BOOSTER CLUB TO MEET FRIDAY
The first meeting of the Ruidoso Warrior Booster Club for the '70-71 school year has been moved to Friday, Aug. 28, according to V. A. Miller, president. The meeting will begin in the high school library immediately following the scrimmage between Cloudercroft and Ruidoso which begins at 7:30. Miller urged all Warrior boosters to attend this important organizational meeting.

National TV Coverage Set For All-American

Til Thompson, Public Relations Director for Ruidoso Downs Race Track, reported to the Ruidoso News today, Thursday, that he had received confirmation from the Columbia Broadcasting System that they will film both the All-American Futurity Trials and the famed All-American Futurity Races on Labor Day.
CBS is expected to have their film crew in the area early Friday for the trial races. Albuquerque's CBS affiliate KQGM-TV will film the races which will be shown nationwide at a later date.
Arrangements for the television coverage was made by Thompson in June during a trip to New York City. A nationally noted sports announcer is expected to narrate the famous world's richest horse race, The All-American Futurity.
Thompson also reported that he has made arrangements with the nationally Mutual Broadcasting Co. to carry the All-American Futurity in its entirety. The program will originate at Ruidoso Downs and will feature Ruidoso K-RRR's Ed Hyman in the winner's circle following the much coveted race. The program will be carried on Van Patrick's Sports Show, a nationally syndicated sports show.
Other radio stations who will carry the complete All-American Futurity Race include Los Angeles, KFWB, an exclusive news and sports station. Thompson spent several days in Los Angeles making formal arrangements for the west coast coverage. Also KTTV-TV sports oriented Los Angeles television station, will send a film crew to shoot the All-American to be shown in the Los Angeles area.
E. D. Wood, nationally known motion picture photographer, will also film the All-American Futurity to be used by Ruidoso Downs as documentary next summer.

Council Holds Regular Meeting

Those present for the regular meeting of the Ruidoso Downs village council were, Mayor Scott, Trustee Carpenter, Perry, Pope and Hale and about 15 guests.
The first order of business was a request by the fire department for additional fire hose and fittings, and although it was noted that the cost of equipment would reduce the fire emergency fund to less than \$300, the request was approved.
It was reported that the planning and zoning committee had not had a meeting since the last regular village council meet and a discussion was held on the requirements for meetings of the committee.
Several members of the council told of comments that had been made to them regarding the cleanliness of the village hall and suggested to Mrs. Silva that she clean the hall twice a week rather than twice a month. They also suggested that she go back on hourly wage basis. Mrs. Silva was given a few days to consider her answer.
Mrs. McCray requested donations for the Curtis Johnson family and advised that they could be left at either the village hall or the bank in Ruidoso Downs.
The council heard a complaint about the danger of large trucks parking on the highways and obstructing the vision of cars trying to enter Highway 70.
Trustee Hale suggested that the village marshal consult the state police on what could be done to help this situation.
In other action the council:
* Approved a request for a vacuum cleaner for use in the village hall.
* Approved adjustments on the water bills of Otha Burke, C. & L. Lumber and Community Public Service because of incorrect readings of the meters caused by a surge of water in the main lines.
* Agreed to replace the fixtures and repair the ladies' room in the village hall.

H. S. Students Should Report To Gym Monday

Ruidoso Municipal Schools get underway Monday morning, Aug. 31 for the 1970-71 school year. Harold Longan, high school principal asks that all students, grades 7-12, report to the high school gym Monday at 8:10 a.m. for a general assembly of all high school students. Following that meeting the students will then break up for class meetings.
Registration is now being conducted at the high school, Thursday and Friday, in the principal's office for students not previously enrolled in Ruidoso Schools. Longan said that students who had not pre-registered by Monday morning should still report to the gym for the general meeting.
A locker fee of \$3 will be collected from each student Monday by the English teachers. P. E. fees will also be charged, the amounts to be announced later.
Meals are served daily in the lunch room at a cost of 50c per day. A lunch ticket with 20 punches may be purchased for \$3.
Junior high students (7th and 8th grades) are required to eat on campus. They may either bring a lunch or buy a meal in the lunch room, and with a note from their parents will be allowed to go home for lunch.

Watson Charged Following Wednesday Shooting Incident

Charges of negligent use of a firearm were filed Wednesday against a Ruidoso man by Lincoln County Deputy Sheriff James Fitzgerald. Charged was Cora Willis Watson, 57, following an incident which occurred early Wednesday morning resulting in the shooting of Warren Pender, 30, also of Ruidoso.
A hearing was held before Judge Austin Pritchett Wednesday, and Watson was sentenced to 30 days in the Lincoln County Jail in Carrizozo. He was taken there following the hearing by Lincoln County Sheriff Ernest Sanchez.
Ruidoso Police received the call at 12:41 a.m. regarding the shooting incident at a residence on Center Street, south of Estee's Cleaners.
Pender was shot with a 12-gauge shotgun, apparently following an argument. He was hospitalized in the Ruidoso-Hondo Valley General Hospital and was reported in good condition Thursday by a hospital spokesman.
Watson was arrested by Fitzgerald and Paul Lukens of the Ruidoso Police Department at 2:38 a.m. Wednesday. Following an investigation conducted by Fitzgerald, Lukens and O. S. Monies, Ruidoso Chief of Police, charges were filed.
Other charges may be filed at a later date, according to Monies.
SCRIMMAGE BEARS
The Ruidoso High School Warriors' football team plays the Cloudercroft Bears in a pre-season scrimmage Friday night, Aug. 28, at 7:30 at the Varsity Stadium.

Capitan To Have Branch Bank Soon

Capitan residents, without a local bank for over forty-five years, will soon have their own banking facility according to an announcement made Monday by the New Mexico Department of Banking and the Federal Deposit Insurance Corporation. The application, filed by the Ruidoso State Bank early in February of this year, comes as a result of several months of preliminary studies by both the Ruidoso State Bank and state banking officials.
The Ruidoso bank has secured a temporary location for the branch bank with remodeling procedures already underway. Officials at the bank also stated that they have ordered new furniture and equipment with long range plans calling for a new modern building.
The new branch will offer residents of Capitan, Fort Stanton and Lincoln as well as ranchers in the area complete banking service with the exception of safe deposit boxes for the present. It was noted that Capitan area residents, businesses and ranchers now either bank by mail or drive to Ruidoso, Carrizozo, and in some cases bank in Roswell.
The new branch will be temporarily located in a building just south of the former Milco Williams' Drug Store at the intersection of U. S. Highway 238 and New Mexico Highway 43.
Luella Smith, Capitan village clerk, told the Ruidoso News today, Thursday, that she was extremely pleased with the prospect of a local bank. She stated "It will make it so much easier for all of us to have our bank here in Capitan. We have quite a problem with what some might call a simple problem in keeping sufficient change (coins)."
Capitan residents were reportedly elated over the new branch bank which will give the village its first bank since 1924. Several residents stated that a local bank would not only provide convenient banking for them but that it would also greatly simplify banking of village monies and school funds.
The Ruidoso State Bank, in February, 1970, made an extensive survey of the small community located around twenty miles north of Ruidoso to determine the need for a bank. The trade area of Capitan's banking needs included around 1,000 people. To determine the community's needs, Ruidoso State Bank officials personally contacted Capitan businessmen and area residents regarding their support of a local banking institution. The bank also mailed survey questionnaires to post office box holders as an added means to determine the need for a bank. Bank officials reported that the response was tremendously in favor of the branch.
Ed Wimberly, Ruidoso State Bank president, stated that "One of the major influences in determining to locate a branch bank in Capitan was the Ruidoso bank's continuing policy of total support and dedication to the growth of all of Lincoln County."

ADDRESSES AMBASSADORS—G. P. Reyes, left, of Albuquerque Chamber of Commerce, addressed the noon meeting of the Ruidoso Valley Ambassadors today (Thursday). He is shown with Ambassadors president Bill Dean. (Ruidoso News Photo)

MARGIE WHITLOCK UNDERGOES SURGERY

Word was received shortly after noon today (Thursday) that Margie Whitlock, local real estate broker and longtime Ruidoso resident, is doing fine following surgery earlier today. Cards and flowers may be sent to her c/o Scott and White Hospital, Temple, Texas.

Reyes Addresses Ambassadors

G. P. Reyes, an active member of the Albuquerque Chamber of Commerce, addressed the Ruidoso Valley Ambassadors today (Thursday) at their noon meeting at the Holiday House Restaurant in Ruidoso.
Reyes, who is general manager of Coronado Center in Albuquerque, spoke to the large crowd on the importance of the exchange of information between cities in the southwest and the respective Chambers of Commerce. "Our Chambers should act as information banks for their community," he said, "with information concerning industrial sites, retail sales, population trends, tourist attractions, convention facilities, and schools on deposit in these banks."
"Our state Department of Development makes a little attempt to distribute this information," he continued, "and in the effort loses sight of the magnitude of the importance of such an undertaking."
Reyes said, "The greatest growth potential in our nation is in the southwest. We are a brand new frontier of industrial development and enterprise, working together we can channel this growth into the most productive areas of our state."
Reyes, who spoke on the invitation of Bill Dean, Ambassadors president, also spoke briefly on the home rule amendment, which has been a matter of concern of the state legislature for a number of years.

Dean Cleared of July 30 Fatal Shooting

Clifton "Tommy" Dean, Ruidoso Downs, who was recently charged with voluntary manslaughter and carrying a concealed weapon, was cleared of both counts Tuesday afternoon in the court of Magistrate Judge Austin Pritchett of Ruidoso.
The charges, filed by Lincoln County Sheriff Ernest Sanchez, were the result of the fatal shooting of Joe Wilson also of Ruidoso Downs. The motion to dismiss was made by District Attorney Ernest Williams of Las Cruces. Wilson, also of Ruidoso Downs, died the night of the incident, July 20.
The incident apparently stemmed from an argument between Dean and Wilson, in which a witness stated "Wilson pulled a knife on Tommy." The witness also stated that he had told the victim to "go to the house" on three different occasions and that each time Wilson did so but returned and continued arguing and "picking a fight."
Following the shooting Dean surrendered to the Ruidoso Downs Village Marshal, Bill Wallace, and was released on his own recognizance. The Ruidoso Downs Race Track horse trainer was represented by Carrizozo attorney, Bill Payne.

NMSU Grad Student Serving 2-Week Internship Under Sid Miller

A graduate student from New Mexico State University in Las Cruces is presently in Ruidoso for a two-week internship under Sid Miller, elementary school principal. J. Ronald Enochs, who is working toward a master's degree in Education Administration, is one of 15 students participating in a special program designed to equip principals to work with Mexican-American and Indian students.
The Principals' Fellowship Program, which is conducted under the auspices of the EPDA (Education Professional Development Act), was begun last June at NMSU and will involve two internships this fall and 10 weeks next spring. The 15 were selected to participate in the nationally advertised program out of 450 applicants.
Enochs told the News that the interns were in the schools to observe and learn from experienced principals, and to gain valuable first-hand experience in school administration.
The others are serving their internships in Roswell, Mesalero, Hatch, Tularosa, Las Cruces, Albuquerque and in several schools in northern New Mexico. Enochs said, as well as one who is in a school in San Diego, Calif. Enochs and the other interns in this area of the state will meet in a seminar this Friday to discuss and evaluate their experiences.
"After only three months in the program, Enochs says he can see "great benefits" in the idea. "I definitely think that more education money needs to be spent on just this sort of thing," he said.
Miller agreed with Enochs' opinion that students planning to go into school administration needed more practical, on-the-job training. They likened a principal without this type of training to a teacher who had had no student teaching experience in college.
Although unsure as to whether or not he would serve his spring internship in the Ruidoso schools, Enochs and Miller both could see the value of the interns returning to the same school where they had interned in the fall, evaluating the outcome of projects which were begun in the fall, comparing the routine, etc.
Enochs, who plans to go into elementary principalship following his graduation, was particularly interested in the unique set-up in the Ruidoso schools, with the first three grades in one school and grades 4, 5 and 6 in the other, and in the ungraded concept being employed in the earlier grades. Ruidoso schools also lend themselves well to the Principals' Fellowship Program in that students from three diverse cultures are combined in one system.
The young graduate student received his bachelor's degree from Memphis State University in 1966 in English and Education and was employed for four years by the Bureau of Indian Affairs prior to his enrollment in this graduate program. He worked for two years as a demonstration teacher in bilingual education in the Navajo area of northern New Mexico and was a teaching principal for two years in Louisiana. His wife, Marianne, is employed in the elementary and secondary education department at New Mexico State in Las Cruces.

Go On Lunch Ticket System

Both Ruidoso elementary schools, Nob Hill and White Mountain, are switching to a ticket system for their lunch programs this year, according to Sid Miller, elementary principal.
Under the new system there will be no daily purchasing of meals whatsoever and no charging of lunches, Miller said.
A weekly lunch ticket will cost \$2 per child, and monthly tickets, for 20 school days, will be \$8. Students are asked to bring their money for one of these tickets on the first day of school.
Parents will be notified when a student's ticket book expires.
The school will furnish free lunches to children who need them, Miller added. Parents must come to either of the two elementary schools to make an application in order to have lunches furnished to their child.

Visit To Ruidoso

A nice vacation trip, To a famous town, Which is well known For its Racing Downs! You take a long walk, It's nice and cool, You go through the pines, Down to the swimming pool. You hear a small noise On the top of the roof, It's a tiny squirrel, But he's keeping aloof. Today, if it doesn't rain You go out for a golf game, The score might be big, But it's fun, just the same. Then, in the afternoon You can go to the races, You don't bet much money, You just break over the traces!

The week hurries by You have to go home, But now you feel rested, Another year to wait to roam.

Ruidoso Valley Chamber of Commerce - Chamber Chatter

BY BILL ANDREUS - CHAMBER MEMBERSHIP - During the past week there have been four more additions to the membership of the Ruidoso Valley Chamber of Commerce, bringing the total to 284. We are anxious to increase our membership so as to increase our strength in promoting the Ruidoso area. If you are interested in joining the chamber of commerce, call the office and leave your name and I will personally call on you. A trip was made to Roswell where several wholesale distributors, who sell in Ruidoso area, were contacted in an attempt to recruit them for membership in the Ruidoso Valley Chamber.

ASPECNADE - Dick Mound, 1970 Ruidoso Aspencade Chairman, is doing a great job but needs more help. This looks like the biggest and best Aspencade in Ruidoso's history and it will take the cooperation and assistance of everyone. If you would like to volunteer your help let us know. Aspencade posters and flyers are now available and may be picked up at the chamber office. Posters have also been placed in Roswell, Dexter, Hagerman, Artesia, Carlsbad, El Paso and Alamogordo. If you plan on being out of Ruidoso, we would welcome the opportunity to send some Aspencade advertisement with you. At the present fifteen men have entered the Aspencade Beard Growing Contest. Many more are needed to make the effort truly worth while.

CHAMBER BANQUET - The annual Chamber of Commerce Banquet is set for September 12, and we encourage all members and their guests to attend. The banquet, to be held at the Chaparral Motor Hotel, will feature J. F. McAdams of Hobbs as the guest speaker. LOOKING AHEAD - With the racing season drawing to a close we need to start planning for the ski season. Any ideas and/or plans you might have to boost our winter sport will be welcomed at the chamber.

FLOAT ENTRY BLANK - ORGANIZATION, CHAIRMAN, TELEPHONE, BRIEF DESCRIPTION OF ENTRY, COMPETITION, LENGTH (FEET)

The most liberal duck season in the Central Flyway portion of New Mexico since 1958 was set last Thursday by the State Game Commission in its regular August meetings here. The season, based on a point system bag limit, rather than the usual bag, will be 80 days long and will allow hunters who are able to identify ducks and are selective in their shooting, a daily bag limit of 10 ducks. The season is scheduled Oct. 24, 1970, through Jan. 17, 1971, with a bag limit of 100 points and a possession limit of two daily bag limits. Under this system, the bag limit will be reached when the last duck taken, added to the point values of birds already taken, makes or exceeds the sum of 100 total points. Assigned values will be 80 points for each mallard hen, black ducks, wood ducks, red-heads, canvasback, hooded mergansers and New Mexican ducks; 20 points each for mallard drakes; mottled ducks, pintail hens and ring-necked ducks and 10 points each for all other ducks and mergansers. This means that a hunter may take as many as 10 of the 10-point ducks or he could take as many as five of the 20-point birds. If the first bird he shot, however, were a 90-point duck, he would be allowed only one other bird, as the point value for it, added to the 90 for the first one would give him 100 or more points. The purpose of such a season is to make more hunting opportunity by allowing the hunter to take more of the low-point birds, the ones which are the most abundant, but at the same time to protect the ducks that are not so abundant by giving them a high point value. It gives the hunter, who can identify ducks, more hunting opportunity, but it also offers an advantage to the hunter who is not quite so good at identification. If he makes a mistake, he just fills his bag limit quicker and has to quit hunting sooner rather than committing a violation and being subject to prosecution as he might be under another bag limit system. The bag limit on ducks in New Mexico has not been so liberal since 1958. Reason for the liberal season is that conditions in waterfowl nesting areas in the northern United States and Canada have been good this year and ducks are more plentiful and the selective harvest method of the point system season allows more ducks to be taken without hurting the breeding population. The Commission also set the season on ducks in the Pacific Flyway and on coost, allinules and geese in both flyways. The Pacific Flyway duck season will be open Oct. 17 through Jan. 17, with a limit of six ducks per day and a possession limit of 12. The limit on mergansers will be in addition to the limit on other ducks and will be five per day and 10 in possession, not to include more than one hooded merganser per day or two in possession. In that portion of the Pacific Flyway south of U. S. 66, the goose season will be Oct. 17 thru Jan. 10, 1970, and limits will be two per day and in possession. The Pacific Flyway will be closed to goose hunting north of U. S. 66. In the Central Flyway counties of Sandoval, Sierra, Bernalillo and Socorro, and that portion of Valencia lying east of the Continental Divide, the goose season will be Jan. 1 - Jan. 17, 1971, with bag and possession limits of one and two, except on Unit B of the Bosque Del Apache National Wildlife Refuge. There, the limit will be two geese per day or in possession and only snow, blue and Ross' geese may be taken and legal shooting time will be from sunrise to noon. Season in the remainder of the flyway will be Oct. 24 through Jan. 17, 1971, and bag possession limits will be two and four. In all goose seasons, the bag and possession limits may not include more than one Ross' goose. Shooting hours on all goose seasons, with the exception of the Bosque Del Apache, will be sunrise to sunset. The last one for the road might be your last one period if you decide to drive after drinking. Make your last one a cup of coffee or else let someone else do the driving. The setting of a 60-day split dove season, the setting of seasons on band-tailed pigeons and sandhill cranes and a special season on teal were among major actions taken by the State Game Commission in its regular August meeting in Santa Fe Thursday. First half of the season on mourning and white-winged doves will be Sept. 1 through Sept. 30. The season will reopen Nov. 23 and run through Dec. 27. Bag limit will be 10 doves per day with 20 in possession, singly or in the aggregate of both species. Shooting hours will be from one-half hour before sunrise to sunset. The season on band-tailed pigeons will be open statewide Oct. 17-25, with bag limit and possession limits 5 and 10. Both a license valid for taking game birds and a special band-tailed pigeon permit will be required. Permits may be obtained by applying in person to the Santa Fe, Albuquerque, Batoon, Las Cruces or Roswell office of the Department of Game and Fish, or by mail to the Santa Fe office only. Information required will be name, address and number of hunting license. There will be no limit on the number of permits available, nor application deadline nor any charge for permits. The band-tail season will be statewide this year after being limited to a few counties in the southwestern part of the state the previous two years. The season two years ago was the first in New Mexico in 17 years on band-tail. The season on lesser sandhill cranes will be Oct. 31, 1970 through Jan. 10, 1971 in the southeastern New Mexico counties of Chaves, Curry, De Baca, Eddy, Lea, Quay and Roosevelt. Daily bag and possession limit will be three and six. Shooting hours will be from one-half hour before sunrise to sunset. The nine-day season on blue-winged, green-winged and cinnamon teal will be open only in Chaves, Eddy, Socorro and Valencia counties Sept. 19-27. Bag limit will be four per day and possession limit eight singly or in the aggregate. Shooting hours will be from sunrise to sunset. No special permit will be required for the teal season this year.

Talented Ruidoso Teenager Opens New Ceramic Shop

TALENTED TEENAGER—Ricky Spear, Ruidoso's newest ceramic dealer, stands in front of just a few of the hundreds of items he has made. Ricky has opened his new ceramic and specialty shop on Sudderth Drive, just east of the Modern Grocery. (Ruidoso News Photo)

Ricky's Ceramics and Building Specialties is the name selected by a talented youthful Ruidoso teenager as he this week opened his new business. The new venture by Ricky, 14, will feature ceramics, plaster ware, paints, stains, brushes and many unique items in the ceramic arts and added specialties.

Ricky, with the assistance of his parents, Mr. and Mrs. Odell Spear, will also provide area residents with specialized classes in the art of ceramics and related arts. The classes, scheduled especially for permanent residents, will begin on Thursday, Oct. 1. Residents interested in ceramic arts, as announced by Mrs. Spear, are invited to "drop by and pass some fun time" with the art. She also stated that "the shop is really for the convenience of our local friends and neighbors, as well as tourists and summer residents. The coffee pot will always be handy."

Ricky had been working with ceramics for over a year and has become a professional in his field. To date he has made hundreds of unique items from over 150 plaster molds and over 500 ceramic molds. He presently has in stock over 150 different ceramic products which he made "from scratch."

This new Ruidoso business-teenager has already made plans for the future as he plans to provide a display room for local artists in the related art area. Several local artists have assured him that they will show their work in his establishment. Also plans are to include an outside show of arts adjacent to his business. Ricky hopes to work it into a type of "Poor Boy Gallery."

Junior Racers Now A Division Of Sierra Blanca

The Sierra Blanca Junior Ski Racers will become a division of the Sierra Blanca Ski Club, according to an announcement made Tuesday night during a meeting of the Sierra Blanca Ski Club. The new division will include all Junior racers, coaches, and parents of the racers who will conduct their own program under the auspices of the parents adult ski club.

Wayne Estes announced that beginning in October, the Junior Racers will meet the second Monday of each month. A meeting place will be announced at a later date.

It was also announced that the Junior skiers should arrive at the Sierra Blanca Ski Club on the first Saturday of October. A meeting place will be announced at a later date. The Sierra Blanca Ski Club is located at the intersection of Sudderth Drive and Highway 63.

Proceeds from the sale of the tickets will go to promote skiing among the Junior Racer ages. The funds, it was announced, will help finance equipment, entry fees for ski events, ski trips and also help to finance a ski coach. It was reported that a noted New Zealand ski instructor coach has already been hired by the Sierra Blanca Ski Resort area and will be available to train the Junior Racers.

An official of the Sierra Blanca Ski Club stated that many times young skiers with a lot of potential are not privileged to participate in the Junior Racers' program because of a lack of finances. It is hoped that through the Saturday ticket sales and other fund raising projects that "all seriously interested young people will be able to participate."

During the Sierra Blanca Ski Club meeting, held in the conference room of the Ruidoso State Bank, Mr. and Mrs. Jack Spear were appointed co-chairman of the Aspenoade Meet. It was also announced that on the second Sunday of each month, during the ski season, the club will meet for a picnic near the ski area to be followed with club skiing fellowship.

The next meeting of the Sierra Blanca Ski Club will be on September 14 at 7:30 p.m. at Nohy Water Falls.

Those attending the Tuesday night meeting included Ed Wimberly, president; Josie Fox, secretary-treasurer; Mr. and Mrs. Bucky Morrison, Wayne Estes, Dr. W. D. Norton, Ray Held, Barbara Campbell and Mrs. Ed Wimberly.

Lincoln County Calendar of Events 1970

- SEPTEMBER 11-12 — Lincoln County Fair, Capitan
- SEPTEMBER 19-20 — Apple Openhouse, Hondo
- OCTOBER 14 or 21 — Aspenoade, Ruidoso
- OCTOBER 14 or 21 — Tour of Fort Stanton Caves

In addition to the SPECIAL EVENTS listed, Lincoln County offers many permanent attractions for tourists. Museums and historic exhibits at Lincoln Town, Ancho, Capitan, Ft. Stanton and Tumble are open to the public. Picnic and camping grounds are among the most beautiful in the country. Year-round fishing is available at Nohy and Alto Lake with seasonal casting at Bonito Lake and along the Ruidoso River. State parks at Three Rivers (Indian Photographs) and Valley of Fires State Park (The Malpais) invite visitors all year around. Touring the countryside is a pleasure any time, from the heights of Sierra Blanca at 12,000 feet to the desert of the Tularosa Valley.

Accommodations for overnight or for weeks on end are available in abundance. Restaurants offer a wide variety of foods from gourmet to family style. But, probably the greatest of pleasures is the genuine friendliness extended by all of the county to our guests. We know you will enjoy your stay in Lincoln County.

TO OUR VISITORS— THINGS TO SEE AND DO IN THE PLAYGROUND AREA OF RUIDOSO & LINCOLN COUNTY

You have probably never visited any place in America with such a wide variety of scenic, historic and entertaining attributes. Make the most of your visit here—explore any and all of the places recommended below to give you your most delightful vacation.

- National Monument**—Stupendous deposit of pure white gypsum.
- Lava Beds**—The Mal Pais is a fascinating and different attraction. Recently designated Valley of Fire State Park.
- White Sands**—The most wonderful in the world—you will especially enjoy our autumn season when fall foliage is a riot of color.
- Capitan, Capitan Gap and Indian Gap**—Scenic rascals and mountains.
- Sierra Blanca Resort**—Winter and summer resort in White Mountain Park at 10,000-ft. opened for skiing first time in 1961-62 with aerial gondola lift. Magnificent 16-mile ride from Ruidoso to resort.
- Ruidoso Downs**—Regular weekend race track with horse racing each week and in summer.
- Night Clubs**—Numerous clubs with entertainment.
- Churches**—In the immediate area are also churches of various denominations.
- Mon Jean Look-Out**—Drive to the top of this forested look-out tower, 10,000 feet high.
- Fort Stanton**—110-year-old fort once pointed Apache Indians. Later used as Marshall's Indian Hospital. The structure, now a state hospital, is the nationally restored, where Territorial Gov. Lew Wallace visited and where Gen. "Black Jack" Pershing, once stationed, learned to play his poker.
- Cloudcroft**—High mountain resort area.

The Oregon Voter magazine reported that: "A recent survey of 5,000 college students at 39 campuses turned up the information that 20 percent of those surveyed were thinking of leaving the U. S. The taxpayers could get a real bargain by offering to buy one-way tickets to Russia, North Korea or Red China for these anti-Americans. As for us, we wish them a hearty bon voyage!"

Seat belts do save lives but only if they are worn. "Buckle up for safety" is not just a slogan it's a way of life—a way of saving lives.

Rubinoff To Play On Treasured Violin

When Rubinoff appears in Ruidoso in a program of popular concert music, he will play on one of the most precious instruments in the world, the famed Romanoff-Stradivarius Violin insured for \$100,000. Reputed to possess the most beautiful tonal qualities in the entire world, he will present a brand new program of famous favorites loved by people everywhere, such as Warsaw Concerto, Chopin's Polonaise, Debussy's Claire De Lune. These compositions will have their premiere performance as violin solos arranged and played by the maestro. This tour is heralded as a Concert "in tune with the times."

When Rubinoff is on a concert tour around the world, his famous violin, built in 1731, goes with him. It is such a part of his life that it is actually physically impossible to separate him from it. Wherever he goes, no one—neither bell-hop, nor personal representative can carry it—no one but Rubinoff himself.

The violin is famous for its silken, lustrous tone, its full range and almost unbelievable depth. Made in 1731, by the master of all violin makers, this particular "Strad" eventually found its way into the hands of the Romanoffs, one time rulers of Russia, and still bears the bejeweled crest of that family. During the revolution, it was smuggled out of Russia and eventually was purchased by Mr. Rubinoff.

Sensitive to heat, humidity, altitude and the risks that beset any treasure of such value, the Stradivarius is guarded and handled with deference and extreme care at all times. The ancient instrument still retains the original varnish and is the acme of perfection in musical instruments.

An interesting fact is that during certain passages of "Warsaw Concerto" Rubinoff exerts as much as 60 pounds of pressure on the violin. It takes tremendous strength of highly developed muscular action to draw certain tones from one of the world's most delicate instruments.

Rubinoff will appear at Ruidoso High School Gym on Sept. 10. Tickets are available from all Ruidoso Lions Club members.

Domenici and Skeen Speak At Barbecue Near Capitan Sunday

Pete Domenici and Joe Skeen, Republican candidates for governor and lieutenant governor, spoke at a barbecue near Capitan Sunday on their plans to be a "team" in Santa Fe.

They arrived Sunday afternoon at the Ruidoso Municipal Airport, where they were met by Herb Smith, Domenici's Lincoln County campaign chairman. Following the Sunday afternoon affair, the pair flew out of Ruidoso for a rally that same night in Lovington.

The barbecue was held on a ranch in Salazar Canyon near Capitan and was sponsored by a group of Roswell supporters of Domenici and Skeen. Smith told the News that there was a "very large crowd" in attendance.

Domenici told the crowd that he and Skeen would put forth a team effort to lead the state and eke economic development as a major goal. Skeen spoke of the "wide range of experience" represented by himself and Domenici and hit the legislative record of their two opponents.

Domenici said that New Mexico needed an active economic development effort, led by the governor. "I would, if elected, immediately begin to work with the legislature to get its support for the development effort," he said.

Lincoln County 4-H members participating were: Karen Holleyman of Corona who was Senior Girls' Goat Tying winner and was second runner-up to the 4-H Horse Show Queen, Debbie Jones of Tucuman. Lois Ann Holleyman of Corona won third with her gelding in the three and four year old gelding class and Bunk Mullins of Corona won the Senior Roping in the Horse Show, and third in the Senior Ribbon Roping in the rodeo. These young people are to be congratulated on their winnings against very tough competition.

10 Finalists In Second Running of World's Championship QH Classic

By JOHN BROWN
(Ruidoso Downs Turf Writer)
Last Friday, Aug. 21, brought about the "trials" for the second running of the \$55,000 "World's Championship Quarter Horse Classic". Out of the thirty-three entrants in the trial heats, only the ten fastest qualifiers were collected to compete in the finals of this great event, which will be held next Sunday, Aug. 30. The list of eligibles reads like the "who's who" in the field of quarter-horse racing, with the total lifetime earnings of all the entrants being in excess of \$600,000. Among the list of starters are also listed three "world's champion running horses", and several others who are hopeful of copying "champion" honors this season.

Texas. Vexor Bar was the third-place finisher in last year's running of the "All-American Futurity", and appears to be well suited to the added distance of the 440 yards, which will be run in the "Classic". Second fastest qualifying honors go to Harriet Beckham's sorrel filly, Go Together, a consistently speedy "miss", who recently joined the elite list of quarter-horses who have accumulated earnings in excess of \$100,000. In winning her trial heat for the "Classic", Go Together moved another notch closer into entry for the "Champion Running Three-year-old Filly" honors for 1970. The filly has won three out of five starts this season, while running second to the older Cinder Leo on one occasion, and being unplaced in her other out, while meeting with very poor racing luck. Go Together was hampered with minor physical impairments during the 1969 racing season, but appears well on the way to "championship" honors this season, especially if she makes a good showing in Sunday's feature.

American Legion and Auxiliary To Hold Joint Meeting September 14

A joint meeting of Post 57 of The American Legion and Unit 57 of The American Legion Auxiliary will take place in the Captain School Cafeteria on Friday, Sept. 4, beginning with a pot-luck supper at 7 p.m.
Mrs. Eleanor Baker of Ruidoso, president of District 5 American Legion Auxiliary, will present a national citation award to the local unit for exceeding their membership quota. Special pride in receiving this award comes from the fact that National President Marcella Davidson signed this citation. Marcella is from Clovis. She is the first and only National President to be selected and elected from New Mexico, during the national 30 year history.
Post 57 Commander Frankie Silva will present a brass and wood membership plaque to Mrs. James (Glenda) Gacion, with the name of Joseph Gacion engraved on it. Jim took his turn serving our country honorably in Vietnam. Awards will be presented to those who added seven new members to Post 57 this year.
Two major changes have been made in the schedule for the 1970 National Meeting of the White House Conference on Children and Youth.

First, there will be two sections: one for children up to 14 years of age, which will meet in Washington, D. C. in December of this year.
Second, the section for those 14 to 24 years of age, will be postponed to February of 1971.
The Lincoln County Committee on Children and Youth will meet Sunday, Sept. 13, at 7 p.m. at the home of Chaplain and Mrs. Kline to discuss these changes. Plans will be made for attending the New Mexico meeting, called the "Little White House Conference" in Albuquerque, in November.
Steve Erramoupe of Corona was recently elected Co-chairman of Lincoln County, to fill the vacancy left by Ginger Armstrong of Carrizozo, who was moved up to be Co-chairman of District 6. Mrs. Miles Williams of Nogal, and Frankie Trujillo of Lincoln, are co-recorders for Lincoln County.
Captain United Methodist Church has voted to offer its facilities and service to Fort Stanton Sierra Blanca Boys' Camp, and all interested children and young folk for a Church School and youth program on all (or such Sundays as are helpful) at 11 a.m., beginning Sept. 27.
For more than forty years, the National High School Oratorical Contest, presenting the constitutional basis for the world's best expression of Justice, Freedom, Democracy, has been sponsored by the American Legion in all schools of our land.
Again this year, the new "no generation" is ready to take a sharp look at who in the world has the best written and best used constitution.
On Monday, Sept. 14, the local Legion leaders will offer an opportunity to all local high school students to participate during 1970-71.
Last year, Pat Grauborn won \$50 first prize in Captain, and \$25 second prize in District 5. She won a large engraved trophy in each case.
Mrs. Harriett Kline earned an invitation to attend International Achievement Conference in Chicago on Sept. 2-4, directed by World Book Encyclopedia producers. Top managers from all major English speaking nations will attend these intensive training sessions.
Some 25,000 delegates and visitors will be attending the 51st National Convention of The American Legion in Portland, Ore. on Aug.

but Chaplain Kline believes for better understanding can and will develop during these encounters between 65,000 sincere Americans of all ages as they communicate with one another.

Section 64-18-44—Overtaking and Passing School Bus—
The driver of a vehicle upon approaching or overtaking from either direction any school bus which has stopped on the roadway with special school bus signals in operation, for the purpose of receiving or discharging any school children, shall stop the vehicle at least ten (10) feet before reaching the school bus and shall not proceed until the special school bus signals are turned off, the school bus resumes motion or until signaled by the driver to proceed.
B. Every bus used for the transportation of children shall bear upon the front and rear thereof a plainly visible sign containing the words "SCHOOL BUS" in letters not less than 8-inches in height.
C. The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus which is on a different roadway or when upon a controlled access highway and the school bus is stopped in a loading zone which is a part of or adjacent to such highway and where pedestrians are not permitted to cross the roadway.
This law is pretty self-explanatory, you can not pass a school bus in any direction if they have the alternating flashers in operation. The flashers are the large blinking red lights at the top of the bus. Most drivers use the flashers prior to stopping.
Remember — These big yellow buses carry the most valuable cargo in the world — your children.

Rodeo Set For Aug. 28 and 29

The High Chaparral Horsemen's Association is sponsoring a rodeo this Friday and Saturday, Aug. 28 and 29, at Denton Field in Ruidoso Downs. Action starts each evening at 8:00 p.m., and admission is \$1.50 for adults and 75¢ for children.
Mike Hernandez, president of the association, says that books will close at 5:00 p.m. Thursday evening, Aug. 27.
Events include bronc riding, calf roping, bull riding, barrel racing, bull dogging, steer roping and a calf scramble for the kids.
Entry fee for the barrel racing is \$15. \$20 for team roping, and \$20 for all other events, with the exception of the calf scramble which is open to all children and no entry fee will be charged.
The High Chaparral Horsemen's Association Girls' Drill Team will perform both nights of the rodeo.

SHILLER, OKLA. REVIEW

"Of course all the chatter about the "truth packaging" bills in congress is a bunch of window dressing for the folks back home, but it will give those public servants an excuse to set up dozens of more boards, inspectors, department heads, assistants, etc. You might ask your representative or senator about the law that went into effect July 1, adding 3 percent to the price of all airline tickets, the raise to go to the government. It will not be designated as a tax on the ticket, and any agent who tells a purchaser that the 3 percent addition is a tax can be fined \$100 for each time he tells the deep, dark secret. Do you think the Russians can beat that?"

Ruidoso Downs News

By LINDA FORER
I am happy to report that Mrs. O. L. O'Brien is home from the hospital and seems to be doing fine. Several of her children came during her illness from different parts of the country.

A gold money tree has been placed at the Ruidoso Downs Village Hall for the contributions for Curtis Johnson. Contributions are also taken at the Security Bank in Ruidoso.

Claude Peterson went to El Paso for a few days to visit some of his children. He visited a daughter, Miss Nadine Peterson and a son, J. W. Peterson and his family.

Mrs. Ronnie Sherwell spent several days in Ruidoso Downs last week. While her husband was in California on business, Mrs. Sherwell is the daughter of Mr. and Mrs. Dwight Foster.

Mr. and Mrs. Arvil Johnson of Roswell visited in Ruidoso Downs last weekend. Mrs. Johnson is the daughter of Mr. and Mrs. P. R. Ramus of Ruidoso Downs.

Mrs. Roy Abbott and children left this week for Tucson, Ariz. for the winter.

Mr. and Mrs. Kletis Perry and Missy have been visiting with Mr. Perry's family, the G. T. Perrys. Kletis and his family are from Roswell.

The Ruidoso Downs Fire Department was called out Monday morning to extinguish an automobile that had caught fire at Glencoe.

Mr. and Mrs. Paul West of Hollywood spent several days this past week visiting with relatives in different parts of Oklahoma.

Mr. and Mrs. Vaden McCray and four children arrived Tuesday morning for a visit with Mr. and Mrs. Vaden McCray, Sr. of Ruidoso Downs. The younger McCrays are from Santa Cruz, Calif.

Jerry Russell visited in Albuquerque this week. He visited his parents, the Alver Russells.

County Agent's Column

On the 14th and 15th of August, the Bernalillo County 4-H Rodeo was held in Tingley Coliseum in Albuquerque. Karen-Holleyman of Corona won first in the Senior Girls' Barrel Race and second in the Senior Girls' Goat Tying and tied for All-Around Cowgirl. Tawni Alford of Corona won second in the Junior Girls' Goat Tying and Joan Alford won second in the Junior Girls' Barrel Race.

Beware of the inferior extension cord. Extension cords that are too small or plugged into the wrong power source can cause a loss of power or even a fire. Farmers should use only type STC cord for supplying portable electric motors on the farm. A light duty extension cord is not recommended for loads of more than seven amperes and the cord should be no more than 12 feet long.

craft cords together, but they are long enough to reach any anticipated location. Sometimes farmers need extension cords of 100 feet or more and this is no place to use an extension cord from the lamp in the house. Conductor size is important, too. It is recommended that you use number 14 for cords up to 25 feet in length; number 12 up to 75 feet, and number 10 up to 100 feet. If the cord is too small, the motor does not get enough electricity and will lose power. In extreme cases, the cord may get too hot and burn. Motors that are sluggish during starting or just don't seem to have enough power probably aren't getting the electricity they need. This is often the case when long extension cords are used. Long cords will shorten motor life and cost you more money than buying an adequate extension cord.

Watermelon Is Good Source of Vitamins

Watermelon is one of the tempting and nutritious fresh fruits that adds zip and sparkle to any meal, reminds Miss Louise Garrett, extension nutrition specialist with New Mexico State University. Serve it often while it is in season and plentiful, she says.

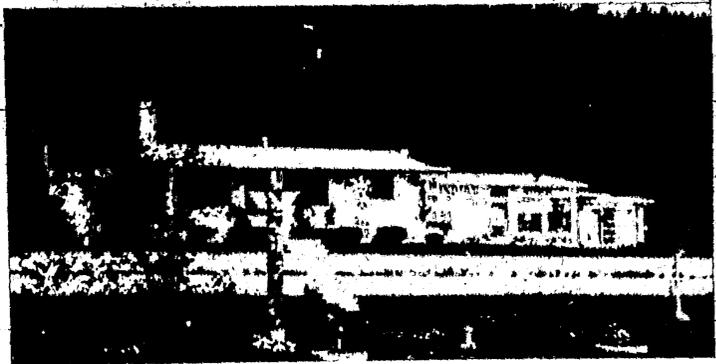

An average size wedge provides about half of an adult's daily requirement of vitamin A. Miss Garrett points out. Equally appealing is the fact that watermelon is considerably low in calories. The highest percentage of the flesh is water which contains valuable nutrients.

Watermelon is a good source of ascorbic acid or vitamin C. Thiamine, riboflavin, niacin—three of the B vitamins—and small amounts of other nutrients also contribute to the food value of this favorite fruit.

A good quality watermelon is firm, symmetrically shaped, and heavy for its size. The foods specialist says. Choose a melon that has a thin with a velvety appearance and a yellowish color on the underside. Although taste is the final test of quality, you have to rely on these outside characteristics of the whole or cut melon when buying, she adds.

Buy only as much melon as you can use immediately. Extended storage lowers the quality of the fruit. Allow 24 to 36 hours for an average size melon to cool, and always serve the fruit ice cold.

Each search for lost persons in the Lincoln National Forest teaches us something new about the behavior of lost people. We would like to pass on to you how to avoid being lost and if lost, how to survive and be found.

Each year hundreds of children and adults become lost in the National Forests and Parks. Invariably they have violated the most important rule of thumb—never travel alone in unfamiliar terrain.

New Mexico Will Have Commission On Aging

Older New Mexicans will describe their needs in the Older Americans White House Community Forums during the week of Sept. 20. With the States varying ethnic groups, representation from each group is important.

Older New Mexicans will have a major role in staffing the Forums, professionals may attend as a listening gallery but the Forums belong to the older people themselves.

Since all twenty million older Americans cannot attend the White House Conference on Aging next year, the forums provide the only opportunity some will have to contribute to the formation of a national policy on aging.

NEW RUIDOSO POLICE OFFICER—Victor Brooks, left, was officially employed in the Ruidoso Police Department recently during a regular village council meeting.

Social Security Triples Welfare

More than three times as much money is now paid out in social security benefits as in welfare payments, Bill Riggs, social security field representative, said today.

Kindergarten Registration Slated Sept. 2

Ruidoso Community Kindergarten will have student registration on Wednesday, Sept. 2, from 9:30 a.m. to 11:30 a.m. in the Education Building of the United Methodist Church.

Sunland Park Tells Increase For '70-'71

Total purse money Sunland Park's 1970-'71 racing season will reach \$1,250,000, General Manager Art Johnson announced recently.

In making the announcement of the upgraded purse schedule, Johnson also noted that the format calls for two seasons again.

The one-mile Sunland Park Derby, booked for Sunday, March 21, has been increased to \$7,000 added.

Crosic Presents Rotary Program; Developing Recreation Potential

Developing the recreational potential of the area was the subject of the program presented at the Tuesday, Aug. 25 meeting of the Ruidoso Rotary Club.

Crosic encouraged realtors to stop and discuss with the forest service how to have their land logged by LALUX before developing it to reduce the fire hazard.

5.5 million board feet in the forest service, which eventually brings an income to the county with part of the money coming back to the county for road construction and maintenance.

Junior Quarter Horse Association Announces New Officer Slate for '70

This is the greatest moment in the history of the American Quarter Horse Association since the Association was founded in 1940. Lee Burnett said in an address at the close of the 1st Annual Convention of the American Junior Quarter Horse Association, held at the Ruidoso Junior Chamber of Commerce, that the Association is now a reality. Burnett, past President of the American Quarter Horse Association, was the principal speaker at the closing banquet honoring the newly elected officers of the AJQHA.

The officers elected for 1970 are: President, Mark Caperton, Schriever, La. (Region 6); 1st Vice-President, Steve Norris, Colorado Springs, Colo. (Region 5); 2nd Vice-President, Nick Arismendi, Stockton, Calif. (Region 4); Secretary-Treasurer, Mark Thiel, Aberdeen, South Dakota (Region 2); Treasurer, Frosty Kinsolving, Wheatland, Wyo. (Region 1); and Reporter, Bruce Brown, Newark, Ohio (Region 3).

A site for the 1971 convention has not yet been selected, but it is expected that an AJQHA National Finals Show will be held in connection with the convention next year.

The Junior Association is divided into 6 regions and each region is entitled to one member of the Executive Committee. From these 6 members of the Executive Committee, the directors from the states elect the officers of the AJQHA.

A total of 37 young men and women representing 26 states attended the historic meeting. There were 24 adult advisors that accompanied the youth. They ranged in age from 13 to 18 years.

The Junior Association is designed to become a world wide organization and one of the highlights of the meeting was the introduction of two youth observers from outside the U. S. They were Robin Orlando, Leichhardt, Australia and Gilbert Lalonde, St. Vincent DePaul, Quebec, Canada.

Presently, over 3,000 youngsters have joined AJQHA and a total of 5,000 are expected to have membership by January 1, 1971. To qualify by states for affiliation with the newly organized group, there can be only one youth member per state and it must have a minimum of 50 members. When this qualification is met, one or more directors from the state, depending upon the number of state members, are eligible to attend the convention. The U. S. has been

New Board Members Told For Land Bank

Dr. William E. Baldwin, Professor in Psychology at Eastern New Mexico University of Portales, spoke to the 140 members and guests attending the initial stockholders' meeting of the Federal Land Bank Association of Roswell held at the Roswell Elks on Aug. 19.

W. M. Davis, outgoing President of the Board of Directors presided at the meeting. The Association's financial condition was reported by James C. Hirselson, Regional Manager and by G. A. White, Vice-President and Secretary of the Federal Land Bank of Wichita.

Manager Vonnie Jasper introduced the guests and speakers. Powhatan Carter, Jr. of Fort Sumner was elected as President.

Tourism Committee Discusses Plans For Recreation Plot

Mike Summerville of the Captain Soil and Conservation Department was present at the Wednesday, Aug. 19 meeting of the Tourism and Recreation Committee in Ruidoso to present sketches for a proposed recreation plot in Carrizo Canyon. The committee agreed that Summerville should proceed, at no cost, with plans for development of the area, including a picnic area, play area, and sanitation facilities. Summerville was introduced by Earl Allison, sub-chairman of Outdoor Recreation.

Indian Business Development Fund To Provide Small Business Grants

Commissioners of Indian Affairs Louis R. Bruce said recently that creation of Indian-owned small business enterprises on and near reservation communities will receive "significant encouragement" as the result of a newly created Indian Development Fund. The fund will provide financial grants for Indian small businesses.

Bruce said further: "I am sure that many Indian businessmen and women, and many who wish to start businesses of their own, will find this new source of aid an important part of their best-kept efforts. It will also provide indirect help to Indian communities that presently are suffering from lack of sufficient business enterprises to generate a good economic base."

The Indian Development Fund is administered by the Bureau of Indian Affairs and is authorized under a \$2.4 million appropriation for fiscal year 1971. It is designed to provide "seed money" grants to Indian tribal members in need of a financial boost to open or expand business enterprises serving their local areas.

The grants will provide credit equity for Indians having less than sufficient equity to qualify for small business loans, with each allotment either public or private sources. They may also be used to supplement business grants made from government agencies, population, and success potential or foundations, and to supplement business loans to arrive at 100%

Carrizo Lodge To Host Festival Round-Up and Paint-In In Sept.

The Carrizo Lodge in Ruidoso will be the scene of the first annual Festival Round-Up and the fourth annual "Paint-In" early next month. The Festival Round-Up, in which works of arts and crafts will be on display and for sale, is slated for Sept. 5 and 6 at the lodge, and the "Paint-In" begins at dinner-time on the evening of the 6th.

Mrs. Herb Greggerson, director of the festival, said that this is a new idea for the Ruidoso area, but similar festivals have proved to be tremendously successful in other areas of the country. Two such popular festivals are held in San Antonio and Waco, Texas.

Eight artists, including some teachers, are expected to participate in this first festival. Mrs. Greggerson said that they plan to expand the festival in the future to include antiques, silver work and other crafts as well.

"The artists will not be trying to sell their work at top prices, so buyers can expect to find some good bargains," she said, adding that spectators would be welcome.

Artists expected to participate in the festival include Mr. and Mrs. W. T. Reichels, a husband and wife team now instructing a ceramics workshop at Carrizo Lodge, and Mrs. Dorothy Archer of El Paso, who instructed a workshop in Abstract Acrylics this summer at the lodge. Mrs. Archer also conducts the popular February class each winter at Carrizo.

The pre-school will be housed in the Parish Hall of the Church of the Holy Mount, located on three park-like acres in the Gateway area of Ruidoso.

Participating in this year's "Paint-In" will be eight artists, including Kenneth Dickson of Midland, Texas, the first man to attend one of the sessions. Also attending will be one lady from Truth or Consequences and six women artists from El Paso, Tex.

Church of Christ Youth Slate Visit

The Church of Christ will be sending several of their young people to the annual Youth Rally to be held on Saturday, Aug. 29, at Denver City, Texas. It is estimated that there will be 1,000 youngsters from Eastern New Mexico and West Texas at the Rally.

The roster of speakers includes Jimmy Allen, Mike Barbee, Larry Marshall and Craig Fox. The theme for the meet will be "Now The Accepted Time."

Letters To The Editor

Dear Sir:
 We thoroughly enjoy the Ruidoso News. Especially news concerning our friends and acquaintances and the weather.
 After spending some time in Europe this summer, home and Ruidoso are the best yet. The weather in Ruidoso cannot be equalled.
 Looking forward to reading the Ruidoso News another year.

Letter To The Editor

Editor,
 Ruidoso News,
 Ruidoso, New Mexico 88445,
 Dear Sir:
 Please find enclosed my check in the amount of \$5.00 for another year's subscription to the Ruidoso News. We always are waiting for the "news" when it arrives in our Monday morning mail each week. My wife and I each read it from front to back and enjoy every bit of it.

We were in business in Ruidoso for a period of 10 years, 1950 to 1960 as owners of the Blue Spruce Motel, and I very often find myself wishing I were back up there in that wonderful climate. We spent the night recently at Swiss Chalet on Alto Road and were tremendously and pleasantly surprised at the growth and development that is going on in the area.

We still have many friends there and see their names mentioned often in the "NEWS" but also see many new names which is a good indication that Ruidoso is really on the go.

As you will notice by the letter head, we are still in the motel business. Here in Fort Worth we own the Circle Motel but do not operate it ourselves since we have a good manager, and just let him run the business for us. We would like to extend an invitation to all of our friends there to stop by the Circle Motel when they are in Ft. Worth.

Sincerely,
 J. K. Kurkendall

Timberon Today IS RUIDOSO YESTERDAY!

INVEST NOW AND PROFIT FROM HISTORY

TIMBERON 1970 IS RUIDOSO 1960. THE SAME DYNAMIC GROWTH PATTERN WITH ZOOMING LAND VALUES WILL OCCUR AGAIN AT TIMBERON!

WHAT ABOUT?
 Timberon gives folks what they want today... green grass, tall trees, fresh mountain air. A place to hunt, fish, stretch and grow! Let the kids run wild over Timberon's 9000 private acres, or gallop through 300,000 acres of National Forest land right next door.

FULL FAMILY FUN
 Relax and enjoy Timberon's spectacular 18 hole, mountain top golf course (where you duffers can hit the ball a country mile). Board or rent a nag at Timberon's corral. Swim in the giant swimming pool. Snooze overnight in the Sportsman's Lodge. And, if herds of mule deer blow your mind, you won't believe your eyes!

GREAT LOCATION
 Get off your treadmill and get up to Timberon. Located 20 miles south of Clondorff High in the Sacramento Mountain Ridge, 15 minutes by shuttle plane to Ruidoso, 25 air minutes south to El Paso. A paradise found!

AN UNCOMMON INVESTMENT
 While Ruidoso developments with comparable amenities sell small, city-sized lots for \$8000 and up, Timberon acreage parcels are priced from \$1800 the acre. With 3 acre minimum the acre—sit atop around the golf course and mobile home area where you can still acquire a 1 acre homestead for as little as \$2500. With the best terms imaginable.

MAIL COUPON NOW
 You've seen what happened in Ruidoso land. You're watching the same thing happen at Timberon. A ground floor opportunity to profit is yours... NOW! For free color brochures, fill out and mail coupon today.

Mrs. R. E. Lemon Recalls Early Days In White Oaks

By Lola Lane

Editor's Note: Recognizing the very fascinating history of this area of New Mexico, this is the first of a series of articles which we will run from time to time in the Ruidoso News, focusing on interesting residents of the area who may be considered Lincoln County "pioneers."

"Lots of fresh water and fresh air" are among the many memories Mrs. R. E. Lemon of Carrizozo has of her days in the once booming mining town of White Oaks. "There wasn't any pollution then," she says recalling her school days there more than 70 years ago.

Mrs. Lemon, better known as Jeannette or "Nettie" to her friends, first came to White Oaks in 1898 when she was 3 years old in a covered wagon, and has been a resident of Lincoln County ever since. Needless to say, she has accumulated a wealth of memories in a lifetime full of interesting experiences.

Born January 10, 1894 in Kenny County, Texas, Jeannette was the youngest of 11 children. She was the daughter of Captain John Lee, a former sea captain turned rancher, and Mary Magdalene Purcell, the daughter of English missionaries to the Samoan Islands. Nine of her 10 brothers and

slaters were born in the Samoan Islands, where her parents first met, and three of them are buried there.

Her father was born in Edinburgh, Scotland in 1835 and came to this country while still a babe in arms. He ran away to sea when only 14 years old as a cabin boy, and later settled in the Samoan Islands.

Mrs. Lemon says of her father, "After circling the globe three times, he picked the prettiest spot in the world and settled there." Lee bought a trading vessel which he christened the "Yankee Clipper", established a store for trading with the natives, and accumulated hemp and coconut plantations on the islands.

He met and married the daughter of an English missionary from London of the Church of England in Samoa and did not leave the islands until 1875. After a year in Richmond, Va., and some time in New Orleans he and his family settled in Texas where the two younger children were born.

In 1837 the family came to White Oaks where Jeannette grew up. Her father ran a dairy first, then ran a meat market, and later purchased the "Little Casino" saloon in White Oaks and the "Headlight" saloon in Carrizozo.

Nettie finished high school in White Oaks and also got two years of college through the unique plan

of her high school teacher, E. S. Coombs. He offered college level courses in addition to his regular teaching duties for those who had just finished high school in White Oaks. They attended classes from 7:30-10:00 every morning and from 4:00-6:00 each evening for a "tuition" of only \$2 per month.

Mrs. Lemon's first job was a teaching position on the Block Ranch near Capitan in 1904, where she had 21 pupils. She explains that she first got the "teaching bug" in White Oaks when she substituted for a teacher there who had become ill. He didn't come back so she finished the term, and then "had to take an examination before I could get paid," she added, amused. "They wouldn't let anyone do that today, would they?"

In 1906 she moved to Carrizozo where she was to teach in the new schoolhouse built there by Governor McDonald. Desks for the new building were ordered, and teachers and students alike waited and waited, but still no desks. Finally the banker in town, who was also on the school board and therefore realized the young teacher's predicament, offered her a job in the old Exchange Bank, Carrizozo's first bank which was located in what is now the Masonic building.

She worked at the bank for four years until she married R. E. Lemon, who was then a cashier for the El Paso Southwestern Railroad. They were married Feb. 16, 1911 and will celebrate their 50th wedding anniversary next year.

After their marriage, Nettie resigned her job at the bank and the Lemons moved to Kansas where Mr. Lemon went back to work for the Rock Island, his former employer. They returned within the year for their first child to be born "at home" and never went back to Kansas.

Lemon went to work for the Wilcox Leasing Co. in White Oaks, and later kept books for the power plant, the mine and the White Oaks Mercantile Co. there. In 1916 they moved to Carrizozo

MR. AND MRS. R. E. LEMON

and have lived there ever since.

Earliest Memories—

Among Mrs. Lemon's earliest memories is the trip from the ranch in Texas to White Oaks by covered wagon. She was only three years old at the time, but she remembers very well the terrible day on that trip when the family woke up to find most of the cattle dead or dying. Most of her father's cattle and horses were lost on the Pecos River from drinking alkaline water near what is now Carlsbad. What remained of the herd was taken to the Panasco River to Weel, over the Sacramento Mountains and down the other side of what is now Seven Rivers and up to White Oaks.

Much of the family belongings had to be unloaded there on the trail, including all of her mother's china, so that they would need fewer wagons. "People tell me that I couldn't possibly remember, but I can still see my mother sitting under a tree and crying as she heard all her beautiful dishes being broken," Mrs. Lemon says.

She also remembers getting up before sun-up as a small child in White Oaks to go on the milk route with her father as he delivered milk to the mines. He delivered his milk in 10 gallon cans by quart and pint dippers. People came out to the wagon and he dipped their milk for them, at a cost of 10c per quart and 5c per pint.

Sanitary regulations wouldn't permit that kind of delivery today, but says Mrs. Lemon, "no one ever died of germs."

School Days—

Mrs. Lemon still has her report card from the year she finished high school, dated May 10, 1900. Most of the teachers were from the east and were "hard-boiled, but good," she says. The card carries a notation explaining that 100 denoted perfect, 95 excellent, 90 good, 85 fair, and less than 80 not satisfactory. A pupil who made less than 80 in a subject had to take it over again, Mrs. Lemon remembers.

Her marks for that term were: spelling, 87; writing, 96; arithmetic, 90; grammar, 80; U. S. history, 85; physiology, 80, and algebra, 82. Mrs. Lemon, William Gallagher, Sr. of Carrizozo and Roy Treat of Roswell are the only three members of the 1970 graduating class still left in the area.

One tradition among White Oaks school students which Mrs. Lemon recalls was that each year on April 1, April Fool's Day, at the ringing of the morning bell all the students would run to the top of Rocky Peak and yell and wave at their teachers. "We'd come down eventually and the teachers never seemed to mind too much," she said.

White Oaks Stage Coach—

During the time that Mrs. Lemon was growing up in White Oaks, the only transportation from Carrizozo was the stage coach which came daily and delivered the mail. She remembers once when the stage was robbed while at the Taylor Station overnight stop in

the Mal Pais where Louis Naldo's ranch is now.

The robbers held up the coach and took the bullion which was being carried from White Oaks to the mint in Denver. Mrs. Lemon recalls seeing the posse leave White Oaks on horseback to trail the thieves, but to her knowledge they were never caught.

"Never A Dull Moment"—

People in White Oaks never jacked for entertainment, according to Mrs. Lemon, with most of the social activity centering around the churches. The Methodist Epworth League and the Christian Endeavor of the Congregational Church, youth groups, used to get together for parties and entertainment, and there was "never a dull moment" at their gatherings. There were always coversal in the group who played the guitar, organ or piano, so there was always lots of group singing at their get-togethers.

White Oaks also had a choral club at that time which was, according to Mrs. Lemon, "out of this world." Most of the members were from the east, Boston, St. Louis or Chicago, and had trained voices. "You never see anything like it on TV today," she says.

The kids didn't play football and basketball then, she recalls, but they did play baseball with a zeal. Mrs. Lemon played on a 9-member girls' baseball team which often played against the boys, and "sometimes we beat them, too!"

Horse racing among the kids and buggy racing for the adults were also popular past times. Mrs. Lemon herself rode quite a bit and always enjoyed a good race. "We always wore dresses, though," she said. "The only time we ever thought about putting on pants was when we were dressing up as men for a school play or something."

Sunday dinner was always a big affair in White Oaks. The various families took turns hosting dinner after church on Sunday, and Mrs. Lemon remembers her mother spending all day Saturday baking and preparing the meal when the Lee's turn came around. "But Papa was the meat expert, and always insisted on cooking the meat himself."

Tales of Samoa—

Mrs. Lemon says she and her brothers and sisters spent many long winter nights listening to Captain Lee and their mother tell tales of their days in the Samoan Islands.

She remembers one favorite tale about her father following the German take-over of Samoa from England in 1894. The German flag was flown above the English flag and Captain Lee, "after a little partying," took it upon himself to climb the flag pole and pull down the German flag. He ended up in jail that night, but was rescued by his missionary father-in-law.

Jeannette's brother Ned was always the smallest of all the boys, and she remembers her father's explanation for his slight stature. Ned used to accompany his father on the "Yankee Clipper" and was

with him once during a particularly severe storm at sea. To keep Ned from being swept overboard, Captain Lee had to tie him to a mast during the storm, and Lee said that after that incident, "Ned never grew another inch."

Both parents and some of the older children spoke Samoan, a language which they utilized especially at Christmas time to keep secrets from the younger children. Mrs. Lemon also remembers stories about the decision to return to America and the hazardous trip to Connecticut.

The Lees decided to sell all their holdings in Samoa and return to the states, so Captain Lee could see his people. On the boat trip to San Francisco, the captain of the ship went berserk after a near mutiny and Captain Lee assumed command and brought the ship safely to San Francisco. The family then traveled on the Union Pacific railroad to Connecticut. They lived in Richmond, Va. for a while, then dissatisfied with the climate, went to New Orleans, trying to settle near the water. Lee finally established several cattle ranches in Kenny County, Texas. Mrs. Lemon said that her father always told people that when he ended up in White Oaks he was "headed for the Pacific."

Still quite active in the Methodist Church in Carrizozo, she has served as superintendent of the Sunday School for 8 years, taught the young people's class for

several years in their Epworth League, and has been president of the Women's Missionary Society. Last year she won first prize in the Lincoln County Centennial Contest for her story, "Christmas in White Oaks." "We might have three before this is printed," she added.

Skidding accidents cause 10,000 deaths yearly. Knowing how to control a skid can be a life saver. Never jam on the brakes or step down on the accelerator. The most effective ways of regaining control are steering in the direction of the skid and stabbing the brakes.

RUIDOSO LITTLE LEAGUE PURSE—Shown in the winner's circle following the running of the "Ruidoso Little League Purse" at Ruidoso Downs last Thursday are, top row left to right,

Thirteen "Trials" Designed For \$670,000 "All-American Futurity"

By JOHN BROWN (Ruidoso Downs Turf Writer)
Friday, Aug. 28 will be the big day that 128 of the nation's fastest two-year-old quarter horses will be competing for berths in the three divisions of the "All-American Quarter Horse Futurity." The finals for the "world's richest horse race" will take place on Labor Day, Monday, Sept. 7, consisting of the ten fastest qualifiers out of the trials. The other two divisions of the "All-American", which are classified as "consolation" races will be run on Saturday, Sept. 5 and Sunday, Sept. 6. The total purse distribution for all three of these "All-American" dashes will be \$670,000, making this, by far, the richest horse race in the world.

The list of entries who have made their final payments in order to start in the trial heats reads like a complete list of this year's biggest money winning two-year-old quarter horses in training. With the exception of only a few, nearly all of the major stakes winners for the season are counted among the entrants in Friday's trials.

Another interesting aspect to add a tinge of excitement to the "big race" is the fact that three of the trial participants made late penalty payments in order to be eligible to compete for a starting berth. These penalty payments amounted to the sum of \$13,000 per horse, which will certainly give these particular entrants an added incentive to qualify for a shot at the big money. The three horses making these late payments were Tru Tru, owned by Dub Seely, Knob Noster, Mo.; Actro Sun, owned by Clary W. Spencer, Edmond, Okla., and Mona Polli-

Taxpayers Newsletter

We The People—
Fernando E. C. De Baca, Commissioner of the New Mexico Department of Motor Vehicles, is conducting a series of meetings throughout the state on proposed regulations and legislation to get the public's opinion before enactment.

It appears that a very thorough study has been made in the revision and updating of regulations under which the department has been trying to operate for years.

We feel more governmental agencies should get the public's opinions on methods of operation before they are put into practice.

scientifically the economic impact in New Mexico.

Two tourist promotion moves. These additional programs would increase the budget of the Industrial Division from \$108,471 to approximately \$500,000. The tourist division budget will be increased approximately \$737,000 for new programs and services.

Most of the association executives pledged the support of their membership and their lobbies to help increase the budget.

At the Federal Level—
The House Agriculture Committee on July 23 approved legislation (H. R. 16089) extending and broadening the existing food stamp program, which expires at the end of this year. The bill leaves to the Appropriations Committee of the Congress the determination of the annual funding of the program, after consideration of the recommendations of the Executive Branch.

The bill would require that states share in the cost of the program, beginning at 2 1/2% the first year and increasing up to a continuing maximum of 10% in the fourth and succeeding years.

Other provisions would: (1) establish uniform national standards for determining eligibility for food stamps; (2) require able-bodied, individuals between 18 and 65 to register for work and accept available employment (with certain exceptions); (3) provide that use of stamps be restricted to food purchases and that recipients

be required to pay at least 50 cents per person per month, with a maximum of \$3 for the lowest-income families; and (4) provide that persons 60 years of age or older may use stamps to purchase delivered meals if prepared by a private nonprofit organization or a government instrumentality.

The House Committee had earlier rejected provisions embodied in a Senate-passed bill which would permit use of food stamps for purchase of many non-food items, and authorize an appropriation of \$3 billion for fiscal 1971 and \$2.5 billion for fiscal 1972.

Will Need Far More in The Collection Here—
Time has prevented the Santa Fe county assessor from placing and service organizations on the 1970 tax rolls. Property owners must be allowed ample time to protest before the Appeals Board of the state Property Appraisal Department in May of each year.

Albuquerque, Ely, Lodge No. 461 was declared subject to ad valorem taxes by the state Property Appraisal Department. The Santa Fe county assessor then made a field check to determine evaluations of property owned by the Elks, Masons, American Legion, Veterans of Foreign Wars and the Santa Fe Woman's Club.

Religious organizations whose property is not used for religious worship and instruction probably cannot claim tax exemption.

The ruling on the Albuquerque Elks Club has been appealed.

CHATTahoochee, FLA., TWIN CITY NEWS: "Quite a few people shake their heads in disapproval of a great deal of current teen-age 'going-ons'. Yet, in all fairness to them, we can say in a large degree that today's teenagers are what Congress made them. The old adage says that 'the devil makes work for idle hands,' and if anything created idle hands, passage into law of the inflationary minimum wage law has done more than its share, especially in the teen-age labor market. Now, I am not saying that a person should not be paid a living wage. I am saying that many, many teen-agers want jobs and would work for much less than a minimum wage, just to keep busy and make some spending money. But the minimum wage law... has closed job opportunities for most teen-agers."

Medical Help Costly—
New Mexico ranked 15th in expenditure per inhabitant for medical assistance in 1969. The national average per inhabitant of the 50 states was \$21.60.

Less Cancer?—
According to the Tobacco Tax Council cigarette smoking declined in New Mexico during June. Packages taxed in New Mexico during June 1970 were 8,130,000 as compared to 8,190,000 in June 1969 or a decrease of 0.7%. However, for the period from July 1969 to June 1970 packages taxed were up 2.2%.

Expanded Programs—
The Department of Development recently held a two day meeting with executives of 45 associations in New Mexico who are interested in industrial development and tourism. DOD Director James Roberson asked the group to go over his budget and to indicate what additional programs they wanted.

Some of the additional programs which the association felt necessary to make an effective Department of Development were:

- Community development programs.
- Transportation research.
- Development of a statewide fact library.
- More out-of-state travel on prospecting missions.
- Agriculture and natural resource development programs.
- Fourteen new welcome centers for tourist information.
- Designating tourist circle trails throughout the state.
- A market survey to determine

Capitan News

By BARTLEY McDONOUGH

The Alamogordo 10th grade football team will be here this Saturday night for a 7:30 scrimmage with the Capitan Tigers.

Make your plans now to attend the dance after the scrimmage. Playing at the new County Municipal Building in Capitan will be the popular Aggie Ramblers. The dance begins at 9 p.m. and is sponsored by the Capitan Lions Club.

Members of the Capitan Lettermen's Club are taking donations for a drawing to be held Sept. 18 at the Capitan-Carrizozo football game. Being given is a 12-gauge shotgun.

Smoky Bear District personnel are presently burning slash resulting from fuel woodcutting and woodland control projects. This burning reduces hazardous slash buildup that possibly could burn during the spring fire season.

The Tiger football team traveled to Alamogordo last Friday evening for a practice game with the Alamogordo Sophomores. The Capitan Tigers suited out 20 boys while Alamogordo dressed out 48.

Coach Dickey commented "Considering the overall difference in personnel the coaches felt the Capitan Tigers did an exceptional job." Dickey stated "An outstanding performance was turned in by Buddy Hall who rumbled 80 yards for one touchdown. Other outstanding boys were Junior Guevara, Tony Sanchez and Dave Williams. The Capitan team is young and inexperienced but feel they're going to make themselves felt before the year is over."

The Capitan beginning band is changing method books this year. The band will be using the First Division Band Method by Fred Weber. This band method book is very popular all over the country and is a big improvement over the Tiger Band's previous method book.

E. J. Myers recently completed 25 years' service with the Soil Conservation Service. Myers received a 25-year pin from Secretary of Agriculture Hardin which was presented by Clem Weindorf, Area Conservationist at Roswell.

The Tommy LaMay's held an outing last weekend at Philadelphia Canyon. Bobby LaMay's young son, Shane Robert got sunburned. Edith, Jan and Billy were also there. Ed and Irene Phillips came up from Roswell. Roy and Deke LaMay rode in on horseback. Deke was on his Shelland pony. A cowboy by the name of Leon was also present. Also, we mustn't forget the wives of Bobby and Billy.

A crew from Camp Sierra Blanca under Forest Service supervision, spends one day a week doing recreation clean-up on the Smoky Bear District and two days a week on the Ruidoso District.

SHORT ITEMS: Five musical instruments were recently repaired by May's of Albuquerque. This puts the school's horns in excellent condition. —The sheep barn at the fairgrounds burned down Friday morning, Aug. 21, at about 3:30 a.m. —The Forest Service grader recently completed grading high priority roads on the Smoky Bear District. —The goal posts on Tiger Field have been widened this year from 18 feet to 22 feet, 4 inches. —Coach Dickey commented recently, "Our team has good spirit this year."

—Payne McDonald will be returning to New Mexico State University this fall after working for the Game and Fish Department this summer. —Myrum Mayfield has returned to Moab, Utah to teach six periods of science this year. —In addition to service calls, the C-C Natural Gas duo of Stone and Vallejos recently installed an old fashioned gaslight in Carrizozo.

The Melburn Gossett mobile home was also hooked up for natural gas. —A new rule in New Mexico High School football this season allows the holder of the football for point after touchdown to place his knee on the ground. —School began Thursday, Aug. 27, and was let-out at 2 p.m. for the first two days. —Two new passageways have been installed on the east or visiting side of Tiger Field. The Tigers will use one and the visiting team will use the other. —The south end goalpost has been painted orange, white and black. —Billy Littlefield served as acting area conservationist last week in Roswell while Clem Weindorf was on vacation. —The SCS has been working with the Village of Ruidoso on recreation plans.

—Make your plans now to be in the Lincoln County Fair Parade, Sept. 12 —The Tiger football team travels to Dexter Sept. 4, for a 7:30 p.m. game.

School Menu: Aug. 31—Spaghetti with meat, green beans, hot rolls, butter, cake with orange sauce, milk. Sept. 1—Pinto beans, spinach, onion rings, cornbread, butter, jello with cookies, milk. Sept. 2—wieners and sauerkraut, baked potatoes, carrot pennies, celery sticks, biscuits, butter, apple pie, milk. Sept. 3—Meat loaf, blackeyed peas, cabbage slaw, hot rolls, butter, fruit, milk. Sept. 4—Macaroni and cheese, stewed tomato, lettuce salad, biscuits, butter, peanut butter cake with frosting, milk.

Patty Otero entered the Ruidoso-Hondo Valley General Hospital Sunday, Aug. 10. Dr. Annala performed a tonsillectomy on Patty Monday morning. She returned home Aug. 20.

Percy Blakely arrived back in New Mexico last week after visiting his brother in New Jersey. Percy attended a family reunion and helped his brother celebrate his 50th wedding anniversary.

The El Paisano Cafe will be closed from Sept. 14-20. The Otero family will be making small improvements on their business.

Historic Sites Topic of SCMRA Meeting Sept. 1

The South Central Mountain Resources Area will hear a report on local historic sites Tuesday, Sept. 1, in Carrizozo.

The Steering Committee of the SCMRA has requested Merle Clark, New Mexico State Planning Office, Historical Division, to discuss historical sites in Lincoln-Otero County Area," announced Bob Scribner, Chairman of the SCMRA. "Mr. Clark will make his presentation at the regular meeting of the SCMRA, 1:00 p.m., Tuesday, Sept. 1. This meeting will be held in the Lincoln County Commissioners' room in Carrizozo," added Scribner.

There are already several historical sites in this area, with Old Lincoln so designated, and also a state park—Fort Stanton and White Oaks are historical sites but with limited improvements at this time. "The SCMRA is promoting historical sites for two reasons: To recognize and protect them and to encourage more tourists to stay within the area longer," commented Scribner.

"In addition to the discussion on historical sites by Mr. Clark, the Steering Committee will review the new project applications. One of three applications is a request to include Otero County in the Great Plains Conservation Program," stated Scribner. "The Great Plains Conservation Program would not only increase the conservation of Otero County's natural resources, but have a considerable economic impact on Otero County. The public is invited. This is an opportunity to learn more about the GPCP and the SCMRA, and all should attend," urged Bob Scribner.

Mr. and Mrs. Al Taylor, former area residents who now reside in San Jose, Cal., are visiting with their daughter, Mrs. Jack Jasper DiPaolo of Ruidoso Downs.
