Several Hundred Attend Land Exchange Meeting

By HUGH STILES

Several hundred people were in attendance at an informal public hearing, Saturday, Jan. 22, at the Chaparral Motor Hotel's Convention Center, Ruidoso Downs, regarding the proposed request by the Mescalero Apache Tribe for 2,240 acres of Lincoln National Forest Lands, "to be exchanged between the U. S. D. A. Forest Service and the U. S. Department of Interior, held in trust for the Mescalero Apache Tribe."

Definite differences of opinion were voiced by dozens of individuals regarding the proposed land exchange's effect upon the area economy, environment, water rights, public use of lands and the question "Do the Mescaleros really have to have the land held in trust in order to secure a loan for their proposed expansion of the famed Sierra Blanca Ski Area?"

"The U. S. D. A. Forest Service statement, read by Ken Evans, Lincoln National Forest

Service Supervisor, Alamogordo, contended that the lands should not be transferred because of the questioned ability of the Mescalero Apache Tribe, under the supervision of the Department of Interior, to manage the lands. They also questioned environmental factors, the future water rights and public land use if the exchange was made.

The Mescalero Apaches held that the lands are necessary for their proposed 4 million dollar expansion program of the Sierra Blanca Ski Area. The lands, according to tribal officials, must be "held in trust for the tribe" before financial arrangements can be secured for the ski area expansion.

Wendell Chino, Mescalero Apache Tribal president, told the large gathering that "This obvious effort (by the U. S. D. A. Forest Service) to raise questions and doubts to undermine the leadership of and management capabilities of the Tribe

must be answered first before some of the other issues raised in the (Forest Service) statement are answered."

Chino called attention to the Tribe's large cattle industry, the fact that the Tribe manages more personnel and administers larger fiscal affairs than the Forest Service in Lincoln and Otero counties, and that the Tribe operates the Sierra Blanca Ski Area with the highest financial return above that of the other four major ski areas in New Mexico.

Chino and Tribal attorneys repeatedly made it known that all existing water rights on the lands proposed for exchange would be legally honored. They stated that their proposed land exchange was for surface rights only and not water rights. "We are claiming no water rights," tribal officials stated.

"Evans in his presentation stated, 'The proposal could have adverse effect upon the environment' but that, 'the Forest Service is not opposed to the Ski Area expansion.'"

Fred Collins, Field Representative for the Department of the Interior, told the group, "We are friends with the Department of Agriculture (the Forest Service is under the Department of Agriculture), but there are times when we have to draw the line."

He continued, "The practice of this administration is to return to the Indians their land to develop and manage." Collins also stated, "I am going to do everything in my power to see that they get it."

It was noted that the lands in question for exchange originally were legally owned by the Mescaleros under a title honored in 1852 by both the United States and the Mexican governments. In 1873 an Executive Order created the Mescalero Apache Indian Reservation and included within its boundaries the lands in question. A second Executive Order in 1876 adjusted the Reservation in favor of private mining interests and removed from Indian status most of the immediate mountain lands north of the present Mescalero Apache Reservation. The lands became under the control of the U. S. D. A. Forest Service on July 26, 1902.

In 1968 the U. S. Government reportedly paid the Mescalero Apache Indian Tribe, at the rate of forty-three cents per acre, for the lands removed for mining interests in 1876 and these lands are included in the proposed request by the Mescalero Apache Tribe.

Sec. of Interior Set To Visit Mescalero

Secretary of the Interior Rogers C. B. Morton reportedly will spend three hours on the Mescalero Apache Reservation near Ruidoso Friday to present the Tribe with \$250,000 in federal grant money. The funds are to be used for the acquisition

DEADLINE FOR '72 PLATES — MARCH 2nd

NM Dept. of Motor Vehicles Officials In Ruidoso Tuesday

hmmm

By HUGH STILES

Tuesday, Feb. 1, is the one and only day Municipal political hopefuls have to officially file for a municipal elective position. There are four municipal positions up for election. They include, one two-year term as mayor, two Ruidoso Trustee positions for four years each, one two-year term for the Ruidoso Municipal Judge.

As reported last week there have been hundreds of rumors regarding who is and who isn't going to file for one of the four available positions. There are at least six who have definitely declared that they will file and the only other near positive statement is that I am not running and if I ran I would be the only man in history to receive minus 3 votes.

The political filing day for most small communities might be comparable to a "chow line", you see some are going back for seconds while others are there for their first time in hopes of getting a taste of the political stew and soup. As per usual in chow lines some individuals will get up exceptionally early to be first in line while others will wait until the last minute hopefully to grab some goodies in the left overs. Just who will be the Alpha and Omega at next Tuesday's municipal filing date remains to be seen.

Association Supports Proposed "No Fault" Auto Insurance

The New Mexico Association of Independent Insurance Agents by its president, Thomas E. Burns, Clovis, this week, announced the association's support of the proposed New Mexico Legislative Senate Bill 36. The bill is an amendment of the "No Fault" automobile insurance in New Mexico.

Ruidoso Insuror's Association members, Pertee-Parks & Associates, Paul Wrye Insurance Co. and J. H. Cooper Insurance

Commissioner of the New Mexico State Department of Motor Vehicles, David Urloste, Santa Fe, and Manuel Silvas, Chief of Revenue Distribution of the NM Department of Motor Vehicle, Santa Fe, were in Ruidoso Tuesday and expressed their complete satisfaction and commended the Ruidoso Village Municipal Motor Vehicle Department.

Commissioner Urloste stated, "We have had no complaints reported to us regarding the motor vehicle department team here in Ruidoso. They are doing an excellent job."

The two state motor vehicle department officials are making a routine tour throughout the southern and southwestern section of the state calling upon all local motor vehicle departments prior to the anticipated rush for 1972 motor vehicle license plates. March 2 is the deadline for securing all motor vehicle license plates including house trailer plates.

Mrs. Bob Hollis, head of the Ruidoso Municipal Motor Vehicle Department, reported that as of Tuesday morning, only 1,276 1972 motor vehicle license plates had been sold in Ruidoso, about one-fifth of the anticipated number. According to available records there are 5,680 license plates yet to be issued in Ruidoso.

Ruidoso is in its eleventh year of issuing motor vehicle

license plates and registration of motor vehicles.

Others in the Ruidoso MV department include Mrs. Rick Stevenson and Mrs. Stormy Edwards.

Commissioner Urloste, with the New Mexico State Department of Motor Vehicles since 1955 and Commissioner since January 1972, reported that Ruidoso, in 1971, received \$11,013 on a revenue sharing basis with the state for driver's license, license plates and vehicle registration.

Silvas reported that in addition, the Village of Ruidoso, in 1971, received \$4,900 from the state for administration fees. The figure included \$1,787.28 for Driver's License and \$3,612 for motor vehicle registrations.

Both state officials stressed the need for area residents to secure their license plates as soon as possible. To date around the state, license plate sales are up over fifty percent but the total number sold to date is only a small portion of the anticipated number.

Urloste stated that there are 2,500 New Mexico Prestige Plates currently issued in the state. The Prestige Plates cost an additional \$15 above the regular license fee for each year and are available upon request from the New Mexico Department of Motor Vehicles, Santa Fe. The special plates are limited to six letters or numbers. Information regarding purchasing Prestige Plates can be received by writing the department in Santa Fe, he stated.

Agency, all have expressed their favoring the proposed legislation.

Senate Bill 36 provides that "No Fault" insurance will cover minor injuries, both bodily and property, with the insurance company paying the person they have insured regardless of who was at fault in the accident.

This legislation, according to a recent news release, will affect all New Mexico insurance buyers. The legislation has been studied for several months by the Insurance Legislative Committee and is a meaningful change for New Mexico motorists who insure their private passenger cars, the report stated.

It provides that the economic loss from an automobile accident that results in an injury will promptly be paid by the insurance company to the insured New Mexico motorist. It will eliminate litigation for all but the larger losses which will still be subject to the courts' decision.

An area newspaper, Tuesday, Jan. 25, published a six column front page story with headlines that read, "Land Controversy Stirs Misconception." A large head under the main line stated, "Ski Area Expansion Held Under Present Setup."

The story alleged that the Mescalero Apache Tribe did not need the land for financial resources to secure a loan for the ski area expansion.

Two statements are reprinted here for clarification and are directly quoted from the area newspaper, "Through public confusion the belief has arisen that no financing can be obtained unless the land is held 'in trust' by the federal government. This is untrue."

The second statement stated, "Tribal officials have pointed out that financing for the ski area expansion has been turned down by the EDA (Economic Development Administration). It is now accepted, through the confusion, the project was turned down because of the ownership of the land. This is untrue."

The article also stated that the Mescalero Apache Tribe applied for a \$2,400,000 EDA Grant to expand the facilities at Sierra Blanca.

The Ruidoso News, in a serious effort to correct the apparent false statements contacted tribal officials in Washington, D. C. late Tuesday night and also contacted EDA officials in the Austin, Texas regional office. The regional office controls all EDA grants and loans for this section of the United States.

In response to the article tribal officials in Washington stated, "The story is absolutely untrue, the tribe is not currently eligible to receive EDA lands of grants for the present ski area expansion because the lands are only on a special land-use permit and not technically held in trust for the Mescaleros."

Jim Swearingin, EDA Regional Indian Officer for the Southwest Region, Austin, Texas, told The Ruidoso News, when asked if the Tribe had ever applied for a grant or loan for the Sierra Blanca Ski Area expansion, replied, "No". He stated, "The land now used by the Tribe is under a land use-permit by the U. S. Forest Service and is not eligible for Indian Reservation EDA grants or loans because of the ownership status of the land. The land must be held 'in trust' by a federal agency for the Tribe before EDA grants and loans are available. The Mescalero Apache Tribe does not come under that status with a land-use permit."

Swearingin also stated, "Lincoln County, in which the Ski Area is located, qualifies as an EDA Title I Area but will not be designated by the EDA until the overall economic development program has been completed. Until that official designation EDA cannot make grants in Lincoln County and because the ski area is a part of Lincoln County they are not qualified for a loan or grant."

Nunnally Re-Elected To Third Term As Ruidoso Fire Chief

Sam Nunnally, long-time Ruidoso resident, was elected this week to his third consecutive term as Fire Chief of the Ruidoso Fire Department. Others elected in the department were: Chief, Red Fatus, Captain; Tommy Reynolds and Don Boone, Lieutenants, and Jerry Kannady, re-elected secretary-treasurer.

The fire department, this week, also released a detailed report, prepared by Chief Nunnally, regarding fire alarms answered by the department during the past five years, 1967-71.

The report, listing only those fire alarms within the corporate limits of the Village of Ruidoso, revealed that the year 1971 recorded the greatest number of fire alarms in the previous five

years with a total of 95 alarms of the total 343. The report stressed that the reported alarms did not include forest fires nor any fire alarms outside of the village limits. The report also revealed that there was \$41,900 in fire loss during 1971 in structural damages. The figure did not include cost estimates regarding contents or furnishings lost in fires.

It was also noted that, during the five year period, the most predominant time for a fire in Ruidoso was between the hours of 1:00 p.m. and 2:00 p.m. on Saturday.

In 1971 a total of 10,820 man hours were spent by the department including time actually fighting fires, training and daily maintenance on equipment. Fire truck time at fires was recorded at 28 hours with 870 man hours at 28 fighting fires.

A routine check of the Ruidoso Fire Department by the New Mexico State Fire Marshall's office, Santa Fe, was conducted this month under the direction of Chief Investigator Inspector T. K. Hudson, D. L. Scott was the investigating inspector as assigned by the state office.

Scott's report, copies of which were forwarded to Ruidoso Mayor George P. White and Fire Chief Nunnally, revealed the Ruidoso Fire Department equipment, and program very satisfactory with the State Fire Marshall's office.

Scott stated in his report, "Ruidoso should be proud of this department and Chief Nunnally and the entire department are to be congratulated." The five-year report is as follows:

MR. AND MRS. SHERMAN ATWOOD

Couple Honored On 25th Wedding Anniversary

Mr. and Mrs. Sherman Atwood of Ruidoso were honored with a reception on Sunday, Jan. 23 on the occasion of their 25th wedding anniversary. The reception was held in the Ruidoso Woman's Club building and was hosted by Mr. and Mrs. William M. McDade of Alamogordo, Bill Don Knox of Ruidoso and Robert N. Naylor of Dallas, Texas. Members of the houseparty were Mrs. John Youre, Mrs. Dorothea Trimble, Mrs. Barbara Duff and Mrs. Norman Wheeler, all of Ruidoso, and Mrs. Gene Gunn of Brownfield, Texas. The Atwoods' two children, twins Mike and Mitzi, registered guests. Mrs. Olive Williams of Amarillo, Texas also attended. Blackie Mosteller provided piano music throughout the reception. The refreshment tables included one table with coffee and tea service in silver centered with a flower arrangement of white spider chrysanthemums and carnations. Sandwiches, cake, nuts and mints were served. A second table held the

large punch bowl. The Atwoods were married in Amarillo, Texas on Jan. 23, 1947. They honeymooned in Ruidoso, and later spent the summers in Ruidoso from 1958 to 1962 when they moved here to make their home. Atwood is a public accountant, and the couple own and operate the Saddlehorn Cabins on Mechem Drive. They have two children, twins Mike and Mitzi.

NOB HILL SIXTH GRADE — Louise Bruce, featured in the Ruidoso Faculty Review, is shown assisting two of her students, Phillip Onsrud, left, and Bill Morrison, right, in testing earphones used by her class for reading. (Ruidoso News Photo)

Louise Bruce, sixth grade teacher at Nob Hill School, is the featured teacher in this week's Faculty Review. Mrs. Bruce received her B. S. from North Texas State College and is working on her Master's Degree from Eastern New Mexico University.

children are now attending the University of Texas. Mrs. Bruce began her teaching career with the public school system in Ft. Worth, Texas. She has taught both first and sixth grades while in Ruidoso.

Former Ruidosoan Killed In Accident In California

Friends in Ruidoso learned this week of the death of E. H. Spears, 63, now of Porterville, Calif. Spears was killed on Jan. 22 when he was electrocuted while on his job, it was reported. Funeral services were held in Ralls, Texas on Thursday, Jan. 27, with Carter Funeral Home there in charge of arrangements. Burial was in the Ralls Cemetery.

The Nob Hill sixth grade is now being altered to a non-grading system whereby no report cards will be issued, but a report of progress in each subject will be written by the teacher for the parents' information. By this method, weak subjects can be pointed out for a more concentrated effort for improvement.

Mrs. Bruce noted an innovation in her social studies class. The class does not use a textbook but uses the library for research, with students divided into groups to examine the various facets of the country under study. Each group then makes a report to the class on their information. It may be given as a skit, a TV report, or an interview. Music and pictures are often used to illustrate points of interest in the country studied. The students prepare the report in any form that they wish. Mrs. Bruce notes that the system creates interest from the students and are very informative.

Fire Crews Set Record For 1971 Season

Organized firefighting crews from Southwestern pueblos and mountain villages earned \$2,081,806 during 1971, shattering the previous record set in 1970 when \$1,804,065 was earned, the Forest Service said today.

Extreme drought conditions in Arizona and New Mexico kept the firefighters closer to home than usual. A majority of the fire calls were within the region last year, while ordinarily the crews spend most of their fire time on public lands in other western states.

Southwestern Regional Forester Wm. D. Hurst said firefighters averaged \$200 for each assignment. Some crewmen had more than 20 calls during the fire season and fought fires in nearly all the western states. In addition to wages the crew members receive free meals and shelter.

The Southwestern firefighters principally are from Indian pueblos and predominately Spanish-American communities in central and northern New Mexico. Some come from the Navajo, Papago and Hopi reservations in Arizona. Most are farmers or hold jobs they can leave for extended periods during fire seasons.

Since 1948 the organized crews have grown from two to more than 40. Each crew has 20 members. The first were the Red Hats from the Mescalero Apache Reservation in southern New Mexico. Hopi crews from Arizona were the first to leave the Southwest to fight in California.

Since 1950, crews have been called to fires as far away as Alaska and Arkansas. Five federal and state agencies sponsor the firefighting organization. The Forest Service trains and dispatches the crews while the Bureau of Land Management, National Park Service, Bureau of Indian Affairs and the New Mexico State Forester share the expense of crew training and equipment.

Chamber Chatter

By A VICK MOUND

Wyman and Willa Marie Scarborough and Carol and I attended the Alamogordo Chamber banquet. They had it in the Junior High School Gymnasium. The meal was catered by the Tulare & Lions Club. The meal was very good. They had over 1,000 people at the banquet and the main speaker was Joe Conrad, the assistant.

Their Chamber was a good working organization. You could tell by what was accomplished that every director worked hard for their success. The directors were proud to be named to the organization and the city backs their Chamber well.

One project they accomplished was raising funds for paving the parking in the industrial area. They solicited \$20,000 for the paving. This was over the amount of the annual dues. However, this was about \$15,000 short of the amount required to pave the area. They intend to solicit the additional amount from the membership. One of the solicitors said he approached a member for a donation and the member said, "I gave last time and if we need more, I'll be glad to give again."

In the past five years, Alamogordo has acquired over 25 new businesses. Some are industrial and some are service companies for the industrial growth. So you can see what a Chamber can do that is backed by the city.

It is getting time to think about new members for the Chamber. Some of us have put in our two years and will be replaced. To you voting members we would like to say, "Let's inquire into the population and get some workers on the Chamber board. We need somebody who is proud of Ruidoso and would like to see it grow economically. It will require on their part, participation other than just at the monthly meeting. They need to be a doer not just a body on the board."

If you want other examples of beneficial Chambers, look at Roswell and Carlsbad. Any town in our area that is growing has an active Chamber. They are not putting their eggs in one basket. They are pursuing all avenues of commerce for growth.

It's time we in Ruidoso looked at what is happening around us. Let's take our results from our surveys and make a move. We need to do a lot of up-dating to accommodate our tourists.

Dens 1 and 2 Hold Pack Meet January 19

The regular Pack meeting of Dens 1 and 2 of the Ruidoso Cub Scouts was held Jan. 19, at 7:00 p.m. in the Lions Hut with Scoutmaster Dale Wynn presiding.

The meeting opened with the Pledge to the Flag given by the group. Stormy Edwards presented the program on "Stars and Planets", which is the Pack theme for February. Plans were made for the Blue and Gold Banquet to be held Feb. 16, at 6:15 p.m. at the Lions Hut. The meeting closed with the Friendship Circle, and the Cubs recited the Cub Promise.

Congratulations To

News 'n Notes Ruidosoan's Father Dies In Texas

By MARY ELLEN PAYNE

The Hondo Valley 4-H Club met Wednesday, Jan. 19 at the Hondo School cafeteria with 25 members present. A junior leadership report was given by Marcella Montes and Cecelia Pacheco. The Christmas tree donated by Ray Sismenos had been delivered to the Fort Stanton Hospital the week before Christmas. The tree was placed in the hospital's "Canteen" and decorated with ornaments donated by all club members. Marcella and Cecelia were assisted by Carol Cooper, a former 4-H'er.

Word was received here this week by friends of the death on Saturday, Jan. 23 of Doyle Fraley, age 95, in a Sweetwater, Texas hospital. Funeral services were held this week in Sweetwater and burial in Abilene, Texas.

Among survivors are three daughters, including Mrs. Stella Roberts of Ruidoso, and one son, Coy Fraley of Pecos, Texas. Mrs. Roberts is a former owner of the Starlite Cabins in Ruidoso.

Members were informed of projects they were enrolled in and dates for project meetings were set. Twelve Home-Living I girls have attended three project meetings already and will receive their "Know Your Sewing Machine" certificates at the February meeting. It was decided that the girls would meet every Wednesday afternoon after school, and members enrolled in Mix and Match will meet Saturday, Jan. 29 at 2:00 p.m. Livestock judging practice will be held every Saturday at 2:00, taught by leader Sam Massey. Several teams from Lincoln County will be sent to the El Paso International to participate in the judging contests there.

At the next meeting a film will be presented by State Policeman, Mr. Dunahoo, on safe driving and he will speak to the club afterwards. Refreshments were brought by Gretchen Torres, Vicki Chavez, Dina Salas and Kathy Salas.

Is This A Price Freeze?

Would you believe that the largest employer of people in the United States is exempt from the wage and price freeze? It is difficult to understand how inflation can be stemmed when exceptions to the freeze are granted right and left by the government. That largest employer is (you guessed it) the federal government. Crying, on the one hand, for the support of the people in the attempt to stop inflation; the federal government proceeds to vote raises and exempt themselves from all controls! It's a strange world.

With the beginning of the freeze last August, we felt that something was finally being done to solve the economic problems of the country. EVERYTHING was frozen, and things seemed to be working out quite well. Then comes Phase II. Everyone instantly became a "special case". New regulations were issued so fast that even the politicians didn't know what was going on.

It appears now that if one has enough money to hire a brace of lawyers and economists and can persuade the pay boards that he should be allowed to raise his prices, he will be allowed to do so. What about all of us little businesses that have trouble just figuring out what is required of us? What with federal withholding taxes, social security, state sales tax, state withholding, unemployment compensation and other bookkeeping items for local, state and federal governments; now we have added another bookkeeping chore for the wage-price boards.

We tried to do our part in the freeze, didn't even complain too much; but let's make it an even break for everyone. Either have a freeze or don't have a freeze!

Dear Sir:
Last Sunday we had a fire in our house in Ruidoso. Thanks to your prompt firemen, the fire was extinguished with no water damage and very little actual fire damage.

Your fire chief, Sam Nunnally, was kind enough to see that our house was securely locked and the broken windows sealed, after the fire.

The Village of Ruidoso is fortunate, and so are we, to have such fine men to protect our dwellings.

Thanks Sam!
Sincerely,
/s/ Buz & Patsy Buzbee

Dear Editor,
Having attended both meetings held in Lincoln County concerning the trade of Lincoln National Forest lands to the Mesquero Apache Tribe, I feel there's an "Indian in the wood pile". I am definitely against this transfer of 3 1/2 sections of forest land. The Apache Tribe would have us believe they need more facilities to take care of the huge crowds going to the ski area.

Please bear in mind the large crowds are during holidays only — the rest of the year the ski area can handle crowds of skiers and spectators nicely.

I will write a letter to the Lincoln National Forest office, Alamogordo in protest to this transfer because of our watershed — three main sources — Eagle Creek—North Fork Ruidoso and Bonito—and people who don't want "their water cut off" better write too; deadline is Feb. 12, 1972.

Sincerely,
/s/ Bonito Lou or
Louise Coe Rummels

Funeral Services Scheduled Friday For Suzanne Chee

Funeral services are scheduled in St. Joseph's Mission at Mesquero on Friday, Jan. 28, at 10 a.m. for Mrs. Suzanne Chee, 36, who died in an automobile accident at Mesquero Jan. 25. Rev. Camillus Cavagnaro will officiate and burial will be in the Mesquero Cemetery with Chapel of Roses in charge of arrangements.

Mrs. Chee was born at Mesquero on Dec. 12, 1935. Surviving are the husband, Harold Chee; one daughter, Karen Smith; one sister, Betty Evans; two brothers, Benedict Evans and Gibson Evans, and the father, Charles Evans.

TEXAS HIGH SCHOOL ART CLUB — The Permian High School Art Club, Odessa, Texas, thirty in all, through their own laborious activities financed a trip to the Ruidoso area and spent last weekend visiting the Tom Knapp Studio and

foundry, art galleries in Ruidoso including the Carrizo Lodge art complex, and admittedly enjoyed the seasonal recreational facilities in the surrounding area. (Ruidoso News Photo)

Texas High School Art Club Earns Way For Ruidoso Visit

Thirty Texas high school students and their teachers, all members of the Permian High School, Odessa, Texas, Art Club, after three months of fund raising activities to finance a weekend trip to this mountain resort and art oriented community, had their plans come true as the group spent last weekend in the area.

The students reportedly, during the three month duration,

cleaned property lots, held garage sales, beer can drives, and accomplished a number of other laborious activities to earn money to finance their trip.

During their stay in the Ruidoso area they toured the studios and foundry of Mr. and Mrs. Tom Knapp, visited in a number of the Ruidoso Art Galleries and were provided a special tour of the Carrizo Lodge facilities in the Carrizo Canyon area.

They also took in the full scope of area seasonal recreational activities including hiking, horseback riding, skiing and naturally "snowballing". The group was sponsored by Miss Judy Morrison and Mr. Terry Gilbreth, both Permian High School teachers, and Clyde Heron, Odessa, Texas.

The group included: Derrie Shurley, Vicki McDonald, Connie Collins, Gail Heron, Betty Bunting, Rhoni Frias, Connie Alexander, Jack Townsend, Sondra Gary, Bonnie Smith, Jo Young, Kathy Eicher, Linda Hodge, Debbie Bacher;

Peggy Sharp, Wanda Hopper, Jody Swartz, Andy Nichols, Karen Vaughn, Cecil Penn, Randy Allison, Vonnie Wood, Theresa Hartgrove, Cheryl Davis, Debbie Fluit, Cathy Cox and Shannon Spears.

Red Cross First Aid Course Is Scheduled Here

American Red Cross Standard and Advanced First Aid courses are scheduled to begin Monday, Jan. 31, at the Ruidoso Fire Department. It was announced this week by local Red Cross officials.

Registration for the special first aid courses, which are open to the public, will be held at 6:30 p.m. Monday, at the Ruidoso Fire Department. Red Cross officials stated that ten hours of studies are required before certification for a Red Cross Standard First Aid Card can be secured.

It was also noted that Red Cross Advanced First Aid certification requires a Red Cross Standard First Aid certification and an additional 16 hours of special studies.

Instructors for the course will be Paul Lukens, Ruidoso Police Department officer, and Jerry Foster, Lincoln County Deputy Sheriff stationed in Ruidoso.

Red Cross officials stated that the public is encouraged to attend and especially members of the Ruidoso White Mountain Jeep Club search and rescue organization.

Planning Session Held For Aspencade

The Ruidoso Chamber of Commerce held their regular monthly Aspencade Committee meeting Monday noon at the Whispering Pine Restaurant. The committee set the last Monday of each month as meeting dates for the balance of the year.

Tim Thompson announced that motorcycle races would be held the evening of Oct. 7 at Waluz and the big race on Oct. 8 at the Ruidoso Downs Race Track. A mini-bike competition will also be held Oct. 8 following the feature race. He also noted that motorcycle clubs will appear in the annual parade on Oct. 7.

According to Mike Hernandez, representative of the High Chaparral Horseman's Association, a Kid Rodeo will be held at 2 p.m. Oct. 7. He stated that four junior rodeos and two adult rodeos had been scheduled for the season. Trail rides are also being planned for the celebration.

The barbecue will be held at Municipal Park this year. The committee hopes to have an arts and crafts show for the Aspencade this year. New Mexico artists are now being approached to provide exhibits for the event.

The annual beard growing contest is slated to begin Aug. 15.

Ruidoso's Silver Anniversary will be the theme for the Aspencade Parade this year.

President Dick Mound announced that Aspencade posters would be available about May 1 and requested local residents to distribute them while on vacation.

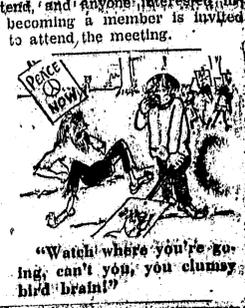

We got lots of things to be thankful for and many times we jes aint thinkin bout what they mean to us. We aint had a cyclone here since we lived here and no bad sand storms like over at Brownfield or Dalhart and most folk dont know what a Hurricane is, that I the bird that have growed up here in the mountain. You know I am thankful for the trees, the mountains and the little streams we got. I am also thankful for our community we have up down the river and most of all I recca we should be thankful for our Hospital and the birds that work there. Mama was in the place for a week and you couldnt have got better service anywhere. The nurses and the aids are dandy gals and they got one old boy that must be the bouncer that works there, but I guarantee you one thing his singin is lackin in tone, he makes it up in size though. While Mama wuz there I bet Doc Annala and Willie Horton must have delivered sixteen dozen babies an ever one ov erp wuz cute, the babies I mean.

We want to thank all the folks down there for beln there an a takin care of us folks when we are punle. —Ab

SAM NUNNALLY

Sam Nunnally Candidate For Municipal Judge

Sam Nunnally, 42, Ruidoso, formally announced Wednesday that he will file Feb. 1 as a candidate for the Ruidoso Municipal Judge position.

In his announcement Nunnally stated, "I have considered the Municipal Judge position for quite some time and feel that I am qualified to conduct the Municipal Judgeship and Court in both an impartial and fair manner and also maintain the current respect the Ruidoso Municipal Court has earned through the past several years."

A graduate of Hardin-Simmons University, Abilene, Tex., where he earned his B. B. A. degree, Nunnally has been a permanent resident of Ruidoso for over eight and one-half years and has owned property in Ruidoso since 1957. For the

past eight years he has owned and managed the House of Shoes in the Plaza Dee Shopping Center, Ruidoso. Prior to his residency in Ruidoso, he was employed with the Humble Oil and Gas Co. as an Oil Scout and Land Management officer. He has served as vice-president of the New Mexico Oil Scout Association and also vice-president of the New Mexico Landmen's Association. The Ruidoso Municipal Judge candidate, last week, was re-elected to his third consecutive term as Fire Chief of the Ruidoso Fire Department. He has been a member of the local fire department for over five years. He is a member of the Ruidoso Evening Lions Club and is past president of the organization. He also has served in official capacities with the Ruidoso Chamber of Commerce, the Sierra Blanca Ski Club, and is past president of the Roswell Ski Club.

He is also a veteran of the Korean War. He and his wife, Dona, have three children, Jeffrey, a first grade pupil at White Mountain Elementary School, Gregory, enrolled in kindergarten, and Amber, 1-year old.

Don Riley To Seek 4-Year Council Term

Don Riley, 33, Ruidoso Village Trustee since Sept. 1, 1971, announced this week that he will seek a four-year term of office as Village Trustee in the Ruidoso Municipal Election March 7. Riley was appointed by the governing body to fill the unexpired term of Wayne Estes, who resigned in April, 1971. That term will expire as of March this year.

A resident of Ruidoso over four years, Riley has been a painter and dry wall contractor for 13 years and since relocating to New Mexico from Austin, Texas, has been licensed with the New Mexico State Contractors Board.

In formally announcing his decision to seek the elected position on the Ruidoso Council, (two seats on the council are open), Riley said, "I firmly believe in Ruidoso and the prospects for our community and the past five months as a member of the Ruidoso Village council have helped me to understand the workings and procedures of our village government."

He continued, "I most assuredly have the future of Ruidoso at heart and I also am very much concerned about Ruidoso today. I am not running for the elected position on the council to be against anyone but because I believe in Ruidoso and more especially the betterment of Ruidoso."

Riley was appointed to the Ruidoso Village Planning and Zoning Commission in 1970, but resigned his position on the commission when appointed to the Village trusteeship.

The current Trustee is a native of Coleman, Texas, a member of the Ruidoso Evening Lions Club, is active in community and civic functions, and is past president of the Sierra Squares Square Dance Club.

Riley's wife, Jeanette, is employed with the Security Bank, Ruidoso, and the couple have two sons, both in the Ruidoso school system. The Rileys own their home in Ruidoso and are members of the Ruidoso Church of Christ.

Ski Resort Tells Medal Winners

Warriors Win Sixth In A Row— Clobbering N. M. M. I. and Hatch

The gallant Ruidoso Warrior basketball team added two wins to their 1971-72 season last week

wiping out both the Roswell New Mexico Military Institute, 81-56, and the Hatch Bears, 70-66, Friday and Saturday nights respectively.

The local Tribe, with a 11-4 won-loss season record, begin serious District 5AA competition this weekend in games against Hagerman Friday in Hagerman and Carrizozo Saturday here, in the Warrior gym. The Warriors have won their last six starts and are ranked third in the state among New Mexico Class AA high school clubs.

In last Friday night's contest with N. M. M. I., the Warriors and the visiting roundballers played even-up ball during the first half of play. The second half of the game was all Warrior-dominated with the Tribe out, scoring the visitors 48 to 25 in the final two periods.

Blane Miller and Gordon Howell, both RHS Juniors and starters for the Warriors, led the Tribe's scoring with 25 and 20 points respectively. Miller hit on 7 of 8 free throw attempts while Howell collected on 4 of 6 from the charity stripe.

In the Hatch game the Warriors trailed by four points at the close of the first period of play, 26-22, and then scored twice as many points in the second period as did the Bears to take a four-point lead at the intermission, 38-34.

All of the Warrior starters finished the game in the double figuring scoring column: Gordon Howell led the Tribe with 21 tallies, Ken Perryman followed with 15. Others were Reeves McGuire and Blane Miller, 11 each, and Corky Conley, 10.

Ruidoso Selected For DID Program

In depth attention for individual school districts? Who's doing DID is, that's who.

Project DID, the alphabet soup code for Project Districts In Depth, is one of the latest innovations of the State Department of Education (SDE), and was initiated recently by Fred McDonald, chairman of instructional services, as a new approach to help local school districts with their problems and programs.

Project DID is experimental, McDonald pointed out, and it can be expanded or changed as needs arise.

"For many years, local school personnel, the superintendents and we ourselves at the State Department of Education have been concerned about increasing the effectiveness of the SDE in helping schools to improve their programs. We have shared concerns about duplication of efforts by program specialists with the SDE, and some other concerns as well. Project DID is the approach we have selected to seek ways to increase our effectiveness, to eliminate a duplication of effort, and to solve some of the other concerns," McDonald commented.

"What we have done, simply, is to concentrate the work of ten staff members from the instructional services division on problems, programs, needs and directions in selected school districts," McDonald said.

The ten staff members assigned to Project DID will spend from 40 to 60 percent of their time working with their assigned districts.

McDonald said that, for example, one staff member has been assigned as DID liaison with the Socorro school district. That staff member will familiarize himself as much as possible with the situation in Socorro. He will study the tax base for the school district, the budget for the district, the community and its interests, and the special problems of the Socorro area. He also will act as liaison between the Socorro schools and the SDE, assisting that school district in obtaining the help of specialists they might need in solving a problem in the district. The staff member also will focus attention on obtaining federal grants for the district, assuring that Socorro schools will receive the maximum amount of assistance for which they qualify. Other specialized help also can be provided.

"We selected some districts with exemplary programs, which I hope can be utilized by other districts. We also selected some districts in which test scores and SDE evaluations show changes are necessary in programs. There are small enrollment districts and larger enrollment districts," McDonald said. "We wanted to involve as many different kinds of districts as possible to get as much variety of involvement in the experimental project as we could."

Districts selected for the experiment include Chama Valley, Ojo Caliente, Questa, Taos, Grants, Quemado, Socorro, Encino, Santa Rosa, Vaughn, Eilda, House, Grady, Dora, Causey, Cuba, Bernalillo, Magdalena, Belen, Estancia, Los Lunas, Moriarty, Cobre, Deming, Lordsburg, Silver City, Corona, Cloudcroft, Hondo Valley, Ruidoso, Tularosa, Dulce, Jemez Mountain and Jemez Springs.

Drug Talk Given

By DA Blume

Norman Blume, District Attorney for Lincoln and Otero Counties, was the featured speaker at the regular weekly meeting of the Ruidoso Rotary held Tuesday at Joe's Cafe.

Blume spoke on the topic of drugs and the recent large drug raid held in Alamogordo. He noted that an intense amount of preparation was needed before the raid was consummated and that outside aid in the form of the "TIP" program was helpful in the successful conclusion of the raid.

The "TIP" program is a voluntary group of local businessmen who pool their resources to provide a telephone number that can be called 24 hours a day with information concerning drugs. A reward is given the anonymous caller if the information leads to a conviction. Blume noted that most of the drug pushers caught in the raid were either local people or persons who had lived in Alamogordo for a number of years.

CONWAY from the CAPITAL

STATE SENATOR JOHN E. CONWAY

The Second Session of the Thirteenth Legislature opened at high noon on Tuesday, Jan. 18. The initial Senate Session began with the formalities of opening the Senate, the election of the new officials for this Session, the swearing-in of one new member, and all of the Senators signing the record. We then adjourned for a joint meeting with the House to hear Governor King's message on his legislative proposals for this Session.

Basically the Governor's message did not contain a great deal that had not been in the newspapers. I was surprised that he did not mention some areas of legislation that he had previously indicated would be introduced this Session, but I assume these would come down on a special Governor's message. During the thirty-day session, the Legislature can only consider financial matters, including tax matters that come down from the Governor's office in a Governor's message, and bills that were vetoed in the last Session.

Friday the Governor sent down his message on the proposed land subdivision act. In his message he directed the Legislature to consider the water aspects of land subdivision and a few other areas. In the message it says that these are the only areas we are to consider, and as the bill had already been prepared, it was introduced on Friday. This bill has stimulated a great deal of interest and I will keep you advised of its progress.

I introduced a constitutional amendment this week along with Senator McBridge of Albuquerque to reduce the number of jurors in both civil and criminal cases from twelve to six. This was a recommendation of the New Mexico Judicial Council, of which both Representative Hobson and I are members. The bill provides that the Legislature can establish that a decision of four jurors in a civil

case is all that is required for a decision, and five jurors in a criminal case. The Federal Courts at this time have gone to six-member juries in civil cases, but still retain twelve member juries in criminal cases. I anticipate that there will be a great deal of opposition to this bill from attorneys, but I don't see anything magical in twelve rather than six. The savings to the State both in jury fees and of the time required by the jurors will be substantial. It is a constitutional amendment so if it passes both Houses and the Governor signs it, it would then be voted on by all of the people in November.

A bill last year which was of considerable interest was again introduced this year in a different form. This is a bill for the taxation of mobile homes. The bill was introduced by Senator Rogers of Los Alamos for the Tax Study Committee. I have sent copies of this bill to several local mobile home park owners and hopefully they will make it available. The bill, in its present form, provides an annual registration of \$5.00 and then the mobile home would be assessed by the County Assessor in accordance with the regulations promulgated by the property appraisal department. I plan on attending the hearings in the Senate Finance Committee on this bill and will be reporting back next week on its progress.

On Saturday, Jan. 29, I will be in my office in the KRRR Building in Ruidoso at 4:00 p.m. to meet with anyone on pending legislation. I would especially like to talk with the people from Lincoln County who are interested in the subdivision bill.

At this time it doesn't look as if we will have a Saturday Session before Feb. 5, and I will be home on the weekends to discuss legislation. Any of you who want to contact me should call my office in Ruidoso at 257-4678.

Dental Health Week Proclamation Issued

Governor Bruce King has issued a proclamation setting the week of Feb. 6 through Feb. 12 as Children's Dental Health Week.

The proclamation reads as follows:

State of New Mexico Executive Office Santa Fe, New Mexico PROCLAMATION

WHEREAS, the continued future progress of the State of New Mexico is to a large extent dependent on the total good health of its children and youth, the citizens of tomorrow; and

WHEREAS, mental and good health is achieved through good health habits, learned early; and

WHEREAS, the New Mexico Dental Association and the New Mexico Department of Public Health maintains continuing educational programs in support of good dental health habits for young people and the prevention of dental disease; and

NOW, THEREFORE, I, Bruce King, Governor of the State of New Mexico, do hereby proclaim the week of Feb. 6 through Feb. 12, 1972, as:

"CHILDREN'S DENTAL HEALTH WEEK"

In New Mexico, and urge that all citizens join in the observance.

DONE at the Executive Office this 7th day of January, 1972.

WITNESS my hand and the Great Seal of the State of New Mexico.

/s/ Bruce King, Governor

ATTEST: /s/ Betty Florina, Secretary of State.

Highland Cabins In Upper Canyon Have New Owners

Mr. and Mrs. Grover Waters have purchased the Highland Cabins in the upper canyon recently from Mr. and Mrs. W. A. Ellerd of Portales. The Waters family lives in Carlsbad for a year before moving to Ruidoso.

Prior to that they lived for a short time in Florida and they are originally from Portsmouth, Va. where waters was in the civil service. The Waters have one daughter, age 12, who is attending Ruidoso Schools. The Highland Cabins are located about two blocks west of Whispering Pine Restaurant and two blocks north of Sudderth Drive.

DENTAL HEALTH WEEK—Governor Bruce King recently proclaimed the week of Feb. 6-12 "Children's Dental Health Week" and presented the proclamation to Dr. James Beal, second from right, president of the New Mexico Dental Association. Dr. Robert Fogarty, Chief, Dental Health Section of the Health and Social Services Department, is shown on the left of Governor King, and Dr. A. C. Hawkins, chairman for Dental Health Week activities, stands on the far right.

Census Bureau Tells Income Figures For Lincoln County

Average family income was \$6,522 in Lincoln County in 1969, compared with \$7,849 for the State, according to a report on the 1970 census by the Bureau of the Census. U. S. Department of Commerce. Per capita income for the county amounted to \$2,526 the report shows.

The 1970 census counted 7,560 residents in the county; 0.8 percent were foreign born and 3.7 percent native born with one or both parents of foreign birth.

Among the county's 6,967 inhabitants age 5 and over in 1970, 1,220 were living in a different county within the State in 1965 and 639 in a different state.

In the population age 16 and over, 72.1 percent of the men and 36.1 percent of the women were in the labor force. Among the employed, 43.5 percent were holding white collar jobs, and 29.7 percent were government workers.

About 35.5 percent of the married women with husband present were in the labor force, and 22.5 percent of these wives had children under six.

There were 1,778 persons 3 to 34 years old enrolled in school. In the 25-and-older population, 53.7 percent of the men and 49.4 percent of the women were high school graduates.

Inside The Capital

By FRED BUCKLES

The House Taxation-Revenue Committee sent the piping hot Legislative Finance Committee bill boosting truck taxes and

fees \$6.519 million a year to the House without recommendation after a day-long hearing.

HTRC members include Reps. Alvino E. Castillo, D-Colfax; Robert E. Johnson, R-Clovis and Alfonso F. Vigil, D-Ranchos de Taos. Farm vehicles would pay two-thirds of registration fees set in the bill. The panel amended the bill to lower fees for one-way haulers.

Clovis livestock hauler Dennis Snipes told the HTRC the bill would hike his truck registration fees more than 300 percent a year. Haulers, feed haulers and farm-ranch industry spokesmen fought the bill. Rancher Alyn Stockton of Colfax County represented New Mexico Farm and Livestock Bureau and New Mexico Cattle Growers' Association at the hearing.

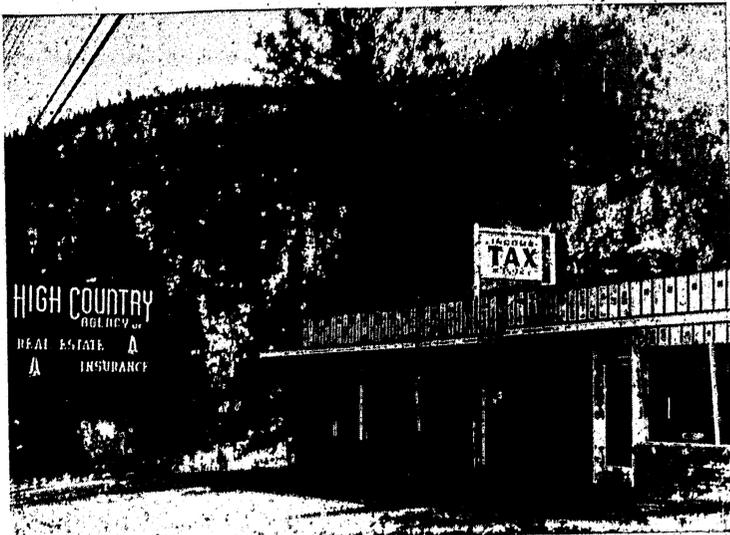

Rep. Clifton Moreland, D-Tucumanari, was set to introduce a counter motor carrier industry bill raising truck taxes and fees \$4.5 to \$4.7 million a year. Tabulation of the proposed New Mexico Motor Carriers' Association boost: Supplemental fuel tax, \$855,000; trailer registration, \$600,000; power unit registration fees, \$2.25 million, and trip mileage tax, \$1 million. The NMMCA would also retain the \$10 per power unit annual equipment registration fee generating \$900,000 a year. The special fuel tax on diesel only would be raised from 7 to 8 cents a gallon.

Both the LFC and NMMCA bills would switch the basis for registration to gross vehicle weight from chassis weight. The motor carrier industry strongly opposes the LFC's weight-distance tax geared to highway use by trucks. Rep. Moreland is House Transportation Committee vice-chairman. He expected his bill to be sent to the Taxation-Revenue Committee.

An oil company jobber and livestock hauler, Rep. Moreland said the fiscal 1973 state general fund spending level of \$290.5 million, recommended by Gov. Bruce King to the legislature, "is a little high." The LFC recommended \$286.6 million with \$8.1 million "available for allocation" by lawmakers.

Moreland would preserve state gross receipts tax exemptions on farm tractors, agricultural implements, airplanes, non-highway vehicles, weedicides, fungicides and insecticides. He favors legislation curbing drug abuse.

Senate Majority Leader Tibo Chavez, D-Belen, says: "A

NEW HIGH COUNTRY — A new sign, designed and installed by Craftsmen of Ruidoso, was erected last week for the newly named High Country Agency, Inc., Ruidoso, and formerly the Callaway Agency, Inc. Located on Sud-

derth Drive, the local real estate and insurance firm's building also houses the Ruidoso office of the H & B Block Income Tax Service Company. (Ruidoso News Photo)

truck tax bill is overdue. For some time the trucks have not been paying their fair share." He predicted legislative adoption of a truck tax bill, a major issue in the session that opened Jan. 18.

Chavez said Gov. King's appropriation recommendations "are realistic." He said: "It's a healthy increase for education (\$12.8 million more in state support for public schools, up 8.8 per cent)."

Tibo whacked the modified no-fault insurance bill introduced Friday as "ill-conceived." Chavez said: "No-fault insurance starts with a false premise, assuming that an accident is no one's fault. Most accidents are someone's fault. The whole philosophy is backward." He noted insurance industry representatives wrote the bill introduced in the Senate.

Tibo disagreed with Gov. King's proposal to buy the Public Employees Retirement Association building in Santa Fe for \$4.74 million. The state pays nearly \$300,000 a year office rent in the building. PERA

members spanning 25,000 state, city, county and special district employees receive only 4 per cent on the building investment.

Sen. C. B. Trujillo, D-Taos, predicted the legislature will not adopt an acceptable legislative reapportionment plan. The Legislative Council Service-shaped 42-member Senate reapportionment plan assigns Trujillo all of Taos and More Counties, his present district, and adds three San Miguel County precincts—Rociada, Sapella and Monterma. The proposed district population of 23,653 is only 2.6 per cent below the ideal population of 24,199 for a district.

Sen. Trujillo, Senate Finance Committee vice chairman, says the state general fund operating reserve should be increased from \$8 to \$10 million. He also opposes purchase of the PERA building. He said some \$10 million should be used to retire state severance tax bonds ahead of maturities. "The state would come out ahead financially," he says.

Sen. Trujillo, also LFC vice chairman, said: "If the legisla-

ture goes over a \$200 million state general fund fiscal 1973 appropriation, we're looking at a tax increase next year." He favors the \$12.8 million increase in state support for public schools. "That's a realistic amount," Trujillo says.

He says: "The greatest inequality we have at present is the difference in bonding capacity of school districts for building construction. This is where the biggest weakness lies." The 1971 Legislature voted \$2 million for emergency school construction. A proposal for another \$2 million for this purpose is pending in the current legislative session.

Rep. John Bigbee, R-Encino, is satisfied with the proposed House district shaped for him by the Legislative Council Service. He would retain all of his present district of Torrance, Guadalupe and DeBaca Counties and add these Lincoln County precincts—Corona, Capitán, San Patricio and Honda. Bigbee favors a truck tax-fee increase because "it puts the tax on the highway users." But Bigbee feels the \$6.5 million increase is too high. "It's going to hit our in-state truckers with more tax than they can afford," he says.

Gov. King recommended \$140,000 in capital improvements to the legislature for an educational facility at Carrie Tingley Hospital for Crippled Children at Truth or Consequences. Prospects were bright for legislative approval.

Apparent low bidders were J. W. Jones Construction Co., Albuquerque, at \$485,870 on Interstate 10 railroad bridges at Lordsburg and the same firm on 9.7 miles of US-285 for \$1.44 million in Taos County from about 10 miles south of the Colorado line north. I. M. Smalley, Deming, functioned smoothly as new Senate president pro-

Capitan News

By BARTLEY McDONOUGH

Teachers Ofella Selas, Marullia Perry and F. D. Hornbaker are taking a course in Ruidoso every Thursday night concerning modern math. It is offered as an extension course from Eastern New Mexico University.

Principal Jack Mayfield and Leota Pfingston attended a drug abuse education workshop Friday, Jan. 21, in Carrizozo. The workshop was conducted by David Koch, Director of Drug Abuse Education for the state Department of Education.

The Capitan Board of Education met in regular session on Jan. 12 with the following highlights of the meeting: 1. Authorized that the teachers receive their pay withheld during the wage and price freeze in one lump sum in the January paycheck. 2. Reviewed the inspection report of the state fire marshal made on the Capitan Schools, Dec. 16. Corrections will be made as the money becomes available. 3. Additional items for the new multi-purpose building were rejected for the time being. 4. The board approved an application to be presented to the Title I people to conduct a 6 to 8 week pre-school program (kindergarten) again this year. 5. Authorized Superintendent Caster to bid for school and library supplies with the Alamogordo School System. 6. Discussed the effect that the transfer of Forest Service land to the Mescalero Apache Tribe might have on our local tax receipts. 7. Plans for re-seeding the football field were formulated. 8. The old schoolhouse in Lincoln came in for more discussion.

LET UNCLE SAM ABSORB YOUR BAD DEBT

If you've been stuck with a bad debt because you violated the old rule about never loaning money to a friend, cheer up! Uncle Sam may absorb part of the loss!

According to H & R Block, America's Largest Tax Service, tax rules allow an individual to treat personal bad debts as short-term capital losses and to offset them against capital gains, or if there are no gains you may deduct the loss up to \$1,000 per year (\$500, if married filing separately).

For example: suppose you loan \$500 to your next door friend and neighbor to bail him out of a jam, and your chances of getting repaid are none too good. Nevertheless, you expect

your money back as soon as your buddy gets back on his feet. The next thing you learn, he files a petition in bankruptcy and shortly thereafter is legally discharged of all his debts. What do you do then? How can you get your money back? You won't get it back from your former friend, even if he is still your present neighbor.

But H & R Block advises that you can deduct it as a bad debt on your Federal income tax return. Personal bad debts are entered on Schedule D, but before you are allowed this deduction you are subject to close scrutiny by the IRS. You must show that you took "all reasonable steps" to collect the debt warns Block.

An important message for people who prepare their own income tax returns.

Maybe you've been cheating yourself all these years.

Every year, between January and April, millions of people sit down to do battle with Uncle Sam. Some are "self-styled" accountants. Others think they can save a few dollars doing it themselves - so why not?

The real truth is, however, no matter what their money was for starting many of them and the same. On the short end.

You see, when it comes to income taxes, matters should depend on H & R Block. We have all the facilities to help you make "income tax time" a pleasant experience. To begin with, H & R Block now has over 6,000 conveniently located offices manned by thousands of specially trained personnel who are anxious to help you. They'll sit you down over a fine cup of coffee and show you some things about your income tax that you might never have known existed. For example, do you know

all about deductions for child care or "charitable" loans? And maybe you aren't aware that if your income increased last year you may be able to carry over losses by "income averaging"?

Well, when it comes to income taxes, H & R Block is aware of just about everything - because with a minimum of time, money, and effort you can save 200 days a year.

Yes, maybe you can save a couple of bucks by doing your own return but it really may be costing you a lot more by not having your return done by H & R Block.

DON'T LET AN AMATEUR DO HAR BLOCK'S JOB.

H & R Block.
