Village Studies Need for Water

Around Town

—By Nosey Waters—

Cover picture on the big December issue of the Quarter Horse Journal was painted by Mark Storm, brother of Dan Storm of Glencoe. It was a picture of three horsemen plodding through the snow, and their shadows are the shadows of the three wise men of St. Luke's poignant story . . . In the same issue of this magazine is a report of Ruidoso Downs' Gene Hensley Day attended by some 400 people a couple of months ago . . .

★ ★ ★

Mr. and Mrs. Stormyy Edwards received a surprise Christmas gift of a week's vacation at a Gulf of California port in Old Mexico. We think it was Mazatlan. This is a good time of year to have such a vacation . . . This columnist's wife says: "The family that skis together pays."

★ ★ ★

Glad to hear our good friend Emma Redmann is back at home after being in the hospital several days. The C. of C. office just isn't the same without her around . . . Bob Walker, C. of C. manager asks if anyone is interested in taking a series of ground school lessons preparatory to learning to pilot a plane—he has the name of a fellow who wants to conduct such a course here. He needs ten names to get the course started . . . Austin Bryant at Ruidoso Downs had to summon the VFD down there to douse a fire believed to have been started when he tried to thaw out some water pipes in his well house the other morning. Lots of frozen water pipes here during the sustained below zero nighttime and below freezing daytime temperatures here the last few days. Without a snow cover on the ground, the extreme cold has penetrated down to pipes that have never frozen before, we've heard . . .

Beginning Feb. 1 all items the Village of Ruidoso buys will have to be on purchase order, just like all bills paid must be by purchase voucher. . . . The regular third Tuesday Boy Scout leaders round table discussion will be held in Ruidoso Jan. 21—that's next Tuesday—at the Community Methodist Church . . .

A big event for the youngsters in the community is the upcoming annual Junior Science Fair to be staged by students of Ruidoso Junior High school during March . . . A tip of the hat to Ruidoso's municipal water department crew, to plumbers and electricians, too; for the work they have done in the "deep-freeze" period here when so many homes and businesses found their water pipes frozen. Village Manager-Clerk Jim Hine said an estimated 30 water meters were frozen and bursted by the prolonged sub-freezing weather . . . A couple of tourists passing through here had need of Ruidoso-Hondo Valley General Hospital facilities recently. Enroute home in Hopeville, Calif., from a visit in Levelland, Tex., Mr. and Mrs. Carl L. Patton had to stop here for emergency surgery for Mrs. Patton. Mrs. Patton was about ready for release from the hospital this week after untimely delay . . . Mrs. J. D. Locke, president of the Ruidoso Board of Realtors, has been offered a vacation in Mexico by a realtors group of that nation, and is looking forward to getting to accept the nice gesture . . .

CANDIDATE — Austin Wooten, Carrizozo, has announced his candidacy for the office of Lincoln County Probate Judge, subject to the Democratic primary of May 5. He will make a formal announcement in a few days, he said, and begin an active campaign all over the county then.

Portales Man Buys Dine & Dance

Joe Evans, Portales, who has been a jobber for an El Paso wholesale firm for many years, has acquired Walt's Dine & Dance here. He succeeds Walter Langwell, who obtained property in Portales from Evans in the exchange of businesses. The business has a cocktail lounge, large ball room and a restaurant and is located in downtown Ruidoso.

Evans announces a dance Thursday night this week with Merl Lindsay and his band, to start at 9 and last until 1 a.m.

Evans said this week transfer of liquor license in the transaction had been completed.

In a special called meeting here Tuesday, Ruidoso village officials met head-on the problem of what to do to assure Ruidoso will have sufficient water during the summer of 1964 if the drouth that has gripped all of New Mexico continues.

Meeting with the trustees and the mayor were two of Ruidoso's board members of the Eagle Creek Inter-Community Water Supply Association, along with the village engineer, Quinton Daniel, and the attorney, John Thompson.

Mayor Warren Tucker asked Tom Jones, association water board member, to report on progress on a proposed dam on Eagle Creek—a project Ruidoso has been looking forward to for several months that could provide additional raw water storage for the member communities' needs, Capitan and Ft. Stanton both have water rights in Eagle Creek through participation in the association. Jones said there may be some information available on what may be expected in the next few months after a meeting of the Eagle Creek association here Wednsday night this week, but that he did not think Ruidoso officials should be too optimistic.

Jones then reviewed the study of Ruidoso's water needs and the several recommendations made by Engineer Daniel late in 1963 to enlarge and improve the distribution—along with increasing storage.

For immediate action, Jones recommended the village make fuller use of its wells, install the pressure valve recommended by Daniel at the corner of Fern & Sudderth to insure better pressure and water supply for residents living in the area near the municipal building, and to call for an assessment district in Paradise Canyon and in the business community of Hollywood. If Paradise Canyon should approve an assessment district to secure water, a 6-inch main would be installed to service that region, which would connect the northeastern part of Ruidoso with the eastern part—providing better distribution in all those areas, it was judged. Immediate steps are to be taken on all the proposals Jones recommended.

Other ideas discussed included erection of metal storage tanks and building an earthern raw water storage reservoir to hold run-off water in wet seasons. The latter proposals may be acted on at a later time.

Trustees Bill McCarty and Jodie Filleman, and City Manager-Clerk Jim Hine and Assistant Don Hart were also in attendance, as was Village Marshal T. J. Sanders.

Thank You, Mr. DeLavo And Mr. Henry

State School Superintendent Leonard DeLayo and State School Board President Virgil Henry, in Ruidoso Monday this week meeting with the state school board, each expressed compliments to the Ruidoso News for its story of a week ago reporting on the investigation held in Ruidoso's school problems. Henry said, "The news story was remarkably accurate," and DeLayo said "The news story was very objective, and I want to compliment you on the lack of sensationalism in it."

The report was written by Dick Bennett of the Ruidoso News staff.

Campbell Studies Fort Stanton Board's Protest

Gov. Jack M. Campbell will decide within a few days whether to go over the heads of his Fort Stanton Tuberculosis Hospital Board's recommendations concerning a shift of patients or wait another year to put the proposal through.

The board has recommended to Campbell the proposed shift be studied more because it has not been considered "by those acquainted with the medical and hospital phases to permit a final decision in time for action by the 1964 session of the legislature."

Campbell said he will take the recommendations under advisement, but added that he has to make a decision within days because of the proposed shift's importance in the coming session, which starts Jan. 27.

The shift is an integral part of Campbell's executive budget and, if it were abandoned, the budget would have to be changed considerably. Campbell has the power to go over the board if necessary.

The shift — involving transferring patients from Fort Stanton in Lincoln County to an abandoned military site near Hagerman and filling Fort Stanton with mentally retarded children from Los Lunas School and New Mexico State Hospital—was devised by the State Finance Dept. The 1963 legislature directed the department to study state facilities and make recommendations for efficiency and economy.

The hospital board also recommended that the governor appoint a commission of qualified professional people to study all aspects of the shift, and that the legislature be asked to provide legislation to implement the state finance department's recommendations if it is found the changes will assure the continued operation of the tuberculosis program in an improved manner.

Leandro Vega Is Candidate For Sheriff

The first Lincoln County resident to make an official announcement of his candidacy for public office in the 1964 elections is Leandro Vega, Jr., 33, a Carrizozo resident, who said he will file for the office of Sheriff subject to the Republican primary May 5.

Vega is now serving as chief deputy sheriff under Sheriff Glen Bradley, a position he has held since Bradley took office in 1961. When Bradley was re-elected in 1962, Vega was retained as chief deputy.

The Carrizozo man is married and he and his wife are parents of two young sons, Leo, aged 4, and Gary, 3. His military record includes serving with the U. S. Army Signal Corps in Germany and Austria. He went into the Army in 1951, shortly after graduating from Carrizozo High School in 1950.

He has operated a caged hens poultry farm near Carrizozo for several years.

Vega is the son of Mr. and Mrs. Leandro Vega, Sr., who also reside in Carrizozo. He was born at Nogal in 1931. His wife is the former Delfinia Sanchez, daughter of Mr. and Mrs. Roman Sanchez of San Patricio.

In announcing his candidacy, Vega said this week that he intended to carry out the duties of law enforcement with fairness for all and with no special favors to anyone. "I shall endeavor to serve every part of Lincoln County, and will strive to merit the support of all," he declared.

Parks, Petty, Jennings Named on School Board

The New Mexico Board of Education named three new members to the Ruidoso Municipal School Board following an interview here Monday with several prospective appointees. The three men picked will serve with two others to bring the panel to its full membership. There were only two members of the local board after resignations of three people last Thursday here.

The three men picked were Dave Parks, insurance man; Ralph Petty, a retail merchant, and L. F. (Jack) Jennings, operator of Idle Hour Lodge here and of a wholesale oil business. Sitting in with the state board during a portion of the meeting held at Holiday House Monday was new board member Earl Hickam who had been sworn in last Thursday night.

State Board Chairman Virgil Henry reported efforts had been made by him on both Sunday and Monday to contact Mrs. Gerald Tully, the other remaining board member, and the board's president, to invite her to be present, but he said he could not locate her.

Attending the session here were Chairman Henry, State School Superintendent Leonard DeLayo, the board's attorney, E. P. Ripley, and members Thelma Inmon, Deming; Laura McKinley, Datil; Barbara Sena, Santa Fe; Gilbert Lopez, Las Vegas; Embry Wall, Elida, and James Martin, Las Cruces.

After receiving congratulations of many interested people, and an expression of hope and confidence from the state board members that the three men would work in harmony with others on the local board in bringing order to the school's administration, the appointees, with Hickam present, discussed a tentative first meeting for Monday night, Jan. 20, at 7:30 p.m. in the school. An advertisement for bids for insurance for the school system lists Monday, Jan. 20 as a meeting time to open and read bids for this expenditure. There will likely be many other matters to be tackled by the new family of school officials, it has been indicated.

Ruidoso's school situation was tangled considerably last week-end with the resignation of three members of the school board.

The three members resigned in a brief meeting Thursday night. The resignation left the board without a quorum and helpless to act on local problems.

Resigning were Mrs. Jack Hitchens, Mrs. Morrison Qualtrough and Ralph Bonnell.

Virgil Henry of Hobbs, state board chairman, acted swiftly when he learned of the resignations. He announced the meeting of the state board held Monday in Ruidoso to interview possible candidates.

The surprise resignations came at the regularly scheduled January meeting of the Ruidoso board.

Mrs. Gerald Tully, chairman, swore in new member Earl Hickam who was replacing Dr. W. D. Horton, who resigned from the board last month.

The next order of business was to accept the written resignation of Bonnell. The board had earlier announced it could or would not discuss or take any action on the seven recommendations made by the special committee of the state board last week-end because it didn't have in writing the list of recommendations.

Two motions made by Mrs. Qualtrough early in the meeting that were passed included the writing to the state's attorney general asking if a school board member may serve on the board without residence within the school district, and the other to ask the state school board for a written letter giving the seven recommendations publicized in the state press early last week after the investigation held here. Mrs. Qualtrough has said her residence is in Dona Ana County in New Mexico. Her postal address is 5524 Fairbanks Street El Paso, Tex.

Monthly bills contracted by the school system were reviewed and payment authorized.

Mrs. Hitchens arose from the council table and said she was resigning and walked out the door. She was quickly followed by Mrs. Qualtrough, who said as she headed for the door: "I resign too."

Mrs. Tully read letters of resignation from both women and then noted there was no quorum and adjourned the meeting. About 30 persons were in attendance at the meeting, held in the Elementary school cafeteria.

Mrs. Qualtrough's resignation fulfilled one of the recommendations made by a state committee, because she lives outside the school district.

January 8, 1964

Dear Mrs. Tully:

Due to my health, I can no longer stand the strain that I have been subjected to recently.

Therefore, consider this my resignation from the Ruidoso School Board as of this date.

(Signed) Ralph Bonnell

January 9, 1964

Dear Mrs. Tully:

I have given the best that is in me with respect to service on the Ruidoso School Board.

I have a sincere interest in the schools and the children's education and have been dedicated to these principals.

However, this does not seem to be adequate, therefore, please accept

my resignation.
(Signed) Mrs. Pearl Hitchens

Ruidoso, New Mexico
January 9, 1964

Dear Mrs. Tully:
Please accept my resignation as a member of the Board of Education of the Ruidoso School District.
(Signed) Joyce Qualtrough

At last week's regular meeting, minutes of three previous sessions were read as follows:
Minutes of the School Board
Regular Meeting
December 12, 1963

The meeting was called to order by the president, Mrs. Tully, at 8:00 p.m. Members present were: Mrs. Wynema Tully, president; Mrs. Pearl Hitchens, secretary; Mr. Ralph Bonnell, member, and Mrs. Joyce Qualtrough, member.

Visitors present were Mrs. Bonnie Coe, Mrs. Irene Green, Mrs. Mabel Fisher, Mrs. Westall, Mrs. Jane Parks, George Gruber, Ken Knapp, Ed Wimberly and Eddie Siddens.

A special meeting is to be called for Thursday, Dec. 19th to approve and sign the current vouchers and warrants, and to open the bids received through December 12th.

Mrs. Tully said she had received two letters (copies attached), one by special messenger earlier in the day and one handed to her at the beginning of the meeting. Mrs. Qualtrough moved that Dr. Horton's resignation, the one received by messenger, be accepted, seconded by Mrs. Hitchens, motion carried. Mrs. Qualtrough moved that Mr. Barrow's resignation be deferred until later, seconded by Mr. Bonnell, motion carried.

Mrs. Hitchens made a motion for adjournment, with the meeting to reconvene at a later time if necessary. Motion was seconded by Mrs. Qualtrough and carried. The meeting was adjourned at 8:45 p.m.

The meeting of the Board was reconvened at 11:30 p.m.

The following request for transfers was made:

$300 from Transp. Supplies and Services No. 560.0 to No. 560.10 Transportation. Insurance.

$20 from Property Insurance No. 820.1 to No. 820.2 Surety Bonds.

Mrs. Hitchens made a motion that the transfers be approved, seconded by Mrs. Qualtrough, motion carried.

Mr. Bonnell moved that Mr. Barrow's resignation be accepted, seconded by Mrs. Hitchens, motion carried with two members voting for the motion and one against. The entire Board stated that the only reason the resignation was accepted was for the welfare of Mr. Barrow, and that they felt they were very lucky to have had such a man as superintendent. They stated that Mr. Barrow has the whole-hearted support and gratitude of the Board for his services to the Ruidoso School System.

Minutes of the School Board
Special Meeting
December 19, 1963

The meeting was called to order by the president, Mrs. Tully, at 7:35 p.m. Members present were: Mrs. Wynema Tully, president; Mr. Ralph Bonnell, vice-president, and Mrs. Pearl Hitchens, secretary.

Also present were Kenneth Knapp, Bill Dean, Glover McCarty, Superintendent T. W. Barrow and Mrs. Oveson.

The following fuel-oil bids were opened:

El Paso Gateway Oil Co.—17c per gallon for No. 2 high grade fuel burner oil.

O. C. Shields Oil Co.—12½c per gallon for Malco No. 2 burner fuel.

Ray Bell Oil Co.—12.6c per gallon for No. 2 high grade fuel burner oil.

Mrs Hitchens moved that the bid from O. C. Shields Oil Co. be accepted, seconded by Mr. Bonnell, motion carried.

The only bid received on the thirty student adjustable typewriter desks was from American School Supply Company of New Mexico, bid price per desk $53.00, total bid $1,590.00 F. O. B. Ruidoso, New Mexico. Mr. Bonnell made a motion that the bid from American School Supply be accepted, seconded by Mrs. Hitchens, motion carried.

Bill Dean, C. P. A., who conducted the 1962-63 audit, reported on the completed audit. He reported that he had received a letter from the State Auditor's office stating that he felt the insurance on the school buildings was more than the book value of said buildings. Also, that there were several clerical errors in the books, which have been adjusted in the current ledgers; and that the inventory cards do not correspond with the physical inventory.

Current warrants and vouchers were presented for approval and signing. Mrs. Hitchens moved that all bills be approved with the exception of warrants No. 803 and 817. These warrants were issued in payment of insurance, and because of the letter from the State Auditor it was felt the insurance policies should be checked further. Motion seconded by Mr. Bonnell and carried.

Al Pearson and Mr. Glover McCarty would like to be considered for appointment to fill the vacancy on the Board created by the resignation of Dr. Horton.

Mrs. Tully asked Mr. Barrow if he would consider staying as superintendent until the end of the school year, or at least until mid-term. Mr. Barrow said he would answer at a later date. Mrs. Tully stated that she felt the Board and Mr. Barrow had worked together very harmoniously, and that Mr. Barrow certainly had carried out the wishes of the Board in every way.

Mr. Barrow asked the Board's approval to request the following budget transfers:

$1,000 from Emergency to No. 240.1 Instructional Supplies.

$2,500 from Emergency to No. 240.2 Instructional Supplies.

$1,000 from Emergency to No. 240.4 Instructional Supplies.

Mr. Bonnell moved that the transfers be approved, seconded by Mrs. Hitchens, motion carried.

Minutes of the School Board
Called Meeting
December 29, 1963

The following persons were present at this meeting: Mrs. Wynema Tully, president; Mr. Ralph Bonnell, vice-president; Mrs. Pearl Hitchens, secretary; Mr. Jack Underwood, attorney, and Mr. T. W. Barrow, Superintendent of Schools.

Mrs. Hitchens made a motion to rehire Mr. Barrow as our Superintendent of Schools, seconded by Mr Bonnell, vote carried unanimously with Mrs. Qualtrough voting by proxy. Mr. Barrow accepted.

The Board requested Mr. Barrow to go to Santa Fe for information.

Mr. Barrow gave us information he received from state school personnel while he was in Santa Fe.

Our Fleet Insurance must go out on bid, and the Property Insurance is to be checked further.

Mr. Barrow recommended moving Mr. Valliant from his position as principal of the Ruidoso High School to a teaching position, and that Mr. McGuire be moved from his position as principal of the Ruidoso Elementary School to a teaching position.

Mr. Fuchs' duties as custodian of the Ruidoso Schools will discontinue as of January 10, 1964. The Board gave Mr. Barrow the authority to do as he thinks best to fill this vacancy.

There will be no skiing in the Ruidoso Schools until we are authorized to do so by the State Board of Education.

Mr. Whittington is still on probation, and will be up for further discussion.

An application was received from Mr. George White. The Board discussed Mr. White as principal over both schools, Ruidoso Elementary School and Ruidoso High School. This will be left to Mr. Barrow to contact and discuss the vacant position with Mr. White, and with other possible applicants.

It was suggested to the Board by State personnel when they were in Ruidoso that the superintendent's office be moved out of the school building into a building by itself.

Mr. John Gott is to be asked to investigate the Activity Funds of Ruidoso Schools. Mr. Barrow is to ask Mr. Wigalter for permission to pay our property insurance of $1,162.63, which is due immediately; also, to obtain information on the insurance being put out for bid each year. Mr. Underwood stated that we must adhere to State statutes.

Mr. Bonnell made a motion to accept these recommendations. Mrs. Hitchens seconded the motion, carried unanimously with Mrs. Qualtrough's proxy vote.

Our Schools Need More Classrooms . . .

One of the things that has puzzled the former school board members here they told us was what they thought was total opposition to the idea, and the need, for additional classrooms in our schools. We have classes of 40 to 50 or more youngsters crowded into one classroom. This pressing need was to be solved by the former board by the proposal of building "temporary" classrooms of metal buildings on Nob Hill campus. Opposition expressed at the time was against spending so much money on so many "temporary" classrooms of metal buildings—one group in Ruidoso thought three "temporary" classroom structures would be sufficient not six as proposed along with a shuffle in changes in classroom schedules and a shift of a portion of the elementary school enrollment back to Nob Hill. The Ruidoso News did not have any interest at the time in whether this plan was followed or not The Newseditor, however, did make a proposal to the school board in a meeting about four months ago which is almost word for word what Recommendation No. Four stated as given the local board by the state school officials' investigation committee here on Jan 5 and we quote "A lay committee be appointed to study school expansion, construction and financing." This idea was advanced by the News editor to the board at the time there was an upheaval over whether a large metal "temporary" building be bought (Some in our community thought a larger permanent building should be built as soon as possible.) The former board had begun a study of several sites for a new school building after plans apparently were dropped on pushing for the large metal structure The need is still as great as ever for more classrooms the crowded conditions must be rectified. We believe there are laymen here who can and are willing to assist in planning for this pressing problem. We hope the state officials' recommendation is followed to give assistance to the new board.

Sunny Side Up

by Jim Sayle

The veteran engineer had just been given his first run with a diesel-powered locomotive and he was breaking all records down "Iron City Hill". His nervous fireman finally protested, "Boss, don't you think we's going a little too fast?" The engineer calmly replied, "There's nothing to fear, The Lord is here with us." The darky's jaws dropped as he shiveringly looked around. "Well, mebbe so Boss, but unless He got on back there at Heflin, He ain't had a chance to catch up with us since."

Letters To The Editor

Gentlemen;

I was up in Ruidoso last week-end with my fiancee and we had the pleasure of staying at the Chaparral Hotel. But we got to meet and finally care for a poor little dog which to all my knowledge was homeless. Living up in Ruidoso you know how cold it can get during the night, so we took the little dog into my room where it happily spent the night. Next day, when we checked out, no one asked if we had seen a little lost dog and no one could tell us to whom it belonged. We could not bring ourselves to leave her out in the cold and without food or shelter, so we brought her back to El Paso.

Perhaps it is a stray dog which never had a home, but on the other hand, it is very possible that somewhere a little boy or little girl is very, very sad because a very sweet and caressing pet was lost. If we could make this child happy again by giving him his pet back we would most certainly do it gladly.

The dog is about 8-months old and is black and white. It is female and could be described as a "Mixed Terrier". It was found at the Chaparral Saturday night and is now taken care of in El Paso. We could bring it up to Ruidoso next Saturday since we shall come up during the week-end.

You will find enclosed the sum of $10 which I send you so that you can place an ad in your paper to ask if anyone has lost a little dog of the description above. You can always contact me at the address above or contact Miss Francisca Valentin at the Chaparral or Miss Jutta Radford at the Chaparral also, but only Friday and Saturday nights.

Thank you for your cooperation and I hope you will get an answer to the ad. This little dog deserves a good family, and a family deserves such a sweet pet. Sincerely,

Robert H. Millas
El Paso, Tex.

(Ed. Note: We are holding the $10 for returning to writer of this letter.)

Dear Vic,

We are upset, chagrined and feel discriminated against by the Ruidoso school district.

For us to find out you have out-of-state school board members and that Texas is represented but OKLAHOMA is not is humiliating—if not downright disagreeable.

A rectification of this situation would be appreciated to insure continued friendly inter-state relations.

Your Minister Writes...

BY W. A. VANZANT

Pastor Gateway Assembly of God

Get Mad! Text: "Be ye angry and sin not . . ." Ephesians 4 26.

Anger is a proper emotion, and there are things in his word to hate Dr A T Pierson once wrote of Dr A J Gordon "The hand that could carry the grapes of school with a touch so delicate as not to disturb the bloom could, when occasion demanded, sieze the sword of the Lord and hew Agag to pieces before him."

A strange alchemy exists in the mortal law that governs this world. Love is not love without hate; and hate is not hate without love. The story is the same in the Old Testament and the New Testament. Psalm 97:10 says, "Ye that love the Lord hate evil." Rom. 12:9 says, "Abhor that which is evil; Cleave to that which is good." Amos 5:15 says, "Hate the evil and love the good."

The negative is as important as the positive. That's something that we've almost forgotten in our sentimentalism.

We've got people today who claim they are so positive in their thinking that they never indulge in any negative attitudes. They are out looking for the good only. But do you hate what God hates, mister? Do you have a positive abhorrance of evil? If you are incapable of being righteously angry at evil, you have no real strength for good. This is the testimony God gave of his own son: "Thou hast loved righteousness, and hated iniquity; Therefore God, even thy God, hath annointed thee with the oil of gladness above thy fellows." Examine that "therefore" sir! True happiness—true victory depend upon an uncompromising attitude of a love for righteousness and a hatred for iniquity. That's what makes our Lord and Saviour a winner. No one can hope to be a champion who indulges in the attitude, "—anything goes . . ." Expediency can never be a final substitute for principal. You can only find happiness in doing that which is right. You may find thrills in doing that which is naughty, but you will find gladness in doing what is right.

Shakespears' Hamlet Posed A Question

Hamlet asked the question, "To be or Not to be." He said, "That is the question:" but that is not the question. We cannot muse, as did he, on whether to be or not to be. Our job in life is, not only to be, but to be the best we are capable of being. It is relatively easy to go through life just getting along as comfortably as possible. But life should be a challenge to make full use of our intelligence and our will power to achieve something worthy of our capabilities. Sometimes that means the sacrifice of comforts and the abandonment of ease. But those who set a high goal for themselves and work toward it with determination and enthusiasm never wonder whether life is worthwhile. They make it worthwhile.

So, Every Day Brings Its Task

Are you afraid of what tomorrow might bring? I'm not boasting, but I am not afraid of any day, anything or anybody. Now, that doesn't mean I'm going to go out and shout defiance, conceit and bragadocia everywhere I go. I think I should be gentle, humble, considerate and firm in every step I take. You and I must try our best to make our best moments permanent, not just "as flashes in the pan." Then, it is ours to give everyone whose burden is greater than our own, a lift. To try to be "somebodies" with all our might and give every other person the same chance. To make every day count we need to be long-suffering understanding, not given to holding grudges, not quick to condemn when some one's actions or thoughts are not in line with our own. WINTER 'POP' CONCERT TO BE GIVEN TUESDAY BY SCHOOL BAND

The Ruidoso High School Band will present its annual winter concert of popular and modern music Tuesday evening, Jan. 21, at 7:30 p.m., in the school gym.. There will be no set charge for admission but contributions will be received at the door to defray All-State Music Clinic expenses, director LeRoy Gooch said.

"We have three band students selected for All-State this year: Ann Winkles, bassoon; Pat Lamb, cornet, and Burly Cantrell, French horn," Gooch said. The clinic starts Thursday, Jan. 23 and goes through Saturday, Jan. 25, with all of the performing groups in concert Friday evening, Jan. 24, at 8:00 p.m. in the Johnson Gym, at the University of New Mexico in Albuquerque.

"Our local concert Jan. 21 features not only the concert band but our school stage band and a vocal trio from the band, composed of Cheryl Curry, Candace Farrar and Glenda Gable," Gooch reported. He said the following is a tentative program: Block Four March; Rhapsody for Band; Sensatico (Bossa Nova); Short Piece for Band; Medium Rare, Stage Band; September in the Rain, Stage Band and vocal trio; Deep Purple, Concert Band and trio; Mutiny on the Bounty; and State Fair Suite in four movements, I. "Especially you people who have not heard our band in concert lately, we encourage you to make that extra little effort to attend," Gooch said. "See you at the Band Concert."

AERIAL MAPS DEPICT US 70 REALIGNMENT

John Sudderth, chairman of the New Mexico State Highway Commission, and Robert DeLaRue, administrative engineer for the State Highway Department, met with interested citizens and Lincoln County officials Monday, Jan. 13 in the Gold Room at the Holiday House in Ruidoso to report on improvements planned for U. S. Highway 70 east.

Sudderth presented aerial survey maps showing re-alignment of Highway 70 between Biscuit Hill and Tinnie and stated that the new road was located after careful consideration and study by the Highway Department. He said that highways are primarily engineering operations, but that thought and consideration had been given to ranching and farming in the valley as well as the economy of the area and that in his opinion the new road alignment was the best solution and would greatly benefit all the people.

Contract for construction of the first seven miles east of Biscuit Hill will be let this summer with work to start after the racing season, and with completion scheduled for the following spring, Sudderth said. The second phase of the program of approximately 10 miles would be completed within the following 12 months, Sudderth said. The third phase of the project will be from Tinnie to Riverside, Sudderth said, and will be scheduled when the first two phases are completed.

Approximately 100 attended the meeting and studied the aerial maps. Sudderth left the maps in charge of the county commissioners present at the meeting, Kenneth Nosker and Roman Nunez. The maps will be on display at the Shorty Ellis store at Glencoe for one week and the following week the maps will be at the Ruidoso-Hondo Valley Chamber of Commerce office in Ruidoso.

Comparison of preliminary surveys for the route in the Ruidoso Valley east of Biscuit Hill with the latest aerial maps shows some changes, principally in moving the road up on the north hillside in a few more places than was formerly planned. The route will pass Fox Cave across the river from the present road. The several winding turns in the valley area have been eased considerably, also. General acceptance of the new alignment was favorable, the highway officials noted.

Principals Urged To Seek Hearings

An official of the New Mexico Education Association said he has recommended that two men relieved as principals in the Ruidoso school system ask for a hearing before the local school board.

Charles Wood, executive secretary of the NMEA, said he suggested to Pat Valliant and Marvin McGuire that they also ask the Ruidoso School Board to present them with written charges listing reasons for their demotions. The two men were demoted to classroom teachers recently.

The NMEA recommendation is in line with a recommendation made by a special investigating committee of the State Board of Education. Following hearings in Ruidoso, the investigating committee recommended that the school board hold hearings for Valliant and McGuire, and determine whether or not they should be re-instated.

Wood said the NMEA looked upon the demotions as being tantamount to dismissal, under the contracts and the controlling state laws.

Wood said he understood that Valliant already has requested a hearing in line with the NMEA recommendation.

Auditors Assigned To Ruidoso Study

State Auditor Alex Armijo assigned two members of his staff last week-end to begin an audit of the Ruidoso school system's books and records for the first six-months of the current school year.

In late December, Ruidoso School Supt. T. W. Barrow, acting on behalf of the local school board, requested that State Finance Director John Gott carry out an audit of the school system's activity funds.

Wool prices are from 10 to 25 cents (on a clean basis) higher than a year ago. This would be from 4 to 15 cents on a grease basis. Inventories are low and world wool prices have gone up sharply this fall. Due to the short wool supply and strong prices, there is likely to be more contracting than usual.

The old jalopy as a status symbol for teen-agers is threatened by a new one—the horse, Ralph Dunlap, County Agent, says that membership in 4-H projects has surged upward in the last few years and the enrollment for Lincoln County now stands at 22. Membership for the state as a whole has grown from 359 in 1959 to 595 in 1963.

But this is only a small indication of the growing popularity and population of pleasure horses in New Mexico.

Longer Gas Franchise Under Study, Assistant Manager Named By City

Joe Hawkins, of Ruidoso Gas Co., appeared before the Village of Ruidoso Trustees at the regularly scheduled meeting Jan. 9, to request a new 25-year gas franchise. Hawkins stated that in order to secure adequate low interest rate financing for a proposed natural gas system here he needs a 25-year franchise. His present franchise runs out in ten years, he said. The Trustees said that they would give his proposal further study.

A franchise for a T. V. Cable service submitted by Melvin Knox was indefinitely postponed.

Low bid of $2,562.00 was accepted for a 3/4-ton pick-up submitted by the Sierra Blanca Motor Co.

The single bid of $1,200 submitted by Jack Underwood for the codification of Village Ordinances was rejected by the Trustees.

Trustees present for the regular meeting were, Mayor Warren Tucker, Lloyd Leslie Davis, Jr., Jodie Filleman and Ben Donalhan.

Jim Hine, Village manager-clerk, was granted permission by the Trustees to deputize members of the Humane Society to handle licensing of dogs and that the society keep the money from same for their community efforts.

Trustee Filleman stated that the Village needs to study and give serious consideration to the Village Water needs. Tuesday, Jan. 14, at 7:15 was set for meeting with the Eagle Creek Inter-Community Water Supply Association Ruidoso board members.

The Trustees authorized the salary of $400 per month for Don Hart, administrative assistant, with increase of $25 per month after three months satisfactory service.

Letter to the Editor

To The Editor of Ruidoso News
To The State Board of Education

"He who laughs last, laughs loudest", Whether the school board intended to get the last laugh or not I do not know and they are probably too concerned and 'too much lady' to laugh, but I am not and I am still laughing. Some of the group who gathered with the local board Thursday night, Jan. 9, as usual (this opposition has occured in every board meeting I have attended), wanted to take over the meeting and before the board members could even present the business of the meeting a citizen tried to get the floor, proving to me this 'thing' with our school has been a pretty personal grudge instead of an issue of concern for our School System.

To you who are guilty of this I say that you may have succeeded in getting our school board members to resign but you do not yet run our schools, neither do I (my last letter to the news on this issue before I get branded as trying to). Since statement and apology has been made from one source on some erroneous statements, a great number of people (many who signed the petition and have received more knowledge about this issue) have expressed regret also in a hasty action. Many people did not express their opinion, nor were they consulted. Why? We are parents, tax payers and our positions (not petitions) need to be strong.

To the State Board of Education I ask, since I feel you did not uphold and back our local board (nor have I yet seen a public statement made by you as to what was wrong with the local board, only to advise the resignation of one member). If the other members knew and felt assured that you were backing them why would they have resigned? My question is, will you support another board? For example if displeased persons should want to put this board out and get 800 signers which tops the last petition, would you go along with another petition or take up for the Board as you should and tell the petty grudge holders to go home and let the school get back to order?

The past school experience should teach each of us to display more interest (in the correct manner), in our schools. I will be against any activity in our schools which I feel plays no part in Education and by this I mean sticking to the 3 R's as nearly as possible. Our progressing society gives us the other schooling we may have tuition to if desired.

I would like to see our school maintain the idea that it is an institution of essential education, not a playground of the Southwest.

I would like to see a state law permitting our school children to be paddled (this includes high school students) by teachers, bus drivers, playground attendants, etc., at the time they need the punishment. I feel a teacher probably could teach a class without a few supplies but not without discipline. I would like to express my sincere appreciation to Mrs. Tully and to the board members who have resigned, Dr. Horton, Ralph Bonnell, Mrs. Qualtrough, and Mrs. Hitchens for the long years of dedicated service which I'm sure involved much of their time, also their own money for an almost thankless job. I suspect in the near future School Board members will hold the highest paid positions in the State.

Sincerely,
Jeanette Browning

Gas Franchise Is Asked At Ruidoso Downs

Joe Hawkins presented a tentative request for a natural gas franchise to the Trustees of the village of Ruidoso Downs Tuesday night, Jan. 14 at the regularly scheduled meeting of the Trustees. The 25-year franchise would pay the village 2 per cent of the gross revenue plus other allowances to the Village for use of gas The Trustees took the matter under advisement.

All village officals were present for the Tuesday night meeting, including Mayor E. E. Miller, H. H. Shier, Max Oliver, Zeke Scott, Lucas Gallegos and Clerk, C. A. Culver.

Ron Shriver, chief of the Ruidoso Downs Volunteer Fire Department, received commendation from the Trustees for the work of the volunteers and was granted $300 for the Fireman's recreation and training program.

Max Oliver was aunorized by the Trustees to work with the Ruidoso-Hondo Valley Chamber of Commerce in making the New Mexico Postmaster's Convention a success. The Postmaster's convention is scheduled for the last week in May, Oliver said.

Clerk Culver was authorized to have specifications drawn and bids announced for the purchase of a new garbage truck for the Village.

Warriors Squeak By Cloudcroft, 57-55

Lake Arthur Trips Tribe Saturday Night

Ruidoso's Warriors had a tough time of it last week-end coming out with a victory over Cloudcroft in a tight game Friday night and losing another close battle Saturday night to Lake Arthur.

David Scott hit two jump shots in the last 1½ minutes to insure a victory for the Tribe in a close court battle with the Bears from Cloudcroft Friday night here. The Bears could only manage a free shot in the last 54 seconds of play and were able to get away only one shot from the floor which came just as the buzzer sounded ending the game.

The Bears put up a tight man-to-man defense which hampered the Warrior scoring in the second half.

Big Howard Andrews fouled out at the end of the third period and the Tribe was able to mark up only eight points in the final period.

Scott was the big gun for the locals hitting for 20 points followed by Howard Andrews with 13 and Darrell Stierwalt with 10 counters.

Eddie Coleman of the Bears held high point honors with 15 markers, Jay Bradley hit for 10 points in the loss.

The Warriors jumped out to a 16-12 first quarter lead and went in at halftime with a 31-28 margin. The Cloudcroft crew outscored the Tribe in the third period, 19-18 and both teams could only put eight markers through the hoop in the final stanza.

Bees Defeat Cubs With Ease

The Warrior understudies had a fairly easy time Friday night in a preliminary contest with the Cloudcroft Bees, taking the victory, 59-37.

Steve Miller and Silvario Candelaria led the scoring for the locals with Miller hitting for 13 counters and Candelario counting 10.

The Bees led in every quarter and were never threatend in collecting the victory.

Lake Arthur 72,
Warriors 68

Lake Arthur came from behind in the final two periods to take a victory over the Warriors there last Saturday night.

The Tribe jumped out to an early lead in the first period and were outscored in the second and third quarters before making a valiant bid in the final period in an effort to try to pull out the win.

Howard Andrews led the Warrior scoring with 23 points, followed by David Scott with 18 and Larry Bizzell with 12 markers.

Lake Arthur's Abe Araujo had quite a battle with Andrews for high point honors, scoring 27 big points in the victory. Tommy Dutchover and Ron Lard each tallied 13 points to back up Araujo.

Bees Win Second In A Row

The Ruidoso B teamers came out on the winning end again for the second night in a row by defeating the Lake Arthur B team, 67-62.

The Bees pulled ahead in the third period after being behind at the end of the first half, 28-27 to take the victory.

George Pearson and Mike Burns led the Braves in the scoring department with 15 markers each while Silvario Candelaria added 14 points in the contest.

St. Peters, Tularosa Trip Hondo Eagles In Week-End Games

Tularosa defeated Hondo, 63-40 at Tularosa last Friday night to bring their season record to a 10-2 mark.

Gilbert Lopez led Tularosa with 21 points followed by Steve Gutierrez with 12. Sonny Sanchez scored 14 for Hondo.

In a preliminary game the Tularosa B team beat the Hondo B team, 59-21. Scoring was led by Billy Cornelius of Tularosa with 19. Cooper scored 14 for Hondo.

St. Peter's High of Roswell rallied in the second quarter at Hondo Saturday night behind the shooting of big 6-4 Mickey Wyatt to score a 64-51 District 5-B cage win.

Wyatt scored 11 points to pace the Crusaders and take game honors. High for the losers was Bobby Richardson with 15.

The Hondo five rushed to a 15-8 first quarter lead and held on in the second frame to leave the floor at intermission ahead, 30-28.

But in the second half the Crusaders of Coach Ronald Bonly scored 18 points in both the third and fourth frames to pull away for good.

ANDREWS SHOOTS FOR TWO—Big Howard Andrews hit this jump shot for two points last Friday night against the Cloudcroft Bears as Cody Spears tries to block shot. Waiting for rebound is Mike Hendrickson and an unidentified Warrior behind Hendrickson. The Tribe won the battle, 57-55.

Ruidoso Frosh Down Hondo B Here, 51-35

The Ruidoso Freshmen, led by Craig Whipple's 22 points, walloped the Hondo B team in a preliminary contest here last Thursday night.

Hondo's Fruin Brady gave Whipple quite a race for high point honors hitting the bucket for 17 markers to lead the losers in the scoring column.

The Ruidosoans took a 12-3 first period margin and were never headed throughout the game.

All but five players on the Ruidoso roster got into the scoring act with every boy getting to play at least a quarter.

Tribe Travels To Capitan, NMMI This Week-End

The Ruidoso Warriors with a 5-5 season record travels to Capitan and NMMI at Roswell this Friday and Saturday nights hoping to break the jinx of splitting the week-end games.

The Warriors have lost one game of two the last two week-ends, losing to St. Peters and Lake Arthur and winning over Capitan and Cloudcroft.

The NMMI crew looks to be very tough after taking an easy 64-49 victory over Clayton last Saturday.

The contest should prove to be a thriller featuring two Warrior high scorers against two of the Colts' hotshots.

David Scott and Howard Andrews will be battling against Paul Arnold and Pete Johnstone in the scoring department.

Both Arnold and Johnstone led the Colts in scoring over the Yellowjackets from Clayton as the two hit for 16 points each.

The Warriors have previously defeated the Capitan Tigers and will have to contend once against with the hot-shooting Pete Carabajal to come out with a win.

Capitan lost last week-end to Carrizozo, 71-58 which shows the Grizzlies may be in contention for the 5-B Sub-District title. The contest was the best effort of the season for Carrizozo.

SCOTT GOES IN FOR LAY-UP—David Scott drove in for two points in the third period last Friday night as the Warriors took a close battle from the Cloudcroft Bears. Cloudcroft's Eddie Coleman is behind Scott as Darrel Stierwalt comes in to help.

BLOCKED—David Scott tried a jump shot in the third quarter of action last Friday night with Cloudcroft and had the ball deflected. Howard Andrews of the Warriors came up with rebound and made two points for the locals. Others in picture are Cody Spears of Cloudcroft at left and Mike Hendrickson at right. Other Warrior in white uniform in background is Larry Bizzell. Ruidoso won the close contest, 57-55.

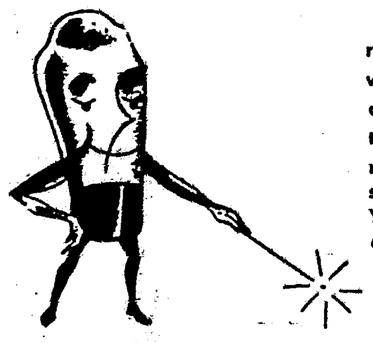
TO OUR CUSTOMERS—

In earlier announcements, we have kept you informed of Ruidoso State Bank's transition to electronic bookkeeping machines.

You have probably wondered about the effects of this transition on your checking account. Actually, the only change in your present routine will be the use of an account number. This account number becomes your electronic signature to these complex machines.



MR. R. S. B.

Several of our depositors have already received their account numbers, along with a supply of pre-printed checks and deposit slips. You can help speed up our transition into this new system by beginning the use of these checks and deposit slips as soon as you have received them. Your account number should appear on all checks and deposit slips. By using these checks, no change in your check writing habits will be required. We will continue to furnish additional checks imprinted with your account number as you need them.

Your account number will provide a double protection. This number, together with your personal signature, will serve as an extra safeguard for your account.

While each account will be distinguished now by a number, as well as your signature, each check will still need to be examined by an old-fashioned pair of eyes. Banking is still a "personal service" business.

These are the few simple rules that must be followed to assist both you and us in faster, safer and more accurate record keeping:

1. Use only checks that have your account number imprinted thereon.

2. Use deposit slips that have your account number printed thereon. The deposit slips will be entirely different from the type you are familiar with and have been using in the past. Please do not attach anything to these new deposit slips with staples or paper clips, just have your adding machine tape loose with the deposit slip.

Mr. Vic Lamb
Ruidoso News
Ruidoso, New Mexico
Dear Mr. Lamb:

In receiving letters from various friends in Ruidoso I have gotten scattered bits of information about the trouble in the school system. Both my grandmother and I are very interested in this matter.

Enclosed in this you will find thirty cents (30c) to cover postage and handling of one copy of the paper carrying this story. If you could send us a copy we would certainly appreciate it.

We certainly miss the beauty of the mountains and the agreeable year 'round climate we had grown to know and love so well. Perhaps we will see all you Ruidosoans this summer.

Sincerely yours,
Lee Conner

Dear Miss Smith:

On behalf of the Citizens Committee, I wish to express our hearty congratulations and sincere appreciation to you, the Student Council, and the students of Ruidoso High School, for your exemplary performance of control, logic, and intelligence during these past few days, and particularly during the meeting the Student Council had with the State Board of Education officials.

You have truly demonstrated the high sense of moral integrity that is so sorely needed throughout our world these days. This outward expression of your precious truthfulness and sincerity, clearly indicates a high state of training at home and in your school.

It is our hope that all of you will continue to present this unimpeachable atmosphere of mental health in all your future endeavors.

ASSESSOR'S NOTICE TO PROPERTY OWNERS IN LINCOLN COUNTY

It is again time to remind property owners to render their taxes for 1964. Many have already attended to this when they were in Carrizozo to pay their taxes—which saves time and worry in remembering dates when the Assessor will be in their locality. A 5% penalty is charged after March 1st, 1964. Also veterans do not receive their exemptions if they fail to bring their Eligibility Certificates when rendering property taxes and sign for the Exemption on the Tax Schedule—and have their Certificates signed.

Fair rendering of property by every property owner would make our taxes lower—and make us proud we are taking a part in helping to run our County Government and schools.

We should render our household furniture even though we do not own a house but have our own furniture—value furniture according to the price—if you do not have new furniture value it at 1/3 of the cost. A new house and new furniture should be rendered a little different; a new home at 1/3 of the cost and furniture at 1/10 of the house cost. Grazing lands are to be valued at $1.62 or $1.75 an acre according to location. Irrigated lands should be put on the tax roll at $64.00 an acre. Lots should be valued at $100.00 and up. Machinery, equipment, fences, pipe lines, (plastic & other), wind mills, pumps and livestock should be put on our Tax Rolls.—Livestock should be rendered at 90% of the herd, this includes elk, race horses, pigs, saddle horses, cows, bulls, goats and sheep.

It is real important to check your Tax Schedule, and your properties to see what you are being taxed on and know if your changes have been made. This is especially important for Ruidoso residents.—We don't want you to pay in 1964 for property you sold in 1963—at the same time new owners want this in their names so tax problems won't cause trouble.

Mr. and Mrs. Mike Sendecky and Mr. and Mrs. Frank Kirby-Smith spent the past week-end at their homes in Gavilan Canyon. They came up from El Paso on Friday, returning on Sunday afternoon.

Mr. and Mrs. Valton Hall of La Junta Ranch are visiting in Hearne and Calvert, Tex., at present.

Mr. and Mrs. Robert Williams were in El Paso for a few days last week visiting relatives.

Wednesday of last week the area was covered with about two to three inches of snow. The highway crew came in to clear the pavement in the morning and traffic had little difficulty getting through on Highway 37.

The Ski Run had about six to eight inches of snow last week and the report was good for the beginner's slope. This has proven to be a popular slope and many are beginners at skiing and the crowds have gone up quite regularly on week-ends especially.

Mrs. Lyda Peebles of Alamogordo went with Aileen Lindamood on Tuesday of last week to Las Vegas, N. M. Quite a severe snow storm was encountered on the way back and chains were in order. It was a welcome re-entry to Lincoln County we made as this county does a good job of clearing the highways. Might add in passing that we did not see a snow plow nor a salt truck in the northern part of the state. But reaching Corona the highway was clear and it made for easy going from there on south.

Hollywood Notes

Mr. and Mrs. F. W. Sadler from Dexter visited the Lee Wimberlys Saturday. Mr. Sadler, who is State President of the New Mexico Postmasters, met with the State Convention Committee including Mrs. Lee Wimberly, Hollywood Postmaster, chairman; Mrs. Dorothy Parnell, who is Ruidoso Downs Postmaster, and Joe Dryden, Ruidoso Postmaster, to plan for the New Mexico Postmasters Convention to be held here in May.

C. W. McReynolds from Roswell and his sister, Mrs. C. O. Phillips and Mr. Phillips from Hereford, Tex., visited in Ruidoso last Monday.

RUIDOSO'S 'OLD FAITHFUL'—Bob Walker, C. of C. manager, is shown warming his hands in steam rising from a cleft in the cliff above the Ruidoso-Hondo Valley C. of C. office. On cold mornings, when the temperature is at zero or below, warm air rising from what is believed to be a cave, turns to steam in the cold atmosphere. It produces so much moisture that nearby shrubs have a heavy coating of frost—and is noticeable from Sudderth Drive some 150 yards below.

"Little Bit" Roberts last Saturday at the Ruidoso Baptist Church with Rev. Wayne Joyce holding the services. This writer had the sad honor of accompanying Mrs. Al Beach as she sang for the service. The baby was buried at Forest Lawn cemetery.

We have had reports that this past week was the coldest this year getting down to 15 degrees below. Water pipes froze up all over town and grade school let out early Monday noon due to the water situation.

Sheriff Glen Bradley dropped by this past week and visited friends.

Monday night, Jan. 13, at the Carrizo Lodge was the setting for the graduation of several members of the square dance class held there each Monday night. Don Driver, the teacher, presented diplomas to the following pupils: Sammye and Don Stark, Darlene and Virgil Whitting-

this school term.

To insure attendance, and to cut down on any unnecessary absence, a note from the parents stating reason for absence will be required.

Points will be taken off for an unexcused absence.

The organization has also set a rule for being on time. A member must be on time or else it is preferred that she doesn't come at all. Three tardies will be equal to an unexcused absence. The time of tardiness will be counted from 7:15 to 7:30, afterwards the doors will be locked.

G. A. A. has been organized for everyone's recreation and relaxation. It is to provide enjoyment, a little competition between teams, and fun for everyone. A person's attitude will be important here in this respect. Agreement and friendship will play an important part in determining if each girl will get a letter at the end of the year.

Officers will not compete for points. Instead, they will be allowed to buy their own letter. This is to prevent any extra confusion to the chairman in charge of the point system.

The Jan. 14 meeting of the Ruidoso High School Letterman's Club. Committee chairman Jimmy Steele reported on the possibility of a point system. A committee was appointed to study the constitution, to see if there should be any changes. Several projects were discussed, but no decision was made. Further discussion on the projects will be done at a later date.

G. A. A. at its January 10 meeting has set its dues at 50c for this semester and $1.00 for the year.

A point system has been adopted to give recognition to those who are deserving. A certain number of points will enable the member to buy a G. A. A. letter at the end of

ton, Nadine and Herman Reynolds, also to Carol Davis, Nelda Guthrie, Jerry Halladay, Larry Graham and Richard Keith. The Sierra Squares, our square dancing club, will meet on Wednesday night, Jan. 22 for the purpose of electing new officers. All members are urged to be present. The meeting will be held at Carrizo Lodge.

Visiting the Bob Coles have been two of Bob's brothers and families, Mr. and Mrs. Bill Cole and six children, and Mr. and Mrs. Alvie Cole and children, all of Roswell.

Mrs. Lee Fox is leaving this week for a visit with her mother, Mrs. W. C. Marshall of Perry, Okla. Mrs. Marshall has been very ill but is improving and we send our wishes for a speedy recovery.
