Triviz Named District Judge

Edward E. Triviz, attorney in Las Cruces, who was successful in a race for Democratic nomination as a candidate for District Judge in the Third Judicial District in May this year, was appointed to the position by Governor Jack M. Campbell. It was announced Wednesday morning this week. Triviz will succeed W. T. Scoggin, Las Cruces, who has held the position for about 20 years and is retiring due to ill health.

Triviz said it would be 60 to 80 days before he could assume the new position, that it would take that long to complete the trial cases he now has on hand as a private attorney.

Mescalero Man Fatally Injured In Hit and Run

A search has been on several days for one and possibly two drivers who left a pedestrian dead or dying along busy U. S. 70 in the pre-dawn hours Saturday in a tragic series of hit-and-run occurrences.

The broken body of Harty Marden, 38, of Mescalero, was discovered on the roadway by other motorists at about 3 a.m. He was dead when discovered, apparently after having been hit twice by separate vehicles going in different directions, neither of which stopped. The body lay on the highway 12.5 miles east of Tularosa. It was conjectured that Marden died between 2:15 and 3 a.m.

Justice of the Peace Clinton A. Falls conducted an inquest at the scene, and the coroner's jury ruled that his death was due to injuries received when struck by a motor vehicle.

Funeral services for Marden were held Tuesday morning from St. Joseph's Catholic Church at Mescalero, with burial in the Mescalero cemetery.

He was born Oct. 14, 1927 in Otero County, the son of John Marden and Mary Comanche Marden. Survivors include two sisters, Mrs. Ruth Kahze of Mescalero and Mrs. Bessie Gallero of Los Angeles, Calif., and two brothers, Ernest Marden of Ruth, New Mexico, and Harvey Marden of Mescalero.

Services were under direction of Lucas-Wooten Chapel of Roses Mortuary of Ruidoso.

Mr. and Mrs. Garland Ford of Ralls, Texas have been visiting Mrs. L. J. Hicks here for the past week. Mrs. Ford and Mrs. Hicks are sisters.

104-Year-Old Lincoln Woman Dies Monday

Mrs. Sleta Salas Zamora Lujan, who, according to family records, was 104 years old, died Monday night at the home of her daughter, Mrs. Bessie Garcia, in Lincoln.

Records maintained by this pioneer family indicate that Mrs. Lujan was born April 15, 1862 in Manzano, New Mexico, and moved with her father and mother, Mr. and Mrs. Antonio Salas to Lincoln in 1884.

A diary maintained by her family indicates that she claimed to have met Billy the Kid when a child of six, on the occasion of the Kid's visiting her parents, who lived at that time a quarter of a mile from the old Lincoln County courthouse, now a museum.

She married Francisco Zamora on October 18, 1885. He died some years later, and she re-married Mr. Lujan. She had spent all of her life in New Mexico, and 102 years in Lincoln County, according to family records.

Survivors include seven children; four sons, Cristobal Zamora, Lincoln; Juan Zamora, Lincoln; Roman Zamora, Roswell; and Juan Bautista Zamora, Roswell; and three daughters, Mrs. Ophelia Madrid, San Jose, Calif.; Mrs. Bessie Garcia, Lincoln; and Mrs. Marcelino Gomez, Wilmington, Calif.

Also surviving are 110 grandchildren; 97 great-grandchildren; 84 great-great-grandchildren; and 12 fifth generation survivors.

Rosary was recited Wednesday and Thursday evenings in Carrizo and requiem mass will be said at 10:00 a.m. Friday morning, at St. John's Catholic Church in Lincoln with burial in the Lincoln cemetery, under direction of the Lucas-Wooten Chapel of Roses Mortuary of Carrizo.

San Patricio Man Accident Victim

Anastacio Tito Salcido, 19, of San Patricio, died instantly, and Melvin Salcido, 27, reported to be the dead man's uncle, of Tinnie, was still in critical condition in a Roswell hospital early this week from serious injuries suffered when the car in which they were riding swerved into the path of a tractor-trailer truck on U. S. Highway 70 early Saturday morning. The accident occurred only a short distance from the community of Tinnie. State Policeman Paul Gibson told the News. He said Sunday that he did not know how Salcido had survived the crash up to that time, the injured was so critically hurt. Gibson said he had reports from witnesses that the car, driven by the young man, was traveling at a very high rate of speed, that it swerved across the center line and collided almost head-on with the truck. The passenger car was a crumpled piece of scrap metal.

Driver of the truck was a 49-year-old Amarillo, Texas resident, Clarence W. Medlin, who escaped any serious hurt. Services were held early this week in the Hondo Valley for the auto victim.

Enrollment At School Under Estimate

Superintendent George P. White reported that the 1966 enrollment in Ruidoso schools was below the anticipated number of 964 students expected during the first week of school. However, White said that enrollment figures usually do not stabilize until about two weeks after Labor Day when increases may be expected. Enrollment during the first week totaled 850 or 105 less than anticipated in the 1966-67 school budget.

2-YEAR-OLD FILLY SELLS FOR \$45,000

A brown daughter of the great Three Bars brought a record price for a yearling Sunday night during the second and final session of the All-American Quarter Horse Sale at the Chaparral Hotel Convention Center.

The filly named First Kiss, out of the outstanding Be Sure Now mare Cute Trick was knocked down to Jim Routh of Long Beach, Calif. for \$45,000, a record figure for quarter horses.

Consigned by Jim Paul of Scottsdale, Ariz., the daughter of Three Bars is a three quarter sister to the fine Tuki Trade.

The sale was witnessed by capacity crowds each night and the 98 yearlings sold for a total of \$379,775 with the purchase by Routh breaking the mark set last year when Hugh Huntley bought Jet Too for \$37,000.

Chaparral manager Ben Adkins told the News attendance was estimated at 3,000 persons on Sunday night.

Most of the big bidding took place on the second night.

The second top price of the sale came from the William Carter consignment in which Huntley and Robert Moore of Wichita, Kans., purchased Jet Too's full brother, Jet Moon, for \$26,000.

Other big buys Sunday came when Californian Fred Beckham took home a Top Deck palomino filly for \$18,000 and a Go Man Go colt for \$12,000. Jim Paul, who consigned the sales topper spent part of the money by buying a Rocket Bar colt for \$10,000.

On Saturday the evening top sale saw Ethel Bird of Midland, Texas, outbid all and got a Rocket Bar-Tinky Lady filly for \$20,800.

The sale, conducted for the first time this year under the auspices of the All-American Sales Co., was well attended as it was held indoors for the first time.

Auctioneer Dean Parker of Auburn, Calif. handled the selling chores.

There were 98 yearlings sold for a total of \$379,775, with an average of \$3,875.26—both figures an all time high.

Around Town

Anyone wishing to exhibit paintings or other art objects in the Lincoln County Fair's art division may send the items to the fair for display this week-end by leaving them at The Artisan's Shop, David Travis, owner, says. He says he hopes Ruidoso's talent will be well represented at the fair, an annual event which has had a special department for art for several seasons. . . . The U. S. Weather Bureau's co-operative observer here, Charles Culver, said rainfall in August here measured 4.35 inches officially, and that the August average is 4.04 inches for the last 21 years. . . .

The September issue of the Texas Presbyterian church paper for the Lone Star State's Presbyterians, has an article on the Ruidoso Presbyterian Church. . . . The Rev. Frank Crown, pastor of the local church, is supervising the gravelling of a mile long road leading from a highway into the Presbyterian camp near Clouderoff. . . . J. P. Bobo, who was Ruidoso's village marshal for a number of years, and later served Dawson County, Texas as sheriff by appointment, last week was sworn in as chief of police at Lamesa, Texas, county seat of Dawson county, friends here learned. . . .

Truitt Case Is Dismissed

The charge against Joe Truitt, operator of Whispering Pine Restaurant, for not displaying a food operators grading emblem was called for a hearing in Justice of the Peace H. M. Graham's court here Wednesday morning and was dismissed by the judge for lack of prosecution. Truitt had been charged with a violation by the county health officer when the cafe man allegedly removed a Grade B sticker that Truitt said the health officer reported was a "temporary" grade. "I made it temporary by displaying it for 15 seconds," Truitt told the News this week.

Former Area Rancher Dies In El Paso

O. F. Beavers, 84, a longtime resident of Ruidoso Downs before moving to El Paso 15 years ago, died Wednesday in El Paso. Graveside services were held at Restlawn Memorial Park Thursday morning with Dr. C. Raymond Gray officiating.

Survivors include four sons, Cleo F. Beavers, El Paso; Alton E. and Allen C. Beavers, both of Ruidoso, and Dr. Alvin H. Beavers, Champaign, Illinois; one daughter, Mrs. Lois Powers, El Paso; nine grandchildren and three great grandchildren.

THE WEATHER

14th Annual Lincoln County Fair Slated Friday, Saturday in Capitan

The 14th Annual Lincoln County Fair, which grew from a one-day project exhibit by farm youngsters in 1953 to a full-scale county fair with livestock, farm produce, a rodeo, dances, a parade and other features, will be staged two days this week in Capitan.

There is no admission for the fair which opens with judging on Friday morning at 10 a.m. Judging of junior livestock, junior home economics, open home economics, flowers, junior and open horticulture will see the awarding of ribbons and trophies for the several categories.

The Lincoln County Board of Trustees provides the queen's trophy, which goes this year to June Kirkpatrick, 19, daughter of Mr. and Mrs. L. E. Kirkpatrick of White Oaks. She will also represent the county in the state fair queen contest later this month in Albuquerque. She will reign throughout the county fair in Capitan this week-end, and will head the parade which will form on the school grounds and move out at 10:20 a.m. Saturday to go east on U. S. Highway 390 to mid-town Capitan, turn south and go to the fair grounds. (See story elsewhere in today's News concerning parade for which Bart McDonough of Capitan school music department is chairman.)

\$198,300 First Place Cash Won By Go Dick Go in All American

HAPPY TRIO—Trainer Clarence V. Jay nuzzles winning All-American Futurity 1966 champion Go Dick Go at right while wife of owner of rich horse race winner, Mrs. Joe V. Leitner, at right, hugs jockey Buddy Nesmith who booted two-year-old first across winning line.

QUARTER HORSE CLASSIC SEES RECORDS TUMBLE

Records were shattered left and right Monday at Ruidoso Downs and a new hero emerged as the 47-day summer season ended on a brilliant sunny day, with the running of the world's richest horse race, the \$430,600 All-American Futurity over 400 yards.

Florida-bred Go Dick Go, owned by working man Joe Leitner of Brandon, Fla., trained by Mississippian Clarence Jay and ridden by 24-year-old Floridian Buddy Nesmith, provided the rather hanging closing day crowd of 9,000 with enough thrills to last them a lifetime.

Out of the third choice as the public made Top Ladybug a 3-3 favorite Go Dick Go broke lowly. The favorite and Chicamona were felled away from the gate as the 12 starters broke in a line.

Chicamona got to the front early, stumbled slightly 50 yards out but had the lead halfway down the chute.

But Go Dick Go, under a thumping ride by young Nesmith, came roaring up on the outside and caught Chicamona in the final 50 yards to win the world record jackpot of \$198,300 by a straining, lunging head over the final 100 yards it was a three horse race.

The race value and first money were both new records topping the 1965 figures of \$419,460 and \$102,730 taken home by Savannah Jr.

Chicamona, owned by Walter Merrick, earned a soothing \$87,252 for second place with Marvin Barnes and Clary Spencer, co-own-

ers. Top Ladybug setting for third money of \$71,388.

Fourth money of \$39,660 went to G. D. Turner's Off Limits while Chester Maddon's Bright Rebel cleaned \$9,999 for his fifth place finish. In order behind the top five came Dream Rocket (\$7,000), Royal Super Boy (\$5,000), Harlequin (\$4,000), Mr. Deck Moore (\$3,000) while the 10th, 11th and 12th place finishers, Scarcrow, Pana Lies and Barbara 3 each were awarded \$2,000.

Go Dick Go, the finest Florida-bred ever, vaulted into third place behind Savannah Jr. and Coetia as the third leading money winning quarter horse of all time. The son of Little Dick Priest now has earned \$229,772 during his lifetime in which he has won three of seven starts with a like number of seconds and one third.

A slowly developing colt the chestnut blew a nose decision in the Kansas Futurity as he closed hotly behind Roma Charge and in the Rainbow was third as Top Ladybug and Doll Bid ran one-two. But in the big Labor Day classic he made no mistakes.

As usual he broke somewhat slower than the majority of the field and had to make up a length on Chicamona and Top Ladybug to get to the front. And this time he didn't miss.

Next stop for him will be the Evangeline Downs Futurity, owner Leitner, a libragrapher-publisher by trade, told a gathering of news media after the race.

Then he gets a lengthy rest before we come back next year for the Rainbow Derby. He will not run anywhere else.

It was heart-breaking for connections of Chicamona.

"I thought we could have won it all if she hadn't stumbled," jockey Robert Adair said. "But she has done this before and I don't know what happened."

Top Ladybug ran her race but for once it was not good enough. She broke rapidly and got to the front early but was not able to hold off the first two in the late stages of the races.

Go Dick Go ran the 400 yards in 20.27, the fastest of the year here on a fast track and surprisingly returned \$18.20, \$7.60 and \$3.50 across the board.

Building Permits Hit \$557,387

Building permits in August in Ruidoso totaled \$70,051 to bring the eight-month total for the year to \$557,387. G. B. Waltrip, building inspector, reported this week he said permits had been issued as follows:

Ski Area Toured By Forest Officials

Regional Forester William D. Hurr, Albuquerque, Ruscch Red supervisor of the Lincoln National Forest and F. E. McDermaid, range staff officer, Alamosa, were among members of the Forest Service personnel attending the New Mexico Game Permittee meeting held in Ruidoso Sept. 6 and 7.

Following a field tour of the Ruidoso District of the Lincoln National Forest approximately 30 grazing permittees of New Mexico assembled for a meeting and banquet Tuesday night with Forest Service officials at the Holiday House here Wednesday morning. The group toured the Sierra Blanca Ski Area.

A HEAD WORTH \$198,300 - Go Dick Go (8), ridden by Buddy Nesmith, won world's richest horse race, \$430,600 All-American Futurity at Ruidoso Downs here Labor Day by a head over Chicamona (7) and Top Ladybug (rail). Off Limits (4) was fourth. Victory earned owner Joe Leitner of Brandon, Fla., first money of \$198,300 as Go Dick Go, an 8/1 shot, ran the 400 yards in a rapid 20.27. Chicamona earned owner Walter Merrick of Crawford, Okla., \$87,252 for second while Marvin Barnes and Clary Spencer, owners of Top Ladybug were rewarded with \$71,388. G. D. Turnbow collected \$39,660 for Off Limits' fourth place effort. (Photo by Clyde Jones)

To Stir You Up . . .

Someone asked us last week why we wrote an editorial endorsing a gubernatorial candidate (Lusk). They weren't critical — just asked out of curiosity why a newspaper would seek "to impose a candidate on its readers."

That question came not too long after a local man skinned us absolutely raw for being what he termed a troublemaker — "setting the Democrats against the Republicans, and vice versa, and stirring up school rows, and so on." Those are quotes from him.

Pondering the last mentioned fellow's remarks and the first person's opening inquiry in this piece — we came up with an answer that we don't believe we've ever seen in print.

The answer is your newspaper is exercising its particular part in the democratic system by stirring up interest in public affairs. There are very few candidates who are elected solely because they had a newspaper's support. There are quite a few candidates who have been elected because of a newspaper's opposition — the public is a little afraid of the newspaper's motives. That, sometimes, is the reason an editorial can be a "kiss of death" to a candidate even though it was written in his support.

For a newspaper to be accused of being a troublemaker is a little harsh — we don't always create trouble we report and write about the trouble was already there and we just bring it out in the open more. We try to get both sides, and it's hard, if we have opinions of our own, to report troublesome things objectively, but we DO try. The reason we try to report on troublesome things, and endorse certain candidates, and sometimes express opposition to public events and projects, or criticize or praise civic affairs is to help arouse interest. If the newspaper didn't print just about everything the public needs to vote on — then there would be a great deal more apathy than we have as it is. In our "trouble making" we point out the things that should be paramount to the public — by fusing, praising, kidding or belittling somebody's pet idea or bond issue or candidate, we actually help get more votes out, or more attendance, or discussion. No newspaper is supposed to win any popularity contest. But, they are supposed to be read — and they're supposed to be as worrisome sometimes as a gnat buzzin' around a fellow's nose.

Who Asked Little Joe . . . ?

We're wondering who asked U. S. Senator Joseph M. Montoya to include Lincoln County in the Food Stamp Plan. We've not asked our three county commissioners, but we'll bet you not one of them did. We've not asked the mayors of the five organized communities in our county if they did, but we'll bet not one of them did! And, of course we haven't had the chance to ask the couple of dozen grocery store operators in our county if they did, but once again, we'll bet they didn't either. Just another case of our congress deciding we should get some patronage whether we wanted it, should have it or if there was an actual need for such a benefit — hand out.

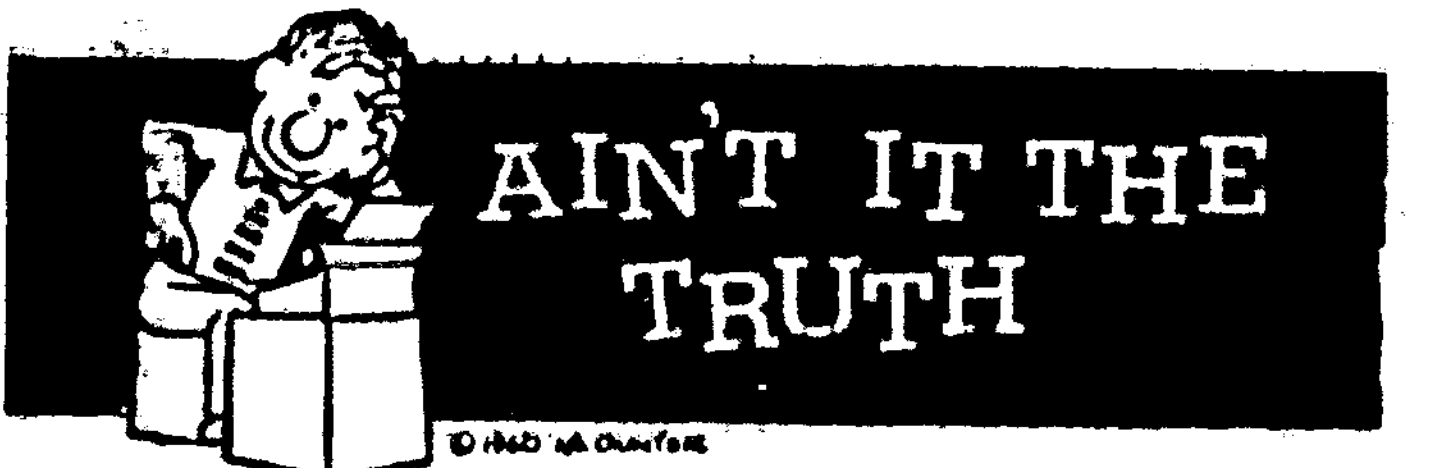

Science Shrinks Piles New Way Without Surgery Stops Itch — Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another "very striking improvement" was reported and verified by a doctor's observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place. And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years standing. All this — without the use of narcotics, anesthetics or astringents of any kind. The secret is in a new healing substance (Bio-Dyne®) — the discovery of a world famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H®. Ask for individually sealed convenient Preparation H® Suppositories or Preparation H® Ointment with special applicator. Preparation H® is sold at all drug counters.

Even giving some serious thought to running for dog catcher in this part of the country but have declined due to the registration fee. I would do pretty good if they was a bounty on dogs though. I bet we got a million barkin' boogers right around my house. Bout ever other night at least two em will get on our front porch and have a fight so you think that ain't a racket.

Between newspaper men and all these unpedigreed dogs we have problems that even the President with all his staff couldn't do nuthin' about. I had hoped that this huntin' season we might include huntin' dogs as one of the items on the little tags we buy for seven bucks. Furr near ever year I get one of them license to hunt deer, bear and turkey and up till now I ain't seen any of these varmints but no foolin' — might we get barkin' dogs galore round our place. I even got where I count em in my sleep — of blonds, or I mean sheep.

If any of you folks get a chance to talk to them humane folks at night — if it ain't sort of humane to let a feller do a little sleepin' at night instead of huntin' to yappin' wavy bounds.

New don't get too darn upset if you are a dog lover as we got a couple us dogs ourselves and are very proud of them but try and keep them furr yappin' all night long. — Ab

LETTERS TO THE EDITOR

To Whom It May Concern —

for the first time just recently my husband and I made a visit to your town of noisy waters Ruidoso, New Mexico, and we both want to express ourselves about your beautiful, enchanting town. I would like to add a word to this and say your breathtakingly enchanting town. We want to say that your seven mile long business street is full of beautiful, pleasant faces and kindness flows from the mouth of everyone we had a chance to meet, everywhere we had an opportunity to visit, your curio, variety stores, Brunetti's, the food markets, all had an outstretched hand of friendship to welcome you.

The homes we had a chance to visit were all eager with enthusiastic hospitality.

My sister and brother-in-law, Mr. and Mrs. Jim Rhodes and Mrs. Lillie Rhodes, their home was full of good food, and there was fun and laughter throughout the days and evening.

We both want to express our thanks to the ladies of the Chamber of Commerce, they were most friendly and helpful in giving us literature and explaining about the things to see and do in the "Playground Area of Ruidoso", and Lincoln County. We were quite surprised to know of so many things to see and do that was within in 60 miles of Ruidoso. Our visit to noisy waters was just too short. Now that we have gotten back to our home in Sonoma, Calif. ("Sonoma, The Valley of the Moon") well, I think everyone has the privilege to dream and our dreams are some day of having a little log house (made of natural logs) on a little hillside among the pines in the beautiful town of noisy waters, Ruidoso, New Mexico.

Mr. and Mrs. Lloyd R. Doss

Back To Church Sunday Scheduled By Methodists

The Methodists of Ruidoso will be celebrating "Back to Church Sunday," Sept. 11, minister, Rev. Wayne Parker announced. With the summer season over, every member of the church and the church school is expected to be "back in church," he declared. The church will be returning to its fall schedule of services with church school at 9:45 a.m. and worship at 11:00 a.m.

The first of the fall schedule of family fellowship dinners will be held in the newly remodeled church kitchen and fellowship hall Sunday evening at 6:00 p.m. The dinner, a pot-luck meal, is held the first Sunday evening of each month during the fall and winter. The program this month will be "An Evening of Song", featuring hymn singing from the new Methodist hymnals.

The Methodist Youth is beginning winter programs with a series of sessions on "Christianity and Communism," an especially written series of studies for youth. The youth meet each Sunday evening at the church. The evening begins with a snack supper at 6:30 p.m. A special project of the youth this fall will be the remodeling of their meeting room. All interested youths are invited to share in these activities.

Jesse Locke was knocked unconscious and has been receiving medical attention in the local hospital for injuries he received when the car he was driving was in collision with another at the intersection of U. S. Highway 70 and the road that leads to Chaparral Motor Hotel's Convention Center. Joe Henry Northrup was placed in county jail in Carrizozo early this week on charges of battery filed by Deputy Sheriff Glen Bradley, who investigated an altercation in which Northrup reportedly injured his wife in a family row at their home. Justice of the Peace Alton Gray said a hearing will be held "in a day or so" in his court in Ruidoso Downs.

Warren and Timothy Eckland were cited for disorderly conduct following an argument with Dub Phillips of Hollywood Inn late Saturday night. Both men forfeited \$50 bonds in Justice of the Peace Alton Gray's Court.

Village of Ruidoso Downs trustees recently voted approval of the application of Henry Hyman for transfer of a liquor license into the village limits to be used in a building across from Shriver's Store. The transfer was from a point five miles outside the village limits. The state liquor board must next approve the transfer. The approval came out of a special called meeting of the Ruidoso Downs trustees in which several people had expressed opinions regarding the transfer.

Justice of the Peace Alton Gray recently placed Clyde "Bulldog" Turner under a \$500 peace bond on charges filed by Tom Thompson.

Although members of the Jack Shriver family have been bear hunting, they report they haven't bagged a bruin yet—but have seen a trio of them.

RACE FANS—On hand for the big All-American race Monday at Ruidoso Downs were Mrs. Ab Gunter, left and daughter, Mrs. Frank Potter, caught by News camera scanning program for 10th race after the Futurity had been unreel.

Participation In County Fair Parade In Capitan Saturday Is Invited

By FRANCES ECKERT
An invitation has been issued to participate in the Lincoln County Fair Parade in Capitan Saturday, Sept. 10. Bartley McDonough, band instructor of the Capitan School, is the chairman for the parade.

The parade will start at 10:30 a.m. and all participants are required to assemble no later than 9:30 a.m. in front of the Capitan School, so the judging may take place.

Politicians running for office may advertise this fact in the parade. Individuals and organizations are encouraged to enter floats. The only requirement is that you build and enter the float yourself. Prizes on floats will be \$10, \$7.50 and \$5.

Bicycle riders are asked to decorate their bicycles and ride them in the parade. Prizes for the bicycle riders are \$5, \$3, \$2 and \$1.

School bands to march in the parade will include Capitan, Carrizozo, Corona and Ruidoso. Each zozo, Corona and Ruidoso will be given \$20 for traveling expenses and each student will receive \$10 to help with his or her uniform.

The Capitan Girls' Drill Team will march in the parade and the members were in the process of making their uniforms Friday last week to have them ready in time for the march.

Prizes of \$5 each will also be given in the following categories, McDonough said:

- A - Oldest cowboy or cowgirl
- B - Youngest cowboy or cowgirl
- C - Best-dressed cowboy
- D - Best-dressed cowgirl
- E - Special category - at the judges' discretion.

"In closing, a bouquet for the judges, and incidentally that, along with our thanks, is all they will get," McDonough said. The judges are Rev. James T. Taylor, Ruidoso; Title and Abstract Co., Ruidoso; H. Elfred Jones, attorney, Carrizozo, and one still to be picked.

CAPITAN BAND IS GROWING

When the transfer of employees was made from Ft. Stanton to Fort Bayard, the brass section of the Capitan Band was almost wiped out because some of the band members were children of the hospital's employees. Bart McDonough, band instructor, says he is very encouraged by the number of students wanting to take band this year. They have 36 in the advanced band and 20 in the beginning band.

In addition, they have 26 in the chorus, which is also the Girl's Drill Team. The band and the girl's drill team will both be in the parade at Capitan Saturday, Sept. 10, for the Lincoln County Fair, McDonough said.

Tigers-Bears To Tangle At Capitan

Capitan's Tigers play host to Clouderoff's Bears in a Saturday game this week at Capitan as a part of the week-end's activities in the Lincoln County Fair schedule.

Tiger Coach Mel Romero told the News recently that his squad, which saw only 24 suit out at the beginning of summer training in August, didn't have much depth but did have spirit. The game will be played under the lights Saturday night at Tiger Field.

Other Lincoln county teams are booked for Friday matches this week as follows: Coronas at Dexter, Vaughn at Carrizozo and Ruidoso at Socorro.

Capitan and Ruidoso had a scrimmage here Wednesday night.

Appreciation Luncheon Held To Honor Ft. Stanton Crew

By DIXIE SPARKS
Officials of the Ft. Stanton Branch of the Los Lunas Hospital & Training School for the Mentally Retarded gave their employees an appreciation luncheon Friday last week.

In his welcoming address Rex Kendall, administrator of Ft. Stanton told the employees that anybody, regardless of what kind of job or position they held, should be honored on this day of Labor Day appreciation. That each one's job was just as important as the other for all were working towards a goal of providing a place for people less fortunate than they.

Asking for a moment of silence Rex Kendall gave thanks for all who were laborers either for a spiritual or material existence goal.

Phil Carter, superintendent of Los Lunas, branches of Ft. Stanton and Villa Solano, Hagerman, gave a short resume of the starting of the Los Lunas Hospital & Training School. In 1929 due to the interest of the Federated Women's Clubs, a place was badly needed for the so-called wayward girls.

After getting the place at Los Lunas, the girls were found not to be wayward but mentally deficient, thus changing the place of correctional to mentally retarded.

In 1931 Los Lunas had a bed capacity of 100. In 1932 boys were added to the program. From 1932 to 1962 the bed capacity was increased from 100 to 226. In four years a bed increase has been to 53, then in 1964 Villa Solano was established with capacity of 100, thus giving 635 beds which was not enough for the many, many people waiting for room. On April 15, 1966 Ft. Stanton was converted to another branch of Los Lunas, with a forthcoming bed capacity of 250 or more. Carter thanked all employees for giving of themselves sometimes beyond the call of duty in helping establish this much needed residence for mentally retarded people.

Letters of commendation or appreciation were given to Warren Autry, Arlene Hanna, George McGarrath, Art Salas, Ben Felton, Robert DeWolfe, Dr. Paul Owens and Roscoe Manning as former acting administrators of Ft. Stanton Departmental heads and sections, were also given the letters for their efforts and work. These were signed by Warren Autry, administrative officer and co-signed by Rex Kendall, administrator, Dixie B. Sparks, postmaster at Ft. Stanton was also given a letter for her services to the community of Ft. Stanton.

Accompanying Phil Carter from Los Lunas for the luncheon was Roscoe Manning, administrator of Los Lunas and former acting administrator at Ft. Stanton.

Lions To Offer Two Guns In Contest

Ruidoso Lions last Tuesday night finalized plans for ladies night to be held Saturday, Sept. 17, in El Paso at the La Fonda Motel dining room, Bill Dean, secretary, reported.

Tickets will go on sale next week for two guns which will be given away just prior to the opening of deer season. One gun was the gift of Sam Montgomery and the other gun will have a hand made stock carved by Stormy Edwards. The two guns will be given away during the half-time at the last home football game before the beginning of deer season, Dean said. Proceeds from the sale of tickets on the guns will go into the Lions' Scholarship Fund.

Cattle Grower Doesn't Get All Of \$2 Per Pound Steaks Costs

Editor's Note: Max Oliver of Ruidoso, N.M., contributed the following article, a copy of an address given recently by Ben H. Carpenter, president, Texas and Southwestern Cattle Raisers Association.

I am sure you are aware of the wave of publicity that has recently been sweeping the nation regarding food prices. Meat prices have been singled out as a major contributor to higher consumer costs and inflation. Spokesmen for government bureaus and agencies have contributed to a mass of inaccurate statements and inadequate comparisons in newspaper stories throughout the nation referring to so-called high costs of meat.

Even the Department of the United States was quoted as urging housewives to purchase only the lowest priced cut of meat in order to hold down the food bill and combat inflation. Typical of some of the headlines recently seen are these: "Meat: The Black Sheep of Food Cost," "Budget Brigade Plots" and "Hoarding Food Costs May Beat Man to the Moon."

In spite of the fact that readily available government statistics refute the statements that recently improved beef prices are major

in 1965 were 10% less than in 1947 and 13% less than in 1952. Retail food prices, however, in 1965 were 11% higher than in 1952 and 33% higher than in 1947.

The net income of farmers and ranchers declined by 18% from 1947 to 1965 even though the volume of farm produced foods sold to consumers had increased by 44% during that same period of time.

Compare this to the fact that salaries and wages to employees in all manufacturing industries increased by 113% from 1947 to 1965.

A part of the 33% increase in overall food prices paid at retail by consumers over the past 18 years has resulted from the development of new food products, new techniques of processing and packaging, and changes in family food buying habits.

In 1947, most housewives selected their beef from a refrigerated glass case and the grocer weighed and wrapped it on the spot. Now they find several pieces of the same cut beef neatly placed on the individual trays, transparently wrapped, weighed and priced, in advance.

Brightly lighted, air conditioned stores with wide aisles and attractively displayed products processed with new techniques are what the food shopper expects and demands. These demands from the consumer, not the producer, account for much of the increase of food prices.

However, a statistical study by the Economic Research Service of the U. S. Department of Agriculture indicates that the average household paid 17% more and farmers and ranchers received 7% less in 1965 for the same kinds and quantities of foods purchased in 1947, 18 years ago.

With regard to specific food items the report reveals that, in the 18 year period studied, the farm price of wheat has dropped 3% while the retail price of cereals and bakery products has increased 47%.

When city families purchase bread and prepared cereal products, they pay mostly for processing, packaging and distributing the products; very little goes to the farmer for raw materials. For example, there is only 2.6 cents worth of farm-produced corn in a 20c package of corn flakes. The one pound loaf of bread that sold at retail for an average price of 20.9 cents in 1965 contained wheat having a farm value of 2.7 cents.

In 1965, the farm price of dairy products was 6% below 1947 and the retail price of dairy products during the same period increased by 19%.

During the 18 year period from 1947 to 1965 retail prices of meat products increased by 16%. The farm value of meat products in 1965 was 5% less than the farm value in 1947. Much attention has been focused on the fact that prices paid to farmers and ranchers for animals producing meat products have increased substantially since 1950. However, there has been a tendency to overlook the fact that the farm value of meat products in 1965 had fallen 29% below 1947 prices. Current prices of beef cattle, while substantially higher than the low point reached in 1956, are still considerably below the price levels 16 years ago in 1951.

While the general economy of the nation was prosperous and advancing, the beef cattle industry suffered a serious price depression during the five years of 1952 through 1957 and again during the last part of 1963, 1964, and into the early part of 1965. The cattlemen of the nation operated during those periods taking severe losses as they were squeezed between higher costs of production and lower prices for their cattle. The recent price improvement in beef cattle does not represent a full recovery and the profit balance is still very delicate.

The evidence is very conclusive that prices received by the farmer and rancher have not contributed whatsoever to the increase in

food prices paid by consumers. A comparison of the 10% decline in prices received by them during the past 18 year period with other economic trends is most interesting.

The report reveals that rail freight rates on farm products increased 45% during the same period. Prices of such services as rent, property insurance, property maintenance, and telephone services increased an average of 60% during the same period and unit prices of new plant and equipment were up 55%. Salaries and wages of employees in manufacturing industries increased during the same period by 113%.

In the nine years since 1957 prices paid by farmers and ranchers for clothing has increased 15%, for motor vehicles 17%, for farm machinery 22%, for ad valorem and miscellaneous taxes 65%, and interest payable on farm real estate debt 132%.

Therefore, if viewed in the correct perspective the prices paid by consumers for food products cannot be singled out as a major contributor to inflation. If, S. consumers have available the highest quality food products in the world, and the important fact is that they can obtain this food by working less time than persons living anywhere else on earth.

During 1965, American consumers spent 10% of their take-home income for food. Twenty years earlier this figure was 20%. Pay for one hour factory labor today will buy 2.4 pounds of round steak, whereas, in 1942 it would buy only 2 pounds, and in 1932 1.5 pounds. One hour factory labor today will buy 3.2 pounds of bacon, whereas, in 1942 2.2 pounds and in 1932 1.8 pounds. Pay for one hour's factory labor today buys 12.5 loaves of bread, whereas, in 1942 only 9.8 loaves, and in 1932 6.3 loaves.

In the light of these facts one may wonder why certain government bureaucrats and politicians single out the farmers and ranchers of the nation to be the scapegoats upon whom inflation is blamed. Why is it that agriculture seems to continue to be the easiest target on which to blame the inflationary spiral that has been existing for the last 15 to 20 years, even though there are no real facts or evidence to support this contention? The answer probably lies in the fact that a lesser percentage

of the people of the nation are directly involved in agricultural production, and therefore, agriculture is losing its political significance.

As the country's population has grown during the last few decades, a situation has developed in which an extremely small percentage of the people of the country are familiar with the actual conditions existing in agriculture. For example, in 1950, although 64 percent of the country's population was urban and 36% was rural, only 42% of the rural population was actually involved on a farm or ranch, in other words only 16% of the total was involved in agricultural production.

Ten years later, in 1960, 69.9% of the U. S. population was urban, 29.8% was rural-nonfarm, and only 7.5% was actually involved on a farm or ranch. This trend has continued in the 1960's.

In this atmosphere a great deal of misleading and erroneous information has appeared in newspapers and other publications throughout the country, much of which is harmful to the farmers and ranchers of the nation.

For example, many consumers and taxpayers generally are led to believe that the total annual appropriations to the Department of Agriculture are subsidies. The report released by the House Committee on Agriculture last week reveals that actually nonfarmers participate in a larger share of the Department's expenditures than farmers themselves, and that about two-thirds of Department of Agriculture expenditures, in the 1967 budget, are for services which are of primary benefit to the general public. Most housewives and urban consumers are unfamiliar with the fact that the cattle industry itself has vigorously opposed price supports and subsidies for beef cattle and has done so successfully thus far, in spite of the efforts of federal administrators in the past to apply them.

The American cattle producer has confidence in the free enterprise system which has made this nation so significantly different from the other nations of the world. He doesn't want any price subsidies from the American taxpayer, but he does expect a fair and profitable price for the beef cattle he produces. However, he doesn't expect federal agencies,

The report released by the House Committee on Agriculture last week reveals that actually nonfarmers participate in a larger share of the Department's expenditures than farmers themselves, and that about two-thirds of Department of Agriculture expenditures, in the 1967 budget, are for services which are of primary benefit to the general public. Most housewives and urban consumers are unfamiliar with the fact that the cattle industry itself has vigorously opposed price supports and subsidies for beef cattle and has done so successfully thus far, in spite of the efforts of federal administrators in the past to apply them.

whose purpose it is to safeguard the interests of an American citizen, is instead "take" actions, such as was witnessed earlier this year, to drive down the price of beef, when it's still substantially below price levels of fifteen years ago.

Above all, the cattle producer doesn't deserve to be falsely accused of contributing to inflation. The real major cause of inflation is the federal government itself, as currently being administered. The real culprits of the inflationary spiral of the present and of the future are gigantic federal programs like the unnecessary and uneeded medicare program recently authorized, titles 18 and 19 of which it is now estimated will cost more than a billion dollars a year in the state of New York alone, federal programs of accelerated unemployment compensation, and federal programs designed to blanket the country with built-in wage increases. Giant federal programs of this type pump literally billions of dollars into the economy, yet they do not create to any degree new permanent plant capacity which can add to the total productive output of the nation, and therefore they only create taxpayers instead of taxpayers.

This is the area in which restrictions should be urged to combat inflation. Instead of government officials urging the American housewife to restrict her purchases of meat at a time when the average price of beef cattle is only 85% of parity.

FOUR BEAR REPORTED

Although he said it is certain there have been more than four bear killed in the current hunt in which dogs are allowed, Game Conservationist Charles Cockerell told the News Wednesday that he knows positively of only four that have been brought out of the mountains here, from the Bonito canyon country, from Church mountain and off the slopes of Sierra Blanca.

Cockerell said he did not have the names of any of the successful hunters he knows about, but that one man from Artesia, another from Roswell, one from California and one from Texas had been reported as the slayers.

The hunt continues through Sept. 18 in the Lincoln National Forest except in the Guadalupe mountains around Carlsbad and in the Mesquero Apache Indian reservation.

Bear hunting will be allowed again in November, without dogs, when the deer season is observed.

BRAVES TO OPEN SATURDAY

Coach Dub Williams of the 7th grade football team, the Ruidoso Braves, reports his juniors will open a seven game gridiron schedule by hosting the Berrendo team from Roswell Saturday afternoon with a 1:30 kick-off.

Thursday next week, for its second match, the junior squad travels to Carrizozo for another afternoon tilt, also to start at 1:30 p.m.

Squad members and positions they may play for the opening game were announced by Williams as follows: quarterbacks, Clay Hull and Pat Farrar; halfback, Barry Nelson; fullback, Carey Horton; ends, Neale Williams, David Estes and Norman Kahze; flanker, Waldo Lester; guards, Gary Slanger, Danny Garcia and Granville Richardson; tackles, William Mayhew and Mike Shriver; and center, Richard Kelth.

Williams predicted that the game this year with Roswell will be well matched and with a close score. Last year the Roswell team won over the Ruidoso eleven by one touchdown, Williams said.

Sports Spots

Ralph Petty, Jr. is going to play some golf in California, while he and his wife are vacationing there. He hopes to try the links on which his father set a course record low score several years ago at El Centro.

SKI CLUB TO MEET

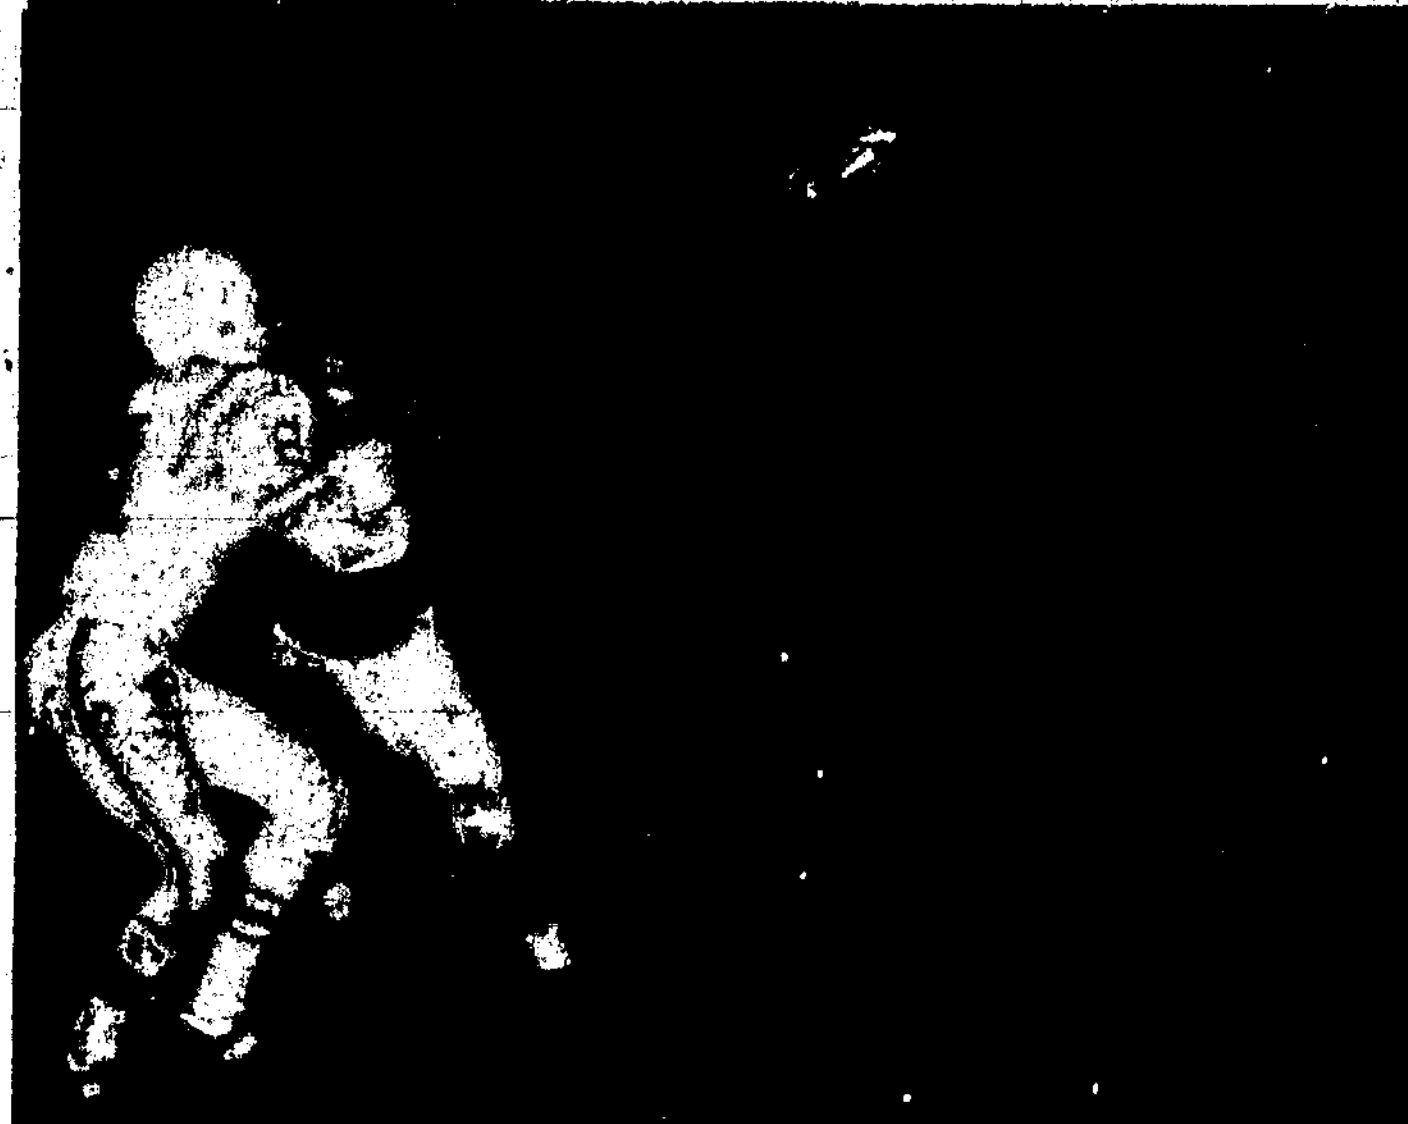

Sierra Blanca Ski Club will hold its first meeting of the new fall and winter season Monday, Sept. 12 at 7:30 p.m. at Chaparral Hotel. Mrs. Jack Spall, secretary, has announced. She said there are four important matters on the club's first meeting agenda, including plans for the Aspenade parade float, a membership drive and discussion of plans for sponsoring the junior ski racers in their winter sports competition throughout the New Mexico and Southern Colorado region. The Ski-O-Doso, to be held the Saturday after Thanksgiving will also be talked.

Mr. Ed Wimberly will be in charge of the program Monday.

Mrs. Spall said the local ski area, with the ski club assisting, will host two big ski races this winter the Class C championship giant slalom, which is expected to draw as many as 150 youngsters from a wide area as Feb. 18-19, and the Junior races, for Class I, II, III, IV and V on Easter Sunday, March 26, which will see about 200 contestants coming.

Mrs. Spall said she and club president Wayne Estes and racing coach Ray Held attended a planning session for the program Monday.

CRASHES THROUGH—Halfback Albert Gallegos at right (30) crashed through Warrior defense in run of about 30 yards for Grizzlies' first touchdown. Warriors Danny Jost (78) on ground, Mark Sloan (70) and Johnnie Armstrong (60) with Tim Leftwich (81) also on ground, couldn't touch him. Other Zozo players in photo are Tommy Straley (80) and Scott Shaeffer, (55), with Max Zamora (19) on ground.

TOUCHDOWN PASS—End Tim Leftwich caught pass over goal line for Ruidoso's second score in second quarter. Friday night in match against Carrizozo, won by visitors, 26-19.

Tribe Drops Opener To Zozo, 26-19

By H. B. FLANAGAN

A hand of Ruidoso Warriors took the field last Friday night with a gleam in their eyes as they outplayed and out-gained the favored Carrizozo Grizzlies, only to come out on the short end of the score, 19-26.

The Grizzlies scored in the first quarter after picking up a fumble by the Warriors on the Zozo 25-yard line. From there they marched to the Ruidoso 28, grinding out the yards on the ground. Albert Gallegos rambled over from 28 yards out for the first TD of the night. Try for extra point was no good.

The Warriors struck quickly in the third quarter after holding the heavier Grizzlies on the Ruidoso 32-yard line after the Grizzlies failed to pick up a first down with one yard to go. Rick Scott hit Butch Faublon, who made a tremendous catch in the end zone for the first Warrior marker. A pass for the extra point failed to click as the two teams were momentarily tied.

Ruidoso took the Grizzlies by surprise as Taylor successfully executed an on-side kick, grabbing the ball on the Zozo 48. After driving down to the Carrizozo 9-yard line the Warriors' drive was blunted with a series of penalties and fast charging Zozo linemen, with the Grizzlies taking over control of the ball on their own 25.

The stubborn Warriors held the Grizzlies, forcing them to punt, where the Warriors took over on the mid-field stripe. From that point Mike Payne went to the air-ways, hitting Tim Leftwich with a 13-yarder. Then he hit Allen

Dave Parks, member of the Ruidoso Booster Club and secretary Betty Baker announced this week that the club's annual drawing for Sun Bowl game tickets will be continued this year. Booster members register at each club meeting and a drawing at the last meeting before Christmas determines the winner who will receive two tickets to the Sun Bowl game in El Paso and \$35 cash for expenses, Mrs. Baker said.

The Booster Club members are meeting each Thursday in the high school library where project plans are discussed and films of Warrior games are shown.

WARRIORS SOCORRO BOUND

Ruidoso's Warriors play a non-conference game with Socorro's Warriors Friday night this week, game time 8 p.m. Coach Ken Newton said the two teams were evenly matched, and that Ruidoso might even be given the underdog rating since Socorro outweighs the locals with an 185 pound average for the defense. On offense, Socorro has a line that averages 170 pounds and a backfield that figures 155 pounds on the average.

Both Ruidoso and Socorro lost their openers last week. Ruidoso to Carrizozo, 26-19 and Socorro to Tularosa, 16-0, so both will be looking for a win. Newton said the squad will leave for Socorro at 2 p.m., and invites local fans to travel to Socorro with the Tribe this week.

Socorro's Coach Roy Johnson last week said his starters, with their weight, will likely be Louis Barrea, quarterback, 160; Hal Finson, halfback, 180; Frank Gallegos, halfback, 140; John Lacy, fullback, 180; Jim Elwood, center, 160; Jeff Gilbert, tackle, 200; Douglas Smith, guard, 150; Brent Kempton, guard, 170; Bill Barker, tackle, 180; Johnny Gonzales, end, 160, and Romy Romero, end, 180.

SILVER CITY BEATS HOT SPRINGS, 27-13

Tommy Robertson scored on an 82-yard run, Rick Tipton on a 6-yard dash, then Robertson marked up a 27-yard run in recovering a fumble and Garcia capped the scoring for Silver City with a 55-yard run to give Silver City a 27-13 win over Truth or Consequences' Hot Springs High Friday. For T. or C., John Sanders raced 14-yards to score and Howard Keithly went over from the 5. Keithly ran over Hot Springs' extra point and Garcia kicked two for Silver City.

TULAROSA DEFEATS SOCORRO, 16-0

Class B Tularosa stopped class A Socorro, 16-0, in a high school football game Friday night.

Cookie Lopez tossed an 8-yard pass to Dwayne Stevenson to open Tularosa's scoring in the first quarter. In the fourth quarter, Robert Walker went 8 yards off tackle for the final Tularosa touchdown.

Socorro's John Lacey recovered a fumble in the end zone in the third quarter for a safety.

Socorro never threatened as it was held to 31 yards total offense. Tularosa posted 271 yards total offense in the one-sided affair.

TEN TEAMS IN CAGE DISTRICT

Ten teams are in basketball conference district 5-B for the 1966-67 season, according to a listing received here this week from the New Mexico Activities Association. The teams are Captain, Carrizozo, Clouderoft, Dexter, Eunice, Hagerman, Hondo, Jal. Lake Arthur and Ruidoso.

Dropped from the district in which the local Warriors play was St. Peter's—withdrawn because of discontinuance of its high school, local schoolmen said.

Basketball play opens Nov. 25 for the local teams.

WATCH TV SHOWING OF RACES—Crowds of fans resorted to watching closed circuit television pictures of races Monday in shelter under stands, as this News photo shows.

Down At The DOWNS

By ALLEN LAYTHORPE
Again showing his fondness for the Ruidoso Downs racing strip Savannah Jr Saturday rolled to an impressive victory in the \$6,350

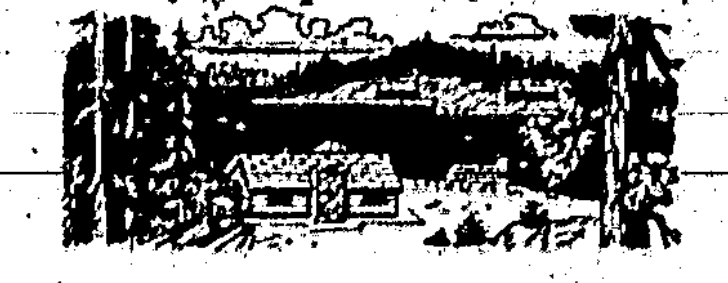

Championship Cup for the quarter horses over an exacting 440 yards. Savannah Jr., owned by the partnership of R. E. and J. R. Cates of Tulsa, Okla., a year ago started the quarter horse racing world with a dazzling win in the All-American Futurity.
His victory Saturday was just as impressive if not quite as reward-

Ruidoso News Friday, September 9, 1966

week-end as the Ruidoso Downs summer season of racing concluded on the highest note in its history.
—A new world record of \$430,600 in gross money at stake in the All-American Futurity, topping the 1965 mark of \$419,460 grossed on the 1965 running of the same race.
—A new record of \$198,300 to the first place finisher (Go Dick Go) of the All-American, eliminating the 1965 record of \$192,730 won by Savannah Jr.
—The one-day handle figure on Monday of \$475,140 surpassed the old mark of \$469,407 set Labor Day, 1965.
—The single race total of \$75,693 wagered on the All-American Futurity 19th race Monday topped the old record of \$65,927 set in 1965 on the same race.
—A new record high of \$450,800 in total purse money was established for the 12 race Labor Day card.
—New records in second, third and fourth place monies of \$87,252 (to Chicamona), \$71,388 (to Top Ladybug) and \$39,660 (to Off-Limits) respectively.
—A record of \$45,000 for the purchase of the yearling filly First Kiss (Three Bars-Cute Trick) Sunday night at the second session of the All-American Futurity Sale. The buyer was Jim Routh of Long Beach, Calif. His bid topped the previous all time record for a yearling quarter horse sold at auction of \$37,000 set in 1965 when Hugh Huntley of Madera, Calif.

purchased Jet Too.
—The overall figure of \$379,775 for 98 yearlings was a new mark as well as the average of \$3,875.26 realized individually.
The victory in the world's richest horse race vaulted winner Go Dick Go into third place in total career money behind two other All-American winners of the past, Savannah Jr. (1965) and Goetta (1963). The Florida-bred now has amassed \$299,772 in his brief seven race career in which his across the board mark stands at 3-3-1.

LINCOLN COUNTY PHOTO ALBUM

AT OLD LINCOLN—One of the landmarks in Old Lincoln is the Tunstall-McSween store, one of four structures bought by the state of New Mexico and restored and retained for its historical significance. It is a museum, with early day fixtures and stock for visitors to see. It was erected in 1877 by J. H. Tunstall and A. A. McSween. It was a focal point in Lincoln County War in which both partners were slain. Despite looting by Seven Rivers group, building served as a pioneer store. John A. Penfield was one of early day operators. Postoffice is located in east end of structure, store on west.

I'M TIRED!
Ruidoso, the land of vacationers' dreams. With its whispering pines and its murmuring streams. Is now just a quiet lazy little old town. With its people too tired to smile or frown. Next month we'll be rested and ready to ski. With smiles and good humor for the tourists to see. But right now we're tired — We've given our best. And all in the world that we want — is to rest!

WHY BE A GRIME FIGHTER?

COOK Clean

WITH A FLAMELESS ELECTRIC RANGE

You'll spend less time at tiresome kitchen clean-up chores when you cook electrically. Because electric heat is flameless, there's no fuel grime. Pots and pans stay shiny with less scouring. And since the electric oven requires no oxygen to support combustion, there's no flow of air into and out of it, carrying greasy cooking vapors into your kitchen. Walls, woodwork and curtains stay fresh and new-looking with a minimum of care. So why be a grime fighter? See your dealer soon about a clean-cooking flameless electric range.

MR. AND MRS. WILLIAM ROCK

Young Couple To Fly To Ireland On Visit

Flying to Dublin, Ireland, the first week in October will be Mr. and Mrs. William Rock, for two special reasons. Mr. Rock will see his parents and to introduce to them his bride of a few months, the very attractive and petite Mrs. Rock, the former Mill Rene Blockton, daughter of Mr. and Mrs. W. D. Blockton.

Rock, a jockey at the local track was born in Dublin and graduated from St. Joseph's school there. He was a jockey in Ireland 15 years and has been one in this country eight years.

Mrs. Rock, parents both work at the local track. Blockton is the paddock judge and clocker and Mrs. Blockton is the racing form teletype operator.

They were originally from Menard, Texas where they own a ranch and Blockton was a former teacher at the Schreiner Institute. Mrs. Rock is the youngest of their three children.

Mr. and Mrs. Rock met in Phoenix at the Turf Parade and were married April 11 of this year in Phoenix. Their permanent home is in Phoenix.

Following the State Fair racing in Albuquerque they will return to Phoenix and fly from there to New York. They will be gone about four weeks.

It has been a year and a half since Mr. Rock has seen his parents. They were formerly in the meat packaging business in Dublin but are now retired.

Lincoln County Fair is Sept. 9-10
