Around Town
—By Nosey Waters—

The newly published Coast to Coast Travel Guide for U. S. Highway 70 travel promotion has a lot of interesting facts and pictures on sights to see along the route—and Ruidoso got the big end of the deal with THREE photographs of things in our area—Alto Reservoir, Villa Inn Motel and a cover, color photo of a gondola with skiers in it at Sierra Blanca Ski Area! How about that! . . . Also, three pictures of our airport and its terminal and facilities (all photos were made by the Ruidoso News, incidentally!) appear along with an article in the new publication, New Mexico Industrial News, published at Albuquerque. . . Lincoln County has 43 boats of 10 horsepower or more registered, according to a report from the State Parks & Recreation Commission. . .

Gravelly Tractor Service here was successful bidder on the sale of 13 Gravely powered lawn mowers bought by Walker Air Force Base, we were told. . . The New Mexico Bureau of Revenue has filed a sales tax lien of \$639 on Joe Evans, doing business as Joe's Turf Club in Ruidoso, with the county clerk, a report from Santa Fe says. . . The J. P. Smiths, former Ruidosians, and later of Albuquerque, are now operating Travelodge in Alamogordo. . .

The Bureau of Revenue says there are some state income tax refunds due M. Chavez, \$16.85, and At, and N. Sanchez, \$7.29, whose last known address were Ruidoso. . . Anybody need to peruse the New Mexico State Fair catalogue? We have one at the News office. . . Mrs. Alberta Miller, secretary of state for New Mexico, has issued a Blue Book in which hundreds of facts about New Mexico are included, listing officials of various departments and bureaus, state colleges and universities, parks, state flower, state animal—just pages and pages of such items—including complete list of all our state governors, etc. . . Lincoln County Treasurer Phoebe May Taylor reports Ruidoso's property tax valuation for 1964 jumped from \$4,961,613 the previous year to \$5,128,717 here last year—a gain of more than a quarter of a million dollars! . . . Here's a clipping from the Alamogordo Daily News' Billy Holder column: "Comes word that rancher Tom Ryan of Three Rivers is hospitalized in Carrizozo as the result of a rattlesnake bite, suffered last Saturday. Spokesmen from the Lincoln County Hospital reported the rancher was bitten on the ankle by a two-and-one-half foot rattler which had somehow gained entry to one of the ranch-house rooms. His condition was reported as good, but he'll have to be in the hospital a couple more days."

The fellow who gave the Ruidoso-Hondo Valley Chamber of Commerce annual banquet address in May this year—Gen. Hugh Milton of Las Cruces—has been named as state Red Cross chairman for New Mexico. . . Lincoln County Artist Pejer Hurd's cover portrait for Time magazine of President Johnson will be on display this year at the New Mexico State Fair this fall. . . Final meeting of creditors of Ice-O-Rama, Inc., now in bankruptcy in federal court, has been set for July 7, 1:30 p.m. in the Chaves County District courtroom in the Chaves county court house, Roswell, according to a notice from Jethro S. Vaught, Jr., referee in bankruptcy. Unsecured indebtedness is listed in the notice at \$71,650.20 with receipts of \$8,800.87. . .

Last Friday, Gay Jennie was claimed by Alvin E. and Perry H. Walker (Perry is trainer) from LaFayette Ward for \$1,600 in the 8th race at Ruidoso Downs. . .

O. N. Oiles, local contractor, and three members of the Ruidoso News family about 6 p.m. Monday watched in amazement as a car sped west on Sudderth Drive at about 65 miles and hour—lost control in front of Spall's Sundries, had to drive up onto the sidewalk at the bank, and weaved in-between utility poles, parked cars at the curb and moving vehicles in the westbound lane—BUT—fortunately didn't hit any other vehicle nor any people. Best we can tell the person was driving a 1963 Plymouth Fury—wish we'd gotten the license number! . . . A Ruidoso merchant wonders if it wouldn't be a safety measure to put a Yield Right of Way sign at the traffic circle on Sudderth above the post-office. "Many folks don't know if they're to stop or not when another car enters the circle from a side

EL PASO ROTC CADETS STAYING AT MONJEAU FOR ENCAMPMENT

Seventy-two cadets for Reserve Officer Training Corps in El Paso high schools arrived at Villa Madonna on Monjeau for a month's encampment, it was learned last week.

In charge of the summer program for the cadets will be Major James S. Galins and Captain Douglas Farmer. Nine sergeants also will be on hand to help in the training exercises.

Capt. Farmer said in an interview with the News that only a few cadets from each high school in El Paso are able to make the encampment.

Arrangements were made by Capt. Farmer with the Ruidoso Gun Club, Inc., to use the Cedar Creek Rifle Range for firing range training as part of their exercises during their stay.

COUNTY QUEEN RACE HAS SIX ENTRIES

Six young women have announced their interest in seeking the Lincoln County Queen title—to be determined this week-end in the Smokey Bear Stampede. Winner of the crown will not only reign during the big rodeo event at Captian, but also at the annual Lincoln County Fair in September and will represent the county in the State Fair Queen contest later.

Mrs. Zane Leslie, chairman for this feature of the Smokey Bear Stampede, last week-end reported these five entrants: Waynette Withers, 16, daughter of Mr. and Mrs. Wayne Withers, Carrizozo, sponsored by Carrizozo Chamber of Commerce; Willa Marie Edgar, 16, daughter of Mr. and Mrs. Bill Edgar, Captian, sponsored by Dean Hardware; Connie Preston, 16, daughter of Mr. and Mrs. S. G. Preston, Alto, sponsored by Joy-max Chinchillas; Denise West, 16, daughter of Mr. and Mrs. Briscoe West, Capitan, sponsored by Mt. Capitan Subdivision, and Mable & Hall, Inc., and Miss Rosella (June) Kirkpatrick, 18, daughter of Mr. and Mrs. Loyd Kirkpatrick of White Oaks, sponsored by Carrizozo Rotary Club.

A sixth entrant was announced this week when Barbara Creel, daughter of Mr. and Mrs. George Creel of Ruidoso reported she was to represent the Rainbow Assembly of Girls of Ruidoso.

Bob Walker, Ruidoso-Hondo Valley Chamber of Commerce manager, said an entrant in the parade, but not in the queen contest, is planned from here to represent the city. The young lady, Dee Ann Donham, Odessa, will be on horseback and attired in western wear, Walker said.

She is employed as secretary in a local attorney's office and is the daughter of Mr. and Mrs. J. R. Jennings of Odessa.

HEAVY RAIN IS REPORTED IN FLOOD AREA

Rainfall measuring two to three inches fell in some parts of south-eastern Lincoln County Monday, with reports of some hail in the region, also—to dampen the region which suffered the greatest damage from a flood ten days previous.

State Policeman Bob Miller said traffic was unable to use U. S. Highway 70-390 for a part of Monday afternoon when water flowed over the road east of Tinnie. He said fields were a sea of water in the eastern part of the Hondo valley where a flood tide put the Rio Hondo out of its banks. He said water several feet deep rushed down the Bonito from a heavy rain in the Lincoln area, and also from Alamo canyon from another heavy downpour southwest of Tinnie.

Showers were also received in Ruidoso and Ruidoso Downs Monday evening, and again on Tuesday, and there was some reports of shower activity in the Ruidoso valley both days.

County Commission Chairman Max Oliver said water was about 18 inches deep as it flowed through the Jud McKnight ranch home east of Riverside, the second time the residence has been swept by a muddy flood in June this year. Water was about five feet deep the previous time, however. Oliver said a fellow county commissioner, Joe McKnight, had his access road washed away. The latter rancher did not have any damage in the previous flood, Oliver said.

\$50,000 FLOOD AID GRANTED

A \$50,000 state emergency aid grant was approved by Gov. Jack Campbell for rebuilding county roads and bridges damaged by floods in Lincoln County. This information was received in a telegram here at noon Friday last week by County Commission Chairman Max Oliver.

The governor asked for President Johnson to declare Colfax, San Miguel, Mora and Lincoln Counties as federal disaster areas. He requested \$800,000 in federal aid.

The \$50,000 will come out of the \$200,000 State Disaster Relief Fund. Lincoln County is the only one in the state to ask for aid from the fund.

The governor's office said an investigation was being made of whether the \$50,000 takes from the state emergency fund could be replaced later with federal money.

FUN GALORE IN FOUR DAY INDEPENDENCE WEEK-END HOLIDAYS—

Pair of Rodeos, Indian Dances, Racing, Art Show For the 4th

The Playground of the Southwest and its neighboring communities are all set to play host to thousands of vacationers this week-end with a full program of activity to entertain folks of all ages on the Independence Day holidays.

There are four days of 12-aces-a-day cards booked at the Ruidoso Downs, Friday through Monday. (Details of this program are given in today's sports section of the News.)

There are a pair of top-notch rodeo events slated for two and three days at the arena.

The Mesquero Apache Indian Reservation's rodeo will be held three afternoons at Mesquero—a recreation held annually in connection with the Apache Indian Ceremony in which Indian dances will be offered for four days and also where Indian arts and crafts are placed on sale along with some carnival booths and possibly some baseball games. The ceremonial is a religious event in which Indian maidens who have reached the age of puberty are honored on their debut. Indians from several tribes in New Mexico and neighboring states are expected as special guests—and some may perform dances during the four days of the Ceremonial.

Indian maidens who are eligible to participate in this year's debut have been announced by the Tribal Council administration office as follows:

Olinda Jean Blake, age 13, daughter of Mr. and Mrs. Sherman Blake; Caroline Kaydahnine, age 13, daughter of Mr. and Mrs. Albert Kaydahnine, and Ava Jerilyn Torres, age 14, granddaughter of Mr. and Mrs. Eric Tortilla.

The Apache rodeo will be on July 3, 4 and 5—Saturday, Sunday and Monday, in the afternoon in the Indian arena northeast of the ceremonial grounds at Mesquero.

The dances will be in the customary place northeast of the little community where the tribal headquarters are located, and they will last four days, Friday through Monday, July 2, 3, 4 and 5.

It is the custom to have dances of various kinds throughout the day and during the early hours of the evening. There are some dances performed at various hours during the night, also. Admission for the dances, to include the ever popular Dance of the Mountain Gods, Eagle Dance, Dance of the Apache Maidens, Buffalo Dance and Bow and Arrow Dance, will be \$1 for adults and 50c for children.

For the rodeo, to include bull riding, ribbon roping, bareback

bronc riding, double mugging, calf roping and bull dogging, the admission will be \$1.25 for adults and 50c for children. The rodeo shows are held at night each of the three days and contests are open to Indians and non-Indians alike.

Growing into one of the biggest Independence Day holiday western events of the Southwest in recent years, is the annual Smokey Bear Stampede at Captian, in which two days of rodeo action is provided, along with dances on a couple of nights and a parade and a big free barbecue.

The Capitan rodeo performances will be staged two afternoons, on Saturday and Sunday—and with one night program, Saturday night. Admission will be \$1.50 for each performance for the rodeo programs for adults, and 50c for children 12 years of age and under.

A parade will be held Sunday, July 4, this year, to roll at 11 a.m. Dances on Friday and Saturday nights will be \$2 for admission, with ladies free. Friday's dance will start at 9 and last until the wee hours and on Saturday night, the dance starts after the night performance. Playing for the dance again this year will be the Aggie Ramblers.

The rodeo will be at the arena in the southeast part of town, near the fair auditorium.

Hatjen Brothers of Happy, Tex., are producers of the rodeo for the Smokey Bear Stampede this year, with a saddle to be top award to the all-around cowboy, and with buckles to be given in each event. Events include bareback bronc riding, calf roping, saddle bronc riding, steer wrestling, bull riding, ladies' barrel racing and ladies' pole bending. A rail scramble for all youngsters is set for boys and girls 12 years of age and under for part of the rodeo fun.

The free barbecue will be served on July 4th, starting at noon.

The second annual arts and crafts show sponsored by the Lincoln County Art Association, was scheduled for a much longer run this year than in 1964, opening Friday, July 2 and to run through Sunday, July 11.

The 1965 display of paintings in oil and water color, sketches in pastels, pencil, pen and ink and other mediums, and handicrafts of many kinds, will be in the former Ruidoso News building in the downtown area, between Bob Hollis' Buckhorn Barber Shop and Edith Johnson's Cafeteria. Hours for the show are from 4 until 8 p.m. on week-days; from 10 a.m.

Possible Meteor Crater Discovered Near Ski Area

Bill Boyer, U. S. Forest Service employee in the ski area has discovered what may be a miniature version of the famed Winslow, Ariz. meteor crater right here in the Ruidoso country. Located about a mile from the top of the gondola lift, the crater is about 15 feet in diameter and about six feet deep, circular in outline, and ridged by a circular lava-type rock seemingly thrown up by the descending meteorite.

Boyer and United Helicopter pilot Dick Turley made a flying trip to the site Monday morning, noting all the surface indications, in preparation for reporting the find to geologists at the New Mexico Institute of Mining and Technology at Socorro. Boyer, with many years of experience in the immediate area, expects the meteorite, if indeed buried in the crater, to become an added attraction for visitors to the ski area.

MURDER CHARGE CHANGED TO VOLUNTARY MANSLAUGHTER

A first degree murder charge filed against Phil Richardson in the death of Frank Gonzales by gunshot wounds near Ruidoso Downs on June 14, was reduced to voluntary manslaughter last Friday, June 25, in a preliminary hearing before Justice of the Peace R. L. Sherrill Miller, New Mexico state police-

Richardson was bound over to district court on the bond of \$2,000 was set. Richardson's defense was based on the "unwritten law."

Witnesses at the preliminary hearing Friday included: Bob Miller, New Mexico state police-

CONGRESSMAN WALKER ASKS ANOTHER STUDY ON EAGLE CREEK DAM

New Mexico's Congressman E. S. Johnny Walker has asked the Secretary of Agriculture to instruct the Soil Conservation Service to re-evaluate the need of a dam on Eagle Creek, a tributary of the Ruidoso river.

"In view of the tremendous damage that has been caused to the entire Hondo, Ruidoso and Bonito river valleys because of lack of flood control facilities, I feel that a new study should be made to determine the feasibility of a dam on Eagle Creek," Congressman Walker said.

The Soil Conservation Service made a study of the area in January this year but turned down the project as having an "unfavorable cost ratio."

There is no admission charge and arts and crafts fanciers are invited to visit the show as many times as they wish.

HAAKE SUTT IS REVIEWED BY TRUSTEES

A copy of the complaint by Floyd Haake, plaintiff, vs. the Village of Ruidoso, as filed in Third Judicial District Court in Carrizozo, was read at a meeting of the Village of Ruidoso Trustees' last Thursday. Haake is seeking judgment in the amount of \$5,000 plus six percent interest since June 2, 1963. This is in regard to airport improvement project in which Haake was given a contract for \$462,201.21 and was paid only \$487,201.21 which created a deficit of \$5,000, his complaint alleges. According to the minutes, this was due to the fact that the Village has not been able to get a final FAA payment because of failure to have a decision handed down on a fence injunction court case involving Ralph Brown. According to Village Manager-Clerk Jim Hine and Richard Parsons, attorney representing Brown, a decision in the Brown vs. Village of Ruidoso case heard this spring in Alamogordo has not yet been received.

Present for the regular meeting Thursday were Mayor G. H. Stone-man and Trustees Bill McCarty, Jodie Filleman, Guy Robertson and C. M. Whitlock. Hine informed the trustees that planned water and sewer improvements will necessitate the issue of the remaining \$50,000 in joint water sewer bonds, authorized April 1, 1964. On a motion made by McCarty and seconded by Whitlock, issue of the bonds was approved with all trustees voting "aye."

Jack Kaniady presented final plats on Unit One, Holiday Acres and also final plat Unit One, White Mountain Estates. Both plats, approved by the Planning Commission June 24, were also approved by the trustees.

Because of the anticipated heavy usage, the Federal Aviation Agency will operate a three-day control July 3-4-5 of Ruidoso Municipal Airport, it was announced by the Fort Worth FAA office this week. All traffic in and out of the port must comply with orders from the airport tower from 8:30 a.m. until 7:30 p.m. each Saturday, Sunday and Monday. The transmitter frequency is 120.7 megacycles, and messages can be received also on 122.7 or 123.8 megacycles, it was announced.

Revenue Bonds Outlined At Meeting Here Last Thursday

Ruidoso-Hondo Valley Chamber of Commerce and Village of Ruidoso officials met with John May, head of Industrial Division of the State Department of Development at Wattle's Thursday last week to discuss industrial revenue bonds.

May declared use of the bonds helps promote business in cities and stated that the bonds have been an outstanding tool in acquiring business for New Mexico. State legislation allows organized municipalities to issue the revenue bonds without a vote of the property owners to assist in financing construction of factories or other industries—to be repaid from revenues from rents or leases, he said. The purpose of the meeting was to acquaint the local officials and civic leaders with the bonds and how they can be used should the occasion arise in Ruidoso.

LIST RECREATION AREAS WHERE FEES CHARGED

The Southwestern Region of the Forest Service, U. S. Department of Agriculture, has published a revised list of camp and picnic grounds where an entrance fee will be required under the Land and Water Conservation Fund Act of 1965.

Beginning July 1, entrance fees will be required at designated developed recreation sites on all National Forests in Arizona and New Mexico and the Panhandle National Grasslands scattered thru the states of New Mexico, Texas and Oklahoma.

Regional Forester Fred H. Kennedy said the new law, designed to raise money to increase and improve the amount of outdoor recreation land available to the American public, went into effect April 1 for several Federal agencies administering recreation facilities.

The Forest Service, which formerly charged for very few recreation areas, was delayed in implementing the law because sites covered had to be designated and posted.

Also, a change in entrance fees for camp and picnic grounds required revision of a recreation area list prepared for publication a month ago.

There is no change in the annual permit, the Recreation/Conservation Sticker, which sells for \$7 and admits a non-commercial vehicle and all its occupants to most Federal recreation areas throughout the United States. The annual permit is good until March 31, 1966.

The new one-day entrance fee for picnic grounds is 25 cents per person over 16 years old. The cost for camp grounds is 50 cents per day per person. The season ticket, issued by individual National Forests and good only on one Forest, sells for \$2 per person and expires Dec. 31, 1965.

Kennedy noted that 60 per cent of the revenue derived from the sale of annual permits, subject to Congressional approval, will be distributed on a matching basis

to state, county and municipal governments. The money is to be used to acquire and develop areas suitable for recreation. The remainder of the revenue will be appropriated by Congress for use by Federal agencies for acquiring recreation land.

The Recreation / Conservation Sticker is available from all Forest Service offices.

The eight camp grounds in the Lincoln National Forest where a 50 cent daily entrance fee per person will be charged unless a sticker is in evidence on the vehicle transporting the vacationers, are as follows: Nogal Lake, Cedar

(The Ruidoso News urges your full support of the Ruidoso-Hondo Valley Chamber of Commerce in its 1965-66 membership drive which begins July 5 and continues throughout this month. A civic organization such as our C. of C. is as essential to a resort community as are public utilities in any town. In fact it is a vital necessity as important as highways leading into Ruidoso—because without it, no single individual could cope with the requests, demands and needs that are fulfilled by this co-operative body.)

How About 'Free Loaders'?

Each year the people who contribute their time in inviting fellow citizens to join with them in support of our chamber of commerce in a membership drive are faced with the choice of losing their tempers and carrying on a somewhat useless argument with a minor percentage (thank heavens it is a minor percentage) of folks who choose to be 'free loaders', or of just ignoring them completely after their apathy is a matter of record. We choose to ignore them—ignore them so completely that they just don't get any of our business. And, there isn't a retailer in town who can stand to lose any customers—he needs them one and all. But, it's generally a waste of time trying to convert the old boy who rides his neighbors in the many community activities shared by the C. of C. In the first place, he labels himself as not aggressive, for he's not associating himself moneywise or actively with those who are engaged in trying to make this a better place. You also will almost always find him missing from the pews at church and his name is generally absent from the list of those pledging support of the church. He also is not on hand to assist in any youth program, in P. T. A. work, etc., etc. But, let's not spend any more time worrying about him—he finally gets his just desserts. He cultivates a painful set of ulcers, worrying about the other fellow making more money than he does—as generally happens—and he slowly, but surely, fades from the local business scene. We can remember quite a few here in our several years of Ruidoso residence—we may not remember their names—but we can remember their unimaginative, illogical reasons for not investing in the future of their town—and they all spend about the same.

ROSTER OF COMMITTEES PROPOSED, MEMBERSHIP DRIVE PLANS LAID BY C.C.

By DICK BENNETT (Ruidoso News Staff Writer)

Associate memberships were approved by the board of directors of the Ruidoso-Hondo Valley Chamber of Commerce at a meeting last Thursday night held at the Whisphering Pine restaurant. The associate memberships are in two categories, one for out-of-town business and supplies at \$30 per year and another at \$15 per year for local employees, retired individuals, teachers, and others not engaged in operating a business. Both classes of associate memberships are with non-voting privileges, Bob Walker, manager, stated.

Copies of a tentative budget totaling \$23,185 for the 1965-66 year were given each of the directors and also copies of the proposed new by-laws were given out for study prior to the next board meeting July 1, when a program of work is also to be considered. It was decided that each board member is to head one active committee.

The board set dates for the 1965-66 Aspendade as Friday, Saturday and Sunday, Oct. 8, 9 and 10. A committee to choose a site for the Aspendade barbecue, which is to be in the area between Eagle Lake and School House Park, was appointed with Wendell Chino, chairman, John Lyon and Bill Neal. It was also decided that a pony and saddle will be given away at a drawing during the Aspendade and an offer by the Elks Lodge to construct a corral east of the Chamber building to display the pony during the summer was accepted by the board.

Board members present for the meeting were: Don Stark, president; W. E. Williamson, Sam Nunnally, John Lyon, Charles Rumbaugh, Bill Neal, Dr. James A. Beal and Wendell Chino.

The membership drive is to open on Tuesday, July 5 for the 1965-66 fiscal year, and will continue through July, it was determined in the meeting.

Walker presented the board with a proposed program of work listing 12 important committees:

- (1) Membership development committee—to increase the income of the chamber by increased membership on a fair share basis that is sufficient to complete the full program of work. Visit all business and professional people—members and non-members alike—to impress on them our needs and aims. Set a membership goal of at least 400 members.
- (2) Budget committee—to establish an ambitious, but realistic budget. Allocate funds of the chamber to various activities.
- (3) Convention committee—Encourage local business and professional people who are affiliated with state, regional or national groups to bring sales meetings, conferences and conventions here. Goal 75 conventions, 50 church and other groups. Print and give distribution to a brochure extolling virtues of Ruidoso as a 'Convention Capital'. Continue registration service, badges and program assistance to conventions and sales meetings held here.
- (4) Highways committee—to encourage the state highway department to see that highways are kept in best possible condition, and

Nogal Mesa Camp Meet Set July 21-25

The annual Nogal Mesa Camp Meeting will be held July 21 through 25 on the Nogal Mesa Camp Grounds, 20 miles north of Ruidoso. The Camp Meeting is interdenominational and everyone is invited to come and worship, it was announced. The primary purpose of the camp meeting is to provide a few days of excellent preaching, spiritual inspiration and Christian fellowship, it was stated. The preachers who have been selected this year are Paul Gaston of California and Everett King of Albuquerque. Both have preached at previous camp meetings. Everett King preached the first sermon in the beginning of the camp meetings, it was said. Paul Biggs of Phillips, Tex., will lead the singing. He also has been asked to provide some of the entertainment around the campfire after the last service of the day.

The Nogal Mesa Camp Meeting is held on the Camp Grounds on Nogal Mesa in the Lincoln National Forest. It can be reached by turning off U. S. Highway 380 ten miles west of Capitan or 15 miles east of Carrizozo. A well marked road leads south about three miles across the Mesa to the Camp Grounds.

Those attending can come for the day, or part of a day, or many bring their trailers, or tents and sleeping bags and stay for the entire 5-day meeting. For the convenience of those attending the camp meeting, three meals a day are served at the dining shed. Jimmie Valdez will be the cook again this year.

The first meal will be served at 6 p.m. on Wednesday, July 21 and the first service is scheduled for 7 p.m. that evening. Breakfast is served each morning at 8 a.m. with a devotional service following at 8:30 a.m.

The next service is at 10:30 a.m. with a dinner following at noon.

Another service is held at 2:30 p.m. Group meetings are held during the afternoon at 4:30 p.m. The men meet under the Prayer Tree and the women in the Tabernacle. The children meet near the dining shed.

Supper is served at 8 p.m. with the evening service following at 7 p.m. All services are held in the large Tabernacle.

The beauty of the sunsets is an experience never to be forgotten, those who have attended declare. The day is ended with a bonfire, story telling and singing. The Sunday schedule differs in that it allows for the morning Sunday School classes.

Many improvements have been made on the camp grounds since its beginning when tents and bed tarps were used for shelter and gas lanterns for light. A book is being printed on the history of the camp meetings, and will be ready by the time the meetings begin this year. This year marks the 25th anniversary of the Nogal Mesa Camp Meetings. Many new camp meetings have been established in many western states, all patterned after the Nogal Mesa Camp Meetings, it was reported. An invitation to attend this year's meeting at Nogal has been sent to all the new ones, it was reported by Mrs. Gilbert Peters of Capitan. Every one is invited to come and stay the entire five days, or attend part of the services, she said.

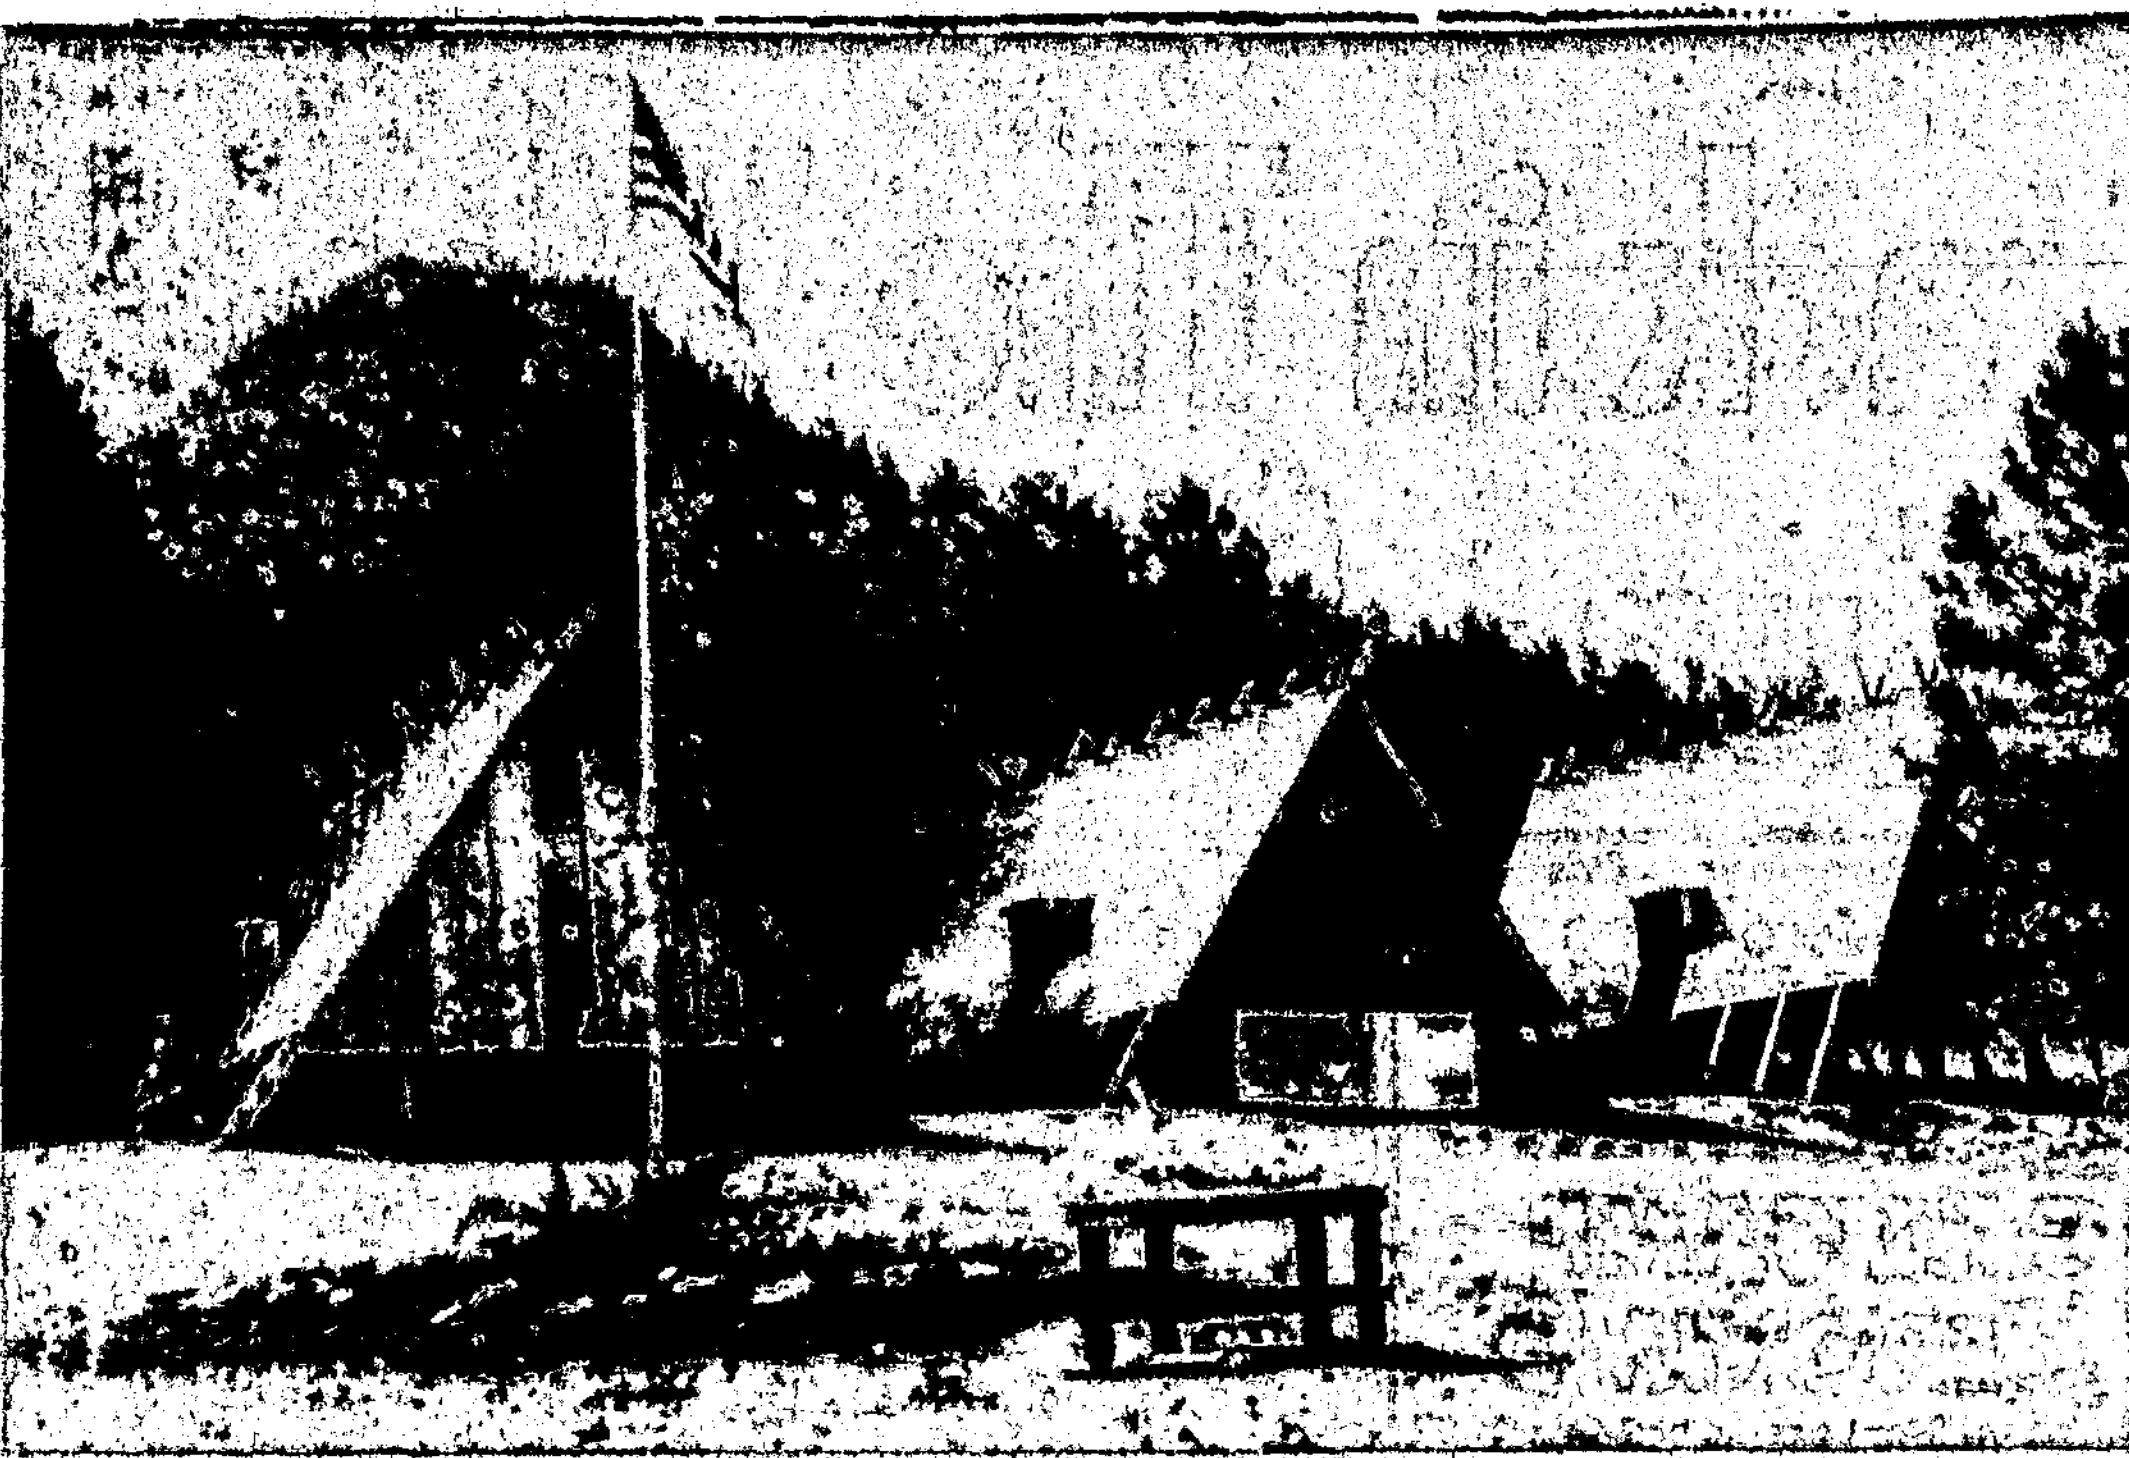

Floyd Haake Low On Two State Road Bid Lettings

Floyd Haake, Ruidoso and Roswell contractor, was low bidder on two state highway jobs and was next to lowest on two other in a bid letting June 25 in Santa Fe.

He bid \$117,009.00 on a 34-mile project on U. S. 380, east of Roswell, and on U. S. 62-180, from White City, Tex., to the New Mexico-Texas state border.

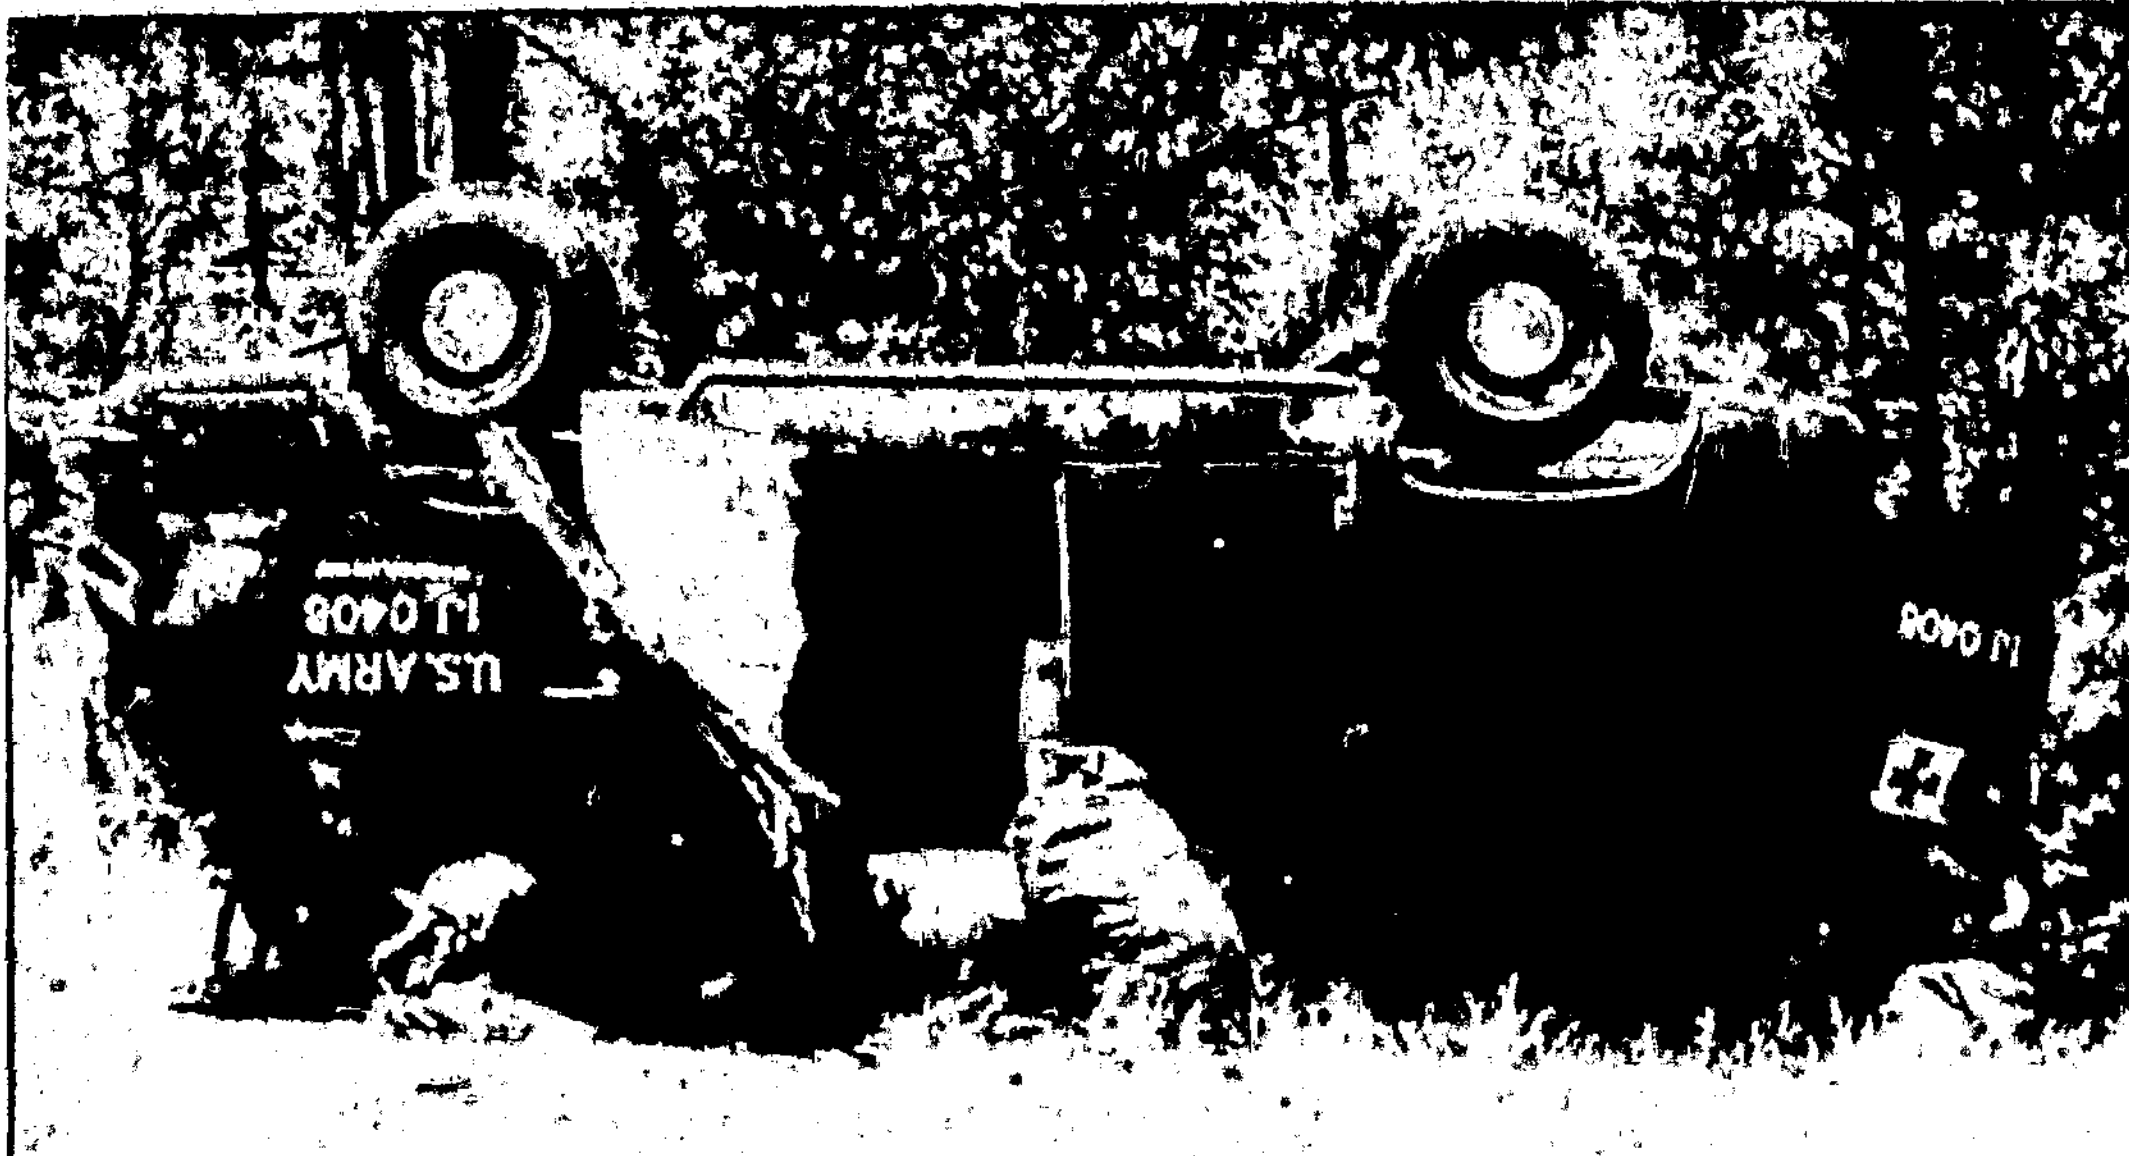

He was second low bidder, under Armstrong & Armstrong, on 25 miles of work on U. S. 70-380, about 40 miles east of Ruidoso. Lowest bid was \$119,121.00 and Haake's was \$120,168.00.

Haake was also second low on a project on I-40 and U. S. 66 Tucuman urban and west Quay

HEAD START
UNDERWAY

Project Head Start, under the sponsorship of the Tularosa Board of Education, began at the Bent-Mescalero Elementary School June 14 with 51 students enrolled.

The children start at 9:00 a.m. and end the day at 12:20 p.m. Bus transportation is provided to pick-up and deliver the children every day. The children start the day off with cold milk and cookies and for the noon-time they have a "hot lunch" consisting of a well-balanced diet.

Staff Director for the program at Mescalero is Billy Bob Adams, principal of the school. There are three teachers contributing. They are Mrs. Sara Griffin, Mrs. Lila Curschman and Mrs. Kelly. Counseling services are provided by Ross Brush, director of guidance for the Tularosa Public Schools. For each teacher there is a teacher-aid, who is one of the mothers of children in the program.

Mescalero joined with the White House and with 200 other communities throughout the Nation on Wednesday this week to mark the launching of Project Head Start.

Wendell Chino, Tribal President at Mescalero, officiated at a ceremony held at the tribal offices at 9:30 a.m. In the presence of civic and educational officials and principal representatives from the Mescalero Child Development Center, he raised a specially designed Head Start flag over the tribal offices building in tribute to the businessmen, doctors, lawyers, housewives, teachers, nurses and volunteers who are making Project Head Start possible.

On the same day, in a ceremony at the White House, Mrs. Lyndon B. Johnson, honorary chairman of Project Head Start, received from Sergeant Shriver, director of the Office of Economic Opportunity, a flag symbolizing the thousands of flags which were flown across the country to mark Head Start day.

Project Head Start is administered by the Office of Economic Opportunity, the federal agency which coordinates the War on Poverty. It is designed to provide more than one-half million children of the poor with an eight-week pre-school training, to prepare them for entry into school in the fall.

W. A. 'Chopper Earns
Fee In Battle
Against Fire

United Helicopters, Inc. of Ruidoso can puff out its chest with a sense of a job well done this week. Dick Turley, pilot, said that if it weren't for the 'chopper based here, at least one of six forest fires in the Capitan mountains the machine has helped Smokey's Rangers fight in the last ten days would have been costly and probably might still be raging. Monday afternoon this week a fire spotted in Coleman canyon, near the east peak in the Capitan range, was put out within a few minutes when the 'chopper flew six men and some tools to the spot in time for the fire to be doused in short order.

"It was windy, and the spot was so hard to reach by any other means that it would have taken several hours for the smoke eaters to get to the spot, by foot or any other way, and they would have been tuckered out, to boot," Turley said. "I am sure the helicopter's availability to aid in reaching the fire in such short order saved a possible major burn."

Charles Bishop, with the Ruidoso Ranger Station, said this week the helicopter's work has been of inestimable value to the local rang-

ers. He said he did not know how many fires in this area have been reached by Forest Service crews in hours less time by being transported via the whirly-bird, but that there have been several.

Most of them have been caused the last few days by lightning and they usually are in difficult to reach places.

Turley said he hauled supplies to a landing spot near Coleman canyon blaze Monday—left them and returned to Ruidoso for further orders. "I never saw anyone at the rendezvous spot," he said, "but when I went back at six with their supper, all six of the fire fighters were at the spot." He said Ralph Soleiter, Smokey Bear District Ranger, was in charge of the fire fighting in the Capitan and also in the Tucson range where at least one fire was reported last week and battled successfully with the help of the 'chopper.

Turley said he hauled the prefabricated parts of a 10x16 sheet from building to a point in the Cap-

Water consumption in Ruidoso showed an increase of 11,272,057 gallons for the fiscal year ending June 30, 1965 over water used during fiscal year ending June 30, 1964, Village Manager-Clerk Jim Hine reported. Village records showed 102,327,204 gallons consumed in 1965 and 91,055,147 gallons in 1964.

Other comparative fiscal year-end figures showed: Gasoline tax collections for 1965, \$18,575; 1964 gasoline tax was \$16,856. Sales tax for year ending June 30, 1965, \$31-

GOVERNOR'S 'CAP IS JULY 4TH

A flock of winners will be seeking to improve their positions here Sunday when Mrs. Marjorie Wallace's Mom For Sure, "boss boss" from Sugarland, Tex., bids for his fourth consecutive feature race victory here in the \$5,000 Governor's Handicap at six furlongs.

Going against Mom For Sure, 123-pound heavyweight in the field of eight, will be the much-improved Quick Mist, stepping into more select company after winning three in a row for the combine of Ed and Valletta Wood and Art and Ruth Thornton, and Golden Horse-shoe Stable's Noble Music, winner of last summer's \$50,000 Ruidoso Thoroughbred Futurity and a bold third to Mom For Sure' first time out here last Sunday.

The others, all highly-respected contenders, include Buck Fallwell's Gramercy Park, Ralph Lowe's Open Flow, Ray Seely's Pere Sog, Gilmer Morris' Lucky Ponoc, and Start Talkin in the silks of Ralph Fetter and Roy Hatch.

In the case of Gramercy Park, most folks think this is some kind of a recreation grounds in New York. And a track with the unlikely name of Espectaculos Fronterizos, across the border from El Paso, claims Gramercy Park is running there in a feature race Saturday.

But rest assured, racing fans adhering strictly to its policy against "false publicity," Ruidoso Downs has checked the circumstances. A representative has checked Gramercy Park's whereabouts and has reported back that he looked him squarely in the eye—right here in his stall at Ruidoso Downs.

Gramercy Park was one of the pleasant surprises of the winter handicap division at Turf Paradise in Phoenix and also whispered to our scout that "though I'm accustomed to running a little farther, you can be sure I'll be leveling Sunday in the Governor's."

First post time for Sunday's 12-race program will be 1:30 p.m., with another 12-race program wrapping up the gala holiday week-end Monday, when the Fourth of July will be observed with an all-star card headed by the \$2,000-added

Parcel post labels at the News.

Ruidoso Quarter Horse Championship

QH Championship Monday
At press time, likely entries for Monday's \$2,000-added Ruidoso Quarter Horse Championship feature at 400 yards, included the game's all-time money-winning champion, Goetts, owned by Hugh Huntley of Madera, Calif.

Among those considered potential challengers to the 1963 All-American Futurity winner, are Vernon Poo's Chaundell, Western Stable's Tiny Watch, Mickie's Valley View Ranch's Anna Dial, Arthur Elliott's Mr. Triple Chick and possibly several outstanding yearlings; perhaps A. O. Phillips' reigning favorite for the \$175,000 Ruidoso Rainbow Derby, Go Josie Go.

"Hank Thompson" Feature Saturday

Hank Thompson and his Brazos Valley Boys, hottest articles to hit this area since the days of Billy the Kid and Pat Garrett, will be honored with a "Day At The Races" Saturday at Ruidoso Downs.

The Saratoga of New Mexico's Sacramento mountains.

Saturday's featured race will be named in honor of Thompson, one of America's foremost band leaders, songwriters, music publishers and recording stars, and the action could produce something comparable to a pair of Hank's most popular songs — "Humpy Dumpty Heart" and "Wild Side of Life", each of which has topped the million mark in sales.

Intent upon making it tough on Hank to come up with the winner of the 5 1/2 furlong Hank Thompson purse, Racing Secretary Edgar "Red" Neal has brought together a band of promising 3-year-olds that includes the Walter Cluets' Velma Rose, Clarence Bogle's Turn Lea, Jim V. Gibbs' Johnny R., and J. P. Ranch's Tipton from Scottsdale, Ariz. Of this more formidable quartet in a field of eight, two others also hail from Arizona—Velma Rose and Johnny R.

Closing out the starting line-up will be Tull Stanzell's Starooc, Winford Hallman's and James

Latest schooling race winners
 last Tuesday were Thirty Eight in
 :16.4, Dial Dallas, :16.2, and John-

Reports reaching here from Cali-
 fornia indicate Miss Gold Angel,
 winner of the recent Pacific Coast
 Quarter Horse Racing Association
 Futurity at Bay Meadows, has
 been purchased by Henry Van Rul-
 ten from K. C. Meyling for \$30,000.
 Reports also say the filly is head-
 ed this way for the All-American
 Futurity.

To keep horsemen looking for
 bowling pigeons happy here, Lin
 Howard, Jr., from the famed C. S.
 Howard "Seabiscuit" and Lin How-
 ard, Sr., "Noor" family, checked in
 from Moor Park, Calif., this
 week, with his superior bowling
 son, Mike. The Howards brought
 in a futurity candidate, a filly by
 Noble Noor-Stalking Gal, and the
 more seasoned Spoller.

Ruidoso Downs honored a host
 of visiting dignitaries and person-
 alities last week-end at the moun-
 tain resort oval.

The week-end of racing was clim-
 axed by the 12th running of the
 West Texas Handicap when Dor-
 rance Guy, probably the most typi-
 cal of all West Texans, presented
 the traditional cooler and a hand-
 some trophy to the winner. Dor-
 rance and his lovely wife, Jane,
 are graduates of Texas Tech in
 Lubbock.

 did it several weeks ago, but not
 this past Tuesday when Trainer
 Gene Chambliss sent Robert Adair
 out to set a new track record of
 18.1 seconds for 300 yards in win-

 races. The old mark, 18.2, was set
 in 1960 by Bright Eyes and equal-

Winners of Tuesday's other two
 qualifying runs, open to the public

free of charge at 1:30 every Tues-

 said he will return with his father
 and a number of good short-run-
 ning thoroughbreds next week.

Jockey Ken Chapman and Train-

 arrivals here from Bay Meadows,
 Calif. The drooling Chapman is
 in quest of new futurity moolah,
 while Mims has the same objective
 with some crack 2-year-old quarter

Bonito Water
 By LOUISE COE RUNNELS

At Bonito City we are asked about everything. The other day a lady asked for garlic cheese, she said someone had told her that but would really go for it a few days later she was by and told the kids had no luck with just the garlic cheese. "Do you have crackers, perhaps the fish want that too?" perhaps a telephone call to State Game Warden Lida Gerda, helped me to inform folks that some fish would be here for planting in the Bonito Dam before the Feast of July.

Our Lincoln County Bureau correspondent for The Roswell Daily Record, Lumarion Sumner and E. P. Sumner were on the Bonito sightseeing Saturday and stopped in for a chat. They were here the same time Dorothy J. Neal was here. The two girls are real jewels for our county.

Tennis Smoot from Carrizozo was on the Bonito on business this week. He bought a gallon of bear grease from Arvel Runnels.

Mike Maca from Hondo has been employed to help build the addition to Parsons Hotel. This project has been underway since Easter.

Ruben Chavez, Cullen Hill and Willis Hill fished at Bonito this week. Cullen was winner, he caught two fish and the other two boys scored one.

Mr. and Mrs. Paul Wiley, Mrs. Wiley's brother from Tennessee and little son Wiley, were on the Bonito for a ride and picnic Saturday. They have been on a trip to Tennessee.

Clyde Gochenour from Ruidoso has been doing some carpet laying in the canyon. First for Bryan Cosler and now for Forrest Currell.

Bryan Cosler has been "sorta" under the weather for a few days.

Joe Jarvis who works with Hill Construction Co. in Ruidoso was on the Bonito fishing Sunday.

Mr. and Mrs. Fred Alexander, who now own the Buckner home (formerly Skimmer) at Angus, had lunch at Bonito City on Sunday. The couple are starting a new business in Ruidoso, of which Alexander is president and his wife secretary-treasurer. It is the Lincoln County Mortgage Corp. We wish them luck and let them wish to O. Mr. and Mrs. Babo Livingston from Ruidoso who own the former Jabe and Dutch Borman home west on the Bonito with their family on Sunday. The Livingstons come from Dell City, Tex. and Mr. Livingston has interests in the mill to be operating soon in Capitani.

My sunshine girl, Frankiska Valentine, a ski instructor at Sierra Blanca, and who has been working at Cree Meadows Golf Course club house in Ruidoso, and Ray Heid, hill manager and ski coach at Sierra Blanca, were by Bonito City for some ice cold cherry cider.

acquainted already.

Cherry Cider Homer, and friend, Spencer Davis, were in the canyon on Sunday from Ruidoso Downs.

Paul Tipton and daughter from Roswell were here to do some fishing on Sunday. Full is a New Mexico Aggie.

Even with some good rains we still have a Ranger in our area for fire safety. He is Allen Thorpe. Edna Trotter, Mike Trotter, Sandy Russ and Don Graham were out testing their new Vaillant Sunday on our mountain roads and to see the new road.

Desperado Kid, Herman Phillipot, and party were on the Bonito Sunday to check mining properties.

Joe Lane from Thomson's Furniture in Ruidoso fished at Bonito Sunday. Joe thinks he will like Ruidoso real fine and hopes we will all need a lot of carpets, furniture and fixtures soon.

Lois Mitchell has made a couple of trips to Bonito this week. On one trip with Mrs. Amos Fowler and John Hammit, they saw a brown bear up around Bonito Lake.

Ann Barber from El Paso fished at Bonito Lake Sunday, but felt sure they were biting Saturday as she had no luck.

It was good to see and visit with Cookie Sherrill, Lellon Barnes and Orvil Smith Sunday. The three had been to the Carrizozo alumni picnic in Nogal Canyon and then drove over Nogal Hill and on down the Bonito. Orris had just gotten back from an emergency call to Texas. It had been almost a week since Orris went on a trip to the Dominican Republic where he visited his brother and wife, and stayed a month. Orris flew there and back on a jet. While on the island he visited the old Trujillo Castle, looked the ranching country over and enjoyed the blue, blue waters of the Caribbean Ocean. He was amazed at the people carrying things on their heads. Orris thought it odd that there were no birds or snakes on this island. From the Dominican Republic he flew to New York where he saw the World's Fair. He viewed the city of New York from the Empire State Building and thought the Atlantic Ocean fed by the Hudson River was beautiful, and among the many interesting pictures he carries there was one of himself taken by West Point Chapel.

Mr. and Mrs. Babo Livingston from Ruidoso who own the former Jabe and Dutch Borman home west on the Bonito with their family on Sunday. The Livingstons come from Dell City, Tex. and Mr. Livingston has interests in the mill to be operating soon in Capitani.

COLORFUL PAST— Ft. Stanton, 30 miles northeast of Ruidoso, is more than 100 years old, and was established as a cavalry fort to police Indians in late 1800's, changed hands twice between Confederate and Union forces in civil war without a shot being fired, and served as prisoner of war camp for Nazis in World War II, also as tubercular hospital for merchant seamen, for U. S. civil service employees, and now for state of New Mexico Tb. patients. Headquarters building is pictured here.

MANNY LOPEZ

Jockey Back In Saddle After Crack-Up

By BILL CLARK
 (Ruidoso Downs Publicity Writer)
 Riding race horses takes a little bit more than ability, grit and determination.
 A tremendous attribute is the physical condition required to rebound quickly from injuries resulting in bent and broken bones.
 Possessing that, according to Jockey Manny Lopez, and the game definitely is what it's cracked-up to be.
 And Lopez should know. He has had more than his share of crack-ups in recent years, but still can make it back come racing days and his best while still enduring a bit of pain.
 Just a couple of days ago, Lopez slung aside his crutches got himself named on several mounts after severely injuring his ankle when a quarter horse named Panama Fly became incorrigible in the starting gate.
 At the time, Manny, 26 and born in Santa Fe, was riding rather well the first few weeks of the meeting. But last year, he was going along

 In the same fine form when a horse named Flashy Mark fell with him here on the stretch turn and put him out of action eight months with a broken back.
 Manny also has had a number of other narrow escapes, once when he bounded back up like an acrobat when the horse Ruler's Champ broke under him, and again when he wisely dismounted while his mount succumbed to a heart attack in the starting gate.
 Otherwise, Manny has enjoyed a rather successful career riding both Thoroughbreds and Quarter Horses here, and in straightaway action at both Los Alamitos and Bay Meadows in California.
 Despite his numerous setbacks, Manny says he and his wife, Mona, still manage to average a respectable weekly income to provide for their four children—Mike 6, Manuel, Jr 5, Jean 3 and Larry 2.
 Yep, Lopez is a firm believer in the saying, "you gotta have heart".

Fenced Areas Near Ft. Stanton To Test Deer, Antelope Grazing

The Bureau of Land Management has awarded a contract to Bishop Tree Service of Denver for construction of six enclosure fences and installation of four information signs at Fort Stanton.
 Technicians from New Mexico State University Agricultural Experimental Station are conducting research studies on the area in cooperation with the Bureau of Land Management and the New Mexico Department of Game and Fish.
 Three enclosures will be built of woven wire 8 feet high to provide ecological study plots of two acres each to determine the relationship between grazed versus ungrazed forage by deer and antelope. Three additional enclosures are to be only cattle proof. Deer and antelope will be able to jump the four foot fences and enjoy the brush in the enclosure. This will give studies of wildlife use only. One plot is predominately scrub oak, one is mountain mahogany and one is chamisa.
 Three large, rustic, information signs will be installed along Highway 380 at the turn off between Lincoln and Capitan, another will be installed on the Devils Canyon Road at the south entrance.
 William F. Leffete, range manager of the Bureau of Land Management Office will supervise the construction. J. C. Germany, research technician from New Mexico State University will note the grazing habits of the deer and antelope and compile information on the forage growth. This information will be available for both wildlife specialists and ranchers who must figure proper forage for their livestock.

TRICK OF THE WEEK
 You remark that a cigarette can be judged by the length of its ash, just as a good cigar is judged... You proceed to smoke a cigarette all the way down and the ash stays put. Your friend can't do it... The necessary something is merely a lipstick inserted in cigarette as shown in sketch... It works better with one of those toothpicks that is fat in the middle.
