County Votes on President, State, Local Offices Tuesday

Around Town

—BY NOSEY WATERS—

The town of Los Alamos must be in an uproar over the upcoming question on the general election about whether New Mexico should call for a revision of the constitution—to date we've had six letters from residents up there (which were also sent to all newspapers in the state) violently opposed to the call for the convention. Space does not permit the publication of the long, long six letters—but they all say about the same, so we're reporting that to our readers, at least. Among signers of the letters have been Louis C. Burkhardt, chairman of the opposition committee; Phyllis Briscoe, J. D. Smith and Mrs. Eugene S. Robinson. (Two of those people wrote twice.) Anyone who wants to read their letters may do so in our office.

Three Ruidosoans, Roy Parker, ski area manager, Bob Gaston and Ray Held of Sierra Blanca Sports, Inc. presented a program to boost skiing here in Dallas Friday night last week. They were flown there and back by Trans-Texas Airways which is promoting a special ski package here this winter along with other airlines through co-operation with Ruidoso All-Seasons, Inc. Ray says folks can fly from Dallas here and return via New Orleans for a supper there, for as little as \$25

for one day to cover all expenses—or they can have the same package for \$45 for three days—wow!

A discrepancy on the ballots for this election will be the name of Marvin Griffin, former governor of Georgia, as the running mate for George C. Wallace on the American Independent Party ticket. Griffin's name is on the ballot in all the states. In order for Wallace's name to appear on the ballots, an application had to be made long before Gen. Curtis LeMay was selected to run for vice president on the Wallace ticket. So, anybody who votes for the Wallace-Griffin slate on the ballot actually will be voting for Wallace-LeMay. There hasn't been enough time to get the names changed on the ballots.

Next week the Ruidoso News will print a special page ad boosting the Warriors to win over Hot Springs of Truth or Consequences. The two teams in District 3-B are undefeated, and the title for this district will be decided here on the Warriors' field Friday night next week. If our ad salespeople don't get in touch with you and you want your name on this special feature—call us and tell us to list you, hummm? ... So nice to hear the fine compliment a parent paid Marvin Craig, local Boy Scout leader last week. The letter of a youngster said he appreciated very much the fine Scouting program and hard work Craig is doing for the youths.

Polls Open 8 a.m. to 7 p.m.

An intense general election campaign comes to an end Tuesday next week when Lincoln county voters join those across the nation to elect a president and vice-president, state leaders as well as district, county and local officers. Also on the ballot in New Mexico is a question—the electorate is asked to decide—whether to call a convention to revise the state's constitution.

Polls will open in the county's fourteen precincts at 8 a.m. and close at 7 p.m. Election officials are urging all voters to vote as early as possible, with the growing interest in the last few days indicating a very large turn-out.

Many candidates, national and state, have staged well organized and vigorous campaigns this year of 1968—and many issues have been thrashed about.

Elsewhere on Page 8—Sec. A of today's News is a listing of all candidates—a total of 60, representing four parties, the Republican, the Democrat, the American Independent and the Socialist Workers and the Peoples Constitutional.

In Ruidoso, precinct 19-A voters, residents living south of the Rio Ruidoso, vote at the city hall, those living north of the river, in 19-B, vote at the American Legion hall.

For ALL the news, read the News.

The new total from the county clerk's office shows 110 more voters registered since the primary in August, but 61 less than two years ago.

NOGAL ROAD PAVING TO BE LET NOV. 15

A 6.3 mile reconstruction project on NM-37 in Lincoln County is scheduled for award by the Highway Commission Nov. 15.

The project had been scheduled for letting in September but postponed until utility problems could be resolved. The Highway Dept. said the project can go to bid because it was approved prior to the Sept. 8 freeze on highway-user funds by the Bureau of Budget. Because of the curtailment, the commission does not expect further highway construction contract awards until January.

The Lincoln County project involves paving five miles south from Nogal. Estimated cost is \$700,000.

Correction—

Our apologies to Miss Alice King, deputy in the county clerk's office, for mixing photos of her and the present county clerk, Ince Hurl, on the special page ad in today's News pushing the Republican ticket for the general election. Miss King had no picture—and through error, Miss Hurl's was printed over Miss King's name.

Robbie Pippin Rites Set

Mrs. Bill (Robbin) Pippin, 33, the wife of a former teacher and now a real estate broker here, died shortly before midnight Wednesday evening in the local hospital following an illness of several months.

Funeral services will be held at the Community United Methodist Church in Ruidoso at 10 a.m. Saturday, Nov. 2 with Rev. Richard P. LaPine officiating. Burial will be in the Portales cemetery Saturday afternoon at 3:30 p.m.

Mrs. Pippin was born Dec. 23, 1934 in Portales and had been a Ruidoso resident for the past eight years. She was active in the Beta (Continued to Page 6—Sec. A)

Proclamation

WHEREAS, Community Development is the Opportunity Program of the United States Jaycees, and,

WHEREAS, there is now declared a state of Honorarium upon civic pride and community development; now,

THEREFORE, We, Lloyd L. Davis, Jr. and J. J. DiPaolo, Mayors of our Respective Villages, do hereby PROCLAIM the month of November, 1968 as COMMUNITY DEVELOPMENT MONTH throughout the limits of Ruidoso and Ruidoso Downs.

BE IT FURTHER PROCLAIMED, that every Jaycee re-examine the worth of his organization and pledge himself to do all within his power to assure that his community grow and prosper through Community Development.

PROCLAIMED this 22nd day of October, 1968.

PROCLAIM COMMUNITY DEVELOPMENT MONTH—Ruidoso Jaycee officers receive joint proclamation signed by mayors of Ruidoso and Ruidoso Downs calling month of November Community Development month in connection with U. S. Jaycee project. Presentation was made at regular meeting last week at Chaparral Hotel, and featured, from left, Jim Clements, local vice-president; Mayor Lloyd L. Davis, Jr., Ruidoso; James Fitzgerald, president, and Mayor J. J. DiPaolo, Ruidoso Downs.

BIG PAYROLL FOR COMMUNITY—These three scenes are progress reports of work underway on huge Eldorado Villa Estates complex at north edge of city bordering state road 37. More than 60 people are employed on work of preparing site for model homes, recreation center, 3-par pitch and putt nine-hole course and other facilities. Roads are being readied for paving, sewer and other utilities are going underground. Cost of preparing site is estimated at \$800,000 and

construction of model homes, to begin within a few weeks, will run the total of the first two steps beyond the million dollar mark. General contractor for the work on recreation center, bridge, perimeter wall and other items, such as concrete work on dams, etc. is J. R. Emde; Sid Courville is plumbing contractor; Wimberly Electric, utilities, and some of suppliers are C. & L. Lbr. & Supply, McCarty Sand & Gravel and Gambles.

Luxury Resort Ski Lodge To be Built at Edelweiss

A luxury ski lodge will be built at Edelweiss Resort Village on the ski run road with construction to begin in April, 1969 if weather permits, an announcement from the developers said this week.

The lodge will be built by Western Great Plains Enterprises, Inc., a Texas company. Chairman of the board is Foy Gaddy, president is John Pelley, vice-president Jack Geddes and secretary-treasurer is Jim Syms. They are all residents of Lubbock.

The lodge will have seventy units each with fireplace and luxury appointments. There will be a large indoor swimming pool just off the lobby, and in the main after-ski lounge a huge circular fireplace is planned for the center of the room. There will be two large convention rooms with a seating capacity of just over 500 people, also included in the restaurant and a proposed bar and lounge.

The entire lodge is to be done in Swiss and Tyrolean architecture. Corbell report that the people they

with all employees to be dressed in the national costumes of the various provinces of Switzerland. The lodge will be in operation on a year-round basis and will feature international cuisine, and will be comparable to anything now existing in Sun Valley or Aspen, Colo., the developers have announced.

Edelweiss Resort Village has been selected as the site for the ski lodge because of the level terrain, easy year-round accessibility and the dazzling view of Sierra Blanca, said Geddes, the vice-president.

The sale of the property was handled by Bill and Billie Corbell, sales people for Edelweiss Resort Village, where many of the residential lots have already been sold, all of which give a clear picture of the rapid growth of the area.

A German restaurant is also on the agenda for Edelweiss, with plans now being drawn up and a ground breaking date to be in the very near future. Bill and Billie Corbell report that the people they

have talked with concerning investing in the Ruidoso area are completely sold on the idea and they foresee much more development and progress for Ruidoso.

Republican Barbecue
Lincoln County Republicans will stage a county-wide barbecue here Sunday afternoon, Nov. 3, starting at 1:30 p.m. here at the Chaparral Hotel's convention center.

County central committee chairman, Dr. Dale Wynn, said last week-end the barbecue is free to the public and that most of the major state, district and local Republican nominees will be on hand to visit with and speak to those attending.

Former governor and U. S. Senator from New Mexico Edwin L. Mechem will be the principal speaker.

Invitations have been issued to all state candidates to be here, and some of them have indicated they will be on hand.

**NOR HILL SCHOOL NEWS—
(Last One Last Week)**
Mrs. Matheson's fourth graders
have letters from several students
in the fourth grade at Union Grade
School, Dixon, Mo. Their teacher,
Mrs. Dorothy Schneider, visited
Ruidoso and the schools here. They
sent a color picture of the entire
class and also one of their school.
The students at Ruidoso would like
to have pictures of this area to send
to Dixon when they answer the
letters. They also need someone
to make color pictures of the mem-
bers of their class so they can send
their picture. They still have one
playing marbles, unfortunately, the
other was taken by a grasshopper
and that isn't according to rules.
They thought had moved away. Ed-
die's ballroom went to Clovis last
week and Paul Weaver went to

Win With Ken
Dependable
Honest, Efficient
BLAME IT ON TEXAS
If I have not gotten to see you its Texas fault. I spent
most my time in Ruidoso and the Downs trying to win Tex-
as votes. They seem willing but there is a law against being
a Texan by birth and a 38 year resident of New Mexico by
choice, I enjoy Texans and do hope we can continue devel-
opment of our "playground" and attracting Texans. I have
tried to be a Lincoln County salesman to our Texas friends.
Hope I have been able to sell "Win with Ken" to you folks
while I talked with Texans.
Sincerely,

Letter to the Editor

(Submitted by Mrs. Bill Patterson)
(From Ft. Stockton, Tex. Pioneer)

(Editor's Note: The following are excerpts from a letter written by a Chicago woman to relatives in the Dallas area. A Fort Stockton reader spotted the item in a daily newspaper and wishes to share the information with fellow readers of the Pioneer. We are grateful to the Chicago woman for providing us with the "other side" of the disgraceful outbreak which marred Chicago during the recent Demo-

cratic Convention.)

Too bad you weren't in Chicago last week. You could have got in on all the excitement. Still, if you're looking for kicks, come up now. You have never heard or seen the people of Chicago in such an uproar.

What you saw on TV wasn't even half the story of what went on. Of course, most was so obscene it couldn't be shown. They showed you the police attacking "innocent children" but they didn't show you the "youngsters" throwing bags of human excrement at the police or the balloons filled with

urine or the golf balls with 10-penny nails embedded in them. Naturally they also threw such mundane things as rocks, full beer cans, bricks, etc.

You also didn't see the "kids" walking around the Loop with a 4-letter word written in lipstick on their foreheads. Best of all they didn't show you what went on in Grant Park—the nude bathing in the fountains, the men walking around with their pants open and the whole bunch using the park as an outdoor toilet.

You should see what they have done to the park. You wouldn't be-

lieve it. It's all brown and the grass and flowers are gone. There are burned spots all over where they lit their bonfires. The skin is unrecognizable.

They also didn't tell you about the "children" that tore the snow fences apart in the park, drove nails through the pickets and used them as javelins. Or the sweet little things that embedded razor blades in the toes of their shoes and kicked the police. Or the darlings running around with caps of oven cleaner that they sprayed in the policemen's faces.

The delegates were 'moaning' about the poor children. The newspapers here published their ages—45, 39, 35, 33, 27, 29, etc.

I don't think I have ever seen Chicago so unified on anything in my life as it is over condemning these Yuppies and praising the police. People have been calling the radio station all week with stories of things that happened to them downtown and things they saw. Some of the stories are so filthy you can hardly believe them.

One girl I know was on duty at Mercy Hospital in the emergency room, and she said one of the Yuppies they brought in for treatment was so dirty the doctors wouldn't touch him with rubber gloves. He admitted he hadn't had a bath in 14 months.

A policeman I know was down at the Hilton in the afternoon on Wednesday. He said the kids were trying to provoke the police lined up in front of the hotel. When they didn't get any response a wave of them came across the street with their pants open, attacked the line and ran back into the park. The police had orders to stand and take the stuff and not pursue them, but by that night they just couldn't take any more. That's when all the clubbing started, and that was all that anyone saw on TV.

In a way something good came out of the whole thing, though. I don't think anyone in Chicago will swallow whole hog anything they hear on TV anymore. It was rather frightening to see how the news was slanted.

Well, it's all over and done for us, anyway, but come other cities are going to have to take it soon. Before leaving Chicago the leaders of the hippies stated their plans now were to tear apart the colleges the way they tore apart the convention. We'll see how other police departments handle it.

TRIGGERS SPECULATION — This steel tower with ladder and crow's nest built atop has caused speculation among Ruidoso Downs folks. It is constructed so that someone could stand in crow's nest and see finish of races at Ruidoso Downs race track (pictured in far background). It is on building planned to be used for bar and club room where

transfer of a liquor license is now in dispute after Ruidoso Downs village council refused to okay change of license from Ruidoso Downs Package liquor to this location. One of persons involved in this new enterprise, Henry Hyman, told News the tower is a TV antenna.

Letters To the Editor

Recently the Ruidoso Ruidoso Valley General Hospital has run low on operating fund. There are several factors that have led to this position and some are as follows:

1. Expenses of the Hospital have increased considerably during the past few months as additional employees, consultants, physicians, diagnostic equipment and new equipment are needed to comply with Medicare requirements. Please keep in mind that meeting

these requirements also provides those not covered by Medicare with more complete medical services.

2. Payments on patients' accounts by their insurance companies, by Medicare and by patients themselves have fallen behind the expenses incurred in providing medical services to them.

The Board and Administrator admit that in the process of meeting the necessary requirements and changes as mentioned above, and in handling and providing services for an extra heavy patient load the

past few months that we have neglected to press for collections as we should have, but that we have paid our bills within a reasonable length of time, and can only continue to do so if the patients do likewise.

We feel that one reason some patients not covered by insurance are slow in paying or fail to pay their hospital bill is that they believe that since this is a County Hospital that tax dollars are our main source of income. Since initial construction, nothing could be farther from the truth. The main source of income is from service income, or the actual income received from private paying patients and those covered by hospitalization insurance and by Medicare programs.

Last fiscal year the amount of tax received from the county was approximately \$8,000, which amounted to 3% of the total expense. It would be safe to assume that the hospital is relatively self supporting. Insurance payments always run slow for several reasons, a few being as follows: Many different companies, long distance involved, many different types and coverages of policies; many detailed forms must be filled out; doctors must check and sign; some small discrepancy or misunderstanding causes return and delay, some payments go to patients that are dismissed and they fail to reimburse the hospital either the full amount or for the part the insurance policy does not cover, difficulty in obtaining qualified personnel in insurance companies and in our office.

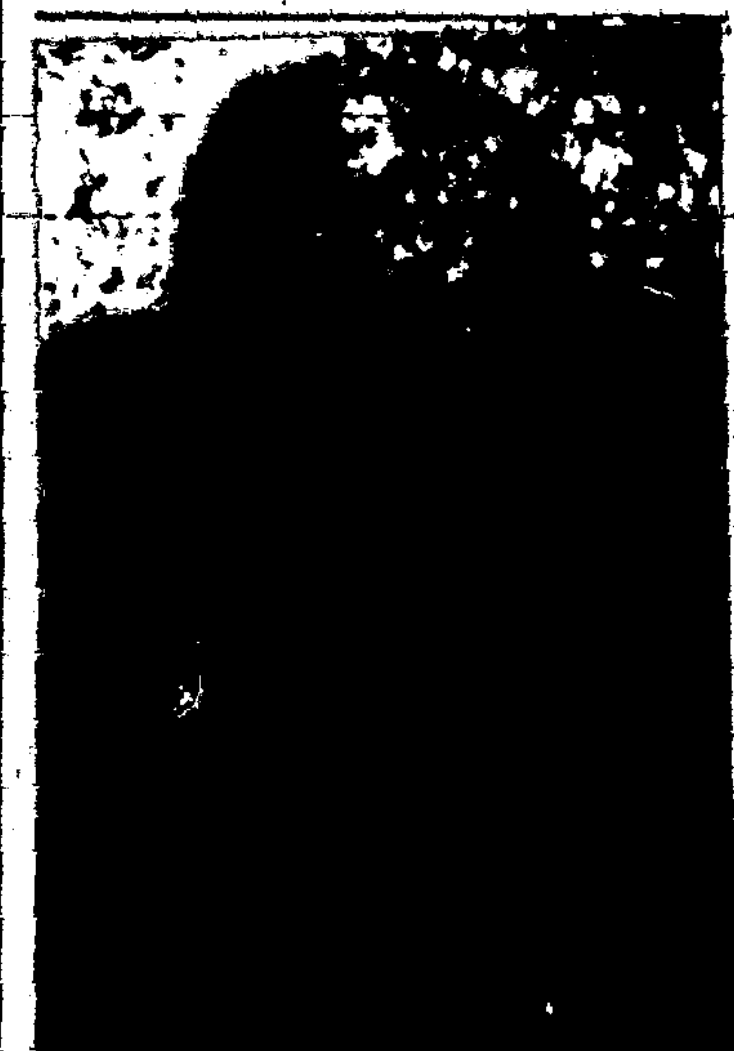

The insurance companies with outstanding claims are being canvassed to see why their payments are in arrears. The Medicare office has apologized for their delayed payments and are beginning to catch up, and we are now pressing all those who do have outstanding accounts asking them to make immediate arrangements with the Administrative office for full settlement or regular payments on accounts, and the response has been gratifying.

For the information of the public the following collection procedures are now in effect:

1. Patients not covered by insurance will be required to sign a note at time of discharge if they cannot settle the account in full at that time.

2. Patients that have insurance claims will be filed for them after proper information and signatures are obtained. This is done as a service to the patient and the hospital assumes no responsibility in the filing or collection of said claims.

3. After a patient has been discharged, and in cases where insurance has paid insufficient coverage, a statement will be sent to the patient to notify them of balance due. If there is no reply to the

High on the summit of Ben Moore Mountain in Grant County is the "Kneeling Nun," one of New Mexico's outstanding landmarks. If you overlook legend and believe the geological record, the "Kneeling Nun" has been there for millions of years.

If you are a romanticist, the landmark came into being some 200 years ago, when a young nun, heartbroken over a tragic love affair with a Spanish soldier, climbed the mountain and knelt to pray. After snow had fallen for about a week, the young nun was found, according to legend, turned to stone and still in the attitude of prayer.

Years before copper was discovered by white men at the foot of the mountain, Mimbres Apaches are said to have made copper arrowheads, and even to have shod their horses, with the red metal.

Later, the Spaniards called the area "Criadero de Cobre," a nursery or planting bed for copper. This was Santa Rita del Cobre.

About 1800, a Spanish lieutenant colonel, Jose Manuel Carrasco, who resigned his commission after he had learned of the copper from the Indians, arrived in Santa Rita with a small party. He opened what later proved to be the second oldest copper mine in the United States, (Lake Superior copper deposits being the first).

His venture, as were others to follow, was doomed to failure by marauding Indians, or for economic reasons. Until 1860, Santa Rita remained virtually a ghost town.

From the California Gold Rush came disappointed miners looking for a new chance to strike it rich. They sought gold and silver, ignoring the copper. Over the ensuing years the Apache Indians continued to be troublesome, and it wasn't until near the turn of the century that a New York group formed the Santa Rita Mining Company.

Years of mining, however, had exhausted the high grade copper, and once again the mine closed.

Then in 1910, mass production of low grade copper ore — a new concept in mining — came to the old Santa Rita del Cobre.

Owned and operated by Kennecott Copper Corporation, the Santa Rita open pit mine now is about 1,000 feet deep and a mile across as the result of removing 750 million tons of ore and waste material. It has produced more than five billion pounds of copper — the real treasure of Santa Rita del Cobre.

The "Kneeling Nun," still atop this mountain of copper and still in her attitude of prayer, would have to agree.

Kennecott invites you to view its television program, the "Best of 7 Movie," broadcast over KOAT-TV, Channel 7, from Albuquerque, every Wednesday beginning at 8 p.m.

Letters To The Editor

Dear Sir:

In 1966 a friend of the family, a retired seaman and a boarder at our house decided to drive to El Paso, Texas and Juarez, Mexico for a visit.

A few days after he left I received a call that our friend became ill and was taken to the hospital and passed away in a Juarez, Mexico hospital. I was at a loss as to what to do. I tried to think of someone who might be able to help me and I thought of Mr. Ortiz and I contacted him to try to get some advice and I was successful in returning our friend's body to the United States from Mexico, then we made funeral arrangements and he was buried in the U. S. Cemetery in Ft. Bliss, Texas.

I then returned to Carrizozo and contacted Mr. Ortiz and retained him to investigate this situation as I was not satisfied with the report that I had received from Mexico, impossible for me, and that was to (lie). I knew this was an international situation and I had confidence in Mr. Ortiz as I was familiar with his experience and ability as Sheriff of Lincoln County. He agreed to handle the case for me and he established contacts to Juarez and established international relations with the hospital, mortuary, bank and police.

I received a complete report from Mr. Ortiz as to his findings and I was pleased with the results.

When I received the reports from Mr. Ortiz, I asked him to do the impossible for me, and that was to try and locate the car that our friend drove to El Paso, Texas and Juarez, Mexico where there are over 50,000 automobiles and not a single clue as to where that automobile could be found. Mr. Ortiz returned to El Paso and Juarez and checked used car lots, garages, parking lots and many other places where an automobile could be stored. Four days later the car was delivered to me in Captain.

His accomplishments in this case was fantastic. I am sure that without his experience and knowledge this matter would remain unsolved.

This is certainly the type of man we want elected for our protection.

Dear Vic,

New Mexico is the most Democratic state in the United States of America. Folks from other states marvel at how we are on such friendly terms with our National senators and representatives—how they know us by our first names and slaps us on the back and joke with us like pals, how they help us all they can at all times like neighbors.

In New Mexico we are all brothers—peoples of all races and all walks of life are happy together. Nobody looks down on anybody else. In this we set an example to the rest of our country and to the world—an example of the American Dream.

What is America anyway? What do we say when we salute the colors?

One Nation Under God with Liberty and Justice For All. Certainly no words could be plainer than these in setting forth the joyful ideal of America and the sacred duty of an American.

The Destiny, the goal of America is to bring forth on this earth the brotherhood of man under God and peace and good will among all men.

The whole world is waiting, watching, hoping. Will this country which carries the hopes of mankind in its hand rise to its full stature? Will it take this great step toward world brotherhood and peace on earth?

Hubert H. Humphrey has spent his entire life working for justice for all men, world brotherhood, and peace among all nations.

He is the man to carry the ball for the great touchdown. Hubert H. Humphrey is one of the very greatest men in our nation's history. We must give him our support and elect him our President.

CANDIDATES OUTLINE VIEWS ON COUNTY OPERATIONS

Don Stark's Platform

1. There should be two members from each school district in Lincoln County on a county road planning board, so that plans for better school bus and ranch road maintenance may be made and carried out.

2. Federal participation in secondary road construction is available and it is my belief that in the best interest of all of Lincoln County this federal participation should be applied for.

3. Lincoln County has a county agent for the men in the county and I feel that there should be a home demonstration agent for the women.

4. Realistic commitments should be made by the county commissioners only when there are finances, equipment and manpower available, or can be made available on a certain date.

5. Promotion of Lincoln County is needed in the form of general advertising and booths at fairs. Money may be allocated from county funds for this purpose and if used wisely could promote Lincoln County quite well, in addition to the businesses who already are promoting the county.

6. Utmost diligence should be exerted by county commissioners to assure the enforcement of all tax collections to which the county is entitled.

7. Recreation facilities are needed in Lincoln County. At the present time the Fort Stanton caves should be pursued with the possibility of them being developed into a state tourist attraction. For better air travel to Lincoln County the land at Fort Stanton could be requested for use as an airport to accommodate large aircraft.

8. I understand there is a surplus in county road funds. This I feel should be used in upgrading the wage scale of county road personnel and more and better maintenance of our county road system. This to be done without asking for additional taxation.

9. Closer cooperation and liaison is needed between the Lincoln County commissioners and the Lincoln County planning commission.

10. To strengthen Lincoln County better cooperation is needed between the county commissioners, the county courthouse and various communities within the county.

Sam Montgomery's Platform

1. Elected county commissioners are the County Road Planning Board, are paid for the service and should be qualified to serve. I don't have the nerve to ask taxpayers to do my work for free.

2. Secondary roads are state roads. There are no federal funds available for county roads. There is not a truck bypass in Lincoln County, and there are three that are needed. In one location there is a 100-foot right-of-way easement for that purpose.

3. The county agent's office is funded by about 70 per cent federal funds, and the home demonstration agent is funded the same way. I am for it if the federal funds are available.

4. Realistic commitments cannot be made on any date and time because of weather and other conditions, such as repairs.

5. I am in favor of county funds under the New Mexico statutes to furnish the county agent funds for a booth at the State Fair and the County Fair.

6. Legally speaking, the county

commissioners have no authority over other elected county officials, including the tax assessor-collector, and their employees.

7. The state representative will have to introduce a bill in the legislature to get the State Parks Commission to take over the Fort Stanton Cave for a tourist attraction. I am in favor of a county airport if funds are available.

8. Surplus in county road funds is a joke. Where total funds represent less than \$80 per mile for the total of 1,500 miles of road in a county of 5,000 square miles of area, the money on hand has to pay the expenses for nine months known and unknown until July 1, 1969. I am in favor of a wage scale equal to all First U county and state road crews.

9. Commissioner's meetings are public and are open to anyone wanting to attend and offer suggestions.

10. I am not obligated to any group, and promise to do my dead level best to serve impartially all of Lincoln County to the best of my ability.

WHITE MOUNTAIN SCHOOL NEWS

Mrs. McCarty's first graders are still studying grammar and are learning to read. They have decorated their room with witches and pumpkins which they drew.

Mrs. Dunagan's second grade students are learning plus signs in arithmetic. Lots of these students were traveling last week: Robert Osborne was in Clovis, Larry Joe Windham went to Abilene, Susan Carrie Miller was in Albuquerque, Sara Edwards and Andrew Smith were at White Sands, Andrew Haddix and George Richardson made trips to California, Debra Ford visited Six Flags Over Texas and Terry Townsend was in Oklahoma City. Susan Carrie Miller and Nina Marshall went on the Brownie camp-out, Ross Speaks and several friends went roller skating, Margaret Archer went on a hike and Richard Lewellen went on a Jeep trip. Sharon Allison is back in school this week after a tonsillectomy and a stay in the hospital.

The third graders are starting a unit on geometry in arithmetic. They are studying the planets and making reports on them for science and have received their English workbooks and have caught up in them. Teena Findley made a paper flower and brought it to school. She plans to teach the other students to make them. Kerne Newton went to Lordsburg and T. or C. this past week-end, going to football games at each place.

Mrs. Spears' fourth grade students have prepared a play in social studies, entitled "Captain Cook". In science they are studying weather and learning what heat and cold does to air. They are learning to compound words in spelling and Beth Jones is now leading in the spelling races. Bobby Hamlin spent last week-end in Big Spring, Texas. Wayne Wallis in Lovington, Beth Jones in Lubbock and Norma Jean Sheehan in Dallas. Carl Dean Fallis went to Albuquerque and brought back a shetland pony and Scotty Ward went to Eagle Nest hunting. Roy Silva has moved from the valley to Ruidoso Downs. The students of this room are going to speak all other classes at White Mountain this week, using their paper mache masks.

Mr. Loudon is busy with the outside of White Mountain. He says in the near future, White Mountain will be a very distinctive looking school, a showplace, and the work is beginning to show.

Mrs. Morrison's fourth graders are evaporating water and bringing it back in science and writing reports on Japan in social studies. Mark brought Halloween decorations to school. Tammy Sue Miller visited White Sands last week-end. Linda Mobley went to Carlsbad and several of the students went to Lordsburg for the football game Saturday night.

The fifth grade students are studying factors in arithmetic and have finished an experiment, growing how membrane cells work. For this they used starch and perfume in a plastic bag and the plastic bag put in a jar with water and iodine. The iodine went through the plastic bag, while the water didn't. Mike McCarty was camping with the Boy Scouts last week-end. Wanda Thompson went to Carlsbad and Ricky went to Waco. Mr. McGuire helped the boys of the fifth grades and they had a kickball game last Wednesday afternoon.

Mr. Thompson's sixth grade students are studying space stations in science. They are working on an original play, written by Terry Meake. Mike Hall, Donny McCoy, Dean Rue, Bobby Sellers and Steven Wood were among the Boy Scouts having a four-day camp-out. Jackie Rankin attended a wedding in Mexico. Kent Battey went to Texas and Terry Haake had a tour of southeastern New Mexico, ending at Carlsbad where he made the tour of the caverns. Two students from this class were among the more than 160 Ruidoso boosters attending the Lordsburg-Ruidoso game Saturday night.

There was a young lady from Lippo who went for a swim with a hippo. They returned from the swim, with the lady within. And a bathing suit on the hippo.

(Left-Out Last Week)
quite a few parents have visited. Mrs. McCarty's first graders are determining equivalents thru 6 in arithmetic and some of the groups in this class are almost through their first reader. Cindy Taylor has a new baby brother.

Mrs. Dunagan's second grade students are having fun with the new playground balls. They have made Halloween pictures with paste, construction paper, Kleenex, sticks, leaves and grasses. They are also learning to read maps and using globes. They also have a Spanish calendar and some new arithmetic games. Sharon Allison is in the hospital, she had her tonsillectomy. Jackie Haddix' grandmother is visiting from Lordsburg, Tex. Greg Jones was in the Junior Class Talent show; he played a guitar and the class reported they have Cappy puppies, lots of them, in their aquaria.

The third graders are learning basic facts of addition and subtraction.

MRS. PIPPIN-

tion in arithmetic and are studying subjects, predicates, nouns and determiners in English. In science they are studying the solar system and in social studies they are studying coal mines in Pennsylvania. They have finished working on capital letters in writing and have begun a study of lower case letters. They wrote letters to their parents inviting them to visit and quite a few parents have visited.

Mrs. Spears' fourth grade students have finished their paper mache masks for Halloween. They reported a baseball spelling score of 10 to 9 in favor of the girls, for last week. This week the score was girls 44 and boys 20. They are starting a new spelling game, race cars. Each student must make 100 in order to get his car on the track, then each 100 moves him forward one space. David Scribner and Wayne Wallis are leading. They have new library books coming in and have received quite a few educational games to help with science, geography, English, history, arithmetic and spelling.

Mrs. Morrison's fourth graders are studying Japan in social studies and in science they are studying the travels of a drop of water.

Mrs. Mosley's fifth grade students are making a weather forecaster. They are using a mixture of water and cobalt chloride. Joe Lynn Yates has been visiting in Odessa and Olton, Texas. Cathy Wilson has been to Carlsbad and Alamogordo. Mike Tulk went to Lordsburg in Deming and rode a calf. He came back with all the prizes. (He said there was only one national.) The students are making reports on early United States history.

Mr. Thompson's sixth graders report Julie Leatherman and Candy Griego have transferred from their class and moved. They have elected reporters to visit each room in their building each week and collect news for the sixth grade newspaper.

All students report they are happy about the two day holiday this week while the teachers attend a teachers' conference in Albuquerque.

Pontiac Reveals 1969 Firebird, LeMans

Both the 1969 Pontiac Firebird and the LeMans models combine sports car design and big car luxury. The Firebird, represented above by the hardtop coupe, is also available in a convertible model. A choice of five engines and now a three-speed Turbo Hydra-matic transmission option make the Firebird one of America's most popular sports cars. The LeMans convertible, along with the two-door sports coupe, two-door hardtop coupe, four-door hardtop and station wagon feature new interior fabrics and colors, draft free ventilation and additional padding for safety and comfort.

LETTERS TO THE EDITOR

Capitan, New Mexico
October 20, 1968

Mr. Vic Lamb, Editor,
Ruidoso News
Ruidoso, New Mexico

Dear Vic:

These United States of ours, is going to have to unite against the cancer within her borders that is eating away our precious freedom by destroying the respect and heritage, through riots, killings and lawlessness by the young and old alike, or else we will see our freedom and our lives go down in the quagmire of distrust and degradation, and arrive at the so-called socialist state of drone. At these troubled times when the skum of our country "Are Receiving Volumes Upon Volumes of Publicity." We thought it very appropriate to

parallel all the wrong doings with the multitude of accomplishments on behalf of our forefathers, whose lives were expanded to devotion to God, to our Country, to Honor and a heritage to bequeath to their children.

America will be great and remain great just as long as we voters want to keep it that way. Poverty programs, demonstrations, welfare programs and in general just plain giving away the country's resources by the high government officials, and the government programing will definitely not keep our America great. Giving foreign aid to countries who in turn let the skum of their country burn the American flag, the New Deal, and the great society and all the rest of the cheats that the socialist politicians have been used in the past number of years is not the great America that our fighting men have gone to war and have been injured, maimed, crippled,

or killed to perpetuate. These gallant men fighting these so called undeclared wars and worlds' conflict to preserve the freedom that we Americans cherish so much have done so because it was their duty to answer the call to their great country's service.

When will America "and that is the people," see through that veil of green backs and the socialistic stupor it brings over our populace to the truth of the matter that nothing? Also, that no one has ever appreciated anything given him half as much as those things which he works for and acquires through his own effort.

Since these demonstrations and marches entices riots why do not our law makers, many of them running for re-election in this election, set up there in Washington on their foot stool of do nothing and allow these to go on? To my knowledge there is a very strict law up

on the books about enticing riots here in our United States. The greatest danger that the American people has is within our own country's borders. The Communists are getting a stronger hold on our great America every day. Let us wake up and be real Americans. A good time to clean house is now in this election. So long Vic.

All-Seasons Talks Ski Package Plan

In a meeting Monday afternoon at the Wild Snail, members of Ruidoso All-Seasons, Inc. reviewed the 1968-69 winter sports season's ski package recently developed with the aid of Trans-Texas Airlines, the big Southwestern airline that covers a wide area around Ruidoso and which has its nearest terminal stop at Roswell.

The organization also voted to set up an answering service for inquiries for the ski package with a telephone to be installed at Cree Manor Motel-Apts. and with Mr. and Mrs. Bill Patterson to handle calls for reservations for members of All-Seasons. Whether the phone number will remain the same as last year—505-257-4086—was yet to be determined, Patterson said Tuesday.

Community College Benefit Outlined To Rotarians

At the Rotary meeting held at Wattle's Tuesday this week the program was given by Dr. Jack W. Means, president of Corcoran College, Los Angeles, Calif. Dr. Means was a guest of A. E. Hunt and spoke on the subject of community colleges. Dr. Means had previously discussed with Paul Wrye the proposed college for Ruidoso. He pointed out the great benefits which accrue to any community from such an installation. He praised the people of Ruidoso for their interest in the community and its development.

Guests in addition to Dr. Means, who is from Beltsville, Calif., was Wayne Phelps from Alamogordo and Arlie Lowmire of Brownfield, Texas.

Abortion Bill Like Colorado's Gets Council OK

The president of the New Mexico Council of Churches called for a "creative" response to contemporary problems Sunday at the first session here of the NMCC's 11th Annual Assembly at the Chaparral. The Rev. Lee G. Robert of the Mesilla Valley Christian Church of Las Cruces, told some 200 delegates "An increasingly significant record is being written by these dimensions of the church who are willing to face the tensions of the hour creatively."

Rev. Robert's remarks were made in an opening address and sermon Sunday evening. Representatives of churches from throughout the state registered for the conference which ran through Tuesday.

Two new denominations — the Greek Orthodox Church of New Mexico and the Christian Methodist Episcopal Churches of New Mexico — were received into the council as full members in the Sunday session.

Delegates concentrated on "The Church's Educational Task" in Monday's Session. Reports, group discussions, and a dramatic presentation by young students were also held.

Election of officers and department heads was held Tuesday. Named by the 80 delegates registered for the three-day event are a president, vice-president, secretary and treasurer. Delegates also cast their votes for persons to head five departments of the council—Christian education, press, radio and television, institutional ministry and pastoral care, Christian social action and finance.

Meeting in conjunction with the assembly were representatives of the Home Education Livelihood Program and the United Adoption Agency.

Named president Monday at the livelihood program was the Rev. Adrian Bustamante, a professor at the College of Santa Fe. Elected vice-president was the Rev. Lee G. Robert, pastor of the Mesilla Valley Christian Church at Las Cruces.

The Rev. Ralph Q. Adams, director of the Christian Center at Roswell, was named secretary of the program.

Carl Obenoff, director of the Albuquerque Community Council, spoke for an adoption agency banquet Monday.

Fabian Chavez, Democratic party candidate for governor of New Mexico, addressed a meeting of delegates Monday.

Rev. Fr. Albert A. Schneider, superintendent of schools for the Archdiocese of Santa Fe was elected the new president of the Council. He is the first non-protestant president of a state Council of Churches throughout the nation.

Also elected were: The Rev. Dale Kimdon, Albuquerque, vice-president; Canon Don Campbell, Albuquerque, secretary; the Rev. Frank Crown, Ruidoso, chairman of special ministries; the Rev. John Price, Albuquerque, chairman of institutional ministries and pastoral

Village Council At Ruidoso Downs Passes Several Laws

In regular meeting Monday evening Ruidoso Downs village council passed these resolutions and ordinances:

- Subdivision regulations.
- Housing Code.
- Natural Gas Code.
- Electrical Code.
- Uniform Building Code.
- Plumbing Code.
- Fire Prevention Code.

Resolution 22 concerning land improvements and construction standards.

Most of the regulations passed are to pave the way for further study and action on securing a low rent housing development project for the community.

Persent for the meeting was Robert Scribner, board member of the Upper Rondo Soil & Water Conservation district who urged the village council to act on joining with other communities in the South Central Mountain Resources Area development and planning project which encompasses a wide area of New Mexico and West Texas.

Tuesday this week members of the village council made depositions before an attorney who represents owners of a bar in Ruidoso Downs and which the council voted against allowing a transfer of location of a liquor license. A hearing on the negative vote is to be held in district court later.

J. F. Landers Dies At Denison

J. F. Landers, 84, Denison, Texas resident who visited Ruidoso for many summers, died Oct. 1. A car he was driving crashed into a tree at an intersection in Denison. Witnesses said he had slumped over the steering wheel prior to the car running into the tree. A passenger with him was not injured.

The deceased was a retired merchant. Landers was born in Arkansas. Survivors include his widow, a son, four daughters, two brothers and four sisters.

COUNCIL MEET IS POSTPONED

With some of the members of the village of Ruidoso's official family unavailable, the regular city council meeting will not be held Thursday evening this week. There will be a quorum lacking, Jim Hine, village clerk-manager, reported.

Plan to retire in Ruidoso!

care; Dr. Berwin Caswell, Albuquerque, chairman of the department of finance, and the Rev. Richard Bright, Albuquerque, chairman of the department of Christian education.

Resolutions adopted by the Council during the concluding session included the supporting of an abortion bill similar to the Colorado abortion act.

Warriors Take 4th 3-B Win

By H. B. FLANAGAN
(Ruidoso News Sports Writer)

Ruidoso's fighting Warriors continued their quest for the district crown as they swept past the Lordsburg Mavericks 41-12 for their fourth District 3-B win and victory number eight for the season at Lordsburg Saturday night.

After taking the opening kick-off, the Warriors couldn't get their offense in gear and after fullback Al Pearson picked up a first down, Ruidoso had to punt out. On second down Lynn Perry picked up a loose football for Ruidoso on the Mavericks' 25-yard line. Rick Scott carried to the Lordsburg 21 then Pearson hit for 2-yards. On a beautiful fake, Scott circled around end for the first score of the evening from 18-yards out with Pearson and Horton laying the last two blocks to clear him standing up for the TD. Raymond Taylor's kick for the extra point was true as Ruidoso took a quick 7-0 lead.

Late in the second quarter on a fourth down situation for Lordsburg Pearson broke through to block a punting try on the Mavericks' 34-yard line and Jack Valliant picked up the ball. With Pearson, Scott and Nelson hammering out yardage, Ruidoso worked the ball down to the Lordsburg 3-yard line when a fumble occurred and Lordsburg recovered on their own 1-yard line to stop what appeared to be a TD for the Warriors.

Ruidoso's second TD of the night came in the second quarter on a pass play from All-State candidate Rick Scott to end Barry Bizzell that

Almost every lodge in the state establishes pick-up locations where hunters might conveniently leave their animal hides. In Albuquerque, some 18 pick-up stations are established and a similar procedure is followed in all other cities in the state.

Hunters in doubt as to whether to leave their hides can phone the Elks Lodge in their area for the location of the pick-up stations. The Elks association pays any expenses involved in the handling of the hides.

covered 30 yards pass and run. The touchdown drive was made possible by a strong defense set up by the Warriors after they kept Lordsburg from picking up a first down from their 1-yard line after the recovered fumble.

Horton made the score 20-0 as he picked off a Maverick pass in the second quarter and raced down the sideline 41-yards behind some hard blocks thrown by Ruidoso players, with Pearson and Steve Day throwing two key blocks. Taylor split the uprights again as Ruidoso opened their lead to 20-0.

Lordsburg got into the scoring column, something that has been hard to do for Ruidoso's opponents, just before the half. The big play was a 38-yard pass and run play that set the ball on the Ruidoso 17-yard line. After picking up a first down on the Warriors' 5-yard line it took Lordsburg four big downs to push across for the TD against a stout defense set up by Ruidoso.

Ruidoso broke the ball game wide open in the third quarter as they banged in for three touchdowns and three extra points. Nelson hitting in from 21-yards out for his first TD of the night. Scott again scored on an end run after completely fooling the defense with his ball handling from the Lordsburg 26-yard line. This TD drive was set up with a recovered fumble by Lynn Perry on the Mavericks' 40-yard line.

Nelson scored his second touchdown with a nifty 32-yard run through Lordsburg defenders. Lordsburg drove down to the Ruidoso 9-yard line with a first and goal early in the fourth quarter only to see their drive halted by another fumble recovery by the Warriors. Lordsburg got the ball right back by picking up a Ruidoso fumble on the Warriors' 29-yard line. In two plays Lordsburg croaked the double stripe for their second touchdown of the night. This was one point below the 13 that Ruidoso had been scored on in seven games this season.

All-State Candidates Ruidoso has three outstanding players that will give plenty of consideration for All-State honors this season. In fact Ruidoso's fans think there is no question about it. Quarterback Rick Scott is an cool and tricky as any back in the district and possibly the state for Class B ball. In Jack Valliant Ruidoso has one of the better linebackers anywhere around with his hard-nosed, head-up football. With Alfred Pearson, hard running full-back and terrific defensive player, he could land on either the offensive or defensive list.

WARRIORS PLAY JESUIT IN EL PASO

PAGE ONE SECTION 2
Ruidoso News
FRIDAY, NOVEMBER 1, 1968

Ruidoso's high school Warrior gridiron team will lay an eight win, no loss record on the line in El Paso Thursday night this week when the Tribe plays Jesuit—a strong Texas eleven at Burgess field. Kick-off time is 7:30 p.m.

To date the Ruidoso team has rolled up 305 points to opponents' 25 for an amazing record for 1968—both in offense and defense.

Coach Ken Newton said the game this week would be another hard one to win in an already tough schedule this season, that Jesuit might be a sleeper team that could trip the Warriors. He said last week's match at Lordsburg was one of the roughest for players they have had in several seasons. The legals came home badly bruised and battered, but should be in shape for the trip to El Paso.

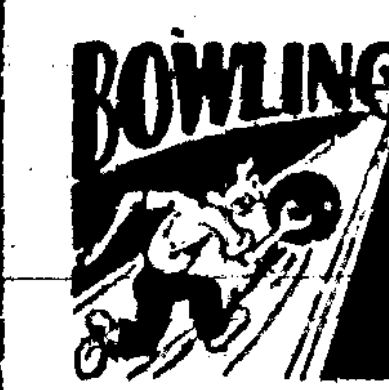

He said it was too early to speculate on the Warriors' future, but

it might be, if Ruidoso gets past undefeated Hot Springs of Truth or Consequences, the Warriors would then go into regional play, taking on Kirtland Central or Bloomfield in the northwestern district 1-B, date and place to be determined on Monday following the match with the Tigers from T. or C.

Regarding this week's opponent, Newton said Ruidoso and Jesuit have each played Camtillo, with Ruidoso winning 27-6 while Jesuit lost 13-0. In a game with T. or C. Hot Springs, Jesuit lost 18-6—indicating tough defense and an offense that can't be minimized.

Last year Ruidoso defeated Jesuit here, 31-20.

**SEASON RECORD
FOR CLOUDCROFT, 4-4**
Cloudcroft's Bears, contenders
for the state class C football title
this season, won their first game
Friday night, taking Tucson
to task with a whitewashing, 51-0 score. James Haynes made three
of the eight touchdowns.

**Mountainair Hits
Captain, 37-19**
Ralph Allison of Mountainair
scored four of Mountainair's six
touchdowns Friday night at Moun-
tainair to hand Captain's Tigers
their fifth defeat of the season,
leaving the Lincoln County crew
with a 2-5 record to date.
Others scoring for Mountainair
were Joe Lisk on a pass and Keith
Shaw also with an aerial assist.
All of Allison's touchdowns were
runs, one of them for 87 yards.
Captain scored three times with
Robert Brown taking a pass from
Ervin Aldaz for 65 yards. Brown
scored again on a pass from Al-
daz, good for 20 yards and then he
carried the ball over from 10 yards
out for Captain's final tally in the
last quarter.
This week-end Captain will play
the powerful district leader, Cloud-
croft at Captain.

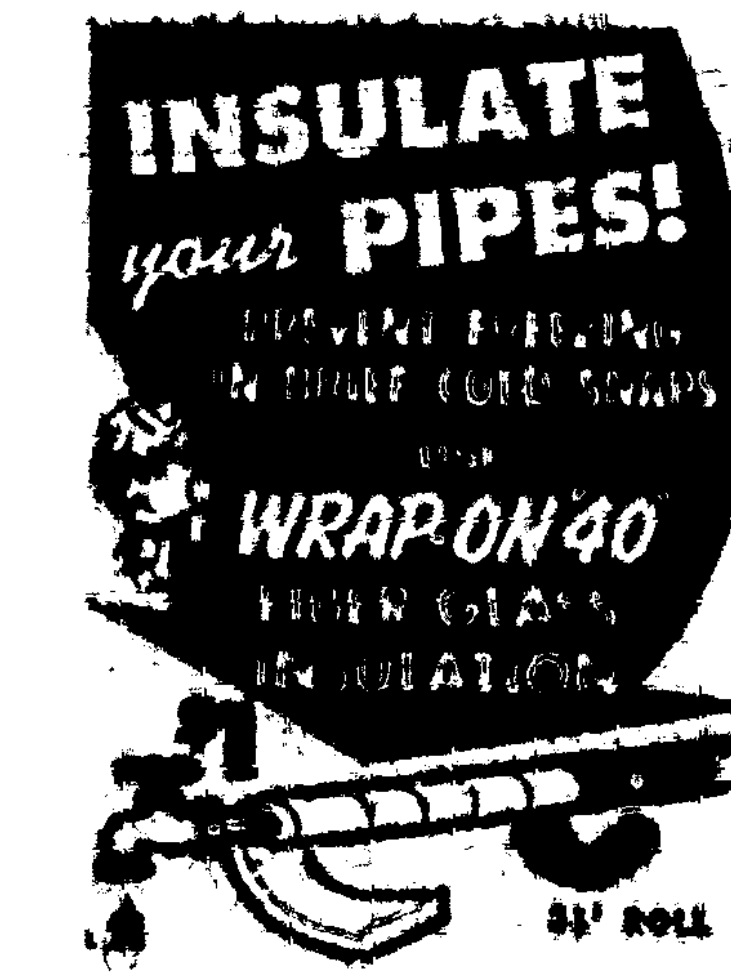

**Hot Springs Blanks
Carrizozo, 30-0**
In a district 3-B match at Truth
or Consequences, the Hot Springs
Tigers of T. or C. blanked Carrizozo
23-0. Hot Springs scored in the
first and third quarters, then went
over two more times and added a
field goal in the final frame.
Touchdowns were made by Jim
Campbell on receiving a pass from
Howard Keithley for a 24-yard effort,
by Rothwell on another pass
from Keithley for 3 yards and by
Campbell again on a 58-yard pass
play with Keithley tossing. Jim
Randall kicked a field goal and
two extra points. Carrizozo plays
Hatch at Hatch this Friday.

The winesap is a tangy apple that
keeps well and is good for eating,
salads and cooking. The Rome is
the queen of cooking apples and
is an excellent keeping apple.

Get your winter supply of apples
now, from the Hondo, Ruidoso and
Bonito Valley. They are reasonably
priced.

Keep apples cold and crisp for
maximum flavor. Apples ripen at
room temperature ten times faster
than in a refrigerator.

Try Taffy Apples today:
Taffy Apples

6 apples, washed.
1 cup granulated sugar.
1/2 cup white corn syrup.
1 can sweetened condensed milk.
1 tsp. vanilla extract.
6 wooden skewers.

Insert skewer or wooden stick
into stem end of apple. Combine
rest of ingredients in medium
heavy saucepan. Cook slowly, stir-
ring constantly, to 230 degrees on
candy thermometer, or until a little
of the mixture forms a very stiff
ball in cold water. Working quick-
ly, away from drafts, dip each
apple into taffy, twirling until well
coated. Place coated apples,

skewer end up on buttered platter
and let stand until firm.
Most suitable varieties, Red De-
licious, Golden Delicious, Jon-
athans and Winesaps.

Progress Report on 2nd Anniversary Told by County Development Board

By RALPH DUNLAP

We are rapidly approaching the second anniversary of the Lincoln County Development Association. The first meeting was held in January 1967. One of the first objectives of the association was mentioned by Jack Higgins when he said that industry and agriculture could bring more money into the area.

After considerable discussion Ed Hyman's suggestion of Lincoln County Development Association was chosen as the name of the organization.

The Lincoln County Development Association assisted with the Art Symposium in April 1967 in Ruidoso.

C. A. vonBroske mentioned the formation of All Seasons, Inc. and the need for airport facilities for large airplanes. The Fort Stanton airstrip was mentioned as a possibility. The airstrip has been discussed as a needed facility in the area. Representatives have met with the Lincoln county commissioners asking their support.

Ed Hyman talked to the group about an eight page tabloid on Lincoln county. It would cost about 5 cents apiece and be put in the newspapers in the area. The group decided to publish the tabloid.

Throughout many of the meetings the need for a county prospectus or overall plan was discussed.

After considerable time, an overall economic development plan was prepared for Lincoln county. It is a brief resume of the county and needs to be revised annually. Recreation is the attraction that was considered needing the most emphasis. The recreation of the county has many potential development items. Some of the development potential are Indian photography, Fort Stanton Caves, White Oaks, hiking, camping and picnicking areas, fishing and hunting.

The Fort Stanton caves were first visited by L. C. D. A. in March 1966. Since that time an other four visits have been made. These visits have been made in relation to the caves. These visits have been the biggest single potential for additional tourist attraction. Continued efforts will help make the attraction available for development.

The L. C. D. A. has for the last two years sponsored a county booth at the New Mexico State Fair. The booth has advertised some of the recreation, agricultural and industrial potentials in the area.

The Lincoln County Development Association became incorporated in 1967.

The college in the Ruidoso area has been heavily studied since its start. Many people active in the L. C. D. A. have assisted with this project.

The Cathedral of the Pines was considered favorable by the group and they endorsed the project with

no monetary obligation.

Roads in Lincoln county have been and still are a deterrent to development in the area. The Lincoln County Development Association sponsored a meeting on roads for the county and agreed to the recommendation that the county commissioners set up a County Road Planning committee to coordinate road improvements in Lincoln county.

A committee from the Lincoln County Development Association reviewed the Rio Ruidoso Cooperative loan application. They certified to its need and recommended that they consider putting up a new building as the one considered was poorly arranged.

The Board of Directors recommended that membership in the L. C. D. A. be set at \$5.00 for individual (husband and wife), \$10.00 for business and \$50.00 for municipality.

Projects That Need Additional Work:

1. Lincoln County tabloid.
2. Fort Stanton Caves.
3. Annual revision of county plans.
4. Financing arrangements.
5. Ruidoso community college.
6. Road improvement in Lincoln County.
7. Fort Stanton airstrip.

Nob Hill School

(Continued from Page 2—Sec. A)

Mrs. Thompson's pre-first students did free-hand drawing of witches using triangles for beginnings. These have been put on the bulletin board in the hall.

Mrs. Jones' first graders have read several stories and are starting to read phrases for fluency, in reading. In phonics, they have learned all the short vowels and 9 consonants, and in arithmetic they are working hard on less, greater and equal and are beginning on concepts of 7, learning number words, each number to present.

In science, they used a magnifying glass and watched ants working. Lawrence Sanchez has moved to Oklahoma. Dean Perry went to a picnic in Tulare, Dalyn Preuit saw a baby duck while picnicking at Aito Lake and Dino McCall picked walnuts. Michelle LaPine went to Bonito Lake and Parsons Hotel seeing the country around here. G. O. Griffith went to Santa Fe. Ralph Norker went to Tulare. Annette Olaszcock went to Alamogordo and Susan Travis went to Lubbock. Linda Scott picnicked in the woods and Mrs. Jones went to the teachers convention in Albuquerque.

Mrs. Godley's first grade students report that everyone had a good time during their vacation. Margie Spear lost a tooth as did Dixie Pinkston. Charles Wieland has a new bicycle. Rodney Olaszcock visited relatives in Alamogordo.

The Lincoln County Development Association became incorporated in 1967.

The college in the Ruidoso area has been heavily studied since its start. Many people active in the L. C. D. A. have assisted with this project.

The Cathedral of the Pines was considered favorable by the group and they endorsed the project with

gordo and Kelly Willis went to Hagerman to see his grandmother. Mrs. Cheney's second graders are studying fuels at work and where they come from, in science. In arithmetic they are studying problem solving, learning when to add and when to subtract by reading a problem. They have started supplemental reading for the faster students. Johnny Heady is back in school. He has missed the first of school due to a rattlesnake bite he suffered late in the summer. They have just finished reading "Old Yeller" in literature period and are now on "Walter the Lazy Mouse". Benny Barcus has been visiting in Oklahoma.

Mrs. Cole's second grade students have made pumpkin men to decorate their room. Nancy Russell vacationed in Roswell last week-end and several students attended the football game at Lordsburg.

Mrs. Samelson's fourth graders went all different directions last week. Cathy Betts went to Portales, Donna Burke and Paul Weaver were in Artesia, Eddie Holland went to Clovis, Joe Sanchez to Alamogordo and Ricky Spears and Danny Sanchez were in Roswell.

Mrs. Cunningham's fifth grade students report Marvella Mayo went to Clovis, where she was involved in an automobile accident, but wasn't seriously injured. Gretchen Annala's horse came in second at Sunland and Joe Whitfield went to Lubbock.

Mrs. Dunagan's sixth graders are studying Europe in social studies

and atoms, molecules and germs in science. They are studying parts of speech in English and are studying rational numbers in math.

Mrs. Thompson's pre-first graders are drawing pictures and decorating their room for Halloween. They are missing Mrs. Thompson, who is in California. While she is gone, Mrs. Adams is teaching this class.

Mrs. Godley's first grade students are learning a new letter sound, "P", and are studying letter blends. They are studying ways of moving faster in science and greater than and lesser than in arithmetic. They are beginning to read from their reading books.

Mrs. Schaffer and have a new student,

Stacy Baum, who comes from California. Mickey Padilla and Donna Lewis are both in new homes, they report.

Mrs. Jones' first graders have made Jack-O-Lanterns and decorated their room for Halloween. In arithmetic they are studying 5 and 6 and are learning how things move faster, in science. They are studying Arbor Day in social studies and studying letter blends in reading. They are also reading new words and new stories. Lawrence Sanchez has moved. Todd reported he had a picnic in the mountains and Linda saw a bear when she was hunting with her dad. Michelle LaPine's grandmother is visiting and Scott Annala visited in Albuquerque this past week-end.

Mrs. Cole's second graders are in a new reading book. They have made Halloween pictures and pumpkin men. Rathle Gibson brought a Jack-O-Lantern to class. They have a new member in this class, Nancy Rusler, from Garden Grove, Calif. Mrs. Rusler, Nancy's mother, brought pet snakes to school and showed them to the students.

Mrs. Moore's third grade students elected best citizens for the

first six weeks. They are Julie Gooch and Eric Annala. They have made report card covers and have started the first basic third grade reader. They have finished the unit on geometry and are now taking up a study of operations and properties of numbers. In social studies, they are starting a study of Texas, its cities, ranches and crops. Karen Marshall is on the "A" honor roll for the first six weeks.

Mrs. Dunagan's sixth graders are looking forward to Halloween. Their room has been decorated with ghosts, skeletons, witches and pumpkins.

Mrs. Cheney's second grade students are studying fuels at work in science. They are learning the different kinds of fuel and where they get their energy. They are making Halloween masks, Jack-O-Lanterns and witches. They are studying the relation between multiplication and division in arithmetic.

Mrs. Moore's third grade students elected best citizens for the

FOOTBALL CONTEST

SPONSORED BY RUIDOSO MERCHANTS
GET YOUR ENTRY IN BEFORE NEXT THURSDAY

\$42.50 Offered Every Week in PRIZES!

YOU MAY BE A BIG WINNER!

- ☆ EXCITING FUN!
- ☆ ANYONE CAN ENTER!
- ☆ NOTHING TO BUY!

All You Do Is PICK THE WINNERS . . .

One Game Will Be Found In Each Sponsor's

Ad . . . Just Circle Your Choice and

Guess Score on "Tie-Breaker" Game!

Instructions:

1. Contest will run for ten consecutive weeks. Each week is a separate contest, with \$42.50 in prizes offered each and every week.

2. There are TWENTY games to pick each week. One game will be found in each participating merchant's ad appearing on this page. On nine other games all you do is circle the winner. On the one game designated as the "tie-breaker", guess the score of the game.

3. Anyone can enter (over age 13). Only one entry per person. More than one entry will disqualify all your entries.

4. Entries must be turned in to designated places not later than 5:00 p.m. the following Thursday before the games. Entries may be mailed to the Ruidoso News, but must be postmarked before 5:00 a.m. Monday.

5. Be sure entry is correctly filled out, and signed with your name and address. Incorrect entries will be disqualified. In all instances, decision of the judges will be final.

6. In case of a tie, contestant guessing closest to the correct score on the "tie-breaker" game will be the winner. In case of identical scores, prize money will be divided.

7. Employees of the News and their families are not eligible to enter. Owners and employees of participating merchants may enter.

Watch This Space Each Week for instructions on where to turn in your completed entry . . . "turn-in" spots will change each week!
