GRASSROOTS' OPINION
Lakewood, N. J., Ocean County Citizen: "So many of us accept the good things this country has to offer as a matter of course. We agree that, too, often the powers that be have overlooked and put off for tomorrow enforcing certain rules broken by several minority groups that could, without question, if permitted to continue, end up placing this beautiful country behind the 8 ball, and sacrifice all the enviable progress we have made in the nearly 200 years since its founding."

A Change In Seasons

A change in seasons always seems to herald a change in activities. If the pace of everyday living is quickened, food must be relied upon to supply the extra energy needed.

While a basic breakfast of fruit or juice, ready-to-eat cereal with milk, bread and spread and a beverage provides a good start on the body's nutrient needs for the day, sometimes a heavier meal is desirable.

For healthier morning fare Kay Kellogg suggests a breakfast built around baked French Toast as the basic item. This recipe features another ingredient not for veritable packaged corn flake crumbs: Suitable accompaniments may include criss-cut bacon, warm maple syrup or honey and the customary fruit plus a beverage to complete the menu.

BAKED FRENCH TOAST

4 cups corn flakes or
2 cups packaged corn flakes
crumbs
2 eggs, well-beaten
1/2 cup milk
1/2 teaspoon salt

- If using corn flakes, crush into fine crumbs. Set aside.
- Combine eggs, milk, salt and vanilla in shallow dish or pan. Dip bread in egg mixture turning once and allowing time for both sides to absorb liquid. Coat evenly with corn flakes crumbs and place in single layer on well-greased baking sheet. Drizzle with margarine.
- Bake in hot oven (450°F) about 10 minutes or until golden brown.

Yield: 4 servings, 3 toast halves each

With new fabrics come new problems. Two of the frequently asked questions are:

What can be done about the odor that sometimes accompanies permanent press items?

The usual finish that is used to make a fabric crease resistant or permanent press can sometimes leave an odor on the finished garment. To avoid this situation, the best thing to do with all new permanent press garments is to launder or dry-clean them (consult the label for proper care) before using.

Is there any way to get permanent pleats at home?

No. Permanent pleats are achieved by using a special heat-setting method on fabrics of resin-treated cotton, polyester, cotton or polyester/rayon blends. The machinery and conditions needed for this operation cannot be duplicated in the home. Some professionals drycleaners can set pleats in some fabrics, such as polyester knits, providing the fabric has not been treated with a permanent press finish. However, this is an expensive process.

An often forgotten dimension of the consumer's responsibility to the art of returning goods constructively. The responsible retailer wants and needs to know when products have not performed satisfactorily.

Consumers can help by returning unsatisfactory merchandise. The following procedures should be followed when returning defective textile products.

Clearly explain the problem in writing. Be specific—was the difficulty in shrinkage, pilling, construction, color loss, or something else?

Include the date of purchase and the price. When possible, give model or style number and send copy of sales receipt with the complaint.

State length of time the item was used or worn and the approximate number of launderings, and/or cleanings.

Describe briefly the laundering or cleaning procedure used, along with the names of special chemical or laundry products used for pre-treating or stain removal.

Send or take the merchandise with accompanying letter to the manager or buyer of the appropriate department of the store where you bought the item. When returning by mail, be sure to insure the parcel or send by registered mail.

Include your name, address, and telephone number with the letter.

Constructive returns made in this manner may require time and patience on the part of the consumer, but they also serve your best interests by helping the manufacturer and the retailer constantly improve the quality and value you receive for your clothing dollar.

62nd Anniversary For Gran Quivira

Fruit Cakes On Sale By Ruidoso DOES

A national monument older than the National Park System itself, Gran Quivira, was established on Nov. 1, 1916 by Proclamation No. 822 of President William H. Taft. Utilizing the power vested in him by the June 8, 1906 "Act for the Preservation of American Antiquities," the President reserved the rights at Gran Quivira to promote the public interest and provide for the protection thereof. Thus, 240 years after abandonment, the Indian village named "Pueblo de las Humanas" by the Spaniards, and the ruins of two 17th century Franciscan missions became a national monument.

The prehistoric occupation at Gran Quivira began about A. D. 800 with small clusters of pithouses. By the 1300's the culture of Gran Quivira was similar to that of the pueblos in the Rio Grande Valley. When the first known European, Don Juan de Onate, visited the pueblo in October 1598, Gran Quivira had become the largest village in the region. During the period 1629 to 1680 the Franciscan priests were active here and constructed the San Isidro mission in 1629 and San Buenaventura mission in 1659. Then, approximately 300 years ago the last priest departed and several years later, in the early 1680's, drought, famine, predation, and Apache raids caused final abandonment of Gran Quivira.

When Congress created the National Park Service on August 25, 1916, Gran Quivira was one of 22 national monuments and 18 national parks to comprise the new National Park System. Three years later, on November 25, 1919 the boundaries of Gran Quivira were enlarged by Proclamation No. 1484 of President Woodrow Wilson. The Sunrie-Sunset reader of the Grand Court of the Order of Amaranth will be held on Nov. 11, 12 and 13 in the St. Francis Cathedral in Santa Fe. Mgr. Helene Mattox of Santa Fe is the Grand Royal Matron and Wade E. Cupp is the Grand Royal Patron. Planning to attend from the Ruidoso Ponderosa Court of Amaranth are Mr. and Mrs. Herbert Smith, Mrs. R. E. Knox, Mrs. Louella Counts, Mr. and Mrs. Frank Titworth, Titworth is the Royal Patron of the local Court; Mrs. Dorothy Bynum, Royal Matron of the local Court; Geo. Dunnell, and Dixie Cox.

It was not until 1923 that active management and development actually got started. In that year the first Custodian, "Doc" W. H. Smith, was appointed for Gran Quivira. "Doc" built the first park building, a two-room stone house, in 1923 and this structure in time became the visitor's center.

Early visitors saw only the ruins of one large Franciscan mission church. However, excavations in the village, including those by Gordon Vivian in 1951 and Al Hayes in 1966-68 have uncovered two of the 21 apartment-like pueblo ruins, which provides today's visitor with a better understanding of prehistoric life and Indian-European contact.

Today, after 62 years as a national monument, the ancient ruins wait patiently for the next chapter to unfold. As one stands in the ruins room, and the wind blows gently through the empty halls, you can almost

feel the past. One of the better privileges of life that we have in America is the right to vote... "Cap" Cowan
Long-Time Resident
"Cap" Cowan Dies
In Local Hospital

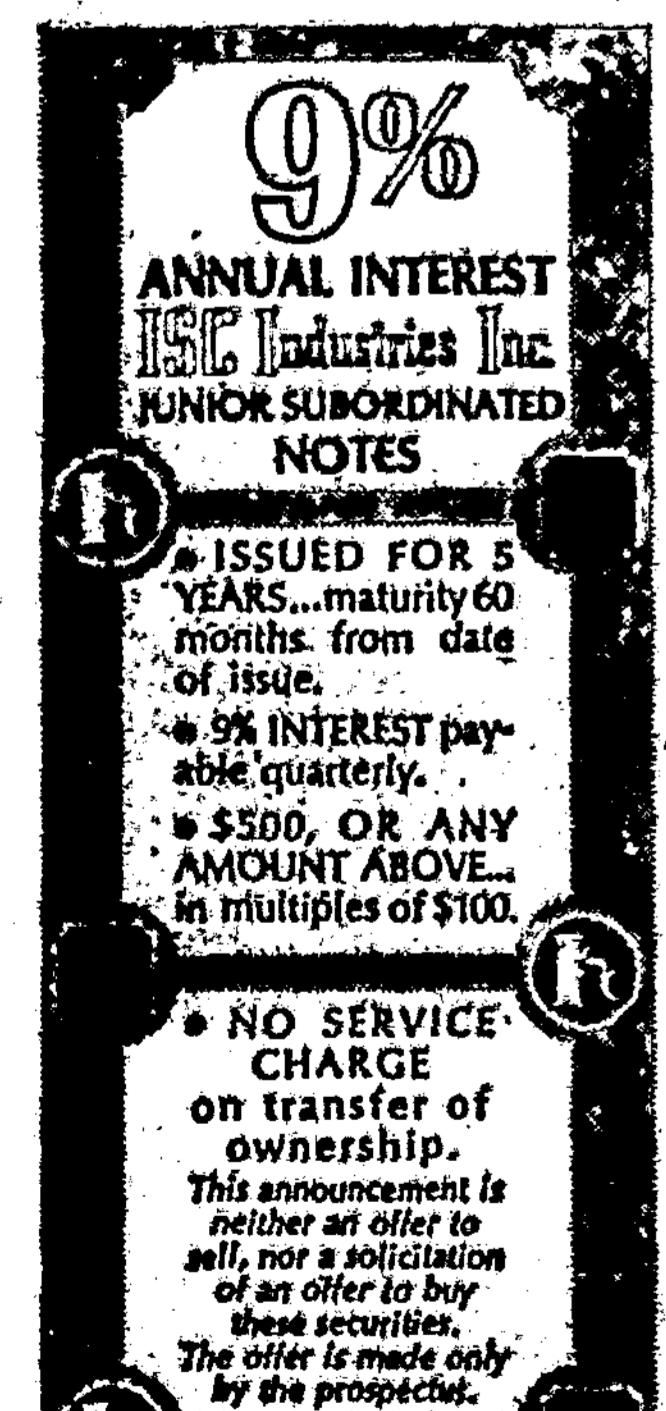

Funeral services were held Monday, Nov. 8, at 10:30 a.m. from Ballard Mortuary Chapel in Roswell for James Logan "Cap" Cowan, 87, who died in the Ruidoso-Hondo Valley Hospital Nov. 5. Dr. Austin Dillon, pastor of the First United Methodist Church of Roswell, officiated and interment was in the family plot in South Park Cemetery in Roswell.

Cowan was born on June 27, 1884, in Flagler, Iowa. In 1895 when Cowan first came to New Mexico he was a neighbor of the Chisum brothers who owned the "Wing Bob" ranch near Lake Arthur, then called Lake Lake. Cowan attended school at Hagerman and graduated from New Mexico Military Institute. He was a captain in the National Guard during the First World War and got his nickname "Cap" from that time.

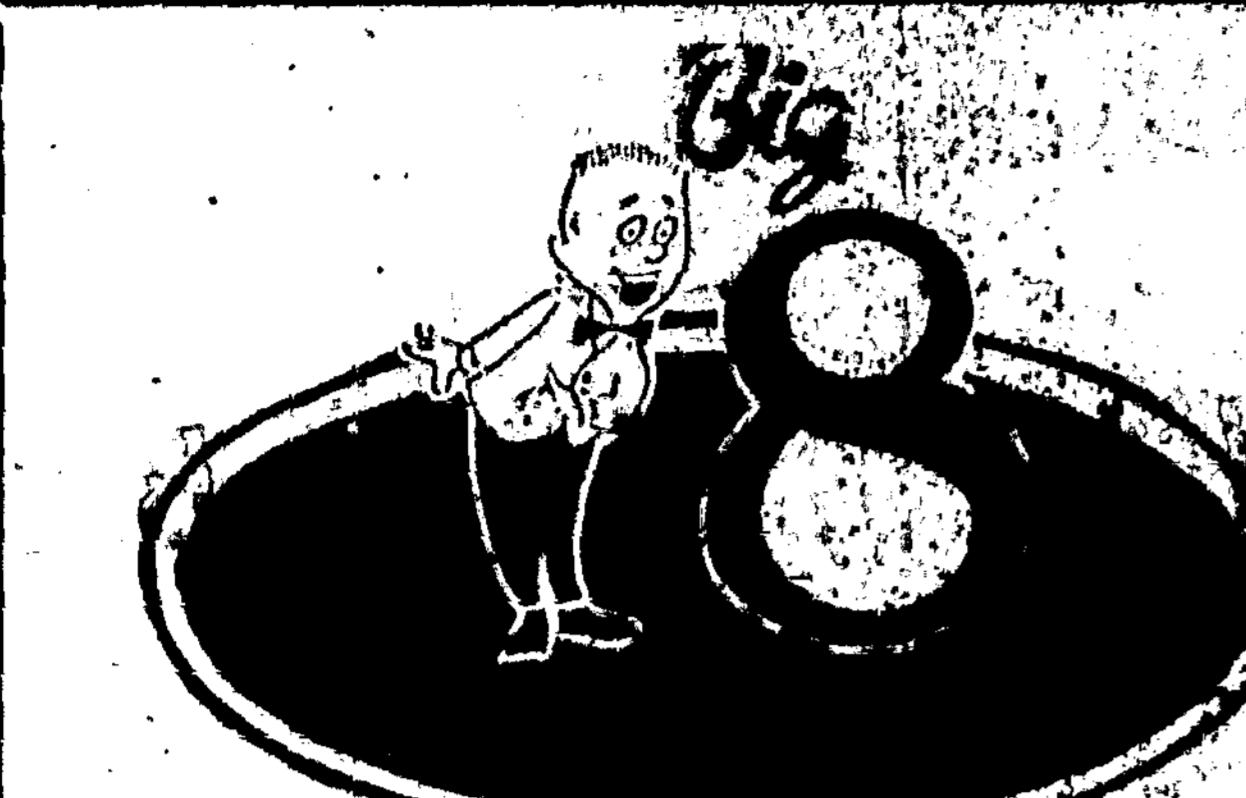

Cowan was married in 1911 to Miss Hallie Robertson from Alpine, Texas. The couple had three children, Gerald, who passed away in 1946; a daughter, Marion Jo, who was a licensed architect, now deceased; and another son, Hal, who was with the F.B.I. in Washington and who died in 1968. Mrs. Cowan passed away in 1946.

Cowan first came to Ruidoso in the year 1900 when the old Ike Wingfield house was the only home here. Cowan spent the summers in Ruidoso camping out from 1917 until 1925 when he bought his present property here. Among his many interesting "occupations" was running a livery stable in Hagerman and he owned trotting horses which he entered in the Roswell Fair each year. He was superintendent of buildings at NMNM from 1917 until 1928 and was purchasing agent for Southeastern Public Service Co. until 1928 when he became manager of the Roswell Country Club, a position he held for 10 years. During the Second World War he was storekeeper in the sub-post at Walker Air Force Base, and on the day the armistice was signed he moved to Ruidoso to make his home. He built several cabins on his property on the river in the upper canyon, and operated Cowan's Cabin until his death. In 1960 he was married to Mrs. Ethel Jones of Seymour, Texas. She passed away about three years ago.

Surviving are his present wife, Mrs. Rebecca Cowan of Ruidoso; one grandson, Jim Cowan of New Hampshire who attended the services; four granddaughters living in California.

Inside The Capital

BY FRED BUNKLE

The University Study Committee finished hearings at state university campuses with a pledge to seek appropriations to finance library collection additions at New Mexico's state universities.

Sen. T. M. (Doc) Brinley, D-Luna-Hidalgo-Sierra, is USC chairman. Rep. Richard Carbajal, D-Belen, is a USC member. After the hearings Rep. Merrill Taylor, D-Farmington, said: "One of the most important things we've done is to establish a communication."

UNM student attitudes toward the USC have changed. The "Love Lust" poem incident at UNM set off no controversy in early 1969 and sparked formation of the DBC. Last week only a handful of UNM students and faculty members appeared at an open DBC meeting on the UNM campus. Library needs was the chief topic.

During the series of hearings over several weeks Sen. Stanley underscored the constitutional separation of executive and legislative departments of state government. Sen. Stanley told students many of their problems require executive department action to remedy.

Gov. Bruce King told officials of the state office of planning and development in recreation to smaller communities. King said, "I certainly will make every effort from the office of the governor to assist in the planning."

Gov. King named educational evaluation committee of parents, teachers and students in 10 school districts. They will analyze performance, effectiveness and needs of local schools in 10 districts.

Committees include: Deming-Mrs. Alma Feil, Edward Hernandez, Fred Herrera, Mrs. Lucy Lueras, Clifford Moody, Mrs. Jewel Myers, Arnold Ortega, Roy Perez, Merv Hatch and Richard Leyba; Belen-Dan Deaca, Carter Wald, Willie Chavez, Paul Moya, Ernest Castillo, Carolyn Jaromica, Donald Garcia, Ernest Sanchez, Mrs. Felix Sanchez and Glenn Oliver, and Los Lunas-Larry Gugino, Coville Herrera, Neuben Soto, Mrs. Diana Powell, Mrs. Ramon Paez, Mrs. Modesto Cravens, Paul Boyett, Albert Cheshire, Gene Garcia and Mrs. I. Salazar.

The Legislative School Study Committee sent 1,027 questionnaires to a total school personnel study to 17 school districts on many phases of public schools. Districts included: Clayton, Deming, Grants, San Juan, Santa Fe, Taos, Socorro being populated.

The U. S. Forest Service moved its Black Range District office of Gila National Forest from Truth or Consequences to a privately owned building in the city. Morgan Smith of USFS regional headquarters at Albuquerque said General Services Administration entered a 3-year lease for

Tinnie Girl Will Attend 4-H Congress

Three New Mexico 4-H members have won trips to the National 4-H Club Congress Nov. 22-Dec. 2 in Chicago, Ill., after winning sectional or national program winners.

The three join 25 other New Mexico 4-Hers named earlier as recipients of Congress trips, according to Mrs. Thy Faye Jones, 4-H program leader for the New Mexico State University Extension Service.

Cristina Pacheco, Tinnie, has been named a national winner in the leadership program. She will attend the 4-H Congress under sponsorship of The Gear-Roeck Foundation.

"I sincerely believe that the renaissance of the town of Lincoln would be an extremely important tourist attraction that would help us in not only attracting more tourists to Lincoln itself, but to the entire area in south-central New Mexico."

The State Banking Department set a hearing Nov. 30 in Santa Fe on a proposed branch in Ruidoso by Chaves County Savings and Loan Association. The hearing was held in Sudderth Drive between Reece Drive and Cedar Creek Drive. The firm is Ruidoso-based.

Foster '70 has been racing Commission executive secretary 10 years. His salary is \$12,600 a year. Foster had long experience officiating at New Mexico tracks going back to 1952 before he assumed his present job.

Bennie Cloud, other Racing Commission members are: Herman Tabet, Belen; Leslie Davis, Chama; Francisco Uribe, Albuquerque, and George Swader, Albuquerque. Malof is the only holdover member from the 1969 administration.

The highway Commission will open bids Nov. 19 on a 4-mile highway project in Curry County from 12 miles east of Melrose east. The 2-lane highway is set for completion in 175 working days.

Capitan News

By BARTLEY McDONOUGH

The school gym was packed just Friday night as a large crowd thoroughly enjoyed the annual Junior Play. The entire cast did such a good job that we will not mention individual performances. Play director Emma Gene Hall deserves much praise.

Superintendent Caster and Ofelia Sales, accompanied twelve 7th grade students to Santa Fe last Friday and did the following: A. Toured the Capitan Building and inspected the Governor's office. B. Visited the Senate chamber. C. Visited the oldest house and church. D. Went on a private guided tour of the Governor's Palace Museum.

Students who made the trip included Jerry LaMoy, Bert Siscoengoot, Ninn Garcia, Joe David Cummins, Kathy DeNardi, Larry Smith, Wesley Daniels, Ronalee Smith, Verne Nehemiah, David Hightower, Robert Gutierrez and Richard Preciado. The group left the school at 7:30 in the morning and arrived home in time to see the Junior Play.

The Senior Class would like to thank the public for making its recent magazine sale such a big success. The subscription slips were mailed to Pleasant-

The Distributive Education classes, under the direction of Mr. Terry Bender, are working hard to promote their course. The top magazine salesmen in order of their finish were: 1. Lloyd Cartwright (had most of the school's order); 2. Patsy Walker; 3. Janice Silva; 4. Susan Payton; 5. Abby Allen.

There was a total of 170 magazine subscriptions sold. Please allow the magazines eight weeks before they start appearing in your mail box.

Reporting out for varsity basketball on Nov. 1 were: Seniors — Dan Abercrombie, Lloyd Cartwright, Bobby Jenkins and Johnny Preciado. The rest of the squad included Jimmy Lucy, Ted Bischoff, Robert Abercrombie, Rex Chavez, Bronson Cummins, Buddy Godines, David Pumpelly, Mike Romero, Ronnie Smith, Kenny Taylor, Sam Townley, J. W. Ware, John Nardi, Henry Grigo, Bill Hightower, John Lucero, Richard Phillips and Sherman Willis.

The managers are Ernest Hammert and Robert Babbitt. Several others may report out to basketball injuries mood. The Tigers play their first game of the season, Friday, Dec. 3 when they host Hondo.

The grade school students celebrated Halloween this year on Friday, Oct. 28, as Oct. 31 was a Sunday. The Annual Halloween costume parade was held on the school quadrangle on a rather windy day. We liked all the costumes, but thought the following were exceptionally fine (they are not in order): Rex Hobba, Lee Coleran (obese woman), Candy Trujillo, Stewart Daniels, Julia Colomina, Debbie Castillo, Danny Chaminas (the Devil), Sherri Langford, Gia Allen (Casper the Ghost), Ronnie Montes (a tramp).

We thought Alex Trujillo had a very clever costume. We round out our list with Gloria Zamora (a small ghost), and Dale LaMoy (The Devil with a big fork and a long tail). We also liked two pre-first graders. They were Heather Polasky as Little Bo Peep, and Trevor Bell dressed as a clever robot.

Members of Alpha Delta Kappa, honorary teacher sorority, met last Saturday afternoon in the home of Myrtle Williams. The rustic setting was Nogal. The security theme this year is "Know Your Neighbors". In keeping with this theme Myrtle Williams showed slides of Viet Nam while those present enjoyed strawberry short cake coffee.

Members present included Elsie Kimball and Hazel Allin of Hobito, Lydia Jameson of Ruidoso, Wanda Lewis, Orelia Sales and Myrtle Williams. All local members were present. We was Superior Student Chapter. The Board of Education will take final action concerning this incident at a later date.

Short Notes: — The Armed Services Test will be given to the seniors on Nov. 17. This is a type of occupational aptitude test. — The school enrollment after the first 30 days of school was 2,322, up three above the projected enrollment. — The second 6-week period ends at the school on Nov. 16.

The next meeting of the Catholic Women's Club was rescheduled for Thursday night, Nov. 11. On the agenda was a dinner out for husbands at the Smoky Bear Cafeteria. The program was given by Ms. Shirley Bill. Movie in California. It was entitled "Points of Law" or "Husbands and Wives". The program chairman was Shirley Dean. The officers were Shirley Hickey.

Student Council — Robbie Miller and Shirley Dean were in charge of the annual election of the new Mexico Association of Women's Clubs. The nomination was held in truth and order.

Student Council members were interviewed Monday for a "College Day" meeting: Dan Abercrombie, Abby Allen, Shelly Loomis, Jim LaMoy, Candy Robinson, Lloyd Cartwright and Patsy Walker. They were accompanied by Shirley Hickey.

The Odileans will be remanned Nov. 28 through Nov. 13 in the hall of the Legion. No one has been absent since, during these four days because there will not be a special deer hunting holiday. The trade school is busy preparing to annual Thanksgiving Program which will be the afternoon of Nov. 24 in the school gym.

We received your tourist permit back and it was very enlightening. We found out what they would like to do, what type people come up, what they don't seem to know. We have to offer them what they are looking for. Where they are from and where they are not from.

Friday, Marc LeClair, a sales representative for National Cash Register visited the class. He is the manager of the Powell DECA chapter president. LeClair came to Ruidoso to demonstrate to students the various techniques in operating the different types of cash registers and will be instructing the DECA students at a future date.

The Distributive Education classes evaluated store windows Thursday, Nov. 3. The first window observed was at Bristol's Department Store. The window was set up by Terence Marion, DECA member. The second window judged was at the Mountain Side Shop.

The windows were evaluated on several different aspects. Lighting, cleanliness and attractiveness of the displays were some of the aspects concerned. These windows were evaluated to tie in with the unit in DECA being studied by the class.

Bender, DECA coordinator, has summed up the Prop and Coop working hours. Three hundred hours have been recorded and \$2,700.00 has been earned.

Mr. Bender predicts that there will be a grand total earned at the end of the school year of about \$17,000.

Now, coop students who do their jobs, but hopefully will be placed before the beginning of January.

The purpose of the meeting was to review the "Handbook of General Policies and Procedures of the Capital Municipal Schools." Receiving special scrutiny was the section pertaining to students. Student Council representatives present included Patricia Otero, Mary Dartmouth, Sandy Loubie, Robert Sternell and Kenny Cummings. Teachers present included T. D. Bonner, Orlie Sales and Myrtle Williams. All local members were present. We was Superior Student Chapter. The Board of Education will take final action concerning this incident at a later date. There is no charge.

Round School

By LINDA WEBB

Report cards were given out Wednesday for the 9-week period. Senior rotakets will be Nov. 19. It's your last chance.

Group pictures of organizations will also be taken on the 19th. Everyone attend the GAA volleyball game with Hondo Thursday night at 6:00 in the gym. . . . There will be a National School Assembly at 10:40 on puppets and marionettes. . . . Student Council Vice President will be elected Friday before the Rep assembly. Candidates are Blane Miller, Alan McDaniel and George Tschirhart. . . . Student Council will still consist of six members. The more and the less able for you can only be voted away.

The psychology class will be giving IQ tests this week. . . . The Spanish class has chosen "Sleeping Beauty" for their play to be presented early in 1972.

The following students were interviewed Tuesday for a "College Day" meeting: Dan Abercrombie, Abby Allen, Shelly Loomis, Jim LaMoy, Candy Robinson, Lloyd Cartwright and Patsy Walker. They were accompanied by Shirley Hickey.

The Odileans will be remanned Nov. 28 through Nov. 13 in the hall of the Legion. No one has been absent since, during these four days because there will not be a special deer hunting holiday. The trade school is busy preparing to annual Thanksgiving Program which will be the afternoon of Nov. 24 in the school gym.

Mrs. Rex Skellelt teaches kindergarten at White Mountain School.

She feels that kindergarten education should be available to all children. Every activity worth having in the kindergarten is continued in greater depth and complexity through the school year. A child cannot be forced to grow, but his growth can be guided thru love, patience, understanding and encouragement and the provision of challenging learning experiences. Discipline is something we maintain through self-control and respect.

Mrs. Skellelt has attended the University of Arizona in Tucson and the University of Southern California. She attended UCLA last summer and plans to continue at UCLA next summer.

Linda has had a variety of teaching experience. She has taught in Los Angeles city

Sunland Increases

Purse For Season

Horsemen at Sunland Park got some good news recently with the announcement of a purse increase.

The new increase will be reflected into the "mid-section" of the purse schedule — allowance and high claiming races. This is the first such increase in this area in recent years, Johnson said. Two years ago, Sunland began a sharp upgrading of the stakes program. Earlier this year, the minimum purse for quarter horses was raised from \$850 to \$1,000.

The new increase is reflected in the latest condition book, which was scheduled to be in the hands of horsemen this week.

The boost covers \$5,000 for the six-day period of Nov. 12-13-14 at \$171,324. The comparable figure last year was \$151,403. The boost is the first of its kind to be made during a year.

"Johnson pointed out.

Warriors Trounce T or C

Coach Doyle "Tiny" Howell's Ruidoso Warriors wrapped up the District 3AA championship last Friday night at Truth or Consequences over a surprising winless Tiger team, 36-8.

In Coach Howell's first year at the helm for the Warriors, the Tribe wound up regular season play with a 8-2 record and a 3-0 district play.

The Tribe got on the scoreboard early in the first quarter after Ken Perryman recovered a Tiger fumble on the T. or C. 26 yard line. It took the Warriors four running plays and one first down to light up the scoreboard as Frankie Calderon took a pitch out and raced in from 15 yards out for the 6-pointer. On the try for extra point the Warriors were penalized back to the 8-yard line and running play from there the kick missed the uprights.

The Tigers came roaring back after Ruidoso's TD and with one running play which carried to the Ruidoso 36, Frankie Apodaca had wingback Jay Johnson who had gotten behind the Warriors' secondary with a 23-yard pass which carried down to the Ruidoso 10-yard line. From there they had a first down and 10. Ruidoso's forward wall seemed to pick up momentum and pushed the Tigers back to the Ruidoso 32-yard line. Harlan Butts and Tim Baur combined to make the big play on Apodaca which re-entered in a 17-yard TD's on a fourth down try.

Ruidoso's second touchdown of the night resulted when Mel Patton fell on a loose ball on the Tiger 10-yard line. On the first play from that point Blane Miller skirted left end into the end zone. Again the extra point try was no good.

Ruidoso's third touchdown of the evening was again set up by the defense as Steve Wimberly recovered a Tiger fumble on the T. or C. 30-yard line. On the next play Quarterback Blane Miller found his favorite receiver, split end Reeves McGuire in the end zone and threw a perfect strike to up the score to 16-0. Frankie Calderon went over for the 2-point conversion to make the score 20-0.

Ruidoso's defensive team once more rose to the occasion just before the half when Miller was rushed hard, hit and fumbled the ball on the Ruidoso 4-yard line with 16 seconds remaining before the half.

On the next play two successive passing at

tempo, the Tiger quarterback was rushed hard and failed to

connect with his receiver. On a third down the T. or C. crew tried a field goal which was no good.

The Tigers got on the scoreboard in the third quarter from two yards out and then ran over the conversion try to close the gap to 20-8. The Tigers had one TD called back, a 68-yard pass and running play from Apodaca on an illegal procedure penalty.

Ruidoso's defense scored one touchdown and set up another for the Warrior's scoring of the night. Alan Payne picked off a Tiger aerial and raced some 50-yards for a TD. Calderon batted across for the 2-point conversion. Wimberly, for the second time of the evening, handed the ball over to the Warriors offense with his second and Gary White.

pass interception, this time on the Tiger 25-yard line. From three yards out Miller crossed the double stripe on the quarterback sneak for the TD. Little Reeves McGuire, all 122-lbs., upped his point total for the night to eight points as he was on the receiving end of a Miller pass for the 2-pointer.

Kent Skarda, junior halfback, although not scoring points for the Ruidoso eleven, picked up valuable yardage on the ground for the Warriors, along with his blocking ability, allowing the other running backs to make yardage on the ground.

Showing well on defense was Corky Conley, Cricket Level, Tim Baur, Mel Patton, Wimberly, Ken Perryman, Payne and Gary White.

MRS. B.—
By CECELIA BARBON

We have heard the expression: "Food for thought" and I have read that beets are brain builders while carrots made us beautiful. I have eaten plenty of them but they didn't seem to help. Be that as it may, we will just reverse the expression and say "thought of food".

Things now are so much more convenient, there is no reason not to have our good food. In the old days I never knew of anyone having more than three pie tins. I remember my mother removing her baked pies and placing them on plates so she could bake more pies.

Some say the food today just does not taste the same as our grandmothers. But it could if we just took time and had the patience she had. There again, we say we just do not have the time she spent on getting a dinner that will be eaten in thirty minutes. How about spreading that time out over the weeks to come? The last two months are the best of the entire year for food.

Starting with November: You can have your delicious pumpkin pie; make it days before, and freeze it. If you do not want to make crusts, buy them frozen or already baked. Make a thick custard, using only half as much milk as you do for cream pies. When it is cooked, stir in one can of pumpkin. Cool. Then fold in two cups—or more—of small marshmallows with some cinnamon and nutmeg. Pile high in a cooked crust; sprinkle with more spices; place in a cellophane bag and freeze until needed. Do not thaw in oven as the marshmallows will melt. They are even good with hot chocolate, on a cold evening after the pump.

No, we will think of Thanksgiving dinner: I hope you have been saving bread and "crusts," scraps of cornbread and "cracklings" made from the fat you don't want to eat so that is what grandmother used in her stuffing for Master Tom Turkey. Be sure to use enough sage and fresh onions—to include—she always had a bunch of winter onions in her garden. I hope you have a good recipe for baking the bird.

You do not have to make your own mincemeat as grandmother did but you must add more ground raisins, a chopped up

TROOP LEADER NEEDED — This group of girls of Ruidoso Girl Scout Troop 4 is without a leader to sponsor them. They represent the 4th and 5th grades and meet at the Lions Hall on Tuesdays after school. The girls are: Nina Marshall, Gwen DiPaolo, Rhonda Battalio, Sally Eckert, Middle row, left to right, Linda Short, Karen Stans, Stacy Woodbridge, Cindy Taylor and Gina Battalio. pie, some nuts, sorghum and dried fruits, to the bought kind, to older.

Next comes Christmas which is the best time of all: the cookies and fruit cakes may be made early and frozen. There are ever so many kinds of ham or roasts to prepare if turkey or duck is not desired. Grandfathers usually want duck hunting and there was a special way to bake them with apples, wild rice and wine, with wedges of red cabbage placed around. Hot buttered orange juice or per-Almond beer in the drink.

Since it has not been long after our Christmas feast, we will plan "coal food" for our New Year's dinner. I do not know how long it has been co-called, but it has been good for my coal most of my life.

Then on the day or your dinner you only have to bake or candle the potatoes while the turkey is baking and make the ambrosia to fill the scalloped orange shells—you saved from breakfast—to lay around the turkey; or any vegetable desired. Grandmother had to get hers from the root cellar. Of course,

Another good cake or pudding may be made from a plain cake mix and a can of fruit cocktail. Bake in a flat pan. When done spread with a thick mixture of butter, brown sugar, coconut and chopped nuts. Cook a few minutes longer or until the sugar is bubbly and coconut is browned. Cool and freeze.

Then on the day or your dinner you only have to bake or candle the potatoes while the turkey is baking and make the ambrosia to fill the scalloped orange shells—you saved from breakfast—to lay around the turkey; or any vegetable desired. Grandmother had to get hers from the root cellar. Of course,

There will be ham-hock and collards or fried cabbage with black-eyed peas; crackling corn pones and wild blackberry dumplings. Yum-yum.

Space will not permit more but if I have caused a bit of nostalgia, I am glad. We need to come down from the clouds and meditate for a while.

I believe it was Dickens who wrote:

"Reflect on your present blessings, of which every man has many; not on your past misfortunes, of which all men have some."

We should think of our Pilgrim Fathers who came to this new world and suffered untold hardships, to seek freedom in religion. Then greatest of all we should give thought to our Lord who came, suffered and died to save the world.

Thus, I hope I have truly given you some "food for thought."

The

SILVER LINING

By DANIEL A. STORM

Guest Columnist: John Miner

The clouds are a lot darker this week, with Dan Storm laid up at the Ruidoso-Hondo Valley Hospital. On Monday, Dan was working on the new stretch of U. S. Highway 70 that will straighten out the twenty-two curves in the Glencoe area when he was knocked down by a behemoth. If you don't know what a behemoth is, just go down and look for the biggest yellow thing you can find that has wheels. That's a behemoth. And that's what gave Dan severe lacerations on his legs. The doctor who attended Dan reportedly gave up counting stitches. I don't blame him. As a matter of fact, I don't know anyone who keeps track of the number after two hours of sewing. Dan himself added to the lowering clouds by blaming himself for ruining Joe Nas's award-winning safety record. And Joe is the best boss that Dan ever had, or so Dan swears (and it's the first time I've ever heard him swear!).

But, every cloud has its silver lining. In this case it's Dan himself. One half hour out of surgery, he was greeting everyone with a hearty "Hi, Governor!" and spreading a silver lining as far as the poor guy could. He apparently felt more sorry for the driver that knocked him down than he did for himself. "It wasn't his fault," he said. "It was an accident. And, if it will help everyone to be more careful, maybe there won't be any more accidents on that job. Wouldn't that be a great thing, Governor?"

Dan praised the men at the scene for a fabulous job of first aid, in which they've all had training. He's also very much aware of the splendid attention he's getting at the hospital here. Dan is reportedly doing very well, well enough to hope to dictate more of "The Silver Lining" for next week's issue. I'm very pleased to have been invited by him to fill in for this issue, especially because he's filled the pulpit at the Episcopal Church here for me many times when I've needed him. By the way, if you ever want to hear "The King's English", just ask Dan to read a few lines from the Book of Common Prayer.

Speaking of the Episcopal Church, Dan wanted me to be sure and remind all of Charlie Culver's friends that there will be a reception for him this Sunday, Nov. 14, at 11:30 a.m. in the Parish Hall of the Church of the Holy Mount. If Charlie's

Give Rotary Talk

Three Girls' and Boys' State representatives gave the program at the regular weekly meeting of the Ruidoso Rotary Club Tuesday noon. Kim Good and Debbie Garrett described activities at Girls' State and Glen Dunagan told of his experience at Boys' State held this summer. The students were named for the honor by the American Legion and Legion Auxiliary.

The Rotary discussed the possibility of sponsoring a move-

ment to discourage drug abuse in the community in a program similar to one now in progress in Alamogordo.

Jack Underwood and James Davis were formally inducted into the club as new members by A. E. Hunt.
