THANKSGIVING DAY

The Ruidoso Ministerial Alliance Invites You and Your Family to Join Your Neighbors in the COMMUNITY THANKSGIVING SERVICE Wednesday Night at 7:30 in the Baptist Church

Around Town

By Nosey Waters—
Mrs. Billie Clarke, chairman of the C. of C. Christmas lighting program here, says Ruidoso's street decorations are to be set up in the next few days, and calls on local folks, including business and home owners, to make their plans to have their individual places lighted for the holiday season soon. "This is a continuing effort on the part of all of us year after year to add to and increase the number of lighted Christmas displays—so Ruidoso will become famous as the prettiest in the world. Our natural setting enhances our chance to earn this reputation," she declared. "Do us a favor, will you please, if you are the secretary, or an officer, in any of the local organizations that are listed in our Club Calendar column (column 1, page 2) please read the column and see if there are any changes needed in your announcement, or if any of them should be deleted. We feel there are some that are out of date, especially those having to do with scouting organizations. Please call us corrections on these—and thanks. All of the crew of the News office sends Thanksgiving greetings to all of our readers here at home and in other places. May your joy be happy and safe holiday..."

Ski Club Introduces First Annual 'Ski-O-Doso' Premiere Friday Night

The first of a proposed annual event is set for Friday night this week at the Chaparral in Ruidoso Downs when Sierra Blanca Ski Club of Ruidoso sponsors its initial "Ski-O-Doso", a party for all ski enthusiasts and any body else interested in having an evening of fun. Tickets are \$3 per person, to include a dinner, dancing, a style show and door prizes galore. Local merchants will present several models wearing high fashion ski togs. Door prizes will amount to almost \$100, with the style show sponsors each offering merchandise prizes worth \$10 or more. Ski equipment will be among the gifts to be awarded. "Ski-O-Doso" of 1962 will be picked during the evening from among the models. She will reign during the new winter sports season here. Besides Ruidosians, members of El Paso, Roswell, Alamogordo and possibly other community ski clubs are expected to attend. Plans are being made to host 600 persons. A 75-foot ramp is being constructed on which the ski top models will parade, and several other interesting features are in the making to give the affair a festive atmosphere in keeping with the season. Those attending are asked to wear sport clothes or ski togs. Jess R. Matthews of Amarillo, Tex., spent the week-end in Ruidoso visiting his mother, Mrs. Elsie Matthews. Paul Matthews, Journalist Second Class, another son of Mrs. Elsie Matthews, is stationed on board the USS Galveston, a guided missile carrier.

Sixty Attend Bankers Supper Here Saturday

Sixty persons attended the San Juan Area conference of Bank Auditors and Comptrollers here Saturday at the Chaparral. An estimated 40 bank executives were here, 15 of them accompanied by their wives. In a dinner session Saturday evening, Charles E. Strock, El Paso, who serves as an independent mediator between labor and management and the government in labor problems, was principal speaker. His subject was "Government Controls in Private Enterprise". In attendance were banking officials from the El Paso area and Southern New Mexico.

Pie Supper Slated To Boost Angus Fund For Recreation Center

A pie supper will be held at the Angus community building at Angus Wednesday next week, Nov. 28, at 7 p.m. A recreation center is being started at the community building and this is the means the young folks have for raising money for their activities. Mrs. Eula Gorder, Ruidoso News correspondent, reported this week. "So, ladies, bring a pie for an 'Oh fashion' pie supper," she said. "Everyone is invited and urged to come and help us give the young folks something to do this winter. Come one, come all and take part in this worthwhile cause for our young people."

Promotional Trip For Ruidoso Is Proposed

BY A. E. HUNT
(C. of C. Manager)

Twenty-eight replies to the Chamber of Commerce work program questionnaires were received. 115 suggestions were made in all. There were 28 different suggestions for work for the development of the area as follows:
1. As a Convention Center—20.
2. As a Summer Resort—15.
3. As a Winter Resort—15.
4. For development of Water Resources—14.
5. As an Educational Center—9.
6. As a year 'round resort—4.
7. Promote clean up, fix up of streets, homes, business places—2.
8. Promote bus line, tramway, or cabin lift to ski basin—2.
9. Promote highway development—1.
10. Promote as a retirement center for retired people—2.
11. Promote civic and commercial development—2.
12. Promote as a health and retirement center—2.
13. Merge efforts with Ruidoso Downs for area development.
14. Promote as a resident area for traveling salesmen.
15. Improve Chamber of Commerce Welcome to newcomers and new business.
16. Promote a civic auditorium.
17. Work out an adequate budget for Chamber of Commerce advertisement and travel.
18. Promote development of sled and toboggan and slopes at city park.
19. Promote development of fishing and hunting.
20. Promote retail trade development.
21. Promote aviation—get a commercial air line.
22. Promote recreation for youth.
23. Promote direct advertising to tourist source areas.
24. Improve street lighting.
25. Attract small industries.
26. Promote cheap fuel for light industry.
27. A zoning ordinance for Ruidoso.
28. Go to work.

These 28 suggestions are good. It appears that they can all be covered in a "Ten Point Program" set up for a two year period under the guidance of the following committee:
1. Conventions; 2. Resort and Recreation; 3. Research and water development; 4. Education; 5. Highways; 6. Aviation; 7. Agriculture; 8. Retail trader; 9. Civic and community planning; 10. Membership.

The above ten point program was adopted in a special board meeting held Thursday, Nov. 15 at the Navajo Lodge. The work is to be carried on by ten committees. One for each activity, organized from Chamber of Commerce membership. A promotional bus trip was agreed on. It is planned to tie the trip in with a Furr Food Company plan to sponsor a week's vacation in the Ruidoso area for one family in each town where the company operates. Details are being worked out with the company by manager Clarence Fox of the Chaparral, as soon as they are complete arrangements will be made for the bus schedule and advertising. We hope forty or more Ruidosians will enroll for this Promotional Ride, which it appears will be made in January.

LETTER TO EDITOR

November 8, 1962
To the Citizens of Lincoln County:
The Board of County Commissioners would like to know the general feeling of the citizens of Lincoln County in regards to the water situation of the Bonito Dam. A county has a right to condemn, purchase and acquire water rights for public use, and authorization to develop water resources for the establishment of a county water supply system, and to issue water revenue bonds to defray the cost thereof. This is in accordance with Section 75-4-1.1 New Mexico Statutes Annotated, 1961 Supplement.
The Board of Commissioners would appreciate a letter, post card or visit from the citizens of the County stating their views on the Bonito Water. The next meeting of the county board will be Dec. 5.
Very sincerely yours,
Lincoln County Board of Commissioners
Kenneth Nosker, Chairman.

CAPITAN LIFT — Popular T-bar lift in Sierra Blanca Co.'s White Mountain Park is set to start its first season here last winter was the Capitán above in this photo by Louis Philippe. Two other T-bar lifts and an 8,000-foot long gondola ride are offered this winter with opening of the ski season Thanksgiving Day.

SIERRA BLANCA SLOPES OFFER SKIERS 10 TO 14 INCHES OF SNOW OPENING DAY

ON TOP — Bill Boyer, left, and Pete Tolomoff gaze across miles of snow 12 to 14 inches deep from the top of Look Out peak, upper terminal point for the gondola lift from White Mountain Park following first snowfall of this winter for the new skiing season which opens this Thursday.

Sierra Blanca Co. opened a winter season of skiing Thanksgiving Day with 10 to 12 inches of snow. White Mountain Park and 14 miles of the higher slopes are open. The office of the Ruidoso Chamber of Commerce has reported the snow has accumulated to two inches in places. It is expected to give skiers the usual Thanksgiving day snowfall. Snow fall several days ago and to provide the best snow cover.
All ski lifts and trails were being opened and tests were being conducted to determine if the 10 to 12 inches of snow meets the minimum requirements for the lifts. The gondola lift has 100 cars each with a capacity of four people. It will likely be postponed by a snow storm. Making the trip to the top of Look Out peak at an elevation of 11,000 feet as it will skiers. The snowfall will be available to skiers. It was reported.
Inquiries received by Sierra Blanca Co. here in a few weeks give a indication of a record breaking opening day week-end, the company's office reported.

EXCERPTS FROM "THE HORSE"

Another Book of Western Lore and Reminiscing by

If a man cannot be a Christian where he is, it is quite certain he cannot be a Christian any where else.

A fitting little paragraph right here, contributed by Mrs. Cori Longabaugh: It's a recipe for happiness: Take 2 heaping cups of patience 1 heartful of love 2 handfuls of generosity Dash of laughter Sprinkle generously with kindness, Add plenty of faith and mix well. Spread over a period of a lifetime. And serve everybody you meet.

If you have any questions concerning Ruidoso's new Assessment paving district No. 2, Village Clerk-Manager Jim Hise tells us that the city's engineer Quinton Daniels will be in the city hall during office hours Nov. 23, that's next Thursday and again on Dec. 3 to talk with property owners.

Navajo Lodge has an expresso coffee making machine—the first in Ruidoso—and is serving imported Italian coffee. For the Thanksgiving holidays this week-end the Alpine Folk Singers from Lubbock, Tex., will be featured at the Navajo. Also planned for something different is hot buttered rum. Edna Brumbelow, manager, says during the cocktail hour, chili con queso will be served—all of that sounds like something expressly for snowy weather.

We want to congratulate the Lincoln County News on its new format. Installing a new press recently has given Editor Paul Payton the chance to departmentalize his paper and come up with a much more attractive publication. One of his readers pointed out to us he took a swat at us in his editorial column last week concerning political activity in the county. After reading it, I feel there is no need to answer him, he has missed the mark so far it's evident he does not know what he's writing about.

Roy Anderson says the local Elks Lodge was given more than 50 deer hides by hunters. The Elks will send the hides to a tanning firm in California who will turn the finished leather over to disabled veterans for handwork they do in VA hospitals. O. C. Shields is offering a \$25 reward for information leading to the arrest and conviction of the person or persons stealing a jockey statue hitching post with light from the yard of his home last Thursday night.

We counted more than 18 high school age youngsters here who are attending school this term elsewhere. C. L. (Bones) Wright's collection of old guns is slowly growing. He now has 80 of the old-time rifles, pistols, etc. We've tried for about four weeks now to get a picture of the large, new U. S. flag Ruidoso Telephone Co. is flying on a pole in front of the office—but can never catch it.

BUSY MAN — Frank Wolfe, vice-president of the skyscraper Mercantile National Bank at Dallas, which has interests in Ruidoso, visited here last week-end, staying at the Chaparral. The News camera caught him at work Sunday morning in his suite. Wolfe says he and others in Dallas are watching Ruidoso's growth and see solid, economic progress here for the next several years. He expressed interest in the rapid expansion of the Ruidoso News in recent years.

Mysterious 'Thing' Awed Levelland Residents 5 Years Ago; Ruidosoan Was On Hand to Give Personal View

(Editors Note: The Ft. Worth Star-Telegram the other day recounted the story of the mysterious flying saucer "thing" that startled and puzzled Levelland residents five years ago. The article was in this La West Texas column, written by George Dolan, a frequent Ruidoso Downs visitor. The father of the Ft. Worth Charles Haws mentioned is Russell Haws of Ruidoso, who came here about four years ago to open 29 Pines Motel. The column recounting the mysterious goings on is reprinted below.)

Remember the Whistnik at Levelland? — and Fort Worth's Charles Haws ran across a first-hand report of it the other day in his files.

Haws, intrigued by the Whistnik reports that week-end five years ago, called his father, M. R. Haws, at Levelland and asked him to make a personal investigation. The elder Haws went to Sheriff Wier Clem's office, found out all noise.

"Now the peculiar thing is that four reports came within the next two hours and every one exactly alike except the noise. None of the people knew each other and have not met yet.

"One Negro lived at Waco, a white man was a student that lives here in Levelland and goes to Texas Tech.

"This student said his car was stopped four or five miles east of Levelland, and the Latin American was four miles west. The student said his car died and the lights went out, on the road.

"He got out and raised the hood to see if the cable had come off his battery. When he turned around there was the 'THING' settling on the road with a greenish-blue light.

"Said it was flat on the bottom and the rest egg-shaped. Size given by all who saw it was 125 to 200 feet long. The student said 200 feet. He reported that it scared him stiff and he jumped in his car to take off and the car was dead.

"He said the THING sat on the road for at least four minutes and then lighted up bright and went straight up and was gone in two seconds. Then his lights came back on and he was able to start his car.

"Sheriff Clem moved out toward Littlefield north of here for several miles and then turned back toward Levelland. All of a sudden a strong red light hit the pavement ahead of him.

Sheriff Convinced Records Housed

"He said the light was about as red as a sunset and he estimated that it was six feet high and 50 yards wide and 300 yards long. It was gone in a second or two.

"He had a deputy with him and at least two cars of the highway patrol saw a similar light. Altogether at least 13 people saw this THING and more reports are coming in from farmers in the community.

"The sheriff is completely convinced that all reports are honest and I am of the opinion that he thinks it is an outerspace ship.

"An investigator from Abilene made no bones of what he thought. He said there was no doubt that it was an outerspace ship and that this was just one of many that had been here.

"He told the sheriff so much more that I hesitate to write it down. In fact, I am not going to. If any of you want to know the rest of the story we will tell you about it when we get together next time.

"What do I believe? What can you believe?"

Where to begin being Thankful. There is no end to our blessings. Just look around you every where. Hardly can I remember a year so beautiful and full of charm as this one. The autumn time lasted way up into the winter. Almost as if the Golden season was so full of joy that it found it hard to retire for this year.

In other words, the other day I came home away late in the evening in mid-November and heard a little elfin song in the deep grass near the yard gate. Could it be and yet it was. A cricket still singing his evening song. I used to think that October was late for these little troubadours and usually they close down their music early in October. Then the next morning, here were the snow birds making their first visit of the year. So you can see, the snow birds and the crickets met to decide that we can get ready for winter time. I forget just when winter begins, but I will tell you next time.

The Glory of the Leaves

In sending you these little messages, I feel that I am talking to you right at this moment. Sometimes, though, I have to tell you what has happened or what might be coming later on.

I wish I could begin to tell you the story of the glory of the autumn leaves. Tull Stansell's cherry orchard was a dream of color. And the pear and apple leaves at the Coe Ranch were Little Jack Frost's work at its best. And how can anyone describe the joyful colors of the aspens and mountain apples of the high country?

Just now I am looking out at a cherry tree that not long ago was the glory of the Five-S Ranch; such a tree, you stand by it, and see the sun shining through the leaves and the golden and amber light touched with red would cheer all your cares away. A magic tree of joy it was. I have often wished I could send this tree so that it might shine cheerfully in the room of a lady, Olive Duban in Edwardsville, Ill., who is a catcher of the Ruidoso News away back in the middle west. Bonnie is the sister of Mrs. Nick Nicolich, better known as Bonnie. We are grateful at this Thanksgiving time to have readers like these two sisters.

Adios, till next time. Remember to count your blessings.

Lee said that inter-squad scrimmages are on tap this week and next to determine the five starters for the Canutillo game. Some of the boys are already starting to look real good, but so far we have

Dean Wins Grid Contest

William W. Dean squeezed by two other close entries to win the final Ruidoso News football contest of the season and take the top prize money of \$10. The contest was one of the closest of the year and once again the tie-breaker score provided the difference in the first three places. Marchand McDougal, a consistent winner for the last ten weeks, won the \$5.00 second prize and Dave Parks, who has been in the money three times since the beginning of the contest, was third place winner of \$2.50. The tie-breaker game was Texas Tech and Colorado with Texas Tech coming out on the winning end, 21-12. All three winners each had eleven correct picks, but Dean came the closest to the score with a guess of 24.6. McDougal had the tie-breaker score 14.13 for Texas Tech and Parks guessed the score 14.0 in favor of Tech. Dean may pick up his prize money at Ruidoso Enco Station. McDougal will receive his second place prize money at Nob Hill Lodge and Parks may get his prize money from Whitlock Jewelry this year, should really be a dandy with every team in the 5B sub-district sporting several returning lettermen. The tournament is to be Feb. 19-18 with the winner to play in the district tourney.

Light Snow Hampers Hunt In Some Areas

A light snow last Friday which continued through Sunday left some roads nearly impassable to remote hunting areas in the region to bring the 1962 big game season to a finale. In some places only four-wheel drive vehicles could get through. In the Rinconada country in the Mesquero reservation few hunters dared to enter because of muddy roads. Roads in the Ft. Stanton area were also slick and muddy as was the Hale Lake region east of Ruidoso. Nevertheless some hunters went to their advantage in tracking deer during the last weekend of the hunting season. Dave Estes, hunting with his father and grandfather, bagged a point buck near Mon Jeau last Saturday.

In another report to the News sports desk, George Bonal got his buck the last day of the season. O. B. and Derald Waltrip got a six-point and a four-point buck respectively last week. G. L. (Bones) Wright says his party, on a return visit to the Rinconada country just didn't have much luck. Jim McEuen got his buck, a 6-pointer, up above Bonito. Earl Allison, who says his bunch didn't do so good, reported the Perry Brothers' party had some luck on their hunt, bagging some nice trophies.

Bill Hart's hunting camp, in Cieneguita Canyon of the Mesquero reservation, had four nice bucks during Saturday. A game warden working in the Ft. Stanton area reported Friday that the deer kill in that region was about 10 per cent with lots of hunters yet in the field.

A report from the Rinconada check station Saturday revealed that 63 permits had been taken out of 250 permits issued. Ten hunters, three adults and seven teen agers, got seven buck on the Mayme Perry place near Glencoe. The adults included Sam Stout, Tularosa, George Perry, Lincoln and Frank Brown, Alamogordo. In the Tucson mountain west of Captain, Odis Davis, Roswell, took two chubs to play a 300-pound brown bear early in the season. Anne Jungman, daughter of Mrs. Elsie Williams of Ruidoso, and an avid sportswoman, killed a 7-point buck near Sunspot in the Sacramento mountains. In the same party, Tom Walker got his buck. In fact, Walker said eight of ten people bagged their deer. Bob Bryant, Otesa, bagged a nice four pointer above Bonito Lake last week-end. Al Pearson and son of the Gateway Motel each bagged their deer. Leck Cowden of Leck's For Fun was among the lucky hunters, too.

Carl Erickson Is Hall of Fame Selection

Carl Erickson, the former Lobo equipment man, and the owner of a home in Ruidoso, who came out of retirement for the San Jose game this year, has been elected to the initial Helms Hall of Fame for athletic trainers. Erickson, who spent many years at Northwestern before coming to UNM, Albuquerque, was one of 28 elected from an original list of 100.

GOOD COOKERY IMPROVES VENISON
If there's a hunter in your household, maybe his game bag can help pare down the grocery bill. It's a good idea to have your cooking tips handy, just in case this is his lucky year.

If you're the least bit timid about your ability to serve up a tasty dish of venison, try these suggestions. Most of the strong disagreeable flavor in venison is due to inadequate bleeding, delay or carelessness in dressing, failure to cool promptly or thoroughly, or blood from a shot would spread along the membrane between the muscles. The characteristic flavor seems to be concentrated in the fat and if strong, trimming away excess fat will help. Venison is a rather dry meat, however, and is improved by addition of suet, butter, or other fat when using dry-heat methods—roasting, broiling, and frying. The standard methods of meat cooking for beef and lamb are most successful for venison. Spices such as bay leaves, tyme, or garlic, savory and the like may be added to taste.

TAKE A GOOD LOOK...

Study the Map and What it Means

This map shows clearly the nearest resort competition that Ruidoso has. It shows the most popular vacation spots visited by the people of the Southwest — BUT — None of these spots has ALL the recreation facilities in ONE PACKAGE as does Ruidoso's Year 'Round Playground!

Some have climate and scenery, some have horse racing, some have skiing and ice skating, some have fishing, golfing, horseback riding, hunting, etc. . . . BUT NONE OF THEM HAS ALL THESE THINGS AS DOES RUIDOSO . . .

The potential Ruidoso has, with its attractions already established, is anybody's guess.

There's no guess to THIS fact, however — that Ruidoso has maintained a steady, solid growth the last dozen years and it should continue to do so.

We now have more to offer than ever before — and when you remember that we are less than a day's drive from almost 10 million people around us, and only three or four hours drive from a couple of million folks — we've got a brilliant, challenging, exciting future. These potential visitors have more leisure time than ever before and are anxious to be entertained as we are able to do.

WE'LL HAVE TO SET OUR SIGHTS HIGH . . . THERE'S A TREMENDOUS FUTURE AHEAD!

TO OUR VISITORS—

Things to See and Do In the Playground Area Of Ruidoso & Lincoln County

All of these things listed are within 60 Miles of Ruidoso—

- White Sands National Monument**—Stupendous deposit of pure white gypsum.
- Lava Beds**—The Mal Pais is a fascinating and different attraction. Recently designated a State Park.
- Fishing**—Ruidoso offers three commercial trout lakes, also there is fishing in season in the Rio Ruidoso, in nearby lakes, or fishing year 'round in Hondo river.
- Old Lincoln Courthouse**—In Old Lincoln town, with three museums and one which after Lincoln County War centered, and where Billy the Kid killed two guards in his escape from the jail there.
- Big Game**—Deer, antelope, bear, wild turkey and bobcat are found on rides into the mountains here.
- Lincoln National Forest**—With its campgrounds, scenic trails and drives. Three riding stables here provide horses for riding into our forest which surrounds us.
- Golf Course**—One of the most beautiful golf courses in the world is Cree Meadows.
- Cedar Creek**—Winter sports area and park-like shrubs and evergreens.
- Mescalero Apache Indian Reservation**—Can be entered in the recreation area west of here, or you may visit at Mescalero, on U. S. Highway 70.
- Lake Bonito, Bear Canyon**—Scenic mountain lake offering a wonderful drive through the mountains. Several abandoned gold mines with tumble down buildings and their caves can be explored.
- Nogal Lake, Nogal Mesa**—The mesa is scene of the annual Summer Cowboy Camp Meetings.
- White Oaks**—Old ghost town once thickly populated and once having newspaper, stores, saloons.
- Captain, Captain Gap and Indian Gap**—Scenic ranchland and mountains.
- The Three Valleys**—Beautiful orchards, ranches along Ruidoso, Hondo and Bonito Home of internationally famous artist, Peter Hurd; screen star Linda Darnell; author, writer Dan Storm and Louise Massey and Milt Mable, radio and screen entertainers.
- Ruidoso Downs**—Popular summer race track with horse racing each week-end in summer.
- Night Clubs**—Numerous clubs with entertainment.
- Churches**—In the immediate area are nine churches of various denominations.
- Climate**—The most wonderful in the world—you will especially enjoy our autumn season when fall foliage is a riot of color.
- Mon Jeau Look-Out**—Drive to the top of this forest look-out tower, 10,000 feet high.
- Fort Stanton**—89-year-old fort once policing Apache Indians, later used as Merchant Seaman Hospital, now a state TB sanatorium. Where Territorial Gov. Lew Wallace visited and where Gen. "Black Jack" Pershing once stationed learned to play his poker.
- Cloudcroft**—High mountain resort area.
- Artists, Art Schools**—Ruidoso is home of several resident artists, including Harris Shelton, Katherine Hall Travis, Reynolds Jones, Martha Graves, and others, and art schools are held each summer.
- Mystery Spot**—Drainy house east of Ruidoso Downs where travertine seems to have gone haywire.
- Sierra Blanca Resort**—Winter and summer resort in white Mt. Park at 10,000-ft opened for skiing first time in 1941-42 winter season. Magnificent 18-mile slide from Ruidoso to resort.
- Mayhill Nurseries**—Giant greenhouses growing many beautiful flowers shipped to wide area.
- Smokey The Bear Museum**—Captain has erected log cabin to house mementoes of Smokey the Bear, rescued in forest fire near there.
- Ruidoso Lookout Tower**—Gives panoramic view of Playground of the Southwest.
- Ruidoso Sky Ride**—Unusual cable car lift to top of Wildcat Mountain on U. S. Highway 70.
- Dowlin Mill, Blazer Mill**—Both in immediate area, pioneer adobe structures once housing flour mills, both over 100 years old. Dowlin Mill in Ruidoso now grinding flour each summer. General Pershing, Lew Wallace, Billy the Kid and Pat Garrett were among early day visitors at Dowlin's Mill in Ruidoso.
- Carrizo Lodge**—With unique history, museum and scene of square dance schools, bordering on Indian reservation.
- Fun in Downtown Ruidoso**—With skating, bowling, shooting galleries, bingo, theater, children's rides, billiards and many curio stores.
- Places To Dine**—More than 50 restaurants and dining rooms to choose—some of them with specialties.
- Green Tree Indian Aqueduct**—Stone aqueduct built over 900 years ago to carry water from Palo Verde Springs into Ruidoso Valley.
- Indian Ruins**—Ruins and pictographs of various Mogulosa settlements at Glencoe, near Captain, in Ruidoso area.
- Airport**—Four runways long enough to accommodate two-engine planes.

—and at further distances, but still within 4 to 5 hours' drive, are: El Paso and Juarez; Holloman Air Force Base (Guided Missiles) and White Sands Proving Ground; Carlsbad Caverns; Original Atomic Bomb site; Bottomless Lakes; Albuquerque and Santa Fe; Elephant Butte Lake; Truth or Consequences.

WINGFIELD HOMESTEAD HOMES—Several recently completed homes in the First Addition of Wingfield Homestead Subdivision are shown in the above photo. Top picture is the home of Mr. and Mrs. T. N. Maples; second from top shows the home of the James Potts family of Amarillo, Tex., and partners, the Evans family of Tulsa, Tex.; third from top is home of Mr. and Mrs. Jake McDonald of the Ruidoso Food Mart; fourth

Record Crowd Attends Hondo Open House

In the largest turn out ever for the observance of American Education Week, the patrons of the Hondo Valley School attended open house on Nov. 14. During the school day over 30 parents registered at the teachers' lounge in the high school building where Mrs. Joe McKnight and Mrs. Ernest Sanchez, representing the Parent-Teachers Association, Mrs. E. J. Bokky and Mrs. McKinley McTeigue, representing the school, and Mrs. George Sianeros and Mrs. Dick Presqueux of the school board welcomed the visitors and served coffee and cookies.

Teachers from grades one through twelve received visiting parents in their rooms where they watched their progeny put through the paces of getting an education. From the smaller fry, who proudly displayed their initial accomplishments in mastering the three R's, to the older groups who struggled with higher math and with becoming trilinguals or with mastering advanced English vocabularies, the students of the Hondo Valley School gave enviable performances which made both parents and teachers proud of them.

Assisting in providing a hospitable atmosphere were the girls of the classes of Home Economics I, II and III who made various types of cookies to serve in the lounge. In addition, they offered cookies and punch in the home economics building to the mothers of the girls enrolled and to other visitors as well.

Signing the guest book were two new comers to the valley: Mrs. Oscar Kelly and Mr. and Mrs. David Jenkins. Other names on the registry were Mimes, R. C. Nunez, Waldo Nunez, Dick Fresquez, Ernest Bokky, Jake Chavez, David Morris, Oscar Kelly, Joe McKnight, George Sianeros, Ernest Sanchez, R. B. Harrington, Yost E. Smith, Max Sanchez, Eloy Torrez, David Jenkins, John Cooper, Fernando Gonzales, Fermin Montes, Manuel Romero, Frank Gomez, McKinley McTeigue, Mrs. Dolores Chavez, Mrs. Lucia Romero, Mrs. Sofia Sanchez, Mrs. Flora Sanchez and Mrs. Nita Cunningham and mother.

Representing the fathers of the community were Juan Montoya, David Morris, David Jenkins, John Cooper, Ben Sanchez and George Sianeros. For brief intervals the members of the teaching and administrative staffs chatted in the lounge with visiting parents, making the day one of social enjoyment as well as classroom work.

Hollywood Notes

Ed Hepp from El Paso was a business visitor here last Friday. Mr. and Mrs. Lee Adams and family were in Winston, N. M., over the weekend as guests of Mr. and Mrs. Roland Johnson. Mr. and Mrs. Sam Clearman from Huron, N. M., met them there. The three couples who are hunting for a place planned to hunt while there.

Mr. and Mrs. T. C. Delaney, Jr. were in Roswell for Thanksgiving visiting Mrs. Delaney's aunt, Mrs. Omar Leach.

A Fellowship Supper was held at the Presbyterian Church honoring Rev. and Mrs. Emmet Adair who are leaving this week for McAllen, Tex. Those attending were Dr. and Mrs. James Beall, Jimmy Beall, Celia Cranfill, Sandy Jones, Judy Beall, Bob Wheatley, Ernest McDaniel, Robert McDaniel, Mr. and Mrs. Scott Campbell, Mrs. Ralph Bonnell, Mr. and Mrs. I. M. Phippeny, Mrs. Jo Ramey, Mollie J. Reddy, Mr. and Mrs. J. F. Landers, Mr. and Mrs. Howard Bell, Danny and Gordon Bell, Mr. and Mrs. T. C. Benny Paul Jones who attends school at Sul Ross at Alpine, Tex., will spend the Thanksgiving holidays with his parents, Mr. and Mrs. L. M. Jones.

O. L. Brewer from El Paso was a business visitor here Tuesday. A family Thanksgiving dinner will be held at the Lee Wimberly home for Jim Wimberly and the Ed Wimberly families.

CAPITAN MINISTER SPECIAL DELEGATE

J. W. B. Dobbins of Hollywood has been appointed by the Watch Tower Society as a special delegate to attend the assembly of Jehovah's witnesses to be held in the El Paso County Coliseum, El Paso, Dec. 7-9.

Dobbins is the presiding minister of the Capitan congregation and is one of two ministers who will head a cafeteria which will be set up especially to serve meals to those attending the convention. The Coliseum cafeteria has been obtained for this purpose, Dobbins will help plan a menu, order food supplies, and supervise the preparing of meals. He said that his work would be contributed and further stated, "All those who serve as cooks, food servers and dish washers will also be Jehovah's witnesses who are contributing their work. They will do this as a service to their fellow witnesses. This only a nominal contribution will be asked to cover the cost of the meals."

Jehovah's witnesses will transform the huge coliseum into a church building for the three-day period. A large stage will be flanked with shrubs and flowers and on a backdrop in large letters will appear "Spread The Word of Life" which is the theme of the witness gathering.

John P. Sutherland, district representative of Jehovah's witnesses, and convention chairman, will speak each of the three days. The title of Sutherland's special public lecture to be given Sunday at 3 p.m. is "The Bible's Answer to Our Problems of Survival."

Post Office History Gets Attention

Postmasters Learn BY ALLEEN LINDAMOOD

The Ruidoso County Postmasters met last Friday in the private dining room of the Four Winds in Carlsbad at 8 p.m. The annual business meeting was conducted by Dorothy Farnell of Ruidoso Downs, the outgoing director.

Financial reports were given on the part of the book written by the county postmasters and published by the Ruidoso News in Ruidoso. Visiting and the postmasters take this opportunity to thank the publisher for the book as well as present the book to the new state-wide and there are plenty of books still for sale.

The January issue of the New Mexico Magazine there will be a review of the book written by Ellen Hill Andrus, assistant editor of the magazine.

A writer for the Denver Post has requested pictures and more personal details about the postmasters who wrote the book. He wants to do a story for that paper. Dorothy Farnell appointed a committee to look into the matter to work with Vic Lamb on the assignment. The committee is Joe Dryden of Ruidoso, Frances Shaw of Ft. Stanton and Alleen Lindamood of Alto. Officers Elected

Frances Shaw of Ft. Stanton was elected county director for the coming year. Mary L. Joiner of Hondo was re-elected secretary-treasurer.

Postmaster F. D. Sadler, president of the State Chapter of NAPUS and Mrs. Sadler of Dexter were guests of the organization at a dinner following the business meeting. Sadler gave an interesting report on the national convention they attended at Pittsburg, Pa.

Others attending not previously named were the following: Clela Cloud of Capitan, Roy Harmon of Carrizozo, Tommy Zumwalt of Nogal, Gladys Nosker of Glenoce and Louise Babers of San Patricio. Mrs. Zumwalt, Jack Farnell and Jack Shaw came with "their postmasters." Last but not least—Mrs. Pearl Stearns of Nogal—our honorary member, who recently retired as postmaster at Nogal.

Corona Man Named Career Diplomat

Harrel Kennan Fuller, 22, of Corona, N. M., has been appointed a career foreign service officer by President Kennedy, announces the Dept. of State.

The appointment makes him a vice consul and secretary in the diplomatic service.

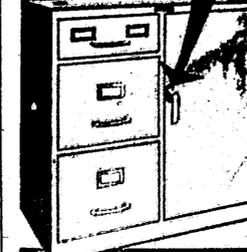

A son of Corona, young Fuller is the son of Mr. and Mrs. Kennan Fuller. He was graduated from Corona High School in 1958 and received his B. A. degree from American University in Washington in 1962. He now is attending the Foreign Service Institute at Arlington, Va., in preparation for his first overseas assignment.

Fuller is a county democrat.

Angus & Bonito

BY EULA CORDER

The big game hunting season closed Sunday, the 18th. There were lots of disappointed hunters this year but the ones that got their deer were nice big ones and all fat. About an inch and a half of snow fell in the Bonito Canyon over the week-end.

Mr. and Mrs. Joe Purcell and their pastor, Rev. F. P. Fraser from Lovington, were recent visitors at Angus.

Mr. and Mrs. Roy Huff from Pampa, Tex., spent most of the hunting season at their cabin. Their son, J. R. Huff from Roswell, hunted with them part of the time and the latter part of the season, Mrs. Huff's brother, Harold Seay from Roswell hunted with the folks.

Hunters with the Charlie Elams were their son and family, Mr. and Mrs. Monte Elam and children from Hobbs, Mr. and Mrs. Bob Elam and children, Pat Frik and George Elam, all of Roswell.

Hunters with the Collins Walkers were, Mr. and Mrs. Ben Dickerson, Everett Harrison, Arnes Humphries from Dallas and Mrs. Walker's sister, Mrs. Buck Dickerson from Ft. Worth, Tex.; also Bill Williamson and Vance Smith from El Paso, Mr. and Mrs. John Newberry and son Donnie from Hobbs, Bill and Tim Lettwich from

Dear Editor: We would appreciate your help in letting the handicapped citizens in your area know that there is a "chance" for them. Your tax dollars, and mine, are used for the purpose of restoring the disabled to fulltime remunerative jobs through physical restoration and/or training in vocations for which they have an interest and aptitude and which does not aggravate their disabilities.

The New Mexico Division of Vocational Rehabilitation is ready to assist any disabled man or woman eligible for such services. The Vocational Rehabilitation Act of 1943 defines a handicapped individual as "any individual who is under a physical or mental disability which constitutes a substantial handicap to employment, but which is of such a nature that rehabilitation services may reasonably be expected to render him fit to engage in a remunerative occupation."

We realize that there are many persons throughout the State of New Mexico who are eligible for these services and who could benefit greatly from the opportunity. However, they do not know that the State and Federal Governments provide these services. We feel perhaps through the media of newspaper articles, throughout our area, such persons may become acquainted with the opportunities available to them. If you are interested in information about these services, we will be happy to supply you with same.

Our Counselor is in your area once each month and may be contacted through the County Office of the Department of Public Welfare or by writing to him at 123 South Water Street, Las Cruces, New Mexico. The Counselor would be very happy to meet with and explain our services to any civic organization or club in your city. Sincerely, /s/ H. R. Fahrenbruch Counselor

Hollywood, N. M., and Regal Lettwich from Alamogordo Sunday the 11th was Collins Walker's birthday and a birthday dinner was held in his honor with the above at dinner plus Mr. and Mrs. O. D. Torpley from Lockney, Tex.; Mr. and Mrs. Eddie Ratzloff and Mr. and Mrs. Wilder Porter from Hobbs; also Mr. and Mrs. Pat Fortenberry, Lamesa, Tex., and Mr. and Mrs. Bill Lettwich and family.

Recent visitors with the Collins Walkers were Mr. and Mrs. Ray Stoneman from White Oaks and Mrs. Mollie Stoneman and Mr. and Mrs. Clyde Stoneman from Ancho. The Walkers were honored to have Mrs. Bowen Zumwalt have lunch with them on Wednesday.

Sunday the 18th, the Collins Walkers and Mr. and Mrs. Don Bailey of Hobbs had dinner with the Wilder Porters at their cabin.

Mr. and Mrs. Buck Dickerson of Lamesa, Tex., have recently purchased the Happy Acres ranch from Mr. Jehanings. Mrs. Fortenberry and Mrs. Collins Walker were girlhood friends down in Texas.

Visitors with the Charles Corders and hunting were Charles' nephew, Sammy Smith from San

Second Grade — Mrs. Matthews

We enjoyed the first snow of the season. Some of the boys went hunting with their dads over the week-end. They had some interesting news to tell at news time.

Those on the honor roll this 6 weeks (doing well in all subjects) are: Nikie Barrera, Bobby Pulson, Clarence Aveni, Leona Bolla, Theresa Surette, Beth Parker and Gwen Duffy.

We have a new number book which we like. We are learning many new skills.

In science we learned about the habits and homes of wild turkeys, also how to make a picture of a turkey by drawing around the hand and adding wings, feet, etc.

Clarence Aveni, Walter Hobbs, Clayton McGowan and Leona Bolla have not missed a day of school this year.

We are all looking forward to the Thanksgiving vacation. We hope everyone is careful and has a wonderful vacation.

We have a wonderful view of snow capped Baldy from our windows. We made a picture of it in art class.

Antonio, Tex. Also Mr. and Mrs. Bob Corder from Roswell.

Guests with Mr. and Mrs. Gil Peters is Mrs. Peters' mother, Mrs. Bowen Zumwalt from Carrizozo. Also Mr. and Mrs. Leslie Armstrong have been visiting Mrs. Peters' and Mrs. Armstrong's parents, Mr. and Mrs. LaMoyn Peters. Leslie got a deer just before the season closed.

Mr. and Mrs. Collins Walker returned Monday to their farm near Deming. The Walkers will be greatly missed on the Bonito and things will be rather dull until they return to our community.

On the 8th of November a good many of the adults and children from the Alto and Angus communities met at the Angus Community building to discuss the idea of organizing a youth center for the young folks. A committee was entertained for all ages, the young folks named it Angus Recreation Center. The young folks together that night and elected their officers, as follows: President Larry Pritchett, vice-president Linda Carter, secretary, Joan Jones; treasurer Mary Lois Campbell. Also on the planning committee, Martha Bilberry, Eddie Carter, Connie Preston and Mr. and Mrs. Charles Corder. The next step was to think of some means of raising funds; to entertain the young folks with. After checking the calendar against the school activities, the nearest date open was Nov. 26 and it was decided to have a pie supper to raise money for this very worthy project.

The officers and some other young folks from Angus and Bonito areas met at the Charles Corders Monday night, the 19th and plans were laid for the pie supper. Everyone is invited to come to the Angus Community Building on Wednesday night, the 28th at 7 p.m. for the pie supper—and ladies, bring your pie and they will be auctioned off to the highest bidder. Fun for all ages.

At the business meeting, Mrs. Lloyd Coo and Mrs. Sidney Preston were appointed to help with the planning committee. The next business meeting will be held at the Lloyd Coo's at 7 p.m., the 26th.

Mr. and Mrs. A. B. "Red" Kelley have returned to their home at Angus. "Red" has been working at Loving, N. M.

A new motel has been built near the Post Office and tourists come in larger numbers these days. Former residents often drop by to reminisce. Mr. and Mrs. Tom High of Walters, Oklahoma stopped in so he could show her where he mailed her love letters back in 1904. She was Lucy Jane Wilder then, of Captain. They married August, 1905 and left for Walters by covered wagon to make their home. He worked for Elga Peebles on the Little Creek Ranch and the Peebles family still live at Alto. Five generations of the Peebles family have received their mail in Alto.

Mrs. W. N. Hightower has been a postmistress of the office since she moved to the community in 1907. She lives alone at her home in Eagle Creek Canyon except during the winter months. William P. Walker, who lives in Roswell, is a son of the first postmaster and drops around now and then to see the house in which he was born in 1897.

Before the post office was established the famous author Elmer Manlove Rhodes was a teacher in the community in 1891-1892. As a result to his son, Alan H. Rhodes of Vestal, New York, this is the story of his first day at school:

"This school had the reputation of being quite a tough one, the boys were nearly in manhood estate, and had already run off several teachers who had gone there to teach."

When "Gene Rhodes showed up one morning to teach the school, the boys began to grin at him and to ask him how much fun they were going to have with him. He said he was from the place. Even the girls were giggling at him. He said he was a product of the apple-bush."

When he drew his six-shooter out of his pocket and pointed it at the desk, the boys stopped giggling and looked at him. He said he was from the place. Even the girls were giggling at him. He said he was a product of the apple-bush.

WILD CAT — This fellow was alive and not very happy when Harry Powell, left, and Joe Coo brought him to town Saturday. They trapped him near their hunting camp up Eagle Creek. They had a check and muzzle on his mouth and nose, and his feet were tied, but he still was scrapping. The two hunters reported the deer they killed was 'chawed on' by bear in Eagle Creek Canyon. They said they saw sign of three or four bear in that region.

NEW CAR — Students of Ruidoso High School's Driver Education class are enjoying the use of this 1963 Chevrolet provided by Valley Chevrolet of Roswell. Student Ronnie Petty stands beside car.

New Bel-Air Chevrolet Is Provided Ruidoso High Driver Trainees

(From War Whoop, Ruidoso High School Paper.)
Pictured above is the new driver's education car furnished by Valley Chevrolet in Roswell. The beautiful 1963 Bel Air is equipped with V-8 engine, linked glass, padded dash, radio, heater and seat belts. The car is a standard shift due to the fact that people learning to drive automatic transmission cars are restricted to driving the same when applying for a driver's license, whereas, when learning on a standard shift they are allowed to drive either.

Bill Pippin is instructor for this course. A quick look to come of the Driver Education program of the 1960's. Despite vast highway building programs, the future will bring extremely heavy traffic concentrations, especially in and around urban areas. Drivers will find themselves exposed to dangerous situations more frequently than ever before.

It is clear that in the decades ahead there will be greater need for orderly, disciplined and safe driving. The present method of driving skill must be taught. If traffic is to be anything but chaotic by 1970, four million young people will reach legal driving age each year. If today's accident rates continue, about 40,000 Americans now living will die in motor vehicle accidents before this date next year. Perhaps 1 1/2 million will receive disabling injuries, and probably twice that many will suffer minor injuries.

A startling amount of 5 billion dollars is the approximate annual economic loss from highway accidents. This is not counting the loss of lives. One might look at it this way: This 5 billion dollars would buy every high school senior in the United States a \$2,500 car! Or think how much this amount could contribute to further research in a cure for cancer, or anyone of the many dreadful diseases.

Although those under twenty-five years of age comprise only 18.4 per cent of all highway accidents and over 28 per cent of all fatal accidents. Despite the fact that many think Driver Education in the public schools is considered a "filler" activity, it has shown that for every dollar spent for Driver Education, three dollars has been saved in accidents prevented. Our greatest hope for avoiding traffic chaos in the future is through Driver Education.

And this is why we would like to take our hats off to business firms and organizations that back the Driver Education program.

County Agent's Report

Student Council Reports
On Nov. 15, the student body heard reports made by the Student Council members who attended the annual leadership workshop, this past summer. Those who attended are: Katherine Fox, Molly Harris, Lois Lane, Georgia Badillo, Student Council Vice-President, Nancy Smith, Secretary-Treasurer and the student body president Cheryl Curry.

The speeches given by these girls were in the light of the national theme and what we as young Americans can do to fight it. The loyalty to our school, to our country and to our flag was also brought out making each student realize what he has to do to help his country.

These reports were so well received by the student body, that plans have been made to take this assembly to Honda, Capitlan and Carrizosa, and also to our junior high school.

Juniors Make Plans For Class Play
The Juniors have launched plans to hold a three-act hillbilly comedy. The playbooks are ordered and practice and cast selections will be made upon their arrival. Miss Belderman and Mr. White, class sponsors, will make the selection of the cast.

The tentative date for the play is set for Dec. 20, at 5:00 p.m. Ray Potter, class president announced. He also said that the rings which were ordered two weeks ago are expected in January instead of later in the year.

After the tremendous overflow of wood at the homecoming bonfire, the Juniors found themselves in a bind, because of such large and good wood. After a short discussion, the decision was made to sell this wood and donate the money to their class treasury.

With the members of this class working as they are, it is no doubt that the Seniors will receive one of the best proms and banquets ever held in R. H. S. They are to be

ROSWELL HUNTER DIES NEAR BONITO

A 60-year-old Roswell man became the first death last week connected with the Lincoln County hunting season.
Robert William Gilles, Box 846, Air Base Road, died of a heart attack at the old Parson's Mine Hotel above Bonito Dam. He died after spending a full day hunting in the mountain area surrounding Nogal Peak.

Gilles was stricken when he and a hunting companion, J. N. Cook, 205 E. Church St., Roswell, stopped to look at the old Parson's Mine Hotel. Gilles collapsed after climbing two stories of the three-story building.
A Lincoln County coroner's jury last Wednesday night attributed death to a heart attack resulting from exhaustion, according to Lincoln County Sheriff Glen Bradley. Gilles was employed at one of the missile sites under construction in the Roswell area.

Mr. and Mrs. A. E. Hunt were in Fortjiles last week-end.

Dr. and Mrs. T. P. Frizzell had as guests last week-end their daughter and son-in-law, Mr. and Mrs. Herbert Bellinghausen of Knox, City, Tex.

Highly congratulated in their work and the extra efforts they are making for R. H. S.

Lettermen Initiate New Members

The Ruidoso High Lettermen's Club had their annual football letterman initiation Wednesday and Thursday. The formal during the day and the informal on Thursday night.

The following are new lettermen: James Beall, Mike Burns, David Jurney, Jim Steele and Jack Garrett.

In order to get into Lettermen's Club, these boys had to play in 18 quarters or one more quarter than half of every game.

Work has begun on the trophy case which will house all trophies and will be placed in the lobby of the gymnasium. The following are in charge of construction: Joe Moore, Alfred Lane and William Howard. Joe Moore, president, stated that he would like to urge everyone to attend the basketball season and support the boys as well as they did in football.

P. H. A. News
Miss Sandy Jones, R. H. S. senior, received a letter last week stating that she had been selected to serve as Vice-President of State and National FHA projects after the office became vacant this fall. This is quite an honor for Sandy, but also for the Ruidoso Chapter.

The state convention will be held in Clovis in the spring of next year. At this time we will have a candidate to run for this office at the convention.

Lois Lane, Martha Collins and Georgia Badillo are nominated for this office and the winner in the local chapter will be our representative to run at the state meeting.

Minor Injuries Received in Collision On Ski Course Road

Mrs. Karen Roberts of Roswell received possible back injuries in an accident on the ski course road about 4 p. m. Saturday. Mrs. Roberts' husband, Lt. Roberts of Walker AFB, was driving their 1960 Corvair coming down from White Mountain Park, and collided with a 1957 Chevrolet driven by a Holloman AFB serviceman, State Policeman Ken Shockey, who investigated, said. The accident occurred on Windy Point and was blamed on icy road conditions, he said. Dr. R. L. Annala, local physician, driving down from the ski course, also brought the injured woman to the local hospital where she remained overnight. Two other women in the Roberts car were treated at the hospital here for abrasions and lacerations and released. Shockey said no citations have been issued. Damage to both cars amounted to about \$250, he reported.

Lincoln Countians Are Mentioned In New Folklore Book

"The Gold Lettered Egg, and Other New Mexico Tales," by Ted Raynor of Las Cruces, will be published the first week in December. The paperback contains more than 40 stories and items based on recollections of pioneer and long-time residents of Lincoln, Eddy, Dona Ana, Sierra, Luna, Hidalgo and Grant counties. Eleven of the stories and items are from Lincoln County. The book has photographs, sketches and cartoons. The photos include one of Cedarvale Cemetery at White Oaks, and one of the Mayberry Hotel in long-vanished Bonito City. The latter photo originally appeared in the El Paso Times.

Lincoln County persons who related the stories were Floyd Skinner, David L. Jackson, Mr. and Mrs. R. E. Lemon, Mrs. Maggie Eppy and A. N. Rummels. The paperback is being printed by Superior Printing, Inc., El Paso. W. C. Zard of Las Cruces designed the book; Herschel Caldwell, former Cincinnati, Ohio, illustrator, did the sketches, and Henry Schipman, Jr., of Las Cruces, the cartoons.

Raynor is the author of "Old Times Talk in Southwestern New Mexico," published in October, 1960.

MRS. BILLIE CLARKE BUYS SON'S INTEREST IN INSURANCE FIRM

Mrs. Billie Clarke this week announced she has purchased the interest of her son, Ray, in Clarke Insurance Agency, one of Ruidoso's pioneer business firms. First established a dozen years ago by the late Bealle and Mrs. Clarke, her sons, Ray and Cecil were interested in the firm with her in the early years following her husband's death.

Cecil left the firm to go into the banking business at El Paso, and then began working on missile projects as a civilian technician.

Ray has not announced his plans for the future, Mrs. Clarke said this week.

"With Thanksgiving let your requests be made known . . ." Phil. 4:6. Thanksgiving and prayer go together. Our prayers should ascend to the Father with a note of thanksgiving and an attitude of expectancy. The thanksgiving which accompanies the prayer and we visualize ourselves as having already received the answer to our petition. If the answer tarries and is not forthcoming according to our pattern, just wait; it will come. In the words of another, "Though all the ships I send to sea come sailing back with tattered sails and broken masts, I will not doubt, yet will I believe." As we make our year of Thanksgiving this year we would do well to enter into prayer with the thought that prayer is more than saying a few formal words like politely tipping our hats to God . . . it is more than asking for things all the time. Dr. Leslie R. Smith points out that prayer is listening, meditating, receiving, giving.

MEET THE TEACHERS—Mrs. Jessie Lee Hawkins, who received her A. B. degree from East Central State College, Ada, Okla., and who teaches language arts and music, has taught in Ruidoso schools for several years. Prior to coming here she taught at Olney Springs, Colo.; Ledford, N. D.; and Vebler, S. D. She is the widow of the late John A. Hawkins. Their children are John, 18 and Bill, 15. Mrs. Hawkins finished high school at Ada, Okla.

15 YEARS AGO . . .

— BY ELSIE WILLIAMS —

News items from the Ruidoso News Issue of Nov. 21, 1947. This issue of the News had a picture of the new Ruidoso High School on the front page. Classes were now being held in the new building even though some of the interior finishing had not been completed. An article accompanying the photo told the history of schools in Ruidoso and the valley from about 1880 when a one-room school house was built for the Coe families in Glencoe and up through the years. The article states that the first school in Ruidoso was built by Charles Wing-

and he knew that David was to be the next king. He was conceited, jealous and full of self-pity. Now, that is a terrible state for any man to allow himself to come to. If there is any one special thing that is to be avoided it is self-pity. It is one of the worst afflictions to trouble the human soul. Do you remember Mrs. Grumbridge in DAVID COPPERFIELD? She was always engaging in self-pity and bolting herself. "I ain't what I wish I was. I had better go off and die. It would be good for me and my folks. I'm a lonesome, forlorn critter." To such persons God says, "Stand up on your feet and I will speak to you." He says, "Cast away all self-pity and self-bolting and turn to a service for me and your fellows. Get busy with something far above and much greater than yourself and you will forget what you think is your own and cause of anguish of spirit." It is the most serious thing in the world to have your eyes opened to the wide horizons of life, loyalty and love.

The Happy Parson,
 Jimmy Saylor

Your Minister Writes . . .

BY REV. WM. R. BROWN
 (Episcopal Minister)

On this Thanksgiving Day, I am sure we are all counting our many blessings—the good things which we are receiving at the hand of God, both individually and as a nation. We are thankful for all these things; but how do we express our thankfulness? What should we do to make this truly a Thanksgiving Day, rather than just a turkey day, football day, or ski day?

The first, and I believe the principal way for us to express our field, father of Ike Wingfield, in 1910 in a spot not far from where the present high school is now.

Students of the Hondo grade school were guests of the Pueblo Theatre in Ruidoso as a reward for at least a "B" average for the six weeks period. Other grade school students in the county were also invited to see a free show as a reward for good grades.

"Old Baldy" turned up with its first "bonnet" this week, and six inches of snow had fallen on Cedar Creek Ski run with more promised for a week-end of good skiing.

A drive for funds to assist in Boy Scout work was underway here. Local citizens were asked to aid in this worthy cause. Scout master for the local troop was Charlie Culver.

Give Thanks on this Special Day

FOR A LAND OF PLenty

America, America, God shed His grace on thee . . . A nation truly flowing with milk and honey.

The news and milk delivered right to your doorstep. For these and numerous other conveniences give special thanks to the Lord by attending Church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long endure and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, man should support the Church for the sake of his welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church, because it helps the weak, the needy, the sick and dying; the truth which it teaches will set him free by the grace of God.

Thanksgiving

Greetings to old friends and new and best wishes of the season... We are grateful for your support and your confidence. We count among our many blessings the joy of living in this wonderful pine-clad playground of the Southwest—a happy place for so many, many visitors.

ALL WITHIN THE BOUNDARIES OF THE VILLAGE OF RUIDOSO, NEW MEXICO. On the above-described streets, except as shown on the plans and specifications filed with the Village Clerk, the pavement shall in each case be centered in the street, and the width of the paving shall be 22 feet, except as specifically provided to the contrary above.

The construction shall include paving to consist of the spreading and compacting of crushed gravel on an approximately 6 inch base course, and the construction on such asphaltic or bituminous hot plant mix wearing surface approximately two inches in thickness; together with all necessary excavation, filling, grading, shaping, draining, manhole adjustments, driveways, approaches and work necessary and incidental to such improvements. The grades for said streets shall substantially follow existing grades and contours of the land, but minor changes will be made to provide proper drainage and to avoid or minimize abrupt or recurring changes in existing grades.

The estimated total cost of said improvements, including engineering, legal and incidental expenses, is \$400,077.62, of which it is estimated that none will be defrayed from sources other than special assessments and \$400,077.62 will be assessed against the property abutting said streets on a front foot basis, provided that an equitable adjustment will be made for assessments levied against any irregular lots or lands so that the assessments according to benefits are equal and uniform.

All persons interested are hereby advised that the plans, plats, typical section, preliminary estimate of the total cost, the description of the property to be assessed, the portion of the cost to be assessed thereagainst and the maximum amount of benefits estimated to be conferred on each piece or parcel of property are on file in the office of the Village Clerk and may be inspected by any property owner, or other interested persons, during the regular office hours.

On Monday, the 2nd day of December, 1962, at 7:30 o'clock p.m., in the Village Hall in the Village of Ruidoso, New Mexico, the owners of this property to be assessed, or any other persons interested therein, may file a written protest or objection, and may appear before the Board of Trustees and be heard as to the propriety and advisability of making such improvements, as to the cost thereof, as to the manner of payment thereof, and as to the amount thereof to be assessed against the property to be improved.

The Board of Trustees requests that any property owner or interested person wishing to make protest or objection, make such protest or objection in writing at the office of the Village Clerk before the time set for such hearing. Any person filing a protest or objection, as aforesaid, shall have the right within thirty (30) days after the Board of Trustees has finally passed on such protest or objection to commence an action or suit in any court of competent jurisdiction for correct or set aside such determination; but thereafter all such determination, or suits attacking the validity of the proceedings and the amount of benefits shall be perpetually barred.

After such hearing, said Board of Trustees shall determine as to the advisability of so improving said streets and parts thereof, and shall determine the kind and character of such improvements to be made, and shall proceed to advertise for bids for the doing of such work and the furnishing of all necessary materials to the lowest bidder.

After the making of such contract, said Board of Trustees shall determine what portion of the cost of such work, including incidentals, shall be paid by the property owners, and shall determine what portion shall be levied in accordance with the laws of the State of New Mexico. In no event shall the assessments exceed the estimated benefits to the property assessed. The Board of Trustees shall provide that the assessments may be payable without interest or detained, at the election of the owner, or in twenty substantially equal semi-annual installments of principal.

The Board of Trustees shall also provide the time and terms of payment of such assessments and the rate of interest upon deferred payments thereof, which rate shall not exceed eight per centum (8%) per annum, and shall fix penalties to be collected upon delinquent payments.

By order of the Board of Trustees of the Village of Ruidoso, New Mexico.
DATED this 8th day of November, 1962.

GETS FACE LIFTING — Mountain Haven Lodge presents a new look to old friends and customers following a remodeling job recently. The lodge originally was covered with pine slabs, but now has a neat and clean stucco covering. Many other improvements have been made also.

Pioneer Lodge Is Remodeled By New Owner, Open House Set

BY ELSIE WILLIAMS (Ruidoso News Staff Writer)

Hull began building on to the cabin by first building three rooms and a sitting room upstairs. Then rooms were added to the main floor and a lower floor or basement was added.

Several small individual cabins were also built. In the basement was the dining room, which was open to the public and music was provided by the Al Stovall orchestra. Hull sold the lodge to "Honey" and Bea Bounds in 1939. They closed the dining room and after Mr. Bounds' death, Mrs. Bounds sold the lodge in 1954 to two individuals, Jewel Davis and Alice McClure. They changed the name of the lodge to Jewel Lodge and in

FRIENDLY FIREPLACE — This fireplace is the featured Mountain Haven Lodge here, one of Ruidoso's slickest and finest accommodations. It attracts that draws friends together for a cozy evening of reminiscing on cold winter evenings in the room.

1957 Mrs. Dora Lee Smith bought the lodge and changed the name again, this time to Mountain Haven Lodge.

Mrs. Grace Fite, who bought the lodge in the early part of this year, is continuing the name of Mountain Haven Lodge. The lodge now has 13 rooms, a large lobby and Mrs. Fite's own apartment. The attractive lobby, carpeted in red, has a large fireplace which Mrs. Fite has just added, with comfortable chairs and couches arranged around it. Gracing one corner of the lobby is a lovely old German grandfather clock.

The interior remodeling includes the installation of wall to wall carpeting in all the rooms and the addition of a number of bathrooms. The exterior which was pine slabs, has been covered with stucco and the outside chimney is finished in simulated stone by Freylich Duff, with the lodge's name, Mountain Haven Lodge, and Mrs. Fite's initials, "GF", on it. Business firms who have had a part in the remodeling and renovating of the lodge are: Owen Plumbing, City Lumber Co., French DuPuis, Carter Electric, Keoth Gas Co., all of Ruidoso, and Fashion Furniture and House of Carpets, both of El Paso, Tex.

Mrs. Fite, who was widowed early this year, came to Ruidoso from El Paso, where she and her husband had lived since 1962. They both worked at White Sands Missile Range. They came to El Paso from Tacoma, Wash., where they operated the 100-room Bonaventure Hotel. Mrs. Fite's son and family, from New Port, Oregon, will be in Ruidoso visiting Mrs. Fite for the open house planned at the lodge Saturday this week.

Alto Briefs

By AILEEN LINDAMOOD

The big news around here is the snow that's been falling on the Sierra Blanca Ski Area. Looks like things will be "just right" for the big opening up there Thanksgiving. Here at Alto we had a good rain and a light snow fall over the past week-end with unsettled weather ahead.

Jack Russell of Las Cruces was a business visitor in the community last Tuesday.

Mrs. Lyde Peobles of Alamogordo came by Tuesday after making a stop in Carrizozo.

John Von Rosenberg and son Jeff and Ted Case of Albuquerque were all back this past week-end to try and get their buck. Last week-end Mr. Von Rosenberg killed his bear over on the Bonito.

The T. J. Sanders family of Ruidoso were in the area Saturday making a trip to the Ski Area and stopping in at the store. He is now

temporary marshal in Ruidoso. Leek Cowden of Ruidoso stopped to show us his buck last Saturday. It was a large one and very beautiful with ten points.

Dr. R. L. Angala of Ruidoso made a trip to Sierra Blanca Ski Run Saturday and also did some looking around for a big buck.

Bill Heady bagged a large buck
