Don Driver, Ruidoso, came by the office Monday and was wearing a sling over his arm to relieve the pain of a shoulder injury he suffered the day before. Being as though our friend Driver was driving a mini-bike which he drove into a ditch or Driver damaged and disjuncted dragging mini bike in driveway. We do seriously offer our concern and hope for his speedy recovery besides all of that we have an electric typewriter he was supposed to repair last Monday.

RUIDOSO NEWS ADVERTISERS are advised that the annual special fantastic super Vacation issue of the NEWS is already in the planning stage and that News representatives will be calling next week to make arrangements for advertising in the ever-popular opening issue of the summer tourist season. This year's issue will contain a special all-photo section of area scenic and historical sites. We are planning on a few serial photos courtesy of Mr. H. Haggard. He is going to fly the plane and I am going to shoot the camera that is I can't understand why some folks keep insisting that I ride the wing of the plane.

In addition to the special opening summer issue of the Ruidoso News the Ruidoso News will also print 25,000 to 40,000 tabloid paper for the Ruidoso Downs Race Track. To be called the Ruidoso Downs Tourist Chronicle, the paper will be focused upon entertainment, feature stories and photos related to the nationally known track. The multi-colored newspaper, we are told, will be the only one of its kind in the nation, and is scheduled to be inserted into several area and out-of-state papers.

Gene Duvall, manager of the Villa Inn, informed me last week that a really fantastic six-story hotel will perform at the Villa Inn, April 9 and 10. The group, Gene stated, is really packing them in at an El Paso city with standing room only every night. The hotel, most unusual for present day resort groups, emphasizes the 1930's. Speaking of Ruidoso, this is the person of Leroy Gooch, a really fine radio driver and performer. He is also a well known writer having recently written the book to become famous, "All American March". The special musical score by Gooch will be used during the 1971 racing season and will be used to both the All American Victory Party and the activities planned to precede the week's famous race. Miller and being made to have the song introduced over a national television program.

Several weeks ago I called attention to the length of time it took for a letter mailed from El Paso, New Mexico, to reach Ruidoso. This week after the letter had been mailed, the letter people at the Ruidoso Downs Post Office called my attention to an apparent mail strike in El Paso which, perhaps, accounted for the delay in the letter's delivery. I had never heard, before, that there had been a mail strike in El Paso or some other place. As any radio, a week later from the same party in El Paso had been received and in short time so perhaps El Paso's mail strike is corrected. One thing for sure the postal employees at Ruidoso Downs are being kept in all categories of postal services. If they would just give green stamps they would, without question, add to their current aggressive group of postal personnel.

Ruidoso Council Completely In Support of Earth Week Activities

The Ruidoso Village Council, meeting in regular session Thursday, March 25, concurred with Tourist and Recreation Sub-chairman Ron Knapp's proposal for a community wide effort in support of Earth Week, April 18 through April 24, 1971.

The sub-chairman's request also included use of the land adjacent to the Ruidoso Chamber of Commerce office to be used as a collection point for litter picked up during the Earth Week activities. Knapp asked for permission to build a large chicken wire pen to store litter. He told the council that materials have been donated and he had been offered the use of a local contractor's truck for hauling the collection to the county sanitation site.

Regarding the Tourist and Recreation's committee proposed electrically operated push-button Tourist Information Center, the council advised Knapp to secure a cost estimate. He previously reported to the council that following his recent trip to Santa Fe to meet with development leaders revealed that no funds were available for municipal tourist information centers.

Representatives from the newly formed Sierra Blanca Youth Center, Inc., presented their proposed youth program to the village officials. The group requested a 99 year lease on approximately two acres of land within the Ruidoso School House Park to be used as a building site for a year 'round Youth Center.

Annual Chamber of Commerce Banquet Draws Large Crowd

Lt. Gov. Mondragon and Mayor Pro-Tem Ito of Juarez were guests of honor at the Ruidoso-Rondo Valley Chamber of Commerce banquet held Friday evening at the Chaparral Motor Hotel in Ruidoso. Mondragon presented Mayor Pro-Tem Ito with an honorary membership to the Chamber of Commerce and expressed his approval of a chamber project to accept Mexican money in the Ruidoso area. Accompanying Ito was Counsel Trueba of Juarez.

Mondragon commended the Ruidoso area and its two legislators, Sen. John Conley and Rep. Ralph Pettit, Jr. in the recently completed legislative session.

Don Williams, master of ceremonies, introduced the guest speaker for the evening Mable Davis, Director of Area Development of Community Public Service, who spoke on the creation of a good image for the community.

Jerome Klein Missing In Action In Vietnam

Mr. and Mrs. Romeo Klein of Ruidoso were notified last Sunday, March 28, that their son, Pvt. Jerome Klein, 21, was missing in action in Vietnam. Klein, the boy's father, said young Klein had last been seen on March 24 driving an Army vehicle on a mission. Entering the service in May 1970, Klein has been in Vietnam since last fall. He is a graduate of Ruidoso High School and also attended Eastern New Mexico University.

Forest Fire Claims Thirty Acres In Area

Well over two hundred men were used last week Friday and Saturday, to put out a forest fire just inside of the Mesquero Apache Reservation, two miles west of Ruidoso, and adjacent to U. S. Highway 70.

The fire, covering an estimated 30 acres of a scenic timber hillside, origin has yet to be officially suspected that a cigarette thrown from a passing motorist may have been the cause.

The heavy complex of men and equipment used to fight the fire, reported at 8:45 a. m. Friday, was to assure adequate protection for nearby private residences. Altogether, including the 200-plus fire fighters, the complex consisted of five bulldozers, four large water pumps, and a B-17 airplane. The plane, according to U. S. Forest Service personnel, dropped around 20,000 gallons of slurry on the fire.

Local Draft Board To Be Consolidated

Gov. Bruce King said today he has been advised that 12 local draft board offices will be closed down in New Mexico effective April 16.

The dozen offices will be consolidated with other draft board offices for administrative purposes. Gov. King said he has been advised by John F. Jolly, state director of the Selective Service System.

The move is part of national reorganization and cutback ordered by the national headquarters of the Selective Service System, Jolly told the Governor.

A total of 11 paid employees will be affected by loss of employment, Jolly said. "I will endeavor to do my utmost to assist those compensated employees who are losing their jobs in locating new employment," Jolly informed King.

Although the administrative offices of the dozen boards were consolidated with others, the local boards themselves remain intact, King said.

The executive secretary assigned to each consolidated office will travel to the affected counties once a month for the local board classification meeting.

The April 16 shutdown of administrative offices includes Local Board No. 14, Carrizozo, now in Alamogordo.

Booster Club Meet
The Ruidoso Warriors Booster Club is slated to meet tonight (Thursday) at the Ruidoso High School Library at 7:00 p. m. Plans are being formulated for the All-Sports Banquet, set for early in May.

A plea has been issued by Coach Darrell Stierwalt for foam rubber to be used in the track pits. Anyone wishing to donate scrap foam rubber is urged to contact either the Booster Club or Coach Stierwalt.

The students at Nob Hill School have been digging up pieces of pottery and skeletons of Mogollon Indians buried there. So far three skulls have been unearthed and two large boxes of bones. The Gateway area and Nob Hill have yielded almost a dozen Indian skeletons in the last several years, usually when excavation is being done for a new building.

Mayor Don Murphy and trustees Fletcher and Virgil Hall and Bill Holmes are up for re-election at Captain in their village election next Tuesday.

Ruidoso Village Council members met Thursday with "Cap" Arrington, Roswell contractor, who outlined his plans for a \$500,000 motel on a site across the river from the Ruidoso Fire Station, on land overlooking Cree Meadows Golf Course.

A new road is to be cut up the hillside south of Palmer Gateway, where Jack DiPaolo will place on sale about 90 lots this summer.

Ruidoso School Band received a 1 rating in the music festival at Alamogordo last weekend where it competed against larger schools such as Truth or Consequences, Las Cruces, Alamogordo and others. Joan Marie Matthews was the only member of the local band to be picked for the honor recital. She received a first rating as a soprano soloist. Linda Moore received a 1 rating in piano and Ray Dean Carpenter a 1 for his baritone saxophone.

SILVER LINING

By DANIEL A. STORM
An Early Spring

"Early Spring" has arrived earlier this year than in any year I can remember.

The first notice that came of this was the early arrival of the calves. There is one cow who brings her calf in March or late February. This time the little early fellow was running and jumping around the pasture in January. The other calves, who arrive usually in April and early May came in March.

Winter rocked along through January and February about as usual. Then the apricots bloomed out about St. Patrick's Day, thereby setting the pace for about an average blossom parade.

The way the fruit blossoms come out: First of course is the apricot. Then from ten days to two weeks later come the plums, which is the

apricot's first cousin anyway. Following along is the cherry with its unbelievable whiteness, always a treat to the eyesight. Then, such a cheerful sight, far and wide up and down the winding vale, that little bouquet of pink among the white and early green—the peach bloom.

The foamy waterfall-like clusters of blossoms on the pear—tail of the orchard trees—come next, generally.

The crowning glory of all the Springtime show is a tidal wave of bloom and fragrance sweeping through all the valleys of the land—the apple—usually to at full flood in late April and early May.

This sequence of the fruit flow, are usually makes for a Springtime blossom parade extending from February or March up to early May.

I don't know what happened to the time-table of the blossoms. But whoever calls the tunes for the parade has started them blooming all at once.

So that now, with the apricot scarcely past the full bloom, here comes the cherry and the pear, the plum and the peach. And even the earlier apples showing pink in the bud.

The came with the leaves. The first tree to leaf out in the weeping willow, with cottonwood, Chinese elm and oaks following. All the leaves are trying to burst out together now.

The birds, too, are taking part in the early beginning of spring. Robins generally are April birds.

Girl Scout News

Mrs. Roy Mayo, Neighborhood Chairman of Ruidoso, has announced that Zia Girl Scout Council has been accepted by Girl Scouts of the U. S. A. to host an event at Camp Mary White, August 9-23, 1972. This will be a council operated event involving girls from throughout the U.S.A. "New Mexico Mystique" is the title of the event in which 32 Senior Girl Scouts from Zia Council will serve as hostess sisters to 64 older Scouts from across the country.

The event will begin and end with Zia Council home hospitality, where local Scout families will provide homes for out-of-council participants. Families will treat the girls to traditional western hospitality including sight seeing to points of interest such as Carlsbad Caverns, local industry, and other attractions of the area. From hostess homes girls will travel to Camp Mary White near Mayhill. From the desert to the mountains they will explore four life zones. Girls will spend part of their time at camp examining, with experts, wise practices for improving and protecting the environment.

Also, included in the ten-day camp activities will be: opportunities to learn about the history and the diverse cultures of the Southwest, learning primitive camping skills, sharing ideas and Scout traditions. In addition, there will be horseback riding and a chance to practice camp skills during overnight burro pack trips. History will come alive as girls explore Lincoln, the Mesquero Apache Indian Reservation and White Sands National Monument.

Adult volunteers and older Scouts in Zia Council have been planning and working for many months hoping that the application they submitted to Girl Scouts of the U. S. A. would be selected for nationwide participation. Councils hoping to offer such opportunities must submit preliminary plans, cost estimates, and proposed activities almost two years in advance of the hoped-for event. These applications are carefully screened at the Regional level before they are submitted to specialists in the Program Department at National Headquarters. In the summer of 1971 approximately 20 councils were chosen to host such events.

The steering committee responsible for overall event plans includes Mrs. S. P. Yates and Mrs. Verlon Davis, co-chairmen from Artesia; Mrs. Vernon Herron, Council Chairman from Ruidoso; and Mrs. Lee Mullinghouse, Council Program Chairman from Hobbs; professional staff members Mrs. R. C. Woodcock, Alamogordo; Mrs. Robert Mahood, Hobbs; and Miss Joyce Crane, Artesia. The committee used ideas and suggestions gathered from older girls and adults throughout the council.

Since the announcement of National approval, working groups have been formed in communities throughout southeast New Mexico to carry out preliminary activities. The groups include: Program, Alamogordo; Public Relations, Roswell; Home Hospitality, Hobbs; Mailings, Artesia. Neighboring communities will provide help for these groups.

Juvenile, Ft. Stanton, charged with receiving stolen property. Plea: guilty — arraigned March 29. Placed on probation, to serve weekend from 6 p.m. Friday to 6 p.m. Sunday in juvenile detention. Doree Warner, Albuquerque, charged with possession of marijuana over 1-oz. Plea: not guilty. Hearing set for April 8, 10 a.m. Bond set at \$2,500.

Juvenile, Los Lunas, charged with fraudulent use of credit card. Plea: not guilty. Bond set at \$200.

Andrew Zamora, Captain, charged with burglary. Plea: guilty. Sentenced to county jail until April 18.

FULL TIME DRIVER — Mrs. Bobbie Jo Driver, Chief of Reservations and Payroll Accountant for the Ruidoso Downs Race Track this week reported, "We are experiencing an early interest in ad-

Year Round Work Required For Track Employee

Well into her third year as Chief of Reservations and Payroll Accountant for the Ruidoso Downs Race Track, Mrs. Bobbie Jo Driver finds little spare time between the close of one race season to the beginning of the next.

An example of her off-season responsibilities, which involves answering multiple hundreds of reservation inquiries and routine correspondence, took place this past week. Along with the early interest in this year in advanced seating reservations came a request from Kent, England, for box seats during the famed Labor Day Weekend at the track.

Mrs. Driver, long acquainted with promoting the area, her husband, Don, is past president of the Ruidoso Chamber of Commerce, promptly responded to the request from England. Her response included five free reserved seat tickets and going one step additional, she is endeavoring to make arrangements, through the track's

Public Relations and Publicity Department, to provide free lodging for the unique visitors from across the waters.

The letter to Mrs. Driver said in part: "March 22, 1971. Dear Mrs. Driver: Thank you very much for your prompt reply to my letter. We would be pleased to accept the tickets for reserved seats. I will get in touch with you at the general office upon our arrival. We will greatly appreciate any brochures you have available as we have never been to Ruidoso before."

In addition to her position as Chief of Reservations, Mrs. Driver handles the track's payroll which last year totaled \$404,000. During the race season the payroll, the largest in the area, averages around \$20,000 per week. The total number of employees during 1970 numbered 411 including both off-season and seasonal employees. In light of her very evident full time responsibilities at the track, Mrs. Driver also has served as the official scorer for several years. She and her husband have two children, Dana, 11 and Robert, 13.

Lincoln Co. 4-H'ers Has Top Heifer

Debbie McDaniel, Lincoln County 4-H'er paid \$285 for the top selling Guernsey heifer of the seven registered Guernsey heifers that were sold at auction to 4-H and Future Farmers of America members at the recent State Junior Dairy Judging Contest at Thatcher's Guernsey Dairy in Albuquerque. The average sale price was \$178.45. The heifer will be suitable to show this fall in local and county fairs and at New Mexico State Fair as senior heifer or junior yearling heifer.

The highest-priced animal of the sale was Price-Black Valiant, a yearling, owned by Price-Black Farm of Arroyo. She was sired by Woodroose Nances Valiant, the repeat All American Aged Bull.

'Round School

By SALLY STILES

Class favorites were chosen Monday morning by each class in grades 9-12. Open nominations were used and the whole class voted for their choice by secret ballot. The seventh grade favorites are David Hernandez and Fanny Crisla. Eighth grade favorites, Wayne Owen and Anita Klein. Freshman favorites, Trevor Anderson and Charles Pickett. Sophomore favorites, Laurie Norman and Ken Ferguson. Junior favorites, Dingo Dunahan and Lisa Boyer, and the Senior favorites are Hoyt Graham and Sally Stiles.

The Future Homemakers of America are celebrating their 25th anniversary with National FHA week. The local chapter is having an activity every day, one of which is a tea for the Senior Citizens. Other activities include buying apples for all the teachers, cleaning up the grounds and planting flowers, and making plans to participate in Earth Week II. The FHA girls attended state convention in Albuquerque Friday and Saturday and were privileged to hear many interesting speakers and guests. Put together with eating in Old Town and a little shopping here and there the girls had a wonderful time.

The Sociology class has spent three days cleaning a mile of road just out-of-town on the way to Mesalero. The class picked up 75 bags of trash, cans and bottles. During Earth Week II, more cleaning and other projects will be done.

The Future Teachers of America will hold their annual state convention April 2 and 3. Miss Spurlink, FTA sponsor, will drive some of the local members to the convention.

The yearbook, "Tomahawk" is on sale now and the deadline is very soon. If you want a yearbook, you better get your order in soon.

The Student Council has planned a Twirl Week April 19-24. During this week, girls will invite boys to all the activities planned. Some activities include a basketball game between the ladies in the faculty and in Student Council, a slave sale, picnic, dance, Dade Day, and a fun day at White Sands. Believe it or not, some boys are already filled up for the week. You girls better get busy.

Saturday the GAA softball team will travel to White Sands to play with girls from all over the state.

Editor: The Ruidoso News Dear Sir and Friend: The blossoms are blooming and the little calves are running and playing, all in the early spring. But it has been a tough winter for the Ridge Runner. He would be the last to admit this, for he likes to keep his image as a tough guy. But there is an old guy called Father Time who has something to say about this.

Therefore I wish to extend my heartfelt thanks to all of you who have been so kind and helpful. It is my hope to thank each and all of you personally through the summer as we meet up and down the Vale. And until then I beg to remain,

Ever the Same,
Yours faithfully,
—Shady Logan

Co. whose name eludes me right now, for their kindnesses to us. Also, Mr. Lane. We were delighted to receive the newspaper and the pictures. We know the Lions Clubs do much good and as a small token of our appreciation for your kindness and friendliness to us, please accept the enclosed check. And give the fellow who jumped the gun a big kiss for stopping us. No, have your wife do it. I'm sure he wouldn't appreciate your kissing him. Miss Kruger joins us in sending our love and affection to all the people of Ruidoso for giving us such pleasant memories.

Sincerely yours,

In addition to the SPECIAL EVENTS listed, Lincoln County offers many permanent attractions for tourists. Museums and historic exhibits at Lincoln Town, Ancho, Captain, Ft. Stanton and Tinnie are open to the public. Picnic and camping grounds are among the most beautiful in the country. Year-round fishing is available at Nogal and Alto Lake with seasonal casting at Bonito Lake and along the Ruidoso River. State parks at Three Rivers (Indian Photographs) and Valley of Fires State Park (The Malpais) invite visitors all year around. Touring the countryside is a pleasure any time, from the heights of Sierra Blanca at 12,000 feet to the desert of the Tularosa Valley.

Accommodations for overnight or for weeks on end are available in abundance. Restaurants offer a wide variety of foods from gourmet to family style. But, probably the greatest of pleasures is the genuine friendliness extended by all of the county to our guests. We know you will enjoy your stay in Lincoln County.

(Lincoln County Agent)

Need to know more about training your horse? Then plan to attend an Annual Horseman's Clinic Saturday, April 3 at New Mexico State University. Horse training clinics, beginning with breaking and training colts and ranging to the more advanced, will be demonstrated during the morning program. In the afternoon, talks on pasture control, horse nutrition and a panel discussion of feeding are scheduled.

Registration for the clinic will take place between 8:30 and 9:00 a.m. in the west end of the NMSU rodeo building, with the program beginning at 9 a.m. A barbeque dinner will be served at 11:30 a.m. by the Buck and Bridle Club in the Livestock Judging Building.

The morning program will be held in the lecture just west of the Agriculture Building, with the afternoon session to be in the Agriculture Building Auditorium. G. B. Oliver, Jr. and G. B. Oliver III, White Sands Ranch, Alamogordo, will open the program with a colt breaking and training demonstration. Jack Kyle, Santa Rosa, will give the demonstration on advanced horse training methods.

A Las Cruces veterinarian, Dr. James E. Pritchett, will discuss parasite control in horses during the afternoon. Also on the afternoon program will be information on horse nutrition by Richard R. Jones, veterinarian for St. Rose, Inc., Las Cruces. The clinic will close with the panel discussion on feeding horses. The panel is composed of Moderator, Mrs. Martha Bayles, Alamogordo, and members, Lee Ross Hammond, Clovis; R. C. Barnham, Carrizozo; and Kyle. The Horseman's Clinic is sponsored annually by the New Mexico Horse Raisers Association and the NMSU Extension Service.

Growing your own vegetables this summer will not only reduce your grocery bills but it can add to the sheer enjoyment of your outdoor recreation. Since planting time is just around the corner, you should establish a plan of what you will raise now. Laying the ground work is the first step to reaping a bountiful harvest.

Selecting vegetable varieties that are adapted to New Mexico growing conditions is important in successful gardening. Properly adapted varieties require as much time,

labor and expense to produce a crop as proved one. Vegetable seed left over from the previous year may or may not be satisfactory for planting. It depends on the kind of seed and how it was stored. Most unused seed should be stored cool and dry.

Sweet corn, onions and parsnips lose their germinating ability quite rapidly, while other common vegetables may produce good stands after three years of storage.

Although many gardeners blame themselves when vegetable crops fail to develop, the greatest factor in poor emergence is old seed. Good fresh seed will usually germinate and emerge in spite of deep planting or adverse weather conditions.

For more information on setting up a home vegetable garden, get NMSU's extension circular, "Home Vegetable Gardening" from the county extension office in Carrizozo.

POWDERY MILDEW

If you had powdery mildew on your apple trees last year you should apply a delayed dormant spray of lime sulfur, polyulfide or dormant oil at bud swell. Eleven gallons of lime sulfur or two gallons of superior dormant oil, or 14 pounds of polyulfide per 100 gallons of spray mixture. Get a copy of the apple and pear insect control guide from the County Agent's office in Carrizozo for complete details.

POWDERY MILDEW is a fungus disease which appears as white-to-gray, moldy or powdery patches on leaves, buds and fruit. Severe infection causes yield reduction, poor quality fruit, and reduces the overall vigor of trees. Jonathan, Rome Beauty and Stayman wine-sprinkle apple varieties are quite susceptible to mildew attack. Less susceptible varieties such as Delicious and Golden Delicious frequently become diseased when the fungus is allowed to build up on susceptible varieties and when the humidity is high.

White patches of the fungus on terminal twigs can be seen at this time of the year on affected trees. Twig die-back frequently occurs. Diseased terminals provide an abundance of spores for spread of the disease to healthy twigs. Early sprays are needed to kill fungus spores before they spread to the young emerging leaves which are quite susceptible to mildew.

Pruning of diseased terminals is also helpful in reducing mildew in orchards.

Income Tax Questions—Answers

Q I was out on strike last spring. Do I have to pay tax on the strike benefits I received then?

A Yes, strike benefits are taxable, unless the facts clearly show they were intended as a gift.

Q If I let IRS compute my tax and I have a refund coming, how long will it take to get it?

A IRS can compute the tax and issue a refund within 45 weeks from the date the return is filed with the service center. Actually, it won't take a refund by having IRS compute the tax since the computations are checked on all returns we receive.

Q If you don't have to have a job before you move, can anyone deduct moving expenses under the new law?

A No, there are still limitations on who can deduct moving expenses even though there are limitations on who can deduct. For details, send a post card to your local IRS office and ask for a copy of Publication 521, Tax Information on Moving Expenses.

You can also find information on moving expenses, as well as many other subjects in Publication No. 17, Your Federal Income Tax. This booklet may be purchased from most IRS offices or the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402, for 75 cents.

Q What kind of mistakes held up taxpayer returns last year?

A Returns were delayed when taxpayers had to be contacted to supply information they forgot to include — or listed incorrectly — when they filed their Form 1040's. Missing W-2 forms, missing signatures, and missing or inaccurate Social Security numbers were some of the major types of errors.

Q The name label on the front cover of the instruction package for this year instead of where it used to be on the Form 1040. Why the change?

A To reduce costs and add flexibility to printing procedures. To put the name label on the Form 1040 required the cover of the package to have a cut-out space. The cutting added to the cost of the packages and also limited the number of printers who could supply the packages.

Q I have a partial scholarship that covers some of my college costs. Do I have to report this as income?

A Most scholarships are not taxable and do not have to be reported. Since there are many different types of scholarships, check with the organization that gave it to you for information on its tax status. Details can be found in Publication 507, Tax Information on Scholarships and Fellowships, available free by sending a post card to your local IRS office.

Q What taxes can I deduct on my return?

A If you itemize deductions, then your state and local income taxes, personal property, real estate, federal sales and state and local gasoline taxes may be deducted. List these on Schedule A, Itemized Deductions.

Federal taxes such as social security tax or those on alcohol or tobacco are not deductible. Hunter tax licenses, driver's licenses or auto inspection fees are also not deductible.

Q What are the new tax rates for single people? I can't find them in the 1970 instructions.

A These rates go into effect for the 1971 tax year and therefore do not affect the 1970 tax forms and packages that were just mailed out.

Income Tax Questions—Answers

Q I have income from a farm I own as well as from a part-time job. Do I come under the filing provisions for farmers?

A You do if at least two-thirds of your gross income is from your farm operations. If that is the case and you do not file a declaration of estimated income—tax by Jan. 15, you should file your tax return and pay the entire tax due by March 1 to avoid a penalty.

Other taxpayers not qualifying as farmers have until Feb. 1 to file their final returns and pay the tax due. In place of paying the last quarterly estimated tax installment or filing and paying an estimated tax declaration due Jan. 15.

Taxpayers who do not have to file declarations, such as those whose withholding equals or exceeds their tax due, have until April 15 to file their returns.

Q Can I make the withdrawal of my money from my tax return by sending off some of the figures?

A Yes, you can. Many items appearing on your tax return may be rounded off to whole dollars. This means that amounts under 50 cents are eliminated and amounts from 50 to 99 cents are increased to the next dollar.

Q Last year my husband was \$30 in a photography contest. Must he report this as an income on his tax return?

A Yes, if you win a prize in any contest, such as a raffle, beauty contest, door prize, and the like. The prize is taxable. Taxpayers should also remember that prizes and awards given in goods or services must be included in income at their fair market value. Of course, if you refuse to accept a prize, it is not included in your income. An award or bonus given employees for their achievements in work or for adopted suggestions is also taxable.

Q Do I have to pay tax on the wedding gifts I received?

A No, recipients of gifts are not liable for federal income of gift taxes on the gifts. However, generally speaking, income derived from the gifts is taxable to you.

Q How does the dividend exclusion work?

A The law provides that you do not have to pay tax on the first \$100 in ordinary dividends. Any dividend is an ordinary dividend unless the paying corporation files otherwise. If the stock is owned jointly, by husband and wife, then \$200 in ordinary dividends may be received tax free on a joint return.

Q How do you decide which tax package to send people?

A These decisions are based on last year's returns. Each taxpayer is sent a package containing schedules he used to prepare his 1969 return.

Q Why did my tax withholding change?

A There are a number of reasons some of them increased with withholding while others decreased with withholding.

Withholding rates for social security tax increased from 4.8 to 5.2 percent effective January 1. This would increase withholding for all taxpayers covered by Social Security.

Income tax withholding rates were lowered beginning in January for single persons and those with low incomes. These changes result from the Tax Reform Act of 1969.

Q I have all the information I need to file my return except for my W-2. Can I file without it?

A Every effort should be made to secure your W-2 statements in time to file a correct return before April 15. If you are unable to secure all W-2 statements, fill out your return based upon the best information available. An amended return can be filed when corrected information is secured.

Q If I move before my return comes, will it be forwarded to me?

A Yes, if you have indicated your postmaster or your new address. Failure to provide a forwarding address delayed the delivery of many returns last year.

The Law and the Court—Today

BY HUGH STILES

ED. NOTE: The Ruidoso News, in co-operation with area courts and law enforcement agencies, will print a series of articles in an endeavor to give area residents a better understanding of recent changes in both civil and criminal laws and the relationship of these laws to the courts.

We are greatly appreciative of Ruidoso Division III Magistrate Judge Austin A. Pritchett for his assistance in this undertaking. Citizens who desire an explanation or interpretation of a particular law may write the Ruidoso News and a response will be printed as answered by a responsible legal authority.

As a preface to future articles, this first of the series will touch upon basic fundamentals of various procedures regarding laws, arrest, court appearances, local court responsibilities and court decisions.

According to Judge Austin A. Pritchett, as told to the Ruidoso News, "The court is not a prosecutor and cannot institute proceedings against anyone, neither is the court a legal advisor."

The Judge further advised that laws and ordinances are passed through the constitutional procedures of the Executive Department, State Legislatures, and/or City elected governing bodies. Authorized law enforcement officers enforce those laws and ordinances that are passed by the respective governmental departments, the courts interpret laws regarding the particular cases and render a decision.

Law Enforcement Proceedings—When a violation of an ordinance or law occurs in the presence of a law enforcement officer, the officer files the charge. When a violation of a law or ordinance occurs in the presence of a private citizen and he wishes to file charges, he contacts law enforcement officials who will advise whether a violation has actually occurred. If evidence warrants filing charges, the law enforcement officer will make a report of the violation and assist the private citizens in filing the case in court.

Once a case has been filed in court, the court may issue a summons of a warrant and notify the accused to appear in court or, depending upon the charge filed, have the accused arrested and brought to court.

When the accused makes his appearance before the court, in all cases, he is advised of the charges, the penalty for such charges, advised of his rights in the particular case, which includes necessary telephone calls, and his right to seek the advice of an attorney. Pending upon the initial hearing, the court may release the accused by his posting bond, set by the presiding judge, or can be released on his personal recognizance.

The City Attorney serves as prosecutor for the village in cases that concern municipal laws and ordinances whereas the District Attorney serves as prosecutor in matters that concern State Magistrates. The court has no action other than to decide on the penalty even in cases which have an agreed verdict plea as reached by the prosecutor and the defense attorney.

Search Warrants—Law enforcement officers wishing to search a premise must present to the judge a sworn affidavit containing a statement of the facts pertaining to his search. Information legally required includes: What is to be found on the person or in the place to be searched; A description of the person or place; and reasons for the search based on the law enforcement officer's knowledge and/or that of a reliable person who has represented the officer with valid information. Many cases are lost by prosecutors because of improper or illegal search warrants.

Judge Pritchett stated, in reference to search warrants, "I have an eleven page type written motion to dismiss a case based upon a defense attorney's questioning the legality of the search warrant."

Judge Pritchett's Court—"I feel the court should be a place where every person can feel free to come for help. Each day there are people, from every walk of life, asking for assistance regarding a particular problem," Pritchett stated. He continued, "I do my very best to assist them such as advising them to contact an attorney, when the situation merits it, writing a letter for them to the proper state or federal governmental agency, helping them to obtain advice from the proper person, or, as often is the case, just listening to domestic family matters."

Pritchett's court hours usually begin at 7:30 a.m. when he checks with the night police activity report to see if any arrests have been made. He then holds court until 11:30 a.m. on weekdays. On Fridays, he holds court until 10:30 a.m. and on Saturdays, he holds court until 10:00 a.m.

Gran Olvira Visits Dron In February

Due to snowy and inclement weather, visits to Gran Olvira National Monument were 21 less than February 1970. 1,059 persons visited the monument last month, which totals an increase of 426 visitors more than the first two months of 1970.

The Visitor Center is open seven days a week from 9:00 a.m. to 5:00 p.m. Guided tours are available to organized groups by appointment, or visitors may use the self-guiding trail. Picnic tables are available for those who wish to lunch in the area.

Gran Olvira has been a National Monument for more than 61 years and is a memorial to prehistoric and early-historic life in the Southwest. The Indian village named "Pueblo de las Humanas" by the Spaniards and the ruins of two 17th century Franciscan missions have been abandoned some 300 years.

The monument is located 26 miles south of Mountainair, and 55 miles northwest of Carrizozo.

THE CLIFTON KEITH FAMILY

Area Members Attend Jehovah's Witnesses Meeting In Gallup

Jehovah's Witnesses from the Clifton Keith family have just returned from a three-day meeting in Gallup, according to Mr. Pat Coor, president of the Clifton congregation.

Mr. Coor explained that entire families benefited by such assemblies and cited, as an example, the Clifton Keith family with six children of Ruidoso, and how such assemblies prove invaluable in supplementing home training. The main address of the assembly on Sunday, "What is Behind the Spirit of Rebellion?" which was attended by 1,150 persons, dealt squarely with today's problems. The speaker, Mr. L. M. Dugan of Brooklyn, New York, pointed out, "Rebellion exists in the homes—wives against parents, wives against husbands. Then, on a broader scale, against school authorities, police and government policies." Mr. Dugan then pointed out that "today's youths feel justified: the Vietnam war, parents' hypocrisy of saying one thing, then doing another. They may go to church, yet their daily lives are unchristian." But in pointing to a solution that Jehovah's Witnesses have found in their close compliance with the Bible, the speaker stated that the "Bible binds families together with a sense of responsibility" and "righteousness replaces rebellion."

In concluding, Mr. Coor extended locally the invitation given by speaker Dugan had extended

Square 'Em Up

By SANDY WHITE

They say seel'n is believin' and by golly, I believe it. Square dancers not only have more fun than any group of people I ever saw—they work harder, too.

The Sierra Squares held their work day Sunday, March 28, as planned and the way they pitched in, rolled up their sleeves and went to work—you'd have thought they were rebuilding the White House. We had plenty of manpower in the form of George Bowen, Jimmy (Big Jim) Carpenter, Wes Clark, Don (The Caller) Driver, Jimmy Graham, Tommy Hall, Fred Heckman, Richard (Rookie) Tootin', Looten, Roger Marshall, Larry (Back-Up Caller) Moders, Marvin Ratliff, Jim Roberts, Wyman (Squash) Blomson, Scarborough, John (The Doc) Sears and last but not least, Don Swalander, better known as R. L. Pudducker—the local pill pusher.

These men put in a lot of hours, plenty of muscle and not a little sweat, repairing the roof, tiling and paneling bathrooms, putting in new light fixtures and repairing the plumbing. The girls did their share, too. Celia Carpenter, Dianne Clark, Puddin' Findley, Dixie O'Brien, Karen Heckman, Dixie O'Brien, Wanda Marie Scarborough, Linda Swalander and Sandy White rolled up their sleeves, did back, their hair, grabbed their rags, brooms, mops and buckets and went to cleaning and shining. The Women's Lib may not approve of what they did—but the Sierra Squares are pretty darned proud.

to all to "visit the local Kingdom Hall, see and feel the peace." The Clifton Keith family of Ruidoso is located on 2nd Street, with meetings also in Ruidoso at the Women's Club each Sunday at 3:00 p. m.

Even some of the older children helped out by carrying out trash and scrubbing window sills. Ben, Dave and Mary Heckman, Ronnie and Debbie Lupton, Todd Perette and Bobby White—your parents and the square dance club appreciate your help. A special thanks to Donna Clarke who mopped as hard as any woman out there. Thanks, Donna.

We had people from varied backgrounds and occupations all working together toward a common goal and everyone did their share. I overheard Squash Blomson say, "It's just not every day of the week that you see a doctor, a pill pusher and a merchant panning a men's room."

I do hope I remembered to include each and every one who worked so diligently. If I have forgotten anyone—just chalk it up to the ignorance of one dumb blonde.

We didn't go hungry either. A special thanks to Puddin' Findley who brought a mountain of sandwiches for us to nibble on while we worked and thanks again to all the women who brought out their covered dishes for the potluck supper. The table was laden with the most appetizing food you ever saw. It looked like somebody had just up-ended the horn of plenty.

Believe it or not, this group still had enough pep and steam left over to dance a couple of lines to celebrate their accomplishments.

Our thanks to each and everyone of you. We deeply appreciate all you did.

As for the upcoming square dance calendar—our regular weekly night dance and workshops have been moved back to Wednesdays, so don't forget. Our next Saturday night dance will be April 10 and I've heard there is some kind of Easter surprise in store for the whole family, so be watching for the announcement in next week's paper.

As you all know, we got a lot, done Sunday, but there is still a lot more to be done on the square dance hall, so we have scheduled another work day for Sunday, April 18. We'll be looking for you.

Until next week—thanks again for all you did and we'll be looking for you Wednesday night, when once again you'll hear the old familiar strains of the Bow to your partner—and the lady on the left—and away we go!

Hondo School Board President Retires

Frank Titworth, of Hondo, who has served on the Hondo Valley Public Schools Board for 38 years, retired this spring. Mr. Titworth served as president of the board all but two years of his long tenure. Frank began his services at the Tinnie School, which, at that time, was one of the six schools that have been consolidated into the Hondo system. Much school growth has taken place in the past 38 years. In 1931 the office of the county school superintendent was abolished, and the new school district was formed of the schools from Bluewater, Arabela, Tinnie, Picacho, San Patricio and Hondo. Frank deserves much credit for his assistance and support of the school administration during the trying days of consolidation and the building of the modern plant that exists today.

Mr. Titworth has been a con-

FRANK TITWORTH

scientious, unselfish, and sincere board president. He is the owner-operator of the Hondo Valley Garage, and upon many occasions he has left his own business to assist with school problems. His business knowledge and broad experience has been most valuable to the school in building and maintaining the plant. Mr. Titworth has insisted that the Hondo Schools offer quality education, and has worked untiringly with the administration to find the best teachers possible. At the present time one-third of the faculty hold Master's Degrees. As an item of interest, it is estimated Frank has signed at least 30,000 school warrants during his tenure as president of the board.

Mr. Titworth has taken an active part in the various organizations sponsored by the school, and served as an officer whenever needed. He has been a member of the Parent-Teacher Association, Athletic Club, Band Boosters, and was made an Honorary Farmer by the Hondo Chapter of the Future Farmers of America. He was always ready to assist with sponsoring any group of students on school trips or other activities. He made many trips with the Hondo Fiesta Dancers, both in the United States and Mexico.

Not only has Mr. Titworth been active on the Hondo School Board, but he has given much service to the community in other ways. He organized the Volunteer Fire Department and is the present fire chief. He has been a deputy sheriff for 26 years. Through his efforts, there is ambulance service in the valley, with the ambulance furnished by LaGrone Funeral Home of Roswell. During World War II, Mr. Titworth used his own car to carry ambulance cases to the hospital in Roswell. He helped organize the Optimist Club in the Hondo Valley, is a Farm Bureau member, and an active member

CPS Captures Safety Award

"Number One" in the nation is the achievement of Community Public Service Company in the 1970 On-the-Job Safety Contest sponsored by the National Safety Council, it has been announced by Dan Hennig, assistant safety director of the utility company.

Employees of the community held injuries down to a rate of only 2.35 per million man-hour, compared to a rate of 4.31 for all competing units in the public utility section of the gas and electric division of the annual safety contest.

"Full credit for this achievement goes to our safety-minded employees," Hennig declared in accepting the award for Community.

of the Tinnie Baptist Church. He assists with the Lincoln County Historical Society and the County Planning Development Committee. He is a member of the Masonic Lodge, York Rite, Shrine, Eastern Star Chapter No. 10 of Roswell, and a member of the Shrine Club and Associate Patron of the Ponderosa Court of the Amaranth, of Ruidoso.

Mr. Titworth is married to Marge Ferguson, of Captain, and has two children—Margie Staten, of Dallas, who is vice president of Beauty Control, Inc., and Fred, of Houston, who is associated with Brown and Root, one of the largest construction firms in the world. In appreciation of his services on the school board, Mr. Titworth received special recognition and honor last year by the State Schools Board Association, and the people in the Hondo Valley are appreciative of his many years of assistance.

Stereo Thefts

"Music has charm to soothe a savage breast, to soften rocks, or bend a knotted oak," according to an old saying. Today, music from automobile stereo systems seems to charm many thieves judging from the constant increase in thefts of auto tape decks and tapes over the past few years.

Whether the motivation is the charm of the music or the charm of high profits, thefts of auto tape decks and stereo tapes cost insurance companies some \$40 million in paid claims in 1969, the last year for which figures are available. And the trend of this type of thievery is definitely upward.

While it's difficult not to feel sorry for someone who wakes up to discover his traveling symphony missing, the Insurance Information Institute points out that many music loving motorists have been unwitting accomplices to the theft of their own property.

Stereo devotees spend about \$400 million annually for recorders, and even more than that for tapes, the Institute said. And a thief needs only three to five minutes to get his "share" of this prized equipment—especially when the motorist is cooperative.

It's a good idea, too, to mark tape players and tapes and record the markings. They can serve as invaluable fingerprints prints when identity needs to be established.

Be sure, the Institute advises, that you check to see whether you are insured against theft or loss. Permanently installed stereo players are insured automatically under the comprehensive portion of the automobile insurance policy.

Coverage for tapes is available under an endorsement to the policy for the payment of a small additional premium. This endorsement affords protection against thefts, loss or damage to the tapes—with a limit of \$200 for a single loss. The coverage applies to tapes owned by the policyholder—or a relative resident in his home—when the theft, loss or damage occurs while the tapes are in a car owned by the policyholder or his wife or in a car which is being used temporarily while his own is in repair.

Motorists are reminded by the Institute that homeowners policies do not provide coverage against thefts of permanently installed players or tapes. The homeowners policy does, however, cover portable tape players even when they are used in automobiles.

Washington Report

From Your Congressman

HAROLD RUNNELS

Two controversial measures that will be coming up for a vote in the Congress in the immediate future are continued federal funding for the Super Sonic Transport (SST) and the establishment of an all-volunteer army.

There are many pros and cons on both of these issues and a close vote is likely on each of them, especially on the SST which is scheduled for a vote this week. My decision at this point is to vote against continued federal funding of the project, although I don't oppose its development by the private industries which will benefit from it.

There are many problems with development of the SST, particularly those of air pollution and sonic boom, but the experts have convinced me that technology can and will overcome them sufficiently to make the plane feasible. My opposition is based solely on the federal funding aspect and my obligation to taxpayers to make sure their money is wisely spent.

On the matter of the all-volunteer army I have heard extensive testimony from witnesses on both sides of the fence in hearings before the House Armed Services Committee. My first inclination was to favor retention of the draft, which is scheduled to expire on June 30 of this year. I questioned whether the all-volunteer army concept would be workable.

After hearing the testimony on the matter, I have had second thoughts and am convinced that we will in time have an all-volunteer army. The big question now is how soon we can realistically end the draft.

It may not be possible to end the draft immediately, especially before the war in Southeast Asia is brought to an end, but the way I see the situation now I could not vote for extending the draft beyond a two year period. By that time we should definitely be ready to give the all-volunteer army a try.

One thing that has disturbed me about the draft and the Vietnam war is that too high a percentage of our combat force has been drafted. At the peak of ground fighting in Vietnam in 1968 draftees accounted for 42 per cent of the 360,000 soldiers in that country, but constituted 58 per cent of the battle deaths.

By 1969 draftees comprised 39 per cent of the Army in Vietnam, but accounted for 62 per cent of the men killed. The ratio continued to women in 1970, with draftees still numbering 39 per cent of the forces, but accounting for 65 per cent of the deaths from hostile fire.

Under the present set-up regular army personnel receive a higher percentage of non-combat jobs and the men with lesser training are left to do the fighting. Under the all-volunteer approach, combat forces would be smaller in number but a more highly trained unit.

Limited space prevents me from going into further detail at this time, but there are strong arguments against continuing the draft under the present basis. Since a vote will be coming up on the matter soon, I would appreciate receiving your views.

Ruidoso Track Team Attends First Meet

The Ruidoso Warrior Track Team was in Fabens, Texas on March 27 for the first track meet of the season. About 16 schools participated in the Ruidoso classification at the meet. Although the final score for the Warriors is unavailable, it is noted that Corky Conley finished 5th in the 440-yard dash and the Ruidoso team took 5th in the 440-yard relay.

A practice meet was held in Carrizozo on Wednesday, March 31.

The next track meet will be the Grizley Relays, slated for Saturday, April 3 at Carrizozo.

Many people have a hard time saving money because they never start until they run out.

Rose Parade Pictures Were Rotary Program

Movies and slides of the Rose Parade were the program for the weekly meeting of the Ruidoso Rotary Club held Tuesday noon at the H. & E. Tea Room. John Hall of the High Country Lodge and Restaurant and Tom Loudon presented the program to acquaint the club with ideas for floats in the fall Aztec parade.

Credit was given to several local citizens for the success and smooth operation of the 1970 Aztec parade.

It was announced that a board of directors meeting would be held Tuesday evening.

Two guests from the Alamogordo Rotary Club were present for the noon meet and the Rotary Exchange Student, Maria, was also in attendance.

Conway From The Capital

In this column, my last regular weekly column, I want to discuss some of the more important legislation that has passed, and briefly touch on some of the legislation that failed to pass. In all, 204 House bills were sent to the Governor, and 168 Senate bills. A large number of these bills are simply clean-up language from past legislative sessions and do not make any material change in the law.

Two bills of interest to our area are Representative Mershon's bill for \$60,000 for the space shuttle program, and the bill I introduced for the new judicial district of Lincoln and Otero Counties. Both of these bills have been signed by the Governor, and the judicial district goes into effect on July 1, 1971. Prior to that date the Governor will appoint a new district attorney for the Twelfth Judicial District, Lincoln and Otero Counties, and Judge Stanley continues as the judge of this district. This new judicial district is one of the issues I campaigned on, and I am very pleased that it became law during my first session in the Senate.

The controversial implied consent law which covers drivers accused of being under the influence of alcohol was signed into law by the Governor. Under this law any person who drives on the highways of New Mexico has consented to a breath test if he is arrested for being under the influence of alcohol. If he refuses the test, the state will suspend his license for one year. We received statistics that in Oklahoma the vehicular death rate had dropped 14% after their implied consent law went into effect. I hope we will do as well and I am certain this is a step in the right direction.

Another law provides for staggered registration of motor vehicle licenses, which should do away with some of the problems the Motor Vehicle Department has on getting everyone their license between January and March. Prior to this session, there were approximately 150 classes of motor vehicles, depending on weight and age, and this was reduced to three classes. The Motor Vehicle

Department has been a source of complaint to many citizens of New Mexico, and these two laws should go a long way toward reducing these complaints.

Over the last several months, several convicted narcotics users have been released due to a foul-up in the marijuana law. This law was corrected and will be effective as soon as the Governor signs the bill. Marijuana is being treated by the Federal Government in a different manner than hard drugs, and our new law goes along with this theory. I do not necessarily agree with all the aspects of the bill, but I do know that it is better than what we presently have on the books. We also established a Drug Abuse Study Committee, which I think over the next few years will prove to be quite beneficial. I can assure you that the members of the Legislature are cognizant of the drug problem, and I think that the legislation in the next few years in this area will be the result of a great deal of hard work.

Education received about as much money as was available, and remains as probably the top priority of the Legislature. We were able to fund in a limited way bilingual education which I certainly support.

Hopefully the question of Sunday liquor sales has now come before the Legislature for the last time. The law, as passed, puts this question on the ballot at the next Statewide election, which I expect will be in the Fall on the constitutional amendments. There are many people for Sunday sales, and there are many people against, and I can think of no better way than to get the matter resolved by putting it before the public and letting everyone vote on it.

Lastly, the Legislature reappointed itself and I have not spoken much about this as there is continual talk about a Court case on the action of the Legislature. Reappointment is required by recent decisions of the U. S. Supreme Court, and with our population shifts, it is necessary. Reappointment will again concentrate more power in the Albuquerque area, and I am afraid that more and more we are going to find legislation for Albuquerque and then legislation for the rest of the state.

On the minus side, the Legislature did very little in the area of environmental controls. No subdivision acts of any consequence were passed, even though one act which delegated most of the power to the Counties passed the Senate, it failed in the House. The so-called Cougar bill and one to protect hawks, vultures and owls passed, but otherwise not a great deal in this area was acceptable to the majority of the Legislature.

The session went by very quickly for me. I think 60 days is sufficient time, but I would prefer a ten-day session for the introduction of legislation, approximately 60 days to come home to have the bills printed and to discuss them with the people, and then go back for the remaining 50 days to hold committee hearings and debate on the floor. We seem to not have quite enough to do at the start, and be completely overloaded at the finish, and I believe a better balance is necessary.

Many people have told me they have enjoyed my weekly column and I have tried to keep my constituents informed. I want to especially thank this newspaper for

Elks Free Throw Contest Winners Named Saturday

Winners in the Elks' sponsored District Basketball Free Throw Contest were named last Saturday following competition in the Ruidoso High School gym. The winners, representing First, Second and Third Place respectively were, Ronnie Burton, Carlsbad; Mike Heathington, Artesia; and Rusty Smith, Roswell.

Competition in the 15-year-old and under free throw contest numbered fourteen boys representing five area towns. Each contestant was scored on the number of free throws made out of a possible twenty-five attempts. First place Burton scored on 23 out of 25, Heathington, 20-25 and Smith, 18-25.

Two Ruidoso youths, Terry Haake and Dale Pearson, although qualifying in the local competition held here Feb. 2 did not place in the District Contest.

Bill Taylor, local Elks Youth Chairman, said that District winners will compete in the Elks State Finals to be held in Tucuman on April 24th.

FREE THROW CONTEST WINNERS—Winners in the Elks' sponsored District Free Throw Basketball Contest were named Saturday following competition involving 14 boys representing five area towns. Winners, First, Second and Third, respectively were, left to right, Ronnie Burton, Carlsbad; Mike Heathington, Artesia, and Rusty Smith, Roswell. Seen with the winners are, left, Wanda Massey, Elks State Youth Chairman, Clovis, and right, Bill Taylor, Ruidoso Elks Youth Chairman. (Ruidoso News Photo)

Letters To The Editor

TO: Mayor George White and Chamber of Commerce Ruidoso, New Mexico

Words cannot express our most sincere appreciation for your hospitality and the time you took from your busy day to help us enjoy "OUR DAY" on March 18, 1971. It was a day in our lives we shall not forget. The PROCLAMATION and CERTIFICATE OF APPRECIATION are symbols of your warm feeling toward us, the Boys at Camp Sierra Blanca.

This is just one more example of the genuine interest your group have shown for us.

If at any time we may be of service to you, please do not hesitate to call on us.

Last Concert of Season Slated At Roswell April 5

The last symphony concert of the season to be presented in Pearson Auditorium in Roswell will be presented on Monday, April 5, at 8 p.m. The concert will feature the Roswell Youth Orchestra, composed of 40 string players, and the choruses of the two Roswell high schools. Guest artist will be Kenji Kobayashi, violinist, who was born in Tokyo in 1933, made his debut with the Tokyo Sym-

phony Orchestra at the age of 10. He came to the U. S. in 1952 and studied at the Julliard School of Music. He made his debut in Town Hall in New York in 1961 and in that same year made a European concert tour. He is currently concertmaster of the Oklahoma City Symphony Orchestra and is also on the faculty of the '100s School of Music here in New Mexico. Tickets at \$2.50 for adults and \$1.25 for students, are available at the Roswell Museum and at Ginsberg Music Co.

REV. MRS. ISADORE FOX

To Give Sermon At Easter Sunrise Service April 11

The Reverend Mrs. Isadore Fox, widow of one of the Four Chaplains who gave their life jackets to four soldiers on the deck of the troopship Dorchester in 1943, will give the sermon at the Easter Sunrise Service in Valley of Fires State Park west of Carriazo at 8:05 a.m. on April 11. Mrs. Fox comes from Cambridge, Vermont and will arrive in Capitan on Palm Sunday. She was elected national chaplain of the American Legion Auxiliary which has almost one million members, at the national convention in Portland, Ore. last year.

Mrs. Fox was ordained into the ministry several years after the death of her husband, Chaplain (1st Lt.) George L. Fox. This fourth annual Ecumenical Easter event has been designated Four Chaplains Easter Sunrise. Everyone is welcome to attend. The site of this unique celebration can be seen for miles around. Three huge crosses stand out on the hill high above the Lava Beds west of Carriazo, with high mountains on all sides.

FRANK TRUJILLO

Frank Trujillo To Attend Youth Meet In Colorado

Frank (Francisco) Trujillo of Capitan High School, put Lincoln County ahead of 24 counties in New Mexico, by winning a place on the 8 delegate State Team to the National White House Conference on Youth. He received the following invitation from the President of the United States:

"The President invites you to attend meetings of The White House Conference on Youth, to be held April 18 to 22, 1971, in Estes Park, Colo."

Frank earned his way by attending all monthly meetings of the Lincoln County unit, held in the Outpost Hill home of Chaplain and Mrs. Alfred Kline. He was awarded this all-expense trip as a New Mexico delegate, because he made more comprehensive reports on Lincoln County Groups and Pro-

jects than all other Lincoln County members combined.

A preparatory meeting in Albuquerque was called The Little White House Conference. Chaplain Kline, Lincoln County Chairman and Frank attended. They participated in this one-day program, of displays and discussion groups, with an opening and closing general session.

Trujillo has an impressive record of achievement in preparation to attend at Estes Park. He always found time to help anyone who needed a helping hand.

The purpose of this Conference on Youth is "to promote interaction and communication between young people and adults in positions of authority in various institutions, both governmental and non-governmental. The goal is to find new approaches to the major issues concerning young people today; and to open up channels for youth to become more involved in the decisions that affect their lives."

Frank was president of his freshman class, treasurer of his Junior Class, alternate to Boys' State, received the 1968-70 Best Band Member Award, winner of seventy-five dollars for placing first in Post 57 contest in Capitan, and second in District 5 of The American Legion Oratorical contests on the "Constitution of the United States."

He is a member of the National Honor Society and member of Letterman's Club. He is student athlete manager. He impersonated a tiger with mask and skins as mascot at all athletic contests. He served the band as Drum Major, President and Student Assistant Director.

Because Chaplain Kline was a delegate to the 1969 White House Conference on Children and Youth, and because he was chairman of The New Mexico Fact Finding Committee to set up an Annual New Mexico Conference to function in the interim between the

Lt. Roger Wooldridge

Finishes Signal School

2nd Lt. Roger O. Wooldridge of Ruidoso, was recently graduated with honors from the Telephone Digital - Communications Officer Course in the Department of Command Communications, Army Signal School at Fort Benning, Ga.

A 1964 graduate of Roswell High School, he attended New Mexico Military Institute and Texas Tech University. He received his commission through Officer Candidate School at Fort Benning, Ga.

Lt. Wooldridge is the son of Mr. W. Olan Wooldridge, Ruidoso, formerly of Roswell, and the late Mrs. Wooldridge. He is married to the former Judy Smith of Millerville, Ga. He is to be assigned to a signal battalion in West Germany.

1960 and 1970 annual sessions, he was appointed 1970 Chairman for Lincoln County. Kline introduced the policy of naming one youth and one adult as co-chairmen on all elective and appointive positions. This policy has been followed for the past 10 years. He will accompany Trujillo to Estes Park April 18.

Trujillo attended the 21st and 22nd Annual Sunshine Music Camp and the Solo Contest at Portales, as well as various talent shows.

Frank is the son of Mr. and Mrs. Ramon Trujillo of Lincoln. He is a member of Sacred Heart Catholic Church and his church's youth group called "Search."

He expressed his hope to be a good delegate. He said, "I only ask God to grant me the knowledge and capacity to present valuable assets toward the conference and the nation's youth."

This ambitious youth plans to attend New Mexico Military Institute, where he will major in Medicine and minor in Music.

The Tattletale

by Patrick Healy

This past Friday the Ruidoso Chamber of Commerce had their spring banquet. If you were not able to attend, "Boy you missed a very inspiring social event." With all the talk about cleaning up our fair city, as a friend of mine would say "Why Don't cha." You couldn't ask for more perfect weather to re-stack that wood pile, hide that ole outhouse by planting a vine on it, or get out and rake up some of those pine needles.

Checking out some possible tall pine land, brought Mr. AND MRS. F. D. MCCLINTOCK, Floydada, Texas, and Mr. AND MRS. LOWELL WEBB, Brownfield, Texas.

A Lubbock family out for a weekend of fun, Mr. AND MRS. ELDON SMITH and their two children SANDRA and TERRY, enjoyed sightseeing, chopping and the spring weather.

First timers to Ruidoso, DOUGLAS BUTLER, Chicago, Ill., KEN PETERSON, Phoenix, Ariz., who are presently stationed at William Beaumont Hospital in El Paso, are excited to get back for the racing season.

Folks up Michigan way will surely know where Ruidoso is located, when DAVE WOLTERS, PAT DYKEHOUSE and DEBBIE WOLTERS return to Grand Rapids, Mich., with all the camp photos taken with BOB WALTERS, Norfolk, Va., this past weekend.

Midlander, Mr. AND MRS. J. W. STARR entertained Mr. and

MRS. MURRAY FASKEEN with a relaxing time at their sunny bright yellow home in the upper canyon. Speaking of Midland, news came to many Ruidoso friends this week that Mr. AND MRS. DON HARGROVE have a new daughter, MICHELANNE.

JUDY AND MARY WOOLDRIDGE were home from college to visit their parents. You know it's fun for the girls, but it means a big wash for poor mama.

Getting away from it all, Professor ELDON and BETTY JEAN STEELMAN, drove up from Las Cruces.

Seems Michigan was well represented with MRS. FRANCES MORAN, Detroit, enjoying the sights and sounds of the Tall Pine Country with her daughter and son-in-law, Mr. AND MRS. ROBERT SCHULTZ, Odessa, Texas.

Thought For The Day: "TOURISTS WHO NEEDS THEM? WE DO." It pays to be friendly. We want everyone to come back to Ruidoso.

Registrars Named For Lincoln County

Three new registrars, Jack Mayfield, superintendent of schools at Capitan; William Casper, high school principal, Capitan, and Gerald Tanner, high school principal, Carriazo, have been appointed by the Selective Service System.

The positions are voluntary and draw no compensation.

Next regular board meeting will be held April 8, 1971.

Gov. Bruce King Issues Statement Regarding Implied Consent Law

Six weeks ago, I addressed the Legislature about ways we can make New Mexico a better place in the Seventies. At that time I mentioned that no issue concerned me more than the tragedies which are a daily part of travel on our state highways. Five hundred sixty-nine lives were needlessly ended last year in New Mexico. Thousands of other citizens were maimed.

I also urged the Legislature to seriously consider the problem of drinking and driving, a problem which has helped make our state number one in fatalities per mile driven and number two in deaths for population and vehicles registered. State government had to take action to end these distinctions.

I am pleased that the Legislature has framed, debated, and passed an Implied Consent Law which fills the enormous gaps in the old legislation. A man whose tireless efforts for the welfare of New Mexicans is a tradition—Senator Tibbo J. Chavez—sponsored this Implied Consent Law. I congratulate him and the overwhelming number of legislators who supported Senate Bill 1.

This Bill is among the most important highway safety measures ever passed in New Mexico. It establishes a reasonable and fair level of .10 percent of alcohol in the blood as the minimum level of intoxication. It will employ the most modern devices for testing alcohol on the breath. It allows a driver to take other tests at state expense if he so desires. It provides fair avenues of appeal for drivers who have lost their licenses for refusal to submit to a scientific test of intoxication.

Finally, these tests provide concrete evidence of an individual's ability to safely drive an automobile. This evidence can protect the innocent, convict the guilty, and deter those who consider driving after too many drinks. I promise the citizens of this state that the law will be enforced fairly and evenly. It will be enforced only against those drivers who are obviously dangerous behind the wheel.

Some people have called this a tough law. But it is also tough for a man to hear that his loved ones are dead or permanently injured of New Mexicans.

C. & L. LUMBER REMODELS—C. L. "Bones" Wright, left, owner of the C. & L. Lumber Co., Ruidoso Downs, and Albert Richardson, right, are seen in a portion of the newly remodeled customer area of the local firm. The company recently added over a thousand square feet of space for

retail purchasing in their remodeling and expansion program. The exterior of the firm's building is currently being refinished to add to the company's beautification and enlargement effort. (Ruidoso-News Photo)

Grassroots Opinion
MOVILLE, IOWA, RECORD: "There is some talk about freezing prices and wages. This perhaps should have been done sometime ago before prices went so wild including interest rates. From Washington comes the word — 'Hold the line.' This is good advice and until it is done... inflation is going to keep rolling upward. The part that doesn't fit the picture very well is the fact Congress raised their own salaries from \$20,000 to \$42,500 per year or about 42 percent. All of us would like a 42 percent salary increase, but try and get it, while operating a small business!"

RECEPTIONIST AND SECRETARY.—Mrs. Daina Salice, native New Mexican, has been employed with the Boykin Real Estate company of Ruidoso since December, 1970, serving the firm as receptionist and secretary. Mrs. Salice, her husband is employed with the Ruidoso school system, completed special business courses at an El Paso, Texas Business College and also serves the company as bookkeeper. The Salices have three sons, all of whom attend school in Ruidoso. Prior to her new residency in Ruidoso Mrs. Salice worked in the superintendent of school's office in Truth or Consequences. How to choose the proper light bulb

New bulb labeling helps you make the right choice

By checking the information on the bulb jackets, you can select the bulb that will best serve your lighting requirements. Information included shows the brightness (or lumens) the bulb will deliver... how many hours the bulb may be expected to burn... and wattage, or the amount of electricity the bulb uses. In areas where less light is needed or where changing bulbs is more difficult, you may want the "longer-life" bulbs which last longer but usually deliver less brightness. For study or work areas you should choose bulbs that deliver more brightness.

Capitan News

By BARTLEY McDONOUGH

On March 26, the Capitan Board of Education at a special meeting passed a resolution calling for a school bond election to be held on May 11, for the purpose of erecting and furnishing a multi-purpose building. The building will include a cafeteria and a gymnasium. This building will also include meeting rooms that may be used for a variety of purposes.

Quinn and Company of Albuquerque was chosen by the board to be the financial consultant. Keel and McCulloch of Santa Fe will be the school's bond attorneys. The resolution calling for the bond issue passed unanimously. The board of education will select an architect after it makes a study of other school buildings in the area. The gymnasium in Dexter was mentioned as an excellent example.

The issue is for \$200,000 of general obligation bonds. It was noted that the present cafeteria has been in use around 14 years and it was "temporary" then.

The local chapter of the Future Homemakers of America will present its annual talent show, this Friday night, April 2. The show is scheduled for 7:30 p.m. in the school gym. These talent shows are always fun and this one is reported to be better than ever. Will Bert Shreveson play Julie Maurine Waltz? In the twinkle act as a sensational act reported? The grade school is reported to have some excellent acts entered as usual. The program will be held to a reasonable length and is one of the highlights on the school calendar. Annelina Progne is the sponsor for the local FFA chapter.

The Tiger Track Team travels to Carrizozo this Saturday, April 3, to enter the Carrizozo Relays. Hub Traylor will enter the high hurdles and the 440-yard dash. Bronson Cummins will enter the half mile and the 220-yard dash. The Tigers will enter the 440 and the 880-yard relays but the exact make-up of the two teams was not known Monday.

Ted Stenros and Junior Oquerra are entered in the pole vault. NOTE—Stenros has won 17' 4" in practice. The record for this event in Carrizozo is 12 feet even. Stenros and Traylor are entered in the high jump and the broad jump. Dick Jones will be in the high jump and javelin—maybe the 220-yard dash. David Williams will work in the shot put and high hurdles. Expect to find Bobby Hall in the 160 foot hurdles and the javelin.

Other entries include Freshman Mark Wade in the broad jump and the open 220-yard dash. Chasante Kenny Jones will be entered in the

half mile. Eddie Jones will run the 220-yard dash.

Coach John Dickey stated that it is very early in the track year—everyone will be experimenting. This is always a very highly competitive event.

Melburn Gossett and the shgo boys are now working on lawn mowers. They cut an old "funker" working this morning. If you have an old lawn mower that you might donate to the school or one first to be repaired, call Coach Melburn Gossett at the school.

The Capitan Schools will conduct a kindergarten program as part of its Title I program again this year. The program will start on April 13. The children will attend classes on Tuesday, Wednesday and Thursday of each week through May 20. Children in the Capitan School District who will report to school next year are eligible to attend. The school houses will be 8:30 a.m. to 3 p.m. Children will be allowed to ride the regular school buses if they live on one of the bus routes.

Mrs. Alma Buehls will be the aide in charge of the program and will work under the supervision of Mrs. Leola Pingensten.

The Camo Sierra Blanca Crew is in the process of completing a pin-on-tunipier density project on 500 acres north of Nopal Lake. Kenneth Scheer is project crew foreman.

Ira Carter, Onal Peters and Leola Pingensten attended the Southeastern District meeting of the New Mexico Educational Association, March 19, in Artesia.

Girls Admitted To Explorers

After two years of research and field experience, the Exploring Division of the Boy Scouts of America will now admit teenage girls to full membership in Exploring, its high school-age action program.

The announcement was made this week by J. O. Vaughn, Scout Executive, after a word was received that approval has been given by the National Executive Board of the BSA and will be effective April 1.

Vaughn said that the action taken nationally was in recognition of the changing requirement to serve boys and young men, and it would enable Exploring to more effectively carry out its mandate to meet the needs and interests of today's youth.

Until January 1970, Exploring teams to act in leadership capacity had been an all-male program. Acting on research studies and recommendations of business, education, religious and youth leaders, Exploring began a one-year trial of admitting young women to participate in the program. Participation was restricted to special-interest Exploring posts established at a college or vocational level.

The National Executive Board's action now makes it possible for girls to become full-fledged members and for adult women leaders.

During the last year there have been 26 Exploring posts in this area with 4 having girls as participants. The posts specialized in such interests as radio broadcasting, advertising and public relations, and accounting.

Membership in a post or see Explorer ship would be entirely at the discretion of the sponsoring organization, Vaughn explained.

Age requirements for girls are the same as male members. Members may enroll upon reaching 14 years of age and may remain thru their 20th year.

Leola presented the awards to those elected to the Southeastern District Hall of Fame. These included Fernin S. Montes, Rondo; Mettie Jordan, Eunice; H. P. Allred, Roswell, and Ramon Welborne, Hagerman.

Short Notes: The annual Tiger Band Spring Concert is now set for April 15. The Carrizozo Band will give a concert here April 5, 10:05 a.m. in the school gym. Capitan Schools will be out Friday and Monday, April 9 through 12 for the Easter Holidays. Next meeting of the Capitan Board of Education will be April 12. Leola Pingensten is the proud new owner of a Buick Le Sabre. The Junior-Senior Prom will be May 1 this year. Music will be furnished by Grover Dobbins and the Blue Drifters. Capitan Lions and their ladies enjoyed another evening of volleyball Monday night.

School Menu: April 5—Pineapple, cole slaw, buttered corn, brownie, milk. April 6—Sauerkraut and Weiner, oven baked potato, green beans, hot biscuit, butter, chocolate cake, milk. April 7—Turkey, gravy, cranberries, mashed potatoes, hot rolls, butter, strawberry shortcake, milk. April 8—Tuna salad on lettuce, buttered corn, toast, jelly with fruit, milk. April 9—HOLIDAY.

Leola Pingensten, Myrtle Williams and Lynda Samelson attended the state convention in Albuquerque, March 20, of Alpha Delta Kappa Sorority.

Our column ran as usual last week, but inadvertently, a few of my readers received a paper with the wrong insert. Most readers got the right insert.

School Superintendent Carter was in Albuquerque March 30 and 31 attending a pre-budget workshop.

Your Social Security

"Any social security beneficiary who earned over \$1000 from wages or self-employment income during 1970 should report this fact to the Social Security Administration by April 15," Bob Noble, social security field representative, emphasized today. This can be taken care of by telephoning any social security office or representative. An "Annual Report of Earnings" card will be filled out from the telephone conversation and mailed to the beneficiary for signature.

A beneficiary can earn up to \$1,000 in a year and still get his social security checks for all months of the year. He gives up \$1 in benefits for each \$2 he earns between \$1000 and \$2000. For every \$1 he earns over \$2000, he gives up a matching \$1 in benefits.

Noble pointed out, however, that no matter how much a beneficiary earns in a year, he can still be paid a full benefit for any month in which he does not earn more than \$140 in wages and does not actively work in self-employment.

A penalty may be involved if a beneficiary waits until after April 15 to make his annual report.

Most people 65 and over have long since signed up for the doctor bill insurance part of Medicare. But, Bob Noble, social security field representative, warns that for some who have not, March 31 was the final deadline.

"If you were born after October 2, 1902, but before October 2, 1908," Noble says, "this is your very last chance to get this valuable protection. Also, if you were born in the last three months of 1909, or in 1904, or 1908, and missed an earlier opportunity to enroll, this general enrollment period is open to you."

Noble explained that every person reaching age 65 can sign up for the medical insurance part of Medicare, which is paid for by monthly premium, during a period starting three months before his birthday month and ending three months after that birthday month. But people who miss that initial opportunity generally have three more chances: the next three general enrollment periods, which are set by law during January, February and March of every year.

GRASSROOTS OPINION

TOWANDA, PA., REVIEW: "Every American city, large and small, is plagued by the vandal, that peculiarly surreptitious individual who feeds his ego by marauding or defacing anything that gives pleasure and a sense of well-being to others. He seems to glean vicarious pleasure by stealthily destroying what little of beauty there is in the world. Public buildings, monuments, schools seem to be the special targets of the vandals. When reading of such destruction, every civic-minded citizen should be outraged by what is, nothing less than an invasion of his own personal rights."
