Remember when some people have had [illegible] a Model T Ford? I did [illegible]—and once again, [illegible] Village, (?) the other [illegible] Mike Buckner, son of Mr. and Mrs. Raymond Buckner, let [illegible] the tail of his 1917 [illegible] he brought home from [illegible]. It's a neat appearing, well-[illegible] old "tin lizzie." I never thought I'd ever again crank a model T! . . . Betty Delaney poured a spoonful of rubbing alcohol in a vase to revive a bit of flowers from a wreath brought to her by a relative who flew in from the 50th state only a few hours before. She said the flowers stayed "alive" and bright for several days. . . . A Ruidoso News staff member says, according to the records at the city hall here, the village recreation fund has $4,690.47 in it right now, and that Park Commissioner Bernard Delaney said the other day our parks are in good condition. Bernard, go take a look at the busted bridge in Rivers Park and the grass in [illegible] where [illegible] that needs cleaning out. Maybe some of that recreation money could go for further improving the park for our children's use! Approximately $4,500.01 in the recreation fund has been received in 1960, Village Clerk Morris Hicks told the Newsman. . . . Gasoline taxes remitted to the village the first six months this year have totaled $1,691.32, which isn't an awful lot of money (now, is it, really) to keep our thoroughfares of miles of streets in good shape. It figures between $360 and $365 per month. . . .

A. E. Hunt, state finance officer, visiting in Ruidoso over the weekend, popped in the News office Saturday after he'd caught a couple of nice trout and, as usual, to tell us he sat in on the local village budget hearing the other day and he said, "I think the Ruidoso village officials are doing mighty good with their budget planning, and Clerk Morris Hicks, the mayor and village councilmen certainly deserve a pat on the back." That's what the man said. Hunt told someone in our office while he was here he'd claimed Ruidoso as his home. . . . Also visiting in the News office the other day was Ingram (7-foot) Pickett, state corporation commissioner. . . .

We've been ashamed to mention this—in fact have refrained from it for nearly two months, but have you noticed Fred Richardson's Fiesta Courts since he repainted them? They look like something from outer space. . . . Carl Green must have borrowed some of Richardson's left-over paint for his downtown plumbing office, too. . . . See Bill Del Mar, sign painter, among our midst again, just hove in from the West we hear. . . . Heretofore, mostly men have held these jobs in the schools here. . . . The noise we hear now is the W. R. Long family make take an extended visit in Alaska. . . The Dance Of The Mountain Gods Based On Ancient Apache Legend

By VIRGINIA CHAPPELL
(Ruidoso News Staff Writer)

There is an ancient legend of the Mescalero Apache Indians that has been told from father to son for countless generations. That story, born in antiquity, again will be told in the famous Dance of The Mountain Gods, which will be performed daily during the tribe's annual Ceremonial, July 2-5, on the reservation.

The "Mountain Gods" also are called "Gans" or "Gahe-nde" in various Apache dialects.

Wearing the same awesome costumes that the "Old Ones"—their ancestors—wore many, many years ago, Apaches will depict the legend in dance and pantomime.

Now, this ancient legend of the Mountain Gods revolves around two young Apache men who were physically disabled. One was blind and the other was lame. At that time, the Mescaleros were nomads and warring with other tribes.

When the tribe was attacked and had to flee, the two disabled youths were hidden in a cave, until the tribe could return. Once, upon such an occasion, the youths heard strange noises approaching their hiding place. Finally, the noises stopped and there appeared at the cave entrance five figures of men who seemed unreal.

They were clad in kilts made of deerskin, belts of hide, and high-legged buckskin moccasins. Over their faces the gods wore black masks. Symbols, representing corn, wind and rain were painted on their bodies. They wore great headdresses of wooden slats and carried jagged staves. A small cross appeared on the staff held in their right hand. As the gods entered the cave, it suddenly became filled with light and was transformed into a place of great beauty.

Then, admidst the figures of the gods, there appeared another form, masked but without headdress. His body was painted white and he seemed to possess greater sacred power than that of his companions.

This figure spoke to the frightened, disabled youths, saying:

"Do not be frightened, have courage, we have come as gods of the north, south, east and west to relieve you of your sufferings and to deliver you safely to your people, and bringing to them this great blessing, The Dance of The Gahena."

The light in the cave turned into a huge fire and the cave was filled with a mysterious chant. Then, all the gods began to dance. At intervals, a keening-like call was heard in the background. The two Apache youths interpreted it as the voice of a woman, the mother of the Power that placed all life upon earth.

When the dance ended, the gods led the youths to a great rock, supporting them on the way. The rock was struck by the white-painted god and it opened to reveal a passageway. While passing through the opening, the blind youth found that he could see, and the lame youth could walk. They suddenly discovered that they were dressed in the finest buckskin attire and held in their hands the finest carved bow and arrow they had ever seen.

Shortly after the young men were united with their people, The Dance of The Mountain Gods was performed for the first time. The dancers were divided into groups, each with its own leader.

At this year's Ceremonial there will be three groups and three leaders for the dance. The leaders will be Nathaniel Chee, Henry Trear and Eugene Chihuahua.

The Dance of the Mountain Gods is performed during the Ceremonial in honor of the maidens who will be presented in the puberty ritual. During this ritual, the ancient keening-like call is heard from the maidens' attendants.

Apache maidens to be presented this year are Dorene Enjady, daughter of Mr. and Mrs. Fred Pellman; Joan Marie Treas, daughter of Mr. and Mrs. Woodrow Wilson; Lynette Kashe, daughter of Mr. and Mrs. Isaac Kashe; Perida Johnson, daughter of Mr. and Mrs. Arthur Johnson, and Rufina Evans, daughter of Mrs. Juanita Evans. Miss Enjady will lead all events of the puberty ritual, which will begin at sunrise July 2.

All other ladies dances and special events during the four-day Ceremonial also are to honor the maidens.

The Ceremonial will be open to the public. Meals will be served daily on the Ceremonial Grounds. Other events will include a Rodeo July 2-5.

THE DEBUT—Of these Apache maidens will be made during this year's Mescalero Apache Indian Ceremonial July 2-5 at the reservation. The ancient puberty ritual for the young maidens begins at sunrise July 2 and continues throughout the ceremonial. Maidens to be presented this year, from left, are Dorene Enjady, who will lead all ritual events; Joan Marie Treas, Rufina Evans and Lynette Kashe. A fifth maiden, Perida Johnson, who also will be presented, is shown in a separate photo.
RUIDOSO NEWS PHOTOS

TO BE PRESENTED — Perida Johnson will be one of five Apache maidens who will be presented during this year's Mescalero Apache Indian Ceremonial July 2-5. The ceremonial honors young Apache girls, who have arrived at the age of puberty, the aboriginal reckoning of entrance to womanhood. The rite fulfills both sacred and social obligations.

Mr. and Mrs. Nathan Chesser

McCraw Home Scene Of Garden Wedding For Young Couple

The garden patio at the home of Mr. and Mrs. Harlan McCraw was setting for the marriage of Miss Betha Jean Warren and Nathan Chesser at 8 p. m. June 12.

The bride is the daughter of Mr. and Mrs. W. L. Warren of Portales and is a niece of Mrs. McCraw. The groom's parents are David Chesser of Roswell and Mrs. Lowvan Bellgar of Pambo, Ark.

C. E. Higginbotham of the Ruidoso Church of Christ performed the ceremony.

A profusion of red roses banked a green wrought iron gate at one end of the patio for the nuptials. On either side of the gate were seven-branch candelabra holding white tapers.

Before the ceremony, nuptial selections were sung by the bride's sisters, Joyce, Glenda and Patricia Warren of Portales. Miss Joella McCraw, daughter of the Harlan McCraws and a cousin of the bride, was pianist.

Mrs. Carl Ray of Lubbock, Tex., another sister of the bride, was her matron of honor.

Charles Glover of Roswell was best man for the groom.

Given in marriage by her father, the bride wore a ballerina gown of white lace over silk. The very full skirt is fashioned of many lace ruffles, extending in a modified point in back. The bride carried a white orchid on a white Bible.

The matron of honor wore a gown of pale pink silk in afternoon length and a white lace hat. She carried a bouquet of roses.

The young vocalists wore bouffant frocks of pink silk and, in their hair, were bandeaux trimmed with roses. Miss McCraw, pianist, was attired in a full-skirted blue dress and wore a rose corsage.

Mrs. Warren, mother of the bride, attended in a pink suit, white hat and accessories. Mrs. McCraw, the bride's aunt, chose a light blue dress, designed with full skirt and molded bodice, for the nuptials. Rose corsages were worn by both Mrs. Warren and Mrs. McCraw.

Mr. and Mrs. O. A. Warren of Goodland, Tex., parents of Mrs. McCraw, were present for the ceremony. Mrs. Warren attended in a navy suit, white accessories and wore roses.

A reception followed at the McCraw home. Guests were received by Mrs. Carl Hogue of Brownfield, Tex., aunt of the bride.

The bride's table was laid with an elegant cutwork linen cloth and centered with a three tier cake, decorated in pink and white. On the top tier was a miniature bridal couple. A mass of red roses formed a background for the table, and placed amid the flowers were tiny white doves. The table was lighted by large white tapers, tied with bows of white net. Small doves were placed in the bows.

Mrs. Phillip Chesser of Roswell, sister-in-law of the groom, poured punch. Cake was served by Mrs. Rex Whitely. June McCraw Stewart, cousin of the bride, assisted in serving.

Decor for the wedding and reception was designed by Mrs. Harlan McCraw and Mrs. Bruce Griffith.

Mr. Chesser and his bride left later for a trip to Santa Fe. For traveling, the bride selected a pink suit and white accessories and wore the orchid from her bridal bouquet.

The couple will reside at Portales, where the groom will complete his schooling at Eastern New Mexico University. The bride, who attended Abilene Christian College, is employed by a finance company at Clovis.

Hi! Well it has happened again! Last Wednesday, Sheriff "Sally" Ogle with Patrolman Clayton, "picked up" the two escapees from the La Tuna Correctional Institution, east of Capitan. Twice Capitan has been the scene for "capturing" escapees, the first time as you remember, were the four from the Clovis Jail and now these two. I have always heard "things as such" comes in threes. Will Capitan be the scene for the third time?? We passed the boys at the east end of the bridge, east of our Village, around 1:00 as Paul and I drove Granny to Carlsbad; the thought passed through my mind I hope the two boys will get a lift to where they are going (they did). They must have been in Capitan around one and half hours for I passed one just below Cummins Grv. as I drove into Capitan from Ft. Stanton at 11:45, then there were two when we left Capitan around 1:00. One wonders where did they have lunch or did they eat? Pearl did you feed them lunch or did either Cummins or Jenkins Gros. sell them some lunch meat?? At least we can wonder. As all of you know by now that the sewer system was voted in by the special election and Capitan will have it in the near future (but not next week). I overheard an engineer make the statement that Capitan had a natural terrain for the sewer (drainage i.e.).

So now we will have sewer and our thanks to Mayor Rench and others who got out and talked this sewer up. Mayor Rench has accomplished quite a bit since he has been in office even tho he did not have the full co-operation of all of the Villagers of Capitan in everything he accomplished. His slogan a "Bigger and Better" Capitan along with former President of Capitan Chamber of Commerce Bill Hall's "United Effort Makes a Better Community" the two combined IF we apply them we can and will be just that "A Bigger and Better Capitan with United Effort of all for a Better Community".

Mayor Rench had a very nice surprise last week when his son paid him a visit, Joseph E. Rench, Jr., lives in Houston, Tex., with his wife and three children, two girls and a boy. Joe Jr. plans to fly his plane out with his family to see Mayor and Mrs. Rench in the near future.

Bobby Hall returned to Roswell last week to have his check-up with the doctor after his tonsillectomy of last week, doing all right too.

Doug Gladeldier and a couple of friends visited in Capitan last Tuesday. While here they were going fishing at Nogal.

A basketball team in the making with twotto go! A baby boy arrived to the Hollis Cummins home last week with son and mother doing fine. This is three boys for Hollis and he is all out for the basketball team, betcha. Congratulations to you both.

The entire Village of Capitan and vicinity extends their deepest sympathy to the Virgil Hall family on the loss of their daughter Jean. Words cannot convey, but our thoughts are with you in your hour of need.

Dr. Jernigan, Mrs. Jernigan and son Jack left Monday for a week's vacation at Elephant Butte Dam. Dr. Jernigan has a cabin cruiser and they plan to spend most of the week on the water. It is a beauty, too. Good fishing, Doctor.

Mrs. John Lacy will be in charge of the Hobby and Antiques Booth at the Lincoln County Fair, to be held Sept. 11-12. Mrs. Lacy is asking the ranchers around Capitan to enter any and all antiques they might have for the booth. For any additional information contact Mrs. Lacy or Dixie Sparks, her helper. This, of course, is another week closer to the Fair so let's all get together and make a bigger and better Lincoln County Fair this time.

Plan now to attend the Capitan Rodeo July 3-4-5. There are three big days of fun and excitement for everyone. Just think, all that fun and not have to be out on the crowded highway over the holidays, besides Capitan needs your support to make this one the best one yet.

Johnny Soderback and Herbert Totten drove to Albuquerque last Thursday morning and picked up Johnny's brother, Rols Soderback, from Finland. Rols is 16 years old and stands 6 ft. and ¼ (quite a brother, Johnny). Rols' visa is for three months and during that time Rols will be taken on trips to California, Grand Canyon, Carlsbad Caverns and Tombstone, Arizona, among a few. He is quite amazed at the largeness of America but its vastness he loves, and likes everyone. The teenagers of around Capitan gave him a hamburger fry last Saturday night. Rols is quite a talented musician and among the instruments he plays are piano, clarinet and drums. Upon returning to Finland, Rols plans to go to college and become a doctor. Good luck Rols, and have fun while you are here. Johnny, I hope your buttons stay with you, he is all right.

That's all folks, see you next week, Over and Out, Dixie.

SODA-LIGHTFULLY REFRESHING

Your skin takes a beating in summer. It has all sorts of irritations to contend with. You over-sun and it turns red and sore. You subject it to constant dose of sun, sand, salt water or the purifying chemicals used in pools and it gets dry and flaky. You meander through the woods, oblivious to the poison ivy, oak or sumac along the way and down it comes with an itch. It's a target for insect attacks, and depending on the modus operandi of the biting bug, it's in for a sting or an itch.

A friend of long standing to skin in dire distress is baking soda. Add soda to your bath . . . a half pound of it per tepid tubful of water for dryness or sunburn, and if you just relax in the tub, read, listen to the radio or have a cooling drink and avoid the scrub brush or wash cloth, there's blessed relief in store. Extra dividend . . . you come clean, for soda is mildly detergent. If you'll keep the baking soda in an open container in the bathroom with a sachet tucked in its midst, the bath water is pleasantly scented.

Apply baking soda in paste form to the irritations . . . poison ivy, oak and sumac and various insect bites . . . and the itch or sting subsides.

Taubes, Noted Artist, Believes Mass Conformity Impedes Great Art

By VIRGINIA CHAPPELL
(Ruidoso News Staff Writer)

A rebel against all mass conformity—especially in the world of art—is Frederic Taubes, well known artist and one of the world's leading authorities on paint techniques.

"The present trend of conformity," Taubes said, "is the greatest impediment to the creation of any great American art."

Taubes, a small sun-tanned man with close-cropped iron grey hair, Saturday will close his fourth annual Art Colony here at Carrizo Lodge. His students this year were from many states and included both professional and beginning artists.

Taubes speaks passionately when discussing the effects of mass conformity in any field.

"Today," he said, "it's organized eating, organized drinking. People dress alike, listen to the same radio and TV programs. There is an overwhelming tendency toward corporate activities."

Taubes, who began studying art in Poland before World War I, believes this tendency is disastrous.

"Mass man is dangerous," he said. "He is able to be influenced by many undesirable things from the outside—even Communism. This is so, because mass man has no mind of his own."

Taubes pointed out that mass conformity was not prevalent when he was young.

"Then," he said, "everything was slanted toward the individual. There was no trend for everyone to be just like the Jones'."

In discussing effects of mass conformity in the world of art, Taubes said, "We have dictators, who try to dictate what and how artists should paint. They are associated with some of our large museums."

The artist, who also is the author of 26 books on art and esthetics, contends that he is a militant writer on art dictators.

"I have the courage to attack the men in power," he said.

After studying in Poland, Taubes continued his art career in Vienna. There, he also became a draftsman and journalist on a Vienna newspaper.

Taubes came to the United States 30 years ago and has become a leading art instructor.

"My teaching and lectures," he said, "resulted in the many books I have written."

Taubes also is contributing editor to American Artist magazine. He has served as visiting professor of art at many American and foreign universities and colleges. In 1948, Taubes was elected Fellow of the Royal Society of Arts, London, England. He has given lectures at Oxford University and the Edinburgh College of Art, as well as at many U. S. institutions.

Taubes resides at New York City, where he has maintained a studio for many years. He plans to hold his fifth annual Art Colony again next summer at Carrizo Lodge.

Angus & Bonito

By EULA CORDER

Mr. and Mrs. Rusty Russum and children from Paducah, Tex., came up for a few days visit with the Harold Seay's at the Roy Huff cabin. Mr. Russum and Mr. Seay went fishing at the Bonito Lake and had real good luck.

A nice surprise was had by Mrs. Corder one day last week when a high school chum of hers came by for a visit. They were school friends in San Marcos, Texas. Mrs. Elsie Rolland and son Pete now live in Alice, Tex. They are visiting in Ruidoso with her sister and husband, Mr. and Mrs. Dick Cowden of Kerrville, Tex. The Cowdens have purchased a summer home in Ruidoso, the Albert place, and will spend their summers there.

Staying at the Greer place for a week are Mrs. Ethel Skinner, and her three granddaughters, Linda Skinner, Sharon Farrell and Connie Dell Thomas, all from Carlsbad. Mrs. Skinner is a sister-in-law of Floy Skinner.

Friday morning the chuck wagon and rangers' trucks came by the store, preceding the riders. This was a very interesting experience, as their cook, Major Hudson, showed us the refrigerated chuck wagon with all the good foods that would be served the men. With the Major was Cecil Easling, ranger, and Juan Luna, helper, all of Roswell, N. M.

A few hours later the riders came by on their beautiful horses. The men were all very enthused over the very beautiful and enjoyable ride through the mountains. With the riders was Bill Wingfield and Homer Glover of Roswell, both are connected with the Glover Packing Co. there.

Visitors at the Roy LaMays are Mrs. Hal Taylor and daughter Helen from Okemos, Mich. Mrs. Taylor is Mrs. LaMay's sister.

Mr. and Mrs. "Zip" Franklin, sons Jimmie and Steve of Lovington, have been at their place on the Bonito for the past week. "Zip" dug a well while here with the help of his son Jimmie and Corder's nephew, Jimmie Corder. This was a great experience for the boys.

Week-end visitors at the Bob Devers' was Mrs. Dever's mother and sister from Midland, Tex. They enjoyed the horse races at the Downs Sunday.

Mr. and Mrs. Waller Meeker from Lovington spent the week-end with the Charles Corders.

Mr. and Mrs. Barnie Hayes, Sharon, Kent and Sandra are spending a few days with Barnie's parents, Mr. and Mrs. W. M. Hayes of Lovington.

Johnnie Dale Hayes has gone to Ft. Bliss at El Paso for two weeks' camp.

Mr. and Mrs. Lewis Greer of Nogal are the proud parents of a baby boy born Saturday morning, the 20th.

Troy Lane's mother and little niece from Deming, N. M., are spending a few days with Mr. and Mrs. Lane.

Mrs. Charley Elam had two of her sisters with her this week-end. They were Mrs. Elberta Grimes from Boron, Calif., who will be here for a while, and Mrs. Emma Putt and son Jerry from Roswell, N. M.

The first phase of the various camps started Monday morning the 22nd at the Nazarene Camp Grounds at Angus. This is the Boys' Assembly and boys with their sponsors are gathering from all over New Mexico to enjoy the week's activities at this very beautiful camp site.

Private Camp For Girls To Open This Summer At Carrizo Lodge

Ruidoso's famed Carrizo Lodge this summer has been selected for Camp Lass-C, a private camp for girls 8 to 14 years of age.

Camp Lass-C will be directed by Dr. Belle Mead Holm of Odessa, Tex.

Camping sessions will be July 5-18; July 19-August 1, and August 2-15.

Dr. Holm, who holds BS, MA and Ph. D degrees is a native of Odessa. She has seen Odessa grow as have other cities—in such a way as to rob youth of the joys of the out of doors.

Camp Lass-C is part of her mission to provide youth with some of the wonderful times they otherwise might never know.

Dr. Holm is chairman of physical education at Odessa College, with extensive training in camps throughout the United States and is fully experienced in all phases of girls' camp work.

Her husband, Bill Holm, also is an enthusiast of the great outdoors, and will be in charge of the Camp Lass-C drama department.

Other camp activities will include horseback riding, ballroom, ballet and modern dance classes, conditioning exercises, canoeing, fishing, theatre arts, literature and conversational Spanish classes, golf, tennis, archery and badminton. There also will be instruction in charm.

Pauline and Herb Greggerson

Herb and Pauline Greggerson, owners and operators of Carrizo Lodge, will take an active role in making Camp Lass-C one of the most outstanding girls' camps in the country.

The Greggersons, internationally recognized square dancers and instructors, settled at Ruidoso in the early 1950s after years of teaching in colleges and universities and in various recreation departments throughout the U. S., Canada, Alaska, South America and the West Indies.

Pauline will be in charge of the Camp Lass-C dining room, and is planning nutritious and tasteful meals for the young campers.

Bill and Clara McDonald, formerly of North Platte, Neb., will be in charge of the riding horses. Bill's long experience includes service in a mounted supply train company of the U. S. Army and a cavalry remount school.

Carrizo Lodge is located just 10 minutes from downtown Ruidoso, in tall pines on the bank of Carrizo Creek. Lodge grounds are bordered on two sides by the Lincoln National Forest and on one by the Mescalero Apache Indian Reservation.

Junior girls at camp will live in cabanas with an adult counselor for each suite. Older girls will live dormitory style in the double-decked bunkhouse at the Lodge. All quarters will be inspected daily for neatness and attractiveness.

Ruidoso long has been a favorite spot for Southwesterners and is renowned for its recreational facilities, shady pines, impressive mountains and cool, healthful climate. Camp Lass-C will be another new recreational facility for this expanding resort area.

Letter to the Editor

DID YOUR "GET UP AND GO" WENT?

How do I know my youth has been spent?
Because my "get up and go" got up and went,
But in spite of all that, I'm able to grin,
When I think where my "get up and go" has been!
Old age is golden, I've heard it said,
But sometimes I wonder as I go to bed—
My ear in a drawer; my teeth in a cup—
My eyes on the table until I wake up,
E're sleep dime my eyes, I say to myself,
Is there anything else I should lay on a shelf?
And I'm happy to say as I close the door,
My friends are the same as days of yore,
When I was young, my slippers were red,
I could kick up my heels right over my head;
When I grew older, my slippers were blue,
But I could dance the whole night through,
Now I am old, my slippers are black,
I walk to the corner and puff my way back.
The reason I know my youth is spent,
My "get up and go" has got up and went,
But I really don't mind, when I think with a grin,
Of all the places my "get up" has been!
Since I have retired from life's competition,
I busy myself with complete repetition,
I get up each morning, dust off my wits,
Pick up the paper and read the "Obits."
If my name is missing, I know I'm not dead,
So I eat a good breakfast, and go back to bed.

More car than this Impala Sport Coupe is hard to find at any price.

clings to curves like a cat on a carpet!
the travel-lovin' Chevrolet

Nothing else but a dyed-in-the-wool sports car like the Corvette can take a turn with such solid assurance!

It's easy to see where Chevrolet gets its road sense. With big coil springs at every wheel, a firm, wider stance and all of its pounds distributed with painstaking care, Chevy's born with it.

The only thing that may be hard to understand is how it can offer the ride it does, along with so many other luxury-car virtues, and still compete in the low-price field.

We use the word *compete* only in the sense of price. For with a ride as special as Chevy's, real competitors are hard to come by. There's a world of difference between Chevrolet's coil springs at all four wheels and the leaf springs that most other cars still use. Take a Chevy down a snaky back road and you'll *feel* the difference in the sure way it holds through curves and shoots over rough spots with hardly a ripple.

This one's really made to travel and loves every minute of it.

Pari-Mutuel Handle Passes $2 Million At Downs For '59

Pari-mutuel betting at Ruidoso Downs for the 1959 meet is stacking up about 30 percent ahead of the same time in 1958. Two million and a quarter dollars had been bet at the end of 12 days of racing last weekend, the exact total being $2,262,211!

A pair of two-year-old longshots grabbed the spotlight in the early races at Ruidoso Downs here Friday as a crowd estimated at 2375 watched the opening of the week-end program.

Granite Dust, a chestnut thoroughbred filly out of the rapidly improving stable of E. C. Gosselin of Oklahoma City, upset the odds in scampering home in front in the 350-yard maiden third race to return $69.60, $22.20 and $9.60 to her backers. Granite Dust is eligible for both the Quarter Horse Futurity and the All-American Futurity.

And right behind her, in the fourth race, Dixie D., owned by J. T. Dillard of Big Spring, Tex., won the four-furlong dash for two-year-olds and paid $43.00, $10.60 and $6.60.

It was Texas day at the mountain track as Texas owners won six of the first eight races—four of them from Big Spring.

The track was rated fast, but cloudy weather and earlier rain allowed for slowing conditions.

PariM-utuel Handle Totaled $110,545

A cooling shower transformed the track to "muddy" in the late races.

Tray Bar, with a wire-to-wire lead, captured the featured "Shiers Pharmacy" Purse in a time of 1:09 over the five and a half furlong distance. The winner, owned by Franklin Cox of Chandler, Ariz., returned $22.20, $5.60 and $3.70 for Bruce Brinkley's ride.

A photo-finish in the "Capitan Allowance" 10th race saw Mr. Bruce and Brandyblaze cross the line together and Mr. Bruce win by a look at the movies. Owned by A. B. Green of Purcell, Okla., Mr. Bruce paid $10.30, $4.90 and $3.30.

Tight Game In Softball Anticipated

The tightest game so far this season among teams battling for top place in the Softball League is anticipated by fans next Wednesday night, when the CPS Team goes on the diamond at the School Athletic Field to challenge the Ruidoso News-Ruidoso Gas nine.

"We're really looking for the hottest game of the season," said Joe Coe, manager of the CPS Team. "We understand the Ruidoso News-Ruidoso Gas Team has a new pitcher—an import from California, and we don't know what all he's got."

The California pitcher may mean a turning point in the lead the CPS Team has held all season.

"We've got a lot of fine hitters on the CPS Team," Coe said, "but a red-hot pitcher can give anyone a bad time."

In a recent game against C & L Lumber Team, the score was 18-0 in favor of the CPS. LeRoy Gooch chalked up two homers, Ralph McCuiston and Jack Wilson each brought men in over home plate. Leo Pagel is another consistent hitter on the CPS nine.

In another recent Softball League game, Ruidoso News-Ruidoso Gas humbled the Ruidoso Downs Firemen.

IN NAVY RODEO—Marine Acting Sgt. Royce Gothard, son of Mr. and Mrs. R. C. Gothard of Ruidoso, participated in the 12th Annual Navy Relief Rodeo held at Camp Pendleton, Calif., June 13-14. He vied for prizes including saddles, boots and stetsons. All proceeds of this, the world's largest free rodeo, go to support of Navy Relief Society.

The Cubs still are away out in front in Little Leaguer games played this summer.

Their winning streak was red hot Monday night when the Cubs trounced the Red Sox with a 27-2 tally.

The Cubs have captured all but two games played during the current season.

Coaching of the Cubs now has been taken over by Pat Patterson of Ruidoso Downs. The job formerly was the responsibility of Leo Park and Mills.

Downs Heads Into Snappy 5th Week-End

"The San Patricio Allowance" is highlighted this afternoon (Friday) as the Downs glides into its fifth week-end of racing. Little Timid, owner-trained by M. T. Cannon of Amarillo, Tex., looks the probable favorite after her excellent effort to Ahba's Bull. She was narrowly beaten in track record time. Frontier Saga, also owner-handled by Everett R. Hale of Lawton, Okla., is a winner and a third in her most recent effort. Hunker, carrying the hopes of the Burguette Ranch, Vaughn, is tabbed a right now—has won two handily in early company.

Remaining challengers: Miss Dana, Miss H. Dee, Ben, Fancy Delight, Slim Clever, Sleepy Ned and Livewire are also in, favoring back for their initial start at the meet.

The tenth is an open 550-yard quarter horse allowance with Hopeful Lady, belonging to Tom Slone of Palestine, Tex., looking good after her recent sparkling on the pace performance in an 870. Blue Bars, representing the D. K. Brokaw, Inc. of San Juan Capistrano, Calif., was narrowly beaten her only start.

Remaining contestants: Chick Fleet, Hy Leonidas, Kid Sid, Junior Skelly, Vanhorn, Air Pocket, Val's Babe and Teddy Blue.

Consensus of opinion after last week's racing:

Leanna Lee, belonging to R. D. Stanfield of Broken Arrow, Okla., made it two in a row and it looks like she justifies the $6600.00 penalty payment that made her an eligible in the first running of their $120,000 (estimated) All-American Futurity.

Flying Tom, owned by Vance Marshall of Pima, Ariz., may be the best 870 horse here.

Prelim Trials Set Saturday

Thirty-four youngsters parade postward for the preliminary elimination trials toward the Tenth Annual Running of the Ruidoso Thoroughbred Futurity—richest stake ever to be run in the Sunshine State.

Four trials, going 6 furlongs, share eighth, ninth, tenth and eleventh places on the placing card for Saturday.

These colts represent many states with the probable co favorites off recent efforts in these heats appearing to be: Dixie D., belonging to J. T. Dillard, Big Spring, Tex., and Miss Speechie, owned by L. E. Patterson of Long Beach, Calif., in the First Division; Debonair Dandy, carrying the colors of Jerrie Currie of Big Spring, and Tight Nit, representing the D. K. Brokaw, Inc. of San Juan Capistrano, Calif., in the Second; Forward Gunner, owned by Lewis Douglas of Tucson, and Wichita Maid, young hopeful of Claude Cowan, Sr. and Jr., of Raton, in the Third Division while the penalty payment eligible, Pawhuska Sam, owned by Gomer Evans of Tulsa, will have Robert Mundcif, one of Omaha's leading riders, in the saddle in the Fourth Division. Will Return, belonging to Mr. and Mrs. D. A. Hallmark of Clovis, seems a likely choice here.

Seventh event — "The National Cotton Council Allowance"—is a 400-yard open 'short' horse dash made up of a field of good ones: Outrider, Blue Fleet, Lena's Bar, Doll Up, Red Ryder, Cactus Comet and Bobette Parker, with Lena's Ike, owner-trained by D. B. Plummer of Pleasanton, Calif., shapes up the probable favorite after a convincing win his last start. Fleet Gayle, co-owned by Greely and Conger of Great Falls, Mont., had trouble last out—was closing well. Consistent Ahba's Bull, representing Watson and Arnett of Carlsbad, is a two-time winner in good form right now.

Remaining entries: No Gal, Hickory Red, Riccaire, Quick Thrust, Wish-U-Well, Make Up Clouds and Jimo.

The 870-yard "Carl Mercer Allowance" sees the quarter horse and the thoroughbred vieing for honors at this distance. The thoroughbred, Red Jones, belonging to Paul and H. T. Smith of Ardmore, Okla., was a late scratch in last week's racing but will, in all probability, step postward the choice again. Steamed Up, Arizonan R. S. Snedigar's thoroughbred, was on the pace in her last out—an 870—and should improve while Bob Rope, owned by W. L. McDonald of Artesia is a steady going sort.

Remaining contestants: Flying Charm, Mister Tris, Magic Kingdom, High Universe, May High, Frijole Route and Fallen Market.

Jockey standings as of June 25: Elbert Minchey 126, Jack Wallace 91, Joe Sherman 73, Ramon Figueroa 70, Benny Reller 70 and Kenneth Chapman 62.

Trainer standings as of June 25: Clayton Tolliver 60, Bob Arnett 46, Dick Orr 44, W. A. Simpson 39, Richard Hazelton 38 and Jim Curry 37.

RUIDOSO MEN MAKE HORSEBACK TRIP TO WHITE MOUNTAIN

A group of Ruidoso sportsmen made a horseback fishing trip over the weekend to White Mountain Park. In the group were Joe Coe, Jake Harris, Bob Pier, Harlan McCraw and W. A. Hart.

The men fished on North Fork.

"All of us got our limit," Hart said upon their return. "We really found fishing good."

The men left Saturday, camping out that night. They returned here Sunday afternoon.

Bar, carrying the colors of Oklahoman Walter Merrick appearing to hold a slight edge.

Contention runs deep as a talented field of runners, all winners but two, step onto the Downs re-surfaced raceway in the 6½ furlong "West Texas Handicap" on Sunday. Little

A Weekly Sermonette
"WHAT IS TIME?"

Some one has said that time is easy to define until you start thinking about it. Then it becomes complicated. Benjamin Franklin said, "Do not waste time for time is the stuff that life is made of." It could also be said that life is the stuff time is made of. Consider the number of words based on time, time block, time deposit, time honored and so on through the twenty-seven words of this kind listed in the dictionary.

Time is a vital measure of life. We cannot increase the measure for are there not twenty-four hours in a day? But we can increase the quality and quantity of life measured by time. For example, the average life span during the last century has more than doubled. A century ago it required weeks and even months to cross this country from the Atlantic to the Pacific. Now it can be encompassed in a few hours by jet plane. This is turning time into life.

The highest use of time is in using it for the highest values. This is done in the Kingdom of God. The values in the Kingdom of God are the highest known to man. They are inseparably linked with the Head of that Kingdom, God in Christ. Death limits time for all of us and when Christ conquered death and sin on His Cross, he became the Lord of Time. In Christian lands time is named after Christ, we say that this is the year 1959 A. D. or in the year of Our Lord. How fortunate we are to have a Lord and Saviour who can take our time and turn it into the highest values of life, even into life eternal.

Louis Philippe Adds Pakomatic To Photo Studio

The newest and finest photographic printing machine on the market today—the Pakomatic — has been added by Louis Philippe of Ruidoso to his modern and well-equipped studio on Main Road.

"The Pakomatic turns out electronically exposed prints at the rate of about 1200 an hour," Philippe said. "The machine can even handle prints up to 5x7-inch in size. It is a wonderful invention for the photographic world."

Since installation of the Pakomatic will be a great time-saver, Philippe is cutting his price of prints.

"A customer now will be able to save two cents per print," Philippe said.

Former standard price per print at Philippe's was 10 cents, which now will sell for eight cents.

Philippe still plans to hand-inspect each print, which will insure top quality for the customer.

"I also will continue to do custom work," he said.

Jack Ross Booked For Two Dances Here On Week-End

Popular Jack Ross and his Western Vagabonds will make a return appearance here this week-end playing for two big dances at the Ruidoso School Gym.

They will play Friday night, June 26, and admittance will be free. Another big feature will be the appearance that night of recording star Buddy Stevens, famous for his record of "Try Again."

Ross and his Western Vagabonds will play for another dance Sunday night, June 28. Admission will be $1.50 per couple and ladies will be admitted free.

Ross and his band are popular with all age groups for their rock 'n' roll and western tunes.

All teenagers and parents are welcome at both dances.

Ruidoso Lions Install Officers To Hold Banquet.

An annual highlight of activities of the Ruidoso Lions Club is its installation banquet and ladies night, which this year will be held at 8 p.m. at Carrizo Lodge.

The banquet will be semi-formal and, afterward, there will be dancing to tape recorded music.

The club's gavel will be turned over to Dub Williams, new president, by LeRoy Gooch, his successor.

Other new officers to be installed include Bill McCarty, first vice president, Fred Grasswell, second vice president, Jack DiPaolo, third vice president, Harold Graham, secretary, Eric Bruce, treasurer, Don Sovell, Lion Tamer, Sam Pirelli, Tail Twister, Jodie Filleman and Wayne Wantiez, two-year directors, and George Fuchs and Emil Klemm, one-year directors. About 75 are expected to attend.

Final plans for the event were completed Tuesday night at a regular session of the club. Other business included a report on progress of the proposed swimming pool for Ruidoso.

New Farm-Home County Committeeman Is Robert McDaniel

Robert McDaniel of Glencoe has recently been appointed to serve on the Lincoln County Committee of the Farmers Home Administration, according to an announcement by Warren Freeman, FHA County Supervisor.

McDaniel replaces Ralph Bonnell, whose term expires June 30, 1959. The other two members serving with McDaniel are Paul Jones and Corbin Hester.

Each county in New Mexico has a three-member committee to work with the County Supervisor to make the best possible local use of the agency's farm credit service program. The eligibility of all applicants for all types of FHA loans is determined by the committee. Also, they review the borrower's program by means of improved farming.

The FHA is an agency of the U. S. Department of Agriculture which supplies long-term credit to farmers and ranchers to buy or improve their units, establish suitable soil and water conservation measure, and build or repair farm houses or other essential farm buildings. Both intermediate or short-term credit, for farm operations or to meet emergency needs, is provided by this organization. As part of its credit service, FHA supplies farm and home management aids and advice.

FHA, however, does not compete with other lenders in the farm credit field, and all borrowers are encouraged to graduate to other lending agencies whenever they reach a position that they can fulfill the rates and terms established by such lenders.

Head Springs Camping Fee Raised Per Car

Fee for overnight camping at Head Springs on the Mescalero Indian Reservation has been increased to $2 per car from the former fee of $1 per car, according to an announcement by the Tribal Board.

Head Springs, according to the board, is the only site on the reservation, under jurisdiction of the tribe, where overnight camping now is allowed.

The campsite at the Summit is governed by the Summit Enterprises.

Overnight camping, which formerly was permitted on the reservation near Ruidoso, now is prohibited, the Tribal Board announced. Restriction of that area was made necessary for both fire-prevention and sanitary reasons.

Head Springs is an especially desirable campsite. Located in a scenic canyon, there are large cooking fireplaces and tables for the convenience of campers.

Mrs. James A. Carroll, 86-year-old mother of Mrs. Ted Sutherland and widow of the agent at the Mescalero Apache Indian Reservation from 1903 to 1911, is here visiting.

Salvation Army Now Conducting Fund Drive Here

Byrl R. Enoch, Salvation Army field worker, is here to conduct the organization's annual fund raising campaign. Mr. Enoch said that the Army's funds are to be used to aid and comfort the distressed, the neglected child, the girl facing unwed motherhood, the man behind prison bars, the hungry, the homeless and those struck by tragedy and disaster. Help is never withheld because of race, creed or color.

H. Z. Collier is chairman of the local service unit committee supervising the services rendered by The Salvation Army in this area. This service unit is one of the hundreds of such groups across the United States made up of volunteer citizens who serve without remuneration in these towns where there are no organized Salvation Army Corps.

On the committee with Mr. Collier are the following: Vic Lamb, vice-chairman; Manuel G. Badillo, treasurer; Mrs. Lewis Coe and Alton Story.

Contributions may be given to any one of these committee members, Mr. Enoch, or mailed to Manuel G. Badillo, c-o Post Office, Ruidoso, New Mexico.

TWO SMALL FIRES IN CAPITANS NOW FULLY CONTROLLED

Two small recent forest fires in the Capitan Mountains, both caused by lightning, now are under control.

The last blaze, discovered Monday morning in a rugged area in the Capitans, was brought under control by a number of Forest Service personnel. Water to mop up the blaze was dropped by Ralph Brown, who flies for the Forest Service. Later, the fire was completely extinguished by a rainfall in the area.

The other small blaze occurred last week.

LOOK UP!
CHURCH FOR ALL
ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When I walk out of my front door, it always gives me a good feeling to see the spire of the church down the street.
A church spire makes you look upward. You have an irresistible urge to gaze at its highest point. It is a lofty symbol, the physical manifestation of an ideal.
Sometimes, when I step through my front door, my thoughts are on the "down" side. Then I look toward the church, my eyes travel to the sky, and I feel better, no matter what my troubles.
Next time you're near a church — try it and see. Better still, try going inside.

A 4-cent postage stamp picturing progress in soil conservation in the United States will be issued Aug. 26 by the Post Office Department, the U. S. Department of Agriculture announced today. The stamp, which was developed in cooperation with the U. S. Department of Agriculture, portrays a modern farmland setting signifying that conservation farming brings beauty as well as bounty to rural living. Soil conservation practices portrayed include contour strip cropping, terracing, pasture improvement, tree planting, and a farm pond. In addition, the silhouette of a city in the background symbolizes that urban as well as rural people are highly dependent upon the care and wise use of land as a principal source of food, water, shelter and clothing. The stamp will be printed in three colors, yellow, green, and blue.

One of the [illegible] this season is Dave [illegible], on Main Road, near Two Rivers Ranch, is offering coffee at 5c a cup.

"I believe we are one of two places in the entire state of New Mexico serving 5c coffee," said Mrs. Ruby Ivey, who manages the drive-in for her son, Don Ivey of El Paso.

Mrs. Ivey, who has many years of experience in the food business, also is featuring homemade items this summer at Don's Dramatick.

Fried chicken, jumbo hamburgers and picnic boxes are other specialties on the menu.

"I pay particular attention to picnic boxes," Mrs. Ivey said, "and try to provide a really substantial meal. I fill them with a half fried chicken, cold slaw, potato salad, baked beans and toast."

Mrs. Ivey's permanent home is at Bisbee, Ariz., where she has lived for many years. Her husband spends as much time as possible here during the summer and Don Ivey is here every week-end.

FOREST SERVICE MAY MODIFY LAND EXCHANGE

The U. S. Forest Service plans for placing a large area of land around Ruidoso up for exchange so that it might be secured by private individuals and enterprises, is to be modified from the original announcement, made here several months ago. At that time, representatives of the Forest Service met with the Village of Ruidoso Board of Trustees and stated it would put in motion a land exchange program so that the Forest Service could be relieved of considerable administrative work in regard to policing, servicing land-use permits, etc., in regard to adjacent property.

When the Forest Service plans were made public, considerable opposition was expressed to the Forest Service withdrawal proposal, spearheaded by an advertising campaign and a letter writing campaign began by Ruidoso Gun Club. The Gun Club interested other civic organizations and the village itself, in expressing opposition.

Last Thursday night in the city hall, the Forest Service again met with members of the village board, with the village's new zoning and planning commission, with local officials and with representatives from the Gun Club to further discuss the land exchange.

Out of that meeting came the statement from U. S. Forest Service officials that the original land exchange program would be greatly modified—that all of Tract 9, northeast of Ruidoso, that lands in the area of Grindstone Mesa, some lands up Perk Canyon, up Brady Canyon, in the eastern part of Gavilon Canyon and in the area near Cedar Creek would be withdrawn from being offered for land exchange for a period of five years.

At the end of five years, the possibility would then be reviewed and the Forest Service would likely be guided in a future policy of land exchange by public opinion at that time.

Representing the Forest Service in the meeting Thursday night were Dave Stephens from Albuquerque, regional Land and Recreation Use officer; Everett Doman, supervisor of the Lincoln National Forest from Alamogordo, and Sam Sinclair, Ruidoso Ranger. Representing the village were Mayor Jack Hall and Trustees T. B. Hood, Bernard Rooney, Bill McCurdy and Tom W. Jones. From the Gun Club were R. H. Hedgecoke and Claudie Peterson and from the planning and zoning commission were Dan D. Swearingin, Carl Mannen and Jim Littlefield. From the school were Supt. J. Howard Morris and Board Member Ralph Bennell.

Ruidosoans Form Realty Corporation

Two Ruidosoans are among incorporators of a new concern, Western Realty Corporation, which will deal in real estate transactions in both Lincoln and Otero counties.

The local incorporators are T. E. and E. B. Rigsby. J. P. Otto is the third incorporator.

Frank Boyce of Alamogordo, son of Mrs. T. E. Rigsby, will serve as attorney for the corporation, which will establish offices at Alamogordo.

Authorized capital of the corporation is $250,000.00, according to the charter issued by the state corporation commission.

RUIDOSO AIRPORT ANTICIPATING CROWD OVER JULY 4 HOLIDAYS

A record number of planes is expected to arrive at the Ruidoso Airport over the Fourth of July weekend, according to Mr. and Mrs. Ralph Brown, who operate the facility.

"Seems like more and more planes from distant states are arriving at the Ruidoso Airport," Mrs. Brown said. "Last week-end, we had planes from Los Angeles, Calif., Oklahoma City, Okla., Denver, Colo., and Phoenix, Ariz."

Other planes using facilities at the airport included many from Texas cities.

23 NEW WATER TAPS INSTALLED IN MAY IN VILLAGE OF RUIDOSO

In the last regular meeting of the Ruidoso Board of Trustees, these were among business matters brought before that body:

Water and Sewer System Superintendent Claudie Peterson reported 23 new water taps were connected in May by his department. Trustee Bernard Rooney reported "parts men in good shape and ready for pioneers."

The report from the police department for May revealed fines assessed totaled $715.00 and $617 was collected.

The amendment to the traffic ordinance was read and passed (published in last week's News) dealing with motorists driving while intoxicated. Engineer Jack Kennedy pre-

Cities represented were Plainview, Andrews, Roswell, Lubbock, El Paso, Midland, Odessa, Pecos, Ozona, Dell City and Dallas. Midland, Odessa and Pecos, as well as Plainview, were represented by several planes each.

Planes also arrived from Carlsbad, Farmington, Hobbs and Lovington.

Lincoln Forest Ordered Closed To Fireworks

The following closing order, which includes the Lincoln National Forest, has been issued by Fred H. Kennedy, regional forester, and is also signed by W. H. Davis, acting regional forester:

"Whereas, the prevalence of high temperatures and drying winds in the Southwestern Region has increased the danger of forest fires throughout the national forests, and

"Whereas, forest fires do irreparable damage,

"Now, therefore, pursuant to Regulation T-1 (L) (36 Code of Federal Regulations 261.2) made and promulgated by the Secretary of Agriculture, an emergency is declared to exist, and all lands of the United States within the national forests of Arizona and New Mexico are hereby closed to the discharge of any kind of fireworks or firecrackers and the discharging of any fireworks or firecrackers thereon is hereby prohibited.

"Violation of this order is punishable by a Federal law which provides a fine of five hundred dollars ($500.00) or imprisonment for one year, or both.

"This order shall take effect immediately and shall remain in effect during the continuance of the said emergency and until further order.

"Dated this nineteenth day of June, 1959, at Albuquerque, New Mexico."

Oklahoma Artist Plans To Return Here This Summer

M. C. Hullender, Oklahoma artist, again plans to visit Ruidoso this summer and hold an open air exhibit of his paintings.

In a recent letter to The Ruidoso News, the artist made a unique proposal of civic interest. He has made an oil painting of Ruidoso's first post office from a photograph in a pictorial book by Carmon Phillips. Hullender's proposal concerns that oil painting. He wrote:

"I have thought of selecting three or four places in Ruidoso, where the painting could be appreciated and have them draw a number for this painting to hang."

Possible sites suggested by the artist are The Ruidoso News, Post Office and Chamber of Commerce.

The artist, who resides at Frederick, during the last year was subject for a feature story in The Daily Oklahoman, and also appeared on TV in Oklahoma City and Lawton. He also was asked to give a number of one-man shows in various Oklahoma cities.

Hullender is expected to arrive in Ruidoso some time during July.

Special Survey In Forest Begins July 1

Looking ahead to recreational needs of a greatly increased population in 1976 to 2,000, Ruidoso Ranger Clarence Sinclair July 1 will begin an extensive survey of the Lincoln National Forest, which encompasses more than a million acres of timbered land.

Sinclair will be assisted by Sam Weisshill, who holds a Master's Degree from Duke University.

The men will begin the survey in the Ruidoso and Capitan areas. From there, they will travel to the Cloudcroft and Mayhill areas and then go to the Guadalupe Mountains.

Sinclair and Weisshill will travel by pickup truck, horseback and even by foot, where the terrain is most rugged.

They will pinpoint sites for possible ski runs, fishing, hunting, trail rides and picnic areas.

"The survey," Sinclair said, "is projected into the future so as to have specific reports and maps of all possible recreational sites in the Lincoln."

He said that in some areas of the Lincoln there would not be enough.

"In as much as possible," the ranger said, "we hope to locate picnic areas that will be most adaptable and nearby existing roads. However, in some instances, roads probably will have to be made."

Sinclair also explained that reports will be made on how many family units a picnic area could accommodate and yet not be too crowded.

Detailed reports will be made throughout the survey, which will end the last of next December. Every recreation area, considered desirable, also will be mapped.

"The scenic Lincoln has many undeveloped recreational areas," Sinclair said, "and in 2000 it should be even a greater blessing to the population than it is today."

El Paso Station Is Planned In Gateway

Announcement was made Wednesday this week of the purchase of a triangular piece of land by El Paso Natural Gas Products Co., a subsidiary of El Paso Natural Gas Co., makers of Dixie and El Paso gasoline, in the Palmer Gateway on Reese Rd. and Main Rd., on which a modern service station is to be constructed. In the purchase also was land on which the residence of Attorney John Thompson is located. The residence and office of the attorney there will remain, and the new station is to be built nearby. The land was formerly known as the George Harkless property. Construction of the new station, the sixth new one here in this area in 1959, is to begin this summer, according to Cy Leland, Jr., who reported the sale. The transaction was handled through Leland Realty Co.
