He will be met at the Ruidoso Municipal Airport by the Ruidoso Valley Ambassadors.

Want to congratulate Bob E. Bridge, Ruidoso's Western States Telephone Co. manager, for promoting the First Annual Western States Telephone Company Invitational Golf Tournament to be held here Saturday. Telephone dignitaries from at least six western states will begin arriving Friday—No, it's not the time for you to call about a phone complaint. They will be playing golf and it wouldn't be appropriate for anyone to be "caddy."

As many Ruidoso area residents already know, long time area resident, Dorothy Turner's home and belongings were completely destroyed last Friday by fire. We have learned that she is staying at the Palace Motel just east of Ruidoso Downs, perhaps you might be able to help her in some way. Ruidoso area folks have always come through in time of need and her needs are very apparent and presents another opportunity to demonstrate the Ruidoso area spirit of benevolence.

Next Sunday, Mrs. Congeniality of Ruidoso, better known as Mrs. Wattle's, (the better half of Wattle's Cafe) will celebrate her birthday. The entire weekend will be spent by the honoree being nice to tourists and coffee drinkers, especially those who have several refills. We have not found out her age, but doubt the rumor regarding her being 100 is true. Before she visited the Old Mill in the middle 1870's. Regards, Happy Birthday, Mrs. Wattle!

Early this week several of our business people remarked, regarding last weekend's many tourists, that it was nearly like a 4th of July weekend. Most motels on Sudderth Drive, if not all, had the No Vacancy sign out, restaurants were crowded long after the normal closing hours, and Saturday night on Sudderth Drive looked like Times Square in New York on a New Year's Eve—well almost anyway.

These broad and butter people, tourists, that come to our area need to be treated with royalty so that our town won't be classed as "just another tourist town". In all cases it is equally important that our guests take something with them as well as leave something here. If they can take with them a good feeling that they have not been "taken", if they can take with them a good taste of the Ruidoso hospitality, if they can take with them a sense of belonging to the Ruidoso family—then we can make Ruidoso ambassadors of all our visitors. After all, next to advertising in the Ruidoso News, word of mouth is the best known medium of advertising.

Mr. and Mrs. Frank Garvin, Captain, wrote this week thanking the Ruidoso News for making it possible the past several weeks for them to get their paper early Friday morning. We have received several letters from Captain Garvin who also expressed similar appreciation. We appreciate the letters and want to thank our own lovely 5 foot, five (5'5") and down) Lois Lane, delivers the papers to the Post Office in Alto and Captain each Thursday night. Lois goes to Carrizozo and spends most of the weekends with her mother. I am also told that she helps Paul Peyton with his spelling, he has a problem with his "s's" and "w's". He has been known to spell winner with an "is".

Lois Mitchell, wife of the pastor of the Northside Assembly of God Church in Lubbock, Texas for 22 years, was at Bonito Lake early this week and eye-witnesses stated that they watched her and Buddy

Ruidoso Boys Gain New Outlook Toward Government At Boys' State

Mike Montes and Pat Brown returned from their week at Boys' State with a new outlook on the American system of government. Brown told the News that he enjoyed Boys' State and "learned all the time he was there." He was particularly impressed with the individual's responsibility to express his opinion and preferences through the voting process.

Montes added that he thought he learned more in that one week about the government than he had in a whole year of school because of the chance they had to observe and actually practice government in action.

Montes, who is the son of Mr. and Mrs. O. S. Montes, was a citizen of the city of Castillo and the county of De Castro while in Roswell for the Boys' State session which was held on the campus of N. M. I. A member of the nationalistic party, he ran for the office of magistrate judge but was defeated in the primaries. He was appointed to the position of county policeman for De Castro county and was named State Highway Commissioner, having been chosen from 607 boys.

Brown is the son of Mr. and Mrs. J. Pat Brown. A member of the Federalist party during the Boys' State session, Brown was a citizen of the City of Montezuma and of De Baca County. He was appointed Parks and Recreation Commissioner after having been defeated for the city office of City

Two Sentenced To 70 Days In County Jail

Judge Richard Stanley of Alamogordo sentenced two Idaho teenagers to 70 days in the Lincoln County Jail during 3rd Judicial Court action in Carrizozo Monday. Kipling F. Edwards and Eddie Robert McGlinchey, both 19, of Idaho Falls, Idaho, pleaded guilty to charges of unlawful possession of marijuana in connection with a May 29 incident in Carrizozo.

They also both received a 360 day suspended sentence and were placed on probation for 1 year for unlawful possession of dangerous drugs.

Also involved in the incident was U. S. Air Force Sgt. James R. Beck, 20, of Ogden, Utah, now stationed at Holloman Air Force Base, Beck is in the custody of military authorities.

3 Fined \$15 For Failure to Appear

Three Lincoln County residents were fined Monday by Judge Richard A. Stanley during 3rd Judicial Court action in Carrizozo for failure to appear for jury duty.

Fined \$15 each were Laura Rodriguez Gallowsy, Bernard Oris Rooney, both of Ruidoso, and Dorothy Shesels Hall of Alto.

The judge also ordered the three to remain in court to witness the selection of the jury and to go on a tour of the Lincoln County Jail, conducted by Lincoln County Sheriff Ernest Sanchez.

Five Lincoln Countyans were originally ordered to appear before the court to show cause why they should not be held in contempt of court for failing to appear for jury service.

Fernan Montes, Giancoe, and Kathryn Hale Williams, Ruidoso, were excused by Judge Stanley.

Bryan Fort Hamner, pull taffy dandy for about fifteen minutes stretching it from ten to fifteen feet. She has reportedly been pulling taffy for 20 years, in season and out of season. Anyway a taffy story from months is better than a trout tale.

Safety Helmet Law Enforced

Ruidoso Chief of Police O. S. Montes told the News this week that Section 64-18-65.1 of the Motor Vehicle Code regarding safety helmets will be more strictly enforced than in the past. This section reads:

A. No person shall operate a motorcycle, motor scooter or motor-driven cycle unless he is wearing a safety helmet securely fastened on his head in a normal manner as headgear and meeting the standards specified by the commissioner of motor vehicles. No person shall carry any passenger on any motorcycle, motor scooter or motor-driven cycle unless the passenger is wearing a securely fastened safety helmet, as specified above, meeting the standards specified by the commissioner.

Montes said that the time had come for maximum enforcement of the statute in view of the rising accidents involving motorcycle, motor scooter and motor driven cycle operators.

Rainbow Quarter-Horse Derby Carries Purse of \$150,000

Saturday, June 27, brings about the trials races for the running of the "Rainbow Quarter Horse Derby", carrying an estimated purse of \$150,000. Although the trials are worth only \$1200 each, they are very important, for all entrants, in the fact that the ten fastest qualifiers in the trials will qualify for the finals, to be run Sunday, July 5. Also, the second ten fastest qualifiers in the trials will qualify for the "Derby Consolation" to be run Saturday, July 4. The trials for this year's renewal draw forty-six horses, thus necessitating five "heats". Heading the first division will be Walter Merrick's World Champion, Easy Jet, leading money-winning two-year-old quarter horse of all time, and winner of last year's "Kansas" and "All American Futurities". Although this will be Easy Jet's first race since last December, he is sure to be backed down to odds-on favoritism. The mighty

colt accumulated earnings of over \$400,000 last year. The next division will feature a duel between Hell's To Betsy owned by Bill Koch and W. R. Brannon and W. L. Badley's Princess Alamito. Leading contenders in the third division are expected to be J. R. Adams' Breadstick and Howdy Jones, representing James Jean Dillard. The fourth division will show off the talents of Harriett Peckham's Go Together, pitted against Speckled Hen, Will Whitehead's star performer, who both were finalists in last year's "Rainbow Futurity". The fifth and last division lists among its starters, R. C. Jones' Je Roon, Aubrey Stokes' My Talent, and Parr Pool, who were all qualifiers for one of the "three big Futurities" at Ruidoso last summer.

The tenth race, which will also be the last trial, will go as the "Western States" Telephone Purse", featuring the company,

which services this area. The eleventh race of the afternoon will honor KCLV-Radio of Clovis. Owned by Mr. Odis Echols, Sr., this radio station is perennial visitor to this mountain oval. Heading the list of eligibles for the "KCLV-Radio Purse" will be Edmond Herring's Sandia King, a five length winner of his last out. First post for Saturday's "trial day" program will be 1:30 p. m. Friday's feature race at the Downs will be the "Chisum Purse" in honor of the movie Calsum, starring John Wayne, which premiered Thursday in Roswell. The movie tells the story of the Lincoln County Cattle War. Ben Johnson, one of the stars of "Chisum" will be in the winner's circle Friday to present the blanket.

Sunday's feature race will be the "Flying Charm Allowance Stake" with three-year-olds and upward running 875 yards for a purse of \$3,000 added.

Dan Swearingin, Longtime Resident, Leaves Ruidoso

Dan D. Swearingin, one of Ruidoso's oldest residents, has moved to Albuquerque where he will practice real estate appraisal. Swearingin was born in Roswell on October 4, 1922, the son of Dr. and Mrs. D. D. Swearingin. His father was born in Roswell in 1912, was an eye, ear, nose and throat specialist there.

Swearingin was brought to Ruidoso when he was about 6 months old to the Swearingin cabin, located on the Rio Ruidoso southeast of the Whittaker Pine Restaurant. That cabin is now owned by J. T. Baker of Midland, Texas.

He attended school in Roswell, graduating from Roswell High School in 1941 and is a 1943 Junior College graduate of the New Mexico Military Institute. After school, he served in the 104th Infantry Division in World War II in the European Theatre, returning from the war in September of 1946.

Swearingin's father started in the cabin business in 1897 when Dan was 14 in an operation known as Dan De Cabins. The original office was just south of the Whittaker Pine Restaurant and in 1938 was moved to the tract where the present Dan De Cabins are operated by Ken Knapp.

In August of 1946, Swearingin was appointed to the Board of Trustees of Ruidoso by Mayor George McGahan. He later served a 4-year term as Village Trustee starting in April of 1948 and served as Mayor of the Village of Ruidoso from 1954 to 1956.

In addition, Swearingin has served as director of the Ruidoso Chamber of Commerce, member of the Lions Club, Rotary Club president, president of Ruidoso Builders, president of the Board of Realtors, Eagle Creek Water-Community Water Supply Assn., president, has held various offices in the Community Methodist Church, New Mexico Realtors Assn., vice-president, vice-president of the Municipal League, vice-president of the Confederation of Planning and Zoning Boards, and chairman of the Ruidoso Planning and Zoning Commission.

He met and married Corinne Kennedy in the Community Methodist Church of Ruidoso Oct. 18, 1947. They have one son, David D., who is now a senior at Colorado State University in Fort Collins, Colo.

Swearingin purchased Ward-Campbell Insurance Agency, in 1963, operating the agency until 1968, and sold the Dan De Cabins in 1964 to James and Jive Perfect. In 1968 he began a brokerage department, with which Tommy Perret was associated at that time and Dave Parks came in 1961.

Appraisal Institute of the National Association of Real Estate Brokers in Albuquerque. He will practice full time to Real Estate Appraisal since 1967.

Swearingin served active participation with Dan D. Swearingin, Inc. in June of 1968 and sold remaining interest in Dec., 1968. He moved to Albuquerque in June, 1970 to have a larger population center in which to practice real estate appraisal without the necessity of so much traveling.

Swearingin said, "Leaving Ruidoso was difficult because of the long association and strong friendship and many honors given me by the community and various organizations, however, I feel the need for new experiences. I will still be interested in the Ruidoso area although my new base is Albuquerque. As my good friend Don Snyder, D. O. used to say, "If you drink the water, you'll probably be back one of these days."

Two Car Collision Claims Life Of Ruidoso Summer Resident

Funeral services were held at the First Baptist Church in Ozona, Texas, Tuesday, June 23rd for Kym Chapman, daughter of Mr. and Mrs. James Chapman of Ozona, and long time summer residents of Ruidoso.

Kym Chapman, an Ozona High School senior, died Sunday afternoon as a result of a two-car collision seven miles west of Ozona on U. S. Highway 290. She and her sister, Karen, 16, and Don Boone, 21, of Ruidoso, reportedly were enroute back to Ruidoso when the accident occurred.

Ambulances from the James Funeral Home in Ozona took the trio to a Sanora, Texas hospital and later transferred Karap Chapman to the Shriners Memorial Hospital in San Angelo, Texas. She is reportedly in serious condition. Boone escaped serious injury. The extent of the injuries to the occupants of the second car was not known.

John Harris, Texas Department of Public Safety, stationed in Ozona, investigated the accident. Ozona, which has a modern, well equipped hospital, is presently without a doctor.

Survivors of Miss Chapman include her parents, two sisters, Karen and Kelly; one brother, Cole; her grandparents, Mrs. F. L. Chapman of Ozona, and Mr. and Mrs. Jack Brewer of Mount Pleasant, Texas.

Wendell Marion Tribble, Jr., 22, of Cleburne, Texas, accused of two recent armed robberies in Ruidoso, was arraigned before Judge Richard A. Stanley of Alamogordo Monday morning during 3rd Judicial Court action.

Authorities of the New Mexico State Hospital in Las Vegas will determine whether or not Tribble is mentally competent to stand trial, until which time the case against him will continue.

He pleaded guilty before Magistrate Austin A. Pritchett of Ruidoso to two charges of armed robbery stemming from a May 31 incident at the Ski Skeller Restaurant and a June 10 incident at Mannie's Toggery, both in Ruidoso.

Tourists Warned Regarding Bears

Several bears have been seen in the upper canyon of Ruidoso this week and tourists as well as Ruidoso residents are reminded of the extreme danger of feeding or getting too close to the unpredictable animals.

Wednesday afternoon Ruidoso Police officer Randy Russell was notified of a large limping brown bear in the north loop area of the upper canyon. The bear was believed to be the same one that bit a man on the foot late last week.

The Ruidoso News, camera and all, went with Russell and followed the bear for over fifteen minutes. The brown intruder rambled at will through garbage cans without any apparent fear of capture.

Two New Directors Elected To Sunland Park Board of Directors

Michael F. Drinkhouse of New York City and W. C. Kruger of Santa Fe were elected to the Sunland Park Board of Directors during a recent meeting of the Board.

Each was named a director. Mr. Drinkhouse has been connected with racing, both as an owner and breeder, since 1945. His skills have been carried at major tracks in New York, New Jersey, Florida and California. In addition, he has raced in New England and Louisiana.

Drinkhouse still retains a stable at Ocala, Fla., for breeding and training purposes. His business interests center mainly on finance, real estate and investments. Mr. Kruger is chairman of the board of W. C. Kruger and Associates, an architectural and engineering firm of Santa Fe. He is also president of Bonanza Land and Livestock Co. of Santa Fe. In addition, he is on the board of directors of Santa Fe National Bank, and served as vice president of Santa Fe Downs.

He is also a partner in Crosspart Partnership of Honolulu.

Eleven members now comprise the Sunland Board of Directors, which is headed by Chairman Mike J. Coen.

The directorate includes Art Johnson, president; Fred C. Berger, vice-president; Nora Johnson, secretary; Albert Thomson, assistant secretary; Edwin B. Wright, treasurer; Bryan Johnson, director; George Ranich, director; and Norman Conway, Jr., director.

In the recently concluded 1969-70 racing season, Sunland Park enjoyed a daily pari-mutuel increase of 22 percent. The daily average was the best in five years. Sunland's '70-71 seasons are tentatively slated to begin on Oct. 3.

Amendment Proposed To Gun Control Act

Eighty-seven senators and congressmen have banded together to amend the 22 calibre ammunition portion of the 1968 Gun Control Act. The bills introduced by Sen. Gale McGee (D-Wyo.) and Representative Robert Sikes (D-Fla.) would remove the remaining restrictions on the popular sportsmans ammunition.

It is necessary for dealers to keep records and report the sale of 22 calibre cartridges. The restrictions on all other rifle and shotgun ammunition have been repealed by congressional action.

The lawmakers said that criminals ignore the law and that law-abiding citizens resent registration.

The Florida Democrat, in keeping with the NRA's stand of fostering marksmanship among citizens subject to military duty, pointed out that "young lads can be drafted to fight at age 19 in Vietnam but are unable to purchase a box of 22 calibre ammunition for practice at home."

3 Deferments Discontinued

The executive secretary of the Lincoln County Selective Service Local Board No. 14 announced this week that effective April 23, 1970, by Executive Order No. 11527, all I-A occupational, II-C agricultural and III-A paternity deferments have been discontinued.

This does not effect registrants who requested deferments prior to this date and qualified under the regulations of those registrants already in these classifications who continue to qualify under the previous requirements.

Ervin Randolph Chavez, 22, of Ruidoso was inducted into the armed Forces in June of 1970. The board will next meet on Thursday, June 25.

3 Forest Fires Are Lightning Caused

Forest Service personnel extinguished three small fires last Friday afternoon near the reservation boundary south of Hollywood in Pine Canyon and Turkey Canyon. All were started by one lightning storm and were under control by Friday evening.

Forest Service officials said that little damage was done, the largest of the three fires covering about one quarter of an acre. The area was checked again Saturday morning, revealing that the blazes had been completely extinguished.

Student Searching For License Plates

Mr. B. Lobay, a Canadian chemistry student, writes about his unusual hobby of collecting old U. S. car license plates. He is trying to get one plate from each state for each year of issue and as Lobay says, "It's a huge task involving some 3,000 plates."

Anyone with any old New Mexico plates for the years before 1950 who would be willing to let them go should write B. Lobay, 410 Washington, Winnipeg 15, Manitoba, Canada.

Montoya Favors Establishment of American Indian Development Bank

U. S. Senator Joseph M. Montoya (D-N.M.) today joined in sponsoring a bill to establish an American Indian Development Bank. Montoya said such a bank is essential to provide funds to overcome severe economic and social problems on reservations.

The bank established by the bill would be financed principally from funds obtained through action of the Indian Claims Commission. It was created in 1946 to hear claims and enter judgments for wrongful taking of Indian land and misuse of trust funds. To date, the Indian Claims Commission has entered judgment involving \$38,806,000. It is now considering 292 dockets involving undetermined millions of dollars.

Unfortunately, much of this money is not being used by Indian people due to procedural delays in distribution to affected Indian Tribes. There is often a time lag of four to five years between the time Congress appropriated money and when it is finally available for distribution.

The new legislation proposes that the capital structure of the American Indian Development Bank, with consent of individual Tribes, would consist principally of claims money on deposit with the U. S. Treasury. The nature of the bank's capital would permit it to make of guarantee loans to Indian Tribes, groups and individuals making significant contributions to Indian employment and social and economic development.

The bill would also give the status of Indian Reservations, a political party with other local government structures by amending the Internal Revenue Code of 1954. This would allow Indian Tribes to issue tax-free Tribal bonds in the same manner that local governments now issue tax-free municipal and school bonds. The Senator said that free status of Tribal bonds is essential to encourage private outlays to help finance needed public improvements.

Complete Report On Dog Problem At Ruidoso City Hall

A complete and detailed report on the problems of picking up dogs running loose in Ruidoso has been prepared by the Humane Society of Lincoln County in Ruidoso and anyone can go to the City Hall and read the report. A very few dogs had to be shot, including one dog which was badly infected with parvovirus quills and the Humane Society caretakers tried for 72 hours to find the owner, the dog had no collar or tag. Three wild dogs had to be destroyed and one of these was badly infected with parvovirus quills. A member of the Ruidoso Police Department carried out the shooting in these cases. The dog mentioned in a letter to the editor in last week's issue of the Ruidoso News, was a female dog in heat which the Humane Society had received telephone calls on a number of times that day. The incident took place in the area behind Midway Garage. A large pack of male dogs had been fighting and had killed two smaller dogs and the neighbors in the area demanded that something be done about it. No one in the area claimed the female dog and she had no collar or tags.

Any complaint on the manner in which the Humane Society is conducting the enforcement of the Village of Ruidoso Dog Ordinance, should be filed at the Ruidoso City

Capitan Hires 2 New Teachers

Majlyn L. Gossett of Mountain Air and Helen F. Pearce of Vaughn have been hired by the Capitan Board of Education to teach in the school system there during the 1970-71 school year.

Gossett replaces James Paul Lockhart as the industrial education instructor and head basketball coach in the high school. He received his industrial arts degree from Eastern New Mexico University in Portales.

Miss Pearce, who received her elementary education degree from Marywood College in Scranton, Pa., replaces Mrs. Hilda Young as the first grade teacher.

Lockhart resigned and Mrs. Young retired from their respective positions with the Capitan schools.

The Capitan school board is now accepting applications for a combined high school mathematics and science teacher, a position which was created by the resignation of F. D. Hornbaker.

The ordinance was published in its entirety in the May 22 issue of the Ruidoso News and Section 5 of that ordinance has been quoted in the News a number of times. It states: "The owner shall keep his dog under restraint at all times and shall not permit such dog to run at large off the premises or property of the owner."

Dear Editor:

I read your report for another dog being up. When I was little, I had a dog named like Billie. No one in the area claimed the female dog and she had no collar or tags.

No need to sweat out another summer...

Timberon is here!

THE NATION'S FIRST 'PURELY PRIVATE' HUNTING & FISHING PRESERVE FOR HOME OR HOLIDAY LIVING

Fly at our expense to... CLOUDCROFT COUNTRY!

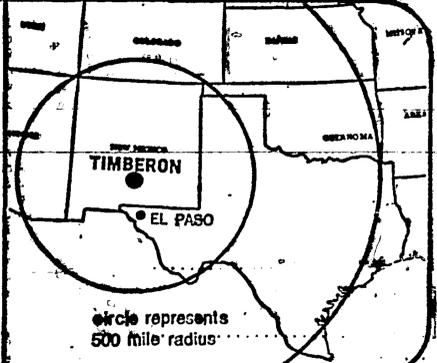

1. WHAT IS TIMBERON...

Timberon is a private mountain retreat created from 3000 acres of virgin, primeval forest. A "purely private" hunting & fishing preserve where nothing less than 3 acre homesites can be developed. (Except for the golf course and mobile home areas.) No city-sized lots here. The idea is to provide plenty of green grass, tall trees and room to grow. With anti-pollution restrictions. Without overcrowding. Where herds of mule deer feel free to roam. Make Timberon your place for all seasons!

2. WHERE IS TIMBERON...

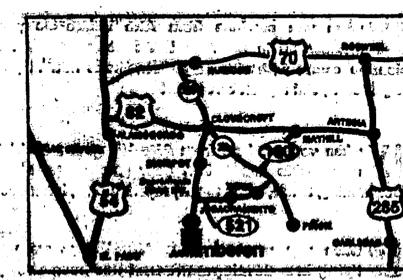

Timberon is located in Southern New Mexico's tall-timbered Sacramento Woodland Range—20 miles from the ski slopes of Cloudcroft and just 15 minutes by shuttle plane from Ruidoso. Where the air is always clean and cool at 7000 feet. And right next door, there's 300,000 acres of heavily wooded National Forest land just waiting to be explored!

3. WHY TIMBERON NOW...

Sales at Timberon are booming! Prices must rise as permanent improvements (most of which are under construction now) are completed. Specular 3 acre homesites are now being offered at a limited time at special development prices. When the 18-hole golf course, equestrian facilities, 5000 foot alps strip, swimming pool complex, Sportsman's Lodge with overnight accommodations, and 50 acre game preserve are completed, homesites will double in value.

Seize or lose you'll come up to Timberon. Make it NOW!

Lawrence Porter To Open One-Man Exhibit At Gallery III, July 4th

Lawrence B. Porter, a native of the Southwest and resident of Las Cruces, will open a one-man exhibit of his latest work in watercolor at Gallery III in Ruidoso Saturday, July 4. Mr. Porter will be present in the gallery for a preview showing from 6-9 on the opening date. The exhibit will continue through July 25. Porter is presently one of the few American artists using people in the composition of landscapes. He is a realist, he devotes most of his efforts towards the development of intense sunlight and mellow shadowing. He is best known for his portraits and western subjects and is recognized for his skill in the production of clean, clear watercolors. John Meigs of San Patricio has said of L. B. Porter, "The demands of visual communication in the arts require a sympathy and an understanding of the landscape and people an artist hopes to interpret." "L. B. combines a grass roots feeling for the land of the Southwest and an intimate association with its multi-racial people to produce his strong statements. "Porter is a rare painter with an important contribution to make to fine art." Porter was born in Frisco, Tex.

Mailing is now underway on several thousand copies of the 1970 edition of the New Mexico State Fair premium book, which arrived a few days ago at fair offices in Albuquerque. This year's premium book, with 332 pages, is one of the largest ever published by the fair. "Rio Grande Kindergarten" Climaxes Week Of Anxiety

By JOHNNIE BROWN (Ruidoso Downs Turf Writer)

Last Sunday's running of the \$25,000, the "Rio Grande Kindergarten Futurity" brought about an exciting climax to a week of anxiety and preparation on the part of ten finely tuned New Mexico bred and/or foaled two-year-old thoroughbreds. Having qualified through trial races the week prior to the "Kindergarten," the ten finalists represented the "cream of the crop," as far as quality was concerned.

When the final laurels were presented, it was Cable Trouble, representing John S. McKee, El Paso, Texas, who garnered the major share of the "spoils." Reaching the wire, with a length to spare over his nearest pursuer, Cable Trouble almost duplicated his trial victory, which he won by two lengths, under slight urging. The final time for the "Kindergarten" was a respectable :47.3 seconds, which exactly equaled the time for last-year's running.

In winning the fourth-race of his career, out of five starts, Cable Trouble picked up a paycheck of slightly over \$11,000. Finishing second to the McKee speedster was the Five "R" Stable's Otro Sol, who was a head in front of Bin In Bloom, owned by Allan R. Wisenbaker, Longview, Texas.

As the horses jumped out of the gate, it was Otro Sol, who lead the way, with Iva Errow slightly behind him, going into the turn for the stretch. Midway through the turn, Cable Trouble made a bold move on the rail, under the guidance of reinsman Larry Byers. At the same time, Bin In Bloom, with Jerry Burgess up, started a strong rally on the outside, but lost much ground, while going wide on the turn. As the horses turned into the stretch, Walter Hodges, rider of Otro Sol, had his horse in full motion, with a narrow lead, but Cable Trouble slipped through on the rail to win going away. Otro Sol still fought on gallantly, and held off the fact closing Bin In Bloom, in a thrilling stretch duel. Iva Errow was two lengths back, while easily copping fourth place honors.

Cable Trouble paid \$4.40, \$3.00 and \$2.60. Otro Sol paid \$5.80 and \$4.20, while a show ticket on Bin In Bloom returned \$2.60.

Adding to the weekend's excitement, was the unning of the "Susan Raye Purse" on Saturday. Named in honor of the "Hee Haw Girl" who stars on Buck Owens' weekly TV show, the "Susan Raye Purse" brought out a field of ten sprinters, to test their talents over the distance of five and one-half furlongs.

Edmon P. Herring's Sandia King came out the victor, with a staggering stretch drive, which brought him home first by a wide margin five and one-half lengths. Finishing second was Kancily Penny, owned by Kathryn M. and Henry H. Oranall, Carlsbad, who was only a nose in front of Carlos E. Alexander's Roman Wager. Roman Wager was making his first start of the year, and proved most impressive, while making a bold stretch rally, which carried him past every horse except the first two full-bred. Running fourth was Diamond Charge, representing Robert Hirst, Roswell.

Running time for the dash was a very good 1:07.2 seconds. In winning, Sandia King paid \$5.60, \$3.40 and \$3.00. Kancily Penny returned \$3.60 and \$2.80, while Roman Wager paid \$5.20 to show.

HEE HAW GIRL - Susan Raye (left), frequent guest on Buck Owen's national television show, Hee Haw, and a regular on the weekly Buck Owen's Show, takes time out to pose for the News just prior to her performance Friday night at the Chaparral Motor Hotel. She is shown with Mrs. Ken Geaslin, wife of the owner and manager of the Chaparral. Miss Raye appeared both Friday and Saturday nights at the Chaparral, drawing a crowd of over 600 on Saturday. She was so well received that plans are being made to bring her back to Ruidoso July 26 and 27 for a return engagement. (Ruidoso News File)

Leave The Young Wildlife In Woods

In a time when people are becoming more aware of their environment, the Department of Game and Fish has asked that outdoorsmen remember that the balance of the enjoyment is upset each spring when people find young wildlife alone in the woods. These people in their enthusiasm or concern that the young is an orphan, often take the animal home and in so doing reduce the animals chances of survival, break a New Mexico law and endanger their own lives. Only in rare instances are the young really abandoned. The mother is nearby feeding or waiting for the human intruders to leave. Wildlife that is adopted by well meaning people are cute and lovable when small but they grow up with no fear of human beings. There are many cases of wildlife pets causing injuries. Animals surviving captivity are still wild animals and are unpredictable and dangerous. The Department of Game and Fish advises all people who find young game animals to leave them where they are found. These animals will have a much better chance of survival if left undisturbed in their natural surroundings.

Don Stark Addresses Rotary Club

County Commission chairman, Don Stark, was guest speaker at the Tuesday, June 23 meeting of the Ruidoso Rotary Club. Introduced by Jay Moody, Stark discussed several activities of the county commissioners, in particular the sanitary land fill and the reappraisal program. Stark told the Rotarians that the commissioners hoped that the new sanitary land fill would be in operation by early August, and that the reappraisal project of all the property in Lincoln County was near completion. The project was begun by Lon Nelson and Associates of Santa Fe in June of 1968 and was abandoned in the fall of 1967 because of a dispute over funds. The county commissioners, with the cooperation of the state tax commissioner, agreed to complete the project in February of this year. Stark also told the Rotary Club about roads in the Ruidoso area which have been favored by the commissioners, and roads which are being repaired in cooperation with the state highway commission, such as Highways 37, 42, etc. Guests at the Tuesday meeting were Al Wierbenberger of the Baker Hotel Rotary Club of Dallas, Texas, and his guest, Sam Byrd, also of Dallas; Bruce Pennington, Elston, Texas; Jessie McWhorter, Brownfield, Texas; Howard Barrett, Abilene, Texas; Tom Faulkner, Norman, Arkansas; and Lyle Wemple, all of Alamogordo; John E. Conway, Truth or Consequences, guest of Jay Moody, and Church Seaman who was the guest of Dick Mound.

Tulie Chamber and Extension Club To Sponsor Rock and Jewelry Show

The Tularosa Extension Club and the Tularosa Chamber of Commerce will co-sponsor a public showing of rock specimens, gem stones, jewelry and talks on jewelry making and rockhounding. The meeting will be held in the C. & C. Drive Inn Dining Room, 413 Central Ave., Tularosa, 1 p.m., Sunday, June 28.

Master of Ceremonies is Roland Cooksey, president of Tularosa Chamber of Commerce. Speakers are Carlyle H. Smith, head of Jewelry and Silversmithing Division, University of Kansas at Lawrence who is currently conducting workshops at Cloudercroft, and John Reitzel, president of the Rockhound and Explorers Club, Holloman Air Force Base.

Speaker during the question and answer session is Laverne Kinsman of Alamogordo. His subject: Locations of Minerals and Gem Stone Sources.

"The purpose of this meeting and showing of stones found in this area," Cooksey said, "is to bring together the rockhounds, lapidaries, dealers, jewelry manufacturers, mosaic artists and stone carvers with the idea of developing a wider knowledge of our natural resources he continued. The use of the lava rock found at Carrizozo is proving popular in building construction and landscaping but stones suitable for interior decoration, such as onix, jaspers, agates and petrified woods, and gem stones have, to a great extent, been overlooked as an industrial potential and we hope to make more areas available to rock hobbists."

Reitzel's subject will be Rockhounding and inclusion of gem stones in exhibits for the Otero County Fair in early autumn. "The club," Reitzel said, "will have eight or more displays, at the Tularosa meet."

Alamogordo lapidaries who have confirmed they will exhibit are Elmer Morris, John and David Ambrose, Mrs. Illa Crouch and Michel Daugherty, who shows rock craft in the Rose Festival Arts and Crafts Show will exhibit gem stones. There will be a showing from the collection of Dr. B. H. Robertson of Alamogordo.

The exhibit received from Lincoln County is a showing of gem stone material and rainbow petrified wood from Twin Peak Products Co. Fay Harkey, owner of the company said he is eyeing new areas in Lincoln County where rock collectors will be welcomed to search for agate.

The meeting will include a no host coffee break for getting acquainted and viewing exhibits, followed by a question and answer session conducted by Kinsman. Perhaps you would like a wall mural inspired by agate patterns—he will tell you how to do that too.

"Persons of business wishing to show New Mexico stones are urged to do so," Cooksey said. There is no charge to exhibitors or spectators.

Gran Quivira Sets New Hours

The visitor center will be open seven days a week from 8:00 a.m. to 6:00 p.m. through Labor Day. The month of May showed an 80% increase in visitation over the same month last year.

There is no admission charge to this monument. Employees of the National Park Service are on duty to assist any way possible and answer questions.

Bart McDonough is trying to get up a band for the Smokey Bear Stampede Parade. A rehearsal practice has been set for Tuesday afternoon, June 30, 2 p.m. at the high room of the Capitan Schools. Grown ups as well as youngsters may march in "the parade" in the band. It doesn't matter where you are from either—all you need to have is the ability to play a horn and the desire to march in the parade. We need all the help we can get. If you need further information call McDonough at 354-2458. I hope we can get a band together—the parade certainly needs one.

At the present time the sign reads only Lincoln and Carrizozo. As tax-paying citizens of the State of New Mexico, we hereby request that this sign be corrected to include Capitan."
