NUMBER 38, IN OUR 28th YEAR Ruidoso, Lincoln County, New Mexico - 88345 FRIDAY, MARCH 1, 1974

M.C.N.M. Pageant Entrants

Veronica Sanchez

Miss Veronica Sue Sanchez, daughter of Mr. and Mrs. Luvin Sanchez of Ruidoso, is another of the early entrants for the 1974 Miss Central New Mexico Pageant hosted by the Ruidoso Jaycees. She is a 1973 graduate of Ruidoso High School and a freshman at Eastern New Mexico University.

Miss Sanchez was voted Miss Congeniality in the 1973 pageant last year. She performed a musical act number last year and lists her talent performance to be art for the pageant.

Hobbies of Miss Sanchez include sewing, cooking and art. Among her honors from high school were the DAR Award, Senior High Achievement Award and English and Physical Education Awards in addition to several scholarships awarded upon her graduation last year. She is now being tapped for SPURS, honorary sorority at ENMU.

Miss Sanchez hopes to further her education at New Mexico State University.

Yonna Crommons

Miss Yonna L. Crommons of Ruidoso is another of the first entrants of the Miss Central New Mexico pageant. She is the daughter of Mr. and Mrs. Frank Crommons of El Paso and former residents of Ruidoso.

Miss Crommons is a 1973 graduate of Eastwood High School in El Paso after attending Ruidoso High School for three years. She is not currently attending school but her ambition is to work toward a degree in drama or law enforcement.

She has had special training in speech and drama and studied ballet under Ingeborga Heuser of the Civic Ballet. She has earned a second place in speech competition and starred in two high school plays. She will perform a dramatic reading for her talent presentation.

For relaxation, Miss Crommons enjoys both snow and water skiing, gourmet cooking and plants. She has received numerous awards in mathematics, physical education and language. She has also participated in a high school pageant and community theatre production.

Municipal Candidates Face Public At Chamber of Commerce Forum

Approximately 40 residents of Ruidoso and Ruidoso Downs turned out Wednesday night to hear the municipal election candidates speak at a public forum sponsored by the Chamber of Commerce.

Eleven candidates, nine from Ruidoso and two from Ruidoso Downs, were present for the forum. Norman Wheeler and Judge Briscoe were the only two of eleven from Ruidoso Downs while Don Diver, Larry "Dub" Daniel and Wyman Scarborough, all trustee candidates for Ruidoso, were absent.

The Chamber forum committee of Bill Britton and Mel O'Reilly had established a forum for the first portion of the forum in which each candidate would introduce himself and then answer several questions specified in the outline for the forum. All were asked about attendance at council meetings, how they would encourage community spirit, cooperation with neighboring governments, and other areas which they felt needed attention in their particular municipalities.

One other question was also broken down by the particular village in which the candidate was seeking election. Wheeler was asked how he would attract new jobs to Ruidoso Downs while Ruidoso candidates were queried as to a future use for the Municipal Airport should the new one be built.

The candidates were given four minutes in which to respond to the initial block of questions and only one candidate responded to all in the allotted time.

In responding to the community spirit question, nearly all of the candidates felt that the answer lies in involvement and communication between the residents and the governing body. Lloyd Davis, Jr. recommended formation of committees of residents to advise the governing body in various areas while Richard McEneny feels that his plan of newspaper public briefing and solicited response from the village would bring residents to their government and give them a greater sense of involvement in the community.

Wheeler felt that the biggest obstacle to community spirit in Ruidoso Downs is a lack of pride in the community. He emphasized that if Ruidoso Downs would clean itself up, it would regain lost pride and community spirit.

Sherman Atwood felt that Ruidoso has always had a great deal of community spirit which had contributed to the growth and prosperity it now enjoys.

The candidates were unanimous in their agreement that inter-governmental cooperation is both possible and essential today in Lincoln County. Most specified the need for this cooperation to complete the pending sewer project between Ruidoso and Ruidoso Downs.

In reply to the two-part question Wheeler said that the biggest obstacle to Ruidoso Downs' growth has been its lack of sewer facilities. He noted that since he had moved here seven years ago, the only new business building constructed in Ruidoso Downs has been the Post Office.

He emphasized that businesses, particularly motels, need sewers and hesitate to develop where this need cannot be met. He added that the appearance of Ruidoso Downs has also been a liability to the village for business development.

Wheeler said that he did not know what the delay had been on the sewer but that he would do his best to get it going.

The airport question brought varying responses from the Ruidoso candidates. McEneny felt that an industrial site for some type of light, clean industry might be a possibility to help alleviate some of Ruidoso's dependence on tourism.

George Jones felt that it might be desirable to maintain the old site as a more convenient airport for the smaller, private planes but that all possibilities should be explored.

Porter felt that the land could possibly be used as a site for new municipal buildings which will one day be needed. He noted that the village is developing a strong need for a new park because of the nearly complete encroachment upon the present park by the swimming pool and library.

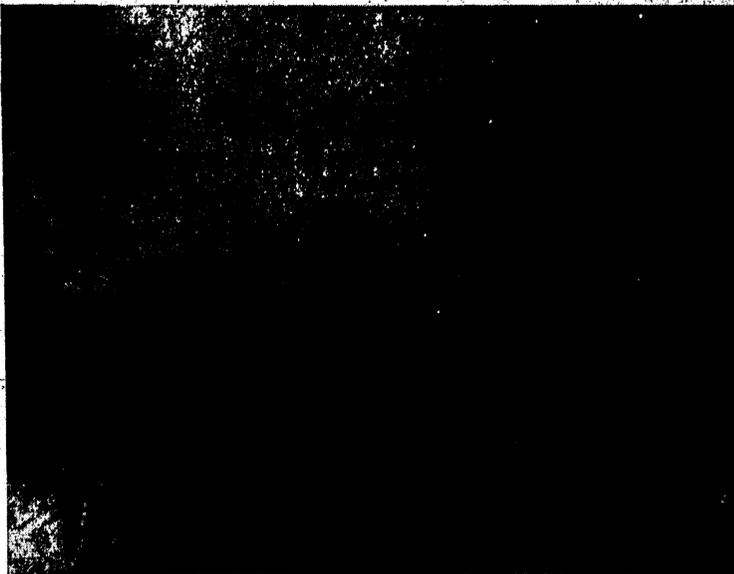

Stokes also feels that the airport would be an ideal location for recreational facilities which could take advantage of the existing paving. He noted that this might be done if the village was not able to hold on to it as a second airport.

Davis agreed that it has a good potential for recreation but added that he would not favor building a new airport unless the land around the new facility could be controlled in a way to avoid some of the problems that are now hindering the present airport.

Atwood said that the situation should be studied closely so the land could be used in a way that the village would receive the greatest benefit, whether it might be turned to business use or youth recreation.

Britton read several questions which had been submitted by mail to the Chamber. All of the mailed questions were directed toward mayoral candidates.

Among the questions, Davis and Porter were asked what they might do about the fact that the village got no additional water storage on the \$1 million bond issue of several years ago. Porter admitted that he knew little about the matter and Davis said that he thought the council had done a good job with what they had. He (See Page 5)

MESCALERO FIRE - A logging company employes uses a bulldozer to cut a road to the top of a fire on the Mescalero Reservation Wednesday. The fire started about 11:30 when high winds pushed a warming fire out of its ring. About six acres were burned by the fire on U. S. 70 about five miles south of Ruidoso. The fire, whipped by high winds, jumped one fire break before Apache firefighters and logging crews were able to get it stopped late Wednesday afternoon.

Capitan Schools Set Kindergarten Program

The Capitan Municipal Schools will run an eight weeks Kindergarten Program beginning on March 18, and ending May 17. Registration will be Friday, March 15, just prior to the program beginning on Monday, March 18.

Classes will begin at 8:58 a.m. each day and dismiss at 3:48 p.m.

Children who are five years of age and will be six prior to December 1, 1974 will be eligible for the program. Children who are six years of age between January 1, 1974 and January 1, 1975 may be admitted upon the parents request at the office of the Capitan Schools Superintendent.

If you have a child eligible for this program, a pre-registration form must be filled out prior to regular registration. Pre-registration forms are available at the office of the Superintendent.

NOTICE

The regularly scheduled meeting of the Ruidoso Village council was cancelled Thursday under advice of the New Mexico Municipal League.

Village manager Jim Hine notified The News that the Open Meeting Bill signed by Governor Bruce King Wednesday took effect immediately. The legislation called for prior publication of all meetings, regular and special, and the league advised Ruidoso to cancel the meeting until guidelines are established for such publication.

Downs Council Hears Report From Joint Sewer Project Engineer

The Ruidoso Downs Village Council heard a report from Quinton Daniels, sewer system engineer, at the regular meeting of the board held last Monday evening. Daniels noted that the application for preliminary planning was now in the hands of the Environmental Protection Agency in Dallas and that a new contract between himself and the sewer board was now needed to meet new guidelines established by the agency. He said that everything else seemed to be in order and that as soon as the contract was submitted, he felt that approval would be forthcoming. Immediately, Daniels will draw up the contract and the board will call a special meeting for approval of the contract. The preliminary planning stage is the first step of three required for the project. Step two will be the final engineering, and step three will be the actual approval and construction of the joint project.

Daniels reported that a grant request from the village to the state for water improvements appears to be in good condition, with the village standing 23rd on a list of over 100 making such requests. The legislature has now passed the grant bill and it awaits the governor's signature to make it law.

The matter of bids on interest rates for the sewer bond funds was tabled due to lack of formal quotations at the meet and will be further discussed at the next regular meeting. Mayor Jake Harris read a letter from Bruce Griffith agreeing to supply a water pump to maintain pressure in the Las Lomas Subdivision if the village pumps were unable to supply the pressure. A letter from the state Criminal Justice Planning Commission was read announcing that 90% sharing for equipment, uniforms, and salaries of additional policemen for one year were available. Trustee Ken Geaslin noted that the village would also receive an application from EDA to qualify for an extra patrolman during the race season. It would also be a cost-sharing project. A joint airport resolution, with slight changes required by the Federal Aeronautical Administration, was also adopted by the council. It was announced that village employee Andy Hale, of the village Sanitation Department, had attended a solid waste school in Roswell and that of the 16 attending, he was one of the five who received certificates of satisfactory completion of the course. The next regular meeting of the board will be held in the village hall on March 11, 8:00 p.m. The meetings are open to the public.

Reynolds and McGuire Nominated To All-District Team
Clyde Reynolds and Joe Bob McGuire of Ruidoso were in the group of seven Lincoln County players nominated to the All-District basketball team Sunday by district coaches. The coaches balloted on the nominations in a meeting at Roswell to draw positions in the 1974 District 5AA Basketball Tournament, which began Wednesday at Roswell High School.

In addition to Reynolds and McGuire, Ruidoso's two leading scorers averaging about 14 and 13 points per game respectively, Captain and Garryzo had two players nominated and Honde one.

Robert Abercrombie and David Humphrey were chosen from the Tiger squad. Andrew Hoff and Charles Baker are in the running for the district honors from Carrizozo and Richard Montoya is the lone Honda player given a shot at selection to the elite squad.

The coaches will again ballot during the tournament and the first selection for the district first and second teams will be announced following the championship game Saturday night.

Warriorettes Tell Plans For Ruidoso "Our Little Miss"

The Warriorettes announced today plans to hold the "Our Little Miss Pageant" Saturday, March 30 at the Ruidoso High School. The pageant is divided into three divisions - La Petite, ages 3 to 6; Our Little Miss, ages 7 to 12; and Ideal Miss, ages 13 to 17. Entrants in La Petite will model sports wear and a party dress; Our Little Misses and Ideal Miss girls will model sportswear, party dresses and give a talent presentation.

For further information please call Mrs. Fran Kellen, 237-7126 or Mrs. Pat Neal, 237-2217.

High Country Wheels Asks Area Opinions

The High Country Wheels Car Club is interested in getting a sanctioned drag strip for Lincoln County. We feel that the support of all the people in this area is essential to the success of this project. To explain some of the aspects of this project, and possibly answer some important questions, we have these following facts:

1. The dragstrip would be far enough away from all residential areas so as not to create a noise problem.
2. Except for street-stock cars, the drag vehicles would be towed or trailered so no unnecessary noise would be created in areas other than the dragstrip.
3. The relatively remote location of the strip would help to alleviate the problem of heavy traffic before and after race events.
4. Legal, sanctioned dragstrips have been shown to reduce the problems of street racing.
5. Auto racing is the No. 2 spectator sport in America, and is constantly gaining popularity.
6. Figures on gas consumption (including spectator travel to and from events): National Football League - 46,708,700 gallons per season. National Auto Races - 30,874,578 gallons per season. Pro, College and High School football - 564,043,166 gallons per season. All Auto Racing Combined - 93,639,696 gallons per season.
7. Races could be held from March to October, thus helping to create business during the area's "slack seasons".
8. Drag racing is one of the safest sports due to strict safety standards.

Committee to Host Third Drug Meeting For Adults and Youth

The joint Lions and Rotary committee on drug abuse in the Ruidoso area will wrap up their initial series of meetings Monday with a rap session for both students and adults in the high school cafeteria.

The meeting, scheduled for 7:30 p.m., will bring area youth together with parents and other concerned adults in an attempt to bridge the generation gap in discussion and understanding of the problem.

"Dub" Williams, Ruidoso teacher and one of the organizers of the meetings, noted that the first two meetings with adults and youths separately, had been tremendously successful in both turnout and discussion. He hopes that with this third meeting, a greater understanding will be shared between the groups so individual solutions might be found.

The dragstrip would be sanctioned by a national association to insure safety for participants and spectators.

If you have any comments (pro or con) on the idea of a dragstrip in the Ruidoso area the club would appreciate your sending them to High Country Wheels, P. O. Box 2141, Hollywood Station, Ruidoso, New Mexico 88345.

REGULAR SCHOOL TIME

Ruidoso schools will return to regular school time Friday, March 1. The time had been changed during the winter to allow students to catch buses to create business during the area's "slack seasons".

Drag racing is one of the safest sports due to strict safety standards.

Ski Thief Caught At Sierra Blanca

A 17-year-old youth was apprehended Saturday at the ski area with about \$1,000 worth of stolen skis.

The youth, who had been taking skis left unguarded around the lodge area, was caught when Denny Grover, head of the ski patrol, found his skis missing. He noted that the youth had what appeared to be too many pairs of skis on his truck; he detained the youth and called the State Police.

Fred Bernard of the NMSPP took the boy into custody; he was taken before Magistrate Austin Pritchett of Ruidoso where a complaint for the theft of four pairs of skis was filed and he was turned over to juvenile authorities.

CANDIDATE FORUM—Eleven candidates from Ruidoso and Ruidoso Downs attended the Chamber of Commerce public forum Wednesday night at the Nob Hill School. Seated at the table while Earl Allison, candidate for Ruidoso mayor, spoke are (l. to r.) George Jones (Trustee - Ruidoso), George White (Trustee - R), Richard McEneny (Trustee - R), William C. Porter (Mayor - R), L. C. "Cowboy" Stokes (Trustee - R), Norman Wheeler (Mayor - RD), Lloyd Davis, Jr. (Mayor - R), Sam Nunally (Judge - R), and W. Sherman Atwood (Trustee - R). Talking in the foreground are Mel O'Reilly (l.) and Bill Britton, organizers of the forum.

Gamma Rho Chapter Has Supper Meeting In Ratliff Home

Members of Gamma Rho Chapter of Beta Sigma Phi had a covered dish supper meeting Monday, Feb. 25, in the home of Mrs. Marvin Ratliff. Following the supper each member was asked to tell where she was born and to give some points of interest about her birthplace. It was announced that this chapter will be selling candy as a fund raising project, during the next two weeks, with Gambles as one of the places the candy can be purchased.

The Feb. 11 meeting of this chapter was held in the home of Mrs. Gerald Bonnell with a program presented on Fire Prevention in the Home. Guest speaker for this meeting was Bruce Hancock of the Ruidoso Downs fire department. He showed slides and spoke on the most frequent causes of fires in the home.

This chapter joined the other two BSP chapters in Ruidoso on Feb. 8 for the annual Valentine dinner-dance at the Chaparral Hotel.

Members of this chapter met Jan. 28 in the home of Mrs. Gordon Schauer when a program of Fads was presented by Mrs. George Bowen.

MR. AND MRS. HERBERT L. TRAYLOR

Harcrow-Traylor Wedding Held In Baptist Church

Marriage vows of Miss Frances Harcrow, daughter of Mr. and Mrs. Alvis (Bob) Harcrow of Ruidoso, and Herbert Lee Traylor, Jr., son of Mr. and Mrs. Herbert Lee Traylor, Sr. of Roswell, were read on Saturday, Jan. 26, in the Ruidoso Baptist Church with Rev. Wayne Joyce officiating.

Mrs. Jessie Lee Hawkins played traditional wedding music and Mrs. Mary Watts sang "We've Only Just Begun".

The bride was given in marriage by her father and wore a floor length gown of ivory

satin and lace in a princess style. She carried a bouquet of roses and daisies and feathered carnations.

Miss Linda Ratliff was maid of honor. She was dressed in a floor length gown of lavender satin and carried a bouquet of roses, daisies and feathered carnations.

Sandy Loomis of Capitan was best man. The bride's mother wore a floor length gown in light aqua knit with beige accessories. The bridegroom's mother was dressed in a floor length gown of off-white knit with black accessories. Both wore corsages of lavender and white carnations.

A reception was held in the home of Mr. and Mrs. Marvin Ratliff immediately following the ceremony. The couple is now at home at 305 South Washington St., Roswell.

The bride was formerly employed as a nurse in the Ruidoso-Hondo Valley Hospital in Ruidoso. The bridegroom is working with his father at their dairy farm near Roswell.

Salad Luncheon Set Monday, March 4 At Woman's Club

A salad luncheon will be held Monday, March 4, at noon at the Ruidoso Woman's Club with those attending bringing a salad or a covered dish. Coffee and tea will be provided at the club house. Card games of bridge and canasta will follow the luncheon. All area women interested are invited to participate in these weekly luncheons and card games.

Hospital Auxiliary To Have Lunch Meet Tuesday, March 5

The Ruidoso-Hondo Valley Hospital Auxiliary will meet at Whispering Pine Restaurant on Tuesday, March 5, at 12 noon for a dutch treat luncheon and meeting. Auxiliary president Mrs. Jsla McLeod stated that she is urging all members to attend.

At the Hospital

Admitted Feb. 19 - Rebecca Herrera, John Kissel, Ruidoso Downs; Robert Gutierrez, Tinnie; Jimmy Bennett, Bill Yates, Ruidoso; Vester Bennett, Bent; Dolores Chavez, Tularosa. Dismissed - Leslie Crews, Emma Nagle, Ross Aldrich.

Admitted Feb. 20 - Theresa Salas, Hondo; Jose Provenico, Tularosa; Gerald Tate, Ruidoso. Dismissed - Josephine Baca, Charles Mackey, Avelino Trujillo.

Admitted Feb. 21 - Louise Babers, Roberta Chavez, San Patricio; Arlene Jones, Capitan; Esther Gent, Betty Conger, Helen Chavez, Tularosa; Claude Billman, Ruidoso. Dismissed - Kenneth Cole, Rebecca Herrera, Gerald Tate.

Admitted Feb. 22 - Vernon Morris, May Huttanus, Ruidoso; Lucas Carillo, Tularosa; Tommie Smith, Corona. Dismissed - Tilford Watts, John F. Harkey, Robert Gutierrez, Jimmy Bennett, Vester Bennett, Dolores Chavez.

Admitted Feb. 23 - Deena Flowers, Ruidoso; Robert Griego, Ft. Stanton. Dismissed - Virginia Jacobs, Eleather Cunningham, Helen Chavez, Lucas Carillo.

Admitted Feb. 24 - Christy O'Kelly, Odessa, Texas; Cora Blazer, Mesalero. Dismissed - None.

Admitted Feb. 25 - Wanda Jones, Sierra Blanca, Texas; Donna Beach, Tularosa. Dismissed - Fleta Baldonado, Robert LaMay, John Kissel, Theresa Salas, Roberta Chavez.

Congratulations To

Mr. and Mrs. James F. Salas, Hondo, parents of a son, born Feb. 20, wt. 5 lbs., 14 oz.

Mr. and Mrs. William F. Flowers, Ruidoso, parents of a daughter, born Feb. 23, wt. 7 lbs., 13 1/2 oz.

1974 SCORE TO DATE

GIRLS BORN-4

BOYS BORN-6

HONEYMOON CLUB

Mr. and Mrs. Donnie W. Nickell of 1337-65th Drive, Apt. 20, Lubbock, Tex. spent their honeymoon at Alpine Lodge on Feb. 18. The couple was married on Feb. 15 in Breckenridge, Tex. The bride is the former Wilhemina Adcock and is the daughter of Mr. and Mrs. A. L. Adcock of Elbert, Tex. The bridegroom is the son of Mr. and Mrs. H. K. Nickell of Strawn, Tex.

15 YEARS AGO

February 20, 1959

Designer Elmer Pirelli is engaged in putting finishing touches on the new Ruidoso Chamber of Commerce building, on Main Road in Two Rivers Park. Mrs. Emma Redmann, secretary, said that the steel used in re-inforcing the concrete base had been donated by W. R. Long, and that volunteer labor has come from Ed Wimberly and Jimmy Whiteley.

Members of the C. of C. board of directors and other members have co-signed a note for \$4,000 to complete financing of the structure.

Mrs. Pat Valliant reports on behalf of Beta Sigma Phi that \$106 was collected for the March of Dimes, by personal solicitation, at several places in Ruidoso.

Ruidoso Municipal School District's question of issuing \$120,000 in bonds, to be used with other funds available, to build a combined gymnasium and auditorium and science room, was

25 Years Ago

(Ed. Note: Mr. Wilbur Coe was invited to write an article on soil conservation for The Ruidoso News. Following is a portion of that article, which appeared in the February 18, 1949 issue.)

No more terrible lesson in soil conservation could be given than the one brought home to us by the flood which plundered this valley from one end to the other in the fall of 1941. And never was there a better opportunity to observe the work of the Soil Conservation Service in restoring a stricken farming community from what seemed a hopeless wreckage.

On June 27, 1941, a few of us along the river here had joined together forming the Upper Hondo Soil Conservation district. Our main purpose was to check soil and water erosion on the steep hillside ranges, closely adjoining our fields on either side of the river. Hard rains falling on the heavily grazed pasture lands up and down the valley had always been a problem, causing the formation of deep gullies through the fields; gouging out part of the soil here and piling up rocks there. On my own pasture land, a system of ditches and settling tanks had been built by the SCS, and the water was cleverly held back, slowed down, and spread out so that no rocks were rolled out into the orchards and fields.

As the summer went by, those of us who had signed up with the SCS were feeling pretty good, because we thought we had a start toward getting the soil erosion trouble whipped. We hardly knew then what soil erosion was, but we were soon to learn, first hand, the swift and merciless destructive power of rain water on a rampage.

It had been a rainy summer, and the Ruidoso and Hondo rivers were running unusually high in their banks. Then on September 28th, on top of it all, came a cloudburst in the mountains. Swiftly the flood gathered its force in the high country and struck us, roaring down the Ruidoso Valley, being joined by foaming muddy waters at every side canyon on the way down.

The oldest residents of Lincoln County shook their heads. They had never seen or heard of anything like it and could not believe their eyes.

Sweeping hundreds of boulders, rolling and crashing against one another down the stream bed and snapping off the largest trees on the banks, the flood came foaming down the canyon, sending up a roar that could be heard for miles. Straightening out the curves as it came, grinding out a new channel of its own, it gouged out whole fields of good irrigated land, piled rocks and sand high in yards and fields, and washed out orchard trees by the roots, or crushed them down with great logs and tree trunks that came bobbing and lurching in crazy, headlong rushes of speed, carried by this raging torrent that kept on and on like a nightmare that seemed to have no end.

Not a single bridge was left between Ruidoso and Roswell. All traffic and communications were cut off up and down the river. And still the flood kept on, roaring so that people standing on opposite banks could not

approved by a small army of voters. The vote was 131 for the issue and 23 against.

Ed Wimberly was in Dallas last week ready for the new summer season for Mt. View Drive-In Theatre, booking lots of pictures including "Bridge on the River Kwai" and "The Ten Commandments" for re-runs in Ruidoso.

Four of Lincoln County's five schools have changed from the South Central District of the New Mexico Education association to the South-East District. They petitioned the NMEA for this change recently. They include Ruidoso, Hondo, Capitan, and Corona. Carrizozo did not ask to be changed.

MARION, WISC., ADVERTISER: "We wonder if the young drivers will know what to do with themselves this winter? There are too many youths who have never had a shortage of anything, except maybe trips to the woodshed... and we figure if they can take a cold floor in the morning, and will drink hot water in the milk for breakfast to get warm, will not watch TV to save on electricity, will get fighting mad if the government tries to take away or register their guns, and will get into politics and business to help get rid of our shortages, the country should be fairly secure. They demonstrated in war for us to get out, so we wonder if they will panic and demonstrate because of this energy shortage? Will they blame the government and parents? Or will they learn from all this and use their education and put it to work? It should be an interesting winter!"

Deadline Is Today For Absentee Vote

With the municipal election date only a few days away, voters are reminded that the deadline for absentee balloting is today (Friday) for qualified voters who will not be able to vote on Tuesday.

Village manager Jim Hine said that voters have only until 5:00 p.m. to vote in person at the village hall on an absentee ballot for the March 5 election.

All other village residents will vote at their designated polling places which for all residents of Ruidoso, will be the village hall. Ruidoso Downs residents will cast their ballots at the Ruidoso Downs Municipal Building. Polls at both locations will be open from 8:00 a.m. until 7:00 p.m.

Young Elected Head Of Rescue Association

Bill Young, owner of the Ruidoso Ambulance Service and a Ruidoso patrolman, was elected last week to the presidency of the American Ambulance and Rescue Association for New Mexico.

Young started the local service last August when he and his wife Isabel, co-owner of the service, moved here from Las Cruces. Since moving here, Young has been trying to get an active statewide chapter of the association started.

He noted that the association, based in Sarasota, Fla., is directed not only at ambulance attendants but also police and rescue squad members. The association serves primarily as a basic organization for massive search and rescue operations. He gave an example of recent searches for lost planes and passengers.

Young said that another goal of the New Mexico members is to bring the national convention to New Mexico within a few years.

Immunization Clinic

Monday, March 4: Carrizozo Clinic for pre-school and school children will be held in the Health Office at the Courthouse from 9:30 a.m.-4:30 p.m.

Wednesday, March 6: Capitan Clinic will be held in Capitan School from 10:00 a.m.-2:00 p.m.

Thursday, March 7: Hondo Clinic will be held in the Hondo School from 10:00 a.m.-2:00 p.m.

Monday, March 11: Ruidoso Clinic will be held at the White Mountain School from 10:00 a.m.-12 noon.

Wednesday, March 13 - Corona Clinic will be held in the Corona School from 10:00 a.m. to 2:00 p.m.

There will be a Well Baby Clinic held at the Lincoln County Health Office in March. Anyone interested in this clinic or the Family Planning Clinic please call or write for an appointment.

Lincoln County Health Office, Box 128, Carrizozo, N. M. 88501.

"The biggest business in America today," remarks Mr. Ira A. Lippman, president of Guardsmark, Inc., in The Wall Street Journal, "is not even listed in the Fortune 500. It is the business of crime. Crime is the nation's greatest problem; it follows, as night follows day, that the second greatest problem is crime prevention. As you know all too well, crime is not limited to city streets, dark hallways, and underworld hangouts. It is spreading with epidemic speed throughout industry — taking the shape of vandalism; of theft of monies, of raw materials, and of finished merchandise; of threats of violence and vengeance bombing; and in the insidious infiltration of drugs and narcotics into industry. Where will it all end?"

CANDIDATES CORNER

Driver Seeks Post On Ruidoso Council

Don Driver, a businessman in Ruidoso for 11 years, has announced that he is a candidate for the Ruidoso Village Council in the election slated for March 5.

Driver, who is 34, is a native of Eastland County, Texas, and had lived in Midland, Texas prior to moving to Ruidoso. He and his wife, Bobbie, have two children, Scooter, 15, and Dana, 14.

The candidate was the recipient of an outstanding citizens award, given by the Ruidoso Valley Chamber of Commerce, in 1972 and has served on the board of directors of the Chamber and one term as its president. He also received the Ruidoso Jaycee distinguished service award in 1971.

He is a former member of the Ruidoso Rotary Club and the Ruidoso Elks Lodge. He was the organizer of Ruidoso's first

Little League program in 1969 and has been very active in the program. He noted that he would like to see a well-programmed and directed Little League baseball program, a Pony League baseball program as well as basketball, tennis and other activities for both the young and adults. He notes that he would like to see Ruidoso employ a full-time year around parks and recreation director, who would coordinate and program activities for both the seasonal tourists and permanent residents.

He expressed a strong interest in a raw water storage plan to guarantee residents water for many years to come.

Driver is the owner and operator of Western Office Equipment Company in Ruidoso.

Albert Richardson
For Ruidoso Downs
Councilman

Richardson Seeks RD Council Seat

My name is Albert Richardson and I am running on the Progressive ticket for a position on the Ruidoso Downs Village Council.

I was appointed to the council in the previous administration and this, together with being a long time resident of this area, makes me acutely aware of the problems facing Ruidoso Downs.

With my background in the plumbing and building trade and service in the county, I feel that I can help with the future of Ruidoso Downs.

I would like to improve our Municipal buildings, construct a building for our equipment, promote a parks and recreation program, improve cur water system and our streets and help with our coming sewer system.

I sincerely ask for your support.

Lloyd L. Davis, Jr.
For Ruidoso
Mayor

Davis Announces For Ruidoso Mayor

I am a candidate for Mayor, Village of Ruidoso, in the election on Tuesday, March 5, 1974. I served four years as Trustee and four years as Mayor for the Village of Ruidoso. The years I was associated with municipal government were among the most rewarding years of my life. It is interesting to be involved in the affairs of a small but growing and industrious community. I feel that I can offer both experience and familiarity with the problems facing Ruidoso and its future growth. I served several years on the Board of Directors of the Eagle Creek Inter-Community Water Supply Association, Inc., which is operated jointly by the Village of Ruidoso and Capitán. This is a vital source of water for Ruidoso.

I have been in the land development business and I am a real estate broker. My wife, L. B., and I have both worked for Ruidoso Racing Association and Sierra Blanca Ski Resort and I feel that this has given me a realistic attitude toward what is possibly our major industry, Tourism. I am presently General Manager of Ruidoso Jockey Club, Inc.

I surely want your vote and if you will telephone me at: Day, 378-4446; Night, 257-7275, I will be happy for the opportunity to discuss any questions you have concerning our community.

PRECINCT MEET SET

The Democratic Party has scheduled meetings for Tuesday, March 5, 7:30 p.m. in the Judge's Chambers of Ruidoso Village Hall, to elect delegates to the County Convention. The County Convention will be held at the Capitán School Cafeteria Tuesday, March 12 at 6:30 p.m.

Council Post Sought By W. Carpenter

I am Warren Carpenter and I am running for Ruidoso Downs Councilman on the Progressive ticket.

I first came to this locality in 1935 and first made my home in Ruidoso Downs (Palo Verde) in 1940.

Anna, my wife, and I have raised five children, and the youngest (Renee) is now in her first year of college in Las Cruces.

I believe that my past experience with heavy equipment and construction will qualify me to help plan the future for Ruidoso Downs, i. e. the improvement of our water system, streets, parks and recreation and sewer system. Your support will be sincerely appreciated.

Warrior Season Ends

The Ruidoso Warrior varsity basketball season came to an abrupt end Wednesday night when the Tribe lost their first round game to Dexter in the District Tournament in Roswell.

The Warriors again got off to a slow start and were down by 10 at the half. They started to close the gap in the final half but the good fourth quarter effort fell short as they came up on the 'bottom' of the 75-67 score. A full report of the game will appear next week.

"Don't forget dear, find a station that gives trading stamps."

Member Federal Deposit Insurance Corporation
RUIDOSO-RUIDOSO DOWNS-CAPITAN

ATTENTION: VOTERS RUIDOSO DOWNS

I want to apologize to the people in Ruidoso Downs for the smear campaign begun on me through the mails. I'm sorry that such a shocking, disgraceful thing has been inflicted on our community. I feel that a rebuttal on my part is in order. And I think that a public apology is in order on the part of the person or persons who are responsible for this. I am happy to say that Jack DiPaolo has come to me and my wife and was anxious to make it clear that he had nothing to do with it; that he and Noel and Garry are very sorry about it and deplore it. The P. B. I. and the postal authorities are already investigating this matter and the D. A.'s office indicated that they are anxious to follow thru on it on the state level. Our lawyer is looking into the legal aspects of it on a more personal level. We have an idea of one party responsible for this who does not even live in this town. But it's believed that there are also other persons involved.

Again, I apologize for this. I don't feel that it would be proper for me to try to explain in the paper any part of the contents of the envelope many of you received. If you have any questions or want anything explained, please come see me.

Thank you very much.

NORMAN D. WHEELER
Candidate for Mayor,
Ruidoso Downs

"The Only Newspaper In The Whole, Wide World That Really Cares About The Ruidoso Area!"

All of These Things Listed Are Within 60 Miles of Ruidoso

- White Sands National Monument** — Stupendous deposit of pure white gypsum.
- Lava Beds** — The Mal Pais is a fascinating and different attraction. Recently designated Valley of Fires State Park.
- Fishing** — Ruidoso area offers several trout lakes, also there is fishing in season in the Rio Ruidoso, in nearby lakes, on Mescalero Reservation and at Alto Reservoir, big new Ruidoso lake 5 miles north of town.
- Old Lincoln Courthouse** — In Old Lincoln town, with three museums and once where bitter Lincoln County War centered, and where Billy the Kid killed two guards in his escape from the jail there.
- Big Game** — here. With its campgrounds, scenic trails and Deer, antelope, bear, wild turkey and bobcat are found on rides into the mountains.
- Lincoln National Forest** — drives. Two riding stables here provide horses for riding into our forest which surrounds us.
- Golf Course** — One of the most beautiful golf courses in the world is Cree Meadows.
- Cedar Creek** — Forest Service camp area and park-like shrubs and evergreens adjoining Ruidoso.
- Mescalero Apache Indian Reservation** — Can be entered in the recreation area west of here or you may visit at Mescalero, on U. S. Highway 70.
- Bonito Lake, Bear Canyon** — Scenic mountain lake offering a wonderful drive through the mountains. Several abandoned gold mines with tumble down buildings and their caves can be explored.
- Nogal Lake, Nogal Mesa** — The mesa is scene of the annual Summer Cowboy Camp Meetings.
- White Oaks** — Old ghost town once thickly populated and once having newspaper, stores, saloons.
- Children's Playlands** — Several commercial playlands offering a variety of rides and recreation for children of all ages.
- Climate** — The most wonderful in the world — you will especially enjoy our autumn season when fall foliage is a riot of color.
- Capitan, Capitan Gap and Indian Gap** — Scenic rangeland and mountains.
- Sierra Blanca Resort** — Winter and summer resort in White Mountain Park at 10,000-ft. opened for skiing first time in 1961-62 with aerial gondola lift. Magnificent 16-mile ride from Ruidoso to resort.
- Ruidoso Downs** — Popular summer race track with horse racing each weekend in summer.
- Night Clubs** — Numerous clubs with entertainment.
- Churches** — In the immediate area twelve churches of various denominations.
- Mon Jeu Look-Out** — Drive to the top of this forested look-out tower, 10,000 feet high.
- Fort Stanton** — 115-year-old fort once policing Apache Indians, later used as Merchant Seaman Hospital-TB sanatorium, now a state hospital for the mentally retarded. Where Territorial Gov. Lew Wallace visited and where Gen. 'Black Jack' Pershing, once stationed, learned to play his poker.
- Cloudcroft** — High mountain resort area.
- Artists, Art Schools** — Ruidoso is home of several resident artists, including Harris Shelton, Reynolds Jones, and others, and art schools are held each summer, including Frederic Taubes.
- Smokey the Bear Museum** — Capitán has erected a log cabin to house mementoes of Smokey the Bear, rescued in forest fire near there.
- The Three Valleys** — Beautiful orchards, ranches along Ruidoso, Hondo and Bonito. Home of internationally famous artist, Peter Hurd; author, writer Dan Storm and Louise Massey and Milt Mabie, radio and screen entertainers.
- Ruidoso Lookout Tower** — Gives panoramic view of Playground of the Southwest.
- Dowlin Mill, Blazer Mill** — Both in immediate area, pioneer adobe structures once housing flour mills, both over 100 years old. Dowlin Mill in Ruidoso now grinding flour each summer. General Pershing, Lew Wallace, Billy the Kid and Pat Garrett were among early day visitors at Dowlin's Mill in Ruidoso.
- Carrizo Lodge** — With unique history, museum and scene of square dance schools, bordering on Indian reservation.
- Fun In Downtown Ruidoso** — With skating, bowling, shooting galleries, bingo, children's rides, billiards and many curio stores.
- Places To Dine** — More than 50 restaurants and dining spots to choose from — some of them with specialties.
- Ruidoso Downs Indian Aqueduct** — Stone aqueduct built over 900 years ago to carry water from Palo Verde Springs into Ruidoso Valley.
- Indian Ruins** — Ruins and photographs of various Mogollon settlements at Glenoco, near Capitán, in Ruidoso area.
- Mayhill Nurseries** — Giant greenhouses growing many beautiful flowers shipped to wide area.
- Airport** — New airport with paved runways long enough to accommodate twin-engine planes.

Letter to Editor

February 24, 1974

Dear Editor: What's going on, or rather what's not happening, at the Lincoln County Tax Office?

In December of '73 we mailed a check in payment of property taxes. The last part of January of this year we wrote a letter requesting information as to why the check had not been cashed. To this date we have received not a word to either letter.

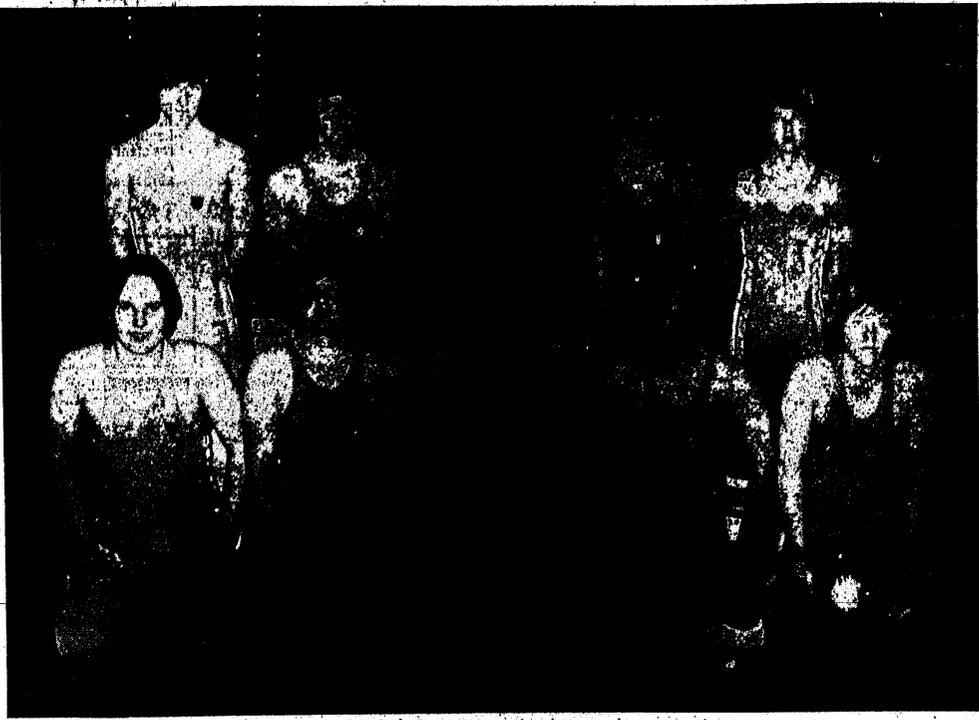

Also, in past years, we have received only delinquent notices, but no first notice. Such

delinquent notices result in a penalty, which irks me as we take pride in being prompt in our payment of taxes.

Have also encountered other people in this area having similar problems.

Who's tending the store?

Public Forum

(Continued from Page 1)
The money for the most pressing need, which was treated and distribution. George White volunteered a response to that same question, noting that before he had left the office of mayor in 1972, the council had surveyed the water needs of the village and found that the Gateway and Upper Canyon areas of the village were in the greatest need of new storage and that a new transmission line from the Alto Reservoir should receive the highest priorities.

The mayoral candidates were again asked their attitudes toward legal gambling in Ruidoso, should the state ever throw it open to local option. Allison said that he would not be against it, if it were properly controlled and regulated. He noted that it could surely stimulate the economy.

Forster said that he would go along with the wishes of the residents of Ruidoso in the referendum.

Davis noted that his attitude is a bit hypercritical but that he feels parimutual gambling is enough and the way he feels now is that he would possibly vote against it today.

The mayoral candidates were asked if they anticipated any management changes in the village upon election. Each indicated that he felt everyone there was doing a good job and they would make no changes.

In the last question of the night, O'Reilly asked any one of the candidates to explain the term which had probably been used more than any other in all of the campaigns, "planned growth".

Booster Club Has Regular Meeting

The Ruidoso Athletic Booster Club held its regular meeting last Thursday night in the Ruidoso High School Driver's Ed room. President Bill Elliott reported that a good turn out of members were present for the meeting.

President Elliott appointed a nominating committee to present a list of names before the club as officers for the coming year. The committee will present its slate before the club members at the club's next regular meeting, which will be Thursday night, March 28, at 7:30 p.m.

The All-Sports Banquet was tentatively set to be held on May 2 at the Chaparral Hotel.

POOR BOY SHOE SHOP, THE FROSTING BOWL — Barbara and Jim Dickinson recently opened their businesses — Poor Boy Shoe Shop and The Frosting Bowl — 1/2 block west of the traffic light on Sudderth Drive. Barbara will specialize in cakes for all occasions and Jim will repair shoes, tack, do minor saddle repair and Orthopedic work. Barbara gives as experience, several years with Mrs. Wade's Donut Shop in Roswell and Jim worked his way through college at Oscar's Boot Shop in Portales. Jim notes "She must be a good cook — just look at us." The Dickinsons are natives of Roswell but have lived in Ruidoso about three years. (Ruidoso News Photo)

The War Whoop

Copy prepared by the Ruidoso High School Journalism Class

School Scoop

Ruidoso High School students will return to regular bell schedule on Friday, March 1. School will start at 8:25 a.m. and finish at 3:30 p.m.

New National Honor Society members were elected Thursday morning. Membership is based on scholarship, service, leadership, and character, and a grade point average of 3.3 or above is required. The names of new members will be announced later.

In the process of preparing for the spring tour the R. H. S. Band is now working on a fabulous overture called "Wake Me Up for the Great Jubilee" which was written by George Frederick McKay. This overture and other tunes are now being worked on and chosen for the spring tour.

This is the last week of the old program. It was a big success, very few people were

Warriorettes Begin

The Ruidoso Warriorette drill team will begin practice for the 1974-75 season this week. Any girl interested, who will be a freshman or older, is encouraged to attend the meeting on Wednesday at 6:00 p.m. in the Ruidoso High School gym.

Mrs. Fran Killen, one of the sponsors, says that next year's program will be quite different. The Warriorettes will begin practicing so the team will be prepared for both football and basketball seasons next year.

HOE Class Increases

Health Occupations class now has five students from Ruidoso: Lillian Chavez, Kathy Fraduck, Francis Gallegos, Billy Murray and Evelyn Poloco. They are attending the class every afternoon from 1:35 until 3:00 p.m.

New students attending the class from Ruidoso High include Debbie Card, Lynalda Davis, Lee Harrington and John Kuhn. All these students will be ready to work in the hospital and other health related professions by mid-March.

Juniors Get Rings

Juniors received their class rings in the library last Thursday morning. Most of the rings are gold with a blue stone and a crest on the top. On one side is a Warrior and on the other side, the students had a choice of sports or activities. The student's name is engraved on the inside with his own handwriting.

The Juniors bought them from Josten's, a company from Albuquerque.

Seniors Are Offered Civil Engineering Scholarships

The Associated Contractors of New Mexico awards two or more four-year scholarships in civil engineering to New Mexico high school graduates who are interested in the civil engineering field and who can meet the necessary qualifications.

These ACNM scholarships pay \$800 (\$200 each year for four years) to recipients who are selected on the basis of high school grades. The requirements are that applicants have passing grades in all subjects required for admission to the University of New Mexico or New Mexico State University, initiative, aptitude for engineering, and need for financial assistance. Maintaining satisfactory grades while in college and the recommendations of the scholarship recipients' professors will be the requisites for continuing the scholarship through sophomore, junior and senior years.

Graduating seniors who are interested in a career in civil engineering, and who can meet the qualification requirements listed above, must submit the following documents to the Associated Contractors of New Mexico, prior to April 15, 1974. These documents are: A letter of application, prepared and submitted by the student, a transcript of the senior's high school grades, a letter of recommendation from the student's physics, chemistry, mathematics teachers, as well as a letter from his high school principal.

Each applicant who qualifies for consideration in this ACNM scholarship award will be notified of the Education Committee's decision as to whether or not he has been awarded one of the ACNM 1974 civil engineering scholarships. No student will be considered for scholarship who is a relative of a contractor member of this association.

Drama Class Tells Plans

On Thursday, February 21, five members of the Ruidoso Drama Class accompanied their sponsor, Mr. Newsom, to the E.N.M.U. campus in Portales to view the department of theater's production of the play "Nightwatch." "Nightwatch" is a suspenseful murder mystery written by Lucille Fletcher. Those students who viewed the production were Terry Evans, Rick Maffit, Mark Garrity, Shirley Waltrip, Sue Zahm and Rod Flanagan.

Girls' Track Begins

Girls' track officially began Wednesday, the 27th, with a meeting of future participants. The coach and sponsor is Mari Beth Ries. During the season the girls will attend several track meets to compete in such events as: 50, 100, 220, and 440 yard dash, the 880 run, 220, 440 and 880 relays, the 880 medley relay and hurdles in 50, 80 and 100 yards. In field they will compete in the shotput, and baseball and discus throws. Also, the long jump, high jump and the standing and running jumps.

CLEP Tests to be Given at NMSU

General examinations and subject examinations for the College Level Examination Program (CLEP) will be given to all interested seniors on March 23 and June 25 and 26 at New Mexico State University in Las Cruces. The tests are relatively inexpensive, costing \$15 for one or \$30 for two or more. This is a great value as you can come away with a maximum of 20 college hours or essentially a college sophomore. The five tests available are: English, humanities, mathematics, natural sciences and social studies-history. For more information, see your counselor.

RUGBY ACTION - The Albuquerque Rugby Club and the Ruidoso High School teams battle for possession during the first half of their game here Saturday.

HIGH SCHOOL GOLF

LeRoy Gooch, coach for the Ruidoso High School Golf team, reported that 3A-2A golf competition will continue in the spring, as it has in the past. It had been previously announced that all high school golf would be played in the fall this year.

National DECA Week Set March 3-9, 1974

National DECA Week is being observed this week in more than 4,500 Chapters where Distributive Education is taught in the public school system. In our town, as elsewhere, the local Chapter of the Distributive Education Clubs of America, or DECA, is closely associated with the instructional program. This student-directed activity is an effective part of the learning and training process in developing future leaders for marketing and distribution.

Through research projects and recognition events, the activities of the local DECA Chapter bring into sharper focus the various instructional parts of the DE program taught in our local high school. Many of our business leaders are involved in the activities of DECA. First, an employer, these business firms provide laboratory environment in which the student tests, observes, applies concepts and skills learned in the DE class in school. Second, through supervised training, the student gains experience in the application which frequently is the first step toward his own career goal. Third, DE students learn right from the start the language of business in our instructional system. This is a highly commendable system is free enterprise demonstrated so adequately in the Distributive Education curriculum. This approach to education not only develops competent

Ruidoso Downs Schedule Includes Four Richest Races in the World

One of the world's most glittering stakes schedules will be on the line in the 1974 meeting at Ruidoso Downs.

"The stakes offering is truly remarkable, and surely one of the finest offered anywhere," said General Manager Al Rosa.

The list includes the world's four richest races — the \$1,030,000 All-American Quarter Horse Futurity, the \$500,000 All-American Quarter Horse Derby, the \$375,000 Kansas Quarter Horse Futurity, and the \$300,000 Rainbow Quarter Horse Futurity.

The stakes schedule, and the racing dates, were okayed by the New Mexico State Racing Commission in the last regular meeting.

A total of 63 race days will be offered in 1974, starting on May 18, and extending through Labor Day. Total purse disbursement is expected to top out at a whopping \$4 million.

Another highlight of the stakes list is the \$275,000 Rainbow Derby, one of the world's premiere events for quarter horse sophomores. The Ruidoso Quarter Horse Derby, the first stakes test of the season, carries a projected prize of \$70,000.

A significant testing ground for older quarter horses is the World's Championship Classic, which is expected to hit \$75,000 in purse value. The Championship is also open to sophomores.

In the thoroughbred division, two-year-olds can be pointed toward the \$25,000 (est.) Rio Grande Kindergarten Futurity or the \$60,000 (est.) Ruidoso Thoroughbred Futurity.

A main target for sophomores is the \$20,000 (est.) Ruidoso Derby, which is run at the classic distance of a mile and 1/16. The culmination of numerous stakes for handicap horses is the \$10,000-added Ruidoso Mile.

Racing Secretary Tom Dawson added a new event this year, the \$6,000-added Ruidoso Sprint Championship. The speedburst is set for Aug. 24, at six furlongs and figures to capitalize further on the mountain track's usual abundance of handicap speed talent.

Both the Governor's Handicap at 6½ furlongs and The Billy The Kid Handicap at seven furlongs have been boosted up to \$6,000-added.

This season, the long-range plan of creating a "Triple Crown" for sophomore quarter horses comes to fruition with the inaugural running of the \$500,000 All-American Derby. The 440-yard dash, carded for Aug. 25, will follow on the heels of the Ruidoso Quarter Horse Derby and the Rainbow Derby.

An innovation in the quarter horse futurity program will be the introduction of "double elimination trials" for both the Kansas and Rainbow Futurity. With so many horses now being entered in the trials, it became too cumbersome to schedule the 20-odd elimination heats in one day.

Under the new format, the "first elimination trials" will be scheduled on two consecutive race days. The top 25 qualifiers from each day, as determined by the clock, will then advance into the "second elimination trials."

The second round will hook up 50 horses in five heats, and will decide the final qualifiers in the normal pattern.

The first-round trials for the Kansas Futurity are set for May 30-31. The second round is carded for June 8. Dates for the Rainbow Futurity are July 11-12 for the first round, July 20 for the second stanza.

Millions of fans across the nation will again view three of Ruidoso Downs' top events. The All-American Network of Topeka, Kans., will provide a regional telecast of the Kansas and Rainbow Futurities.

About 50 TV stations in the Southwest and Midwest will carry the show.

On Labor Day, the All-American Futurity will be beamed live from coast-to-coast, reaching an estimated audience of more than 13 million.

Letter to Editor

February 19, 1974
P. O. Box 3
Alto, New Mexico

Board of Directors
Ruidoso-Hondo Valley Hospital
Ruidoso, New Mexico
Gentlemen:

The following complaints were given to Mr. Roland Walsh of the Ruidoso-Hondo Valley Hospital in September of 1973 regarding the following facts:

A. My husband, F. B. Lindamood, was a patient in the Ruidoso-Hondo Valley Hospital from July 3 to July 14 of 1973. My husband complained of and I witnessed the following:

1. My husband was moved three times in his critical and terminal illness and once while he was eating his dinner of uncooked fish.

2. The food at the hospital was very distasteful as could be seen from the trays out in the hall with the remains of the dinners.

3. A heart patient was

brought into the same room as my husband and despite the fact that my husband needed all the rest that he could obtain, no consideration was given by the hospital personnel who worked all night over the patient.

D. While located in the pediatrics ward, where there is one bell to four beds, my husband needed an extra blanket and pillow to ease his discomfort but was told there were none. Later in conversation with Mr. Walsh I learned that the hospital has plenty of both.

E. After my husband's death, I went to the business office to clear up his hospital bill. The hospital had received a check from an insurance company, but carelessly forgot to note the insurance company's name opposite the payment. Had I not received a copy of this insurance company's check, I would never have known what company sent the check.

Since 1952, my late husband and myself have been going to the Ruidoso Hospital for treatment, but never before had either of us been treated as my husband was there last July. At the most recent County Commissioners' meeting, I lodged an oral complaint regarding the services afforded to my husband and was advised to direct my complaints to you for investigation. I am sure that I am joined by all in hoping that this performance was an isolated example of how poor a hospital's services can be, but the frequency of these complaints over an 11-day period implies otherwise.

Sincerely,
Aileen Lindamood

Ruidoso Area Students Make Deans' List

More than 1,700 students have been named to the fall semester deans' list at New Mexico State University for the 1973-74 academic year.

To be named to a dean's list a student must have earned at least a 3.2 grade point average of a possible 4.0 while carrying a minimum of 12 credit hours for a grade.

Of the total number of students on the dean's lists, 277 are enrolled in the College of Agriculture and Home Economics, 603 in the College of Arts and Sciences, 252 in the College of Business Administration and Economics and 250 in the College of Education, and 250 in the College of Engineering.

During the fall semester, approximately 9,000 students were enrolled on NMSU's main campus. An additional 2,000 students were registered at the university's four branch campuses.

Listed below are area students named to the deans' list:

College of Agriculture and Home Economics — Randall Eubank, son of Mr. and Mrs. Lester Eubank, four point.

College of Arts and Sciences — Karen Parsons, daughter of Mr. and Mrs. Richard Parsons; Holly Volquardsen, daughter of Mr. and Mrs. Fred Volquardsen.

College of Business Administration and Economics — Lynn Farrar, daughter of Mr. and Mrs. Dean Phillips; Carey Horton, son of Dr. and Mrs. W. D. Horton, four point.

College of Education — Kandy Hernandez, daughter of Mr. and Mrs. Vancil Fowler, four point.

Ruidoso Downs
College of Education — Susan Pitt, daughter of Dr. and Mrs. William Pitt.

"The easiest person to deceive is one's own self." — Edward Bulwer Lytton.

GEORGE ROMERO
 For Ruidoso Downs Village Trustee
 Longtime Ruidoso Downs resident.
 Well aware of the needs of the people of our Village.
 Businessman and working man who will take the time and have the patience to represent all the people in the people's business of providing good government, water, sewer, garbage collection, streets, recreation, police and fire, protection for the benefit of all taxpayers equally.
 I am asking for your vote because I feel that every citizen who lives in the Village should do some public service for his neighbors, for the privilege of living and earning money to support his family in this community. Please vote for me as your responsibility as a citizen.
 —Pd. Pol. Adv.

County Agent Column

By RALPH DUNLAP

Powdery mildew is a problem in orchards as well as the home grounds planting. Roses apples should be given a delayed dormant spray of a fungicide to control powdery mildew.

A few of the fungicides used are lime sulfur, Karathane and wettable sulfur. The delayed dormant spray should be put on when the buds start to swell but before leaves start to appear.

Once a leaf is injured by powdery mildew it will never recover; so you need to control powdery mildew early.

For more information get the leaflet Apple Disease Control, from the County Agent's office in Carrizozo.

R-R-D
 Avoid Problems In House Plants: Many plants grown indoors suffer from insufficient light and low humidity. Temperatures can also cause problems.

Many foliage plants prefer a relatively strong, filtered or diffused light. Places near windows or light fixtures are usually suitable. But plants should not be in direct sunlight or in very dark areas of the home. Generally, most house plants need a thorough soaking once a week; the watering should only be done when necessary, and don't let the pot stand in saucers of water.

Most plants grow well in temperatures of 60 to 70 degrees. Plants should not be in drafty places where temperatures suddenly change. When adding fertilizer to plants follow all directions on the container. Too much fertilizer can kill your plants.

To enjoy your plant for many years, watch for common symptoms of foliage plant troubles. Brown tips or burned margins of leaves are caused by too much fertilizer, plants dried out temporarily or windburn. Yellowing and dropping of leaves can be caused by gas fumes, chilling, overwatering, poor drainage and poor aeration.

Weak growth or light green or yellow leaves indicate too little light, lack of fertilizer or a poor root system. If the plant wilts, it is getting too much heat or it lacks water; spindly growth and small leaves indicate too little light or too high temperatures.

R-R-D
 A two or three-inch layer of an organic mulch over the root system of plants will produce several beneficial effects of both the soil and the plants. Mulch conserves soil moisture by reducing the evaporation of water from the soil. Mulch prevents crusting of the soil sur-

face, thus improving absorption and percolation of water to the solid areas where the roots are growing. Mulch maintains a more uniform soil temperature by acting as an insulator, reduces weed problems when the mulch material itself is weed-free and is applied deeply enough to prevent weed seed germination, mulch adds to the beauty of the landscape by providing a cover of uniform color and also prevents fruit and plants from becoming mud splashed and thus reduce losses.

R-R-D
 The Capitán 4-H Club cut eight cords of wood on their recent workday. The wood is being sold by the 4-H club to raise money for County 4-H Council activities including the Citizenship Short Course and the National 4-H Conference. More information about the purchasing of this wood can be obtained by contacting Mary Lou Parker in Capitán at 354-2223.

Mail Rate Hike Starts Saturday

Area postmasters today reminded U. S. Postal Service customers that new postage rates will go into effect Saturday.

Beginning March 2 first class mail will be 10 cents per ounce, airmail will be 13 cents and post cards eight cents.

The average local citizen will be interested only in the first class and airmail rate changes noted above. Local businesses will be concerned as well by changes in the rates of other classes of mail.

Third class mail rates, mostly for advertising material, will rise by 1.3 cents per piece, putting the rate at 6.1 cents for each of the first 250,000 pieces mailed and 6.3 cents for each additional piece.

Fourth class mail rates, mainly used for parcel post, will increase an average of six per cent, depending on weight and distance.

While the full increases for airmail, first class, third class and parcel post matter will take effect on March 2, the rate increases for second class mail, (i. e. newspapers and magazines) and a special fourth class rate for educational materials, will be spread out over varying periods through mid-1982.

Second class rates are computed on several different bases, reflecting advertising content of the periodicals involved and distance mailed.

Mailed books and records will rise from 16 to 18 cents for the first pound, with the cost of each additional pound 3 cents, the same as presently charged. International rates will rise by 20 percent. Mail rates to Canada and Mexico will be the same as the higher domestic rates in most categories.

Nancy Hunter Chosen National 4-H Delegate

Five New Mexico girls have been selected to attend the National 4-H Center, Washington, D. C. Names of delegates were released by Jan Carnes, program leader for 4-H and youth development, New Mexico State University Cooperative Extension Service.

Participating in the conference from New Mexico will be: Anna Best, Chaves County; Nancy Hunter, Lincoln County; Debbie Garrett, Sierra County; Peggy Romero, Taos County; and Cathy West, DeBaca County. Wainwright Johnson, San Juan County Extension 4-H agent, will accompany the delegation to Washington.

This year's conference will focus on programs and issues of concern to youth that are being considered by various federal departments and agencies of government. Each delegate will become familiar with one of the agencies and relate what is being done to future Extension 4-H program needs. The conference theme is "4-H Gets It All Together."

The week of activity gives delegates the chance to meet 4-Hers from other states; visit with various government officials; visit points of interest; and enjoy special entertainment. Most important, though, is the intensive study of federal government and its relation to youth and the 4-H program. In addition to study groups, each delegate will serve on conference operations committees such as assemblies and ceremonies, conference report, hospitality, recreation and music, national poster selection, and conference steering and evaluation.

Delegates to the conference are selected on a point system based on their 4-H projects and activities, leadership and personal development. They are all between 16 and 19 years of age.

Nancy Hunter is the daughter of Mr. and Mrs. Jerry Sidwell, Capitán High School, and has been a 4-H member for five years. Nancy plans to attend college and major in special education after being inspired toward a career in that field through work with mentally retarded children in a 4-H club. Her work, with another girl, in planning and carrying out a county fairgrounds clean-up has resulted in the clean-up becoming an annual affair. She also helped this past year to direct a queen clinic for county girls interested in trying out for queen titles. She has served as Lincoln County 4-H Queen and Capitán Junior Riding Club Queen. Nancy has served as a 4-H club president for two years and has won the "I Dare You" award in 4-H. She has performed her ventriloquism act at several public functions.

Cost of mailing a one-ounce international surface letter will rise from 15 to 18 cents. Air mail letter rates to Western Hemisphere countries from 21 to 26 cents for each half ounce, up to two ounces. Surface and air parcel rates will rise about 15 percent.

Higher operating costs were cited by the Postal Service as the reason for the rate increases.

The Postal Reorganization Act of 1970 transformed the old Post Office Department to the independent governmental agency named the U. S. Postal Service. In the Act, Congress required that postal rates and fees provide sufficient revenues so that the Postal Service gradually becomes supported by mail users instead of by the taxpayer.

The Act provides that "Postal rates shall be established to apportion the costs of all postal operations to all users of the mail on a fair and equitable basis."

It provided an independent Postal Rate Commission, appointed by the President, to determine postage rates. The Postal Service proposed increased rates to the Rate Commission last September, and scheduled their implementation on a temporary basis Jan. 5.

The Cost of Living Council reduced the effective amount of the total increase by ruling that the changes should not take effect until March 2, and the Postal Service decided not to appeal this ruling.

If EVERYONE in Ruidoso shopped at THE VILLAGE PEDDLER STORE, in the Upper Canyon, we would be able to run larger ads.

RECEIVES CERTIFICATE — Andy Hale, of the Ruidoso Downs Sanitation Department, was one of five receiving certificates from a school on solid waste disposal held in Roswell recently. The school was sponsored by the New Mexico Environmental Improvement Agency and was attended by 16 men from throughout the area. (Ruidoso News Photo)

Sports Club Issues Letter Thanking Businesses for Ski Fall-ies Support

The Sierra Blanca-Ruidoso Sports Club, The Ski Racers and Their Coach wish to thank the people of Ruidoso for their generous support of the racing program with special thanks to: Buckley Realty, Herb Brunell, Ruidoso Chamber of Commerce, Douglass Realty, Johnny Durham (Sierra Blanca Motors), Gibson's of Ruidoso, Ben Hall,

Ray Heid's Ski Shop, George Jackson, Staniel Jones, KRRR, Lincoln Management Co. (Ken Newton);

Nunley Drug, Perteet Parks & Associates, Inc., Ruidoso News, Ruidoso State Bank, Ski Skeller, Sierra Blanca Ski Area, Sierra Blanca Sports, Inc., Tuffy's Ski Chalet and Western States Telephone Co.

And lastly to Toney and Barbara Raven and Jane Deyo, without whom the latest venture "SKI FALL-IES" could never have been so successful.

In Passing

By AL LANE

The Sierra Blanca Ski Resort enjoyed what was probably the best conditions for skiing of the year last weekend. With 18 inches of snow on Wednesday, it is no wonder that a good crowd of visitors was on hand for the excellent skiing. Everything seems to be operating very smoothly this year at the area and we are impressed with the efficiency of the staff over the holiday weekends. Skier or not, if you haven't gone up and watched for a day, you don't know what you have missed. . . . Clayton Bennett brought us a postal card from the Elephant Butte Inn in Truth or Consequences that gives a brief run-down of area sights on the back. Great to see that they have mentioned prominently Ruidoso Downs racing and the Sierra Blanca ski area. We should tell our visitors to New Mexico all the points of interest in the area they are visiting. . . . Ruidoso still one of the best locations in the country for gasoline for our visitors. After making a trip to Texas over the weekend, we can see that fuel is available almost anywhere there and here for our guests. Just one more of the good points of our wonderful area in the southwest. . . . We understand that Odell Spears has moved to Peru to work in construction for a copper company. Good luck to him and his family. Should be one of the most interesting two years of their lives. . . . Les Crews at the Ruidoso Post Office visiting with friends after a seige in the hospital. R. A. Bennett now home from the hospital in Roswell — Ted reports that he is doing well. . . . Linda Posey telling us that a race horse was stolen in Ruidoso Downs village several weeks ago and hasn't turned up yet. . . . Teachers leading youngsters from Nob Hill School to the high school Friday to see some of the District Wrestling matches. . . . Ken Geaslin's pretty little daughter, Kathleen, worrying about losing a tooth before the Miss Central New Mexico Pageant. Seems Kathleen will appear in the pageant. . . .

MRS. B.
By CECELIA BARRON

One day I write about this wonderful world, then the next, I have last minute thoughts of many, many years in the future: violence from pole to pole — complete mechanics; no use for hands and brains — artificial foods; no use for nature — annihilation of grass, flowers, trees and beasts (all our ideas come from the natural world and nature teaches beasts to know their enemies). Slaughterous destruction on land, water and in the air — consuming fifties, even gallons of strong drinks; antipathy, selfishness and greed; enormous skyscrapers, without fire escapes, burning and hundreds dying; many, headstones in the cemeteries, some seem to be sleeping as they slant in the grass.

We could close our eyes, thinking it will go away; but it is there still, when we awake.

Republicans Plan Regional Seminar

Republican State Chairman Murray Ryan will participate in a regional registration seminar Saturday at the Roswell Inn in Roswell.

The seminar is planned for workers in Chaves, Lea, Eddy and Lincoln counties, according to Barbara Pennington, chairman of the Follow The Leader registration committee.

Jim Lilley, Chaves County GOP chairman, will open the meeting, scheduled for 1 p.m. in the Berrendo Room at the Inn. Jim Bruin, regional vice chairman for the area will introduce Ryan.

Also on the program are Mrs. Pennington, who will explain the purposes and background of the Follow The Leader Committee; State Vice Chairman Irene Senuovitch, who will discuss door-to-door canvassing; Joan Gordon, who will give a talk on "The Ins and Outs of Registration." Mrs. Gordon is president of the Federation of Republican Women.

State House Minority Whip Collin McMillan will close the session with a talk on the legislative session and campaign for legislative seats.

Mrs. Evelyn Siegfried, Chaves vice chairwoman, will give the pledge of allegiance, to begin the workshop.

The session is one of several planned in various areas of the state.

up on the west side of Ponderosa Heights, I shall miss them. They have been good neighbors to me and I shall always remember them. I wish them good luck.

It is good to have Mrs. Minnie Mae Everett, from Odessa, back with us. We have missed her very much. She spent part of the winter with friends and relatives in Desert Hot Springs, California.

Mmes. Chancellor, Nell Parks, David and McPherson have been on the sick list. Hope they are better by the time this is in print.

Mrs. Crown Named County Heart Head

Ray F. Walsh, Lt. Col. Retired, Chairman of the Board of the New Mexico Heart Association, today announced the appointment and acceptance of Mrs. Charmaine Crown to a second one-year period as New Mexico Heart Fund Chairperson for 1974. Mrs. Crown is the Head of the Consumer Protection Division for the New Mexico Attorney General's Office.

Mrs. Crown in accepting the challenge and the terrific responsibility of the all important position of Heart Fund Chairperson stated, "I am delighted at the opportunity to fulfill a commitment I made last year (1973) to extend my efforts to the utmost to the conquest of this Nation's and State's No. 1 Killer. A drawback in the fight against Stroke, Heart Disease, Blood Vessel and related Cardiovascular Diseases is that its magnitude is so great that people cannot comprehend its terrible impact in the United States."

"Stonehenge" Slated As Planetarium Show
Howard Wright, Planetarium Director at the Roswell Museum, announces the subject of the new planetarium program for March will be the great Medieval Wonder of the World, Stonehenge. The program will present some of the legends, stories and scientific theories that have been associated with this immense, ancient, man-made structure, which has long puzzled modern man. Since first observed in England, men have wondered, studied and formulated ideas of its origin. Was it a ceremonial temple of the Druid priests, a sacrificial offering place for some forgotten religious sect? Or was it perhaps used to forecast astronomical events of importance to the people who constructed Stonehenge some 4000 years ago?

Mr. Wright will include commentary on the events of the current night sky during this planetarium program which will be presented Monday, March 4. Fee for the entire family is \$2.50, a single adult \$1.00 and 50¢ for children. Please call the Museum 622-4700 for further information.

can do this then you can comprehend the awfulness of Heart Disease's (1,051,600) estimated deaths in 1974. Heart Disease is not just an old age illness; it afflicts infants, young, old, rich, poor, all races and creeds. In short, Heart Disease is everyone's business and in effect makes us "Our Brother's Keeper." BUT the real control of Heart Disease rests on ourselves.

"Since 1948, thanks to Heart Fund Contributed Dollars used for Research, the ratio of Heart Disease Deaths has decreased 20.7 percent. Millions of persons alive today can thank the public and the Heart Association for leading the way in

improving Emergency Care (CPR) and Coronary Care Units, medication advancement, early improved diagnosis, pacemakers, heart-lung machine which permits open heart surgery, improved heart valves, advanced surgical procedures and many, many more advancements too numerous to list at one time. To achieve the foregoing, over \$212,900,000 (two hundred twelve million nine hundred thousand) dollars have been spent in research and it has been heart fund dollars.

"In conclusion, a small investment today to the Heart Fund may pay big dividends tomorrow. So please give as never before," stated Mrs. Crown.

Mrs. Crown emphasized the Heart Fund Goal for Lincoln County is \$1,000, and stated that Heart Fund local key people will be announced soon.

The SILVER LINING

By DANIEL A. STOEPP

MRS. A. N. RUNNELS SENDS ENCOURAGEMENT

Saturday morning, Feb. 16, I received a telephone call from one of our dearest friends, Mrs. A. N. Runnels "Lula" asking why The Silver Lining was not in the paper, saying that she was worried that maybe I was sick. It makes me very grateful and humble to know that I am in the thoughts of this wonderful lady and that she and all of you dear friends look forward to the Silver Lining. Do not be alarmed if this little sketch misses once in a while. It is just like catching a train; if we miss one, there is no use to worry. Another one will be along in due time. On this subject, your

friend, Shady Logan has a few words:
Most cherished and valued friends,

The month of February was together and look into our hearts, and we are grateful for friends and loved ones. Valentine Day slipped by, but you know that I thought of you on that day of the heart and sent my love.

It was nice of Mrs. Runnels to phone about the Silver Lining, but to this sweet lady of the flowers (she raises the prettiest flowers you ever saw), and to all of you I hasten to say do not worry when The Silver Lining skips a time or two.

You see, all you have to do is look outside and there it all is: the sunset, the sunrise, the blue birds, the snow birds, the flowers and the autumn leaves — the whole ticket. It is put there by God himself. All the Ridge Runner does is say a few words about it all. He would be the first to admit that his few humble words are only a drop in the bucket.

And going a little farther than that, let me remind you that if either the Ridge Runner or I should be called, one of us will send you The Silver Lining from wherever in the spirit world the Good Lord may send us.

So cheer up and keep smiling. With every good wish, and many high hopes to be seeing you in the Spring.

Yours ever the same,
Shady Logan

Another Book Treasure From Mrs. Ira Mae Smith
I am still filled with wonder at something that happened recently. Mrs. Ira Mae Smith called me from her Antique Treasure Shop in Ruidoso Downs to tell me she had received a rare

and valuable book on George Washington.

This book is the personal memoirs of Washington compiled by his adopted son, George Washington Parke Custis. The book is a first edition published in 1859. It is a wonderful book full of rare glimpses into the life of the Father of Our Country. It will bring you some high points from time to time from this valuable book. Already it has brought back to mind the reason George Washington is First in War, First in Peace, and First in the hearts of his countrymen.

INGREDIENTS FOR INVESTMENT

Housing prices have gone up steeply since the mid-60's for two basic reasons. First, the shortage of new savings made it difficult to finance private housing, and the number of new housing units built each year was far below what it should have been. Since there is a steady growth in population, this puts pressure on our housing reserves and prices rise.

Second, there have been inflationary increases in the labor and material costs that go into building a house. In most urban areas, land values continue to go up each year, too. (Our tax system en-

courages speculation in unimproved land which helps raise the price.)

So here are the ready-made ingredients for a good investment. We all need housing of some kind, and according to the experts, the price of housing will continue to go even higher, though perhaps, not as dramatically as in the past few years.

If there is anything we can do to help you in the field of real estate, please phone or drop in at BUCKLEY REAL ESTATE, Sudduth Drive, Ruidoso. Phone: 257-4333. We're here to help!

Mescalero Happenings

by JO KAZHE

Mr. and Mrs. Reginald Tortilla are the proud parents of a baby daughter born February 17 at the Holoman Air Base Hospital. The new little Miss Tortilla weighed 8 pounds, 2 ounces, and has been named Reginelle. Proud grandparents are Mr. and Mrs. Herman Lewis of Arizona and Mr. and Mrs. Eric Tortilla of Mescalero. Reginelle has a brother Wilfred and two sisters, Winnifred and Vonda.

Mrs. Art (Cora) Blazer is a patient in the Ruidoso Hospital. I know that all of Mescalero joins with me in wishing Cora a speedy recovery.

There will be bingo games at the Community Center activity hall Friday night. There are cash prizes and baked goods prizes. Also, there will be a drawing for a handmade Apache basket. The games are sponsored by the Pow Wow Committee, so all you guys and gals come down, win prizes and support your committee.

Students from Mescalero participating in the band festival at Las Cruces Saturday were Mary Louise Wardlow, Barry Caswell, Judy Huse, Carol Huse, Willie Mae John, Zelda Begay, Gwen Shaffer and Buddy Kazhe. Tularosa High School students are working on a play, "The Wizard of Oz," to be taped Tuesday evening. Students from Mescalero participating are Mary Martinez, Pam Kazhe and Jeanine Glen.

The Carrizozo, Dulce, Cuba and Jemez Springs school districts will receive the same amount of state support next fiscal year as they were allotted this year.

Increases in other school districts for fiscal 1974-75: Raton, \$206,264; Los Lunas, \$229,511; Clovis, \$640,466; Taos, \$382,526; Belen, \$357,750; Jal, \$47,259; Ruidoso, \$22,229; Fort Sumner, \$28,797; Santa Rosa, \$106,366.

Also, Lovington, \$283,794; Eunice, \$4,669; Tatum, \$37,428; Deming, \$328,880; San Jon, \$38,689; Corona, \$31,678; Clayton, \$133,936; Lordsburg, \$140,363; Questa, \$151,536; Animas, \$10,531; Springer, \$58,628; Cimarron, \$70,016.

Textico, \$33,548; Melrose, \$65,320; Grady, \$36,559; Vaughn, \$45,938; Bernalillo, \$28,876; Truth or Consequences, \$155,257; and Des Moines, \$47,003.

The legislature voted a total of \$28.5 million increase in state support for public schools. The legislature also voted \$6.2 million in a state general fund one-time appropriation for cities and counties. In this total distribution of \$5 million will include these allotments: Belen, \$23,735; Bernalillo, \$9,921; Capitán, \$2,100; Carrizozo, \$5,526; Cimarron, \$5,167; Clayton, \$14,424; Clovis, \$140,231; Columbus, \$1,235; Corona, 1,230.

Also, Corrales, \$17,717; Cuba, \$2,042; Deming, \$41,058; Des Moines, \$1,004; Eunice, \$12,997; Fort Sumner, \$7,613; Grady, \$590; Folsom, \$369; Grenville, \$103; House, \$585; Jal, \$12,805; Jemez Springs, \$1,752; Logan, \$2,214; Lordsburg, \$16,909.

Los Lunas, \$4,788; Maxwell, \$1,934; Melrose, \$3,130; Questa, \$3,389; Raton, \$94,269; Red River, \$989; Ruidoso, \$10,905; Ruidoso Downs, \$3,455; San Jon, \$1,516; San Ysidro, \$895; Santa Rosa, \$12,229; Springer, \$7,746; Taos, \$12,180; Tatum, \$4,832; Textico, \$3,799.

Truth or Consequences, \$22,913; Tucuman, \$35,379; Vaughn, \$4,266; Virden, \$743 and Williamsburg, \$1,806.

Counties: Quay, \$13,961; Sandoval, \$53,755; Sierra, \$10,659; Taos, \$67,643; Union, \$8,336; Valencia, \$117,077; Colfax, \$10,782; Curry, \$46,723; DeBaca, \$4,921; Guadalupe, \$7,957; Hidalgo, \$5,644; Lea, \$41,285; Lincoln, \$13,927; and Luna, \$15,315.

The remaining \$1.2 million will be distributed to cities and counties showing decreases in gasoline tax revenues in the next two fiscal years. The State Revenue Bureau will compare gasoline tax receipts each month with comparable monthly revenues in 1972.

Rep. John Biebee, R-DeBaca-Guadalupe-Torrance-Lincoln, said the open meeting law the legislature passed "was on the point of being ridiculous as far as the legislature is concerned." Rep. Biebee, a rancher, said: "It's a shame that all meetings of the legislature are not open."

Legislative Finance Chairman C. B. Trujillo, D-Taos, said adoption of the new public school finance formula was the highlight of the legislative session. Sen. Trujillo said state support was increased nearly \$3 million for basic aid, construction, reserves and vocational education.

Sen. Trujillo said the new formula helps Taos, Mora, Pecos, Questa, Ojo Caliente, Waron Mound and East and West Las Vegas Schools.

Sen. Bill Lee, D-Lovington, said environmentalists attempted to embarrass Gov. Bruce King in repeal of the state en-

Sen. Lee's district includes Funitice and Jal, Gov. King signed the repealer but said he supports the concept of impact statements. Gov. King said: "I had no choice but to sign this repeal bill because the existing impact statement law is not very workable."

Sen. Lee's compromise bill was ditched by the House Natural Resources Committee. The HNRC reported an outright repealer and this bill was passed.

The legislature killed a constitutional amendment by Senate President Pro Tem I. M. Smalley, D-Luna-Hidalgo-Sierra. It would have given preferential rights to owners of contiguous land to purchase state land.

A bill by Rep. Richard Carbajal, D-Belen, cleared the legislature. It makes unlawful certain conduct in connection with recorded sounds.

The Four Corners Regional Commission approved a \$33,750 supplemental grant for a water system project at Cimarron.

J. H. Ryan and Sons, Inc., Albuquerque, was apparent low bidder at \$29,624.60 on repair of a damaged bridge at the Interstate 40-US-84 junction west of Santa Rosa in Guadalupe County. The Highway Department engineer's estimate was \$20,957.70. Bids were opened Feb. 22.

U. S. Sen. Joseph M. Montoya commended the Rio Grande youth care program for its success in the Los Lunas area.

Bidders paid \$714,283 for oil and gas leases at the monthly State Land Office sale, highest total in at least six years.

Tuition for Public School?
Squeezed for funds, a board of education decided to impose a tuition fee on all high school students. In short order, indignant parents went to court to complain. They pointed out that the state constitution called for a system of "free" public education.

In reply, the board argued that it was simply using its discretion to ease a tight financial situation. But the court decided that tuition was indeed unconstitutional.

"The right of children to attend public school," said the court, "is not dependent on the discretion of anyone."

With education costs climbing, there has been renewed interest in the idea of charging fees of one kind or another to public school students. But tuition, at least, has usually been ruled out because of the requirement that education should be free.

Lesser fees, too, have been rejected by the courts more often than not. In another case, a school board tried to charge pupils for their textbooks. The board's theory was that "free" education referred merely to the school building and the teachers — not to "extras."

However, the court held this fee unconstitutional also, saying that books are an integral part of the educational process. The judge commented:

"No education of any value is possible without school books."

Nevertheless, another school board did succeed in collecting a textbook deposit from its students. This time, the plan had two features that made it more palatable:

1) The deposit was waived for any student who could not pay it; and

2) The deposit was refunded at the end of the semester, if the books were returned in reasonably good condition.

A court decided that this kind of a fee was too minor a burden on the educational process to be objectionable. All it amounted to, said the court, was a practical method of encouraging students to take good care of their books.

Fishing Opens Early For Some Waters

A March 1 opening of the fishing season at a half-dozen northern New Mexico lakes will give fishermen a full month's more angling this year.

Warren McNall, Assistant Division Chief of the State Game and Fish Department's Fisheries Division, said the new March 1 opening day affects McAlister, Clayton, Charette, Jackson and Springer Lakes and Lake 13 on the Las Vegas National Wildlife Refuge's Maxwell unit. Fishing becomes legal at 12:01 a.m. Friday, March 1.

April 1 has been the usual opening date for those lakes and is still in effect at Bitter Lake, Bitter Lake, Lake Alice and Santa Cruz Lake and Riva-Bosque de Apache opens May 1. The remaining lakes and rivers in the state are currently open.

The March 1 opening is designed to ease opening day pressure, experienced in the past, as well as to provide increased fishing opportunities. Heavy pressure is not expected March 1 because of cold weather and, in some cases, bad roads and ice-covered lakes — conditions which should improve as the spring season progresses through March.

The Department emphasized that fishermen planning on fishing March 1 should prepare for sudden changes in the weather and exercise extreme caution before venturing onto any ice-covered lake.

The 1973-74 fishing season license is good through March 31. After that a new license — with a trout stamp for fishing designated trout waters — will be necessary.

Ruidosoan Attends Tech Mini-Courses
The third set of mini-courses, offering a taste of college life at New Mexico Institute of Mining and Technology, was completed last weekend. Attending the three-day seminar were 56 juniors and seniors from 24 New Mexico high schools. Topics offered were biology, chemistry, engineering, and computer science.

Each student attended four sessions in a chosen subject area during the weekend. In a Sunday morning wrap-up session, the students aired their reactions to the program. The high school students were housed in dorms and spent Saturday evening becoming acquainted with Tech students and the campus.

More than 150 students have attended the three mini-courses offered at Tech this year. The next mini-course program is scheduled for March 8-10.

Among students who participated in the program was Weldon Scrivner from Ruidoso High School.

Bigbee Upset With Majority Execution Of School Amendment

I think the people of New Mexico wear the losers on Sunday afternoon, February 10, when we considered House Bill 300. Several of us had worked with the Department of Public School Finance on an amendment to the appropriations bill to guarantee a 10% increase in teacher salaries that would have excluded only the richer districts in the state.

The citizens' representatives should have been a lower the opportunity of voting on this matter. There have been times that I have opposed such an amendment because of the problem of supplying the authority of the local school boards. However, this particular amendment, I think would have worked because it would have put the money in the districts where it is most needed.

I mailed 1,000 questionnaires, at random, to constituents in my district and have received replies from one-third of those mailed. The replies ran two to one in favor of reducing taxes. A big majority of those replying thought that the surplus should be spent on schools. From the revenue estimates I have seen, it appears obvious that we can adequately fund schools, especially teacher salaries, and still give the taxpayers a reduction. It seems to me that if there should be economic problems ahead of us, the state's surplus will best be used in the hands of the taxpayers.

Winter Trout Plants Continue Into March
Winter trout plantings in southern New Mexico waters will continue into March, and spring trout fishing will probably continue to be good through March.

Ice fishing, meanwhile, varies from slow to fair at Heron and Bluewater Lakes, according to the Fisheries Division of the Department of Game and Fish. Fish taken from both lakes, however, are of good size.

The department is repeating its warnings to ice fishermen to use caution when fishing on spring ice, which can be treacherous, and to prepare for sudden changes in the weather.

In the south, where more balmy weather and ice free conditions prevail, plantings continue in more than 20 lakes and streams. The fisheries division estimates that from 80 to 90 per cent of the rainbows planted in the southeast and south-central waters are caught by fishermen.

Trout fishing opportunity, the division points out, would be severely limited in those areas where it is not for winter trout plants. Late spring and summer water temperatures are too high for the trout to survive year-round in most of the state's southern waters.

Lakes and streams receiving winter rainbow plants include Oasis State Park and Green Acres Lakes, Clovis; Chaparral Lake; Lovington; Green Meadows Lake; Hobbs; Eunice Lake; Jal Lake; Carlsbad Municipal and Bataan Lakes, Carlsbad; Lake Van, Dexter; Cottonwood, Inkwell and Pasture Lakes at Bottomless Lakes State Park; Berrenda Creek, Roswell; West Lake and Alamogordo Lake, Ft. Sumner; del Rio Drain, Las Cruces; Escondido Lake, Socorro; Conservancy Park Lake (Tingley Beach), Albuquerque; Estancia Park Lake (children only); and the Peralta, Tome and Belen Riverside Drains.

LEGAL NOTICE

PUBLICATION OF NAMES OF CANDIDATES FOR VILLAGE OF RUIDOSO MUNICIPAL OFFICES AND THE ORDER THEIR NAMES WILL APPEAR ON THE BALLOT AND OTHER ELECTION DATA

Notice is hereby given by the undersigned, James L. Hine, Municipal Clerk of the Village of Ruidoso, Lincoln County, New Mexico, in accordance with Section 14-9-9, of New Mexico Statutes, Annotated, 1953 Compilation, that the following named persons have filed their Declaration of Candidacy for Municipal Office, and have been determined by said Clerk to be qualified candidates for such offices; that the candidates for the positions to be filled and the order in which their names will appear on the ballot (as determined by lot as provided in Section 14-9-12, N. M. S. A.), are as follows:

For Mayor
Four (4) Year Term
(One to be elected)
William Cary Porter
Earl W. Allison
Lloyd L. Davis, Jr.

For Trustees
Four (4) Year Term
(Two to be elected)
Don Ray Driver
George E. Jones
Richard J. McEmeny
Larry Clayton Daniell
Wyman Scarborough
W. Sherman Atwood
L. C. Skokes
George P. White.

For Municipal Judge
Four (4) Year Term
(One to be elected)
Sam J. Nunnally.

Notice is Further Given that the regular biennial municipal election of the Village of Ruidoso, Lincoln County, New Mexico, will be held Tuesday, March 5, 1974. One polling place shall be used for the conduct of the regular municipal election. Election Precincts 11, 13 and 14 shall be consolidated for the purpose of voting at the municipal election. All qualified voters in those parts of Precincts 11, 13 and 14 within the municipal boundaries shall vote in the Council Meeting Room of the Municipal Building of the Village of Ruidoso. Said polling place to be open between the hours of 8:00 o'clock a.m. and 7:00 o'clock p.m.

Notice is Further Given that for the purpose of Absentee Voting, the Municipal Clerk's office has been designated as the polling place and the following named persons have been designated as the precinct board for the Absent Voter Precinct:

Laurie Durham — Judge of Absent Voter Precinct.
Sue Blackwelder — Clerk of Absent Voter Precinct.

Notice is Further Given that the Governing Body, Village of Ruidoso, meeting in Regular Session on February 14, 1974 did appoint the following named persons to serve as election judges and election clerks who shall be the precinct board for the Municipal Election in the Village of Ruidoso:

JUDGES OF ELECTION—Elnora Jorren, Barbara Pedersen Wyman and Lois L. Hollis.
ALTERNATES— Ruth Wimberly and Mary Ann Edwards.
CLERKS OF ELECTION— Helen R. Brown, Emadair C. Jones and Doris B. Shoemaker.
ALTERNATES— Edith A. Beall and Mary C. Woodriddle.
Done at Ruidoso, New Mexico this 15th day of February, 1974.

/s/ James L. Hine, Clerk
Village of Ruidoso, New Mexico

THE PICTURE OF HEALTH

You are frying sopapillas in hot fat in a frying pan on the kitchen stove when the grease pops and splatters on one hand. You know instantly what has happened, and you wait for the burn sensation.

Fifty per cent of all burns happen at home, and half of these occur in the kitchen. Do you know how to treat a minor burn, or know how to judge when a burn is serious enough to go to the doctor?

The right way to treat a minor burn (like a grease splatter) would be to completely put the burned part in cold water for pain relief. Do not use any chemical burn (either acid or alkali) with large amounts of water. You could also wrap the burned area in cold cloths, or rub it gently with crushed ice. The final step is to bandage the area with clean thick bandages.

How do you know when to take a person who has been burned to the doctor? Anyone with a burn that is bigger than three inches by three inches should receive medical care. Anyone with a burn that has blisters or loss of skin, an electrical burn, a burn involving the eyes, any burn accompanied by

BIG FISH — Wayne Townley (right) is shown with a 135-lb. Blue Marlin that he caught on a recent fishing trip to Mazatlan that was won by Townley Plumbing in a water heater contest sponsored by Fields & Co. and Payne Hot Water Heater Co. There were 22 winners in the Southwest Division contest and Townley was the only one from New Mexico. Shown with Townley is Tommy Whitlock, sales representative for Fields & Co. The fish measured 9 feet, 7 inches and was one of only four caught on the trip.

smoke inhalation, or a burn which involves the nose or mouth should be immediately rushed to the doctor. How do you move a person who has been seriously burned?

It's best to cover the burn area with some kind of clean linen. Don't put grease, butter, margarine, lard or any other ointment on a burn because the doctor will just have to remove it. Do keep a burned person quiet and covered with a blanket or sheet, or bath towel.

Remember: a person's entire body reacts to a serious burn. His circulatory or blood transport system can collapse from shock and his lungs may be seriously injured if he has inhaled smoke.

There are several things that you can do to avoid accidental burns at home. If at all possible, buy flame resistant clothing, especially when it is available in children's pajamas. Many burns are caused by ignited clothing and, surprisingly, girls are more often injured by clothing which has caught fire than boys.

Statistics also show that loose fitting clothes like nightgowns are responsible for more severe burns than tighter fitting clothes like pajamas.

Secondly, keep pot and pan handles turned inward on the stove when you are cooking. Many small children are seriously burned each year simply by reaching up on the stove and pulling a pan of hot liquid down on themselves. This is especially important if you have an active toddler.

Thirdly, it's important to be careful when using explosive liquids, like gas, or turpentine, near an open flame. Natural gas heating units with an open flame are frequent sources of severe burn injuries.

Most severely burned patients in New Mexico are taken to the Bernalillo County Medical Center's Burn and Trauma Unit. The only major burn center in the state, the unit has served patients from nearly every New Mexico community since it was opened in 1969. But, play it safe — a serious burn can be life-threatening or leave lasting scars.

It Takes Two — The Chamber and You!

NEW MEXICO WEATHER

Week Ending Feb. 10
Temperature: High 65; Low, -10.
Precipitation: Feb. 4 to Feb. 10, 0; Feb. 1 to Feb. 10, T; normal for February, 1.08; Jan. 1 to Feb. 10, 1.97; normal Jan. 1 to Feb. 28, 2.13.

Weather Summary — Turning progressively colder Tuesday through Friday with some minimum temperatures Friday morning as low as 20 below zero. Mountain sections and teens and low 20's generally. Rapid return to warmer Saturday and Sunday. Snows midweek mostly central portions of State and mostly light. However, new snow amounts up to 7 inches Estancia Valley on Thursday with moisture content estimated to one-half inch.

Week Ending Feb. 17
Temperature: High, 60; Low, 8.
Precipitation: Feb. 11 to Feb. 17, T; normal for February, 1.08; Jan. 1 to Feb. 17, 1.97; normal Jan. 1 to Feb. 28, 2.13.

Weather Summary — Continued dry southern third of State. Showers and light snows northern two-thirds middle of week. Precipitation amounts less than one-third of an inch. Temperatures averaged 5 to 9 degrees warmer than normal eastern plains and near normal elsewhere except continued cold northwest plateau. Day-to-day changes were relatively slight.

THE FAMILY LAWYER MOWER MISHAPS

Jockeying his power lawnmower along a grassy slope, Fred suddenly lost his balance. As he fell, his right foot slid underneath the housing of the mower. Result: a severe cut.

Could the manufacturer of the mower be held legally liable for this injury? Fred thought so, and in due course he filed a damage suit against the company.

"A power mower is a dangerous piece of machinery," he argued in a court hearing. "It is up to the manufacturer to make sure it can't cut anything but grass."

However, the court disagreed. Tossing out Fred's claim, the court said a manufacturer must make its product reasonably safe but not "accident proof."

This has been the law's usual attitude in accidents involving power lawnmowers. Some degree of risk is accepted by the user, merely by choosing this method of cutting his lawn.

Now will he necessarily win his claim just because the mower happened to lack some particular safety feature. In another case, the injured user complained that his mower did not have the special guard with which more expensive models were equipped.

But again the court denied damages. "It is common knowledge," said the court, "that the various models of power mowers differ in size, weight, design, (and) safety features, and that new models constantly come into the market. Purchasers select according to their choice and the price of the respective models."

Nonetheless, even though a user must accept some risk, he should at least not be deceived

as to what that risk is. One customer had been assured by a salesman that the mower would stop instantly if it struck any hard object. But when the mower did strike a rock in the man's back yard, it reared back, wheels spinning, and cut his foot.

Later, he succeeded in winning damages from the seller. The court said a customer is entitled, if not to total safety, at least to simple truth.

A public service feature of the American Bar Association and the State Bar of New Mexico. Written by Will Bernard.

Holloman AFB History Was Rotary Program

Larry Benson, civilian employee of the Air Force and historian for Holloman Air Force Base, gave a history of the base, as the program for the regular meeting of the Ruidoso Rotary Club Tuesday, Feb. 11, at the Villa Inn.

Benson noted that Air Force history was relatively short since the army purchased the first airplane from the Wright Brothers in 1908. Holloman history began during World War II and has had many transformations over the years. He pointed out that portions of the base served as the Trinity Site, the world's first atomic explosion; was used as a rocket test area; and a test site for drone planes. Slides were shown of rocket sleds, the large centrifuge, drone testing, and Sacramento Peak Observatory.

Bill Britton was program chairman for the meet.

Tribe Matmen Challenge NMSVH Dominance of District Wrestling

The Ruidoso Warrior wrestling team, under first-year coach Phil Yost, ended one of their best wrestling seasons yet Friday with a close challenge to perennial district champion New Mexico School for the Visually Handicapped. Ruidoso came away with three district championships in the 'loop championships here.

Jimmy Bennet, Bobby Arnett and Charles Duncan all emerged at the top of their classes in the meet and will lead a contingent of nine Ruidoso grapplers to the state tournament this weekend at Belton.

Ruidoso placed second of the three teams in the meet with 39 points, only five behind NMSVH, the reigning district champion. Mountainair was third in the tourney with 28 points. The other district team,

Bears Top Tribe In Season Finale

Bennet arrived at the match late for weigh-in, but his weight was right on the limit and he faced his opponent from NMSVH in the second match of the meet. The pair struggled for almost the entire six-minute match with Bennet gaining a slight point advantage before he was able to make the pin with only 40 seconds left.

In the final match of the 112 pound class, Bennet had it all together as he pinned the Mountainair challenger in 1:27 of the first period, for the district crown.

Arnett gave Ruidoso another district champion in the 128 pound class. With only one other opponent, Arnett was automatically in the finals and assured of a trip to the state championships.

But, he went out and in an evenly matched bout, he outpointed his opponent from Mountainair 3-0 to win the district crown in his weight.

Charles Duncan, Ruidoso's winningest grappler this season, continued his winning ways by getting into the final bout via a first-round bye and then flattening his Mountainair challenger after only 1:12 had elapsed in the first round of their bout.

In addition to the three district champs, Ruidoso placed six of their remaining seven wrestlers in the state tournament as the district runners-up.

Scooter Driver made it to the final match in the 98 pound class. Though outweighed by more than ten pounds, he won his first match by a 10-7 decision. He was outpointed 8-1 in the final but his first round win gave him a shot at the state meet.

Mark Strassburg lost his first bout in the 119 pound class to Winford Haynes of NMSVH 6-1 in the final bout after a first round bye. He then had to battle the first round loser from Mountainair for the state berth. He won easily with a third period pin at the 4:09 mark.

Clay Warren also drew a first round bye in the 132 pound class, coming up against Pat Vigil of NMSVH in the final. Vigil pinned Warren causing a wrestle-back for the runner-up spot. Warren took an easy 11-2 win in his second match.

Following Bill Clair's first round bye, he also came up against a tough NMSVH opponent in the 138 pound class. Clair mounted an early lead but was not able to hold it and lost a decision to Louis Bean. He breezed through the wrestle-back for second place gaining a 7-0 lead on points before

their 12th game of the season. Kirk Eubank led the JVs to their final win of the season with 16 points. Eubank also emerged as the scoring leader for the season hitting 268 points at a 14.8 point per game average.

Steve Williams was the other Warrior in double figures, with 12. He also ended the season with the second highest point total of 140 with an average of 7.7.

Though Kelly Perryman was only fourth highest scorer behind Eubank, Williams and Danny Brown who had 137 points and a 7.6 average, Perryman had the second high average at 9.3 with 112 points in 12 games.

The 12th overall season, and undefeated against district teams, was the best finish yet for Sanchez whose previous top record was 11-7.

Working from a 28-14 first-half lead, the Warriors survived a second half in which the referees called 22 personal fouls against them and two technicals against Coach Sanchez. The Bears fared a little better on the f u l s with only 18 in the last half but they were not able to cut into the Warrior lead enough to keep them from winning

pinning Jones from Mountainair in 3:57 of the bout.

Mike Grant was another Warrior to take a first round bye to the final of the 167 pound class against Tony Lara of NMSVH. Lara pinned Grant in the final but he had little trouble in the wrestle-back for the runner-up spot, pinning the first round loser in 2:45.

Mark Potter had only one other opponent in the unlimited weight class. He lost a close 4-3 decision but automatically gained a spot in the state meet.

Robert Todd, in the 135 pound class, was stymied by his first round opponent. After missing several mid-season matches because of knee trouble, Todd found himself down by a few points early in his first round match. His opponent then contented himself with a defensive match for the final four minutes and came out with a 5-2 decision. Todd lost a chance at a wrestle-back when the first round victor lost in the final round.

Coach Yost was very pleased with the strong effort by the almost completely rebuilt team this year. He has built a lot of enthusiasm on the team; and the bleachers filled with screaming Warrior fans during the meet proved the status wrestling is gaining at Ruidoso High School.

Yost is looking forward to his next season at Ruidoso with a strong nucleus returning. He loses only two matmen to graduation this year.

He has also started a pilot program of demonstrations and workouts at the Nob Hill School to start getting the younger students interested, and acquainted with the sport.

Letter to Editor
Mr. Alton Lane, Publisher
Ruidoso News
Ruidoso, New Mexico
Dear Mr. Lane:
This letter is written in response to the one you received last week concerning the lodger's tax proposal.

This tax is the only enabling legislation that our state has made available to our towns to use in promoting tourism.

We here in Ruidoso are in a unique position in that tourism is our only industry. Really, what have we got without it? Also, we compete with other resort and non-resort towns for the valuable tourist dollar.

The majority of people in our town realize that to compete effectively and "Sell Ruidoso" is very expensive. Other towns are spending huge sums for this purpose and THEY are our competition.

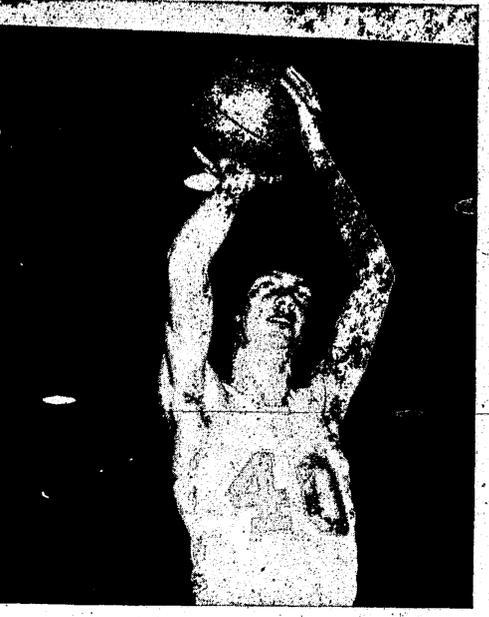

The lodger's tax is the logical answer to provide this money and to tell our story. The tourist is in a dilemma as to fuel availability, shortages, etc. Now, more than ever before, we need to spread the word that Ruidoso, New Mexico is alive and well.

Sincerely,
Steven Glenn

HOOTEN/STAHL, INC., REALTORS

DALE ROBERTSON'S INNSBROOK VILLAGE
Drawer N. Ruidoso, N. M. — 505/257-4646

Need Property? Whether your needs are for building or investing we have the right property for you. Inquiries on commercial or residential property are invited, so call now about one lot or several 100 acres.

— PROPERTIES FOR SALE —

10 acres with fantastic view of Sierra Blanca. Good access and only one mile from Hiway 37. Foundation plus plumbing could be used for future building. Well is on property near home site.

A profitable business located on Sud-dorth is being offered for sale. You may purchase the stock and lease the building or the building may be bought in lieu of the lease. Books of this business are available to right buyer.

A beautiful lot for building a cabin. In Town & Country North, with an asking price of \$3,000. You owe it to yourself to see this one.

Near Capitan with all weather road this 22 acre tract is offered for \$16,500 by the owner. You may purchase the equity and assume the mortgage, also the owner might finance some of the equity.

If only takes \$4,500 to buy this lot in Pinecrest. Access on paved road from front and rear of lot. Owner can not build now so needs to sell this unusual lot.

With substantial down the owner will carry the balance for 5 years at 8%. A good size lot — 105'x100'. Total sales price is only \$1,500.

Ruidoso's Sixth Annual "Ski-Tea" Skiing and Golf Tournament

FRI., SAT., SUN. — MARCH 29, 30, 31, 1974 RUIDOSO, NEW MEXICO

TEAMS: Competition by 4 member mixed teams (ie. 3 men and 1 woman, or 2 men and 2 women, or one man and 3 women). You may enter your own team. Individuals who wish to enter but are unable to form a team, indicate on the entry blank that you wish to be placed on a team. Prizes and trophies will be awarded for overall team and individual performances.

Slalom course will be negotiable for a snow-plow skier. Golf competition consists of eighteen holes of golf and one timed slalom run. If you desire to play 9 holes of golf and double your score, you must elect to do so not later than Friday, March 29, 7:00 p.m. by mail, phone, or in person at the Friday Night Meal.

SCORING: The scoring will be computed by totalling the actual golf strokes and adjusted ski times of all 4 members of a team. Each ski time will be multiplied by a factor. (Factor equals 72 (par for golf course) divided by fastest ski time) in order to equate the ski time to the golf score. Disqualifications, failure to finish and no shows will be given a golf score or ski time equal to the last place score or time in that event.

ENTRY FEE: Entry fee of \$20.00 includes green fees, lift ticket, "Ski Tea" T-shirts, Meal Friday, apres-ski wine party at the ski area, and after golf beer party at the Cree Meadows course during the awards presentation.

All Entries and Fees Must Be In By 4:00 p.m., Friday, March 29.
SCHEDULE: Friday, March 29 — Practice round on golf course or skiing at ski area. Green fees or lift tickets are free for participants who have paid their entry fee. Cree Meadows Golf Course: 7:00 p.m. Meal — Slalom starting order posting.

Saturday, March 30 — Sierra Blanca Ski Area — (Ski ticket and lift ticket) Ticket Office by 11:00 a.m.; 12:00 noon Slalom competition. Wine party to follow immediately. Nothing scheduled for Saturday night.

Sunday, March 31 — Cree Meadows Golf Course — golf pairings and ski results posted by 9:00 a.m. Golf competition starts at 10:00 a.m., shotgun start. Putting contest after golf while results are being tabulated. 6:00 p.m. Trophy and prize presentation.

Benefits To Sierra Blanca Junior Racers

Fill out entry blank below and forward with check or money order to George Marsh, (Tournament Chairman) c/o Ruidoso State Bank, Drawer B, Ruidoso, New Mexico 88345.

Bridge Personified Holds Ruidoso Visit

The annual mountain sojourn of Bridge Personified, Inc., was held at Casa de Sierra (home of Ruidoso booster Ann Porter) this week with a bevy of bridge aficionados arriving on Monday and planning to leave for their homes in the Dallas area on Thursday.

The fifteen ladies included in the group will get a pretty thorough view of the entire area on their visit, including a stop in El Paso and Juarez and a finale at the White Sands National Monument on their way home. While in Ruidoso they will visit the Sierra Blanca Ski Resort, Coc Ranch, the Mesajero Reservation and other points of interest in Ruidoso. These visits will be strictly breathers in the four days of living-with-bridge in the tall pines of our mountains.

Ladies enjoying the hospitality of Mrs. Porter for the bridge holiday are: Mrs. Charles M. Atkins, Mrs. John Winniford, Mrs. Fred Agnich, Mrs. Romaine Bohlmann, Mrs. J. C. Bernard, Mrs. Claude Dodgen, Mrs. H. C. Faucher, Jr., Mrs. John Plath, Mrs. Robert Patterson, Mrs. J. Lloyd Procter, Mrs. Neal Patterson, Mrs. Tom Robertson, Mrs. Helen Gregg and Mrs. Lucie Weiss.

YUBA CITY, CALIF., INDEPENDENT - HERALD: "Hardly any private citizens in Communist China today can afford, or are allowed, automobiles. So many persons have bicycles. According to a new book, 'China Journal,' published by Rand McNally, there are 1.7 million bicycles registered in Peking alone."

Former CPS Gen. Mgr.

N. R. (Preacher) Parsons, former president and general manager of Community Public Service Company who retired in 1968 after a 42-year career in the utility business, died Feb. 14 in a Fort Worth rest home following a long illness.

A native of Paris, Texas, where he graduated from high school, Parsons earned a bachelor's degree in business administration from the University of Texas at Austin, and was a member of several honorary scholastic fraternities.

His first job after graduation was as a traveling auditor for Texas-Louisiana Power Company, and when that company was reorganized as Community Public Service Company he was elected treasurer. Subsequently he became vice president, and finally was elected president and general manager, and a member of the board of directors.

He was a member of the American Institute of Certified Public Accountants, past president of the Fort Worth chapter of the Texas Society of Public Accountants, and a member of the Masonic Lodge, Shrine, and the University Christian Church of Fort Worth.

Survivors include his wife, the former Sue Gardner of Nacoma; two daughters, Mrs. James M. Watts of Fort Worth, and Mrs. A. J. Banford of Incline Village, Nevada; and two grandchildren.

ROTARY GUEST SPEAKER — Al Rosa (right), president and general manager of Ruidoso Downs Race Track, was the featured speaker for the Ruidoso Rotary Club last Tuesday noon. Rosa was accompanied to the meeting by Bill Thomas (left), track opera-

tions manager, and Richard Cothrun (second from right), Ruidoso Valley Chamber of Commerce manager. George Luck, Rotary Club president, is shown with the guests.
(Ruidoso News Photo)

Cecelia Pacheco Tells Of 4-H Work in Co.

Cecelia Pacheco was one of eight 4-H members selected for the Report to the Nation at the 1972 Club Congress. This is her report to the Lincoln County 4-H'ers on her 4-H work and how it helped her.

"I would like to take this opportunity to thank you for inviting me to speak today at our County Awards program. I'm very flattered as a young person to be asked to speak and to give you some of my conceptions of what 4-H is about and how it has influenced my life.

"After nine years in the 4-H program, I've met some fine persons, experienced some wonderful opportunities, and yet it seems I never really understood the impact that 4-H had on my life until now that I'm away at school. I wouldn't trade my life on our ranch for anything in the world, it's a good life, and uncomplicated one but . . . it just can't give you the opportunity to experience people. My outlet for communication was 4-H National Conferences, State Workshops, County Contests and local club meetings — these gave me the chance to become socially involved. That social involvement, rapping with kids my own

age, working with people younger and older, and learning from those same persons, is helping me to face the transition I'm undergoing right now. I guess I never really understood how much I have to learn until now that I'm in college. I'm hoping that I can make it — at least I'm not afraid to speak out in a group, to question, or to try to find an answer myself.

"Perhaps what I've been trying to say can all be summed up in one word, PEOPLE. That's what counts, 4-H is people. It isn't just a club, it's an experience. Our theme for 1973 is "4-H Gets It All Together". We're trying to change that old stereotype that everyone seems to associate with 4-H'ers. Although the most popular projects are still animal science and clothing, 4-H recognizes our need to expand to change with the times. It ain't all just cows and cookin' anymore. A new drive to bring 4-H into the city is underway — urban 4-H. Mini-gardens, and expanded food and nutrition programs, special interest projects concerning safety, bicycle, you name it we've got it. One of the newest 4-H programs, TV 4-H — in association with the school systems, has been underway since the beginning of this year. After this month, over 36 states will have utilized the Mulligan Stew TV series. A show geared towards youth between the ages of 9 and 12 helps them learn about good nutrition, and have fun as they watch the cartoon characters. Cultural 4-H encourages, too. The Teen Caravan, a 4-H sponsored activity, allows youth from the United States a chance to see Europe and actually live with families there. County exchanges, State Exchanges give young people the opportunity to exchange cultures and ideas. A Community Pride drive sponsored by the Standard Oil Co. of Texas was a special project taken up by counties in New Mexico this year, consisting of county-wide clean-ups, beautification projects, renovating activity buildings, landscaping parks and schools, keeping 4-H'ers busy this summer. What's the most important though is that it wasn't only 4-H'ers — it was whole communities. 4-H'ers worked together with local garden clubs, Boy Scouts, F. F. A. Chapters, and concerned citizens. People helping people, 4-H gets it all together."

"Over 5 million youth in the United States, the Virgin Islands and Puerto Rico are reached by the 4-H program. This summer in Washington, D. C. a program was started for the first time and by this December they will have 36,000 active members enrolled. Impressive figures? Very impressive — but . . . (the inevitable — but) Did you know that despite all the youth programs in the U.S., 4-H, Boy Scouts, Campfire Girls, church groups, the hundreds of community involvement programs, only 1/3 of the young people in the United States are reached? Two-thirds of our countries' youth are not reached by

any program at all! Kids cry out for the chance to become involved and don't know how. We still need leaders, still need someone who cares to get the ball rolling. We've heard some discontent about 4-H moving in to the city — the urban 4-H programs. Some rural people are afraid that we'll lose a good program for our country kids. That's a fear with no bars though — our rural in rural America, but why should we limit ourselves? 4-H was originally designed for underprivileged youth and at that time it so happened that the majority of the underprivileged were in rural America — now the majority are concentrated in the cities; it follows then that 4-H should make an effort to move to the city also. We need to recognize the weak spots and to reach out to the underprivileged youth who really need a good program — the Chicano, the Black and Indian.

"We need to take the emphasis off the ribbons and the trophies and the newspaper clippings. Facts and figures are nice but 't's the personal involvement and encouragement of talent, that is important. What does it matter if you have a roomful of trophies and can't communicate with people? It seems

sometimes that we put too much and forget about the person. It's what's inside that counts. It's what's inside that counts. Maybe just maybe through 4-H or some other youth program we can develop that talent 'inside'. Imagine the genius, the talent that is never uncovered. Imagine the potential that could be developed if only we gave it the chance. Last year in Chicago a group of 4-H'ers visited a Black 4-H Club in the city. It was really inspiring. The adult leader was a 21 year old guy who had never been involved with 4-H in his life — but he liked kids and he wanted to give these kids a chance, a headstart that he never had. For me that's where it's at. It is never too late to become involved. Parents become involved, encourage your children. If we can get parents behind their kids, half the battle is won. I know that if 4-H has helped me at all it's mostly because of the encouragement and patience of my parents.

"I'm really sold on 4-H — it's a fantastic experience and a great club to belong to. It too has potential waiting to be developed. It's versatile and viable to any community, any group of people that will take it on. It's a challenge, it's satisfaction, it offers more projects in more areas of interest than any club anywhere. It's a chance to have fun. It's a chance to make the Best Better."

A PAUSE FOR REFLECTION . . .

by **NORMAN D. WHEELER**
Candidate for Mayor of Ruidoso Downs

Now, while this campaign in our two villages is quickly drawing to its close, I think this is a good time for all of us to pause for a moment and reflect on the advice given to Al Smith (4-time Governor of New York State in the 1920's) early in his political career by Tom Foley. It was unimpeachable advice for a candidate running for public office then and it is now, more than ever. It was this:

1. Never make a promise you can't keep.
2. Never be afraid to own up to a mistake if you make one.
3. Never get a swelled head at your own importance.
4. Tell the truth.

This is advice for a candidate to keep handy for reflection throughout his campaign and even more important for him to keep handy throughout his tenure in public office. For that matter, it's pretty good advice for any person to keep handy for reflection throughout his life, isn't it?

Let's reflect on these words before we make our final choice on election day for our public officials. And let's ALL get out and vote. These elections are important. With all the new voters that have registered in Ruidoso and Ruidoso Downs, along with what we had, we should be able to make this turn-out in our two villages the greatest yet.

NORMAN D. WHEELER

CANDIDATE FOR MAYOR OF RUIDOSO DOWNS

Happy endings begin with us.

DISTRESS SALE — Owner says reduce price and sell quickly. 3-bedroom, 1½-bath, fireplace, mobile home on beautiful lot. **HURRY ON THIS ONE.**

Delightful Modified A-frame in good location. A-frame mobile home in Airport West. Nice decks front and back, set up very nicely on large lot. Good views.

Fantastic 40-acre tract — good views, good terms, good price. Priced below market value. Will break up into two 10-acre tracts and one 20-acre tract, or will go as 40. Must see this tract to believe the price.

Owner needs to sell 10-acre tract with good views. Located on State Highway. Heavily wooded. Terms.

We have ½-acre lots with water, electricity, all-weather roads, and good views. Good terms and well restricted.

LOCKE REALTY CO.

REALTOR

Your Key To A Sound Investment

My associate and son-in-law has just listed two more bars, package stores, dens of iniquity, call them what you choose. They all are money makers, have the Real Estate with the listing and none of them are in Ruidoso and none over 150 miles away or less. All in good communities. Terms.

80 ACRES with water rights, community ditch right plus 600 gal. per minute well. Cotton, Alfalfa, Pecan, Walnut and fruit trees. Approximately ½ mile of Highway 54 frontage. 3 sets of improvements, all modern and in good condition. Owner financing.

An adobe home in Capitan, N. Mex. Plastered inside and stuccoed outside. Approximately 1,250 sq. ft., 4-rooms, 2-bedrooms, 1-bath. Fireplace, and utility room. All utilities Price, \$8,500.

55 Lots, platted, surveyed, streets in, water system already in place. Total price, \$65,000 with good financing.

The most dilapidated listing I've ever had — 100 acres in Sierra County (Cuchillo, N. M.) Approximately 60 acres of farm land with water right on the Cuchillo Community Ditch. A real fine two bedroom home and domestic well. The easiest and best terms ever offered. Will trade for almost anything but not for sale.

RUIDOSO DOWNS

In the Spring Park section we are offering a 3 bedroom house with bath and a half, good fireplace, approximately 1500 sq. ft. single garage, utility room. Can be built furnished or unfurnished, sits on 2 lots with a concrete circular drive. Same owner will sell two adjoining lots suitable for mobile homes.

HORSES

Two big lots covering a total of approximately 1 1/2 acres, large enough for your horse and your horses. These lots will provide for ample privacy, have good trees on a dead end street, in Sun Valley with water and electricity available.

RUIDOSO DOWNS — two 2 bedroom and one 3 bedroom houses. Good access, private drive. Priced from \$7,200 to \$12,000.

RENTAL PROPERTY — Good location in Parkway Gateway. 3 bedroom, 1½ bath. Large lot with room for several mobile home sites. All city utilities available. Will consider trade for late model motor home.

COMMERCIAL — Money making cafe, nice home for living quarters, another building that is already rented and a potential rental unit. 120 feet on Sudderth. Front right.

EXCELLENT BUYS — Both are brand new. One 3 bedroom and one 2-bedroom. These are priced right and are ideal vacation or year round homes. Check on these soon, because neither will be on the market very long.

AGUA FRIA — 2 bedroom, 1 bath adobe house, 2 car garage and utility room. Lovely rustic home. Fully furnished and priced right. Small lake adjoins property.

COMMERCIAL & ACREAGE — Several choice acreage tracts available. All are ideal for investment or development. We also have some of the best commercial property in Ruidoso. Come by and we will do our best to find exactly the property you are looking for.

1½ Miles from Sudderth Intersection in Lindal Cedar Home

SERVING RUIDOSO AND ITS MANY VISITORS FOR OVER TWENTY-EIGHT YEARS.

PRICE REDUCED \$9,500.00. A house that has brought so much attention but was somewhat overpriced. Now this lovely, well arranged, three bedroom, 2 bath home is priced at \$39,500.00. A beautiful view from the living room and a unique fireplace combine to make this an extra SPECIAL family home. Master bdrm. has a DRESSING ROOM and all bedrooms have plenty of CLOSET SPACE. Add a LANDSCAPED YARD and you have a package that can't be beat.

OWNER SEZ, "REDUCE THE DOWN PAYMENT". So we did. Now you can buy this 2 bedroom cottage for only \$2,000.00 down. In an area that is destined for rapid APPRECIATION in value. Clean and neat with a fenced yard and year round accessibility. Monthly payments are lower than the usual rent you could expect to pay for a house like this.

FOUR COMMERCIAL LOTS WITH SUDDERTH DRIVE FRONTAGE. Level building site. Established businesses next door. Perfect for office building or drive-in restaurant. Priced low enough for sound investment.

3 BDRM. 3 BDRM. 3 BDRM. FOR ONLY \$15,000.00. Owner will FINANCE balance after a low down payment. On two corner lots with paved streets. City sewer, natural gas. Beautiful fireplace in the living room.

RIVER FRONTAGE — 3 bedroom, 2 bath. Owner financing available. Owner will consider trade of property, travel trailer or automobile for trade for his equity. IMAGINE owning property on the RIO RUIDOSO.

Chatter from the Lanes
by Gutter Gus

The First Annual Women's City Tournament started this past weekend with 18 teams bowling in the team events, Saturday and Sunday the doubles and singles will be bowled. At this time we do not have any of the individual scores, but we hope to have some of the results in our next report.

It seems as though the women really were ready for this tournament. On the Wednesday Nite Mixed League, Gail Larkey who carries a 140 average, put together a series of 528. This is

108 pins over her 3-game average. On the same night, Irene Chitwood, who has a 119 average, shot 105 pins over her 3-game average with a 462 series. On the Monday Nite League, Pat Richardson who has a 110 average, shot a 188 game. This is 78 pins over her average. Last Thursday night, the bowlers on the Men's League, were very pleased to see "Bones" Wright back in action after a layoff of more than five years. Bones has not lost his touch. He shot a very good 563 series, and set a 187 average.

Flames of the Lanes
Jeff Von Rosenberg, a 802 series on the Thursday Men's

League Bowling for Swiss Club.
Jim Clements a 256 game on the Monday Nite Mixed League, bowling for Winners Circle.

WOMEN—Annie Keith a 547 series on the Monday Nite Mixed League bowling for Win, Place and Show.

Georgia George, a 212 game on the Wednesday Nite Mixed League, bowling for Sierra Development Co.

Lots of splits this week. Among the conversions were the 3-10 by Tom Babers, Doyle Neagle, Bob Taylor (2), Kim Miller (2), Annie Keith, Jeff Von Rosenberg, Evelyn Freeman, Alta Waltrip and Stella Ash. The 2-7 by Cricket Hall and Diana Ballard. Gerald Tully was

the only one to convert the 5-10.
The 7-8 by Al Dillingham. Dovey Frowell picked up the 2-4-10. Rick Coy the 3-7-10. Jerry Gallagher the 3-6-8-10. Weaver Ballard the 3-9-10.

Special credits to Elaine Snead then for the 4-7-10. Shirley Taylor for the 6-7. Patches this week to Joe Scott for the 6-7, Jack Kannady, Sr. for the 6-7-10, and Weaver Ballard for the 6-7-10. See you next week with more Splits, Flames and Chatter.

BOWLING
Wednesday Nite Mixed League Results of Feb. 20

Team	W	L
Metropolitan Life	5 1/2	2 1/2
Sierra Develop.	51	29

Bennett's Big B 40% 30%

High team series: Sierra Development, 1957; Tuffy's Ski Chalet, 1889; Winners Circle 1794; Metropolitan Life, 1737. High team game: Sierra Development, 682; Tuffy's Ski Chalet, 679; Metropolitan Life, 658; Sierra Development, 647.

High series, men: Darrel Stierwalt, 545; Howard Hassell, 531; Phil Walizer, 519; Gerald Tully, 515. High game, men: Darrel Stierwalt, 214; Howard Hassell and Smith Allen, 200; Punch Prowell, 197. High game, women: Georgia George, 212; Gail Larkey, 196, 179; Lynette Scott, 172.

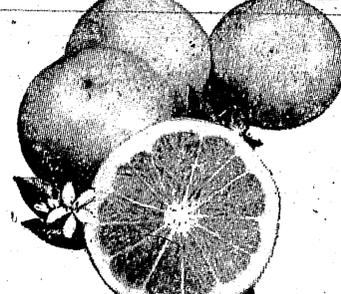

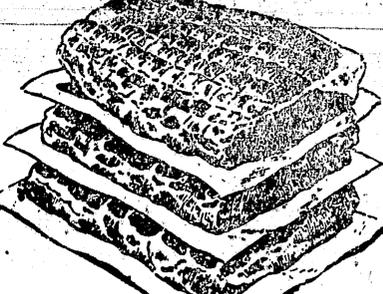

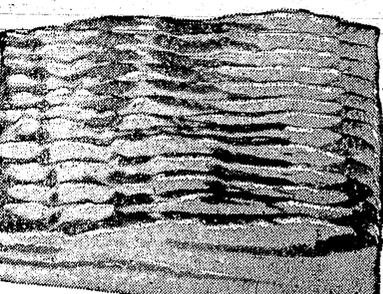

According to the publication, "Oregon Motorist", "They've finally found the real source of air pollution: it's burping cows! The Environmental Protection Agency reports that cows burp 50 million tons of hydrocarbons into the atmosphere every year. That's not all. The EPA says ten cows burp enough gas a year to heat a small house. Hope that cow that jumps over the moon won't pollute the moonosphere!"

I WOULD APPRECIATE YOUR VOTE AND SUPPORT
