# The Ruidoso News

NUMBER 32 IN OUR 24th YEAR RUIDOSO, LINCOLN COUNTY, NEW MEXICO ZIP CODE: 88348 FRIDAY, JANUARY 24, 1969

## OFF THE BEAT With Barney

As a few of the town's body and fender men may have noticed, there is now a big dent in our official press car's right front fender.

It's all because of books. Books cause nothing but trouble. Back last fall when we decided to move to Ruidoso, we were advised to ship our library via parcel post.

Each day for several weeks boxes of books arrived at the Ruidoso post office and were laboriously carried to the News office by a grumbling Vic Lamb.

The boxes were stacked in one corner of the office supply department where they were in the way of Elsie Williams and tripped over by Anita Sims. After our arrival, both ladies hinted rather broadly they would appreciate the boxes being removed.

The editor decided we should build a book case and bought some concrete blocks and boards.

The blocks measured eight inches square but very few books are smaller than eight inches tall. On the other hand, very few books are 16 inches tall.

After studying the matter for several weeks, we decided it would be great to have some of the blocks sawed in two which would give us book shelves 12 inches high.

We tried Larry Holly at New Mexico Glass and were advised to go to Harlan McCraw who has a special saw which slices right through concrete blocks.

McCraw is building a motel near Alto and was hard at work when we found him. He said his saw was in his shop at home but he would take the blocks to his place and leave them for us.

McCraw was as good as his word. We drove into his yard and found the blocks neatly sawed and waiting. As we backed out we were thinking how a fine craftsman like Mr. McCraw should have a huge advertisement on our Business and Building page.

Our reverie was interrupted by a cringing sound as our fender struck McCraw's fence post. We reset the post as best as we could and drove off thinking we not only wouldn't be able to sell McCraw an ad but he probably wouldn't cut any more blocks for us either.

Like we said, books cause nothing but trouble.

Elsewhere in this issue you will find a beach scene from our old (Continued on Page 5—Sec. A)

## WEATHER

Friday and Saturday: Colder, with increased cloudiness and possible snow flurries. Arctic cold front headed this way.

HONORED—Jaycee President James Fitzgerald, center, congratulates R. H. Hedgecock, left, and Don Driver after they were named Ruidoso's outstanding men in 1968.

BANNER—Judge Austin Pritchett and Jaycee Vice-President Jim Clements admire a banner bearing the Jaycee creed. Pritchett was presented the banner by the organization as a special award.

## "Outstanding Men" Named by Jaycees

Don Driver and R. H. Hedgecock were named Ruidoso's outstanding men of 1968 by the Ruidoso Jaycees at an award dinner Tuesday night at the Whispering Pine.

Driver, an office supply salesman, was honored for his efforts in establishing the Little League program last summer and his civic contributions as vice-president of the Chamber of Commerce.

Hedgecock, veteran juvenile officer, was singled out for his long service to the youth of the Ruidoso area. His other accomplishments include the setting up of a search and rescue unit.

## License Transfer Decision Delayed

District Judge Caswell S. Neal of Carlsbad gave opposing attorneys 20 days to file final arguments in the controversial liquor license transfer case.

Henry Hyman, who owns a package liquor store across the street from the Village Hall, wants to transfer his license to a larger location at the entrance of the Ruidoso Downs Race Track.

Notified of the transfer request by the State Liquor Control Board, the Ruidoso Downs Village Council voted to oppose the transfer.

Hyman is appealing the transfer refusal in District Court. He says it was "arbitrary and capricious."

The state law regarding liquor license transfers gives town councils and county commissions the power to approve or disapprove liquor license transfers within a certain time. There is a further provision that the decision may be appealed to the District Court.

However, the statute does not say on what grounds the matter may be appealed, leaving things somewhat up in the air.

Fred Stanley, attorney for Hyman, raised the question of whether or not the Council had good reason to turn down the request, in a court hearing last week in the Village Hall.

Richard Parsons, Ruidoso Downs village attorney, attempted to show that the Council rejected the transfer because of traffic hazards and policing problems at the proposed site.

Parsons also attempted to show a partnership arrangement between Hyman and Ed Pettigrew, owner of the building where the new lounge is proposed.

Trustees Hugh Sules and Clovis Perry and Mayor J. J. DiPaolo, the three councilmen who voted against the transfer, gave as their reasons the reputation of Pettigrew and traffic hazards and policing problems.

They testified they had asked Village Marshall Joel Webb to check Pettigrew's record, and that his report was before them on Aug. 19 when they denied the transfer.

They said the report showed Pettigrew had been convicted of larceny, burglary and driving while intoxicated. Stanley, however, offered evidence that he had been pardoned for these offenses.

The issue in the case appeared to be whether the council acted on the basis of something other than

## Four Top Warriors Honored At Annual Football Banquet

WINNERS ALL—This quartet of Warrior football stars were honored Monday night. Alfred Pearson, left, back row, and Rick Scott, front, and Jack Valliant were the top linemen.

Four Ruidoso gridiron stars were honored as the outstanding backs and linemen on the 1968 Warrior squad at the annual football banquet Monday night at the Chaparral.

Jack Valliant and Dale Perry were named the top linemen and Rick Scott and Alfred Pearson were chosen as the top backs.

Coach Ken Newton told the crowd of over 200 it was unlikely Ruidoso High would produce another team like the 1968 varsity in another 20 years. The Warriors won nine games before losing the final game of the season to Hot Springs in the final quarter.

They were the quarter team I've seen in my life, Newton said. He also named the work of line coach Truman and coach Curtis Kelley as the reason they had helped build the 1968 powerhouse.

Newton said the team averaged 400 yards a game and 4800 yards in a season, you have a ball club to be proud of," he coach said.

Newton said letters were awarded to players who had participated in over half of the total quarter played during the season.

A letter is not something we give away here at Ruidoso high school, he coach said.

Backfield men awarded letters were Rick Scott, Alfred Pearson, Danie Klum, Mitch Locke, Barry Pearson and Pat Farrar.

Linemen receiving awards were Gary Horton, Neale Williams, Barry Barnett, Gary Virden, Lynn Perry, Steve Day, Raymond Taylor, Tom Parker, Rick Coy, Jack Valliant, Dale Perry, Ed Guthrie, Tommy Spauls, Kenny Fisher and David Fite.

Special awards were also given other team members, the manager and booster clubs.

## Skiers To Bear Lighted Torches Down Mountain

A torchlight descent of Sierra Blanca will be the highlight of the weekend program at the Sierra Blanca Ski Area, 16 miles northwest of Ruidoso.

Between 30 and 50 expert skiers from the Ski School and the Ski Patrol will make the descent from the top of the Capitan Lift with lighted torches at 8:30 p.m.

There will be a dance at the Ski Lodge from 7 to 11 p.m.

Roy Parker, Ski Area manager, said 2000 skiers visited the slopes last Saturday, making it the second biggest day in the Ski Area's history. The only day with a bigger attendance was the Saturday after Christmas in 1963, when 2300 skiers used the lifts.

Another peak attendance weekend in sight if there is no storm, Parker said, but added, "It looks threatening."

Skiing conditions on the mountain are reported excellent, with 30 inches of base snow, and 10 inches of new snow in the past week.

## Fire Damages Stock At Hollywood Inn

Damages have not been determined from a fire which broke out early Sunday night at the Hollywood Inn. The fire started in a refrigerator unit near the bar and burned part of the bar, some stools and was going into the ceiling when it was discovered. Dub Phillips, owner of the Inn says the greatest loss was probably to liquor stocks, which were damaged by smoke and heat. Ruidoso Downs and Ruidoso fire departments were called to fight the blaze.

## Texas Tech Band To Give Concert

by Sandy The Sidewinder

They're coming! They're coming right here to our town and you won't want to miss it. Yes, they'll be right here in the Ruidoso High School Gym, Tuesday, Jan. 20 at 8:00 p.m. Who is it? The Texas Tech Stage Band that's who!

The Texas Tech Stage Band will be giving a concert the night of Jan. 20 that will be sponsored by the Band Boosters Club. They will present a varied program of concert music and will feature the individual style and phrasing which brought them national attention when they participated in the Intercollegiate Jazz Festival in Salt Lake City, Utah in 1967 and 1968.

The group's repertoire includes arrangements by such professionals as Lennie Niehaus, George We 4, Stan Kenton, Bob Curlew, Johnny Richards, Count Basie, Dave Grusin and many others.

The band is made up of five trumpets, four trombones, five saxes, piano, vibes, bass and drums, a combination sometimes augmented by additional woodwind, brass and percussion instruments.

JOEL T. LEACH

to replace the late assessor, the new assessor, Joel T. Leach, who joined the county faculty in 1963.

Because of the time change I'm sure that some of you won't be able to attend the public hearing of the new assessor, Joel T. Leach, on Tuesday, Jan. 20 at 8 p.m. in the Courtroom at the Courthouse.

(Continued on Page 5—Sec. A)

## Low-Income Farm Program Starts

The Lincoln and Otero County Agricultural Stabilization and Conservation Committees have announced a new provision for low income farmers and ranchers under the Agricultural Conservation Program.

Starting January 1 farmers and ranchers who qualify as low income producers can qualify for an 80 per cent federal payment for participation in conservation practices, instead of the normal cost-share rate of 50 per cent.

The producer must be largely dependent upon his income from farming or ranching and his total prospective income for the year must be so low he could not reasonably be expected to pay half of the cost of the conservation work.

Allen K. Trammell, county office manager, said the county committee will consider such factors as estimated gross family farm income, size and type of operation, estimated gross family farm income, estimated net worth, number of dependants and unusual expenses.

Farmers who feel they are eligible should come to the County ASCS office to discuss the program in detail and fill out the necessary application for consideration by the county committee, Trammell said.

## Payton Elected To NMPA Office

Paul Payton, publisher of the Lincoln County News in Carrizozo, was elected second vice-president of the New Mexico Press Association at its convention last week-end in Albuquerque.

His election puts him in line for the presidency. Wendell Faught, publisher of the Deming Graphic and Headlight, was named president, and Bob Brown of the Albuquerque Journal was chosen as first vice-president.

Lincoln County was represented at the annual convention by Mr. and Mrs. Payton and by Mrs. Barney Barnett, co-publisher of the Ruidoso News.

## Chief, Magistrate To Attend Seminar

Judge Austin Pritchett and Police Chief O. S. Montez will attend a Police Chiefs Seminar to be held Jan. 30 in Santa Fe. This seminar is designed to brief police chiefs on state planning under the federal law enforcement assistance act and to answer their questions about the program and federal aid funds.

## GOP, Democrats Slate Meetings To Pick Leaders

Both the Republican and Democratic parties have meetings scheduled next week to pick county officers.

Don H. Wynn, chairman of the Lincoln County Republican Central Committee, announced that new county officers and delegates to the State Republican Convention will be chosen at a county-wide meeting of Republicans at 8 p.m. (Saturday) in the Courtroom at the Courthouse.

It is a party officials have decided on a county-wide meeting to elect officers rather than on the method of electing delegates to the county committee of various precinct meetings.

Ruidoso Democrats will have a party meeting at 7:30 p.m. Monday in the Ruidoso Village Hall, and the Ruidoso precinct meeting announced. The meeting is scheduled in Precinct 1 at 7:30 p.m. which take in the Courthouse Cafeteria at 7:20 p.m.

The meetings will also be held at several other locations in the county. However, Mrs. Fern Perry, county Democratic chairman, said it is not reached and the other Democratic officials were contacted knew the meetings were to be held.

The county-wide meeting to elect officers will be held at 7:20 p.m. in the "Communicators' Room" at the Courthouse, Carrizozo.

## Druggists Vote To Fight Cuts

Members of the New Mexico Pharmaceutical Association met at the Chaparral Motor Hotel in Ruidoso Downs Saturday voted to protest to state officials the recent slash in fees for filling welfare prescriptions.

A letter will be sent to John Jasper, director of the State Health and Social Services Department, by David F. Cargo, and to members of the health department's board of directors.

It will ask for restoration of the recent 25 per cent cut in the amount a druggist gets for filling a prescription for a welfare recipient. They had been getting \$2. The fee was cut to \$1.50. The druggists charged this was below cost.

The group was welcomed by Ruidoso Mayor Lloyd L. Davis, Jr.

## Zoning for Well-Aged Look Proposed by Lincoln Group

Property-owners in Lincoln, a town that is old and proud of it, are being asked to vote on whether or not they favor adoption of a Lincoln Historic Area.

If most of the landowners in the proposed area do, the County Commissioners will be asked to create a special zoning district to be known as the Lincoln Historic Area. They will also be asked to set up a Historic Style Committee of five members living in the designated area to assure preservation of Lincoln's charm and historic value.

Ballots have been mailed to all property owners in the proposed historic area by the Lincoln Historical Area Committee.

The six-member group was named to study the feasibility of having Lincoln declared an historical area and regarding architecture of future construction.

The committee has called a meeting on Lincoln's birthday to settle the issue. All property owners in the affected area are invited to a covered dish dinner and town meeting at 7 p.m. Feb. 12 in the Lincoln School House to vote on whether or not to accept the committee plan. Suggestions for improving the plan will be received.

The property owners have been notified that if they don't attend the meeting, and their ballots are not received before Feb. 12, their silence shall be considered as a yes vote.

The proposed plan includes an Area A and an Area B within the proposed historic area. The only difference is that permanent trailers would not be allowed in Area A. Area A would include land from the fence dividing the Peppin estate land from Shrecongost land just west of the pageant grounds, east to the town cemetery, with hills on the south side of the highway and the river on the north as boundaries.

Area B would take in all land, excluding Area A, from Salazar Canyon, approximately four and a half miles west of Lincoln, eastward to the bridge across Vorwerk Canyon, approximately five miles east of Lincoln. The hills on the south and the river on the north again would serve as boundaries.

If the historic area is adopted, the county commissioners will allow the erection of any building within the historic area for any purpose only after issuance of a permit by the county clerk.

The building permit will not be issued without the approval of the historic style committee. It will have jurisdiction over exterior appearance, plot plans and conforming uses.

Here are the principal regulations proposed by the committee:

WALLS to be adobe, or look like it, or, if wood, of board-and-batten construction. Surface color optional.

ROOFS flat or built up. If built up, shake shingles or metal roof encouraged. If composition, shape of shingles will be that of shake or wood shingles.

WINDOWS, wood sash encouraged. If metal, framed in wood in Lincoln Territorial style.

DOORS of wood encouraged, with window lights at both sides of and above the door.

PERMANENT TRAILERS, since they do not conform to these standards, will not be allowed in Area A. ADVERTISING SIGNS limited to those painted on walls or small hanging signs. They may not be lighted with flashing lights. No signs will be allowed in the historic area larger than four by six feet.

USES such as junk yards, wrecking yards, bowling alleys, skating rinks or other objectionable, odorous or noisy uses will be refused. JUNK CARS will be towed away and disposed of 14 days after notice to owner.

An organization was established under the name High Mesa College, Inc., to launch a local effort to

MRS. BARBARA HUGHES

## College Sets Up Ruidoso Office

Mrs. Barbara Hughes has been named local secretary for Franklin Pierce College of Rindge, N. H., which is seeking to establish a Ruidoso Campus.

Her office is in the local law offices of Hughes and Payne. Her husband, W. L. Hughes, has been active in the effort to establish a local branch of the New Hampshire college.

Mrs. Hughes said she will provide liaison between Ruidoso and Franklin Pierce. She will answer inquiries, receive donations, and receive applications for admission to the New Hampshire College from those interested.

When Franklin Pierce indicated an interest in establishing a south-west branch, Mr. and Mrs. Robert C. Scribner offered a 100-acre site on their High Mesa Ranch near Alto, north of Ruidoso in a scenic, pine-clad setting.

An organization was established under the name High Mesa College, Inc., to launch a local effort to

# Keep Pointsetta Warm

So, you received a Christmas poinsettia. And you are now perplexed as to the care it should receive. When properly cared for, your plant will keep its colors until mid-February.

Never chill the poinsettia plant. A temperature of 50° F. or below may cause the plant to drop. Poinsettias are easily overwatered. This is especially true if the pot is covered with decorative metal foil. The foil, while providing protection to furniture, holds excessive water in the pot. This drives the air from the soil, causing roots to die from lack of oxygen. It is best to puncture the bottom of the pot cover to provide drainage.

Correct watering is important, as with all plants in the home. The low humidity in our homes can cause yellowing of the leaves and drooping of the colorful bracts when the roots become dry for even a short period of time. Test the soil with your finger to decide when it needs water. Under-watering is as harmful as overwatering.

If your poinsettia begins to yellow, recheck your methods of caring for it. Lack of sunlight, too much or too little water, cold drafts or high temperatures may be the cause of premature leaf drop. Fertilizer is seldom necessary once the plants are fully developed.

When your poinsettia completes its bloom period and it drops its colorful bracts and leaves, don't toss it into the nearest trash receptacle. Gradually reduce watering until all leaves have dropped. Place the plant, still in the pot, in a frost-free, well-ventilated place and permit both soil and plant to become parchedly dry.

In May, shake the old soil from the plants roots and repot in a fresh mixture of sand, garden loam and leaf mold or peat moss. Cut the stems back leaving only two or three buds near the base, then water generously. Place the newly potted plant in a sunny window. After danger of frost is passed, you may plunge the pot in the soil of your flower bed. Some prefer to set the plant directly into the soil.

Soon new shoots will grow and your poinsettia will develop into a large, well-branched specimen.

# OFFICIAL SKI REPORT

Sierra Blanca Ski Resort

**Ski Report—1968-69 Ski Season**

1. The only official ski reports from the Sierra Blanca Ski Resort are available 24 hours a day by telephoning Area Code 505-257-4253. Note: Radio stations and newspapers will also be using this source to assure continuity and avoid misunderstandings.

2. These recorded ski reports will normally be changed twice daily, once in the morning (no later than 9 o'clock) and once in the afternoon (between 4:00 and 5:00 p.m.)

3. In the event that there is a change of skiing conditions during the day, i.e., additional snow fall, the recorded ski report will be so changed.

4. The recorded ski report will include the day and date; base snow depth in inches; skiing conditions rated as excellent, good, fair or poor; new snow in either past 24 hours and/or in past 10 days, and the weather at report time.

5. Ski Report Legend and Policy: Excellent—Sufficient base to cover any and all obstacles on all trails, and some new snow within past 10 days.

Good—Sufficient base to cover all trails. No new snow within the past 10 days and surface conditions may vary to some extent, particularly from top of mountain to the base.

Fair—Snow coverage not sufficient to cover all trails completely. Some obstacles may be showing on any of all trails.

Poor—Many obstacles (bare spots, stumps, rocks, etc.) showing on all trails. Some lifts and some trails may be closed due to insufficient snow.

A. Trails and or lifts may be closed at any time at the discretion of the management due to insufficient snow, difficult skiing conditions, or for any other reason the management deems necessary.

B. There may be times when all trails do not have the same conditions or the top of the mountain may not have the same conditions as the bottom. In this situation the report will be issued on the management's best judgment of the average conditions.

C. The New Mexico State Highway Department maintains the highway with the finest snow removal equipment available and as a result the highway conditions can change from bad to good within the hour. Thus it is important to report highway conditions. Changes may be required at any time and we advise drivers to have changes with them at all times when driving on the highway.

**NEW SHERIFF**—Ernest Sanchez, new Lincoln County sheriff, confers with the new District 3 Commissioner, Don Stark of Ruidoso, at the Lincoln County Courthouse in Carrizozo. Sanchez succeeds Leandro Vega, who was

not a candidate for reelection. Stark succeeds Max Oliver, who sought the state representative post but was defeated by Ralph Petty, Jr.

# RUIDOSO DOWNS NEWS

By LINDA POSEY

The Ruidoso Downs Volunteer Fire Department was called out on Sunday night about 11:00 p.m. to assist the Ruidoso Fire Department in putting out a fire at the Hollywood Inn.

Mrs. Gilbert Carpenter is in the Ruidoso-Hondo Valley General Hospital following recent surgery. We certainly wish her a speedy recovery.

We understand that Miss Ida Richardson, daughter of Mr. and Mrs. Albert Richardson of Hollywood is still in the hospital here. Again, we wish her a speedy recovery.

Downs, broke his elbow recently. He has gone to El Paso for treatment.

Ronnie Stierwalt, son of Mr. and Mrs. Roy Stierwalt, has finished his tour of duty in the army and has returned to Ruidoso Downs from Germany. His wife, Sandra, is the daughter of Mr. and Mrs. D. E. Posey of Ruidoso Downs.

# Foreman Opens Roswell Office

Three full-time offices will be maintained in New Mexico, District 3, by Captain Ed Foreman.

The offices are in El Paso, Roswell and Farmington.

Mr. Maurice E. Houghton has been named district secretary for the Roswell office, which is located in the Federal Building.

A native of England, she has been active in Girl Scout leadership in Roswell.

# White Mountain Lists Students On Honor Roll

With the issuance of semester report cards, White Mountain School officials announced the names of students who made the honor roll for their work in the fall semester.

Mrs. Bernice Morrison, fourth grade, reported Byron Roberts, Julia Hall, Gina Newton, Alan Townley, Tammy Miller, Joe Christman and Tammy Wright as "B" honor roll students. There were no "A" honor students.

Mrs. Irene Spears, fourth grade, had two students, David Scribner and Wayne Wallis, on the "A" honor roll and on the "B" honor roll are Elizabeth Jones, Bob Gaston, Arlene Gonzales, Pam Blackwell, Wanda Sanchez, Norma Sheehan, Donita Turk and Scotty Ward.

Mr. Lynn McGuire, fifth grade, announced Jacques Haddix and Pam Wilson on the "A" honor roll and Paul Craig, Cheryl Durham, Zoe Ann Shaw, Wanda Thompson and Gary Whitten on the "B" honor roll.

Mrs. Nelle Mosley, fifth grade,

# Lunchroom Menus

Week of Jan. 27-31

Monday—Green enchiladas, green beans, carrot sticks, crackers, peanut butter cookies, milk.

Tuesday—Wieners, baked cabbage, boiled potatoes, cornbread, butter, chocolate cake, milk.

Wednesday—Tamale pie, buttered corn, salad, hot rolls, butter, pineapple pudding, milk.

Thursday—Corn dogs, blackeyed peas, hot rolls, butter, cheese sticks, donuts, milk.

Friday—Stippy Joes on bus, green lima, gingerbread with whipped cream, milk.

has no "A" honor roll and only one, Don Driver, Jr., on the "B" honor roll.

Mr. A. J. Thompson, sixth grade, has Jane Baldwin, Madelyn Wall and Robert Whitten on the "A" honor roll. Kent Battey, Beth Christman, Terry Gunter, Terry Haake, Paul Horstmann, Dale Pearson, Bobby Sellers, Donna Townley and John Wilson made the "B" honor roll.

# Boy Scout Troop Elects Officers

Ruidoso Troop 59, Boy Scouts, met Monday night, Jan. 20, and in addition to other business, held election of officers. Elected were Steve Long, junior assistant Scoutmaster, Larry Craig, senior patrol leader, and Mike Waltrip, assistant senior patrol leader. Patrol leader of Wolf patrol is Paul Briesch and his assistant is Rick Hill. Patrol leader of Bear patrol is David Long and his assistant is Bobby Sellers.

Troop 59 is sponsored by the Ruidoso Elks Lodge and meets in the Scout Hut at the Municipal Building every Monday evening, 8:15 to 9:45. All boys age 11 to 17 are invited to join the troop.

On Jan. 15, the troop took a five mile hike to qualify boys on their second class requirements.

For information on the troop, contact Marvin Craig, Scoutmaster, at 257-2121 or 257-4030.

## Services For Infant Conducted At Church

Funeral services were held Friday at the Church of Christ for Tonya White, one-year-old daughter of Mr. and Mrs. Lincoln G. White Jr. of Ruidoso.

The child died last week at the Ruidoso-Hondo Valley General Hospital. Dan Talbot, minister of the Church of Christ officiated at the services. Burial was in Forest Lawn Cemetery.

The child's death followed her first birthday by only two days. She leaves her parents and two sisters, Debra and Glenda, her grandparents Mr. and Mrs. Lincoln G. White Jr. of Ruidoso and Mr. and Mrs. W. C. Roberts of Santa Fe.

Palbearers were Tommy Armstrong, George Perry, Bonnie Taylor and Lynn McGuire. Honorary palbearers were Wayne Wood, Phillip McKinney, Lewin Perry and T. J. Short.

Sundays at 10:30 a.m.  
Sunday School and Sacrament Meeting

NEW MINISTER at the First Baptist Church in Ruidoso is the Rev. Leon Bruce, who will be honored at a covered dish luncheon and reception following church services Sunday.

BAPTIST CHURCH—Reverend Bruce (at left) will officiate at services at the First Baptist Church on Mechem Drive. The spacious building includes offices, church school, nursery and meeting rooms in addition to the regular pews, altar and baptistry.

# Baptists to Welcome New Minister

The congregation of the First Baptist Church of Ruidoso will welcome its new minister, the Rev. Leon Bruce, and his wife at a covered dish luncheon and reception following Sunday's 11 a.m. service.

The new pastor assumed his duties Dec. 18, but he and Mrs. Bruce moved to Ruidoso just last Saturday. Both had been teaching school in Roswell, and waited for the semester break before leaving their jobs.

Reverend Bruce is enthusiastic about Ruidoso, and is looking forward to his service here.

"I never dreamed the Lord would let me live in such a beautiful place," he said.

Although he has been teaching in Roswell schools for the past two years, Rev. Bruce is by no means new to the ministry. He was pastor of the First Baptist Church in Hondo, N. M. from 1961 through 1962, then moved to the Felker Baptist Church in Hood, Texas, then to Williams Road Baptist Church

in Fort Worth, Texas. He and his wife have two children and will be attending the University of Texas at Arlington.

The resident congregation of the First Baptist Church includes 29 families, and there is an average of 100 in the Sunday school. However, the congregation was quite a bit during the winter because of summer visitors. Many of them three-month or longer, not overnight visitors.

The local church belongs to the Southern Baptist conference, rather than to the American Baptist conference, which includes many of the northern churches. There are some 18 separate conferences of Baptists, but many of them are quite small. The Southern and American are the two largest, and the Southern is the largest.

The Baptist Church is growing stronger in the southwest, Rev. Bruce said. Once it was confined largely to eastern New Mexico, but today it is active throughout the state.

Most differences among the various Baptist groups concern the distribution of finances, Rev. Bruce said. In some groups, the churches

its own governing body. However, each church cooperates with other Southern Baptist churches in missionary work. Guidelines are laid down by the conference, but the church is not obligated to follow the guidelines. Each church calls its own pastor. In some churches, such as the Methodist, pastors are assigned to congregations.

Baptists were originally called "Anabaptists," a term of derision at the time, Rev. Bruce said. It means "baptize again." The Anabaptist movement arose within the Catholic Church. Catholics practice infant baptism; Anabaptists believed in baptizing again at the age of reason.

The total immersion that is characteristic of the Baptists is also practiced by other churches, including the Church of Christ, the Pentecostal, and the Nazarene. However, there is some difference in the theological beliefs of these churches regarding baptism, Rev. Bruce said.

A baptism is regarded by the Baptists as a witness to all present that a person is leaving behind his old life and is taking up a new life. "This is a physical representation of something that has happened spiritually," Rev. Bruce explained. "We don't believe the act of baptism itself has spiritual cleansing power. We believe that when a person accepts Christ, the Lord does the cleansing."

The minister cleared up another common misconception regarding Baptist beliefs.

"We are accused of believing

### Zoning-

(Continued from Page 1—Sec. 5)  
The proposal is for the Historic Style Committee to be chosen by property owners in the historic area in the same manner as school board members. Committee members must be property owners for three or more years.  
The committee would rule on any proposed building or land use within 14 days after application. Three or more members would constitute a quorum.  
Funds for use of the Historic Style Committee would be obtained by voluntary subscription.  
The regulations would not apply to existing structures.  
In 1890, when Lincoln County was formed in the territory of New Mexico, the quiet Spanish town of Las Placitas del Rio Bonita was designated as the county seat and renamed Lincoln to honor the memory of President Abraham Lincoln.

### Ski Lessons To Be Offered

Ski lessons for Ruidoso boys and girls will again be offered this year, but details are still up in the air.  
Sid Miller, principal of Nob Hill School, who is coordinating the program for the Ruidoso Municipal Schools, said the lessons will start some time in the next two weeks.  
The schools endorse the program and will release the children one afternoon a week for the lessons. However, he emphasized that the schools can't sponsor the lessons; this must be done by townspeople.  
Notices of the lesson were sent home to parents last week. To date, 195 children have been signed up for the program. It will serve children from the fourth grade through high school.  
The cost of the lessons to parents and children is not yet definite, Miller said. However, present plans call for a \$3 cost per lesson for those without their own skis and \$2 for those with skis. The cost includes the lift fee and instruction.  
Some professional instruction will be offered this year, but not all of it will be professional.  
Miller said one problem that has arisen in past years is that some of the children are better skiers than some of the instructors.  
Local business is your business—Support It!

DEMONSTRATION — Tom Bartholomew, Addressograph salesman from El Paso, demonstrates the operation of the Addressograph Graph-O-Plate machine in the County Courthouse, above left. Below, his work is closely watched by, left to right, Commissioners

Charles Jones of Capitan and Commissioner Holt Lovelace of Corona. The machine makes name plates for another Addressograph machine that enables the County Assessor's office to prepare in two days a tax roll that formerly required four months of typing.

### Ruidoso Land Sales Company Named In Suit

Mesa Investment Co., Inc., and Valley Land Developing Co. have filed suit in Superior Court against Ruidoso Land Sales Co., asking for \$34,427.46 claimed to be owing on a promissory note, plus seven per cent interest and attorney's fees.  
Seaborn Collins of Las Cruces, former national commander of the American Legion, is president of both the companies filing suit.  
In the complaint, it is charged that Ruidoso Land Sales Co., Inc., and James D. and Peggy Kerley of Ruidoso signed a promissory note for \$90,000 on Oct. 20, 1967, and have refused to pay the amounts called for in the note.  
On the same date, the complaint says, the two Las Cruces companies entered into an agreement with Ruidoso Land Sales Co. for the sale of real estate in Lincoln County.  
An unsigned copy of the agreement is attached to the complaint. It indicates that the Ruidoso company agreed to buy 80 acres from Mesa and 40 acres from Valley for a total of \$90,000, or \$750 per acre.  
In order to buy the land, Ruidoso Land Sales Co. assigned real estate contracts to the other parties totaling \$60,000. Mesa was assigned contracts valued at \$40,000, and Valley was assigned contracts worth \$20,000.  
In addition, Ruidoso Land Sales assigned the other parties contracts sufficient to pay \$30,000 within seven years.  
The agreement indicated that Ruidoso Land Sales guaranteed payment of principal and interest of all contracts, and, in case of default, to replace them with contracts not in default.  
However, Collins' companies retained the right to choose to terminate the defaulting contract and retain the land.  
The promissory note was signed by Jack M. Stagner as president of Ruidoso Land Sales Co., Inc.

### New Booklet Gives Advice For Disabled

Bob Noble, social security field representative for this area, announced publication of a new edition of the popular booklet, "If You Become Disabled." Copies of the booklet, which explains in clear and concise terms the latest changes in the disability insurance program, as well as the basic provisions of the law, may be secured from your social security office. The booklet may help correct a number of misconceptions about this part of the social security program.  
One reminder in the pamphlet states that "It is important to apply soon after the disability starts." Although payments to a disabled worker generally cannot begin until the 7th full month of disability, the social security office urges that applications be started during the first four months after the individual has to quit work. By starting early, the necessary evidence may be secured, a decision

made, and the first check delivered right on time.  
Anyone wishing to apply for disability benefits should see Noble Feb. 6 at the Council Room in the Ruidoso City Hall. He will be there from 10 to noon and 1 to 2.

stomping — or rather, dancing — grounds in San Luis Obispo County, Calif. The publisher, our old friend Dick Blumhardt, of "The Signal" suggested that if we were to do a story on him a skit might work better with a Pismo Beach — no snow and Ruidoso — no ocean. We can testify that the skits from the beach at Pismo are as good as a hot January day, depend on the afternoon. And the chowder is delicious.  
The editor says that the FBI releases on the ten most wanted fugitives makes it seem like an honor to make the list. Quoted verbatim is the first paragraph of an FBI release dated Dec. 28: "Ruth Elsemann Schier, who is charged with participating in the abduction of Barbara Jane Mackle, the 20-year-

(Continued from Page 1—Sec. A)  
Bellet! They had a varied program ranging from marches, to Dixieland swing to a "Civil War Rhapsody". All the music was beautiful and pleasing to the ear. Mike O'Connell played a trumpet solo called "Bride of the Waves" and it was easy to see why he was selected as a member of the All-State Band. Tommy Spicara was featured on the saxophone in "Thoughts of Love" and he too is a fine musician. I particularly enjoyed the "Civil War Rhapsody", but then I have always had a place in my heart for that particular number. It has been one of my favorites since I was a member of the band and we performed it in the "Pop Concert" back in 1963. It was moving to me then and gives me goose-bumps to this day.  
Mr. Gooch was presented with a gift from the members of the band which consisted of some pipe tobacco and a navy blue wind-breaker and everyone had a good laugh at the gags they pulled on him. These Band concerts are always fun because they never fail to surprise and entertain.

### College-

(Continued from Page 1—Sec. A)  
of the pattern of the parent college in New Hampshire.  
"There will be a strong emphasis on the sciences, but it won't produce scientists," Mrs. Hughes said. "We plan an anthropology laboratory, because of the availability of archeological diggings in New Mexico."  
Similarly, the New Hampshire college has an oceanography course with a laboratory on the ocean.  
Mrs. Hughes added that the Ruidoso college will be a good location for biology studies because of the wide range of life zones in the small area, ranging from the Lower Sonoran to the Alpine.  
"The New Hampshire students could come out here for studies, and vice-versa," she said. "Franklin Pierce is already exchanging students with other campuses."  
A ratio of 14 students to each professor is contemplated.  
The New Hampshire college on its first application was accredited by the New England Association of Secondary Schools and Colleges, after only five years of operation.  
"That's nearly a first," Mrs. Hughes said.  
The accreditation means that students may transfer to other institutions with full credit for their courses.

### Savings Bond Sales Drop

Sales of U. S. Savings Bonds and Freedom Shares for 1968 dropped off sharply from the 1967 sales total.  
Tom Hood, Lincoln County Savings Bond Committee chairman, announced that in the first eleven months of 1968, residents of the county purchased \$41,546 worth of bonds and shares, as compared with \$179,794 in the same period of 1967. Only 41.54 of the 1968 assigned quota has been achieved.  
The county was credited with \$3837 in savings bond and freedom share sales for November 1968, as compared to \$4275 for November, 1967.  
This contrasted sharply with the statewide picture. Sales for November 1968 showed a 10.10 per cent gain over November 1967. The first eleven months of 1968 showed an increase of 3.92 per cent over the same period of 1967.  
In New Mexico total purchases of the securities for November amounted to \$1,428,560. Purchases for the first 11 months of 1968 totaled \$17,220,000, or \$2.79 per cent of the annual goal for the state.

## NEWS FROM THE CAPITOL

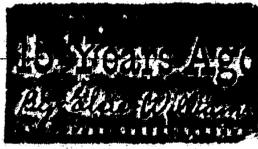

**By CLINTON P. ANDERSON**

The opening day of a new legislative session traditionally is accompanied by a series of events. The first of these is the opening of the session by the Governor. The second is the reading of the message from the Governor to the Legislature. The third is the reading of the message from the Governor to the Legislature. The fourth is the reading of the message from the Governor to the Legislature.

Another old tradition of the Legislature is the reading of the message from the Governor to the Legislature. This is done by the Speaker of the House. The message is read in both chambers of the Legislature.

The Governor's message to the Legislature is a key document. It outlines the Governor's program for the coming year. It also provides information on the state of the state and the Governor's views on various issues.

The Legislature's response to the Governor's message is also an important part of the session. It involves the passage of bills and resolutions. The Governor then signs or vetoes these bills.

Warrior Booster Club meets each Thursday 7:30 p.m. High school library. Be there.

**News Items From Ruidoso News**  
 Issue of Jan. 22, 1968.

The proposed \$12,000 nurses home for the Ruidoso-Hondo Valley General Hospital received a big boost recently when a Kermit, Texas couple donated \$4,000 to bring the total now collected to \$9,000 and which means that construction can start in the near future.

The picture frame factory which J. H. Richards started here a year ago is expanding into a small industry. Right now there are six employees working turning out picture frames in several sizes which are shipped to dealers in several Southwestern States. The business is located across the street from the old Ruidoso Grade School. (Now the Ruidoso City Hall.)

The Andy Udink family has purchased the Chocolate Shop next to the Pueblo Theatre (now Little's Restaurant), which they have been operating since last fall. They purchased the shop from Mr. and Mrs. Clyde Rathliff who moved to Morton, Texas.

Ruidoso Downs race track will offer 32 days of racing in 1964 it was confirmed by the New Mexico State Racing Commission. Jim Derrick was re-elected president and Gene Hensley was returned as vice-president. Jim Hensley was re-elected secretary-treasurer.

The well-known film star, Linda Darnell, is now a resident of Lincoln County since she bought a ranch at Pecos and comes home for a rest between movies. She is seen frequently in Ruidoso shopping in the grocery stores, at service stations and at beauty shops.

**City Hall Beat**

**Police Report**

Jan. 15, 3:43 p.m., a 1960 Pontiac, driven by Faye Green Guynes, Ruidoso, was going west on Sudderth Drive, slowed and gave a signal to turn. A 1963 Chrysler, driven by Patsy Miller Tate, Hollywood, which was following, struck the rear of the Pontiac. There was \$300 damage to the Pontiac and the Chrysler was totaled. Patsy Tate was injured and Faye Guynes and a passenger in her car, Onnie Chaney, Ruidoso, complained of injuries. Patsy Tate was cited for following too closely.

Jan. 16, 11:44 a.m., a 1963 Chevrolet, driven by Lynn Rosey Malone, Ruidoso, turned into the parking lot of the Olinger's Hardware on Sudderth Drive and collided with a 1966 Chevrolet, belonging to Wallace W. Gardner, Ruidoso, which in turn bumped into a 1963 Pontiac, belonging to Jack Thompson, Ruidoso. The Malone vehicle then backed onto Sudderth Drive and collided with a 1966 Ford, belonging to Nathaniel Lee Chen, Mesalero. There was \$50 damage to each of the two Chevrolets and \$100 damage to the Ford. Lynn Malone was cited for careless driving. There were no injuries.

Jan. 17, William Williams, El Paso, reported his 1964 Mustang parked near Red Barn Cafe, had been broken into. Taken from inside the car were skis, ski boots and poles, a stereo tape player and 8 or 10 tapes.

Jan. 19, J. B. Greer reported the theft of 4 pair of rental skis from his car, parked near Cree Manor Motel. The skis were the property of Sierra Blanca Ski Shop.

**Municipal Court**

Mack Adanandus, Hollywood, no driver's license, dismissed.

Don Taylor, Clovis, expired brake and light sticker, \$10 bond forfeited.

Fernin Chavez, San Patricio, expired operator's license, \$10 bond forfeited.

Leon Fickett, Jr., Hobbs, expired operator's license, \$10 bond forfeited.

Willis Cowan, Socorro, expired operator's license, \$10 bond forfeited.

Harvey Chalkor, Santa Fe, speeding, fined \$15.

Kletis Perry, Albuquerque, speeding, \$30 bond forfeited.

Frank Sherborn, Ruidoso, speeding, dismissed.

**Municipal Court**

Lawrence Montoya, Ruidoso Downs, expired brake and light sticker, fined \$5.

Larry Lash, Las Cruces, speeding, \$30 bond forfeited.

Suzanne Peterson, Albuquerque, speeding, \$36 bond forfeited, no license in possession, dismissed.

Andrew Lopez, Ruidoso, careless driving, \$30 bond forfeited.

Mac Billea, Ruidoso Downs, failure to yield, fined \$15, fine suspended.

Justo Rojo, Ruidoso, speeding, \$10 bond forfeited.

Melford Yunes, Mesalero, careless driving, fined \$5.

Joe Welch, drunk, fined \$20.

Patsy Tate, Hollywood, following too closely, fined \$15.

**Police Report**

Jan. 4, 9:15 a.m., a 1968 Triumph, driven by Thomas Shelby McDow, El Paso, attempted a U-turn on Sudderth Drive near the Ruidoso News office. A 1968 Ford, driven by Paul H. Wrye, Jr., Ruidoso, moving behind the Triumph, applied brakes trying evasive action but could not avoid a collision. There

## INSIDE THE CAPITAL

**By FRED BUCKLES**

SANTA FE — Rep. Carter Kirk, Deming Republican, says he will push for the public school foundation program principle in the legislative session that started Tuesday. Kirk represents Luna and Hidalgo Counties.

Kirk is totally disinterested in local support for schools. He is uncertain money proposed for schools is sufficient. Kirk says, "Some place along the line we should look less at averages of teachers and more to what we are doing for these teachers after 15 and 20 years of service."

Rep. Kirk says young people today entering the teaching profession, especially male, would do an awfully lot more if they felt it was worthwhile to establish a career as it is in private life.

Kirk is on the vital Taxation and Revenue and Corporations and Banks Committees. He will support a graduated income tax and likely would back a heavy boost. He believes severance taxes have been overlooked but recognizes differences between industries.

Kirk opposes state department reorganization. But he is convinced state commission and department programs and rules should be reviewed by the legislature to insure they are enforced fairly and efficiently.

**FOR LONGER SESSIONS**

Kirk would increase length of legislative sessions and lawmaker pay. He is convinced present processes do not produce a cross-section of the people in the legislature. "The hardship on many of the people is too great for the responsibility they assume," Kirk says.

He favors 70 delegates for the constitutional convention and says they should be elected on a non-partisan basis. Kirk supports a summer convention and is uncertain 60 days is long enough to complete work. He adds, "I am not at all convinced we have exhausted completely the procedural correction of our constitution. I will be most surprised that a constitution which is substantially changed will pass one place before the voters."

Rep. Kirk dislikes promiscuous taxation. He opposed the one-cent gasoline tax increase "because those municipalities which did not have it, such as Albuquerque, just wanted the state to pull their chestnuts out of the fire." He supported a 2-cent cigarette tax boost but fought hard to beat the 4-cent hike. Kirk adds, "It is unconscionable to place burdens on items which diminish the disposable income of the wage earner before he gets started. I feel the same way about a statewide gross receipts tax increase. I consider it unconscionable to have the state increase this tax. If it is necessary in the municipalities, they'll darn well do it."

**STATE CONSERVATIVE**

Rep. Jeff Good, Fort Sumner Democrat, says, "I will very likely rethink conservatism in all my thinking and voting." Rep. Good, a rancher, is vice chairman of the powerful Appropriations Finance Committee and Rules chairman.

Sen. C. B. Trujillo, Taos Democrat, will co-sponsor any legislation to keep post-auditing duties in the Legislative Audit Commission. A State Supreme Court decision turned the functions back to the state auditor and wiped out the 1968 law creating the Legislative Audit Commission. State Auditor Harold Thompson, Albuquerque Republican, assumed the responsibility Monday.

Sen. Trujillo said he will sponsor legislation permitting unlimited Sunday sales of liquor in bars and package stores. If the proposal becomes law, it likely will be amended with restrictions on Sunday sales.

Sen. Trujillo also favors legislation to make the legislative retirement plan fiscally sound. The program is in severe money trouble and the Public Employees Retirement Association, which administers it, is not accepting more applications for lawmaker retirement because of the crisis.

**CAPITAL PUNISHMENT**

Sen. Emmett Hart, Tucuman Democrat, says he will again push for repeal of capital punishment in New Mexico. Hart's repeal nearly

## Nine Signals Show Danger Of Alcoholism

Do you drink when you are depressed? Are you hard to get along with when drinking? Do you drink to "calm your nerves?"

If so watch out. You may be on the way to becoming an alcoholic.

Dr. Vain T. Floyd, chairman of the New Mexico Commission on Alcoholism, announced January 15 Alcoholism Information Month, and called on the medical profession and the public to help stop alcoholism.

He said this can be done by increased awareness of the early warning signals identified by National Council on Alcoholism.

More time, more attention, and more concern are being devoted to the problem of alcoholism by physicians than at any time in history, according to Dr. Floyd.

"The American Medical Association created a special Committee on Alcoholism and developed a program for both physicians and laymen in 1954. Interest in the complex problem has been growing," he said.

"Alcoholism now ranks with cancer, heart disease and mental illness as a national health problem. Although there are many methods of treatment, the real problem is to determine when a "drinker" becomes an "alcoholic."

He cited as "early warning signals" of alcoholism:

- a person is difficult to get along with when drinking;
- he drinks because he is "depressed";
- he drinks to "calm his nerves";
- he drinks until "dead drunk" at times;
- he can't remember parts of some drinking episodes;
- he hides liquor;
- he lies about drinking;
- he neglects his family when drinking;
- he neglects to eat when drinking.

Dr. Floyd outlined recent efforts by the medical profession to combat alcoholism. In addition to providing up-to-date information to physicians, efforts are being pressed to encourage general hospitals to admit alcoholics, with revision of charters and bylaws where necessary to do so. Guidelines for admission are being developed.

"Special emphasis is being placed on the industrial physician," Dr. Floyd declared, "to guide him in treatment and rehabilitation of alcoholics on the job."

More extensive and more comprehensive teaching of the subject of alcoholism in medical schools is another objective, as is expanded effort to gather information on research in the field.

"Working with other organizations to promote traffic safety and make clear the dangers of driving after drinking is one of the most vital aspects of the alcoholism program," Dr. Floyd said.

"Most physicians now recognize it as their duty to help people who are suffering from alcoholism," Dr. Floyd said, "but alcoholism is rarely, probably never, exclusively a medical matter. It takes a team of people—the family, religious counselors, employers, friends to combat the problem."

**CLAMMY SCENE**—What are these strangely attired people doing with those pitchforks? They are clamming and those are clamming forks. They are digging the big, tasty Pismo clams from their sandy beds in the surf at Pismo Beach, Calif. Later they will have chowder, or perhaps clam fritters or stuffed clams. Lowest tides, and best clamming, are during winter months.

## FCC To Hear KRRR Request For More Power

The Federal Communications Commission will conduct a hearing at 10 a.m. Tuesday in the city hall on the application of Radio Station KRRR in Ruidoso to increase its power to 5000 watts.

The issue is whether there is a greater need for more daytime power or for the present nighttime service. If the power is to be increased to 5000 watts, the frequency from 1340 to 1550 megacycles, it would have to give up its night time service.

Gerald Zuckerman, FCC broadcast counsel, is to Ruidoso interviewing prospective witnesses on the need for night time service as compared to the need for stronger daytime service.

H. Gifford Irion, FCC hearing examiner, will conduct the hearing.

Fred Kayebler of Alamogordo has applied for the same frequency, and will be represented by Attorney Seymour Chase at the hearing. Counsel for KRRR will be Ray Paul. Both are from Washington, D. C.

The Ruidoso Rotary Club on Tuesday unanimously adopted a motion to write a group letter to FCC in support of KRRR's request.

Ed Hyman, owner of Station KRRR, said the application has been under processing by FCC for the past two years.

"What it boils down to is whether Alamogordo gets a new station (it has four) or we get the frequency," he said.

Hyman said KRRR is unable to reach some rural areas of the county with important information with its present 1000 watts of power. It could serve the entire county with 5000 watts, he added.

## Ghost Town Gives Way To Bulldozer

SANTA FE — One New Mexico ghost town is giving up the ghost.

Tyrone, often said to have been the world's most beautiful ghost town, is being bulldozed flat as the Phelps Dodge Copper Company initiates vast open-pit operations on its site.

The transition is described in the January issue of New Mexico Magazine, now on the newsstands.

In her Trip of the Month column, Betty Woods writes of old Tyrone and the new Tyrone that is being built seven miles away.

"While new Tyrone cannot begin to equal the old Tyrone in beauty, setting and tradition," Mrs. Woods reports, "she is genteel, extremely modern and much more expensive."

Ruidoso News want-ads are people reachers.

# Ruidoso Romps Over Capitan

The Ruidoso High Warriors climbed all over the Capitan Tigers Saturday night to score a 96 to 34 victory in a league game at the Ruidoso gym.

The Warriors could have used some of their scoring punch Friday night in Cloudercroft where they dropped a 68-62 decision.

Against Capitan, the Warriors got off to a fast start and were never headed. Jack Valliant and Neale Williams started hitting in the first quarter as Ruidoso chalked up a 24-6 lead. Valliant hit 12 of his ultimate 34 points and Williams chipped in eight to put Ruidoso ahead to stay.

Coach Curtiss Kelley had his reserves playing in the second quarter and, if smoking were permitted in the Ruidoso gym, would have been puffing his victory cigar before the half ended.

However, Kelley shut the gates of mercy in the last quarter in an effort to run up 100 points against the Tigers. Capitan had other ideas and managed to keep the score below the century mark as the game ended.

Valliant's 34 points were followed by Williams with 14 and Rick Scott with 10. Buddy Hall with 13 and Ervin Aldaz with 10 were high for Capitan.

The Box score:

Team	FG	FT	TP
Capitan	2	8	12
Hall	5	0	10
Godinez	1	5	7
Aldaz	1	5	7
S. Pumphrey	0	0	0
Ingalls	0	0	0
Padilla	0	0	0
M. Pumphrey	1	2	4
Najar	0	0	0
Traylor	0	1	1
Totals	9	16	34
Ruidoso	24	30	36
Klein	2	4	8
Valliant	14	6	34
Nelson	4	0	8
L. Perry	3	3	9
Farrar	1	1	3
Bizzell	3	2	8
Williams	5	4	14
Scott	5	0	10
Locke	0	0	0
Davis	0	0	0
D. Perry	1	0	2
Totals	38	29	96

The score by quarters:

Team	1st	2nd	3rd	4th	Total
Capitan	6	8	11	9	34
Ruidoso	24	20	22	30	96

ON THE CHIN—John Dickey, Capitan basketball coach, wonders when his chin will feel a razor again. Dickey has vowed not to shave his whiskers until the Tigers win a game.

## Warriors Lose To Cloudercroft

CLOUDCROFT—Despite a fast start, the Ruidoso High Warriors dropped a 68-62 contest to the Cloudercroft Bears Friday night.

Ruidoso opened with a rush, running up a 24-14 lead. However, the Bears closed the gap to 32-31 at half time and pulled away in the last two quarters.

Hotrod Haynes scored 10 for Cloudercroft while Jack Valliant led the Ruidoso attack with 16.

The score by quarters:

Team	1st	2nd	3rd	4th	Total
Ruidoso	24	8	18	12	62
Cloudercroft	14	17	16	22	68

## Skiers Score In Aspen Run

Sierra Blanca based skiers scored well at Aspen, Colo., in preliminary try-outs for the National Ski team over the week-end. Coach Ray Heid reported today.

Kathryn Isham, who is now attending college in Colorado, placed fourth in the Girls' Class A and B downhill race. This moved her another step toward the finals scheduled for Anchorage, Alaska, this spring.

David Estes placed 13th and Alfred Pearson 14th in the first run and then came back to improve their performances in the second run. Pearson finished eighth and Estes ninth the second time around.

**Ruidoso State Bank**  
**Buss C. G. Cantrell**  
 Ruidoso State Bank has filed suit in District Court asking for \$5,300.00 from C. G. Cantrell, Jr., plus 12 per cent interest since Jan. 1, 1960 and \$25 plus 10 per cent for attorney's fees.  
 Attached to the complaint is a promissory note signed by Cantrell promising to pay a total of \$5,648.18 plus 12 per cent interest per annum. The bank is represented by Attorney Richard Parsons.

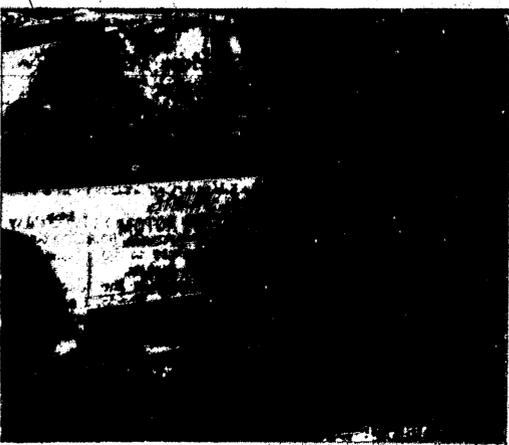

**OUTSHIPMENTS UP**  
 A total of 173,835 head of sheep were shipped out of New Mexico during October, 1968, according to the New Mexico Crop and Livestock Reporting Service. This compares with 42,086 head shipped out last month. Outshipments during the first ten months of this year totaled 306,816 head. Lambs accounted for 89 percent of the outshipments thus far this year. Comparative data for 1967 are still unavailable but should become available at a later date.

**Lincoln County Range Good**

Ranges are "in good shape" in Lincoln County, according to the January Range and Livestock Report of the New Mexico Crop and Livestock Reporting Service.  
 Hay was reported plentiful at \$35 a ton, stock water "about average" and weather good.  
 On a statewide basis, the report said the Jan. 1 range condition was 75 per cent of normal, off two points from December 1 and three points below last year. Range feed conditions declined statewide because of lack of moisture in some areas, and snow cover in the higher ranges. Supplemental feeding is increasing generally throughout the state.

Cattle were reported generally in good condition, but colder weather is beginning to have an effect on cattle and calves.

Conditions of sheep and lambs dropped one point during December, but remained good in nearly all areas.

**NEW EQUIPMENT**—Louis M. Smith, Ruidoso Downs garage man, checks over his new wrecker. The rig is getting a good workout this winter.

**NEW FACE**—Workman here seen giving a facelift to the El Corral Courts on Sudderth Drive. The motel will undergo extensive remodeling, it was learned.

**BUSINESS and BUILDING**

**18-YEAR-OLD VOTE**  
 U. S. Senator Joseph M. Montoya (D.-N. Mex.) has joined in sponsoring a joint resolution proposing a Constitutional amendment to lower the voting age to 18. States will be challenged to ratify a Constitutional amendment following Congressional action.

**New Mexico Farm Numbers Dropping**

The number of farms in New Mexico dropped from 33,000 in 1939 to 13,870 in 1968, according to figures released by the New Mexico Crop and Livestock Reporting Service.

However, the farm acreage has decreased rapidly. The figures show 100,000 acres under cultivation in 1932, and 40,300,000 in 1968.

The nation had 3,054,000 operating farms in 1968, and will probably have fewer in 1969. Preliminary estimates indicate 2,970,000 farms will be in operation.

**Holloman Helped Launch Apollo**

**ALAMOGORDO** — Support of the National Aeronautics and Space Administration's Apollo project was one of the scientific achievements of the engineers and scientists at Holloman Air Force Base during 1968.

A part of the Apollo project culminated in the Apollo 8 launching on Dec. 21.

Holloman's 6571st Aeromedical Research Laboratory conducted tests on its 240-foot dual rail track, the Daisy Decelerator, designed to study the effects of landing impact on the couches used by Apollo astronauts. Wearing Apollo space suits, human volunteers evaluated the comfort of the couches and cuts on a water brake on the end of the track brought each ride to an abrupt halt.

Chimpanzees were also used by the lab to determine the effect of being exposed to the vacuum of space without the protection of a pressurized suit. Results indicated that during exposure to vacuum of up to three minutes there was no lasting psychological or physiological damage to the animals.

While the couches were undergoing tests, the entire Apollo Command and Service Modules were being electronically "fingerprinted" at Holloman's Radar Target Center Site (RATSCAT) to aid in radar identification and tracking of the space vehicles.

The Directorate of Test Track is currently testing a module of the Saturn V space booster to gain valuable acoustic and vibration data. Tests are also being used to test a full scale storage tank for NASA as the tank undergoes the acceleration and vibration of a simulated rocket launch.

At the Air Force Cambridge Research Laboratories' Sacramento Peak Observatory at Sunspot, N. M., the sun is being studied to provide NASA with information on proton showers which could be dangerous to astronauts. The showers are associated with periods of high solar activity.

The Air Force Cambridge Research Laboratories' Balloon Research and Development Branch here set two records in support of an Army project when they launched the largest balloon ever sent aloft to a new record altitude of nearly 30 miles.

**New Mexico Fleeces Rank High in Show**

**DENVER, COLO.** — New Mexico fleeces entered in the National Western Wool Show here have battled 1,400 in that all 22 fleeces entered from the state have placed among top places in various classes.

A broader exhibit of the ram fleeces and four-ewe fleeces by E. P. Johnson, Jr., of Ruidoso, took the show's top places award and the top composite wool marketing award. Johnson's five-ewe fleeces were ranked by the A. D. Jones Fleeces Club, which took third in the classification.

Johnson's entry took 1968 reserve grand champion fleeces honors, and will shepherd Johnson's entry took 1968 champion territory fleeces honors.

Ab entry by Felix Cauhape, Hope, with the reserve champion territory fleeces honors.

In the National Western Junior Show, a fleeces entered in the fleeces classification by Carol Cooper, Ruidoso, took first in that class.

New Mexico entries and their owners in the National Western Wool Show are as follows:  
 60's (1) Blood Combing—(1) S. P. Johnson, Jr.; (2) S. P. Johnson, Jr.; (3) Felix Cauhape.  
 64's, 70's, 80's (Fine) Ram Fleece —(1) S. P. Johnson, Jr.; (2) A. D. Jones Estates; (3) Picacho Sheep Co.; (4) Felix Cauhape.

The National Western Wool Show is a part of the National Western Stock Show which concluded Saturday, Jan. 10, in Denver.

# Nob Hill Starts Team Teaching

Mrs. Thompson's pre-first students are working on learning the alphabet now and are continuing their studies of numbers, one thru 8. Only nine students were present when we visited this classroom Monday, this week. Don't know whether they are ill or not.

Mrs. Godley's first grade students are studying a new consonant letter "B", this week. They have new letters and do records and lessons which they are eager to get started on. Donna Lewis is back after a trip to Oklahoma and a bout with the flu. There is a new student in this class, Terry Beckelmer. He just moved to Ruidoso from Dallas. Stacy Saum has her ears pierced and is real thrilled with it. This class is one which will start team teaching in the second semester.

Mrs. Jones, first grade teacher, reports this week that the two first grades at Nob Hill School are starting team teaching in reading this week. Both first grades will have the use of both teachers, she reports. Her students are doing a strong review of concepts of 1 through 10 in arithmetic and they have oral dictation of words, spelling readiness, nearly daily now. In science they are studying hot and cold and have learned that matter has three forms, gas, solid and liquid. In art they have made large free-hand snowmen for the room. They have had many absences due to colds and flu, but most are back in school now. Priscilla Bustamante has a new baby brother. Linda Scott Nina Masquino and Kim Sanchez have been visiting their respective grandmothers. Dilyn Pruitt went to El Paso. Dino McCall went to Roswell to eat Chinese food. Billy Hull went to Roswell and Dean Perry went fishing.

Mrs. Cheney's second grade students are studying sound in science and have made snowmen, snow flakes and snow scenes to decorate their room. There are two new students in this class, Alford Vest, who was moved from Mrs. Godley's first grade room and Ben Silverman from Denver City, Tex. Timmy Yeager has moved to Albuquerque and Kelly Taylor made a trip to Carlsbad last week end.

Mrs. Cole's second graders are studying birds and their habits. They have film strips about birds which they have been enjoying very much. One reading group is the supplementary reader, in preparation for going into their first grade room and Ben has second grade reader. They are also working hard on counting by 2's and 5's.

Mrs. Moore's third grade students are finishing studying their

arithmetic facts through 16, adding, subtracting, multiplying and dividing. Each pupil has made a collage of skyscrapers in the New York skyline. They are finishing their workbooks which coordinate with the first basic reader and should have their second basic reader by next week. They are studying Alaska, Hawaii and Puerto Rico this week and as a coordinating song, they are learning, "This Land is Your Land". In English they are learning simple and 8-form verbs.

Mrs. Samelson's fourth graders are studying geometry in arithmetic and are experimenting with oxygen and making an air purifier in science. They have a new presidential calendar in their room. They are making tape recordings to send to the fourth graders that they correspond with in Missouri. On the tape will be some of their favorite poems and songs and each child will say a few words. They hope to exchange tapes, with the Missouri children. There is one new student in this class, Glyn Silverman, who comes here from Denver City, Tex.

Mrs. Cunningham's fifth grade students are taking semester exams this week. They have a new student, Connie Yeager, supplemental reader and there is one student from Albuquerque.

Mr. Dunagan's sixth grade students have decided that if they make an "A" in their six-week tests, they can skip the semester tests. Now that should be an incentive in language, Kelly Perryman made an "A", and Sandra Petty made it in math. Examinations begin Tuesday this week.

## VETERANS, HERE'S YOUR ANSWER

Q I was permanently blinded while serving with the army in Viet Nam. Obviously, I cannot drive a car. However, am I entitled for an allowance toward the purchase of an automobile which my wife can drive?

A Yes. Even though a veteran cannot drive, the law permits payment of an allowance up to \$1,500 toward the purchase of an automobile for an eligible veteran if someone will drive the car for him. Since the allowance may only be paid to the seller, do not take any action until after you obtain an application and guidance from the VA.

Additional assistance needed in applying for the benefit, and the application form, may be obtained from your nearest VA regional office.

Q What is the limit on the amount of a guaranteed home loan a veteran can obtain from a lending institution, and what is the maximum length of time allowed to repay this type of loan?

A The VA has no limit on the amount which may be borrowed with a guaranteed loan. However, there is a limitation on the amount of the VA guaranty to the lender. The guaranty cannot be more than 60 percent of the loan and in no event can it exceed \$12,000. GI home loan mortgages may run up to 30 years.

Q My service-connected disabilities have gotten worse. Can my compensation be increased?

A Send a statement from your doctor to the VA and request reconsideration of your claim.

Half of all delinquent drivers involved in fatal automobile accidents are alcoholics, according to the latest findings of the U. S. Public Health Service. In quoting this new statistic, the National Council on Alcoholism points out that treatment, control and prevention of the disease of alcoholism can materially reduce the highway death toll.

## Mrs. Maydell Dunn Buried In Texas

Funeral services for Mrs. Edna Maydell Dunn, 69, of Ruidoso were held last Monday at First Baptist Church in Ruidoso with Rev. Leon Bruce officiating. Burial was at Crosbyton, Texas Tuesday last week, with graveside services conducted by the Order of Eastern Star of Crosbyton.

Mrs. Dunn, until her retirement a year ago, owned and operated Dunn's Cabins and had maintained a home here since. She died in Truth or Consequences Saturday.

Mrs. Dunn is survived by two children, a daughter, Mrs. Ruben Larson, Ruidoso, and a son, Edward, of Lubbock, Texas, and four grandchildren. She is also surviv-

## Council Ponders Tax Collections

Collecting sales tax from seasonal operators is a major problem, the Ruidoso city council agreed at its last meeting.

Elmer Pirelli said he had received a complaint from R. A. Bennett, local businessman, about the unfairness of the present system. Pirelli said it had been pointed out under the present system, a man

could buy a minimum business license, operate through the summer, and then leave town without paying city sales taxes on his operation.

Mayor Lloyd Davis, Jr., said the city cannot prevent seasonal operations but it would have more control if it collected its own sales tax rather than leaving it up to the state.

## Last Rites Held For R. G. Hoffman

Graveside Masonic services were held at Forest Lawn, Tuesday, Jan. 14, for Robert G. Hoffman, 65, who died Saturday in an El Paso hospital. Mr. Hoffman had been a Ruidoso resident for about a year, moving here from El Paso. He was a member of the Presbyterian

church and a 32nd degree Mason. Services were held earlier Tuesday morning at the First Presbyterian Church in El Paso.

Surviving are his widow, Mrs. Mildred M. Hoffman, two daughters, Mrs. Carveth Clements, El Paso, and Mrs. Ronald Nelson, Albuquerque; three sisters, Mrs. J. L. Hilton, Sr., Mrs. W. M. Wolfe and Mrs. H. L. Boylan, all of Canton, Ohio, and seven grandchildren.
