Around Town

—By Nosey Waters—

Quite glad this week was Carmon Phillips down at the Old Mill who had secured a copy of a photo of Billy the Kid and Pat Garrett together—quite a historical gem. Carmon is slowly getting the biggest stock of Southwest Lore books in his book department of any store in the state.

Local musicians get together at the Buckaroo in Ruidoso for a jam session each Friday night. We hear.

Concrete foundation has been poured and work of moving the old R. H. Anderson Lumber Co. frame office structure west a few feet from its present location on U. S. Highway 70 in Ruidoso will be done in a few days. To make headquarters for a new business, to be announced by Lou Baker, owner of some property in the Ruidoso Valley east of Ruidoso Downs. He says if all goes well the new business should be open early in March. Another new building is to be opened to the public soon in Brumell's Department Store here which will be housed in a brand, spanking new edifice next door to the present store, in about one more week or so.

A very fine piece of publicity about New Mexico's skiing areas, with a special plug about the new Sierra Blanca resort at Ruidoso appeared in the Jan. 21 issue of the New York Herald-Tribune, written by James R. Ashlock, public relations man for TWA, world-wide airline. Ashlock is the son of the Ralph Ashlocks, Ruidoso couple. A resume of the history of Lincoln County, along with a story on Ruidoso Downs is included in the lengthy story.

County Tax Assessor Lloyd Vigil is building up pro works in the Ruidoso Village Hall, taking in donations from local residents on their 1962 taxes. His last day here is Friday (today). Village Clerk Jim Hine reminds one and all that March 2 is the deadline for driving your vehicles with the 1961 tags. New tags can be bought here at both the Ruidoso and the Ruidoso Downs village hall. Hine says. No checks can be accepted for vehicle tags, and you are reminded to bring your vehicle tag notices, mailed you from Santa Fe, with you when you apply for your 1962 stickers. Some businessmen here have had their Ruidoso News to run a page ad next week congratulating Sierra Blanca Corporation on the success of its opening season, and to thank them for the extra business that has been enjoyed from the big crowds that have been skiing weekly in White Mountain Park. We'll try to see everybody in town next week that name on this ad, but if you want on it, better make sure we include you by calling us in the next day or two. Let's make it pretty unanimous, hey?

Those persons who have attended an all-state band concert in Albuquerque in years past will know what we mean when we say it is a very thrilling and memorable experience. Last week-end we were with a group of Ruidoso, sponsors and students who participated and it was the eighth year in a row that the state band performed at Ruidoso. It was the eighth year in a row that the Ruidoso band was selected to be the featured band at the state concert. Four bands were picked this year. (Only three were able to participate, however, with one of the candidates not going because of illness.) About 200 of the most talented teen-age musicians and singers in the state, from schools all over the state, performed at the concert, in a broad group, and in two concert bands. They were directed for a day and a half by experts from a wide area, who knew how to get the most response from young musicians—and the finished product, the concert on Friday night—let us all in a class. Each of the four groups earned prizes for itself in rendering difficult, melodious, well-performed presentations. If you ever have the opportunity, or can make an opportunity, to attend the program, we recommend it very highly. You will think it is one of the most worthwhile experiences of your life. Special treats for the youngsters in connection with the all-state music program was a dance after the concert, and an opera performed Saturday morning especially for their benefit. For about six seconds we joined with the teen-agers in trying to twist. That, also, was an experience we hadn't counted on.

Special thanks go to the Kiwanis Key Club members and some of the high school boys, says C. O. Pearson, Tommy Fertet, for putting on "Thanks to John Sud."

Heavier Snows Reported Four Other Januarys in 17 Years
 Four other Januarys in the last 17 years saw more snowfall in Ruidoso than January of 1962, so reports C. A. Culver, co-operative observer for the U. S. Department of Commerce Weather Bureau here. In January of 1945, 30 inches fell; in 1940 almost 24 inches was recorded in the first month, and in January of 1968, more than 18 inches was measured. Two winters ago, in 1960, 23.8 of snow fell in January.

January of this year had 14.55 inches, which is about average for Ruidoso for this month. A comparative weather data chart for January since 1944 is given from Culver's records below:

RUIDOSO DOWNS VOTES ON 1c TAX SATURDAY

Qualified voters of the Village of Ruidoso Downs will vote in a referendum election Saturday this week whether to retain a one cent on the dollar sales tax, as Ruidoso now has, or reject it. The tax was levied late in 1961, to go into effect Saturday this week, by the Ruidoso Downs Board of Trustees. An election was called for the residents to decide the issue when a petition bearing more than 60 names "vehemently" protested the tax and asked it be put before the citizens to vote on.

Voting will be from 8 a.m. until 7 p.m. at the fire station in that community. An official election proclamation appears in today's News listing election judges, clerks, and challengers. Proponents of the tax say it is needed to provide revenue for much needed community improvements. Opponents say the annexed area to the village will provide extra property tax to give the city officials the necessary revenue.

RUIDOSO CALLS ELECTION ON G. O. BOND ISSUE IN APRIL

Ruidosans will vote on Tuesday, April 3 on an issuance of \$47,000.00 in general obligation bonds for part of the financing needed for a general renovation of the city's airport. Plans are to lengthen the present landing strip from 4,700 feet to 6,000 feet, widen it, and install a paved taxi strip parallel to the landing strip, and also pave a tie down area. In addition to voting the bonds for \$47,000.00, the village has made application to the Federal Housing and Home Finance Agency for a loan of \$40,000.00, to be repaid from gasoline tax collections of a cent a gallon in the city; and then, a grant of 58% of the total cost of the project, which may amount to as much as \$140,000.00 being sought from the Federal Aviation Agency for the improvement project, to provide the balance of the overall \$240,000.00 the project is expected to cost.

SCHOOL SITES, CITY BUILDINGS FORESEEN IN NEW AREA

The County of Lincoln and the State of New Mexico Highway Department will share cost of paving parking areas around local schools, and a stretch of about a mile through Paradise Canyon, it was announced here Monday by Kenneth Nosker, county board of trustees chairman. Nosker said the project would cost more than \$50,000, and that the county will contribute manpower, machinery and some materials, with the state handling the rest of the work and cost.

County, State to Pave Paradise Canyon Road; SCHOOL PARKING AREAS

Major Robert Pearson said before members of the Ruidoso Municipal School Board in a special meeting of that group Sunday a proposal for joining with the Village of Ruidoso in buying a portion of some 60 acres of undeveloped land in the heart of Ruidoso for future use for school construction, recreation facilities and for use, also, by the village for city offices and facilities. The land is that portion of Cree Meadows Golf Course that has not been developed, and is north of downtown Ruidoso, across the Rio Ruidoso.

WOMAN'S CLUB To Sponsor Vogue Sewing Contest

Fashion sense and skill with a needle could make a Ruidoso clubwoman the winner, this year, of a three-week fashion tour of Europe—top prize in the 5th annual Fashion-Sewing Contest sponsored by the General Federation of Women's Clubs in cooperation with Vogue Pattern Service and the Woman's Club Service Bureau.

Plans for entering the nationwide competition to select the "Ideal All-Occasion Costume for Clubwoman" have been announced by Mrs. C. W. Estes, Contest Chairman of the Ruidoso Woman's Club. It was pointed out that each entry must be made and modeled by the individual club member who submits it, the winning entry being selected on the basis of appropriateness for club occasions, becomingness for wear, over-all fashion effect, and workmanship. Judging of entries from the Ruidoso club is scheduled for the latter part of March. Mrs. R. K. Knox was the local winner last year.

The winner of this local judging will be eligible to compete in the District judging, the winner there competing in the State Federation judging in April. The final round of the Fashion-Sewing Contest, the top winner from each state will go on to represent her state in the National judging, to be held in New York City in mid-May. The grand prize for the first place National winner will be the three-week fashion tour of Europe for two people, while second and third place winners will receive \$500 and \$250 respectively. As part of their honors, the two top winners will also attend. (Continued to Page 8)

Blanche Groves Circle Studies Home Missions

The Blanche Groves Circle of the Women's Missionary Union of the First Baptist Church met at the church Thursday. Mrs. Claud Peterson called the meeting to order and gave the scripture reading taken from the 22nd chapter of Psalms. The call to prayer was led by Mrs. Ben Donathan. The group began a new book study entitled "Glimpses of Glory" by C. G. Wilson, which is a book on Home Missions. Mrs. Alma Russell reviewed the first chapter of the book. A brief business meeting was held with Mrs. J. E. Olose presiding at which time a menu was planned for the young people's annual Valentine party and banquet to be held at the church Tuesday night, Feb. 13. WHAT IS THE POWER OF The Printed Word

The printed word has been used since the invention of type more than 500 years ago to express (or sell) ideas. The printed word has done more to advance human knowledge and progress than any one thing. Today, words are the tools of statesmen, educators, great advertising campaigns. The printed word gives your sales message an impact no other communication can. Your idea is preserved for reference, for study, for action.

THE PRINTED WORD IN RUIDOSO SELLS MANY THINGS FOR MANY PEOPLE

For more than 15 years the primary purpose of The Ruidoso News has been to HELP PEOPLE SELL THINGS. How? Through display advertising, through notices, through letters to the editor—through want-ads. What means can you use to best find additional help if you need it? Through a Ruidoso Want-Ad, because that's what the people READ. Where do you go when you want to announce a new business. To the Ruidoso News to tell the most people. If you have a special sale, or add a new service, or enlarge your facilities to offer a wider variety of goods—what is the surest means of telling the MOST PEOPLE? It's the Ruidoso News. How come? Because of the News' full coverage of the home area. The News prints an average of more than 2,100 newspapers weekly year 'round (the total sometimes goes above 2,500) and that means AT LEAST 5,000 PEOPLE read each copy.

The Ruidoso News is Habit Forming, we like to think—for it is read consistently, and thoroughly. The News may be a weekly, but it is read daily, for several days after each issue. It is referred to for many things. Let us help you keep sellin' 'em, dy tellin' 'em with THE PRINTED WORD!

WARRIORS WIN OVERTIME CONTEST WITH ST. PETER'S FRIDAY NIGHT

Defeat Hagerman Saturday Night

The Ruidoso Warriors closed out their road schedule for the season last week-end defeating St. Peter's Friday night in a close overtime contest, 66-55, at Roswell and downed, 66-55, at Hagerman Saturday night at Hagerman, in a game that went right down to the wire, 45-44.

The Warriors recovered from the loss of two starters and the flu bug the week before that had lost the local crew two crucial contests in sub-district play to gain the two important victories.

Ruidoso took advantage both nights of their opponents mistakes in the waning minutes to pull out hard earned victories.

The local squad Friday night held a slim one point lead at the end of the first period, 12-11, and stretched the margin to nine points at half-time, 20-11. Trailing 44-34 with three minutes left in the third period, St. Peter's began finding the range as the Crusaders added six quick points to put them back in the game after three periods.

The Crusaders kept popping the ball in the final period hitting quickly to the hoop to tie up the affair as the Warriors could not make a basket in the first two minutes in the fourth quarter. Ruidoso caught on fire going ahead for the first time in the final stanza, 40-48 with 4:08 left to play. St. Peter's came back with two more points but the Warriors took a 52-48 lead with a little more than two minutes left.

The Crusaders cashed in on two free throws and a basket, to regain the lead with 1:16 left, but once again the Warriors came through as Gary Russell hit a driving lay-up to send the game into overtime.

Suddenly St. Peter's found themselves the victims of their own mistakes. William Howard and Alf Lane made free throws and Lane added two more and Russell followed with a basket to give the Warriors a 60-54 advantage with five minutes left. The Crusaders could only manage one point in the short time left as they tried desperately to close the gap.

Ruidoso tactics in the contest using a driving game, working off screens, to rack up their points. The full court press formerly used by the Warriors in their previous games with the Crusaders was laid aside and a zone defense kept the St. Peter's crew from using a fast break to its full advantage.

Three players scored in the double figures for the Warriors with Gary Russell collecting 17 points and William Howard and Alf Lane right behind with 16 and 13.

FRESHMEN LOSE TO ST. PETER'S FROSH

The Ruidoso Freshmen lost in the preliminary game with St. Peter's last Friday night, 63-40.

David Scott led the Ruidoso effort with 22 points while Mill Warner of St. Peter's scored nearly half of their total points with 30.

WARRIORS COME FROM BEHIND

Saturday night the Warriors came from behind after trailing in the contest for three quarters, to down a vastly improved Hagerman crew, in the final minutes again, 55-54.

Virgil Reynolds, a little guard who came off the bench and played sparsely in the last few games, led the Warrior scoring with 16 points and joined with Alf Lane in the final period to score 10 points between them to pull out the victory.

Hagerman led 18-16 in the first period and jumped its lead to eight points at the end of the first half, 32-24, but the Warriors came back after the cold first half to pull up

within one point in the third period, 41-42.

The Warriors found themselves behind six points with less than two minutes to play and repeated their performance the night before with Reynolds and Lane combining for 10 points followed by Clarence Jay, William Howard and Gary Russell totaling five points to squeak-by for the victory.

Three other Warriors hit in the double figures behind Reynolds' 16 points, they were Russell with 12, and Howard and Lane with 10 each. J. Sparks had 13 points for Hagerman while teammate Bill George grabbed high point honors with 24.

HAGERMAN B DEFEATS RUIDOSO B

Ruidoso's B team lost its second game in as many nights losing to Hagerman B, 55-34.

David Scott led both teams in the scoring column with 17 points for Ruidoso while David Barela of Hagerman scored 10 points.

RUIDOSO ENDS SEASON ON HOME COURT

The Ruidoso Warriors wind up the regular basketball season this week-end playing Hondo tonight (Friday) and Cloudcroft Saturday night.

If the local crew can come up with two victories in the contests this week-end they will round out the season standing in third position. St. Peter's is in second place at present having lost three games in sub-district competition while the Warriors have lost four.

Carrizozo clinched the 5-B sub-district title last week in a victory over the Crusaders of St. Peter's and will not have to play in the tournament to be held here next week, Feb. 15, 16 and 17.

The tournament will begin on Thursday and run through Saturday with the fourth and sixth team in the sub-district playing Thursday to determine who will play the second and third place teams.

Capitan Trips Hondo, Tularosa In Week-end Tilts

The Capitan Tigers picked up their third and fourth straight victories last week-end, downing Hondo Friday night, 53-38, and upending Tularosa Saturday night, 47-41.

The Eagles of Hondo had Capitan on the run at the end of the first half, with a five point lead, 21-21 after the Capitan crew had held a one point lead at the close of the first quarter of 14-13.

The second half was completely dominated by Capitan as the Tigers held the Eagles to only five

Sports Spouts

There was a large photo, and an interesting bit of news about a former Ruidoso Downs jockey, Herbert Hinojosa, in the latest issue of Sports Illustrated, which has a world-wide circulation. The article about him said: Herbert Hinojosa, the 25-year-old son of a Mexican mother with Indian blood and a Castilian father, began riding when he was 8—fired onto a quarter horse to keep him aboard. At 18 he turned up at Ruidoso Downs in New Mexico. "In 1956," he says, "I led all the riders at Ruidoso Downs, but when I got my neck and my leg and my arm and four ribs broken I begin to think maybe I am in the wrong place. If I am going to be broken up, it may as well be at a big track. Maybe I don't win so many on the big time, but at least I will be alive." In five years Hinojosa became a first-rate rider. He was the leading jockey at the recent Tropical Park meeting.

Crenshaw Selects New Mexico State

Carrizozo's sensational back, Bobby Dan Crenshaw, has announced his intentions of enrolling at New Mexico State University. Head Coach Warren Woodson, of that university, reported last week.

Crenshaw, a 6-2½, and 200 pound member of United Press International's Class C All-State football team, set a record of 186 points in Class C this year while competing with the Champion Grizzlies of Carrizozo.

Grizzlies Top St. Peter's; Take Title

The Carrizozo Grizzlies clinched the Sub-District 5-B title at Carrizozo last Saturday night with a 64-54 victory over St. Peter's.

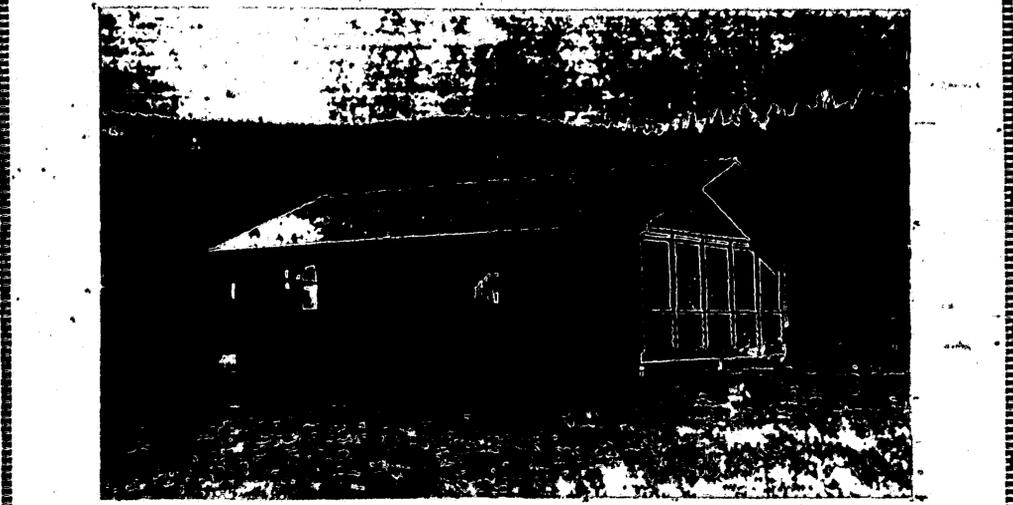

The Grizzlies pulled ahead after a nip-and-tuck first half to chalk up 20 points to the Crusader's 12 in the third period which vaulted the champions to their crown. From the middle of the third quarter down to the final period Carrizozo held an eight to 10 point lead.

St. Peter's grabbed the lead early in the contest and took possession of the first quarter 15-11. In the second period the Grizzlies came roaring back to edge the Crusaders one point at halftime, 27-26.

Excitement on out the game belonged to the Grizzlies, as Bob Ortiz poured in 12 field goals and five free throws to give Carrizozo the margin of victory.

St. Peter's John Rodriguez led the losers with 19 points, followed by teammate Spencer Fields with 10. Bobby Dan Crenshaw also hit in the double figures for Carrizozo with 12 points.

The game was Carrizozo's 11th victory in sub-district play with no losses.

Sudderth Honored At Sierra Blanca

"John Sudderth Day" was observed Saturday at the Sierra Blanca Ski area. In honor of the occasion, John Sudderth, State Highway Commissioner, was presented with a jacket from the Sierra Blanca Corp. and given a tour of the area in the Oriskany, a snow surface vehicle. Jimmie Nunn, regional representative from the National Ski Patrol, visited the area over the weekend to give advice and inspect the quality of the patrol system. Nunn, also a member of the Olympic Ski Patrol, reported that Sierra Blanca passed the inspection with flying colors. Hais Burckhart from Germany, Yasi Teromolo from the Japanese Olympic Squad, Pete Totemoff and Kingsbury Pitcher from the Sierra Blanca ran an exhibition slalom course Saturday. Among over 2,600 people at Sierra Blanca during the weekend were Howell residents Dr. and Mrs. V. Marshall, Mr. and Mrs. Roger Cople, Mr. and Mrs. Tom Hall, Mr. and Mrs. Emmett White, Mr. and Mrs. James Jennings, Mrs. Charles Lovelace and Mr. and Mrs. Brian Cople.

Letter to the Editor

Mr. Vic Lamb, Editor: Ruidoso News, Ruidoso, N. M.; Mr. Lamb:

I would like to urge the citizens of Ruidoso Downs to consider carefully the many reasons Mr. Wm. D. Toole, the planning consultant of Ruidoso Downs, gave in your last edition, in favor of why we should pass our sales tax in this coming election.

May I point out that we do have a thinking group of men leading our city government. They have nothing personal to gain by suggesting this sales tax, except a better community, a better place to raise their families. Mr. Toole, in his letter, pointed out our potential. We certainly do have the greatest potential of any community our size in the state of New Mexico. We probably have the largest numbers of visitors during our tourist season, not only in the state of New Mexico, but many other states in our country, and have very little to offer them in return for their visit, except our Ruidoso Downs Race Track and our beautiful mountain scenery.

Our obligations do not stop with our visitors and friends. It starts with our citizens at home. We need and must have sanitation equipment. We need and must have street equipment. We need and must have police equipment. These and many more items, the state

and county have had to assist with in the past, which makes some burden on all the citizens of the county. I feel it is our individual obligation. Mr. and Mrs. Citizen of Ruidoso Downs, consider what the sales tax in the past few months has done for our neighbor, Ruidoso. Due largely to their 10 sales tax they are definitely on a forward march and not one family has missed a loaf of bread. Shall we be left behind or shall we progress? Let's vote yes for our sales tax.

A new service initiated by Western Union last month was the P. O. M. Messages, P. O. M. standing for Public Opinion Messages. The characteristics of this service are: The messages can be sent only to the President or vice-president of the U. S., a senator or a representative. The destination is Washington, D. C. only. The length of the message is a maximum of 15 text words. There will be no charge for the signature, sender's address must be included and transmitted. Multi-signatures are not allowed except for Mr. and Mrs. The cost of the message is 75c plus tax. It was reported by Mrs. Redmann, Western Union operator in Ruidoso. The Western Union is located in the Chamber of Commerce office on Sudderth Drive in the lower canyon.

Junior High and Elementary Notes

Fifth Grade—Mrs. Traylor
Richard Keith, Dale Perry, Reporters

The fifth and sixth grades had a basketball game with LaLuz Friday. We beat them 18-10. The fifth and sixth played a game against each other. They tied. Those who made the points in the 5th grade were Ricky Scott, 10; Jack Vallant, 4; Dale Perry, 2, and Larry O. 1.

Last week we saw some films on the Constitution of the U. S., and a film on germs. We have some books that we are using with our science books to help us to learn about stars and the planets. We are going to write a report on all the presidents of the U. S. A. Also the first sentence of the Declaration of Independence and the Preamble to the Constitution.

Ricky Scott and Dale Perry went to St. Peter's and to Hagaman. We traded library books Monday with Mrs. Hawkins.

Sixth Grade—Mrs. Meeley

We have a new girl in our room. Her name is Ethel Enjady. We are glad to have her. She is from Santa Fe.

Delora went to El Paso last week. Their car broke down and they had to stay until Thursday. We have been studying the human body in science.

Fifth Grade—Mrs. Hawkins
Tom Jones went up to the ski

run on John Sudderth Day. Mrs. Hawkins' room had a play Monday called "Robin Hood" and one on Tuesday called "Murder's Bath". Shannon's grandmother came over for the whole year. Steve's family went to Fortales and brought back his grandmother. Those having birthdays in February are Eddie Fenwick and Worth Gardenhire.

Sixth Grade—Mrs. Mills
Vickie Sigler, Reporter

Last Friday, Feb. 7, the fifth and sixth grade boys played the LaLuz Cardinals. The boys from our room were Tommy Valliant, Bill White, David Pratt and Wade Lane. The score was 19-8 in our favor. Tommy Valliant made the first two points.

Last Sunday Johnny's Allen had her twelfth birthday.

In Social Studies we are starting to study Russia's "satellite" countries. They are Poland, Czechoslovakia, Hungary, Rumania, Yugoslavia, Bulgaria, and Albania. We are also making reports on Edward Roper, Chopin, Kowalski, Franz List and Joseph Pulitzer.

In science we are almost through with our work. Soon we will be studying in our textbooks again. On Tuesdays and Thursdays we watch Elementary Science on channel 8 TV.

In reading we have checked in our books called Bright Peaks. We checked out a book called People and Progress. In Language we are comparing adverbs and adjectives.

John Armstrong tried an experiment to take calcium out of a chicken bone by putting it in vinegar. It worked fine.

Susan Conley and her brother Douglas are on the sick list. We hope they will get well soon.

We also saw a film on Our Un-

TV EDUCATION AID—Science students in school's station KWME-TV. The students see a Ruidoso High School, in Stanley Stewart's program that is scheduled each Wednesday class, are shown watching a science program on television, broadcast by the Albuquerque

seen Enemies. They include Leprosy, Elephantiasis, Yellow Fever, Malaria and many more.

Later the weather has been very nice. We guess the Groundhog did see his shadow, because the wind started blowing Saturday.

Nob Hill School
Second Grade—Mrs. Demagan

The boys who made 100 in spelling last week are, Corky Ooley, Johnny Filleman, Joey Hawkins, Paul Leitwick, Danny Orloaky, Rickie Staples, Johnny Taylor, Jimmy Joe Wall, and James Windham.

All the girls in our room made 100 in spelling last week. They are D'Aun Browning, Linda Curry, Annelle Jones, Susan Payton, Rozelle Rodgers, Becky Sharp, Susan Starkey, Pam Tully, and Laverne YBarra. Cindy Barlow moved to Roswell.

News Items From the Ruidoso News Feb. 7, 1947.

New Mexico state authorities this week assured a delegation of Ruidoso citizens at Santa Fe of their fullest cooperation in working out plans for the establishment of a high school here by September. Members of the Ruidoso delegation were Emmett Reese, A. B. G. E. Vaughn, Jack Hull, Herbert Smith and Jack Parnell. The delegation

was told that everything would be done to obtain a high school for Ruidoso which then had over 1500 population. This would bring to an end the necessity of having Ruidoso school children traveling more than 100 miles a day to attend school classes in Capitan.

Electing to serve on the Board of Trustees for the Ruidoso School District, which included Ruidoso and Stanton schools, were Herbert Smith and Dewey Gann, Sr., of Ruidoso and Jack Parnell of Palo Verde (Ruidoso Downs). The 128 votes cast in this election was a record number as this was the largest group of people ever to have voted in a school election in this district.

Jack Shaw of Ruidoso was a call roping contest in El Paso. He roped six calves in 122 seconds.

The Clarke Trailer Shop at the corner of Main and Center streets was razed this week to make way for a new tile and stucco structure to be erected by Mr. and Mrs. M. M. Clarke. The building which was demolished this week, was built in 1924 by Mr. and Mrs. A. W. Stone who operated the old Big Pine Trading Post at this location. Later J. E. Clarke operated a grocery and feed store in that location.

The Ruidoso School Lunch room had recently been remodeled. It was located in the basement of the old gym, now City Lumber Co. Mrs. J. V. Hobbie and Mrs. J. B. Word, the two women who had charge of the Hot Lunch Program, continued to serve from 125 to 126 children a day.

White Mountain Grocery in downtown Ruidoso was sold by Jay Powell to C. G. Longabaugh & Lohb and Gene Fowler of White Mountain Court.

IS SPEAKER — Robert O. Anderson of Roswell is featured speaker at the third annual Public Relations Seminar of the New Mexico Bankers Association in Albuquerque this week-end.

Anderson, a New Mexico resident 20 years, is president of Hondo Oil and Gas Co. and board chairman of the 11th District of the Federal Reserve Bank in Dallas.

Anderson, also, is the prime financier of Sierra Blanca Corporation, builders of the fabulous winter and summer resort 16 miles northwest of Ruidoso.

Alto Briefs

By AILEEN LINDAMOOD
Here on Thursday to spend the graveside services for Dave T. Schryer were: Virgil Manibel of Carlsbad, Mrs. C. P. Harrington, Mr. and Mrs. C. E. Anderson and "Red" Burnett, all of Alamogordo.

Sunday Mr. and Mrs. Oscar Samalson came over from Ruidoso to see the Lindamoods.

The Lem Craig family of Ruidoso stopped by on Sunday. It was nice to see "Slim" out and around again after being in the hospital at Roswell for several weeks with a back injury.

Mrs. Sidney Freston was a victim of the flu bug the past week and has been quite ill. At present she is much improved.

Alan Johnson of Carrizozo was here on Wednesday. He and F. B. Lindamood spent the day at the Sierra Blanca ski run and reported a wonderful day had been enjoyed. They were interested in seeing the lovely place but did not ski.

Emily Mass of Ruidoso Downs was in the community on business Wednesday.

Thursday Robert Creel was here from Carrizozo.

Mrs. George Diagonal and Truman Spencer, Jr., of Carrizozo visited the Lindamoods on Friday.

Mr. and Mrs. Bill Moore of Brownfield, Tex., spent the weekend with Mr. and Mrs. Lawrence Peobles.

Mrs. Roscoe Cloud of Captain came over on Saturday. It's always a pleasure to have another postmaster visit the Alto Post Office.

Friday Dan Swearingin of Ruidoso made a stop at the store.

We owe another "thank you" to the State Highway Department. The past week a snow machine was attached to the No. 12 motorcade that is being operated on the road to the old mine in the area of the old mine for the traffic. This enables the operator of the equipment to do a much better and safer job on keeping the snow off of the road. The men who man this equipment are busy keeping our highways clear of snow after storms as well as keeping the ski road open. Right now they are in the process of being set to not the bumper on last fall during the heavy snowstorms. It wouldn't be fair to also complain about the county road workers at this time because they have helped to keep the county roads open during our snow storms.

ONE-TIME TELEGRAPHER—Mrs. Jeanette Browning, employee at Ruidoso Cable TV office here, had many interesting experiences as a railroad telegrapher in New Mexico before she was married.

Ruidoso Downs Woman Began Career as Telegrapher at 17

BY FRIEDA BRYAN BYATT
Back in 1941 a teenage girl took an apprenticeship as a telegraph operator for the railroad. She completed it in six weeks, about one-third of the usual time required to learn such work. In doing so, Jeanette Coe started on an exciting career, during exciting times, and in a man's world.

Jeanette, the present Jeannette Browning of Ruidoso Downs, was then 17 years old. Because she was under 18 her mother had to sign for her in her application for telegraph operator work. The girl served the Santa Fe Railroad as telegraph operator from 1941 to 1945. The last two years she was at Yaso, N. M. Her apprenticeship was taken to Artesia, the branch line. Then during and winter months—Jeanette was sent to the main line between Florida and Eden. This was in the Peconic Division. For her entire railroad career she was a member of the Order of Railroad Telegraphers and still has her card, a prized possession.

Mrs. Roy Newman from Roswell spent Sunday with Mr. and Mrs. T. O. Delaney, Jr.

Mr. and Mrs. Doc Crane and Mrs. R. H. Anderson were in El Paso over the weekend and attended the races at Sunland Park.

Barney Henderson from Alamogordo was a business visitor here last Monday.

up", recalls Mrs. Browning, "and finally ended up taking the rancher's word for it."

Jackie was the second girl to go out on the Peconic Division. Up to this time only men had been hired to do the work. "There was a certain amount of satisfaction," notes the brave girl, "in being part of something big and exciting. This was during a period when the country was moving men and materials in a war effort. In addition, there were shipments of produce and livestock that had to be handled." Not a troop train came through but what she did not wave at it.

The new telegraph operator really pioneered at the tiny town of Duro, 30 miles from Vaughn. Jackie and another operator lived in a house in this town and that was all there was to the spot. To get groceries she hitched a ride in the caboose of a train to Vaughn and then came back. In Jackie's words: "There was nothing else at Duro—only us."

Recalling those days the former telegrapher says that workers on a train are closer than in any organization she knows of. At that time there were only two or three Diesels on the road. "We thought they were real fancy," she says with a smile. "Most of the engines were huge 5000's. These had to take water at the stations. It was like working a job saw for the dispatcher to fit the freight trains on the track so as not to delay the passenger train or keep the freight crews from working too many hours at a stretch."

The workers were limited to a 16-hour call. This was called being "on the law". The moment the 16 hours were up in, when the crew orders, a brakeman walked back to the station (the train had not been able to stop for several hundred yards) to get the order when Jackie ran down the track, in the darkness, to meet him and help get the train on the way. She heard a terrible noise in one of the cabs as she went by. "I ran as hard as I could go," remembers Jackie. "The brakeman insisted on going back with me. We found the noise was made by wrapping paper blowing in the open doors of an empty box car. I had been terrified for I thought a tramp had made the noise." Jackie leworked the 12 p.m. to 8 a.m. shift because she did not have any spousal.

When a double track was put in from Vaughn to Clovis, Centralized Traffic Control machines were put in at the main office. This machine did away with the operators. Mexican Nationalists were brought in to do the work and they knew nothing about privacy. This became a bit embarrassing to the young girl for the Mexicans could not speak English and sometimes the situation was acute. The laborers were rough and gave no thought to a person's feelings. "It was an experience," admits Jackie, "I would not want my daughters to have. But I wouldn't take a million dollars for it."

The Browning children are Duddie, 14; Becca, 13; Roy Todd, 9; D'Ann, 7; Joe Bob 5. The family enjoys life with their horses and western rides on a small ranch below Fox-Cave which is on U. S. Highway 70 and east of Ruidoso Downs, N. M.

Jackie's pay for her work was good for those days. When she lost out as telegraph operator due to the new machine, she was put into the main office at Clovis doing teletype work.

At first the girl operators, back in 1941, were resented by the old telegraphers. They were young girls who could do the same work they were doing. The old boys gave

the upstarts the name of "Boomers". "What helped me be a good operator," insists Jackie, "was the second man I worked for, and the first on the main line. He was John Brown, a strict and stern man. Today he is agent at Roswell. I got the best training from him."

The training stint included such chores as having flares ready in case of any derailment or other train trouble; flares for instance used to signal trains with, knowing all the train whistles and signals; shunting the pages frequently in a rule and regulation book one-half inch thick.

Her bosses were strict. And the life was lonesome. Yet the work was exciting. The youngster had to have a railroad watch. Every six months it had to be sent in to be checked. "The watch could not be off even 2 or 3 minutes," points out Jackie, "for it might cause a wreck."

A train order had to be letter perfect. Four copies were made—one to engineer, one to the brakeman, one to the conductor, and one to the office. Orders had to be neat, the date exact, the time—yes, and everything else—exactly correct. If not, the train stopped at the station and stayed there until the order was corrected.

The former Miss Coe used a "finger shooter" to get the order into a man's hand who was on the train. This consisted of a large bamboo "Y" with a taut rubber band across the top of the Y. The order was firmly fastened inside the bands and the man yanked it out as the train roared by.

Everybody on the road worked together and Jackie was proud of this fact and of having a hand in it. She admires the work of dispatchers. They are the men who control the movements of the train from

the office. What with mechanization coming along less personnel is required than in Jackie's days. She is amazed that the trip from Clovis to Vaughn now takes only three hours. It took 16 hours when she worked at the station.

This veteran railroad worker can change with the times, however. For the past two years she has been general office worker and bookkeeper for a TV cable company in Ruidoso.

Lots of times, between handling calls for television cable service in the Ruidoso area, Mrs. Browning thinks back of the dreadfully lonesome life she led in various towns of New Mexico. Her biggest moments were to ride into Vaughn, get a big steak with French fries, and then catch the next passenger back to work. She was a tom boy and happy-go-lucky.

Now and then the feminine side of her would take over and she would go shopping. "It might not wear the new dress for months and months," she recalls. "I even went on a train a 100 miles to get a check on new clothes and not to get to wear them."

Inspiration to always be cheerful and always do her best came from a blind man. He was a teacher and ate three meals a day with Jackie in the house where boarded. Jackie would listen to music class over the telephone. A blind man seemed to be able to anything and he was always in best of spirits.

Ruidoso, like other communities is a busy place and knows the pace of mechanization. But former Jeannette Coe remembers a time when it was different. A couple of blocks from where works is J. D. Locke, motel owner. Mr. Locke was conductor on same division and at the same time as she was. D. D. Solar, her favorite dispatcher, is now one of chief dispatchers at Clovis. He fast with key opened a way of for Jackie that is gone forever.

NEVER TOO LATE . . .

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a membership of spiritual values. Without a strong church, society degenerates and civilization is in peril. There are four good reasons why every person should attend church regularly and support the Church: (1) For the sake of his own soul; (2) For the sake of his community and nation; (3) For the sake of the Church; (4) For the sake of the world. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verse
Sunday	Matthew	24	36-44
Monday	Matthew	25	1-13
Tuesday	Romans	8	21-29
Wednesday	Colossians	1	3-8
Thursday	Colossians	1	9-14
Friday	1st Corinthians	13	1-13
Saturday	Hebrews		

How I used to hate to practice the piano when I was a child! Yet, today, how I wish I could play well—and that I had the time to practice!
So often, we turn our back on opportunity, only to find, when we want it, that it's too late.
Not so with the Church. The Church gives you no reason for regrets. If, long ago, you gave up going to church, there is no reason why you can't start again now. Even if you've never gone to church, you'll find a warm welcome awaiting you this and every Sunday. For God's love is constant and everlasting.
In the Church it is, literally, never too late.

F. H. A. Meeting
Members of the Ruidoso Chapter of Future Homemakers of America took a test on the flower, colors, song, creed, purposes, emblem and motto of the organization, Tuesday, Jan. 30. Members were required to pass this test in order to remain in F. H. A. next year.

F. T. A. Meets
William Howard and Cheryl Curry presented an interesting discussion before members of F. T. A. in their regular meeting Monday. "How Teaching Can Be Influenced by Democracy" was Miss Curry's subject of discussion. William Howard spoke on "Why I Joined F. T. A."

Mr. Watkins attended the meeting Monday, when the organization completed Goal 2: "To secure accurate information in education and on the special characteristics a teacher should have". Goal 3 will begin next week—To secure information on teacher education and to help members prepare for college.

F. H. A. News
Candidates for National F. H. A. delegates from Ruidoso are Linda Cantrell and Sandy Jones.

F. H. A. members are planning for their enchilada supper which will be held in the home economics cottage Friday, February 16 from 5:00 to 8:00 p.m. Prices for the plates are \$1.00 for adults and \$0.50 for students, announced Miss Toni Tully, reporter.

F. H. A. Sweetheart dance has been postponed until March, Miss Tully reported.
Members of F. H. A. have made it compulsory for future members joining or to remain in the organization to take the F. H. A. test and pass it. The testing will include questions over the emblem, state and local colors, flower, and creed of the organization.

Play Staged Friday
Friday morning at 10 o'clock, Mrs. McCasland's speech class will present the one-act play "Mama's Getting Married". Students and parents are invited to attend the play staged in the gym.

Bulletin
Mr. Bill Pippin is on the convalescent list of a high school student who wish him a very speedy recovery. Mr. Pippin is a patient in the New Mexico Medical Center, in Roswell.

Basketball Subdistrict Tournament
Feb. 16 the basketball sub-district tournament will begin in the Ruidoso High School gym at 7:00. At present the placing for the teams are: St. Peter's, Ruidoso, Captain, Clouderot and Honda. These five basketball teams will be competing against each other to see which one goes to district. The team that comes out on top after this tournament will play Jal. Carrizosa in the district so they got a "bye". The second place will play Eunice.

Redwood logs, combined with aluminum windows, makes the Pritchard "TimberLodge" as near maintenance free as possible in the cabin is so good that it can be erected on a foundation by the rank amateur in less than a week. In fact, many build it in the first week and spend their second week living in it. It is any wonder that when American industry provides products such as these that we can have the highest income in the greatest amount of leisure of any country in the world. And, is it any wonder that the market for the second home, retirement home, the lake shore cottage has grown from a \$10,000, 600 industry in 1955 to a one billion dollar industry in 1962. Truly more and more people will be saying, "No, I wasn't born in a log cabin, but I sure have lived in one".

County Agent's Report

— BY —
RALPH DUNLAP

The Rural Areas Development Committee met on Jan. 26, at the Captain school, to look into the possibility of doing research into the frost damage of apples at blossom time.
Dr. Joe Corgan and Mr. Douglas Bryant, of New Mexico State University, spoke to the group on why blossoms can stand lower temperatures at some times than at other times.
Harry L. Swift, from the Washington Office of the U. S. Weather Bureau, informed the group on what causes frost and how the damage occurs. He used a blackboard to emphasize his talk. Here are some of the essential parts that I got from his talk: There are two types of freeze damage. The first is that of a cold air mass coming into an area from the outside. Usually it comes in from a northerly direction.
The second is a radiation frost in which we have a warm day and a clear, cool night with no winds. This is called a radiation frost, because the ground radiates its heat into space and cools the air immediately above it. With this type of frost, the temperature can be 10 to 18 degrees higher at 30 feet than at 4 feet, and 15 degrees between 4 feet and the ground. This is known as temperature inversion. Generally the warmer the day before, the greater the temperature inversion. Frost protection is easiest under these conditions. Dry air does more freeze damage than moist air.
In discussing the use of equipment for preventing frost, Mr. Swift mentioned several DON'TS. Don't use large fires, they do more damage than good, by scorching trees and sending large volumes of hot air up; thereby bringing in colder air from the sides. Use many small fires instead. Don't buy high priced equipment until you are sure it will work. Don't use a smoke screen as a heavy blanket of smoke does not protect the fruit.
To start he suggested that growers use some orchard thermometers that are accurate to record the temperature. To record temperatures accurately, the thermometers must be protected. An apple box with one end knocked out and installed facing north, is satisfactory. These need to be placed at 4 1/2 feet and 20 feet to record temperature differences.
Another Rural Area Development meeting is planned for Feb. 26, at Captain, to start getting background and resource material together for use in economic development in the county.
Sheep scabies was the subject of the Corona Farm & Livestock Bureau meeting Friday at the Corona Community room. Dr. H. O. Peterson, who is in charge of sheep scabies research, was the featured speaker. He showed slides and motion pictures of the sheep infected with sheep scabies. Dr. Peterson had some slides of the mite and a microscope to look at them.
Death losses of sheep due to halitosis can be prevented by feeding calcium phosphate, a mineral supplement commonly used in livestock feed. This is a finding of the Utah Agricultural Experiment Station.
Golden Delicious apples are the most sought after tree for planting in France and Europe and it is becoming more popular in Europe.
Another European custom is having fresh fruit for a dessert after a meal, instead of ice cream, pie or cake.

EDWOOD CABINS—
(Continued from Page 1)
I always eager to satisfy not only the needs but more important wants (and there is a difference of the American consumer, a going full speed ahead to meet demand.
Probably the company who has the most to market their cabins nationally is a local concern, J. P. Pritchard & Company of Texas City. They have combined modern with the old to make it easy to build and maintain their product called the "prefabulous TimberLodge". The Pritchard Com-

pany heretofore has been strictly in the engineering field. Their customers have been the "Blue Chip" of American industry such as Dupont, Monsanto, Dow, Mobile Oil, Shell, Atomic Energy Commission, and the Ford Motor Company. Today they are marketing their first consumer product. One of the products they have manufactured over the years is cooling towers used in air conditioning large factories, plants and mills. Cooling towers have been made of redwood because of the low maintenance needed.
Redwood was given the name of

"Sequoia Sempervirens" by botanists. This means "Ever Living". There is a reason for this name. There are redwood trees whose age is estimated at 4,000 years. They are the oldest living thing on earth. They were here before the first Christmas. They are here because redwood resists disease and decay like no other wood but cypress. In addition to that it will not be attacked by termites and never need be painted. In this area it will age to a beautiful silver-gray while in the dryer climates it will age to a creamy buff if it is never treated.

HIWAY 70 ACREAGE

Approximately 27 acres, 1,500 feet highway frontage large home and guest house, orchard in full bearing, choice variety of apples, etc. Has shallow water well with ample volume; one fourth mile of Ruidoso city limits. This acreage is in line at this time for commercial development now, not in the distant future. Good terms.

HOME ON THE RIVER

I believe when you look at this well constructed watered home in the Upper Ruidoso that you will agree with me that this is tops, as to location, comfort, etc.

Mr. and Mrs. Don A. Tripp from Boulder, Colo., were here visiting the Don Tripp and the Fred Greenwell. Don Tripp of Ruidoso and Mrs. Greenwell are the Tripp's neighbors.

Cecil Smith was a visitor in El Paso and Roswell Tuesday.

Mrs. Della Hale and S. B. Boykin were among Ruidosians attending a real estate board examination in Albuquerque last week-end.

Mr. Harry Shaver, of Albuquerque, mother of Mrs. Richard Parsons, is visiting the Parsons at present.

Mrs. Eve Ball has returned from a visit in Tucson, Ariz.

Mr. and Mrs. Roy Anderson were in Roswell Monday on business.

The E. D. Lander returned late in January from a visit to the California coast country during the holidays.

Les Crews reports he will be returning to Lubbock shortly for additional medical attention for a back injury and for x-ray treatment. He has already had one session there earlier this year.

The Eddie Siddons family visited his parents, Mr. and Mrs. Jack Siddons, in El Paso last week-end.

Mr. and Mrs. H. M. Graham were in Roswell Wednesday.

Visiting Mrs. Mary A. Looney last week were her brother, Curtis Marshall of Altus, Okla., and a friend of Marshall's, Mr. Anderson, also of Altus, and two sisters, Mrs. Ella Moore and Mrs. Rula McCain, who were born in Ruidoso.

"You mean when I was young," said Manuel.

"How young?" I asked.

"Well," said Manuel thinking back over the years, "they had not given me my driver's license."

"You mean you were about twelve or thirteen years old, maybe?" I asked.

"A little younger," said Manuel. "Two months old."

Some day we will get Manuel Corona to tell us a little something of the early days in San Patricio.

— THE SILVER LINING —
By Daniel A. Storm

Here we are already into this great little month between the Winter and the Spring—and what a beautiful Ground Hog's Day. And whether the Spring arrives early or late, it will be a glorious one this time, you may be sure. We can look forward to the warm sun and perfume of apricot blossoms will be floating up and down the valley. And do you know? We may have some apricots this year because of the extra cold weather. We do not often see apricots on the trees here in the Land of the Pecos and the Rio Grande. But when we do Ah, where could you find apricots the like of these! All these years I have been trying to find some way to save these early-blooming fruits—either that, or find a way to keep them real late. But more on this later.

The Great Little Month

Ground Hog's Day is not the only holiday in February. There is Valentine's Day, the 14th, and Lincoln's Birthday, the 12th, and Washington's birthday the 22nd.

As February is the month of mingled Winter and Spring, so is it a little season of cold and mild days, and often even of snow and sunshine within the same day.

We look back over the winter and try to guess how far it is to Spring. And the cold seems colder coming as it does amidst the sunshine. And the sunshine is brighter smiling quickly from behind the snow's back over the winter clouds ever so dark as in February? Or were the skies ever so blue? And so it is that February is sometimes a time of deepening and strengthening of our soul.

Yes, dear friend, February is a special month for me. My Mother and brother, Joe, both went home to Our Heavenly Father during this blessed month. So remember me, during these days, my cherished friend—and I will remember you and together we will go forward into brighter and brighter days.

Memories of Colder Days

I have been trying to figure out what happened to bring on this way below zero weather; and keep wondering if the weather man is going to give us the other barrel. Maybe the North Pole came unjostled and got to wandering around in the blizzards and drifted South—I don't know. Anyway I hope it is back in place again.

The only neighbor I have found who remembers a colder snap than this latest one is Manuel Corona of San Patricio. Manuel said that it got down to twenty-four below in San Patricio the other night, but that in 1908 it dropped to 28 below. I asked him if the people suffered badly from the cold that winter and he said, "No. In that time there was a lot of snow."

I asked Manuel if San Patricio

Mescalero News

Mrs. Shirley Davis, daughter of Mr. and Mrs. Glenn Davis of Mescalero, has been named Home-coming of Tomorrow for the Tulsa High School.

Ralph Shantz, Jr., son of Ralph Shantz, Sr., of Three Rivers, and Miss Roscoe Enjady, daughter of Mrs. Cynthia Enjady of Mescalero, were issued a license to wed on Jan. 2.

Cecil Kinburns, son of Nathan Kinburns, and Mrs. Delfina Zuzana, were also issued a license to wed on Jan. 4.

Supt. Kenneth L. Payton and Administrative Officer Albert M. Rennie went to Dulce on Jan. 10, to attend funeral services for John Kallias. Kallias was Superintendent of the Jicarilla Indian Agency and passed away on Sunday, Jan. 7, in Washington, D.C., where he had been on business.

The Civil Defense training session as announced in the last issue of the Scout was held at the Bent-Mescalero School on Jan. 2 through Jan. 5. More than 50 persons participated in the course on "How to Survive in the Nuclear Age". Mrs. Ruth Nelson, teacher at the Bent-Mescalero School, and Mr. Ned Reinhardt, Forester at the Agency, were the instructors. Tony Genia, Chairman of Civil Defense in Otero County, was on hand on Jan. 4 and gave a very enlightening talk on the subject. Three hours of training were held each night with a short break for coffee and cookies.

Miss Claudine Gaines, daughter of Mr. and Mrs. Amos Gaines, left

for the Women's Marine Corps in South Carolina during the last week in December.

Larry Gerodino, son of Robert Gerodino, Sr., and Mrs. Juanita Martine, was home during the Christmas holidays. Larry is in the armed forces.

Mrs. Ouida Miller has been filling in at the Mescalero Store as clerk for Mrs. Alice Wels, who is in New York City visiting relatives.

Many of the school children attending the Santa Fe and Albuquerque Indian Schools returned home for the Christmas holidays.

Harold Choe is currently stationed at Fort Ord, Calif.

Carl Kashe, son of Mr. and Mrs. Isaac Kashe, was home over the Christmas holidays, arriving Dec. 26, and leaving on Jan. 1. Carl is in the United States Navy and is

currently stationed at Oak Harbor, Whidbey Island, Wash.

Ray Carden, Walter Skates Marine Corps, son of Mr. and Mrs. Leo Carden, arrived in Mescalero on Jan. 18, for a short visit. He left Jan. 19, for San Diego, and from there, will go to Okinawa where he will be stationed for a year.

Scholarship applications for College were approved for Raymond Kirgan, Eva Ann Gerodino, and Clement Bismouth, all of Mescalero.

Sub-zero temperatures handicapped many people in Mescalero during the first part of January. Owners of cars couldn't get their cars started. The Agency Office looked deserted with no cars parked outside the building. Some people reported temperatures ranged from 20 to 30 degrees below in several areas.

Mr. and Mrs. Larry Eugene Shaffer and family are back in Mescalero. Mrs. Shaffer is the former Rita May Little, daughter of Andrew Little. The Shaffers had been residing in Pennsylvania.

A group of teenagers have formed a Teenage Club. The name of the club has not yet been decided on definitely. It has been reported that the club has a membership of 21. The purpose of the club is to promote safety in general. A band called "The Nightrokers" is also a part of this organization. The band is associated with this club so that funds can be raised through its performances.

Harold Roberson, Supervisory Range Conservationist in the Branch of Land Operations, is transferring to Cheyenne River Agency, effective Feb. 1, as Supervisory Range Conservationist. The Robersons will live on the Agency itself in Eagle Butte, S. D.

Mr. Roberson transferred to Mescalero on Aug. 22, 1958, from Holbrook, Ariz.

LELA EASTER REPORTS RECENT SALES

Recent sales through the office of Lela Easter, real estate dealer here, have included these transactions:

Mr. and Mrs. Jodie Fillemann have sold their home in Fonderosa Heights to Mr. and Mrs. Gilbert Watson, Mr. and Mrs. Watson recently moved here from Lamesa, Tex., and have purchased the H. E. Cope home, which they traded to Mr. and Mrs. Fillemann.

Mr. and Mrs. George Fuchs, now of Durango, Colo., have sold one of their houses in Palmer Gateway to Mr. and Mrs. Karl Johnson, Jr. Mr. and Mrs. E. J. Myers recently purchased the home of Mrs. Frank Yates Fickler, 224 Cedar Creek near the C. A. Island home. Mr. and Mrs. Myers moved here from Capitan.

Mr. and Mrs. Lloyd Moffatt of Lubbock, Tex., have sold their Creekside Country Club home to Harry Lee of Ploverview, Tex. who also bought the property of Mr. and Mrs. Leon Saffel, who live at Meadows, Tex.

Mr. and Mrs. T. E. Mable of Wichita Falls, Tex., have purchased lots from Davis Development Co. near the post office, which they plan to use for their new trailer house.
