collections of Indian jewelry, pottery, Indian rugs, curious and Navajo trinkets to be found in one store.

Bowlin's Running Indian also stocks Western wear for the entire family.

There is plenty of parking space at Bowlin' Running Indian and the public is welcome to shop at their leisure.

HISTORIC CARRIZO LODGE—At Ruidoso, is located on a 40-acre tract of sylvan grandeur and is a haven of superb recreation. Owned and operated by Herb and Pauline Greggerson it is noted for its square dance classes and festivals. In upper left photo, a group of young dancers swing their partners as Herb Greggerson calls. Upper center photo is one of the guest rooms at Carrizo Lodge, which combine comfort and tastefulness. Frederic Taubes, noted artist, each summer has an art colony at the Lodge and in upper right photo, the artist (center) chats with two of his students. The great Copper Room, lower left photo, is the main reception and dining hall of the beautiful Lodge. The walls are decorated with some of Mrs. Greggerson's copperware collection, one of the most extensive in the Southwest. The great winged Lodge of Spanish type architecture is pictured at lower right. Walls are of pink stucco and the foundation of native stone. The Lodge also is noted for its cuisine and its dining facilities are open to the public at all times.

Beautiful Carrizo Lodge At Ruidoso Has Colorful And Intriguing History

By VIRGINIA CHAPPELL
(Ruidoso News Staff Writer)

The story of beautiful Carrizo Lodge, now owned and operated by Herb and Pauline Greggerson, is an intriguing and colorful chapter in the history of picturesque Ruidoso.

Located amidst emerald pines in Carrizo Canyon, it was built in 1923 by the New Mexico Military Institute, at a cost of $100,000, as a summer Prep School. The stately pink-walled building is of Spanish type architecture—yet suggestive of an early day fort. The deep foundation is of water-washed stones that were gathered in Carrizo Canyon and hauled by mule and wagon to the site.

Walls of the Big Lodge, built with two great wings, are thick and strong. The handsome wood-paneled ceilings are studded with vegas. The main Lodge building contains 7,200 square feet of floor space.

There are four giant fireplaces and the Greggersons burn about 30 cords of wood in them each year. One of the great fireplaces will easily handle five-foot logs. Warmth from the fires is as cheery as the sincere friendliness of Herb and Pauline Greggerson, who make their guests feel at home the minute they step over the threshold of Carrizo Lodge.

NMMI used the site for about four years and then Mrs. McNally of Roswell operated it for several years as a summer camp for girls. Then, for a year, it was taken over by George McKay for an art colony.

Later, for several months, the Lodge was used as a high school for Ruidoso students, while the present Ruidoso High School was being constructed.

The beautiful Lodge and its grounds next was operated as a Dude Ranch by Mrs. J. M. Fowler. When she ceased operations there, the Lodge remained unoccupied until the Greggersons purchased it seven years ago.

Herb and Pauline Greggerson bought the entire layout, including the 40 acres of land. They immediately began turning it into the unique and popular establishment that it is today. The Greggersons actually bought the property for staging square dances that have been their passion and profession for many years. In fact, they have taught square dancing all over the world and Herb is one of the most noted callers in the United States. Before purchasing Carrizo Lodge, they had operated the Blue Bonnet Square Dance Barn at El Paso for seven years.

After taking possession of Carrizo Lodge, the first thing the Greggersons did was to install 24 modern bath rooms.

They brought in their famous collection of antiques, which they have gathered from many corners of the world. Pauline Greggerson's collection of copperware, alone, is one of the most extensive in the Southwest. Herb's prize possessions are his fine collection of old musical instruments.

Many of the Greggersons' antiques are arranged in a long room, called the Museum, which also serves as an auxiliary dining hall. All in all, there are four banquet and dining areas at the Lodge. The Greggersons have served as many as 300 persons at a seated banquet.

The excellent cuisine at Carrizo Lodge is the principal responsibility of Pauline Greggerson. Gourmet specialties include superb steaks, trout, chicken and authentic Mexican dishes. An hors d'oeuvres tray accompanies special dinners.

Carrizo Lodge now has 16 rental units, whose decor harmonizes with the overall atmosphere of the building. More such units are being planned. Recently, the owners added a modern dormitory on the grounds, that will house 72 persons. This is especially designed to accommodate groups—such as church retreats, sorority and fraternity gatherings and other large crowds.

Another big building on the grounds is The Playhouse. Here, square dances are held. In the summer time for two weeks, it is used by Frederic Taubes, internationally known artist, for his summer art colony. Taubes' students come from almost every state in the union to paint and enjoy the peaceful, sylvan environment of Carrizo Lodge.

A riding stable is operated in conjunction with the Lodge and there are large tennis courts on the grounds.

Regardless of what all is going on at Carrizo Lodge, the Greggersons stress that its dining facilities always remain open to the public.

A rare treat is in store for everyone who dines or is a guest at Carrizo Lodge—one of Ruidoso's most charming and historic hostelries.

There is plenty of parking space at The Fireplace, where patrons may eat at their leisure in their cars under the cool shade of tall pines.

Mrs. Swift and their two children, Niles and Gayle, will join him in Ruidoso later this summer.

Letter to the Editor

Mr. Vic Lamb
Editor, Ruidoso News
Ruidoso, New Mexico
Dear Vic:

It hardly seems possible that our home town newspaper has grown to fourteen pages. "Congratulations." Lois and I enjoy every page of it.

I noticed your comments on your visit with the Capitan Superintendent of Schools at the Chamber of Commerce banquet regarding the School Tax Collections. Our School Tax Department has generated a lot of "steam" since January. For the first four months of this year our collections were $1,465,740.67, or 12.4% more than the same period last year. Total collections for the first four months of this year were $13,287,932.66. We know the schools need more money. We are really going all out to get it for them. Most business firms pay their tax honestly and regularly. The ones we are after are those who don't.

If there is anythnig I might do for you, please call on me.

Very truly yours,
Carl DeBord, Assistant
Director School Tax Div.

No one could see it

Copper from Low Grade Ore? It was hard to imagine its value in 1905. This was the year when John M. Sully, a young mining engineer, surveyed the claims of the Santa Rita Mining Company for investment possibilities.

In 1906 with the survey completed, Sully reported to his backers that the large deposits of ore averaging two per cent copper could be developed profitably. No one had the vision to see what Sully saw at Santa Rita. At that time, copper was being mined only from high grade underground mines containing 10 per cent or more copper.

After considerable effort the young engineer interested Albert C. Burrage, President of the Santa Rita Mining Company in the venture. The two men tried unsuccessfully to get financial backing. Stockbrokers were unimpressed.

Other efforts proved futile until Burrage persuaded H. H. Rogers, another stockholder of the Santa Rita Mining Company that Chino was worth investing in. May 24, 1909 was the day set for signing papers. At 6 a.m. on that day Rogers died. In great disappointment, Burrage dropped his option two days later.

Sully reopened negotiations with one of the brokers, Hayden-Stone, who picked up the options. In June, 1909 the Chino Copper Company was founded ... the company that later became the Chino Mines Division of Kennecott Copper Corporation.

This called for an original investment of $900,000. In this 50th anniversary year of the Chino Mines Division, Kennecott Copper Corporation will spend more than $5,000,000 ... more than five times the original investment ... on major improvements at its New Mexico operations. In addition it will continue to pay good wages, buy supplies and make tax payments ... all of which are helping to build a better New Mexico.

$190 IN FINES ASSESSED IN APRIL

Police Judge H. M. Graham reported this week fines assessed in April this year totaled $190.00. Collected were $209.00—some of the fines being made in installments from the previous month's assessment, Graham said.

GRASS FIRE THREATENS HOLLYWOOD AREA

A grass fire that got away from attendants threatened to spread to nearby commercial property in Hollywood one day last mid-week, and after it had been left as "put out" it flared again, and proved still another threat. The Wimberly residence, Hollywood Lumber & Supply, the saw mill and a few other properties there were in line of the fire's march, pushed by a brisk wind. It was thoroughly quenched the second time.

REAL ESTATE BOARDS HAVE MEETINGS

The real estate boards have been increasingly active this year, according to Warren Barrett, a local realtor who has returned from a tour of Albuquerque, Roswell and El Paso. In sales meetings in both Roswell and Albuquerque, the importance of appraisal training was stressed particularly, Mr. Barrett reported at the May meeting of the Ruidoso Board. Both of the neighboring communities have changed their sales commission schedule from the established 5% to a present 6% commission of the sales price. While in Albuquerque, Mr. and Mrs. Barrett had opportunity to visit with Edward Kaufman, a friend of theirs who appeared as speaker on the sales conference program in the Western Skies Hotel.

LAS CRUCES SENIORS HAVE FUN IN RUIDOSO

This popular mountain resort city Monday was invaded by 175 gay-hearted high school seniors from Las Cruces.

They enjoyed as many of the recreations Ruidoso has to offer as they could crowd into one day.

Arriving about 10:30 a. m., they went to Ruidoso Skateland for a skating session. Afterward, they bowled. Then, at 5 p. m., the entire crowd had dinner at Carrizo Lodge.

They returned to Skateland for more skating before departing at 9 p. m. for Las Cruces.

Surest Route to Financial Independence is Continued Ownership of Real Estate

We have several good substantial going business opportunities, do not require large cash outlay that will make nice living return.

CREE MEADOWS HOME
We seldom get the opportunity to show a home that has all of the features embodied in this one—as to location, fine details in construction, furnishings, etc. Approximately 2½ acres of land, 4 bedrooms, 3 baths, double car port, large living room, comfortable kitchen and dining area, adjacent to golf course. We certainly have never had a home of this type at the low price asked.

UPPER RUIDOSO
This is a three bedroom winterized home, goes furnished. Deeded lot. We can handle this on terms to suit purchaser. Priced at $5,750.00.

GOLF COURSE HOME
Located on East side and immediately adjacent to Golf Course with unexcelled view of Old Baldy. Two large lots having frontage on two streets. This area has always been one of Ruidoso's Choicest.

GATEWAY HOME
Three bedrooms, two baths, furnished, large tract of land—this is on paved street, good buy at $16,500.00, easy terms.

HIWAY FRONTAGE—RUIDOSO DOWNS
Five lots in one block, ripe for development. Terms, $10,000.00.

—OPPORTUNITY OF A LIFETIME—
One of Ruidoso's most popular restaurants with large clientele, excellent location, immediate possession.

H. F. "Jack" Kannady, Registered Engineer & Surveyor, Phone CL 7-2525.
EROL BOOKS, Sales, Residence Pho. CL 7-4592

RIVER HOME—UPPER RUIDOSO
Look out of a picture window of your living room to a sweeping lawn that borders on the tumbling Rio Ruidoso. This is a large home with an abundance of land. We can't describe it here, you will have to see it to appreciate the investment in serene living.

PONDEROSA HEIGHTS
Large lot with partially finished two bedroom home, $3,777.00.

COUNTRY ESTATE
Four bedrooms, two baths, 3 fireplaces, extra spacious living room, 20 acres of land, two highway frontages, orchard, with choice grade apple trees. Rio Ruidoso flows through property. This is an outstanding piece of real estate with excellent future.

HIGHWAY & RIVER FRONTAGE
Approximately 190-ft. on paved highway, 5 lots with very comfortable furnished home. Close to shopping area. This is ripe for commercial development.

We have several summer cabins, ranging in price from $3,000.00 up with terms.

HIGHWAY AND RIVER FRONTAGE
This has 120 feet of highway frontage, level deeded ground, 4 bedrooms, 4 baths, large living room, fireplace, nicely landscaped. This very liveable home is located in upper Ruidoso, approximately one-fourth mile above the post office. This is the first time this home has been on the market. Good well. Would consider trading for smaller home in Ruidoso in trade.

NEW GAS STATION WILL OPEN SOON ON U. S. HIGHWAY 70

A new Zeppo Gas station now is under construction on Highway 70, nearby the entrance to Ruidoso Downs, and hopes to be open for business over the Memorial Day week-end.

The station will be open seven days a week. It will be an independent concern, according to "Pink" Parrish of Lubbock, Tex., who is in charge of the construction.

Parrish, at one time, resided in Ruidoso and also has been a resident of Hobbs. He has been in the gasoline business for a number of years.

The new Zeppo Gas Station is streamlined and has an easy access driveway from Highway 70.

"We believe the location will prove popular," Parrish said. "It is ideally located for traffic to and from the race track, as well as for the thousands of tourists who pass this way over Highway 70."

Manager for the new station will be announced later.

PIOR'S TEXACO NOW ADDING NEW FACILITIES

Several new facilities are being added at Roy Pior's Texaco Service Station on Main Road.

Most important addition, according to Pior, is a new enclosed wash rack, which is expected to be completed by the week-end.

"I've always wanted a closed-in wash rack," Pior said, "so I can handle wash jobs in any season."

Of cinder block construction, the wash room adds a great deal of extra floor space to the station. A new room also is being added to the Piors' living quarters at the rear of the station.

A tire rack, with sliding doors, is another new addition to the station, which has been given a general face-lifting with a new coat of white paint and green trim.

Pior has been in the same location for the last 12 years and has always specialized in complete tire service. S. & H. Green Stamps also are given at the station.

LOU BEERS BEAUTY SHOP ADDS NEW EQUIPMENT

The Lou Beers Beauty Shop has added much new equipment to take care of the influx of visitors that pour into Ruidoso each summer.

Four Relaxa couch chairs have been installed. These combine the newest type of dryer with a modern, comfortable chair and foot rest.

A new booth and display cabinet also have been added to the shop's equipment.

Mrs. Beers believes that her shop now is as complete and modern as any beauty salon in the area and extends an invitation to all summer visitors and regular customers to visit the shop.

Hondo Dancers Welcomed Home From Tour

The Hondo Fiesta Dancers have just returned from a ten-day trip to the National Folk Festival in Nashville, Tenn., which the group made by chartered bus.

When the group arrived in Breckenridge, Tex., they were met by the Chamber of Commerce and sponsored for an evening's performance. Lodging and their evening meal was provided for the 25 dancers.

The group spent the next night in Vicksburg, Miss., and visited the Civil War Battlefield Park there before leaving for Birmingham, Ala., where they spent the next night.

In Nashville they gave many performances in the Fairgrounds Coliseum. There were some 1,200 performers from 27 states, some farther west than the Hondo group.

The Hondo dancers, considered the most colorful group of performers attending the festival, had the opportunity to meet hundreds of boys and girls from other sections of the country.

Upon arrival in Hondo the group was given a warm welcome by a crowd of parents and friends on hand to greet them. A spokesman of the group said it was a trip that will never be forgotten.

Sponsors of the group who went along included the Supt. of the Hondo School and his wife, Mr. and Mrs. Fermin S. Montes; and Mr. and Mrs. Bob McCrady.

Dancers who attended the festival included Beatrice Pacheco, Lydia Torrez, Freda Parry, Hope Silva, Beatrice Sanchez, Nellie Sanchez, Josephine Salcido, Juanita Torrez, Olympia Herrera, Virgie Montes, Annie Nunez, Martha Hallsight, James Sanchez, Johnny Gomez, Reyno Montes, Danny Chavez, Bud McCrady, Anthony Pompeo, Orlando Montes, Douglas McKnight, Johnny Richardson, Richard Smith, John Bien, Richard Sanchez and Pete Bowser.

Copper was originally discovered by primitive tribesmen on the island of Cyprus in the Mediterranean.

Each ton of ore mined at the Chino Mines Division of Kennecott Copper Corporation yields about 20 pounds of pure copper.

NOTICE

The Village Sanitation Dept. will start using both its trucks Monday, June 1. One truck will pick up business places only using past schedule as close as possible. The other truck will pick up at residences only, starting at Carrizozo bridge going down the canyon on Mondays and will probably get most of Skyland Monday afternoons. Tuesdays will catch from Skyland to around D street or Montie's Riding Stables, Wednesdays upper canyon, and Thursdays and Fridays on Mechem Drive, Ponderosa Heights and golf course area. We cannot announce a definite schedule until we run the route a couple of weeks at which time we might have to make a few changes in our schedule.

Blair Halladay
Supt. of Sanitation.

Your 14-carat gold ring is about two-thirds gold and one-third copper.

In addition to copper, the Chino Mines Division of Kennecott Copper Corporation produces molybdenum, an important metal in alloying steel.

Kennecott Copper Corporation was named for Dr. Robert Kennicott, an early Alaskan explorer.
