Around Town

—By Nosey Waters—

Our neighboring city to the southwest, Tularosa, plans a centennial celebration May 14-15 this year. Committees have been named to start plans now for a big observance. . . . Ray Izard of Sierra Blanca Corp., the firm that has hopes of developing White Mountain Park into a swank winter resort area, in Ruidoso last week-end, reported the corporation's ski expert from Aspen was in White Mountain Park over the week-end, continuing with the surveying of the snow pack there. Izard says Ruidoso is going to get the big resort—it'll just take time. Patience, folks, patience. . . .

Friends of the Hobby Thomas family here have learned of the death of Hobby's mother, Mrs. Janie Thomas, 82, in Ft. Worth recently. She was widely known as an avid baseball fan and once was honored by the Ft. Worth baseball team as "First Lady of Baseball." She and her husband, the late B. F. Thomas, operated a four-section farm in Hale County, Tex., before Thomas began a freight hauling business from Hale Center to Canyon, Tex. . . . Betty Carpenter, Hollywood, and Theresia Barajas, Ruidoso, were picked as candidates from the Senior class for competition for the title of class favorite to be featured in Eastern New Mexico U.'s annual. . . .

Interment of Mrs. Thomas was at the old Center Plains cemetery in Hale County beside the grave of her husband, who died in 1922. Five daughters and three sons survive. . . .

For 1959, tax valuations for Ruidoso totaled $3,532,000.000 plus a few dollars and cents. For an interesting comparison, going 'way back in county records, Jack Hull provided these figures on valuations starting a quarter of a century ago: 1933—$180,230.00; 1934—$192,126.00; 1935—$197,235.00; 1936—$205,004.00; 1937—$216,000.00; 1938—$226,695.00; 1939—$261,240.00; 1940—$262,004.00. The valuations gained better than 55% in the eight years covered in the comparison above—a ratio that has held just about the same throughout Ruidoso's steady growth. . . .

A vote of thanks to Dr. James Beall for his work here in bringing to the attention of our village officials the need for fluoridation of the local water system—which, in years to come—will save our people lots of money in helping to prevent tooth decay. Tests conducted for many years in places where fluoridation is being done, has proven it decreases the incidence of tooth decay very appreciably. . . . Hardie Jones at Nob Hill Restaurant asked us to say thanks to all who "kicked-in" donations to pick up the $30.50 dinner tab for the traveling editors and writers who stopped off here for lunch at his place earlier this month.

You should've heard the old railroad talk going when R. K. Knox, an old-timer on the railroads in the East, and Clara Jester, long-time employee of the Texas & Pacific down in the Weatherford country, had a get-together at Jack's Western Wear the other day. . . . Lee Hutchens, Sr., father of Jack Hutchens, both of the local telephone company, once gained national prominence with an article about him and his methods of teaching science in Albuquerque schools in Reader's Digest. . . . Somebody told us folks were fussing about how much local taxes had jumped because of the sewer bonds figuring in the 1960 figure. Facts are the sewer bond raised taxes two and a half mills, or $2.50 per $1,000 valuation. The big jump came on the 5-year school bonds that saw an increase of six mills, or $6 per $1,000. But, they'll be out of our hair in five years! . . .

Jack Hitchens, local telephone company manager, said this week "Even though it will cost the telephone company more money than any other business here for the city to install a four-lane street improvement project—because of our having to trench all of our poles and transmission lines, we are still in favor of the four-lane route over a two-lane." . . .

Coincidence! There is a LeRoy Gooch in Albuquerque, N. M. Our own LeRoy, local band director, and Mrs. Gooch are parents of a baby girl this week! Congrats. . . . Couple of fellows down in Ruidoso Downs this week said they'd like to see Max Oliver as a candidate for mayor down there. . . .

John W. Thompson, Ruidoso attorney, has moved his law office from his home in Palmer Gateway to the building which the late Ben Nowlin had with his accountancy practice on Main Road, also in Palmer Gateway. . . . Mrs. Emma Ruidoso Chamber of Commerce secretary, is back after a discussion with Chief Boyce of the State Police in Santa Fe, would like anyone who has any information regarding the highway being closed through this area when it is not, to report the newscast to him at once. Considerable inconvenience to many, many people has been caused by false reports of highway conditions being "impassable, dangerous," etc., etc., following each snow storm in the White Mountains. The reports are rebroadcast for many hours, and sometimes days, after the condition has returned to safe and normal travel! . . .

The Village of Ruidoso Water Department reports that in 1959 148 new water meters were installed, that the village consumed 73,436,800 gallons of water in the 12-month period and that at the end of the year, the water department had a balance of $22,566.45 in the bank after collecting some $66,000.00 last year for water taps and sale of materials. . . The village of Ruidoso has pretty good credit. We hear that should we vote some G. O. bonds for street improvement there won't be much trouble selling 'em! Speaks well, doesn't it, for our village administrations of several years past as well as present. . . . The Ruidoso News unequivocably favors a four-lane Main Road for many good reasons—as you'll see in the page ad in today's News. . . .

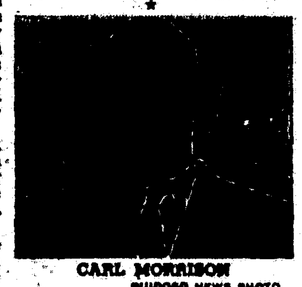
MORRISON FOR MAYOR, PERTEET, M'CARTY FOR VILLAGE TRUSTEES



CARL MORRISON
RUIDOSO NEWS PHOTO

Carl Morrison, president of the Ruidoso Chamber of Commerce, and operator of an auto parts and service station business in downtown Ruidoso the last seven years, this week told a group of 20 Ruidosoans in a public meeting Monday night that he would consent to be a candidate for Mayor of Ruidoso. Along with his announcement, the group also heard Tommy Perteet, young real estate salesman, consent to be a candidate for the Village Board of Trustees.

Mayor Jack Hull, who is retiring this spring from that office after having served a two-year term, served as chairman at the informal gathering, held in Ruidoso Woman's Club building. Hull told the group that the mayor's office and two trustee posts would be vacant this year, with his term and that of Commissioners Tom Hood and Bill McCarty expiring. McCarty, currently serving as the village sanitation commissioner, was not present at the gathering, but had indicated to several who were in attendance that he would consent to run for re-election, Hull declared.

The village trustee terms up for election this year will run for four years each.

Holdover trustees are Tom Jones, street commissioner, and Bernard Rooney, recreation commissioner.

Other Matters Talked

Taking advantage of the gathering of a cross-section of Ruidoso business leaders, Mayor Hull discussed several other civic matters, seeking opinions and advice from there present. He read a letter which is being mailed to all water users, along with a postcard "straw-vote" ballot, which seeks opinion of the people on a two-lane or a four-lane improvement project for Ruidoso's Main Road. A question and answer session followed the discussion, with the majority opinion being for a four-lane. Out of the discussion came a suggestion by Ruidoso Telephone Co. Manager Jack Hitchens that those persons in favor of a four-lane project subscribe their names to a page ad in today's Ruidoso's News setting out advantages of the four-lane proposal.

Dr. James A. Beall, dentist, spoke a word of commendation for the mayor and the village board for its acceptance of a suggestion which came from him and others in Ruidoso interested in the health of the community that the village water supply be treated with fluoridation. Steps are being taken now to install automatic equipment for fluoridation of the city's two water supplies, from the Rio Ruidoso and from Eagle Creek.

Mayor Hull also reported that "within the next four or five weeks" an inspection will be made of the disposal plant facilities for the new Ruidoso sewer system, and that as soon as the plant is officially accepted, then the sewer system may be put in use.

He said that sewer department superintendent Claudie Peterson now is seeking to get all business and residences along the sewer mains and laterals to install connecting lines so the system can be put in use immediately after the approval of the disposal plant. "This will eliminate the nuisance of tearing up any new paving we will be installing in improving our Main Road," Hull declared.

The mayor also reported that, since the extreme wet and cold weather had damaged the recent repair job done on Main Road last September, that the "roughest spots" will likely be ripped out, a new gravel base installed and a seal coat covering be laid over that to give some relief in the matter of chug holes and breaks in the road. "We won't be able to do that, however, until we get some fair weather," he indicated. He said as soon as the board and street commissioner could determine a plan of action to give some relief by repairing the route, it would be done, and with their eye on the weather, of course.

Postal Receipts Show Increase During 1959

The local acting Postmaster L. F. Dryden this week released figures showing a substantial raise in gross volume postal receipts for the year 1959 over 1958.

Gross postal receipts for the year 1958 were $19,701.83. For the year 1959 they were $25,720.15. After using the 81% base allowable for increase, which compensates for the increase in postal rates during the year, actual gross increase was $4,874.84 or up 18.95% over the previous year.

The greatest number of boxes rented for the year 1958 was 450 and greatest number for 1959 was 590. It is also noted that for the winter months of 1959 there were more boxes rented than the office has ever had showing a substantial increase in year 'round population.

Along with these figures it is noteworthy to mention that the Post Office in Ruidoso handled the greatest amount of mail and parcel post volume in its history for the summer months and Christmas season.

Temperatures Here To Be Provided Associated Press

Ruidoso's high and low temperatures each day will be provided the Associated Press for distribution on that news service's wire distribution system to newspapers, radio and television stations under an agreement worked out b Ruidoso Telephone Co. and Radio Station KYAP, Jack Hitchens, phone company manager, said this week. Hitchens said also a weather forecast for this immediate region is to be provided by the U. S. Weather Bureau for broadcasting here each day.

Westherman C. A. Culver reported Wednesday that Ralph Jones, substation inspector for the U. S. Weather Bureau in Albuquerque, was here this mid-week relocating the Ruidoso weather station to the Chamber of Commerce grounds with all new equipment, costing about $700.00. The recording rain guage is a new model recently adopted by the bureau. Ruidoso the first one set up in New Mexico, Culver added.

It was necessary to move the weather station location due to [illegible] vandalism and [illegible] old place near the village fire station.

"Observations" will be made at 4:30 p. m. daily for telephoning to Albuquerque," Culver said.

Charlie Jones Announces For Commissioner

Charlie Jones of Capitan, prominent Lincoln County Democrat, has announced he will be a candidate for County Commissioner in District 2, a position he once held for two terms. Jones, married and the father of two children, is active in Farm Bureau work, has helped stage the Lincoln County Fair in Capitan since its organization, and also is a rancher. He is a booster for the Capitan country, serving in several capacities on projects for the betterment of that area.

Ruidoso BPO Elks To Start Building In Near Future

Ruidoso B. P. O. Elks met Monday, Jan. 25, in Martin's Dining Room. The group voted to build on the acreage which the club owns on Highway 70 west of Cherokee Lodge. The building cost is not to exceed $30,000.00 and the funds will be raised by donations only. Fred Grosswell was appointed chairman of the fund-raising committee. About $1,350.00 was donated at Monday night's meeting. Actual building will start as soon as approval is granted by the Grand Lodge and the plans are for the building to be finished by the time the races start in May. When finished this building can be used by other organizations as well and it will also be used as a teen-age canteen, John Smith, Exalted Ruler of the lodge here reported.

Artesia Couple Buy Laundry

The Automatic Laundry in the Gateway, owned by Bill Tadlock, was sold last week to W. D. Cunningham of Artesia. Cunningham has been in the oil well drilling and package store business in that city. He and his wife plan to make Ruidoso their home. They will take over the laundry Feb. 1.

Tadlock will keep the tailor and dry-cleaning shop in the back of the laundry and Mr. and Mrs. T. J. Short will continue to operate it. Tadlock will open a laundry in a new location in the west end of town in the near future, and he expressed his appreciation to everyone for their patronage and hopes to continue to merit their patronage in the cleaning shop. He hopes to take a few weeks' rest before he opens the new laundry.

Ellis French, C. C. Chase Form Partnership

Ellis French, Ruidoso attorney, and C. C. Chase, an attorney of Alamogordo and who has relatives here and is a frequent visitor to this city, have formed a law partnership, with offices in Alamogordo and here, they announced this week.

New Supervisor Is Named For Lincoln National Forest

Announcement was made last week of the assignment of Russell Rea, present supervisor of the Gila National Forest with headquarters at Silver City, to the post of supervisor of the Lincoln National Forest at Alamogordo.

In the new assignment, Rea will succeed Everett Doman, supervisor of the Lincoln since April of 1957, who has been named assistant regional forester in charge of range and wildlife management for the California Region of the Forest Service. His new headquarters will be in San Francisco.

Rea is expected to arrive in Alamogordo about Feb. 10 from Silver City for preliminary surveys preparatory to taking over the new post here.

Effective date of both transfers—Rea's to Alamogordo and Doman's to San Francisco—are effective Feb. 29.

The new Lincoln supervisor started with the Forest Service in 1934 as a junior forester on the Arkansas National Forest, soon after receiving his degree in forest management from Penn State University.

His assignment here will be something in the nature of a homecoming for his wife, the former Phyllis Wootan of Tularosa.

Rea has been supervisor of the Gila Forest since 1954, having served at the Coconino National Forest, Flagstaff, as assistant supervisor and as supervisor of the Kaibab Forest at Williams, Ariz., after coming West in 1940. Between his first assignment and the time of his transfer West, he had served 15 years in national forests in the South, advancing through the ranks to positions of responsibility and supervision.

Doman has been a member of the Forest Service 18 years, 12 years having been spent in the national forests of Utah, Colorado and New Mexico.

Suspect Arson In Fire At Hollywood

A fire in a store building in Hollywood at 2 a. m. last Thursday morning is being investigated after Hollywood Fire Volunteer Department members expressed the suspicion it may have been a case of arson.

Fire Chief C. L. (Bones) Wright, upon finding what he described as suspicious evidence, told the News he took several photographs in the building after the fire had been put out, and had informed state fire insurance officials of his findings. Sheriff S. M. Ortiz was sent to Ruidoso to check the fire chief's suspicions, and on Saturday an official representing the state fire insurance department came here to explore the possibilities. The latter made additional photographs.

Interior of the building, located on U. S. Highway 70, and which formerly housed Hollywood Food Mart, had interior damage from smoke and water, and only a portion of the structure was burned by the fire.

W. R. Long, owner of the building, saw the fire damage on his return here from a visit out of town Saturday.

Schrecengost, Hondo, Republican County vice-chairwoman pro-tem; Bert Pfingsten, Hondo, County central committee member; Roy Shafer, Carrizozo; Willis Lovelace, Corona; Glenn Bradley, Hondo; Joe Skeen, Picacho.

Letter to the Editor

Dear Vic:

You attended the meeting Wednesday night of this week in which 41 local people expressed their opinion in regard to the proposed Ruidoso Main Road improvements. Almost everyone in attendance expressed their opinion and these opinions boil down to the following statement:

We the undersigned are in favor of a two-lane road with angle parking with the road following the present contours with an absolute minimum of cuts and fills. We are in favor of this even if the State will not participate in the cost of construction.

We are in favor of adequate curbs, gutters and sidewalks and adequate drainage. We are in favor of the curbs, gutters, sidewalks following the contours of the land. We are in favor of widening the road wherever possible in order to create additional parking.

It is our belief that with proper engineering this can all be done.

We further believe that a road of this nature would add to the charm of Ruidoso as a resort area.

We are definitely opposed to a four-lane speedway through our village.

We plan to more fully explain our reasons for the stand we have taken in the next issue of the Ruidoso News since it is too late to place it in this issue.

Signed:

Fred Richardson, J. C. Capps, A. W. Luallin, T. P. Steele, W. P. Cook, Leon A. Farrar, L. A. Pagel, Joe Hawkins, George Girdenshire, Elizabeth Collins, R. H. Hedgecoke, A. R. Clarke, L. M. Jones, Ed Winans, Clyde McClintock, Bob Hollis, John P. Smith, H. C. Boyd, Wayne Estes, Elmer Estes, Ed Wimberly, Dorothea Trimble, Edith B. Johnson, George T. Trimble, Joe W. Coe, Roy Pior, Mrs. Roy Pior, O. W. Samuelson, Billie Clarke, R. D. Collins, Carmon Phillips.

(Editor's Note: The group voted to meet again Monday night next week, 7:15 p. m. at Whipple's. A delegation was named to confer with the village council Thursday night this week to present its views.)

Referendum Is Offered On Street Improvement

Citizens Urged To Vote On Two Proposals For Main Road

Ruidoso's Board of Trustees decided in a special called meeting Thursday afternoon last week to go to the people and ask them what they wanted in the way of a street improvement project here.

The board decided to mail to every water department customer a letter, totaling more than 1,000, in which two projects would be outlined—cost and specifications on a four-lane paved road with sidewalks and curbing and gutter, and with parallel parking, and the same information on a two-lane, with parallel parking, curbing and gutter. The board, in its letter, which should be in the mail by this week-end or early next week, does not express any opinion about which of the two proposals it thinks will be best, reserving that decision for the citizen to make. With the letters will be postcard straw vote ballots, postage prepaid and addressed back to the city, on which citizens are asked to vote their preference—1. For a four-lane improvement; 2. for a two-lane improvement, or 3. to leave the street as it is.

Among the things stressed in the letter for both projects is corrected drainage, one of the most serious problems now facing Ruidoso and which will worsen as the city grows and more buildings are erected along Main Road, it was pointed out.

Local residents are urged to watch the mail for the letter and ballot, and to mark and mail their ballot as soon as possible. The village board of trustees must act before the municipal election in April one way or another on this project. If it is necessary to issue general obligation bonds, they can be voted on only in this year's election, or then there will be a delay until the next official election two years hence, Mayor Jack Hull has declared.

V. A. MILLER BUYS TEXACO DEALERSHIP

V. A. Miller of Ruidoso early in 1960 completed negotiations for the purchase of the Texas wholesale petroleum dealership for a large part of two New Mexico counties. He secured the agency from C. D. Daniel of Alamogordo, which includes a large amount of real estate holdings as well as rolling stock, such as tank trucks, etc.

The agency, with headquarters in Alamogordo, serves Cloudcroft, Glencoe, Alamogordo, Tularosa, Holloman Air Force Base, Ruidoso and Orogrande.

Miller said, in reporting his acquisition, that he hopes shortly to open a new Texaco station somewhere on U. S. Highway 70. He also operates Miller Motel on Highway 70 and is associated with his father in operation of Miller Construction Co. here.

Engineers Offer Aid In Bond Sales For Paving Project

In a recent regular meeting of the Village Board of Trustees, Jack Ormsbee and Darrel Fowler appeared before the board to discuss a program of assistance in Ruidoso's proposed paving project, and offered aid in disposing of any bonds, if voted.

Al Corbin of Wilson & Co., engineers, also appeared before the board to discuss an offer of preliminary plans and estimates should the village go into a paving program, and also stated his company could give the village plans and specifications for a fluoridation project, recently approved by the board.

Jack Kannady, Ruidoso engineer, appeared before the board to request its opinion of the possibilities of bringing in a portion of Paradise Canyon into the village limits. It was determined the request would be turned over to the village planning and zoning commission for study.

Village Clerk Morris Books read a proposed sewer ordinance, and then the board members embarked on a discussion of means of charging for sewer tie-in, based on either water consumption or number of fixtures. Claude Petersen and Bob Staley were named on a committee to make a survey of various businesses to arrive at some type of table for charging on a fixture basis.

The board voted to notify all property owners in the village limits that effective April 1, the village will look to (or hold responsibe) property owners for payment of service extended to tenants.

Also talked during the meeting was need for purchase of a bulldoser for the sanitation department, action to be taken on this later.

Condemnation of an old structure near the former St. Eleanor's Catholic Church, which is to be the new Lions Club home here, was asked of the board and considerable discussion followed, with action to be determined.

In a special meeting of the board recently bids on preliminary engineering for paving of Main Road were opened, but the council decided to wait until it could learn the people's choice on a two-lane or four-lane route before acting.

CHILDREN'S HOME HERE ADOPTED AS LONG RANGE PROJECT BY RUIDOSO DOES CHAPTER

The Southwest Children's Home in Ruidoso, with acreage located west of the Ruidoso Municipal Building and which was given to the El Paso organization by the late Ike Wingfield, and which is used as a summer camp for the city-ensconced youngsters here during the hot months, is to get a big lift in a long-range project adopted by the Ruidoso chapter of the B. P. O. Does.

The Does recently voted to carry on a program of securing playground equipment, toys, books, clothing and other such needs for the children of the home.

Members of the Does are asking for donations of used pipe, which can be turned into playground equipment; outgrown swings, slides, toys and clothing, all of which the members say they can rehabilitate and make as good as new for use by the youngsters.

Dance to Raise Funds

Earmarked for funds for such a project will be proceeds from a Valentine's Day dance set here Saturday night, Feb. 13, at Martin's Dine & Dance. Money made in the dance will be spent by the local Does for articles needed for the Ruidoso headquarters for the children.

Music for the dance will be by Gene Armstrong and his orchestra.

Mrs. Martin Grindstaff, in announcing the project, said that persons having any items they might wish to contribute can call her at CL 7-2405, or Mrs. Emma Redmann at the Chamber of Commerce office, or Mrs. Higgerson at Central Bar, and someone will come and get the donations.

Eleventh Birthday Celebrated With Bowling Party

Jane Cochran, daughter of Mr. and Mrs. Stanley Cochran, celebrated her eleventh birthday on Friday, Jan. 23, with a bowling party at Holiday Bowl. The guests included Janet Crockett, Jackie Crockett, Quenda Shults, Barbara Sue Rankin, Joanna Hawkins, Barbara Ann Creel and Cathy Massey.

After bowling the group was served refreshments at the Cochran home of Coke, ice cream and cake.

State BPW President Visits Local Club At Monday Meeting

Mrs. R. E. Lovell of Alamogordo, state president of the Business and Professional Women's Club, made her annual official visit to the local club at its meeting Monday night, Jan. 25, at the Cafeteria. Other guests present were Mrs. Mary Weaver, president of the Alamogordo B. and P. W. Club, and Mrs. Susan Paxton, convention chairman of the Alamogordo club. The state convention will be in Alamogordo on April 22-23-24. Ruidoso B. and P. W. Club will be hostess club for an awards luncheon on April 23. The program consisted of a workshop on Parliamentary Procedure conducted by Mrs. Edith Johnson assisted by Mrs. Lovell.

The Ruidoso B. and P. W. Club will have a Tea at the opening of the new wing at the local hospital. At the next meeting which will be on Feb. 15 at Nob Hill cafeteria, a film will be shown on cancer, and both men and women can attend this meeting.

After the business meeting Mrs. Johnson served refreshments to members and guests.

Xi Psi Chapter Hears Talk On Understanding Art

Xi Psi Chapter of Beta Sigma Phi met Monday night at the home of Mrs. George Trimble. After the business meeting a very interesting program was given by Mrs. Bram Vanderstok on "Understanding Art."

Following the program, refreshments were served by the hostess.

Girl Scouts Hear Talk On Nutrition

Mrs. Alma Sullivan, second grade teacher at Nob Hill School, gave a talk on nutrition to Troop Seven, Girl Scouts on Wednesday last week, when they met at the home of Mrs. James Lackey in Palmer Gateway. After the talk refreshments of cool-aid and cookies were served by the hostess.

Fluoridation Subject Of Talk At Local P-TA Meet

The Ruidoso Parent-Teacher Association met last Thursday at the elementary school cafeteria and voted to give $400.00 towards the purchase of stage curtains for the new gymnasium. P. T. Valliant, president of the P-TA, reported that Hollywood and Glencoe had voted to give $500.00 from the cigaret tax fund on the curtains also, which leaves a balance of about $400.00 before the curtains can be bought. A committee composed of Mrs. Gladys Nosker, Mrs. Bruce Griffith, Mrs. Jack Hitchens and P. T. Valliant was appointed to select the color and type of material for the curtains.

Earl Hickam gave a report on Cub Scouts which the P-TA sponsors. He stated that adults were needed to serve as secretary and treasurer of that organization.

C. W. Cowan announced that for the opening of the gym they were planning to have a quiz on Feb. 9 on New Mexico history with a panel of high school and junior high students to answer questions from the floor. Prizes will be given for the best questions and the P-TA voted to give $15.00 for this. More details on this will be announced at a later date.

Subject of the program was "Fluoridation of Water Supplies" and taking part in this were Drs. James Beall, C. H. Tate and Bram Vanderstok. Two films were shown on how fluoridation works and the affects it will have on the control of decay of teeth in a community. It was pointed out that it takes only 9/10 of 1% of fluoride to one thousand gallons of water. Fluoridation of water will not change the taste or color nor affect softness or hardness of the water supply. It cuts tooth decay 66% and the cost is approximately 10c per year per person, it was reported.

Dr. Vanderstok gave a short lecture on the effects of chemicals which water contains on the growth and development of teeth, and this was followed by a question and answer period. It was brought out that Ruidoso will need two fluoridation plants because there are two sources of water supply and the chemical contents are different.

A number of the people present at the meeting who had lived in communities with fluoridation, reported there was a definite difference in the number of cavities in their children's teeth.

It was decided that the announcement of the February meeting of the P-TA would be made on the local Radio Station KYAP and through

Hondo Valley P-TA Hears Al Booky Speak On Athletics

Hondo Valley P-TA gathered recently at the school for its regular meeting with Mrs. Joe McKnight, president, conducting the business session.

Mrs. McKnight introduced Al Booky, assistant coach of Hondo High School, as guest speaker. In addition to tracing the history of athletics, including the Olmpics, the speaker compared Russia's athletic program to the one used in our school system. He also touched upon the Russian curriculum.

Members are urged to attend the Founder's Day observance on Feb. 8 at the school. Guests are welcome. All members are reminded to bring their birthday pennies to this meeting.

Hostesses for the social hour following the meeting were Mrs. John Cooper, Mrs. Eloy Torrez, Mrs. Albert Montes and Mrs. Gordon Rachter.

Second Grade—Mrs. Sullivan

There are several absent because of illness.

We have finished our first second grade book and now we are re-reading it as a review. We are dramatizing some of our stories.

In our science work this week we studied about a baby wallaby, a kind of kangaroo.

Our honor roll students making 100% in spelling are: Virginia Klein, Delores Garcia, Rogene Hollis, Betty Jo Maes, Margie Pior, Gary Rue, Dearl Wayne Joyce, Regina Sharp, Bobby Gene Nash, Lillian Randolph, Clay Hull and Jenny B. Pratt.

Junior High and Elementary Notes

Fifth Grade—Mrs. Traylor

We are sorry we haven't been sending in our news since Christmas. Diane Martin, last six weeks reporter, was in California visiting Disneyland and other places. The rest of us were too busy getting back to work. We missed her good help.

We do want to thank our room mothers for our nice Christmas party. We enjoyed the refreshments and the exchange of gifts.

We elected new officers for the second semester. Those newly elected are: President, Tim Donnelly; Vice-President, Cathy Massey, Secretary, Gordon Bell; Treasurer, Coe McGuire.

Six weeks officers are: Librarian, Sharon Alvis; news reporters, Dennis Nosker, Richard Griego; room monitor, Doug Conley; lunch room monitor, Mike Trotter.

We are sorry so many are ill. We hope all will be well soon and back in school. Reporters—Dennis Nosker, sgeant-at-arms, and Richard Griego.

Sixth Grade—Miss Manley

Frank Carpenter has moved to Alamogordo. Hollis Fuchs cut his eye. Our class elected officers. The new officers are as follows: Alan Ross, president; Hollis Fuchs, vice-president; Karen Trotter, secretary-treasurer; Sharon Taylor, monitor; D. D. Swearingin, [illegible]; Jan Robichaux, librarian; Barbara Creel, reporter; Tom [illegible], service.

A Word Of Advice About the FLU

Monday morning

Vic is here breathing down my neck for an ad for this week's paper. I am too busy filling prescriptions for our FLU patients to think about writing one, much less take the time.

My advice to you is, if you start feeling a little achy, go see your doctor at once. If he gives you a prescription, bring it to us and we will fill it promptly with FRESH drugs. We are on the 'phone every day keeping the drugs rolling to take care of the epidemic.

Sincerely,

Roy

WARRIORS HOLD 7-3 RECORD; LOSE TO HAGERMAN FRIDAY, BOUNCE BACK OVER HONDO

The Ruidoso Warriors, now 7-3 for the season, split a pair of games last week-end, losing a non-conference game in Hagerman Friday and winning a league tilt in Hondo Saturday night.

It was a case of too much Bill Gregory in Hagerman. The tall sharp-shooter tallied 21 points to lead the Bobcats to a 47-42 victory. Jim Wilson for the Warriors had a big week-end with 16 against Hagerman and 14 in the Hondo contest, which Ruidoso won 55-44. The up-and-coming Eagles, who defeated Capitan Friday night, were led by Victor Pineda with 16 points.

In "B" games the Warriors also split, losing to Hagerman 63-33 and winning over the younger Eagles 49-32.

Ooops! Cage Schedule Changes Again

The Ruidoso Basketball Schedule received another jolt this week when Capitan asked for a change in their Feb. 8 opener in the new Gym because of the appearance of Governor John Burroughs in Capitan that night.

Everything worked out for the best, however, as NMMI was next on the phone cancelling their game here Feb. 9 because of a recent rule there barring week-day games. So Capitan was shifted to the Tuesday, Feb. 9, date and everyone seems to be happy.

Because of the lateness of the season, the NMMI game will not be played this year.

So (keep your fingers crossed) that leaves everything set for the first game in the new Gym between the Ruidoso Warriors and the Capitan Tigers Tuesday, Feb. 9.

Quarterback Club To Hold Meeting Thursday, Feb. 4

The Quarterback Club will meet on Thursday, Feb. 4, in the driver education building at the high school at 7:30 p. m. All members are urged to attend, because the handling of the concession stand at the sub-district tournament here will be discussed.

Spare Tournament Set Saturday At Leck's Lanes

There will be a spare and headpin tournament at Leck's Lanes Saturday night, Jan. 30, at 7:30 p. m. About 20 different combinations of pins will be set up. This is an excellent way to improve on your bowling, the fans say. "In the headpin tournament it is the strikes that you are getting a chance to improve on. Partners are chosen according to averages, and you have a good chance to win some money, too," Leck Cowden, manager, said.

CARRIZOZO GRIZZLIES NIP N. M. M. I. 54-50

Carrizozo's Grizzlies edged out a 54-50 victory over NMMI in Carrizozo Saturday night with a last-period drive to take an 8-2 mark for the season.

The teams were tied at 37-37 at the three-quarter mark and it took a full effort in the final stanza for the margin. The lead was tied or changed hands 11 times in the big session. Jerry Beltran led Carrizozo with 21 points while Morris had 18 for NMMI.

Father And Son Team Operate Cabinet And Furniture Shop

By ELSIE WILLIAMS
(Ruidoso News Staff Writer)

One of the most interesting businesses in this area is the Gateway Mill, a cabinet and furniture shop operated by G. B. Waltrip and his son, Darrell. The Waltrips specialize in store fixtures and in kitchen cabinets and other built-ins which they install in new homes being built or homes being remodeled.

Their furniture is custom-made and they make just about anything of wood and various combinations of different woods, such as a beautiful coffee table on display in their shop. This particular table is made of cedar and walnut in a contemporary design.

Among other pieces on display is a large gun cabinet made of pine, with places for guns in the upper part and drawers below for ammunition and other items. Another piece of furniture in the shop is a desk with a multicolor, three-dimensional finish and formica top. The drawer fronts are set at an angle, thus eliminating drawer-pulls.

The Waltrips have built the kitchen cabinets, book cases and other built-ins in many homes in this area. One of their most recent jobs is in the George Meyer home in the Cree Meadows addition. The Waltrips came to Ruidoso 15 years ago from Corpus Christi, Tex. Darrell was engaged in cabinet and carpentry work in Corpus Christi for 11 years before he came back to Ruidoso in May of last year. He served in the U. S. Army Infantry from 1951 to 1953, and married Miss Alta Brock of Corpus Christi in 1952. They have two children, Mike, six years, and Shirley who is four. The G. B. Waltrips have four more children, Chick who is the agent for Mead's Bread Co. in Ruidoso, Leon who is an electronics technician in Los Angeles, Calif., Kenneth who lives in Oakland, Calif., and a daughter, Mrs. Hollis Cummins of Capitan. Mrs. G. G. Waltrip owns and runs the Sportswear Shop here in Ruidoso.

CORONA DEFEATS TULAROSA, 65-50

The Tularosa Wildcats were unable to overcome a lead that a fast Corona five gained early in the game Saturday night before the home folks to lose by a score of 65 to 50. Corona led at the half by a score of 35-27.

Francis Smith led Tulie scorers with a total of 12 points followed by Eddie Little with 10. For Corona Mulkay paced the way with the evening's high, netting 23 points. Dame and Perkins followed with 18 and 13 points respectively.

Corona's "B" team gained a 43 to 30 win over Tulie. King led the "B" squad for Tulie with 20 points. Stoneman put 13 points through the hoop for Corona.

When You Get Your Letter and Ballot

VOTE FOR

A 4-LANE MAIN STREET PROJECT!!!

Within the next few days you will receive from the village board of trustees a letter and a straw vote ballot asking your opinion on whether a two-lane or a four-lane Main Street improvement project should be started this year. The letter says the village board's action will be guided by the majority opinion from this straw vote. The letter will outline the two proposals, giving costs and specifications, but does NOT discuss the advantages or disadvantages of either proposal.

This advertisement is to speak in behalf of the 4-Lane project. We, the undersigned believe the 4-lane improvement is necessary because:

1. Ruidoso's growth in the last five years, both in population and construction indicates to us that we will outgrow a two-lane project in just a few months.

2. Movement of traffic will be facilitated so that retail customers of businesses all along the route can get to the stores they wish to speedily and with safety.

3. Sidewalks the full length of the improvement, which will be from U. S. 70 in Hollywood to Mechem Drive, will encourage and make foot traffic much easier and safer.

4. The State Highway Department has committed itself to assist in approximately half the cost of a four-lane route, but will not participate in a two-lane route. Also, the State Highway Department can be expected to assist in maintenance of the four-lane route, where we cannot expect them to assist us in maintaining the two-lane route. Furthermore, if we install a two-lane route, it is entirely possible the State Highway Department will, in time, by-pass Ruidoso with another improved road, re-designating the route as State Road 37—which now is our Main Road.

5. Parallel parking will be required on either, so there is no advantage in the two-lane over the four-lane on this question.

6. Those who favor a two-lane main road have said a four-lane will destroy the rustic beauty of Ruidoso—but we believe we will gain in improved store fronts, in a neater, cleaner village by having a major project completed. You can prove this to yourself by observing the excellent improvement through Hollywood and Ruidoso Downs that came with the improvement of U. S. Highway 70.

7. If Ruidoso approves a 4-lane road, the state highway department has also promised to do considerable work on improving Mechem Drive at the same time, which might not be available to us if we decide on a two-lane.

Gambles Stores Open Campaign For Enlarging Services In '60

Ralph Petty, Sr., and Jr., and Wayne Wantiez of the Ruidoso Gambles store attended a Gambles meeting in Denver, Colo., last week-end and early this week.

Gamble store owners and dealers from this area were among the 400 Gamble home office personnel, suppliers, and Gamble dealers and managers from Colorado, New Mexico, southern Wyoming, southern South Dakota and western Nebraska who attended the Gamble-Skogmo Trade Show.

On display at the show were 1960 models of the products sold by the 160 Gamble stores in the five-state area served by the Denver distribution center. Those in attendance at the show were also treated to a preview tour of the new million-dollar distribution warehouse recently constructed in Denver.

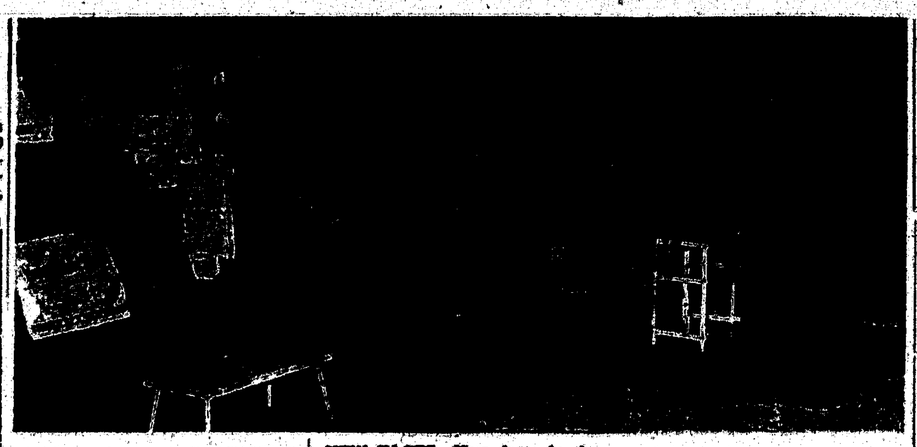
This all-new 142,000-square-foot structure houses stocks of some 15,000 different items of merchandise, officials stated, and will provide weekly delivery service of merchandise stocks to each Gamble retail store in the distribution area. The new warehouse also features a completely staffed and equipped department which provides service and repair of all items sold by Gamble stores in the five-state area which do not have service departments of their own.

Speaking to the dealer organization, B. C. Gamble, president of Gamble-Skogmo, Inc., forecast improved business conditions in 1960, with emphasis on increased activity at the local retail level.

The year 1959 was a record one for the more than 2,300 Gamble stores currently operating in 20 states, Gamble said, with 1959 sales expected to exceed $140 million. He also stated that the firm's improved Denver distribution facilities will provide Gamble retail stores an even better opportunity to meet the anticipated demand for consumer goods which, experts say, should make 1960 one of the best post-war years on record.

Gamble also said that the firm is presently surveying scores of possible new store locations throughout its 20-state territory and said that the capacity of the new Denver distribution center will also make it possible to expand the number of retail stores in several locations.

Many new spring and summer merchandise items on display at the trade show were ordered by the dealers in attendance and will soon be making their appearance in local Gamble stores.



NEW FACES—New faces in the business scene in Ruidoso are those of Ralph Petty, Sr., left, and Jr., now at work at the new Gamble's store in Palmer Gateway where a line of home furnishings and appliances has been added to still other new and increased stocks.

Low grade ore, running less than one per cent copper, is taken from the open pit mine and crushed into small particles at the mill. Copper is produced at the smelter by heating the particles. Copper particles separate from the rest of the ore. From each ton of ore that enters the mill comes less than 16 pounds of copper. Only thru mass processing and efficient operations can Chino continue to operate successfully.

There's nothing like a new car—and no new car like a Chevrolet. This is the Impala Sport Coupe!

GO '60 GO CHEVY!

NOW—THE CAR THAT STARTS THE SIXTIES
WITH SO MUCH THAT'S NEW,
SO MUCH THAT'S DIFFERENT
...AND SETS THE PACE WITH LOWER PRICES!

Chevrolet speaks of the Sixties like no other car—with a broad accent on spaciousness, stirring new concepts in styling and strong emphasis on spirit and thrift.

Step inside this superlative '60 and look at the worlds of room around you: head room, hip room, shoulder-squaring room. Note how Chevrolet's engineers have further flattened and narrowed the transmission tunnel to give the middle man more foot room. Chevrolet's greater roominess is *inside* where you want it—not outside in useless body overhang.

You'll find economy teamed with performance in a new standard V8, engineered to deliver up to 10% more miles for every gallon, of the strapping Hi-Thrift 6.

And riding comfort in the new one is a never-ending treat, thanks to Full Coil spring suspension. There are also thicker, newly designed body mounts that filter noise and vibration to the vanishing point, more rigid frame and many other engineering advances.

But you'll have to drive the Sixty cluster yourself—that's the clincher.

Why not see your Chevrolet dealer now—for a drive and the happy details on Chevy's new lower prices.

"Watching The Bird Feed"

"A Touch of Nature Makes The Whole World Akin." The similarity of fowl, animal and man certainly points to a common Creator. When Jesus taught he often referred to the birds of the air, the lilies of the field and the foxes with their holes, and made a point of their unconscious dependence upon God.

Quite a few people in Ruidoso feed the birds in the winter and find that they show likenesses to human beings. There are always a few birds who try to keep others from feeding. The ones fended off do not take it seriously but go on feeding at some other place. There is enough for all without fighting if we look elsewhere. There are a very few naturally contentious people. Again, birds are naturally independent. When the snow is falling or deep on the ground birds gather at the feed in great numbers. When the sun shines, the snow melts and feeding conditions improve, most of them prefer to find their own food. A few hand around the feed. So, most people are independent, a few feel that the world owes them a living.

The little snow birds are unconcerned about their own kind but when a big stellar jay or flicker lights most of the little birds fly away. The common people don't mind each other but let a person with a lot of money, education or position come about and they have a tendency to subside or withdraw. If there is a tree or a bush close to the feed the birds will light on it first and then on the feeder. Birds shun being conspicuous. Deer are the same way, they will approach an opening from the nearest cover, especially the bucks. Most people are like that, there are a few who like to see and be seen but most people stay away from the limelight.

But, there is one marked difference between birds and people. Birds may feed a whole winter without showing any evidence of appreciation. Their interest begins and ends with food. Most people have some appreciation, some have a great deal. The reason the birds lack appreciation is because they have no souls. All people have souls and therefore some appreciation. People whose souls have been softened, purified and enlightened through God's grace in Jesus Christ always give thanks for what they receive not only from God but from their fellow man as well.

ALAMO MUSIC THEATRE OFFERS 'OKLAHOMA'

The officers and board of directors of the Alamogordo Music Theatre have announced the performance dates of its musical production, "Oklahoma," for Wednesday, Feb. 3, through Sunday, Feb. 7, and a final performance on Saturday, Feb. 13. The initial performance Feb. 3 is slated exclusively for Holloman AFB personnel and the remaining performances are for the general public. Something new is being added to the production schedule for "Oklahoma" and that is for the production of Sunday, Feb. 7, to begin at 7 p. m. sharp. This performance, as all others, will be at the Central School Auditorium. All performances exclusive of this Sunday performance will be at 8 p. m.

Letter to the Editor

Thursday afternoon
January 7, 1960

Dear Vic and Joan:

Just a little note to tell you how very much we have enjoyed the paper and to ask you to please send it in the future c-o Wade's Clinic, Hot Springs, Arkansas.

Wally is very much better I am happy to say, but there is still some paralysis in his throat and his vision has not returned to normal. The doctors have suggested we go to the clinic in Hot Springs where he can have more examinations and treatments. Fortunately we were able to get the reservations made today and shall be leaving via Delta on Sunday, January 17, going directly to Hot Springs.

I have notified Dr. Wade of our arrival and have asked him "to hold our mail for us."

Wishing you all just the very best of everything for 1960.

Sincerely,
Norma E. Wallace

These hands might have painted the world's greatest masterpiece. These hands might have played faultlessly the most difficult concerto. These hands might have mixed a compound that would destroy disease. These hands might have been raised in blessing over a trusting mankind.

Instead they are chained. Somewhere, somehow, they failed. Perhaps they reached over a counter and stealthily snatched a jewel. Perhaps they searched a safe and took what other hands had worked for. Perhaps they held the gun that wiped out a life. Somewhere they went wrong. Somewhere they failed.

Hands do not act by themselves. Personalities control them—personalities swayed by impulses and convictions, good and bad. The Church, your Church, is waiting to guide hands, minds, hearts and lives. Here good impulses, right convictions are born and nurtured. Here, in God's House, hands learn to move aright to find life's work, unchained and triumphant.

Angus & Bonito

A week of clear pretty weather greeted the mountains this past week. After a series of snow storms for the past month the good ole sun was welcomed by all.

Mr. A. N. Runnels at Bonito City reports that his guage records 51 inches of snow so far for December and January.

The Ira Youngs received a nice surprise this past week when Mr. C. H. Ward with the Mt. View Homes, Inc., presented them with a beautiful automatic Maytag washer. This was their bonus for good work rendered in '59 for the Mt. View Homes, Inc. Congratulations Ina and Gil.

"Zip" Franklin from Lovington was up for a few days last week.

Mrs. Loss Morris is spending several weeks in Roswell with her parents, Mr. and Mrs. Ward. Her parents have been on the sick side and Minnie is down there helping them out.

Mr. and Mrs. John Cook and son of Lovington spent the week-end at their place at Angus. The Cooks enjoyed skiing and playing in the snow.

Mr. and Mrs. Collins Walker returned home last week from Deming, N. M. The Walkers came by El Paso on the way home and picked up their little granddaughter for a visit with them. Little Mary Lou Runnels spent the day with the Walkers and Sheri Lin Monday and the two little girls had a big time.

Mr. and Mrs. J. S. Stone and friends from El Paso spent the week-end at their cabin on the Bonito. The Stones also enjoyed skiing at the Cedar Creek ski run.

Wilma June Young is now employed at the General Hospital in Ruidoso. The patients should improve fast with a pretty girl with a sweet smile waiting on them.

Ben Pfingsten from Nogal was over on the Bonito visiting Monday. Ben was fine and enjoyed visiting with his many friends on the Bonito.

Mr. and Mrs. Charley Peebles from over Alto way stopped by the store for a visit Monday. The Peebles had been over at Lyda Peebles' ranch tending to her stock. Lyda is in Alamogordo for the winter.

Mr. and Mrs. Harold Sellers from Alamogordo spent the week-end at their cabin at Bonito City.

Mr. and Mrs. Walter Meeker of Ruidoso celebrated their wedding anniversary with the Charles Corders Sunday.

Walter Meeker and Charles Corder went to Lovington the first of the week on business.

We are happy to report that Mrs. A. B. Zumwalt of Nogal is much improved these days.

Mrs. S. G. Preston of Alto has been confined to the hospital at Ruidoso for a few days. Her nephew, Marvin Bownds from Shallowater, Tex., is staying with the Prestons.

The County Agent Reports

By RALPH DUNLAP

Fertilize Orchards Now

Fertilize orchards at least one month before bloom is the general recommendation for applying fertilizer. The amount will depend on the fertilizer you have applied during the past few years. You can apply ½ lb. of a 16-20-0 fertilizer per year of age of the tree, not to exceed 8 lbs.

Remember the results from fertilizing an apple tree do not always give tremendous increase in production the first year, but may require several seasons to show the best results. Some of the results you can expect are increased bloom, heavier bloom set, larger apples. Along with any fertilizer program you must prune, irrigate and spray properly as any one of these practices alone will not give the increased production expected.

In buying fertilizer the cost per pound of actual nitrogen is the best quick way to see whether it is cheap or costly.

NOTICE OF PENDENCY OF SUIT

THE STATE OF NEW MEXICO TO:

Each of the above named defendants, against whom substituted service is hereby sought to be obtained, GREETING:

You and each of you are hereby notified that the above named Plaintiffs have filed their Complaint against you in the above numbered and entitled case and Court.

The general object of said suit is to quiet Plaintiffs' title to the real estate described in the Complaint, situate in Lincoln County, New Mexico, and being:

Lot eleven (11) in Block "G" of RUIDOSO SPRINGS ADDITION, Ruidoso, New Mexico, as shown by map thereof filed in the office of the County Clerk and Ex-officio Recorder of Lincoln County, New Mexico, January 26, 1925, against the adverse claims of you and each of you, and anyone claiming by, under or through you, and to forever bar and estop you from having or claiming any lien upon, or right or title to said real estate.

Unless you enter your appearance in said cause on or before the 14th day of March, 1960, judgment will be rendered in said cause against you and each of you by default.

Plaintiffs' attorney is John W. Thompson, P. O. Box 674, Ruidoso, New Mexico.

GIVEN under my hand and the seal of the Third Judicial District Court of the State of New Mexico, on this the 27th day of January, 1960.

OVERVIEW of Education

. . . MORE THAN HALF the people in the world cannot read or write in any language. This despite the fact that education is NOT WANTED today than ever before. Problem is most difficult in Africa and Latin America: Brazil is typical of our southern neighbors, with illiteracy rate of 51 per cent. In Nigeria 95 per cent of the population is illiterate, and in Ethiopia only one person in 100 can read or write . . . INDUSTRY-SPONSORED EDUCATION is growing by leaps and bounds. Typical education-minded firm is General Electric, which last year spent $40 million educating its employees. This was more than the City of Boston spent to operate its entire public school system, and more than the great majority of all major universities. Amazing boom in this branch of learning is caused by industry's growing realization that it must keep its employees abreast of the startling advances of our age . . . FAR-SIGHTED COMMUNITIES should embark on new school construction would do well to consider carefully their educational requirements before finalizing the blueprints. As noted school plant which should be planned to fit precisely the needs of those who will use it—teachers, pupils, maintenance personnel, etc. These groups should be consulted while building is still in the "idea" stage . . . EXPENSIVE OUTLAYS FOR EMERGENCY SCHOOL REPAIR can be kept to a minimum if you treat your local school just as you would treat your own home. Keep an eye out for minor damage and attend to it before it entails major repair bills. This can be done through periodic preventive maintenance inspection of facilities . . . NATIONAL EMPLOYMENT PICTURE could be seriously worsened if American firms continue to move plants to foreign soil. This can be combated by upgrading the quality of workmen and technicians coming from our vocational schools. Further deterioration of vocational education could mean still more loss of business to skilled foreign craftsmen . . .

CONSTIPATED? Medical reports show how folks over 35 can establish regularity

After 35, irregularity often becomes a problem. What you need is something that aids nature and helps establish regularity. Such an aid to regularity is the daily use of SERUTAN. Here's medical evidence: A group of men and women took SERUTAN daily under medical supervision. In case after case SERUTAN, taken daily, helped establish regularity. So, for real relief from constipation after 35, try SERUTAN, powder or granular.

Regarding legal papers a person should, as in the case of deed, etc., sign all papers of importance in a uniform signature. If your name is John Doe then do not take papers or sign them as J. H. Doe or Johnnie Doe. This is a very common error, and, in the case of Real Property it can cause considerable trouble as to identity and ownership. Any error in initials or spelling of name, etc., that does not positively identify, as one and the same person, constitutes a cloud on title.—Allied Realty.—(Adv.)

Hondo High School is believed to be the first and only school in the state to conduct what is known as an "honor study hall," which means a study hall without a teacher. Thirty-five students are on their honor to continue their work as if they were under the supervision of a teacher. The Student Council serves as an aid in carrying out this type of study hall.

Recipient of the "Betty Crocker Award" this year is Olympia Herrera, daughter of Mr. and Mrs. Santiago Herrera of San Patricio. Mrs. Aruthurs, our Home Economics teacher, presented it to her in a student assembly on Jan. 13, 1960. Having achieved the highest score of all the Hondo High School senior girls taking the test, Olympia is eligible to compete in the state contest.

• • •

The science laboratory and the home economics cottage have been painted, and the cupboards have been put in. It is furnished with electrical appliances: refrigerator, stove and wall ovens. The science department is expecting three experimental tables accommodating eight students each.
