Roswell-Ruidoso Editors Matched In Pancake Eating Contest

Al Stubbs, editor of the Roswell Daily Record, has accepted a challenge by the Ruidoso News editor, Vic Lamb, to a pancake eating contest here Saturday, Oct. 20, to be staged at 12 a.m. His acceptance to the challenge, which was arranged by Jim Withers, in charge of promotion for the Aunt Jemima Pancake Day, was received in a letter by Withers early Tuesday.

Stubbs mentioned that he would be at a handicap, since the Ruidoso editor lived in the mountains and because of that, was likely equipped with a ravenous appetite. "However, I'll start conditioning myself now for the event—planning to starve myself along so I'll be as hungry as he is when I get there."

Withers dreamed up the pancake eating contest as a means of focusing attention on the Pancake Day here—set to raise money to support the Ruidoso Christmas lighting and decoration project. Withers said a qualified panel of neutral judges would be appointed to lay out rules for the contest and to see that it was operated "on the level."

The contest will be held at the scene of the Pancake Day all-day flapjack cooking—the Nob Hill School cafeteria.

Around Town

—By Nosey Waters—

Our thanks to L. P. Haist for his efforts above and beyond the call of duty recently in turning out lots of photos for our use in the paper. We've used some of his pictures he made, too, and didn't give him credit line on them—one or two on the fast draw contest in Old Lincoln recently . . . When you read this week's paper, next week's will already be on the press, for we are printing next week's this Friday, pre-dating it for Oct. 19, to be mailed on our regular publication day, so we can close the News plant next week and let our weary crew take its annual vacation. There'll be no late news in our next issue, naturally, but it will be filled with interesting news items and photos as is our custom. Thanks to all for your co-operation in this. . .

Noted G. O. P. Figure Highlight Of Banquet Here

Lincoln County Republicans will put their 1962 election campaign in high gear here Saturday night this week with a gala banquet and rally starting at 7:30 p.m. at the Chaparral Hotel. State candidates, including Governor Edwin L. Mechem, seeking re-election for a fifth term, will mingle with county and precinct candidates and party leaders prior to the supper, and will be introduced during the evening.

Climax for the evening will be an address by Eugene J. Lyons, former assistant postmaster general bureau of personnel.

Because the Ruidoso News for next week is being printed Friday this week and is to be pre-dated to allow the News' crew a vacation next week, there will be no report, nor will there be any pictures of this G. O. P. rally and supper in our next edition. It will be covered, however, the following week.

A special guest for the meeting here will be Thad Smith, Republican party chairman from Texas, H. H. Shier of the Lincoln County Central Committee reported.

County Republican Central Committee Chairman H. H. Shier this week released the following biographical data concerning Lyons:

A native of Colorado, Lyons, now of Cranford, N. J., was vice-president and a member of the management committee of Merck & Co., Inc., manufacturing chemists, prior to appointment as Assistant Postmaster General, Bureau of Personnel, on Nov. 17, 1953. Later he was special assistant to President Eisenhower until January, 1961.

Lyons was the first Assistant Postmaster General to direct personnel administration for the 540,000 employees of the postal service as a whole. He was responsible for the installation and administration of the department's first overall program in the fields of salary administration, training, safety, recruitment, employee suggestions and incentive awards, and for establishing facilities for recognition of and consultation with leaders of employee organizations. He received the Post Office Department's Distinguished Service Award in 1956.

Lyons was born at Colorado Springs, Oct. 22, 1904, was graduated from the public grade and high schools of that city and received a basic engineering education at Rose Polytechnic Institute, Terre Haute, Ind. He entered newspaper work on the Moline, Ill. Dispatch in 1926 and served as police reporter and telegraph editor until

BANK ANNOUNCES REMODELING PLANS

The board of directors of Ruidoso State Bank Tuesday afternoon approved plans for a $20,000 remodeling project for the local institution, soon to begin its tenth year here. Plans are to rearrange the office and teller's departments in the front portion of the building to provide more working space. The arrangement was designed by an architect skilled in bank floor planning, T. B. Hood, executive vice-president, said.

Blueprints for the change shows three new offices to be installed in the front of the bank, with the teller's counter to run diagonally across the bank lobby at an angle to make use of more of the lobby's floor space.

Walnut paneling will be used for wainscoating in the lobby, and floor to ceiling in the new offices. The bookkeeping section is to be enlarged by encompassing a hall that runs lengthwise through the bank now. The teller's counter will be all new, with formica employed in its finish.

Asphalt asbestos tile is to be installed in the bookkeeping room, and acoustical ceiling will be installed throughout the building.

Hood said the remodeling, to be done by Jones Construction Co., will take about 60 days and that the work will begin next week.

A part of the equipment now in use that will be removed will be put in the bank's new branch recently authorized to be opened in Ruidoso Downs. Hood said work of remodeling the Lem Coltharp building in Ruidoso Downs is to start very soon in preparation for opening the branch there early in 1963.

DEMO CANDIDATE CAMPBELL OPPOSED TO LEGALIZING GAMBLING AS MONEY SOURCE

Jack M. Campbell of Roswell, Democratic nominee for governor of New Mexico, told the Ruidoso News in and interview here Sept. 28 that he did not know any of the recommendations of the New Mexico Revenue Structure Study Committee that is now preparing a report and some recommendations for the 1963 legislature to act on. The committee is made up of members of the House of Representatives, and are all Democrats. "But, even though I know all the men, and they are all of the Democratic party, and were appointed while I served in the House as chairman, I have no knowledge of their report that is yet to be completed."

Asked if he knew if legalizing gambling in New Mexico might be recommended by the committee as a source of revenue for the state, he said, he did not think it would be. "In fact, I feel sure that almost all of the men on the committee are opposed to gambling," he added.

Asked if he would favor legalizing gambling if he became governer, he said he would be opposed to it.

Group of Ladies Plans Ticket Sale For Pancake Day

A group of local ladies headed by Mrs. Billie Clarke, finance chairman for the Pancake Day, Oct. 20, met Monday afternoon this week to plan the ticket sales for the event which is being sponsored by the Ruidoso-Hondo Valley Chamber of Commerce to raise funds for the Ruidoso Christmas Lighting Program.

The group decided to divide the town into districts to be canvassed by teams of two ladies. Only the business establishments are to be canvassed in the first day's drive, Thursday, Oct. 11, and the tickets are to be sold in as large blocks as possible to be used for advertising and promotional purposes, it was suggested. The group will continue ticket sales the following Thursday, Oct. 18, among clubs, schools and individuals, it was reported.

Ladies attending the meeting in addition to Mrs. Clarke were: Mrs. Harold Jones, Mrs. Ed Wimberly, Mrs. B. J. Watkins, Mrs. Carl Longabaugh, Mrs. Russell Haws, Mrs. A. T. Pierce and Mrs. Danny Robinson.

Mrs. Bram Vanderstok and Mrs. Mildred Wandtke were named this mid-week as a team to assist in the advance ticket sales.

All of Community Can Support Christmas Lighting Project Through Aunt Jemima Pancake Day

Aunt Jemima will have to make enough pancakes, if laid end to end, to stretch from here to Albuquerque on Saturday, Oct. 20, if promotional plans of the sponsoring Ruidoso-Hondo Valley Chamber of Commerce culminate in the hoped-for success.

The all-day Aunt Jemima Pancake Day, to run from 7 a.m. until 8 p.m., is designed to provide a wholesome and nutritious meal for breakfast, lunch or supper—and at a reasonable price of $1.00 for adults and 50¢ for children under 12 years of age, and at the same time provide a much needed pile of money to help defray the costs of the annual Christmas lighting and decoration project now coming in full swing.

Advance ticket sales are already underway, and if this year's event gets the all-community response that is needed it will be put on the calendar as an annual affair for the decoration fund benefit, Les Crews, C of C president declares. "We think we can raise from $2,000 to $3,000 this year with our advance ticket sale and with the numerous civic clubs in the canyon cooperating," he stated.

Several committee meetings have already been held and most of the committee appointments for the Aunt Jemima Pancake Day have been completed by those who were asked to serve. A. E. Hunt, C of C manager, and

Tommy Perteet, former C of C president and a member of the board of directors, is general chairman. Tom Hood is honorary chairman and assistant chairmen and their committees are listed below:

Dave Parks, prizes

Herbert Lee Taylor, house committee

Other committee members are yet to be named and there were some of the committee chairmen yet to be picked, it was reported after a meeting of about 15 C of C leaders at the Chamber of Commerce Friday afternoon last week.

Purpose of the "meet-the-your candidates" program is two-fold to acquaint people with the candidates' views of various subjects and to create interest in the coming election, Nov. 6.

George Limbocker of Las Vegas, Nev., has moved to Ruidoso Downs. George's daughter recently attended a funeral here and painted such a glowing picture of our countryside that George immediately packed and moved here.

Mr. and Mrs. B. A. Arnett and Mrs. Mary Bassinger and Gerald Hutchens went to White Oaks Sunday morning to pick up a car belonging to Mrs. Bassinger.. Made the trip fine with no trouble at all. Who said women aren't good drivers?

Mr. and Mrs. Gerald Hutchens and daughters Glenda Julene and Tena spent the week-end in Ruidoso with Mrs. Hutchens' parents, Mr. and Mrs. B. A. Arnett.

Mrs. Trudie Balcom was in Roswell over the week-end.

A nice card was received from Mrs. Alton Gray from Las Vegas, Nev. Dorothy didn't mention visiting the cousins, but complained of a sore right arm. Couldn't be slot machinelitis?

Congratulations to Mr. and Mrs. B. A. Arnett on their 34th wedding anniversary, Oct. 8, also belated congratulations to Jackie and Ruth who celebrated their 3rd anniversary on Oct. 4.

WORLD TRAVELERS VISIT IN RUIDOSO

Mr. and Mrs. I. Olshan of Houston, Tex., were guests of Mr. and Mrs. Samuel E. Hyatt last weekend. Mr. and Mrs. Olshan are just completing a three-month tour of the western and southwestern parts of the U. S. In the last ten years they have made a number of trips around the world. In their travels they report they found India the most fascinating country. While traveling in Russia they at one time had some very anxious moments because Mr. Olshan had taken some pictures of a Russian farmer and his haywagon and the farmer objected to having his picture made. Also, while traveling in South America they were caught in a revolution and for some time they were not sure that they would be able to leave that country.

Mr. and Mrs. Olshan recently flew 12,000 miles to attend a wedding in the Philippines. They were very pleased with the climate and beauty of the Ruidoso area and plan to visit here again when they can.

Mr. and Mrs. Olshan are the owners of several businesses in Houston. Among these are a lumber yard, a used lumber yard, a demolishing plant and a house moving plant.

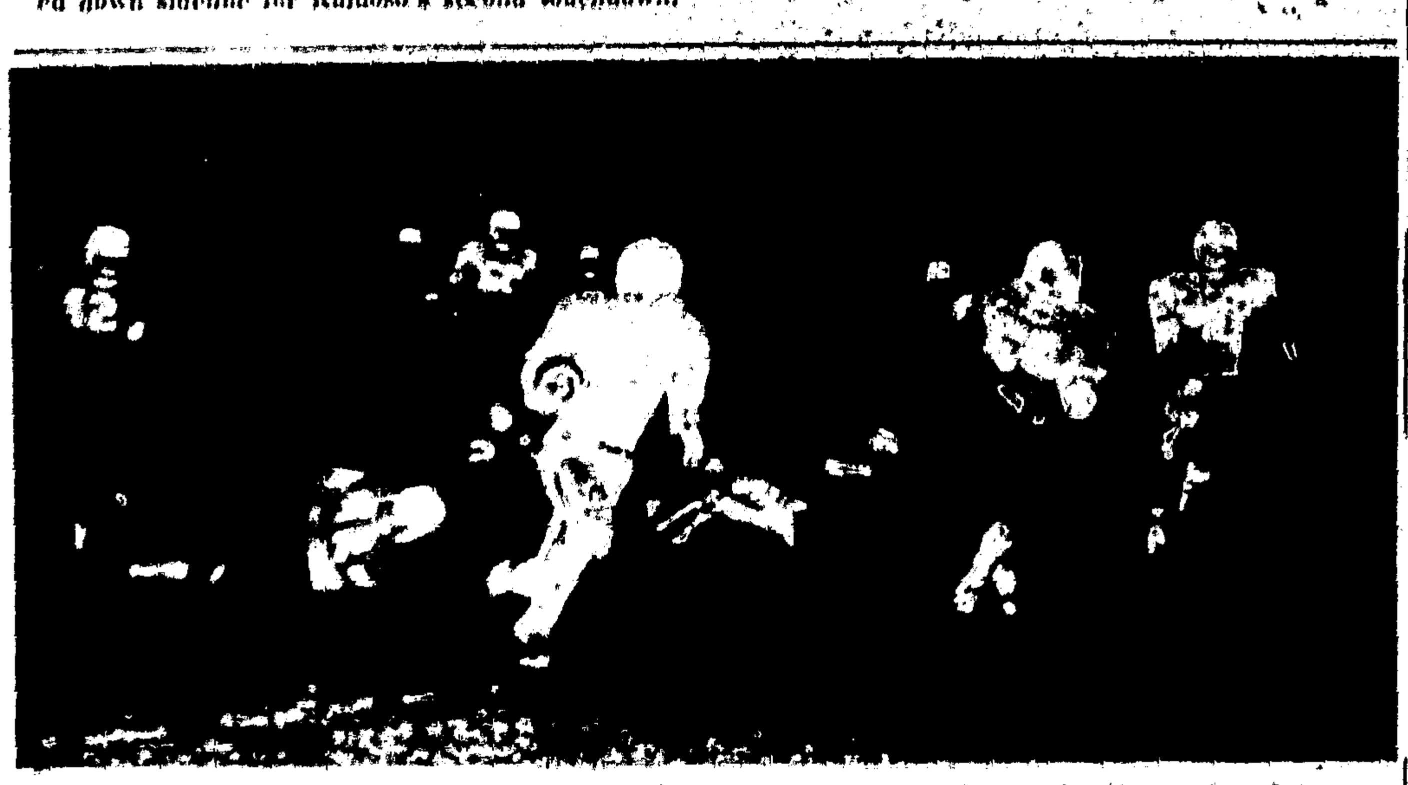
— OPEN SUNDAYS —

ALL THE WAY FOR 80 YDS. — Jerry Watley intercepted a Hatch aerial in the first quarter last Friday night and returned it 80 yards untouched down sideline for Ruidoso's second touchdown. Alf Lane, in middle of picture, sets himself for block on Hubert Gay (43) coming up behind Watley to spring the ball carrier loose.



SETS UP TD — David Scott exploded off right tackle and scampered 30 yards before he could be pulled down on the Hatch 25 yard line last Friday night. Scott scored from the 19 two plays later on the same play. Scott picked up 155 yards rushing, more than the entire Hatch team.

WARRIORS SLAY HATCH BEARS FOR FIRST CONFERENCE WIN

The Ruidoso Warriors exploded for scores in every quarter with a devastating offensive attack last Friday night here to slaughter the Hatch Bears 32-14 for their first District 3B victory.

The Warriors jumped quickly into the lead on the opening kick-off when end Gary Russell pounced on a fumble after a host of Ruidoso linemen shook the ball loose from a Hatch back and the Warriors marched over for the touchdown in just two plays to take a 6-0 lead. Alf Lane marked up the tally on a 20 yard scamper around left end. The PAT kick by Wes Clark was blocked.

80 Yd. Pass Interception

Minutes later a Hatch drive deep into the Warrior territory was shattered when Jerry Watley picked off a pass by Bear quarterback Nolan Jimenez on the 20-yard line and behind four vicious blocks returned the ball for 80 yards untouched for the locals second TD. Alf Lane laid a tremendous block on a potential Bear tackler to spring Watley loose down the sideline. Wes Clark booted the extra point.

30 Yard Touchdown

The first time the Warriors got their hands on the ball in the second quarter they drove 74 yards from their own 26 yard line and scored in only three plays for the third touchdown with Bill Stirman going the final 30 yards on a reverse for the tally. Clark's extra point try was wide. Little David Scott scooted 40 yards to the Hatch 25 before being hauled down to set up the marker. The score in the second quarter was 19-0.

Hatch's initial score came near the end of the second period against the Ruidoso second unit after a fair catch call on a punt was dropped by the Warrior safety man on the Ruidoso 19. It took four plays for the Bears to reach the end zone with big fullback Tim Coates finally scoring from the nine yard line over right tackle. Benny Altamirano added the point after on the conversion try.

Passes Sets Up TD

Hatch took the second half kickoff and was held to four straight downs by a stubborn Warrior defense and the local eleven took over the ball on their own 26 after the punt. From there Lane completed two passes, one to Russell and another to Stirman, to set up Lane's pass to Stirman covered the fourth Warrior counter. 55 yards with Stirman finally being run out of bounds on the Hatch seven. Lane scored in only two plays from the seven, carrying the mail to the one foot line on a quarterback roll out and adding the marker on a quarterback sneak. Clark's kick was good.

The Ruidoso second unit came in again to take over in the third quarter and stopped another Hatch drive. Defensive halfback Kenneth Clark intercepted a Hatch aerial on the Ruidoso 45 and did a beautiful job of following blockers to weave his way to the Hatch 34 before being pulled down. A holding penalty stifled any drive the second unit tried to insue and the locals quick kicked out of bounds on the Hatch 38. The Bears mounted their last scoring drive from that point with Coates diving over from the four yard line for the tally. Altamirano again added the PAT. The score read 26-14 going into the final quarter.

19 Yard Touchdown

The Warriors added the final six points on the scoreboard in the period after taking possession of the pigskin on their own 45 following a Hatch punt. Scott provided the big punch with a thirty yard dash to the Bear 25. Lane moved the ball to the 19 around right end and Scott took it over from there for the TD. Clark's kick again was no good.

At the end of the ball game the Warriors were driving goalward and when time ran out the locals were on the Hatch seven yard line.

Ruidoso's defensive games seems to be gaining momentum with every contest as Clark, Bob Murray, Bob Akin and William Howard lead the way with bone crushing tackles on opposing ball carriers.

The Warriors ground out a total yardage of 379 yards while holding Hatch to only 145 yards total.

Halfback David Scott racked up 155 yards by himself to outgain the entire Hatch team.

Ruidoso takes on non-conference Ft. Sumner this week before windup up the season with Lordsburg and T. or C.

SPORTS

OUT OF BOUNDS — Bill Stirman took a pass from Lane in the third quarter and rolled to Hatch 7-yard line before being pushed out of bounds. Play covered 48 yards with Warriors scoring two plays later.

Warriors, Foxes Clash At Ft. Sumner Tonight

Coach Ken Newton takes his Warriors to Ft. Sumner tonight (Friday) for a non-conference battle with the Ft. Sumner Foxes. Game time is 7:30 for fans following the Warriors.

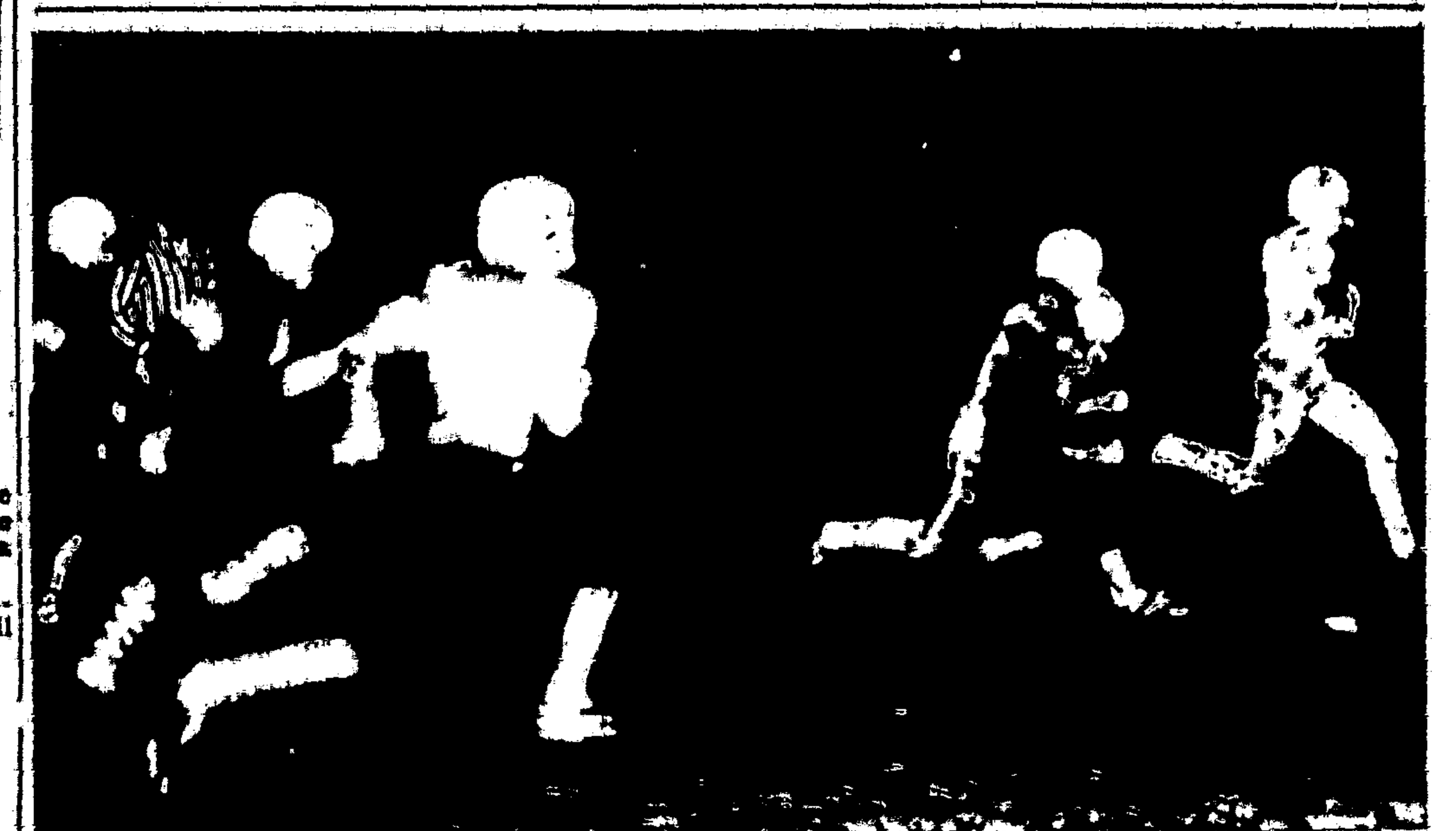
The Warriors, riding on top of a two game winning streak, hope to repeat last year's conquest over the Foxes which ended in a runaway of 39-14.

After last week's conference victory over Hatch, the Warriors will be working to iron out minor problems in their offense and work on an attack for Lordsburg next week, Newton reported.

Newton also said this week that his charges are still suffering from injuries but, that most of them are slight. On the wounded list is Bill Stirman with a bruised knee and end Dave Jurney with a bruised leg. Still on the doubtful list is Frank Potter, who missed the last two ball games with an injured knee.

Newton said that this seems to be the year for injuries and that the Warriors can't stand many of them.

A large following of local fans is expected to journey to Ft. Sumner for the game in an effort to boost the Warriors to another victory.



GOES 30 YARDS FOR TD — Bill Stirman went 30 yards for a touchdown in the second period last Friday night on a reverse around left end. Gary Russell laid key block to spring Stirman loose for score. Ruidoso took 19-0 lead at this point and won game 32-14.

'B' Team Downs 'Zozo 19-6

Ruidoso's B team traveled to Carrizozo last Saturday and used the air lane to batter the Carrizozo Cubs 19-6.

Two Ruidoso passes from quarterback George Pearson to receivers provided the big margin for the local crew as the Cubs were unable to defend against the aerials.

Pearson opened the scoring with a toss to Preston Creel that traveled 25 yards with Creel taking it on the run and racing the remaining 30 yards for the marker.

Another pass from Pearson to Jack Garrett a total of 60 yards, accounted for the Bees' second touchdown in the second quarter.

Ruidoso's last counter came in the first half also when Alan Ross replaced injured Pearson and guided the team 90 yards with Ross himself capping the drive on a quarterback sneak. Half time score was 19-0.

Carrizozo's only score came in the final quarter.

Coach Ken Newton emptied his bench during the game on both offense and defense with everyone turning in a good ball game. Ross Smith, Mike Burns, Pat Stanley and Pat Lamb led the Warriors in the line for the victory.

Lordsburg Nips Tularosa, 12-7

With only one more District 3B game left on the schedule, the Tularosa Wildcats all but lost any chance for a bid for the title when the Mavericks of Lordsburg held on to win the conference game 12-7 at Lordsburg last Friday night.

The game was Lordsburg's first 3B tilt of the season. The Mavericks have won three and lost two so far this year. The loss was Tularosa's third on a record with one win and a tie.

The Mavericks scored both their touchdowns in the second period of play before Tularosa put on a defensive stand that gave the Wildcats dominance in the second half.

The first tally was a 65 yard touchdown pass play from the quarterback to the right end. In the same period the Mavericks scored on a reverse from six yards out.

Both attempts for the extra point were foiled by the Rose City crew.

The Wildcats scored their TD in the final period when quarterback Gilbert Lopez hit right end Godfrey Cordova in a pass play that covered about 40 yards. Manny Dominquez kicked the PAT.

The Wildcats were inside the Lordsburg line at least five times and failed to score. At one time, they attempted a field goal that was unsuccessful and another time they lost the ball on a fumble.

ANNALA, RUMBAUGH WIN CREE MEADOWS HANDICAP

Cree Meadows Golf Course owner, Sunny Edwards, might have to employ a full maintenance crew to repair the damage caused by local golfers during the Cree Meadows Handicap Golf Tournament on the local links here last week-end.

It was a serious matter though as approximately thirty-four players entered the first tournament of this type ever to be held in Ruidoso.

Winners of the eighteen hole tournament which consisted of two flights were Dr. R. L. Annala, winner of the championship flight and Charles Rumbaugh, first place winner of the first flight. Annala fired a four under par 68 to receive the big trophy. Rumbaugh turned in a tremendous 81 to capture the top spot in the first flight and the trophy.

Following close behind Annala were Jack Crandall with a 69 and Bob Gaston with a 71 for runner-up and third place.

Bill Dean came in a hot second to Rumbaugh with 82 for the runner-up trophy and Eddie Siddens took third place with 83.

Third place winners in each flight received merchandise awards.

Following the full day of furious competition the local golfers and their wives enjoyed a fun-filled evening consisting of a cocktail party from 7 p.m. to 8 p.m.; a dance until midnight and a midnight dinner.

An interesting highlight of the tournament — two golfers were charged with reckless driving in a golf cart.

Plans are to have another tournament for locals sometime in April next year.

'Zozo Dumps Corona, 28-6

The Carrizozo Grizzlies kept on the winning side in Dist 2-C play as freshman halfback El Lovato scored all their points in leading them to a 28-6 win over Corona at Carrizozo last Friday night.

A pass from quarterback Bob Ortiz to Lovato covered 20 yards and six points late in the second quarter with Lovato then running the point across. That was all the scoring with Carrizozo holding a 7-0 lead over a surprisingly strong Corona team.

Another 20 yard pass play from Ortiz to Lovato scored the second Carrizozo tally in the third quarter while Lovato tallied twice in the fourth period, once on a 80-yard run and the other an 11-yard scamper.

Corona scored late in the game with back Jim Lightfoot moving 83 yards for a score on the following kickoff.

The win gave Carrizozo a 3-0-1 record in Dist. 2C and dumped Corona to 1-3.

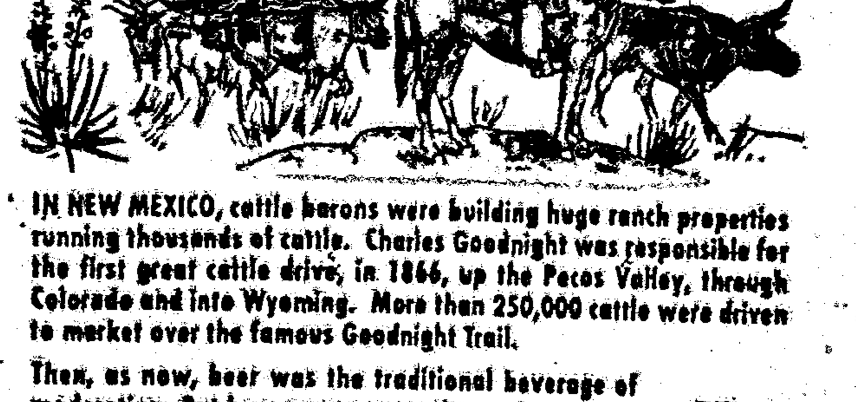
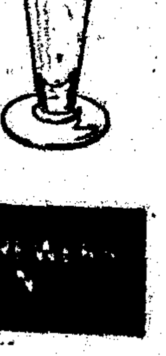
It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862—the same year that



IN NEW MEXICO, cattle barons were building huge ranch properties running thousands of cattle. Charles Goodnight was responsible for the first great cattle drive, in 1866, up the Pecos Valley, through Colorado and into Wyoming. More than 250,000 cattle were driven to market over the famous Goodnight Trail.

Then, as now, beer was the traditional beverage of moderation. But beer means more than enjoyment to our state. The Brewing Industry contributes more than $4 million to New Mexico each year in state and federal excise taxes — money that helps support our hospitals, schools, highways and military installations.



TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

The regular monthly meeting of the board of directors was held Thursday evening, Oct. 4. The following directors were present, Les Crews, president; Cecil Smith, treasurer; Ed Wimberly, Max Oliver, Ken Nosker, Sunny Edwards, Tommy Perteet, Ralph Petty and Dick Parsons. Visitors present were J. D. Scurlock and Donald Moon from the Mescalero Reservation and Bob Greene from the Villa Inn Motor Hotel.

Mr. Scurlock presented information in regard to the hunting season on the reservation, a bow and arrow season for either sex deer, and for an unrestricted number of hunters opens Oct. 20. The regular season is for Nov. 10 to 18 for either sex deer. Bear season will be open during the regular deer season.

Two hundred and fifty permits will be issued for the general area and one hundred permits for two special areas to be opened during the regular season. Permits may be purchased in Ruidoso from Pat Sporting Goods, a deer permit for the bow and arrow season will cost $10. A deer permit for the regular season is $15. A bear permit is also $15.

Mr. Scurlock reported good fishing in small lakes recently established on the reservation. He said other lakes were planned and that the U. S. Fish and Wild Life service was being petitioned to establish a hatchery near Mescalero. The Chamber of Commerce pledged its full cooperation in this effort.

Mr. Crews reported that a total of $1,384.00 had been collected from all Aspencade activities, and that any profit after expenses would go into the Aspencade fund for emergencies. A number of suggestions for the 1963 Aspencade were acted upon. The date was set for the last week-end in September which will be Saturday, the 28th and Sunday, the 29th, 1963. It was decided to go back to the Ski Basin area for the chuck wagon dinner again next year, and to start serving at 11:30 a.m. and have the devotional service at 1:00 p.m. 10:30 a.m. Saturday morning was set for beginning the parade, with the special guests dinner to follow at 7 p.m. The street dance is to be free next year.

Tommy Perteet, general chairman for the Christmas Light benefit to be held Oct. 20, from 7 a.m. until 9 p.m., announced his committee chairmen appointments for the Aunt Jemima Pancake Day. They are Tom Hood, honorary chairman; Billie Clarke, finance chairman; George Gardenhire, serving chairman; John Matthews, procurement chairman; Jim Withers, promotion chairman, and Carl DeBord, publicity chairman.

A final order of business was a recommendation by Cecil Smith that the Chamber of Commerce should actively seek the establishment of a four year Liberal Art College in Ruidoso. He pointed out benefits to our economy such an institution would bring. He also suggested that recreational opportunities in the area would attract students. President Crews appointed Cecil Smith and Lloyd Leslie Davis, Jr., as a committee to continue work on the promotion of such an institution.

It is interesting to note that in 1957 when the Chamber of Commerce was actively promoting a ski run involving an overall expenditure of millions of dollars that prospects appeared remote for an early realization of such a dream. Big ideas, followed by great effort often bear great fruit.

PROFILE OF A STATE

Art of the Indians

Photographed by Harvey Caplin

Text by George Fitzpatrick

These are the hands of a great craftswoman . . . the hands of an artist. These are the hands of Maria. These hands epitomize the skill, the artistry, the talent that is inherent in New Mexico's Indian population.

Many individuals have gained fame as artists in the past quarter century – none more so than Maria Martinez, of San Ildefonso, whose pottery is eagerly sought for the world's great collections. She has been a recipient of innumerable awards and honors. Pottery making and rug weaving long ago achieved the status of "art" among collectors.

From small beginnings a half century ago, Indian painting developed over the years to receive the accolade of recognition as a truly indigenous American art. More and more, New Mexico Indians are finding that their natural abilities are in demand. In industry, in modern technology, these pastoral people are beginning to find a new outlet for their dexterity.

Expanded educational opportunities and improved economic conditions give promise of a brighter future for the talented and skillful among our Indian neighbors.

In New Mexico, there's an artistic side to mining too. Constructed to remove low grade ore efficiently from Kennecott's Santa Rita Mine, this 1400-foot skip haulage system presents a starkly beautiful industrial picture.

In observance of New Mexico's Golden Anniversary of Statehood, Chino has asked George Fitzpatrick, editor of New Mexico Magazine, and Harvey Caplin, an outstanding photographer of the New Mexico scene, to collaborate in a series of advertisements highlighting the qualities which have made New Mexico.

Mr. and Mrs Sam Allen returned last week after a visit in Dallas. They also visited with their daughter, Mrs. Judith Ann Kitchens in San Angelo, bringing two of her children home with them. Leah and Tommy will stay with their grandparents the month of October.

Thursday, H. H. Shier and Max Oliver stopped in on their way back to Ruidoso from Carrizozo.

Mrs. George Perry came by on Wednesday on her way to Corona from Ruidoso.

While Mr. and Mrs. Carl Klinger of Pharr, Tex., were spending a few days in Ruidoso on their way home from Santa Fe, they stopped in on Wednesday to see the Lindamoods.

Mrs. Gladys Mathias of Decatur, Ill., is visiting Clara Jester and the Jack Towers of Ruidoso Downs. Last Wednesday, Mrs. Gladys Knox brought them all over and showed them around the Sierra Blanca Ski Area, making a stop at the store.

Monday, Mrs. Ernest Blood and Mrs. J. B. Hightower and son D. W. took Mrs. W. N. Hightower to Alamogordo. Sunday Mrs. Charlie Harrington brought her home after visiting there the past week.

Sunday, Mr. and Mrs. Warren Tucker were over from Ruidoso enjoying the lovely fall coloring in the area.

Mr. and Mrs. Virgil Wallace of Capitan, owners of Smokey Bear Motel there, came over on Sunday and made a trip to Sierra Blanca Ski Area.

Mr. and Mrs. Forrest Lowe of Roswell spent the week in their Gavilan Canyon home.

Mr. and Mrs. Walter Rice and Mr. and Mrs. George Bynum were here the past week-end from El Paso.

Beautiful Indian Summer in the hills this year surely describes what we have enjoyed lately. With the moisture to brighten things up and now the fall coloring is so lovely it isn't any wonder that everyone remarks they have never seen the country so beautiful.

Angus & Bonito

By ZULA CORDER

Autumn in the mountains is a truly gorgeous sight, and many were up this week-end to enjoy an outing in the woods of russet, bronze, scarlet and gold. Leaves of every tint and tone. Nature is clothed in her brightest garments, and seems more beautiful this fall than ever before. Heavy frost has fallen in this area the past few nights. Hunting season is getting close and lots of folks have been up looking the country over and some picking out the place to camp for one of the biggest attractions in our area.

Mr. and Mrs. Roy Huff and small nephew, Lloyd, from Pampa, Tex., spent the week-end at their place on the Bonito River.

Mr. Elmer E. Edgington from San Angelo, Tex., has bought the Hayes property, and Mr. and Mrs. Lloyd Coe and children from Ruidoso are living in the place now and Lloyd has the cabins open for the customers.

Bobbie McEuen, who drives the school bus from Alto, up Bonito Canyon and on to Capitan really has a big load now with five new pupils from Bonito, one new one from the Nazarene Camp and four new ones here at Angus.

Trankie Silva from over Capitan way was out on the Bonito one day last week registering voters.

Mr. and Mrs. O. D. Torpley from Lockney, Tex., spent the week-end at their cabin at Angus. Housequests with the Torpleys were, Mr. and Mrs. Bill Cummins from Lovington, Mr. and Mrs. A. W. McCain and children from Albuquerque and Mr. Torpley's sister, Maude Cummins from Naly, Tex.

Mr. and Mrs. Collins Walker spent several days at their place at Angus before returning to their farm near Deming.

Visitors with the C. E. Walkers at the Nazarene Camp for several days were Mr. Walker's sister and husband, Mr and Mrs. Leonard Crisp, and Mrs. Walker's sister, Mrs. Clifton Cox, all from Menard, Tex. This was the first time the folks had been in this area and the Walkers took them to all the places of interest while here. They really thought this a beautiful country.

Louise Runnels, Benny and Mary Lou met Robert Runnels in Albuquerque over the week-end. Robert is going to college in Colorado.

Mr. and Mrs. L. O. Caudill, son Roland and friend, Randy Fisher from Lovington, spent the week-end at their cabin in Ruidoso. While at Ruidoso the folks came out and visited with the Corders.

Clerk-Manager Hine Writes Of City Growth

(Editor's Note: At the invitation of the editor of the New Mexico League of Municipalities' monthly magazine, "The Municipal Reporter," Ruidoso's village clerk-manager, Jim Hine, recently wrote an article on Ruidoso's growth and how the city government has been coping with it. Below is the article which appeared in the Sept. 17 issue.)

* * *

By JAMES L. HINE, Clerk

Not in the usual "dollar" meaning of the word; but Ruidoso does have inflation of thousands of people during the summer. The Village of Ruidoso has approximately 1700 permanent citizens—add about 8,000 more during the summer and, here, one can witness the true meaning of inflation—"to expand or increase abnormally."

How does a village that has been a municipality but 17 years cope with this situation? Fortunately for both the seasonal and the permanent populace, the village has enjoyed having men serve on the Village Council who were and are cognizant of the potentials of Ruidoso and govern accordingly. A good indication of this is the half-million dollar Airport Improvement Program now underway. Of great importance also is the fact that the voters have approved every General Obligation Bond Issue.

To meet the great influx of summer residents, the village hires but seven or eight additional employees. These part-time employees coupled with the 20 year-round employees are able to meet the challenge which the summer affords us due to a tremendous stamina developed through employee loyalty. For example, the Sanitation Department has to run an additional garbage truck which requires two extra employees for the approximate 900 additional accounts. The only way this can be done is through careful routing, excellent care of equipment, and faithful employees.

The Water Department adds one extra employee to assist in making new connections and reading meters. It's not uncommon to have fifty new water taps made during the summer. Naturally the water consumption is greater during this season, and here again, preparation, maintenance of plants and lines is the key to the situation.

The billing clerks in the Utility Department have a tremendous task in keeping up with the great numbers of ownership changes and changes of address. These clerks also have to maintain a constant vigil for delinquent bills and not allow any account to go unpaid longer than two months. Strange as it may seem, our collections average about 97%.

The Street Department hires an additional employee to keep the road right-of-way clear of weeds. Our parks require the services of two employees during the summer in order that the parks are kept attractive and clean for the thousands of visitors who take advantage of our facilities.

Perhaps, the most over-worked department is the Police Department as they are anxious to maintain the "one traffic fatality in 10 years" record. The policemen have an average of about two "attempts to locate" visitors each day during the summer season. For those of you who are familiar with Ruidoso and its environs, you know what a task it is trying to locate someone here. However, in addition to the four full-time police and the one part-time on week-ends, the village has good cooperation from the county and state officers.

One nice thing about Ruidoso in the summer is the fact that most of the visitors take advantage of the wonderful climate and sleep late; therefore, the bulk of police work is from about noon until 2:30 a.m. During these hours the officers have their greatest challenge ...vehicular and pedestrain traffic reaches phenomenal quantities; minor wrecks due to the inability of the "flatlanders" to cope with our mountainous roads, over-indulgence on the part of those persons who have not recognized that "altitude does make a difference," and all of the other extras that go with a city that is proclaimed a resort area keeps the officers on constant alert. Giving directions alone is a full-time job.

Yes, the Village of Ruidoso is meeting this inflation through careful planning and preparation and admitting our purpose in being that "The people of Ruidoso desire continued economic, social and physical improvement and expansion. Recognizing that tourism is basic to the economy, our primary goal is to develop the finest recreational and tourist center in the southwest . . . ." With this admission and desire, Ruidoso meets this period of inflation.

...KNOW WHAT'S THE TASTIEST BREAD?

15!

I know...I tested it. I tested it for flavor first. If bread doesn't taste good, you don't eat it. This bread tastes swell. I like it.

I tested it for freshness. Bread's got to be soft and tender—and this bread is, for sure. Mommy says it stays that way.

I tested it for smoothness, too. Grown-ups call it texture. All I know is it's plenty nice. Dad says it looks like quality with a capital Q.

I tested it... Why don't you?

Hallowe'en Contest Opens

The main project of the Junior Class will be to sponsor the Hallowe'en contest. The idea of this class competition is to see which class can raise the most money for their candidate who is called a princess. Each penny is counted as a vote, and the princess with the most votes wins. This brings out the rivalry among all classes. The Juniors and Seniors hold a worthy battle, while the Freshmen and Sophomores also try to beat each other. This contest is between every class in school, but the rivalry heretofore mentioned is the greatest. The Seniors will be trying for their third Halloween Queen in their four years in high school.

The money will be used to promote the Junior-Senior banquet and prom. Each class, win or lose, will retain a part of their money. The remaining sum will go to the Junior Class.

The Junior Class Princess is Kay Lanning. Kay has gone to school in Ruidoso for about three years. She was a member of the G. A. A. and was very active in this organization. Miss Lanning is also an active Pep Club member and she is very well known, not only in her own class, but all around school.

The Senior Halloween Princess is Miss Wendy Lamb. Wendy is one of the quieter members of the Senior Class and holds the respect of all. This year Miss Lamb serves as President of the National Honor Society, is in the RHS Band and also a member of the Pep Club.

Both of these girls deserve our hearty congratulations for being selected by their class to represent them city-wide. We urge you to vote for the princess of your choice and help support the Juniors.

MEET THE TEACHER—Bob Lee, native of Silver City, N. M., and a graduate of Hurley High School and New Mexico Western of Silver City, teaches mechanical drawing and shop in Ruidoso High School. He holds bachelor of science, physical education and industrial arts degree. He and his wife, Charlene, known to her friends as Micki, are parents of three children, Cathy, aged 4, Bobby, 2, and Martin, about 3 months.

Library

The library is open all day for R. H. S. students. There will be a student librarian on duty each period and under this librarian will the discipline be used. This student is responsible for everything in that library while she is on duty.

There are several dictionaries and sets of encyclopedias available to any student who needs them. However, these books to be checked out only for the class period which the student is in, and they cannot, under any circumstance, be taken out by the students.

There are several new books in the library this year. Books which will interest any type of reader. The library is there for your benefit and you are urged to use it. States Mr. Stewart, library sponsor, "Use It, But Use It Wisely."

R. H. S. Band

At the Eastern New Mexico State Fair the Ruidoso Band brought home a trophy. This was for winning second place in their division. This division covered all of the smaller schools, and there were several in contest in the parade.

All R. H. S. students are very proud of our band. Ours is small, in comparison with other schools, but we have a good band, if not better than most bands from our school's size.

Warriors Travel To Ft. Sumner

The Ruidoso Warriors will travel tonight (Friday) to play against the Ft. Sumner Foxes, on their own home ground. This is a non-conference tilt and will give the boys a big chance to use their speed and be ready for the conference game the 19th against Lordsburg. We are all proud of all the adults out for each of our games, and we hope this will continue in the future. If any adults have extra room going to these out-of-town games, it would be greatly appreciated if you'd take a few students with you.

Mike Is Home

We are all very thankful to have Mike Adams back in Ruidoso with us. He was injured in a game early in the season and then re-injured at the Alamogordo game, then taken to El Paso for an operation.

It will be a while before Mike can return to R. H. S., but all of us wish him a very speedy recovery, so that soon he will be back in school with us.

Removing the THORN

Almost everyone that has ever removed a shoe and run barefoot through the fields, knows of the wonderful feeling of freedom that this gives. Most, also have known what it is to remove a sticker or a thorn. The first attempts to pull it out are usually handled so gingerly and slowly, and then, screwing up your courage you yank it out, and find that this was the easiest way after all.

There are many thorns in life, and these evils should be removed swiftly, and put out of our lives. Attend Church, receive help and encouragement in removing the thorns from your life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Religion In Life

"And these words, which I command thee this day, shall be in thine heart; and thou shalt teach them diligently unto thy children, and thou shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up . . . And thou shalt write them upon the posts of thy house, and on thy gates." Deut. 6:6, 7, 9.

The churches of this area and a wide segment of American life are putting forth a telling effort under the theme, "Religion in American Life," and close cooperation of all churches and families will turn the eyes of the unconverted and the indifferent to God's way of life, together with a great host of people who have been church-related "back home," but they have not placed membership in any church since moving. Since it is true that our spiritual resources have not been drawn upon heavily enough; no, we have not tapped the faintest fraction of what is available for all of us . . . it follows that we need to listen to the words of Reinhold Niebuhr, "A wide chasm yawns between the uncompromising idealism of the Galilean and the current morality. It is easier to adore an ideal character than to emulate it."

Not only the words of the law in the Old Testament, but also many of the words of St. Paul in his letters to Fellow Christians and to the "young churches," as J. B. Phillips refers to them. Here are some of the words that St. Paul wrote, "We are fools for Christ's sake . . . "—"I bear branded in my body the marks of the Lord Jesus." — "Men who have hazarded their lives for the sake of the Lord, Jesus Christ." In reference to the Word from Deuteronomy, Moses is rehearsing the promises to Israel and exhorting them to obedience if they would know the blessings of God. The people were told: (1) To hear God, (2) Keep His commandments, (3) Love him with the whole heart, (4) Instruct their children, (5) Make their homes definitely and unmistakably God—like places of abode where all people could see that the home was on God's side. These things are just as necessary today as they were for the ancient people whom God had called out to follow after him.

Since Jesus, God's only begotten Son came to earth, gave his life on the cross, arose from the dead, ascended to the Father, is our present mediator in this age of the priesthood of all believers, and, since he ever liveth and maketh intercession for us, and we believe he is coming again, he built his church and it is today God's institution on earth for work and worship in His name.

Religion has always produced some martyrs and some heroes. Yet, it is urged upon us, "Be not conformed to this world but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable and perfect will of God." We need to possess and use deep loyalty along with unlimited courage in the ranks of Christianity today if we are to see Christianity in the forefront of all of life, characterized by robust strength, running with Full Gospel speed, "Toward the prize that is set before us." I have written some brief articles under the by-line, "Religion Can't Wait," a few of them have been published. I think that is what we really want to say in this emphasis of "Religion In American Life." There are some tremendous pressures bearing down on men, and, women and young people today. Domestic affairs, social amenities, civic privileges and duties, matters of state and nation; all call with insistent voices. In the midst of it all, the truth persists, "Religion Can't Wait."

(James G. Saylor, Minister, Christian Church)

And So . . . I Took An Inventory

And was I deflated? Recently I was working at a special item of interest that a friend pointed out to me in a metropolitan newspaper. It had pages and pages of classified ads, too. I was amazed at the number of pages under, "Help Wanted — Male". Under this heading there were frantic cries for help—high salaried help. In the thinking we are doing today on unemployment, we must remember there are areas of great need for skilled and highly trained men. The thing that deflated me was that, as I looked over the ads I came to realize that I was unfit for so many of the positions. For some I was too ignorant—for others, I was too old, and for still another classification, "Male Models!" I just didn't have what was required, such as charm, grace, and being handsome. If any man comes to the place, "to think more highly of himself than he ought to think," let him read the want ads, and find out, as they say in everyday speech, "Brother, you're not so hot."

The Thing That Awakened Interest!

When it comes to thinking and talking about money, we are all interested. This is true even when other matters in the situation fail to arouse any interest, I picked a story out of my treasure chest that will illustrate. An Indian, (not in New Mexico) entered the local office of the Internal Revenue Service to get some help in filling out his form for income tax. "How much was your income last year," asked the clerk. First silence, then a surly, "Ugh" came from the Indian. Not succeeding on that, the clerk tried again. "How many dependents do you have?" asked the clerk. Again a period of stony silence and then a mere guttural sound from the Indian.

The interview continued along this line with each question being met with silence or a mere grunt. "Look," finally snorted the clerk, "You'll have to give me these facts. It may work out that the government will owe you some money as a refund." That did it. "Ah, fine," said the Indian. "How much? And when do I get it."

How To Measure Life

Life is not measured by the passage of days, or months, or years. These come and go without our doing anything about it. Life is measured by the meaning we give it, and some people can crowd more meaning into a single day than others can squeeze into a whole year. From the "Outlook"—bulletin of the Occidental Masonic Lodge, Buffalo, N. Y.: we quote, "Our days are like identical suitcases—all the same size, but some people can pack more into them than others."

Plan Your Reading

Christian literature week will be observed by the First Christian Church, Ruidoso, on Oct. 28-Nov. 4. On the back of a book mark that we are going to give there are these words by Mark Twain, "The man who does not read good books has no advantage over the man who will not read them."

County Agent's Report

— By —
RALPH DUNLAP

Are lambs straight from grass fat enough to go to slaughter? On Oct. 19, starting at 2:00 p.m., the Fuller Ranch, near Picacho, will hold a demonstration on selling lamb direct to slaughter, off grass. Professor P. E. Neale and Dr. Earl Ray will be in charge of the demonstration.

Plans are to divide the lambs into three weight groups and slaughter the heaviest, lightest and average lamb, in each group. These carcass' will be on exhibit and discussed at this time.

Brucellosis testing will be done in the east half of Lincoln County during the next six months. To recertify the county we need to test all the breeding cattle in an area representing at least 25% of the herds in Lincoln County. The other two areas, Corona and Capitan-Carrizozo area, have already been tested in previous years.

Any other person wanting to have their cattle tested for Brucellosis can have them done by notifying Dr. J. H. Ryan in Roswell or the county agent.

I had the privilege of carrying out the first market lamb and carcass contest at the New Mexico State Fair. The judge, even though it was a market lamb class, was unable to choose the top animal on foot as they placed in the carcass contest. The seventh place animal, on foot, had the top carcass. The 5th and 6th place carcasses followed in line with the first place animal on foot, taking fourth place.

The classes on foot were divided into wool breeds and mutton breeds. The first place wool breed lamb placed next to last or 13th in the carcass contest. In the carcass contest the lambs are evaluated on loin eye and fat covering in relation to carcass weight. The first place carcass had .14 inches of fat and a 2.54 square inches of loin eye. The 13th place carcass had .32 inches of fat and 2.02 square inches of loin eye.

Dan Knight had the 2nd and 4th place carcasses in the contest; they placed 5th in mutton breeds and 4th in wool breeds respectively.

Date For Lamb Carcass Demonstration Changed

Due to a conflict in shipping dates, the lamb carcass demonstration at the Fuller Ranch near Picacho has been changed to Oct. 27. The original date was Oct. 19. Starting at 2:30 p.m., Professor P. E. Neale and Dr. Earl Ray will give a demonstration on lamb carcasses straight off the grass.

This demonstration will help answer the question, "Is grass fat lamb acceptable to the housewife?" The lamb sold over the meat counter today is put in the feed lot from 60 to 120 days. One of the big problems, is the heavy fat covering on the lamb chops.

The county lamb and calf carcass contest will be discussed at Capitan on Oct. 17 starting at 7:30 p.m. At this time Mr. Hud Rhea of the First National Bank of Roswell will present the awards for the top five places in each contest. October 3, 1962

I would like to issue a challenge and an appeal to the Republican Party and a small part of my own Democratic Party in Lincoln County

I would like to challenge them and appeal to them, let's, in this election of 1962, give to the people of Lincoln County a clean political campaign and a clean election.

Let's, by every honorable means possible, get before the voters of our county, our candidates. Let's give the voters maximum exposure of our candidates' qualifications, their capabilities, their sincerity, their short comings and their failures.

I challenge these people and appeal to them to let us all try to win this election of 1962. Not with dollars, not with excessive drinks, not with hired cars and impossible promises, but by the exposed merits of our candidates and those things for which they stand.

Let's appeal to the patriotic and the civic-minded folks of Lincoln County, of which I know there are plenty, to take over free transportation of those voters of our county who need help on Nov. 6. See that these people get to their respective voting places, regardless of party affiliations with no political pressure applied or involved.

I appeal to all voters of Lincoln County to meet our candidates, Republican and Democrat, half way by helping these candidates contact you. Then I challenge you voters . . . weigh these candidates in the balance, consider all things, vote for the candidate who can and will do more for our county, our state and our nation.

During this month of October, under the sponsorship of Lincoln County Farm & Livestock Bureau and in cooperation with civic organizations, there will be 151 "Meet your Candidate" meetings held in the five high schools of our county. Beginning at Capitan, Oct. 9; Carrizozo, Oct. 11; Corona, Oct. 16; Ruidoso, Oct. 25 and Hondo, Oct. 28. Again I appeal to all voters, meet your candidates at these places. Submit any and all questions that are on your mind to these candidates. Insist on positive, comprehensive answers. Worthwhile candidates will welcome your questions.

I would like to challenge representatives of the press in our county and adjacent counties, Will Harrison of Santa Fe, anyone interested in clean politics to cover our campaign and election in Lincoln County and to make public any and all unethical or questionable deals or practices used.

I appeal to all citizens of our county to be observant, to keep yourself informed, to help in every way possible to have the cleanest, most thought-over, honest election held in New Mexico in 1962. Let's be first in our state in clean politics.

As Democratic Chairman of Lincoln County, I would welcome and plead for such an election. For the past few months, I have often been with our candidates, from Jack Campbell to the bottom of the ticket all over Lincoln County, at Santa Fe and Roswell. I think I know our candidates reasonably well. I fear comparison with no one.

Two years ago, we Democrats in Lincoln County took a beating in the elections. This year things will be different. We have combed the woods, we have beaten the bushes, we have assembled the best ticket ever offered in Lincoln County. We are confident in the unbiased judgement of Lincoln County voters.

Dear Vic:

The Directors of the Ruidoso-Hondo Valley Chamber of Commerce, wish to thank you for the promotion and participation of the Ruidoso News in the Aspencade celebration.

The advance publicity given the event through the news was indispensable. We also appreciate the fact that every male member of your staff entered the beard growing contest. Their countenances looked terrible but their public spirit showed thru beautifully.

Sincerely yours,
A. E. Hunt

SQUASHES ALL RECORDS — Delana Lee Phillips, daughter of Mr. and Mrs. Carmon Phillips, of Ruidoso, planted her first garden last spring. She is pictured with one of the rewards for her efforts, a 23 3/4 pound yellow squash. Lengthwise the squash measures 46 inches around, and around the middle the measurement is 37 inches. It is 19 inches long and 13½ inches across. "I planted one squash seed," Delana explained, "and the plant covered the entire garden and ran out on all four sides. We couldn't pick the squash fast enough. We gave a lot of them away to friends. Finally I saw one that had grown rather large and decided to see how big it would grow." Delana didn't do too well with her radishes and onions but did have a bumper crop of "roasting ears", carrots and lettuce. She plans to double the size of her garden next spring and plant one squash seed in the center of one half of it. The squash is on display at The Old Mill.

Tatum Tops Capitan, 20-12

The Tatum Coyotes broke loose for two quick touchdowns Friday night to defeat the Capitan Tigers 20-12 at Tatum in a District 2C game.

Tatum scored on the first play from scrimmage when left halfback Fields broke through left tackle for a 50 yard touchdown. Beal scored the PAT. Tatum kicked off to Capitan and on six plays, Silva, with his running and passing to Cozzens and Carabajal, moved the ball to the Coyote 1-yard line and scored. Capitan kicked off to Tatum and held them to their own 25 for a series of downs, forcing the Coyotes to punt. Capitan moved the ball from the 25 down to the Tatum 30 before losing it up on downs. The Coyotes were able to move to the Tiger 45 before the quarter ended. Then as the first TD, right halfback Beal faced left tackle for the second TD for Tatum. The try for point was no good. Capitan took the Tatum kick-off on their own 20 and on eight plays matched the Tatum TD when Silva pitched a pass to Cozzens in the end zone. The conversion was no good. The half ended with Tatum leading, 13-12.

Capitan received after the half. Cozzens returning the ball to the Tiger 25. On the second play from scrimmage, Capitan fumbled and the Coyotes recovered on the Tiger 25. The Tigers were able to hold the Coyotes to no gain. Once again Capitan tried to move the ball but again fumbled and Tatum recovered on the Tiger 15. From the 15 they moved the ball to the Tiger 4 on seven plays. Quarterback Horton ran his left end for the TD. The try was extra point was good.

The fourth period was a see-saw battle with neither team being able to move the ball very much until late in the quarter when Capitan recovered a fumble on the Coyote 40 with a minute and a half left in the ball game. Capitan was able to move the ball to the Coyote 7-yard line where time ran out, ending the game.

Capitan plays Melrose at Capitan this Friday night at 7:30 at the local field.

ACE STEER ROPERS TO MATCH LOOPS

Two of the world's leading jerk-down steer ropers, Sonny Davis of Kenna and Sonny Wright of Alto, are scheduled for a $2,000 matched roping contest Sunday, Oct. 14, in the new Joe Sargent Memorial Arena at Carrizozo. The match will begin promptly at 1:30 p.m.

New Mexico is one of but a few states still permitting this thrilling cowhand contest, and this match between Wright and Davis is the first two-man match held in New Mexico in several years.

The two top ropers will each rope, trip and tie 10 Mexican steers in the afternoon contest. Gene Hensley of Ruidoso Racing Association will present a special custom trophy to the winner.

Davis is one of New Mexico's most famous sons. He is a professional rodeo cowboy who has held a consistent lead among the top hands of the nation in both calf roping and steer roping events. He was runner-up for the world championship steer roping title this year.

Wright is from one of New Mexico's most well known ranching families. He has been competing in rodeos, both as a rider and roper, since boyhood and only in the past half dozen years has developed into one of the nation's leading steer ropers. He, with his wife, Ruth, ranch near Alto, in Lincoln County.

Ski Club Holds First Meeting Of Fall Season

The Sierra Blaca Ski Club held the first meeting of the fall season on Oct. 5, at the Navajo Lodge. President Lloyd Leslie Davis, Jr., presided over the meeting. Members of the club were appointed to serve on the following committees: by-laws, travel, telephone, publicity and cup races.

Youth activities were discussed. Dr. Bram Vanderstok and the teachers present said they would work with the teenagers to their best ability. Leck Cowden said his establishment would be available for evening activities for the youth if he could get adult supervision to help him.

The 1962-63 club dues will be the same as last year, with family membership $10, and this covers all unmarried children living at home, student membership $2.50 and individual membership, $6. Ruidosoans are invited to become members of the ski club whether they ski or not, so they can become familiar with the activities of the club and attend social gatherings, it was reported.

The club members voted to meet the first Thursday of each month, with the next meeting scheduled for Nov. 1. Place of the meeting will be announced later.

Lincoln National Forest Report

Trees and Skis

With the coming of crisp cool nights, the warm fall afternoons, and the appearance of the breath-taking autumn foliage, it has suddenly occurred to me that ski season is near. For the benefit of any new comers and for some of the old timers, I thought it might be of interest to recap what has happened at the ski run during the past summer. Since the last skier glided so gracefully down the snowy slopes, or at least got down, much new construction has taken place. The new Lodge building is nearing completion and will be ready come opening day of the ski season. The Gondola support towers are now in place and the remaining part of this month and most of next will be used in stringing cable to these towers.

After the cables are in place, several more weeks will be needed in order to attach the Gondola cars and to run tests on the final phase of the operation. Come opening day I'm sure all Ruidosoans will agree that we have the finest ski resort in North America in our back yard.

Also under construction at the White Mountain Park Area is a new Vista Point. This point is being built by the Forest Service on top of Lookout Mountain and will offer a spectacular view of the surrounding mountains, the White Sands, and, the Lava Flow near Carrizozo, the Capitans, the Capitan gap, and the city of Ruidoso will also be visible from the point. In order to reach the point a short trail is being built from the top of the Gondola Lift and will lead directly to the area. When finished, this will be one of the finest areas to show off our beautiful "Playground of the Southwest."

For you new comers the following is a list of prominate points around White Mountain Park:

	Elevation
The New Lodge	9,700
Capitan Mountain	10,200
Lincoln Mountain	10,400
Gondola Lift	11,400
Sierra Blanca Mtn.	12,003

Lifts	Length
Capitan	1,550
Lincoln	2,500
Gondola	8,000

TRUSTEES STUDY PROTEST HEARING

Ruidoso's Village Board of Trustees is now studying letters and oral protests made in the hearing on the proposed new paving assessment district which would cover some 80 streets in the community, held Monday evening this week at the city hall and attended by about 50 persons. Primary protests, many of them provisional, were on the estimated cost of the new paving, said to be designed and engineered to cost more than the first assessment district project. Many property owners said they favored the paving only if it cost less than the estimate given. Village Engineer Clinton Daniels told the crowd the estimate was high, and that he felt sure the final cost would be less per front foot than he reported.

Mrs. Vic Lamb was admitted to Providence Memorial Hospital in El Paso Monday for medical attention. She will be there several days.

Dr. and Mrs. Seth Cox, Abilene, Tex., have been here several days visiting. He is retiring as a dentist, he reported.

Talent Show Set Oct. 24 By Junior Class

The Junior Class of Ruidoso High School will stage a Ruidoso Valley Talent Show the night of Wednesday, Oct. 24—the first of what will likely be an annual event for a fund raising project for junior class needs each semester.

Jess White, class sponsor, has announced an advance sale of tickets for the program, in which local talent is invited to compete, at $1 for adults and 50c for school children.

Gaiety and music will be the theme of the talent show.

Outstanding professional, semi-professional and amateur entertainers of Ruidoso and surrounding areas have been chosen to appear on the stage for this "big show" of the 1962 season, according to the sponsors. The program is to include a variety of clever and amazing artistry, as well as upbeat comedy. Present plans are to make a show of this type an annual affair.

The varied cast of 60 or more outstanding performers are well known to audiences throughout the area; some of them have appeared on radio and TV. Yet, never before have all of them been assembled for one evening's entertainment. "People of this vicinity cannot afford to pass up the chance of a lifetime to see and hear this group of artisans," stated Ray Potter, class president.

The program will include vocal solos, modern music played by a high school trombone quartet; two string bands, well known entertainers in local night clubs; a men's quartet; a high school girl's quartet; and a local master showman featured in a comedy act. Other numbers planned for the event will be modern and ballet dancers in unusual arrangements of modern dance materials, and a precision unit of Spanish dancers. These and other outstanding numbers will make the show, the sponsors believe, an evening to remember.

Dean Tidwell, popular announcer of Station KRRR, has been selected as master of ceremonies for this "big show."

The sponsors of the event show marked elation at the number of busy persons who are accepting an invitation to appear on the program. They are extremely pleased with the cordial reception they have received.

Buoyed by the enthusiastic response shown in this "big show," the Juniors are preparing for an audience of over 400 people—a ticket sell out. Members of the class will make tickets available beginning Monday. The proceeds will be used to help finance the Junior and Senior prom, and to promote the Junior Class P-TA Carnival queen.

DRIVERS' LICENSE EXAM DAYS CHANGED

The Village of Ruidoso announces changes in the time and days for the administering of Drivers' License exams, according to Clark Jim Hine.

Written tests are given during regular office hours at the Municipal Building other than the time designated for the road tests which are Tuesdays—from 2:00 p.m. to 3:00 p.m. and Saturdays from 8:30 a.m. to 11:00 a.m.

"A word of advice to those persons who are now residing in New Mexico and hold valid out of state drivers' license. You do have to take the written exam and eye exam only. Also the State requires that you surrender your out-of-state license," Hine said.

Board of Directors Named By Thespians

(Left Out Last Week)

In a meeting of Little Theatre enthusiasts at the Marc Valen home here last Thursday evening, Mr. and Mrs. Valen and Dean Tidwell were named as a board of directors for an organization that plans to present stage plays here with local talent. Valen was named chairman of the board.

There were 15 persons present, and plans were laid to present the first stage offering, an Evening of Comedy, the night of Wednesday, Nov. 21, Valen said. The program will include humorous and satirical sketches.

Others here interested in Little Theatre activities are invited to join the organization, Valen stated.

Others in attendance included Delma Turner, Jim Chandler, Delsie White, Bob Pearson, Bill Toole, Frank Botono and Jack DiPaolo.

Valen made this statement about the organization:

The Ruidoso Playhouse, Inc., is a non-profit organization dedicated to furthering the cultural enrichment of the Ruidoso area. It was decided that the slogan for the Playhouse would be "Enrich your life . . . See a play." Their first play will be called "An Evening of Comedy", and will be held at Carrizo Lodge on the evenings of Nov. 23 and 24, and Nov. 30 and Dec 1. It will include two very funny sketches by Ira Wallach, and a one-act comedy apropos to the holiday season, by Douglass Parkhirst. This should prove to be an hilarious evening for those attending.

The second meeting of The Ruidoso Playhouse, Inc., was held on Monday, Oct. 1, at which plans were made for a Christmas play. The group also began a series of acting exercises under the direction of Valen to prepare them for their actual performances. Valen related some of his experiences as a professional TV actor on such shows as Robert Montgomery Presents, The Philco Playhouse, Kraft Theatre, Studio One and other TV shows during the golden age of live television, and his association with summer stock and little theatre. His preparation for an acting career included study with Marlon Brando's teacher, Stella Adler and Montgomery Clift's coach, Mira Foslova in New York City.

Picacho Ranch, Ancho Exhibitor Are State Fair Winners

(Left Out Last Week)

Ranches of Encino and Picacho took top prizes in the range sheep show at the State Fair. Leo Vicenti of Dulce took first place in both of the special Indian divisions of the range sheep show.

Sheep of Victor Perez and Sons of Encino took all prizes in the fine wool, heavy classes. Vicenti took the only two prizes awarded in the fine wool, light division. The Fuller Ranch of Picacho, Lincoln County, took all prizes in the medium wool class.

A lamb entered by Rudy Quintana of Pecos was judged first place winner in the special "lamb carcass" competition at the State Fair sheep show.

The contest is a comparatively new one for the fair. Lambs are first judged live. They then are slaughtered at an Albuquerque packing house. The carcasses are then judged. Prizes are awarded on the basis of composite scores of live animal and carcass.

Other prize winners: Don Roby Knight of Ancho, Lincoln County, second; Al Porter of Socorro, third; Danny Hinderliter of Rowe, fourth; and Knight, fifth.

Other winners in the show were Allen Brunson of Corona, in fine wool fleece; Cooper Brothers, Tinnie, in the one-half blood fleece; and Lynda Harrington, Picacho, in the three-eighths' blood fleece.

LANE STRIPES TO BE PAINTED; STOP SIGNS ERECTED

Village Marshal Bob Jurney this week announced lane stripes will be repainted on Sudderth Drive soon, and he urges motorists to observe safety rules of driving in the proper lane, especially on approaching a corner to make a turn. Drive in the left lane if you plan a left turn, in the right lane if you plan to turn right, Jurney said. He also said village police will begin issuing citations to those people who cross the street and park on the opposite side, or facing opposing traffic. He added additional stop signs and yield signs are to be installed on lateral roads entering Sudderth.

Jurney added Ruidosoans must learn to observe traffic laws in driving on 4-lane Sudderth Drive. "When you go to another and larger city, such as El Paso, Albuquerque or Lubbock, and if you drive there like you drive here—you're going to get killed," he declared after observing local motorists weave all over the road, ignoring lane stripes.
