NUMBER 9 IN OUR 23rd YEAR

There'll be no Ruidoso News Round-Up printed next week-the summer project has come to a screeching half, all because of a manpower shortage. The two youngsters who were doing the essential work on it have each been called to Albuquerque for mighty good jobs in the profession they seek to follow. The jobs mean money and money means they can continue their pursuit of journalism studies in college—so we told 'em to "git." Pat Lamb and Grace Arnett did a fine job in seven weeks <u>end we'd hoped it would last</u> longer—but there aren't enough of us left to continue the little paper. So, it's discontinued for now—and we hope it can be reinstated in the not too distant future. Our thanks to everyone for their support, reader interest and compliments on the budding journalists' work . . . Robert O. Band Uniforms Being Issued

At Capitan Capitan band students have been busy this past week picking up their band uniforms.

Band director Bart McDonough said "It appears we have lost only two or three from last year's band, and have picked up new students to take their place. We could have easily this year a 50-piece marching hand. We had 47 last year."

Those that have not picked up their band uniforms for this new school year are urged to contact McDonough, dial 354-2450 in Capitan. Please do it before school stants on Aug. 23 so you can get a uniform that fits well, he stress-

The Capitan Band had the foilowing instruments repaired this summer: the old tenor sax; the old alto sax; the baritone sax; two baritone horns; the oboe; the Pedfer base charinet, and the old ebonife clarenets

McDonough is very optimistic about the new school year, The Capitan band has five football games and three (possibly four) parades coming up in rapid fire order, he said: "Join the band-music is fun!!. he declared.

The result will make the Aug. 20 opening of oil lease bids one of the largest in the state's history in the amount of acreage involved. Close to 500 separate tracts-varying in acreage from about 200 to more than 1200-will be offered for lease on a bid basis.

Land Commissioner Guyton Hays reported leases in southern New Mexico were included in the sale at the request of a large oil firm, which he did not name because such requests are confidential. He did say the firm operates extensively in Louisiana and has not operated in New Mexico before now.

"I understand the company wants to get a large acreage under its control before it starts seismographic and other exploration work."

Almost all of the tracts offered in Luna County are at least 640 acres, and some included more than 2200 acres. There are 109 tracts being offered m taina County, 30 in Grant, 16 in-Lincoln, eight in Quay, two in De-Baca and one each in Curry, Dona Ana, Mora and Otero Counties. Mel Romero Back As Coach At Capitan

Mel Romero, coach at Capitan high school for several years, and who tendered his resignation in that position recently to stay on as a teacher on the faculty there, told the News Tuesday morning that following a meeting of the school board, and also giving in to pressure of grid fans of the area, he has reconsidered. He is already at work in summer training of the 1966 edition of the Capitan Tigers. Class C title contenders last year. He said he had 30 boys reporting for training Wednesday this week when the legal date for start of summer conditioning arrived.

Apples, Pears Being Picked In Hondo Valley By RALPH DUNLAP

Jorathan and Golden Delicious apples will be available around Aug. 25. An estimated 225,000 bushels of apples will be produced in Lincoln County this year. The insect damage to the apples is much less than normal as many of the growers have carried out a beker spray program.
