By WUGH STILES

Friends of past years from Osona, Texas, the Floss Childress family, spent the weekend in our fine community enjoying the super fantastic beauties of the area. It was unfortunate that their daughter-in-law became ill and had to be admitted into our local hospital but fortunate for them that our hospital and hospital staff is of such high quality so as to put their minds at ease.

Osona, Texas, perhaps a little larger than Ruidoso geographically speaking, at one time not too long ago had around 32 millionaires, fabulous hospital, and a couple of the best doctors to be found anywhere. The people of that west Texas town are really "the finest kind of people" in the world and like Ruidosians really grow on you and become a life time part of you.

At the present time I am not sure about the number of millionaires but am positive that the town's slogan, "The Friendliest People In The World" is still a true definition of the people. Was told that Osona now lacks a doctor and that the hospital is not the same.

Can't help but wonder if our people, also the finest people in the world, realize how truly fortunate they are to have our hospital facilities and the greatest team of doctors available anywhere in the world? We are indeed fortunate to have Doctors Horton, Kaiser, Annale, Steiner. I truly would trust each and every member of my family with any one of our Ruidoso doctors. They are the greatest. It wouldn't hurt each of us to express our appreciation via a card or by word of mouth to both the doctors and the hospital staff.

Speaking of hospitals, in general that is, most hospital staff members take a lot of ribbing about patients' sleepless nights or how that in reverse patients are awakened to be given a sleeping pill. Plus the age old statement about "not being able to get any rest" and how that they make you bathe as one person stated, "even when you ain't been anywhere to get dirty."

The rules, regulations and procedures in most hospitals are the same and it has come to mind that there is a remarkable resemblance between the rules, regulations and procedures for the sport, which is now in season, basketball.

Perhaps just a comparison of the glossary of terms and equipment used between the hospital and basketball will be helpful. (Hopefully, I will not have to be hospitalized anytime in the near future.)

To begin with in basketball basket officials regulate the fairness of the game, in the case of the hospital the doctors serve as the officials, the only difference being that they call the shots, unlike the referees in a basketball game. There are all kinds of shots, both in basketball and in hospitals.

In basketball there is what is known as the jump shot, the hospital also has this kind of shot. While in the Army I jumped from the Army machine that a jump shot is the result of a square needle.

Basketball also has its hook shot which the hospital also uses, they primarily use it in the surgical room while sewing up something they have already knocked out.

The lay up shot in basketball is the player's choice shot which by the way seems to be the hospital patient's favorite shot as well. Sometimes the location of hospital shots prohibits aiming and laying it then most desirable.

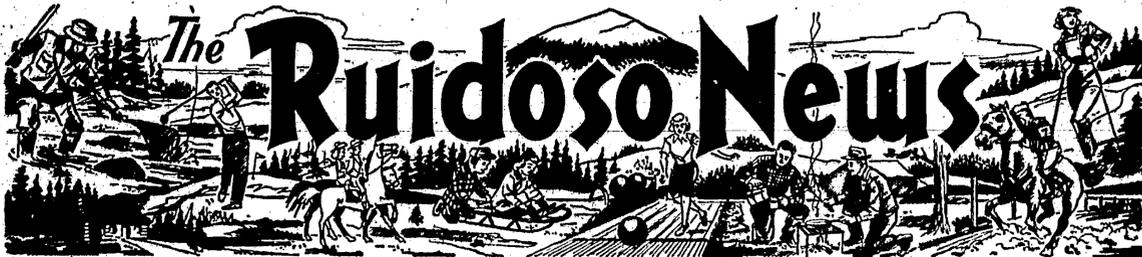

Every basketball team has to have a coach and hospitals have a special kind of "Evencos Nightingale" that coach their patients. The basketball coach gives his players points on the game while the nurses also give their patients points, only theirs is in the form of needles.

Baskets is a common term in basketball while bed pans is its equivalent in hospitals, basketball has its free throws while the hospital also has its free throws which come without charge in the form of helpless heaving.

Out of bounds in hospitals refers to the visiting hours while in basketball it produces a change from the offense to the defense. Field goals make for basketball game points while field goals to the farmer who is hospitalized refers to his day dreaming. Personal fouls in a basketball game soon add up and eventually cause a player's discharge from the game. Patient's personal fouls towards attractive nurses likewise will soon cause a patient to be discharged from the hospital.

There are charging fouls in basketball, team fouls, offensive fouls and defensive fouls, in the hospital many patients feel that there is foul play in the charges, offensive fouls in the pain and team fouls when the nurses and doctors team up to do their thing.

By the way, I think we have one of the best hospitals in the nation!

MAYOR WHITE WELCOMES TRIBAL CHIEF—Ruidoso Mayor George P. White, left, welcomed Meccaleiro Apache Tribal Council Chief Wendell Chino and the ten members of the tribe's official council during a noon luncheon in the tribe's honor last Friday. Ruidoso's First New Year's Baby Arrives—Finally

Aaron Von Rosenberg's brother was born Monday, January 11th to become the First Baby of the Year to be born in the Ruidoso-Hondo Valley General Hospital. Aaron, 2, had no comment for the press as did the new parents, Mr. and Mrs. Jeffrey Von Rosenberg of Ruidoso, who expressed both their joy for the welcomed addition to their family and their extreme gratitude to Ruidoso merchants for the many gifts.

For the sixth consecutive year the Ruidoso News has sponsored a full page ad listing gifts for the new baby of the year as well as various gifts for the parents. The new arrival for the Von Rosenbergs not only will go on record as being the first baby for 1971 but also as having made Ruidosians wait the longest for his arrival. The record record was 1962, when seven days passed in 1961 and 1962.

The new boy, at the time of this writing yet un-named, was born at 11:47 a.m., and weighed 4 pounds and 7 ounces. His mother is the former Susan Stephenson of Los Ormes and the stepfather is the son of John W. Von Rosenberg of Ruidoso. The Jeffrey Von Rosenbergs have only one other son, Aaron.

A list of Ruidoso merchants and the gifts to be presented include the Ruidoso State Bank, a \$10 Savings Deposit; Callaway Agency, Inc., a \$5.00 Gift Certificate; Ruidoso Drug, a can of baby milk; Norman's Restaurant, a pizza dinner for the parents; Ruidoso Mercantile, a \$5.00 gift certificate; Nunley's Drug, a \$7.00 Vaporizer; Gault's, a "car seat"; Chaparral Beauty Salon, a hair set for Mrs. Von Rosenberg; Modern Tots and Teens, a \$10 gift certificate; and The Ruidoso Flower Shop, a bouquet.

Also a box of cigars from Eltes Cleaners, a pair of baby shoes from The House of Shoes, a baby comforter from the H. & J. Food Basket, a second honeymoon lodging at the Villa Inn, a Sunday dinner for Mr. and Mrs. Von Rosenberg courtesy of the Chaparral Motor Hotel, and from Don's Prescription Pharmacy, three packages of disposable diapers.

the lot of our people and we want to nurture goodwill in all communities." The Meccaleiro tribal chief also told those in attendance "We do not seek sympathy, all we ask is neighborly and friendliness."

Cienegita Plans Explained

Over 100 Ruidoso business and professional men and women heard Wendell Chino, president of the Meccaleiro Apache Tribe, announce that construction on the \$6.8 million dollar Cienegita tourist complex would begin this summer with completion expected in 1973. The announcement came during a special luncheon in the Ruidoso-Hondo Valley General Hospital.

The Cienegita project, a part of the tribe's long range recreational development plans since 1962, consists of three main areas of recreational development. (1) A 100 surface acre lake with a dam 80 feet high to be constructed just west of the Carrizo Canyon area. (2) A 126 room multi-million dollar lake shore resort hotel with convention facilities for 500, and (3) An 18-hole sub-irrigated golf course.

In prefacing his remarks regarding the tourism trade Chino stated, "We don't want to hurt anyone, we want to build something that would compete with the larger type complex—not in competition with the hotels in our area." He also stated, "We hope to attract a market that is not presently coming to Ruidoso, we don't want to hurt present businesses, we are after a new market."

The 100 surface acre lake will be around 1 1/2 miles in length and in comparison to Lake Bonito, about two and one-half times larger. Fishing, boating and swimming will be offered to tourists.

In reference to the lake Chino stated, "We will dam up the entire Carrizo canyon area. Our engineers have so designed the lake to protect life and property in the Carrizo Canyon area."

Reassuring the concern of many Ruidosians regarding the future of the Rio Ruidoso, Chino remarked, "We do not intend to dry up the Ruidoso creek (referring to the Rio Ruidoso) we only want to divert the water long enough to fill up the lake." Chino also told the group of

Ruidosians "We have a mutual responsibility to protect the Ruidoso Creek." Tentative plans call for the water diversion only during the rainy seasons when the Rio Ruidoso would not be critically affected. Engineering plans call for the bottom of the lake to be sealed so as to prevent seepage.

The resort hotel will be designed to attract large conventions with long range planning already considering an additional 175 rooms to the currently scheduled 126 for a total of 300 rooms. The Cienegita Resort Hotel is considered by many to become the finest facility in New Mexico for the resort convention market.

Long range plans also call for a major expansion of the Sierra Blanca Ski Resort. An over night ski and tourist lodge is also considered in the ski area project. The Meccaleiro do not own the ski area but have a thirty year land use type of arrangement with the federal government.

Fred Heckman, on Chino's administrative staff, told the Ruidoso assembly that the tribe hopes to, with the tourism trade, "build year 'round off season tourism in the

Ruidoso area." He stated that "The Tribe has 150,000 acres of prime land upon which to attract tourists."

To finance the project the tribe was given a \$2.3 million grant from the Economic Development Administration as announced in the Ruidoso News December 12, 1969. Tribal administrative officials noted that the balance of the monies needed for the project have been secured by the tribe.

Ruidoso Mayor George P. White introduced Chino and members of the tribal council along with members of Chino's administrative staff. In his introductory remarks White remarked in part that this was the first time in history that the village's governing body and the tribal council had met in an effort to better understand the reservation of both the village and the reservation. All members of the village council were present as were members of the tribal council.

In response to Mayor White's opening remarks Chino stated "Each day I work to try to create a better understanding among all people, we are trying to improve

A BORN WINNER—Ruidoso's first baby of the year was born eleven days after the first day of 1971 but was still a welcomed addition to the parents, Mr. and Mrs. Jeffrey Von Rosenberg of Ruidoso. Positions On School Board Ballot Told

Candidates for the only contested position in the upcoming school board election drew lots Tuesday night at the school board meeting for positions on the ballot.

Jack Kannady, Jr.'s name will appear first for position 2, and Dave Parks' name will appear second.

Dr. Howard Tate is running unopposed for position 1. The election has been set for Feb. 2 in the Home Economics Cottage on the high school campus.

1971 Golden Gloves Boxing Schedule To Begin Here Monday

Ruidoso's first seasonal Golden Gloves boxing matches will get under way here Monday, Jan. 16, with around fifteen matches scheduled. The Ruidoso District Jaycees Boxing Team, under the direction of James Fitzgerald, will meet the Sierra Blanca Boys School club with the matches beginning at 7:30 p.m.

Ruidoso will send into the ring several of their top state ranking Golden Glove boxers as well as several new comers to the boxing world. Paul Crown, 1970 Golden Gloves Regional Heavyweight Champion, will be in a featured bout. Other local Jaycee sponsored fighters include Ricky Sanchez, Golden Gloves State Runner Up in the welterweight division, and Ben Herrera, 1969 New Mexico Golden Gloves Pee Wee Champion.

This year the matches will be held at The Hut, located next to the Village of Ruidoso city hall building. Cost of entrance is \$1.00 per person with all proceeds going to help support the work of the local Ruidoso Jaycee boxing program.

Jan. 25th Date Set For Annual Scout Fund Drive

The annual Ruidoso Boy Scout Fund Raising Drive has been set for Monday, Jan. 25. Drive chairman Charles McClellan stated that teams of interested Ruidosians will canvas the Ruidoso-Ruidoso Downs areas attempting in one day to raise sufficient funds to assure the Ruidoso-Ruidoso Downs area of an active scout troop. Currently there are over 80 Scouts in the area under the direction of head scoutmaster Ray Crawford and assistant scoutmas-

Hondo Woman Is Charged With Murder of Sons

Two warrants charging separate crimes of murder were read Wednesday afternoon to Mrs. Josephine Simeroy McTeigue, 27, of Hondo in her St. Mary's Hospital room in Roswell.

Lincoln County Sheriff Ernest Sanchez accompanied by Sheriff L. O. Thompson of Chaves County, served the warrants which were issued by Magistrate Court in Carrizozo following the filing of the murder charges Tuesday.

Mrs. McTeigue is accused of having fatally shot her two sons, William Shane Toombs, 5, and James Eric McTeigue, 6 months, at the Jimmy McTeigue home in Hondo last Saturday night.

The older boy is a son by a previous marriage.

Sheriff Sanchez, Deputy Sheriff James Fitzgerald and State Policeman Jeff Darden were called to the McTeigue residence at approximately 12:30 a.m. Sunday, when they arrived they found the two boys in their beds where they had died of 22 calibre gunshot wounds in the head. Mrs. McTeigue had apparently turned the gun on herself after killing the boys, wounding herself in the upper abdomen, and has been listed in serious condition.

Funeral services for the two boys were held at 10 a.m. Wednesday, Jan. 13 at St. Jude Thaddeus Catholic Church at San Patricio Cemetery with Chapel of Roses of Ruidoso in charge of arrangements.

Marriage Vows Repeated In Candlelight Rites

Marriage vows of Miss Lynna Louise Phillips and Pat Kneff Farrar were repeated at 7 p.m. on Friday, Jan. 8, in Community United Methodist Church in Ruidoso with Rev. Charles Crutchfield officiating at the double-ring ceremony. Parents of the couple are Mr. and Mrs. D. F. Phillips and Mr. and Mrs. Leon Farrar, all of Ruidoso.

MRS. PAT KNEFF FARRAR

The church was decorated with two altar baskets with white gladioli and white snow crystals. Four candelabra holding white tapers illuminated the candlelight service. Mrs. Warren Cottle sang "The Lord's Prayer" and "Oh, Perfect Love", with Mrs. Jessie Lee Hawkins accompanying on the organ and playing the traditional wedding marches.

The bride was given in marriage by her father, and wore an A-line white peau de soie gown with lace appliques embroidered with seed pearls and crystals. The long full sleeves and the Juliet cap holding the shoulder length veil of illusion were accented with seed pearls and crystals. She carried a bouquet of feathery chrysanthemums, lilies of the valley, centered with a white orchid, on a white ribbon. For something old she carried her grandmother's handkerchief, something new was her dress, and she wore the traditional blue garter which was also something borrowed.

Mrs. Sonny Taylor, San Angelo, Texas, was matron of honor. She wore a full length gown of turquoise velvet with a headpiece of turquoise ostrich feathers and turquoise veil.

Mrs. Dotty Kasmir, Leo Alamos; Mrs. John McElhatton, Houston, Tex., sister of the bride, and Miss Janet Birtz, Tinnie, were bridesmaids. They wore dressed in gowns identical to the matron of honor. Leon Farrar, father of the bridegroom, served his son as best man and ushered were Danny Wimberly and Carey Horton. Reeves McGuire, Hank Wood and Neale Williams were groomsmen.

The bride's mother wore a 3-piece suit of Alizeen with a jeweled necklace, matching acces-

sories and a corsage of snow crystal and orchid. The bridegroom's mother was dressed in a white and gold ensemble with brown accessories and a snow crystal and orchid corsage.

A reception was held in the American Room at the Chaparral Hotel with approximately 150 guests attending. The bride's table was laid with a white cloth covered with turquoise net draped with greenery and turquoise bows. The three-tiered wedding cake was decorated in turquoise and white. Silver candelabra with white tapers and two baskets with flowers decorated the table. Members of the houseparty were Mrs. Bob Hager, Heidi Hager, Mrs. L. Ray Nunley and Ginger Pippin. Rogene Hollis was in charge of the guest book.

For the wedding trip to California the bride wore a brown linen ensemble trimmed with orange and beige and the orchid from her bridal bouquet. Following the trip the couple will be at home at 1716 South Bolano in Las Cruces.

The bride is a graduate of the Ruidoso High School and is a freshman this year at New Mexico State University where she is also majoring in biology. Farrar is also a graduate of the Ruidoso High School and is a freshman at New Mexico State University where he is majoring in biology.

MRS. DOROTHY ARCHER

Acrylic Workshop Slated February 8 to 19 At Carrizo Lodge

Mrs. Dorothy Archer, well known Southwestern artist, will hold her third annual Winter Acrylic Workshop at Carrizo Lodge from February 8 to 19.

This is a course designed for the realist as well as the abstract student. The use of the synthetic media as a duplication of oil, tempera and casein techniques is stressed, in addition to the unlimited applications of the acrylic methods. Emphasis is placed upon color palettes and individual instruction in the use of each palette, the result of which is sparkling clear color. Both private and group criticism is offered and the completion of at least one painting daily can be expected. Brief but thorough demonstrations and lectures are given each morning. Beginners in painting, as well as the advanced artist, will find this an exciting and productive period of study.

Dorothy Archer's paintings reflect the influence of concentrated study with prominent oriental art, displaying clean, brilliant color or with firmly based structural compositions—achievements which she stresses in this course. She is listed in Artist USA, a reference book of contemporary American artists.

NEWS 'N NOTES

by MARY ELLEN PAYNE

A sandwich can be a snack or a meal. They go everywhere; to school, factory, office, picnic, home and even the best restaurants. A sandwich can be made up of just about any ingredients.

The National Sandwich Idea Contest is organized through the Institutional Management Department, College of Home Economics, Kansas State University. This contest is in its 16th year, and wow, what a variety of ideas! Of the "20 best sandwiches of the year," as their winners are called, the "confetti sandwich" is a special one.

- Confetti Sandwiches (makes 6 sandwiches)
- 6 enriched hamburger buns, split and toasted
- 2 cups (8 oz.) shredded cheddar cheese
- 1/2 cup salad dressing
- 1/2 cup finely sliced green onions
- 1 can (6 oz.) pitted ripe olives drained and chopped
- 1 jar (2 oz.) pimiento, drained and chopped

Butter toasted buns. Mix remaining ingredients. Spread on bun bottoms. Broil 3 to 4 minutes, or until cheese bubbles. Cover with bun top; serve immediately.

The ease of preparation, the very ordinary ingredients combined in an unusual way, and the nutritious value of the cheese make this sandwich worth a try.

SILVER LINING

By DANIEL A. STORM
This was the coldest spell the old Gringo has ever seen over here across the creek. Or is it that I can't take it any more? The coldest I can remember here at Storm's Crossing is fourteen below, and it stayed for just one night and the next day it warmed up some. That was along about this time in 1863 the day Shady Logan came to the house as a small pup.

But when Jack Frost let the hammer down this time he pounded the mercury down to sixteen below two nights in a row. And the days following it got up only to fourteen above.
As usual the cold spell caught me without enough wood and I spent that first day getting in wood and the following night staying up trying to keep the pump and the water from freezing. Exhaustion overtook me about two o'clock the second night and I fell asleep by the fire; and I awoke to find the water frozen, the fireplace fire gone out, and no wood in the house. Outside in the sixteen below I cut a little more wood and built up the furnace and the fire place and went back to bed. The cold followed me into bed and would not leave. I thought of every mean and low down thing I had ever done.

Shady Logan to the Rescue
If it had not been for Shady Logan, the little Storm Ranch Coyote, I don't know how I could have kept warm. But he came in from the fireplace and got under the covers. First he was down at my feet then between my shoulder blades and then up behind my ears.

The dog did men of my native Alaska come to mind. I remembered how these men out on the trail when night came and they were ready for bed they would just lie down on the snow and the malamutes (sled dogs) would pile on top of them. This way the dogs would be both a house and a blanket that no cold could penetrate.

In the National Geographic Magazine, I think it was, some time ago I read about a tribe of people in Siberia who lived in most near about the coldest part of the world. In the winter they lived in very small houses and the only way they kept warm was to have one or more of their dogs in the house with them. A one-dog night was pretty lousy. A two-dog night was cold as Amarillo in a blue northern. And a three-dog night was "no fittin' night out for man nor beast." A four-dog night was unheard of among these people. For a three-dog night was as cold as these people had ever seen. But do not let anybody tell you that there is no such thing as a four-dog night.

The Man Who Lived Through A Four-Dog Night
Now I am going to tell you of a fellow who very recently made it fine through a Four-Dog night.

I was up at the office of The Ruidoso News the day after the two-day cold spell; and here drove up a tall man—and I recognized him as one of the most widely beloved citizens of the City of the Pines. Of late years he has moved down under the mount on the sunny side at LaLuz for the winters. He said it had got down to seven above—the night before, very cold.

County Agent's Column

By RALPH DUNLAP (Lincoln County Agent)
Quality applies for New Mexico was the major concern of apple-growers meeting in Santa Fe on January 7th. The different aspects of quality were discussed as well as the possibility of marketing order.

The advantages and disadvantages of state and federal marketing order were discussed at length. The establishment of a regional marketing order for New Mexico, Colorado, Utah and Arizona will be considered. It was mentioned that a sterile coding moth program might be started if coding moth rearing facilities could be set up.

Distinctive Service Ribbon Is Awarded

SPOKANE, Wash.—Master Sergeant Robert E. Berry, son of Mrs. R. E. Berry of Carrizozo, has been recognized for helping a unit earn the U. S. Air Force Outstanding Unit Award with the combat "V" device for valor.

Sergeant Berry supported the Strategic Air Command's (SAC-3rd Air Division (now Eighth Air Force) headquarters at Anderson AFB, Guam.

The sergeant, now assigned at Fairchild AFB, Wash., will wear a distinctive service ribbon with the "V" device as a permanent decoration.

The division, which was inactivated March 31 and replaced by Eighth Air Force, was cited for exceptionally meritorious service in support of military operations in Southeast Asia from March 1963 to March 1970.

Eighth Air Force, the famed bomber command that waged the air offensive against Nazi Germany in World War II, conducts all SAC operations in Southeast Asia and the Western Pacific.

Sergeant Berry is a 1952 graduate of Loraine (Ore.) High School. His wife is the former Martha A. Christopher.

Sammy Vega Receives Army Promotion

Vinh Long, Viet Nam (AHTING) Dec. 10—Sammy G. Vega, son of Mr. and Mrs. Joe G. Vega, Carrizozo, recently was promoted to Army Specialist Four while serving with the 17th Assault Helicopter Co. near Vinh Long, Vietnam. Specialist Vega is assigned on a helicopter mechanic with the company.

He entered the Army in February, 1970, completed basic training at Fort Ord, Calif., and was last stationed at Ft. Eustis, Va. The 19-year-old soldier is a 1969 graduate of Carrizozo High School. His wife, Peggy, lives in Carrizozo.

Area Students Are NMSU Fall Graduates

Seven Ruidoso area students are among 417 students who completed degree requirements during the fall semester at New Mexico State University in Las Cruces.

The degree recipients, 254 of whom are from New Mexico, will be recognized May 18, 1971, during commencement exercises at New Mexico State University.

Students from this area who have completed degree requirements are Rick Englund, son of Mrs. Mary Englund, Bachelor of Business Administration; Ewald Fuchs, son of Mr. and Mrs. E. H. Fuchs, B. S. in Agriculture; George Pearson, son of Mr. and Mrs. A. E. Pearson, B. S. in Agriculture; Jim Neal Graham, son of Mrs. Frances Pullio of Turlock, Bachelor of Science; Karen Strman, daughter of Mrs. E. R. Paxton, B. S. in Education; Kent Taylor, son of Mrs. Harold Taylor, Master of Arts, and James Lee Sullins, son of Mr. and Mrs. Jim Sullins, Bachelor of Science in Agriculture.

Friends in this area learned this week of the death on Dec. 24 in Simmons Memorial Hospital in Sweetwater, Texas, of Claude E. Lofland, 74, who had visited Ruidoso on many occasions and had many acquaintances here. Lofland was a retired postal employee after 25 years of service in Peculiar, Mo., Belton, Mo., and Sweetwater, Tex. Survivors include the wife, Mrs. Edna Lofland of Sweetwater, Tex.; one daughter, Mrs. Jean Holmquest Sutton of Roswell, and three grandsons, Sp/5 Chris Holmquest, who is stationed at Ft. Knox, Ky., Robert Holmquest, Dallas, Texas and Steve Holmquest of Roswell, and one brother, Ralph E. Lofland of Dallas, Texas.

Rabies Vaccination Clinics Scheduled

Rabies Vaccination Clinics in Lincoln County have been announced for Jan. 23 and 30. All dogs three months old or older must be vaccinated for rabies annually, and owners are urged to bring their dogs to one of these clinics.

Clinics will be held in Carrizozo on Jan. 23 from 2-5 p.m. at the fire station and in Capitan on Jan. 30 from 2:30-4:30 p.m. at the fire station.

All animals brought to these clinics must be on a leash and kept under control.

Carrizozo Man Is New Chairman of County Draft Board

A Carrizozo man has been elected chairman of Local Board No. 14 of the Selective Service System in Lincoln County.

Fructoso Osorio, a bookkeeper for the Ortiz Bros. in Carrizozo replaces retiring chairman E. L. Sherrill, also of Carrizozo.

Osorio has been a member of the local board for twelve years. Sherrill has been appointed an Associate Government Appeal Agent, to act in an advisory capacity to registrants.

Calves should be identified so that anyone can tell the birth date, and dam. The time to do this is when they are young and before they are combined into larger groups. If you want to choose the most productive animals you will need to individually identify them. Some methods should be used to identify the individual animal such as ear tags, neck chains, tattoos or brands may be used for identification within herds. Once the animal is properly identified, the information should be recorded along with the birth date, sire and dam.

The best time to do this job is soon after the calf is born. As calves become older it becomes more difficult to identify and much valuable information is lost because the animal was not properly identified or the information was not recorded.

It's not too early in the new year to think, talk, and plan a more beautiful Lincoln County. Recently, there has been much discussion about junkyards, other eyesores in the area. The next best thing to removing them is screening them.

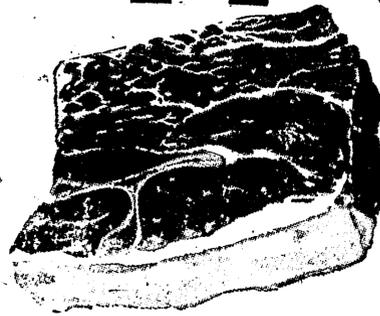

Screening is not as difficult as we may think. A living fence of tall-growing plants will screen unsightly eyesores in many situations. If a large area is involved, come good trees to use, are spruce, Juniper, Austrian pine, or white pine. Two or three rows of plants about 15 feet apart will give a tall screen after a time. To give some seasonal color, Washington hawthorn, or crabapple can be used with the pines.

Other good living screens are large shrubs such as Russian olive, privet, or shrub-type maples. If planted two to ten feet apart, these shrubs can be clipped or used as informal borders up to 15 feet high.

Or a wall or an attractive fence can be used in combination with the shrubs. For plants best adapted to your area, and further information, see the Lincoln County Agent, Carrizozo.

Hollywood Notes

Mrs. L. P. Bloodworth, Jr. and two sons, Bert and Lee from Sonora, Texas and Trisha Bloodworth, a niece, who has been visiting them in Sonora from Doylestown, Pa. are spending several days here this week. They enjoyed visiting friends and skiing while here. The Bloodworth families spend part of each summer here.

Mr. and Mrs. Carl Erickson returned home Tuesday after spending several days visiting their friend, Mrs. Sara Preece in El Paso.

Mrs. Chellie Ruselle and Mrs. Zoe Glaszire have returned home after spending the holiday with Mrs. Glaszire's son and family in Santa Fe.

Does Install New Slate of Officers

A new slate of officers was installed by the Ruidoso Drove of BPO Docs at an impressive ceremony held at 2 p.m. on Sunday afternoon at the Ruidoso Elks Lodge. Maurice Ballow of Roswell was the installing officer, assisted by 10 members of the Roswell Drove.

The installation was followed by a covered dish dinner served to the Docs and many visitors who were on hand for the ceremony.

Serving as president this year will be Frances Eckert, Louise Coe is first counselor, Peggy Taylor is senior counselor, Eunice Cooper, junior counselor, Marie Martin, secretary, Cherie McCowen, treasurer, Dovie Prowell, conductor, Lavenia Gardner, inner guard and Esther Coe, outer guard. Betty White will serve as chaplain, Vi Walker as assistant conductor, and Sallie Christian as trustee.

Peggy Taylor, who has been elected "Doc of the Year", was also recognized at the installation.

4-H Groups Have Holiday Party, Gift Exchange

The 4-H Roadrunners held their Christmas party in the home of Dr. and Mrs. R. L. Annala on Dec. 22. Attending the party were girls who are members of Homeliving I, Homeliving II, and the boys. They sang Christmas carols, exchanged their home made gifts and had refreshments. Cindy Roberts, president of Homeliving II, presented the leader, Mrs. Della Bonnell, with a slab of home made toffee made by Mrs. Gerald Tully, it was reported by Gretchen Annala.

Elk Scholarship Details Told

The Elks National Foundation has expanded its college scholarship program for the coming year. The Foundation is offering 736 scholarships, totaling \$529,160. This is an increase of 198 or 36% over the dollar total of \$397,600.

Applications have been received from the Foundation and are available by calling 878-4600 or 237-4160. Students who need financial help to go to college should consult their school advisers and make application at once. Feb. 15 is the closing date for filing completed applications with the lodge.

The Foundation will award 360 scholarships ranging from \$700 to \$2,500 in nationwide "Most Valuable Student" competition. Supplementing these are an equal number of \$600 scholarships awarded on the basis of a quota for each state.

Boys and girls compete separately for identical awards. High school and prep school senior and college students below the senior class are eligible if they are citizens of the United States and reside in the jurisdiction of the Order. In addition to academic attainment, applicants are judged on citizenship, personality, leadership, perseverance, patriotism and financial need. Winners will be announced next Spring in ample time to complete their college plans.

The Elks National Foundation provides a million dollars yearly to help physically handicapped children, for college scholarships, and for other philanthropic programs of the Benevolent and Protective Order of Elks throughout the country without regard to creed or color. The scholarship competition, now in its 37th year, is approved by the National Association of Secondary School Principals.

Ehrhidge Speaks At Rotary Meeting

Robert C. Ehrhidge was the guest speaker at the Tuesday, Jan. 12 meeting of the Ruidoso Rotary Club. Ehrhidge is district manager of the Western States Telephone Co. here, which is part of the Continental System. He spoke on "Telephone Business". Ehrhidge, who has been district manager for a little less than a year, told the group that the company is the youngest corporation presently listed on the New York Stock Exchange.

Western States serves primarily two states, New Mexico and Arizona. Annual telephone investment in the Ruidoso area is a little less than \$1 million.

The village of Ruidoso is above average in growth, 12.5% per year, as compared for example with Truth or Consequences with a 6.5% growth per year. Ehrhidge told the Rotarians that there are a total of 4,776 connections in the area. In the business lines there are 476 single party lines, 48 two-party lines, and 7 multiple party lines.

He explained that one real problem in this area is the lack of direct addresses, making it difficult for the telephone company to find their customers.

Improvements to be made include the 1972 scheduled replacement of the Ruidoso Downs cable, and Ehrhidge said that additional cable installations to break up party lines are constantly being made. He added that 1972 will see direct distance dialing in this area. In addition, some new equipment from Paris, France is scheduled to arrive this month, and two men are expected Jan. 25 to install the equipment.

Guests at the meeting included Mr. Ehrhidge, Joe Caron of Alamogordo and Elmer Mason of Borger, Texas.

Lion Convention Chairmen To Meet

President J. J. DiPablo and convention chairman Ray Day announced at the regular meeting of the Ruidoso Evening Lions Club that there will be a meeting of all convention chairmen from both clubs next Monday evening, Jan. 18, at 7 p.m. at the Lions Hut. It is very important that all chairmen and co-chairmen attend this meeting to finalize plans for the State Lions Club Convention which will be held in Ruidoso this June.

Also at the meeting Col. Ken Knapp was introduced as a new member. Noon Day Lions Club members, Elmer Pirell and Earl Allison were present to go over the program planning of the state convention.

Mr. Carl L. Klein, who is the Assistant Secretary of the Interior for Water Quality and Research, remarked, "We shall pursue water pollution control and abatement, not just by knocking heads, but by working together with the states in tracking down, identifying and educating the sources of water pollution wherever they exist, whether they be in the private or public sector. We can no longer afford the attitude of yesterday which allowed the dumping of polluted materials in our lakes, rivers, or streams because 'nobody will know the difference.' The difference is now apparent for all to see."

DOC OF THE YEAR - Peggy Taylor, elected Doc of the Year by the Ruidoso B. P. O. Docs, was honored at the Docs' installation of officers held last Sunday afternoon at the Elks Lodge. (Ruidoso News Photo)

School Board Accepts Newton's Resignation; Hires P. E. Teacher

The Ruidoso Board of Education accepted the resignation of the high school football coach and athletic director and hired a new coach to take over the athletic education program for the second semester of the academic year. Kenneth Newton, who has been associated with the Ruidoso schools for a total of 13 years, resigned by telephone at 11:30 a.m. Tuesday, according to Superintendent Pat Valliant. A letter of resignation is forthcoming, it was reported.

Newton taught in the Ruidoso High School from 1954-57, then returned in 1960 and has served in the capacity of football coach and athletic director since that time. The board hired J. Carlton Roy, 22, of Odessa, Texas to teach four classes of P. E. formerly taught by Newton, and to coach 7th and 8th grade basketball. He will begin teaching on Jan. 17, the first day of the second semester.

Roy received his B. S. in August, 1970 from East Central State College in Ada, Okla., with a major in physical education and a minor in history. He was born Aug. 16, 1948 in Mineral Wells, Texas and graduated from high school in Odessa, where his parents still live. Roy, who is single, has been teaching in the Odessa school system this fall. An outstanding basketball player at East Central State, he lists his hobbies as all sports and playing the guitar.

Valliant announced to the board that the Vocational Department of the State Department of Education has tentatively approved a \$5,000 grant for a Vocational Training program in the Ruidoso High School. The new program, expected to begin in the second semester will be a cooperative program between the distributive education and of-

J. CARLTON ROY

free education programs and will hopefully develop into two distinct programs eventually.

Valliant was informed of the grant approval by Wade Fredericks, Assistant Director of the Vocational Education Department, during a recent trip to Santa Fe. He told the board that a team from the State Vocational Education Department is expected to visit the Ruidoso school on Feb. 2 to determine if Ruidoso qualifies for vocational training.

Thurmon Sanchez will probably be certified to handle the new program, which is expected to benefit about 30 additional students, Valliant said.

The \$5,000 is designed to pay one teacher's salary and buy some equipment.

Valliant added that he was extremely pleased to see this program begun as "the biggest weakness in this school system has al-

Sen. Montoya Donates 100 Books To Library

Miss LeRoy Gooch, librarian, announced this week that the Ruidoso Public Library has just received about 100 books from Senator Joseph Montoya. The books, which are from military base libraries in different parts of the country, are being processed now.

"We think you will find some very interesting and useful books in his collection," Mrs. Gooch said.

The latest books at the public library are "The Quality of Life"; "Michener"; "Love Story"; "Segal"; "Islander in the Stream"; "Hemingway"; "QB VII"; "Uris"; "White House Diary"; "Johnson"; "The French Lieutenant's Woman"; "Fowles"; "Spotted Sphinx"; "Adamson"; "Myth of Machine"; "Mumford"; "Making of a Surgeon"; "Nolen."

A number of new children's books are now on order, also.

Mrs. Gooch also announced that a donation has been received at the library in memory of the late O. M. Russell.

Readers and visitors to the Ruidoso area are urged to take advantage of the library here. Books, such as reference books, which the Ruidoso library doesn't have on hand, can be borrowed from the State Library in Santa Fe on a 2-week loan.

The library also accepts old paperbacks so Mrs. Gooch advises, "Don't cart away those beat up paperbacks!"

The public is invited to attend library board meetings on the first Monday of each month at 6:30 p.m. at the library.

The library is open Mondays from 4-8 p.m., on Tuesdays, Wednesdays and Thursdays from 2-4 p.m. and is closed on Friday, Saturday and Sunday. Located at the Municipal Airport, the library is staffed by Mrs. Gooch and by Miss Susan Starkey, assistant librarian.

Downs Board Holds Meeting

Only three trustees, Pope, Perry and Hale, were present for the regular monthly meeting of the Ruidoso Downs Village Council held on Monday night at the Village Hall. Mayor Zeke Scott was absent due to illness. Mayor Pro-Tem Perry chaired the meet.

Bruce Griffith and Jack Kannady were present to submit the plat for a new 215 lot subdivision to the council for their approval. A petition for annexation was also presented to the trustees and the group agreed to have an ordinance drawn for the consideration of the council at its next meeting.

Discussion was held on the matter of repairing the village backhoe but was tabled until the next meet.

One of the visitors again requested permission to burn weeds in the village and it was explained that a permit from the state was required before it could be allowed. A clean-up day for the entire village was proposed.

The village lease on the Denton Arena property has expired and the council agreed to contact Denton to see if the same lease contract would be available for another year.

With no further business to be brought up before the board, the meeting was adjourned until the next regular meet on Jan. 25.

Elks Lodge Rites Held January 14 For Homer Altman

The Ruidoso Elks Lodge 2088 conducted the last rites in the chapel of Homer Altman, Level-land, Tex., on Monday night, Jan. 14, at 8 p.m. at the Ruidoso Cemetery here. The services were held at the home of Homer Altman, 65, who died Jan. 12 at his home in Ruidoso Downs. Chapel of Roses of Ruidoso was in charge of arrangements. Elks Lodge members served as pallbearers.

Altman was born on May 25, 1905 in Abertown, Texas. He was a retired farmer and carpenter. He came to the Ruidoso area a few years ago and acquired the old White Mountain Inn property in Ruidoso Downs.

Survivors include the wife, Mrs. Juanita Altman of Lubbock, Tex.; two sons, Bobby Altman, Level-land, Tex., and Aubrey Kenneth Altman, Plains, Tex.; four daughters, Mrs. Rex Ellison, Level-land, Tex.; Mrs. Dorothy Gray, Lubbock, Tex.; Mrs. Richard Gober, Chula Vista, Calif., and Mrs. Bob Myers, Santa Ana, Calif.; one brother, Charles Altman, Camp Verde, Calif., and fourteen grandchildren.

NOTICE

The Women's WSCS of the Community United Methodist Church will meet Wednesday, Jan. 20 at 7:30 p.m. in the parsonage. Rev. Charles Crutchfield will give the lesson. This is a new meeting date for one time only.

**Crown To Attend
Presbytery Meeting**

The Presbytery of Pecos Valley, U. P. Church, will meet in Artesia on Friday night and Saturday of this week. Accompanying the local pastor, Frank Crown, and representing their respective churches will be Mr. and Mrs. Miles Williams of Nogal and Mr. and Mrs. Lee Straley of Ancho.

The Senior High Fellowship from the John Knox and St. Mark Presbyterian Churches of Lubbock, Texas will be conducting a retreat in the Ruidoso Presbyterian Church building this weekend. Members of the youth organization will begin arriving on Thursday afternoon and will be at the local church through the church service on Sunday. Local Senior High youth have been invited to join in this program.

Presbyterian Camp Chimney Spring Retreat between Ruidoso and Mayhill has scheduled two Senior High retreats over the weekend. The U. S. facility will be used by the Memorial Christian Church of Midland and the U. P. facility has been scheduled for the First Christian Church of Midland.

Attending planning sessions for demonstration schools for this summer will be Mrs. Frank Crown of Ruidoso who is serving this year as Chairman of the Committee on Children's Work of the Presbytery of the Southwest. The first planning session will be in Big Spring, Texas on Sunday night; the second will be in Odessa, Texas on Monday night.

**R. H. S. Matmen
Face Roswell,
Goddard Friday**

The Ruidoso Warrior matmen face a tough opponent here Friday afternoon when Roswell and Goddard's unified wrestling team travels to Ruidoso.

Weigh-in starts at 1 p.m. and the match gets underway at 2 p.m.

Roswell and Goddard have combined their sports and have produced a fine team.

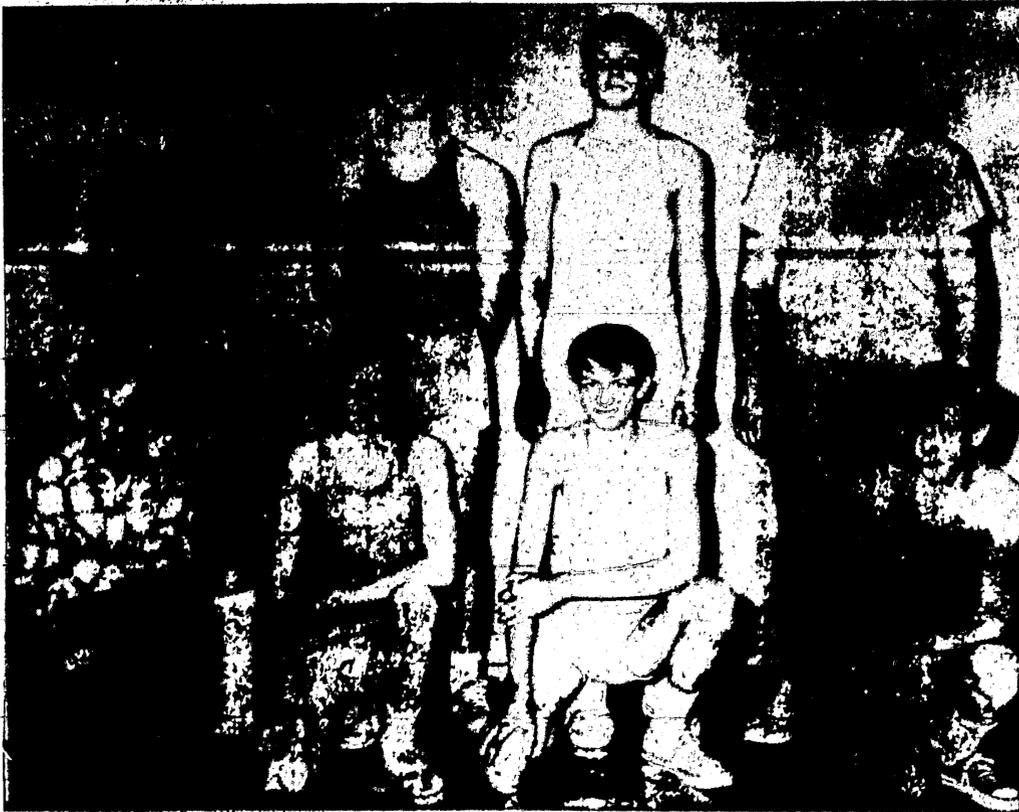

Ruidoso is lacking experience since no returning lettermen are in the line up. We will also have to forfeit several matches due to weight requirements.

"We will have our work cut out for us since Roswell competes with schools such as Carlsbad, Hobbs, and other large schools," Coach Darrell Silerwall said.

"The boys, however, are ready to do their best and are anxious to start in competition since we have not wrestled since the Christmas holidays," he added.

Listed below are the R. H. S. wrestlers and their weights.

- Mike Hull, 95 lbs., 0-0
- Danny Dean, 103 lbs., 2-0
- Ed Goodrum, 115 lbs., 0-2
- Bobby Arnett, 115 lbs., 0-0
- Dale Butts, 123 lbs., 1-1
- Joe Everett, 145 lbs., 0-2
- Tim Baur, 150 lbs., 0-1
- Pete Melon, 163 lbs., 0-0
- Gary White, 175 lbs., 1-1

RUIDOSO WRESTLERS—The 1970-71 Ruidoso High School Wrestling Team, coached by Darrell Silerwall, standing first from right, will face Roswell here Friday, Jan. 15. Matches begin at 2:00 p.m. Warrior team members, front row, left to right, are Dale Butts, Bobby Arnett, Eddie Goodrum and Danny Dean. Volunteers To Conduct Perceptual Training Program At White Mtn.

Several interested mothers in the community have volunteered to work with Gayle Petty, school nurse, in organizing a perceptual training course at White Mountain Elementary School. In a meeting of the volunteer Tuesday morning of this week, Mrs. Petty told the eight women that the actual execution of the training program would be entirely their responsibility.

Mrs. Ruth Wimberly, who incidentally has a degree in physical education, will be in charge of the program and will organize a daily physical activities program designed to help those children in the school with perceptual handicaps. Recent tests at White Mountain have shown that a vast majority of the students, well over 90%, are deficient in at least one area.

Training for children with perceptual handicaps involves actual physical activities such as walking a balance beam, catching and throwing a ball, or running, jumping, jumping rope, hop-scootch, etc. Paper work on worksheets is also used, as well as work with three-dimensional objects.

Because of a shortage of supervisors, the program will only involve first graders at the school because it is felt that the sooner these handicaps are detected and corrected, the better. Only those with high priorities will be given the paper-work training, but hopefully the volunteers can work with all students in physical activities.

The purpose of the program is basically to improve reading and writing skills, as it has been shown that perceptual handicaps limit a student's learning ability.

Anyone interested in volunteering for the program or desiring more information is urged to call Ruth Wimberly at 257-2453.

Mrs. Petty explained that the volunteers will work with students in five basic ways. They are: Visual-Motor Co-ordination which deals with the ability of a child to co-ordinate vision with movements of the body; special relationships, the ability of the observer to perceive the position of two or more objects in relation to himself and each other; perceptual constancy, possessing invariant properties; perception of position in space, perception of objects in space in relation to the observer; and figure-ground perception, involving objects on which we focus our attention.

Because of a shortage of supervisors, the program will only involve first graders at the school because it is felt that the sooner these handicaps are detected and corrected, the better. Only those

Oktoberfest Committee Meets

Bill Andrus, manager of the Ruidoso Valley Chamber of Commerce, Jack DePaolo, chamber president, and Ralph Petty attended the first meeting of the Cowboy Oktoberfest steering committee Tuesday in the C. & C. Drive Inn in Tularosa.

The steering committee is composed of representatives of five Chambers of Commerce in Lincoln and Otero Counties and a representative of the Mesquero Apache Tribe.

The Cowboy Oktoberfest is to be a 31-day series of events designed to increase off-season tourism in southcentral New Mexico. It will be patterned after the German fall festivals with added Southwestern flavor, according to Jerry Baker of the Department of Development who spoke at the organizational meeting in December.

Baker was assigned in June 1970 by DOD Industrial Division Director James Coyne and Tourist Director Director Benjie Quintana to be DOD's community representative in the southcentral mountain communities. He is liaison between DOD and the Cowboy Oktoberfest project.

Some of the project events under consideration include beer and waffles, fiestas, covered wagon trail rides, cross-country mule or horseback rides, rodeos, Indian dances, craft fairs, special racing days at Ruidoso Downs, sports car rallies, Jeep races and hill climbs, dances, treasure hunts and golf tournaments.

To encourage tourists to spend more time in the area the committee hopes to have special events each day during October in one or more of the communities of Alamogordo, Tularosa, Cloudcroft, Carrizozo, Ruidoso and Mesquero.

The Name Of The Game-Rebounding

Rebounding was the name of the game last Saturday night in Captain as three Ruidoso Warrior basketballers collected on a game total of 62 rebounds during the Warrior win over Captain, 80-68. In addition the Warriors claimed over 65 percent of their free throw attempts from the foul line as they continue to gain poise as a possible contender for the District crown.

Saturday night's win over the determined Captain Tigers stretched the Tribe's victories to three in a row. Ruidoso meets Captain again in Ruidoso Jan. 16 in the first conference game for both teams. The Warriors play Hondo here on Friday night.

Sophomore Blaine Miller led the Warrior scoring against Captain with a game total of 24 which includes nine field goals and six free throws. This is the second game in succession that Miller has been high point man for the Warriors. Last week he pulled in 20 points against Carrizozo.

Others in the double figure bracket were Warriors Billy Ray Davis with 17 to bring his season total to 165, an average of 21 points per game. Corky Conley racked up 15 points and Ken Perryman totaled 13 points for the winners.

Capitan placed three of their men in the double figure bracket including team high scorer, J. Guevara with 23. Robert Hall totaled 14 points with T. Simeros 11 for the losers.

The Warrior-Capitan game records reveal that only one field goal separated the two teams, Ruidoso with 27 and Capitan 26. The big difference in the score was in the free throw area with Ruidoso totaling 26 while Capitan had only 14.

The opening quarter of play gave Ruidoso an edge of five points and then going into the second half with but a four point lead, 42-38. The lead was cut to 3 points going into the final period of play with the Warriors out scoring the Tigers, 20-9 in that final period.

Both teams had 28 personal fouls with the Warriors losing Reeves McGuire in the third period. McGuire is the team's second highest scorer. Other Warriors to foul out in the closing minutes of play were Billy Ray Davis and Ken Perryman. Capitan lost, via fouls, Robert Hall and H. Traylor.

The Ruidoso Freshman team won a close battle over the Capitan "B" team in the pre-varsity game. Warrior Coach Thurman Sanchez's freshman team had an 8-point lead at half time with the final score ending in favor of Ruidoso, 44-41. Clyde Reynolds was the game high point man with 14 points. Harlan Butts had 11 and Dick Underwood netted 10.

West Texas Futurity Set For Sunland

A quarter horse two-year-old stakes, expected to carry a gross purse of upwards of \$75,000, will be added to the Sunland Park stakes schedule.

According to General Manager Art Johnson, officials of the Quarter Horse Association of West Texas have decided to stage the West Texas Futurity at Sunland Park, starting in 1972.

The West Texas Futurity, which will be run this year for the 12th time, is the "oldest established quarter horse futurity in Texas." Since its inception, the West Texas Futurity has been run at Sonora, Texas.

"Sunland Park is proud to welcome the West Texas Futurity into its racing format," Johnson said. He termed the futurity "another jewel in Sunland's quickly accelerating quarter horse program."

The addition of the West Texas Futurity is expected to add dramatic strength to Sunland's quarter horse program. The mainstay

1971 Golden Eagle Passports Available

Southwestern Regional Forester Wm. D. Ernst announced today that the 1971 Golden Eagle Passport—with two major changes—was available at all Forest Service offices.

The new permit, which admits a class of visitors to federal recreation areas an unlimited number of times, is now \$10 and is good from January 1 through December 31. In past years the passport was \$7 and was issued for a year beginning April 1.

The passport is for use at virtually all outdoor recreation areas operated by the Forest Service of the U. S. Department of Agriculture, and the National Park Service, Bureau of Sports Fisheries and Wildlife, and the Bureau of Land Management of the Department of the Interior. The only exceptions, Hurst said, are a few recreation sites which provide some extra service and require an additional fee.

Also available are \$1 daily permits for a private vehicle and its occupants. "But for people who use public recreation facilities frequently," Hurst said, "the Golden Eagle Passport is the bargain." Revenues from the user fees is deposited in the Land and Water Conservation Fund administered by the Bureau of Outdoor Recreation. It then is disbursed to local and state governments and federal agencies for purchasing land with recreational value.

of the quarter horse stakes program is the Sun Country Futurity, which is expected to offer a gross purse of about \$200,000 in its inaugural running on May 2.

Pete Drypolder, Sunland's racing secretary, anticipates Sunland's first edition of the West Texas Futurity will be worth "between \$50,000 and \$80,000."

Sunland's plan is to accelerate the West Texas Futurity into one of the Southwest's top quarter horse events.

The first Sunland Park offering of the 330-yard Futurity will be scheduled for the spring of 1972. Details of the project are pending approval of the New Mexico Racing Commission.

Horsemen will now have two major quarter horse objectives in Sunland's spring season—the West Texas Futurity and the Sun Country Futurity, in that order on the calendar. The 1972 edition of the Sun Country Futurity carries an estimated gross purse of \$250,000.

Assessor's office hours are from 9 a.m. to 5 p.m., Monday through Friday. Open during noon hour.

Following is the Assessor's itinerary for visits to the outlying precincts for the convenience of taxpayers in rendering of property for 1971:

- Jan. 5 - Corona, City Hall.
- Jan. 7, 8 - Capitan - City Hall
- Jan. 12 - Nogal, Mrs. Stearns' Store.
- Jan. 13 - Lincoln, Museum.
- Jan. 14 - Picacho, Bowzler's Store.
- Jan. 19 - Hondo, Gonzales' Cafe.
- Jan. 21 - Tinnie, Elma's Store.
- Jan. 26 - Glencoe, Shorty's Store.
- Jan. 28 - San Patricio, Post Office.
- Feb. 3, 4 - Ruidoso Downs, City Hall.
- Feb. 9 Thru 12 & 16 Thru 19 - Ruidoso, City Hall.

Jeep Club Schedules January 19 Meeting

The White Mountain Jeep Club's January 19th meeting will feature Lincoln County Sheriff Ernest Sanchez as guest speaker. Sheriff Sanchez will discuss responsibilities and liabilities in connection

with being a commissioned deputy sheriff of Lincoln County. Other business to be discussed will include rescue team organization and training programs for the year.

Mr. and Mrs. Morris Beddoe of Capitlan and Mr. and Mrs. Lloyd Coe of Bonito are the program and entertainment co-chairmen for the club.

Brazilian Boy Is Exchange Student Here

A 16-year-old student from Brazil will be attending Ruidoso High School for the next three months as an exchange student. He is Mauricio Alves Loureiro from Belo Horizonte, Minas Gerais, Brazil and is here on an exchange program sponsored by an organization called International Fellowship, Inc.

Currently on "summer" vacation from his school in Brazil, Mauricio will live with the M. B. (Mickey) McGuire's in Ruidoso Downs through March when he will return to Brazil to begin his last year of high school. He is enrolled as a senior in the high school here.

Mauricio plans to attend college after next year and study to be an engineer, but while in the United States he said, "my aim is to learn English." He has had two years of English in school, and already has a pretty good command of the language.

He is taking junior and senior English, sociology and economics, American history and speech in the high school here.

Mauricio finds the people in Ruidoso very "open" and friendly, and enjoys living in a small town and attending a small school where "everybody knows everybody." He comes from a city with a population of approximately 1 1/2 million, and his school, which is co-educational, has about 1,600 students.

The members of his "family" in Ruidoso are all avid skiers and have been busy teaching Mauricio that sport. Although he had never skied before coming here, he says that he likes it very much.

Gooder to be far the most popular sport in Brazil, but Mauricio says that he likes basketball very much, adding modestly, "but I'm not very good at it." Both of his Ruidoso brothers, Reeves and Joe Bob McGuire, play basketball for R. H. S.

Mauricio has five sisters and one brother, and one of his sisters is currently in Croton, New York on an International Fellowship Exchange program. His father is a metallurgist in Brazil, and his mother is a housewife.

There are approximately 160 students from Brazil in the United States now on this program, including several from Mauricio's home town. In fact, one of them is in Santa Fe now, and another is in Albuquerque.

MAURICIO LOUREIRO receives a word of advice from his "mother" for the next three months, Mrs. M. B. McGuire. The 16-year-old Brazilian is an exchange student in the Ruidoso High School

this semester and is living with the McGuire's in Ruidoso Downs during his stay here. (Ruidoso News Photo)

Funds Authorized To Chemehuevi Tribe

An Act of Congress on September 25, 1970, authorized the distribution of funds derived from a judgment awarded by the Indian Claims Commission to the Chemehuevi Tribe of Indians. Regulations governing the preparation of bids for the payment of these funds have been published in the Federal Register.

Individuals who file applications by June 25, 1971, and establish they meet the following requirements will be entitled to share in the distribution of the judgment funds: they were born on or before and living on Sept. 25, 1970; they are lineal descendants of members of the Chemehuevi Tribe as it existed in 1860; or their name or the name of a lineal ancestor appears as an available census roll or other record or evidence acceptable to the Secretary of the Interior.

Instructions will be supplied with application forms which may be obtained from the Superintendent, Colorado River Agency, Parker, Arizona 85344 or the Area Director, Phoenix Area Office, 124 West Thomas Road, Box 7007, Phoenix, Arizona 85011. Completed applications must be filed with the Area Director, Bureau of Indian Affairs, Phoenix, Arizona, and must be postmarked no later than June 25, 1971.

The Secretary of the Interior shall make final determination of the eligibility of an applicant for enrollment.

8th Grade Conducts Survey On Smoking

The eighth grade classes of Ruidoso High School have just completed a survey of 200 teenagers and 200 adults on the subject of smoking. The results of this survey were quite interesting.

The adults smoked the cigarettes by a count of 114 to 86 in the sample. In the adult sample 52% of the smokers were males, while surprisingly in the teenager sample only 33% were male. Seemingly the percentage of female smokers is on the increase.

Group pressure seems to have some effect on the use of cigarettes. In the teenager smoking group 81% were with someone when they started smoking. In the adult smoking group 99% were with someone when they started smoking. This seems to indicate that today's youth are influenced more by group pressure than adults were as teenagers.

A vast majority of those surveyed, both teenagers and adults, would like to stop smoking. Most all realize the health hazard and financial cost of smoking. Maybe the best way to stop smoking is to never start, if that makes any sense.

Did you ever stop to think that a two pack a day smoker spends \$400 a year on cigarettes. That's \$7,300 in 28 years - plenty enough for a college education for a son or daughter. Think about it!

Letter to the Editor

A Helping Hand And a Coincidence

My husband, while on patrol a few nights ago here in Ruidoso, suddenly saw a Volkswagen with California license plates stalled on the streets. He stopped and asked the young man what came to be the trouble and he answered, "My car stopped running."

Well, my husband, knowing there was no service station open, asked him to go have a cup of coffee with him and wait there until a station opened up. The young man said, yes, that would be a good idea, and then started to tell my husband that he was going home from a vacation to San Jose, California.

He had been in the service and in Viet Nam with the 101st Airborne Division a couple of years ago and planned later on to come back to Texas to go to school and study medicine.

My husband asked him, if while in Viet Nam, he ever knew Ray Martinez, so he was in the 101st Airborne also. The young

Your Social Security

The customary charges being made by physicians during 1967 will be used as the basis for setting Medicare claims in connection with doctor bills received this month," Bob Noble, social security Field Representative revealed today.

"When a doctor bill is submitted to Medicare, a decision must be made as to whether it is a 'reasonable charge.' Under the new regulations, a charge will be considered 'reasonable' if it is no higher than 75 percent of the customary charges made by all physicians in the locality for the same service or medical procedure. For example, if three-quarters of the fees for office visits being charged by doctors in a locality range between \$5 and \$10, then the Medicare 'reasonable charge' would be whatever the physician customarily charged his patients—up to the \$10 level. In the case of a charge above \$10, the basis for Medicare reimbursement would be \$10. The actual payment by Medicare would be 80% of the 'reasonable charge.'"

"Any social security office or representative will be glad to answer questions or assist beneficiaries in submitting Medicare claims," Noble concluded.

Traffic Tips

By DABRELL AUSTIN
New Mexico State Police

64-22-3.2. Racing on Highways.
A. No person shall drive a vehicle on a highway in any race, speed competition or contest, drag race, or acceleration contest, test of physical endurance, exhibition of speed or acceleration, or for the purpose of making a speed record, whether or not the speed is in excess of the maximum speed prescribed by law, and no person shall in any manner participate in any such race, drag race, competition, contest, test or exhibition.
B. As used in this section:
(1) "drag race" means the operation of two or more vehicles from a point side by side at accelerating speeds in a comparative attempt to outdistance each other, or the operation of one or more vehicles over a common selected course from the same point to the same point for the purpose of comparing the relative speeds or power of acceleration of the vehicle or vehicles within a certain distance or time limit; and
(2) "race" means the use of one or more vehicles in a manner to outgain or outdistance another vehicle, prevent another vehicle from passing, arrive at a given destination ahead of another vehicle or test the physical stamina or endurance of drivers over long-distance routes.
C. Any person who violates any provision of this section is guilty of a misdemeanor.
People, this law makes it illegal to have any type of speed contest on any county-city or state highway. This type of driving has caused many serious accidents. We have many young people who think they must violate the law.

N. M. Municipal League Releases Final Count

This month's final, definite, confirmed and positive revision of the 1970 U. S. Census Bureau figures for New Mexico municipalities show that 676,231 people now reside within 88 of 90 New Mexico municipalities. Statewide, that is more than half the 1,016,000 population figure.

The largest is, of course, Albuquerque with a population (according to the U. S. Government) now set at 243,751. The smallest community is Grenville with a population of 21.

However, come folks at the census bureau had better wake up to the hard fact that neither Cuba nor San Ysidro are exactly ghost towns. It seems as if the constantly alert census people have neglected to record the populations of either of these fine communities, but the bureau has come through at the prompting of the New Mexico Municipal League, listing a population of 2,847 for Cuba and the surrounding area but no figures for the incorporated village of San Ysidro, which had a 250 population as of their 1967 incorporation.

The average population for a New Mexico municipality is 7,354 while the mean population is 1,874 in the municipalities of Springer and Bloomfield. Both Bloomfield and Springer are tied for 45th place in the population sweepstakes while Hatch and Vaughn are tied for the 56th rating, each with a population of 867. Listed in 85th and 86th spots, respectively, are Varden, population 151, and Caucay, population 150.

James Springs, with a population of 356 is the most populous municipality in a position to honor each citizen by naming a day of the year in his or her honor. Quetta, with a population of 1,895 would have to agree to allow each citizen to share his or her special day with two other people.

In the top 10 population figures, six have grown since the 1960 census was taken. Las Alamos with 15,108 people has grown in 10th place from 12,534 while Carlsbad with 21,297 people has dropped from 25,541.

Farmingington jumped to eighth place, but lost population. In 1960 they recorded 23,786 while the 1970 census figures are 21,979. In seventh place is Alamogordo with an increase of 1,323 people bringing the 1970 census figures to 23,035. Hobbs with 20,025 people lost population from their 26,275 figure and Clovis in fifth place now has a population of 22,465, up from 21,712.

Roswell recorded a population of 33,908, a decline from the 1960 figure of 39,533. In third place, Las Cruces has a population of 37,987, an increase from 29,307 in 1960. The state's second city, Santa Fe, lists a population of 41,167, a whopping increase of 7,763 while the booming city of Albuquerque recorded an increase of 42,662 since 1960 for a current census count of 243,751 people.

LINCOLN, N. C. TIMES-NEWS

The largest and most powerful organization in the academic community to the National Education Association. So far as we can determine, the only evidence for its existence is to extract the largest possible number of dollars from the pockets of taxpayers. There are, at the local level, many fine self-sacrificing, hard working, conscientious teachers in our schools. Through out our country there are thousands of dedicated, unselfish school board members who are doing their best to provide our youth with a good education. But at the top leadership levels, in high places, the meaning and purposes of education is being betrayed—and it is time for a change.

Commission Assists NM Law Enforcement

During calendar year 1970 the New Mexico law enforcement Planning Commission, Region II (with offices in Carrizozo) in cooperation with the Governor's Policy Board for Law Enforcement were able to assist law enforcement-criminal justice agencies within Region II by providing \$82,493.43 in federal grant funds. The funds were distributed to these agencies as follows:
City of Las Cruces — \$6,639 for police communications equipment.
County of Luna — \$3,034.60 for sheriff's communications equipment.
City of Deming — \$3,034.60 for police communications equipment.
Village of Tucuman — \$1,400 for police communications equipment.
COUNTY OF LINCOLN — \$1,925 for sheriff's communications equipment.
Town of Dexter — \$1,155 for a police cruiser and mobil radio unit.
City of Roswell — \$5,328.60 for police communications equipment.
County of Dona Ana — \$7,468 for sheriff's communications equipment.

VILLAGE OF RUIDOSO DOWNS — \$150 for police communications equipment.
City of Roswell — \$1,252.80 for police communications equipment.
Village of Loving — \$494.40 for police communications equipment.
The Region II Law Enforcement Planning Commission was organized during July 1970; during calendar year 1971 the commission expects to more than triple the assistance to law enforcement/criminal justice agencies within the region.

A few days ago on television I seen a bunch of our young folks that are supposed to have been converted from Hippies and dope addiction to true Christians and are trying to convert others to become Christians.
Recon we are all human enough we look at things like that with a pinch of disbelief and wonderment and sincerely hope that there is a turning point in these young folks that have wasted their lives on dope, love ins and rebellion, I am for the younguns a hundred percent and am sure that most of us are an hope the program is from their hearts an not tryin to fool the public. I dont mind foolin you birds but Im smart enough to know you Aint goin to fool the Man Up Above an not plannin on ever tryin.

IN THE DISTRICT COURT OF LINCOLN COUNTY STATE OF NEW MEXICO
ETHEL MAY HOPKINS, Plaintiff, vs. LLOYD L. DAVIS, SR., ET AL., Defendants.
NO. 8585
NOTICE OF FORECLOSURE SALE

NOTICE IS HEREBY GIVEN that, pursuant to Judgment entered in the above entitled and numbered cause on the 17th day of December, 1970, which Judgment ordered foreclosure and sale pursuant to the first mortgage of plaintiff Ethel May Hopkins and, also, foreclosure and sale pursuant to the second mortgage of the defendants and cross-claimants, James B. James, Jr., and Jarrett G. James, the undersigned Special Master will sell at public auction the following described lands in Lincoln County, New Mexico, to wit:

NEWNW 1/4 of Section 36, Township 11 South, Range 13 East, N. M. P. M., subject to U. S. Highway 70 right-of-way easement; and
A small parcel of land in the SE 1/4 NW 1/4 of Section 30, Township 11 South, Range 13 East, N. M. P. M., bounded on the north by the U. S. Lincoln National Forest, on the Southeast by the north right-of-way line of the present U. S. Highway 70, and on the west by the undivided land of the Clayton Bennett Tract, more particularly described as follows:

Begin at a point at the intersection of the present north right-of-way line of U. S. Highway 70 and the north line of the SE 1/4 NW 1/4 of Section 36, above township and range, which same point is North 88° 51' East 336.0 feet from the north 1/10 corner of same Section 36; thence South 34° 07' West 338.25 feet to a point; thence South 35° 20' West 40.0 feet to a point; thence North 55° 43' 330.0 feet to a point; thence North 34° 31' East 163.0 feet to a point; thence South 88° 51' East 401.5 feet to a point and place of beginning. Containing 2.01 acres, more or less, as shown by plat thereof filed in the office of the County Clerk and Ex-officio Recorder of Lincoln County, New Mexico, June 25, 1950.

LESS AND EXCEPTING, HOWEVER, a tract of land being part of the NW 1/4 of said Section 36, more particularly described by metes and bounds as follows, to wit:
Beginning at a point on the Northerly right-of-way line of U. S. Highway 70, which is South 13° 28' West 1280.80 feet from the North quarter corner of said Section 36; thence North 65° 10' West 260.00 feet; thence South 24° 48' West 484.17 feet; thence South 54° 41' East 246.91 feet; thence North 24° 48' East 447.15 feet to the point of beginning.

That said sale will be held the 16th day of February, 1971, at the hour of 11:00 a.m. at the north door of the Village Hall in the Village of Ruidoso, New Mexico, and the terms of the sale will be cash, except that plaintiff Ethel May Hopkins shall be entitled to bid as a purchaser at said foreclosure

IN THE DISTRICT COURT OF LINCOLN COUNTY STATE OF NEW MEXICO
AMERICAN HOME SECURITY LIFE INSURANCE COMPANY, A corporation, Plaintiff, vs. N. LOYCE DUNCAN, also known as N. LOYCE DUNCAN KEENE, JAMES M. TEPPE, R. C. BYRD, CLARA E. BYRD, THE FIRST NATIONAL BANK OF ARTESIA, Artesia, New Mexico, a national banking corporation, PEOPLES STATE BANK OF ARTESIA, NEW MEXICO, a New Mexico banking corporation, and TESCO NEON SIGNS, INC., a New Mexico corporation,

sale, by way of credit only, any amount up to the amount of the said plaintiff's judgment.
The amounts to be satisfied by said sale, in the order of their priority, are as follows, to wit:
A. First, proceeds of the sale shall be applied to satisfy costs of the foreclosure sale.
B. Second, proceeds of the sale shall be applied, after payment of costs of the foreclosure sale, to satisfy the judgment entered in favor of plaintiff Ethel May Hopkins and against defendants Lloyd L. Davis, Sr., and Mary D. Davis, his wife, and Lloyd L. Davis, Jr., and Lottie-Beth Davis, his wife, entered in the above entitled and numbered cause in the amount of \$63,858.60 (which includes principal, interest accrued to December 12, 1970, and attorney fees), plus \$49.80 costs of suit, together with interest accruing after the entry of judgment at the rate of 6% per annum.

C. Third, proceeds of the sale shall be applied, after payment of costs of foreclosure sale and after satisfaction in full of plaintiff's judgment, above mentioned, to satisfy the judgment entered in favor of defendants and cross-claimant James B. James, Jr., and Jarrett G. James, and against Lloyd L. Davis, Sr., and Lloyd L. Davis, Jr., entered in the above entitled and numbered cause in the amount of \$90,878.91 (which includes principal, interest accrued to December 12, 1970, and attorney fees), plus \$29.30 costs of suit, together with interest accruing after the entry of judgment at the rate of 6% per annum.

D. Fourth, any surplus of sale proceeds, after satisfaction of items A, B, and C above, shall be paid into Court.
WITNESS my hand as Special Master this 12th day of January, A. D., 1971.

How to build a useful citizen

You start with a boy about 8 years old. And you teach him how to use his head and his hands to build things. You teach him self-reliance with camping trips and hikes. You put him on a team to learn about fair play, sportsmanship, and competition. You teach him about love for his God, his country, and his fellowmen. That's how you begin to build useful citizens. And it's working.

Capitan News

By BARTLEY McDONOUGH

The Capitan Woman's Club will have its monthly meeting Thursday, Jan. 14. The meeting will take place in the Club building on 2nd St. The program will be given by Leota Pfingsten who will show slides of her trip to Europe. Any husband wishing to see these slides is also invited.

The hostesses for this meeting will be Janice Eldridge and Lenita Langford.

The Capitan Tigers played two nights of basketball at home last weekend. The Hondo Eagles were in town Friday night. The Eagles captured the "B" game, 56-42, after leading, 31-23, at halftime. The Tiger varsity played a close game in the main event but lost, 72-68. The Tigers led 37-31 at halftime. The Eagles surged back to lead the Tigers, 53-50 at the end of the 3rd quarter. The outcome was only decided in the last 30 seconds of the game.

The Ruidoso Warriors were here Saturday night. The Tigers were cold in the first half of the "B" game, trailing Ruidoso 10-5, at the end of the first quarter. It was 28-16 in favor of Ruidoso at halftime. The Tigers outscored the Warriors 25-16 in the second half but lost the game, 44-41.

At the end of the second quarter in the varsity game Ruidoso led the Tigers 42-38. The Tigers played the Warriors in the third quarter on even terms, but watched Ruidoso pull away in the fourth period to win the game, 80-68.

Many still seem a little confused with the banking hours of the Capitan Branch of the Ruidoso State Bank. Here they are: Monday - Thursday, 9:30 a.m. to 12:30 p.m. Branch bank manager Mike Capps has his bank open on Fridays from 2:30 p.m. to 5:30 p.m. Capps is a 1966 graduate of New Mexico State University.

Attending Eastern New Mexico University this year from Capitan include Sandra and Sharon Jobe, Sam Jenkins, Grover Dobbins, Lynn Williams and Dave Ingalls. Ingalls is majoring in ag business.

Our Junior High boys traveled to Carrizozo Jan. 5 and played three games. The 7th and 8th grades lost both of their games to the Grizzlies, 27-17 and 30-9. The 8th grade Tigers won their game 52-40.

SHORT NOTES: Over the Christmas Holidays the Roy LaMay family spent a week in Brawley, Calif. visiting with Jean and Irene Cox who are formerly from Hondo.

Jane Cozzens is teaching elementary P. E. in Alamogordo this year. The sophomore class had a party New Year's Eve in the English room at the school. Mrs. J. W. Pumphrey was a chaperone who assisted class sponsor, Emma Gene Hunt.

Wayne Langford reports that Otero Electric came through the recent cold spell in good shape in the Capitan area.

The first grade has started subtraction in arithmetic and is studying about the common cold in health class. The newest member of this class is Reuben Chavez who moved to Ft. Stanton from Roswell. Jack and Lois Aldrich spent several days over Christmas at the ranch located at Gladstone which is between Springer and Clayton. Mrs. Aldrich's family has had this ranch since 1930.

Morris Beddoe has been appointed the director of search and rescue in the Capitan area for the White Mountain Jeep Club. Beddoe will also serve as recreation director for the

club, assisted by Lloyd Coe of Bonito. The second grade is now beginning its study of curative writing. Visit the Junior booth at athletic events.

The Christmas party for Alpha Delta Kappa, National Honorary Teacher's Sorority, was held in December at the home of Carrie Lois Godley of Ruidoso. Local members include Ofelia Salas, Myrtle Williams, Louise Ferguson and Leota Pfingsten.

These ladies enjoyed a covered dish supper, exchanged gifts, and heard a most interesting talk by Mrs. Edward Stalzer (also accompanied by Dr. Stalzer) and saw films concerning a Stalzer trip to South America.

Dates - Jan. 15 - The Tigers travel to Weed for only one game. Jan. 18 - The Tigers travel to Ruidoso for two games. First game should be 8:30 p.m. The first semester ends Jan. 19, at the school.

Notes by Bonito Lou: "Talk about fishing - Sunday, Jack Mayfield, Capitan School Principal, put on all his warmuggins including his Christmas red ear muffs and went to Nogal Lake fishing. He didn't forget his hatchet or ice pick. As expected Nogal Lake was frozen solid. Jack walked and skated with all his paraphernalia out 'bout 100 yards on the north side and began chopping. After chopping 'bout 5 holes, he then dug some ice worms out some of the ice chunks and baited his hook. Jack brought home nine or ten nice fish - 4 or 5 measured 15 inches. Jack caught a few on corn."

Boys have been signing up nicely to the recently re-organized Boy Scout Troop No. 135. Boys must be 11 years old by February 1971. Scoutmaster is Kenneth Schear. It only costs \$1 to join and \$2 a year (optional) for the Scout magazine. See Bartley McDonough at the school if you wish to join this troop. More news about this troop will appear in next week's column.

President Nixon has proclaimed January National Blood Donor Month and called upon all blood banking, medical, and health facilities "to pay special tribute and honor during the month to the voluntary blood donor, and to encourage by all appropriate means increasing numbers of people to be voluntary blood donors."

Steps To Be Taken In the Selection Of Good Homesite

The vacation tract and new home has everything you think you need, beauty, good climate, nice location, satisfactory construction, modern conveniences, enough space to "get away from it all" and a price you can almost afford.

You have looked anxiously for months for the ideal site and now you are ready to move in; anticipating only minor cleanup and adjustment on the home.

During an August rain the septic tank backs up and quite working, and the basement floods. Outside, the landscape is washing away, the unpaved road has already been washed out and the foundation of your new home slips and cracks. Later the hillside slides down into your house, or your split level house really does split. Within hours your vacation horoscope has turned into a tragic, expensive nightmare.

Could this happen to you? YES, and it is happening to thousands upon thousands in the United States each year. Many prospective home-site buyers will study legal descriptions, ponder over costs and prices, review blueprints and watch road and building construction daily without ever questioning soil or landscape characteristics.

What then should you look for when considering buying? Ask yourself: Will this soil support large and small buildings? What about soil permeability and water table? Will a septic tank sewage system work effectively? Is the land in a flood plain or is it too steep for practical road location and construction? Is the land located on a hillside subject to slippage or other severe erosion? What type of grasses, trees or shrubs will the soil support to control erosion and enhance beauty? These are just a few of the questions the should consider before buying a vacation home site.

The Soil Conservation Service can assist you in answering these questions with detailed topographic maps, soil descriptions and interpretations for the various land uses you might have in mind. Consult the Soil Conservation Service in Capitan for further information.

The time to stop advertising is when everybody loves you so much they can't possibly trade elsewhere.
