The Annual Needy Children's Fund Drive, sponsored by the Ruidoso XI Alpha Rho Chapter, always held on St. Patrick's Day, March 17th, is a most fitting day for the money raising rally. History tells us that St. Patrick, patron saint of Ireland, has been honored in America since the first day of the nation. Across the nation the day is observed with dinners, parties and the noted St. Patrick's Day Parade in New York City. All of this plus the fact that "wearing of the green" is the call of the day regarding wearing apparel. Many Americans try to wear something green on this day.

All of this brings us back to the highly important Needy Children's Fund Drive set for next Wednesday, St. Patrick's Day, not only should you wear green but also would be most fitting for you to give some "green stuff" in support of the very worthwhile annual drive.

Margie Whitlock, Ruidoso real estate broker, returned this week following a month-long trip to Africa and several other mid-east areas. As promised, she brought back at least a half dozen newspapers for me to compare with our paper as well as read for the pure pleasure of it. If you see an Arab, African, French, or German in town over the weekend who can read their respective language send them by the office. Hopefully we will have a feature story on Margie's trip in next week's Ruidoso News.

Understanding that a new judicial District made up of Davis, Lincoln and Grant counties is being set up, it is felt that the new court will be located in Ruidoso. This is a most desirable location for the court as it is centrally located and has a good service by either calling or driving. It is felt that the new court will be a most desirable location for the court as it is centrally located and has a good service by either calling or driving.

Speaking of law enforcement we are told that it won't be too long until citizens charged with breaking the law cannot be jailed if they are poor. It can be seen that if they are poor, they are not jailed. This is a most desirable location for the court as it is centrally located and has a good service by either calling or driving.

There are always some people who are not getting along or better to the extent that special methods are devised to help citizens of any situation. I heard the story of a woman and her husband, a Frenchman, and a Jew who were called "The Three Kings". When the king was killed and the other king was with the Jew, the Frenchman proposed to build a temple. The king was with the Jew, the Frenchman proposed to build a temple. The king was with the Jew, the Frenchman proposed to build a temple.

## Woman Receives Maximum Fine For Citation

Peggy Whitley, 46, Las Cruces, cited for reckless driving following a Ruidoso accident Feb. 17, 1971, this week, through her attorney T. K. Campbell, also of Las Cruces, paid a \$300 fine for the offense in the Ruidoso Magistrate Court.

Campbell had entered a plea of Nolo Contendere on behalf of his client but Magistrate Judge Austin A. Frischet found her guilty as cited and fined her the maximum amount for the offense.

Mrs. Whitley also had been cited for Driving While Intoxicated following the same accident. The DWI citation was dropped by Investigating Ruidoso Police Officer Carl Joren on a motion by Ruidoso Village Attorney John Thompson because of insufficient evidence.

The Las-Cruces woman received the citations following an accident in which the car she was driving crashed into the base of a restaurant sign located in the Upper Canyon area of Ruidoso. Seriously injured in the one-car accident was Mrs. Kathy Zane Smith, San Antonio, Texas, who was sitting on the base when the accident occurred.

She, with her new husband of four days, were spending their honeymoon in Ruidoso at the time of the mishap. Following the accident she was flown to an El Paso Hospital and remains there in serious condition.

## St. Patrick's Day Annual Fund Drive Scheduled

Ruidoso and area residents will have the opportunity to give financial support to the "Needy Children's Fund Drive" held annually on St. Patrick's Day, March 17. Sponsored by the XI Alpha Rho Chapter, the local fund raising drive is designed to help Ruidoso-Downs children who have special needs. All monies raised remain here locally, according to chapter officers.

Chapter representatives will be located in both Ruidoso banks, the Ruidoso Post Office and the Holywood Post Office station, as well as in other area locals to collect the donations. Max James Beall is chairman of the fund raising committee.

To date, during the past year, the chapter has assisted many local needy children with school supplies, clothes, medical needs, personal needs, purchased a projector for the Ruidoso Junior High School 8th grade, and gave financial assistance to the local kindergarten program.

## School Board Meeting To Be March 16th

The regular School Board meeting for March 1971 will be held Tuesday, March 16, at 7:00 p.m. in the Board Room. Interested persons are welcome to attend the meeting.

## Youth Center For Ruidoso Area Youth May Soon Become Reality

Ruidoso area youth's proverbial lament that "there's no place to go" may soon become an equally proverbial "Old Yaw" statement. Considered by many residents to be a long time coming and much needed, a youth center with a full range of recreational equipment, sports equipment, stage, and team fellowship center are being considered for the building. Long range plans call for securing land and construction of a new youth center building.

Board of directors for the Sierra Blanca Youth Center, Inc., until the first annual meeting of the incorporation, were James Fitzgerald, Lincoln County Deputy Sheriff, Chairman of the Board; Hugh Stiles, Ruidoso News, Vice Chairman; George Marsh, Ruidoso State Bank, Treasurer; Richard Parsons, Ruidoso attorney, Secretary; Floyd Haake, Construction contractor, Finance Chairman; Frank Potter, Ruidoso Municipal Airport manager, Building Committee Chairman; and Roger Marshall, Ruidoso District Jaycee officer, Membership Committee Chairman.

## Ruidoso Revues Set For March 13

As that time again, time for the Annual Ruidoso Revues that is, and the 1971 production is reportedly rated Class Spectacular. The talent and variety show, sponsored annually by the Ruidoso Band Boosters Club, will be held this Saturday, March 13, in the Ruidoso High School auditorium. Current time is 8:00 p.m. with admission price of \$1.00 for adults and 50c for children. Tickets can be purchased at the door.

Ray Reed, noted popular entertainer, for the second straight year will serve as Master of Ceremonies. Reed, show writer in his own right, is also recognized as Lincoln County's International Ambassador-at-Large. The noted show his personality will sing several selections during the show.

A variety of entertainment including both local talent and professional entertainment will perform during the night's program. The list of production numbers range from a special young girl's surprise number to the Ruidoso High School Stage Band under the direction of LeRoy Gooch.

The special young girl's number has been in secret rehearsal for several weeks and will feature special costumes designed for the 1971 Revues.

The evening's entertainment will also include a comedy style show, the Annual Ruidoso Revues Chorus Line (with surprises), Country and Western Music, special individual dance numbers, the Evergreens (popular professional group) and several vocalists.

## Booster Club Sets Meeting

A Warrior Booster Club meeting is scheduled for 7:00 p.m. on Thursday, March 11 at the High School Library.

The Ruidoso Stage Band will provide entertainment for the group and refreshments will be served by the ladies.

The meet, scheduled for March 4, was postponed due to a conflict with the basketball tournament in progress on that date.

## NOTICE

The Ruidoso Band Boosters Club will hold their regular monthly meeting, Monday, March 15, at 7:30 p.m. in the high school library. All members and interested persons are urged to attend.

## Ruidoso Downs Village Council Holds Fiery Regular Meeting

Feelings ran high and tempers flared during the regular meeting of the Ruidoso Downs Village Council Monday night in the village hall. Before a crowded meeting room of spectators, the council and their representatives met with the full council in attendance, since a special meet held of Feb. 11.

Since that meeting, a petition had been presented to the District Court calling for a grand jury to investigate village affairs.

An attempt has been made to attach a rider to the petition asking that the grand jury investigate "cover everything and everyone, from 1960 to date".

Early in the meeting Councilman Hale asked for permission to make a statement. He stated that he was glad for the opportunity to have an investigation made by the grand jury.

Ruidoso councilmen Elmer Pirelli and Earl Allison were present to discuss the Area Planning Commission, and asked the council to consider joining the group. No action was taken.

Norman Wheeler was present with a request for action on the transfer of location of a liquor license but the mayor said that since this business was not on the agenda, no action could be taken.

Attempts were made by the mayor to appoint J. C. Day and Mrs. Betty Smith to the Planning and Zoning Commission but died for a lack of a second.

The mayor then submitted the names of Albert Richardson and Max Oliver for the trustee position. Both men were defeated for lack of a second. The appointment was then tabled until the next meeting.

Bessie Nicholson submitted her resignation as of March 12 and the council voted to accept.

The plan for the Los Lunas subdivision was accepted.

Hazel Layton was given authority to enforce the sanitation and water ordinance of the village in addition to her other duties.

An attempt was made to appoint Dick Parsons village attorney but died for lack of support.

Funds were transferred to the garbage fund to help maintain the service.

At this point, the mayor called for a motion to adjourn. The motion was made by Carpenter and the mayor adjourned the meeting. Trustees Hale and Pope maintained that the meet could not be adjourned without a vote, whereupon Mayor Perry laid trustee Carpenter aside.

"Trustee Pope" moved that trustee Hale not be Mayor Pro Tem. Hale defended the motion and called for a vote. The vote was 2-0.

The meet continued with the request for the transfer of the license of the Ruidoso Downs Village Hall. The request was granted.

A speaker from the floor stated that the meeting was illegal due to lack of a quorum. Hale maintained that the meeting had not been properly adjourned and was therefore still in session. The meeting was then adjourned.

## City Open House Draws 200 Guests

Around two hundred guests attended the formal Open House ceremonies for the recently remodeled Municipal Building, Friday, March 5. The entire remodeling project, costing less than the anticipated \$20,000 reportedly received "high praise" from those attending the four hour open house. Guests were met at the reception desk by both members of the office staff and wives of the village trustees who in turn welcomed them of a tour of the facilities. Refreshments were also served in the Village Council Chambers.

Included in the major improvement project of the interior of the former grade school building was the addition of several offices. A new mayor's office, Chief of Police Office, Municipal Judges Chamber, and new public rest room facilities. The remodeling also included providing an office for department superintendents, additional accounting equipment areas, and new storage space.

The council chamber, Juvenile Judge's chamber, Police Dispatcher, and main business offices were remodeled and re-arranged with all but the dispatcher's office paneled, carpeted and new ceiling installed.

Also included in the remodeling project, approved by the village council late last year, was a re-faciling of exterior portions of the structure. The change included installation of shake chingles on the front and side, a new sidewalk, new porches, as well as a completely revamped entrance.

The building, constructed in 1937 by the WPA, was for years used as the Ruidoso elementary school. The municipality secured the building in 1954 as a Municipal Building. This is the first major change in the structure since being secured by the village.

Knowing that members of your organization did all that was possible within their capabilities does not, I am sure, lessen the bitter disappointment in your failure to reach young Gregret alive. Even though this failure can be attributed to a lack of suitable equipment rather than a human failure, this disappointment is still there and is shared by all who were following your efforts.

I assure you that this office will do all in its power to assist the White Mountain Jeep Club in its rescue efforts to obtain the equipment required in its search and rescue efforts.

Again, my sympathy to you and your organization in your frustration along with my personal thanks and admiration to that organization for its gallant efforts on behalf of a fellow man in distress.

/s/ John F. Jolly, Major General, NMAARNG Director

## Official Earth Week To Begin April 19

Plans for Ruidoso's Earth Day II programs are very much on the active list. The coordinating chairman for the program met with the Lincoln County Commissioners last Friday, and achieved some very fruitful results. The Commissioners were anxious to help in any way possible and offered to supply litter barrels, a plaque for outstanding contributions toward the anti-litter program, more support from the Lincoln County Sheriff's office enforcing litter laws already in effect, and the purchase of bumper stickers advertising—Be Clean, Keep Lincoln Green, or words to that effect. Litter in and around Lincoln County is increasing at a alarming rate, and one day a year clean-up just won't back it. Immediate plans are concerned mainly with an over-all clean up, but more permanent objectives toward anti-litter are being conceived and organized. Any help, of any kind would be greatly appreciated—telephoning, writing, taking pictures, driving pickups, or actually picking up litter. Supplies such as litter bags and the like are available for the asking, and contributions of time or efforts will be rewarded if for no other reason than pride in one's self for having contributed toward a most worthy project. If you will be of some assistance, please call 257-2106 and leave your name and telephone number. There is something for everyone to do, and we have a special place for each. Please help.

## Dr. Simms Named To Bank Board Of Directors

It was announced this week by Ed Wimberly, president of the Ruidoso State Bank, that Dr. Donald M. Simms has been elected to the Board of Directors of Ruidoso State Bank. Dr. Simms is an M. D., was born and raised in New Mexico, and practiced medicine in Albuquerque until his retirement in 1963 when he moved to Ruidoso to make his home. Board of Directors members in addition to Dr. Simms include Ed Wimberly, Bruce Griffith, Dr. James A. Boall, W. O. Woodruff, William G. McCarty, Dr. W. D. Horton, George T. Harris, Jr., and R. A. Bennett.

## Veterinarian To Be Here March 15-16

### NEWS 'N NOTES

By MARY ELLEN PAYNE

There must be a week set aside for almost everything and the peanut is no exception. National Peanut Week is observed March 8-13, 1971. While the peanut has its week it might be good to clarify a few things. The peanut isn't really a nut at all. They frequently are called goobers (short for goober peas) and are classified as legumes, in the vegetable family. Many countries, because of the way they are grown, refer to peanuts as ground nuts.

Before the Civil War peanuts were grown only in Central Virginia. Soldiers coming from various states tasted peanuts there for the first time, and took some of the plants home with them. Today, peanuts are important marketing items in many states, including Georgia, Virginia, North and South Carolina, Alabama, Florida, Oklahoma, Arizona, New Mexico, Tennessee, Arkansas, Louisiana, Mississippi, Texas and California. Yearly consumption of peanuts and peanut products is now about 8 pounds per person.

From a flavor standpoint, peanuts have a special kind of appeal, but more important to their nutritive value. They are a good source of protein and contain valuable fat which is needed daily for energy.

For a between meal snack try adding about two tablespoons of peanut butter to a vanilla milkshake. Your blender makes such good milkshakes for all the family. Many like to combine chocolate with peanut butter, so try chocolate-peanut shakes, too.

A mighty good sandwich filling is combining 1/4 cup finely chopped peanuts with 1 cup flaked tuna or salmon. Add 2 finely chopped sweet pickles, 2 tablespoons chopped green pepper, mayonnaise and a dash of paprika. On whole wheat or white bread this is a delightful crunchy sandwich for any snack or meal.

With all the varied things that can be done with peanuts and peanut butter, no wonder it takes a special week to tell about them.

About 5,200 severely disabled veterans and servicemen will benefit from a new law increasing allowance for the purchase of specially equipped automobiles.

### County 4-H Members Serving As Pages In Santa Fe, March 8-15

In Lincoln County a new activity is underway in 4-H work. Citizenship is being learned and actually experienced by four Lincoln County 4-H'ers who are attending the New Mexico Legislature as Legislative pages the week of March 8-15.

These 4-H members are: Carol Cooper, Arabela Route, Tinnie; Leslie Carnell, Corona; Amy Foster, Corona, and LeAnne Straley, Ancho. The group is being accompanied by Ralph Dunlap, Lincoln County Extension Agent.

Carol Cooper, daughter of Mr. and Mrs. John Cooper, is a seven year 4-H member. She has many awards and honors in 4-H including sixth high point individual in the National Wool Judging Contest in 1970.

Leslie Carnell, son of Mr. and Mrs. L. L. Carnell of Corona, is a four-year 4-H Club member and is secretary of his 4-H Club. He is planning to speak to interested groups about his experience when he returns from his work in Santa Fe.

Amy Foster, the daughter of Mr. and Mrs. Claude Foster, is a second year 4-H member and a Sophomore at Corona High School. She plans to share her experiences in Santa Fe with her classmates and other 4-H'ers.

LeAnne Straley, a freshman at Carrizozo High, is the daughter of Mr. and Mrs. Lee Straley of Corona. She is in her third year of 4-H Club work. She has a particular interest in her trip to Santa Fe to be a page because her grandfather was the first senator from Lincoln County.

These four young people were chosen not only for their active participation in 4-H Club work, but for their desire to share their experiences with young people in their communities. The insight they will gain as pages to our State Legislature will help prepare them for the Citizenship tasks ahead.

### 4-H Meeting Is Slated Sunday, March 14, In Lincoln

The formation of a group to help with the "Sheep to Shawl" exhibit at the New Mexico State Fair will be discussed at a meeting to be held Sunday, March 14 at the Lincoln Schoolhouse, in Lincoln, starting at 1:30 p.m.

At this meeting the spinning wheel and the Navajo Spindle will be used to spin yarn, along with the weaving of the homespun yarns into fabric. Janice Gnsikovski will have on display the 24 different skeins of wool that she has dyed with natural dyes such as muskatoe, algerita, and walnut bark.

Anyone interested in these activities is invited to attend this meeting to see the wool carded and spun into the yarn. After this the methods of scouring, dyeing the yarn and then weaving it into a beautiful and attractive fabric will be shown to the group.

(Lincoln County Agent)

Aspirin, one of man's best pain killers, heads the list of substances most frequently ingested by children under five years old. Nineteen per cent of the reported ingestions in 1969 were aspirin—down from 24.9 per cent in 1968. Insecticides were ingested in 2.4 per cent of the children-under-five cases reported in 1969—down from three per cent in 1968.

Fruit growers whose trees were damaged by freeze injury should be on the lookout for the fungus, *Cytospora* Sp. Information about this disease and its control is available at the county agents office.

**R-R-D**

Assuring healthy seeds has come a long way since the Middle Ages, when seeds were thrown through fires to control disease organisms. Today seeds are treated with chemicals to prevent damage by insects, fungi and bacteria. Most chemicals used for treating seed, such as phenol mercury acetate, are harmful to bacteria or fungi, and if misused are also potentially harmful to animals and humans. To help prevent misuse of treated seeds and possibly, fatal results, the Federal Seed Act requires that seeds treated with mercurials and other similarly toxic substances be labeled accordingly. Food or feed grain seeds (wheat, oats, barley, rye, corn and grain sorghums) must be colored an unnatural color if treated with a toxic substance. Most of these treated seeds are colored red.

Farmers and home gardeners should:

Carefully read and heed the label when buying seed.

Buy only the amount of treated seed necessary, or treat with chemicals only the amount of seed you are going to use.

Place treated seed in containers marked "POISON" and fully identify these as containing treated seeds.

Don't reuse bags or containers which previously held treated seeds or were used in treating the seeds with chemicals.

Don't store treated seeds with animal feed, or in places accessible to livestock or children.

Destroy unused seeds immediately to prevent their use as livestock feed or human food. Burying small amounts of treated seed deep into the ground is a good way of disposing of them.

So, whether you're a farmer with 5 or 5,000 acres, or a home gardener with a vegetable garden, become a seed label reader and be careful when using treated seed.

### Earth Day Plans Now Being Made

Plans are underway for a full scale observation of Earth Day in Ruidoso this year with a clean-up campaign before the summer tourist season begins. Property owners are urged to get active the day for picking up litter on their property and the roadside areas adjacent.

Aid from high school students is also being sought and the possibility of allowing the classes at the school to co-ordinate the campaign is being investigated.

Civic groups and local clubs will be approached in an effort to enlist their aid in the project.

Any individual who wishes to take part in the planning and organization is urged to call 257-2165 and leave his name and phone number.

### Capitan News

**By BARTLEY McDONOUGH**

The Capitan Woman's Club will be celebrating its anniversary in March with a visit from the 4th District President, Mrs. Vivian Clem of Las Cruces.

The meal will be served March 11, 6:30 p.m. at the Worley Dining Room in Lincoln. During the meeting election of officers for the 1971-72 year will be conducted.

The Junior play last Friday night was a big success. An estimated 225 individuals saw the play, bringing in a gate of over \$200. Play director Emma Gene Hall and class sponsor Bartley McDonough received gifts from the Junior Class. Emma Gene received a beautiful bracelet and Mr. McDonough an engraved key chain. The Juniors may now take a bow for a job well done.

A law now requires that the public schools teach 20 hours on the subject of drug abuse. This is being taught in Capitan by Ofelia Sakao to the 7th graders. Friday, March 5, the 8th graders and come third period study hall people visited the 7th grade and heard some excellent reports.

The panel consisted of Susan Abercrombie, Matt Larson, Jeann Kilne and was narrated by Mike Goodrich. The panel answered questions after their presentations. It was evident that they had done the necessary research.

Mike E. (Buddy) Williams IV is now in his third year working for the Army Post Exchange System. Buddy now lives in Tokyo, Japan. We saw a recent picture of Buddy taken at a ski run near Tokyo. Buddy looked good and the country is beautiful.

LeRoy Gooch will bring his 42-member Ruidoso Warrior Band here Thursday, March 18, for a 9:15 a.m. concert. Concerts by the Warrior Band are always very enjoyable. Make your plans now to hear the Warrior Band.

We understand that NMJG Cadet Stephen Pumphrey completed all the requirements last weekend for his private pilot's license.

Principal Jack Mayfield and Superintendent Ira Caster were to be in Tularosa March 9 and 10 to attend a seminar on school law. The seminar was directed by H. W. Handy and associates of Las Cruces.

Dr. Henry DeBruin, Dean of the Department of Education at Eastern New Mexico University, was to be one of the requisite people.

Kenneth Stope, manager of the C-C Natural Gas Association, has been attending school in El Paso and will graduate soon as a certified welder.

Neo Vallesos finished plumbing the Masmer home in Capitan this week for natural gas.

The Capitan Extension Club will Had one search and rescue.

meet March 19, 10:30 a.m. at the home of Sue Able. Tommie Allen will give a demonstration on how to make artificial grape centerpieces. There will be a covered dish luncheon.

The boys in shop could use any metal that anyone might donate. Contact Mr. Gosset by calling the school, 354-2238.

The beginning band this year consists of 34 members in grades 4-6. They are: Keith Austin, Paul Bowersox, Kris Cartwright, Susan Charneck, Andy Coleman, Theresa Chavez, Julia Coleman, Danny Chavez, Joe David Cummins, Roy Dode, Debra Dalton, Betsy Eldridge, Mona Griego, Frances Guierrez, Mary Ann Guierrez, Robert Guierrez, Darlene Herrera, Megan LaMay, Elizabeth Miller, Leola Montes, Lily Montes, Kenneth Montes, Cyndy Montoya, James Nethaway, Wesley Pounds, Mantel Ramirez, Robbie Richardson, Bert David Shreeengost, Ora Shreeengost, Larry Smith, Alex Trujillo, Yolanda Trujillo, Ann Womack and Mark Williams.

ETA Chapter of New Mexico Alpha Delta Kappa Sorority met Saturday, March 6, at the home of Bernice Morrison of Ruidoso.

This sorority assists Sydnia Cunningham each year with a partial scholarship to Eastern New Mexico University.

Monday night, March 8, six individuals completed the 15-hour advanced first aid course. The six included Arthur Coleman, Burney Jones, Dorothy Lacy, Mike Somerville, Junior Dean and Butch Allen. Instructors were Darrell and Wiley Jean Austin.

### Participate In Open House

Special attention was provided guests attending the formal Open House Ceremonies of the Ruidoso Municipal and Magistrate Judge Austin Pritchett, Ruidoso Chief of Police O. S. Montes, and Juvenile Judge R. H. Hedgecote.

All three departments, whom the three men represent, were included in the welcomed remodeling project of the village.

MUNICIPAL JUDGE - AUSTIN PRITCHETT

CHIEF OF POLICE - O. S. MONTES

JUVENILE JUDGE - R. H. HEDGECOTE

**SURPLUS** - The Senate this week called for a detailed accounting of the state's funds. So many figures have been bounced around since the start of the session January 19, the senators say they don't know up from down. The request carries some validity. It has been difficult to keep track of the volume of deficiencies and budget adjustments as well as the variety of special bills that have been rushed by the legislature. The lawmakers should take a look at the February revenue collections too in order to confirm or deny the income predictions.

**SURTAX** - A request for a special income tax surtax to supply schools with needed funds came before the House Appropriations and Finance Committee this week. The request came on the heels of an announcement from Governor Bruce King that no tax hikes would come this year. The Taxpayers Association, however, before the start of the session advocated a floating surtax proposition, one that would return money to taxpayers if the state underpays its income and would tax if the income was overpaid. The proposition, advocated by other tax advisors in the state, fell by the wayside in the hood of deficiencies that followed the opening of the session. Obviously, legislative manipulators and tax advisors were (1) totally unaware of the deficiency problem in state agencies, and (2) not tuned to the wishes of the lawmakers or the governor. The floating surtax still stands, however, as a good move toward sound fiscal management in state government. It would have a tendency toward pinpointing problem areas in appropriations directly in the legislature.

**PROPERTY TAXES** - No one would deny that New Mexico's property tax structure is sticky, arbitrary and in dire need of study and restructuring. On the other hand, New Mexico's total tax bracket, including all other forms of taxation, is far ahead of most states, especially where it relates to ad valorem taxes. Moves in the legislature to lift the ceiling on property tax mileage or to juggle the rate structure should be discouraged. Behind that assumption is that no matter what is done to the property tax structure, it continues to be inequitable because of its basic, regressive nature. Tax reformers with this knowledge generally center their attention on the income tax or even the gross receipts tax as being less regressive and thus more pliable.

**COLLEGE CUTS** - A lengthy report from the Department of Finance and Administration has pointed out broad areas of heavy spending by some of the state's colleges and universities. The DFA has urged the report to spell out a budget cut of more than \$3 million for the institutions. The report, incidentally, centers attention on the Board of Educational Finance which was fostered initially to study and recommend budgets to the Legislature. It may be seen in the report that the BEF has historically laid down its recommendations with little regard towards state income. Large increases in the college budgets unrelated to increases in state income have been the historic response from the BEF. It would appear that a closer link with either the DFA or the Legislative Finance Committee should be imposed on the BEF. According to the DFA report, salary levels in some of the institutions, notably the University of New Mexico, have progressed to a point beyond state income acceptance. Costly programs in a variety of schools appear to maintain the same area of criticism. Perhaps it is time now for the Legislature to consider placing the BEF within the DFA for a more responsive and realistic budget handling.

**SCHOOL MONEY** - It is difficult to accept that public schools may have to take money cuts in order to pay off the deficiencies of other state agencies. The Taxpayers Association opposes such cuts and maintains that a priority of state programs should be pursued first. This priority list could include a complete rundown on what the \$4 million deficiency in the Health and Social Services really is needed for. So far, the taxpayers of New Mexico have only the word of the agency director that the money is needed.

**SCHOOL DAYS** - A bonesome school bill in the House (HB 400) to allow schools in the state to close their doors up to five days for bad weather, earthquakes and other natural disasters certainly is such basic common sense, you wonder why it hasn't been in the law for years. Many schools in northern New Mexico this year had to shut down early in January because of a week of frigid weather and a shortage of gas. Then those schools, including those in Albuquerque had to fume and snort with state regulations and attempts to make up the lost days on Saturdays and holidays. How ridiculous and how costly. Parents and other non-contract personnel have to be paid overtime. Attendance at the extra classes is bad. Instructional programs have to be halted by already over-programmed teachers to meet the requirements of extra teaching days. This simple bill contains such good reasoning, it's worth the bill of the year award.

**LEGISLATIVE COMPROMISES** - The act of compromise (the es-

### Record Class Enrollment For ENMU For 1971

Spring semester enrollment at Eastern New Mexico University increased 14 per cent over last year resulting in the largest second semester class in the history of the University, according to figures released today by Dr. Alfred Woodard, registrar.

The final official enrollment figure for spring semester has 4,131 students registered at the Portales campus. Compared to the total of 3,582 for last year, the figure reflects an increase of 509 students or 14.0 percent. All of the undergraduate classes except the juniors showed a sizeable increase. Freshman enrollment was up 18, or 15.1 per cent, sophomores increased by 86 or 13.9 per cent, and the senior class added 79 over spring 1970 for an 11.3 per cent increase. Registration figures show 245 juniors are signed up for classes, last year - a decrease of 2.8 per cent. The number of graduate students enrolled for second semester 1971 also jumped. Last spring graduate students numbered 400 compared to 308 last semester - an increase of 130 students or 23.6 per cent.

In the other categories, special undergraduate students are up 41 even 100 or 33.2 per cent and students taking courses dropped by 25 or 80 per cent. One student is enrolled on a non-degree basis while there were none last spring.

"I think we can attribute part of the increase to pre-registration," explained Dr. Gail Shannon, 1969 president for academic affairs. "We also saw an increase in transfer student enrollment this semester."

Eastern initiated a pre-registration program for the first time last year. Students planning to take spring semester classes were asked to register at the end of fall semester. Many of the students, in effect, made a commitment to continue their education which they had not made in previous years," Dr. Shannon added.

A comparison of registration totals for this year with last shows that the normal decrease in enrollment from fall to spring semester was 425 this year. In the 1969-70 academic year, 4,015 students were enrolled for fall semester and 3,522 for spring semester - a decrease of 493. For 1970-71, however, fall enrollment was 4,275 and spring was 4,131 - a decrease of only 144.

A breakdown in the registration figure according to class and sex, with spring 1970 totals in parentheses, is as follows:

- Freshman men, 557 (514); women, 458 (472); total 1,015 (986).
- Sophomores: men, 382 (311); women, 318 (304); total 701 (615).
- Juniors: men, 378 (393); women, 208 (250); total 586 (643).
- Seniors: men, 175 (168); women, 204 (261); total 379 (429).
- Graduate: men, 173 (168); women, 227 (182); total 400 (350).
- Special Undergraduate (taking six hours or less): men, 108 (74); women, 158 (180); total 266 (254).
- Audit: men, 1 (12); women, 6 (23); total 7 (35).
- Non-degree: men, 1 (0); women, 3 (0); total 4 (0).
- All classes: men, 2,332 (2,091); women, 1,749 (1,584); total 4,081 (3,675).

A utility company publication, the JCP&L NEWS, notes that the nation's electric power industry hardly can make a move to keep pace with today's growth demand for more power without running into some pretty practical opposition. Arizona Governor Jack Williams had a wry comment to make on the situation. Pointing out that "there are only three ways of producing cheap electricity and all three are used in Arizona," he observed: "With (some people) banding chems and hydro plants, and (still others) against the fossil fuels, we may have the cheapest electricity in the daytime and the dearest during the night and still of a kind that the world has ever seen."

### Drug Ed. Meeting

Approximately 60 Roswell YMCA members will take part in a drug education conference beginning Friday, March 12, in Ruidoso at Camino Lodge.

The conference, which ends at noon Sunday, March 14, is being conducted by the State Drug Abuse Education team which is sponsored by the State Dept. of Education (SDE).

Mel Root, specialist in drug abuse education for the SDE, said a special feature of the three-day event will be its emphasis on the young participants themselves. "We are letting the participants make their own initiative in this conference, and it will be they, not the drug team, who set the priorities and the emphasis in this conference," Root said.

Taking part in sessions during the conference will be regular drug abuse team members, including Stephanie Brown and Dave Koch of the State Health and Social Services Dept., Root, Sgt. George Ulbarri of the New Mexico State Police, Franklin McKay of the Gallup-McKinley schools, and Doug Carmichael, drug abuse education specialist for the Albuquerque Public Schools.

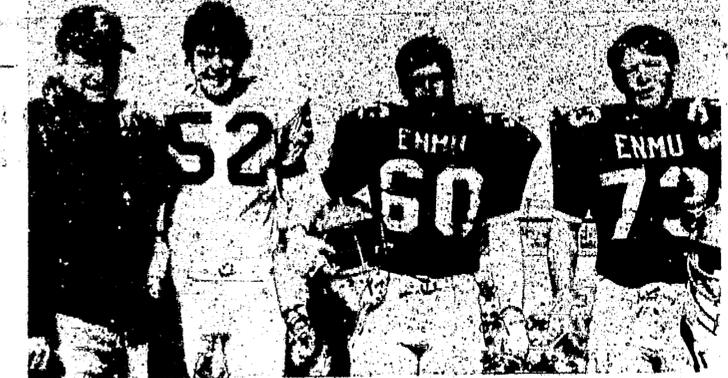

Three former addicts from Quebrar, the NARA IV drug rehabilitation center in Albuquerque, will be special participants in the conference. They will discuss drug abuse and its consequences during small group sessions with the YMCA members.

"We are not having any speakers, and all the sessions which we have planned will be informal and informative sessions during which the youths can ask questions or interject their own comments. We feel they will be much more interested in a program and in a conference in which they are active planners and participants," Root said.

Drug team members will present the group with discussions on the legal and historical aspects of drug abuse. The participants will also discuss the vocabulary and identification of drugs, and they will take part in discussions on alcohol and tobacco as part of their conference.

There will be no charge to participants, Root said.

Increased payments averaging between 9 and 10 per cent for 1.6 million vets and survivors on VA pension rolls are provided in a bill signed last December by the President.

SPRING FOOTBALL—Eastern New Mexico University head football coach Jack Scott takes a breather in spring training with three football hopefuls from southeast New Mexico. Left to right are Jack Valliant, Ruidoso; Jim Joseph, Artesia, and Bob Colborn, Eunice. About 60 players participated in the 20-day spring ball session. The Greyhounds, with a 10-game schedule in the fall, open with Panhandle State Sept. 11.

### Funeral Services Held In Cameron, Tex. For Charlie Nabours

Funeral services were held in The Methodist Church at Cameron, Tex. on Monday, March 8, for Charlie Nabours, 71, who died in the Ruidoso-Hondo Valley Hospital on Saturday, March 6 following a long illness. Burial was in Oak Hill Cemetery in Cameron with Green Mortuary in charge of arrangements there and with Chapel of Ropes Mortuary taking care of arrangements in Ruidoso. The body was flown to Cameron from Ruidoso with Mrs. Charlie (Red) Nabours and son Nick Nabours accompanying the casket.

Nabours was born on March 12, 1900 in Cameron, Tex. and attended school there. He also attended Texas A&M College. He was a rural mail carrier in Cameron until his retirement two years ago when he and his wife "Red" moved to Alto to make their home. They have owned a home at Eagle Creek Lodge for many years.

Survivors include the wife, Mrs. Charlie (Red) Nabours of Alto; one daughter, Mrs. Bob Johnson of Mesquite, Tex.; and one son, Nick Nabours, Philadelphia, Pa.; and five grandchildren.

### Church News

**Report on Past Meeting**  
The Women's Society of Christian Service of the Community United Methodist Church, Ruidoso, met March 3 at the home of Mrs. Bud Starkey. A spiky program on jurisdictional missions was presented by a guest speaker and several members of the Society. Mrs. Thekla Stoneman showed slides and talked about Hispanic girls at school in Albuquerque. Mrs. Betty Starkey spoke about Matamoros College, a Methodist college in Abilene, Texas; Mrs. Ina Hill Pearson told the group about the McCurdy Schools, a Methodist complex in the Espanola Valley of northern New Mexico; Mrs. Jessie Lee Hawkins explained the Methodist Home for unwed mothers in San Antonio, Texas, and Mrs. Wanda Ratcliffe spoke about the Methodist Children's Home of Waco, Texas. All five institutions are Methodist supported and Methodist operated and are a few of the many mission projects of the South Central Jurisdiction of the United Methodist Church. Fourteen members and four guests enjoyed refreshments prepared by co-hostesses Betty Starkey and Cleo Dodds and were adjourned after a brief business session.

### Round School

**By SALLY STILES**  
The campaigning for Student Council officers officially began Monday. Posters and buttons are now decorating all the school halls. Dingo Dominguez and Rocky Rodgers, both juniors, are running for president. Susan Starkey, Yvonne Crommons and Blaine Miller are running for vice-president. Susan is a Junior and Yvonne and Blaine are Sophomores. The secretary-treasurer candidates are Kim Gooch, Juniors, and Kim Glenn, Sophomore. The only candidate for business manager is Eileen Posey, Sophomore. The campaigning will continue through Wednesday when the campaign speeches and voting will take place. We wish all the candidates good luck.

### RUIDOSO PERSONALITY

**BILL PIPPIN EMPLOYEE** — Margaret Whelan, valued receptionist, bookkeeper and secretary for the Bill Pippin Real Estate, Ruidoso, has been employed with the local real estate firm for six months. A native of Canada where she graduated from both senior college and business college, Mrs. Whelan has made Ruidoso her home for the past four years. Prior to coming to Ruidoso she was the Payroll Department chief with Sears in Roswell. Her daughter, Mrs. Joyce Prewitt, is currently the branch manager for the Ruidoso State Bank's branch in Ruidoso Downs. (Ruidoso News Photo)

### State Job Opportunities

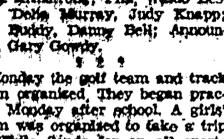

At present the State Personnel Office is seeking applications for the positions of Fire Guard 1 out of Las Vegas, El Capitan, Chama, Magdalena and Cimarron. **Last Rites Are Held In Bennington, Kans. For Margaret Winans**  
Last rites were held on Monday, March 1, in Bennington, Kans. for Margaret Irene Winans, 63, who died in Albuquerque on Friday, Feb. 20 after a long illness. Burial was in the Bennington Cemetery. Mrs. Winans was born on Sept. 5, 1908 on a farm two and a half miles north of Wells, Kans. On Sept. 4, 1928 she was married to Charley Heald. The couple had two children, Ewan and Wanda. They farmed in the Wells community until the death of Heald in 1937. Mrs. Winans operated a cafe in Wells and later moved to Bennington, Kans., where she married Eddie Winans on July 9, 1942. A son, Paul Blank, Cheryl Durban, Zoe Ann Shaw and Pam DiPaolo. All Brownlee, Junior and Cadette Girl Scouts will be going to Alamogordo Saturday, March 13 for a "Ging-In" in observance of Girl Scout Week and "Out-Door" of the bus will leave the Lions Club at 10 a.m. and return there approximately 4:45 p.m. Parents are asked to assist the girls in making sure that they have permission slips properly signed, a snack lunch, and money for a drink. The girls are asked to wear a camp uniform (Bermuda shorts and white blouse). Bill Pippin will be driving the bus, being a qualified driver, as required. He has been a great help to the local Girl Scouts and is very much appreciated.

### Airman First Garrett Draws Vietnam Duty

Airman First Class William A. Garrett, son of Mr. and Mrs. Joe Garrett, Rt. 1, Jackson's Gap, Ala., is on duty at Da Nang AB, Vietnam. Airman Garrett, an aircraft mechanic in a unit of the Pacific Air Force, previously served at Holloman AFB, N. M. He is a 1963 graduate of Dadeville (Ala.) High Schools. ### Anti-Litter Campaign

There will be three separate contests in town, and you might as well get in on the ground floor to win a prize. These contests are in conjunction with the anti-litter campaign, and include: a poster contest for school students; a slogan contest for the anti-litter campaign (open to anyone); and an essay contest open to any presently enrolled student in any school. First prize in each contest is \$25 cash, second prize, \$10, and third prize, \$5. Deadline for judging is April 9, with Dub Williams as contest coordinator. All Boy Scouts, Eagle Scouts, Cub Scouts, Girl Scouts and Brownies will engage in a program to retrieve and redeem aluminum containers. This will start immediately, and is in keeping with the theme for the Scouts for the month of March "Give Our American Resources". If you should have used aluminum containers, or know the whereabouts of any reasonable supply, you can help the Scouts earn their just rewards by advising someone in the program as to the location. Why not save them for the Scouts and give them a boost they would not have otherwise?

### David Long Has Role In NMSU Production

David Long of Ruidoso is cast in New Mexico State University's production of the musical "Fiddler on the Roof". Under the direction of Professor Herbert Zohn and Arlene Beikin of the NMSU Department of Fine Arts drama staff, "Fiddler on the Roof" is the first non-professional production of the award-winning musical in the New Mexico-El Paso area. Prof. Oscar Butler is in charge of musical direction and conducts the 25-piece orchestra for the production. The musical is based on Jewish author and playwright Sholom Aleichem's stories about changing traditions in Tzarist Russia at the turn of the century. The play opened March 4 and will run thru March 13. Long portrays the role of a village boy in the play. Son of Mr. and Mrs. Ray Long, he is a freshman majoring in drama at NMSU. He is a 1972 graduate of Ruidoso High.

### What's Your Opinion? Crow or Raven?

We have been seeing so many big black birds around our fair town lately. AND since there seems to be somewhat a difference of opinion as to whether they are a Crow or a Raven... I thought I'd look in the encyclopedia and get my answer. Here is what I found. Crow — The common crow is about 18 or 19 inches long. It has glossy black plumage and a strong, sharp-pointed bill. Briskly feathers cover the base of the bill. The crow's feet are strong and well adapted for walking. Male and female crows look about the same, but the female is slightly smaller. The crow does not have a musical voice, but it can make a variety of noises and can imitate sounds. Crows make good pets if obtained when young. Sometimes their owners can teach them to speak a few words like parrots. Raven — The raven is a large black bird that belongs to the same family as the crow. The raven may sometimes grow to be 26 inches long, and its wings may spread as wide as 3 feet. Its feathers have a slight purple luster, and there is often a touch of dull green on the belly. The feathers at the neck are usually dull gray at the base. The American raven, which is the most common, lives in the western United States from the Rocky Mountains to the Pacific Coast, and in Canada. (That you might be interested to know that the raven is one of the first birds mentioned in early history and mythology. It is mentioned in the Bible as the first birds sent out from Noah's Ark.) After all this knowledge, I'm still not sure. So — what's your opinion? Write, Ruidoso News, Ruidoso, New Mexico 88345, and tell us what you think. We'll give the results in a following issue of this paper.

### Spring Turkey Hunt Set For April 17-25

The State Game Commission approved spring turkey seasons in seven areas of New Mexico, with a total of 7,300 permits to be issued for the hunt. This action came in the Commission's regular March meeting in Santa Fe Thursday after it had turned down the original recommendation of the Department of Game and Fish for a statewide spring turkey season with an unlimited number of permits available.

The action does open two areas of the state to spring hunting that have been closed in the past and increases the number of permits 2,800 over the 4,500 that were issued last year. The two new areas are portions in the northeast quarter of the state and one in the northwest.

### Services Slated Friday, March 12 For J. P. Haley

Funeral services were scheduled for 10 a.m. Friday, March 12, at the chapel of Chapel of Roses in Ruidoso for J. P. Haley, 64, who died while visiting in Little Rock, Ark. on Monday, March 8. Rev. Wayne Joyce of the Ruidoso Baptist Church will conduct the services and burial will be in Forest Lawn Cemetery with Chapel of Roses in charge of arrangements.

Haley was born on May 5, 1906 in Cottonwood, Texas and came to the Ruidoso area about 1929. He was a carpenter by trade and had retired a few years ago. He and his wife moved to Albuquerque about two years ago.

Surviving are the wife, Mrs. Hazel Lucille Haley, Albuquerque; the son, Scotty Haley, Socorro; three daughters, Mrs. Rita Morris, Las Cruces; Mrs. Josephine DeHoyos, Hot Springs, Ark., and Mrs. Katherine Southern, Albuquerque, and thirteen grandchildren.

Serving as pallbearers will be George Westfall, Red Lackey, Stansell Jones, Marvin Morris, Bill Southern and Jesse DeHoyos. Honorary pallbearer is Jake McDonald.

When you are holding your nose... Dec. 31 is the deadline for filing Medicare medical insurance claims for services received between Oct. 1, 1968 and Sept. 30, 1969, according to Bill Riggs, social security field representative.

If claims for services received during this period have already been sent in for Medicare processing, no further action is necessary. But, if no such claim has been made, then a "Request for Medicare Payment" form should be submitted. If New Mexico doctors are involved, the claim goes to The Equitable Life Assurance Society, Box 9070, Station D, Albuquerque, New Mexico 87110. If Texas doctors supplied the services, the claim should be sent to Group Medical and Surgical Service, Box 22147, Dallas, Texas 75222. If doctors from other states are involved, the proper address may be secured from "Your Medicare Handbook" or from any social security office.

Unless the doctor involved completes Part II of the claim form, an open atm. which is a neat trick

## Ruidoso Juniors Place Well In Tournament

Although the Ruidoso School teams did not win the Ruidoso Rotary Invitational Basketball Tournament, they did take two seconds and a third in the event, held at Ruidoso High School Gym over the weekend.

Winners of all three first places in the tourney were the Tularosa 7th, 8th and 9th grades. Hondo took second place position in the 9th grade class and captured third in the 8th grade category. Carrizozo was almost frozen out with only one trophy, third place in the 7th grade division. However, in a vote of the officials, Carrizozo took home the trophy for sportsmanship.

Score for the final game in the ninth grade class was: Tularosa 66, Hondo 43. In the semi-finals: Hondo 54, Ruidoso 47.

Eight Grade: Final: Tularosa 66, Ruidoso 26. Semi-Final: Ruidoso 41, Hondo 22.

Seventh grade: Final: Tularosa 17, Ruidoso 15. Semi-Final: Ruidoso 24, Carrizozo 21.

The tournament, first of its kind in our area, was sponsored by the Ruidoso-Hondo Valley Rotary Club and proceeds from the event will be used in the club's youth activities projects.

Termed a huge success, the club hopes to expand the event in future years.

## 1970 Recorded As Driest Year In Ruidoso Area

The year 1970 set a record for dryness in the Ruidoso area, it was reported by Frank Potter, manager of the Ruidoso Municipal Airport this week. Potter stated that a representative from the U. S. Weather Bureau had been in Ruidoso and reported a total precipitation in the Ruidoso area for 1970 of 12.26 inches. Normal average is 20.20 inches of precipitation according to records here kept since 1845.

## Identification of Tax Payments

To be sure your tax account is properly credited, put your Social Security number on all checks or money orders sent for payment. Maurice E. Johnson, District Director of Internal Revenue for New Mexico, said today. It also helps if you write on the payment what it is for.

Then, if your check or money order is separated from your return during processing, your Social Security number on the payment will quickly identify it. An unidentified payment must be set aside for research and cannot be credited to your account until you have provided the IRS with the necessary information to identify it, Mr. Johnson said. In the meantime, you could get a bill.

# Now there's a new, small Pontiac with a small-car price for small-car lovers.

Upper left: Ventura Coupe with Special Sport Package 1970 can be 6-8. Foreground: Ventura Coupe 4-door. Sedan also available.

Wouldn't you know it would be fun to drive, stingy on gas, quick to service and built to last.

Of course you would. We wouldn't build a small car unless we figured it would give you more of what you want a small car for.

Take that low price. Ventura II is a small car, so it has a low, small-car price. But it's what you get for that small price that makes Ventura II worth a close look.

Ventura II is fun to drive. It should be, it's from the Wide-Track people. Which means you get a smooth, comfortable, Wide-Track ride.

The handling's quick. There's a nifty 111-inch wheelbase for easy parking. And both the 250-cu.-in. six and available 307-cu.-in. V-8 respond beautifully in city traffic or on the expressway.

Ventura II is stingy with your gas money. Both the standard six-cylinder engine and the V-8 you can order run beautifully on regular gas or the new low-lead and no-lead fuels. The carburetor on the six is an economical one-barrel, and the transmission for both six and V-8 is a practical 3-speed manual. Ventura II is quick to service. If you're a do-it-yourselfer, you'll like fiddling around with the new Ventura II.

New twist-lock lamp sockets let you make changes in seconds. The engine is uncomplicated, and there is plenty of engine-compartment space, especially with the six.

If you ever need to have somebody else work on your car—well, you'll like Ventura II, too. Both the standard six and available V-8 are tough, time-tested designs. Same goes for

transmissions. The standard 3-speed manual and the available 2-speed automatic, Turbo Hydra-matic or floor-mounted 3-speed are all rugged, dependable units.

Ventura II is built to last. There's nothing lightweight about this car. It's welded—not bolted—at hundreds of strategic points to help keep it light and quiet.

The body is heavy-gauge steel. And it has double paneling in the deck lid, hood and doors. You could probably sum it up best with three little words. Body by Fisher.

So, come on. If you're a small-car lover, stop by your Pontiac dealer's today. Tell him you want to see the new Ventura II. It's the small car that gives you more of what you want a small car for.

Don't forget to buckle-up for safety.

Army Sp/4 Brantley Receives Citation

Army Specialist Four Henry L. Brantley, son of Mr. and Mrs. E. J. Brantley, 2405 Florida St., Carlsbad, N. M., recently was awarded the Vietnam Signal Corps badge while serving with the 39th Signal Battalion near Long Binh, Vietnam.

Spec. Brantley, a radio repairman in the Battalion's Headquarters Company, entered the army in April 1969, completed basic training at Ft. Bliss, Tex., and was last stationed at Ft. Monmouth, N. J.

New 1971 Tax Guide Released By Govt.

The government has just released its 1971 tax guides for individuals and small businesses concerning up-to-date information on federal income taxes.

Both booklets, "Your Federal Income Tax and Tax Guide for Small Business," are available from the Superintendent of Documents for seventy-five cents each.

Officials describe the booklets as "supplementing" pamphlets each taxpayer receives from the Internal Revenue Service, usually in January, along with his machine-readable tax form.

The guides can be obtained from a number of government book stores throughout the country and by writing the Superintendent of Documents, Government Printing Office, Washington, D. C. 20402.

VANDALS - This automobile, owned by Mayor Cleve Perry of Ruidoso Downs, was vandalized sometime between 11:00 and noon on Tuesday while it was parked between the Holiday House Restaurant and Ruidoso Cleaners. The overhead upholstery and spare tire were slashed by unknown persons in the daring daylight attack.

Police are currently making an investigation of the incident. (Ruidoso News File)

Your Social Security

"Medicare was big business in New Mexico during 1970," Bob Noble, social security field representative, stated today. Over \$12.8 million was paid for 22,995 inpatient hospital admissions, 1,279 skilled nursing home admissions, and 868 home health agency admissions.

The benefits for the supplementary part (doctor-bill) of Medicare amounted to over \$6 million. Nearly 45% of these benefits was paid directly to New Mexico physicians who accepted assignment and billed Medicare for their patients.

Only one more month is left in the present "General Enrollment Period" for those over 65 who have not yet signed up for the doctor-bill portion of Medicare. These enrollments must reach the Social Security Administration by March 31. This is the last chance to enroll for those born between October 1, 1902, and September 30, 1903.

Church Group To Assist At Ft. Stanton

A group of interested church women from Ruidoso have "adopted" Fort Stanton School for the mentally retarded as a long-range service project.

The Ladies' Bible Class of the Church of Christ visit the state school every second Thursday of the month to work with students and conduct special projects.

The first group to work at Fort Stanton on February 11 was comprised of Mrs. Peggy McClellan, Mrs. Bea Adams, Miss Vickie Zigler, Mrs. Mildred Baur and Mrs. Janet Perry. The women brought stuffed toys to be placed on the beds of female residents in Sierra Cottage.

Sixty Cottage houses 28 women between the ages of 12 and 54, who range in degrees of retardation.

Girl Scout News

During the week of March 7-13, 1971, the nation will be observing Girl Scout Week. The purpose of the Girl Scouts is to inspire girls with the highest ideals of character, conduct, patriotism and service so that they can become happy and resourceful citizens.

Membership is open to all girls from 7 through 17 years of age - girls who accept the Girl Scout Promise and Laws. The total membership in the Girl Scouts is nearly 4 million. This includes 3.2 million girls and 670,000 adults. Since 1912, there have been about 31 million members - 24 million girls and 7 million adults.

The first Girl Scout Troop was founded on March 12, 1912 in Savannah, Georgia by Juliette Gordon Low. In a way, the Girl Scouts are a counterpart of the foundation from moderate to profound.

The volunteer program came about through the efforts of Miss Sigler, who had experience working as a volunteer with a mental retardation facility in Texas. At her urging, the women's group toured Fort Stanton recently and later voted to adopt the on-going project.

This week the group plans to meet with the education department at Fort Stanton to plan a program of play therapy sessions to teach students to play by themselves with toys.

Mrs. Ariene Hanna, cottage coordinator, said a great problem with the retarded is teaching them to entertain themselves. She said she was very excited about the volunteer project and praised the women for their enthusiastic efforts.

The Bible Class is planning to expand its project to include women from other organizations.

Letters To The Editor Mr. Hugh Stiles Ruidoso News Ruidoso, New Mexico 88348 Dear Mr. Stiles: It is a difficult task to thank all those who were involved and connected with the search for our son, Wayne. Since you covered and wrote the news story, could you in your paper, write another story telling the people of Ruidoso how much Mrs. Beagriff and myself appreciated the efforts and generosity shown in the search. To pick out names or persons to thank them individually is impossible, as the towns people of Ruidoso were ALL so helpful and concerned for the welfare of our son. All the assistance that was added to the search, including the Mesalero Apache Indians, the Air Force, the U. S. Forest Service, El Paso Rescue Squad, Civil Air Patrol and the White Mountain Jeep Club. My personal contact was with Dr. S. Colgate and the students from New Mexico Tech of Socorro, Mr. Puckett, of the Security Patrol, who was with me constantly giving me comfort and assistance, also Mr. and Mrs. W. Harrelson of the Eagle Canyon Lodge, who also showed such concern and generosity. There were many others unknown to me but I want to thank them all. Everything was done that could be done to rescue Wayne. In these times, when we all feel the world is drifting apart, I can only say, that is not the case in this area of Ruidoso, New Mexico. You are a warm, generous community. May God bless you all and if it is at all possible in some future time, we will visit. Gratefully, Mr. and Mrs. Thomas Beagriff

**Trade Show Slated**

**By Restaurant Ass'n.**

March 16, 17 and 18 are the dates for the largest trade show and exposition covering the hospitality industry (food service operators and hotel and motel) ever held in New Mexico.

Civic Auditorium, in Albuquerque, will be the site of the display of products and services representing the major companies in the United States serving New Mexico's number one business.

Nationally recognized speakers, headed by Martin Horn, president of The National Restaurant Association, will be featured. Additional speakers include: Al Mesko, General Electric, Chicago; A. C. Bartolotta, John Sexton — Company, Chicago; Don Smith, owner-operator of Chateau Louise, Dundee, Illinois.

Social events will include: Carnival Night sponsored by The Purveyors Association, March 16th; Ladies Luncheon and Fashion Show, Wednesday, March 17; Barn Dinner Theatre, March 17th; Ladies' Continental Breakfast, March 18th; and the President's Ball, March 18th.

For further information, contact C. C. Watkins, Wattle's, director for your area. Car pools are now being formed to the Exposition and Trade Show.

NEW FIELD OFFICE — Boykin Real Estate of Ruidoso will soon open its new field office in the proposed Las Lumas subdivision near Ruidoso Downs. The Las Lumas subdivision contains 80 lots and will be restricted to late model mobile homes or houses with 800 square feet or more of floor space. (Ruidoso News Photo)

## Conway From The Capital

Both Houses have now passed the Implied Consent Law and it has been sent to the Governor for his signature. This is probably one of the more significant pieces of legislation to be passed this session. It is a step in the right direction to take the drunk driver off the road.

The sixtieth legislative day is March 20th, and this should be the last day of the session. However, the legislature in the past has ignored this deadline and continued in session to complete its work. We work by the legislative day and not the calendar day, which theoretically allows us to do this.

Time is a real problem for every member of the legislature. The Corporation Committee this past week conducted a hearing on the Uniform Commercial Credit Code. This is a comprehensive bill which in essence puts all lending under one system. The bill is 208 pages in length and very complicated. The basic problem in the bill is an increase in interest rates. As an example, the charge allowable on the national credit cards would have increased from 18% to 24%.

There is no way I could support a bill which contained interest hikes like that. There were many good points in the bill but they simply was not enough time to thoroughly study it. We would have a more effective legislature if we would meet for ten days, introduce all bills at that time, and recess for thirty or sixty days to study the bills and then come back to Santa Fe for committee hearings and voting. It would also give us the opportunity to meet with our constituents and discuss the bill with them.

I would certainly urge all of you who can possibly come to Santa Fe during the session to do so. The session and committee hearings are open to the public and all of us want as many people as possible to observe the legislature in operation.

State Parks of the Pecos (Indian Photographs) and Valley of the Pecos State Park (The Malpais) invite visitors all year around. Returning the courtesy of a pleasure and being in the heart of Sierra Blanca at 8,500 feet to the heart of the Tularosa Valley.

Accommodations for overnight or for weeks on end are available in abundance. Restaurants offer a wide variety of foods from gourmet to home style. But, probably the greatest of pleasures is the scenic views attended by all of the county to our guests. We hope you will enjoy your stay in Lincoln County.

## SILVER LINING

By **DANIEL A. STORM**  
By the time this edition hits the busy street corners of the City in the Pines, we will be well into the month of March; and we will have "made it through to grass," as the old saying goes.

With the illustrations and important little month of February past, what can we say of March? I have always thought of this month as when winter and spring are on the ground; the one trying to loose ends and getting its affairs in order so as to leave and go to the Southern Hemisphere for this year, and the other scouting around getting ready to wind up with a burst of color and glory.

**Many Important Days In This Month**  
My beloved cousin, Mrs. Marguerite Kennedy Stevens, of Escondido, Cal., has sent me a list of important days in the month of March, the month of the March Hare.

March first was town meeting day in Vermont. The second was Texas Independence Day. And today, Friday the twelfth, is Arbor Day in New Mexico. Right here I would like to pause and say that this is one of my favorite holidays, celebrated at different dates across our land. It is the day upon which everybody tries to plant a tree if he can see his way clear. I wanted to give you a little history of this day and a little something on its meaning for our fu-

ture, but it slipped up on me. Any way, if you missed out on planting a tree today, there is lots of time yet. I like to plant trees any time between now and April the 15th or 20th. But there is an old saying that you may plant a tree in any month that has an "R" in it. Of course, trees that are potted or with earth securely fastened about the roots—such as you buy in nurseries—you can plant any time.

Later on we can go into the importance—the growing importance of planting trees. But right now we have to ramble along with the rapid pace of March.

You see, what with the cold nights and the hard winds of March, we have the feeling we are still in winter. But quietly here and there in the sunny and sheltered spots near and far in hill and dale, the little plants are growing, early spring flowers blooming. Then all in a day, like magic it is warm and mellow everywhere; blossoms are out with their fragrance on the breeze—and lo, Spring is here!

March 20th is Alaska Day. And now let us back up a few days to one of the most important holidays of all.

**March Seventeenth, Saint Patrick's Day**  
Right here in Lincoln County one of our most beloved colorful communities is named after the patron Saint of Ireland—San Patrick. Every year, there is a special celebration at the historic Mill Village. Those with a drop of Irish blood, and those who love the Irish (this includes everybody) will wear something green in honor of Green Ireland.

Then only three days after Saint Patrick's Day on the 20th, comes The First Day of Spring.

**A Word of Thanks**  
It never grows old to hear you say that you like The Silver Lining. Dear Friend, I am even thinking I might put some of the sketches into a little book. A lot of folks said they liked the one about the little deer.

In thinking back, I can see that most of the little sketches came ready made, with me just being lucky enough to run across them. Take one that received quite a lot of appreciation: the one about Lewis Smith taking his wracker down and rescuing (after a terrible struggle) the Dunn horse of Willie Benevides from the quick sand.

Poor Willie is having the battle of his life with his health. We hope and pray for his recovery. Lewis Smith, thank God, is right in the Holy Mary Ann Soraker, Dumbkin. His blue eyes have the same

friendly twinkle, his hearty laugh still rings out, and his million-dollar smile is bright and cheery as ever.

Had to go to El Paso the other day to see one of them specialists and had some waiting time while I was there so I thought I would go out and see if I could visit with some of the friends there at the race track. I had two of my buddies with me that lived in Paso Del Norte, or down the road a ways. They have been railroad men for 20 years. They both have been on the border many years and I figured they knew everybody in the country but they don't. I had more fun introducing them to folks they should have known and some that they had known many years ago but hadn't seen in contact with in a while.

You'd be surprised how much fun it is to talk about who you used to know. At the Santa Fe chickens or at the watermelon out of Huoball's field with those old grey headed bird of visit with some gradings that you used to think you. I don't think we are getting any younger. We got to takin' and swingin' to place a bet on a whole thing in the third that come in fourth, our wives still believe we want to throw time viallin.

By the way, the editor is got a few free passes to Richard Park if you are got that way.

### Letter to the Editor

### Vocational Education Is Rotary Program

Harold Longdon, principal of Ruidoso High School, gave the program for the weekly meeting of the Ruidoso Rotary Club held at Wattle's Cafe at noon on Tuesday.

The program was about the new vocation programs recently added to the high school curriculum. Three programs were noted that are either to be added next year or planned for future years. Distributive education and building and trades are to start in 1971 with office education to begin in 1972. Hopes were expressed that a Pre-Vocational program, starting in

the 7th grade, would be added in the future.

Longdon asked that a Rotary meeting be held, in the near future, at the high school to see what is being done.

A question and answer period followed the program.

Officials of the recent basketball tournament held in Ruidoso were present for the meet and included Reeves McGuire, Gerry Ross, Albert Richardson, Pete Kazhe, Father Dolan, Craig Horton, Phil Hood and Mickey McGuire.

Visiting Rotarians were District Governor Walter Wade, John Kirk and Don Forsum.

### Ruidoso Does Slate Bake Sale March 17

The Ruidoso Does have scheduled a bake sale to be held in the H. & J. Food Basket Wednesday, March 17. Proceeds from the sale will go toward the purchase of a new curtain for the Ruidoso High School auditorium.

Anyone wishing to donate home made baked goods for the sale is urged to contact any member of the Does or bring the item by H. & J. the day of the sale.

The time to stop advertising is when... Everybody loves you so much they can't possibly trade elsewhere...
